

MIGHTY SK 1021

Chapter 1021

The capital.

South Tianfu.

The night came to Ye Nantian in a hurry, with a dignified look. "No, Wang Fan has something wrong in the spring city."

"At two o'clock this afternoon, he killed the Xue family. After killing hundreds of elite Xue family, he met Dong Qinghu, who happened to be a guest in the Li family."

"Now I'm seriously injured, I don't know my life or death, and I've lost contact. I got the news that Huo Yao, the first general under Li Tianying's command, is taking people all over the city to hunt and kill him. The situation is dangerous. "

The expression of the night is dignified. Although she is not with Wang Fan, and there is not much contact between them, she has been paying attention to Wang Fan's trend.

Now it is said that Wang fan is seriously injured and is being pursued and hunted by Daowu sect. Naturally, he is in a hurry.

She doesn't love Wang Fan, but she is a confidant. She doesn't want Wang Fan to die like this. It's not worth it.

Ye Nantian sat on a stone stool, soaking a pot of tea, whether it is the arrival of the night, or the words of the night, did not cause the slightest change in his expression, and even did not lift his eyelids.

"Adoptive father, you." Night to see ye Nantian did not speak, the heart is more anxious. This is a few meanings, is it regardless of Wang Fan's life or death?

But she knew in her heart that the adoptive father was not like that at all. When Wang Fan saved his adoptive father, he could not be ignored by Wang Fan.

What's more, the adoptive father's evaluation of Wang fan is still very high, and the only imperial card has been sent out.

"Come on, night girl, have tea." Ye Nantian poured two cups of tea, and then pointed to the opposite position.

"Adoptive father, we can't wait to save. He saved you. He's our benefactor. Now he's in trouble. Don't we help you? " The night could not help but sit down patiently and squeeze out another sentence.

"Night girl, you care about Wang Fan, do you like him? If you like him, you can tell me, I can help you

Ye Nantian sipped his mouth, and his tone was soft and gentle. "Our nantianfu is located in a special place. No matter how difficult he encounters, he can only solve it by himself."

"Besides, I've helped him. Without my deterrence, Zhu LAN of nuquan might have killed Jinzhou and Wang Fan group. Do you think I've helped him a lot? "

"But." Night is still a little anxious. She really doesn't want Wang Fan to die in the hands of daowumen.

Just her words haven't finished, have been interrupted by Ye Nantian, "nothing good, but, this matter don't mention again."

"By the way, I'll give you a task. It's reported that there are ancient relics in Chuncheng, and many ancient warriors are missing. Take someone to check them out."

Night listening to this, first a Leng, followed by great joy, "yes, adoptive father."

With that, he left here in a hurry.

Just as the night left, a figure came out from behind and respectfully came to Ye Nantian.

Ye Nantian also didn't lift his eyelids. He asked faintly, "did the news go out? What's the effect?"

"The news has been released. As expected, they are all ready to move." The other side respectfully said.

"Well, it's time to get rid of these tumors. Dream Pavilion, Dao Wu gate, have been infiltrating the secular world for so long. I just turn a blind eye to them. "

"But in recent years, they have been a little inflated and some of them are too arrogant. Just by Wang Fan's hand, I will catch them all. "

Ye Nantian raised his head slightly, with a flash of sharp light in his eyes.

"You can continue to pay attention to each other's movements. If necessary, you can help Wang Fan. That boy is the key for us to infiltrate Yuanmen. We must not let him do anything. "

"Yes."

The figure retreated.

Jinzhou.

Wang Fan manor.

Heiluochoa Pei Qingcheng and other leaders of Wang Fan group are also anxious.

Wang Fan lost contact, which is a bolt from the blue for them.

Although heiluochoa's intelligence network has penetrated into Chuncheng, Chuncheng is daowumen's territory after all. Her intelligence network in Chuncheng can't be as sharp as Licheng's.

Her people don't know where Wang fan is now. They only know that Wang fan is seriously injured and runs away, and then they lose his trace. Now they are being chased by daowumen.

Wang fan is their mainstay. When Wang Fan has an accident, how can they not be in a hurry?

"Sister Qingcheng, I'm going to Chuncheng. I'll leave the business here to you." A moment, black Luo Cha Teng ground stood up, toward Pei Qing City said.

Since the establishment of wangfan group and Pei Qingcheng joined wangfan group, heiluochoa has basically retired behind the scenes and focused on intelligence work.

Many times, Wang Fan was killed, and the people who went to help him were a Biao, Su Weiwei and others.

This time, whether it's a Biao or Su Weiwei, they are all dealing with other things in Licheng, so heiluochoa plans to go there in person."Then you should be careful. If you have any information, please contact me at any time." Pei Qingcheng didn't have much hesitation and agreed directly.

In fact, she also wanted to go there, but she knew that Wang Fan was important, but her family was also important.

If she and heiluochoa are gone, all the core experts in the family will lose money. If something happens, it will be a big trouble.

Without hesitation, heiluochoa quickly ordered a ticket and flew to Chuncheng.

With the resources provided by Wang Fan and her original foundation, her strength has reached the initial stage. Although she is not as powerful as Wang Fan, it is basically enough to deal with some elite of Daowu sect.

Chuncheng, Lifu.

"Haven't you heard from Wang Fan for such a long time? Let everyone move for me, search for Wang Fan all over the city, and give me martial law, airport, railway station and other important places. "

"I don't believe it. He is seriously injured and has two burdens. He can escape from our big search. This

time, it's our best chance to kill him. We can't let it go. "

"If we can't kill Wang Fan this time, we don't think we will have another chance."

Li Tianying said coldly to his subordinates. His eyes were full of cold light and bloodthirsty murders.

Wang Fan's powerful Li Tianying has the best experience. This kind of person must be killed, otherwise, the future will be endless.

The most important thing is that Dong Qinghu died, which made him have no way to explain to nuquan.

Dong Qinghu is the first arrogant of the angry fist sect. If the angry fist sect blames him, who can bear it?

Under Li Tianying, the hall leaders of the three regions in the southeast and west of daowumen spring city all came together, and also brought their own most powerful generals.

Li Tianying's generals have all arrived, except huoyao, who is personally leading the team to hunt Wang Fan in Chuncheng.

Li taikai, the young master of Daowu sect, also returned to Li's house. He also sat down, but he lowered his head and said nothing.

"Don't worry, sect leader. We'll send all the people to take charge of the whole city and hunt down Wang Fan and Lu Xiaoi's mother and daughter. As long as they are still in Chuncheng, even if we dig three feet, we will dig them out and kill them. "

"That Wang fan is lawless and dares to exterminate Xue Fu. This is a face beating and provocation to our Daowu sect. We're going to find him out and tear him to pieces. "

There was a vicious noise from all the top.

Daowumen is a big Mac in Chuncheng. When was it beaten in the face?

Every one of them was filled with righteous indignation and murderous.

Li Tianying ignored them, but looked at Li taikai, "taikai, let me reconfirm that Wang fan is seriously injured?"

Chapter 1022

Although Li Tianying is 80% sure that Wang fan is seriously injured, he still needs to confirm it again.

If Wang fan is really injured, that's their chance. But if Wang Fan was pretending to be injured, it would be a nightmare waiting for them.

Li Tianying has lived so long. Naturally, he should be very careful.

Of course, he now confirmed that he was just comforting himself, because he had already sent huoyao to search for Wang Fan in the whole city, but he didn't turn back, and both sides had completely torn their faces.

"I'm sure Wang fan is seriously injured!" Li taikai nodded without hesitation, "he was already injured after the battle with the elite of Xue family. Later, after the battle with Dong Shao, he was at the end of a strong crossbow."

"He was beaten by Dong Shao, but I don't know why. He suddenly broke out and killed Dong Shao."

"I secretly looked up at him at that time and found that his face was very pale, his body was a little shaky, and he could not stand steadily."

"But because of his fierce attack, I didn't dare to think about it and see it more. Later, Huang Dao came with people. "

"I thought Wang Fan would kill again, but I didn't expect that he hesitated at all and chose to run away."

"If he wasn't seriously injured, how could he escape with his character? In the face of Dong Shao's arrogance, he doesn't have the slightest idea of running away. In the face of Huang Dao's small role, why does he want to run? "

"So I'm sure he's hurt, and it's still serious."

Li taikai said solemnly.

"Well, it seems that God wants Wang Fan to die. Yes, no matter how powerful he is, he is also a man. How can he not be hurt? "

Li Tianying heaved a sigh of relief, then waved, "move!"

"Yes

The high-level officials of Daowu sect didn't hesitate at all. They left in an orderly way and went to make arrangements quickly.

Less than half an hour away from the top of daowumen, a black SUV came to the foot of the side hill.

"Stop coming!" Seeing the car, the two Li Fu Elite didn't even say a word of nonsense. They directly took out the charge and aimed at the cross-country.

It's an eventful time and they have to be cautious.

Under the guidance of the black muzzle of the two charges, the off-road car owners were not at all alarmed.

When the car door opened, a tall woman jumped down. She looked at the two elite men with guns, and her eyes showed disdain. "Tell you master, the dream Pavilion master will visit, and he will let us in."

Dream come true?

The two gatekeepers' faces changed. Without hesitation, they directly opened the walkie talkie and informed them to enter.

Before long, the SUV was released and drove slowly up the side hill.

The two elite Li Fu saw a masked face through the window behind the cross-country car.

At the command of Li Tianying, the whole spring city became restless.

There are many more vehicle personnel in the streets and alleys, and a carpet search has been launched in the whole spring city.

Under this kind of search, even ordinary citizens feel the atmosphere of uneasiness and panic.

One of them is in a residential area.

Lu Xiaoi's mother and daughter, Zhang Jun, look out the window at the members of Daowu sect who are searching inch by inch. Their faces turn ugly and pale.

Daowu gate is really terrible. It's terrible.

According to this kind of search, I'm afraid it won't take long to find their residence. At that time, the only thing waiting for them is death.

"What shall we do now?" Zhang Jun some six gods have no master, can't help but ask a way. He also took a look at Wang Fan's room. Unfortunately, Wang Fan's door was closed, and there was no sign of opening it.

Zhang Jun's heart has already had the remorse idea, early knew that will be like this, I am afraid is to give him 100 courage again, dare not save Wang Fan three people.

Unfortunately, it's too late to regret.

There is no turning back. He has no way out.

He really did not expect that his impulsive, even for himself to cause so much trouble.

"Lock the door, close the window, and boil a few pots of boiling water. If someone knocks at the door later, let's not open it or make a sound. If they leave, we'll let them go. If they break in, we'll pour boiling water on them. "

Lu Xiaoi rarely said calmly, "these bastards deceive people too much. We have to fight with them. We've already made money if we can get a cushion before we die. "

After so many experiences in recent days, Lu Xiaoi is not as simple as he was at the beginning. Her tone was calm and her eyes were even more fierce.

She also did not expect, just a cup of coke, a cup of Sprite thing, unexpectedly led to the following series of things.

Now I feel like I'm dreaming. I can't believe it.

Lu Xiaoi said, without waiting for Zhang Jun to speak, he continued, "Zhang Jun, I'm sorry. I'm the one who bothered you. If there is an afterlife, I will repay you. "She looked at her mother again, "Mom, go inside and have a rest."

Lu Xiaoi's mother shook her head. "If I don't go, even if I die, I will die with my daughter."

The old man was in tears.

Zhang Jun listens to the landing of Xiao Ai and looks at the door-to-door elite of Daowu gate. His whole heart is beating very fast, and his face is pale.

He couldn't help looking into the room. "What about him? Do you want to ask him to come out?"

"No, he said we should not disturb him, we must listen to him. Maybe he will come out at the critical moment and give us hope again. " Lu Xiaoi said.

Zhang Jun sighed. He wanted to say something, but he didn't say it in the end.

To tell the truth, if it wasn't for the 17th floor, he doubted whether Wang Fan had jumped out of the window.

For such a long time, there has been no movement, no sound, and the downstairs is so noisy that there is no sign of coming out. It's really not normal.

Lu Xiaoi three people soon went to boil water.

At a certain moment, Zhang Jun can't help but rush to open Wang Fan's door.

At this time, Wang Fan couldn't hide. He couldn't see it any more.

"What are you doing?" Lu Xiaoi screamed, but the next second, she opened her mouth and couldn't make a sound any more.

The room was empty.

Wang fan is missing.

"What about the others? Run away?" Zhang Jun can't help roaring, "son of a bitch, I've long thought he's unreliable. It's true."

He rushed into the room like crazy, only to see that the curtains had been cut into strips of cloth, and at the same time, he took a hook and fixed his eyes on the wall. Wang Fan obviously jumped out of the window and ran away.

Lu Xiaoi's heart is also cold. Did Wang Fan really leave them and run alone? Although excusable, but she still some can not accept.

"Zhang Jun, don't talk nonsense. He must have his own problems or difficulties when he does this. What's more, it's my business and has nothing to do with him. "

"He has risked his life to save my mother and daughter twice. Even if he doesn't care about us this time, we won't blame him. We are only grateful to him. Because if it hadn't been for him, our mother and daughter would have died. "

Lu Xiaoi said so, but his tears could not help flowing, "Zhang Jun, now you can leave, you can rest assured, I will not blame you. I'd appreciate it if you could bring me here and help me once. "

Chapter 1023

Zhang Jun's face struggled, even though he gave up.

He didn't dare to jump down unless it was the 17th floor. The most important thing is that they offended daowumen. Even if he really jumped down, could he run away?

Dong Dong Dong.

A quick knock on the door suddenly rang out, followed by a rude shout.

"Open the door, now. We know there's someone inside. If we don't open the door for a minute, we rush in immediately. "

"Don't worry, we're only looking for people. If there is no one we are looking for, we will never hurt you.

"

Tone just with soft, but still give a heavy oppression.

Lu Xiaoi three people listen to this, the heart all raised, they did not dare to make a sound, even breathing has become shortness of breath.

They calmed down, carefully picked up the prepared boiled water, crept close to both sides of the door, the atmosphere did not dare to breathe.

Now, they just wait for people from outside to break in, and then they pour boiling water out of their hands.

It's just that their hands holding the kettle are shaking.

I'm in a state of confusion.

Outside the room stood more than a dozen young people full of Xiao Sha.

They are not all big and majestic, but everyone is full of ruthlessness, giving people a sense of unspeakable danger.

More than a dozen people, divided into three groups, two groups of hands holding guns, standing close to the walls on both sides, careful.

They were standing at the front door. One knocks at the front door, the other knocks at the back. The man at the back is holding a gun and pointing to the door. He can't express his expression and is ready to fight.

When the young man saw that there was no response inside, he frowned and knocked three times again. He said impatiently, "I count to three. If we don't open the door again, don't blame us for breaking in."

"One."

"Two."

He had begun to count, and his right foot stood on tiptoe, and he was ready to break in.

"Three." When he finished the third count, he raised his leg and was about to break into the house. With a creak, the door next to him suddenly opened.

The atmosphere at the scene was already tense, and the dozen people were also cautious.

The sudden sound of opening the door made them feel stunned. They looked at it one after another while they were sweating.

"Hi, everyone. Are you looking for me?" A young man came out of his neighbor's house, smiling warmly and waving his hand to greet them.

"Wang Fan?"

The more than a dozen people saw the young man, his face changed in an instant!

Almost without hesitation, they turned the muzzle of the gun in an instant and pointed to Wang Fan.

"Congratulations, you're right." When Wang Fan's voice came out, the whole person also moved.

His toes on the ground a little, the whole person has been like a ghost like close to the nearest young man.

Wang Fan's right foot was already on his leg before he could pull the trigger.

Bang!

Click!

The young man's leg bone broke in an instant. Under the pain, the finger became weak and could no longer pull the trigger.

And at this moment, Wang Fan has grabbed his hand and twisted it. At the same time of seizing the gun in his hand, the whole person hides behind the other party.

Come on, come on.

The sound of the gun rang out in an instant, and countless bullets poured down like rain, and blasted into the body of the young man in front of Wang Fan.

The whole young man was beaten into a sieve in an instant. While his blood burst out, his whole body trembled like a madman, and then there was no movement at all.

The dead cannot die again.

"Oh, it's a good shot, fast enough, tough enough, accurate enough." Through the interval between the shots, Wang Fan gave a thumbs up to the dozen people.

Then he grabbed the dead young man and pushed forward. Three young people were hit in an instant and fell to the ground directly.

At this time, Wang Fan has lifted the gun and pulled the trigger mercilessly.

Come on, come on, come on.

Six bullets spewed out in an instant, six young people's wrists stained with blood fell back and gave out a piercing howl.

Wang Fan didn't stop. He ran out like a tiger. While one of the young men was about to shoot, he ran into his arms.

Bang!

With a loud noise, the young man was knocked out and fell to the ground, his gun also fell to the ground.

At the same time, three more youths were smashed to the ground.

The momentum is like a rainbow.

The rest of the young people were not surprised but pleased.

"Together, kill him!"

"Our men will be here in a minute. Hold him down at all costs!"

While they roared, they did not hesitate to put away their guns, took out the dagger and killed Wang Fan. Although they have not seen Wang Fan's valiant achievements in Xue Fu, they have heard of them.

Hundreds of people, as well as 40 or 50 guns, were mercilessly overturned by Wang Fan, which can be described as a tough mess.

According to the normal situation, Wang fan should be able to deal with them in an instant without any effort.

But in fact, it has been a few minutes, Wang Fan did not turn them over.

The most important thing is that they didn't feel incomparable in Wang Fan.

No matter Wang Fan's speed, momentum, or anything else, there was no way that he could completely crush them, and it didn't make them feel oppressive.

Whoosh!

Two young people almost regardless of the order, soon rushed to Wang Fan in front of the dagger to break the air, directly toward Wang Fan mercilessly stabbed down.

A dagger stabs Wang Fan's head, and a dagger goes straight into Wang Fan's heart.

Ferocious and fierce.

Wang Fan grinned and threw out the gun with his right hand.

Whoosh!

The gun smashed into the head of a young man who was about to shoot. Blood sprayed out and the young man fell to the ground in a coma.

Wang Fan didn't even look at him. When he smashed out the gun, his hands were already frantically grabbed out.

His hands directly grasped the wrists of the two young men who were stabbed with daggers, and then twisted them with force. While breaking their wrists, they thrust their daggers into each other's bodies.

Blood spray, two young people with incredible, one after another fell to the ground, dying.

At this time, a big foot has been kicked from behind, the wind is hunting, the momentum is fierce.

In front of Wang Fan, about three or four meters away, another young man has raised his gun, aimed at Wang Fan, and put his finger on the trigger.

Wang Fan's face changed greatly. He didn't hesitate at all. He threw himself at the young man..

But even so, Wang fan is slow step, bang, behind the young man's big foot hard kick in Wang Fan's back, Wang Fan hissed out a mouthful of blood.

At the same time, pounce, gunfire.

Wang Fan's body faltered, and a cluster of blood mist splashed on his left shoulder.

However, Wang Fan did not fall down. Instead, he gritted his teeth and rushed to the young shooter. Before the other side fired the second shot, he punched him on the bridge of the nose.

Bang.

A loud noise.

Click.

The young man's nose bone is broken and blood is flying.

Wang Fan grabbed the gun in his hand, then swept it out with one foot, then turned back and pulled the trigger at the young man behind him.

Come on, come on.

The three bullets shot at the young man and raised countless blood fog, but I don't know why, they didn't hit the key.

Wang Fangang plans to make up two more shots. With a series of daddada footsteps, a group of elite swordsmen rush up.

Wang Fan looked at the scene, no longer care to shoot, turned to run.

"Chase, chase, he's Wang Fan. He's hurt, and his strength is greatly reduced. He's not as strong as the legend. Chase

Lucky to save his life, the young man pointed to Wang Fan's back and roared wildly.

Chapter 1024

When the elite of Daowu sect heard the voice of their companions, they naturally did not hesitate and pursued Wang Fan crazily.

Wang fan is seriously injured and his strength is greatly reduced. Naturally, they will not miss this once-in-a-lifetime opportunity.

"It's him. It's him. I can't. I'm going out to save him." In the room, Lu Xiaoai naturally heard the movement outside.

She didn't have to think about it at all. She also knew that Wang Fan was helping them outside.

Hearing that a large number of people are chasing Wang Fan, her heart goes up to her throat. She is about to open the door, but she is held by Zhang Jun.

"You can't go out, you can't go out! If you go out like this, you will die, and you will also kill him and us! " Zhang Jun shouts at Lu Xiaoai in a voice.

Are you kidding? There are so many Daowu people outside. If they open the door and go out, they will be dead.

Zhang Jun is still young. He doesn't want to die.

"But, but." Lu Xiaoi tears can not stop falling, but for a long time, but did not say what is so.

She naturally knows that she can't stop the elite of Daowu sect when she goes out, and she will die faster.

Just, she really doesn't want Wang Fan to take risks outside, but she hides here with peace of mind. She owes enough to Wang Fan. If she continues to do so, it will be unclear in her life.

"Don't worry. The most urgent thing is to wait for the people of daowumen to leave, and then we'll leave here as soon as possible." Zhang Jun pulled Xiaoi to land, biting his teeth and whispering.

Dao Wu men are not fools. Wang Fan appears here and obviously lives near here.

Now the people in Daowu sect are just in a state of mind for a moment. When they hear that Wang fan is seriously injured, they all chase after them and ignore them.

If the people of Daowu sect can successfully hunt down Wang Fan, it's OK, they won't be in any danger for the time being. But if Wang Fan gets away with it, they will turn back and attack them.

Lu Xiaoi bit his teeth and shed tears, but finally he could only nod his head.

She can only pray, pray Wang Fan nothing.

Li Fu.

Reception hall.

Li Tianying has met the distinguished guests of Yuanmeng Pavilion.

Four people came to the dream Pavilion, including two men and a woman, in addition to the one with mask.

The two men and one woman were standing behind the dreamer like javelins, silent.

They don't have much breath, but it gives people a sense of danger. They are as quiet as a virgin, as if they can turn into tigers and swallow the enemy at any time.

"Tianying doesn't know that you are here to fulfill your dream. I hope you will forgive me if you miss it. I don't know what happened when the dream come down to my li mansion. "

Li Tianying sat opposite the dreamer, looking at the mysterious dreamer with a smile.

Yuanmenge and daowumen have different routes, but they are the same in nature. They are all tools for collecting money of the ancient Wumen school.

Although they both know each other's existence, they have no business contact or intersection. They are always well water but never river water.

Li Tianying doesn't know why the dreamer came to visit him. Is Li Tianying also here to kill Wang Fan? At the same time, he also had some doubts in his heart, whether this is a real dreamer or not?

After all, the identity of the dreamer has always been a mystery. Even Li Tianying didn't know his true face.

"Mr. Li is polite. I come down to visit Mr. Li. I have only one goal. That is to help Mr. Li help me to eradicate Wang Fan."

The dreamer's voice is full of magnetism. "The leader of Li clan must have heard of Wang Fan's grudge with me. He not only cut off many of my fortune, but also killed many of my good players."

"In fact, I have long wanted to eradicate this man, but I have never had a chance. This time, I want to cooperate with the leader of Li clan to eradicate this son and never suffer from it. "

Li Tianying listened to this and laughed, "Mr. dreamer, I appreciate your kindness, but I don't think I need your help, let alone the need for our cooperation."

His words were full of strong self-confidence, "this is Chuncheng, the territory of our daowumen. Even if Wang Fan has the strength to fight against our daowumen in Chuncheng, he will die."

"To kill Wang Fan, we can do it by ourselves, so there's no need to trouble you?"

Li Tianying was sneering at the same time.

It's really a wishful thinking for the dreamer. It's ridiculous that he wants to get a share even if he wants to kill someone with a knife.

Wang Fan, who is that? Both in the secular world and in the ancient martial arts world, there are prominent figures.

No matter who it is to kill Wang Fan, it will definitely benefit a lot.

If Wang Fan's strength is still at the peak, maybe Li Tianying will really choose cooperation.

But now, Wang Fan has been seriously injured, there is not much threat at all, he can completely deal with Wang Fan by Dao Wu men, why let Yuanmeng Pavilion get a share? This kind of business, Li Tianying naturally will not do.

"Ignorance."

Listening to Li Tianying's words, the dreamer didn't open his mouth, but the tall and cool woman behind him couldn't help opening her mouth.

She spat out two words, and the look in Li Tianying's eyes was full of disdain and disdain.

Li Tianying's face immediately changed. He moved his finger slightly. Behind him, a fierce man jumped out and pointed to the woman's nose.

"Who do you think is ignorant? I tell you, you should be polite to me, otherwise don't blame me for being rude! This is Daowu gate. It's not your dream Pavilion! "

The fierce man is arrogant and domineering.

"You're welcome?" The corner of the cold gorgeous woman's mouth cocked up. The next second, she rushed to the man in front of him like lightning, and waved her hand mercilessly.

Pop.

The clear and crisp voice resounded. The fierce man didn't react at all. He was pulled up and spat out his bleeding teeth. At the same time, he flew upside down and fell to the ground like a dog.

His black face showed surprise and disbelief, and more importantly, he was subdued and angry.

In his own territory, in Li Fu, he was beaten in the face by a foreign woman?

What a shame!

He can't afford to lose his face!

However, no matter how angry he was, he was helpless. Without waiting for him to get up, the cool woman had already flashed to him and stepped on him.

"You're a piece of trash. You want to be rude to me? Come on, tell me, how can you be rude to me? " Women are domineering and domineering.

"What are you going to do, what are you going to do, let him go at once!" The other members of Daowu sect suddenly changed their faces and took out their guns to point at the women. The atmosphere became dignified.

"You Ruo, don't be rude. Come back." The dreamer looked at the scene and then opened his mouth.

The woman named youruo hears the order of the dreamer and looks at the elite swordsmen with disdain. Then she slowly returns to the dreamer.

She has a leisurely look, and doesn't pay attention to the elite of the sword and martial arts with guns.

"Your honor, what do you mean? Do you come to our Daowu sect to provoke and fight?" Li Tianying's face was ugly and he looked coldly at the dreamer.

In his own territory, his own people were abandoned, or in the way of face beating, which is almost humiliating. He also felt that his face was hot and he didn't have any face at all.

"Mr. Li, I don't mean much. I just want to tell you that you are in the trap. You really need my help." The dreamer said slowly.

"What do you mean?" Li Tianying's face was ugly. He asked, biting his teeth.

Chapter 1025

"It doesn't mean much. I just want to tell the leader of Li gate that you've got Wang Fan's plan to divert the tiger from the mountain."

The dreamer said, "Wang Fan's serious injury is a fake. He wants to transfer your troops from Li Fu, and then kill Li Fu and kill you."

The dreamer also pointed to the elite behind Li Tianying, including the fierce man who was thrown to the ground by youruo, "you say, if Wang fan is killed in Li's house, you can stop it by your subordinates?"

"What?" Li Tianying's face suddenly changed when he heard this, "it's impossible! I'm sure he's seriously injured. How could it be a fake! "

"And I just received the news that Wang Fan's trace was exposed and he was running away. Now my people are chasing him."

"If his serious injury is false, why did he run away? I'm afraid that my 20 or 30 elites are not enough to make Wang Fan run away unharmed? "

Although Li Tianying said that, he was in a panic. If what the dreamer says is true, then he is really in danger.

"Stupid!" The dreamer sneered, "can't Wang Fan confuse you? If he doesn't appear to be injured, will you send a large number of people to hunt him down and make the Li mansion empty and give him a chance? "

"What's more, if he doesn't pretend to be seriously injured and confuse you, what do you do when you run away from Li Fu? Isn't his plan going to fail?"

The dreamer looked at Li Tianying with disdain. He didn't seem to understand how Li Tianying's

intelligence got to the present.

His tone was full of sarcasm. "If you think about it with your head, Wang fan can even destroy the ouyan family. Just a Xue family, even with a Dong Qinghu, is it possible to make Wang Fan seriously injured, and even to this extent?"

Li Tianying's face turned pale in an instant. He also realized that what the dreamer said was reasonable.

In fact, it's not that he's stupid. Deep in his heart, he doesn't believe that Wang fan is seriously injured.

Only when he wanted to kill Wang Fan too much, he forced himself not to think deeply and made such a crazy move of chasing Wang Fan in the whole city.

"Mr. Li, do you still need my help? If you need it, I will help you with all my strength, but if you don't, I will go now. "

The dreamer looked at Li Tianying's pale face, laughed and stood up slowly.

Although Li Tianying is not willing, but still clenched his teeth and stretched out his hand, "happy cooperation."

He didn't dare to gamble, because if he lost, his life would be lost.

"Happy cooperation." The dreamer also laughed, "next, you have to listen to me, otherwise, not only we can't kill Wang Fan, but we may even be killed by him. What does the leader of Li clan think?"

Li Tianying gritted his teeth and nodded, "OK."

Wang Fan did not know that the mysterious dreamer had reappeared, and he went to Li Fu.

At this time, he is frantically escaping.

He had blood all over his body and gunshot wounds on his body, but his eyes were calm and even gave off sharp light.

As the dreamer said, Wang Fan's serious injury is really false. His purpose is to overheard Li's house, then kill it and kill Li Tianying.

Originally, Wang Fan intended to use Li taikai to lead Li Tianying out of Li's house and then kill him. But now, he changed his mind.

If you can kill Li Tianying in Li Fu, the effect will be more shocking than killing Li Tianying outside.

"Wang Fan, you can't escape. Let's go. We may still keep your whole body. Otherwise, you will have no

way to escape."

"Stop and run, we're going to shoot!"

"Son of a bitch, don't force us!"

Dozens of Dao Wu men are chasing Wang Fan crazily and murderous.

They want to shoot very much, but shooting in such a place has too much influence. After weighing the pros and cons, they finally let go of their thoughts.

Wang Fan didn't pay attention to them, just ran down.

In a short time, he had rushed from the 17th floor to the third floor.

Hula.

More than a dozen people suddenly appeared from the front, each with a log stick more than one meter long and arm thick, which seemed to seep.

When they saw Wang Fan, they grinned and killed him crazily without hesitation or nonsense.

The wooden stick with thick and thin arms raised the sound of Huohuo Huo, and it blew directly towards Wang Fan's whole body. The momentum was very sharp.

Wang Fan looked at this scene, eyes a cold, hands suddenly grasp the side railing, a strong support, the whole person directly spin up.

Then his legs were like a rainbow and he swept out.

Dangdang.

A few sticks were swept away, but also a few elite were swept, fell back, knocked over a series of people.

Wang Fan didn't dare to stop. He picked up a stick on his toes and grabbed it in his hand. Then he blasted it out.

Bang!

With a loud noise, an elite was hit directly, fell out with blood, and rolled down the stairs, his head broken and bleeding.

Wang Fan didn't stop, and then he banged forward, and two elite were overturned, knocked down a

large area. In this narrow corridor, although there are many elite people, they can't form an effective joint attack at all. Wang Fan just dropped three or five people and fell a large area.

"Fuck him! Fuck him

I don't know who yelled. Then I grabbed the stick and smashed it at Wang Fan with both hands.

The momentum is fierce.

Seeing this, another group of people no longer dare to rush forward and follow suit. They wave their sticks and throw them at Wang Fan.

A large piece of stick towards Wang Fan, the scene is very terrible, if this is hit, even if not dead also want to peel.

If Wang fan doesn't have to pretend to be injured, he can completely shake up his inborn vigorous Qi. These sticks can't help him at all. In other words, he can easily avoid or shoot down even if he doesn't play the innate vigorous Qi.

But now, he has been seriously injured. He can't be sharp and eye-catching at all.

Wang Fan roared, grabbed the stick in his hand and swept forward.

Dangdangdang.

A series of sticks were swept out in an instant.

Of course, Wang Fan was hit by a few sticks, spitting out blood, looking very embarrassed.

Wang Fan didn't dare to stay. After flying the stick, he forced himself to bear the stabbing pain and rushed to the front group of people.

Boom, boom.

A series of noisy sounds sounded, and four or five people were overturned, knocking down a large number of people at the same time, pitifully fell down the corridor.

At this time, the pursuers from behind had already come, waving the sword and stick, and roared at Wang Fan.

Wang Fan's face changed. Without hesitation, he directly grasped the stick in his hand and threw it back.

Several young people rushing in front of them were swept back and fell to the ground with blood spurting. They collided with those rushing forward behind them, and a stampede occurred in an instant.

Some were knocked down, some tripped, and the scene was chaotic.

Wang Fan took a look at them. He didn't fight, and he didn't continue to rush towards the first floor. Instead, he grabbed the stick and threw it at the distant window.

Click.

While the window was cracked by the stick, Wang Fan also jumped up, directly broke the window and jumped out.

The height of the third floor, even if Wang Fan pretends to be injured, there is no problem in jumping out.

"Wang Fan jumped down from the third floor. Stop him. Do stop him!"

"He is now seriously injured, there is no deterrent, at all costs to win."

Several Daowu elite who had not been affected looked at the scene, reporting the news to their peers outside, and then ran through the window to chase them out.

Chapter 1026

After Wang Fan fell on the ground, he rolled forward a few times to cushion the impact, and then he stood up and ran into the community without looking back.

Seeing this scene, the elite of Daowu sect downstairs were more convinced that Wang Fan was seriously injured. They gritted their teeth and chased after him while notifying the rest of his companions.

Wang Fan's figure flickered a few times, then reached a place where no one could see, and then accelerated his figure out of the group's sight.

It's just a bunch of rubbish. If he didn't want to play with them and distract them, Wang Fan would have killed them for a long time.

Wang Fan took a turn and soon returned to the 17th floor. He came back to take Lu Xiaoai three people to leave, and then kill Li Fu.

What shocked him was that Lu Xiaoai had disappeared.

Wang Fan around the whole building has been around the community for two times, but still did not find any trace.

In desperation, Wang Fan left alone and killed Shangli mansion.

Half an hour later, Wang Fan came to the edge of the mountain.

He didn't disturb those elite swordsmen outside, but sneaked up.

Wang Fan side over the wall, while trying to avoid those infrared devices, try not to premature exposure.

But three minutes later, he was still exposed.

Do not know what he stepped on or hit what, bursts of harsh alarm rings suddenly rang up.

The elites of Li mansion heard the news and killed Wang Fan directly.

Wang Fan's face changed. Without hesitation, he immediately pulled out the shadow knife and cut it out mercilessly.

A long sword awn appeared, rolled up a strong killing power, and instantly caught six or seven people. While a series of blood mist sprayed, the six or seven people were directly hanged to pieces.

Wang Fan just planned to kill these people. At the same time of dining with Li taikai, he sprinkled a little powder in Li taikai's meal. The powder would give off a unique flavor and would not dissipate in 48 hours.

Wang Fan had such a trump card as Li taikai that he would dare to enter Li's house. Otherwise, he would kill like a headless fly. Isn't he looking for death?

A room.

Dreamer, Li Tianying and Li Tianying are sitting on their chairs and looking at the eight computers in front of them.

These eight computers display the situation of each camera in kurifu. As long as someone appears under the probe, the monitor screen of that probe will turn red and give an alarm.

And at this time, Li Tianying will quickly issue instructions, let the Gunners ambush in various positions to issue rockets.

Stabbing

all of a sudden, bursts of harsh sounds sounded, and then Li Tianying found that many monitoring images began to turn black one after another. When he found Wang Fan's trace again, Wang Fan had already rushed into the depth of Li Fu.

Li Tianying's face became ugly. Wang Fan rushed into Li Fu's deep place, so he had no way to launch

rockets without scruple. He didn't want to blow up the whole Li mansion into ruins without killing Wang Fan.

"Let's get out. Monitoring doesn't make sense. Let your people be ready for battle. Once Wang Fan appears, he will fire directly. "

"Even if the guns can't kill him, we have to give him a real heavy blow. Only then can we have the chance to kill him."

The dreamer stood up and said faintly.

Although Li Tianying didn't want to, he could only promise.

Wang Fan's strength is strong, and as the dreamer guesses, he has entered Li Fu. Now he has to rely on the dreamer to deal with Wang Fan.

Otherwise, he had to start the self destruction device of Li Fu and blow up the whole Li Fu to destroy Wang Fan. But in that way, Wang Fan will die, but so will Li Tianying.

Chapter 1027

In a spacious room, Li taikai was lying under the tea table, sweating all over his body, and he looked very nervous.

A machine gun stands in front of him. He grabs the handle with both hands, stops his fingers at the trigger position, and stares at the opposite door without blinking.

He naturally heard the movement of rockets outside. Afraid that Wang Fan would kill him here, he had been ready for the first time.

However, even if he is ready, there is still a panic in his heart.

Wang fan is so terrible that he is not a human being. Even if he has a machine gun in his hand, he has no confidence at all.

On the left and right sides in front of Li taikai, there were two people lying on their stomach, holding several guns in their hands, waiting for them.

In addition to the two men, on both sides of the door, there were two fierce men. The two men had no guns in their hands, but they were holding daggers emitting cold light.

Li taikai's idea is very simple. As long as Wang Fan comes in, they will kill Wang Fan directly.

Of course, he didn't expect the two men to really kill Wang Fan. He just wanted the two men to stop Wang Fan for a while and buy them time to shoot.

Even if the two men at the door only stopped Wang Fan for two or three seconds, and gave them the chance to shoot, three machine guns of crazy shooting, he would not believe that Wang Fan could not be killed.

Of course, the two men are also his cannon fodder. Their task is to buy time for themselves.

The only thing that Li taikai was afraid of was that the two guys at the door couldn't even fight for two or three seconds.

Of course, if Wang Fan didn't come to him, it would be better. It would be as if he had made preparations in vain.

No one spoke in the room, and the atmosphere was very dull.

They all looked at the door as if they were facing the enemy. They didn't blink. Even if the sweat ran to their eyelids, they didn't wipe them.

Li taikai even repressed his breath, and his body didn't even move.

Wang Fan soon came to the outside of Li taikai's room. If he had a meaningful look at the room, he couldn't help sneering.

He was aware of the smell of gunpowder and the murderous gas. He didn't have to think much about it. He also knew that there was an ambush in it.

Also, Li Fu even launched several rockets. Li taikai didn't plan to do it. That's strange.

Wang Fan didn't have much hesitation at all. He poured his right leg with his strength and directly put his foot on the door.

Bang, the heavy door made by hundreds of thousands of people burst in an instant. While the dregs were flying around, Wang Fan had already flashed in.

After he dodged in, he saw the two shooters with machine guns lying on the ground and Li taikai hiding under the coffee table.

Without hesitation, Wang Fan grabbed a few pieces of broken wood in the air with his right hand, and then nailed them to the two shooters.

Hiss.

The two shooters didn't respond to the two noises. The broken wood had been nailed into their heads. The red blood flowed out and the life was lost. There was no chance to shoot again.

At this time, the fierce man with the dagger on both sides of the door had already reacted, one before and one after, directly rushed to Wang Fan.

Wang Fan looked at them, only slightly a Leng, reaction over Li taikai, has not hesitated to press the trigger.

Dada dada.

The piercing gunfire resounded, just like setting off firecrackers. Countless bullets shot at Wang Fan's three people, and the momentum was terrible.

Wang Fan did not dare to be slighted at all. He lifted himself up in an instant and stuck to the top wall like a gecko.

On his body, the bullet also lifted out a few bloodstains, although painful, but not fatal. The two men with daggers had been screened by bullets.

They were just like mad sheep, and their bodies were choking, their blood was constantly shooting out, and finally they fell on the ground.

As for the wall behind them, it was already full of holes. It's terrible.

Li taikai's face changed. He didn't kill Wang Fan. He couldn't even see where Wang Fan had gone.

A deep fear came, and his scalp began to tingle.

"Li Shao, you are really a cruel means. In order to kill me, you have spent a lot of money. You even used cannon fodder at the cost of human life."

Wang Fan's abusive voice came out. The next second, he jumped down like a ROC and stepped on Li taikai's coffee table.

Click.

The thick glass tea table broke in response to the sound, and Wang Fan's toes were on Li taikai's back.

Li taikai spat out a mouthful of blood, and his hands immediately broke away from the machine gun.

Without hesitation, Wang Fan points out again and kicks the machine gun out.

Li taikai's face changed greatly. After the machine gun was kicked out by Wang Fan, he didn't hesitate at all. His body suddenly rolled back. Then he put his hand into his pocket for the first time and roared ferociously.

"Don't come here, don't come here, or we'll die together!" His eyes were full of madness, "I tell you, I have a bomb, a bomb! As long as you dare to move me again, I'll pull the insurance, and then we'll all die, we'll all die! "

It's all over the place.

At the same time of speaking, Li taikai also pinched out a grenade in his hand, with a strong atmosphere.

Wang Fan looked at this scene, eyelids jump, "Li Shao, are you sure you want to die with me?"

"What's the matter?" Li taikai changed his previous servility to Wang Fan and became extremely arrogant. "Anyway, Laozi is already like this, and he is not afraid of anything."

"On the contrary, it's you wang Shao who have a bright future. If I can help you, I've already made money."

Li taikai yelled in his hoarse voice, and his other hand pointed to Wang Fan crazily, "kneel down, kneel down for me, or everyone will die together!"

"I know you are very powerful, but I tell you, this is a grenade. As long as I pull the insurance, it will be in ruins for a kilometer. Are you confident that you can escape?"

Wang Fan looked at the scene and laughed, "Li Shao, I thought we were friends, but now it seems that I was wrong."

"You really want to kill me, first you use cannon fodder at the cost of human life. Now it's a grenade again. What a hate it must be. "

Wang Fan's tone was a little regretful. "Originally, I thought that the grudge between me and your father was just a matter between me and him. It doesn't affect our relationship, but now it seems that I'm wrong. "

"Fart!" Li taikai growled, "friend? Who the hell is your friend? You've forced our father and son out of the capital like dogs, and now you've killed them in Chuncheng and Li's family. They're also called friends

"I tell you, I don't have a friend like you. If you don't want to die, just kneel down or get out. Otherwise, don't blame me for pulling you on your back and dying together! "

Li taikai pointed to Wang Fan crazily, his face was ferocious, and his voice was full of hatred. "Don't think I don't know. You come to me to threaten my father with me."

"Besides, if you can find it here, you must have done something to Laozi. You even have the face to say "friend, I Pooh!"

Wang Fan listened to this, couldn't help laughing, "Li Shao, you really misunderstood me, I absolutely didn't take you to threaten your father's meaning."

"I came to you just to show you the way and let me find your father. After all, your Li mansion is too big. I can't find your father's position without your guidance. "

"What's more, it's your Dao Women who first attacked Wang Fan, but it's not my Wang Fan who first provoked you. You have to make it clear."

Wang fan is too lazy to continue his nonsense. "Well, I won't say anything superfluous. Li Shao, take me to your father. As long as you cooperate well, I can save your life, otherwise, I will do my best. "

Chapter 1028

"Hard hand? Leave me alone? " Li taikai completely furious, he crazily raised the hand thunder in his hand, "did you make a mistake?"

"I have the bomb, and I have the initiative, OK? Don't you believe that I have the courage to die together? Shall we make a bet? "

Wang Fan frowned, "Li Shao, you really don't cooperate with me? If I don't get down on my knees and go back, you must die together. No discussion? Are you sure that the thing in your hand can blow me up? "

"Don't talk nonsense. I'll try to blow it up or not. I asked you, "do you dare to gamble?"

Li taikai raised his head and said angrily, "cooperate with you? Don't dream! I'll tell you, there's no cooperation, no negotiation. "

"On the count of three, if you don't kneel down or retreat, I'll immediately detonate the grenade and die with you. If you don't believe it, let's try. "

"Ah." Wang Fan sighed, "Li Shao, I really don't want to be like this. If you don't take the chance, don't blame me for being rude. "

Words fall, his right hand a shake, swish a, shadow knife scabbard, directly cut off Li taikai right arm.

When Li taikai felt pain, his right arm was out of his control. The grenade in his right hand is not controlled by him.

If Li taikai was born in the early days, even if it was the peak of the day after tomorrow, Wang Fan might take care of the distance between them. Maybe he really has the ability to burn both jade and stone.

But Li taikai, an ordinary man, didn't even touch the threshold of Neijin. He had no chance to detonate

the bomb in front of Wang Fan, unless the distance between them was too far.

"Ah

After a long time, Li taikai couldn't help crying bitterly. He covered the wound with his left hand, but he couldn't stop the blood.

"Li Shao, would you like to take me to your father now? Don't worry. If you don't want to, I won't force you. "

Wang Fan looked at Li taikai, whose face was distorted by pain, and asked faintly.

"I don't know." Li taikai just said a word, Wang Fan's face changed.

He didn't hesitate half a minute, his body took off in an instant, and rushed out toward the distant window.

Boom, boom.

Almost as soon as he jumped out, the bombs and rockets burst out, and the flames rolled over, blowing the whole house into ruins. As for Li taikai, it is estimated that there are no bones left.

The hot waves beat on Wang Fan, and Wang Fan's eyelids jumped straight. He only felt the burning pain.

He doesn't understand. Is Li Tianying crazy? In order to kill himself, he even ignores his son Li taikai's life. Is that too cruel?

Wang fan can't think about it at all. He has already seen several bombs, grenades and rockets shooting wildly.

This situation is like a war, full of fire.

Wang Fan dare not neglect, all the way running, the last head into a huge swimming pool.

Even so, he has been injured and his fighting power has been sharply reduced by at least 30%.

"Asshole, son of a bitch, you can't do this, you'll die! The dreamer, you treat me like this. The people behind me will not let you go. "

In one of the halls, Li Tianying roared wildly.

He was kneeling on the ground by two people, his eyes were red and bloodthirsty, staring at the dreamer sitting in front of him with a crazy look.

The previous shells, bombs and rockets were fired by the dreamer. Otherwise, how could he kill his son?

In this hall, there are dozens of people, more than a dozen of whom have been left on the ground, stained with blood, and completely lost their combat effectiveness.

In order to help Li Tianying, the dreamer sent another 20 elite dreamers.

After the 20 men arrived, they immediately took control of Li Tianying, his subordinates and the Gunners.

"Mr. Li, those who do great things should not stick to small things. You don't know the strength of Wang Fan. How can you succeed without paying a price to kill him? What is the sacrifice of a son? "

The dreamer's smile was very soft and his tone was not urgent. He didn't take Li Tianying's threat to heart at all.

"Damn, you are such a son of a bitch. Now I find out that the most wrong thing I've ever done in my life is to believe your lies."

Li Tianying's anger could not be vented. "If I had known this, I might as well have led Wang Fan to die together, or died directly in Wang Fan's hands."

"I tell you, the people behind me will not let you go, you will die hard, you will die hard."

Now he finally understood that it was true that the dreamer came to help him. However, the dreamer also wanted to destroy his Daowu sect.

Otherwise, how can we launch a gun and tear the skin?

"You are wrong." The dreamer laughed and said, "it's Wang Fan who killed you, not me. On the contrary, I avenged you for Li Tianying and Dao Women. ""You say, how can the big man behind you blame me? Not only will they not blame me, but they will reward me. "

Insidious, vicious!

Li Tianying's face turned pale with a bang in his head. He wanted to kill those who realized his dream, but unfortunately the situation was not up to people and he was unable to return to heaven.

"Open fire, continue to blast me, even if the whole Li mansion becomes ruins, we will kill Wang Fan at all costs."

The dreamer's mouth spits out cold words, and his eyes twinkle.

That's right. The purpose of his coming to Li's house is to destroy Daowu's gate, besides killing Wang Fan

with the help of the favorable resources of Daowu's gate.

The dreamer is very ambitious. How can he allow daowumen to share the world with himself?

He wanted to destroy Daowu sect for a long time, but because Daowu sect was close to the ancient martial sect and even involved the angry fist sect, he couldn't find a chance and didn't dare to do it easily.

What's more, Li Fu is easy to defend but hard to attack. With the powerful firepower of Dao Wu sect, even if he does it, he may not be able to destroy Dao Wu sect. So he has been enduring it.

This time, he not only successfully led people into Li Fu, but also killed Wang Fan with Li Fu's resources. It was a good chance to kill two birds with one stone.

Boom, boom.

With the voice of the dreamer, one rocket bomb after another flew out.

In less than five minutes, except for the hall where they were and the one kilometer area around the hall, all other parts of Li Fu were destroyed by artillery.

The heat is rolling and the fire is burning.

Li Tianying looked at the burning Li mansion, his heart was like a knife.

This is the mansion that Li Tianying spent most of his life building. In just a few minutes, it turned out to be like this.

Sad, desolate.

At a certain moment, the gunfire subsided, and the dreamer gave an order, "search for me, all the people alive, kill them. I don't believe it. In this case, Wang fan can survive. "

"Yes More than 20 experts who realized their dreams heard the order and directly dispersed.

Their goal is to kill the living. Whether it's Wang Fan who survived or the elite of Daowu sect in other places, they will kill him directly.

Of course, in their mind, under this kind of firepower, it is estimated that there will be no survivors. Everyone has been bombed to pieces, not even bones.

As for Wang Fan, even if he is still alive, most of them have only half a breath left. They just need to make up one more shot and one more knife.

As long as they kill all those who are lucky enough to survive, they are already completing the task of killing Wang Fan.

Chapter 1029

At the bottom of a swimming pool, Wang Fan lay down, motionless.

Most of his clothes had been cut, and his body was also scarred, bloody, and looked extremely miserable.

The whole swimming pool has been cracked. The water in it either flows out or evaporates completely, leaving only one bottom.

Wang Fan felt like the whole body was upset. He bit his teeth crazily, buffering the impact and washing the injury with internal Qi.

Fortunately, the swimming pool is big and deep, and there is enough water. Otherwise, there would have been no Wang Fan in the world.

It's dangerous.

It's a damn close.

Wang Fan has killed Li Tianying thoroughly.

If he doesn't defeat Li Tianying, if he doesn't uproot Dao Women, he won't be called Wang Fan.

"Brother, look, there is a man in the swimming pool." A voice suddenly came out, two men appeared at the edge of the swimming pool.

They point to Wang Fan lying at the bottom of the swimming pool in disbelief. It's incredible.

After they were ordered to come out, they had been wandering around Li Fu for more than half an hour, let alone human beings. They didn't even see an ant.

Wang Fan was the first person they met.

Although Wang Fan's whole body is scarred and bloody, and the water that barely drowns his body has been dyed red, Wang fan is indeed the first intact person they see.

Even if they know, Wang Fan has no life.

"This guy is lucky. He's dead, but he left a whole body. You wait here. I'll go down and mend it

Another man said, and without waiting for his partner to respond, he directly drew out a big knife,

jumped out of the swimming pool and walked towards Wang Fan.

Although he doesn't think Wang Fan in the swimming pool is still alive, in order to avoid accidents, it's better to make up for the hidden danger.

The water in the swimming pool was not deep enough to cover his legs. The man stepped on the blood and soon came to Wang Fan.

Without any hesitation, he raised the sword in his hand and stabbed Wang Fan in the back.

The knife is sharp and resolute.

But soon, his face changed.

See originally that motionless Wang Fan, unexpectedly suddenly moved.

Wang Fan just turned over, and the tip of his knife stabbed the ground at the bottom of the pool, making a warning sound.

Then, without waiting for him to recover, Wang Fan had jumped up abruptly, and the shadow knife cut his throat directly.

Hiss.

Blood splashed, the man fell straight to the ground.

He couldn't figure out how he didn't blow up Wang Fan because of the powerful firepower before? If you don't blow up Wang Fan, how can Wang Fan break out such a powerful fighting force?

"Wang, Wang Fan?" The young man in the distance looked at the scene, and finally saw Wang Fan's face clearly. His face changed greatly.

As a member of Yuanmeng Pavilion, he came here specially to kill Wang Fan, so he was no stranger to Wang Fan. Even if he didn't really meet Wang Fan, he had seen Wang Fan's photo.

"Oh, you know me?" Wang Fan looked at the young man and spoke slowly.

"I don't know." Youth Leng for a while, is about to speak, Wang Fan has whew but flash, lightning toward him.

The young man's face changed wildly. He grabbed the big knife in his hand, and then frantically cleaved to Wang Fan. At the same time, he roared, "Wang fan is not dead, he is here!"

Dangdang.

Wang Fanying waved the knife, and the young man in the hands of the knife to the bomb several times, and then a foot on his chest.

Click.

With a crack sound, the young man's sternum was crushed in an instant, and the whole man flew out, and the big knife in his hand also fell to the ground.

Wang Fan no nonsense, lightning forward, fingers crazy point in his throat, so that he can not make a sound at the same time, the other hand carrying him quickly left here.

Whoosh, whoosh.

Almost as soon as he left, more than a dozen congenitally strong people rushed here crazily.

They took a look at the dead young man, another glance at the direction of Wang Fan's departure, and then ran after him crazily.

Wang Fan was shocked.

When did Dao Wu men have so many strong men? Why didn't he know?

Wang fan can clearly feel that those who pursue him have the lowest strength in the early congenital stage, and even the most powerful have reached the half step congenital peak.

Dao Wumen has such a strong lineup. Why doesn't Li Tianying send out to kill Wang Fan? Instead, he stayed in Li Fu?

It doesn't make sense. It doesn't make sense at all.

If at ordinary times, even if these people lineup again strong, Wang Fan will not put in the eye.

But now, under the impact of artillery, his strength fell sharply, but he had to flee.

Soon, Wang Fan grabbed the young man and came to a house that was bombed out of shape. He threw the young man straight to the ground and said coldly, "I'll ask you, or you'll die." With that, no matter whether the youth agreed or not, his fingers flew faster on his throat.

Young man Leng for a while, in Wang Fan untie to his voice control at the same time, he immediately opened his mouth, ready to shout.

Unfortunately, he didn't cry out. Instead, he felt a sore throat and a stream of blood rushed from his throat to the corner of his mouth.

Hiss.

A mouthful of blood spurted out.

"It seems that you are very dishonest. In that case, don't blame me for being impolite." With a cold smile, Wang Fan raised his foot and stepped on the young man's left arm mercilessly.

Click.

The young man's left arm broke in an instant and felt a deep pain. But he didn't scream, but his face was distorted by the pain.

"Wang Fan, I have nothing to answer you. It's my misfortune to be defeated by you. The Lord will take revenge for me. "

After the young man gasped for breath, he stared at Wang Fan and said something gloomy, then without hesitation, he punched himself in the head.

Bang.

The head is broken.

Wang Fan looked at the scene, his eyes couldn't help squinting.

He didn't expect that this guy was so tough and strong that he chose to commit suicide without hesitation.

But the other side of the mouth of the pavilion, but it is to make Wang Fan surprised.

Isn't Li Tianying the leader of Daowu sect? How did he become the leader of the pavilion?

Is it the dream come true pavilion?

Thinking of this, Wang Fan's eyes suddenly condensed into a needle.

Yuanmengge and Wang Fan have a deep hatred, which is arguably greater than daowumen and Wang Fan.

But Yuanmeng Pavilion is very mysterious, Wang fan can't find its old nest at all.

In addition, yuanmengge has not attacked him recently, so he almost forgot the enemy of yuanmengge.

I didn't expect that at such a time, the dream Pavilion came out again.

It's also true that the daowumen dream Pavilion is supported by the ancient Women school, and it's normal that there is some connection between the two.

It's just that Wang Fan still doesn't understand why they all work for the ancient martial arts school. Why is Yuanmeng Pavilion so powerful? All the people are experts, and the people of Daowu sect are so bad?

To tell you the truth, Wang Fan hasn't met several decent masters in Daowu sect. Xiong Zhan, who barely reached the middle of his life, is the most powerful man in Daowu sect that Wang Fan has met so far.

Wang Fan just thought of here, face is a change, can't help looking to the door direction.

Saw a mask man to take 18 people to walk slowly to come in.

After the eighteen people came in, they took a look at the dead companion who fell on the ground. Then they quickly dispersed and surrounded Wang Fan.

Wang Fan did not pay attention to them, but looked at the masked man, his eyes flashed doubts.

This masked man gives him a familiar feeling.

Chapter 1030

But no matter how Wang Fan racked his brains to think about it, he didn't come up with his identity.

Crackle.

The sky, which had been clear for thousands of miles, suddenly became black clouds, thunder and lightning, and big raindrops fell down.

The heat wave that was bombed by the artillery was scattered by the rain, giving a cool feeling.

"I haven't seen you for a long time. Wang Shao's style is still the same. The leader of dream Pavilion and his 18 generals have met Wang Shao."

The dreamer ignored the changeable weather outside and bowed to Wang Fan.

He is polite and gentle. It feels like an old friend who hasn't seen him for a long time.

"Long time no see?" Wang Fan laughed, "it seems that you are really my old friend, but why don't you take off your mask and meet each other honestly? Mr. Wang is stupid. Some of you can't identify yourself. "

When Wang Fan was talking, the remaining light of his eyes swept over the eighteen masters who were scattered and standing, and his Qi was rolling wildly, ready to attack at any time.

These 18 people pose a great threat to him. We must be prepared and careful. Otherwise, I'm afraid it's really hard to leave here today.

Wang Fan also wanted to hold the dreamer in the shortest time, but the dreamer was too cautious. He not only stood a little far away from him, but also gave him a sense of danger. Obviously, his strength was not bad.

He wants to break up in Wang Fan, soft and hesitant, seize the empty, suddenly flash, right leg like thunder, point to youruo waist.

With so many and so powerful enemies, he must not take them lightly, let alone waste his physical strength. He must also solve them in the shortest possible time.

You Ruo feels Wang Fan's attack and his face changes greatly!

She never thought that Wang Fan, who was bombed by the artillery, was so terrible and powerful.

She just wanted to get away and hold out her arms to block Wang Fan's strong kick, but it was at this moment -

bang!

A loud noise, Wang Fan's right leg has been vicious point on her waist.

Quick and tough!

Youruo only felt a strong force coming, and the bone and flesh around his waist cracked in an instant. At the same time, he spat out a few mouthfuls of blood.

Her whole body, like a broken kite, flew backwards, blood stained the sky.

After falling to the ground, she was on the verge of death and couldn't get up any more. But the look in Wang Fan's eyes was full of endless anger, fear and malice.

"Son of a bitch, how dare you hurt you?" An angry voice came, and one of the men who came in with you Ruo spoke fiercely.

Wang Fan laughs, "you, want to fight with me alone?"

His single words made the 18 people move slightly. The next second, Wang Fan had killed them like lightning.

The dreamer looked at the scene, eyelids straight jump, "together, kill him!"

At this time, where did he not realize that he had been hit again?

Wang fan is so insidious!
