

The Mightiest Little Peasant Chapter 381

“I know Haotian Co. Ltd., they’re the ones who produce Bizhi weight-loss tea and Bingji beauty cream. I’ve used them before.”

“I’ve used them before too. They’re all from Haotian Co. Ltd.”

“New Magical Kitchen? Isn’t that the extremely popular restaurant? I’ve heard of Divine Liquor too...”

Everyone exclaimed in surprise as they looked at the name card in their hands.

The four companies on the name card were popular and not made-up.

When they came to their senses, they started laughing.

The four companies were rising stars in each of their domains, and their growth showed no signs of stopping. How could their directors be such a young kid?

Furthermore, two of the four companies marketed healthcare products, one was a liquor company, and another was a restaurant. They did not seem to have any relation with each other.

“That kid is quite silly. Maybe he went online and found the names of four companies and printed them all on the name card.”

“Did he think that we all are idiots? Won’t he be afraid that someone might expose his lies?”

“This kid must have something wrong with his brain! Only an idiot would believe him!”

Wang Jiadong chuckled and tore the name card in his hand into pieces.

“I think he must be a pathological liar!” Yan Lili mocked. She tossed the name card on the floor and stomped on it with her high heels.

Then, she spoke disdainfully, “Xiangyi, I didn’t expect that you found a pathological liar as a boyfriend. How vain for him to pretend as a company president!”

Qin Xiangyi smirked. “You don’t believe me? You can verify that information for yourself!”

“I’ll do just that!” Yan Lili chuckled and took out her phone.

The other people also took out their phones to check on the Internet.

The four companies have official websites. It was too easy to verify the information.

Shortly after, everyone exclaimed in surprise.

“How could this be? The president of Masculine Wind Co. Ltd. is indeed called Tang Hao. There’s no photo on the website though!”

“Oh, it says here too that the president of Haotian Co. Ltd. is Tang Hao!”

“What? Also Tang Hao? Over here too, the president of New Magical Kitchen is also Tang Hao!”

“That’s impossible! Why is it all Tang Hao? Look here, the president of Divine Liquor Company is also Tang Hao! Just who is this Tang Hao? He’s so amazing!”

The people there heard about the four companies before, and some of them even used their products. Most of the females there had experienced the amazing effects of the weight-loss tea and the beauty cream.

As for the males, they used the aphrodisiac before, some more frequent than the others.

Masculine Wind Aphrodisiac was considered an essential medicine among males. It was vital to stock it in the bedroom.

Some of them even said that a potent medicine like that must be a miracle. The person who developed the medicine must be someone extraordinary.

The men had worshiped the extraordinary person. They did not expect that the person also invented magical cuisine and divine liquor.

“This kid’s name is Tang Hao too. Don’t tell me that it’s all him?”

Someone’s comment stood out amid the discussion.

The hall fell into silence immediately.

“How could that be? It’s just a coincidence that they share the same name. There are so many people with the same name in this world. Not all people named Tang Hao can be as amazing, including this boy toy in front of us!”

Everyone was whispering among themselves.

In their eyes, someone with so many amazing inventions and started so many successful companies must be a middle-aged man with an intimidating air.

He absolutely could not be the kid in front of them.

Tang Hao blushed when he heard that. He was embarrassed when he heard the people praising him so much!

He did not know that his companies were so famous in River Delta City.

Qin Xiangyi covered her mouth and smiled.

“Pah, what are you smiling for? We’re not talking about your boyfriend. Do you think that’s funny? Are you stupid?” Yao Lili glared at Qin Xiangyi.

Qin Xiangyi’s expression sank and she glared back at her.

“Ha! You still don’t believe it? You can give a call to Haotian Co. Ltd. and ask customer service who their president is. They’re still operational at this hour.”

“Hmph, let’s do that right now! I’ll tear your lies apart!”

Yan Lili smirked coldly as she dialed the customer service number of Haotian Co. Ltd.

Everyone held their breaths and looked at her.

The phone call soon went through.

“Haotian Co. Ltd., how can I help you today?” A sweet voice was heard at the other end of the call.

“I’d like to ask, what’s the name of the president of your company?” Yan Lili said.

The customer service representative was surprised by that question. “His name is Tang Hao. You can find his information on our website.”

“Then.... How old is he? What does he look like? What kind of person is he?” Yan Lil continued asking.

The customer service representative was surprised again. She thought that the questions were weird.

“So how is he like? I’m asking you!” Yan Lili was getting impatient.

The customer service representative hesitated for a while and said, “Our president is very young. He’s nineteen years old this year. What does he look like? He’s quite handsome, no, he’s very handsome!”

She sounded infatuated when she said that.

Everyone was dumbstruck when they heard that.

Yan Lili’s jaw dropped. She could not believe what she heard.

Nineteen years old?

How was that possible?

Did that mean the kid was actually the president?

The 'boy toy' was actually the amazing Tang Hao who had started four companies and is worth hundreds of millions?

Oh f*ck!

Everyone looked as if they had seen a ghost. The shock in their heart was indescribable.

The women immediately seemed a lot friendlier.

That kid had the potential to be a billionaire. His four companies were already worth hundreds of millions and they were still thriving. He would soon be worth billions.

Moreover, he was still very young. He was the perfect candidate for a husband.

Meanwhile, the men looked embarrassed.

It turned out that he was not a boy toy but actually an accomplished youth. They remembered how they had boasted about their achievements earlier.

What were those achievements when compared to Tang Hao's?

Wang Jiadong stood there like a block of wood. His face flashed several colors.

"Dammit!" He cursed through gritted teeth. "What's so great about him? That bastard!"

Yan Lili stood there with her phone, as though she had turned into stone.

Her hand twitched, and her phone fell on the floor.

The muscles on her face twitched as it turned ashen. Her expression was horrific.

If the kid was worth hundreds of millions, he was as rich as her entire family!

So what if her husband was an overseas university graduate who speaks eight languages fluently and is good at all sports? That was nothing!

Everything that she was proud of her husband was nothing but a joke.

The only thing that her husband won over the kid was perhaps his face.

All her pride and self-worth were demolished in that instant.

“Does that b*tch deserve to have such a good boyfriend?”

Envy burned in her heart.
