

The Mightiest Little Peasant Chapter 3372

The atmosphere on Hidden Dragon Mountain was heavy.

Everyone's face was extremely ugly.

They finally understood what had happened.

Someone had sneaked into the banquet, poisoned them, and then kidnapped the Saint.

"Brother Qi, no, Qi Heng is gone too. Could he be the one who did it?" A genius said.

"Impossible! He doesn't have such a powerful poison!"

Everyone immediately shook their heads.

The few tai Qing elders pondered for a moment and shook their heads.

Qi Heng was the heaven's favorite of the ten thousand flow sect, but he was only a one-star divine realm expert now. How could he have such a powerful technique?

Moreover, why did he make a move now and abduct the Saint?

If they attacked now, they would not only offend the Tai Qing Palace, but also the major forces of the hundred territories. As long as Qi Heng was not stupid, he would definitely not do this.

"Could it be that perverted Bandit?"

Suddenly, an elite shouted excitedly.

“Perverted Bandit?”

The few tai Qing elders were stunned for a moment before they burst out laughing.

Of course they knew about that perverted Bandit. He came from a small force called the Xiao mang mountain and was said to only be a mid God. Normally, he would only use some underhanded methods and drug people to charm them.

Just by looking at the methods, it was quite similar.

However, they didn’t believe that this little thief would have such a powerful poison that could knock out a group of heavenly God geniuses and even restrain the saintess of the Tai Qing Palace without leaking a single bit of her aura.

They were more inclined to believe that this was the work of an Old Sun god monster.

“Impossible!”

The heaven’s favorite of the bi Jian sect also shook his head and said disdainfully, “how can that little perverted Bandit bewitch us and then kidnap the saintess?”

“Yup! It’s impossible!”

The geniuses shook their heads.

If it was really that little thief, they might as well buy a piece of tofu and just kill themselves.

A group of eight or nine-star spiritual gods, as well as ten or so heavenly deities, had been tricked by a God. How could this be possible?!

“No matter who did it, we can’t just sit here and do nothing. Go out immediately and look around. I’ll send a message back to the sect and ask more elders to come.” The white-bearded elder said.

“Alright!”

“Yes, master!” The other two responded and led the geniuses out to search.

Tangshan region, somewhere.

In a deep underground cave.

Tang Hao sat cross-legged, and the great void divine furnace hung in front of him.

Inside, the divine fire was burning a person. It was a heaven’s favorite he had caught at the banquet.

His cultivation base was one star sky celestial, which was equivalent to a Grand Luo immortal with 10000 Dao stars.

Only by devouring this level could his cultivation progress.

The divine crystal between his eyebrows and most of the essence in his body had been extracted. What was left was a broken body that he had given to the immortal spirit body to devour.

But now, he had to make the best use of it.

It was just that the body was easy to refine. In less than half a day, it had completely turned into a pool of golden divine liquid.

“Alright, I’m done!”

He stopped and opened his mouth to suck. The divine liquid in the furnace flew over and was swallowed into his stomach.

Then, he took out the divine crystal and swallowed it.

It was a first-grade divine crystal, and it contained a vast amount of power.

He sat cross-legged and began to refine.

All of the essence gushed into his divine sea on the left side of his dantian and was absorbed by his divine core.

Ever since his divine crystal had leveled up, his divine core had also changed. It was now as resplendent as a diamond, with nine-colored divine light flowing around it. There were also three halos around it.

This represented his cultivation level. He was a three-star celestial deity.

As he continued to absorb, his divine core became more and more resplendent. A fourth light ring could be vaguely seen forming on it. This meant that he was about to enter the four-star realm.

“It’s done!”

A moment later, as he absorbed all the essence, the ring of light was successfully formed.

He had successfully advanced to four-star!

“If we kill more sky gods, there’s hope for the sun god!”

He opened his eyes and smiled in joy.

If he was in the immortal world, it would be too difficult to advance to the immortal King realm. Now that he had switched to cultivating the divine Dao, there was a great chance that he could break through to the Yang God Realm in the immortal world.

In his opinion, be it the divine Dao or the immortal Dao, they were just a way of cultivation. Strength was the hard truth. He would choose whichever one he could cultivate to.

“There are quite a lot of things!”

Then, he started to sort out the things he had taken from the geniuses.

He had refined all of them before to prevent the possibility of being tracked.

After all, they were all geniuses, and many of them were top geniuses of the hundred territories. They were all rich, and just the divine coins alone had made him rich.

“It’s time to see that Holy maiden!”

After packing up, he opened a mobile immortal’s cave and entered.

There was a loud clatter.

Su lingsu slowly woke up.

What’s wrong with me?

She only felt dizzy and her divine sense was a little unclear. When she opened her eyes, she also felt that her vision was blurry.

She could vaguely see a person in front of her, swaying in front of her.

Then, she felt a chill on her body.

“My clothes!”

She was shocked and completely sobered up.

She finally saw the scene in front of her, and her beautiful eyes widened, almost spitting fire.

There was a man in front of her who was holding her clothes, rolling them up a few times and stuffing them into his pocket.

“You ... Pervert, return my clothes!”

She screamed and was about to activate her divine essence to kill this person.

However, the next moment, she was stunned as she realized that her body was empty. She didn't have a single trace of divine origin, and her hands and feet were soft and powerless.

“You ... What did you do to me? Where is my magic?”

“Who the hell are you? What do you want!”

Her beautiful face turned pale.

Without her divine essence, she would become the meat on the anvil, at the mercy of this fellow.

“I remember now, you're that perverted Bandit!”

Then, she furrowed her brows as she recalled the situation before she fainted.

She widened her eyes again, and when she looked at the man in front of her, her expression was somewhat incredulous.

Based on what she knew, this perverted Bandit was only a God and had a very poor background. How could he have such a powerful technique that could poison her and even seal her divine essence?

One had to know that she was in the heavenly God Realm, two major realms higher than this guy.

“Didn’t you want to kill me? I’ll tie you up and bring you here! I’ll borrow your clothes while I’m at it!”

Tang Hao looked at her and smiled.

As he spoke, he took out the clothes and waved them at her.

This was good stuff. It was the saint’s undergarments. It was authentic. Those bootlickers would definitely fight over it.

“There are a few more sets here. Put them on and take them off for me later!”

Tang Hao took out a pile of clothes and threw them over.

“Argh! I’ve already sealed your spirit sea completely. If you try to break it by force, you’ll only suffer. Also, don’t expect your tai Qing Palace people to come and save you. Just stay here obediently!”

Tang Hao said a few words to her, then left the cave.

Su lingsu’s face turned even paler as she looked inside.

This guy was right, she couldn’t break the seal on her own and recover her strength.

After checking her body, she heaved a sigh of relief.

At least, her body was still pure. This was a blessing in a misfortune.
