

The Mightiest Little Peasant Chapter 925

Hiss!

The people gasped collectively.

Many people had already witnessed the kid's ferocity, but they could not help but be shocked.

Ximen Yidao was one of the three great prodigies of Broken Sword Mountain! He had improved a lot since their last encounter, but he was slapped to death anyway.

The scene was too shocking.

Those who had never seen it before were dumbfounded.

How was Ximen Yidao killed just like that?

They thought that they were dreaming.

When they turned to look at the villain again, they felt a chill run down their spines.

'Damn! No wonder they call him a supervillain!'

The prodigies who had looked down on him earlier turned solemn.

"Damn, that kid seems to have grown stronger!"

“He must have fused with the Rainbringer divine bone more thoroughly. That’s why he’s much stronger.”

Everyone discussed in low voices.

Hearing that, Tang Hao was slightly shocked.

‘They know about Rainbringer’s divine bone?’

He calmed down very quickly. Even if they knew about the divine bone, they still did not know his identity anyway. However, for the sake of caution, he had to keep a low profile.

“You’re quite powerful indeed, you villain. I, Nangong Lie, shall be your opponent!:

Another young man strode out and shouted.

The qi aura around him intensified, and his black hair danced wildly. His eyes shone with golden light like two miniature suns. It was an awe-inspiring sight.

“Nangong Lie has stood out. He should stand a chance!”

“It’s hard to say! Although his Great Sun Sword-Eye is powerful, it might not be a match for that bone. That bone is too freakish! Moreover, this is the Void Realm. He could not bring his sword here.”

Hearing that, everyone sighed, feeling extremely depressed.

Not only did the Void Realm suppress cultivation, but the prodigies could not bring their weapons which they relied on. Without their weapons, their battle prowess would be greatly reduced.

That brat would have been blasted into smithereens long ago if they could bring their weapons.

While everyone discussed, Nangong Lie let out a low shout, and a shocking divine light burst out from his eyes. Streaks of golden sword qi surged out and condensed into a huge golden sword.

The aura exuded strong positive qi.

“Not bad!”

Tang Hao muttered. He seemed slightly solemn. In the next moment, his body trembled, and his qi aura expanded. His pupils shrank and looked like those of a wild beast.

He stomped his foot, which caused the earth to shake.

Crack! Crack!

Cracks rippled and spread out like a spider web, sending sand and pebbles flying in all directions.

He shot out like a bullet and sent a punch at the golden sword.

Bang! The two rays of golden light collided, emitting a dazzling burst that blinded everyone.

Ripples of qi exploded from the point of collision.

Everyone cried out in surprise and covered their eyes.

“It’s a standoff!”

In the epicenter of the collision, the man attacked the sword head-on. As they collided, dazzling light burst out.

“This is a good opportunity! Go go go!”

The Broken Sword Mountain sect leader was overjoyed. He shouted repeatedly.

Now that the kid was caught in a standoff, they could take the opportunity to kill him and snatch his shard.

The group of prodigies hesitated for a moment before rushing forward.

If it were any other time, they would not gang up on one person because of their status as prodigies. However, the situation was different now. They need not care about honor or morality when dealing with a supervillain.

“Kill him!”

They roared as they activated their eye techniques and summoned their qi swords.

“Hmph!” Tang Hao grunted.

Tang Hao roared and punched out again, sending the golden sword backward. Nangong Lie's body trembled, took a step back, and spat out a mouthful of blood.

"Get lost!"

With another roar, Tang Hao threw another punch, and the golden sword exploded with a bang.

Tang Hao rushed forward and tore apart the qi swords as if they were dried twigs.

"Ahh!" "Ahh!" "Ahh!"

Accompanied by screams, the prodigies who rushed forward were all killed, and blood splattered in all directions.

"You... go to hell too!"

He charged right up to Nangong Lie and slapped him.

Nangong Lie was temporarily stunned by the terrifying display of qi.

"I could've killed you if not that we're in the Void Realm!" Nangong Lie roared resentfully.

"Dammit, do you think that you're the only one with powerful Artifacts?" Tang Hao cursed.

Even though the best Artifacts that Tang Hao had were a set of jade swords that he crafted himself, he had to intimidate those people anyway.

Tang Hao struck Nangong Lie's chest, which caused him to vomit blood and fly backward.

Tang Hao rushed forward and punched again. Nangong Lie exploded into bits.

The Broken Sword Mountain prodigy group was completely annihilated!

The surroundings fell into a deathly silence.

Not a single person made a sound.

Everyone from Broken Sword Mountain was dumbstruck.

"Dead... dead... they're all dead!"

After a long time, they finally came to their senses.

The sect leader's face twitched and turned ashen.

Broken Sword Mountain was filled with prodigies and elites, but they could not do anything to a random kid!

His entire body was trembling, and he was so angry that he was about to go crazy.

Broken Sword Mountain had never lost face like this before!

"Kill! Kill him!"

He threw his head back and roared angrily. He was almost losing his mind.

“Kill him!”

The elders' eyes were also bloodshot. They shouted in unison and rushed forward.

“Hmph! All of you have a death wish!”

Tang Hao rushed forward and began a new round of slaughter.

The other forces did not move. They were waiting for that kid to kill off everyone from Broken Sword Mountain. If the kid got tired, their chances of killing him would be much greater.

“Just you wait, Nameless Qin!” The Broken Sword Mountain sect leader roared before he got slapped to death again.

The other sect leaders felt a chill in their hearts when they saw that.

“Who's next?”

After slaughtering everyone from Broken Sword Mountain, Tang Hao stood there and looked all around him. His entire body was covered in blood.

“Don't be arrogant, kid. I, Shentu Meng, am here to fight you!”

With a loud roar, a well-built man jumped out. His muscles were like coiled dragons, and his skin was like steel and emitted a faint golden light.

“I am Shentu Meng from Treasure Trove Mountain!”

He cupped his fists and shouted.

Following that, he patted his chest and said, “You have a Rainbringer bone, and I have a divine ape bone. Let’s see who is stronger!”

“That’s Shentu Meng, the number one prodigy from Treasure Trove Mountain! He’s also a monster!”

“Shentu Meng had a fortuitous encounter when he was young. He obtained a divine ape bone and miraculously fused with it. He’s also a human-shaped beast!” Everyone exclaimed.

“Let’s have a good fight today, kid!”

Shentu Meng laughed out loud. His body trembled and expanded. His height immediately increased by a foot, and he became as burly as a gorilla.
