

## The Mightiest Little Peasant Chapter 3357

The immortal's cave wasn't big, but it had all the essentials.

The dozens of small rooms were designated for various purposes, such as planting medicine, raising insects, and even cultivating and recuperating.

There was even a huge bed made of an unknown material. It was as elastic as a water bed.

Tang Hao's mouth twitched when he looked through his memories.

This perverted Bandit was really a wonderful person!

The beautiful women outside could not escape his evil claws. Even the senior and junior sisters in the mountains could not escape. A few of them had unclear relationships with him and had been fooling around on this bed.

This pervert was quite good at pleasing women, and his driving skills were excellent.

Of course, he could not be compared to him.

"It seems that I have to get rid of this identity as soon as possible. Otherwise, it will be very awkward."

He muttered to himself as he looked at the large bed in front of him.

This guy's relationship was too complicated. He had so many lovers in the mountain. What if he came to find them?

He was not only psychologically but also physically resistant to it.

After all, this was not his own body.

Even if it was his own body, he couldn't do it. The people of the God race were quite open-minded. Moreover, this was an evil sect, so there were even less taboos. They played very freely. Who knew how many men each of their lovers had?

Smiling wryly, he walked to the side and sat down, studying the God clan's cultivation system.

For Immortals, the only way to improve after reaching the earth celestial stage was to accumulate Dao attainment, which could be slowly accumulated, seized, or purchased.

As for the Celestials, it was very simple. They still relied on spiritual essence.

As long as he had enough spiritual essence, he could continue to improve and charge up.

In the Celestials, they had their own system of classification for spiritual essence and had also developed their own pill Dao.

There was also formation Dao, but it was not as important as it was in the immortal world.

In this place, the Protoss still valued individual strength.

"There's actually a pill here, and I can't just swallow it ..."

Tang Hao was surprised.

He had thought that since the Shen clan had such a powerful devouring divine ability, he would just swallow it no matter what. But now, it seemed that was not the case.

The reason should be the bloodline.

The bloodlines of the ancient dragon counts were all very pure, but now, there were more and more Dragon counts, and they even combined with other races, giving birth to many mixed-bloods. Now, the devouring divine ability of many God races was no longer that strong.

“This is normal. When a clan grows bigger, it will eventually become like this!”

He mumbled.

He flipped through his memories again, going through the alchemy knowledge that this body had mastered and studying it again.

Since this perverted Bandit was proficient in knockout powder, he naturally had some attainments in the alchemy Dao.

“There seem to be quite a few alchemy books on the mountain. We can go take a look and study them.”

Tang Hao was very interested in the alchemy Dao of the immortal realm.

After a while, he got up and was about to go to the place where the Scriptures were placed.

Suddenly, a Jade tablet on his body jolted. He took it out and heard a soft and magnetic voice coming from it.

“Xiaoyao, come to my place!”

Tang Hao furrowed his brows when he heard that.

This Jade token was used to send messages. The other party was a spiritual God Realm expert and was also the perverted Bandit’s master’s wife.

He flipped through his memories, and a coquettish and charming figure appeared in his mind.

“It doesn’t look good!”

He grinned.

According to his memory, the perverted thief had once hooked up with this master’s wife and made his master a Big Green hat.

If he was called over now, there was an 80% chance that nothing good would happen!

“Are you going or not?”

He was a little hesitant.

If he didn’t go, he wouldn’t be able to maintain his status. But if he went, he didn’t know what would happen.

“Forget it, I’ll just go and take a look! Adapt to the situation!”

Tang Hao came up with a plan after walking around.

He opened the door and walked out.

Along the way, he flipped through his memories and discovered that this perverted Bandit had long been thinking about his beautiful master's wife. He had pestered her and really hooked up with her.

"This guy is really bold, he even dared to seduce master's wife!"

Tang Hao muttered to himself.

"Brother priest!"

Along the way, he ran into many disciples. All of them looked similar to humans, but they all had a divine crystal between their brows. Their colors and appearances were quite different.

There was a green divine crystal on his body.

Green represented wood, the branch of the MU clan of the Shen clan.

The person he had killed and devoured in the immortal world was from the Lei clan.

Of course, the person he had killed was a heaven's favorite of a clan. His bloodline and cultivation were not something that this little perverted Bandit could compare to.

"Brother priest, I heard you were defeated! Hahaha! You also have times when you fail!"

“Brother priest, call us next time! We’ll keep a lookout for you, so let us have a taste of it. ”

Quite a few people who seemed to be quite familiar with each other ridiculed.

Tang Hao chuckled as he walked, not revealing a single flaw.

A few minutes later, he arrived at a Grand Hall on the peak of a mountain.

“It’s Xiaoyao! Come in!”

After entering the hall, they went deeper and deeper until they came to a room. A gentle and charming voice came from inside.

Pa!

When he opened the door, he saw a Lotus seat inside, on which lay a beautiful woman in her thirties. She was gorgeous and wore a red dress that wrapped around her full and round body. Her curves were up and down, making her extremely attractive.

There was a red divine crystal on his forehead.

“Master’s wife!”

Tang Hao walked in and closed the door. His eyes were burning with passion.

“Why did you call Xiaoyao here?”

"I heard that you went out to fool around again? This time, it's still that ice beauty. If you have the heart, come to master's wife's place a few more times, that would be great." The beautiful woman opened her eyes and looked over with a hint of resentment in them.

Tang Hao's scalp tingled when he was met with that resentful gaze.

This was clearly the look of a resentful wife in her boudoir, with dissatisfaction in her eyes.

"Master's wife, no, don't listen to their nonsense!" Tang Hao said pervertedly.

"Really?" She said gloomily, "it's not like I don't know you, master's wife. You can't fool anyone with your cunning tricks! It's not that she doesn't want you to go out, but ... You can't forget her!"

"Yes, yes! Master's wife is right! By the way, where's master?"

"He's still here. Don't have any other thoughts. You have to wait until he's not here." She glared at him reproachfully, as if blaming him for being too impatient.

"What a pity!"

Tang Hao made a disappointed face.

In his heart, he heaved a sigh of relief.

If this beautiful teacher's wife really thought that she was seducing him, then things would be very awkward.

“Master’s wife, if there’s nothing else, I’ll take my leave first. I have to go to the Scripture cave and read some alchemy Scriptures.” Tang Hao said as he bowed.

“Reading the pill Scripture? Is he that diligent? I heard that he failed this time, so he might be going to see if there are any more ancient knockout drugs.” The beautiful woman was surprised at first, but after some thought, she quickly understood.

“Phew! This lousy place is simply too dangerous. We should run away in a few days!”

Tang Hao breathed a sigh of relief when he came out of the room.

Originally, he wanted to stay here for a few more days to learn more about the immortal realm. But now it seemed that this plan would not work.
