

## The Mightiest Little Peasant Chapter 3037

Tang Hao stood in the air with his hands behind his back.

In front of him, there were many figures standing still. There were also many auras hidden in the void, faintly discernible.

A rough count revealed that there were about a hundred people.

There were many heaven Immortals, but the one with the strongest aura was the demon-faced man in the front. He was probably at the late-stage heaven immortal realm, close to the peak.

Tang Hao's cold eyes swept over them fearlessly.

"You're the leader of the red dust World?"

He looked at the demon-faced man and said coldly.

"That's right!"

The demon-faced man didn't deny it and simply nodded.

"I want to ask, who entrusted you to kill me?" Tang Hao said.

"No comment!"

The demon-faced man snorted.

He was a little unhappy. In the face of so many assassins from red dust, this guy was not afraid at all. Instead, he was questioning him.

"Even if you don't tell me, I can guess it. Who else could it be other than that guy from the divine wonder Palace?" Tang Hao chuckled. "You're not giving up, are you? you failed once last time, and you're here again!"

"President Shi, don't be too arrogant. I admit that you have some strength, but do you really have the confidence to escape from so many assassins of red dust?"

The demon-faced man shouted coldly.

"Escape? Why should I escape?"

Tang Hao looked at him and sneered.

"This guy is too arrogant!"

The red dust assassins were all stunned and in disbelief.

Even the demon-faced man was stunned.

He had thought that since this guy had become so strong, if he ran away, even with so many people, they would not be able to do anything to him. This assassination would fail again.

But in the end, the other party had no intention of escaping at all. He wanted to fight them head-on.

One person was able to take on hundreds of assassins from the red dust World?

This guy's brain must be damaged!

"Since you're looking for death, don't blame me!" He sneered, turned around, and shouted to the people behind him, "let's attack together and kill him."

As he spoke, he flicked his sleeve, and beams of celestial light flew out and scattered in all directions.

Behind him, many people raised their hands and shot out beams of celestial light, which turned into all kinds of treasures and expanded crazily. Many figures also flickered and disappeared.

In the next moment, several figures silently appeared beside and behind Tang Hao. They activated various treasures and attacked him.

Clang clang clang!

Before they could hit him, rays of divine light shot out from Tang Hao's body and instantly assembled into a suit of armor.

"This is ... The clear sky armor?"

The assassins in front were all shocked.

This clear sky armor had an extremely special structure. There was a special core embedded in the chest area, and they had all heard of it.

Although the one in front of him couldn't be compared to the one that was being auctioned off, they were both the works of a master, and their power was definitely extraordinary.

BOOM!

The moment the armor was assembled, it suddenly shook and a shocking divine light bloomed.

At the same time, a monstrous aura burst out.

Around him, the few figures that were charging at him all slowed down.

At this moment, they felt as if they were in the middle of a huge wave. Their bodies trembled and it was difficult for them to advance.

“This battle armor ... Is too powerful!”

Their faces changed, and their eyes were filled with extreme shock.

This fellow was a mid-stage heaven immortal, but the aura he was exuding now was comparable to a late-stage heaven immortal. It was undoubtedly the work of this armor.

This kind of top-grade armor had the ability to increase combat power.

And this one was especially powerful.

Just as they were in shock, the figure suddenly turned around with a golden war spear in his hand. With a shocking power, he attacked.

Clang clang clang!

The sound of metal clashing rang out.

At the same time, there were a few muffled groans.

The red dust assassins were all shocked and flew backward.

Seeing this, Hong Chen and the others who were activating their treasures were shocked again.

Those people who attacked were all heaven Immortals with extraordinary magical powers, but they were easily resolved by that guy and even sent flying with a spear. It was really quite shocking!

“BOOM! Blast him to death!”

Shadowless roared and used a seal to smash forward.

He gritted his teeth and used all his strength.

Last time, he had been chased by this guy for several days and nights. This time, he was slapped by this guy in front of everyone and spat out blood. He had lost all his face. If he didn't kill this guy, he really couldn't swallow this anger.

BOOM! BOOM!

The sky was filled with immortal light.

One after another, huge treasures with monstrous auras smashed down.

There was a seal, a divine mountain, an immortal sword, and a mirror ...

Tang Hao looked up and took a deep breath. His fighting spirit was ignited.

Roar!

A shrill howl shook the void.

He raised his hand and threw it. With a whoosh, the divine spear in his hand turned into a stream of light and shot into the sky.

Clang!

The divine spear and the seal that was pressing down fiercely collided, and a boundless brilliance exploded.

Pfft!

In the distance, Wuying's body trembled and he vomited blood again.

He spat out a few mouthfuls of blood and his face was pale.

After blasting away the seal, Tang Hao called back the spear and shot it into the sky to meet the falling treasures.

Clang clang clang!

For a time, the sound of such explosions was endless, shaking the entire world.

With every explosion, a bright divine light emerged, illuminating the heavens and earth.

Pfft!

"Ah!"

From time to time, some of the people in red dust's group would sway slightly, groan, or spit out blood.

Their eyes were wide open, and their expressions became more and more horrified.

How could this guy be so brave?

So many of them had attacked together, but they still couldn't suppress him!

"This person ... Is a little terrifying!"

"He's simply fierce and peerless!"

From time to time, someone would cry out in surprise.

"This guy ..."

The corners of the demon-faced man's eyes twitched, and he was also extremely shocked.

This fellow's strength was much stronger than he had expected.

"Didn't you want to kill me? come, let me see how capable you are!"

With a cold shout, the figure blasted away many treasures and rushed to the front. His battle armor was resplendent, and his fighting spirit soared to the sky, as if an ancient God of War had descended.

Whoosh!

The Golden divine spear trembled and tore open the void.

The demon-faced man's expression changed drastically.

With a wave of his sleeve, a tortoise shell flew out and suddenly expanded. On the surface of the shell, there were countless ancient talismans, all of which were emitting a dazzling golden light.

Bang!

A deafening explosion.

The divine spear and the turtle shell both shook violently.

The demon-faced man's body trembled slightly and he groaned.

Then, he gasped in shock.

His cultivation level was obviously higher, at least 10000 Dao attainment levels higher than this guy's, but he was at a disadvantage.

This guy ... How could he be so powerful?

Even if this guy's armor and spear were extraordinary treasures, his treasures were extraordinary too! This tortoiseshell was a treasure of a golden immortal, how could it be inferior to this fellow?

To be able to suppress him after 10000 Dao attainment levels, this guy ... Was too terrifying!
