

The Mightiest Little Peasant Chapter 3456

At the carefree mansion.

By the lakeside, a white-robed figure was sitting upright. He was holding a book in his hand and was reading it with rapt attention.

He had been back for seven days.

Although he stayed in his residence and didn't take a single step out of the main door, the news that spread in the Imperial City couldn't escape his ears.

He had been listening to the movements from all sides.

Especially those restaurants, which were the places he had focused on.

He would know the moment there was any movement.

In the divinity, he no longer had many doppelgangers and split souls, so he could only rely on this ability to help him gather information.

These days, the most discussed topic in the imperial capital was naturally Mount Jade Dragon.

Everyone in the East Province was talking about it.

As for who did it, there was a lot of debate, and no one could come to a conclusion.

On the other hand, there was no news at all from Mount Jade Dragon, which made the world even more curious.

By right, Jade Dragon Mountain should have made a move after five strongholds were destroyed. The quieter it was now, the more suspicious it was.

Tang Hao was not surprised by that.

Previously, Jade Dragon Mountain had already predicted that the divine martial Kingdom had the support of a major power. Now, this thought was even more confirmed. They would be even more cautious in their future actions and would not act rashly.

In addition to the news about Jade Dragon Mountain, there was another piece of news that was quite popular recently.

It was about the purple Qilin mountain.

In the divine martial country, there were quite a few sacred grounds. Of course, they weren't sacred grounds like the Jade Dragon Mountain, but referred to some large sects and schools, such as the masked moon sect and the purple Qilin mountain.

These forces were all affiliated forces of the divine martial country and had submitted to Emperor shenwu.

The leaders of these forces were also sun god powerhouses.

Among them, this purple Qilin mountain was the strongest and most famous.

In the past few days, there had been news that their Qilin son had successfully broken through and advanced to the Yang God Realm.

This news immediately caused a stir in the imperial capital.

The people of the divine martial Kingdom were overjoyed.

This Qilin son was the number one genius of the violet Qilin mountain and the divine martial Kingdom. It was only after general Fei Feng appeared that he was able to suppress him and take second place.

It was a blessing for the divine martial Kingdom that he had become a sun god.

From then on, the divine martial Kingdom had another sun god expert, and he was a young genius.

“Including him, our divine martial country has 18 sun gods!”

“Eighteen? Why do I remember it’s seventeen?”

“Hey! That perverted Bandit, oh no, that general mu, isn’t he the seventeenth one? the one from the violet Qilin mountain is the eighteenth!”

“Oh, oh! I almost forgot that he’s also a sun god. ”

“Hahaha! Me too, I almost forgot. Who asked that fellow to not walk the righteous path? he was completely forced to do so by our Emperor’s medicine. He’s a parallel import!”

“A counterfeit? Hahaha! Well said! That guy is really good at this!”

“His strength is water-like in that aspect, but his other aspect is not ordinary. He’s terrifyingly strong. I don’t know how he did it!”

Many people were first discussing the Qilin son, and as they spoke, they began to talk about him.

As a young man who had recently advanced to the Yang God Realm, he was naturally compared to the Qilin son.

In the eyes of the people of the divine martial Kingdom, he was nothing but a fake that had been forced to drink medicine. The only thing that was worthy of praise was his impressive battle record in the Jade Lake Pavilion. Compared to that Qilin son, he was nothing.

Tang Hao only laughed it off.

He had never cared about the opinions of outsiders.

As for that Qilin son, he wasn’t interested in knowing more about him.

“You’re still here!”

Just as he was listening to the commotion outside, the manor’s door opened, and an icy blue figure swept in, instantly arriving at the lakeside.

It was his cheap Senior Sister.

“What else?” he raised his head and looked over.

“To fool around!”

She said.

Tang Hao’s face twitched when he heard that.

“I’ve heard that the Lotus Moon Fairy has been looking forward to you every day! Do you really have the heart to abandon her?” She walked over and sat down in front of Tang Hao.

Tang Hao chuckled.

In the past, he felt that this Senior Sister was an Ice Mountain, unsmiling and unsmiling. However, after being in contact with her for a long time, he found that she had the potential to be two-faced.

“I don’t want to go!”

He said, shaking his head.

Every time he went to the Jade Lake Pavilion, he had to use the method of blending of spirit and soul. The Lotus Moon Fairy was so happy that she felt like dying, but he had to sit and watch her perform.

No matter how strong his self-control was, he could endure it once or twice, but if he went too many times, he was really afraid that he would not be able to control himself.

After all, he was also a man, and that Lotus Moon Fairy was truly alluring.

“What’s wrong? Are you afraid that your wife will come and catch you in the act?”

She said.

There was a hint of ridicule in his eyes. “I heard that you were blocked by her in front of the Jade pool pavilion and even captured. She didn’t do anything to you, did she?”

“It has nothing to do with her!”

Tang Hao said helplessly.

“Then why?”

“Why are there so many whys!”

Tang Hao was speechless.

“By the way, how long are you going to stay here?” He asked as he looked at her.

“I don’t know! This place is quite good, safe and convenient, much better than the Xiao mang mountain. ” She asked, “why? do you dislike me and want to chase me away?”

“No, since you’re willing to stay, you can. I don’t mind.”

Tang Hao said, shaking his head.

“That’s good. You’re still my good Junior Brother! I will never forget you in the future!”

She got up and smiled, which was a rare sight.

She was already extremely beautiful, and when she smiled, she became even more beautiful. She was bright and moving, and could not be compared to anything.

Especially that pair of ice blue eyes, they were slightly curved, and there was a bright light flowing inside, moving people’s hearts.

Tang Hao looked up and was surprised.

At this moment, she turned around and left.

Soon, he disappeared from his sight.

“She ... Might not be that simple!”

Tang Hao returned to his senses after a long time. He furrowed his brows.

At this time, he realized a problem. How could such a beautiful woman not be famous in the hundred territories? at most, she was only famous in the Tangshan region.

Thinking back carefully, she seemed to be a little different from the past. She was beautiful in the past, but she was far less beautiful than she was now.

It was very likely that she had changed her appearance slightly at that time.

But why did she do that?

Also, why did she come here and stay at his place?

Ever since she had arrived, she would at most go out and shop for a while. She had never left the divine martial imperial capital.

“Who is she hiding from?”

Tang Hao had a vague guess.

Perhaps, his cheap Senior sister’s identity wasn’t simple.

“Forget it, I won’t care too much. I’ll naturally know when the time comes.”

After a moment, he shook his head and threw these thoughts out of his mind.

To him, it didn’t matter what her identity was.

He collected his thoughts and continued to read the book in his hand.

Just like that, two days later, news came from the Imperial Palace, saying that they had invited him to attend a banquet.
