

The Mightiest Little Peasant Chapter 3152

“They must be mistaken!”

“It is! How could this guy be the one with the most eliminations!”

A moment later, there was an uproar.

Everyone exclaimed, feeling that this was ridiculous.

How could this group of nightless club elders think that the first place in the elimination round would be this guy surnamed Qin?

No matter how he thought about it, this was impossible!

Putting aside the fact that this fellow’s personality was surprisingly lazy, according to the elders, this fellow had been sleeping the entire time, so how could he possibly have the time to take first place!

Also, his cultivation base was only over 50000 Dao attainment. How could a mere early stage heaven immortal take the first place?

Princess Zi Yang, long Xiaozi, and the others were all half-step golden Immortals. Weren’t they several times stronger than this Qin fellow?

“Hahaha! You’ve really made a mistake!”

Elder di was stunned for a long time before he burst out laughing.

“Open your eyes and take a closer look at this disciple’s cultivation level. He’s only an early heaven immortal! Besides, he’s been sleeping the whole time. How could he be the first?”

He pointed at Tang Hao as he walked forward.

“Hahaha! You guys must be blind!”

Behind him, the elders of the Supreme puppet sect burst into laughter.

“This disciple is still very young. He’s only a little over a hundred years old. His talent is not bad, but he’s too lazy ...” Elder di said as he walked closer.

“Only a little over a hundred?”

All the nightless club elders were shocked, and they all revealed a look of disbelief.

How could this kid be so young?

They originally thought that this kid was at least two to three hundred years old.

“He’s only a little over a hundred and he’s already in the early heaven immortal realm. You call this talent not bad?”

One of them was even more speechless.

This was clearly a top-tier monster! He was even stronger than an ordinary golden immortal disciple!

Moreover, this kid was so cunning, full of wisdom, and his ability was simply outrageous.

Gulu!

He couldn’t help but swallow a mouthful of saliva. His pair of eyes widened as he stared straight at this kid, almost emitting green light.

This kid is a treasure!

As long as they were poached and trained, they would be the pillar of a sect!

The others were not any better. Their eyes were burning with passion, and Tang Hao felt a little embarrassed.

“Little brat, as you can see, the people of Emperor Xun sect don’t like you. You might as well come with us! The nightless club’s strength is definitely not below that of the Emperor puppet sect. As long as you come, no matter what treasure it is, you just have to ask.”

The old man in the lead stepped forward and grabbed Tang Hao’s hand.

“Right! Whether it’s Dao attainment, connate spirit items, top-grade immortal artifacts, you can find anything you want!” The rest of the people surrounded him and said enthusiastically.

“This ...”

Elder di and all the disciples were dumbfounded by this scene.

Were these nightless club elders really fools?

I already told them that it was a mistake. Why didn’t they believe me!

Was it really worth it to be so polite to this Qin fellow?

That Qin guy was just lucky. Otherwise, he would still be a middle-stage human immortal!

“You guys are here to cause trouble on purpose, aren’t you?”

Elder di looked at Tang Hao and frowned. Then, he looked at the nightless club elders and shouted coldly.

No matter how he thought about it, this kid couldn't possibly be the so-called first. In that case, there was only one possibility. This group of people had deliberately come to cause trouble.

"Causing trouble? Hahaha! What a joke!"

"Your Emperor puppet sect is blind. You don't even know there's such a treasure, and you still say we're blind!"

The elders of the nightless club turned around and sneered.

"We're blind? How could we be blind? this disciple's strength is only average, and you guys have to say that he's the first? isn't that ridiculous?"

The elders of the Thearch puppet sect were furious.

They strode forward, each of them exuding an imposing aura, as if they were about to make a move at the slightest disagreement.

"Come, kid, let them see!"

The old man from the nightless club turned around and said to Tang Hao.

Tang Hao raised his hand. A heaven-earth bag appeared in his palm. He tossed it out.

Everyone from the Emperor puppet sect was stunned.

Everyone's eyes instantly focused on the heaven and earth bag.

Many people's faces revealed bewilderment.

Could it be that there were many tokens in this Qiankun bag?

However, that was impossible!

"Hmph! He's just bluffing!" Long Xiaozi snorted coldly, his face full of disdain. "Think about it. With this guy's strength, it's already not easy for him to get two or three tokens. How could he possibly get first place?"

When everyone heard this, they nodded slightly.

That's true. It's impossible for him to get first place with his early stage heaven immortal cultivation base. No matter how strong this guy's supernatural power is, it's impossible.

"I'll just take a look!"

Elder di naturally did not believe it. With a sneer, he reached out and took the Qiankun bag from the ground.

Then, he opened it.

In the next moment, his entire body trembled, and the sneer on his face instantly froze.

“This ... This ...”

He shuddered and exclaimed.

His eyes were wide open with extreme shock and disbelief.

“What’s wrong?”

Seeing this, everyone was shocked and extremely confused.

“Let me see!”

The elder at the side was puzzled, so he took a few steps forward and looked into the bag.

In the next moment, his entire body trembled as if he had been struck by lightning. He was stunned on the spot.

His eyes were as big as copper bells.

“This ... This is impossible!”

“Why are there so many tokens?”

The other elders followed and looked over. They were all shocked by the countless tokens in the bag.

There were not just one or two pills in the bag, but one or two hundred!

So many tokens were piled up into a small mountain, densely packed!

They looked on in a daze, their hearts and minds shocked to the extreme.

“You ... How do you have so many tokens?”

After a long time, they finally came back to their senses, raised their heads, and hurriedly asked.

The number of tokens in the bag was too shocking and unbelievable!

“I snatched it! How else could he have gotten it? could he have been picked up?” Tang Hao’s mouth twitched.

“You snatched it? This is impossible!”

“You’re only an early heaven immortal. How did you manage to get so many tokens?”

The elders were in disbelief.

“No way! There are really that many tokens?”

“What’s going on?”

At this time, the disciples from all four sides were in an uproar, extremely puzzled.

“Impossible! This is absolutely impossible!”

Long Xiaozi gritted his teeth and shouted.

He did not believe at all that this brat could really seize so many tokens and take first place!

“This ... Is there a mistake somewhere?”

Princess Zi Yang’s Phoenix eyes widened as she mumbled to herself. Her expression was also extremely blank.

With her half-step golden immortal cultivation base, she had only obtained fifty-six tokens, but a mere early heaven immortal had obtained more tokens than her. Wasn’t this extremely absurd?
