

## **MIGHTY SK 1061**

### **Chapter 1061**

"A fight?" Wang Fan feels a little inconceivable, "he first came to Chuncheng, and there is no enemy, how can he fight with people, will there be any conspiracy?"

Wang fan is very clear about Chu's temperament. Although he is a little crazy, he has some bad temperament.

But since this period of time, with the development of Wang Fan group and the blooming of Wang Fan Anbao, his temperament has also converged a lot.

Otherwise, Chu Wei could not have been so smooth and never let Wang Fan solve any problems.

"It's not clear yet. I just received the news that he had a conflict with people at the airport. As for the reasons and whether there is any conspiracy, we still need to investigate. "

Black Luo Cha is also frowned and said softly.

Although her people have infiltrated in the spring city, they are not omnipotent. What can't happen, you will know immediately, and you can also know the reason.

"It's not easy. Let's go to the airport and see what's going on." Wang Fan did not ask much, sighed and stood up directly.

When Chu was in trouble in Chuncheng, it was necessary for Wang Fan to take a walk, otherwise he would be too cold hearted.

Black Luo Cha nodded, also no nonsense, followed Wang Fan to the airport.

Chuncheng airport.

The people who have already gathered around outside are obviously watching.

There are two groups of people in the circle. One group is headed by Chu Wei, Xie Hu, Bai Di and Zhang Meng. Behind them are more than ten elites of Wang fan'anbao.

Chu Wei came to Chuncheng to do great things, so he brought many generals, including Xie hubai and Zhang Meng.

The first wave was led by a young man with bright clothes and proud eyes.

In his thirties, he combed his hair like a dog licked it.

He is famous for his clothes, watches and shoes. There are more than ten gorgeous men and women in bright clothes behind him.

Each of these men and women is extremely arrogant, as if they are holding high in their bones. Not only that, there are seven or eight big bodyguards standing behind them.

Beside the youth and Chu Wei, there was a tall woman.

The woman looks twenty-five or twenty-six years old, tall and sexy, very beautiful, but at this time she is staring at Chu Wei, a face of shame and anger.

"Son of a bitch, you dare to eat Laozi's woman tofu. Don't you want to live? Even Lao Tzu's women dare to touch. Have you eaten bear heart and leopard gall? "

The young man was pointing at Chu Wei, spitting, "tell me, what should I do? If you don't give me an account today, I will give you an account!"

"Brother, is this a mistake? I don't know her at all. Where can I eat her tofu? She framed me, and I was wronged. "

Chu Wei was pointed to the nose and yelled, but he was also angry. Just don't want to make things big, he can only endure anger, explain in a low voice.

He was really confused. Originally, after they came out, they planned to take a taxi to the place designated by Wang Fan.

But all of a sudden, such a woman came out. She had to say that Chuwei touched her ass and wiped her. Where the hell would he go to argue?

Let's adjust the monitoring. There are so many people in this place, and they don't have to see clearly. If we don't monitor him, he's a bit too eloquent.

Because as long as you look at the eyes of the onlookers around you, you will know that people believe the woman's words.

After all, this woman's dress is too coquettish. If you don't talk about the hanging bag skirt, what you should or shouldn't show, it looks very sexy and can make people swallow their saliva.

Especially in the back, it's mellow and cocky, and men can't control it. It seems normal.

"Wronged?" The young man sneered, "there are so many people in the airport. Why didn't she just wronged you? Would she have wronged you if you hadn't touched her? "

"What do you mean, do you want to die? Why don't we go to the police station and reason? " Young

people are fierce!

The woman seemed to have been greatly insulted. She pointed to Chu Wei with shame and indignation. Her delicate body was still shaking. "You, you, you took advantage of me and said I wronged you. You are too insulting!"

"I tell you, I'm not a woman who has been taken advantage of by others, but dare not stretch out. Don't think I don't know what you're thinking. "

"Don't you think that because of my face, I'm afraid of shame, and I'm afraid to show my face, I dare to take advantage of it openly?"

"I tell you, if you think of me that way, you're wrong. I'm not that timid woman."

A woman with a face of shame and anger, a face of righteousness, her look is still vivid, eyes are some red, as if to be angry are about to cry out.

Chuwei looked at the woman and almost wanted to slap her.

He has never seen such a shameless person before.

It's just that he doesn't understand why there are so many people at the airport. Why does the other party want to meet Chuwei instead of others? Is it because he is rich and wants to rip off, or is there a deeper conspiracy?

Zhang Meng, the White Emperor of xiehu, is also not good-looking. People don't know what's going on. Don't they know?

They have been with Chuwei all the time. If Chuwei really ate this woman's tofu, they would not know?

The woman just walked quickly past them, then suddenly turned around and screamed that Chuwei had taken advantage of her.

Then soon after, a group of young people killed and surrounded them.

Xie Hu three people want to attack, but Chu Wei reached out to stop, he looked at the woman, and then looked at the youth, "what do you want to do, say the conditions, ask for money, you say the number."

Chuwei didn't want to go on in the end. He wanted to understand the matter as soon as possible and leave here.

"Money?" The young man laughed. He pointed to his famous clothes and watch, pointed to the bodyguard behind him, and growled, "do you think I'm a poor money man? Who the hell are you insulting? "

"I tell you, I don't want money, I don't want to do anything, I just want to do something for the female compatriots!"

He roared loudly and stood at the commanding height of moral justice. "In order to avoid more female compatriots from being insulted by you, I want you to kneel down and apologize."

"Today, Laozi is going to let you have a long memory, so that you will never dare to bully female compatriots again."

Be righteous!

"Well, well said!"

"Yes, such bastards should be taught a lesson!"

"That is, we must make him completely afraid, and never dare to bully our women again!"

"It is because of such people as him that the general mood of our whole society has been tarnished. Such people must be punished!"

"How much bad money do you think you have? Actually bullying our vulnerable groups, I'm most annoyed by such people. They should be shot! "

"That's right. I'm afraid this son of a bitch would have succeeded if it wasn't for the other side's extraordinary background!"

The crowd was excited, and the people around them clapped and applauded one after another, especially some female compatriots, who looked at Chu Wei's expression with deep hatred.

Their expression was as if Chuwei had ruined them and abandoned them.

For a moment, Chu Wei was the target of a thousand people.

## **Chapter 1062**

"On your knees? "Sorry?" Chuwei clenched his fists tightly, and his heart was full of anger. He felt extremely depressed.

If he really did not control his hand, to take advantage of the woman, kneel down to apologize, kneel down to apologize, he also admitted, but he was clearly wronged ah!

In this case, it is impossible for him to kneel down and apologize!

His kneeling represents not only himself, but also Wang Fan group.

If he really kneels, how can he make a big show in Chuncheng?

At the same time, Chuwei was on the alert.

Do these people know his identity, know the purpose of his spring city, so they deliberately play such a hand?

What a brilliant calculation. Who is behind them?

"Chu Shao, I think these bastards are really looking for trouble for us. If you just give in to them, it will only make them more aggressive."

"I think we'd better leave here as soon as possible. As long as they dare to stop us, we'll do it."

"We come to spring city to do business. Once things get big, no matter whether we have reason or not, it's not good for us."

Xie Hu three people are also very aggrieved and angry. When were they so framed and bullied?

If they hadn't come here for the first time, and had a mission with them, they would have been fighting for a long time. How could they have tolerated it until now?

When they heard that Chu Wei was asked to kneel down, they immediately knew that it was hard to do good, and they didn't plan to continue to bear it.

There are more and more onlookers, and the other party shamelessly stands at the commanding height of moral justice. It's not good for them to make things big.

They have to get out of here as soon as possible.

If the other party doesn't stop it, it's OK. In the future, we'll find a way to check the matter and get it back. But if the other party dares to stop, then don't blame them for being impolite.

Chu Wei nodded and looked at the young man. "I said again, I didn't take advantage of her, let alone eat her tofu."

"Although I don't know why you wronged me, who sent you and what's the purpose."

"But I also want to tell you that I am not so easily wronged. It's impossible for me to kneel down and apologize. "

Chuwei coldly glanced at the young man and the woman, then ignored them and turned to leave.

Although the crowd around is very loud, few people dare to stop Chu Wei and his party.

Chu Wei and other people are of extraordinary origin. They don't seem to be easily provoked at all.

Chuwei is a little better. He seems to be the mildest.

But those security elite, one by one are full of spirit, is very terrible, obviously are practitioners.

Zhang Meng, the White Emperor of xiehu, in particular, is full of the smell of beasts. They don't need to show their momentum at all. Just one look is enough to make most people retreat.

Those melon eating people around dare not stop Chu Wei and his party, but it does not mean that the youth dare not.

As soon as he saw that Chu Wei was going to leave, he immediately refused, "Damn, taking advantage of Laozi's woman, do you think it's too easy for you to go like this?"

"Go, can you go? I tell you, if you don't get down on your knees and apologize today, you're not going to leave! "

He growled ferociously, and his fingers suddenly pointed to Chuwei, "come on, stop them! I really don't believe it. There's no reason in the world. Evil can prevail over right. "

With his voice, the seven or eight bodyguards rushed toward Chu Wei in an instant, with the momentum of a tiger.

"Don't give me face, I'll die!" Xie Hu looked at this scene, angry, the heart of the anger can no longer suppress the eruption.

As soon as he stepped, without hesitation, he rushed to the bodyguards.

Just as a bodyguard waved his fist, Xie Hu suddenly grabbed his arm, yanked it down and banged it. He fell to the ground with his head hitting the ground.

Blood splashed out and dyed the ground red.

Xie Hu's eyes glared, and then he stepped out and directly hit one's chest.

With a bang, the man only felt a wave of violence, and the whole person flew out in an instant, spewing out a mouthful of blood mist.

Zhang Meng, Baidi and the elite security guards were not idle. They all rushed to the other five or six people.

Although the quality of those five or six people is not bad, compared with Zhang Meng and others, they are far worse.

A series of crackling sounds sounded, blood splashed, without a few breaths, the five or six bodyguards all fell to the ground, mouth issued a painful howl.

This scene looks like a movie, almost unbelievable.

No one knows that Xie Hu and others have been lenient.

If it's not for the fear of heavy shots, the impact will be great. These seven or eight bodyguards can't just fall to the ground with minor injuries. No matter how bad, they have to break a few ribs and go to the hospital for a few months."Let's go." Chu Wei didn't start or talk nonsense. Seeing that the seven or eight bodyguards were abandoned, he immediately waved and left.

The young people rely on the seven or eight bodyguards. Now the seven or eight bodyguards have been killed. In his opinion, the young people should not dare to shout any more.

But who knows, young people not only did not calm down, but also more crazy yelled, "Damn, take advantage of Laozi woman, you still have a reason?"

"How dare you beat Lao Tzu's bodyguards? Do you have a king's law? I tell you, none of you want to leave today. I must get this justice back! "

With his voice, click, click, several cars parked on the side of the road, the door opened in an instant, at least dozens of people rushed out of the car.

They are all arrogant and fierce.

After coming out, these people rushed to Chuwei and his party for the first time and surrounded them.

It's killing.

Chu Wei's heart sank to the extreme. At this time, if he didn't know that the other party had planned, he would be a pig.

Looking at the other side's posture, it's obvious that they are well prepared.

Not to mention Chu Wei, even those who clamor the most fierce melon eating masses feel something is wrong.

The cars parked on the side of the road are all equipped with people in advance. If there's nothing fishy about it, who can believe it?

It is estimated that even a fool can see that things are not normal.

The young man pushed away the bodyguard and came forward with arrogance, "son of a bitch, you can fight, right? There are many people, right? I tell you, today you not only have to kneel down and apologize, but also pay for my bodyguard's medical expenses! "

"Otherwise, don't leave the airport, the prison is your home in the future, and you don't want to come out of it!"

Chuwei's face was completely ugly at last. Although he didn't pay much attention to so many people, once a fight started, it was not something that could be done for a while.

The more things get worse, the worse he will end up.

Not to mention Chu Wei, even Xie Hu, Zhang Meng and others were dignified.

Dozens of people, it is not so easy to be able to solve, especially when they still need to control the discretion.

It's really getting worse and worse.

Just when Chu Wei was thinking about how to deal with this matter and whether to call Wang Fan, a careless action of the youth aroused Chu Wei's attention and vigilance.

### **Chapter 1063**

The young man looked at the time and the distance.

Although his action seems to be casual, it seems to be inadvertently revealed, but it was caught in Chu Wei's eyes.

Chu Wei's heart clapped for a moment, and he had a bad premonition. Is it difficult to be a young man's target, not him, but Wang Fan?

Thinking of this, Chu Wei carefully recalled the whole thing, and then found that from the beginning to the end, although the young man was crying and forced him to be tight, he never took the initiative to let people do it.

Even if they just asked people to do it, they had to make a decision just because they wanted to leave.

Now, even if the other party has dozens of people, the youth still just let them surround Chuwei and his party, and did not immediately start.

You know, Chu Wei and his entourage turned over the other party's seven or eight bodyguards. In this case, after the other party's people appeared, they should immediately take revenge regardless of

everything.

But now, they just didn't do it. They just surrounded themselves and wanted to apologize and compensate.

Why?

Obviously, the youth is just procrastinating. He is waiting for Wang Fan to come.

Chu Wei couldn't help sweating behind him.

Who is the person behind this young man? Is it too insidious and deep? To make such a big play, in the end, it was to take him to fish and catch Wang Fan?

Chuwei was originally born in a big family. He had a bright head. In addition to this period of experience, he was extremely smart.

In an instant, he figured out each other's thoughts.

He didn't even have to think about it. He also knew that most of the things here had already passed to Wang Fan.

And with Wang Fan's temperament, most of them are on their way, even if Chu Wei doesn't call for help.

Think of here, Chu Wei's scalp can't help but feel numb.

The other party's scheming is a little terrible. Even Wang Fan's character is calculated.

"Let's go, get out of here at once. If you dare to stop us, fight! Zhang Meng, you immediately call Wang Shao and tell him not to come here. Just say that I, Chu Wei, can handle things here. "

Chu Wei didn't dare to hesitate for a moment, so he immediately gave the order.

He must leave here as soon as possible, even if things are big, and he will inform Wang fan not to come.

No matter who the other party is, since the other party dares to take Chuwei to fish, to deal with Wang Fan. It means the other party is ready.

Even if Chu Wei doesn't think that the other party will definitely eat Wang Fan, he can't be afraid of ten thousand just in case, he can't let Wang Fan come to risk.

"Good." Although Zhang Meng and others are not as smart as Chu Wei, they can't imagine so much, but from Chu Wei's expression, they have realized the conspiracy.

Without hesitation, Xie Hu and Baidi surrounded Chuwei and Zhang Meng in the middle with their security elite and went out.

Zhang Meng immediately took out his mobile phone and turned over Wang Fan's phone.

Chu Wei is staring at the young people, while alert attention around, aware of those uncertain risk factors.

"Don't give it to the face, give it to me!" The youth also heard Chu Wei's words, his face changed in an instant!

While he was greeting the dozens of people, the whole person and the sword rushed towards Zhang.

In this case, how can he let Zhang Meng dial Wang Fan?

He had to stop Zhang Meng from dialing.

The youth, who had been arrogant, burst out with great strength at this moment.

The outer ring of the two elite security, almost no time to make resistance, he was directly in a brutal way knocked over.

The young man knocked over two people, tore out the gap, kept on walking, and rushed to Zhang Meng like a rainbow.

Zhang Meng's eyelids jumped wildly. He just had time to dial out Wang Fan's phone. He didn't have time to wait for Wang Fan to answer. The young man rushed in front of him and kicked him with a big foot.

Zhang Meng didn't dare to be slighted. He could only bite his teeth and resist with his arm!

With a bang, the young man focused on Zhang Meng's arm. Zhang Meng was thrown out directly, and his mouth was full of blood.

The mobile phone in his hand was picked out and fell to the ground, breaking into countless pieces.

At this time, Xie Hu and his party have been in close combat with dozens of enemies.

Originally, Xie Hu and his party still had the advantage, but we can see that the young man tore out the gap with a posture of crushing and tearing. After putting down Zhang Meng, he was immediately distracted. He got several punches and feet on his body and was injured to varying degrees.

"You stop them, I'll meet him!" Xie Hu angrily flies an enemy, roars and pours on the youth.

Because he saw that the young man had attacked Chuwei, and he had to stop him.

"Son of a bitch, I'll kill you!" The White Emperor's face also changed wildly. He swept the two enemies out with his feet and rushed at the young man madly. Not to mention that Chu Wei is their backbone, which is equivalent to the role of a military strategist, but they will never allow Chu Wei to have an accident because of the feelings they have worked with each other for so long.

Xie Hu rushed to the young man in three or two steps. His eyes flashed a touch of anger. His momentum was explosive. He swept his right leg and attacked the young man fiercely.

His crazy leg, tearing the air, tearing out the sonic boom, look around those people are eyelid straight jump.

This leg, enough to kick over two cows, right? If ordinary people are kicked, how can they break a few ribs?

However, in the face of Xie Hu's fierce thunder, the young man didn't care at all. Even his eyes flashed ridicule and irony.

"You're not qualified to fight with me, get out of here!" With a sneer, he didn't retreat. He pointed to Xie Hu's fierce right leg.

I have to say that this young man is crazy and confident.

Of course, we can see that he really disdains Xie Hu.

With a bang, the young man's finger immediately touched Xie Hu's leg. The next moment, something incredible happened.

Xie Hu felt a wave of violence on his leg, and the whole person was just like a sandbag. When the leg bone was broken, several mouthfuls of blood mist were sprayed out of his mouth.

He knocked over more than a dozen people in a row, including his own people and enemies. Then he fell to the ground with a gray face and a shocked face.

Powerful. It's too powerful.

The strength of young people is not what Xie Hu can deal with.

Everyone around is shocked. Is this NIMA too fake? If it wasn't for the fact that Xie Hu's bloodletting didn't look fake and there were no cameras around, they all doubted whether he was making a movie.

Looking at this scene, the White Emperor, who was a little slow, was also shocked and his eyelids jumped.

just when Chu Wei was looking ugly and ready to refuse, a black cross-country car suddenly came whistling.

With a harsh braking sound, the SUV stopped at the roadside, and then the door kicked open, and Wang Fan leaped down.

He pointed to the young man not far away. Before he arrived, his voice came first. "What are you if you want my brother to kneel down? Bullying my brother, have you got my consent? "

Looking at Wang Fan who suddenly appeared, and listening to Wang Fan's domineering voice, the audience was dead again!

#### **Chapter 1064**

"Wang Shao."

"Wang Shao."

Xie Hu and others see Wang Fan appear, first a Leng, then immediately respectfully say hello.

They have some shame and some excitement.

Shame is that they feel that they have lost Wang Fan's people, sorry for Wang Fan's cultivation and trust.

You know, Wang Fan asked them to come to spring city to make a big show. But now it's good. They just got off the plane, and before they could use their fists, they were abandoned. They were turned upside down. It's a shame.

Excitedly, Wang fan is here! Now that Wang fan is here, it means that everything has been settled.

Wang fan is the God in their hearts. In their hearts, Wang fan is omnipotent. Just a group of young people are not qualified to challenge Wang Fan.

Chu Wei looked at Wang Fan, eyelid jump, can't help but say, "where elder brother, they are premeditated, mostly is aimed at you, you should be careful."

Wang Fan nodded and looked at the young man, "say, who gave you the right to ask my brother to kneel down? Why do you want my brother to kneel down?"

"Why? He dares to tease my woman The young man looked at Wang Fan with a flash of light in his eyes, but it soon dissipated.

"Look at the way they treat you respectfully. Are you their backstage? But, even if you are their backstage, how can you still be unreasonable and not talk about the king's law? "

Looking at Wang Fan, the young man said fiercely, "in broad daylight, I dare to take advantage of my woman. Do you think he should kneel down or apologize?"

He also said, "I tell you, the reason why I let him kneel is not only for my women, but also for those female compatriots who have been bullied."

He pointed to Chu Wei, "it's because of this kind of people's audacity and recklessness that so many female compatriots are bullied."

"If I let him go today, next time, he will reach out to other women. In order to put an end to this phenomenon, I just want him to pay the price and have a long memory. Why, can't we? "

As the young man said, he couldn't help looking around at the crowd. "Everyone said, should this kind of scum make him pay the price, should he be punished, should he have a long memory?"

"It's time!"

Roaring!

Although most people feel that something is wrong, most people feel that there is something fishy in it. But there are still a small number of people who are driven by emotion and can't help roaring excitedly.

Especially some female groups.

Wang Fan listened to the young man's impassioned speech, and also listened to the voice of the masses around, he could not help clapping his hands.

He gave a thumbs up to the youth, "well said, well said, this kind of person, really should pay the price, really should be punished, really should have a long memory."

Listening to Wang Fan's words, there was an uproar at the scene.

Not only the young people, but also Wang fan'anbao and others, such as Chu Wei Xie Hu Bai Di Zhang Meng, also the melon eating people around.

Isn't wang fan here to seek justice for Chu Wei? Isn't he here to stand out for Chu Wei and his party? How can he agree with the youth?

Wang Fan didn't pay attention to their surprised expression, but the front of the words turned in vain, "just, even if he has a big mistake, even if he should be killed, what qualifications do you have to punish him?"

"If he breaks the law, you can call the police and ask the police for justice. Why do you take over?"

Wang Fan sighed, "well, even if you can take over, after all, your woman has been taken advantage of, you almost get green on your head, I can understand your anger."

"But can you prove it? Why do you say my brother ate your woman's tofu? Taking advantage of your woman? "

"I also said that it was your shameless woman who wanted to hook up with my brother, but my brother didn't think she was dirty, and she only took a bite in shame and anger, OK?"

Wang Fan's words become sharp in vain, "in this way, you say my brother took advantage of your woman, OK, you show me the evidence."

"Whether it's surveillance video or mobile phone video, as long as you can produce evidence, you don't have to do it. In front of so many people, I directly abandoned him."

"Even if I'm shot at last, I'll abolish him. I know it. What's the matter?"

Wang Fan's voice became cold, "but if you can't give evidence, don't blame me for being impolite, then you are framing!"

"Although we are not easy to cause trouble, we are not afraid of it. Not every dog and cat can frame us up."

"Force words to reason!" The young man listened to Wang Fan's words and couldn't help sneering, "you want me to take the evidence, how can I take it?"

"It's in the dead corner of monitoring, so it's impossible to keep monitoring, and we can't take mobile phone video at any time."

"And everyone knows that it's impossible for my woman's clothes to leave fingerprints. How can I give you evidence?"

The young man also pointed to the people around him, "and there are so many people at the scene, why don't I frame others, but your brother?" "If your brother didn't touch my woman, my woman would have framed him when she was full?"

PA PA.

Wang fan can't help clapping again, "it's good, it's good, it seems that you don't do your homework in advance."

"It's impossible to monitor the dead corner. It's impossible to open the mobile phone video. It's impossible to leave fingerprints on your clothes. You've done a good job in this homework."

With Wang Fan's voice, not only the young people's faces were ugly, but also the faces of those around them were strange.

Wang Fan's voice still did not stop, "it's impossible to open the mobile phone video, I can understand, I can also understand that I can't leave fingerprints on my clothes, but how do you know that this is a surveillance corner?"

"When this kind of thing happens, your women have been eaten tofu and taken advantage of it. Do you still have the mind to determine if it's a monitoring corner here?"

Wang Fan did not wait for the young man to open his mouth, but pointed to the woman again, "look at you like this, you can't get any evidence. But I have proof that my brother didn't take advantage of her. "

Although Wang fan can directly solve problems with his fists, he can't.

After all, many people have seen the things here, and there are still people taking photos and videos.

Wang Fan must help Chu Wei recover his reputation before he starts.

Chuwei is Wang Fan's spokesman in Chuncheng. Once other people's products are not spread out, how can they mix in the future? Who will give him face?

Although this kind of thing even if Chu Wei really did, there was nothing, but it could not be made public. Once it is made public, it will have a great influence in all aspects.

"You have proof?" The young man's eyelids jumped up, and there was an obvious disbelief in his eyes.

In fact, Chu Wei guessed right. Today his ultimate goal is Wang Fan, not Chu Wei.

The reason why he didn't start immediately was that he wasted so much time arguing with Wang Fan.

In addition to want to kill Wang Fan, also want to stink Wang Fan, stink Chuwei, by the way for their next hands to find a aboveboard reason.

Whether it's the position here or anything else, he's 100% sure that it's impossible to leave evidence.

But Wang Fan said that there was evidence and he was confident. How could he not be surprised.

"Yes, I have proof." Wang Fan nodded seriously.

## **Chapter 1065**

"Show me?" The young man opened his hand to Wang Fan, "I don't believe it. You can say that black is white."

"It's clear that your brother molested my woman. You can even show me the evidence that my woman framed your brother. Who are you fooling?"

Youth righteousness words of say, but in the eyes is obscure sweep to all around.

His heart is thinking, is there a camera he didn't find around here? But it shouldn't be. He's been here countless times. He's sure that the camera can't get here.

Wang Fan listened to the young man's words and laughed, "the evidence is sure to show you, but it's not just for you."

"There are so many people around. If you want to see it, you can see it together, so that my brother won't be wronged."

Wang Fan said, directly pinched out a mobile phone, but also looked at the surrounding tourists, "Hello, everyone, making such a farce here, it's really a joke for everyone."

"In order to protect my brother from injustice and return my brother's innocence, I used my relationship to get the live surveillance video here."

"Now, please line up one by one, it will prove that my brother was framed, and please don't blindly believe some one-sided words of curfew."

Wang Fan said as he turned on his mobile phone, turned out a video and pointed the screen to the crowd.

People around listen to Wang Fan's words, although in an uproar, but there is no real queue to see.

This kind of thing, they regard as liveliness to see also calculate, if really take seriously son, that have no need.

Wang fan saw that they didn't queue up and didn't say much. Instead, he grabbed his mobile phone and walked slowly to one of them.

"since we don't queue up, I'll show you one by one. Well, that's where we start

Wang Fan said, pointing to one of the people, directly pressed the play button.

Although those onlookers can't help retreating, their eyes can't help glancing at the mobile phone.

They also want to know what happened and whether Chuwei was framed.

When the young man saw this, he was in a hurry. "Son of a bitch, bring me your mobile phone first. Let

me have a look first. Otherwise, who knows whether your video is real or synthetic? "

He said, suddenly step forward two steps, a then toward Wang Fan cell phone caught in the past.

His purpose is to make Chuwei stink and find an excuse to deal with Wang Fan. How can Wang Fan be allowed to show evidence to others?

Even if 99.99% of them have no evidence, there is still 0.01%.

If Wang Fan really can produce evidence, doesn't it mean that his long time efforts are in vain?

After all, he knew in his heart that Chuwei was framed, and he didn't dare to gamble on the 0.01%.

Wang fan saw the young man, sneered, put away the mobile phone directly, then flashed to one side, "what do you want to do, do you want to destroy the evidence in my hand?"

"Don't worry, I will show you. It will be your turn soon, but now can you show others without affecting me?"

In fact, Wang fan is just bluffing the young man. He has no evidence at all.

The reason why he did this was to force the young people to start ahead of time, so that everything would be broken.

Hearing Wang Fan's words, the young man suddenly roared, "no! I'm the client. Why should I show it to others first? You have to show me first

He took another step forward and said, "bring me your cell phone!"

"You're unreasonable!" Wang Fan sneered in his heart, but on the surface he could not help frowning.

"Unreasonable?" The young man grinned, "how can I be unreasonable?"

He pointed to Wang Fan, "son of a bitch, it seems that you are determined to protect your brother. You are determined not to admit it. In this case, don't blame me for being rude!"

He said, suddenly a flash, directly toward Wang Fan rushed in the past.

He doesn't intend to waste any more time. Wang fan is a bit weird. It's better to solve it as soon as possible.

And from Wang Fan's previous performance, he has confirmed that Wang fan is seriously injured and has little combat effectiveness.

Otherwise, with Wang Fan's character, I'm afraid I've already done it. How can I talk nonsense with him for such a long time?

Just for a moment, the young man set off a wave of anger, rushed to Wang Fan, clenched his right fist, set off a strong wind, and bombarded Wang Fan.

Looking at this scene, the faces of the people around them could not help but changed greatly, and they dodged around.

After all, the strength of this young man is obvious to all. It doesn't hurt to watch the play, but if it is hurt by being implicated, it's not worth the loss.

Wang Fan looked at the young man, not surprised but happy, "how, finally can't help but to do it, I've been waiting for you for a long time."

"Originally, I thought you had to be reasonable, and I was going to be reasonable with you, but since you don't have to be reasonable and have to be fist oriented, I can only accompany you." Wang Fan said with a sneer, did not retreat half a minute, clenched his right fist, followed by a blow out.

Looking at this scene, the young man instinctively had a bad premonition that Wang Fan was seriously injured. Why did he dare to touch himself?

Is there any deception?

But he had no time to think so much, because their fists had been smashed together.

Bang!

A dull loud sound came, and in an instant, the energy was wanton.

Click!

The young man only felt a surge of violence. In an instant, his whole arm had been cracked, and then a mouthful of blood flew out.

"You, you're not hurt. How is that possible?" The young man's face suddenly changed! Compared with the pain of the broken arm, he was more shocked by Wang Fan's strength.

This is clearly not injured!

Compared with the shock of the youth, the crowd around was even more silent.

The strength shown by the youth before is obvious to all.

But just like this, such a strong young man was blasted away by Wang Fan. How strong would Wang Fan be?

It's full of the sound of air conditioning.

"Injured? Who told you I was hurt? It seems that you have really investigated me. What you have done today is really for me. "

Wang Fan laughs sarcastically and rushes to the youth like lightning. He raises his foot and steps over again.

"Do it, do it!" Looking at this scene, the young man's eyelids jumped wildly. While he tried his best to roll to avoid, he roared wildly.

The development of things has far exceeded his expectations. He thought Wang Fan was seriously injured, so he dared to set up a bureau here to kill Wang Fan. But now, Wang fan is not injured, so they are in danger.

With the voice of the youth, more than 20 people were saved around in an instant.

After the appearance of these more than 20 people, without a word of nonsense, they directly stirred up their whole body momentum and killed Wang Fan with a face full of Xiaosha.

Fierce as a tiger!

The people around have been completely scared to pee. Just now, more than 30 people were ambushed outside, but now more than 20 people have emerged.

If they don't know that this young man is aiming at Wang fanchuwei, then they are really pigs.

Under the astonishing momentum of more than 20 people, their faces changed greatly, and they scattered one after another and hid in the distance.

Although they are not martial arts, they can clearly feel that the more than 20 people are not simple, far more powerful than the more than 30 people who appeared before.

Just the momentum of others makes them feel cold.

"Twenty children? What a big hand! It seems that you have really spent a lot of money on me. "

## **Chapter 1066**

Wang Fan said sarcastically, kicking the youth far away, and then pulling out the shadow knife, facing the 20 congenital up.

His heart was a little shocked. Who actually made such a big contribution? This is definitely well prepared!

It can be said that if they meet yesterday's self, I'm afraid they really fall. Even if you don't die, you have to run for your life.

Unfortunately, there is no if in the world.

After heiluochoa came, he gave Wang Fan all the pills he had left.

With the help of elixir and after a few days of recuperation, Wang Fan's strength has not recovered to the peak, but has recovered to the level of congenital middle stage.

Wang fan may have to consider whether he can deal with the 20 congenital middle stage, but he doesn't have to think about it at all when dealing with the 20 congenital early stage.

Wang Fan's figure soared in the air in an instant. The shadow knife tilted its finger and directly rolled up the boundless killing power. Then he chopped down the five or six people who rushed to the front.

The blade is emerging and the murderous spirit is rampant.

When the sound of swords and swords came, the weapons in the hands of five or six people were instantly picked up, but the shadow sword was still cut on their chest.

Hiss, hiss, hiss.

A series of knives cut into the meat, followed by the blood mist.

The five or six people couldn't resist at all. They didn't fly out directly. They were stained with blood and fell to the ground and lost their life.

"Ah

Those people around looked at the scene and couldn't help shouting in horror.

It's bloody, it's shocking.

The bloody scene and the bloody TV and movie pictures are two completely different concepts, which few people can bear.

Timid already scared soft fall on the ground, bold is pale quickly away.

The young man who was seriously injured in the distance also saw his eyelids jump wildly when he looked at this scene.

"Kill him, kill him at all costs!"

He roared crazily, but he began to retreat with a strong pain, and the idea of running away had been born in his heart.

It's terrible. It's terrible!

With Wang Fan's knife to kill five or six people, he was sure that it was impossible to kill Wang Fan today.

To be exact, what he is considering now is not whether to kill Wang Fan, but whether he can leave smoothly.

The remaining 145 people saw that Wang Fan had killed five or six people with one knife. They didn't even have an eyelid fluctuation. They continued to kill Wang Fan. They were not afraid of death.

Wang Fan looked at the scene, but also can not help but frown.

A word came to his mind.

The dead.

That is, after the death of the Meng family, he saw the dead.

However, compared with the original Meng family, today's group of dead men are so tough that they don't know where to go.

Of course, Wang Fan's strength is much stronger than before.

After Wang Fan killed the five or six people with one knife, he didn't stop at all. As soon as he moved, he cut out again.

Another five or six people were struck by the shadow knife and fell to the ground. They lost their life completely.

The ground is red with blood.

The whole scene was silent.

It's normal for ancient warriors to kill more than ten people with two knives, but it's incredible for ordinary people.

It's beyond their understanding.

You know, human bones are very hard. How much strength do you have to cut off so many people's bones and their vitality?

A dead man came from the side, his eyes flashing ferocious, waving a steel knife, raising the wind, and slashing Wang Fan's head.

Wang Fan's eyes were cold, and his body dodged the man's attack. Then he kicked back.

Bang!

A violent sound came, and the skeleton of the dead man broke in an instant and was kicked out straight.

He fell to the ground, fluttered a few times, and there was no movement at all.

"If you want to kill Wang Fan, you must be aware of being killed by Wang Fan!"

"The master of ouyan family didn't kill me, the master of Yuanmeng Pavilion didn't kill me, and the gunfire of Lifu didn't blow me up. How can you kill me?"

Wang Fan looked at those who were still brave and fearless of death, felt the surging murders on them, and a fierce anger also emerged in his heart.

With a grim smile, he suddenly put away the shadow knife and rushed to the two dead men in front of him with thunder. He grabbed their heads with his hands and knocked them to death.

Bang!

Their heads exploded, blood spilled out like fireworks, and they died completely.

Wang Fan's voice is still ringing, "you tell me, why do you?"

"Why?"

"Why?"

"Why?" These three words are like magic sounds, rolling like thunder, echoing in the whole area.

While speaking, Wang Fan has already overturned three dead men.

He is like a god of war, God block kill God, Buddha block kill Buddha, unstoppable.

On his body, there is a kind of Qi swallowing ten thousand li like a tiger, which is awe inspiring.

The rest of the dead, simply can not stop Wang Fan's killing, just less than two minutes, they have all fallen to the ground.

The whole army was wiped out.

Wang Fan overturned these 20 people, but he didn't stop. His toes suddenly touched the ground, a steel knife flew up, and then a roundabout kick kicked on the handle.

Whoosh.

Like a sharp sword, the steel knife darted out and went into the back of the young man who had just opened the door and had not yet got on the bus.

The young man looked at the point of the knife coming out of his chest. He fell to the ground with a pale face.

Wang Fan came up to him and said, "who are you and who asked you to kill me?"

His voice was cold and heartless, like a king's judgment.

"You want me to say? no way! Even if I die, I won't tell you! " The youth became crazy.

As he roared, he suddenly grasped the sharp point of the knife and raised it up. The steel knife cut his heart, his head tilted and he died completely.

Wang Fan watched the young man die without frowning, and looked at the woman who framed Chu Wei.

The woman's face was already pale. Seeing Wang Fan, she couldn't help but kneel down on the ground.

"Don't kill me. Don't kill me. I was forced by them. They forced me to frame the big brother. It's none of my business. It's really none of my business. "

The woman is out of her mind. In fact, she's already scared of her legs.

How could she expect such serious consequences if she only took money to do things?

"Go away, don't let me see you again. If I see you frame others again, next time, I will kill you directly. "

Wang fan can see at a glance that this woman is an ordinary person. Although her practice is somewhat shameless, Wang Fan also disdains to take an ordinary woman to vent her anger.

"Yes, yes." The woman nodded again and again, then left here.

There was a wet mark on the ground where she used to be. She was scared to pee. But it was dark, and few people noticed.

Wang Fan didn't find out the identity of the young people. Although he was a little upset, he didn't continue to spend time here.

He always felt that there were still two eyes staring at him in the dark. He wanted to scan around to see who the other side was, but he was afraid to disturb the other side.

Finally, he resisted the impulse, made a phone call to Chi Diao to tell him about it, sent a short message to heiluocha, gave Chu Wei and his party a simple treatment, and quickly left here.

After Wang Fan left, a bearded man walked out of the crowd.

He went to the youth to check, sighed, pinched out his mobile phone to send out a message, and then quickly left the scene.

Beard did not find, a humble position, black Rosa has his actions in the eye.

Looking at his action, black Rocha's eyes suddenly brightened up.

## **Chapter 1067**

"Brother fan, I'm really sorry. I didn't expect that such a thing happened as soon as I got off the plane. It's a shame to you."

On the bus, Chu Wei looks at Wang Fan with an apologetic face.

I'm so useless that I can't even solve this problem.

It can be said that today is not Wang Fan, he Chu Wei even if it is not dead, after no face in the spring city mixed.

"You're not to blame for this. They just took you for the layout, and finally they targeted me. What's more, they are inborn strong. It's normal that you can't deal with them. "

"It's just that I've implicated you. It's not as thoughtful as I thought. What's more, with our relationship, you don't have to say sorry. What's the courtesy between our brothers? "

Wang Fan waved his hand and said it doesn't matter.

"Also, between our brothers, we don't have to be too polite." Chu Wei nodded, but he quickly asked his doubts,

"I just don't understand. Since the other party is aiming at you, how can they send such a few people?"

It's a little too unreasonable. Don't they know your strength?"

Chu Wei feels very inconceivable, "they use me to set up a bureau, and do not hesitate to frame me, the purpose is to force you out."

"Obviously, they should be sure to kill you. But in the end, how can it be easily solved by you? It's too loud and the rain is small, isn't it

Wang Fan listened to this, very speechless, "the thunder and rain is small? You look down on them! If I hadn't been lucky, if I hadn't been a day late, I would have been dead

"In other words, if you come here yesterday and encounter this kind of thing, I'm afraid it's not so easy for me to kill them, or even be killed by them."

Wang Fan sighed, "they are not thunder and heavy rain, but clearly understand my state, this is the inevitable situation."

"If sister LuoCha hadn't come to Chuncheng three days ago and given me a few pills I made before, I would have died today."

Chuwei's face immediately changed. "Are you hurt? Or serious injury? Why don't I know? Why didn't anyone tell me? "

He was shocked and scared because he didn't know about it.

At the thought that Wang Fan would almost die, his back was a cold sweat.

If Wang fan is really killed, even if he is dead, he can't forgive himself.

"I don't want to worry you if I don't tell you. Isn't it ok now? Let's have a meal first. You'll have a good rest for two days, and then you'll have to cheer up. "

"Daowu gate is a big cake. In order to destroy Daowu gate, I almost lost my life. I'm not allowed to make wedding clothes for others, especially the dream Pavilion. "

Wang Fan expression suddenly become serious said.

Until now, he has been thinking about who are the people who are dealing with him today. Who are the 20 congenital dead men.

The people who can make such a big scene are the so-called guwu families besides the Yuanmeng Pavilion.

The ouyan family has been destroyed. Don't think about it. The only ones left are the Yujia family and

nuquan family.

There are many experts in the Nu Quan sect. If you send someone to kill Wang Fan, you can't just send him. Even if you know that Wang fan is seriously injured, you can't send such a few people. So the Nu Quan sect can be ruled out.

In this way, there are only yuanmengge and Yujia left.

Dream Pavilion and Yu family, Wang fan or feel dream Pavilion more likely.

After all, only the dreamer knows his current situation best and knows that he is seriously injured.

Of course, Wang fan is not 100% sure. He only hopes that heiluocha can find out some useful information.

Ding.

Just as Wang Fan was thinking about this, a phone call suddenly came in.

Wang Fan took a look at the call and immediately connected it.

"Wang Shao, your feeling is right. There are other people hiding at the scene. Soon after you left, there was a beard

"He confirmed the youth's death, sent a message and left. I'm following him now."

The voice of heiluocha came from the other end of the phone, and she also reported her direction and position.

After all, the other party's troops are all ancient warriors, which means that they are definitely not easy to provoke.

Heiluocha must be more careful.

She should always report the situation and position, so that Wang fan can know where she is.

Wang Fan listen to this, eyes finally can't help but bright for a while, "well, you continue to track, remember to be careful, once the other party found, or cause the other party alert, immediately evacuate."

"Although it's important to find out the identity of the other party, your safety is more important. If you can find out where he is, remember not to rush in. Let me know immediately. I'll go myself. "

Black Luo Cha nodded, "OK, I know how to do, you can rest assured, I will not expose myself.""Well."

Wang Fan gave a hum and hung up.

Although he was worried about the safety of heiluocha, he also wanted to go there in person.

But he knows that he can't go now.

Who knows if there are eyes staring at him in the dark. Once people find out his action, it will scare the snake.

Even if you want to go there, you have to go to the hotel first, then dress up, and then leave secretly.

At the moment when Wang Fan and Chu Wei come to Juwei building, heiluocha has already followed Luohu to a humble courtyard.

The courtyard was dark and quiet, and even the room was not lit. It was very quiet, very quiet.

Looking at the dark courtyard, heiluocha's eyelids could not help jumping for a moment, and a sense of danger appeared in his heart.

It's an instinct derived from licking blood at the edge of a knife all the year round, a sense of danger, an intuition.

Hei Luochoa didn't dare to follow in. Instead, he took out his mobile phone and gave Wang Fan a location.

"You are back, Lord." Almost as soon as the beard entered the yard, a voice came out.

Hei Luochoa was surprised to find that a thin and tall man appeared in front of his beard.

What makes her scalp numb is that she doesn't know when this person appeared and where it came from.

The beard heard the thin tall man's voice, quickly made a silence action, and interrupted him, quickly said, "let's go first."

The tall and thin man looked at the facial movements and listened to each other's voice. His face immediately changed.

There was a chill in his eyes and he asked in a low voice, "what do you mean, you have a tail behind you?"

"I don't know, but I always feel that someone is staring at me. But when I looked carefully, I found nothing The beard frowned and whispered.

The thin and tall man's eyelids jump and he doesn't speak any more, but his perception spreads wildly.

At a certain moment, his face finally became ugly, the corners of his mouth grinned, blood thirsty cold light appeared in his eyes, "you feel right, you are really being watched."

"This person's strength is in the early congenital stage, and the concealment method is more clever, you can't detect it is normal."

The thin and tall man said in a low voice. The next second, he flashed directly to the hiding position of the black Luo Cha.

Without warning, as fast as a ghost!

The black Luo Cha perceives this scene, the facial expression changes greatly in an instant!

### **Chapter 1068**

There was almost no hesitation in Heiluocha, and the whole person suddenly retreated.

Go, you have to go!

It was the only thought in her mind.

Hei Luo Cha is very confident in her hiding means, especially after her strength has been born.

She asked herself that as long as she hid herself, even if she was born strong in the middle, she might not find her.

But now, tall and thin man found her, not only that, but also locked her position.

It was beyond her imagination.

It can be seen that the strength of this thin and tall man is definitely above the congenital middle stage, and she can't compete at all.

The speed of Heiluocha was extremely fast, and she swept more than ten meters in an instant. It can be said that this was the limit speed of her life.

Unfortunately, Rao is so, she still can't get rid of the tracking of thin and tall man.

Almost she just flashed away from the previous position. With a loud bang, the tall man's right leg kicked a big tree beside her previous hiding place.

There was a click.

The big tree with a thick trunk broke under the thin and tall man's leg and fell straight down, as if it had

been cut by the blade.

The thin and tall man didn't seem to think that the reaction of the black LuoCha was so quick. He was stunned and rushed to the black LuoCha again.

He looked at the black LuoCha more than ten meters away and grinned, "you're not a coward, you dare to follow my brother."

"Well, that Wang didn't kill today. It's good to kill a confidant. But don't worry, I won't kill you immediately. "

"It's a pity that a beauty like you died like this. I'll have a good time before you die. "

The thin and tall man grins grimly. In an instant, he has narrowed the distance between him and the black LuoCha. His right palm becomes a knife, and the void cuts towards the black LuoCha.

A terrible wave emerged, rolled up the boundless killing power, and hanged toward the black LuoCha.

Black Rocha immediately felt a touch of crisis.

This is the first time that she has felt the crisis since she set foot in nature.

Her heart was heavy and her eyelids were beating wildly.

In this case, she knew that she had no way to continue to escape.

Even if you want to escape, you must first block the blow.

"Enjoy? I think you'd better go back to your mother and enjoy it! Disgusting things. I'm not interested in you. "

How rich is the battle experience of heiluocha? She recognized the situation in an instant, did not half drag mud and water, frantically urged the energy in her body, and directly turned to blow a punch.

The fist wind roared, and in an instant, it collided with the thin tall man's palm knife, and made a harsh sound.

The air wave turned outward, and the terrible energy overflowed like a spray. In the sound of a click, the boxing style of the black Rocha drum was smashed into nothingness in an instant.

However, this is far from the end. After smashing the boxing style of heiluocha, the momentum is like a rainbow, and it still cuts down.

Black Luo Cha just had time to wave up congenital vigorous Qi, that palm knife had already fiercely split

on her chest.

With a click, her inborn vigorous Qi was smashed in an instant, and the whole person spat out a mouthful of blood, flying backwards like a broken kite.

Her pretty face was even more pale.

Powerful. It's too powerful.

Tall and thin men are not what she can deal with at all.

The difference between the early and middle congenital is like a natural moat, a gap, insurmountable.

Bang to a, black Luo Cha heavy fall on the ground, pretty face is already a pale.

"Hot girl? Liema? Yes, it's very good. What I like most is a hot girl like you and a horse like you. "

"If it's too docile, it's meaningless. I really hope that when we go to Wushan together later, you will be so strong. "

The tall and thin man looked at the fallen black Rocha, grinning and striding over.

In the moonlight, although the pretty face of heiluocha looks pale and embarrassed, her eyes are flashing stubborn and unyielding.

This kind of expression, this kind of performance, for thin and tall men, this kind of scum, is a fatal temptation.

Originally, the tall and thin man just wanted to insult the black LuoCha and vent his anger that he didn't kill Wang Fan. Now he is really attracted to the black LuoCha.

He will conquer the horse first!

Heiluocha felt the greedy eyes of the tall and thin man, and listened to his disgusting words. He only felt a burst of disgust and nausea.

The goose bumps on her body came out one layer after another.

However, she did not quarrel with the tall and thin man in this respect, but suddenly asked, "are you from the dream pavilion?"

Black Luo Cha this sudden question, make thin tall man unconscious of a surprised, eyes in the emergence of a moment of consternation. Although it was only a flash, it was still caught in the eye by the black LuoCha.

Black Luo Cha does not wait for thin tall male response, vomit out again, "see your facial expression, what I guess should be right."

While she was talking, she had already got up and shot madly behind her.

Although she also knows that her escape is mostly a dying struggle, which is of no help, she will eventually fall into the hands of tall and thin men.

But she is not a person waiting to die. Even if she has a chance of life, she can't let it go. As opposed to waiting to die, even if it is a dying struggle, she has to struggle.

"It seems that I really look down on you, but since I'm here, don't worry about leaving. If that's enough to get you out of here, I don't have to go on

Tall and thin man looked at the crazy escape of the black Rocha, where do not know that he was trapped?

The reason why heiluocha said that was to make him stunned, make him lose his mind, let him relax the lock on the breath of heiluocha in an instant, and then seize the opportunity to escape.

It's just, can you really run?

If heiluocha really runs away, he can really find a piece of tofu to kill him.

At the same time, tall and thin men are more and more interested in the black Rocha.

The woman is so quick that she can guess his identity.

In this case, he couldn't let heiluocha leave.

The idea in the thin and tall man's mind flashed away. Without a moment's hesitation, he chased the black Luo Cha.

Hei Luo Cha didn't respond to the tall man's words. He just clenched his teeth and ran away crazily.

Whether she can succeed or not, she has to fight for it.

If you fight for it, there is still a ray of life. But if you don't fight for it, she is really likely to become a tall and thin plaything.

However, since it is a dying struggle, it means that there is little hope.

Not to mention that heiluocha has been injured, even if she is not injured, she may not be able to

escape the pursuit of thin and tall men.

Just a few breaths, the tall and thin man came close to the black Rocha again. A fierce light flashed in his eyes. His right hand became a palm and he patted it heavily.

Last time, heiluocha faced the tall man's palm knife, she still had the chance to return to punch. But this time, she didn't even have the chance to hit the tall man's palm.

Pop.

With a loud noise, the tall man slapped heavily on the back of heiluocha.

Black Rocha only felt a strong attack, there was no accident of spitting blood fly out.

Her face was completely pale, and there was a twinkle of reluctance and gloom in her eyes.

This slap, she has been seriously injured, there is no possibility of escape.

#### **Chapter 1069**

Boom!

The black Rocha fell heavily on the ground, and his face was dead.

She felt that all her bones had shifted, and her body was like a sea of pain.

Pale as death!

The tall and thin man looked at the fallen black Rocha and grinned, "now, can you continue to run? If you can still run, I don't mind playing with you again. "

He also licked his lips. "It's really a strong horse. It's really strong enough. It seems that you don't have to die for at least ten or eight days."

Heiluocha didn't speak and didn't have the heart to speak.

She is a character who licks blood on the tip of a knife. How many times has she experienced life and death?

She knew that no matter she was angry or yelling, she couldn't change the ending. She might as well save some energy to prepare for the next suicide.

In a word, no matter what, she will never allow herself to be this tall and thin plaything.

"No talk? It seems that you have accepted your fate! In that case, I'll take you back and teach you well. "

The tall and thin man still said to himself and strode toward the black Rocha.

However, before he came to heiluocha, his face had changed greatly.

A dark shadow suddenly emerged from the distance and ran into him at a very fast speed.

That speed, that momentum, that situation, just like a bomb, makes people tremble!

The thin and tall man felt this scene and his eyelids were jumping wildly. He couldn't take care of catching the black Luocha any more. His whole body was full of breath, and he retreated wildly in an instant.

However, he was shocked to find that even if he retreated, he would avoid the impact of the other side. The speed gap between the two sides was too big.

Bang, just for a moment, black shadow with a huge momentum, like a shell hit him.

The tall and thin man only felt the attack of a violent madness and spewed out a mouthful of blood. The whole man was knocked out in an instant.

His bones had collapsed and he was seriously injured.

Black shadow seems to be very angry. She knocks over the tall thin man. Without a moment's pause, she raises her body again. As soon as she approaches the tall thin man, she kicks again.

Bang!

Click!

Two voices came, the thin and tall man's sternum was crushed, blood shot, fell straight to the ground.

Boom!

With a loud noise, the tall and thin man landed heavily.

His whole body was stained with blood, and his bones didn't know how much he had been broken. His face was dead.

He finally understood what renminyu meat is.

He can finally understand the feeling of heiluocha at this time.

He never thought that he would kill such a man on the way and hurt him in such a violent manner.

He had almost no resistance.

Hard to accept, hard to accept at all!

He's in the middle of his life. He's not a dog or a cat!

"Wang, Wang Fan?" Looking up, the tall and thin man saw the person clearly and made a trembling voice in his mouth.

His eyelids were jumping wildly and his face was even grayer.

When Wang Fan comes, can he still live?

He has long been informed that Wang Fan's injury has recovered and his strength has recovered, but he doesn't believe it.

Now it seems that Wang Fan has recovered completely. Otherwise, why should Wang Fan kill him with a posture that is close to destruction?

"Do you know me?" Wang Fan listened to the thin and tall man's voice. He was angry again. He saw his point flying all the way. "Since you know me, you dare to touch my people. You are not timid!"

Wang fan is really very angry. He didn't think that what he saw was such a scene.

Hei LuoCha is being hanged by this tall and thin man. It's unreasonable.

If he comes late, he can't believe what will happen to the black Rocha.

Wang Fan's heart has been thoroughly killed, not only for the tall and thin men, but also for the people behind the tall and thin men.

No matter who the other party is, he must find a way to destroy the other party.

Wang Fan kicked feishougaonan. Then he walked over and quickly nodded on heiluocha and helped him up.

Black Luo Cha looking at Wang Fan, heavily relaxed tone.

At this moment, she felt that she was not afraid of the sky falling down.

She believes that as long as there is Wang Fan, she will be protected.

"Wang Shao, he's from the dream Pavilion. His beard is in the front yard." Hei LuoCha calmed his mood

and said to Wang Fan.

Wang Fan nodded, took the black Rocha to the tall and thin man, "so it seems that the person who set up a bureau to ambush me in the airport is also the person who made your dream come true?"

"How many people have you ambushed in the courtyard, what strength are you, and is the dreamer there?"

The tall and thin man listened to Wang Fan's words and gave a cold hum. He turned his head to one side and didn't bother to speak at all. Although he is defeated by Wang Fan, it does not mean that he is a soft bone.

For Wang Fan's question, he disdains to answer, and will not answer.

"No talk? Hard bone? " Wang Fan looked at this scene and laughed, "good, very good, my favorite is hard bone!"

"I will let you know that death is not terrible in this world. I have 10000 ways to make you want to die."

As soon as Wang fan saw the thin and tall man like this, he knew that it was impossible for him to pry open his opponent's mouth in a short time.

He didn't want to ask any more. He took out the silver needle and stabbed the thin man quickly.

Just a few stitches down, tall and thin men will experience the pain of ten thousand ants bite the heart. He was twisted, his face was crazy, and he was rolling on the ground. Life was not like death.

As he rolled, he growled at Wang Fan, "son of a bitch, if you have seed, kill me. Don't use such mean means!"

"I'll tell you, you're going to die for me like this! Even if I die, I will never answer your question! "

Wang Fan sneered, "I don't need you to answer. I'll go and see for myself. Next, enjoy yourself here. "

"Don't worry, you won't die immediately. You can live at least ten to eight hours."

"Let's go and see the man behind him."

Wang Fan said, also don't bother to pay attention to the pain of the thin and tall man, directly with the black Luocha toward the courtyard flash past.

Today, no matter how many people the other party ambushed in the courtyard, he will kill them.

Either you die or I die.

The thin and tall man's behavior to the black Luochoa has touched Wang Fan's bottom line and completely angered Wang Fan.

In the room in the middle of the courtyard stood twelve people.

The breath of these 12 people is very strong. The people with the lowest strength have the level of congenital early stage, and those with high strength have reached the congenital middle stage.

Beard is also among these people, but he is in the last position, obviously the lowest identity.

In front of the twelve, there are two people, a man and a woman. The man is the dreamer with the mask, and the woman is Yu Shuiji of the feather family.

Their faces were not very good-looking, and the atmosphere was dignified.

It was the people of the Yu family who ambushed Wang Fan today, but it was planned by the dreamer.

Originally, they thought that there was no mistake in killing Wang Fan, but they did not expect that there was a mistake, and Wang Fan's strength had been completely restored.

"Hasn't Kunpeng come back yet? Does it take so long to catch a black Luochoa? Go and see what's going on. Is there an accident?"

At a certain moment, the dreamer couldn't help frowning and pointed to two of them.

"Yes The two men answered and were about to withdraw to investigate. Suddenly, there were two loud bangs. They had already broken the door and fell in. They fell flat on the ground.

Their hearts have been kicked through, red blood flowing out, completely no life.

## **Chapter 1070**

Looking at this scene, everyone's eyelids can't help sobbing violently, and the whole room suddenly fell into a dead silence.

They can recognize that these two people are the companions in the yard, and their strength is in the early days.

But now, someone entered the yard and killed these two people. They didn't notice in advance. Is that too terrible?

"You don't have to go to see it. I've solved the problem of the guy who went to catch heiluocha. Now he's repenting, and I've brought heiluocha for you."

Another light floating voice came, and then Wang Fan strode into the room with the black Luochoa.

Seeing Wang Fan's appearance, everyone's face changed in an instant.

Especially feather water Ji, is all over a shiver, almost fell to the ground.

It is because of their greed that they want to snatch what Wang Fan had bought at the Yujia auction, which leads to the feud between the Yujia and Wang Fan.

Afterwards, because of her slander, the experts of the Yu family fell into Wang Fan's hands one after another, which led to the increase of hatred between the two sides.

This time, in order to kill Wang Fan, his family sent out 30 congenital, but still defeated.

It can be said that Yu Shuiji is most afraid of Wang Fan now. She never thought that she would meet Wang Fan again on such an occasion.

Compared with Yu Shuiji's panic, the dreamer's performance is much better, but also a face of shock.

He pointed to Wang Fan, "aren't you in Juwei building? When did you leave Juwei building? Why don't I know? "

The dreamer said here, suddenly surprised, "you, you, you are ready to stand in?"

He's gone crazy!

It is because he knows that Wang fan is in Juwei building, and he has never left, so he has no fear.

Even if I knew that heiluocha followed Luohu to this courtyard, I didn't mean to escape at all.

If Wang fan does not move, there is no need for him to escape.

He believes that as long as Wang fan leaves the Juwei building, he will be able to get the news, and it will be no later.

What's more, how long does it take for whiskers to return to this courtyard? No matter how fast Wang fan is, it's impossible for him to come in such a short time, right?

Wang Fan has prepared a stand in. It seems that he has already left the Juwei building before long.

"When did I leave Juwei building, I still need to report to you. You take yourself seriously, don't you?"

Wang Fan sneered, "you're right. I've got a double. I can't help it. You are too cunning. If you don't use any means, you can't be seen! "

Wang Fan said, suddenly playfully looked at the pale feather water Ji, "Hi, sister feather, Hello, I really didn't expect to see you here, this is just too unexpected."

Wang Fan's eyes showed a look of aftertaste, "not to hide from my sister, I really miss you that day."

"I want to go to Yu's house more than once. I want to meet my sister. By the way, I want to repay my sister for your kindness to me. Unfortunately, I'm busy with business and I haven't found the time."

Wang Fan did not expect to meet Yu Shuiji here.

Looking at Yu Shuiji, he can't help but imagine that night in the mountains, Yu Shuiji stripped naked in order to protect her life.

Of course, Wang Fan didn't like this vicious woman.

That night they wanted to rob themselves, but they were killed by themselves. At last, he saw that Yu Shuiji was a woman, and she spared her life.

But unexpectedly, Yu Shuiji killed all the Yu family members of Jueqing temple, burned Jueqing temple, and finally spilled dirty water on Wang Fan.

In the end, if it wasn't for Wang Fan's good life, he would have died in the hands of the Yu family.

"Wang, Wang Fan, I'm wrong. I'm really wrong. I didn't mean it. I didn't mean it."

When Yu Shuiji heard Wang Fan's words, her face changed greatly. She didn't sit down and fell on the ground.

Regardless of the embarrassment and the leakage of spring light, she turned her back hand to the dreamer, accusing him in both voice and color, "it's all him, it's all him!"

"Today, it's all his own business. It was he who told us that you have been seriously injured. This is a once-in-a-lifetime chance to kill you. My family sent someone to kill you. "

"I was against it, but I don't have a place in the feather family. They don't listen to me. Not only did they not listen to me, but they sent me

"It's really none of my business. It's really none of my business. Wang Fan, Wang Fan, please spare me. Please spare me. As long as you don't kill me, I'll do whatever you want me to do! "

Yu Shuiji said that, already shed tears, that expression, that acting skill, is simply amazing, even Wang Fan almost believe her words.

No way, feather water Ji to Wang Fan, that is really afraid to the bone. Let's not talk about Wang Fan's fierce attack on the mountain that night. Just say that a few days ago, Wang Fan's strong destruction of the ouyan family was enough to frighten her!

If Wang Fan was seriously injured, as the dreamer said, she might not be afraid.

But now, Wang fan not only just killed 30 early congenital death soldiers in the airport, but also quietly came to the yard and killed them both, they did not notice in advance.

Does it look like an injury?

How could she not be afraid?

Wang Fan listened to Yu Shuiji's words and sneered in his heart.

This woman is a real bitch!

In order to save his life, he even did not hesitate to pull the feather family into the water!

My heart is like a snake and scorpion, and I'm afraid I'm talking about people like Yu Shuiji.

The dreamer's face changed, "what are you talking about, bitch? Do you think Wang Fan will forgive you if you do this? Don't dream

"Resistance, we still have a chance of life, kneel down, there will only be a dead end! I really don't know, how can you be such a bitch in the feather family? You are a team mate like a pig

The dreamer is about to explode.

This kind of performance and behavior of Yu Shuiji is just to hit him in the face and attack their momentum.

If it wasn't for Yu Shuiji, he would have slapped her to death.

The dreamer knows that it can't be consumed in this way. The pig yushuiji is here. It's uncertain what will happen if it is consumed.

If Yu Shuiji is rebelled by Wang Fance again and goes back to deal with them, the situation will be even worse.

Thinking of this, the dreamer directly kicks on the ground. As he retreats, he madly orders, "do it."

But, soon, his face changed.

Because almost at the moment when he called out the word "start", he found that Wang Fan had moved first.

See Wang Fan a sneer, have already toward that distance he the nearest inborn middle rushed past.

If you want to fight anyway, why don't you do it first?

Wang Fan won't let himself be passive first.

And since he made a sneak attack, of course, he had to pick a strong one first. Only a few more talents can solve the problem better.

Almost just in an instant, Wang Fan had already rushed to the man in front of the congenitally middle stage, and his ready fist blew in the past.

"You The man's face changed wildly, but he just had time to say a word, raised his arm, and Wang Fan's fist was already on him.

A dull crack came, and the man directly spat out a mouthful of blood and flew out, no longer fighting.

Wang Fan smashed a congenial metaphase with one punch, and there was no pause at all. The backhand was a roundabout kick, which kicked the congenial metaphase behind him.

He had already seen the position of the twelve men clearly, and had already calculated in advance how to attack and fight.

That congenial middle just flashed in front of Wang Fan, just in time to blow out his fist, met Wang Fan's big foot.

There was another loud noise. Before his fist hit Wang Fan, he hit Wang Fan's foot first, and the whole person flew out.

It looked as if he had been sent to kick Wang Fan.
