

MIGHTY SK 1121

Chapter 1121

Ning Jie has no sense of security now. Her only dependence is Wang Fan. If Wang fan can't deal with these people, she can only die.

The young man took a cold look at the two people who were close to each other. He didn't speak. He went into the villa one after the other.

At this time, Wang Fan dares to touch Ning Jie. In their opinion, it is Wang Fan's death.

They don't have to do it at all. Master Weng will break Wang Fan apart later.

Wang Fan also no nonsense, signal rather clean don't worry, swagger followed in.

There are six people in the villa, two sitting and four standing.

There was a man and a woman sitting.

The man looks 40 years old, not tall, about 1.7 meters, but gives people a sense of extreme danger.

His forehead is very wide, his ears are very big, and his triangular eyes are even more dazzling. He is obviously a difficult character to get along with.

Since Wang Fan and Wang Fan came in, his eyes have never left them. Especially when he looks at Wang Fan, there is a snake like light in his eyes.

the woman sitting is no stranger to Wang Fan, who is the Secretary Xu I met in Ningjie company.

At this time, Secretary Xu was sitting on the man's lap. The man's hand was still in Secretary Xu's clothes, but Wang Fan and his wife didn't move after they came in.

His hand directly stopped at Secretary Xu's chest and kneaded it.

Secretary Xu was obviously in pain, but he didn't dare to make a sound, so he had to bite his teeth.

But her eyes to Wang Fan were also full of resentment and hatred.

The other four were two in front and two in back, just like bodyguards. They also looked coldly at Wang Fan and two of them, and there was a cold breath on them.

"Master Weng, I have already brought it." After the two young men brought Wang Fan in, they respectfully said and stood aside.

When master Weng heard this, the big hand in Secretary Xu's clothes finally came out. He pointed to Wang Fan, "you are Ning Jie's boyfriend, you want to take her away?"

He looked at Ning Jie again, "it seems that you are really toasting instead of drinking. The lesson I taught you a few days ago is still not enough!"

"I thought that if I killed two of your bodyguards and abolished two of your bodyguards, you would be more comfortable and think about it clearly. I didn't expect that you were so bold as to want to escape!"

He grinned, "OK, OK, that's good!"

Master Weng's gloomy voice gives people a feeling of numbness.

Ning Jie's face is more scared and pale. She can't help grabbing Wang Fan's arm and hiding behind him.

She wanted to ask Secretary Xu why she betrayed her and why she was here, but master Weng's voice made her dare not ask.

Secretary Xu also pointed to Wang Fan and said sharply, "aren't you very competitive? Haven't you ever practiced Wing Chun? Don't you say that when you see them, you will all kneel down with one punch?"

"Now I see you, you're kneeling one by one? I thought you were really capable, but I didn't think you were bragging. What are you doing so well? "

She sharp finish saying, point to Ning Jie again, "Ning Jie, did I tell you not to listen to him, don't walk with him, otherwise will kill you."

"Do you believe it now? Are you stupid now? Now regret it? But I tell you, it's too late! "

"You just wait to be trampled by master Weng. As for that arrogant bastard, he will die, and he will die miserably!"

Secretary Xu also gave a vicious snort, "pretending to brag is a price to pay. If you don't have strength, don't brag!"

She has learned from the youth who brought Wang Fan back that Wang fan is a counsellor at all.

Don't talk about the attack, they just lit a knife and threatened, then they obediently came back, even didn't resist.

At the thought of such a counsellor, Secretary Xu couldn't be angry that he had been boasting in front of him before.

Wang Fan listened to this, couldn't help laughing, "who said I don't have strength, who said I'm bragging?"

He pointed to Weng Ming and his party, and said with a serious face, "to clean up this group of waste, I'll punch one by one, that's enough."

"What did you say? Do you dare to be tough at this time? " Secretary Xu was furious, and then looked at Weng Ming,

"master Weng, look at this guy, he is too arrogant, too arrogant, and he doesn't pay attention to you."

Weng Ming couldn't help squinting when he listened to this. Obviously, he didn't expect that it was such a time, and Wang Fan even dared to speak up.

He couldn't help squinting at Wang Fan, but he didn't see Wang Fan's power. He also vaguely felt that Wang Fan was familiar with it, but he couldn't remember where he had seen it.

The two young people who brought Wang Fan back were also stunned. They did not expect that Wang Fan, who had been submissive and flattering before, now had the strength to challenge. Wang Fan interrupted Secretary Xu's words with a smile, "you're right. I really didn't pay attention to him."

Wang Fan looked coldly at Weng Ming, "I heard that you did the Jinpu robbery a few days ago. You are so brave that you dare to do such a thing."

"Who gave you the confidence to be overbearing in our city?"

Wang Fan's eyes became cold. He pointed a little and said, "roll out and kneel down!"

It's a dead silence!

All the people open their mouths wide and are shocked by Wang Fan's words.

They didn't expect that Wang Fan would dare point at Weng Ming's nose and tell him to get out and kneel down.

Is this the rhythm of death or the rhythm of life?

Has Wang Fan never died?

Weng Ming was still thinking about who Wang Fan was and how he could feel familiar with him. But when he heard Wang Fan's words, he was furious and didn't want to think about it any more.

His face was distorted in an instant, his eyes were frozen in an instant, Wang Fan pointed a little, "break his limbs for me, let him kneel down!"

Weng Ming is about to explode. How ironic and insulting is a young boy in his twenties dare to point his nose and ask him to kneel down?

With Weng Ming's command, the two youths who brought Wang Fan in immediately rushed to Wang Fan without hesitation.

"Son of a bitch, dare to shout master Weng, you want to die?"

"I will stab you to death now!"

While they are angry, they are also a little nervous.

After all, they brought Wang Fan back, and they also sent back the news that Wang Fan was a soft egg.

But now, Wang Fan dares to challenge master Weng directly. Doesn't that mean they are lying?

Once master Weng blames them, they will not lose enough lives.

Two people instantly already ran to Wang fan body front, stretched out a hand to pull directly to Wang Fan arm.

Wang Fan gave a cold smile and made two punches without hesitation.

Bang Bang twice, they didn't even react, they had been thrown out.

After falling on the ground, he vomited blood all over the ground and couldn't get up any more.

There was a dead silence on their faces.

Wang Fan looked coldly at Secretary Xu, "do you see clearly now? When I say one punch at a time, that's one punch at a time. I never brag. "

Secretary Xu was shocked and stunned.

Weng Ming can't help but stand up suddenly. Obviously, Wang Fan's skill is beyond his expectation.

Chapter 1122

"Good, good, good, it's true that the hero is a young man. It's really frivolous, arrogant and powerful!"

Weng Ming spat out three good words in a row. There was only endless anger in his eyes. He pointed to Wang Fan and said, "you go up together, I will abolish him!"

With his re order, the other four people did not hesitate, straight to Wang Fan killed in the past.

Their whole body momentum is suddenly soaring, and their killing intention is expanding!

"Son of a bitch, if you dare to move master Weng, you will die hard. You will die hard. Kill him, kill him for me!"

Back to the God of Xu Secretary also there sharp roar, she really can't tolerate Wang Fan's face.

In her mind, anyone who comes here has to kneel, and anyone who dares to challenge master Weng has to pay a price.

During this period, in order to survive, she tried every means to please master Weng like a dog.

So she would like to see King Ning Jie come to a worse end than herself. How can she tolerate being beaten in the face by Wang Fan?

Ning Jie looking at this scene, is can't help but worry, a heart is referred to the throat.

She couldn't help but cover her mouth with her hands, for fear that she would call out carelessly.

She had never seen the two who had been overturned by Wang Fan before, but she had seen one of the four.

It was the man who beat and maimed her security guard at random, and killed her high priced bodyguard at random.

"The day after tomorrow, if you dare to be presumptuous in front of Wang Fan, you're looking for death! How come you can't turn over as a slave in a place like relic City, but you learn to bully others after you come here? "

Wang Fan sneered and welcomed him without hesitation.

His heart set off boundless anger, not only angry at these people's burning, killing and looting, but also angry that these people have no bottom line.

When they heard Wang Fan's words, their faces changed.

They didn't expect that Wang Fan knew about the relic city and their status in the relic city. Did Wang Fan come from the relic city?

But now they have no time to think so much, because they have rushed to Wang Fan. They are all fighting with all their strength. They can't do it at all.

Whoosh.

Wang Fan with arrogance before, would kneel down to Wang Fan.

"Shut up Weng Ming listened to Secretary Xu's words. His eyes were cold and he slapped her in the air.

With a slap, Secretary Xu's whole body flew up in an instant. His body crossed a parabola in the air, and then fell to the ground.

Her face is full of eye-catching palmprint, her mouth is full of blood, her skirt is lifted up, her legs are apart, and she can't get up again.

After slapping Secretary Fei Xu, Weng Ming said respectfully, "Weng Ming has met Mr. Wang. Weng Ming has no eyes. He has offended Mr. Wang. Please forgive me."

It was at the meeting when Wang Fan reported his name that he remembered who Wang Fan was.

His heart is set off a storm, there are endless timidity and chill.

Wang Fan, it's Wang Fan!!!

People in relic city have never heard of Wang Fan as long as their strength is at the top. This man was so cruel that in just two or three days after entering the relic City, he destroyed the hump, one of the five kings.

In order to save the night and his party, the Zhulan forces, who were killed, were surrounded and suppressed by the four forces in the end.

But even so, the four forces did not encircle Wang Fan. On the contrary, they were beheaded by Wang Fan.

Weng Ming never thought that he met Wang Fan here.

If he had known that Wang Fan had something to do with Ning Jie, even if he had given him a hundred courage, he would not dare to give Ning Jie an idea.

Now he can only pray that Wang Fan will not kill him.

"Oh, you know me? Just now, I didn't want to give up my limbs and let me kneel down. How can you kneel down for me now? "

Wang Fan only sneered in his eyes, "come on, aren't you very arrogant and powerful? Come on, stand up and fight with me. "

"You are the congenital peak, and I am also the congenital peak. Maybe Wang fan is not your opponent."

Weng Ming listened to Wang Fan's words, almost scared to pee, repeatedly kowtow, "dare not, Weng Ming dare not."

"Mr. Wang's strength is superb. He is a top figure in the whole relic city. Where is Weng Ming's opponent?"

He kept kowtowing his head, "Weng Ming now only asks you to raise your hand and spare Weng Ming's life. Weng Ming is willing to be an ox and a horse and serve him with his life."

Fight with Wang Fan? Are you kidding?

At the beginning, there were more than ten people who besieged Wang Fan's inborn peaks, but what happened? Is not one by one died in the hands of Wang Fan?

"I'll just ask you two questions. How many people have come here from relic City, and where are they now?" Wang Fan asked coldly.

Weng Ming listened to the question and shut up immediately. It's not that he doesn't want to answer, but he doesn't know.

He is thinking about how to deceive Wang Fan, Wang Fan has a slap on his head.

With a thump, Weng Ming was dead before he could even resist.

Secretary Xu in the distance saw that even Weng Ming had been killed mercilessly by Wang Fan. How dare he be arrogant.

She changed her previous domineering attitude and knelt down to beg for mercy. "Please don't kill me, don't kill me."

"I was also threatened by Weng. I am also a victim. As long as you don't kill me, I will do everything for you. "

While begging for mercy, she could not help but pull down her collar, revealing the white greasy inside. Obviously, this woman knows how to use her own advantages and capital.

Chapter 1123

Wang Fan looked at the scene with a sneer, not to mention the beauty of the woman, he simply did not like it. Even if he could see it, he could not be seduced by the woman's character.

Of course, Wang Fan didn't mean to kill her. Just an ordinary woman, he disdains to kill.

Ning Jie looking at Xu secretary's action, in the face blush at the same time is also abnormal disgust.

She felt that Secretary Xu was a disgrace to their women and a disgrace to their women. But at this time, she did not blame Secretary Xu, but looked at Wang Fan.

"Wang Fan, although Secretary Xu has gone too far, she is also a victim. If she is involved by me, don't embarrass her, OK?"

Ning Jie's eyes have a little pleading, and a little embarrassed.

After all, Secretary Xu was clamoring to kill Wang Fan just now, but now she pleads for Secretary Xu, which is a little too much for her.

After all, she couldn't watch Secretary Xu killed by Wang Fan.

"Don't worry, I won't kill her."

Wang Fan said, and then looked at Secretary Xu, "Secretary Xu, don't forget to be successful in the future. You see a great character, maybe in other people's eyes

"If you have to forgive others, forgive them. Fortunately, you met me today. I'm quite easy to talk, otherwise I'm afraid you'll lose your life. "

Wang Fan said, directly with Ning Jie went out.

What he said is right. If it's not Wang Fan who comes here today, but other people from relic City, I'm afraid Secretary Xu will have ten lives killed.

No matter how ordinary she is or how strange she is, she dares to provoke and shout like that, which is enough for her to die ten times and a hundred times.

Secretary Xu looked at the back of the two people leaving, gritted his teeth and turned pale, but he didn't say anything.

"Wang Fan, thank you very much. If it wasn't for you, I don't know what to do. Now, in order to solve this big problem, give me a chance to invite you to dinner. "

"After dinner, I'll write you a check for 50 million yuan. Although it's not much, it's my intention. Don't refuse."

Two people leave villa, after getting on the car, Ning Jie breathes out a breath to say.

During this period of time, she was really too depressed. Weng Ming's group of people were like a mountain. They were dead on her head and made her gasp.

Now that Wang Fan has solved the crisis for her, she is really grateful, from the bottom of her heart.

Wang Fan burst out laughing, "it's necessary to invite me to dinner, but I have to make it clear first. I won't go if I lose 10000 yuan."

"As for the check, even though I don't have much ability, I still have some money. What's more, you've helped me. It's too vulgar to say money."

Ning Jie listen to Wang Fan joke, can't help rolling his eyes, "ten thousand yuan? That's the pattern, smallholder. "

She snorted and continued, "you should accept everything you say, or I won't dare to ask you for anything in the future. Don't you want to help me in the future?"

Although Ning Jie is not too rich, she can still get 50 million yuan.

What's more, she spent 50 million on two bodyguards before. If she didn't give 50 million to Wang Fan, she couldn't pass the chop in her heart.

Wang Fan listened to this, almost no one hit the steering wheel.

He just helped Ning Jie solve this matter, Ning Jie thought that he had something to look for in the future.

It seems that this good man really can't do it. He's leaving Chuncheng soon. How can he have so much time to help Ning Jie.

Of course, Wang Fan just thinks so. He doesn't want Ning Jie to encounter similar things. It's too dangerous, after all.

And Wang Fan also knew that Ning Jie was afraid that he would not accept the 50 million yuan, so he deliberately said so, trying to block his mouth and ask him to accept it.

Wang Fan was speechless and could only nod, "OK, OK, I'll take it. I didn't expect that I would become a multimillionaire in the twinkling of an eye. The money is coming so fast. "

In the joke, the two soon came to the water sky.

Shuishangtian is a high-end club in Chuncheng, where celebrities, dignitaries and rich people come and go.

Ning Jie wants to reward Wang Fan. Naturally, it's impossible to invite Wang Fan to a hotel or restaurant. Instead, she chooses the water sky, which is very high.

When they came, there were already a lot of luxury cars at the gate of Shuishangtianmen, and the piled luxury cars could hold a small auto show.

The men and women in and out, whether they are handsome or not, are all famous brands with glossy faces. Women, whether they are celebrities or not, are tall and well-dressed.

Wang Fan drove more than 300,000 cars to come here, but the security guards didn't bother to pay any attention. Let alone guiding them to find parking spaces, no one came here.

Those in and out of the men and women, eyes is the emergence of a thick contempt. That expression is like again, drive a broken car, do you mean to come here?

Ning Jie looks at this scene, and her face is not very good-looking. Her original intention is to reward Wang Fan here. But if Wang Fan is not respected and chokes, isn't her reward meaningless? Wang Fan didn't care. When people ignored him, he found his own parking space. Anyway, his thick skin has not been for a day or two. How can he care about other people's eyes.

"Wang Fan, why don't we change places? These people are so mean." Ning Jie can't help but say angrily.

She had come here before, but she had never been treated like this.

"It doesn't matter. It doesn't matter." Wang Fan quickly waved his hand, "we are here to eat, not to set gas, care what they do."

In order to make Ning Jie calm down, he also jokingly muttered, "what's more, it takes me a lot of oil to change places. The oil is too expensive."

"Cut." Because Wang Fan was talking with the window open, the words happened to be heard by a Lexus owner driving side by side.

He disdained a cut, and then through the window to see the co driver's seat Ning Jie.

In a flash, eyes bright!

Whew.

A whistle, and then open mouth, "beauty good ah, can make a friend?"

He also pointed to Wang Fan, "this little brother even loves the oil money. I'm afraid that if I bring you to such a place, I can only look at it at the door. I'm not qualified to take you in at all."

"If you follow him, you will be ridiculed and beaten in the face."

Then the young man looked at Wang Fan with his eyes full of abuse. "Boy, are these 300,000 garbage

trucks rented? It's a bit of a way to rent a car and get such a beautiful woman. "

This guy obviously takes a fancy to Ning Jie and is specially sweeping Wang Fan's face.

Only when he saw what Wang Fan was wearing clearly, he immediately felt that what he might have said was true. Can Yiwang fan afford a car of 300000 yuan in his clothes?

He had serious doubts.

Wang Fan secretly called out the disaster of beauty, and also looked at the youth.

Young people in their thirties are famous for their clothes and watches, and their faces are full of oil. At first sight, they are not worried about food and drink.

On the side of his car sat a young woman in scanty clothes.

The young woman is tall, with slender legs, sharp chin and sharp eyes. When she looks at people, she gives people a kind of indescribable domineering feeling.

After hearing the words of young people teasing Ning Jie, the young girl's pretty face suddenly becomes cold, and her eyes are full of hostility to Ning Jie.

However, although she was dissatisfied, she did not dare to show it to the youth, nor did she dare to provoke Ning Jie at this time.

Whew.

Wang Fan also whistled recklessly and cut his eyes on the young girl. Then he patted her thigh and cried out with an angry nose,

"who do you look down on? Whose car is rented? Can I borrow it?"

Young people and young women listen to Wang Fan's words, first a Leng, then, pounce, belly laugh.

Chapter 1124

Just as the young people and young women were laughing, the security guard who guided Lamborghini in front of them had reached one of the parking spaces.

His intention was to direct Lamborghini to park in, but Wang Fan stepped on the accelerator and jumped out, taking the lead to stop steadily.

Closing the window, getting off, closing the door, locking, Wang Fan waved to the security guard, "thank you, brother security."

With that, he went back to look at the young man with muddled face, spitting out two words, "silly fork."

This time, it's Ning Jie's turn to laugh.

She did not expect that Wang Fan had such a side.

If it was not for her own eyes, she could not connect Wang Fan at this time with Wang Fan who was decisive in killing and cutting.

The security guard's face was full of frustration, but he didn't dare to say anything in the end.

Even if Wang Fan's car is rotten and his clothes are worthless, he still understands the principle of customer first.

He can look down on Wang fan or despise him, but he can't show it directly, let alone conflict directly.

Otherwise, it will be him.

The most important thing is that he has now seen Ning Jie, who also got off the car.

Although he doesn't know Ning Jie, he can still see that Ning Jie is not a simple person. At least his clothes are more than 100000. It's not that he can offend.

The young man was instantly angry, opened the door and got off with a bang, "son of a bitch, who let you park in, don't you know that parking space is mine?"

The young girl was also indignant and said, "give us the parking space quickly, or don't blame us for being rude."

"I tell you, Hao Shao is not something you can offend. We rich people, you can't afford it

But Wang Fan was surprised, "is the parking space yours? You paid for it? "

He also looked at the security guard seriously, "brother security, isn't this parking space yours? Is there an owner for every parking space? "

The security guard's face was ugly and he didn't speak. The young man and the young girl also shut up in an instant.

They all looked at Wang Fan angrily, only thought that Wang Fan was too hateful.

But Wang Fan looked at the young girl and said with a smile, "what did you say just now? I can't afford you rich people? "

He snorted with pride, "I tell you, I'm also rich, and you can't provoke me!"

His face was full of thuds.

Although as Wang Fan, stepping on these rich second generation has no sense of achievement, he will still be very happy if he steps on them once in a while. What's more, it's the other side's intention to step on it.

"You have money?" The young man is completely angry at last!

He pulled open two buttons, as if he didn't have enough momentum. He rolled up his sleeve again. "Compared with Hao Xiaogang, I have more money. Are you out of your mind?"

The young girl is not willing to be outdone, "that is, Hao Shao is the son of Hao Dagang, one of the top ten rich people in Chuncheng. You are so rich compared with Hao Shao that you can't measure yourself!"

Hao Xiaogang pointed to Wang Fan and stepped forward. He asked aggressively, "how much money do you have?"

Wang Fan was startled by the momentum of the two people. He couldn't help stepping back two steps. First he took a look at Ning Jie, and then he said, "I have five, five, fifty million!"

Whoa!

Hao Xiaogang young girl two people sneer again, Hao Xiaogang is arrogant and domineering, "50 million, this mother also calls rich?"

"Son of a bitch, I thought you had a lot of money, but I didn't expect you to have 50 million. How much money do you want to say?"

His tone is very domineering, "this little monthly living expenses, are more than this little money!"

The young girl also hummed coldly, "that is, 50 million is good. Take it out and say it's dead. If I were you, I'd run right into it. "

Her words are also very tricky and vicious, "people like you waste air alive, waste land dead, and waste RMB alive or dead, which is a shame."

Pop.

Ning Jie listens to this words, can't help but a forward, PA ground a slap to jilt on the other side face.

She stared at the young girl coldly and said, "pay attention to your words. If you insult my friend again, I'll tear your mouth."

She is also angry, this woman's mouth is too damaged.

Of course, she was even more afraid that Wang fanhui would raise his hand and kill the woman in anger, so she slapped the woman in the face, but in fact she was saving her.

A slap down, let alone women muddle than, even Hao Xiaogang muddle than.

They didn't expect that Ning Jie, who had never spoken, would be so sharp and didn't hesitate to shake hands.

Woman ouch, cover pretty face pedal backward, eyes also in the moment become venomous.

Slap face, this is real slap face!

Where can she stand such insults?

"How dare you hit me, bitch?" After returning to her senses, she yelled angrily, and tried her best to rush up. However, she was caught by Hao Xiaogang, "Nana, don't be impulsive." Although Nana was unwilling, she did not dare to refute Hao Xiaogang. She could only suppress her anger with indignation, but the resentment in her eyes could not be dissipated.

Hao Xiaogang coldly looks at Ning Jie, "is that too much? Will the woman who beats me in front of me be too arrogant? "

He also pointed to Wang Fan, "son of a bitch, your woman hit me. What do you say to do with this?"

He held out two fingers. "I'll give you three choices, either let her accompany me for a day to apologize, or you'll give me 50 million, or I'll break your legs."

"Believe me, offend me, Hao Xiaogang. I have the strength to make you unable to get along in Chuncheng."

"What do you mean, you're going to break my leg?" Wang fan is one Leng at first, then big anger, "I this fierce temper, angry I, angry I, unexpectedly want to break my leg."

He said angrily, and suddenly ran to Lexus, raised his foot, kicked hard, bang, a tire burst.

Raise your foot, kick again, bang, another tire burst.

Bang bang.

Then, only the other two tires burst.

Hao Xiaogang and Nana look at this scene, they are all dumbfounded.

Nima, that's a Lexus tire. It's not a balloon. How could it be kicked out so easily?

The corners of their mouths were pumping, and a cold sweat was seeping from their backs.

Especially looking at Wang Fan's irascible as if he were insane, they were even more afraid that Wang Fan would be upset and attack them.

The security guard next to him was also smoking from the corner of his mouth, and his face changed wildly.

Among other things, Wang Fan's strength alone is not what ordinary people can do.

He was glad that he didn't challenge Wang Fan directly, otherwise he didn't know how to burst.

Ning Jie is in relaxed breath at the same time, almost want to laugh.

This guy is really a living treasure.

But fortunately, Wang Fan didn't kick Hao Xiaogang directly, otherwise the trouble would be big.

Wang Fan burst four tires in one breath, then looked at Hao Xiaogang and said, "do you want to break my leg now?"

"No, no, no, I'm kidding. I'm kidding. Don't take it seriously, little brother." Hao Xiaogang quickly shook his head, which was like a rattle.

Nima, this man is a madman. He dares to threaten now.

He regretted that he had no bodyguard, otherwise he would not have suffered such a big loss.

Just as he was thinking about waiting for Wang Fan to leave, he quickly asked the bodyguards to find a way to get back the place. Wang Fan had already hummed again, "I don't dare to be the best, otherwise I will kick you."

He also looked up with pride, "fight with me, threaten me, do not see what I do, hum."

Finish saying, directly took rather clean swagger toward water sky front door to walk past.

Hao Xiaogang two people gnash their teeth, but did not dare attack.

Chapter 1125

"Wang Han, Ma Chao, bring some people to me right away. God on the water, come on. I've been beaten in the face. Today I must find this place again, or I can't swallow it! "

After Wang Fan and Hao Xiaogang enter the water, Hao Xiaogang pinches out his mobile phone and dials a phone angrily.

After the call, he made another call to deal with the car, and then he took Nana into the sky.

I can't help it. The car's tires have been kicked out, so I can't drive. He can only ask someone to deal with it.

Hao Xiaogang breathed in his heart. He never thought that he would be beaten in the face by a boy who is not a upstart.

It made him feel very shameless and angry at the same time.

Hao Xiaogang, full of anger, didn't find out. As soon as he entered the water, a man came out behind him.

The man took a deep look at Hao Xiaogang, pinched out his mobile phone, dialed a phone, and then quickly followed up.

Wang Fan didn't pay attention to Hao Xiaogang. For him, Hao Xiaogang is just an episode, or the adjustment of life. He doesn't need to pay attention at all.

"How do you do, sir and madam? Welcome." Two talents just entered the water sky, tall and beautiful welcome Miss will welcome up.

Their faces are rippling with sweet smile, and there is no strong disdain in their eyes, which gives people a very comfortable feeling.

Wang Fan didn't speak, just looked at the welcoming ladies with a smile.

He looked at each other's towering chest, looked at each other's long white legs under the split cheongsam, and suddenly felt that life was really beautiful.

How long has it been since I came to such a place to enjoy beautiful women?

Wang Fan was very moved.

Ning Jie nodded faintly to the welcome lady, and then pinched out a membership card.

Those who welcome Miss Ning Jie to see the membership card, smile more sincere. Soon another manager like woman came and took them to a private room on the second floor.

There are more than 100 square meters of private rooms, everything to eat and drink, and karaoke dancing. It's very good, but the dishes need to be ordered now.

After ordering a few dishes casually, they began chatting while singing. Wang Fan's mood was also rare to relax.

During this period, Ning Jie fulfilled his promise and issued 50 million cheques to Wang Fan. Wang Fan didn't want it, but Ning Jie had to give it, so he had no choice but to accept it.

Another box.

Hao Xiaogang and Nana have sat down, and there are more than ten men in the box.

These men all have strong breath, sharp eyes and bulging temples. At first sight, they are experienced in many battles, and at least they can fight against each other.

Creak.

At one moment, the box door opened and a young man in his thirties came in.

This young man is also wearing a suit, full of a sharp breath, obviously not weak.

Hao Xiaogang saw the man and immediately stood up, "Wang Han, have you investigated the two boys' boxes? Which box are they in?"

When Hao Xiaogang was talking, his teeth rattled, his fists were clenched tightly, and his anger in his eyes was even more undisguised. Obviously, he couldn't wait to get revenge from Wang Fan.

As for Nana, her face was even more livid, and her eyes were only venomous and fierce.

Ning Jie dares to slap her. She won't let Ning Jie go.

She would slap Ning Jie ten times, and then let Ning Jie kowtow and apologize in front of her.

"The investigation is clear. They are in private room 5. Hao Shao, shall we go now or later?" Asked Wang Han.

"Now, of course, I can't wait for a moment. I'm going to beat that kid, and then I'm going to fuck that woman! " Hao Xiaogang said fiercely.

With that, Hao Xiaogang seemed to think of something again and asked, "has the water heaven been settled here? Won't there be any trouble when we do things?"

Although Hao Xiaogang is a dandy, he is not mentally retarded. If the sky on the water can stand up to now, his background must be very hard. If he wants to do it in other people's court, he has to do it well in advance.

Wang Han replied, "don't worry. I've already done my homework. There won't be any problems."

"Well, let's go now." Hao Xiaogang could not wait for a moment to stand up, and then with more than a dozen bodyguards rushed to Wang Fan's box.

All the way they passed, the guests all gave way to escape, this NIMA is too scary.

Although some of these guests may not be afraid of Hao Xiaogang, they don't want to be too fussy and make trouble.

The party soon came to the door of Wang Fan's box. The two waiters at the door didn't know whether they were scared or received the order in advance. In a moment, they hid in the distance like rabbits.

"Damn, dare to threaten me hao Xiaogang, dare to hit my woman in the face, even I Hao Xiaogang must let this grandson pay the price." Hao Xiaogang stood at the door of the box, breathed out a fierce breath, then raised his leg, and directly kicked towards the box door.

He used his strength, the purpose is to domineering appearance, first to Wang fanning Jie a down.

However, before he kicked his leg on the door, the door suddenly opened, and it was still completely open.

It's a bit of a tragedy. Hao Xiaogang's leg, which he kicked out with all his strength, suddenly had nowhere to borrow his strength. In a flash, the horse fell to the ground and screamed.

With his scream, there was also a scream in the box, followed by a voice of concern.

"Oh, brother, are you ok? What's the matter with you? Are you performing, straight horse? You're so awesome. "

Hao Xiaogang looks up and instantly sees Wang Fan standing in front of him with a surprised face, full of concern and muddled force

Hao Xiaogang listens to Wang Fan's words, looks at Wang Fan's face, and almost dies on the ground.

Nima, he feels his bones are breaking.

Although he knew this, no wonder Wang Fan. After all, Wang Fan was in the box and the door was closed. It was impossible to see him kick the door.

But feeling the pain, he still vented his anger on Wang Fan, "son of a bitch, are you Yin me?"

Wang Fan instantly stepped back, "how can you talk? How can I blame you? Why don't you play the word horse yourself? "

He seemed to recognize Hao Xiaogang at this time. "Oh, Hao Shao, it's you. What do you want to bring so many people to our private room to make amends?"

"Oh, you see, it's all a misunderstanding just now. You don't have to make amends. What's more, you've made such a stir."

He was serious. "Of course, if you really feel bad, you want to make amends. Then you can give me \$10 million or \$20 million, but don't give me more, or I'll be in a hurry with you. "

Hao Xiaogang is about to vomit blood, NIMA, make amends, make amends to your sister?

The bodyguards were black faced.

Only Ning Jie covers her mouth, but she can't smile.

Chapter 1126

"Son of a bitch, who's going to make amends for you? You slapped my woman and kicked me four tires. Do I need to make amends to you? "

With the help of the bodyguard, Hao Xiaogang stood up, pulled the wound and bared his teeth again. He looked at Wang Fan fiercely, with a crazy look.

"besides, do you think Lao Tzu's appearance is an apology? I'm here for revenge. I'm going to trample you to death! "

"Ah?" Wang Fan listened to this, exclaimed, and quickly stepped back, "how can you do this? You don't want to wrongly a good man. When did I slap your woman? Don't you remember wrong? "

He also took out the 50 million check and said weakly, "brother, if not, I'll make amends, I'll make amends. I'll give you 50 million yuan and write it off, OK? "

"Fifty million?" Hao Xiaogang sneered, "50 million is the price just now. Now there is no 100 million. I will trample you to death today!"

As he said this, Hao Xiaogang took two steps forward and smashed the check out of Wang Fan's hand with a slap, looking disdainful.

Wang Fan was a little depressed, "brother, there's no need to do this, right? Just a slap and four tires. 50 million is enough. "

He said with painstaking care, "we have to forgive people, and we are all in Chuncheng. If we look up but don't look down, why don't we get so stiff?"

"What's wrong? Hao Xiaogang thinks it's good, that's good." When Hao Xiaogang saw that Wang Fan had been counselling, he felt a little proud.

He raised his head to signal a bodyguard to close the box door, and then looked at Wang Fan fiercely, "didn't you just have a good match? Just now, wasn't it a tire by tire? Was it a good kick? "

"Why don't you give me another one? Give me another kick? Son of a bitch, how dare you threaten and frighten me, Hao Xiaogang? Don't you look at me? Is Hao Xiaogang scared? "

He also pointed to the bodyguards behind him and said, "do you see them? They are all bodyguards I hired from abroad at a high price. "

"Everyone has experienced many battles and is strong. Everyone is the master who can fight against 100 with one, and he has seen blood in his hand. You're so capable, give me a kick and kick them out? "

Obviously, Hao Xiaogang was very upset with Wang Fan's previous kicking and exploding of the tire. He has been talking about it.

"Isn't that good?" Wang Fan's face is serious, "they are human, and they are not tires. In case of kicking, what should we do? Who will pay for the medical expenses?"

Come on.

Ning Jie listens to this words, just drank the red wine in the mouth to spurt out directly.

This guy, what time, even have the mind to gag?

Hao Xiaogang was also stunned, obviously unable to accept this line for a while.

The more than ten bodyguards were angry in an instant.

Wang Fan obviously despises them!

Anger!

Endless anger!

"Son of a bitch, what are you talking about? Can you kick me

"Son of a bitch, you look down on me. Do you believe I tore you up with one hand?"

"Damn it, when I was alone in the jungle and faced hundreds of fierce bandits, I wiped them out. Now I'm despised by you. How can I do that?"

A group of bodyguards were indignant and mad.

Nana pointed to Ning Jie sitting nearby and screamed, "bitch, what are you laughing at? If you die inside, can you still laugh?"

"If you dare to slap me, I'll fight back ten times and a hundred times later. I'll see if you can still laugh."

Compared with Hao Xiaogang's anger at Wang Fan, Nana is a little worried about Ning Jie's slap.

If you can't slap Ning Jie dozens or even hundreds of times, Nana can't get rid of the evil spirit in her heart.

"Big brother, big brother, don't be angry, don't be angry. I'm not afraid that if I kick you out, no one will pay for your medicine? "

"I'm doing it for your good, too. What are you doing when you're angry? If you get hurt and Hao Shao doesn't give you medical expenses, you'll have to pay for it yourself. What a grievance? "

"Think about it, isn't it?"

Wang Fan quickly put his hands to open his mouth, serious and serious.

The ten bodyguards were almost furious.

Wang Fan, the grandson, really doesn't pay attention to them.

"Hao Shao, let me kill him. I can't wait to do it."

"And me, this son of a bitch is dying. He dares to tease us. His grandmother can't bear it!"

Two of them waved their fists and asked for instructions from Hao Xiaogang.

Hao Xiaogang is also a face of grief and indignation, biting his teeth and nodding, "you go, do him for me, remember not to kill him!"

His heart is also a bit subdued, thought he brought so many people to come, a show will be able to scare Wang Fan urine.

But in fact, first he lost his own person, and then he was ridiculed by Wang Fan. This made him feel aggrieved and vomit blood. He even doubted whether Wang Fan was confused about the current

situation or a fool?

Seeing that Hao Xiaogang nodded, the two bodyguards immediately stopped hesitating and were about to rush towards Wang Fan.

But before they came to Wang Fan, the door of the box was suddenly kicked open.

Then, five men stormed in.

Wang Fan looked at the five men, his eyes couldn't help jumping and squinting slightly.

Hao Xiaogang and his party were a little shocked.

Who is this NIMA? Is it Wang Fan's helper? It's just that it's not enough to find five people to plug their teeth.

Hao Xiaogang turned his head and was about to threaten the five people. He told them to go away if they had anything to do. Otherwise, don't blame them for their impoliteness.

But at this time, Wang Fan suddenly jumped up, "you come just in time, kill them for me, quick!"

Wang Fan also changed his previous weak appearance and suddenly became domineering. "This grandson dares to threaten me, and he dares to run to my box to shout. He just doesn't pay attention to me. You kill him right away!"

The five people listened to Wang Fan's words, and they were a little stunned in an instant.

They don't stand because Wang fan is in the box. They stand because Wang Fan dares to coax them into doing things.

Is this a damn life of impatience?

Five people originally planned to turn over Hao Xiaogang directly, then abduct and extort some money.

Because they heard Nana say outside that Hao Xiaogang is the son of Hao Dagang, one of the ten richest men in Chuncheng, so they want to tie one vote.

As for Wang Fan, in their eyes is a small fish shrimp, happy to let go, not happy to step on.

But Wang Fan's arrogant instigation made them want to use them, which immediately made them feel uncomfortable.

It's just a grasshopper who dares to make use of them. They have never thought of letting Wang Fan live.

One of the men, with cold eyes and wrong steps, moved to Wang Fan.

Since Wang Fan wants to die, he doesn't mind giving Wang Fan a lesson of blood first.

But his move made Hao Xiaogang and his party misunderstand him. They thought that the man had listened to Wang Fan's words, just like them.

At this time, there was no need for Hao Xiaogang's order. The two bodyguards directly went up to the man.

Chapter 1127

The two bodyguards immediately rushed to the man. One of them swung his fist and blasted the man's head fiercely.

The other one raised his right leg and swept to the man's lower body. It was also a tacit cooperation.

With a sneer, the man didn't even bother to hide, so he smashed his right fist.

Bang!

The two fists collided and made a loud noise.

Click!

The whole arm of the bodyguard was smashed in an instant. In the process of crackling, the tiger's mouth hurt and flew out with blood.

His mouth is to send out more shrill scream, let a person shudder!

At this time, another person's right leg has also been severely swept in the man's legs.

Bang.

There was another loud noise, but the man was not swept down or swept away as he expected. On the contrary, the corner of his mouth couldn't help smiling and felt a tingle.

He felt as if his leg had been kicked on the steel plate, and his face was almost distorted. He even doubted whether his leg would break if he used his energy.

Aware of the crisis, the bodyguard was about to retreat, and the man's legs had been lifted without warning. Then, without a moment's hesitation, he stepped down.

Click!

With a loud noise, the right leg of the bodyguard was crushed in an instant, and the same scream was made.

The sharp bones pierced the skin and flesh, exuded countless blood, dyed the ground red, shocking.

Looking at this scene, Hao Xiaogang was silly, Nana was silly, and even the other group of bodyguards were all silly.

How did they not expect that this man would be so abnormal, two experienced bodyguards in front of him, did not have the slightest fight back.

Hao Xiaogang was almost scared to pee. As he stepped back, he screamed sharply, "kill him, kill him for me!"

The words are fierce, but there is a deep fear.

The other eight bodyguards listened to Hao Xiaogang's order and bit their teeth. Almost at the same time, they jumped at the man.

However, although they seem to be powerful, their momentum is obviously inadequate.

Obviously, the previous man's fierce hand caused a certain impact in their hearts.

The man looked at the eight people, grinning and showing two big yellow teeth. Then he made a mistake and met them.

He hasn't paid attention to a group of local people. This group of bodyguards, he can easily handle.

With one punch, a bodyguard fell.

One hit, two bodyguards fell to the ground.

With a sweep, the three bodyguards flew out like broken winged birds, and lost their fighting power after falling to the ground.

This man is a tough mess, six bodyguards in front of him, almost no fight back.

The man immediately overturned six people, turned his head and continued to attack the last two people.

As soon as the two people's pupils shrank and were about to retreat and beg for mercy, the man was already grinning and clasping their heads with both hands.

One pinch, one bump.

Bang.

Two people's heads burst out blood fog, as if they had been pulled out of their muscles and bones, and they fell to the ground.

There was a dead silence.

Hao Xiaogang was almost scared to pee, almost out of his mind.

He really can't believe that the ten bodyguards he hired at a high price were beaten by a man in a short time.

He even doubted whether the bodyguards were bragging, and whether he had been cheated?

Nana is scared of a buttock fell to sit on the ground, also regardless of the skirt scenery leakage, hands cover chest, gasping.

It's terrible. It's terrible.

If this man is not happy to give her a lift, she will have to peel off her skin even if she doesn't die.

Ning Jie is not in the mind to drink red wine, but full of shock to see the man.

Five people came to the other side, and now only one of them showed strength, so powerful and so shocking. Wouldn't it be more powerful if these five people were fighting at the same time?

Originally, Wang fan made fun of Hao Xiaogang and his party, but Ning Jie only regarded them as watching a play. He knew that Hao Xiaogang and his party could not help Wang Fan.

But now all of a sudden, there are so five powerful people, which make her feel bottomless.

Among the people present, only Wang Fan's face remained unchanged. On the contrary, he was pleasantly surprised.

At first glance, these people are the people from the relic city. Five people, four people are in the middle of the congenital period, and one person is in the peak of the congenital period.

Wang fan doesn't need to think about it at all. He also knows that most of these five people are also related to the shocking case some time ago.

He didn't expect that Ning Jie was really his lucky star. He looked for a long time, but he didn't find these people.

Can follow Ning Jie, just less than a few hours, met two of them, it is providence.

Hao Xiaogang immediately admitted, "brother, I'm wrong, I'm wrong, I have no eyes, I shouldn't challenge you, I shouldn't challenge you, please forgive me, please forgive me." This guy is obviously a master who can bend and stretch. After returning to his mind, he immediately kowtowed to Wang Fan and begged for mercy.

Why beg for mercy from Wang Fan? Because he still thinks that the other party is Wang Fan's helper.

Nana is also a pale face, while looking at Ning Jie beg for mercy, while kowtow, "aunt, aunt, I'm wrong, I'm wrong."

"I shouldn't scold you just now. I shouldn't challenge you. Just let me go. I really don't dare to do that in the future."

"I promise, I never dare to think about revenge in the future. Next time I meet you, as far as I can go."

She also slapped herself in the face. "As for the two slaps you slapped me just now, I just want to say that you slapped me so well."

"If you like, you can slap me ten or twenty more times, and I promise there will be no complaint."

Ning Jie didn't speak, just looked at Wang Fan with nervous face.

She knew in her heart that these five people were not called by Wang Fan, and Wang Fan had never called anyone.

Wang Fan did not care. He walked slowly to Hao Xiaogang and patted him on the face. "Now I know it's wrong. I know I can't afford to offend you?"

"I know, I know." Hao Xiaogang's head is like a chicken pecking rice. Although he is beaten in the face by Wang Fan, it's better than breaking his hands and feet, isn't it?

"Not a hundred million?" Wang Fan asked again.

"No, no, I'll give you a hundred million, I'll give you a hundred million." Hao Xiaogang said quickly.

"Yes, that's a good boy."

Wang Fan nodded with satisfaction, and then pointed to the bodyguards, "don't you say that these bodyguards are all masters who have been through many battles to defeat one hundred?"

"Why are you being beaten by someone now? Are you deceiving me or scaring me?"

Listening to these words, the group of bodyguards who were not in a coma were full of grief and indignation, but they did not dare to say anything. Who made them inferior to others?

Hao Xiaogang is also full of grievances, "I, I, I was cheated by them!"

Obviously, he felt that the bodyguards had cheated him and it was not worth the high price he offered.

"Oh, so?" Wang Fan waved his hand, "write a check, one hundred million, now!"

"Good, good." Hao Xiaogang nodded again and again. He was just about to take out a pen and paper to write a check, but the fierce man couldn't help it.

He pointed to Wang Fan suddenly, "son of a bitch, when are you going to be pretending? Dare to use us, dare to instigate us, dare to pretend to be powerful, have you never been dead? "

He really can't stand Wang Fan's appearance of pretending to be compared. When did Wang Fan dare to pretend to be compared, and still use them to pretend to be compared? It's just unbearable.

Wang Fan a Leng, as if this just think of the box that five people, quickly stood up and nodded to smile, "oh brother, I'm so sorry, I'm not too into the play?"

"Where do you hang out? I have 50 million here to make a friend? If it's not enough, when he writes me a check, I'll give you another 50 million. "

It's a dead silence!

Especially Hao Xiaogang, his face is white!

Nima Oh, it's been played!

Chapter 1128

"Son of a bitch, you are not with them. Are you playing with me?" Hao Xiaogang was angry immediately. If he hadn't known that he couldn't beat Wang Fan, he would have gone there with one punch.

Nana also got up in an instant and yelled angrily, "son of a bitch, aren't you too shameless to pretend to be powerful? You're going to die, you're going to die! "

She screamed at Wang Fan, and thought of Ning Jie next to her, "and you, you will die."

"Damn, if you cheat me, I'll kneel down and beg for mercy, and slap myself in the face, you'll be punished!"

They really can't tolerate Wang Fan cheating on them. It's too shameless and shameless. Do you have it?

The bodyguards were also flushed with anger. If they had not lost their fighting power, they would have killed Wang Fan first.

The tough man who took the shot was also livid. He stared at Wang Fan coldly, "you are really brave."

"He instructs us, makes use of us and pretends to be powerful. Now he wants to earn 50 million by our hands. I have to say that you are the most courageous person I have ever met."

His tone is very cold, anger anyone can hear out, "do you think we are idiots or brain damage?"? If we want money, we won't ask Hao Xiaogang personally. Why should we share half of it with you? "

He also gritted his teeth and snorted, "it seems that today, I really want to bleed you, otherwise I'm afraid you don't know the heaven and earth."

The words fall, the man instantly then plans to hand a lesson Wang Fan, just be stopped by that innate peak, "don't move him first."

This man looks more than 40 years old, with leopard head and fish eyes, giving people a very asymmetric but dangerous feeling.

After he stopped the man, he looked at Wang Fan, "little brother, we are here to find Hao Xiaogang, and we didn't want to trouble you."

"We don't provoke you, and we hope you don't have too much trouble, otherwise, we will only offend you."

Although he looked left and right, Wang Fan seemed to be an ordinary person, but he always felt that Wang Fan was not ordinary.

Because he really can't believe that an ordinary person, facing the five of them, especially after seeing ah Hui's tough shot, can be so calm and dare to fake tiger's power.

In order not to create trouble, so he is not willing to provoke Wang Fan, he is afraid of Wang Fan playing pig eat tiger.

Listening to this, before Wang Fan could speak, Hao Xiaogang's face changed.

He couldn't help looking at the people and asked, "are you here for me? What do you want me to do? I don't seem to have offended you? "

There was a strong panic in his heart. He couldn't remember when he met these people.

But now these people are coming for him by name. How can he not panic? Obviously not good.

"I, Tian Jigou, am here for you." The man said, "your name is Hao Xiaogang, isn't it? I heard that your father's name is Hao Kuo, and he is one of the ten richest people in Chuncheng? "

"We have nothing else to do with you, but we are a little short of money recently, so we want to get some money to spend."

"I hope you will cooperate with us, give your father a call and ask him to call us several hundred million."

Tianji Gou language gas is not urgent, just like pulling home.

"You want to kidnap me, you want to blackmail me?" Hao Xiaogang's face immediately changed. He is not a fool. How can he not understand Tian Jigou's meaning?

"Hao Shao, that's not right." Tian Jigou shook his head, "I'm just talking about a deal with you. I don't mean to kidnap and blackmail you."

He also pointed to the bodyguards, "if I remember correctly, it was your bodyguard who attacked my people first, right?"

"You provoked us first. Shouldn't you spend some money on it? Of course, if you really don't want to do what I ask, I won't embarrass you

"You let us be provoked first. It's not too much for us to break your limbs?"

This Tian Jigou is obviously the master of the ghost spirit. Originally, he wanted to control Hao Xiaogang and blackmail a sum of money.

But now, because Hao Xiaogang before let bodyguards take the lead, let him find a fair and aboveboard reason.

Wang Fan listened to Tian Ji Gou's words, and sighed in his heart: talent, talent.

This guy just came to the city for a few days, and he learned this routine. It's really different.

Hao Xiaogang's face suddenly became ugly. If he could take out a hundred million yuan, his father would have to make a decision.

If it's Tian Jigou's extortion, there's nothing wrong with him calling his father. After all, he's innocent.

But now Tian Jigou has found an open and aboveboard reason, so he doesn't dare to make this call.

If Hao Kuo knew that he was the first to provoke others, he would find such a disaster. Even if Tian Jigou didn't break his leg, I'm afraid Hao Kuo would break his leg.

Robbers are not terrible, just afraid that robbers have culture.

Hao Xiaogang finally completely understood the true meaning of this sentence. When Hao Xiaogang's face was ugly and he had some difficulties in making a choice, Wang Fan said with a smile,

"Hao Shao, Hao Shao, do you need help? Why don't you give me a hundred million yuan and I'll help you deal with them and deal with this? "

He also pinched his finger to settle the accounts for Hao Xiaogang, "you think, they want you several hundred million, you ask me to deal with this matter, but only one hundred million is needed. If you don't promise me, you will lose a lot. "

Wang Fan's sudden cut in not only made Tian Ji Gou's face black in an instant, but also Hao Xiaogang's face angry in an instant.

"Little brother, do you really want to mind your own business?" This is Tian Jigou's voice. Everyone can hear the anger and killing intention in his voice. Obviously, he is really angry.

"Son of a bitch, do you have the face to deal with this for me? But for you, could I offend them? It's you, it's you, it's all you

This is Hao Xiaogang's angry voice.

Wang Fan ignored Tian Jigou, but looked at Hao Xiaogang with a smile, "Hao Shao, you are wrong."

"If you hadn't come to my box for revenge, would this have happened?"

"What's more, I didn't say they were my people. I just said that you just came here to kill him. Your bodyguards are stupid. How can you blame me?"

Wang Fan looks innocent, "say, you still have to thank me, if you don't come to my box, if people block you in your box, you can really call the day should not call the ground not working."

He stretched out a finger, "a hundred million, in the end, OK, you nod, I'll help you deal with them. I can't. I'll leave right away. I'll take it as if I've never met it before. "

Hao Xiaogang's heart wavered, "you, can you really deal with them?"

After all, the man's toughness is still fresh in my mind. In addition, there are still four people in the family who haven't started. His heart is very bottomless.

Wang Fan nodded proudly, "of course."

"To die." Tian Ji Gou angry, "toast do not eat wine, since you want to die, then don't blame me impolite."

With his voice, the man who started before, with a cold light in his eyes, rushed to Wang Fan in an instant.

The killing is all over the place!

Before the others came to Wang Fan, the whole person had already soared up in the air. His right leg raised a burst and killed him. He pointed at Wang Fan's head fiercely!

Feeling this scene, not to mention Hao Xiaogang's face changed greatly, even those bodyguards' face also changed.

Only then did they know that they had not come up with all their strength in dealing with them.

If men had shown this kind of strength in the beginning, now they would not be disabled, but lost their lives.

Chapter 1129

"Why, don't you see Ben Shao talking business? If you dare to disturb Ben and talk less about business, you will die!" Wang Fan was very upset and snorted. Without raising his head, he swung out.

Bang, this random throw, for men, but no less than a heavy bomb.

He only felt a violent bombardment on his leg, and the whole person flew out like a broken kite. With a bang, he fell to the ground, stained with blood and couldn't get up for a long time.

His eyes that looked at Wang Fan finally could not help but be shocked.

He threw his hand at random, and even blew him away. He was seriously injured. This guy is absolutely the existence of the innate peak.

Tian Ji Gou four people also changed face in an instant, they also did not expect, Wang Fan unexpectedly so abnormal, disguised as pig eat tiger to this point.

Hao Xiaogang and Nana are both silly.

They just feel as if heaven is joking with them, and their minds are blank.

God, who the hell is this?

At the thought that they should bring people to revenge, Hao Xiaogang almost feels like a dog in the sun.

It's not revenge. It's just abuse.

At the moment when he was shocked and his face changed, Wang Fan put out his finger and knocked on his head discontentedly, "I said, can you give me a hundred million yuan to protect, please give me a word."

"If you agree, I'll help you settle them. If you don't agree, I'll leave."

Wang Fan also broke his fingers and complained coldly, "I'm very busy. Every minute I delay, I have to earn tens of thousands less, but I don't have much time to waste here with you."

Although there is no Hao Xiaogang, Wang Fan will not let them go. But now you can make a hundred million in vain, and a fool won't make it.

And although Hao Xiaogang is not guilty to death, he provokes himself like that. Wang Fan has no psychological pressure to blackmail him for 100 million yuan.

"Agree, agree." Hao Xiaogang revived and nodded, "as long as you can help me solve them, a hundred million is not a problem, I'll write a check right away."

Compared with several hundred million, one hundred million is nothing, and it doesn't need to be known by father.

The most important thing is that Wang Fan's hand gives Hao Xiaogang hope and makes him feel that Wang Fan really has the strength to fight against Tian Jigou and others.

Tian Ji Gou listens to this words, the old face has already passed the spirit of very white, "do you really want to meddle in? If I'm right, you're from relic City, aren't you

"In a word, we still come from the same place. Otherwise, we can get a billion yuan from him and share it equally. How about that?"

Tian Jigou pointed to Hao Xiaogang, "his father Hao Xiaogang is one of the top ten richest people in Chuncheng, so it's not a problem to take out \$1.8 billion."

"Even if we split it equally, you can get at least three or five billion yuan, which is several times more than the present one. I have the right to make friends with you, don't you think?"

Although Tian Jigou wanted to kill Wang Fan, he was afraid that he could not make Wang Fan, so he had to go back to the second place.

There's no way. Wang fan is too confident. He says that there's no psychological pressure at all when dealing with them, which makes Tian Jigou have no bottom for Wang Fan.

"I don't think so." Wang Fan shook his head, "to be with you is robbery, kidnapping, extortion and breaking the law!"

"Although I can make more money in that way, I don't want the ill gotten gains. There is a saying that how to say, there is a way to steal, I can't be so without the bottom line

Wang Fanyi said, "it's natural for me to protect him. It's legal and reasonable for me to earn a hundred million yuan. There's no psychological pressure."

"That's right, that's right, brother. You're right." Hao Xiaogang nodded and was about to cry.

He was really afraid that Wang Fan would agree to Tian Ji's terms. In that way, he would be as bad as dead.

Tian Ji Gou is about to explode, "do you really want to die?"

His eyes become cold, "although you are very powerful, but we are not vegetarians, do you really think you can fix us?"

He pointed to Wang Fan, "I know you are the congenital peak, but I am also the congenital peak. You may not be able to deal with me alone. I still have three congenital peaks."

"It's so hard. Can you please? Don't end up losing your life instead of earning 100 million yuan. "

The color is sharp and the stubble is inside.

Obviously, this is already a threat.

Wang Fan ignored Tian Jigou, as if he didn't hear his threat, but looked at Hao Xiaogang, "Hao Shao, what do you want to do with them? Is it scaring them away, or is it useless? Or, kill? "

The speech is relaxed and casual, as if Tian Ji Gou four people are just a cat and a dog, did not put in the eye at all.

Hao Xiaogang is about to speak, but Tian Jigou's four people are already exhausted.

This NIMA, it's not a human being.

"Son of a bitch, if you want to kill us, I'll see if you have the strength. Look at the sword!" A congenital middle no longer can't help, angry call roar, draw a knife then crazy rushed to Wang Fan.

Before he got close to Wang Fan, the knife in his hand had already been raised. He set off a fierce storm and attacked Wang Fan fiercely.

That fierce posture, that decisive expression, see Hao Xiaogang Nana is some scalp numbness.

This NIMA is so terrible. It would be bloody if they were attacked.

"Well done." With a sly smile, Wang Fan also raised his body and directly met him in a violent manner.

His body shape is only slightly wrong, then stagger the chopping blade, and then his right hand explores, grabs the man's wrist with the force of thunder.

A little effort, the man instant effort, can't help but open his mouth issued a "ah" sound, at the same time, hand big open, knife also began to fall to the ground.

At this moment, Wang Fan had already grasped the handle of the knife in an instant and split the man with his backhand.

Hiss.

Blood mist spray, the man fell back in confusion, chest stained with blood, face like ashes.

Strength is not in a level, Wang Fan beat him without pressure.

"I'll meet you, too!"

"And me!"

The other two jumped out with a roar.

Their momentum and murderous intention almost rose to the extreme in an instant, and their fierce and cunning attack fell on Wang Fan's body.

"Ha ha." Wang Fan laughs, grabs a piece of knife to welcome up.

The momentum of congenital peak gushed out in an instant, tearing each other's killing power, and then raised his foot to point on one of the men.

With a bang, the man only felt a wave of violence, destroying his bones, his meridians and his elixir field. Then he fell out like a bear.

He opened his mouth and let out a shrill howl. At the same time, the whole person had knocked over several tables and chairs and fell to the ground with a roar.

Wang Fan's body shape is wrong. He dodges another person's attack and raises a piece of knife.

Hiss.

A startling blood mist spurted, and the other man was also covered with blood.

Three moves, three people in a second, the whole audience is dead in an instant.

This bloody scene shocked all the people present.

Wang Fan's figure fell to the ground, and then the blade pointed obliquely, looking at the last Tian Ji Gou, "it's your turn!"

Chapter 1130

Domineering! Arrogance! Look down on the world again!

"Boy, since you don't propose a toast, don't blame me for being rude! Today, I will sacrifice you to the sword! "

Tian Ji roared, and his innate peak momentum burst out in an instant. His breath was cold and his killing intention was sharp.

With a flash of his right hand, he had a long soft sword in his hand. Then he directly shook out countless sword flowers and stabbed Wang Fan.

At this time, his whole person was as if with the sword in his hand, the combination of man and sword was extremely terrible.

Wang Fan felt the scene and his eyes narrowed slightly.

He didn't expect that Tian Jigou's sword technique had reached such a level. The combination of man and sword was beyond his expectation.

This Tian Jigou is much more powerful than the inborn peak that threatens Ning Jie. In Wang Fan's opinion, even if he is better than the Luoyan of relic City, he is estimated to be better.

If Wang Fan has not entered the ruins city, it's really hard to say who will win against Tian Jigou.

But now, he is no longer himself, and now Tian Ji Gou is not enough to see in front of him.

Wang Fan didn't talk nonsense. He grabbed the knife in his hand and blocked it.

Dangdangdang.

Several sounds came out, and the knife in Wang Fan's hand was chopped into several pieces in an instant, leaving only one handle.

However, Tian Jigou kept on attacking. He rolled up countless sword flowers again and stabbed Wang Fan in the chest.

The sword wind whistled and blew on Wang Fan. Wang Fan was in deep pain. The curled up killing power even more enveloped Wang Fan's whole body, giving him a feeling that he would never give up without strangling him.

The murals on the wall have already been torn to pieces, and cracks like cobwebs have spread out.

Wang Fan scolded lying back, quickly threw away the handle, breathed deeply, and began to retreat.

Tian Ji Gou is pressing step by step, his mouth raised a grim smile, as if he would not kill Wang Fan at one stroke, he would never stop.

Ning Jie, Hao Xiaogang, Nana, and the four masters brought by Tian Jigou can't help breathing.

The former was worried, hoping that Wang Fan would fight back and turn defeat into victory.

After all, now they are closely linked with Wang Fan, Wang Fan's death, they will not end well.

Tian Ji Gou brings those four people to curse Wang Fan, hoping that Tian Ji Gou can kill Wang Fan at one stroke. Only in that way can they express their evil feelings.

However, no matter Tian Jigou or others, they didn't notice that Wang Fan's eyes were always calm when he retreated, and his hands were still making some kind of seal with a small amplitude.

Bang.

At a certain moment, Wang Fan finally retreated to the corner of the wall. His back collided with the wall and made a low sound.

There is no retreat.

Tian Ji Gou, however, grinned grimly, "I see how you can go back. Die!"

He grinned grimly and stirred up the momentum of his whole body. The point of his sword was pushed out!

"Dead? Who do you say died? " Wang Fan's eyelids jumped, and he also grinned grimly. His hands suddenly raised, emptiness pushed forward, and his mouth drank, "mountain seal!"

With his movement and voice, boom, his hands suddenly emerged in front of an illusory peak.

The mountain peak was condensed in less than a breath, then rolled up and smashed towards Tianji.

Boom!

Click!

Tian Ji Gou's killing power was smashed, the sword tip was cracked, and then the unreal mountain was imprinted on his chest.

With another thump, Tian Jigou felt as if there was a big mountain crashing against him. His mouth and nose gushed blood, and he was directly smashed out.

His bones were smashed in an instant, and he was on the verge of death after he fell to the ground.

His eyes set off waves, incredible looking at Wang Fan, difficult voice, "you, what is your martial arts?"

His heart is very shocked, this martial arts, it is too terrible, too crazy. I'm afraid that the core disciples of the yuan clan may not have them.

Wang Fan sneered, "of course, it's the skill of killing people."

He snorted, "you loser, you are not qualified to know its name."

Wang Fan's face is also slightly pale.

This mountain climbing seal is exactly what he got from that jade slip. Although he has been practicing all this time, he has never had a chance to fight.

Today, Tian Jigou gave him a chance to be satisfied with the power of the mountain seal.

After all, he hasn't been practising for a long time, and he's far from the beginning. It's very good for him to have this kind of power in his first actual combat.

"You, you." Tian Ji Gou almost didn't get angry by Wang Fan's words. After two words, he went back to the west completely.

Although he was seriously injured and not far away from death, he was angry to death ahead of time, and it is estimated that he died of suffocation. "How angry is that?" Wang Fan was also stunned. He wanted to ask some questions, but he didn't expect that Tian Jigou was killed.

He was going to ask the other four people, but after Tian Ji Gou died, he did not hesitate to break his heart and did not give Wang Fan a chance.

Wang Fan was very dissatisfied with this. Although he would kill Tian Jigou, he didn't plan to kill the four.

There is no way, Wang fan can only answer in front of Hao Xiaogang, smile and say, "Hao Shao, they have been solved by me, that one hundred million, you see."

"I'll give it to you. I'll give it to you." Hao Xiaogang, who dares to talk nonsense, has no hesitation in writing a 100 million check.

This one hundred million is already his whole wealth. It's heartbreaking to give it to Wang fan like this. Just think of Wang Fan's strength, he has no way.

Wang Fan put away the check with a smile, and said again, "Hao Shao, you see, there are five people dead here, you."

Hao Xiaogang didn't know what Wang Fan was going to say, so he patted his chest quickly, "don't worry, I'll take care of it, and it won't bring you any trouble."

"Smart." Wang Fan gave Hao Xiaogang a thumbs up, "I'll trouble you. Bye."

Finally, he added, "by the way, if there will be such business of looking for bodyguards in the future, remember to look for me."

He said, dafangfang left a business card and left.

Hao Xiaogang is holding his business card, but his forehead is full of sweat.

Can he not understand Wang Fan? People give him business cards, which obviously tells him that he is not afraid of his tricks at all. Dare to play means, the consequences of their own weigh.

Otherwise, how dare Wang Fan leave his business card?

In fact, Wang fan is not afraid to be known by the police that he killed Tian Jigou five people. After all, Tian Jigou five people's hands must not be clean, and they have been registered by the police.

The reason why he asked Hao Xiaogang to deal with the end of the hand was that he didn't want to be in trouble.

"Miss Ning Jie, this is my business card, and Wang fan'anbao of Chuncheng is mine. If you need to hire a bodyguard in the future, you can call our company to ensure that the service is in place and make you satisfied."

"Today, I would like to thank you for your hospitality. We'll see you later. Goodbye."

After leaving the water, Wang Fan said to Ning Jie, left a business card, and then separated.

Today, he solved two groups of ruthless people who came from the ruins city, and made 150 million yuan. Wang fan is in a good mood. He plans to go to the bank to cash the check first.
