

The Mightiest Little Peasant Chapter 3129

”

There were a few screams.

A few of the evildoers were caught off guard and were caught in the disaster as they spat out blood and flew back.

There were simply too many ferocious beasts, many of which were at the heaven immortal realm and were extremely powerful.

When they stopped, they immediately took out their treasures and blocked it.

“Who is this bastard?”

They looked around, found the person, and cursed angrily.

These ferocious beasts were all chasing this guy, and they were just caught in the disaster.

“Bastard!”

Long Xiaozi cursed, his face extremely dark.

This guy was clearly doing this on purpose, trying to draw trouble to them.

“How dare you provoke us? do you know who we are? Take this group of animals and get the hell out of here!”

A demon shouted.

They did want to perform well, but there were too many beasts. They couldn't hold on at all.

Tang Hao did not say a word. He circled the beasts and then headed toward them.

The group of evildoers was dumbfounded. They couldn't believe that this guy still dared to come!

“You're looking for death!”

They took out their treasures and attacked.

However, that person was too slippery. His body swayed like a ghost, and he could not hit his target at all.

“What's wrong with this guy? He's only 5000 to 6000 Dao attainment, mid-stage human immortal ...”

They were in disbelief.

They were heaven Immortals, but they couldn't even hit a mid-stage human immortal!

"We can't be careless. How many of those who dare to come to the Emperor puppet sect's test are weak? this person must have an extraordinary background!" One of the geniuses shouted, his expression extremely serious.

None of those who dared to take part in this test were weak, or they wouldn't even be able to pass the first round.

Furthermore, this person was able to attract so many ferocious beasts to chase after him without being injured. Putting aside other divine abilities, just his escape divine ability alone must be the best.

"You ... You're doing it again!"

At this moment, long Xiaozi suddenly cried out in alarm. That fellow's body flickered a few times, and he suddenly appeared in front of him.

Whoosh! Whoosh! Whoosh!

The divine light that filled the sky came toward him.

F * ck!

His face was pale.

He was only a mid-stage heaven immortal. No matter how monstrous he was, he couldn't stop so many ferocious beasts!

He frantically took out his treasures and opened up layers of shields.

However, even so, he still couldn't withstand it. With a muffled groan, he was sent flying again.

Before he could recover, that guy came again.

"Don't ... Don't come any closer!"

He shrieked in fear, his voice trembling.

He was really scared now. His face was pale and his face was full of fear. He no longer had the high-spirited and fighting spirit he had before.

Tang Hao was unmoved. He continued to stick close to him, attracting the wild attacks of the ferocious beasts from all directions.

"Don't ... Don 't!"

"Stop!"

Long Xiaozi couldn't help but scream in pain as he spat out blood.

He wanted to escape, but that guy was like a ghost, sticking close to him and refusing to leave. He wanted to chase this guy away, but he couldn't. Although this guy's cultivation was low, his divine power was very strange.

After vomiting blood repeatedly, he was on the verge of despair.

If this continued, he would really be seriously injured and couldn't hold on any longer. The only way was to crush the token and escape.

However, if he did that, he would be eliminated.

He was a dignified golden immortal disciple, but he couldn't even pass the entrance test of Thearch puppet sect. If word of this got out, his reputation would be ruined.

And his dream of zenith heaven would also be shattered.

"This disgraceful brat!"

Outside, the elderly golden immortal was furious.

He knew that the reason this kid was doing this was to force him. If he didn't stop, this kid would continue and eliminate the people here in waves.

"These people are all monsters. If they are eliminated, it would be a great loss!"

"But if we just stop like this, wouldn't that be exactly what this brat wants!"

He was a little hesitant. He wanted to stop, but he was unwilling.

"Forget it! Forget it!"

A moment later, he gritted his teeth and a determined look appeared on his face.

In the next moment, the ferocious beasts in the middle world seemed to have received an order and stopped in their tracks. Then, they started retreating.

Tang Hao noticed this. He immediately raised his head and looked up.

Then, his figure flickered and he quickly escaped.

"It stopped?"

The few monsters who were about to crush the token in their hands suddenly woke up and looked around in a daze.

“That was close!”

Then, they hurriedly put away the token.

They were only a few breaths away from crushing the token and taking the initiative to be eliminated.

“What’s going on?”

“Who is that bastard?”

They looked around for that person’s shadow, but they found that he had long disappeared.

“Hmph! He’s just a little human immortal with some strange divine powers, but it’s nothing!” Long Xiaozi snorted. “Let’s remember this. If he also enters the sect, we’ll have plenty of opportunities to take care of him!”

“That’s right! We were too careless just now!”

A few of the demons nodded and agreed.

After thinking about it carefully, that fellow was indeed nothing much. It was just that it knew how to escape and was more slippery. If it wasn’t for the interference of the group of beasts, they naturally had a way to trap it and deal with it ruthlessly.

“You brat, you’ve got guts!”

Outside, the elderly golden immortal took a deep breath and suppressed the anger in his heart with great difficulty.

He stared at the figure on the screen and snorted coldly.

Now, he didn’t want to chase this kid out. He hoped that this kid would enter the Thearch puppet sect so that he would have a chance to deal with him.

“I’m not looking! I’m not looking! I’m annoyed when I see it!”

He didn’t want to stare at this guy anymore, so he quickly changed the scene.

In the middle world, Tang Hao found another place, set up a formation, and went back to sleep.

In the blink of an eye, several days had passed, and the test was finally over.

In the beginning, there were more than 10000 people who participated in this round of test. However, in the end, they persisted for seven days. Only one-tenth of the people successfully advanced.

Tang Hao followed the group out of the Jie.

As soon as he returned to the square, he saw several pairs of eyes staring at him. One of them was the Golden immortal elder of Emperor puppet sect, and the other were from long Xiaozi and the others.

He glanced at it and walked to the side without a care.

“This kid!”

The Golden immortal elder glared at him and snorted before looking back at the crowd on the square. He shouted, “Congratulations to everyone for successfully advancing and entering the third round of the test.”

“This round of the test is even simpler. My Emperor puppet sect has a mirror, a Supreme treasure of divination. It can determine your fate with my Emperor puppet sect. Those who are fated can enter my Emperor puppet sect! Those who are not fated will be eliminated!”

As soon as he finished speaking, the square burst into an uproar.

“Only those who are fated can enter? Then what can be considered fate?”

“That’s right. What fate? it’s too illusory!”

Everyone found it hard to accept.

Even Tang Hao raised an eyebrow in surprise.

He had never seen such a strange entrance test.
