

The Mightiest Little Peasant Chapter 3189

“Brother Qin, it’s said that this demonic Dragon is very powerful and cunning. The first three groups of disciples have all failed! However, I believe that with you, Brother Qin, taking action, there will definitely not be any problems!”

Princess Zi Yang said as she stood beside Tang Hao on the immortal boat.

She turned around and her beautiful eyes were filled with passion and admiration.

She had no doubts about the results of this battle.

With his ability and their assistance, it was a piece of cake for him to suppress a half-step gold immortal demonic Dragon.

“Yup! As soon as Brother Qin takes action, that demonic Dragon will be dead for sure!”

Behind him, a group of disciples laughed and flattered.

“Brother Qin’s strength is something that even the previous year’s top Ranker, elder Fang, acknowledged. Just now, he said that Brother Qin has to take action.” One of the disciples laughed.

His words immediately caught Tang Hao’s attention.

“Elder Fang? Was he the one who suggested for me to come?”

Tang Hao was surprised.

“No, elder Fang just mentioned it casually, and then elder di went to find you.” The disciple said.

“I see!”

Tang Hao nodded and stopped asking.

In less than an hour, they arrived at their destination.

“The last time the demonic Dragon appeared, it was here.” Princess Zi Yang pointed to a mountain range not far away and said, “there, our disciples once surrounded him and had a fierce fight. Unfortunately, they didn’t manage to capture him.”

Tang Hao looked over and saw that the mountain range had completely collapsed. More than half of it had been razed to the ground.

“There’s no aura that can be tracked!”

He made some inquiries and then shook his head. “Let’s take a walk around this area and wait for the demonic Dragon to appear. I think it will appear soon.”

“Alright!”

Everyone nodded.

They released their divine senses and began to search around.

In less than 15 minutes, he made a discovery.

“There’s movement over there!”

A disciple suddenly exclaimed and pointed to the front.

Tang Hao immediately urged the immortal boat to move away.

A moment later, he saw a black light flash in the distance. The demonic Qi was strong. It was obviously the demonic Dragon.

He chased after it, and after a while, he saw the black light rush down and burrow into a Lake.

“What a huge Lake!”

Tang Hao stopped above the lake, looked around, and exclaimed.

The lake was vast and there was smoke covering it, giving it an ethereal air.

“This Lake is a Little Big. Let’s spread out and look for it. Once we find it, we’ll immediately send a message.”

After staring at the lake for a long time, Tang Hao suddenly turned around and spoke to Princess Zi Yang and the others.

“Alright!”

They had no objections.

Tang Hao put away the immortal boat, and the group dispersed to dive back into the lake.

Tang Hao stood where he was and looked down at the lake. Suddenly, the corner of his mouth lifted into a mocking smile.

A moment later, he lowered his body and dove into the lake.

He kept going down to the bottom of the lake.

“This way!”

Not long after, he made a discovery. Following the demonic Qi, he continued down and entered a cave.

As soon as he entered the cave, he felt a powerful celestial core power burst out in all directions. At the same time, the void changed violently.

In the next moment, he was in another space.

“What a big move!”

He looked around and raised his eyebrows.

Layers of light screens were set up in all four directions, sealing off the heaven and earth. They were all top-notch arrays.

Not far ahead, there were many figures standing, each of them with a deep aura.

The first three were golden Immortals. One of them was a burly man with a rough appearance-Fang Jinghong. Of the other two, one was a middle-aged man in a black immortal robe. He had an elegant aura.

The other one had the appearance of an old man, also wearing a black celestial robe.

Behind the three of them, there were fifty to sixty figures, many of whom were half-step Masters and the rest were peak heaven Immortals.

“Madam Fang!”

Tang Hao could guess the identity of these people.

Fang Jinghong came from a large family clan, which was quite famous in the immortal world. They originally had two golden Immortals, but with Fang Jinghong’s addition, they had three.

“Elder Fang, what are you doing?”

Tang Hao looked at Fang Jinghong and shouted.

“Woof! At this point, can’t you see what I’m trying to do?” Fang Jinghong sneered.

“Stop pretending, Tang kid. Aren’t you tired? I’ve already seen through your identity.” He laughed again.

“What Tang? elder Fang, You must be joking!”

Tang Hao shouted.

“Still pretending! I’ve found the Daoist Hongfeng that you mentioned before. He doesn’t have a disciple like you!” Fang Jinghong shouted, “you’re that monster surnamed Tang! You’ve disguised yourself and snuck into the Thearch puppet sect!”

He glared at Tang Hao as he spoke.

In fact, he had not found Daoist maple. The Fang clan had sent out a large number of people to search for him for more than half a year, but they had not found him.

He didn’t want to continue looking and waste time, so he set up this plan to force this kid to admit it.

If this kid really was one, then that would be the best.

If he wasn’t, he could also get rid of him. He had long found this kid unpleasant to the eye anyway.

“Boy, you don’t have to deny it so quickly. This time, we’re not looking for you to harm you. We’re here to discuss cooperation with you with great sincerity!”

At this moment, the middle-aged man at the side took a step forward and said.

“I remember that you just became a golden immortal five years ago! However, only three years have passed and you’ve already reached the late-stage, which is a miracle. Everyone in the immortal world is shocked by you.”

“I think the reason you can improve so quickly is because you have some secret technique! It’s also related to the primordial divine wood in the Emperor puppet sect.”

“Hand over this secret technique and share it with the Fang clan. The Fang clan will keep it a secret for you and allow you to continue staying in the Emperor puppet sect. This way, you won’t have to worry about those Grand Luo Immortals hunting you down.”

“Before you answer, you have to think about what the consequences will be if you don’t agree. I’ve already prepared a jade talisman and can immediately send it to the major forces to inform the great eternity Immortals.”

As he spoke, his tone sank, revealing a strong sense of threat.

Tang Hao did not say anything. He just looked at them coldly.

“Are you deaf? Can’t you hear our Master’s words? If you don’t agree, you’ll be dead!”

Someone from the Fang family screeched.

“Just you guys?”

Tang Hao looked around and chuckled.

He couldn’t be bothered to act anymore. To him, it didn’t matter if he was exposed or not.

“Hahaha! It’s him!”

Hearing this, Fang Jinghong laughed out loud, overjoyed.

His guess was right, it was this kid!

Beside him, the Fang family members were also overjoyed and excited.

Since it really was that demon, then as long as he could obtain the secret technique on him, his Fang family would be able to soar and become one of the top forces in the immortal world.
