

## The Mightiest Little Peasant Chapter 3274

“73rd place, killer Emphyrean!”

“It’s the old Demon Killer. He’s also a figure from the ancient era. He’s a ruthless man and has the title of immortal Slayer. I wonder how many Immortals he killed in the ancient era.”

“Thirty-six, nameless ... Which high ancient monster is this? he’s already thirty-six as soon as he’s on the list. This is too scary!”

“I don’t know! This is indeed a little unbelievable!”

Countless people in the immortal world raised their heads and looked at the Golden stele in the sky.

Most of their gazes were focused on the thirty-sixth line.

There were only two simple words there-nameless.

However, it was these two words that shook the entire immortal world.

This was because this name had risen to the 36th place as soon as it was listed, surpassing more than 30 old Celestial Masters on the list. As for the heavenly master of slaughter, he had only surpassed three people and was ranked 73rd.

This was the celestial bestowment board, and it couldn’t be wrong. This meant that this person’s divine arts far surpassed that of the killer celestial Lord, and he must have a shocking background.

“He’s surpassed over 30 people as soon as he made it into the rankings. Such a thing has never happened before.”

“Who is this awesome person?”

The crowd discussed enthusiastically, all extremely curious.

“Nameless? Who was it? How come I don’t remember such a person?”

Even the group of Empyrean old monsters were also guessing one after another.

However, when he thought about it carefully and counted all the people who were half a step to the zenith heaven level, including those from the ancient times, he couldn’t match any of them.

” 73, not bad!”

At this moment, somewhere in the immortal world, a black-robed man with an evil face looked up at the sky and nodded slightly.

He had surpassed three old monsters as soon as he got on the list. This result was already very good.

“Wait for me to find a few more immortal encounters, and my cultivation level will rise a bit more. Then I’ll be able to surpass all those people in front of me.” He laughed and was in a good mood.

“Right, there seems to be another one undergoing a tribulation.”

At this time, he was suddenly stunned. He remembered that there was someone who underwent tribulation at the same time as him just now, but he didn’t see the other party’s name in the 70s. Could it be that he was above?

Didn't this mean that the other party was even more powerful than him?

"F \* ck! Which old monster!"

He cursed under his breath, and his face turned ugly.

He had finally transcended the Tribulation and wanted to show off, but he didn't expect that he would be defeated.

"60 plus ... No! That's weird, where did he go?"

He looked up, but he didn't find the person.

He was familiar with the names in the top 60.

"In the 50s? Who on earth is so fierce?"

He clicked his tongue and looked up.

However, after scanning through the list, he was still stunned. Even after reaching the top 50, he still could not find that guy's name.

"That's ... That's impossible!"

He mumbled to himself, and his eyes gradually revealed a look of disbelief.

If he wasn't in the 50s, then he must be in the 40s. He had jumped over 20 places as soon as he was on the list. What kind of peerless and fierce person was he?

"No... No! Still nothing, my God! You're not in your thirties, are you?"

His eyes continued to move up and swept over the forty-something people. His eyes suddenly widened, and he was even more incredulous.

"Thirty-six ... Wu Ming, it's him! Who is it?"

When his gaze came to the thirty-sixth line, his eyes froze.

He gasped, his expression extremely shocked.

He had jumped over 30 places as soon as he started, which was ten times his score. This had truly shocked him.

"I don't know who it is. In short, this person must be quite terrifying and can't be easily provoked!"

After thinking for a long time, he still couldn't figure it out. He shook his head, his expression becoming extremely serious.

"Could this person be that demon?"

At this moment, people in the immortal world were making guesses.

There were quite a few people who had this thought because in theory, only that monster could surpass so many old monsters the moment he entered the rankings.

“Not necessarily. If it’s that monster, it’s possible for him to surpass the top ten or the top twenty. But this is the top thirty ...” Some people were skeptical and uncertain.

They felt that there might have been even more powerful old monsters in the ancient times. Now that they had appeared, they had shocked the world.

For a time, the world was in a heated debate, unable to reach a consensus.

Meanwhile, Tang Hao had already left the Tribulation transcendence area. He found a remote place and sat down.

After going through the zenith heaven tribulation, the situation in his body had changed greatly. His celestial core power had become purer, and his physical body had become stronger. His immortal mansion had also absorbed a large amount of the purest celestial Qi.

These were all normal improvements after transcending the Tribulation.

And the biggest change of the zenith heaven tribulation was still the Natal world.

After the tribulation, when he absorbed the Qi of heaven and earth, a few wisps of Qi of absolute beginning poured into his body and were absorbed by his Natal world before fusing.

The current Natal world was not only bigger but also more solid.

Originally, it had only been one-tenth the size of the origin immortal domain, but now it was one-fifth.

The expansion of the Natal world would allow it to accommodate more stars.

In fact, this Natal world was similar to the sea of the path. The bigger it was, the more power it could contain.

He was only a fifth of the great all-embracing heaven, while the Natal world of those old monsters could be the entire great all-embracing heaven, or even several times larger.

The bigger the Natal world, the higher the realm.

Tang Hao focused his mind after he inspected his body.

“Next, I have to collect as much Taoist connotation as possible, condense more Taoist stars, and fill this Natal world first.” He said to himself.

He only had 110 Dao stars in his body, which was too little.

“And this ten thousand laws divine mountain!”

Suddenly, his mind moved and a purple light flashed from his abdomen. Ten thousand laws divine mountain flew out and suspended in front of him.

He stretched out his hand and held the divine mountain, then began to pour his celestial core power and Taoist connotation into it.

Weng Weng Weng!

The sacred mountain trembled violently, and boundless purple light spread out.

The purple light was extremely dense and looked like viscous water waves. Its power was more than ten times stronger than what he had used to activate.

This was an Emperor weapon, and its grade was too high. Before, he was only at the true immortal or golden immortal realm, so he couldn't exert too much power. Now that he was at the zenith heaven realm, he could finally use it.

A moment later, he retracted the power of the divine mountain.

He stared at the divine mountain and fell into deep thought.

Such a mountain-shaped treasure was usually used to smash people. It would expand and smash down on their heads, simple and violent.

However, he didn't like it. Moreover, if there were too many enemies, he wouldn't be able to deal with them all!

"Maybe I can gather this ten thousand divine light and turn it into a Divine Art, like the sky Fox hand and the heaven shrouding hand. Oh right, I remember that the heaven destroying Emperor also has a Divine Art like this. Maybe I can combine them."

As he pondered, ideas kept popping up in his mind.

For a moment, he was very excited and began to try.
