

The Mightiest Little Peasant Chapter 3471

“Who ... Who are you?”

The Men in Black were shocked and subconsciously took a few steps back.

Just now, they actually didn't sense any aura at all. They also didn't know when this guy appeared. It was really strange!

“What do you guys think?”

Tang Hao chuckled.

These guys didn't seem to be very smart.

“You're ... The one with the surname mu?”

The few of them were stunned. Then, their eyes widened and their faces were filled with horror.

To be able to appear here without a sound, it could only be the master of the great formation, the one surnamed mu.

Before they came, they had naturally done their homework and knew the identity and strength of this mu.

Although this guy was from a lowly background and was a little perverted Bandit from the Tangshan region, he had become rich the moment he came to the divine martial Kingdom. His status and strength had soared, and he had reached the 2-star sun god Realm some time ago.

It was said that he had become Emperor shenwu's confidant by getting close to him, which was why he had risen so quickly.

A two-star sun god was undoubtedly an extremely terrifying existence to them, who were all heavenly gods.

"Motherf * cker! Didn't they say that this guy was still in the Northern Territory?"

The leader cursed in his heart.

It was because they knew that this fellow was not in the residence that they dared to come and capture him.

He didn't expect that the person in question would return before he was caught.

This is over!

"So it's general mu!"

The leader laughed out loud. "It's a misunderstanding, a misunderstanding! We've heard of your carefree mansion's reputation, so we came here to take a look and see how powerful your great formation is. "

"Yup!"

"It's all a misunderstanding!"

The few people behind him echoed and nodded like garlic being pounded.

“Are you guys idiots?”

Tang Hao said coldly.

“No!”

The few of them were stunned and shook their heads.

“Then you must be treating me as an idiot!”

Tang Hao smirked.

“No! It’s really a misunderstanding!”

The leader smiled apologetically.

Tang Hao looked at him and smiled.

The next moment, he raised his hand and flicked his finger.

Bang!

A soft sound.

Beside the leader, a man's head exploded without any warning, and blood splashed everywhere.

"Seven stars heavenly God? It's a little low!"

He mumbled and reached out his hand. The divine crystal flew over. He examined it for a while, then threw it into his mouth.

The leader and the rest of the people were all stunned.

Then, with a few plops, they all shivered and sat on the ground. Their faces were extremely pale.

With a flick of his finger, he exploded the head of a seven-star celestial God.

He didn't even blink, snatching the divine crystal and swallowing it ...

What a terrifying technique!

How was this a perverted Bandit? he was clearly a peerless fiend.

"Tell me, who ordered you to do this!"

Tang Hao looked at the leader and said coldly.

"I ... I don't know!"

The leader said bitterly as he lay on the ground.

Tang Hao's eyes turned cold. He reached out and grabbed one of them by the neck. He slowly exerted force.

Kala! Kala!

The sound of bones breaking was particularly ear-piercing in this dead-silent maze, and it made people's blood run cold.

"I really don't know. I took on the mission through an agent. I wouldn't know who it is." The leader frantically shook his head and shouted with all his might.

"Is that so?"

Tang Hao said noncommittally.

Bang!

He exerted a little force and the person in his hand exploded from the neck.

"I ... I have a jade talisman. I heard that it was given to me by the client. Once the mission is completed, I can use this jade talisman to contact the client so that it will be easier for me to hand over the person."

The leader was scared out of his wits as he frantically retreated on all fours.

Suddenly, he seemed to have thought of something. He stopped and shouted anxiously.

“A jade talisman?”

Tang Hao raised an eyebrow.

“Right! It’s a jade talisman. Look, this is it!”

The leader trembled as he took out a Golden Jade talisman and held it in his hand.

Tang Hao reached out his hand and took a look.

“Alright!”

He nodded slightly. In the next moment, he waved his sleeve, and those people disappeared. They had been suppressed into another great formation.

“Who is it?”

He clenched the Jade talisman and muttered to himself for a moment. Then, he poured his divine essence into it and sent it out.

At the same time, he attached a wisp of his divine sense to it.

Not far from the imperial capital, in a mountain range, several figures were sitting.

From time to time, they would raise their eyes and look in the direction of the imperial capital, as if they were waiting for something.

“Why is there still no news?”

Someone said anxiously.

“Let’s wait a little longer. It hasn’t been long. It’s normal!”

“That’s right. There’s no need to worry. She’s just a spiritual God Realm chick. What problems can there be?”

A few other people spoke out.

“Alright then!”

The man nodded and continued to wait.

Indeed, there was nothing to worry about. There was no one else in the carefree mansion except for the woman.

The few of them sat down and waited for about 15 minutes.

Suddenly, ripples appeared in the void in front of them.

“They’re here!”

That person stood up and said in great joy.

A golden light emerged from the ripples. It was a jade talisman.

He didn't even think and reached out to grab it.

"I've succeeded!"

When he opened it, he laughed out loud, his face ecstatic.

"I'll ask them to send him out, and then we'll go get him!" He turned around and said to the few people beside him.

"Alright!"

"That's great! With that girl in his hands, would he still have to worry about not being able to control that kid? When the time comes, I'll make him obediently hand over the heaven-defying spell formation."
"

The few of them were overjoyed.

The person who took the Jade talisman carved a line of information on the talisman and was about to call back.

"Wait, something's wrong!"

At this moment, a person at the side suddenly stood up and stared at the Jade talisman with his eyes wide open.

“Not good! It’s a trap!”

The next moment, he shouted and strode forward. He took the Jade talisman and crushed it with a bang.

“What ... What’s wrong?”

Everyone was stunned.

“This jade talisman contains divine will. We’ve been exposed! That brat must have returned and caught that group of people. He must have used this method to investigate our identities!” The man said in a deep voice, his expression extremely grave.

“Then ... Then what should we do? If he finds out, won’t I be finished? He’s Emperor shenwu’s trusted aide!”

The person who received the Jade talisman said.

“It’s fine. It’s just a divine sense. It might not have found anything. Even if he knows, he has no evidence!”

“Then ... If he comes to deal with me, what should I do?”

“Isn’t that even better? if he comes, we can kill him and let us take revenge.”

“Yup! Don’t worry, if anything happens, you can just leave the divine martial Kingdom and come to our place!”

“That’s true!”

Hearing this, the man was relieved.

“Purple Qilin mountain, Zhou Yuan! Also, Mount Yulong, wutuo, and Qingyang ... Are all familiar!”

In the carefree mansion, Tang Hao’s eyes narrowed.

In that instant, he had already seen the appearance of that group of people.

This matter was still directed at him.

“Since we’re all together, let’s settle this together!”

He raised his eyes and looked in the direction of the purple Qilin mountain, his eyes filled with a bone-deep killing intent.
