

## The Mightiest Little Peasant Chapter 613

“What’s wrong, Dad?”

“Dad! Hurry up and take care of him!”

The rich kids became anxious when they saw their fathers rooted on the spot.

The middle-aged men stood there, looking at Tang Hao with their faces filled with embarrassment. Two of them even had cold sweat on their foreheads.

Their sons did not recognize this person, but they knew him very well.

‘Dammit, of all the people to cross!’

In their hearts, they cursed their sons to hell.

‘Do they hate their dads so much?’

“Dad! What are you doing?”

Chang Bin said to his father as he covered his red and swollen face.

The corner of Chang Youfu’s eyes twitched. In a fit of anger, he turned around and slapped his son.

Slap!

The crisp sound of the slap stunned everyone, especially the other rich kids.

“Dad, What are you doing? Why did you hit me?” Chang Bin staggered back with a look of disbelief.

“That’s because you deserve it, you ingrate. You Idle around all day and don’t do anything serious. Why are you always causing trouble for me? And you too, Yunfei, you’re the same.

“You two kids, why can’t you improve yourself!”

Chang Youfu scolded angrily.

“I...” Chang Bin had an aggrieved look on his face. “I’m not the one causing trouble, Dad! That guy beat me up first. He’s so arrogant. He also says that I don’t have the right to talk to him and asked you to come. Isn’t he insulting you, Dad?”

“He’s right. You don’t have the right to talk to him! You don’t even have the right to lick his shoes, you disappointment!” Chang Youfu said angrily.

Chang Bin laughed blankly, “You must be joking, Dad! Who is he? How can I not have the right? I’m your son!”

Chang Youfu reprimanded him, “So what if you’re my son? Even I can’t compare with him. Where do you think you stand?”

Chang Bin was stunned. He looked at Tang Hao and then at his father, feeling rather baffled.

He thought that the kid was no one special, aside from having some money. That did not seem to be the case.

'What identity does this kid have to intimidate even Dad?'

"Dad, who... who is he?" He stuttered.

"His name is Tang Hao, the chairman of Haotian Group! Now you know!" Chang Youfu said angrily.

He glanced at Tang Hao, then at his son with disgust.

That Tang kid was so young, but he had already established such a big group of companies. His connections were even more shocking. All the high-ranking officials in the province knew who he was.

As for his son, he was nothing more than a playboy who only knew how to flirt with girls and mess around with sports cars.

The more he thought about it, the angrier he became.

"Hao... Haotian? Chairman?"

Chang Bin was petrified.

The other rich kids also had the same expression on their faces.

Chang Yunfei's eyes were so wide open that they almost popped out of their sockets.

'Oh my god! That guy is the elusive chairman of Haotian Group who created incredible products such as Masculine Wind Aphrodisiac and Vitality Energy Drink? He's that legendary figure?'

'How is that possible?'

After the shock, he felt like vomiting blood.

How could he compare to that guy with the money he had? That was too naive!

The other middle-aged men also began to scold their sons. After that, they walked toward Tang Hao.

"Haha! Long time no see, Boss Tang! Do you recognize me? We met at Magical Kitchen!"

"I'm so sorry, Boss Tang! This good-for-nothing son of mine has caused you trouble!"

"Boss Tang, you hit him well! Those brats need to be taught a lesson! Are you alright? Are you hurt?"

They said enthusiastically and even shook hands with Tang Hao.

"I'm fine!" Tang Hao said with a smile.

"Phew! It's good that you're fine!" They immediately heaved a sigh of relief.

"Oh, Boss Tang, why don't you hit my son a few more times? Teach this ingrate a lesson for me!"

"That's right. You didn't hit him hard enough!"

They glanced at their sons and said.

The rich kids almost burst into tears when they heard that.

'This is ridiculous! Dad isn't angry that his son was beaten, but he's blaming that guy for not hitting me hard enough!'

"Hurry up and apologize to Boss Tang, you whelps!"

The rich kids looked unwilling.

"Hurry up and come over here, you whelps. You need to be taught a lesson! You're not getting pocket money next month!"

The rich kids immediately became anxious.

"You can't do this, Dad!"

"Then hurry up and come over!"

They hesitated and walked over unwillingly while clutching their swollen faces, then bowed to Tang Hao and apologized.

Seeing that scene, all the students exclaimed in surprise.

"Have you eaten, Boss Tang? If not, let's have lunch together!" Chang Youfu said.

“Yes, yes! Lunch is on me!”

“What are we having?”

The eyes of the rich kids lit up when they heard about food.

“Go away, you’re not invited! Let’s go, Boss Tang. I just booked a private room in your main store. Let’s eat together!”

Tang Hao could not refuse, so he agreed.

“Boss Tang, come, take my car!” Chang Youfu said.

“Nonsense, you should take mine!” Another person argued.

The bosses quarreled with each other over that matter.

At that moment, a few more bosses rushed over. After understanding the situation, they immediately beat up their sons.

They had to be courteous toward Tang Hao because he was at the same level as them. Their sons were courting trouble for crossing him.

After dealing with their sons, they walked over and warmly greeted Tang Hao.

Tang Hao rode in one of the cars and followed them to the main store of New Magical Kitchen.

The convoy left in a grandiose manner, leaving behind a dumbfounded group of students.

Tang Hao returned to the university after lunch.

After two classes in the afternoon, he returned home and went online to check on Liu Bingyao's ranking on the seasonal popularity charts.

Her ranking was rather unremarkable, perhaps because the season had just started. She occupied a low position in many mainstream channels and communities.

Her name was not found on some other charts.

He checked the activity on Tieba and found that his fans were mobilizing. It was a lively scene.

"Everyone, do your best to vote, share, and broadcast! Boost her popularity!"

"Aim for number one!"

After browsing for a while, Tang Hao also went to various platforms and set up many accounts to help.

After an afternoon, her popularity had increased by a lot, and her rankings on the major platforms rose.

However, she was still far from being number one. Moreover, there were many big names on the popularity charts. Taking the top spot was not going to be an easy task.

Tang Hao thought that if he could not get her to the top spot, he would have to pour money into the effort. He had already invested so much money in her anyway, so it was not a big deal to spend a little more.

By that night, she had already gotten into the top fifty in most charts.

She was gaining attention from the general public, and her popularity began to soar.

“Wow! She’s so good!”

“Her voice is simply heavenly! This newcomer is really amazing!”

The comments were all positive.

Her position continued to climb. In a few hours, by eleven o’clock, she had squeezed into the top ten.
