

The Mightiest Little Peasant Chapter 3428

Tang Hao swaggered out of the imperial capital.

In the imperial capital, many gazes were focused on him until he disappeared into the horizon.

“He’s actually out of shenwu royal capital! This is a good opportunity!”

In a corner of the imperial capital, in the stronghold on Mount Jade Dragon, a burly man laughed loudly.

He was dressed in black and had a token on his waist. There was a picture of a Sky Wolf on the token. It was the sky Wolf emissary.

After the sky Eagle Messenger died, he took over his position and guarded this place.

“Hurry up and send the news back. The Qingyang high holiness and the others will be very happy!”

He immediately entered the hall and sent a message to Jade Dragon Mountain.

Very quickly, on Mount Jade Dragon.

“Hahaha! The heavens are really helping me!”

The green Goat high holiness couldn’t help but laugh when he heard the news.

He was just worried about how to take revenge when he received such good news.

Although the carefree mansion didn't have a bewildering formation, it still had a killing formation, which was also very powerful. He didn't dare to rush in rashly, but now that this kid had left the divine martial imperial capital, he no longer had the protection of the formation.

With his strength, he could suppress him.

"Yup! This is a heaven-sent opportunity!"

Wu tuo high holiness was also overjoyed.

"Overlords, could this be Emperor shenwu's plot?" A venerable guessed with a solemn expression.

In the past, they would definitely not have such thoughts. However, after the previous incident, they had all witnessed Emperor shenwu's abilities and had to be on guard.

"I won 't!"

Wu tuo high holiness shook his head and said decisively.

When he had heard the news, he had naturally considered this possibility, but after some consideration, he had rejected it.

Emperor shenwu's abilities were limited. He had only relied on the formation the last time. Without the formation, he was nothing.

"That brat is bold. He's already a sun god, so he has no scruples. That's why he dares to leave shenwu royal capital alone." He said, "as long as we can catch up with him, we will have a chance to capture him."

“This kid is still a little too young. But it’s true. Young people are always a little arrogant!”

The green Goat high holiness chuckled.

“Everyone, let’s set off quickly. The sooner we find that brat and capture him, the sooner we can take our revenge!” Then, he said to the other sovereigns.

“Let’s go, let’s go!”

The group of people set off impatiently.

It was the same group of people from before, a total of six people, two high holiness and four supremacies.

Once they left Jade Dragon Mountain, they quickly headed towards the divine martial Kingdom.

At the same time, they sent out messages to all the strongholds in the East continent to closely track that kid’s whereabouts.

In the dark sky, a bird was flying.

A white-robed figure was sitting cross-legged on his back.

He lowered his head and read the scrolls carefully.

This East continent was extremely vast. It was many times larger than the continent in the immortal world. Only half of the continents in the immortal world combined could be compared to this East continent.

Be it the hundred territories or the divine martial country, they were only a small part of this continent.

There were also teleportation arrays here, but there weren't many. There were only a few dozen in the entire East continent, and none of them were within the divine Kingdom.

Such a vast area naturally had extremely complex landforms, giving birth to many naturally dangerous places and deathtraps. For example, places with particularly abundant Heaven Earth Yuan Qi could easily attract fierce beasts.

In some places where the yin Qi was extremely strong, it was easy for Yin souls to breed.

Of course, there were also many man-made dangerous places and danger zones.

“Which way should we go first?”

He found it difficult to make a decision.

“Forget it. Let's go to the hundred territories first. There are many places like this over there, and there are no major forces.”

After a moment's deliberation, he changed his direction and headed toward the hundred territories.

“If only I could find a few yang grade divine herbs!”

He muttered.

The plants and vegetation here were no longer called immortal herbs. They were all called divine herbs. The grading was simple. According to the realm of the God race, they ranged from ninth to first grade, then truth grade, spirit grade, and all the way to ancestor grade.

Yang grade medicine was suitable for yang spirit realm.

Even in the immortal realm, there were not many divine medicines of this level. On the one hand, the production was low, and on the other hand, there were many yang God powerhouses. It was a situation where the demand was high and the supply was low.

“Let’s go to this place first, ethereal Lake!”

He took out the map and confirmed the first stop.

It was called a Lake, but in the immortal realm, everything was a little bigger. Therefore, it was just an inland sea. It was so big that it was borderless. This was because the heaven and earth Yuan Qi in the lake was extremely abundant, and a large number of beasts were gathered inside.

In the divine realm, there were quite a number of ferocious beasts. Their bloodlines were all extremely ancient, and bloodlines from the primordial era could be found everywhere.

“We’re here!”

A day later, he arrived at ethereal Lake.

In front of him, a vast sea shrouded in mist appeared.

“It’s so big!”

He looked around and was a little speechless.

This Lake was truly endless.

He glided to the lakeside and observed for a while. There were not many people here, and their cultivation was basically at the heavenly God Realm.

He kept the bird and glided over the surface of the lake.

At the same time, he sent out his divine sense to the bottom of the lake.

“This is too deep!”

A moment later, his expression changed slightly.

After so long, he still couldn’t find out the bottom.

“Forget it, I’ll just go down personally!”

His body sank and plunged into the lake, heading straight to the bottom.

Godly medicine all grew at the bottom of the lake.

As he went down, he encountered many spiritual wills spying on him. They should all be fierce beasts.

There were many ferocious beasts in the lake, and there were even yang God Realm beasts.

Two hours later, he finally reached the bottom and began his search.

There were many things at the bottom of the lake, but not many of them were useful to him. For example, some ores, gold, and iron were of too low a grade and were of no use to him.

There were also godly medicines. Most of them were low-grade, common, and not worth much.

“Spirit grade ... Take it! No matter how small a mosquito’s leg is, it’s still meat!”

Seeing a spirit level herb, he reached out to grab it and threw it into his portable medicine garden.

He searched along the way. As long as there was something of value, he would take it.

Gradually, there were many eyes on him and they followed him.

Tang Hao noticed it, but he did not care.

After a long time, one of them couldn’t help but attack.

Tang Hao felt the air around him twist and distort. A powerful suction force pulled him in.

When he reappeared, he was in another area, and a bloody mouth full of sharp teeth was biting toward him.

“A void whale!”

Tang Hao’s body shifted and he retreated. He recognized the beast.

He was no stranger to this beast as he had seen it many times.

However, the one before his eyes, be it in terms of bloodline or strength, was far superior to those he had seen before.

This was a heavenly God stage void whale, which meant it was at the great all-embracing heaven stage.

“You want to eat me? It won’t be that easy!”

He chuckled and stretched out his hand, making a grabbing motion.

The water in front of him instantly collapsed as a terrifying power crushed down on it. At the same time, the whale was also crushed.

Its body froze, and its hard shell began to collapse.

Then, it was the flesh and blood, and the bones and bones.

It couldn’t move and could only show fear.

It had made a wrong judgment. This was a yang God-level existence, not someone it could provoke.
