

## **MIGHTY SK 1101**

### **Chapter 1101**

Wang Fan stood in the same place and quickly cured himself, then thought hard about the countermeasures.

At one moment, it suddenly occurred to him that his mental strength seemed to be better than his eyes.

He no longer hesitated, quickly urged the spirit to infiltrate into the ground.

At the beginning, Wang Fan's mental power could not penetrate those mists completely, just some.

However, Wang Fan has been very satisfied. For him, penetration is a good thing, which means there is hope.

He closed his eyes and began to motivate his mental strength to fight against those mists.

With his efforts, at a certain moment, Wang Fan seemed to hear a click, and then the fog completely disappeared.

He was also very aware of the situation on the ground.

The ground is made of white jade, but there are many small buttons on the white jade floor.

Wang Fan's scalp is numb. Which tortoise grandson designed this thing? He has so many organs.

If he goes forward blindly, even if he has a few lives, it's not enough to kill him.

In addition, he has encountered so many organs here, and the situation in the dark night is certainly not very good.

However, although Wang Fan was very anxious, he had no way. Don't say he doesn't know where the night is, even if he knows, there is no way to save it now.

Wang Fan did not move forward immediately. Instead, he grabbed a few pills and swallowed them. After recovering his strength, he began to move forward cautiously.

There are too many organs. Even if he can see them now, if he doesn't adjust them to the best condition, he may still be in danger.

Wang Fan sometimes turns left, sometimes withdraws right, sometimes jumps, sometimes stands on tiptoe, the whole is like playing acrobatics.

Just over ten meters long, he walked for more than half an hour.

Rao is like this. He accidentally stepped on a mechanism during the period. Fortunately, he was clever and prepared early, so he didn't fall into danger.

Standing in front of the inner hall, Wang Fan was relieved.

He had realized that the door had no mechanism and there was no danger in it, so he did not hesitate to open the door of the inner hall.

The inner hall is not big, only 30 or 40 square meters. Moreover, the whole inner hall is empty. There is no one.

No, it can't be said that there is no one, because there is a person sitting in the middle of the top, or rather, a dead bone.

The clothes on the withered bones had already been dried to pieces, and even the original color could not be recognized.

But that bone is still relatively intact, I don't know why it didn't turn into powder under the erosion of years.

In front of the dead bone was a table made of white jade, on which were two jade boxes.

Wang Fan stepped forward and was about to see what was in the jade box, but first he saw a few words carved on the table.

"To get my chance, I have to kowtow three times and worship nine times."

Wang Fan looked at these words, anger immediately came up, almost did not resist a kick in the past.

I almost died here, and let myself make three kowtows and nine bows. Are you kidding? Don't dream about it.

Wang Fanli didn't even pay attention. He looked directly at the two jade boxes.

In one of the jade boxes is a parchment scroll, and in the other there are eight shining spirit stones.

Wang Fan looked at these two things and was overjoyed. He reached out and planned to catch them.

But at this time, his mental power suddenly swept to the withered leg, and there was a jade box.

But the jade box was blocked by the table. It was absolutely impossible to see it without bending down or kneeling down and without mental strength.

Wang Fan immediately realized that this is the real good thing on the withered leg. At the same time, he also knew why people wanted him to kneel down.

Wang Fan immediately gave up grasping the two jade boxes on the table, but first planned to see what was in the jade box on the withered leg.

Just, he just lowered his head, a overbearing voice suddenly came over.

"Boy, don't move!"

With the sound, a figure with blood all over rushed in from the outside.

Wang Fan looked at this scene, his face changed greatly, and without hesitation, he grabbed the jade box on the withered leg and flashed to one side.

It's not that he doesn't want to move the two jade boxes on the table. It's really that this man's speed is too fast, and the attack also follows.

I'm afraid his life will be in danger if he doesn't get away immediately.

Wang Fan just dodged, a sword light then cut in his previous position, roar, gas strength overflowing.

But the ground has not been split out of cracks, not to mention the sword mark. Obviously, the ground is very solid.

"Boy, hand over what you have, or you will die!" The man glared at Wang Fan and made a violent voice.

Just as his words just fell, he saw the two jade boxes on the table."Spirit stone, parchment?" His eyes twinkled in the moment, the next second, he did not hesitate to grab the past.

Hiss.

The two jade boxes had just been grabbed by him, and two sharp lights came out from below.

The man didn't even have time to react, and was strangled to pieces by the light in an instant.

Blood spray!

Wang Fan looked at this scene, eyelids straight jump, in the heart some happy that he did not move the two jade boxes first. Otherwise, I'm afraid it's not this guy who died, but Wang Fan.

Wang Fangang was about to rush over and pick up the two jade boxes that fell to the ground. A roaring sound came out.

Then, a suction appeared and he was swept out in an instant.

Not only Wang Fan, at this moment, anyone who appears in the palace is all swept out by suction.

Just a few breaths, all the people in this palace have been swept away, and then the whole palace completely collapsed.

Spring city.

Lijing park.

This is a famous park in Chuncheng, also known as love park.

Many lovers in love, men and women in pursuit of beloved girls or handsome men, will basically come to Lijing park.

And there is a legend in Chuncheng, that is, courtship and marriage proposal in Lijing Park, rarely unsuccessful.

At this time, it is dusk, Lijing park is also overcrowded.

At the huge gate of Lijing Park, there are dozens of red luxury cars, and these luxury cars also form a heart.

In the middle of the heart-shaped luxury car, there are countless roses. These roses are not real roses, but are folded with 100 yuan bills.

These roses are also composed of "Ning Jie I love you 1314" and other characters.

In the middle of these characters, many candles were lit.

The atmosphere was spectacular and romantic.

Around the people who have surrounded a circle, men's eyes are mostly full of envy, while women's faces are full of love.

If there is a man who is willing to pursue himself in such a big way, he is afraid that he is willing to marry.

In the circle of these people, there are more than ten men and women.

Of course, the protagonist is one of the 30-year-old youths in a suit, dressed formally and wearing a famous waist watch.

This young man has a strong air and is full of self-confidence in his heart. At first sight, he is a successful

person.

At this time, he was half kneeling on the ground, looking at a woman in front of him.

## **Chapter 1102**

The woman is 25-6 years old, tall and cool.

The tailored tunic wraps her upper body, outlines her exquisite figure, and highlights her haughtiness.

Below is a very formal black skirt, slender straight round legs, covered with light black stockings, pleated luminous, very sexy.

But at this time, she was frowning, with a touch of anger and disgust in her eyes. Obviously, this scene was unexpected and disgusted.

Young people seem to have no sense of the anger and disgust in women's eyes, and they are half kneeling there in a deep speech,

"Jie, be my girlfriend, I swear to love you all my life, till death."

As soon as the young man's words fell, before the woman could make a sound, the dozen men and women behind him began to roar.

"Promise him!"

"Promise him!"

"Marry him!"

"Marry him!"

Under the coaxing of more than a dozen men and women, the surrounding melon eating crowd also roared, the scene was crazy and the voice was loud.

Women feel this scene, willow eyebrows cluster deeper, the heart is more angry.

She did not expect that her best friend would dare to cheat herself.

After work, she planned to go home, but she received a call from her best friend, asking her to come out and sit down.

She has few friends and few girlfriends, so she can't refuse an appointment.

But she did not expect that she had just arrived here, and had not seen her best friend's face before she

met such an array.

When was my best friend bribed by Xu Kunqiang?

She couldn't figure it out.

Xu Kunqiang is still there to speak, "Jie, give me a chance, although I am not perfect, but I can try to change for you, try to be perfect."

"I can't guarantee that I am the one you love the most, but I can guarantee that I must be the one who loves you the most."

"For you, I am willing to give everything, even my life."

It has to be said that Xu Kunqiang still has some acting talent.

This words say down, magnetic voice again match that just right facial expression, the innumerable flower crazy girl all can't help but shed tears around.

Xu Kunqiang looks at Ning Jie's struggling face, and he is also proud.

Now "what the people want" and the scene is so romantic, he doesn't believe Ning Jie and has the heart to refuse.

It's going to strike thunder and lightning.

Ning Jie looked at Xu Kunqiang's disgusting expression. Although she wanted to refuse, the noise around her always made her refuse.

Her heart also can't help thinking, come to a thunder to kill this son of a bitch, so that I don't have to struggle so hard.

Xu Kunqiang is a scum. He not only likes to play with women, but also likes to give the women he left behind to others.

How can Ning Jie see such scum?

Even if she was blind, she would not agree to such a person!

I don't know if Ning Jie's idea has been approved by heaven. She just thought of a thunder to kill this son of a bitch.

Boom, a shadow has fallen from the sky, and fell on the rose folded with money.

After falling down, the shadow just jumped up after two seconds, and then swept a leg horizontally.

Wow.

In a flash, the rose candle was swept out, and the scene was in a mess.

The scene of the original romantic courtship, instantly become scattered, a chicken feather.

Ning Jie is stupid.

Xu Kunqiang is stupid.

The people around me are stupid, too.

The scene suddenly fell into a dead silence.

After Wang Fan was rolled out, he hastened to stir up congenital vigorous Qi crazily.

His inborn vigorous Qi just began to drum up, and the whole person fell to the ground.

He felt as if his whole body was about to fall apart, and he couldn't say how hard it was.

Just not waiting for him to buffer, he felt his hands and feet burned again.

This hot, Wang fan can no longer help but scream, jump up, and then do not want to sweep out a foot.

It's just that soon he was confused.

He saw people standing around him, the scene he fell into, and the things that burned him.

"NIMA, no, I'm supposed to be on the mountain. How can I be here? It's like a park. Am I back in the city? "

Wang Fan murmured. When he found that this was a city, he instinctively relaxed.

It's too depressing and nervous in places like relic city.

Now he found that when he returned to the city, he finally felt a lot more relaxed.

"I'm sorry, I'm sorry, I didn't mean it. I didn't mean it. You go on, you go on."Wang Fan knew that he had destroyed other people's good deeds, so he did not dare to stay here. He quickly ran to the other side and grabbed the jade box, so he planned to leave.

As the saying goes, it's better to demolish ten temples than destroy one marriage. If it's because he

interferes with other people's good deeds, what's the crime?

Ning Jie soon recovered, and looked at Wang Fan with a shocked face.

Where did this man fall from? Why didn't you do anything after falling?

She was shocked.

What shocked her most was that Wang Fan's clothes were still ragged and blood could be seen on them. What had he experienced?

Xu Kunqiang can't stand it any more. He spent hundreds of thousands of yuan and exposed Ning Jie's best friend, who paid a lot of money. It's hard for him to come up with such an array.

Originally on the poor linmen foot, Ning Jie agreed, but all of a sudden was destroyed by Wang Fan clean, how can this mother endure?

He was so angry that he didn't bother to think about where Wang Fan came from, why his clothes were so ragged, and there were bloodstains on his body.

He suddenly stood up, took a big step forward, pointed to Wang Fan's nose and began to drink, "son of a bitch, you stop for me, who the hell let you go?"

He had a ferocious look and angry eyes.

Because he knew that Wang Fan had made such a move, today's courtship was a failure.

Now that they have all failed, he can't afford to pretend to be a gentleman. Now he just wants to teach Wang Fan a bad lesson.

With Xu Kunqiang's voice, the more than ten men and women behind him also changed their faces, and immediately surrounded Wang Fan.

"Where did you come from? Who the hell sent you?"

"It's a good game to come down from the sky. Why didn't you fall to death when you played so hard?"

"Damn, there is still blood on the body. The props are good. Are you going to blackmail us?"

More than ten meters, men and women are full of arrogance and indignation!

Wang fan is a little depressed.

If someone dares to point at his nose and yell, he will slap him in the face. But now, it is true that he has

no reason, so even if he is not happy, he can only bear it first.

"I'm sorry, I'm sorry." Wang Fan opens his mouth and is about to explain, but is suddenly interrupted by Ning Jie not far away.

She suddenly stepped forward, pointed to Xu Kunqiang and his party and began to shout angrily, "Xu Kunqiang, I asked him to come. How, do you have any opinions?"

"The reason why I do this is to tell you that I don't like you and I can't promise you. You will die later. Don't pester me."

"In addition, the scenes like today should be avoided as much as possible in the future. It may be useful for you to deal with other women, but it's useless for me, Ning Jie!"

"Let's go!" Ning Jie finish saying, go up to pull Wang Fan to go.

Wang Fan was confused.

Xu Kunqiang and his party are also dull.

### **Chapter 1103**

Seeing that Ning Jie actually stands out for Wang Fan, especially holding Wang Fan's hand, Xu Kunqiang is just angry.

He pursued Ning Jie for such a long time, but he didn't pull Ning Jie's hand. Now he was pulled by a slovenly guy. How can he bear it?

Back to God, he quickly stepped a few steps, straight in front of the two.

He pointed to Wang Fan and yelled, "you can't go!"

That contains murderous voice, not to mention Wang fan can hear it, even those people who eat melon around can hear it.

Along with Xu Kunqiang's action, his friends soon stopped them again and scolded them with righteous indignation.

"That is, he can't go!"

"How can he leave after smashing our carefully arranged scene, overturning our high priced candles and burning many folded rose banknotes?"

"Even if we go, we have to pay for it before we go!"

"Where is the compensation enough? He just fell down and almost hit me. Now I'm afraid of the damage. He has to compensate me for my spiritual loss. "

"Yes, it must be compensated!"

The crowd is raging!

Ning Jie looks at Xu Kunqiang and others who are almost the same as a rogue, and his face immediately turns cold, "compensation?"

She pointed to Xu Kunqiang and others, "can you order your face? Can you do something? "

She coldly looked at Xu Kunqiang, "Xu Kunqiang, at least you can be considered a person with a head and a face in Chuncheng. Would it be naive for you to make such a fuss? Don't you feel ashamed? "

"Compensation, right? OK, how much do you want to pay? Give me a count and I'll write you a check now! "

Domineering!

No matter whether Wang Fan destroys Xu Kunqiang's courtship scene out of his original intention or not, and whether Wang Fan has the ability to deal with it, Ning Jie is grateful to Wang Fan.

After all, Wang Fan helped her a lot, so she tried her best to protect Wang Fan, otherwise she would not be able to pass the barrier in her heart.

Wang Fan listened to Ning Jie's domineering voice, but he was still moved.

Although this woman looks cold and gorgeous, her heart is still kind.

Wang fan can see at a glance that Xu Kunqiang is not a good thing, and most of them have already hated themselves.

Ning Jie is afraid that after she leaves, Xu Kunqiang will embarrass herself, so she has to stand up for herself.

"Write a check?" Xu Kunqiang eyes a stare, "well, my loss with interest, to a million!"

Open your mouth!

"I feel scared. I want two million!"

"And me, he almost hit me just now, so he had to give me three million yuan, not a dime less."

"I'm five million!"

Xu Kunqiang's friends also follow suit. They all stare at each other and ask higher prices.

Aggressive!

Ning Jie listens to this words, almost is about to explode.

These bastards really dare to open their mouths.

Although she knew that these people were deliberately embarrassing her, she still did not expect that they would be so crazy and shameless.

Because of anger, Ning Jie's pretty face became a little scarlet. It looked like a ripe peach, rippling with a thrilling charm.

Her lofty pride is also slightly ups and downs, watching the heart beat faster.

Xu Kunqiang looked at Ning Jie's angry expression, not only did not converge, but smirked, "I've calculated, our losses add up, a total of 12 million."

"In your face, I don't want Xu Kunqiang's million, but my brother may not give you face."

He also said, "of course, if we become a family, then everything is negotiable. But the problem is, we're not a family now. "

"So, except for my million, you need to write a check for 11 million now."

"Don't you want to stand up for that boy? Don't you want to pay for him? Well, come on

Xu Kunqiang showed his disgusting face again.

He finish saying, don't wait for Ning Jie to talk, point to Wang Fan again, "I say boy, are you still a man? I don't care if Ning Jie arranged it or not. "

"But now in this situation, do you have the heart to see Ning Jie stand in front of you and solve the problem for you?"

At this point, Xu Kunqiang suddenly became fierce. "I tell you, if Ning Jie can really help you get \$11 million today, we'll recognize it, and the gratitude and resentment will be wiped out."

"But if he can't give us \$11 million, don't blame us for being rude! After all, there is always a price to pay for doing something wrong. "

"I'll throw 300,000 out like you. Some people will kill you. 11 million, what's the concept and what's the consequence for you! "

Threat! Red fruit threat!

Xu Kunqiang's words sound like a threat to Wang Fan, but in fact, they are more aimed at Ning Jie.

He is forcing Ning Jie to agree, forcing Ning Jie to submit.

There's a needle in my pocket!

"Eleven million?" Ning Jie is furious!

Her pretty face a cold, is going to cold mouth, but was interrupted by Wang Fan.

Wang Fan stepped forward and pointed to Xu Kunqiang, "are you sure you want \$11 million? Are you threatening me? "

Xu Kunqiang sneered, "you are not qualified to be threatened by me, but you can also be regarded as a threat."

Wang Fan asked again, "do you really want the lion to open his mouth and blackmail me? There is no room for negotiation or moderation?"

Xu Kunqiang still sneered, "11 million, one point can not be less!"

The tone was firm and there was no room for negotiation.

"Very good!" Wang Fan laughed, the next second, PA, a slap on Xu Kunqiang's face, "in this case, that also said a fart!"

He suddenly became violent and crazy, "you're going to threaten me, you're going to kill me, I'm afraid you're a ball?"

Wang Fan said angrily, bang, another foot, Xu Kunqiang screamed, directly covered his stomach and flew out.

He fell on the ground in pain and rolled, spitting out sour water in his mouth, which made him feel miserable.

Wang Fan stepped forward two steps again. Before he got up, he stepped on his face with one foot. "Anyway, it's all death, so why don't I kill you before I die?"

He banged out a few feet, kicking Xu Kunqiang rolling, "Damn, threaten me, what are you?"

Consequences, come on, tell me, what are the consequences? "

Xu Kunqiang's painful life and death made him unable to get up at all.

Compared with the pain of his body, his heart is more angry!

Slap in the face!

Crazy face!

He didn't expect that Wang Fan, a slovenly guy, who had been hiding behind Ning Jie and didn't dare to make a sound, suddenly became so crazy.

He wanted to get up and break Wang Fan into pieces, but the pain of his body made him unable to get up at all.

For a moment, only Xu Kunqiang's scream was left on the scene, while all the others fell into silence in an instant.

Wang Fan originally wanted to apologize and make peace. Within the acceptable range, he really offered some compensation.

But these guys are good. They dare to open their mouths and threaten Wang Fan even if they are aggressive. He can't bear it.

Wang Fan beat Xu Kunqiang violently, then looked coldly at the more than ten men and women, "who just asked me to compensate 2.3 million or even 5 million, stand up!"

Arrogant!

The whole audience is dead again!

#### **Chapter 1104**

"Me

"Me

"And me!"

"Damn, how dare you fight so little? You're going to die!"

"Destroy our carefully arranged scene, and dare to fight a few. If I don't kill you today, I will follow your surname!"

"Where the hell did you come from? You dare to move a lot in the boundary of Chuncheng!"

"Laozi tells you that no matter you are an actor invited by Ning Jie, or have anything to do with Ning Jie, you are dead today. You must be dead!"

In the short silence, more than ten men and women came back to their senses, pointed to Wang Fan with angry face and began to roar.

They are the only ones who bully others. When is it their turn to bully them?

If Wang fan is a big or small ox, or has a great background, they will recognize him. But Wang Fan's clothes don't look like someone who has the strength to step on them.

"Kill him, kill him! If I don't kill him, I will have no face in my life. Ah "

over there, after breathing slowly, Xu Kunqiang vomited a mouthful of blood in his mouth, which also made a very venomous voice.

But maybe because he was too excited, he fell down again and coughed hard.

Ning Jie was completely stunned.

She also did not expect that Wang Fan would suddenly hit others. Although she was very angry, the consequences were too serious, right?

She felt things were getting bigger and bigger. Although with her background, she can help Wang Fan deal with this matter in the end, but the price is a little high.

"Kill me?" Wang Fan's eyebrows jumped, and the next second he got close to one of the most popular young people, and he kicked his stomach.

Teng Di, the young man just moved back two small steps in time, had been kicked by Wang Fan, and his body flew out like a sandbag.

A few less than dodging onlookers were almost smashed, and the scene was in chaos.

"Come on, you can kill me. I tell you, if you can't kill me today, I'll kill you."

Wang Fan roared and slapped another young man, pointing to the others,

"you, you and you, don't you? You all want to blackmail me, don't you? I'm afraid you won't be able to take it or spend it! "

The remaining seven or eight people looked at the scene, and all recovered.

They flashed a fierce color in their eyes. Without hesitation, they rushed to Wang Fan.

This son of a bitch is too arrogant, uncle can bear, aunt can't bear!

The most important thing is that if they don't do it, they will be knocked over by Wang Fan one by one. They can't stare and roar any more.

"Son of a bitch, die!"

"Kill him!"

With the roar of the voice, seven or eight people in an instant will be like wolves toward Wang Fan rushed in the past.

Although they have no weapons in their hands, the scene is still spectacular.

The onlookers could not help but hide to one side, afraid of being affected.

After all, everyone can see that these people are so impatient and angry that they may do something crazy.

Ning Jie also can't help but stretch out that green jade hand, cover up the sexy ruddy fragrant lips, the heart always can't be calm.

It never occurred to her that things would develop into such a situation.

Wang fan is too impulsive and emotional, isn't he?

Compared with the change of people's expression, Wang Fan's eyes only disdain.

He was born to be a top man, and in his eyes, these guys were no different from three-year-old children.

If there has to be a difference, it is that they are more hateful than three-year-old children.

In front of so many people, Wang Fan didn't use his shocking strength to kill them.

He took a step forward slightly, grabbed the guy in the front with his right hand, and the man fell to the ground in the form of a dog eating shit.

The strength of the forward rush and Wang Fan's pulling force made his front teeth hit the ground first, and immediately broke, blood stained the ground and couldn't get up for a long time.

Wang Fan didn't stop. He twisted his body slightly, and his left shoulder ran into the man on his left.

Bang, the man flew up and fell to the ground.

Wang Fan kicked another foot, another person was kicked away, and at the same time knocked over the rest of the people behind him.

A series of action crisp, comparable to the movie special effects.

Rao Shi and Wang Fan have tried their best to restrain their strength. These seven or eight people have been solved by Wang Fan in just a few breaths.

One by one, they fell to the ground in a mess.

Looking at this scene, not only Xu Kunqiang was silly, but Ning Jie and the people who ate melons around him were all silly.

Is this NIMA still human?

Xu Kunqiang stares at Wang Fan and is even more unwilling. It's hard for him to believe this scene and accept this fact.

Wang Fan destroyed his elaborate courtship scene, stirred up his good deeds and hit him in the face.

This is even if, he not only did not get back the color, but even his friends were educated.

How the hell do you put up with that?

Wang fan knows that people like Xu Kunqiang will never give up for such a big loss.

Wang fan doesn't care about himself. After all, he doesn't care about Xu Kunqiang, but Ning Jie can't.

In order to make Xu Kunqiang dare not embarrass Ning Jie in the future, and will not trouble Ning Jie because of this, Wang Fanzheng plans to clean it up once in the past.

But at this moment -

Wuwu.

The shrill siren rang out.

Wang Fan listened to the siren, could not help but frown, can only temporarily give up the plan to clean up Xu Kunqiang, ready to leave first.

His main task now is to recover his strength, and then try to find a way to find the night group and see if

they have come out. He really doesn't want to waste time on Xu Kunqiang.

Xu Kunqiang saw that Wang Fan turned his head and left. Although he wanted to stop with a roar, he thought of Wang Fan's toughness and felt the pain of his body, but he didn't dare to shout out in the end.

As for his friends, they all pretended to be ostriches and didn't dare to make a sound.

In their eyes, Wang fan is too violent and cruel. They are really afraid that if they force Wang Fan, they will kill them.

Wang Fan soon came to the street. He was planning to wave for a taxi, but suddenly he thought that he had no money and no mobile phone.

This is nothing, the most important thing is that he found that people around him are pointing at him, and also deliberately away.

Wang Fan realized that his present appearance was not right. He was dirty, sloppy and had blood on his body.

It's obvious that people regard him as a bad person.

Wang Fan couldn't help frowning.

Just as he was going to find a place to get dressed, take a bath, and then try to contact Chuwei heiluocha, a BMW suddenly stopped in front of him.

"Come on up, where are you going? I can give you a ride." Accompanied by a cold voice, the window opened, Wang fan saw a cold face.

Ning Jie.

Most of the women guessed that he had no money, so they drove here.

What an understanding woman.

Without hesitation or politeness, Wang Fan opened the door and sat on it.

## **Chapter 1105**

Ning Jie saw that Wang Fan didn't even say a polite word, so she got on the bus directly. She couldn't help but clatter in her heart. She thought that this guy would not be an outlaw, would he?

But Wang Fan has already got on the bus, and is invited by her, and Wang Fan helped her before, she is not good to drive Wang Fan down again.

"Where are you going?" She forbore to ask again. When asking questions, I subconsciously clamped my legs.

"Don't worry, I'm not a bad person. Just help me find a place where I can take a bath and change my clothes. By the way, I have no money and no ID card. "

Wang Fan also saw Ning Jie's uneasiness, but he didn't care. He said directly.

Ning Jie Bing Xueming is smart. When Wang Fan says this, she immediately realizes that Wang Fan wants her to help buy clothes for her and find a place to live.

Her heart also more uneasy, no money, no ID card, no place to live, this is too abnormal.

Wang Fan has nothing. How did he get here?

Wang Fan just left when she heard the siren. She was even more worried for a moment.

She already had some regrets, why should she help Wang Fan.

In case Wang Fan sees the color to start an idea, harm oneself, that oneself can how do?

Now there are too many white-collar workers or beautiful young girls killed on the news. Ning Jie has no reason not to be afraid.

What's more, she is very confident about her appearance, figure and temperament. The only man and woman in the car is wearing such sexy clothes. In case of Wang Fan's animal nature,

Ning Jie almost dare not think about it any more. Fortunately, Wang fan doesn't always stare at her and doesn't glance at her sensitive parts, which makes her feel a little relieved.

Wang fan doesn't care about Ning Jie's mind. When Ning Jie doesn't pay attention, he grabs a pill and swallows it into his mouth. Then he starts to close his eyes and recover.

The reason why he follows Ning Jie to get on the bus is that he wants Ning Jie to help him, but also wants to solve Xu Kunqiang's problem thoroughly for Ning Jie.

Wang fan is sure that he will leave with Ning Jie. No matter where he goes later, Xu Kunqiang will know.

At that time, Xu Kunqiang will certainly come to revenge. At that time, Wang Fan will be able to completely solve Xu Kunqiang.

Of course, if Xu Kunqiang didn't come to revenge, then even if Wang Fan's eyes were gone, Xu Kunqiang's life would be great.

More than 20 minutes later, Ning Jie drove the car to a shopping mall. After parking the car, she didn't get off immediately. Instead, she said to Wang Fan,

"I'm going to buy clothes for you now. Are you going with me or waiting for me in the car?"

Wang Fan said with a smile, "just buy it for me. It's not good for me to go out like this. Thank you."

"You're welcome." Ning Jie said three words, and then got out of the car.

She was completely relieved, it seems that Wang Fan really did not harm her mind, otherwise it is impossible to let her off.

Half an hour later, Ning Jie bought a suit of clothes and a mobile phone and drove for more than ten minutes to take Wang Fan to a hotel.

After she went in and drove the room, Wang Fan had already changed his clothes and got out of the car. Although his face looked slightly dirty, it was much better than before.

"This is the room card. I've opened the room for a month. You can go up by yourself. You can take the two thousand yuan first. If it's not enough, call me again. This is my business card."

Ning Jie in the room card, business card, money, together to Wang Fan, is completely relieved.

This is the front desk of the hotel. Wang fan doesn't dare to mess with her here even if he is a bull? She finally knew how much she thought. Wang Fan didn't want to harm her at all.

Ning Jie handed things over to Wang Fan. Without waiting for Wang Fan to speak, she continued, "you'd better be careful these days. If I guess well, Xu Kunqiang will surely retaliate against you."

"He still has some energy in Chuncheng. He knows some people in both black and white. I'm not afraid that he will deal with you openly. I'm afraid that he will play tricks."

"But you can rest assured that I will try my best to find someone to deal with and put pressure on him so that he doesn't dare to mess around."

Wang Fan listened to this, dumbfounded, "you don't have to worry about me, that Xu Kunqiang I haven't seen in the eye."

"But you should be more careful later. Don't touch his way. If you have any questions, please come to the hotel for me."

Wang Fan follows Ning Jie to leave just to solve Xu Kunqiang's trouble. How can he be afraid of Xu Kunqiang's revenge?

He is eager for Xu Kunqiang to come, so that he can help Ning Jie solve the problem completely.

Wang Fan's only worry is that Xu Kunqiang doesn't come to him first, but goes to Ning Jie first, or finds someone to deal with them both at the same time.

He really wants to say, why don't you go to your room for a while, just a few hours.

But he couldn't say it, because once it was said, it would be too abrupt, so he could only remind Ning Jie to be careful later.

"OK, I see. I'll go first." Ning Jie although she doesn't understand why Wang Fan asked her to be more careful later, but still didn't ask more, after that left the hotel. Wang Fan also did not catch up, can only sigh, and then went to the room.

He is really too uncomfortable now, just want to take a bath, and he also believes that even if Xu Kunqiang retaliates, he should seek revenge from him first.

The most important thing is that he doesn't seem to be afraid of Xu Kunqiang when he listens to Ning Jie's tone. In this way, Xu Kunqiang is not likely to mess with Ning Jie.

After taking a bath, Wang Fan ate something again and lay down comfortably. Then he took out his mobile phone and dialed heiluocha.

Wang fan doesn't know if this mobile phone card is handled with Ning Jie's ID card. In a word, Ning Jie is really smart.

He just said that he didn't have an ID card and didn't ask Ning Jie to help him buy a mobile phone. Ning Jie thought of buying him a mobile phone.

"Hello." The phone was soon connected, there came a hoarse voice.

Wang Fan listens to this voice, in the heart can't help but clatter, "Luo Cha elder sister, it's me, Wang Fan."

Click.

The voice of mobile phone landing came from the other end of the phone.

But soon, an excited voice came again, "Wang, Wang Shao, is it really you? Are you ok? Where are you?"

"I'm in a hotel in Chuncheng. There are still some things to deal with here. I'll go to you after dealing with them. By the way, where are you? Are you all right?"

Wang Fan listened to the voice of the black Rocha, but also had a sense of seclusion, that kind of feeling, as if it had been reborn again.

"We're OK, Wang Shao. You wait for me in the hotel. I'll pick you up now." Black Luo Cha did not report the position, but said so.

"Good." Wang Fan nodded, "by the way, you let people check the whereabouts of the night to see if they are in the spring city."

"Good." Black Luo Cha nodded.

After hanging up the phone, Wang Fan vaguely felt that there was something wrong with the voice of heiluocha, but he didn't think much about it.

Anyway, he has come back. He will see heiluocha later. It's not too late to ask if there's anything else.

Spring city is a small manor, one of the living room, sitting more than ten people.

Not only heiluocha, Chuwei, xiehu, Baidi, Chidiao, Chilan and Lu Xiaoi were present, but also Pei Qingcheng, Su Weiwei and a Biao were present.

But their faces are not very good-looking, gloomy.

## **Chapter 1106**

"Sister Luocha, it's Wang Shao who called you just now. Has he got news?"

"Is Wang Shao OK now? Where is he?"

As soon as Hei Luocha put down the phone, Pei Qingcheng, Su Weiwei, a Biao and others could not help but stand up and asked excitedly.

On the third day of Wang Fan's disappearance, Pei Qingcheng suweiwei and Abiao arrived in Chuncheng.

For them, Wang fan is the backbone. Now that Wang fan is missing, what's the point?

No matter how calm Pei Qingcheng and others are, they can't sit still at this time and rush to Chuncheng one after another.

"Yes, there's news from Wang Shao. He's in Chuncheng, but he said he still has something on hand. You wait here. I'll pick up Wang Shao and get him back as soon as possible. "

Black Luo Cha equally excited of say.

During this period, the development of Wang Fan group in Chuncheng is not smooth.

Let alone the big cake of developing and sharing daowumen, now even self-protection is a problem.

Just when Wang fan'anbao established a branch in Chuncheng and united with Chidiao to share the big cake of daowumen, a force named Sanjiang society jumped out and joined in.

Originally, there was nothing wrong with Sanjiang jumping out. After all, Chu Wei and his party had made preparations for this.

In addition, Pei Qingcheng, a Biao and Su Weiwei came to help in time, so they were not afraid at all.

But this three rivers will be very powerful, not only under the many strong, even the boss Zheng three rivers is also the master of the master.

Wang fan'anbao is not only a member of the Sanjiang Association, but also a member of the Sanjiang Association. Even Pei Qingcheng and others are still seriously injured by Zheng Sanjiang, the leader of the Sanjiang Association.

You know, Pei Qingcheng black luochasuweiwei a Biao is a master in the early days of his birth. Especially Pei Qingcheng, half of his feet are in the middle of his birth.

But even so, she couldn't make sure of Zheng Sanjiang, which shows that Zheng Sanjiang is very powerful.

Sanjiang meeting not only suppressed Pei Qingcheng and his party, but also smashed Wang Fan's newly decorated branch in Chuncheng, and extended his hand to Chidiao.

In just three days, Chidiao group was crushed and disintegrated. Its top employees resigned clean, its stock fell sharply, and it was on the verge of bankruptcy.

Even so, Zheng Sanjiang was reluctant. He gave Wang Fan group and Chi Diao an ultimatum to hand over 10 billion yuan within three days. Otherwise, they would be killed.

And he also sent people to watch Pei Qingcheng and his party. As long as Pei Qingcheng and his party dare to sneak away from Chuncheng, he will not hesitate to kill them.

Arrogant and strong!

The three-day deadline, counting up, today is the last day, that is to say, if they don't get 10 billion yuan tomorrow, they will face Zheng Sanjiang's extermination.

Although it's not impossible for Wang Fan group to give 10 billion yuan to Zheng Sanjiang, she is not reconciled.

She wants to take people back to Jinzhou. As long as she comes back to Jinzhou, she will not be afraid of Zheng Sanjiang.

After all, Jinzhou is their base camp. No matter how fierce Zheng Sanjiang is, as long as she dares to follow her to Jinzhou, she will have confidence to deal with Zheng Sanjiang.

Unfortunately, Zheng Sanjiang sent someone to watch them and didn't give them a chance to leave.

For this matter, Su Weiwei also made a special call to Bai Xiaoren for help. Bai Xiaoren also vowed to pat her chest and said it was OK.

He not only used his contacts to suppress Zheng Sanjiang, but also sent special personnel to negotiate with him.

But Zheng Sanjiang didn't give Bai Xiaoren face at all, and even killed the negotiator sent by Bai Xiaoren.

This makes Bai Xiaoren very angry, but helpless.

Zheng Sanjiang is a kind of hob meat. He shrinks in the spring city and does not leave. He is also powerful and lives in seclusion.

Use the official force to encircle and suppress. The loss is too great and there is no direct criminal evidence. Use means to suppress it. It's not someone else's opponent. There's nothing we can do.

There is no way for Bai Xiaoren.

He thought more than once that he would kill Zheng Sanjiang with a few guns, but Zheng Sanjiang was trapped in the prosperous area of Chuncheng, and his influence was so great that he had to give up.

All kinds of factors directly lead to Pei Qingcheng and his party's Dilemma and headache.

Now, hearing Wang Fan's news, Pei Qingcheng and others' faces are better.

All the bad news I've heard these days is good news, and it's great news.

"Then you go to pick up Wang Shao quickly, and remember not to mention the things we met here. Wang Shao has been missing for such a long time. Now he has just appeared. I don't know what the situation is

"If he knew about us, he would be worried. Although Zheng Sanjiang is not a thing, his strength is really powerful. "

"Wang Shao can do it. He's OK. If he can't do it, it's harm to Wang Shao. Compared with Wang Shao's

safety, I would rather spend 10 billion yuan. "

Pei Qingcheng said quickly.

The power of Zheng Sanjiang has been deeply engraved in her heart, and there are many experts under Zheng Sanjiang who are not inferior to her. They are all cruel and ferocious. She is afraid that Wang Fan will capsize in the sewer. "Don't worry, sister Qingcheng. I know that." Black Luo Cha nodded, then went out the door.

Wang Fan's safety is also the first in her heart. How can she put Wang Fan in danger?

Chuncheng people's hospital.

Xu Kunqiang was lying on the bed with a very gloomy face.

He didn't roar angrily, and he didn't blow things around him to vent his anger. He just stared out of the window, his eyes flashing like a wolf.

His cold look at this time was more frightening than his fierce roar.

Creak.

One moment, the door of the ward was pushed open, and a woman of twenty-five or twenty-six came in.

Women wear tailored clothes. Although they are not very beautiful, they are graceful, protruding forward and backward.

She is full of the unique style and charm of mature women.

"Xu Shao, the boy's foothold has been found out. He is in the Hilton Hotel now." The woman soon went to the front of Xu Kun, bowed her head and said respectfully.

In the moment of bowing her head, the spring light on her chest burst out, but she didn't care.

"Hilton Hotel?" Xu Kunqiang also did not go to see the woman's chest that burst of spring, he severely bit his teeth, eyes flashing a touch of cold, "Ning Jie went up with him?"

That's what he's most concerned about.

As soon as he thought of Ning Jie, who had been pursuing for such a long time and didn't even touch her hand, he went to the hotel with Wang Fan. He felt that there was a fire in his heart.

"No, Ning Jie left after opening a room for him. But on their way to the hotel, Ning Jie specially got off to

the mall and bought him clothes and a mobile phone. "

The woman said everything she found out.

"Clothes? Mobile phone? " Xu Kunqiang heard that Ning Jie didn't go to the room with Wang Fan. He was a little relieved. He was still angry when he heard that Ning Jie bought clothes and mobile phones for Wang Fan.

What is the relationship between the two?

Xu Kunqiang doesn't think that Ning Jie will buy clothes and mobile phones for a mere paid actor.

Without waiting for the woman to speak, he continued, "since we have investigated his position, we'll find someone to be him. I don't want him to see the sun tomorrow!"

"Recently, there are not many cattle, ghosts and snakes in Chuncheng. Isn't the Sanjiang meeting known as" no single, no pick up "? Just find them for me! "

Both voice and color are fierce!

"Yes The woman answered and stepped back respectfully.

## **Chapter 1107**

When the woman left the ward to arrange these things, Sanjiang meeting and Zheng Sanjiang also received a message.

"What did you say, heiluocha left? Send someone to keep an eye on her and see where she's going. This black Luocha is a big fish of Wang Fan group. You can't let her leave Chuncheng. "

Zheng Sanjiang cheered at one of his subordinates.

Zheng Sanjiang looks more than 40 years old. He has thick eyebrows and big eyes. He is a tough man.

His body is full of fierce and violent atmosphere. He doesn't look like a warrior at all, but more like a street jerk.

"Yes Subordinates should be a, and then hesitated for a long time, and said, "by the way, in the afternoon there is another thing."

"All over the spring city, many people suddenly fell from the sky. Each of these people is an ancient warrior, and their strength is still very strong."

"I have investigated these people. Some of them are the ruins seekers who disappeared in Chuncheng some time ago, while others can't find out their identities at all, as if they really appeared out of thin

air."

"What's more, those who can't find out their identity still have strange clothes, which are similar to those worn by ancient people."

Zheng Sanjiang listened to this, his face immediately changed, "what do you say? drop from the clouds? Is there such a thing? Is there any change that has led to the return of those who have disappeared? "

His face suddenly became dignified, "check for me, check immediately, not only to check the identity background of these people, but also to find out their strength for me."

"Remember, you can only investigate in secret, don't mess about. At the beginning, those missing people were all strong men, even elder Zhu LAN of the Nu Quan sect was among them. We couldn't provoke many of them. "

He added, "of course, if we have a chance and happen to meet someone we can afford to offend, tie one back for me, and I'll ask what's going on."

"Why they disappeared out of thin air, where they went, and why they appeared out of thin air."

Zheng Sanjiang could not help muttering to himself, "if these people stay in the spring city, then the spring city will be lively, and our plan will be changed again."

"Yes." The subordinate answered and quickly backed out.

"This spring city is really full of ups and downs. It's getting more and more lively. I'm afraid we'll have to sink down if we can't do it well. It seems that we should be more restrained in the future. "

After his subordinates retreated, Zheng Sanjiang looked into the distance with deep vision.

After practicing for a while, Wang Fan lay on the comfortable bed and began to sleep.

Yes, it was a big sleep.

No matter how he wants to improve his strength, he is a layman after all. He can't stand the boring cultivation day and night. Of course, sleep is a must.

In places like relic City, he would first make do with a group of slaves laying straw for one night, and then he would shrink in the cave. He was already bored.

Now lying in a soft and comfortable big bed, it feels much better.

Maybe he was so tired that he soon fell asleep and snored.

Drop by drop.

He was sleeping soundly when the doorbell rang.

Wang Fan turned over and didn't care. He was too sleepy.

But who knows, the man outside seems to be deliberately against him, ringing the doorbell endlessly.

Wang Fan was clever and immediately sat up.

"Who is it?" He said discontentedly, and went to the door to open the door, but he was on guard.

So tirelessly ring the doorbell, it's probably Xu Kunqiang's revenge.

In fact, Wang fan can use his mental energy to investigate the outside situation, but after all, he is not very used to using his mental energy, so he forgot this one.

He didn't notice the smell of gunfire, then he opened the door without hesitation, and after opening the door, he swished to one side.

However, the door is empty, only a few pieces of paper fall on the ground.

Wang Fan looked down and picked it up. It read: young women, white-collar students, 800 fast food, 2000 package nights, providing door-to-door service, customer first, no deception from the old to the young. Here are a series of telephone numbers.

There are also two attractive pictures of beautiful women on both sides of the paper.

"NIMA!" Wang Fan looked at the piece of paper and said something rude.

He didn't expect that all these things were sent here. Is that exaggeration?

Wang Fan disdains to curl his mouth, grabs a piece of paper, and is going to close the door and go back to sleep. Suddenly, the door of the room next to him opens, and with a fragrance, a very enchanting woman greets him.

In Wang Fan's dismay, she directly pushed Wang Fan into the room, and bang, backhand closed the door.

The speed of the action and the pure skill made Wang Fan's eyes gape.

This woman looks enchanting in her twenties. She looks forward and backward, especially her red eyes and flaming lips. She is charming and attractive.

She was only wearing a black silk nightgown with a low collar and two slender legs. Her perfect figure was half covered and half exposed, which was full of thrilling charm. And her hair, also dyed pink, a little fluffy, the whole person looks like a lazy cat.

Goblin!

This is definitely a goblin!

Wang fan is sure that 99.9% of men will see this woman, hormone will expand, can't help but rush up.

It's too provocative.

Wang Fan looked at the woman, then quickly pushed a distance, and then covered his chest with his arms, "elder sister, what do you want, please go out. I'm serious, not casual. "

Wang Fan seems to be afraid on the surface, but he has some fun in his heart.

Although this woman looks very dusty, but in fact there is no dust atmosphere.

Obviously, she came for herself.

Wang fan is a little puzzled. Shouldn't the boy Xu Kunqiang bring someone to chop himself in person? How can he still use the beauty trick? Does he have that brain?

"Chi"

when the woman looked at Wang Fan, she couldn't help laughing. Her red lips lifted slightly, and she looked more enchanting and charming. "People have come in, of course they want to do it. How do you want to do it?"

She pointed to Wang Fan, "you say you are not a casual person, are you not a casual person?"

Come on!

Wang Fan's saliva came out directly and almost choked by his saliva. Once again, he could not help stepping back two steps,

"elder sister, it's not good for you to do this. You'll scare me. I'm tired. I'm going to have a rest. Would you please go out? "

"Not good." The woman shakes her head directly. She twists her waist and moves her sexy steps towards Wang Fan. "Do you dislike your sister so much? Is her sister so unattractive?"

She also pointed to a hook, "come on, sister is not expensive, fast food as long as 2000, package night as

long as 3000 can."

She teased Wang Fan, "see in your so interesting share, sister can also discount, no matter fast food or package night, only charge you 1000, how?"

Wang Fan knelt down directly. He gritted his teeth, "but I don't even have a thousand."

"Yes? I don't believe it The woman coquettishly tooted her mouth, then grabbed her dress and lifted it up.

Just when Wang Fan's eyes were slightly stagnant and he couldn't help but bow his head to have a deeper look at the scenery, whoosh, the woman moved.

Her white flower's right leg was lifted up in a flash, and her toes pointed viciously at Wang Fan's chin.

Decisive and sharp!

It looks as if Wang Fan specially lowered his head to let her kick.

If this is really a point, it is estimated that Wang Fan's jaw bone will break even if he is a bull.

The woman's eyes flashed a proud look, in her view, today's task has been completed.

Set off the skirt to tempt the enemy, attract the enemy's attention, and then surprise hands, this move has been used by women countless times, no harm.

This time, she believes, is no exception.

Wang Fan, who seems to be an ordinary boy, can't escape at all.

The only difference she felt was that there was no pressure on those people before, because when they saw her, they just wanted to jump on her and chew her off.

Wang fan is not so colorful, which makes her a little bit unbearable.

But no matter how hard she couldn't bear it, for the sake of money and task, she could only be ruthless.

### **Chapter 1108**

Bang, the woman's toes are not on Wang Fan's chin, but on Wang Fan's chest.

Wang Fan "ah" to a scream, the whole person directly flew out.

The woman also only felt a strong attack, immediately stepped back a few steps, and then fell on the ground.

In the fall on the ground at the same time, the Nightgown rolled up, inside the scenery at a glance.

"Beauty, what are you doing? Even if I don't have money for fast food, you don't have to do this to me, do you? "

Wang Fan lay on the ground grinning, but also mouth pain cry, "ah, ah, it's killing me, it's killing me. I tell you, if you kick me, you have to pay me! "

Long night, Wang fan is also idle boring, simply as tease this woman to play.

It would be boring for him to clean up such a beautiful woman.

Women listen to Wang Fan words, almost vomit blood: your sister, there is such a shameless person, she mixed so long, has not met similar to Wang Fan such exotic flower.

At the same time, her heart was also a little shocked. Wang Fangang just hit her. Was it intentional or unintentional? What's more, she obviously kicked Wang Fan on the chin. How did she suddenly hit Wang Fan on the chest?

She lifted her nightgown down to hide the spring light, then covered her chest with one hand and buttocks with the other. Her expression was a little complicated.

Just now, she almost broke her bones, especially her hip, which was in great pain.

Although she was not sure whether Wang Fan intended it or not, she was aware of the abnormality.

Because just because of Wang Fan's previous collision, it shows that Wang fan is not a simple person, at least with great strength.

She is very confident in the strength of her own foot. Wang fan can shake her to the ground. How to say that Wang fan is not simple.

The charming smile on her face disappeared in an instant, and was replaced by cold.

See its finger a bit Wang Fan, denounce angrily, "do not have money to waste old woman affection! I've lost my cards and rang the doorbell. I'm still here to waste my time with you. "

"But you tell me you don't have money to play. Isn't that a waste of my feelings and time? If I don't clean you up, how can I get angry in my heart! "

She angrily scolded, directly jumped up, once again toward Wang Fan.

Since Wang Fan mistakenly thought that she was angry, she naturally would not be silly to tell Wang fan

that she was here to kill Wang Fan.

"Ah?" Wang Fan opened his mouth and yelled, "beauty, you can't do this. It's wrong for you to do this!"

As he roared, he got up and ran, "it's not my fault to have no money. What's more, I didn't call you here. How can you blame me? You are so unreasonable!"

Women don't even bother to talk to Wang Fan. They kick when they raise their feet.

Boom!

The first kick hit the ground and the whole room shook.

Boom!

The second foot kicked in the corner of the table, the corner of the table directly cracked, she also bared her teeth.

I feel like my toe is about to break.

Next, there were several roaring sounds, women almost collapsed.

Wang Fan she did not kick, but kick to the corner, make their own pain.

Nima!

She is full of grief and indignation: Wang fan is so slippery that he jumps up and down like a rabbit. Every time, he almost kicked Wang Fan, but he was dodged by Wang Fan.

This is so painful!

"Ah, ah, ah"

but Wang Fan kept screaming.

Every time a woman stops, whether she kicks Wang fan or not, Wang fan can't help but scream.

This makes the woman even more oppressive!

She didn't kick Wang Fan. Instead, she made herself miserable. She didn't yell. What's the name of this son of a bitch?

It's just anger!

Wang Fan took time to look back, "sister, please don't chase me. Please let me go. My small arms and legs can't stand your toss! "

"There are so many fierce men and so many rich people outside. Why don't you go to them? They will satisfy you

He also angrily threatened, "I tell you, don't think you are a woman, I can tolerate you. If you do that again, I'll call the police! "

Just words!

"Call the police?" The woman was angry, "you report it! I tell you, today I must catch you, and then abandon you! "

She used to hurt Wang Fan, but now, that trace of intolerance has already disappeared.

She just wanted to catch Wang Fan and beat him up, and let out a bad breath.

This son of a bitch, it's too special.

Wang fan saw that the woman was crazy again. He was so scared that he quickly waved his hand, "stop!"

The power of a word is like thunder.

The woman didn't know how to stop. After a while, she asked angrily, "what do you want to do? What tricks do you want to play? "The poor child seems to have been angry to forget his purpose and task.

"No trick, no trick, can't I keep you all night?" Wang Fan said weakly, rushed to the head of the bed, from under the pillow shuasha point out a thousand.

"Didn't you just say you could give me a discount of 1000 yuan? I'm really afraid of you. Can't I promise you? Don't chase me! "

Ten thousand grass mud horses gallop in women's heart!

Nima!

This son of a bitch is insulting her intelligence!

"One thousand yuan is the price just now. It's not enough now. At least ten thousand yuan!" The woman roared angrily and chased Wang Fan again.

"I'll go!" Wang fan is also angry, "give you 1000 yuan, are you too little?"? And put your nose on your

face? I tell you, I'm not a bully. If you do this again, I'll be rude! "

"You're welcome?" With a cold smile, the woman raised her foot and kicked out again without saying a word.

The strong wind is sharp, sweeping Wang Fan's head!

Wang Fan was very angry. As soon as he lowered his head and kicked his legs, he jumped out directly.

Bang!

He bumped into the woman's legs. The woman's face twisted upside down, and her forehead exuded cold sweat.

This time, she can really see that Wang fan is really playing pig and eating tiger.

She can't handle this guy at all!

Son of a bitch!

This son of a bitch has been deliberately teasing her?

Don't let go of your anger!

Just did not wait for her to return to God, Wang Fan had already followed to pounce on her body.

Pop!

A slap, a woman directly muddle than.

Wang Fan's playfulness disappeared and was replaced by playful abuse. "Tell me, how much money did Xu Kunqiang give you to kill me?"

A woman's mind is blank for a moment. Now she finally understands that people know her purpose from the beginning, and they are just playing with her.

She bit her teeth and said, "I don't know who Xu Kunqiang is. You let me go, I promised. One thousand yuan is one thousand yuan. I'll let you pack it."

Play the fool.

"Hey, it's quite professional ethics. It's good. I like it." Wang Fan laughed, his fingers quickly in the woman's body a few points, after the collapse of its strength, directly picked it up.

Pull open the curtain, open the window, release one hand to break the protective fence, and then directly grasp the woman's leg to throw it out.

The woman's body suddenly emptied, her head down, swaying with the wind. If Wang Fan hadn't grasped her leg, she would have fallen directly.

"No? Well, I'll throw you down now! "

Wang Fan said with a smile, "I don't think you've ever experienced flying in your life. Today you can have a good experience. The 18th floor is enough for you to experience for a few seconds. "

Women collapse instantly. If it goes on like this, death is a small matter. The key is that death looks too ugly!

"I said, I said." She cried and was completely afraid.

### **Chapter 1109**

Ten minutes later, Wang Fan took the woman out of the Hilton Hotel and took a taxi to Chuncheng hospital.

According to the woman, Xu Kunqiang gave 500000 yuan for Wang Fan's life.

Wang Fan was furious at this.

Is Wang Fan's life worth 500000? Who do you look down on? It's so hateful!

Although Wang Fan had long thought that Xu Kunqiang had sent this woman to kill himself, when he really confirmed it, his heart was still unavoidably angry.

Is there that much hatred? Trying to kill yourself?

Wang Fan has never been soft on people who want to die. Since Xu Kunqiang wants to be killed, don't blame him for being impolite.

Forty minutes later, they arrived at Xu Kunqiang's hospital. At the moment of entering the hospital, Wang Fan put on his hat, glasses and mask in advance.

Looking at this scene, the woman was even more annoyed. She almost wanted to draw a circle to curse Wang Fan.

This son of a bitch is too careful, isn't he? He knows to prepare masks and hats in advance. Why not prepare some for her?

But the situation is not as good as people, plus Wang Fan's terrible, although Huamei's heart is not fair,

but there is no way.

One before the other, they soon came to the ward where Xu Kunqiang was.

Although Xu Kunqiang has some energy, he is only a small role after all. In addition, this is a hospital. He doesn't believe Wang Fan dares to kill him, so he doesn't have any staff outside the ward.

This is also more convenient for Wang Fan, two people are almost unimpeded.

They soon came to the door of the ward, and were about to push the door in, but suddenly they heard a cold voice coming from inside, "five thousand yuan, accompany me once, now order."

"I'm sorry, I'm not that kind of person. Please let me go." It's a soft girl's voice.

Wang Fan listened to the conversation and was immediately happy.

Is it a coincidence to meet the trick of bullying men and women?

He quickly signaled Huamei not to go in first, then grabbed out the mobile phone, pushed the door open a seam, and looked in.

There are only two people in the ward, one is Xu Kunqiang, and the other is a young girl in nurse's clothes.

At this time, Xu Kunqiang is sitting on the bed, holding the girl's arm while making a cold voice.

The girl struggled, but she couldn't. Just don't know why, she didn't yell.

"Not that kind of person?" Xu Kunqiang sneers. He grabs the girl in one hand and grabs the sealed stack of money from the bag beside him in the other hand. "Ten thousand yuan, now I'll take it off right away to accompany me!"

There is no doubt about the tone.

Although Xu Kunqiang didn't dare to use Ning Jie as a nurse, he still dared.

He didn't believe it. He couldn't break the nurse's legs with money.

"Xu Shao, I'm not that kind of person. Please let me go. I'm just a little nurse. Please don't embarrass me, OK? "

The girl's voice is pitiful, and her weakness and helplessness are pitiful.

"Little nurse?" Xu Kunqiang sneered, "you know you're just a little nurse? Since you know you are a little

nurse, how dare you refuse me? "

Xu Kunqiang's voice is as cold as a poisonous snake. "I tell you, don't make a damn toast. Now I'm in a good mood, and I'll give you 10000 yuan. Later I'll be in a bad mood, and I won't give you a dime."

"Believe it or not, if I don't give you money, you'll be in vain? And I can make you stay in this hospital or even Chuncheng? "

Xu Kunqiang grabbed the ten thousand yuan and slapped it on the pretty face of the female nurse. His words were extremely humiliating. "Ten thousand yuan, take it off immediately. Don't be shameless!"

The girl was beaten face by Xu Kunqiang, crying pear with rain, "please, let me go, I beg you."

Her face is full of weakness and helplessness. She has no background and can't provoke people like Xu Kunqiang.

Although it was the first time that she met such a thing, she had heard of it.

The villain plays with the innocent girl. After the event, the villain has nothing to do. On the contrary, the innocent girl has a miserable ending.

When Xu Kunqiang saw that the girl refused to submit, he became impatient and slapped her in the face.

The girl screamed and fell to the ground.

"I don't want to be shameful. In that case, don't blame me for being so strong!" Xu Kun roared and stabbed, tearing the girl's clothes.

The girl screamed "ah" again, but as soon as the voice came out, she was covered by Xu Kunqiang. Not to mention that, the other hand turned into a slap and called up again.

"Call, call, you call again? I'd like to see if it's your bone or my palm! "

Xu Kunqiang is fierce, and the girl is even more miserable.

Creak.

Pop, pop, pop.

At the moment when Xu Kunqiang tore off the girl's clothes and planned to take off her belt, a loud slap came in without warning. Then Xu Kunqiang found that the door of the ward was pushed open, and the two people came in one after another.

"Who are you? Who let you in? Get out of here Xu Kun's hair was blown up.

He was about to take off his pants, and he even doubted whether he would not do it in the future.

Wang fan wearing a mask, hat and glasses, Xu Kunqiang did not recognize, but he also did not know Huamei.

Please Huamei to do Wang Fan, he let the Secretary arrange, he did not appear.

It's just that Huamei has found out that it was arranged by Xu Kunqiang and that Xu Kunqiang's foothold has been found out.

As a killer of Sanjiang society, Huamei doesn't have much difficulty in investigating these things.

Wang Fan listened to Xu Kunqiang's voice and quickly waved his hand, "Oh, sorry, I went wrong, I went wrong. I'm going out now. You don't care about me. You go on. You go on. "

He deliberately repressed his voice to prevent Xu Kunqiang from identifying himself. At the same time, he took his mobile phone to give Xu Kunqiang a close-up while quickly retreating.

Xu Kunqiang was very angry, "son of a bitch, stop for me and come back!"

Wang Fan was a little upset. "You tell me to get out and come back. Are you insane? Are you going to let me out or come back? "

Wang Fan said, suddenly another pat on the head, "Oh, by the way, I don't know you, and I'm not your subordinate, why do you care about me?"

He snorted, "mind your own business!"

Xu Kunqiang is about to explode. Who the hell is meddling?

The girl saw Wang Fan two people appear, first is one Leng, then quickly got up.

She toward Wang Fan two people said a thank you, and then arranged clothes, fly general escape.

"Damn you!" Xu Kunqiang is furious and is about to reach out to catch the girl, but Wang Fan suddenly kicks him and falls back.

Wang Fan also grumbled, "dare to control me, I'll kick you to death!"

Xu Kunqiang completely angry, this day, really all things are not good!

He pointed to Wang Fan's angry roar, "do you dare to tell me, who are you?"

Wang Fan felt that the little nurse walked away. He laughed and directly pulled off his mask and glasses. Then he looked up and said, "Xu Shao, we meet again."

### **Chapter 1110**

"It's you? How dare you come here?" Xu Kunqiang looked at Wang Fan, first angry, then his face changed, "how can you appear here, how do you know I'm here?"

Although he wanted to open up the power of the wasteland and slap Wang Fan to death, he knew that the gap between Wang Fan and him was the first time to bear his anger.

Wang Fan's toughness in Lijing park is vivid, and he is not Wang Fan's rival at all.

"You can know where I am, and you can pay a killer to kill me. Can't I know you're here?"

Wang Fan said with a smile, motioned Huamei to close the door, and then slowly approached Xu Kunqiang.

"You don't come here, you don't come here, I tell you, this is a hospital, you dare to mess, you can't run away!"

Xu Kunqiang watched Wang Fan approach, startled, his face ugly at the same time, can't help but start a crazy roar.

How did he not expect that Wang fan should know that he hired a killer? Did Wang Fan solve the problem?

In that case, Wang Fan would be terrible.

Xu Kunqiang's face is ugly. Now he just wants to delay for a while and wait for someone to come.

Just now that little nurse ran out, he would call someone to come. His hope now lies in the little nurse.

"What's wrong?" Wang Fan sneered, "you dare to send killers to kill me, but also dare to bow in this ward, you dare to mess, what do I dare not mess?"

"Originally, I didn't think how to step on you for grasshoppers like you, so the past is over. But if you hire a killer to kill me, don't blame me for being rude. "

Wang Fan said here, as if thinking of something, suddenly became angry.

He suddenly forward two steps, Pa Pa Pa left in Xu Kunqiang's face, roared, "and, you say you hire a killer to kill me, how can you give someone 500000?"

"Is my life worth only half a million? Who do you look down on? Insult! You are insulting me

A few slaps down, Xu Kunqiang directly fell on the ground, face a miserable.

His heart is more than tens of thousands of head of grass mud horse, even kill Wang Fan ancestors eighteen generations of heart.

Half a million is already a lot, OK? If he doesn't invite people from Sanjiang society, if he doesn't want to be safe, he only needs 300000 to find a fugitive to do it.

But now what can he say and dare to say?

Xu Kunqiang can only endure the stabbing pain and try to give Wang fan pressure while rolling back.  
"What do you want, do you want to kill me?"

"This is a hospital, a public place. Kill me, can you go? I tell you, before you kill me, you must think clearly about the consequences, and don't get into your head! "

Xu Kunqiang knew that begging for mercy would only make him more passive. He might as well threaten Wang Fan and delay for a while.

Wang Fan gave Xu Kunqiang a thumbs up, "yes, it's all this time. How dare you threaten me? Good, good. "

He suddenly pointed to Huamei, "do you know who she is?"

"Who?" Xu Kunqiang asked subconsciously.

"She's the killer you hired to kill me for half a million dollars."

Wang Fan replied with a sneer, "I think for a moment, you are right. I can't kill you in my head. But she can

Wang Fan said, also don't give Xu Kunqiang the opportunity of nonsense, directly pinch out the mobile phone back a few steps, toward Huamei signal, "do it."

"You Xu Kunqiang almost vomited blood. How ironic is it that Wang Fan let the killer he hired kill him?

Huamei is also very angry, but now she has no choice.

Who made her not Wang Fan's rival?

In Xu Kunqiang say a "you" moment, the charm of the flower has been lightning swept to Xu Kunqiang side.

His hands with white gloves seized Xu Kunqiang's head, pinched it and turned it. With a click, Xu Kunqiang fell down and lost his life.

Wang Fan also gave a thumbs up to Huamei, "worthy of being a killer, the technique is pure, crisp."

He said, putting on his mask, glasses and hat, and jumping straight out of the window.

Huamei gnashes her teeth and looks at Wang Fan's back, but she doesn't dare to say a word. She also quickly turns away from the ward.

Xu Kunqiang's death Wang Fan did not care, after all, he is just a small role, not to mention the hands of Wang Fan.

After he left the hospital, he took a taxi back to the hotel.

Just before the taxi was near the hotel, Wang fan saw a group of people chopping with knives in the distance.

Sword light and sword shadow, blood mist flying.

Wang Fan muttered to himself that it was terrible, and then told the taxi driver that he didn't need to go there, so he paid to get out of the car.

Taxi drivers are just ordinary people. It's better not to involve other people. Wang fan doesn't want to make trouble for other people's taxi drivers. After getting off, Wang Fan slowly approached the hotel. He didn't want to meddle. He just wanted to go back to the hotel when these people didn't pay attention.

But with the approach, Wang Fan's face gradually changed.

He found that it was not two groups of people attacking each other at all, but a group of people besieging one person. It was just that the besieged person seemed to be very powerful and had already knocked down several people.

Because of the light and location, Wang Fan did not see the face of the besieged man clearly.

"Heiluochoa, we Sanjiang Association haven't dealt with you yet. You dare to take the initiative to provoke. You are looking for death!"

"To kill so many of our brothers, today I'm going to take you down and cut you into a stick to make a special tool to please my brother!"

A fierce man screamed ferociously. He caught the black Luochoa and was surrounded by four or five people. He kicked the black Luochoa and lifted the whole man out.

However, when heiluochoa was flying out, his right leg also kicked two people hard. While their bones were broken, they fell back and fell to the ground.

She raised her head and looked at the man with the same ferocious face, "son of a bitch, you'd better pray to kill me today. If you can't kill me today, I'll kill you another day!"

"You three rivers meeting lion big mouth blackmail us even if, unexpectedly still dare to follow me, who gives you the right?"

"I am not a prisoner or a slave. What qualifications do you have to follow me?"

Black Luochoa's anger cannot be released.

She had just come to pick up Wang Fan, but did not expect to be followed, angry, she directly killed the two people.

But she did not expect, she killed the two people less than a minute, there are seven or eight people killed out.

That's what got her into this situation.

"Following you? I'll follow you. What's the matter? Isn't tracking at least? We thought that if you can't pay tomorrow, we'll deal with you. "

"But since you can't wait to die in advance, we don't mind helping you first!"

"Come on! Take her! Quick fight, quick decision

The man roared, then waved his hand and led the remaining five people to kill him.

Heiluochoa has killed five of their companions. If they don't take down heiluochoa, they will not be able to calm their anger.

Hei Luochoa looked at these scurvy bastards, and his face was suddenly sad.

But she did not give up resistance, but bited her teeth and stood up stubbornly.

Even if it's dead, she'll have to pull a few cushions!
