

## **MIGHTY SK 1041**

### **Chapter 1041**

"Wait a minute." At the moment when Heba counted to two, Wang Fan could not help but speak.

His voice was a little weak, obviously short of breath, "I can surrender, I can tell you how many people there are on the mountain, but how can I believe you won't kill me?"

"If I tell you what you want to know and you want to kill me in the end, don't I have no place to cry?"

When he heard Wang Fan's words, he could not help grinning.

He is not afraid of Wang Fan's hardness, but he is afraid that Wang Fan will not open his mouth. As long as Wang Fan opens his mouth, his goal will be achieved.

There is another reason why he didn't kill Wang Fan besides wanting to know what he wanted to know.

That is, Wang Fan's strength is beyond his expectation. He wants to take Wang Fan as a hostage and then threaten the dreamer to come out.

According to Heba's idea, it was impossible for Wang Fan to avoid and survive the previous round of shooting, but Wang Fan survived.

That is to say, Wang Fan's strength is not bad even among the congenitally strong in the dream Pavilion.

He can take down Wang Fan as a chip to lure the dreamer to show up.

Of course, he didn't know much about the dreamer. If he knew that the dreamer didn't pay attention to the life of his subordinates, he would not think so.

"What do you want? How can you trust us? Even though I have killed countless people, I am still faithful. If I say one, I will never say two. "

Heba looked up at Wang Fan and asked.

"I don't want to do anything, just one request, let your people move the muzzle of the gun, and then I go out, OK?"

Wang Fan said here, coughing twice, and his voice was even weaker. "After all, I'm going to surrender. It's not appropriate for you to point a gun at me again, right?"

"If I go out and the gun goes off, won't I be wronged to die?"

"It makes sense." Heba laughed. He didn't let his subordinates just move the muzzle of the gun. Instead,

he said, "put away your guns. Don't let them go off."

When they heard the order of Herbert, they put away their guns without any nonsense.

"Are you satisfied now? Are you ready to come out? " Heba looked at Wang Fan again and said with a smile.

He was not afraid of Wang Fan playing with a moth at all. In his eyes, in this case, Wang Fan just allowed his fish to exist.

"Of course." Wang Fan slowly showed his head, but the next second, he had suddenly raised his gun and pulled the trigger one after another towards Heba and the people around him.

Come on, come on.

Dense gunfire resounded. Wang Fan shot ten bullets at a time, and nine subordinates of Heba suddenly shot a mass of blood mist. They immediately fell to the ground and died miserably. Only one bullet failed, and one person escaped.

That man, it's Heba.

Wang Fan's face changed at the moment of shooting. He took a small step to the left as fast as he could, and his head deflected. The bullet rubbed against his right brain, only with a layer of skin.

"If you dare to fool me, you are looking for death!" He BA's face suddenly became ferocious. He put the gun away and strode toward Wang Fan.

He was full of murders.

He has killed countless people all his life. He is famous for his evil reputation. Today, he was teased by a mole ant in the dream house. How can he bear it?

These people here are all the experts he cultivated carefully. Now they are killed by Wang Fan. It's just unbearable.

Before, the reason why he didn't let his subordinates into Wang Fan's attack range was not that he was afraid of Wang Fan, but for the safety of his subordinates.

The most important thing is that he has the idea of capturing Wang Fan alive, so he should not be forced too hard.

But he never thought that he would be teased by Wang Fan and kill his nine subordinates in one breath.

I can't bear it. I can't bear it!

He was also shocked. How could the people of dream pavilion have such accurate shooting skills?

With this kind of shooting method, I'm afraid they've already wiped out all the Daowu men on it?

I don't understand. I really don't understand.

Wang Fan did not expect that Heba could evade his own bullets. Looking at Heba with anger, he felt his momentum. Wang Fan's eyelids could not help jumping.

Congenital metaphase!

It turned out to be the congenital middle stage!!!

He immediately stopped the idea of continuing to kill the subordinates of Heba, and directly shot all the five bullets in the gun at Heba.

Five bullets roared in, three were dodged by Herbert, and two hit him.

Even if he Ba is in the middle of his life and has a strong Qi to protect his body, the gun in Wang Fan's hand is not a shotgun after all, but an elite weapon of Dao Wu sect.

Whether it's a gun or a bullet, it's all special.

The bullet hit him, instantly broke the innate vigorous Qi on his body surface, and raised a mass of blood fog.

Although it didn't bring much injury to Herbert, Herbert was injured after all. Wang Fan looked at the scene and couldn't help sighing.

With the fall of his strength, his action can't keep up with his consciousness. If it is the peak period, his five bullets will be fired at the same time, at least four bullets will hit Heba.

Moreover, even if he did not die, he would be seriously injured. He would not be slightly injured as he is now.

Of course, if it's the peak period, Wang fan doesn't need a gun at all. He can kill Heba with a knife.

But now, it's useless to say that.

"Son of a bitch, you dare to play with me, Herba. If I don't frustrate you today, I swear I won't be a man!"

Heba felt the hot tingling on his forehead, and his veins burst out, which made him crazy.

He roars and pours at Wang Fan.

It's like a tiger eating sheep!

How could Wang Fan fight with Heba? He flashed and killed his subordinates directly.

The subordinates' faces changed a lot when they took out their guns again.

Wang fan face their action, the footstep does not have the slightest pause, in an instant already rushed to two of them.

Before the other party came and aimed at pulling the trigger, his hands became a knife and slashed them hard in the head.

Come on.

Two sound, two people's brains were directly crushed to death, Wang fan is quickly grabbed the gun in their hands, rushed to the back of the bunker.

Come on, come on.

Almost at the moment of Wang Fan's departure, a series of bullets had been fired, which made the two men into a sieve.

Wang Fan's heart leaped wildly. He didn't dare to move when he was lying in the bunker. He was afraid and lucky.

The other side's crazy firepower, though fierce, made him very dangerous, but it also stopped Herbert's pursuit and gave him time to breathe.

Compared with the crazy firepower of the ten subordinates of Heba, Wang Fan thought Heba was more dangerous.

Through the fire pause gap, Wang Fan holding a double gun, launched a reflection.

He originally thought that with these two guns, he could shoot the remaining ten people and even bring heavy damage to Heba.

But Wang Fan did not expect, two guns add up to only seven bullets. Don't hurt him. He can't even kill all his subordinates.

Another seven people fell to the ground and died miserably. Heba became more and more crazy. The other three also became hairy.

But they soon found out that Wang Fan had no bullets.

In their heart a joy, regardless of everything to continue to raise the gun, posture will be shooting.

But at this time, Wang Fan has already thrown out the double guns in his hand.

Two people were shot with two guns, their heads exploded, and they died immediately. The other shot several bullets.

Every inch of Wang Fan's muscle is tight to the extreme. With the sense of danger and Ling min's body method, he dodges the bullet and dodges to the last person in an instant.

The man's face changed wildly. He grabbed the gun and wanted to hit Wang Fan. But Wang Fan grinned. His hands suddenly leaned forward, grabbed his head and twisted it.

Click.

His neck was broken and he died.

At this point, twenty-one cadres and generals of Heba were annihilated.

Wang Fan killed the last one, and then he looked back at Heba, with a strong killing in his eyes.

King to King!

## **Chapter 1042**

"You are not from the dream Pavilion. Are you wang fan?" At last, Heba recognized Wang Fan.

He looked at Wang Fan, eyes full of shock, anger, incredible, but also mixed with a hint of fear and fear.

He Ba how all didn't think of, oneself take a person to snipe to kill to realize dream Ge congenital superior here, unexpectedly sniped to kill to Wang Fan's head.

He finally understood why the other side's shooting was so good. It is said that Wang fan is not only powerful, but also skillful in shooting. It is not surprising that he has this kind of shooting.

The name of people, the shadow of trees, the prestige of Wang fan is too big, and it is also the prestige accumulated with countless bones. Even though he knew that Wang Fan had been seriously injured, he still had some fear when he really faced it.

The higher the strength, the higher the status, the more you will understand Wang Fan's terror.

"That's a lot of crap." Where does Wang Fan want to talk nonsense with this guy? Once he attracts a

He spat out four words in his mouth, his whole body was full of energy, and he rushed towards Herbert crazily.

Wang Fan's speed is extremely fast, set off a strong wind, immediately rushed to the front of Heba, boxing style dance, set off Huo Fengming, blow out eight fists in one breath.

When he saw Wang Fan rushing, his eyelids jumped, and ferocity appeared on his old face. He met Wang Fan without hesitation.

He can feel that Wang Fan's strength is not as terrible as he thought, so he has no fear, and has a direct confrontation with Wang Fan.

The collision of the two fists made an earth shaking sound, and the ripples of the strength of the Qi were moving around crazily. The sound of sniffing in the air was even louder.

His face was completely pale, and the corners of his mouth were covered with blood. Even his fists had turned red, shocking.

"If that's all you have, then you can die. Today, at the foot of the mountain is the place where Wang Fan buried his bones! "

With a ferocious smile, he suddenly put his right leg on the ground. When there were countless cracks in

the ground, he continued to rush towards Wang fan like a tiger.

At this moment, the momentum of the congenital middle stage completely broke out, and his face was full of murderous and ferocious.

The momentum is sharp!

It's unreasonable!

Obviously, he was afraid of a long night and didn't want to give Wang Fan a chance to breathe or turn over.

"If you want to kill Wang Fan, it depends on whether you have that ability or not!" Wang Fan, with the same sneer, bit his teeth and stood up. Then he breathed and welcomed him crazily.

Fight to the death!

Bang!

The two fists collided and made a terrible noise again.

Wang Fan spewed out a big mouthful of blood and flew out again. His eyes were full of anger, unwilling, and a trace of sadness.

He Ba laughs, "ability? Of course I, Herbert, have the ability

He pointed to Wang Fan, "Wang Fan, I admit you are very powerful and powerful. If you are at your peak, I, Herba, will never be your opponent. I don't even have the courage to fight you. When I see you, I will roll as far as I can. "

"But now, the situation is different. You, Wang Fan, have been bombarded by artillery and besieged by innumerable experts. Now you have no strength. How can you compete with my inborn Heba?"

"So today, you can only die! In the face of absolute strength, your struggle and resistance will be meaningless! "

He Ba said with a grim smile, and then he hit the ground again with his right leg and went crazy to kill Wang Fan.

Fierce momentum!

Wang Fan eyelids straight jump, suddenly lift gas, cross arms block in the chest.

Bang!

Almost as soon as he had finished this movement, Herbert's heavy right leg was on his arms.

Click!

A slight sound of bone fracture was heard by two people. Heba's right leg pressed Wang Fan's arms and continued to hit Wang Fan's chest.

Wang Fan again spurted out a big mouthful of blood, the whole person fell to fly out, and the arms all drooped down.

It's terrible!

His eyes were full of anger, full of frustration, full of reluctance.

It seems very intolerable that he will die in the hands of the mole ants like Herba. "Not convinced? Hold back? Ha ha, it doesn't matter. I can understand it! After all, you, Wang Fan, are a fierce man at the top of your nature, but you can destroy the whole ouyan family with one person's strength. "

"You are such a fierce man, but today you have been planted on a mere inborn hand of me. Of course, you will be unconvinced."

"Unfortunately, that's your life!"

"Die

When he looked at Wang Fan's expression, he was more happy.

So what if you want to die in my hands?

He was very proud to be able to kill Wang Fan and witness Wang Fan's death.

At ordinary times, he didn't even dare to dream about such things.

He Ba grins grimly, still has not given Wang Fan any breathing opportunity, once again madly pounced on.

People in mid air, his big foot has stepped down, hard pedal to Wang Fan's face.

Heba had obviously expanded a little, and he even wanted to kill Wang Fan in this almost humiliating way.

Wang Fan looked at this scene, and finally his eyes lit up, and his eyes couldn't help squinting.

Isn't it just for this moment that he has endured humiliation for so long?

Before, Heba was too cautious to show his flaws and didn't give him a chance. Now, finally, it's time to give him a chance.

Wang Fan madly urged the remaining internal force in his body, and his spirit was completely concentrated.

At the moment when Heba's big foot was about to kick him in the face, he suddenly moved.

His right hand trembled.

Whoosh.

Shadow knife directly with a nearly tricky angle split out.

Whoa!

A blood mist suddenly surged up, and the shadow knife cut it directly from the bottom to the top between his legs, raising a large blood mist.

After Wang Fan split the knife, he did his best and rolled to the side.

Bang!

Heba fell to the ground, his expression was completely stiff, "your hand, your hand"

he was very incredible, Wang Fan's arms were broken, how could he split such a knife?

"What's wrong with my hand? It seems that today it's not you who killed me, but I who killed you. At the foot of the mountain, it's not my Wang Fan's burial place, but your Heba's burial place. "

Wang Fan difficult spit out a word, the right hand grasps the shadow knife, directly as the concealed weapon ruthlessly threw out.

Whoa!

The shadow knife was directly nailed into the heart of Heba, killing his last life.

Wang Fan sat on the ground and gasped for breath. Then he got up and took out the shadow knife from Heba and left here quickly.

He's really, really weak now. Let alone Heba, I'm afraid that a big wolf dog will kill him.

**Chapter 1043**

After Wang Fan left the mountain, he went directly to the place where Zhang Jun took him to live.

Now that he is so weak, he dare not live in a hotel or a hotel, and dare not run around outside. If he meets someone from daowumen or yuanmengge, it will be miserable.

What's more, now he's covered in blood. If he goes to a hotel or a hotel, they can't call the police?

Although Wang Fan also knows that strictly speaking, Zhang Jun's residence is not very safe. But now he has no way, because he really has no place to go.

Fortunately, it's early in the morning and there are not many people outside. Otherwise, Wang Fan, who is covered with blood, will definitely cause a sensation in the community.

Wang Fan soon came to the 17th floor, to the door of the room where he lived before.

To Wang Fan's surprise, there was no one in the room.

His heart clapped for a while, there is a kind of not very good premonition, difficult not to become Lu Xiaoi and others have an accident?

But in this case, Wang Fan did not care to think so much. He took out the silver needle, opened the door and went in directly.

The next day, an explosive news spread all over Chuncheng.

Dao Wu gate, which is deeply rooted in Chuncheng, was taken away overnight.

When Li Fu was bombed, Li taikai, the leader of Li Tianying's family, died miserably. From the top to the bottom of Daowu's family, there were countless casualties.

Only Huo Yao, the first battle General of Daowu sect, escaped the disaster and disappeared.

Overnight, in the spring city, the Dao Wu gate, which was as deep-rooted as the earth emperor, fell apart. It was incredible and dreamy.

But the bloody fact is in front of us, but people have to believe it.

Countless ordinary people applauded, but also countless forces emerged. Their tusks extended to the industries of daowumen, trying to take over the plate and share a share.

Of course, Wang Fan didn't know the news and didn't have the heart to pay attention to it. He was still hiding in his room to rest and heal.

His injury was really serious. In one night, although the injury was better, the internal injury was not

better.

His strength is only 10% recovered, not to mention congenital, even the level of the day after tomorrow has not recovered.

Click.

A subtle voice came, Wang Fan suddenly opened his eyes.

Someone came in and opened the door with the key.

Wang Fan's heart clattered for a while, quickly and carefully went to the door of the bedroom, opened a crack in the door, and looked at it with a little tension.

His current strength is not even the day after tomorrow, and he has a sense of crisis in his heart. If someone from Daowu sect comes to the door, he really doesn't know how to die.

The door opened quickly and a woman of twenty-five or twenty-six came in.

The woman was wearing a white short sleeve loose top and a small piece of jade white shoulder.

She is wearing a pair of white casual short hot pants, two straight legs exposed, emitting a crystal luster, very young, very fashionable.

Her appearance is also very beautiful, delicate oval face, close frown willow eyebrows, fragrant lips are also painted with light color lip gloss, giving people a feeling of palpitation.

Wang Fan took a look at the woman and felt relieved.

At a glance, he saw that the woman had not learned martial arts. She was just an ordinary girl without threat.

But Wang Fan some don't understand, this house is not Zhang Jun's, how Zhang Jun didn't come back, but came to such a girl, it's difficult that this girl and Zhang Jun have any relationship?

Wang Fan hasn't figured out how this is going on. With a bang, the girl has closed the door with her backhand bang. Then she leans her back against the door and claps her hand on her chest. She is very relieved.

Looking at her like that, she seemed to be hiding from someone and being chased by someone.

Wang Fan looked at the scene, is going to go out to ask what happened, the girl has come to his room.

The goal is clear.

Wang Fan looked at the scene, heart thump, quickly opened the door.

"Ah." The girl didn't seem to think that there would be someone in the room at all. She suddenly saw a person in the room, and immediately screamed with her mouth open.

Wang Fan's heart clattered for a moment, quickly stepped forward, one hand holding each other's waist, one hand quickly covered her mouth.

I'm kidding. There are residents all around. Wang fan doesn't want the screams of women to attract people's attention.

"Woo woo." The woman felt this scene, and was even more frightened. She struggled, and her eyes were full of fear.

Her fear is not only that Wang Fan covered her mouth, the most important thing is that Wang Fan did not wear clothes.

A faint aroma poured into the tip of the nose, coupled with the woman's twisting, Wang Fan's heart can not help but some fiery, but he soon suppressed it.

Nima, does the decline of strength directly lead to the decline of willpower?

He was a little speechless. After calming down, Wang Fanfei said quickly, "don't cry, I'm not a bad person. I'm a friend of Zhang Jun, who let me live here. "

"By the way, who are you? What's your relationship with Zhang Jun? Why are you here? Where is Zhang Jun now? "

In order to minimize the girl's fear, Wang Fan asked several questions at a time.

After asking, he released the girl.

The girl's face is pale, of course, also mixed with the tide, "my name is Chi LAN, this house is mine, Zhang Jun is just a tenant of mine."

"I came to get something, but I didn't expect someone in the room. I'm going. I'm going

Chi Lan said quickly, and retreated to the outside.

God, there is a man in the room without clothes. She dare not stay here.

Wang Fan frowned and didn't stop him, but he knew one thing, that is, he couldn't stay here any longer.

Chi LAN stares at Wang Fan nervously, staggers backward, and his whole heart is mentioned in his throat.

There were only a few men and women in the room, and Wang Fan was almost naked. She was afraid that Wang Fan would come up with a big beast.

Soon Chi LAN ran to the door of the room and opened the door.

Just as she opened the door, a voice came in.

"Lan Lan, did you open the door for me because you knew I was coming? I thought you were avoiding me, but I misunderstood you. This is a flower for you. I hope you like it. "

A young man in his thirties appeared at the door of the room with a large bunch of roses. He said with a smile and handed the roses in his hand.

Just very soon, the rose in the young man's hand fell to the ground with a click, and his eyes stared at Wang Fan coldly.

His face is also in the moment of distortion, clenched fists, a root veins highlighted, trying to show his anger.

"Who are you and why are you here?" The young man was almost biting his teeth to ask, and his eyes staring at Wang Fan were full of undisguised anger and murder.

He never thought that there was a man without clothes in the room.

When he thinks of his beloved woman appearing in the same room with a naked man, his anger can't help expanding.

#### **Chapter 1044**

"Don't mess about, hogui. He's just a tenant of mine and has nothing to do with me. Let's go, let's go. "

Pool blue a see Huo GUI this facial expression, where still don't know to want a bad thing, she hastens to say at the same time, push Huo GUI to intend to leave at the same time.

Huo GUI's temper is too clear for her. She is arrogant, domineering and ruthless. Anyone who is resented by Huo GUI almost has no good end.

Although Wang Fan has offended Chi LAN before, it's not Wang Fan's fault after all. Chi LAN doesn't want to bring disaster to Wang Fan because of himself.

"Go? Where are you going? " Huo GUI grabs Chi LAN with both hands and pushes him aside.

He looks very ferocious, "even if he is just a tenant of you, and you have nothing to do with him, but now he defiled your eyes, he will die!"

Huo GUI was very angry. He pointed to Wang Fan's nose and said, "Damn, Laozi's woman, you dare to insult me. I think you are tired of living, right? If I don't dig out your eyes, I won't be Huogui. "

With that, Huo GUI strode toward Wang Fan.

They are arrogant and murderous.

Just a tenant, Huo GUI didn't pay attention at all.

In the spring city, let alone an ordinary person, even people with identity background, he is not the one who killed or maimed.

"Huo GUI, you can't do this. He is innocent. I rushed in myself. I can't blame him!"

Chi LAN is about to cry. She clenches her teeth and hugs Huo GUI from behind.

Just Huo GUI body slightly move, then broke free from the pool blue fetter.

Then he turned back and slapped Chi Lan's face.

Huo GUI pointed to Chi Lan's nose, and his eyes were more ferocious. "Chi LAN, I like you, but it doesn't mean I will connive at you!"

"This son of a bitch dares to stain your eyes. I have to gouge out his eyes today. If you dare to stop him, don't blame me for being rude to you!"

He also angrily scolded, "Damn, you are so nervous, this son of a bitch, don't you think he has a good figure? Don't you dare to talk nonsense, believe it or not, I'll kill him directly? "

Chi Lan was slapped on the ground and turned pale.

Especially listening to Huogui's vicious words, she didn't dare to say a word more after all.

She knows Huo GUI's temperament very well. Huo GUI says that if she wants to kill Wang Fan, she will certainly kill Wang Fan.

She didn't want to push Wang Fan into the abyss.

Wang Fan looked at this scene, anger is also unable to stop the expansion of bursts.

Nima, this man is too arrogant. He is so arrogant.

He didn't do anything, but he didn't wear clothes, so he had to dig his eyes, and even threatened to kill himself. Is that too lawless?

Although Wang Fan's strength is not there, his eyesight is still there.

He can see at a glance that Huo GUI is a practitioner. Although the strength is not innate, it has acquired level.

Under normal circumstances, Wang Fan would be able to fly with a slap the day after tomorrow, but not now.

He must take advantage of Huo GUI not to pay attention to himself and win by one move, otherwise, it will be Wang Fan who will fall.

Thinking of this, Wang Fan coldly looked at Huo GUI, "I really don't believe you can kill me, your name is Huo GUI, right? You are so arrogant, do your parents know?"

"Now it's a legal society. It's against the law to kill people. Can you believe that if I call you and accuse you of breaking into a private house, you can go to jail to death?"

Pool blue listens to Wang Fan this words, in the heart is a burst of weakness.

She knew that Wang Fan was finished.

It's OK to threaten others, but it's obviously not enough to threaten Huo GUI.

"Legal society? Murder is against the law? Let me go to jail till I die? Ha ha Huo GUI seems to have heard a big joke and can't help laughing wildly.

He looked at Wang Fan, just like looking at an idiot, "it's really a lowly poor man. He even threatened me Huogui with such words."

He also pinched out the mobile phone, "it seems that you still don't understand the upper hand turning over for clouds and covering hands for rain. Today, I Huo GUI will teach you a lesson."

"I don't dig your eyes first. I'll cripple you first, and then I'll ask you to call the police. I'll see how you can make me go to jail to death!"

Huo GUI extremely rampant finish saying, directly raised a foot then toward Wang Fan's right leg to point past.

As soon as Wang Fan's face changed, he suddenly took a step to avoid Huo GUI's attack. Then he made a fist with his right hand and made full use of his strength to hit Huo GUI's Dantian.

He has only one chance to bombard Huo Guidan.

Otherwise, once Huo GUI knows that he is not ordinary, seriously, ten other Wang Fan will not be Huo GUI's opponent.

What Wang fan used was Huo GUI's slight enemy.

Bang!

With a sound, Wang Fan's fist fell on Huo Guidan field.

With a bang, Huo GUI spewed out a mouthful of blood directly, and the whole person backed back in an instant. However, Wang Fan failed to blow up his elixir, failed to completely scrap his strength.

After all, the gap between the two is too big. In Wang Fan's current state, it's not easy to abandon Huo GUI?

Of course, even if Wang Fan didn't abolish Huo GUI, Huo GUI couldn't do anything for a while.

"Son of a bitch!" Huo GUI's face suddenly changed and became more ferocious.

He didn't expect that Wang Fan could avoid his own foot. On the contrary, he gave a blow to his Dantian.

He had some fear. Fortunately, Wang Fan was not strong enough. Otherwise, that blow would be enough to kill him.

Wang Fan's heart is even more sigh, the strength of the weak, so that he is not used to.

When does it take so much effort for Wang Fan to abolish a day after tomorrow?

Although Wang Fan was depressed, his hand didn't stop. After he found that he didn't blow Huo GUI's Dantian, he didn't hesitate. He grabbed the ashtray on the table next to him and smashed Huo GUI's head.

Although his strength is not there, his fighting experience is still there. A series of actions are almost complete without a pause.

Bang.

The heavy glass ashtray blasted on Huo GUI's head, which immediately burst into pieces. Huo GUI's head also burst out a mass of blood mist and fell to the ground.

Wang Fan didn't stop at all. At the moment when Huo GUI fell to the ground, he jumped on him, and his fist continued to rain to his Dantian.

[illegible]

Wang Fan punches one after another, but Huo GUI can't make any effort at all, and it's hard to resist.

Just five fists, his Dantian had been completely smashed, and countless blood mist burst out of his mouth, and his face was in a ferocious coma.

He wasn't knocked out, he was puffed out.

The day after tomorrow, he was defeated by a mole ant and his strength was wasted. How can he bear it?

Wang Fan attack is not stopped, still in the fierce bombardment of Huo GUI.

The tiger was bullied by the dog, he is also very subdued, so need to vent.

It's just a day after tomorrow. He dares to brag in front of Wang Fan and threaten Wang Fan. He can't accept it.

Besides, Huo GUI is not a good thing. He will definitely revenge himself in the future, so Wang fan doesn't show any mercy.

Chi LAN looked at this scene, but he was completely stunned, "don't fight, don't fight, go, go with me. He's Huo GUI, the son of Huo Yao. We can't make him angry! "

Chi Lan said quickly while pulling up Wang Fan to leave.

But Wang Fan's face changed when he heard this.

The son of the hobgoblin?

The first general of daowumen, huoyao?

## Chapter 1045

If you don't hear the second half of Chi Lan's words, maybe Wang Fan will leave like this. After hearing the second half of Chi Lan's words, he immediately changed his mind.

"We must go, but we can't go like this."

Wang Fan looked at Chi LAN, "this house belongs to you. Huo GUI has something wrong here. Huo Yao will find you, so we must dispose of him before we leave."

With Wang Fan's strength at this time, there is no way to challenge huoyao. Joking, just a son of huoyao, Wang fan is almost uncertain. How can he face huoyao's anger?

And listen to the tone of pool blue, obviously she also can't provoke Huo demon.

Wang fan doesn't matter. He can walk away, but Chi LAN will suffer afterwards.

Huoyao kind of person, his son is abandoned, he is absolutely not willing to give up, Wang fan doesn't want to bring some unnecessary trouble to Chi LAN because of himself.

"What do you want? Are you going to kill him?" Chi LAN listened to Wang Fan's words and was immediately shocked.

In her capacity, although she has never killed anyone, there are too many murders she has heard of. It is not uncommon for her to kill people.

But the problem is, Huo GUI is the son of Huo demon. If Huo GUI is killed, Huo demon can't go crazy?

At that time, don't mention Wang Fan, even her Chi family will be involved. None of them could bear the fury of the Horde.

Although Daowu gate is destroyed and disintegrated, it doesn't mean that Huo demon is easy to be provoked. Other people's strength and influence are placed there, still not ordinary people can provoke.

"No, it's absolutely not. Once Huo GUI dies, we'll all be finished. Don't be impulsive. You can't kill him." Chi LAN can't help but say something pale.

"If you don't want to be seen here, just close the door first. I'll go to the bedroom and come out." Wang fan is too lazy to argue with Chi LAN. He quickly says something and enters the bedroom.

Although Chi Lan was afraid, he didn't have the heart to think about anything else in this case. He rushed to the door and closed the door.

She also realized the seriousness of the matter. No matter whether Huo GUI died or not, she was afraid that Liang Zi would be married. The most urgent thing is to never let people know that Huo GUI is here.

Huo GUI is dead, Huo Yao is bound to go crazy. Huo GUI can not die, whether she Chi LAN, or Wang Fan, are bound to face Huo GUI crazy revenge.

When Wang Fan came out of the bedroom again, he had several silver needles in his hand. He went to Huo GUI without hesitation. He grabbed the silver needles and stabbed Huo GUI in the head.

"What are you doing?" Chi Lan's face changed and she screamed.

Such a long silver needle pierces Huo GUI's head. Wang Fan really wants Huo GUI's life.

"If you don't want to be heard, just be quiet. Since you know huoyao Huogui, your identity is not simple. You should know that Huo GUI is a warrior, right

Wang Fan stabbed Huo GUI's head with a silver needle and looked at Chi LAN. "What's the most important thing for a warrior? It's strength and cultivation. "

"Now I've abandoned Huo GUI's strength. What will he do if he wakes up?"

"Ah?" Chi LAN has been completely stupid. She hasn't practiced, but it doesn't mean she hasn't heard about the warrior. But she didn't think that Wang Fan had abandoned Huo GUI's strength.

Who is Wang Fan? Is he really just an ordinary tenant?

Wang Fan continued, "don't worry, I won't kill him, I just turn him into an idiot. We'll take him out and throw him in a dump. "

"In this way, Huo GUI doesn't have to die, nor will he revenge us, nor will Huo demon know that we abandoned Huo GUI."

Wang Fan said, soon after the needle, at this time, Huo GUI has completely become an idiot. Even if I wake up, I will only say something like "I want sugar, I want milk" to people.

Without waiting for Chi LAN to speak, Wang Fan continued, "you need to do one thing now, that is to go out and buy me a suit of clothes. Remember that the clothes should be as similar as those on Huo GUI's body as possible. Come on, don't waste time

Chi Lan's scalp became numb.

She looked at Wang Fan, eyes full of incredible.

Is this really just an ordinary tenant? It's too calm, too calm, isn't it?

Hurt people, waste people, make people into idiots, but also able to deal with the hands and tail so calmly, it is too terrible.

But at this time, Chi LAN had no other choice. She answered quickly and left the room quickly.

It's not that she didn't want to run away and plant things on Wang Fan.

But first, she can't do that. Second, Huo GUI had an accident with her. With Huo Yao's temperament, even if she was pushed to Wang Fan, others might not believe it all.

People like huoyao would rather kill one thousand than let one go.

Wang fan saw Chi LAN leave, and took out a bag of powder sprinkled on Huo GUI, and then continued to hold the silver needle up. Although Daowu gate was almost destroyed, Huo demon was a big fish. Don't say that Wang Fan and Huo Yao stand differently, just say that Huo Yao takes people to chase him, Huo Yao must die.

It's not Wang Fan's style to cut grass but he doesn't have the strength to kill huoyao.

Originally, Wang Fan still wanted to recover his strength and try to find Huo Yao, but he didn't expect that Huo GUI was sent to the door.

About half an hour later, Chi LAN has returned with his clothes. After Wang Fan changed his clothes, he packed Huo GUI into a big woven bag and left the room with Chi LAN swaggering.

Under the guidance of Chi LAN, they soon came to Huo GUI's car. Wang Fan found the key from Huo GUI to open the door, then threw Huo GUI into the trunk and drove away from the community.

He drove around Chuncheng for more than an hour. After finding a garbage dump, he threw Huogui in.

He also got off the bus once and entered a shopping mall with Chi LAN.

But when he came out, Chi LAN changed into a man's suit, and even his height and figure seemed to have changed. Of course, Wang Fan was still in that suit, and there was no change at all.

It just looked as if he had been hijacked.

"Now what shall we do? Are you sure that huoyao won't find us?" In the car, Chi LAN is still a little nervous. After all, the other party is Huo GUI, Huo Yao's son.

"What should we do? I can only say that there is an 80% chance that huoyao will not find us. But the remaining 20 percent is hard to say. "

"But one thing I'm sure, even if huoyao can find us, it won't be for a while."

Wang Fan looked at Chi LAN, "well, don't say that. I need a quiet place to rest now. You can find it for me."

"A month, at most a month, even if huoyao really finds us, I can deal with it for you."

Things have developed to this point. What else can Chi LAN say? She can only find a way to hide Wang Fan.

She did not take Wang Fan to her residence, but packed a small courtyard in a senior club, and then let Wang Fan live in.

She knows that the more high-end clubs are, the safer they are, because most people don't dare to make trouble here.

## **Chapter 1046**

After Wang Fan lived in the club courtyard, he immediately started the rest mode.

He was quite satisfied with the place, not only no one would disturb him, but also he didn't have to worry about three meals a day.

When Wang Fan opened the healing mode, the outside had exploded again.

To be exact, it was the Huo family that blew up.

A sanitation worker cleaning up garbage found a body in a dump. The sanitation worker was immediately shocked and immediately called the police.

When the police arrived, they found that it was not a corpse, but a living man. And the identity of this living man is not simple. He is Huo GUI, the only son of Huo demon.

Huo GUI was thrown into the garbage with blood all over his body. How terrible is that? While the police will be sent to the hospital, while quickly informed the huoyao.

Huo demon heard the news, but also in the moment of gas shivering up.

Even someone dares to attack his son. It's just looking for death. It's against his will.

In particular, when he learned that his son had turned into an idiot, Huo demon's mind exploded and almost fainted.

He's completely blown up.

"Check, check for me. I want to see who is so brave that he dares to attack my huoyao son."

"Whether the other party is Wang fan or Yuanmeng Pavilion, we huoyao must make them pay the price!"

Huo demon slapped the wooden table in front of him into pieces and roared earth shaking.

Around, no matter the doctors or the huoyao subordinates, they were all silent, shivering, even the atmosphere did not dare to breathe.

Huo Yao is more than 50 years old this year. He only practices martial arts all the year round. He looks younger and more energetic than a man in his forties.

He is not tall, on the contrary, there are some thin, but the thin body, is full of wolf like atmosphere, people do not dare to underestimate.

Huo demon didn't think much, so he planted it on Wang Fan and Yuanmeng Pavilion.

After all, looking at Chuncheng, besides Wang Fan and yuanmengge, who dares to touch Taisui's head and huoyao's son?

In particular, Dao Wumen just experienced this kind of thing, and then his son suffered. If Huo Yao didn't doubt Wang Fan and Yuanmeng Pavilion, he was a ghost.

"No matter who dares to touch my son, I will make him pay the price! You'd better kill a thousand by mistake than let one go. If there is any trace of the murderer, report it immediately. "

The Huo demon gnaws a tooth to say.

"Yes." Subordinates listen to the order, no longer dare to neglect, quickly to investigate.

Huo Yao turned to those doctors again, "I don't care what method you use, what means, in a word, you must cure my son. Otherwise, I'll turn your family into idiots and let them all accompany my son! "

The only son becomes an idiot, where can Huo demon accept it? It's better than killing Huo GUI.

"Yes, yes, we will try our best." An older doctor shivered and said.

Pop!

Just his words just fall, Huo demon eyebrow a stare, a slap mercilessly drew on his face. This is not to calculate, Huo demon is like a wolf in general, but also rushed up and gave each other a few feet.

"Damn, it's not for you to do your best, it's for you to cure. You can't understand people's words?"

He picked up the doctor, tiger eyes wide open, full of Mori Han's murders.

"Understand" that doctor is about to scare urine, where dare nonsense, can only shiver of nod.

The Dean stood aside and didn't dare to fart or breathe.

After threatening the doctor, Huo Yao goes into the ward to see his son Huogui. Then he leaves with a gloomy face.

Of course, Chi LAN got the news of Huo's action at the first time.

Her heart was in her throat, but she could only pretend that she didn't know anything. As for Wang Fan, she didn't dare to go there because she was afraid of being followed.

The only thing that reassures her is that two days later, the Huo family seems to have not found any valuable clues, which makes her very relieved.

Chi LAN secretly admires Wang Fan's method. If it wasn't for Wang Fan, I'm afraid Huo Yao would have found her.

But even so, Chi LAN is still not completely relaxed.

Because the Huo family has not found her head, it does not mean that they will not find her head. Once the Huo family found her, it was a disaster for her.

This also makes pool blue have been in a trance, almost not even the door, generally just stay at home.

"Lan Lan, I don't know what's wrong with you recently. Has something happened? If there's something you can say to your father, he'll see if he can help you. "

Chi Lan's expression was naturally seen by his father.

Chi Lan's mother died early. Her father brought her up. Of course, her father could see if she had something on her mind."I, I" Chi LAN Gang wants to lie and say that I'm ok, but when he thinks about the consequences of the Huo family's finding her, he can't help saying it.

She suddenly threw herself in front of her father and said with tears, "Dad, I'm sorry, I've caused trouble, I've caused a big deal, Huo"

chi LAN just said here, but her father interrupted her, "Lan Lan, go with me to my study, and then you can tell me slowly."

Chi Lan's heart clattered, and then realized that he was in a mess.

She quickly shut up and followed her father to the study.

"Come on, what's the matter?" Chi Fu's expression became dignified, and he also realized that things were not simple.

"Huogui, the son of huoyao, was killed by me. That day, he chased me too closely, so I hid in my house in the lakeside community. "

"I've already rented out that apartment, and it's still a white-collar. I thought there was no one in the room at that time. I could go in and hide. "

"But it never occurred to me that there were people in the room and they were not dressed. I was so scared that I immediately decided to leave, but just then Huo GUI came

"He saw not only me, but the man without clothes. So he wanted to dig people's eyes and even kill them. "

"It's just that none of us thought that people are not easy to get into trouble. Huo GUI not only didn't hurt others, but also lost his strength. "

"After that, in order to avoid Huogui's revenge and huoyao's finding us, the guy made him an idiot and took me away with him as Huogui."

Chi LAN quickly said the story again, only when she said Wang Fan, she found that she didn't even know Wang Fan's name, so she used the word "that guy" instead.

"What did you say? You did hogui's job? " Chi Fu's face immediately changed, "your courage is really too big, even Huo GUI dare to move!"

Chi Fu can't help but be shocked to reveal a sentence, and then quickly changed the topic, "where is the guy who made Huo GUI an idiot now? Take me to him

"It's not as simple as you think. We have to work out countermeasures and make all preparations. Otherwise, not to mention you, even our chi family will be doomed. "

Chi Fu realized for the first time that it's useless to say anything now. The most urgent task is to see Wang Fan first, hide Wang Fan properly, and then try to face the Huo family's anger.

## **Chapter 1047**

"Well, I'll take you right away." Chi LAN dares to talk nonsense. Without a moment's hesitation, she leaves Chi's house with her father and rushes to the club where Wang fan is hiding.

She also knows that this matter involves a lot, and it may affect the whole Chi family, so she must be careful.

They quickly got on the car and went around the city several times. After confirming that no one was following them, they came to the club where Wang Fan was hiding.

Wang Fan's recovery in these two days is pretty good, not only nearly recovered from injury, but also

recovered to the peak level of the day after tomorrow.

He was satisfied with the speed of recovery without the help of the elixir.

"Father, he's in there." A voice awakens Wang Fan. He looks out through the window and immediately sees Chi LAN coming in with a middle-aged man.

Wang Fan's heart clatters for a while, difficult not to become Huo demon already suspected to pool blue head, otherwise pool blue how can be so anxious to come over, and also brought her father?

What makes Wang Fan even more surprised is that he even knows Chi Lan's father.

Isn't this the guy he saved when he was chased in Licheng?

Wang Fan remembers that he gave him a business card and asked him to call for help if anything happened after he came to Chuncheng.

Wang Fan still vaguely remembers the name of this man, as if he was called Chidiao.

"Yes, it's you?" At the first moment when Chi Diao entered the room, he saw Wang Fan. His old face first appeared shocked, then became excited.

He still remembers Wang Fan's magical medical skills. Without Wang Fan, he would have died in Licheng. It was because of Wang Fan's help that he escaped the chase and returned to Chuncheng.

"Do you know each other?" Chi LAN is a little confused. I don't know what the hell it is.

Wang Fan hastened to open his mouth, "I can't get to know him, but I had a chance to meet him."

As soon as he saw the expression of Chi Diao, he knew that he was not an ungrateful man, and he was relieved at last.

Wang Fan looks at the pool blue to ask a way, "you so anxious to come over, isn't the Huo demon doubt to your head.". In that case, I suggest you find a place to hide

"Don't worry, I can help you deal with huoyao in a month at most, and you don't have to hide."

The reason why Wang Fan asked Huo demon whether he doubted Chi Lan's head, rather than whether Huo demon had found Chi Lan's head.

The reason is that if huoyao finds Chi Lan's head, Chi LAN will not be able to come here today.

With the temperament of Huo demon, once you find Chi LAN, even if Chi LAN has great means, you can't escape at all.

Although the pool carving looks pretty good, it has some skills, and even is full of the smell of grass. You can see that blood has killed people. But he is as bad as huoyao. It's impossible for him to pull his wrist with huoyao.

"I don't know if Huo demon doubts me, but Huo's action is too big. I'm afraid he will doubt me."

"My father said it's not very safe for you to hide here, so he asked me to bring him here to see if I could discuss the countermeasures."

Chi Lan said.

But before she finished, Chi Diao interrupted her, "Huo demon should have suspected the blue head."

"To be exact, it's not that he has doubted Lan Lan, but that he knows that Huo GUI is in LAN LAN's house."

Chi Diao's face was dignified, "because in the morning, I heard that the Huo family arrested three people to go back, one of whom was Zhang Jun."

"What?" Wang Fan's face immediately changed, anger is more direct, uncontrollable surge up.

The arrest of three people, one of whom is Zhang Jun, does not mean that the other two are Lu Xiaoai's mother and daughter?

Thinking of this, Wang Fan could hardly sit still. "Are the other two a mother and daughter? Where did the hobgoblin catch them? Where is the Huo family? "

He couldn't help asking three questions.

Thinking of Lu Xiaoai's mother and daughter, Wang fan is filled with guilt.

Only a few days ago, Lu Xiaoai's mother and daughter suffered so many blows because of themselves.

If this time fell into the hands of huoyao, Lu Xiaoai mother and daughter what happened, Wang fan is really this life can not forgive himself.

"My Lord, don't be impulsive until I get some information. Don't worry. Although I can't provoke huoyao, at this point, he doesn't dare to touch me casually. "

"You can rest here and wait for my news. I'll let you know as soon as there is any news."

Chi Diao said quickly.

From Wang Fan's tone, he naturally can hear that the other two people arrested by the Huo family have a deep relationship with Wang Fan.

But in this case, he is not willing to let Wang Fan to take risks. Because Wang Fan's risk means death.

After all, if Wang Fan could really provoke huoyao, he would not hide here. "Well, I'll wait for your news. Remember, if huoyao finds you, you will hide first, don't fight with him. In a month, I will help you get back what you lost. "

Although Wang Fan was anxious, he could only do so for the time being.

Chi Diao doesn't talk nonsense. He quickly leaves here with his daughter Chi LAN.

After he recognized Wang Fan, he intended to send him away or let him hide in another place. But as soon as he heard Wang Fan's tone, he knew it was unrealistic.

It's impossible for people like Wang Fan to leave Chuncheng, let alone follow his arrangement and hide everywhere, so he didn't even mention it.

In the evening, Chidiao came to the club secretly and brought a thousand black grass to Wang Fan.

Qianwu grass is the spirit grass, but it is the lowest spirit grass.

Rao is like this. It's not easy for Chidiao to get it. He originally wanted to use it by himself, but after seeing Wang Fan, he offered it without hesitation.

Wang Fan didn't refuse. No matter how small the mosquito is, it's meat. Now it's the most important thing for him to recover his strength.

Otherwise, if the pond carving is carried by huoyao, everything will be meaningless.

The Huo family.

Conference room.

All the high-level gathering, the face is very gloomy.

In the middle of the hall, there were three bloody people, all of whom had been devastated. They were covered in blood, which was terrible.

Among them, one is Zhang Jun, the other is Jia Renyi, Zhang Jun's boss, and the other is Zheng Jiaohong, Jia Renyi's close secretary.

Of course, after taking Xiaoi and her daughter to leave the rented house, Zhang Jun couldn't bear the

pressure of hiding, so he immediately had the idea of giving Lu Xiaoi to Jia Renyi to keep safe.

Jia Renyi was beaten in the face by Xue renliu because of Lu Xiaoi's mother and daughter, and almost died. He also had a grudge for a long time.

If the Xue family had not been destroyed, he might not dare to be infected with Lu Xiaoi, but now that the Xue family has been destroyed, he is afraid of nothing.

He naturally refused to come, and agreed directly, and also called Secretary Zheng Jiaohong to adjust.

But before he had time to brute Lu Xiaoi, Lu Xiaoi pushed open the window and jumped down. Soon after, the Huo family killed him. Then they were brought here.

This time, not to mention that Jia Renyi is a bit silly, even Huo Yao feels very unlucky.

Originally, he wanted to use Lu Xiaoi to force Wang Fan to show up. In the end, he could only send Lu Xiaoi to the hospital first, and then release his anger on Zhang Junsan.

"What's the matter with the investigation? Is it Wang fan or someone else who hurt Huo GUI?" Huo demon's face was very gloomy.

He has found out that Huo GUI was on the 17th floor, and he has also found out that his residence is the property of Chi LAN.

It's just that the house was rented to Zhang Jun, so he can't figure out whether the person who hurt Huo GUI is related to Lu Xiaoi or Chi LAN.

"The following people have visited and investigated the community, and it is estimated that there will be news back soon." One of them came back quickly.

"Newspaper." Almost as soon as his words were finished, a young man rushed in.

## **Chapter 1048**

"Say it Huo GUI looked at the subordinate who came in in a hurry. His thick eyebrows wrinkled and his mouth just spat out a word.

"It's clear that the person who hurt Huo Shao left with Chi LAN."

The young man didn't dare to talk nonsense at all. He said quickly, "it's said that Huo Shao chased Chi LAN to the community that day. Chi LAN hid in her house in order to avoid Huo Shao."

"Then Huo Shao went up with him. Later, Chi LAN went to the shopping mall outside and bought a suit similar to Huo Shao. Then he took a man carrying a woven bag and drove Huo Shao's car out of the neighborhood."

Pop!

Hearing this, Huo Yao slapped on the table, and his face trembled. "You mean in the room, they have abandoned Huo GUI and made Huo GUI an idiot? Is that man faking Huo GUI and leaving with Chi LAN? "

The Huo demon is about to explode.

This is the rhythm of death seeking!

He abandoned his son and made him an idiot. He also played such a big play. This is simply did not put his Huo demon in the eye, when he Huo demon is a fool to play.

"Yes." The young man shivered and bowed to reply, "after they left the community, they went to the shopping mall 30 kilometers away for a turn."

"When he came out, Chi LAN pretended to be a man, pretending to be holding Huo Shao."

As soon as he said that, he was interrupted by Huo Yao again, "good, good, really good!"

Huo demon's face was ferocious, and he spat out three good words in his mouth. Anyone could feel the anger contained in those three good words.

"Sure enough, it's not easy. Even if you dare to move my son, how can you dare to play such a big play and confuse the public?"

Huo demon's old face was so ferocious that she could squeeze the mosquitoes to death. "I know that Chi LAN is just a woman. She doesn't have such a mind and can't come up with such an idea. And she doesn't have that kind of strength. She doesn't waste my son and makes me an idiot. "

"Have you found out the identity of the man who hurt my son? Who is he? How dare he touch my son? Is it just because of the enemy? What a brave man

Huo demon really can't think of any reason, can only temporarily define Wang Fan as Huo GUI's rival.

"This is under investigation. However, it's reported from the subordinates that Chi Lan's father and daughter went to a club today. They are mysterious, and they don't know who they are going to meet. "

"Not only that, in the evening, Chi Diao went there alone."

Said the young man again.

If Chi Diao hears about the youth, he will be shocked.

You know, whether it's the first time he goes to the club with his daughter Chi LAN to see Wang fan or he goes to see Wang Fan alone in the evening, it's all secretly.

Moreover, Chi Diao is very confident in his anti reconnaissance means.

But even so, the Huo family still only used less than a few hours to find these, which is simply too terrible.

"Oh? Is that the case? " Huo demon's face immediately changed, "do you mean that all this is behind the scenes of Chi Diao?"

He didn't believe it. "Did he eat bear heart leopard gall? I dare to fight against Huo Yao and set up a bureau for my son. Does he want to die? "

Young man, shut up and stop talking.

This kind of thing is no longer what he can figure out.

Huo demon didn't expect the young man to answer, but soon recovered and gave an order in a ferocious way,

"Huo Dao, now take someone to the club and catch the murderer who hurt my son for me."

"I'd like to see how many heads he has. He's so bold that he dares to touch my huoyao's son."

Huo Yao pointed to a 30-year-old youth with a lunar calendar face, and then looked at a 40 year old fierce man,

"Huo Mang, take someone to Chi's house immediately, and bring back the bitch Chi LAN to me. Damn, I think she's the Chi family. I think her surname is Chi. I dare not move her? How ridiculous

"I not only want to move her, I also want her to have a round bed with my son Huo GUI tonight. I want to see if he dares to make me Huo demon into an idiot."

"If Chidiao doesn't stop him, don't worry about him. If you dare to stop him, bring him back to me!"

When Huo Yao said this, his old face was shaking, and anyone could feel his anger.

But whether it's going to the clubhouse to catch Wang fan or going to Chi's house to catch Chi LAN, he doesn't plan to go in person.

It's really because it's an eventful time. He doesn't dare to leave Huo's house.

Wang fan is not afraid. I heard that he is injured now. He is just a tiger without teeth. But he has to

guard against Yuanmeng Pavilion.

For him, only the Huo family is the safest base camp. There is no big accident, he will not leave the Huo family easily.

What's more, in Huo Yao's opinion, Huo Dao and Huo mang are enough to deal with Chi family and Wang Fan."Yes

Huo Dao Huo mang got the order. Without any hesitation, he immediately took people to the club and Chi's house.

Both of them took 30 strong generals with them.

Huo Dao and Huo mang are all congenital experts. They don't pay attention to Wang Fan and Chi family at all.

If it's not for the sake of momentum or dealing with unnecessary troubles, they don't need to bring people.

The night is as dark as ink, but the club is still brightly lit, and the traffic is very busy.

Almost all of them are luxury cars that are rarely seen on weekdays, and the people who go in and out of the club are also people with great status in spring city.

Their eyebrows and eyes were filled with pride, as if they were born superior.

Sobbing.

All of a sudden, the deafening sound of the car engine came. Nine pure cross-country horses, like runaway Mustangs, set off gusts of wind and dust from far and near, and then stopped at the door of the club.

When people around looked at this scene, they were shocked.

Those who were nearly hit were just about to get angry, but when they saw the striking "Huo" sign on the car, they immediately counseled and did not dare to open their mouths any more.

The car door kicked open, and 30 young people stepped down from the car. Soon they stood in five rows, forming a well-trained square team.

Their bodies are full of the smell of blood and fire, and their momentum is strong.

Just that momentum, the presence of some people on the suppression of breathless.

Huo Dao was the last one to get out of the car. He went straight to the front of the 30 young people, and then waved his hand, "go

"Yes Without hesitation, the 30 young people rushed straight into the club with a strong momentum.

Those who are at the gate of the club dare not stay at all. They flash to one side for fear of blocking their pace.

Huo Dao looked up at the people and the sign of the club, then turned around and walked in.

In the clubhouse, no matter the service staff or the security guards, looking at the arrogant Huo Dao and his party, they did not dare to obstruct at all and gave way one after another.

Although Daowu sect is no longer what it was at the beginning, but the Huo family is still huge. As long as Huo demon does not die, no one dares to provoke easily.

Huo Dao and his party had a clear goal. They went straight to the courtyard where Wang Fan was. They didn't drag their feet.

They ran all the way, just like bandits into the village, chickens flying and dogs jumping, guests are shocked to give way.

Some of them were not careful to hinder the pace of their progress, but also was not the slightest accommodation with the foot kick over, screamed.

Wang Fan just absorbed the aura of Qianwu grass, then he noticed that someone rushed to his courtyard. The ground seems to have a small earthquake in general, roaring, the scene is spectacular.

Wang Fan did not dare to neglect, quickly stood up and ran toward the hall.

Just as he had just passed by, the gate of the courtyard was smashed with a bang. The wooden door was torn apart, and thirty fierce men stormed in.

## **Chapter 1049**

As soon as Wang Fan looked at this posture, he knew that it was the wrong person. Most of these people come from the Huo family for Huo GUI's sake.

It's just that he can't figure it out. How did the Huo family find themselves so quickly? Also, since the other side has found themselves, doesn't that mean that pool carving and pool blue are also very dangerous?

Thinking of this, Wang Fan immediately became anxious. He looked coldly at these people, "who are you? Who gave you the courage to break into my private residence? Don't you know that this is disrespect for me?"

Although Wang Fan has guessed the identity of these people, he still wants to confirm it.

After all, these people may be the people of the dream Pavilion, more likely the remaining evils of Daowu sect.

"No respect for you?" The crowd separated, Huo Dao came out from behind, staring at Wang Fan coldly, with a fierce face, "what are you, why should I respect you?"

His words are very arrogant, "Damn, say I'm brave, I think you're brave. You dare to abolish Huo Shao and turn Huo Shao into an idiot. You are so kind. "

"Why, do you think we can't find you in this club?"

He pointed a little to Wang Fan, "I don't want to talk nonsense with you. You should go back with me, or I'll break your hands and feet and take it back, you choose!"

Domineering!

Daowumen had just suffered a disaster and fell apart overnight. As a result, the status of the Huo family was also affected.

In this case, Huo Dao is in urgent need of momentum, so he is very arrogant and domineering.

He just wanted to tell everyone that no one in his Huo family would dare to offend him, even if Daowu gate was no longer the same.

Listening to this, the club guests in the distance could not help but gasp.

They all turned their eyes to Wang Fan one after another, and the shock and inconceivability appeared in their eyes.

What does Huo Dao say? Huo GUI was abandoned by this guy and made an idiot?

It's unbelievable, isn't it?

Wang Fan looks very ugly, just like the leading boy. He says that he is a college student, and it is estimated that some people will believe him.

Can be such a person, how can make waste Huo GUI that earth shaking event?

Of course, even if they doubted it, they could see that Huo Dao didn't look like a liar. He couldn't help but say that he was not good at appearance.

"Oh, so you are from the Huo family? You're right, hogui. That idiot was picked up by me. "

"I had a good sleep, but he didn't have long eyes, which woke me up. So when I got upset, I abandoned him and made him an idiot."

"But there's one thing you're wrong about. I'm just resting here, and I don't mean to hide. With your Huo family, I don't have the ability to hide. "

"Don't say it's a little fish and shrimp like you. Even if huoyao comes, I won't pay attention to it."

"As for what you let me choose, let me take the initiative to go with you, or you break my leg and take me. I want to tell you, I don't choose any of them. "

"I will abolish you people, and then send you back to the Huo family as a gift for you."

Wang Fan said calmly.

However, although he is calm on the surface, his heart is already heavy.

Now that the Huo family has found here, it means that they have already suspected Chi Lan's head. Maybe now the Huo family has gone to Chi LAN's.

But in this case, he can't be in a hurry.

He could see that this huodao was born strong. Although the 30 strong men were not born, they also had acquired standard.

Once he's in a mess, it'll be even worse for him to fight later.

Listening to Wang Fan's words, the faces of those rich people around have changed greatly.

This person is too arrogant. In the face of more than 30 Huo Dao people, even if he doesn't change his face, he still dares to speak up. It's really arrogant and terrifying.

They finally know what is crazy.

However, most people think that Wang fan is just a mouthpiece. No one would really think that Wang Fan could kill more than 30 huodao people.

Huo Dao listens to this words, the facial expression is also in the instant distortion, the double fists clench, the green veins reveal.

He was almost ready to laugh.

He has never seen such arrogance as Wang Fan.

This is no longer a simple provocation, but they are not paid attention to at all.

"Yes, you are. I've seen arrogant Huo Dao. I really haven't seen such arrogant as you. I'd like to see if you are really good at it, or are you playing tricks here

Huo Dao was very angry and laughed, "I hope you can still be so arrogant and tough as you are now after you are disabled later!"

Huo Dao said, pointing to one of the men, "you try how many jin he has, remember not to kill him!" "Yes The fierce man answered, without a word of nonsense. With a little bit of ground on his toes and a roar, the whole person rushed to Wang fan like a sharp sword.

The momentum is fierce and murderous!

Perhaps because of his speed is too fast, the air has been wiped out of the explosion, hiss resounding, powerful as a tiger!

Looking at this scene, the people around couldn't help but blink and hold their breath.

The strong man's momentum gave them a very heavy pressure, which made them almost breathless.

They also want to see whether Wang fan can deal with this fierce man and whether he is really capable.

If Wang fan can't even handle this fierce man, they will be very disappointed. This shows that Wang Fan's previous oxen and forks were all installed.

Wang Fan looked at the man who rushed over, and disdain appeared in his eyes.

If it was two days ago, in the face of this person, he may really feel the pressure.

Just now, don't say that he has taken qianwucao, even if he hasn't taken qianwucao, with his strength, he can't deal with it.

In a moment, the fierce man rushed to Wang fan like a fierce tiger. Without half a word of nonsense, he bowed his right leg and pulled it back. Then he swept towards Wang fan like a bow and arrow.

Under the sweeping of his leg, the air around him began to hiss and hiss!

"Waste, you are not qualified to test my weight. Go away!" Wang Fan felt the scene, a cold smile, not dodge, right leg up, followed by the blast.

Although Wang Fan seems to be in a good mood these days, he is also holding a mouthful of anger in his

heart.

He needs to vent, too.

If this fierce man is born in the middle, or even the peak, Wang fan may be able to hold back and retreat. But the day after tomorrow, he could not think of any reason to retreat.

In the rapid breathing of the crowd, their legs collided in the most direct way.

Boom!

There was a loud noise.

Click!

A loud sound of bone fracture came, and then everyone was shocked to see that the right leg of the fierce man was smashed in an instant, and then the whole person flew out like a broken kite.

His mouth was puffing out blood, his right leg was bloody, and his face was completely distorted by pain. After falling to the ground, I can't get up again.

It's a dead silence!

Huo Dao was also stunned at first, and then became crazy, "the day after tomorrow? It seems that my huodao is really out of sight! "

His fingers were a little crazy, and the rest of the people's eyes flashed with endless ferocity and murderous, "you go together, regardless of life or death!"

WOW!

With his order, the other 29 people, momentum is in an instant climb, and then form five echelons, crazy rushed to Wang Fan.

It's killing!

## **Chapter 1050**

Twenty nine people were divided into five echelons, five in one team and six in four teams. They rushed to Wang Fan in a formation that did not seem chaotic at all.

It's clear that these people are all well trained.

With their fighting, the atmosphere of the whole courtyard became solidified, and the air seemed to be filled with Xiao Sha.

The onlookers felt the scene and their faces changed greatly. They could not help but began to retreat and distance.

They are quite clear about the cruelty of the Huo family. They don't want to be affected.

"It's just a bunch of local people who dare to be reckless in front of me and seek death!" In the face of 29 people's killing, Wang Fan was not afraid, but sneered.

He didn't mean to retreat at all. With a little bit of ground on his toes, the whole person suddenly bumped into the five people in the first echelon like a meteorite.

It's also a killer.

After taking qianwucuo, Wang Fan's strength has returned to the congenital level. Before that, he just wanted to paralyze Huo Dao and others, and only showed the strength of the day after tomorrow.

His purpose is to paralyze this group of people, and then solve them in the shortest time.

Just in an instant, Wang Fan had already jumped in front of the five people in the first echelon, waving his fists and feet and bombarding them heavily.

Bang bang bang bang!

A series of heavy fist and foot bombardment sounded. The five members of the first echelon had no strength to resist. They hit each other and flew out like a bird with broken wings.

Their arm bones were smashed and the leg bones were split. What they didn't have time to punch was a heavy blow to their chest.

In a word, there was no accident. All of them were seriously injured. Even if they still had fighting capacity, their fighting capacity would not exist.

Looking at this scene, the onlookers couldn't help but stare big eyes, as if they didn't think that Wang Fan was so strong.

Huo Dao's eyelids jumped, and he couldn't help drinking, "be careful, he's not the day after tomorrow, he's congenital!"

Unfortunately, his reminder is too late.

After Wang Fan overturned the five people in the first echelon, his inborn momentum broke out in an instant. He had already rushed to the six people in the second echelon at a very fast speed. His right leg broke through and swept out madly.

The six people's faces changed greatly, and their expressions became ferocious.

They struggle all the want to resist, want to resist, but simply can not resist.

There was another series of thumping, and the six also flew backwards at a very fast speed.

They were even worse than the five members of the first echelon. They almost died on the spot. They fell to the ground and choked for a few times, then there was no movement.

Wang Fan put down 11 people in one breath, and it was irresistible.

The whole audience was shocked like death.

All the guests around us were stunned.

It's terrible, it's abnormal, it's incredible!

They all became shortness of breath, and felt that their hearts were about to jump out!

Just when everyone thought that Wang Fan would continue to launch a fierce attack, Wang Fan did not continue to attack, but quickly began to retreat.

In a short moment, Wang Fan opened the distance with the 18 people in the three echelons behind, and then began to breathe heavily.

Although he seems to have toppled 11 people, he also consumes a lot of time.

After all, these people are the day after tomorrow's top strength, not Street jerks. It's good for him to have the current record in his current state.

"Son of a bitch, you hide your strength? Damn, you're a great congenital master, but you have to pretend to be the peak of the day after tomorrow. Will you be too mean and shameless? "

Huo Dao looked at the eleven people who fell on the ground. He was so angry that he could not vent his anger!

He points at Wang Fan fiercely with his fingers, and the murderer rushes into his mind crazily, hoping to break Wang Fan to pieces immediately.

"What's up? Do I need to dress up? " Wang Fan disdains to sneer, "when did I tell you that I am the master of the day after tomorrow? It's you who say I'm a master the day after tomorrow, OK

"What's more, thirty of you have beaten me alone, and you have the face to call me mean and

shameless?"

"Do you want to go back and ask you, are you mean or am I mean?"

Wang Fan pointed to Huo Dao, "don't talk nonsense. Let's go together. Don't waste my time. I'll go to Huo's house to kill Huo's old son of a bitch. "

"I had a good rest in the club. Even if I didn't go to trouble him, he dared to send someone to challenge me. I'm blind!"

Arrogance!

Boundless!

Huo Dao listened to Wang Fan's arrogant words. He was so angry that he trembled all over. He didn't want to wait any longer.

He wants to kill Wang Fan immediately, otherwise his anger is hard to calm!

"Together, kill him!" With a big wave of his hand, he didn't want to continue talking nonsense any more. He took the lead and killed Wang Fan crazily. Congenital momentum burst out in an instant, and the temperature of the whole courtyard seemed to drop in an instant.

With the charge of Huo Dao, the remaining 18 people no longer hesitated, Shua Shua drew out their weapons and went crazy to kill Wang Fan.

This time, instead of forming a echelon, they formed a direct encirclement.

Wang Fan deep breath, almost at the same time jumped out.

Shadow knife in an instant scabbard, straight cut to the left of five people.

Although it's not good to use shadow knife so early, Wang fan can't care so much.

In the front, Huo Dao, an inborn strongman, held down the battle. Later, there were 18 people who attacked the enemy at the peak of the day after tomorrow. Moreover, most of them still had weapons in their hands, so he didn't dare to support them.

Wang Fan at the first time to avoid the huodao, rushed to five of the 18 people, shadow knife oblique slip, abruptly split out.

Dangdangdangdang.

The knife collided with each other, and there was a piercing sound. The five felt a violent force coming,

and the knife in their hands was picked out in an instant.

Without a moment's pause, Wang Fan grabbed the shadow knife and made a backhand stroke.

Whoa!

Five heads shot up into the sky and burst out a blood mist.

Wang Fan didn't dare to stay for a moment. His body moved sideways to avoid several chopping swords. Then he suddenly turned around, bowed his head, and the shadow knife cut out from below.

Accompanied by a series of blood mist, the six men's thighs were directly cut off by the shadow knife. While the red blood gushed out, they fell straight to the ground and screamed bitterly.

Their legs were cut off. They were already useless. They had no fighting power any more.

Huo Dao looked at the scene and his eyelids jumped.

His hair is crazy, and the killing is as deep as the sea.

Mean, shameless, insidious, villain!

His evaluation of Wang Fan has been abominable!

He was biting his teeth and rushed to Wang Fan regardless of everything. His right arm was blue and straight, and he directly attacked Wang Fan's back.

The air seems to explode at this moment, like gold.

The killing power of his fists was extremely terrifying, giving people a feeling of unstoppable.

Wang Fan didn't and couldn't avoid them. He swept them away with another leg. Then he turned around and clasped his right fist in an instant. He also met them.

It's extremely unfavorable for Wang Fan to withdraw at this time. Even if he is in a hurry, he knows that he can't resist Huo Dao's blow, but he has no choice.

In the heavy breathing of the onlookers, Wang Fan's fists collided with each other.
