

The Mightiest Little Peasant Chapter 3029

“Is this information accurate?”

Feng Qingyan’s face was extremely serious.

If it was true, then this was really big news that could shake the entire immortal world.

This was because it was related to two immortal Emperor Supreme treasures!

“It’s absolutely true. Someone has already gone to the immortal court and made a detailed inquiry. Just a few days after the incident, someone ascended from the lower realm. At that time, the passage to the lower realm had not even been closed.”

The managing elder said with a surprised look, “that evildoer is too bold. No one expected him to ascend immediately, so no one went to investigate. It was only recently that someone had a sudden idea and went to the immortal court to investigate.”

“Truly audacious!”

Feng Qingyan also sighed.

He had just robbed the immortal Emperor’s Supreme treasure in the lower realm and killed a group of Immortals, and now he dared to ascend immediately. This kind of courage was not something ordinary people could have.

“However, this is indeed a smart move!”

Then, she sighed.

“Yup! It was too brilliant! He also knows that if he drags on for too long, when he goes to the upper realm, what awaits him will be death!” The managing elder said.

“They all say that this monster is unimaginably powerful. He’s less than a hundred years old and already has a cultivation base of several thousand Dao. Even the immortal Emperor was shocked. Now it seems that he’s not only a monster, but also very smart and cunning.”

Feng Qingyan laughed and said, “I really want to see with my own eyes what kind of demonic aura such a monster can have!”

In her immortal world, there were many monstrous talents, such as the disciples of golden Immortals and zenith heavens. All of them were extremely monstrous, but from this rumor, it seemed that none of them could compare to this monstrous talent from the lower realm.

The elder said, “the news just got out. Our heaven seeking Pavilion is one of the first few powers to receive this news. The people from the other continents have already started to search for it. Now that the news has come, they want us to cooperate and search the spirit Toad continent for its traces.”

“Good! Take some people with you and investigate the place carefully. That demon is very smart and will definitely hide. He won’t be found so easily.”

Feng Qingyan said.

“Don’t worry, I’ll look into it carefully!” The elder nodded.

“I heard that the demon’s cultivation is not low. He has thousands of Dao attainment in the lower realm. You should focus on those early and middle human Immortals.” Feng Qingyan said.

“Alright!”

“Yes!” The elder replied, “as long as that evildoer comes to the spirit Toad continent, I will definitely find him!”

After he finished speaking, he bowed and left.

“It’s been almost ten months. I don’t know where that demon has gone. Maybe he’s already hiding in a corner. I’m afraid it’ll be difficult to find him!”

Feng Qingyan frowned and mumbled.

“If we can’t find him, we’ll just cause a ruckus. But if we find him, it’ll be another bloodbath!”

As she spoke, a look of worry appeared on her face.

Two immortal Emperor Supreme treasures!

Who wouldn’t be tempted!

Even those Celestials of the great all-embracing heaven who had been living in seclusion for a long time would have to fight for it!

Such a scene was hard to imagine!

“Forget it, this isn’t something I should worry about!” After a while, she shook her head and sighed.

Three days passed by in a flash.

Tang Hao went to the heaven seeking Pavilion in Nantian city and obtained his Dao attainment.

It was a total of 15000.

After refining these Dao attainment, he could step into the late-stage earth immortal realm.

“Soon! It was fast! He’s almost at the celestial immortal level!”

Tang Hao was overjoyed.

He was one step closer to the celestial immortal realm.

However, he did not feel happy for long before he heard a piece of news from Nantian city.

“Did you hear? that demon is already here!”

“Which demon?”

“He’s the monster who killed several true immortals in the lower realm and stole the immortal Emperor’s Supreme treasure! It’s said that this evildoer came up here very early and was found out by the people of the Xuanyuan clan in the immortal court. ”

“Now, every continent has become lively. Those major forces have begun to send people to search everywhere. They all want to find this demon and snatch the treasure!”

“That’s true! Those were two Celestial Emperor Supreme treasures! It’s enough to make those major powers break their heads!”

Tang Hao’s heart skipped a beat when he heard the discussion.

He had thought that this matter would drag on for a few years before it was discovered.

He didn’t expect that he would be discovered in less than a year.

“It’s the Xuanyuan clan again!”

Tang Hao’s expression darkened.

“That evildoer ... I don’t know where he’s hiding now. Maybe he’s found a place to hide, or he’s mixed into some forces. Many forces are now investigating the people who joined recently.”

“That’s hard to say!”

He listened for a while, and his brows gradually relaxed.

With his current situation, he didn’t need to worry too much.

The clear sky Association’s reputation was mostly supported by master clear sky. Very few people would pay attention to him, President Shi.

But now, everyone thought that master Haotian was the sockpuppet of some Big Shot in the path of crafts. Naturally, no one would suspect him, and he would be safe.

“There’s nothing to worry about. I’ll quickly cultivate my Dao and work hard to make money!”

He muttered to himself and returned to Dragon Mountain.

As soon as he entered the hall, he took out his Dao attainment and refined it all.

” 38000 Dao attainment!”

This number had already reached the late-stage earth immortal realm.

As long as he cultivated another 12000 Dao attainment, he would be able to enter the realm of heaven immortal.

And this was only a matter of 100 million.

“Let’s make more money!”

Tang Hao immediately started crafting equipment after he was done with his cultivation. He would craft divine lightning, instant teleportation talismans, and immortal courtyards. He wanted to earn more money and become a heaven immortal as soon as possible.

In the blink of an eye, another month had passed.

While he was refining, he also paid attention to the movements outside.

In Nantian city, rumors were flying around. One day, it was said that a certain force had found a suspected person in which continent, causing a sensation. But the next day, it was said that they had found the wrong person, causing a wave of curses.

In the past month, almost everyone had been paying attention to this matter.

They speculated and even personally went to search ...

However, no one had thought that he, Haotian, would do it.

During this period, the Haotian society’s reputation had become even more well-known. Not only did they recruit more agents in the spirit Toad continent, but their business had also expanded. They had even left the spirit Toad continent and started to develop in the neighboring continents.

As the name of Master Haotian spread, the Haotian club’s business also began to spread. It continued to expand and its momentum was extremely hot.

Their business wasn’t hindered because everyone knew that master Haotian had an extraordinary background. He was a big Shot on the immortal list, and even some major forces didn’t dare to offend him.

“Let’s go and buy some more cultivation!”

That day, Tang Hao received the money from the agents. He counted the money and found that it was close to a hundred million Yuan. He was ready to buy some cultivation.

This 100 million Yuan was enough for him to advance to the celestial immortal realm.
