

MIGHTY SK 1051

Chapter 1051

Boom!

A loud noise came out.

Wang Fan only felt a force of terror hit, his mouth spit out a mouthful of blood, no accident was blasted out.

His face also became pale in an instant.

Wang Fan's strength only recovered to the early level of congenital, but Huo Dao's strength has reached the middle of congenital.

Of course, if you don't experience the fighting before, with Wang Fan's fighting power, you won't have much problem with huodao.

But now, his old injury has not been healed, and he lost a lot of strength in the battle before, so he naturally fell into an obvious disadvantage.

Huo Dao looked at Wang fan being blasted away. First he was stunned, and then he could not help grinning, "I thought how powerful you were. It turned out that you were just fierce."

He pointed a little at Wang Fan. He was very arrogant. "Aren't you very arrogant? Don't you want to kill us, and then go to the Huo family to fight against the Demon Brother?"

"Come and kill us! You can't even kill us. What can you do to challenge brother demon? "

His expression was very angry, and finally he felt fierce and said, "the thing that brags, today I Huo Dao will tell you, arrogance has to pay the price!"

"I will break your bones inch by inch, and then tear your mouth inch by inch, so that you know what the price is!"

The language is gloomy and ferocious!

Wang Fan felt the tingling of his body, but also bursts of anger!

Ever since he was besieged and seriously injured by the experts of yuanmengge, he has been hiding and running around like a mouse.

He has had enough of these days!

Now it's better. Huo Dao is just a running dog of Huo demon. He bullied himself and hurt himself. It's a shame. I can't bear it!

If Wang Fan's strength doesn't return to his nature, in the face of Huo Dao's arrogance and provocation, maybe he can only clip his tail and choose to continue to escape.

But now, he has recovered to the congenital, he really has no choice to escape.

He felt that he had a sullen breath in his chest!

"Huo Dao? You pissed me off! You really pissed me off! If I, Wang Fan, don't frustrate you today, or tear you apart, I, Wang Fan, will write it upside down! "

Wang Fan was so angry that he danced wildly!

Words fall, he suddenly lift a breath, and then grab shadow knife, crazy toward Huo knife killed in the past.

As crazy as the devil!

Huo Dao looked at Wang Fan's cold eyes and felt the killing intention of Wang Fan. He couldn't help but clatter in his heart and had a dangerous feeling.

What kind of eyes are those? How could it be so frightening?

What's more, how many people were killed in order to break out such a fierce killing intention?

By the way, what did he say, Wang Fan?

Huo Dao can't even think about it, because Wang Fan has already come. The most urgent thing is to deal with Wang Fan's killing.

"Wang Fan? What if you are Wang Fan? Now you're just a paper tiger without teeth, not to worry about. In front of powerful strength, you still have to kneel for me! "

Huo Dao roared crazily. The momentum of the congenital middle stage broke out in an instant without reservation. His fists set off the momentum of destroying heaven and earth, and he called Wang Fan crazily.

A set of boxing techniques is impregnable by his powerful dancing style.

In the eyes of those guests around, there are boxing shadows everywhere, boxing style everywhere, one after another, the momentum is crazy and rampant, which is terrible.

Don't mention them. Even the remaining five subordinates of Huo Dao had to stay away from the whirlpool under this crazy killing situation.

Because if they are careless, they will be affected by Qi, even if they don't die, they will be seriously injured.

Wang Fan did not speak, but put away the shadow knife, madly urged the strength in the body, also clenched his fists, met up.

Where he falls, he has to get up. He is a top talent. Even if his strength is only at the initial level, he has killed countless top talent.

It would be a joke if he was afraid of a huodao and didn't dare to confront it head on.

The fierce wind swept the country, and the killing was rampant.

The whole courtyard was cracked by the force of Qi, and the door three meters away was even more broken.

On the ground, there are also shocking cracks.

For a moment, it seemed that there was a battlefield, Shura hell.

Boom boom!

There was a deafening sound of two fists, and the strength of Qi overflowed like waves.

The five subordinates brought by Huo Dao were OK. Although they were pale, they could barely bear it.

But some of the ordinary tourists around can't bear it.

Qi strength has not yet spread to them, in the harsh sound of boxing, they only feel a shock, mouth spilled blood. The ones with strong endurance are better, but the ones with poor endurance have some tragedies.

Their eardrums were broken, and blood came out of their ears. It is estimated that even if they did not become truly deaf, they also became neurogenic deafness.

Although Huo Dao's offensive is fierce, his strength also has a congenital middle stage, but compared with Wang Fan, he is still too far behind.

Wang fan is a great master of congenital peak, but he has killed countless ruthless people of congenital peak. Although his strength has fallen, his fighting experience has not fallen, and his eyesight is still there.

In addition, Wang fan is almost angry now, and there is no interference from his subordinates. How can Huo Dao please him?

Just after a few punches, Wang Fan found the flaw of Huo Dao and hit him on the chest!

Bang!

With a loud noise, Huo Dao felt as if he had been hit by a shell. He spewed out a lot of blood fog and flew out.

Wang Fan didn't give him the chance to land at all, so the whole person had already got up and pointed to his Dantian.

Huo Dao must be discarded, otherwise it will bring endless troubles!

Huo Dao looked at this scene, and his eyes were just itching to crack!

His eyelids jumped and his face changed. "No, no!"

He just roared out two words, Wang Fan's toes had been mercilessly on his Dantian.

Bang!

Another loud noise, Huo Dao's Dantian burst out a cloud of blood fog, the whole person fell to the ground like a dead dog.

It's a dead silence!

After Wang Fan fell on the ground, he gasped for breath, directly pulled out the shadow knife and strode toward Huo Dao.

His purpose is not to scrap huodao, but to kill huodao.

Huo Dao didn't expect that he was like this. Wang Fan didn't let him go.

He could no longer care about anger, he could no longer care about resentment, exhausted hiss in the roar, "what are you doing? You have already abandoned me. Aren't you satisfied and still want to kill me? "

He's really scared!

It's better to live than to die. Huo Dao doesn't want to die!

Even if his strength is disabled, as long as he is not disabled, after his injury is healed, he is still a hero, and he is still popular. But once you die, there's really nothing left.

"You're right. I really want to kill you!" Wang Fan gave a cold smile, and the shadow knife suddenly split out.

Come on!

Directly cut off Huo Dao's head!

The scene was silent again. Not to mention the guests around, even the five intact subordinates of Huo Dao were completely stupid.

They felt chills in their hearts, only numbness in their scalp.

Terror, it's terrible!

Who would have thought that the 31 of them would end up like this?

Originally, they thought that catching Wang Fan was just a passing act, and there was no danger at all, but the fact was beyond their expectation.

Wang Fan cut off Huo Dao's head with a knife, then turned around, turned his head and looked at the only five people left. Yingdao pointed at them obliquely and said, "kneel down!"

Chapter 1052

Wang Fan's voice does not contain the slightest emotion, as if from the bottom of the nine deep, cold and terrible.

Five people looked at each other, just hesitated for two or three seconds, then plop plop knelt down one after another.

Once Huo Dao died, the morale of the army was already lax.

They have no courage to fight against Wang Fan.

"Do you know why I didn't kill you? Do you know what you should do now? " Wang Fan's eyes swept over five people and spoke indifferently again.

"No, I don't know." One of them could not help shivering back.

"I don't know?" Wang Fan's eyelids jump, merciless is a knife.

Whoa!

Another day after tomorrow, death!

Wang Fan looked at the other four, "do you know that?"

The four men became more and more frightened, and crawled on the ground shivering.

It's unreasonable, isn't it?

If you say what you want us to do, just say it directly. Why do you want us to speculate?

They feel as if they are standing on the edge of a cliff. In front of them is a cliff, and behind them is Wang Fan. If they go forward, they will die, and if they go back, they will die.

Wang Fan looked at the heads of these pigs and said, "now I want you to kill all these people and send them to Huofu. Do you understand?"

"Kill all these people?" The four people instantly understood that Wang Fan wanted them to set up a registration form.

This time, the four didn't dare to hesitate any more. They said they understood one after another. Then they stood up and slaughtered their companions.

No matter dead or not, they mended the knife viciously. In an instant, the blood flew, and the whole courtyard became bloody.

After finishing these, they still did not dare to leave, but knelt back to Wang Fan again.

Wang Fan looked at them and was quite satisfied. "I asked you two questions. How do you know I'm here?"

"Huo demon is not found on the head of the pool, he has sent people in the past, who sent in the past, what strength?"

This is what Wang fan is most concerned about.

"Yes, Huo Tang. Er, no, Huo Yao is very angry when he finds out that you and Chi LAN did harm to Huo GUI. He sent Huo Dao to take us to catch you, and Huo mang to the Chi family to catch Chi LAN. "

"Now Huo mang is estimated to have arrived at Chi's home. Huo Mang's strength is almost the same as Huo Dao's. they are both in the middle of the congenital period."

The four did not dare to hide anything at all and replied quickly.

Wang Fan listens to this words, the facial expression is instantly cold come down, the secret way is really like this.

He took out the silver needle and pricked it on four people quickly. Then he said, "now I've done something in your body. You only have 24 hours to live."

"Now I want you to take the bodies of these guys to the door of Huo's house, and then go to the hospital immediately to control Huo GUI for me, and then take Huo GUI to Chi's house to find me."

"If anyone dares to escape, or dares to serve Yin and Yang, and disobeys my requirements, if you die suddenly in 24 hours, don't blame me."

Wang Fan finished these, no longer have the mind to stay, directly rushed out of the club.

He thought that his setup would let Huo demon find Chi LAN for a few days, but he didn't expect that it was only three days, and others found Chi Lan's head. Huo demon's ability is really great.

The only thing that Wang fan can't figure out is that he hasn't seen several congenital metaphases when he went to Li Fu. Why can Huo demon's subordinates have so many congenital metaphases?

It seems that this guy is ambitious. He has already cultivated his influence in the dark. He probably wants to get rid of Li Tianying by his hand, and then go to the top by himself.

Otherwise, last night, Li Fu suffered a heavy blow, and there was no reason why Huo Yao didn't appear, and there was no reason why he didn't send his subordinates to help.

Huo Dao and the other 30 people didn't have any injuries or even skin damage. Wang fan doesn't believe they took part in the fight last night.

While Wang Fan rushed out of the club, Huo mang also came to Chi's house with 30 people.

Ten Humvees stop at the gate of Chi's house. Huo Mang and 30 people get out of the car and rush in.

"Who are you? Why do you want to break into my family? " Although Chidiao is not a serious blacksmith, he has a lot of thugs under his hands.

The Chi family guard at the gate just asked, and Huo mang directly took out his gun and banged off the guard's head.

Chi's guard's head exploded immediately, and he fell to the ground and died miserably!

It's decisive in killing and cutting, and there's no bit of procrastination.

This cruel and decisive scene shocked the eyes of the other Chi family guards, and their eyelids jumped

wildly.

Although Huo Mang and Huo Dao have the same strength, their style is quite different. Huo mang is more arrogant, more arrogant and more insidious than Huo Dao.

Huo Dao may still rely on his strength and disdain to use hot weapons such as guns, but Huo mang is not. If he can move his gun, he will never move his fist. If he can kill, he will never beep more.

Even if he has the innate medium-term strength, even if he brings the top experts of the day after tomorrow, even if the Chi family guards they face are just garbage ants in their eyes, he will not talk nonsense. If he can shoot, he will never be stingy with a bullet.

"Kill me, bullshit, kill, stop, kill, in a word, with the fastest speed, catch that bitch of Chi LAN for me!"

"Yes

Thirty men heard the order, instantly responded, and then directly killed Chi family manor.

"Enemy attack! Attack! Son of a bitch, fight with them One of the guards listened to Huo Mang's words and looked at the fierce man who rushed to the Chi family. His face changed wildly and he couldn't help roaring.

It was only when he roared twice that Huo Mang's eyelids jumped. He directly raised his gun and banged off his head.

It was like killing a chicken instead of an individual.

With the tragic death of two Chi family guards, the rest became angry.

They all took out their swords one after another and killed Huo Mang and others regardless of everything.

Although these people are not as powerful as Huo Mang and others, they are still very loyal.

Taking people's money means doing things for them. What's more, Chidiao is really good for them. He not only gives them rich salaries, but also shows great care for their families.

At the critical moment, they all dare to fight for their lives.

However, in some cases, it is not the courage to change the situation.

Even if these Chi family guards have the courage and bravery to die, their resistance is still pale and ridiculous in the face of huge power disparity.

Come on, come on.

Huo mang had already shot more than a dozen bullets at a time. The gun was accurate and the gun was startling. More than a dozen Chi family guards had fallen into a pool of blood and died completely.

The rest of the Chi family guards, under the fierce attack of 30 fierce men, were even more vulnerable, just like the paper pricked people, who were thrown out without accident.

The blood burst out all over the place, and the cry was so miserable that it couldn't be stopped at all!

Huo Mang and his party were like a dragon. Their momentum was fierce and unstoppable. Where they passed, they fell down.

"Dad, the people of Huo family have been killed. What should we do now?" Huo Mang and his party's invasion, Chi Diao Chi Lan's father and daughter naturally already knew the news.

Through the surveillance screen, they looked at the Chi family guard who died miserably. Their faces were extremely ugly and pale.

Chi LAN is even more delicate and trembling.

Chi Diao is also angry, "kill, kill for me! Even if I have to fight for my life, I want to let the Huo family know that my Chidiao is not a soft persimmon, and my Chijia is not so easy to break through! "

"The shooter, the shooter, get ready for me and kill these people at all costs. I, Chidiao, swear that today, as long as Chidiao is immortal, every one of the Chijia guards who participate in the fight with backhand will be rewarded with millions. "

"For those who are injured, five million will be awarded. For those who die, I will give ten million to your family directly! If you hurt the enemy, you'll get an extra reward of 3 million. If you kill the enemy, you'll get an extra reward of 8 million! "

At the critical moment, Chi Diao was not dazzled by anger or fear, and even less flustered, showing his heroic temperament.

After giving these orders, Chi Diao looks at Chi LAN again, "Lan Lan, you go first and leave here at once. It doesn't matter if father dies, but you can't die! "

When he looks at Chi LAN, there is only endless tenderness and love in his eyes. His father and daughter are very affectionate.

"No, I won't go. I started this thing. I can't just leave. I'm going to stay here. I can't watch you die. "

Chi LAN shakes his head crazily and tears flow down.

She never thought that she had brought such a disaster to the Chi family.

All blame that Wang Fan. If it wasn't for Wang Fan, how could the Chi family get into such a predicament?

However, even if she hated Wang Fan, it was meaningless.

A dead man is dead after all and can never live again. Moreover, even Wang fan is expected to face such a dilemma, right?

Tears break the bank.

At this time, Huo Mang and his party had already advanced all the way into the inner courtyard, less than 50 meters away from their villa.

Looking at this scene, Chi Diao couldn't help but feel a little anxious, "Lan Lan, don't be willful, go! If you don't go, it's too late! "

He almost roared out this sentence.

After roaring, he looks at Chi Lan's stubborn eyes. It seems that he still doesn't have the appearance of compromise. With a sigh in his heart, he is beating Chi LAN hard and hard, and then let people take him away.

But at this time, a voice suddenly came in, "go, go? Chidiao, let alone Chilan today. Even Chidiao, you can't go! "

Huo mang had already appeared outside a window, then smashed the window and jumped up. At this moment, whether it is the pool carving or the pool blue, or the villa guards, their faces can't help changing.

More than a dozen Chi family guards with good quality jumped their eyelids and formed a human wall directly in front of Chi Diao's father and daughter. They also pulled out their guns and pointed at Huo mang viciously.

Chapter 1053

When Chi Diao saw Huo mang come in, his face was also ugly.

He never thought that Huo mang should appear in this villa so soon.

It seems that it's hard for her daughter Chi LAN to leave safely today.

For Huo Mang, Chidiao naturally knows.

The most ferocious dog under Huo Yao's hand is not only powerful, but also ruthless.

Chi Diao looked at Huo Mang and said, "Huo Mang, do you know what you are doing? This is the Chi family. Have you ever thought about the consequences of killing people like this? "

He gritted his teeth and said in a very cold tone, "I tell you, although my Chi family is not as good as your Huo family, but it's not what you Huo family can bully. You'd better think about the consequences!"

Both voice and color are fierce!

Although Chidiao is not a top figure in Chuncheng, he is not a fish or shrimp. He is not a bully for anyone.

Not to mention the Huo family, even if the Dao Wu gate, which was at the height of the sun, came to deal with his Chi Diao, it had to weigh the impact.

"The consequences? What are the consequences? " Huo mang sneered, "don't say I only killed some servants of your chi family. Even if Huo mang killed your chi Diao, can't I afford to kill you?"

He ignores the muzzle of many black holes, his sight suddenly turns, instantly looks at Chi LAN, and his tone becomes domineering.

"Cunt, you are really not simple. You dare to hurt Huo Shao with others. Who gives you the courage? Why don't you come here quickly and come with me to the Huo's home to ask for a pardon? "

Huo mang stares at Chi LAN. His eyes are as vicious as a wolf, which makes people feel scared.

Chi Lan's delicate body can't help shivering, almost fell to the ground without fear, and pretty face became pale at a very fast speed.

Under Huo Mang's ferocious eyes, she felt as if she had been stared at by the wolf, and she felt uncomfortable.

"Huo Mang, you are presumptuous!" Chi Diao's face was even worse, and his anger went straight up to his head.

Huo mang dares to scold his daughter and threaten her, which has already touched his scales.

"Presumptuous?" Huo mang grinned grimly, "if it's called wanton, what's next?"

Words fall, his body shape a flash, directly then toward pool blue rushed past.

Chi LAN shivered and almost fell to the ground. Fortunately, he was held by Chi Diao and didn't fall down.

Chi Diao's eyelids also jumped, his face changed, "stop him for me!"

In fact, there was no need for Chidiao's order. The dozen Chijia bodyguards had already moved.

They almost did not think about it, except that they continued to stay at Chidiao's father and daughter's side for protection, the rest of them all rushed to huomang for the first time.

Huo Mang's speed was so fast that he had already approached them in an instant.

At such a close distance, they had no time to shoot, or their first reaction was not to shoot, but to fight instinctively.

Huo Mang's momentum was like a rainbow. In a moment, he rushed to one of them. He looked at the opponent's fist, and his eyes flashed a touch of disdain. He went straight to the fist.

Bang!

With a loud noise, the man's arm broke in an instant. Before he screamed, Huo mang had already put his foot on him.

With another bang, the man spewed out a blood mist all over the sky, and the whole person flew out upside down. When the man was in the air, his life had completely disappeared.

The other two rushed from behind, holding a sharp dagger in their hands and stabbing huomang fiercely with fierce eyes.

Huo mang gave a grim smile. He put his hands forward and grasped their wrists. He broke, pushed and snapped them back. At the same time, the dagger in their hands had been inserted into their own hearts.

Come on!

The blood shot, and they fell to the ground.

Another two dead!

"Ah, ah, ah!!!"

Looking at this scene, those people behind have become extremely crazy.

They couldn't help roaring to cheer themselves up and charging towards Huo mang.

It's a pity that Huo mang is too powerful for them to deal with.

His face is full of death, for his daughter's life, in order to give her time, he is willing to pay everything, even life.

"Dad, no, no!" Looking at this scene, Chi LAN burst into tears.

She looked at her father's strong back. At this moment, she suddenly felt that his back was so tall and big.

"Miss, go, go." The two bodyguards grabbed Chi LAN, roaring and pulling him to run from the other direction.

No matter whether they can go or not, they must do everything they can to take chi LAN with them, otherwise they will fail Chi Diao.

At this time, Chi Diao raised his gun and pulled the trigger towards Huo mang.

Come on!

The sound of gunfire rang out, but Huo Mang, who had been prepared for a long time, hid himself.

Huo mang looked at the three men of Chi LAN who had gone away, and at the Chi Diao who was shooting at him with a gun. His eyes suddenly became extremely cold.

"Go? None of you want to leave! Chidiao, dare to shoot me, you are looking for death The sound of killing intention resounds in the villa, which makes the whole villa full of a sense of gloom.

Chi Diao stares at Huo Mang, only crazy in his eyes.

Come on, come on.

He shot out all the bullets in his hand.

Most of the bullets were dodged by Huo Mang, but three bullets still hit Huo mang.

Although not fatal, it was also injured.

The blood bloomed on his body like a blooming rose, and Huo mang became crazy.

"Die! Die! Die He roared out three dead words in a row, forced to endure the stabbing pain, suddenly rushed to the pool carving body, and stepped in the past.

Bang!

The pool carving was kicked up, its bones were broken, and its blood was brighter than the blooming

roses.

Huo mang didn't stop. He rushed forward and grabbed his right leg to pull him back. Then he grabbed his head with the other hand and pressed it against the wall.

Bang!

There was another loud noise, and the head of Chi Diao exploded instantly, bloody.

With his head and the wall contact as the center, the red blood scattered, dyed the red wall, dazzling and dazzling.

"Dad, Dad" in the distance, Chi LAN has become a tearful person, and the eyes of the two bodyguards have been moist.

It's just that they can't stop.

Huo mang turned his head to look at them. With a gloomy smile, he picked up a gun on his toes and started shooting at them.

Chapter 1054

Come on, come on!

Three shots rang out, Chi Lan's thighs were shot, and they fell to the ground miserably.

The scarlet blood splashed out and dyed the ground red.

The two bodyguards were better. After they were hit in the thigh by the bullet, they just looked pale.

Can pool blue some can't stand, she a Jiao didi girl, where can bear this kind of pain?

Under the stimulation of the pain, she could not help but grin and scream.

"Miss, miss, are you all right? Damn, son of a bitch, I'll fight with you! "

The two bodyguards took a look at their blood stained thighs and at Chi LAN beside them. They knew that there was no hope of escape today.

Their faces became ferocious in an instant. While roaring wildly, they tried to fight back with guns.

Just not waiting for them to pull the trigger, Huo mang had already fired two shots again and hit them on the wrist accurately.

Their wrists were instantly broken by bullets and became bloody, and their guns fell to the ground.

Their eyes twinkled with sadness, and their hearts were even more desolate. I didn't even think of it. I didn't even have a chance to shoot.

"Spell? Who are you fighting with? You two Chi's dogs are qualified to compete with Huo mang? "

Huo mang grinned crazily. He had already rushed to the two bodyguards with a flash, and his right foot went down.

Bang Bang twice, the two bodyguards were directly kicked more than 10 meters away, their chest bones were crushed, blood flowed, and they fell to the ground without any life.

Huo mang kicked over two people, then lowered his head and looked at Chi LAN fiercely, "bitch, did I tell you that I'll come to Huo's house to confess my guilt, did you listen to me in your ears?"

He looked very angry, and the roaring voice seemed to be able to shake down the whole villa. "Since you don't give me face, don't blame me for not giving you face!"

He said darkly, without half pity, and clapped his hands.

The sound of Pa Pa Pa Pa rang out and Chi LAN screamed. He was directly patted out and fell to the ground. He couldn't even get up.

"Don't touch my daughter!" Looking at this scene, Chi Diao, who had been breathing slowly in the distance, felt pain in his heart.

His daughter is in pain, but he is in pain.

He can die, he can bear the insult, but he does not want his daughter to bear the pain!

If possible, he would rather suffer from Huo mang than his daughter Chi LAN.

At this moment, for the first time in his life, Chi Diao, an iron man, abandoned dignity, pride and toughness.

Chi Diao stood up and pointed to Huo Mang, "Huo Mang, what's the matter? You come to me. Don't embarrass my daughter. As long as you let my daughter go, I will do whatever you want me to do. "

He also begged, "I beg you, spare her, she's just a girl in her twenties."

"As long as you spare him, whether you want me to be your dog or all the assets of my family, I will never frown."

Pool blue although very painful, but listen to father this words, feel heart is more painful. Her tears

flowed down like a river breaking its bank.

She wanted to tell her father that she could hold back. There is no need to plead with people like Huo mang for his own sake, and there is no need to abandon dignity and pride in front of people like Huo mang for his own sake.

However, the words were in her throat, but she couldn't say a word.

"Be my dog?" Huo mang was as mad as a madman. In an instant, he had already flashed to Chi Diao and grabbed him by the collar. "Do you think you are qualified to be my dog?"

His brow was full of anger and ferocity. "Do you think I'm short of money? Do you think that with a few stinky money, you can disperse Laozi's anger? "

Huo mang pointed to Chi LAN and said, "I love your daughter, right? Your father and daughter are very affectionate, right? Good, good. Kneel down to me first! Kneel down! "

At this time, Huo mang looked like a fierce beast, as terrible as the devil.

On your knees?

Chi Diao's face choked and his eyes struggled.

He kneels on the ground, only kneels on his parents. He doesn't want to kneel for people like Huo mang.

Just looking at his daughter in the distance, he couldn't bear it. Finally, he fell down on his knees with a plop.

He felt that his legs weighed a thousand pounds. When he knelt down, he lost a lot of things.

But he had no choice.

When Huo mang saw Chi Diao kneel down, he couldn't help laughing wildly. With a slap, he threw his gun in front of Chi Diao.

"You shot me three times just now, right? Now you take this gun and hit yourself three times. As for where to go, you can do it yourself. "

"If what you do satisfies me, I will not torture your daughter today, but if I am not satisfied, your daughter will suffer."Huo mang said, pointing to Chi LAN, "she's such a beautiful girl, young and beautiful. What kind of terrible consequences will she have? I don't have to say much about that."

The key reason why Huo mang was so angry was that he was shot three times by Chi Diao.

He is a medium-term master. He was shot three times by Chi Diao and injured. This is an unbearable shame. That's why he became so angry and even crazy!

At this time, he has revealed the nature of mad dog, he has even forgotten that the purpose of his coming to Chi's house is to take chi LAN back.

He has to start with his own evil spirit.

"No, no!" When Chi LAN heard huomang's words, he couldn't help screaming out.

What does Huo mang say to his father?

If so, Chi LAN would rather die by himself.

Chi LAN resisted the pricking pain of pulling her mouth, "Dad, you don't have to bow your head for me, and you don't have to hurt yourself for me. If you really want to hurt yourself, Chi LAN would rather choose to die. "

"Dead?" Huo mang gave a grim smile. Without half hesitation, he rushed to the pool blue and pointed his foot.

With a bang, Chi LAN spat out several mouthfuls of blood again. The whole person was kicked out and fell on the ground for a long time.

The blood spilled from her body, looked so sad, so distressing.

Huo mang kicked Chi LAN, then grabbed a knife and strode to Chi LAN.

The tip of the knife points to Chi LAN, but his eyes look at Chi Diao, "do you want to do it or not? If you don't, don't blame me for being rude! "

"I, I do." The pool carves in the heart to clap Deng for a while, dare not hesitate again, slowly picked up the gun on the ground.

Huo mang looked at the scene and finally couldn't help laughing.

If Chi Diao dares to shoot Huo Mang, he will pay more for Huo mang. It's all Chidiao's fault. No wonder he is huomang.

In Huo Mang's grim smile, Chi Diao quickly grasped the gun and turned around, pointing to himself. Just as he was about to pull the trigger, a sudden voice came in.

"No, Huo Shao is seriously injured."

Chapter 1055

With this sound, a bloody figure, carrying a young man in sick clothes, rushed into the villa door.

This sudden scene, not only the pool carving becomes muddled, even Huo mang is muddled incomparably.

Huo Shao?

Huo GUI?

Isn't he in the hospital? How could he be here and seriously injured?

Where is this?

However, whether it is Huo mang or Chidiao, you can clearly recognize that the person on his back is Huo GUI.

"Help, help" at this time Huo GUI is also full of panic, big mouth of the call, seems to have encountered something extremely terrible.

Huo GUI's face is so clean that everyone can recognize him. But the rest of him is not clean. There's blood everywhere, there's wounds everywhere, it's miserable.

Listen to Huo GUI's voice, Chi Diao is OK, Huo mang is even more shocked.

Isn't Huo GUI an idiot? He has only three-year-old intelligence. But now look at him like that, why not look like an idiot at all?

Chi Diao didn't see Huo GUI after he became an idiot, but Huo mang went to the hospital. He couldn't believe the scene.

At the moment when he was still surprised, the man rushed to him with Huo GUI on his back.

"Save huoshao, save huoshao."

The other side was shouting like this, but a dagger suddenly appeared in his hand, and then stabbed huomang without warning.

Come on! Sure! Cruel!

Huo Mang's eyelids jumped straight. He didn't react at all, and the dagger went into his abdomen.

The sound of puffing came, spattering out countless blood.

The man stabbed out more than ten knives at a time, until the blood had completely dyed Huo Mang's

abdomen red, Huo mang just reacted.

"You, you" he looked at the man ferociously, roared angrily, forced to endure the stabbing pain, and hit hard forward.

With a bang, the man was shaken back.

But to his horror, he thought that his collision could seriously hurt him. But unexpectedly, he just knocked the other side back three steps.

Shock, extreme shock!

"Who are you, how did you get in, the people outside me? Dare to stab me huomang, have you ever thought about the consequences? "

Huo mang fixed his eyes on the man and clenched his teeth. His narrow eyes were full of ferocious anger.

He felt that his anger could burn heaven and earth. If his eyes could kill people, that person had been killed thousands of times!

"Do you only care about the thirty wastes? If so, I can tell you very clearly that they have gone to hell. "

Wang Fan reached out to wipe off the blood on his face, threw Huo GUI to the ground and looked at Huo mang. "By the way, I have to tell you one more thing. Just an hour ago, a Huo Dao had been sent to hell by me."

"When he left, he told me that he and you are good brothers. I hope I can help him and send you down."

While Wang fan is talking, his sight has swept the whole villa.

Looking at the bodyguards who fell down one after another and the miserable appearance of Chi Diao Chi LAN, Wang Fan only felt the roar of his mind, and his anger jumped directly from the bottom of his feet to the top of his head.

In a rage!

Especially looking at Chi LAN, Wang Fan has an impulse to kill.

It was a woman. How could Huo mang lay such a heavy hand?

Another woman suffered more or less for her own reasons. Wang Fan could hardly forgive herself.

"What do you mean, you killed Huo Dao, and you killed 30 people outside me? Who are you and who

are you? "

Huo Mang's face changed when he listened to Wang Fan. He covered the wound with his right hand and asked Wang Fan questions at the same time.

He has realized that Wang fan is not simple. If Wang fan is simple, it is impossible to kill Huo Dao.

You know, Huo Dao's strength is equal to that of him, but he is an expert in the middle of his life. Even if the master Huo demon wants to kill Huo Dao, it will cost some money. Moreover, if Huo Dao wants to escape, Huo demon may not be able to kill him.

But now, Huo Dao is killed by Wang Fan. Doesn't that mean that Wang fan is more powerful than Huo Yao?

Is this kind of person really just a soy sauce character who unintentionally turns Huo GUI into an idiot?

Shocked!

The shock!

Huo mang never doubted Wang Fan's words, which can be seen from the fact that Wang Fan broke in with Huo GUI and none of his 30 subordinates came in to report.

Huo Mang's heart had already emerged a sense of fear, not to mention that he was seriously injured now. Even if he was not seriously injured, he felt that he was not sure about the king.

Now that he is seriously injured, he is even more uncertain.

After he asked, he didn't wait for Wang Fan to answer. With a flash of his body, he directly grabbed the gun and pointed at Wang Fan. Then he rushed towards Chi LAN not far away. It's impossible to escape in front of such people as Wang Fan. His only way is to deter Wang Fan first, and then take the weakest Chi LAN as a hostage.

Come on!

Gunfire!

Huo Mang's wrist hurt and his gun fell to the ground.

Come on!

The gun rang again. Huo mang was shot in his left leg and fell to the ground.

"Don't play with guns in front of me, you are not qualified yet!" Wang Fan's eyes were cold and said that

he directly shot all the bullets in the gun.

Come on, come on, come on!

Five bullets fired at the same time, almost immediately hit Huo Mang's right leg, and still hit in the same position.

Huo Mang's right leg was pierced by a bullet in an instant. At the same time, the whole person fell to the ground miserably.

His heart set off a storm, it seems that how did not expect, Wang Fan powerful even if, shooting is still so good.

Not only the shooting speed is faster than his, but also more accurate.

His gun technique, which he was proud of, was completely useless in front of Wang Fan.

Wang Fan shot the bullet in the gun in one breath, then picked up a knife and walked toward Huo Mang, "if I am right, you should have stabbed Chi LAN three times?"

Wang Fan's eyes were cold and murderous. "Three knives, you are really cruel! A girl in her twenties is as beautiful as a flower. How can you have the heart to do so? "

Wang Fan approached Huo mang step by step, and his voice became colder and colder. "In addition to the three sabres, I can see that you slapped her a lot and broke his bones."

Wang Fan thumbed up, "fierce, you are really fierce. I admire your ruthlessness. You said, "is it too much for me to stab you a hundred times when you treat her like this?"

Speaking of this, Wang Fan has come to huomang and squatted down slowly.

Huo mang listened to Wang Fan's cold voice, then looked at Wang Fan's murderous eyes, especially listening to the three words of "100 Dao". His face changed wildly. He suddenly raised his hand and patted Wang Fan.

Although he was seriously injured and shot in both legs, it does not mean that he has no way to resist. And he couldn't bear to bear a hundred knives.

Wang Fan looked at Huo Mang's action, sneered, and cut off Huo Mang's right hand with his knife.

Huo mang looked at the bloody wrist. His eyelids trembled and he was about to speak. The next second, Wang Fan had grabbed the handle and stabbed him in the chest.

Come on! Come on! Come on!

After ten sabres, Huo Mang's face had no blood color at all. He could not even make any effort to make the blood red most of the ground.

After 50 knives, Huo mang had no desire to survive. He wanted to die immediately.

Wang Fan quickly stabbed a hundred knives, each knife accurately stabbed in the same position, the kind of split heart stabbing pain, simply can not be tolerated by ordinary people.

Huo Dao opened his mouth and felt the pain of tearing his heart. He wanted to die immediately, but he couldn't even die.

Life is not like death!

Wang Fan raised his foot and kicked Huo mang twice, making him unable to make a sound. Then he looked at Chi Diao's father and daughter, "sorry, I'm late."

Chapter 1056

Wang Fan didn't talk much nonsense. He took out the silver needle and pricked it on Chi Diao's body for a few times. He eased the injury and ran to Chi LAN.

Chi Lan's condition is not good. Her cheeks are red and swollen, her bones are broken in many places, and she is stabbed three times.

There was no fatal injury, but the blood was enough. Going to the hospital in this state of Chi LAN is absolutely impossible.

Wang Fan sighed and looked at Chi LAN with some guilt. Then he quickly took out the silver needle and tied it up on her.

With Wang Fan's needling, Chi Lan's injury improved at the speed visible to the naked eye, and the wound scabbed quickly, no longer bleeding.

Half an hour later, her trauma was almost cured, and even the swelling on her cheek completely disappeared.

Wang Fan was sweating, but he didn't stop. Instead, he continued to treat Chi Lan's broken bone.

With the help of neiqi, the broken bones in Chi Lan's body were connected quickly. At least it was no problem to stand up and walk.

"Dad." After Chi Lan was able to stand up, he rushed to Chi Diao for the first time and hugged him heavily.

After the accident, she finally realized her father's love for herself.

At the thought of her father kneeling down for Huo Mang and giving up her dignity, she finally understood what fatherly love is.

"Blue blue." Pool carving is also full of tears.

He also had the feeling of surviving. Almost, almost, he would never see his daughter again.

Wang Fan looked at the father and daughter who were holding each other. He felt sad and angry.

He felt that he couldn't go on like this. He had to find a way to kill huoyao, and he would never suffer.

"Take care of the business here. I'll go out and be right back." Wang Fan says to Chi Diao's father and daughter, then picks up Huo GUI who has been in a coma and leaves Chi's house directly.

The Huo family.

It's still the conference hall, it's still the top of the Huo family, but it's missing Huo Dao and Huo mang.

All of you, including Huo Yao, look very ugly, and the atmosphere is very solemn.

Because in the middle of the hall, there are 27 bloody bodies, including huodao, who has no head.

Huo Yao didn't expect to catch a soy sauce character who hurt his son. In the end, he didn't succeed. Instead, he caught Huo Dao and the lives of 27 Huo family elite.

Twenty seven masters of the day after tomorrow will be OK. Huo demon has a pain at most, but Huo Dao is a inborn mid-term strong one.

Huo Dao died like this, Huo demon couldn't accept it at all.

If Huo Yao can't accept Huo Dao's tragic death, he can't accept Huo GUI's disappearance.

Just 15 minutes ago, he got the news that someone boldly went to the hospital and robbed his son. Now he has disappeared.

This news is a bolt from the blue to huoyao.

Sons have been abandoned, have become idiots, how can anyone have a problem with their son?

Who on earth has such courage?

"Is the investigation clear? Who robbed Huogui? How can Huo Dao and others die? Who are they and

how can they be so powerful? "

"Besides, Huo Dao, they have gone to the clubhouse for a total of 31 people. How come there are only 27 bodies now, and where are the other four people?"

Huo demon's face was very gloomy, biting her teeth and asked coldly.

This series of bad news has made him unable to calm down.

Huo Yao asked several questions at a time. Without waiting for his subordinates to answer, he continued to ask, "by the way, what's the matter with Huo mang? Is there any news?"

"You contact Huo mang immediately. If he has successfully hijacked Chi LAN, he will come back immediately. If he doesn't succeed, he will cancel the mission and return to Huo's home immediately. "

Huo Yao already had a bad premonition. In any case, Huo mang could not do anything more.

If Huo mang had another accident, his top Huo experts would have damaged them. He couldn't afford the price.

"Newspaper!"

Huo demon words just fall, a voice came over, followed by a young man rushed in, his hand is also holding a mobile phone.

"It's clear from the investigation that it was ah Kun, ah GUI, ah Ping and ah Hao who robbed young master Huo from the hospital. I just don't know why they would hijack Huo Shao, and I don't know where they have gone."

He said quickly, and handed the mobile phone to huoyao.

"What did you say?" The Huo demon listens to this words, the facial expression a change, immediately took the mobile phone in the past.

From the recorded surveillance screen, he clearly saw that ah Kun stabbed four people in the back, killed the Huo family members in the ward, and then hijacked Huo GUI and left the hospital."Son of a bitch, dare to betray me, Huo Yao, to die!" Huo Yaoqi slapped on the table, his face became distorted, "give me at all costs to find them immediately, after finding them, bring them back immediately."

"I want to ask them why they betray me, why they dare to betray me, how many heads they have, and who gives them the courage!"

He was furious.

If the enemy hijacks Huo GUI, Huo Yao can barely accept it, but his subordinates are bold enough to hijack Huo GUI, which is just like eating a bear's heart.

"Huo, Huo master, Huo Mang, they, they can't get in touch." Huo demon just finished roaring, another nervous voice came in.

"What? Can't get in touch? Has something happened to them? " Huo demon can't sit any longer. She stands up and her face suddenly changes.

If Huo Dao failed, it was because he didn't investigate the identity of the enemy, but Huo mang failed.

How many kilos does the Chi family have? He huoyao is very clear. With the small fish and shrimps in the Chi family, how can he resist the charge of huomang and others?

It's unacceptable!

It's really unacceptable!

With the report of his subordinates and the anger of Huo Yao, for a moment, the whole conference hall seemed to be full of clouds. No one dare to speak, even the atmosphere dare not breathe.

This series of bad news has really brought them a big impact.

They feel as if there is a big mountain in their heart, which makes them breathless.

The wind and the rain swayed.

"Damn it, I don't believe it. It's just a Chi family. It can destroy Huo Mang and our Huo family's 30 elites the day after tomorrow?"

Huo demon tried to calm down the anger, clapped the case and rose, "Huo Qian, you follow me, go to the pool house."

"I want to see how the Chi family can destroy Huo Mang and our Huo family."

"If Huo Mang and his party were not killed by his Chi family, it would be OK. If he was killed by his Chi family. I don't mind blood washing his whole Chi family and killing his nine Chi families! "

Murderous!

Huo Yao really can't sit any more. He wants to go in person.

With his voice, a 30-year-old young man stood up, no more words, respectfully followed the huoyao behind.

"Newspaper!" Just at the moment when huoyao was ready to start, suddenly, another voice came in.

Chapter 1057

"What's the matter?" What Huo Yao can't hear most now is the word "Bao". He is afraid of hearing any bad news.

"Huo, Huo, you are back." My subordinates gasped several times before they finished.

"What do you mean, hogui's back?" The Huo demon listens to this words, but is eyelid a jump, the next second ran to belong to before, directly grasped its collar to lift up.

Huo guimingming has been hijacked. How can he come back and how can he come back so soon?

"Yes, yes, Mr. Huo is back." That subordinate is about to be scared to pee, quickly said with a sad face.

"Who came back with him, how did he come back, and where is he now?" Huo demon released his subordinates and asked with a gloomy face.

Although Huo GUI's return is a good thing, he should be happy, but he has a bad feeling.

"Huo Shao came back by himself. Now others are outside and are coming here. I only know the news after listening to the monitoring brother."

The subordinate said quickly.

"Alone?" Huo Yao's face immediately changed, and her son was already an idiot. Even the hospital couldn't cure him. How could he come back alone? With the IQ of his three-year-old, can he find his home?

Huo Yao has no way to ask, because at this time, Huo GUI has come in with a sad face.

"Dad, Dad, help me, help me, I don't want to die, I don't want to die." After Huo GUI rushed in, he cried and fell at the foot of Huo Yao.

He was covered with blood, only his face was the cleanest, and he even had several footprints on his body.

"Are you well? What's the matter? How did you get home? What's the meaning of your cry for help? Say

Huo demon looks at Huo GUI, eyelids jump wildly, in the heart uneasiness is more heavy, but he is forced to endure uneasiness to ask a way.

"I, I, I don't know how well I am. That son of a bitch gave me poison and forced me to send you a

message with a gun. Saying that I was slow would blow my head, so I came back."

"Dad, Dad, that guy is very mean. He fed me poison and said that he is the only one in the world who can solve it. You must find a way to save me."

"By the way, that guy is the one who ruined my strength and turned me into an idiot. You must help me get revenge!"

Huo GUI said a lot at a time, and didn't care if Huo demon could understand.

In a word, as long as he thinks of Wang Fan now, he is really afraid.

The Huo demon listens to this words, although is very angry, wish to break Wang Fan into ten thousand pieces, but that uneasy feeling is less a lot at last.

He thought there would be some conspiracy when Huo GUI came back, but after hearing Huo GUI's words, he felt relieved.

The son came back to deliver the letter, and the other side forced his son to take the poison, saying that only the other side could solve the poison in the world. Obviously, the other party wants to negotiate with him.

"Where's the letter?" Huo Yao looks at Huo GUI and can't help asking.

"Here, here." Huo GUI said quickly and took out a letter from him.

Huo Yao didn't take it directly. Instead, he waved for three white gloves to be sent. After wrapping his right hand tightly, he grabbed the letter and opened it.

Although he is powerful, he is not invincible. He is also afraid that the other party will tamper with the letter. It can be said that this guy is very cautious.

"Hello, Huo Yao. Let me introduce myself. I'm wang fan."

"I'm the one who abandoned your son's cultivation. I'm the one who turned your son into an idiot. I'm the one who rebelled against you and hijacked your son. I killed Huo Dao, Huo Mang and less than 60 of your Huo family's elites."

"Are you angry to see this? Yes, it's me, it's me, it's all me! I did all this. You see, are you satisfied with my record? "

"But I don't think it's enough. You think, Huo Dao and Huo mang are dead. If you don't go down to accompany them, I don't think it's good."

"So, I'm going to send you to hell, so that you can reunite with them below. Don't thank me, just think I've done something good. "

"Remember, it's me who killed you, Wang Fan."

Huo demon originally looked at the front content, still some anger, some anger can't vent. But in the back, his face suddenly changed.

His eyes suddenly condensed into a sharp edge, with a bad premonition.

"Let's go, everyone. Let's go now. Get out of here!"

He roared, and was about to leave the conference hall regardless of everything. With a loud bang, a huge explosion came from Huo GUI. Huo GUI was blown to pieces.

Huo demon didn't even go out, but was already affected by the terrible bomb and submerged in the sea of fire.

Huo Qian, and even the rest of the Huo family's senior managers, were even more unbearable. They almost didn't react and were also blown to pieces. In less than a second, the entire conference hall was completely destroyed, and even the explosion was spreading towards the distance.

The smoke billowed.

Huo demon didn't even think that he would die in this way. He was killed by a bomb before he could even fight.

He didn't even think that people like Wang Fan played tricks with him and used bombs.

Damn, you are the famous Wang Fan. You are the ruthless man who killed the ouyan family. Would it be shameful to fight against him now?

Wang Fan first paralyzed him by using words such as poison letters, then provoked his anger by using the contents of the letters, and finally blew him up with his son's human bomb.

It's hard to bend. It's hard to bend!

Unfortunately, he is dead!

In a car not far from the Huo family, Wang Fan looked at the fiery Huo family compound and grinned.

This bomb, he originally intended to give to take off any realm big ability Zhu LAN, but didn't expect, wasted on Huo demon body.

If it is possible, he is more willing to do it himself, one knife a knife to kill huoyao, but the situation does not allow him to wait.

Wang Fan has no sympathy for the death of huoyao.

He can treat the Chi family like that. Wang fan doesn't need to be soft at all.

Looking at the Huo family after the fire submerged, Wang Fan left here, rushed to the hospital.

He has learned from the four Huo traitors that Lu Xiaoai jumped from a building and hurt himself and was admitted to the hospital.

He is going to see Lu Xiaoai.

A private hospital, intensive care unit.

Lu Xiaoai was lying on the hospital bed, wearing an oxygen mask, and his eyes were blank.

She had already lost her sunshine, her beauty and her liveliness.

After so many ups and downs, she seems to be a changed person, only a cold, and strangers do not enter.

Such as the iceberg, hard to access.

Her mother sat by the hospital bed, looking at her daughter, also pain in the heart.

At this time, she is the only one who is still by her daughter's side and takes good care of her daughter.

At the door of the ward stood two strong men with cold breath. They were like iron towers, motionless.

In the corridor on both sides of them, two strong men stood every two meters apart. These strong men, like them, were monitoring Lu Xiaoai.

They are not only to prevent Lu Xiaoai from escaping, but also to prevent someone from rescuing him.

To tell you the truth, Huo GUI's side, if not for the four traitors' sudden attack as their own people, coupled with their strong strength, it would not have been possible to successfully hijack Huo GUI.

In short, although Lu Xiaoai's mother and daughter now live in intensive care unit, they are just like living in prison.

Their range of activities is only one third of the ward area, and it is impossible for them to leave.

Chapter 1058

"Mom, I'm sorry that you have been wronged with your daughter during this period. It's all the daughters who are bad and have caused so much trouble for the family. If there is an afterlife, Xiao Ai will be your daughter and repay you for your upbringing. "

Lu Xiaoai's eyes were staring at the ceiling for a while, and then looked at her pale, obviously aged mother. Her weak voice came out through the oxygen mask.

Her eyes are a little sour and astringent. She feels that the person she is most sorry for in her life is her mother.

Lu Xiaoai has never met her father since she can remember. She has no idea what role her father should play at home.

Over the years, it was her mother who brought her up and worked several odd jobs.

In order to provide for her to go to school, to make her eat well and dress well, and not to be looked down upon by her classmates and colleagues, almost all the money she earned was spent on her.

But she just had a job, and before she could repay her mother, she suddenly brought such a big disaster to her family.

Now, let alone repay their mothers, it's a question whether their mother and daughter can even survive.

The most important thing is, what can we do even if we live?

After Lu Xiaoai jumped down from the upstairs, although he was not killed, he became disabled.

It's not only the broken leg bones, but also the bones in other parts of the body. It's a miracle to be alive.

Even if she can survive, she is just a useless person. Let alone repay her mother, she will need her mother's care for the rest of her life.

At the thought of what the doctor said before, she didn't have the courage to live.

The doctor has said that in this case, she must be amputated.

Amputation!

Doesn't that mean she doesn't even have legs?

Lu Xiaoai is only in her twenties and in her prime of life. How can she want to be amputated?

If she Amputates, she'd rather die!

"Xiao Ai, you must not say such words, mother is not aggrieved, really not aggrieved at all, you must not think hard about it."

When Lu's mother heard Lu Xiaoi's words, she immediately had a bad feeling, and her tears fell down.

She grabs the hand of landing Xiao Ai, "haven't you heard a word that it's better to live than to die, anyway, as long as we can live."

"The bad guys must pay a price. As long as we are free, mom will find a way to make money, and then treat your injuries and your legs. "

"Now that science and technology are so advanced and medical conditions are so good, this hospital can't cure your injury and your leg. It doesn't mean other hospitals can't. It's a big deal. We'll try to go abroad."

"In a word, as long as you live, there is hope. Mom, you're the only relative now. Don't let mom worry about it. "

Lu's mother has a runny nose and tears. When she looks at her daughter like this, she feels pain in her heart.

For her, her daughter Lu Xiaoi is the only one for her. She still has hope and motivation to live when her daughter is alive. But once her daughter died, she would never have any nostalgia.

"Mother" Lu Xiaoi listened to her mother's words, a burst of pain in her heart, tears could not help flowing down.

Maybe she was so emotional that she couldn't even help coughing violently. Fortunately, Lu's mother stroked her chest a few times, which calmed down.

It's too heavy for an ordinary family to bear such a disaster.

"Xiao Ai, don't talk any more. You're healing, OK? We must be strong to live. I believe that evil does not oppress right. Those bad people outside will be rampant for a long time, and they will pay the price soon. "

Lu mother tried her best to comfort Xiao Ai and calm her mood.

"Well, I hope so. I just don't know what happened to him. Is he OK now?" Lu Xiaoi murmured and suddenly thought of Wang Fan.

Now she suddenly really want to see Wang Fan, see that is not handsome, but in his heart engraved mark man.

Although everything has something to do with Wang Fan, she never blames Wang Fan.

If Wang Fan didn't help her, maybe she would have been taken away by Xue renliu after the plane landed, and her fate might not be much better than now.

Mother Lu didn't speak this time, but her eyes flashed with complexity.

For Wang Fan, she did not know whether to love or hate.

Intellectually speaking, she should not blame Wang Fan. It can even be said that Wang Fan helped her daughter save her daughter.

But emotionally, she hated Wang Fan. Because without Wang Fan, Lu Xiaoai might be more miserable than he is now, but he might not be like this.

Bang bang.

Two violent sounds suddenly came out of the ward, and Lu Xiaoai's mother and daughter suddenly realized that the outside became noisy.

The mother and daughter immediately stopped talking and closed their mouths. Lu's mother did not go out to see, but nervously grasped her daughter's hand. Outside the corridor.

As soon as Wang Fan came out of the elevator, two short-sighted guys stopped him and wanted to start.

Wang fan is not in a good mood, of course, did not hesitate to kick out two feet, will both kick out.

He didn't have to ask, but he knew that these people were all from the Huo family.

If the day after tomorrow congenital master, he may also fear, but just a group of ordinary elite outlaws, Wang Fan has not been in the eye.

"Who are you? Do you know where this is? Do you know who we are? We are members of the Huo family. Are you impatient to move us like this? "

The rest of the people saw Wang Fan kick two companions, where is not clear, Wang fan is not simple, one of them can't help but shout.

"Go away!" Wang Fan didn't even want to say half a word of nonsense. He spat out a word and went directly to the ward of Xiaoai's mother and daughter.

The whole floor was wrapped up by the Huo family. There were two people standing in front of Lu Xiaoai's ward. Wang Fan knew Lu Xiaoai was inside without asking.

His heart bursts with anger, why does the Huo family imprison Lu Xiaoai's mother and daughter as prisoners, who gives them the right? Lu Xiaoai's mother and daughter didn't offend the Huo family at all!

Wang fan is more angry with Zhang Jun and Jia Renyi than with the Huo family.

If they didn't know that they had been captured by Huo family, they might have been killed by the bomb now. Wang Fan wanted to find them out and kill them again.

Lu Xiaoai's mother and daughter are like this. They even want to use force against Lu Xiaoai and force others to jump off the building. It's not too much to kill them ten thousand times.

"What did you say? Tell us to get out of here? Toasting and not eating the thing of punitive drink, you are looking for death! " Those Huo elite heard Wang Fan's words, anger straight out, straight away all toward Wang Fan.

Wang Fan didn't want to talk nonsense at all. He kicked them all away one by one. There are a few people who don't have long eyes and want to shoot. Wang fan is even more angry, and even their hand of grasping the gun is broken.

In less than two minutes, all the Huo family members fell to the ground, looking at Wang Fan in horror, sweating.

Who is this man? Is this too powerful?

Some of them want to grab a mobile phone to call the Huo family, report the situation and seek support, but looking at Wang Fan's cold eyes, Leng doesn't have the courage to grab a mobile phone.

Chapter 1059

"The Huo family is gone. Do you want to work for the Huo family? If you don't want to die, go away immediately, or don't blame me for being impolite and send you to hell directly. "

Wang Fan gave a cold drink to those people, and then he didn't bother to pay attention to them any more, so he directly pushed the door open and entered the ward.

These people are just small fish and shrimps. When the Huo family is destroyed, even if they are alive, they can't turn up any waves. Wang fan is too lazy to kill them all.

Of course, if they have the ability to achieve the acquired or congenital, Wang Fan will definitely be a killer.

"What? Is the Huo family gone? " Those people listened to Wang Fan's words, their faces changed in an instant.

They did not hesitate to pinch out the mobile phone to make a call, but did not dial a phone.

A chill came from the top of their head. They didn't dare to think about it any more. They quickly got up and left the hospital.

"Wang, Wang Fan." Lu Xiaoai saw Wang Fan enter the ward, first a Leng, then immediately excited to sit up.

But her body was too weak and her bones were broken. She couldn't bear such a big movement.

Before she sat up, she fell back again with pain, her face turned pale with naked eye speed, and began to cough violently.

However, Rao is like this, her eyes are staring at Wang Fan, not willing to leave for a moment, even dare not blink.

She was deeply afraid that it was an illusion. She was deeply afraid that Wang Fan would disappear in the blink of an eye.

Because she didn't know whether Wang Fan really came, or because she missed Wang Fan too much, she had hallucination.

Lu's mother is also staring at Wang Fan, eyes complex, mixed feelings.

But soon she was attracted by her daughter's situation, quickly grabbed her daughter's hand, "Xiao Ai, Xiao Ai, how are you, you must not be excited. Ma calls it a doctor. Ma calls it a doctor. "

Wang Fan's heart is also mixed with five flavors. He rushed to Lu Xiaoai in three or two steps, "don't be excited, I'll come to see you. I'm sorry. I'm really sorry. "

Wang fan knows that no matter how sorry he says, he can't make up for the harm he has done to Lu Xiaoai's mother and daughter, nor can he make up for their apology.

But now, all he can say is these three words.

Wang Fan said, looking at Lu Mu, "aunt, don't call a doctor. I know some medical skills. Let me show Xiao Ai.

"Don't worry, it's all over. It won't happen again. "

Wang Fan said, went to Lu Xiaoai and sat down, and checked her injury.

Lu Xiaoai is still staring at Wang Fan with tears.

She didn't seem to hear Wang Fan's words. She murmured to herself, "is it you? Is it really you? You're

OK. I'm at ease."

Wang Fan looked at Lu Xiaoai's emaciated face, her pale face, and her sickly appearance. His heart was tingling.

He really can't connect the girl in front of him with the young, beautiful, gentle and beautiful girl he saw on the plane.

"Xiao Ai, don't get excited and don't worry. It's me. I'm fine. Not only I'm ok, but you're OK. It's all over. It's all over. "

Wang Fan said, his right hand had already grasped the silver needle and pricked it up on Lu Xiaoai.

Although Lu Xiaoai's injury is serious, it is not incurable. It just takes some time.

It took Wang Fan two hours to complete the treatment for Lu Xiaoai.

Under Wang Fan's treatment, Lu Xiaoai's face has been ruddy again, no longer as sick as before.

She even clearly felt that her broken bones had been connected, and her numb legs, which had no consciousness, had come back to life again.

But Wang Fan's face turned pale, without blood.

There are too many battles and massacres on this day.

In addition, he treated Chi LAN and Lu Xiaoai twice, and Wang Fan's consumption was also very large, almost all of them could not bear it. If it wasn't for his strong willpower, I'm afraid he would not be able to survive.

Maybe it's because of the strength of the Huo family, or some other reasons. In the past two hours, no medical staff or one person came.

This saves Wang Fan a lot of trouble.

"Well, Xiao Ai, now your injury has basically healed, the only difference is recuperation, let's go."

Wang Fan put away the silver needle and said to Xiao Ai.

"Good." Lu Xiaoai nodded, pulled off the oxygen mask, sat up from the bed, and then slowly tried to get down.

Just her feet just landed, almost fell, fortunately Wang Fan helped her in time.

"Ai, how are you?" Lu Mu's face changed for a while, and asked quickly.

Although she was shocked by Wang Fan's medical skills, she was willing to believe that her daughter could get better, whether she was shocked or not. "I'm fine. I'm just hungry and weak." Lu Xiaoai said.

She was really weak just now, and she didn't go down for several days, so she didn't adapt to it. So she almost fell down.

Now I've got used to it. It's OK to stop and walk slowly.

"It's OK, it's OK." Lu's mother burst into tears.

Wang Fan soon left the hospital with them and settled down in a hotel.

"Xiao Ai, auntie, I'm sorry. I'm the one who bothered you."

In the hotel room, Wang Fan looked at Lu Xiaoai's mother and daughter and said to herself, "don't worry, now everything is over, you are no longer in danger."

"Now I ask you, do you want to continue to be your stewardess, or do you want to find other jobs? I know some people in Chuncheng, and I can help you! "

Wang Fan said very seriously.

He didn't say to give money directly, because girls like Lu Xiaoai have strong self-esteem. If he says to give money directly, people may not accept it.

"I don't want to be a stewardess. I want to try another job." Lu Xiaoai suddenly had a bad feeling, "Wang Fan, are you going to leave? Will we never have a chance to meet again?"

"No, I'm sure we'll meet again." Wang Fan said without hesitation, "and I won't leave Chuncheng for the time being. I still have some things to deal with here."

"Besides, even if I leave Chuncheng, I can come to see you at any time. Now technology is so advanced that it can be done in a few hours by plane. "

Wang fan saw the attachment and emotion in Lu Xiaoai's eyes and quickly comforted him.

His heart is a little sigh, there are so many good girls in the world, but he is not a good man, really do not want to fail others, do not want to hurt others.

Wang Fan comforted said, quickly again to the topic of work, "since you want to change your job, that's OK."

"During this period of time, you should first take good care of your injury, and then think about what you should do. When you get well, I'll introduce you."

He also joked, "maybe in a few days, I'll have a company in Chuncheng. Maybe I'll ask you to help me then."

"Don't lie to me, I'll go to your company." Who knows Lu Xiaoi is serious, one said.

Wang Fan was silly in an instant. Just when he didn't know how to answer it, suddenly, a phone call came in.

Chapter 1060

Wang Fan looked at the caller ID and felt strange. He didn't know why Chi Diao would call him at this time.

You know, it wasn't long before he left Chi's house, and Huo Mang and his party were dead, even Huo's house was destroyed.

According to the normal situation, Chi Diao should be dealing with the end of his hand now. How can he call him? What happened?

Wang Fan thought in his heart, but he got through the phone quickly, "Mr. Chi, what happened?"

"Wang Shao, it's me, heiluocha."

However, the voice from the other end of the phone was the sound of black Luocho. Her mood is very excited, "Wang Shao, where are you? I'll go to you now!"

No one can understand her feelings at this time.

She spent a whole day and night looking for Wang Fan in the side mountain, and almost searched the whole side mountain, but she didn't find any trace of Wang Fan.

She had already despaired and thought that Wang Fan was dead, but at this time, she got the news from Wang Fan.

Now, listening to Wang Fan's familiar voice, she can't help crying.

"Sister Luocho, how did you come to Chuncheng?" When Wang Fan heard the voice of heiluocha, he was also shocked, but he was more moved.

He knew that most of the black Luocho came to the city after he knew what he was doing in Chuncheng.

"I'm in Chuncheng hotel now. Come and see me. I have something to discuss with you." Wang Fanfei

said quickly.

Heiluocha didn't hesitate. After hanging up, he rushed to Chuncheng hotel.

Half an hour later, Wang fan saw heiluocha.

Black Luochoa wearing a black suit, is still so tall, so sexy, so beautiful.

But her face was obviously a little haggard, and her eyes were dark. It was obvious that she didn't have a good rest during this period.

"Wang Shao." Black Luochoa see Wang Fan, eyes a acid, also ignore Lu Xiaoai mother and daughter in the side, directly head into Wang Fan's arms.

She was one of the first people to follow Wang Fan. She had a special feeling for Wang Fan, and she never wanted Wang Fan to have an accident.

Lu Xiaoai looked at the black Luochoa, and saw the black Luochoa rush into Wang Fan's arms, his eyes were a little sad.

No wonder Wang Fan didn't mean that to her. It turned out that people had already had a lover. Heiluocha not only looks beautiful, but also has a strong aura. At first sight, it is not an ordinary person.

Although Lu Xiaoai asked herself that her appearance was not bad, she felt like an ugly duckling when compared with heiluocha.

"I'm fine. Let me introduce you. This is Lu Xiaoai and this is her mother. They are all my benefactors and have helped me a lot. "

Wang Fan's last sentence is of course nonsense. He can't say that because he is involved with other people's mother and daughter, he will pick up the scar of other people's mother and daughter?

"Hello, little sister Ai, I know you. Thank you for your time." Heiluocha naturally knew about Lu Xiaoai's mother and daughter, and quickly reached out and said hello with a smile.

She knows that Wang Fan has the character of repaying kindness and revenge, so she respects Lu Xiaoai's mother and daughter very much.

"Hello." Lu Xiaoai was a little relieved when he saw that heiluocha was easy to speak.

She is afraid that heiluocha will see her with Wang Fan. What misunderstanding and hostility does she have.

The two girls exchanged greetings for a while, and Wang Fan took heiluocha to another room.

After all, Lu Xiaoi's mother and daughter are just ordinary people. They'd better not know about some things.

After two people enter the room, black Luo Cha asks immediately, "Wang Shao, night came to spring city, do you know?"

"She's in spring city? When did it happen?" Wang Fan's eyelids can't help jumping up. He came to Chuncheng at night. Why didn't he find him? Is there something wrong?

"On the night when Li Fu was bombed, you disappeared." Black Luo Cha said quickly, "at the beginning, she and I almost came to the side mountain one after another, and she also took more than ten people."

"Just because we didn't deal with each other, and I was worried about your safety, and the situation was not right at that time, I didn't say hello to them, but went to Li Fu secretly."

Wang Fan listened to this, immediately couldn't help but stand up.

He could imagine the danger of the people in the dark.

There are still some experts in daowumen Yuanmeng Pavilion, especially Yuanmeng Pavilion. There is more than one congenital expert.

Night more than ten people against them, can be good?

Even though more than ten people are powerful in the dark, they can't stand it. In addition, the members of Daowu sect have guns and other heavy weapons in their hands. Wang fan is afraid to think about it any more.

Heiluocha seemed to know what Wang Fan was worried about. He said quickly, "don't worry, Wang Shao. I don't think anything happened to them. It's just that they didn't contact you for other reasons."

"I've checked. There were no dead bodies of them that night. And after they appeared, there was no big explosion, so there was no skeleton

"In other words, most of them are safe, but they don't know why they didn't come to you." Wang Fan listened to these words, finally relieved, "you immediately let people look for me, be sure to find their trace. I want to see people alive, and I want to see corpses dead. "

His mind can not help but come up with that hot tempered, cold outside and hot inside girl, "she must not have things, otherwise, how can I explain to Uncle Ye?"

"You don't have to worry. I'll let people try their best to find their whereabouts. I'll let you know as soon as I get any news."

Black Luo Cha hastens to say. Her previous focus has always been on Wang Fan. Now that Wang Fan has been found, she can let the people below go all out to find the whereabouts of night and others.

"Good." Wang Fan nodded, "you let Chu Wei bring some people to spring city, to be smart, better quality."

His eyes become deep, "now Daowu gate is almost destroyed, many forces in Chuncheng are ready to move, trying to share a share."

"You ask Chu Shao to bring some people to Chuncheng and take over the daowumen industry. I don't want to make a wedding dress for someone else when I almost lost my life. "

Wang Fan really paid a great price for destroying Daowu sect. He called it a near death. He would never be too happy to make wedding clothes for others?

No matter who wants to snatch food from Wang Fan's mouth, he must pay a heavy price.

"OK, I'll call Chu Shao right away. It's just that he has been busy recently. He can come to Chuncheng. "

"Well." Wang Fan nodded, and soon he seemed to think of something again, "yes, buy me a villa in Chuncheng tomorrow. It doesn't need to be too big, but the surrounding environment must be better."

"This time, Lu Xiaoai's mother and daughter are involved, so we have to make some compensation. I'm sure she won't give her money. Let her take care of the villa for me. "

"Well, I'll do it tomorrow." Hei Luochoa nodded again.

After Wang Fan finished, he went to his room to have a rest.

He opened three rooms, one for Lu Xiaoai's mother and daughter, one for heiluocha and one for himself.

After a long day, Wang Fan was really tired and needed a rest.

Heiluocha's work efficiency is very fast. The next day, he bought a villa. Wang Fan took Xiaoai's mother and daughter to check in directly.

Lu Xiaoai didn't want to go, but Wang Fan said that it was his own villa, empty is empty, and also need to be taken care of, rather than relying on others, it is better to rely on Lu Xiaoai.

Coupled with the continuous lobbying of heiluocha, Lu Xiaoai finally reluctantly agreed.

On the third day, heiluocha had already selected the address of Wang fananbao's branch in Chuncheng.

It was an eight story office building, which was bought by heiluocha with a lot of money.

At six o'clock in the evening, Chu Wei called. He had arrived in Chuncheng.

Wang Fan didn't pick up, just put a table in the Juwei building, and told Chu Wei the address, let him come by himself, give him the wind.

But Wang Fan didn't expect that after waiting for more than an hour, Chu Wei didn't come. Finally, the black Rocha received the news that Chuwei was fighting with people on the way.
