

## **MIGHTY SK 1001**

### **Chapter 1001**

Wang Fan's right leg raised a series of hissing wind in the air, and in an instant, he threw it on Xiong Zhan's chest like a whip.

Boom.

Zimao and his party only heard a terrible loud noise. While their eardrums were trembling, they were shocked to find that Xiong Zhan was stepped back.

Step on, step on.

Xiong Zhan retreated four or five steps in a row, and each step was heavy. He stepped on four or five startling footprints on the ground.

"How can it be? How can he beat back the bear fight boss? It's impossible!" Zimao and others screamed in their hearts. They couldn't believe it, but they had to believe it.

Lu Xiaoai is heavily relieved, previously looked at the tank rushed to Wang Fan's bear battle, and then looked at the two people that do not match the body gap, she is really heart to the throat.

Fortunately, Wang Fan blocked the bear battle and was not torn up by bear battle.

After Xiong Zhan stabilized his figure, he licked his lips, and his eyes became surprised. It seemed that he never thought that Wang Fan had such terrible explosive power.

But soon, the surprise in his eyes had disappeared, replaced by the crazy fighting spirit, "yes, you are very good, no wonder you dare to be so arrogant at a young age. You really have some skills."

"But if you only have this ability, I'm afraid it's hard to change the ending today. You will be the night of my bear fight tonight."

When Xiong Zhan was talking, he licked his lips. He was bloodthirsty and ferocious. Lu Xiaoai's whole body was filled with a series of goose bumps and nausea.

Wang Fan sneered, "you talk a lot of nonsense, but I also want to tell you that if you only have such a little strength, today I'm afraid you will become the ghost of my men."

"Don't worry, I will throw you into the cesspit after I kill you, so that you don't have to worry about starvation after you die."

Wang Fan was also shocked.

Although he had previously controlled his strength in the same position as bear, he was surprised by the performance of bear.

In Wang Fan want to come, that foot, although not as useless bear battle, but at least let him get some injury or no problem.

But as a result, bear battle only retreated a few steps.

This person's horizontal training Kung Fu is really terrible, at least the physical body has been strong to a certain extent.

Xiong Zhan didn't get angry this time, but with a cold smile, he rushed to Wang Fan again.

Like a tank, he rushed forward. When he was close to Wang Fan, he swung his right fist and blasted it out with a force of 1000 Jin.

Wang Fan didn't take the fierce and unparalleled punch of bear fight, but ran away.

Boom!

Xiong Zhan's fist blew on the wall behind Wang Fan. With a crash, a hole was blown directly out of the wall, and the bricks began to fall.

Wang Fan's eyelids couldn't help jumping, and he was even more shocked.

What shocked him was not the intensity of bear fight, but the guy's fists, including his arms, didn't even scratch.

You know, he didn't protect his arm and fist with congenital vigorous Qi just now.

Zimao and his party also opened their mouths and were shocked.

It's too intuitive and shocking to bomb the wall with one blow.

"What a hard fist." Wang Fan snorted subconsciously, quickly flashed to the side, and then kicked Xiong Zhan's waist.

This foot, Wang Fan showed a little bit more strength than before.

However, Xiong Zhan is still not injured. He just shakes slightly and stands firm again.

"So perverted?" Wang Fan was moved at last. This bear fight is definitely one of the fighters.

"Your strength is not enough to tickle me. Go to hell." Xiong Zhan roared and rushed to Wang Fan again.

As soon as Wang Fan's eyelids jump, he hides again.

Click.

The iron railing of the stairs was blown to pieces.

"Great, great." Wang fan reaches out his thumb to praise him, then grabs a smashed iron pipe and smashes it on Xiong Zhan's head.

Boom!

Click!

The steel pipe is bent and broken, but the bear has nothing to do with his head.

In this scene, let alone Zimao and his party, they are all stupid. Even Lu Xiaoai's mother and daughter and the tenants are all stupid.

This NIMA is invulnerable. How can Wang Fan fight?

Wang Fan was also really shocked.

That's him. His head is not as hard as this bear fight!

"Son of a bitch, aren't you very arrogant? Aren't you very cow? Why, you know how to hide? I have a fight with Lao Tzu. "

He didn't hit Wang Fan twice in a row, so Xiong Zhan was a little annoyed.

He is powerful and not slow. According to the normal situation, he is more than enough to clean up Wang Fan. But he did not expect that Wang fan should be so slippery, often able to avoid his attack at a critical time. Although Wang Fan's strength can't hurt him at all, if he can't beat Wang Fan, he can't hurt Wang Fan either.

"A real fight? You are ridiculous! Your advantage is strength and my advantage is speed. If you use strength and I use speed, why is it not a real fist or a real foot? "

Wang Fan sneered, "you can fight all the time, and I can hide all the time. Let's see who runs out of strength first, and who will be the winner in the end. "

Xiong Zhan almost vomited blood. He didn't have the slightest way to deal with such a shameless son of a bitch.

With anger, he began to chase Wang Fan all over the yard. He started to fight, and the momentum was strong.

For a moment, the whole courtyard was made to fly.

Wang Fan picked up countless sticks and steel pipes, smashed them on Xiong Zhan's head, and kicked them several times, but the other side didn't respond.

"Ah, ah, ah." Xiong Zhanqi roared wildly. At a certain moment, instead of pursuing Wang Fan, he looked at Lu Xiaoai on the second floor, "son of a bitch, can you hide? Then I'll move that woman first and see what you do. "

With that, he raised his foot and rushed to the second floor.

Lu Xiaoai's face turned pale.

Wang Fan's face also changed greatly, "you can't be so shameless!"

"Ha ha." Xiong Zhan laughs. He laughs very much. "I'm just so shameless."

Then he walked to the second floor without looking back.

Wang fan is very angry. He rushes over and kicks on Xiong Zhan's back!

Xiong Zhan's back to Wang Fan's eyes twinkled with extreme ferocity and a cold smile. Almost at the moment when Wang Fan stepped on his back, he suddenly turned around, his right arm suddenly surrounded Wang Fan's right leg, and then left fist bombarded him madly.

Bang.

With a loud noise, Wang Fan vomited blood and fell.

After landing, Wang Fan didn't pause for a moment. He stood up and ran to the outside without looking back. "Son of a bitch, you wait for me, don't kill you, swear not to be human!"

"Run? Did you run away? " How can bear fight let Wang Fan escape? He hardly hesitated and ran after the injured Wang Fan.

Although his task is to catch Lu Xiaoai's mother, his ultimate goal is to clean up Wang Fan.

Even if Wang fan is not injured, how can he let Wang Fan escape?

"No, no!" On the second floor, Lu Xiaoai looked at the scene and couldn't help crying and ran down to the first floor.

Wang Fan came for her and her mother. She would never allow Wang Fan to have anything to do.

Even if she can't help, even if she knows that she can catch up with her, she can't change anything. Even if she can catch up with herself, she will never look back.

"Al." Lu Xiaoi's mother couldn't help but stop her daughter, but she couldn't stop her at all.

No one found that Wang Fan, who had vomited blood in front of him, had a sneer in his eyes.

It's almost the same as the play. He's already made a false impression that he's no match for Xiong Zhan. Now, it's time to lead Xiong Zhan out and kill him.

After all, there are many people in the yard, and they live in ordinary people. He doesn't want to kill people in front of them.

A moment, ran to a remote location, Wang fan stopped.

Xiong Zhan subconsciously pauses, carefully perceives it, and finds no ambush. He is relieved.

"Boy, can't you run? Why don't you run? I'll run another one for you?" Xiong Zhan points at Wang Fan with a ferocious look.

Wang Fan sneered, "you look too high on yourself. To deal with grasshoppers like you, Wang Fan still needs to run away?"

"I've killed more than one person who was born to be the best. You're just born in the middle. What a fart?"

"If it's not for fear of Li Tianying, Zhu LAN knows that I'm in Chuncheng, if it's not for wanting to expose my identity too early. Do you think you have a chance to show off in front of me? "

Xiong Zhan listened to these words, first a Leng, then his face changed greatly.

He trembled and pointed to Wang Fan, "Wang Fan, are you wang fan? The one who killed Tianjiao, ouyan Changhong and ouyan family? "

"Congratulations, you're right. I didn't expect you to have some insight." Wang Fan came over to bear battle.

Xiong Zhan's face changed greatly. Without any hesitation, he turned and ran away.

The shadow of the tree of human life, because of the relationship between Daowu clan and guwu clan, and his status in Daowu clan is not low, Wang Fan's reputation is too strong for him.

He can't run.

If the person in front of him is really Wang Fan, let alone Xiong Zhan, I'm afraid he is the first master of Daowu sect. He won't be an opponent.

If the person in front of him is really Wang Fan, it is very likely that Wang Fan will not be empty talk if he wants to destroy Daowu gate.

They have the strength.

Run, you have to run.

It's better to believe what it has than to believe what it doesn't have.

Whether the person in front of him is Wang fan or not, Xiong Zhan takes him as Wang Fan. He didn't dare to gamble, because if this man was really the legendary Wang Fan, he would have to die.

"Run? Did you run away?" Wang Fan, with a cruel smile, returns Xiong Zhan's previous lines, then turns into a shadow and chases the past.

The position of the hunter's prey changes instantly.

## **Chapter 1002**

Whoosh.

Wang Fan just a moment, caught up with Xiong Zhan, right leg set off a wind, directly vicious point out.

Outside is the main street, people come and go, Wang fan is impossible to let Xiong Zhan run outside.

"You Xiong Zhan felt this scene and set off a storm in his heart.

This speed is really abnormal.

He has a kind of feeling of panic, at the same time, he is more sure that this person is really Wang Fan.

Boom!

With a sound, Wang Fan's toes focused on the bear's back.

Xiong Zhan spewed out a stream of blood, and the whole person fell forward and flew out without accident.

His eyes cracked and his face went crazy.

The strength Wang Fan showed at this time is not equal to him at all.

"Wang Fan? We have no injustice and no enmity. We are only acting according to orders. Do you really want to kill everything Xiong Zhan got up and yelled at Wang FanJie.

"No injustice, no hatred? "Kill them all?" Wang Fan sneered, "why didn't you say that when you came out after me just now? You can't tell me, you chase me out, just want to run faster than me. "

Xiong Zhanqi's face turned red and speechless for a long time.

After a while, he choked out, "son of a bitch, you forced me. I'll fight with you!"

"Ouch!"

At the same time of speaking, he roared, accompanied by a bang bang bang sound, that is the burly physique, even once again inflated up.

His clothes were also torn, revealing the grasshopper like muscles of his whole body. They looked like pieces of steel.

At this moment, he seems to have turned into a little giant. Standing there gives people a kind of invisible pressure, and his strength is more than a promotion.

Wang Fan looked at this scene, can not help but open his mouth, "ah, what is this means, you are old and big, but also with a long son?"

Xiong Zhan almost vomited blood when he heard this.

Nima, I'm crazy, OK?

Crazy, crazy, crazy!

He really wants to roar three times to popularize science for Wang Fan.

But soon, the anger in his eyes disappeared, replaced by endless ferocious and bloodthirsty, as if completely lost his mind.

This secret skill was learned by Xiong Zhan in his early years with an expert. Every time he used it, he would be weak for three or five months, and the sequelae was terrible.

Since his debut, he has only done it twice, and now it's only the third time.

Whoosh.

Wang Fan didn't give Xiong Zhan another chance to show his strength. His whole body suddenly surged, swept all over, and then faced up to him.

Boom, boom, a series of loud noises, two people collide in an instant, one by one, the Qi ripple raging, crushing everything around.

Although xiongzhan is powerful, even after it becomes crazy, it has already reached its innate peak level.

But in front of Wang Fan, he is still not enough to see.

Wang fan is able to kill Tianjiao of nuquan and destroy the powerful ouyan family by one person. What is this bear fight now?

In the face of absolute strength, any crooked Mao heresy is useless.

Just a few times, his bones had been broken by Wang Fan, and he fell out with blood.

Blood all over.

Their physique is out of proportion, their momentum is out of proportion, but the result is totally opposite.

Looking at this scene, Lu Xiaoi was relieved and shocked again.

She looked at the scene with a dull face, unable to recover for a long time.

At the moment, Wang Fan's figure has been firmly printed in her mind, indelible.

"You, you." In the huge pain and severe injury, Xiong Zhan's eyes are also restored to a brief Qingming.

He looked at Wang Fan, who was not too tall. He was cold all over.

It doesn't mean that he has no memory.

Crazy after he, in front of Wang Fan, is so vulnerable, at this time he has no cards.

"You what you, this strength, also in vain to challenge me, in vain to fight with me, beyond measure!"

"You can die!"

Wang Fan raised his head and hummed coldly. Then he stepped forward and stepped on Xiong Zhan's head.

Bang.

With a loud noise, Xiong Zhan didn't even say a word, but his head had already exploded and he was killed completely.

Wang Fan kicked his body to a garbage dump, then set a fire and took Xiao Ai back to the courtyard.

Courtyard.

When Zimao and his party saw Wang Fan coming back with Ai, they all seemed to see a ghost, but their brains couldn't turn.

"You, how can you be alive? How about brother Zhan?" One of them, Huang Mao, asked Wang Fan.

In his opinion, if Xiong Zhan goes after Wang Fan, Wang Fan will die. How come now, instead, Wang Fan has come back, but Xiong Zhan has not?

"Brother Zhan? Fight your sister! He's been sent down to hell by me! Eh, I said, why haven't you left yet? If you want to go down and accompany brother Zhan, I don't mind giving you a ride."

Wang Fan very impolite stepped forward to kick that yellow hair one foot, sneer of say.

Huang Mao stumbled and nearly peed.

"Go, go, we'll go in a minute." He didn't dare to talk nonsense any more. He got up with his companion and left here with purple hair.

No matter what Wang Fan said is true or not, they dare not provoke Wang Fan.

Nima, people are not afraid of bear fighting. How can they fight against it? What's more, now that Wang Fan comes back, Xiong Zhan doesn't come back. It's very likely that what Wang Fan said is true.

They could not help shivering at the thought.

"Clean up. Let's get out of here. It's not safe." Huang Mao and his party scrambled and ran, Wang Fanchong landed, and Xiao Ai's mother and daughter said.

"Good." Lu Xiaoi nodded and soon picked up things with his mother.

Although she didn't want to involve Wang Fan, she had to rely on Wang Fan now. Without Wang Fan, their mother and daughter would be killed sooner or later.

That night, Wang Fan took Xiaoi's mother back to Chuncheng and found a hotel to stay.

At the same time, Xue Fu and Xue Hongtian stayed up all night.

It's incredible that Xiong Zhan lost contact!

### **Chapter 1003**

Xue Hongtian knows Xiong Zhan's temperament very well.

According to the normal situation, Xiong Zhan should have arrived at Lu Xiaoai's home, captured Lu Xiaoai's mother and was on the way back to Chuncheng.

But in fact, Xiong Zhan has lost contact and can't get in touch at all.

Even though Xue hongtianli realized that something must have happened to Xiong Zhan, most of them had already suffered an accident.

His heart set off a storm, is it difficult, the guy who beat his nephew Xue renliu, is really a dragon across the river?

"Send someone to Chuncheng immediately to see what happened and why Xiong Zhan lost contact. Let me know as soon as you have any news. "

Xue Hongtian did not dare to neglect and immediately gave the order.

At the same time, he arranged a good hand, the whole house was completely closed, and also used a UAV, 360 degrees no dead angle started 24-hour monitoring.

If Xiong Zhan really died in Wang Fan's hands, Xue Hongtian had to defend him. He was afraid that Wang Fan would kill him.

Xue Hongtian's subordinates got the order. Without any hesitation, he rushed to Pigu County immediately.

Less than an hour later, the news came back that Xiong Zhan had indeed been to Lu Xiaoai's mother's house, but he met Wang Fan.

After he left the courtyard, he never came back. Instead, Wang fan not only returned intact, but also took Lu Xiaoai's mother and daughter.

Xue Hongtian's subordinates also explored the surrounding areas, and found a pool of blood, as well as a pile of burnt garbage.

Not only that, his subordinates also sent back a video of Wang Fan fighting with Xiong Zhan in the courtyard.

But Wang Fan's appearance is very fuzzy, not only his face is not clear, even his clothes are not clear, as if Wang Fan was covered with a layer of fog.

When Xue Hongtian heard the report from his subordinates, he looked at the video again. His hands and feet were cold.

He's made sure the bear is dead.

Even if the video shows that Wang Fan's strength is not enough to compete with Xiong Zhan, Xue Hongtian can't figure out how Wang Fan killed Xiong Zhan.

But in the end, the bear died and Wang Fan was still alive.

The king is defeated by the enemy.

Wang Fan has attracted enough attention from Xue Hongtian.

This river crossing dragon, some powerful beyond his imagination.

If there is any regret medicine in the world, he will definitely endure Xue renliu's anger of being beaten in the face, and will not provoke Wang Fan, the Dragon crossing the river.

But the problem is, there is no regret medicine in the world.

Xue Hongtian did not send people all over the world to look for Wang Fan, and did not order revenge. Instead, he hesitated and called Li Tianying.

Even if Xiong Zhan is placed in Daowu gate, he is also a great general. Li Tianying will definitely intervene in his death.

He needs to report this.

Li Fu, located in the Spring City mountain. The whole mountain was almost occupied by Li Tianying.

Up and down the mountain, including the inside of the manor, are full of people, cameras, and advanced laser infrared equipment, which can be described as an iron bucket.

This place, is really not even a mosquito can fly in. Even if you get lucky to fly in, you can't avoid many mechanisms.

At this time, Li Fu, one of the huge rooms, was brightly lit, singing and dancing with laughter.

Although it is a room, it is the size of a small bar.

There is a big stage in the middle. On the stage, a group of sexy girls in their twenties are twisting their waist and dancing.

There are three people sitting on the sofa not far from the stage. They enjoy dancing and talking and drinking.

Behind them, there are two beauties, beating their shoulders and kneading their backs.

Two of them are Li Tianying and his son.

After a long time's absence, Li Tianying was still full of the hero's demeanor. He was high above, not angry, and could not see the decadence and reluctance of being expelled from Beijing by Wang Fan.

Li taikai was as sharp as he could be, as if he had changed his personality. He was no longer as powerful as he used to be. He was more like an ordinary and polite son of a noble family.

In the middle of Li Tianying and Li taikai's father and son, there was a young man about thirty years old.

Young people dressed in white, sword eyebrows stars, is very handsome, elegant demeanor can kill thousands of beautiful girls.

His smile is kind and gentle, his tone is gentle and polite, which makes people feel very kind and friendly.

However, his fierce eyes, pride and the respectful company of Li Tianying and his son showed that he was not simple.

The young man was named Dong Qinghu. He was proud for the first time. He came out of the mountain this time for the remains of an expert.

I don't know who has heard that there are ancient relics on the barren mountains south of Chuncheng, and some people have got a lot of treasures.

Dong Qinghu also got the news and came in a hurry.

However, he has been to the barren mountain countless times in recent days, but he has got nothing at all. Because of this, he gave up the pursuit of Wang Fan and rushed to Chuncheng.

But after entering the barren mountain, Zhu LAN didn't come out. She didn't know whether she had got the adventure or had died in the barren mountain.

As a matter of fact, not only Zhu LAN, but also many of the ancient warriors who came here disappeared in the barren mountains.

Countless capable people have made investigations, but nothing has been found.

It is a miracle that Dong Qinghu can enter the barren mountain several times and return safely.

When Li Tianying and his son accompany Dong Qinghu to drink, Li Tianying's phone rings suddenly.

He gave Dong Qinghu a sorry look, and then connected the phone, a moment later, he scolded a waste, and then hung up.

"I don't know what happened to make the leader so angry?" Dong Qinghu looked at Li Tianying's ugly face and asked with a smile.

"It's no big deal. It's just that a subordinate didn't discipline his nephew and offended a dragon crossing the river."

"He was beaten in the face by others, but the person he sent out was even overturned. There was even an expert who was close to the middle of his innate strength and died in the hands of the other side."

Li Tianying smiles awkwardly and says lightly.

Although his voice is understated, his heart has emerged with anger and shock.

Xiong Zhan is an expert whose strength is close to the middle of congenital. He was killed by his opponent. Is that too powerful? Even Li Tianying had to pay attention to it.

In his opinion, most of the people who beat Xue in the face were ancient warriors of which school.

Although the news of ancient relics in Chuncheng did not spread greatly, it still attracted some ancient martial arts experts.

It's just that those ancient martial arts masters are very low-key and don't mess around in the secular world. Ordinary people, even Xue Hongtian, don't know these things.

Li Tianying didn't think of Wang Fan at all.

If at another time, he might really doubt Wang Fan.

But now, let's not say that there are many ancient warriors going to Chuncheng, and there are many experts. Let's say that elder Zhu LAN is in Chuncheng, and I'm afraid Wang fan doesn't dare to come?

Although elder Zhu LAN has disappeared, Wang fan doesn't know. How dare he come?

"Oh, that's interesting. As an ancient martial arts man, he worries about trifles with people in the secular world, and even fights and kills people in the face. I, Dong Qinghu, want to see him. "

"Mr. Li, don't worry. I've been bothering you for so many days. It's time to do something. If you find this guy, let me know and I'll fix it for you. "

Dong Qinghu disdained to smile, casually said. His words are plain, and he doesn't pay attention to Wang Fan at all.

He was arrogant on the first day as an angry fist, and he was not afraid of anyone except the ability to escape from the ordinary world.

#### **Chapter 1004**

Wang Fan was in a good mood when he slept till dawn.

His only doubt is that Xiong Zhan was killed, why Xue Hongtian didn't do anything.

According to daowumen's strength in Chuncheng, shouldn't Xue Hongtian hunt down himself all over the city?

However, Wang Fan did not think so much, he took little Ai mother and daughter to have some breakfast and left the hotel.

Originally, Wang Fan was going to take their mother and daughter to relax, but Lu Xiaoai's mother didn't want to go out. Lu Xiaoai wanted to accompany her mother, so she didn't come out with her.

Wang Fan drove around the spring city for more than an hour, inquired again, and then went to the side mountain.

He has found out that the Li family is in the edge mountain. He wants to step on the edge mountain first.

But soon Wang Fan was depressed. He found that the whole mountain was surrounded by the people of Daowu sect.

Don't mention driving. Even if he doesn't drive, it's not easy for him to break in without anyone's knowing it.

Not only that, after parking the car, Wang Fan tried to enter it several times, but failed.

He sighed to himself that Li Tianying was really rich. If he wanted to kill him, he would have to find a way to cheat him out of the mountain, otherwise it would be very difficult to succeed.

"Who are you? What are you hanging around here? If you have nothing to do, get out of here. This is not your place."

Several elite Li family members who are guarding the edge of the mountain see that Wang Fan appears

many times and wanders around the edge of the mountain. They immediately show dissatisfaction. One of them even cheers at Wang Fan.

"I'm sorry, elder brother. I heard that people living in the mountains here have a lot of money. They want to find a job here. I don't know if they have a chance."

Wang Fan quickly laughed and pointed to the faintly visible villa above, "look at that villa, it's so heroic. If I can work in it, if I can make a daughter in it, then"

Wang Fan's face is intoxicated with longing.

But before he was drunk, the elite glared, "get out of here!"

He laughs in his heart. Just like you, you still want to work in it, and you also want to soak the daughter. Dream about it.

If it wasn't for Wang Fan's ordinary clothes, and he didn't look like he was coming to find fault, he would have slapped Wang Fan, where would he talk nonsense with him.

Wang Fan a face is afraid, repeatedly nod, "good, good, I this roll, I this roll."

With that, he slithered into the car and left quickly.

In the car, Wang Fan has put away the smile and his heart is dignified.

It's worthy of Dao Wu gate. It's not like the people of Li Cheng Jiujiang club.

Let's not talk about the quality of the Li family's guards. It's not easy to break in just for this defense.

And Wang fan can see that those elite people at the foot of the mountain are all armed with guns.

Just a guard in the most peripheral, in the hands of guns, we can see how powerful this Li Fu firepower.

"It seems that if I want to kill Li Tianying, I have to think about it in the long run. If he doesn't leave this Li mansion, I have no chance at all."

Wang Fan had a bitter smile in his heart.

Sobbing.

In his mind hundred turn of the moment, in front of suddenly came a Hummer, Hummer speed is not very fast, relatively normal.

Wang Fan took a look, ignored, and put the car close to the right side. The road is quite wide. There is no

problem to stagger two cars.

Although Wang Fan knew that the other party was mostly from the Li family, he would be able to enter the Li family manor with this car.

But he didn't plan to do that. He just came here today to explore the situation. He didn't really think about breaking in, exposing his identity, or frightening others.

The two cars soon went parallel, but at this moment, Wang Fan's face suddenly changed.

The Hummer, which used to drive in a straight line, suddenly turned a corner and ran into Wang Fan's car.

Boom.

With a loud noise, Wang Fan's car stalled instantly.

Wang Fan was angry. This NIMA, the car is rented. It costs a lot of money to be hit like this.

As soon as he thought of it, he was stupid again.

Boom, boom.

After the Hummer hit, not only did it not stop, but it hit three times again.

Although these three times are not very violent, Wang fan is still aware that something is wrong.

"Help, help." A voice suddenly came, followed by a sweet girl, suddenly jumped out of the car, toward Wang Fan side rushed over.

"Damn it, bitch, how dare you run?" A cursing voice came out, and then a fierce man jumped down from the driver's seat and caught up with him.

The fierce man is very big. He is no inferior to Xiong Zhan. His eyes are full of shadows, which makes people feel terrible.

Wang Fan looked at this scene, can't help but Leng for a while, some brain can't turn.

Nima, kidnap?

At this time, the woman had rushed to the front of Wang Fan's car, slapping the door hard and shouting, "help, help." Wang Fan looked at the girl and quickly locked the door, "elder sister, I'm just a passer-by. I can't save you!"

Wang fan doesn't want to be fussy. After all, who knows who the girl is and who the man is?

Pop!

Just as Wang Fan was talking, the fierce man slapped the woman in the face and pulled her hair up. He also scolded.

"Bitch, don't be shameless. Li Shao is lucky to see you. If you dare to resist, I will kill your family."

"But I don't like him. I don't like him. Let me go!" The girl began to struggle madly, but she couldn't get away at all.

Li Shao?

Li taikai?

Wang Fan's eyes lit up as he listened to the long lost appellation.

Can he start with Li taikai and deal with Li Tianying? This is a good way.

"Help, help." The girl is still shouting, but she can't help but look at Wang Fan.

Feeling this scene, the fierce man slapped the girl again, and then yelled at Wang Fan, "what are you looking at? How far are you going to get away from me? Don't meddle in your own business, or I'll kill you!"

Both voice and color are fierce!

Wang Fan got angry, kicked the door open and got out of the car. He yelled at the fierce man, "who the hell are you? You broke my car and lost money!"

There is no doubt that the tone is domineering.

The fierce man is a little confused, and his brain doesn't react.

Losing money?

Is he listening wrong, or is it funny?

In this spring city, who dares to ask him to lose money?

He couldn't help but let go of the girl and came to Wang Fan. At the same time, he pointed to Wang Fan's nose, "what do you say? You want me to lose money? Do you have the guts to say it again? "

Said, bang, a kick in Wang Fan's car, the car concave down a large area.

"Your grandfather's!" In a rage, Wang Fan picked up a stone and rushed to the Humvee. He began to smash it.

A series of sounds, not long after, the Humvee has been smashed and broken, most of them can't even start.

When Wang Fan finished all this, he threw the stone and looked at the man angrily, "what's the matter with me again? Can't you understand me when you lose money? I'm driving well. You fucked my car. Shouldn't you lose money? "

He hummed and looked up at the sky with his eyes and nose. "You're playing with me, aren't you? What are you? If you have the guts to kick my car again, I'll see if I don't smash your Hummer. Let's see who cares. "

The girl looked at the scene, stunned.

Chita was furious.

Son of a bitch, if you dare to provoke him like this, you are looking for death.

"I'll kill you!" He roared and rushed to Wang Fan.

## **Chapter 1005**

"Kill me?"

Wang Fan was also angry, "son of a bitch, son of a bitch, do you think it's great to grow strong? Do you think you can bully people if you are strong? Crash my car not to lose money, but also kill me, you really treat me as a bully

Wang Fan said, with anger, raised his foot and kicked it hard.

However, although his appearance looks fierce, but whether it's foot speed, or the momentum, it gives people the feeling is very common, a look has not practiced.

In his eyes, Chita raised a touch of disdain. He didn't even bother to hide, so he directly swung his fist to smash Wang Fan's head.

Tiger makes wind.

He can beat 30 shrimps without training.

But the next second, Chita's face changed.

His fist hasn't hit Wang Fan's head yet. With a bang, Wang Fan's toes have been severely under him.

Oh.

A stabbing pain came, and Chita couldn't help it any more. He opened his mouth and howled like a pig.

It hurts. It hurts.

I'm sweating.

At the same time, Wang Fan was also shocked and stepped back several steps, almost fell to the ground.

After stabilizing his figure, Wang Fan jumped up. He grabbed a handful of soil on the ground with his left hand and a stone with his right hand. Then he rushed to the red pagoda fiercely.

"Son of a bitch, let you bully me, let you bully me." As he roared, he took a stone and smashed it at the red pagoda.

Chita was shocked and quickly waved his arm to resist.

But at this time, Wang Fan's right hand suddenly closed, his left hand raised, and directly threw the soil on the eyes of Chita.

With a slap, Chita felt that her eyes could not be opened, full of tears.

Subconsciously, he took his arm back and tried to wipe his eyes.

At this moment, Wang Fan has already grasped the stone and slapped it on his head.

Pop.

There was a loud noise, and Chita's head was broken.

"Son of a bitch, son of a bitch, dare to touch my Chita, you are dead, you are dead. I will kill you. I will kill you. "

Chita is going crazy. He didn't expect that a soy sauce character he happened to meet on the road would make him suffer such a big loss.

You know, he is a famous master of Daowu sect. Although he is not as good as Xiong Zhan, he is very powerful.

Especially recently, he has been appreciated by young master Li taikai, and his identity has gone up.

Where has he been so humiliated?

If Wang Fan's real sword and gun were to overturn him, he would be able to bear it.

But your sister, Wang Fan, what are the means?

The boat capsized in the ditch.

The boat capsized in the sewer!

"Oh, you dare to be tough when you die, and you dare to threaten to kill me? Look, I won't kill you! " Wang Fan was so angry that several stones fell down again. The red pagoda fell down completely and could not get up any more.

The girl next to him looked at the scene and was stunned.

Is that ok?

She had just held one in ten thousand hope for help, but unexpectedly, Wang Fan really saved her.

Wang Fan smashed for a full minute, only to Chita can no longer get up, this just stop.

He is very proud of a foot on the red tower body, disdain of hum way, "so you still want to kill me? I Pooh! After long eyes, don't be so unreasonable, not long strong, people will be afraid of you

Wang Fan said, but he also found two or three thousand yuan on the red pagoda. Then he went to his car with pride.

When did he suffer such humiliation?

After reluctantly opening his eyes, he looked at Wang Fan's back and wanted to cut him to pieces. Unfortunately, he just thought about it, because now he can't even get up.

"Big brother, wait." When the girl saw that Wang Fan didn't even look at her, she was in a hurry.

"What's the matter?" Wang Fan glanced at the girl and seemed very unhappy.

"Can you give me a ride?" The girl didn't care about Wang Fan's unhappy face at all and said quickly.

"With you?" Wang Fan sneered and shook his head, "why should I take you? Do I know you?"

He also pointed to Chita, "I just heard that stupid guy say, what kind of woman are you? If I take you away, people will stare at me and beat me. Maybe my life will be in danger. I won't do such thankless things. "

Red tower listens to Wang Fan's words, hate meaning is a little bit less finally, at the same time also can't help some regret.

Nima Oh, people didn't think much about it at all. Why is he so cheap and provoking people? If he hadn't provoked and kicked other people's cars on purpose, he wouldn't have come to such an end.

"I can give you money." The girl quickly said, "you just take me back, I'll give you 100000."

"A hundred thousand?" Wang Fan disdained a smile, turned to go, "100000 yuan let me risk my life, you'd better find someone else!" "Two hundred thousand!" The girl quickly changed her tongue.

Wang Fan didn't look back.

"Three hundred thousand!"

Wang fan is still not loose.

The girl was furious!

She was just like a lamb in front of Chita. Suddenly she was like a different person. She picked up a stone from the ground and rushed to Wang Fan's car. Then she crashed down.

It's a good car. It's not decent that it was hit. Now after the girl smashed it, it's miserable.

Wang Fan looked at the corner of his mouth, choked and angry.

He was just afraid to arouse the suspicion of the Li family, so he planned to pinch it. When I hear that the girl is willing to pay, I want to see if I can get more money.

After all, he can't do things for free, and the girl has a famous brand all over her body, which makes her rich. In addition, people are willing to pay, Wang Fan will not be silly.

But he never thought that the girl would not increase the price and smash his car.

Wang Fan angrily pointed to the girl's nose, "you pay for my car, you pay for my car, if you can't afford it, I'll let you return the meat!"

He said, involuntarily, directly opened the door, pushed the girl in, and then entered the driver's seat, then quickly started the car to leave.

Although Wang Fan's car was smashed out of shape, it only broke the surface and did not affect the driving.

Chita looks at this scene and wants to cry without tears. Is this, this, this OK?

However, soon he was difficult to grab out the mobile phone, dial the phone, "Li Shao, not good, Lian Youyu was intercepted, I was hit!"

Li Fu, Li taikai's face was ugly for a moment.

Lian Youyu is the first woman he likes when he returns to Chuncheng. How can he be robbed?

If it wasn't for Lian Youyu who didn't give him a good face and didn't get oil and salt, he wouldn't have used this kidnapping method.

Before long, Li taikai and a group of people appeared at the place where the red pagoda was hit. He learned about the incident. After sending someone to take the red pagoda to the hospital, he followed up with a group of people.

In the car.

While driving, Wang Fan stares at Lian Youyu, "I tell you, you have to pay me 500000 yuan. If you lose 500000 yuan, you just wait for the meat to pay for it. I will sell you."

His heart is really a little angry, a good car, even smashed like this, simply can't bear it. Even if the car was not worth money, Wang Fan couldn't bear it.

Lian Youyu is a face don't care, also cold hum, "is not 500000, I give you, you now send me to Chuncheng University."

Her face is full of arrogance, but also a pair of command slave tone, "good to talk to you, you don't listen, forced me to smash the car, you are really cheap."

In the face of Wang Fan, she did not face the fear and fear of Akata at all.

Nature is revealed.

## **Chapter 1006**

Wang Fan's face suddenly some not good-looking, he did not expect his kind-hearted rescue, even saved a white eyed wolf back.

But Wang Fan didn't speak. He didn't care about this woman.

Originally, because he wanted to use this woman, Wang Fan felt guilty, but now, he doesn't feel guilty at all.

Lian Youyu sees that Wang fan doesn't speak. He hums with pride. He doesn't bother to pay attention to

it. He takes out his mobile phone and makes trouble.

Although she was kidnapped by Chita before, her mobile phone didn't drop. She just didn't dare to ask for help because of the pressure of Chita.

Now that Chita is not here, she naturally has no pressure to face Wang Fan.

More than an hour later, Wang Fan took Lian Youyu to Chuncheng University.

Along the way, the broken car attracted the attention of countless people, but Wang Fan didn't care.

"Thank you for saving me. Goodbye. We'll see you later." Wang Fan just stopped the car. Lian Youyu pushed the door open and went down. After getting off the car, he waved back to Wang Fan and said.

More than ten men and women have gathered at the gate of the University.

Those boys are all big, wearing sports clothes. At a glance, they know that they must be sports students or martial arts practitioners.

Those girls are also wearing beautiful and bright, which should be collected and exposed. They are young and beautiful, and their eyes are full of pride. At first sight, they are the princesses who are superior.

After they saw Lian Youyu, their eyes were bright and they came over one after another.

"You Yu, what's wrong with you? How can you become like this?"

"What's wrong with your face? Who did it? I'll kill him."

"How can you come back in such a broken car? It's a shame. It doesn't match your identity."

They were full of words, and their voices came out before they came near. Both manner and tone are full of pride and superiority.

"I'm fine. I just had some small accidents. Let's go back." Lian Youyu didn't tell the story of being kidnapped by Chita. Instead, he laughed and approached the school gate.

As for Wang Fan, she had long forgotten about it, and she was too lazy to pay attention to it. As for the promised 500000 yuan, it was even more like there was no such thing at all.

Wang Fan looked at this scene, and finally some can't help it.

He couldn't help jumping out of the car and pointing to Lian Youyu, he said, "beauty, have you forgotten something? What about the five hundred thousand promised to me? "

Although Wang Fan didn't pay attention to a mere 500000 yuan, it doesn't matter whether he gave it or not, but he didn't want to be teased like this.

"Half a million?" Those men and women could not help but stop and look back at Wang Fan. Their eyes first swept Wang Fan's face, then Wang Fan's clothes, and then disdain and even disgust appeared in their eyes.

He's not handsome, and he's not rich. Is he poor and crazy?

But they all saw that Lian Youyu had come down from this car. They couldn't figure out the relationship between Wang Fan and Lian Youyu, so they didn't talk much.

"Half a million?" Lian Youyu also laughed, she looked back at Wang Fan, "you can't be poor, are you crazy? Pull me here from the side mountain, you want me 500000? Ridiculous

She coldly pointed to Wang Fan, "besides, can take this beauty, that is your last life to repair the blessing, blessing you understand, also want money, will not be too elegant."

Lian Youyu said, looking at one of the girls, "Xiao Huan, lend me a thousand yuan to use first, and send this boy away."

Without much hesitation, the girl took out a thousand yuan from her bag and handed it to Lian Youyu.

After Lian Youyu took it, he also didn't count it. He threw it at Wang Fan's feet and said with pride, "a thousand dollars, already a lot. If you know what's interesting, just take it and go away. If you don't know what's interesting, just leave me alone and don't even talk about that little face. "

With a high spirit and a look of charity, where is there any pity and weakness in front of Chita?

The men and women beside Lian Youyu echoed this.

"From the side mountain to here, you want 500000. Is that blackmail? Dare to blackmail Miss Youyu, are you blind? "

"Damn, in my opinion, it's more than 1000 yuan. But since it's Miss Youyu who gave it to you, I don't say anything. Those who know how to get rid of it. If they don't know how to get rid of it, don't blame me for not having eyes. "

One of them pointed to Wang Fan's car and said, "you're a broken car. We miss Youyu don't even look at it at ordinary times. It's a blessing you can't repair in your whole life to be able to ride in your broken car today. "

"It's a good idea to ask for money. Do you believe in beeping again, I'll smash your old car?"

When people around looked at the scene, they all gathered around and said nothing.

They are all students of Chuncheng University. Naturally, they can be recognized. They are all members of the martial arts club of the University, and they are also like bullies.

Lian Youyu is the flower of the school, and it is rumored that the family is rich and has a strong background. This kind of person is not what they dare to provoke.

Wang Fan listened to Lian Youyu's arrogant words and the situation of giving, and he was also angry.

Where is the white eyed wolf? It's worse than the white eyed wolf.

Facing the fierce Chita, he is as clever as a dog. Facing the Savior himself, he shows his nature of practice.

If I had known that Lian Youyu was such a person, Wang Fan said that he would not do anything. He was blind.

Wang Fan points to Lian Youyu, "is that how you repay your benefactor? You were kidnapped. If I hadn't saved you, you would have come back here safely? "

"If you don't repay your kindness, you'll go back and admit it. You're really cheap. If I knew it would be like this, I would not have saved you even if my car was smashed. "

"After all, if I save a white eyed wolf, I can kill it to eat meat. But if I save a person like you, I have to be angry. I'm blind."

Wang Fan finished, also lazy and Lian Youyu continue to get involved, directly turned his head and planned to leave the car.

As for the thousand dollars on the ground, he didn't even look at them.

"Son of a bitch, what do you say? Who do you say is cheap?" Lian you became angry when he was in the rain, and his voice became sharp. "You're acting on me in the car, tearing my clothes and hitting me in the face. I don't care, but you're still excited?"

"If I didn't move out backstage, if I didn't move out of background, if I didn't promise you 500000 yuan, you would let me go?"

Lian Youyu twisted the facts and pointed to Wang Fan, filled with righteous indignation, "if I hadn't seen you young, it would not have been easy. I would have called the police and let you go to jail. But you don't know what to do. You dare to slander me. "

"Do you believe I'll give you a call and put you in jail to death?"

Lian Youyu's face changed as soon as her words came out.

"You Yu, what do you say? This son of a bitch has done something to you, torn your clothes, and hit you in the face? "

"He tore your clothes? Is he beating you in the face? "

"Is he trying to hijack you and do something wrong to you?"

"Son of a bitch, beast, scum, dare to move Youyu, I will kill you today!"

Filled with righteous indignation, more than ten young people suddenly stepped forward and surrounded Wang Fan directly.

They are also thinking, how can Wang Fan and Lian Youyu be involved in 500000 yuan, and how can Lian Youyu take a broken car like Wang Fan.

I've been doing this for a long time!

At the thought that Wang Fan had done the same thing to goddess Lian, they were not angry.

### **Chapter 1007**

Lian Youyu is filled with indignation and complacency when he listens to his companion and criticizes Wang Fan.

Wang Fan wants to fight with her, but it's far from enough.

Half a million?

Are you kidding? She didn't plan to give Wang Fan 10000 yuan.

The reason why she said that before was that she just wanted to go back to school with the help of Wang Fan.

Once she entered the campus, even if Li taikai was arrogant, she would not dare to mess around on campus easily.

As for Wang Fan, poor one, why dare to fight with her Lian Youyu, and why dare to ask her 500000?

And with Lian Youyu standing high in her heart, she really thinks that it is Wang Fan's blessing that Wang fan can save her and she can ride in Wang Fan's broken car.

You know, I don't know how many people in luxury cars want to ask her Lian Youyu to sit on it, but she doesn't even care.

"Well, I've seen a lot of white eyed wolves, but it's the first time I've seen such a wolf like you."

Wang Fan sighed and pointed to Lian Youyu, "if you can twist the facts like this, you can be regarded as a talent. But if you say such words, are you not afraid of being struck by thunder? "

Ignoring the clamor of more than ten people around, Wang Fan stepped forward and pointed to Lian Youyu. "Before, facing the Li family man, why didn't you dare to say that? Why didn't you dare to be so arrogant?"

"Now you are not grateful to me, but you have to bite me back. Is it hard to bully me? This is the so-called "people are good at being bullied and horses are good at being ridden?"

"Son of a bitch, how can you talk to miss Youyu? Are you looking for death?" A young man about 1.85 meters tall could not help jumping out.

He pointed to Wang Fan's nose and yelled, "dare to touch Miss Youyu, dare to scold Miss Youyu white eyed wolf, I think you are tired of living!"

He said fiercely, "just you, or miss Youyu's life-saving benefactor? I Pooh! Don't say you are not. Even if you are, you have no right to blame Miss Youyu. "

The young man clamored, suddenly stepped forward, and directly pushed forward to Wang Fan.

Although his foot has no deterrent in Wang Fan's eyes, it has been very fierce to ordinary people.

If the ordinary people are kicked, they will definitely fall to the ground and vomit blood. If they don't have three or five days, they won't be able to slow down.

"Brother Zhong said so well. This kind of scum should be beaten and killed by his mother!"

"Kidnap Miss Youyu and do anything to miss Youyu. Now you dare to humiliate Miss Youyu. It's a fuckin 'beating up!"

"Hum, I still want to blackmail Miss Youyu, and pour dirty water on Miss Youyu to seek death."

The others watched the so-called brother Zhong do something to Wang Fan. Instead of dissuading him, they laughed and watched a good play.

Wang fan is so poor that he doesn't know his own identity. He dares to challenge Miss Youyu and splash dirty water. It's just asking for nothing.

Some guys are even a little angry. It's not themselves who are angry, but brother Zhong who takes the lead.

You know, Lian Youyu is a famous flower of Chuncheng University. She is not only beautiful, but also rich.

If you can show it in front of Lian Youyu, even if you can't get a good impression, it's good.

Lian Youyu's face is also ugly.

She was so big that she had never been so humiliated by pointing at her nose.

She watched brother Zhong kick Wang Fan, not only did she not dissuade him, but also thought that brother Zhong could deal with Wang Fan and give herself a bad breath.

At this time, Lian Youyu has no gratitude for Wang Fan's life-saving kindness, but only hatred and resentment.

As for whether Wang Fan would be the rival of brother Zhong, she never thought about it at all.

Brother Zhong is the vice president of the martial arts club of Chuncheng University. How can Wang Fan deal with him?

Although Wang Fan had overturned the red pagoda on the edge of the mountain before, in Lian Youyu's opinion, Wang Fan was just opportunistic.

Which is not a shameless way to throw mud or stone? What's more, even the actual battle of Chita may not be the opponent of brother Zhong in her eyes.

Wang fan saw brother Zhong's kick, his eyes were cold, and his heart was angry.

Even if he can't save people, he will be beaten. What's the reason?

It's also thanks to him, Wang Fan. If you were any other ordinary person, you might really suffer.

"Go away!" Wang Fan cold spit out a word, even hide lazy hide for a while, right leg after hair first, suddenly kick out.

Bang!

With a loud noise, brother Zhong felt a terrible force coming, and the whole person was kicked out immediately.

He fell heavily on the ground, his face turned pale in an instant.

Severe pain twisted his right leg nerve, as if to break in general, for a time even a little strength can not make.

There was a dead silence.

It never occurred to anyone that Wang Fan, a poor man, should kick Wu Zhong off. This is a joke of the international community. Want to know, poor Wen Fu Wu, Wang Fan a poor, how can have such strength?

Lian Youyu's face also became ugly. She didn't expect that Wang Fan was so fierce.

Is it true that Wang Fan was able to clean up Chita before, not by luck, but by strength?

Wang Fan did not give them time to think, pointing to Lian Youyu's nose, "bitch, this time I was blind and saved you, next time, you can't expect me to save you."

With that, Wang Fan turned his head and left.

Lian Youyu's face changed immediately when he heard this, and he couldn't help screaming, "next time? What do you mean

"I was kidnapped once by Lian Youyu. It was an accident. It will never happen again. I tell you, I remember you, you humiliate me today, dare to curse me, I will kill you

Today, being tied away by Chita is a nightmare for Lian Youyu, a greenhouse flower.

Now Wang Fan even said that next time, she was completely angry for a moment.

The rest of the dozen also came back to their senses at the same time and became furious.

"Son of a bitch, you humiliated Miss Youyu and beat up brother Zhong. Do you still want to go? Stay with me. If you don't get skinned today, you don't want to leave here. "

"Call people, call people for me. In Chuncheng University, people who dare to fight my martial arts club must be found."

"Damn, you can fight, right? You can fight one, you can fight ten? I want to see how powerful you are. "

While shouting, they pinched out their mobile phones to make a call and surrounded Wang Fan.

Arrogant and domineering.

However, although they clamored fiercely, none of them dared to do it.

Wu Zhong, who can be kicked by Wang Fan, can't get up. This strength is not what they can deal with at all. Only when their people come together, or the president comes in person, can they have the strength to fight against Wang Fan.

Wang Fan looked at the clamorous men and women. His face was cold. He was about to start. He suddenly turned his head and looked in the distance.

Sobbing, sobbing.

A violent roar, and then, I saw a cross-country rush.

Cross country, such as the roaring rhinoceros, set off an invincible situation, set off layers of dust, causing people around to avoid the side eyes.

This scene also attracted the attention of a dozen people who surrounded Wang Fan. They couldn't help looking at it and were surprised.

Only Lian Youyu looked at the car, his face changed, completely pale.

Without any hesitation, she turned around and planned to enter the school, but it was crowded with onlookers, and she couldn't get out at all.

Creak.

The off-road vehicle stopped quickly, the door kicked open, and Li taikai jumped down with four strong young people.

The moment he got off the bus, he saw Lian Youyu trying to squeeze out the crowd and enter the campus.

## **Chapter 1008**

"Miss Youyu, I'm here, but you have to leave. Isn't that good?"

After Li taikai got out of the car, he didn't even look at the members of the martial arts club who were more than a dozen celebrities. As he spoke, he walked towards Lian Youyu.

His tone is mild, modest and polite, but also gives people a kind of unspeakable hegemony, "you like this, will there be some too don't pay attention to me?"

Lian Youyu looks ugly, but he can't say a word. Her delicate body can't help but start to tremble. She has no superior attitude towards Wang Fan.

It's true that she has a good family background, and it's true that she has money and power, but she still

doesn't have enough to look at the crown prince of daowumen.

In the campus, daowumen, or Li taikai, has some kind of fear and dare not mess around. But outside the campus, Li taikai would not be afraid at all.

The more than a dozen members of the martial arts club were already angry when they saw Li taikai ignore them. Now, listening to Li taikai's tone and Lian Youyu's face, they immediately knew that Li taikai was looking for fault.

"Who are you and what do you want to do?"

"This is Chuncheng University. That's Miss Youyu. How dare you come here?"

"I tell you, we are members of the martial arts club. Don't blame us for making trouble in our Chuncheng University!"

They looked at Li taikai's arrogance and the four powerful bodyguards behind him. Although they were afraid to fight, they could not avoid verbal provocation.

Although Li taikai is the crown prince of daowumen, his reputation in Chuncheng is not great, and few people have seen him. Few people have heard of his name except for some people in a certain circle.

After Li taikai retreated from the capital turtle to Chuncheng, he changed his arrogance and became extremely low-key.

Wang Fan's birth sounded the alarm for him, so that he did not dare to do as he did before.

He adheres to three principles: no initiative to cause trouble, no initiative to make trouble, no initiative to provoke.

To make sure you don't play like Wang Fan.

If he didn't really like lianyouyu, and he didn't want to use coercion.

No matter how low-key he is, he has his own pride. He is also the prince of daowumen. There is no woman he wants that he can't get.

"You're welcome?" Li taikai listened to the clamor of more than a dozen people, and finally grinned and couldn't help looking over.

His eyes were full of abuse, and he felt that this scene was very familiar. You know, in the past, he was the one who threatened others like this. Almost no one dared to threaten him like this.

Li taikai stopped and pointed to the shouting people. His words suddenly became sharp. "How can you

be rude to me?"

As he spoke, he tilted his head slightly. Suddenly, a young man behind him shot out.

The whole youth is like a sharp sword out of the sheath. The fierce force suddenly erupted on his body and the situation of ignoring life are like a mountain, which makes everyone gasp for breath.

The members of the martial arts club, who were shouting, also changed their faces and felt numb.

Although they practice well, they have two skills. But it's OK to bully ordinary people. How can it be compared with the young people who have obviously experienced the training of blood and fire?

Bang.

A person has not yet waved a fist, the abdomen has already been kicked by the youth.

He only felt a torrential pain, the whole population spitting blood fell out.

When he fell to the ground, he covered his abdomen with his hands and rolled over. He screamed and spat out blood and bitter water all over the ground.

I can't get up.

Without hesitation, the young man rushed to the next man.

Pop.

One slap.

The man's mouth suddenly spattered with blood, and his blood stained teeth spewed out in the flesh. He flew straight out and knocked down on the ground.

Miserable and embarrassed.

Young people keep on walking, and rush to the next person.

Bang bang bang, a series of sounds were almost instantaneous. Except for the girls, the male members of the martial arts club fell to the ground, rolling and wailing.

The members of the martial arts club, who used to be above the world and thought they were powerful, were just like paper paste. No one could stand the young people's feet.

In a flash, the wailing sound became one, and the whole scene was dead.

Those onlookers couldn't help looking at the young man with a shocked face.

However, the young man just like doing a trivial thing, after kicking those people, he respectfully returned to Li taikai's back and said nothing.

Li taikai looked at those fallen youths, his eyes full of disdain, "you are such a group of waste, but also martial arts club, and you are not polite to me?"

"Don't think too much of yourself!" He snorted, pointed to those people, "for the sake of you are all students, forget it this time, I don't care with you. But next time, if you dare to challenge me again, don't blame me for being rude. "You're welcome. I'll send it back to you.

Those martial arts club members look ugly, but they dare not speak.

Li taikai is not Wang Fan. When you look at people's clothes, bodyguards, cars and posture, you'll find that he's a real jerk.

They no longer dare to stand out and bow their heads to be turtles.

Li taikai quickly went to Lian Youyu, "Miss Youyu, come with me. I think it's a blessing for you. Don't be ungrateful. "

"I can give you face once, twice, or even three times, but I can't give you an inch."

"Li taikai's patience is limited. No one can get the woman I can't get. You can't give your face away. In the end, it will bring disaster to you and even your family. "

Li taikai said and patted Lian Youyu's face with his hand. He was arrogant and domineering.

Lian Youyu's face to Li taikai is like a sheep, pale.

Even in the face of Li taikai's humiliating face slapping, she didn't even dare to hide.

What is the contrast with the arrogance of Wang Fan?

Previously, she told Wang fan that her riding in Wang Fan's car was a blessing that Wang Fan had built for several generations. She even deliberately distorted the facts without reason.

But now, Li taikai is also unreasonable, saying that it's her good fortune to take a fancy to her. If she doesn't know her interest, she will be forced to come, but she can't even do anything about it.

There must be something hateful about poor people, which may be the so-called retribution.

Not far away Wang Fan looked at this scene, and there was no appearance that he wanted to stand out.

If Lian Youyu had a better attitude towards him before, even if it was just a little better, he would have come out to calm Li taikai.

After all, Wang Fan saved Lian Youyu for Li taikai.

But now, as long as Wang Fan thinks about Lian Youyu's attitude before, it's enough.

The wicked must be grinded by the wicked. Such a woman is not worthy of sympathy.

Wang Fan sighed and was planning to find a place to hide. Then he followed Li taikai to see where he would go.

But at this time, Li taikai turned his head and suddenly saw Wang Fan.

### **Chapter 1009**

Why is he?

Why is he here?

Li taikai's eyes suddenly stagnated, and his heart set off a storm.

If he is Li taikai, who is the last person he wants to face in his life, it is undoubtedly Wang Fan.

In the capital, he was trampled by Wang Fan twice. In the end, Wang Fan killed all the overseas killers and the elite of Daowu sect in the capital, and forced him out of the capital like his father's dog. How can he not be afraid of Wang Fan?

At the same time, Li taikai also remembered what happened in Chuncheng yesterday. Xue renliu was beaten in the face and Xiong Zhan died.

Then he unites with someone who injured Chita before to save Lian Youyu. He happens to meet Wang Fan here.

Even if Li taikai was a pig, he had already guessed that most of them had something to do with Wang Fan.

What does Wang Fan want to do? Did he come here for daowumen, or for his father?

Li taikai thought of this, no longer in the mood of picking up girls, cold sweat straight up.

While Li taikai looks at Wang Fan, Lian Youyu also follows Li taikai's eyes to catch Wang Fan's figure.

She looked at Wang Fan, her eyes flashed strong resentment and hatred.

If it wasn't for Wang Fan, she would have entered the campus. How could she be blocked by Li taikai here?

At the thought that she was going to face the endless devastation and torture of Li taikai, that Wang Fan had dared to beat her in the face before, and that it was all because of Wang Fan's many things that delayed her entering the campus, she just couldn't get angry.

Without waiting for Li taikai to speak, Lian Youyu suddenly pointed to Wang Fan's nose and screamed, "Li Shao, don't blame me, don't blame me, it's this madman who says he likes me and has to save me, so he pulls me back."

"I wanted to follow elder brother Chita to find you today. I'm willing to be your woman."

"It's all him, it's all him. I don't know where he learned about it, so he cut off brother Chita's car on the way, injured brother Chita and forced me to come back."

Lian Youyu's vicious words, frantically splashed dirty water on Wang Fan's body, trying to pull Wang Fan into the water, "after he pulled me back, he forced me to enter the school immediately. If he saw me come out again, he would break my leg, or even kill me."

"I have no way, I have no way! I have no idea where this madman came from. I have no idea why he likes me or why he does it. I don't know him at all

Lian Youyu said maliciously, although the words are full of holes and can't stand scrutiny, but she doesn't care at all.

As Li taikai's identity and status, she doesn't need to know whether it's true or not at all. She just needs to bring disaster to Wang Fan's head.

After all, does Li taikai need a reason to step on people? Even if you haven't offended him, he can trample on you at will as long as he doesn't like you. Let alone, Wang Fan also injured the red tower.

Listen to this, the people around a muddle than.

Even more than a dozen of Lian Youyu's companions, who were trampled on the ground and wailing, were shocked to see Lian Youyu, with an incredible face.

This is not the case. What Lian Youyu said now is not right with what he said before.

They are not stupid, immediately realized that this woman lied.

Either she lied to them or to Li taikai. Or, up to now, she has not told even a word of truth.

Wang Fan's face was cold.

This woman is really cheap. It's the first time that Wang Fan has ever seen her.

He did not expect, now this kind of time, Lian Youyu unexpectedly still does not change, wants to pull him into the water.

It can be imagined that if someone else, because of her words, she would definitely be trampled to death by Li taikai, and no corpse could be found.

In Chuncheng, Li taikai, the prince of daowumen, wants to step on a person, which is really no different from stepping on an ant.

Li taikai's face also changed, cold sweat couldn't help straight out.

What? Is Lian Youyu the woman Wang Fan likes? How is that possible? How come he never knew?

No matter what Lian Youyu said is true or false, as long as Lian Youyu is related to Wang Fan, he dare not have any idea about Lian Youyu any more.

Offended Wang Fan, even if people kill him here, he has no way.

What Li taikai wants now is not to take Lian Youyu away, but how to explain this matter and how to resolve the crisis.

After a long time, Li taikai bit his teeth and walked to Wang Fan with an ugly face.

Lian Youyu looks at this scene, elated.

Next, I'm afraid Li taikai will step on Wang Fan. But as soon as she thought of it, she couldn't help opening her mouth.

Li taikai bowed his head respectfully to Wang Fan. He said, "Wang Shao, I'm sorry. I didn't know she was the woman you like."

"If I had known, I would not have dared to touch her, even if I had given a hundred courage. I'm sorry. I'm sorry. I hope you can help me. "Li taikai bent down and bowed his head, just like a slave facing a king. Where could he be higher?

His tone is very sincere, "you don't worry, I promise how far to roll in the future, no longer dare to provoke Miss Youyu."

Lian Youyu listens to this words, the head roars, a blank.

How could it be? How could it be? Just a poor man, how could the prince of daowumen and Li Shao be so respectful and even afraid that she was wrong, or that she heard wrong?

It must be, it must be!

Not only Lian Youyu, but also the onlookers around him, as well as the more than ten members of the martial arts club who fell on the ground and wailed, and even the four followers of Li taikai, all looked incredible.

Wang Shao?

Which Wang Shao?

In a place like Chuncheng, who else can make Li Shao bow?

Even if the top tier students in Beijing come, I'm afraid they are not qualified to let Li Shao bow down like this?

Shock!

The shock of death!

Wang Fan sighed, "Li Shao, Hello, we meet again."

Although he didn't want to expose his identity on such occasions, now that he has been exposed, he doesn't care.

In fact, Wang Fan could have left without knowing it, but there were so many people at the scene and many people staring at him. If he had left without knowing it, it would have been shocking. He didn't do that.

Wang Fan looked at Li taikai, then at Lian Youyu with a dead face, and said with a smile, "you worry too much. I don't know that girl, and I don't have any friendship with her."

"It really has nothing to do with me whether you move her or not. I'm not the Savior, and I don't mind my own business. You don't have to worry about my feelings. "

Wang Fan began to mend the knife. "The reason why I saved her is just a coincidence, not that I like her as she said."

"You know, I can't take care of so many beauties. Where can I have time to compete with you. On the contrary, this woman gave me a shade. "

Wang Fan pointed to the broken car and said, "I didn't mention the fact that I saved her. Just because

she broke my car, she promised to give me 500000."

"But I didn't expect that after I sent her to school, she not only didn't intend to give me 500000 yuan, but also tangled with a group of people to step on me, and only took out 1000 yuan to hit me in the face."

"If you hadn't shown up in time just now, I would have been trampled to death by those people."

Li taikai listened to this, and his mouth was choking.

Can that group of rubbish trample Wang Fan to death? He only listens to it as a joke.

Lian Youyu can't stand it any more. He can't help pointing to Wang Fan's nose and screaming, "you can't do this. You can't do this. Anyway, we've met each other. You can't help yourself."

"I give you a million, I give you a million, help me, help me, I really don't like Li Shao, I can't be taken away by him!"

I'm sorry!

## **Chapter 1010**

Lian Youyu didn't expect that even if she had saved her poverty on the way, she would still have such deterrence to make Li taidiao bow down.

As long as she knew that, she would rather give Wang Fan three million yuan, rather than bite back for the sake of only half a million yuan and face.

The real Buddha didn't know how to hold her in front of her, but she still offended her. Only at this moment can she realize the feeling.

"Get to know each other? Do you want to die? " Wang Fan laughed, "Miss Lian Youyu, do you think our acquaintance is very happy?"

"Let's not talk about you smashing my car. I saved you with kindness. You didn't know how to repay your kindness. Instead, you sent people to block me, step on me, and threatened to kill me. You say, you white eyed wolf, why should I save you? "

Wang Fan seemed to think of something, "by the way, I remember telling you just now that if there is a next time, you can't expect me to save you. Do you still remember how you responded?"

"You said there would be no next time. You said I was humiliating you and cursing you. You must kill me. For a white eyed wolf who wants to kill me, why should I save you

At the same time, Wang Fan sighed, "I really want to save you, but after thinking for a long time, I really

can't think of any reason to save you."

No matter how strong Wang fan is, no matter how good he is, he is also a man, not a God.

He can't be indifferent to everything.

Even if Lian Youyu is a woman, even if Lian Youyu is captured by Li taikai, it will be really miserable.

But in the face of this kind of snake and scorpion, he was not half in favor of the woman who even wanted to kill him.

Let alone save Lian Youyu. If Wang Fan didn't step on Lian Youyu, he would have given her face.

"You Lian Youyu points at Wang Fan. His face is red and his neck is thick, but he can't say a word.

Hope disillusioned, she became vicious again, "you will die, you will die!"

Crazy curse.

Wang Fan did not go to see Lian Youyu again, but looked at Li taikai, "Li Shao, long time no see, please invite me to have a meal."

"At least, this spring city is also the site of Li Shao. It's hard to say if you don't invite me to dinner. Do you still want to deal with me?"

Wang Fan took the initiative to speak, but also blocked Li taikai retreat.

Li taikai is not a fool. As soon as he heard this, he knew it was not good.

He wanted to refuse, but he couldn't find a reason to refuse.

If you refuse, doesn't it mean that Daowu sect still has a problem with Wang Fan? What will Wang Fan do when he finds a reason to deal with Daowu sect? But if you promise, what if Wang fan does it to him or makes an article about him?

The most important thing is that once he refuses now, Wang Fan immediately turns over and starts. What should he do?

There is a dilemma.

Wang Fan did not speak, smiling at Li taikai, quietly waiting for Li taikai to respond.

The scene was strangely quiet.

At this time, as long as not a fool, you can see that Li taikai is not willing to go to dinner with Wang Fan. But Li taikai was obviously afraid of Wang Fan, so he didn't refuse for the first time.

"Who are you? Why should we invite you to dinner? Li Shao has no time today. If you want to have dinner with Li Shao, you'd better wait for next time. What a big face. I want to treat Li Shao. "

"I don't care if you're a little kid in Beijing or anywhere. This is Spring City, and this is Li Shao's territory. Li Shao gives you face. That's to respect you. Don't push an inch. I really think I'm great. "

Li taikai's silence and ugly face caused the displeasure of the four bodyguards behind him. Two of them stepped forward and couldn't help pointing to Wang Fan's nose.

They have long been dissatisfied with Wang Fan.

Who is this guy? He can make Li Shao as humble as a dog in front of him?

You know, Chuncheng is the territory of daowumen, and Chuncheng is the world of daowumen.

Li Shao, as the prince of daowumen, is not afraid of anyone. Even if the capital comes, it doesn't matter if Li Shao doesn't give face.

But today, their master Li Shao is so respectful to Wang Fan, which makes them a little too arrogant to accept.

"Shut up and don't talk." Li taikai's face suddenly changed when he listened to his subordinates' words.

Isn't that the rhythm of death?

He couldn't help looking at Wang Fan, "I'm sorry, I'm sorry, they don't know Wang Shao. Please don't mind. It's my honor to invite Wang Shao to dinner. I was just thinking about where to invite Wang Shao

"Li Shao, why are you so respectful to him?"

"Yes, this is our territory. He doesn't have to treat him like this even if he is a bull, does he?"

"This is the spring city. It's the dragon who has to dish us up and the tiger who has to lie down for us. Why should we be afraid of him?"

Several subordinates were even more upset and began to speak one after another.

After Li taikai returned to Chuncheng, he changed his old style, became modest and polite, and even didn't put much airs on his subordinates. Therefore, these four people didn't have the same awe or fear for Li taikai as other daowumen leaders. Otherwise, just four running dogs, who have the qualification or courage to refute the master, and bark in front of the master, isn't that the rhythm of seeking death?

Li taikai listened to this, almost couldn't help slapping it.

But before he could speak, the young people who had turned over more than a dozen members of the martial arts club took the lead in jumping out.

"Boy, what are you that dare to invite us to dinner? What can you do if we don't invite you? "

He pointed to Wang Fan's nose. His voice was very low and cold, but he felt more scared when it fell into people's ears than when he was arrogant and domineering.

Looking at this scene, people around can't help being surprised again.

They did not expect that Li taikai, the master, did not dare to provoke Wang Fan. Instead, his subordinates jumped out.

The strength of youth has been demonstrated before, and it is undoubtedly powerful. From their point of view, even if Wang Fan's identity is niucha, he can suppress Li taikai, but if Li taikai can't control his subordinates, Wang Fan will still have bad luck today.

Lian Youyu can't help laughing. It's a resentful smile.

Son of a bitch, die, die.

Don't you save me? Don't you help me? I want to watch you be beaten into a dog.

No matter how powerful the identity is, no matter how powerful the background is. You can suppress Li Shao, but Li Shao can't restrain his subordinates. Isn't everything useless?

Wang Fan's eyes also couldn't help squinting, "Li Shao, it seems that your way of training the dog is not right. Do you want me to teach you?"

He also looked at the young man who jumped out, "as a dog, you must have the consciousness of being a dog. Your master doesn't dare to challenge me. Why do you dare to shout? "

"I heard that the Daowu sect has strict steps. You dare to disobey your Master Li Shao. Aren't you afraid to be served by the Daowu sect rules, three Dao and six holes?"

"I'll go to NIMA's three knives and six holes! Li Shao doesn't dare to challenge you. That's Li Shao's courtesy. I won't get used to you! Even if you're an ox fork, what can you do if I kill you and run away? "

The young man grinned grimly. The next second, he rushed towards Wang fan like lightning.

Momentum like rainbow!

He was full of the breath of blood and fire, which deeply shocked everyone present and made everyone breathe quickly.

Compared with the momentum shown in dealing with more than a dozen members of the martial arts club before, how many times more powerful?

Just for a moment, the young man had rushed to Wang Fan's face, tearing his strength and punching out.
