

## The Mightiest Little Peasant Chapter 688

It was the afternoon when he left Sky Mountain.

Tang Hao gave General Bai a call and briefly explained the matter.

Then, he gave Taoist Master Qing Xu a call.

“How is it, Little Brother? Are you in trouble? I told you earlier that Sky Mountain is quite powerful! Just wait for me. I’ll come over right now.

“What? You’ve already subdued Sky Mountain? F\*ck!”

Taoist Master Qing Xu was dumbfounded again.

Then, Tang Hao rushed to the airport.

When he landed at Provincial City, it was already late at night.

When he walked out of the airport, he saw a Rolls-Royce parked not far away. A beautiful figure was leaning against the car.

Her appearance was extremely beautiful and dazzling.

The luxurious car and the beautiful woman attracted everyone’s attention.

“Chairman Tang!”

Seeing Tang Hao walk out, Han Yutong's beautiful eyes lit up as she called out.

Following that, she looked surprised.

Her black brows furrowed slightly as she revealed a puzzled expression.

"What's wrong?" Tang Hao asked in surprise.

Han Yutong stared at Tang Hao and said, "Chairman Tang, why do I feel that... you look a little different?"

"I'm still the same!" Tang Hao said with a smile.

Han Yutong pursed her lips and smiled coyly. "No, there's something different. You look more handsome!"

Tang Hao could not help but laugh.

After advancing to the State of Foundation Establishment, something inside him had indeed changed, but his appearance had not. She was the one who was getting better at flattery!

"Really! You're so handsome!"

She giggled, leaned over, and kissed Tang Hao on the cheek.

"Hey!" Tang Hao was surprised.

“Don’t mind me kissing you!”

She smiled charmingly, and a hint of cunning flashed in her beautiful eyes.

“Enough messing around. Let’s go!” Tang Hao laughed and said.

“This way please, Chairman Tang!” She quickly walked over, opened the backseat door, and invited Tang Hao to get in.

She started the car and drove away. “Chairman Tang, why were you at Sky Mountain?”

“There was a small problem!” Tang Hao replied.

“Oh!” She nodded and did not ask further.

Chairman Tang’s small problem must be related to those people with weird abilities. She did not really understand, so it was better not to ask.

The car drove into Tang Hao’s residential area and stopped in front of the apartment.

“It’s so late. You should go home and rest!” Tang Hao looked at his watch and said.

Then, he opened the car door and got out.

At that moment, she got out of the car and hugged Tang Hao.

"I'm not going home. I'll stay here tonight, OK?" She murmured with a pleading tone.

"Well..." Tang Hao was hesitant.

"I'll be a good girl!"

"Really?"

"Of course! I'll behave!" She said seriously.

Tang Hao nodded helplessly. "Alright, stay here for tonight then!"

"Yay!"

She cheered excitedly. "You're so nice, Chairman Tang!"

Then, she grabbed Tang Hao's hand and went upstairs eagerly.

"Sigh! Your house is so messy!"

She immediately started cleaning up the place after entering the apartment. After being busy for a while, she cleaned up the entire house while Tang Hao went to take a shower.

"Do you have a bigger shirt, Chairman Tang? I'm going to take a shower!" She asked Tang Hao after cleaning up.

Tang Hao brought her a shirt.

About ten minutes later, she came out from the bathroom wearing only the shirt.

“It’s already one o’clock, Chairman Tang. Aren’t you going to sleep?” She looked at the clock on the wall and said.

“Ahem! I’m sleeping soon!” Tang Hao coughed lightly and said.

“Then... you should rest soon. I’m going to sleep now!” As she said that, she walked over and gently kissed Tang Hao on the cheek. After saying goodnight again, she walked into her room.

Tang Hao sat in the living room, browsed his phone for a while, and entered his room.

He was planning to craft some jade talismans, but soon, he heard soft footsteps coming from the corridor outside.

Tang Hao was stunned and quickly lay down on the bed.

The door opened, and a figure slipped in.

Tang Hao said helplessly, “Didn’t you say that you would behave?”

“Did I say that?” She smiled and said, “Chairman Tang, don’t you know that you shouldn’t trust a woman so easily?”

“Besides, I haven’t done anything!” She said coyly.

Tang Hao was helpless.

Not long after, she hugged him and fell into a deep sleep.

Tang Hao turned over and looked at her calm sleeping face. He smiled and covered her with the blanket.

Then, he closed his eyes and fell into a deep sleep.

The next morning, it was seven o’clock when he woke up.

She was almost sprawled over Tang Hao. When Tang Hao flipped to his side, she seemed to sense it. Her eyelashes fluttered, and she slowly woke up.

She rubbed her eyes groggily.

“Good morning!”

She smiled at Tang Hao.

After a while, they got out of bed.

Tang Hao washed up and went to make breakfast.

“Mm! It’s so delicious! As expected of Chairman Tang!” After eating breakfast, she said contentedly and rubbed her belly.

She saw that Tang Hao was packing his textbooks. Her eyes lit up, and she said, “Are you going to class, Chairman Tang?”

“Yes!” Tang Hao said.

“I’ll send you there, OK?” She said.

“There’s no need for that!” Tang Hao said.

“I insist! It’s settled then!” She laughed cheerfully, pulled Tang Hao up, and went out of the door.
