

The Mightiest Little Peasant Chapter 3258

Soon, the topic changed again.

“Old man extreme sky, how about this? you can’t hold the Grand events in the past, but you can hold a slightly smaller one. Won’t it be fine if you invite fewer people? when the time comes, this extreme Sky Island will still be lively.”

Some old monsters suggested.

“Yeah! The smaller ones are still okay!”

The other old monsters also agreed.

“I’ve been thinking about this idea recently. However, it might take some time to get it done. There’s no rush!” Taoist Ji Tian laughed.

“Alright! Just remember to inform us when the time comes!”

The old monsters said.

They laughed and toasted each other. The atmosphere was extremely lively.

“What a pity, you won’t be able to wait until then!”

At this moment, a faint sigh suddenly came from one side of the garden.

In an instant, the garden fell silent.

All of the old monsters' movements stopped.

"Who is it?"

They all turned around and looked in the direction of the voice.

What he saw was a man in a snow-white robe. He had a handsome face that seemed to be carved by a knife, a pair of bright eyes that were full of spirit, and his black hair fluttered in the wind. He had a kind of otherworldly and dreamy immortal Qi.

"This is ...?"

Many of the old monsters were stunned and confused.

The man in front of them was indeed extraordinary and had an unparalleled temperament. However, they didn't recognize him at all. Why was he here and mocking them?

"Why does he look so familiar?"

There were also a few old monsters who frowned, but they felt that this face was a little familiar.

"It's you!"

Ji Tian old Daoist was the first to recognize it. He stood up and exclaimed in shock.

He still remembered this person's true appearance on the extreme Sky Island.

How could it be this guy?

Why did he come to my skyscraping Island?

His expression changed drastically, and he was extremely shocked.

He was no longer the half-step golden immortal he was before. He was now a peak golden immortal, comparable to a heavenly venerable.

"He's that kid?"

"What is he doing here?"

The other old monsters reacted. Their faces changed immediately, filled with fear.

They dared to mock him behind his back, but they didn't dare to do so in person.

Many people stood up, their faces pale and their hearts nervous.

They didn't know when he had arrived or how much he had heard. If he had heard their conversation about the night Immortal King and sent it back, they would be dead meat.

"You still remember me!"

Tang Hao looked at the extreme heaven old Daoist and smiled.

“Of course I remember!”

Old Daoist Ji Tian said with a bitter smile.

“Then you should remember what you did. When I left, I swore that I would come back one day and kill you. Now, I’m back!” Tang Hao’s eyes were cold.

Extreme heaven old Daoist’s expression changed again, and his face turned paler.

It was only then that he realized that his ominous premonition was real. This fiend had come to seek revenge.

“Fellow Daoist, you can’t blame me for this. It was the primordial beginning’s instigator,”

He quickly argued.

“I will take revenge for the Yuanshi sect in the future!” Tang Hao said coldly.

“Fellow Daoist, you’re going too far! At that time, Daoist Empyrean terminus didn’t do anything, but now that you’re here, you want to kill ...”

A golden immortal at the side said unhappily.

“Shut up!”

“Die!” Tang Hao shouted. His body flickered, and he appeared in front of the Golden immortal. He swung his hand, and a crisp slap shattered the Golden immortal’s protective immortal essence, then landed on his face.

Half of his face exploded, blood and flesh flying everywhere.

The Golden immortal old freak let out a blood-curdling screech as he was sent flying like a cannonball.

Peng Peng Peng!

A few tables were smashed, and cups fell to the ground.

Si si si!

The square old monster immediately froze on the spot and sucked in a cold breath.

The power of this casual slap was a little too terrifying!

“You ... You hit me?”

The old monster groaned and got up from the ground. He roared angrily and his face was somewhat ferocious, “I have no grievances with you!”

“Oh, really? Who was the one who said that I should have died long ago?”

Tang Hao said coldly as he walked toward him.

The old man's expression changed and he fell silent.

The expressions of the other old monsters all changed.

This kid had indeed arrived long ago and heard everything.

It's finished!

If the kid knew, the night Immortal King would know as well.

They had the advantage in numbers, but they weren't strong enough to take down the kid. The only thing they could do now was to run, run far away, and hide. That way, even the night Immortal King wouldn't be able to find them.

This way, they could avoid a disaster.

"Let's go!"

"Dao friend skyscraping, we'll take our leave first. Take care!"

They looked at each other and moved in unison, rushing up.

"Hmph! You want to leave?"

"Shut up!" Tang Hao shouted coldly, his expression disdainful.

These people must all die!

Bang!

He stomped on the ground and shot out like a cannonball.

He was extremely fast. In the blink of an eye, he caught up with an old monster who was running away. He arrived in front of the old monster and slapped down with his palm.

The old monster caught it in a hurry. With an “ah” and a miserable cry, his palm exploded, and his body was blown down.

After stopping the old man, Tang Hao turned around, grabbed the blue deathtrap sword, and swung it.

Pfft!

A green light flashed, and a figure was pierced through. Immortal blood splattered into the sky.

Peng Peng Peng!

There were a few more explosions.

Tang Hao continued to chase after them. One figure after another was blasted down by him.

Below, old Daoist Ji Tian’s eyes were about to pop out of their sockets, and he was so shocked that his soul almost flew away.

These were all golden immortal old monsters, Giants of their respective continents. But now, they were so easily shot down, each of them vomiting blood and suffering injuries.

He watched the white-robed figure fly higher and higher. Soon, he was high in the sky and stood there. His robe and black hair were fluttering wildly. There was an extremely bright divine light blooming around him. He was like an ancient God with shocking power. His mind was shocked to the extreme.

Boom! Boom! Boom!

The void in all directions trembled and rumbled as if there were countless muffled thunders rolling.

It was that figure that exuded a Supreme might that enveloped the entire skyscraping Island.

The entire world was suppressed by this aura.

The beams of divine light that had fled in all directions were all frozen there, as if they had fallen into a quagmire. They struggled with great difficulty, but they couldn't fly far.

"Heavens!"

"How can this guy's Qi be so terrifying?"

Their hearts were trembling.

This aura had long surpassed the Golden celestial stage. Even a real celestial of the great all-embracing heaven was only so. However, this guy was clearly not at the great all-embracing heaven stage.

“I can’t stay here, or I’ll die for sure!”

“I must escape!”

The old monsters gritted their teeth and used all their trump cards. Their auras skyrocketed, and some even ignited their blood essence as if they had gone crazy.

“Hmph!”

A heavy snort exploded in the air.

In the next moment, the void trembled again. Under the horrified eyes of the old monsters, a giant Golden Palm condensed and hung high in the sky. It covered the sky and the sun with a shocking momentum.

Then, accompanied by a rumbling sound, the God’s giant palm slammed down and covered the entire Island.
