

## **MIGHTY SK 1141**

### **Chapter 1141**

"Spell? Do you have the strength to fight with me?" Wang Fan sneers! Just two inborn top, five inborn middle, this lineup, for him, is not enough to see.

While he was talking, his right hand had already taken out the shadow knife and touched the ground with one foot. With a roar, he met the seven people.

Whoosh!

The shadow knife flew to block the three sharp blades. Then, with a backhand stroke and a hissing sound, the three players had blood stained chest and flew out.

They stepped back seven or eight steps, then covered their chests and fell to the ground. But no matter how they cover, they can't stop the spilling blood.

Congenital middle in front of Wang Fan has not enough to see, is the existence of random second kill.

Wang fan saw a knife seriously injured three people, the other four eyelids are hard to help a jump, the heart felt great pressure.

But at this time, they could not shrink back, because Wang Fan killed them.

"Together, kill him, or we'll all be planted here!"

One of them pulled out the corner of his mouth and gave a loud drink. Then he grabbed the weapon in his hand and went crazy to kill Wang Fan.

His weapon is a hammer made of unknown materials, just like Lang's hammer, which makes people feel terrible.

And the hammer in his hand waving up, is also Huo Huo Sheng Feng, obviously not light weight.

In the moment of speaking, he had rushed to Wang Fan, the corner of his mouth was grinning, he grabbed the hammer and smashed it down.

Wang Fan felt the burst of the hammer, and his eyelids jumped. Instead of foolishly taking the shadow knife to block it, he dodged the hammer blow on one side of his body.

Almost as soon as he passed, the hammer hit the ground with a bang.

The whole ground was cracked and a huge pit was made. It's horrible.

Wang Fan looks at this scene, his face can't help changing. Instead of giving the other side the chance to continue to wave the second thump, he suddenly starts his feet and points his toes at the other side's waist.

Bang!

A strong attack, the congenital peak was flying out in an instant, covered his waist and fell to the ground, can no longer get up.

At this time, the other congenital peak's attack has also hit, his weapon is a snake stick, the snake stick tip circled, directly hit Wang Fan's head.

Wang Fan didn't dare to hesitate. He dodged once more to avoid the attack of the other side. Then he grabbed the shadow knife and split out.

Whoa!

A sound, the congenital peak was also blown away, blood stained the whole room.

His eyes were full of amazement. It seemed that he didn't think that he was so dignified that he didn't look enough in front of Wang Fan.

If we get rid of the two congenital peaks, the other two congenital metaphases are even more difficult to achieve.

Wang Fan just points out two feet, and they have already been pointed out, and there is no more power in the first World War.

Seven people were defeated in an instant.

At this point, they finally understand why Luoyan almost dare not resist and will kneel down.

This kind of strength simply does not allow them to choose.

Luo Yan knelt on the ground and looked at the scene. He was trembling and sweating.

Fortunately, he didn't have the brain to work hard, otherwise he would have been seriously injured and collapsed.

Wang fan is too powerful, even more than twice as powerful as what he saw in Hump mansion.

He even doubts whether Wang Fan has successfully stepped into the world.

Hao Qingqing also fell into shock again.

She once again had a clear understanding of Wang Fan's strength.

Fortunately, this kind of person didn't attack her Hao family. Otherwise, let alone one Hao family, even ten hundred Hao families would be destroyed.

Wang Fan turned over seven people, and then looked at Luo Yan, "Luo Yan, I can't kill you, but I have to abolish your cultivation. Do you do it yourself or do you want me to do it?"

Wang Fan's voice was very cold and his face was expressionless.

Even if Luo Yan kneels down and doesn't resist, he doesn't like Luo Yan at all.

Relying on strength and cultivation, they can do whatever they want in Chuncheng and kill people. It's not too much for such a person to die ten thousand times.

Wang fan is sure that if he doesn't have the strength to fight against Luoyan today, he will be killed by Luoyan even if he has 10000 lives.

It can also be said that if the one who meets Luo Yan today is not Wang Fan, but other people, it is estimated that he will come to a miserable end and die in vain.

"What do you say, you want to abolish my cultivation?" Luo Yan's face changed wildly, "you can't do this, I've already knelt down!"

Luo Yan was very frightened, "and it was not my fault that I was in the hump mansion. I was also forced by Zhu LAN."

"You know, I'm just a dog of Zhulan. I have to do whatever people ask me to do. I can't resist it!"

His posture is low and humble. For Luo Yan, strength is everything. At the same time, it is also the capital that he can run amuck and gain respect.

If he does not have the strength, he will be inferior to a dog, any ruthless role can easily take his life.

Wang Fan listened to Luo Yan's words and couldn't help laughing, "do you think I abandoned your cultivation because of the relic city?"

"If you think that, you are wrong. I didn't care about that at all, because I never paid attention to your words from the beginning to the end. "

"The reason why you abandon your cultivation is because you do whatever you want in Chuncheng. You live like a dog in relic city. Why can you do whatever you want in spring city

"People here are so easy to bully, kill and destroy?"

Wang Fan said, has come to the front of Luo Yan, "finally asked you, do you do it yourself, or do you want me to do it?"

Falling words, a heart like falling ice cellar, face like ashes.

It's better to kill him than to waste his strength.

Just as he was thinking about whether he could kill Wang Fan by doing everything he could, Wang Fan had not hesitated to raise his foot on his Dantian.

Bang!

A blood mist spewed out, and Luoyan became a useless person in an instant.

A scream, his eyes to Wang Fan became vicious, he knew that he had no chance to turn the table.

Damn it!

I knew that. He did it together just now!

"Call the police. These people are all bandits. Let the police deal with them."

Wang Fan said to Hao Qingqing in the distance. His mobile phone has been smashed in the battle, so Hao Qingqing can only make a phone call.

What's more, Luo said that these people were either seriously injured or disabled, and there was no threat. It was the most appropriate choice to give them to the police.

"Good." Hao Qingqing answered and quickly dialed the phone.

Although a meal is not pleasant to eat, but to solve the problem of Luo Yan and his party, Wang fan is still very happy.

Wang Fan and Hao Qingqing openly went in and out of Hao Qingqing's apartment and high-end club, which soon spread.

Those who started to fight against the Hao family immediately stopped and began to make advances. The Hao family crisis was soon relieved, and there was a further trend.

Wang Fan stayed in Chuncheng for more than a month. During this month, Hao Qingqing often came to see Wang Fan and had dinner with him on various pretexts, but Wang Fan refused. He really didn't want to flirt.

On this day, Wang Fan was studying the mountain climbing seal, and heiluocho came in in a hurry. "Wang Shao, Silver Triangle screen, Qianxin called for help. She was in trouble there."

## **Chapter 1142**

Wang Fan heard the curtain thousand heart difficult, dare not neglect, that night boarded the plane to Yunnan. He will go to Yunnan first, and then enter the Silver Triangle from Yunnan.

This is a woman who makes Wang Fan remember deeply.

At the beginning, because of the drug lord Li Lishan incident, muqianxin became Wang Fan's employer, and the two finally got into bed from their initial employment relationship.

Wang Fan was even more anxious when he thought that muqianxin was in danger. He wanted to fly to muqianxin immediately.

For more than a year, Wang Fan thought that muqianxin had completely controlled the Empire left by Li Lishan.

After all, Li Lishan has been arrested and put into prison. I'm afraid he can't get out in his life. His son Li Wuji is also killed by Wang Fan. By means of muqianxin, nothing can happen again.

But Wang Fan didn't expect that more than a year later, muqianxin called.

Because muqianxin doesn't say much on the phone, heiluocho doesn't know what happened to muqianxin.

Wang Fan also called mu Qianxin, but the phone couldn't get through at all.

This makes Wang Fan a little depressed.

He can't get in touch with muqianxin. After going to the Silver Triangle, how can he find muqianxin?

At the same time, he also knew that muqianxin was really killed, and it was not an ordinary difficulty. Otherwise, it's impossible to get in touch.

Three hours later, Wang Fan arrived in Yunnan and boarded a black car bound for the Silver Triangle.

Although it's midnight, there are still many black cars running to the Silver Triangle. Of course, the price is too high.

After all, the Silver Triangle is a place where drugs are prevalent. This kind of place is in chaos, and there are disputes every day. Black car drivers are risking their lives to make a living.

Wang fan is in a black cross-country car, which can pull four people in total. When he got on the car, there were three people on the car.

Behind them sat two young men in their twenties, both of whom were full of ferocity.

There was a black handbag beside each of them. The mouth of the bag was slightly open, and the bright chopper could be seen inside.

After Wang Fan got on the bus, they gave Wang Fan a cold glance from top to bottom, then turned their eyes away and looked eagerly at the co driver's seat.

Sitting in the co pilot's seat was a woman in her thirties. Her skin was slightly dark, but her figure was full, mature and wild.

There is no need to look at the face, just look at the back, it gives a sense of temptation to crime.

Wang Fan just took a look and knew that this woman was not simple. At least she had killed people and seen the existence of blood. At least she was more powerful than the two young people behind. I don't know how many times.

From Wang Fan getting on the bus to sitting down, the woman didn't look back at Wang Fan. She just scanned through the rearview mirror and then closed her eyes.

Wang fan is not nothing to chat up, also closed his eyes and began to rest, at the same time thinking about how to find help.

"We're all here, so let's go." The driver is a man in his thirties, five big and three rough, looking very big and rough.

When he saw that the car was full of people, he grinned and started the car.

The road to the Silver Triangle is very difficult and bumpy, but the driver is very skilled. Coupled with the familiar road conditions, he drives very fast all the way.

No one in the car spoke and fell into a strange silence, but no one cared. More than an hour later, the car has entered the Silver Triangle.

"You can get off here. Two kilometers ahead, there is a small town where you can go to have a rest."

The driver parked the car in a slightly open area and pointed to the front.

He added, "we usually send people here, not to the front."

The woman in the co driver's seat, listening to this, pulled the door open and got out of the car without

any nonsense.

The two young people wanted to say something, but they saw the woman get out of the car, look at each other, and then follow without hesitation.

Wang Fan followed closely. Anyway, he had already entered the Silver Triangle. Two kilometers away, he was a small town. He didn't care any more.

What's more, other drivers have said that this is the market, and there is no need for him to embarrass him.

After getting off the bus, Wang Fan was planning to go to the town in front of him. Suddenly, Yu Guang in the corner of his eyes saw that the two men had stopped the woman.

Of course, the driver on the bus also saw this scene, but he didn't dare to say anything nonsense and sped away.

But Wang Fan couldn't help but pause for a moment, and then stood not far away to watch the good play.

He didn't want to see the woman suffer, but wanted to see how the two guys were picked up by the woman.

"What do you want to do?" The woman was stopped by two men, her face didn't change at all, but asked calmly.

Listening to her tone, she didn't seem to realize the danger at all, as if the person who was stopped was not her. "What are you doing? Of course it's you!" One of the men shook his handbag and directly grabbed out the bright chopper inside.

He looked around the woman with unbridled eyes, and then grinned, "accompany our brother for one night, and then hand over the money!"

"Good cooperation, let us cool, spare your life, otherwise, brother's knife can not recognize men and women."

The other man didn't speak, but he also shook out the machete in his handbag, glanced at the woman, and gave a smirk at the corner of his mouth.

The woman listened to the man's words, not only not angry, but grinned.

This smile makes her look more charming and full of desire.

She did not hesitate to pinch out a bank card, looked at the two men, "my money is in this card,

password six eight, you can take it yourself."

"As for accompanying you, it's not a problem. As long as you have enough men, I don't mind accompanying you in the field."

She said, but also can't help looking at the jungle not far away, licking the hot red lips.

With these words, the two men were eager to throw the woman to the ground.

It's really too impulsive and provocative, they all feel a touch of heat under the belly.

Wang Fan looked at this scene, could not help but secretly scolded the two men idiot, turned his head and planned to leave.

Although the woman's words are very provocative, where is there any provocation in her eyes? There's only killing intention, OK!

Those two guys can't even feel the danger. They only know that the sperm is on the brain, and they deserve to die.

Wang Fan's heart is even more dark sigh, it seems that this access to the Silver Triangle, even women, can not be underestimated ah. This woman is not a simple master at least.

"Ha ha, don't worry. Our brother must be a man and can satisfy you." The man who opened his mouth to talk before laughed and put away his machete after he recovered.

Just at this time, he saw not far away just turned his head, is planning to leave Wang Fan.

Seeing that Wang Fan was going to leave, he immediately yelled, "son of a bitch, who let you leave? Did I let you leave?"

"You don't leave the first time you get off, but you only plan to leave now. Is it too late?"

He pointed to Wang Fan and said, "turn the money over to me. I don't mind cutting you first."

### **Chapter 1143**

Wang Fan listened to this, suddenly felt a little funny.

These two people haven't even cleaned up the woman, they are anxious to find trouble with him. Is it too arrogant?

The woman was going to take advantage of the two men to put away the machete when suddenly started.

But when she saw that the fire of war burned Wang Fan, she immediately gave up the idea of starting.

She also wants to see how Wang Fan solves these two guys.

If Wang fan can solve them, she naturally doesn't need to do it. If Wang fan can't solve them, she can do it no later.

"You want to rob me? And cut me off? " Wang Fan pointed to his nose, and then walked toward them without hesitation.

His tone is very disdainful, "here is not your home, I want to be in, want to go, you tube?"? If you want to chop me, I'll see if you chop one? "

Wang fan is a little upset. He dares to threaten him. He is impatient.

Originally, he didn't think much about it. He just wanted to see a good play, but these two guys didn't know what to do. Don't blame him, Wang Fan.

"Damn, are you playing with me? If you dare to stimulate me, I will bleed you

When the man heard Wang Fan's provocative voice, he was so angry that he grabbed the machete and jumped up. Then he rushed to Wang Fan.

In his opinion, most of Wang Fan didn't know which family's son, or had a relationship with a certain force in the Silver Triangle, so he had this kind of confidence.

It's just that it's an open area. I can't even see a ghost around.

If Wang Fan dares to provoke him like this, is he looking for death?

Even if he killed Wang Fan, it was in vain!

The man's face was grim. In a moment, he rushed to Wang Fan's body. Then he raised his machete and chopped at Wang Fan's head without hesitation.

The wind is roaring, fierce and sharp. It's obvious that he really wants Wang Fan's life.

Wang Fan felt this scene, the heart is also flashing out of the murder.

It's not wrong to rob and seek wealth, but it's a bit too much to kill if you don't agree.

For those who want Wang Fan's life, Wang fan is never soft hearted. He doesn't even bother to hide. He raises his foot and kicks it on the man's wrist.

At this moment, Wang Fan patted his right hand, turned the direction of the falling blade tip, and then kicked it on the handle.

A series of movements are very enjoyable.

Whoa!

A sound, the man did not respond, the machete has gone into his chest.

The tip of the knife pierced in from the front and came out from the back, causing a lot of blood.

He could not help stepping back two steps, and then fell to the ground.

It didn't matter. He pushed the machete out a few centimeters. As soon as he went in and out, he could no longer help but grin and scream, and the red blood could not stop rushing out.

Looking at this scene, not only the other man, but also the woman in her thirties.

They did not expect that Wang Fan, who is not amazing in appearance, would be so cruel and fierce when he started.

Especially that woman, in the heart is to clap Deng for a while, realize oneself walked an eye.

Wang fan is obviously a hidden Lord. I'm afraid it's much better than her.

In the previous situation, although she could easily kill men, she could never be so casual as Wang Fan.

Wang Fan stepped forward two steps and stepped on the man with one foot. "Now you want to rob me, do you want to cut me?"

The man's face turned red with fear in his eyes.

It's terrible. It's terrible.

He didn't expect that Wang Fan would kill him so easily. If he had known this, he would never have provoked Wang Fan.

"Move my brother, son of a bitch, I'll kill you!" The other man recovered, instantly dropped his machete, grabbed a shotgun from his body, and aimed at Wang Fan to pull the trigger.

Wang Fan's eyes are cold, and he is going to solve this guy. The woman has already taken the lead.

As soon as she lifted her right leg, the tip of her foot directly touched the man's arm. With a slap, the man felt pain and the gun fell to the ground.

The next second, the woman pulled her right leg back, then stepped forward and hit him on the back again.

With a bang, the man was kicked up by a woman and flew six or seven meters away like a bear. Then he fell to the ground and couldn't get up again.

Shock!

The two injured men were shocked at the same time!

They didn't expect that this woman was so fierce that she kicked a man of 150 kg to a distance of 67 meters.

Now they don't understand. Even without Wang Fan, this woman is enough to solve them?

A cold sweat!

"Thank you." Although even if the woman didn't do it, the man couldn't shoot Wang Fan, but now after all, it's necessary to thank others for helping him.

Wang Fan said thanks to the woman, but he didn't care. Instead, he bowed down and took out thousands of yuan from the man, then turned around and left.

Since this guy is going to rob him, don't blame him.

Of course, Wang Fan did not want to kill him. If he was not treated in time, he would probably die of bleeding. As for whether he died or lived, it depends on his own fate.

As for the other man who was kicked away by a woman, Wang Fan didn't pay attention and didn't touch the money.

One is that the distance is too far, and he is too lazy to pass. The other is that the woman has also given her hand. Who knows if the woman will care about the man's money?

The woman saw Wang Fan leave without procrastination, her eyes twinkled with splendor, but she didn't stop him.

By chance, she was afraid of causing unnecessary misunderstanding.

After not seeing Wang Fan's back, the woman slowly stepped forward and decisively killed the two men.

Just because Wang Fan let them go doesn't mean she will.

What she hates most in her life is those bastards who rob money and sex. It can be imagined that if she didn't meet Wang Fan today, if she didn't have some skills, her fate would be miserable.

After solving the two people, the woman also quickly left here.

Wang Fan soon came to the town, because it was in the middle of the night, there was hardly anyone in the town.

Wang Fan also wandered around for more than half an hour, and finally found a hotel and a 24-hour barbecue shop.

First he went to the hotel to open a room, and then he went to the barbecue to eat.

After such a long time, he was still a little hungry. He needed to fill his stomach first.

Wang Fan ordered a pile of roasted wing kebabs, a few bottles of beer and two portions of fried rice with eggs, and then began to grow up.

It's very unusual for Wang Fan to order so many things at this age and figure.

It's just that the people in the Silver Triangle are not normal people. Even if the barbecue shop owner wants to remind Wang fan that there are a lot of things to order, and it's a bit wasteful, he doesn't dare to say it in the end.

He is afraid of Wang Fan's dissatisfaction and causing unnecessary trouble.

A mouthful of meat, a mouthful of wine, a mouthful of fried rice with eggs, Wang fan is very comfortable. Even in the end, he felt that the fried rice with eggs was delicious and ordered another one.

"Ah -"

"Damn, don't run!"

"Cut him to death!"

Just as Wang Fan was eating comfortably, a disorderly voice suddenly came from a distance.

Then Wang fan saw that more than a dozen young people were frantically chasing and killing a man.

The dozen young people were all waving sharp blades in their hands. They were fierce and unscrupulous.

The man in front of him was black and bruised, and he was just supporting by his will.

## Chapter 1144

Wang Fan looked at the scene, eyelids can't help a fierce jump.

He can clearly perceive that the quality of these ten people is very good, which is by no means comparable to those street thugs.

All of them are full of bloodthirsty breath. Obviously, they are all ruthless masters who have killed many people.

"Don't look, boss. These people are from Huahu club. It's not easy to get into trouble. And things like this happen almost every day. It's no big deal. "

"As long as we don't provoke them, as long as we don't look, they won't involve us in their anger."

Barbecue stall owners see Wang Fan look at those killed more than a dozen people, quickly come forward to remind said.

He also said his guess, "I guess it's probably someone who doesn't have eyes who provokes them, or is dealing with traitors."

Wang Fan listen to this, can't help but curious asked a, "flower tiger will, this is what force, very powerful?"

He really doesn't know about the influence of the Silver Triangle and hasn't done any investigation.

Because he was not involved in drugs at all, and the Silver Triangle was very chaotic, the people of heiluocha did not penetrate here.

"It's more than fierce, it's the overlord of the Silver Triangle!"

The boss whispered, "they control 50% of the drug distribution in the Silver Triangle. Another 30 percent is controlled by another big force, the black wolf mercenary regiment. "

"Only the remaining 20 percent is divided up by other small forces."

These things in the Silver Triangle is obviously not a secret, otherwise just a barbecue shop owner can not know.

"Oh, so powerful?" Wang Fan's eyes narrowed as he listened to this.

He was thinking about whether to start from the Huahu club and try to find the whereabouts of muqianxin.

While Wang Fan was thinking about this, the man with blood all over had rushed into the barbecue

shop.

After he came in, without hesitation, he went straight to the charcoal stove of the kebab.

Whoo!

Kick it out and directly kick it on the charcoal stove.

With a bang, the charcoal fire was kicked away in an instant, and even the stove with charcoal smashed toward the more than ten people.

The more than ten people looked at the scene, their eyelids jumped, and they were scared to run around.

But even so, the two people who rushed to the front were smashed by the high-temperature charcoal stove, fell to the ground and screamed.

Their clothes had been burned in an instant, and even their skin and flesh were burned.

It's terrible.

Although the rest of them were a little lucky, there were still a few people who were hit by the sputtered charcoal fire, but they were not as miserable as the two young people.

The man used the charcoal stove to overturn a few people, and then suddenly grabbed a kitchen knife which was placed beside him, with fierce voice,

"son of a bitch, I, Chu Xiaosheng, swear that as long as I don't die today, I will kill you one day, and I will uproot you Huahu!"

His voice is very cold, and his tone is full of murderous intention. His momentum is also very sharp, but he is too injured to be able to turn over.

Wang Fan clearly saw that his left rib got a knife, the knife was very deep, red and white flesh rolling, very serious.

It was this wound that bound most of his fighting power and made it difficult for him to exert 20% of his fighting power.

"Ha ha!" Listening to Chu Xiaosheng's threat, a man stepped forward and couldn't help laughing, "Chu Xiaosheng, do you think you still have a way to live today?"

"Let's not say that you are dead today. Even if you can get away with it, it's just a dream to destroy our Huahu club!"

Although the man laughed again, there was no smile in his eyes. At the same time, he didn't take Chu Xiaosheng's threat to heart.

He didn't even look at Wang Fan and the owner of the barbecue shop. He pointed a little at Chu Xiaosheng,

"come on, kill him! When he dies, the black wolf mercenary regiment is a tiger without teeth. Don't worry

"Roar!"

With the man's command, the seven or eight people behind him immediately went crazy and killed Chu Xiaosheng.

Just because the space is too small, they can't kill at the same time, they can only disperse into several waves.

Dangdang!

The knife collided with each other, making a sharp noise!

Chu Xiaosheng blocks a man's blade with a kitchen knife, and then kicks another man's stomach!

The man whimpered and screamed. He could not help but cover his stomach and stepped back. A mouthful of blood came out of the corner of his mouth.

Chu Xiaosheng turned over the man with one foot, and he didn't dare to neglect him at all. His body was bent and his kitchen knife was pushed around.

Whoa!

In an instant, it fell into another person's neck.

The red blood gushed out, and the man fell to the ground in an instant, completely devoid of breath.

Chu Xiaosheng overturned the two men, grabbed the kitchen knife and threw it forward. The sharp blade was inserted into another man's chest. The man immediately threw the knife in pain, covered his chest and began to retreat. He grasped the handle of the kitchen knife with both hands, but he didn't dare to pull it out.

And Chu Xiaosheng has already taken advantage of this gap, quickly lowered his head to explore his hand, and grasped the steel knife that the young man who had been wiped off his neck fell to the ground.

Just as he had just grasped the steel knife, two more people rushed up, waving the knife in their hands and greeting him hard.

Chu Xiaosheng didn't dare to neglect him at all. He stepped back quickly, but his speed didn't keep up with his consciousness.

Rao is that he has retreated for the first time, a knife is still accurate in his shoulder, raised a blood fog.

Injury on injury!

The first man looked at the scene, not excited, only angry.

He looked at Chu Xiaosheng, who had been hurt more and more, and at several people who had fallen to the ground, who were seriously injured or died miserably.

In order to strangle the tiger Chu Xiaosheng, they set up a bureau and sent out another 50 elite.

In the end, there were less than ten dead and injured. How could he accept that?

It can be said that even if it is to defeat Chu Xiaosheng, it is a disgrace and unacceptable to him.

"Give it to me and kill him!" The man pointed to Chu Xiaosheng and roared, but he didn't come forward.

When a rabbit is anxious, it will bite, not to mention Chu Xiaosheng.

No matter how much he loves his subordinates, he wants to let his hands go down to destroy Chu Xiaosheng's fighting power as much as possible, and then finally make his hand to minimize his own danger.

Chu Xiaosheng sneers repeatedly. He waves a steel knife and turns the two fierce men over again. At the same time, there are two more eye-catching wounds on his body.

But he didn't fall down, but coldly looked at the head man, grinning, "blue and white, at least you are one of the two sharp knives of Huahu society. If you have the ability, you can come up by yourself and fight me to death with the knife?"

"I'm a coward. I dare not go forward, but let my subordinates come to die. You're the most shameless person I've ever seen in my life."

Blue and white, boat tiger, flower tiger will be two sharp knives, two trumps, the strength of the fierce, ruthless shot, countless blood.

This time, it is blue and white, one of the two sharp knives of Huahu club, that leads the team to attack

Chu Xiaosheng.

Whoosh.

Gudong, Gudong.

Hearing Chu Xiaosheng's words, blue and white is going to sneer at each other, and then let people at all costs to kill Chu Xiaosheng, but at this time, an untimely voice resounded.

Blue and white, Chu Xiaosheng, and the people under blue and white's hands can't help but turn around and look at them.

I saw a young man pulling a few mouthfuls of rice and drinking beer as if nothing had happened.

It's a quiet moment!

### **Chapter 1145**

No one thought that there was a river of blood here, and there were still people who wanted to eat and drink.

Barbecue shop owner is also a face of black lines, it is even dead heart have, Wang Fan this is too nervous, right?

Chu Xiaosheng lightly looked at Wang Fan, then turned his eyes away and ignored him.

He is now a bit self-conscious, naturally no mind to pay attention to Wang Fan, the most urgent thing is to think about how to get rid of it is true.

Blue and white and a dry hand, the face is in an instant gloomy down.

They really can't tolerate Wang Fan's contempt.

Yes, it's contempt.

Wang Fan regarded them as the air. Isn't that contempt?

Especially looking at the companion who fell in the pool of blood and whose life and death were unknown, and then looking at Wang Fan who drank and ate as if nothing had happened, this was a sharp contrast, which they could not accept.

"Son of a bitch, don't you see my Huahu working here?"

"The first time you don't like that bad old man squatting in the corner pretending to be a grandson, even if you dare to drink and eat like nothing, don't you pay attention to us?"

Blue and white just feel whole body anger straight up, finger a little Wang Fan, "are you looking for death?"

With the sound of blue and white, the other people also turned their eyes to Wang Fan at the same time, murderous, bad eyes.

Wang Fan didn't take care of the blue and white flowers at the first time. Instead, he picked up the rice on the plate and swallowed the wine. Then he looked at the blue and white flowers and opened his mouth faintly.

"when you do your business, I eat my rice. Is there any connection between the two?"

He also had some doubts, "what's wrong with what I spend money on when I finish eating? What's in your way again? "

Wang Fan was very disdainful, "Huahu club? I'm sorry. I haven't heard of it yet. "

"In other words, what is your Huahu meeting? Why do I have to hold my head and squat in the corner? You think highly of your Huahu club, don't you

"I just look down on you Huahu club. What can you do? Do you really want to kill me? "

There was a dead silence.

Not to mention the barbecue shop owner and Chu Xiaosheng, even the blue and white people are completely stupid.

Their minds were blank.

Over the years, Huahu club has been in the Silver Triangle. It has a strong style and a fierce hand. It even has a private army. It is a real overlord.

Not to mention being provoked by the unknown Wang Fan, even if some underground forces come to the Silver Triangle and face the Huahu club, they have to pretend to be their grandson.

If Wang Fan dares to be so arrogant, he is going against heaven!

The short silence, blue and white the first to come back to God, he felt his scalp is going to explode, it is angry!

"Well, well, well, it's true that heroes are young. I've seen people who are not afraid of death in blue and white, but I've never seen people who are not afraid of death like you!"

"I dare to say that I despise our Huahu club, and I dare to say what our Huahu club is. You are very good, you have courage!"

The blue and white fingers pointed at Wang Fan fiercely and said, "I hope you are so brave all the time. Don't counselle me!"

Then he pointed to two of his subordinates and said, "go and break his limbs for me. I want to see if his fist is as powerful as his mouth!"

With the sound, the two young people who had already been unable to bear ran to Wang Fan in an instant.

They all flashed cold steel knives in their hands. They were murderous!

Two people immediately already ran to Wang Fan in front of, have no half nonsense, raise a knife to chop!

That member is decisive, that member is fierce, the barbecue shop owner is simply stunned, almost did not call out.

"Just two fish, want to break my limbs?" Wang Fan gave a sneer, and his heart was also angry.

He just had a meal and a drink. He was so arrogant that he wanted to kill himself if he didn't agree?

Under the anger of Wang Fan, he didn't show any mercy. He just flashed two stabbing knives. Then he grabbed a bottle of beer, got up and smashed one of them in the head.

The same is not a bit sloppy, the same ruthless, the same decisive!

Pop!

With a loud noise, the wine bottle broke and the glass dregs splashed into the young man's head. The red blood splashed down with beer, shocking.

The young man couldn't help but burst into a scream of "ah", then fell back four or five steps, and finally fell to the ground.

Look sad!

"Break my limbs?" Wang Fan once again a sneer, instant grasp another young man's wrist, force a break!

Click!

Smash in an instant!

Then he raised his foot to connect.

Bang bang!

Three times later, the young man also flew upside down, directly knocked over several tables, fell seven or eight meters away, fell to the ground, his face was even more pale. His limbs were shattered, worse than his companions.

Wang Fan downplayed, clapped his hands, looked at the blue and white, "I just look down on you Huahu club, I mean what you Huahu club is, how, do you have any opinions?"

He said, step by step toward the blue and white close, eyes only cold, "don't you want to waste my limbs? Come on, I'll give you a chance! "

The blue and white pupil couldn't stop shrinking, and finally realized that he had kicked the iron plate, but he wasn't afraid at all.

"Son of a bitch, yelling at me?" He roared fiercely, pointed to the remaining seven or eight people, "you go together, kill him for me first!"

The seven or eight people listen to the order, no longer care about Chu Xiaosheng, directly ferocious rushed to Wang Fan.

Chu Xiaosheng is just the end of a strong crossbow. The longer the delay is, the worse it will be for Chu Xiaosheng. Now Wang fan is the key.

What's more, who knows if Wang fan is Chu Xiaosheng's person? It's always a big trouble if we don't solve Wang Fan.

"Waste is waste. How to hide it is still waste!" Wang Fan sneered and stepped forward.

Without heavy weapons, these seven or eight people are salted fish. In addition, they have been chasing Chu Xiaosheng for so long, and their mental and physical strength are not in the best state, which is hardly worth mentioning to Wang Fan.

As soon as Wang Fan's steps moved, he rushed to the two men in an instant. He waved his fists and banged them. The two young men immediately flew out with bloody nose and mouth!

Wang Fan sidestepped and dodged the blade of the two men's stabs. His reverse leg was the kick of his two feet.

Boom!

Click!

There were several numbing and crisp sounds. They were hit by Wang Fan and fell back. After they fell to the ground, they had no fighting power any more.

Wang Fan's action is ceaseless, the right hand suddenly grasps a person's head, toward the side wall ruthlessly bumps.

Bang!

The man's forehead instantly burst out blood mist, spider web like blood red wall, shrimp like soft down. At this time, Wang Fan has flashed in front of the last two people.

The two people's eyes were full of horror and despair. It seemed that they didn't expect that Wang Fan would be so abnormal and sharp. After a few breaths, they knocked over five companions.

You know, they are not ordinary hooligans. They are really masters who have been through many battles and have been tempered by blood and fire. Although I dare not say that there are 1000 people killed, there are still hundreds.

But even so, they were beaten by Wang fan like a three-year-old, which was just too shocking.

In the last moment of shock and despair, Wang Fan's fist has been blown out and fell on their faces.

At the same time, blue and white is also a pupil ruthlessly shrink, a bite, took out the waist guns.

The reason why he didn't shoot Chu Xiao before is not that he didn't have a gun in his hand or that he didn't dare to shoot.

But Chu Xiaosheng is still useful, and he wants to ask something from Chu Xiaosheng.

But now, he can't care so much.

What's more, there are so many scruples about Wang Fan?

## **Chapter 1146**

Boom!

With the fall of the last two people, not far away Chu Xiaosheng's pupils can't help but shrink, roaring out, "be careful!"

At the same time of roaring, he threw out his kitchen knife for the first time.

Hoo Hoo!

The kitchen knife cuts through the air and flies fiercely towards the blue and white.

It's just that Chu Xiaosheng's state is too bad. He tries his best and is not far away from blue and white. The roaring kitchen knife is still hidden by blue and white.

"Go to hell!" Blue and white evades the kitchen knife whistling from, with a grim smile, and the muzzle of the gun is aimed at Wang Fan.

Come on, come on!

The sound of gunfire was deafening. The sharp bullets cut through the air and shot at Wang Fan. The air was full of gunpowder.

Blue and white is there grinning, just like a demon.

His marksmanship is unparalleled in the world, but it is also first-class. And what he is most proud of is not his shooting skills, but his shooting speed.

He is confident that these bullets, even without Wang Fan's life, will be enough to make Wang Fan seriously injured.

But soon, his face changed.

Wang Fan's body only slightly twisted a few times, then the bullets whistled close to Wang Fan's body and flew past.

Although a bullet had scratched Wang Fan's clothes, it didn't hurt his flesh at all.

Looking at this scene, blue and white eyelids jump wildly, he instantly realized that Wang fan is not an ordinary iron plate.

Without any hesitation, he quickly put away his gun, took out a few balls from his arms, and directly hit the ground.

Boom!

Two sounds, smoke spray, a short moment, the entire barbecue shop will be shrouded in the black fog, blue and white is not hesitant, turned to run.

In fact, if Wang Fan wants to catch up with blue and white, he can still catch up. Black fog has an impact on others, but it has little impact on him, because he has mental power.

But now he can't go after the blue and white, because he is afraid that after he goes after the blue and

white, someone will come out and take Chu Xiaosheng's life.

Wang Fan took the hand to teach the blue and white group. Although it seems that the blue and white group provoked him first, they didn't mean to help Chu Xiaosheng.

Wang Fan has learned from the dialogue that Chu Xiaosheng is a member of the black wolf mercenary regiment, and his status is not low.

According to the barbecue shop owner, although the black wolf mercenary regiment is not as good as the Huahu club, it is also the second largest force in the Silver Triangle.

In Wang Fan's opinion, with Chu Xiaosheng's help, it would be easier for him to find mu Qianxin.

He also believes that he saved Chu Xiaosheng, and Chu Xiaosheng should help him.

A few minutes later, the smoke cleared and the grill was clear again.

Chu Xiaosheng didn't leave at the first time, nor did he deal with the wound at the first time. Instead, he went forward and hugged Wang Fan and said,

"thank you for saving my brother's life. If there is an assignment in the future, Chu will do his best!"

Wang Fan listened to Chu Xiaosheng's words and couldn't help nodding. Fortunately, he didn't see the wrong person.

If this Chu Xiaosheng left without saying a word, he was really blind.

"I can't talk about saving lives, but I really need your help." Wang Fan waved his hand and went straight to the theme.

Chu Xiaosheng was a little confused immediately, thinking that the young man was really direct enough.

But he didn't show it on his face. Instead, he hugged his fist and asked, "I don't know what brother needs from me. As long as I can do it, I won't refuse!"

"I'll talk about helping you later. Now I'll show you the wound first." Wang Fan says, already took out silver needle.

"Will you heal? Are you a doctor" Chu Xiaosheng's face changed again, and Wang Fan's strength was beyond his expectation. He didn't expect that Wang Fan was still a doctor.

You know, his injury is not an ordinary one. According to the normal situation, he should at least be hospitalized for surgery.

"Doctors don't talk about it. They just know a little bit about it." Wang Fan was worried about Mu Qianxin, so he didn't have the heart to brag. Then he began to heal Chu Xiaosheng.

More than an hour later, in Chu Xiaosheng's shocked eyes, his trauma had been cured, and the rest was only internal injury and self-cultivation.

Wang Fan put away the needle, looked at Chu Xiaosheng and said, "if I hear you right, you are from the black wolf mercenary regiment. I need you to help me find someone."

"She's in the Silver Triangle, 80% of whom may be in danger, or even be imprisoned. I wonder if you can help her?"

When Chu Xiaosheng heard that it was just a matter of looking for someone, he patted his chest and said, "don't worry, as long as your friend is in the Silver Triangle, as long as she is still alive, even if she is imprisoned in Huahu club, I can help you find out!"

Chu Xiaosheng, as the number one figure of the black wolf mercenary regiment, can do this little thing.

Of course, he still has a word to say, that is, if Mu Qianxin dies and is buried alive, he will have no choice. "Thank you. If you can help me find a friend, I owe you a favor." Wang Fan said gratefully.

Chu Xiaosheng doesn't care much about Wang Fan's human feelings. Although Wang fan is powerful and has good medical skills, he may not be able to see Wang Fan's human feelings.

This time, Chu Xiaosheng would not have been in this situation if he had not been betrayed by the pillow man who had been sleeping with him for ten years.

And after what happened today, Chu Xiaosheng would never make such mistakes again.

"If you don't care about human feelings, you're too outsider. Brother Wang Fan, you saved me. This is what I should do. I'll call first and ask someone to pick me up."

Chu Xiaosheng said, then took out an antique mobile phone from his arms and began to make a call.

Wang Fan looked at this scene, slightly surprised, it seems that how did not expect that Chu Xiaosheng was almost killed, but also hunted down. I don't know how many streets, but I still have my mobile phone intact.

When Wang Fan thought about this, Chu Xiaosheng had already dialed, "I'm at the barbecue shop on Huai'an road in curry town. I'll send someone to pick me up immediately. Remember to bring Xiao Wu."

His voice was full of dignity.

The man on the other end of the line answered and hung up quickly.

Chu Xiaosheng went to the barbecue shop owner again, "I'm afraid you can't stay here any longer. You'd better leave here as soon as possible. You leave me a card number and I'll give you a sum of money when I get back. "

"No, No." Barbecue shop owner who dare to Chu Xiaosheng's money, quickly shook his head.

Although the style of the black wolf mercenary regiment is more decent than that of the Huahu society, it is also a black force. He asked for Chu Xiaosheng's money and was afraid that he would lose his life.

"Give me the card number!" Chu Xiaosheng didn't talk nonsense, but his dignity came out.

Barbecue shop owner dare not disobey, can only report card number, Chu Xiaosheng wrote down his card number, he quickly left.

If Chu Xiaosheng hadn't been here, he would have left long ago. Where could he have been?

Even without Chu Xiaosheng's warning, he knows that when he encounters this kind of thing, Wang Fan still saves Chu Xiaosheng in his barbecue shop, and Huahu will surely vent his anger on him.

Wang fan can't help nodding when he looks at this scene. Chu Xiaosheng's character is OK.

Barbecue shop owner left for more than 20 minutes, accompanied by a rumble of earthquake like sound, a number of cars toward this side.

Listening to the voice, Chu Xiaosheng was completely relieved and said to Wang Fan, "my people are coming. Let's go out."

## **Chapter 1147**

After Wang Fan went out with Chu Xiaosheng, he immediately saw a scene that shocked him.

Across the street came four cars, a black car and three green army cards full of youths in camouflage suits.

Although these young people are not as fierce as the sword soldiers, they are all strong and bloody.

They are also carrying long guns in their hands, imposing and full of momentum.

Wang Fan looked at these people, slightly surprised, the power of the Silver Triangle, really not the general strong ah. At least that weapon is enough to deter people.

The black wolf mercenary regiment is just the second largest force in the Silver Triangle. We can imagine how powerful the Huahu society is.

"King of Chu!"

"King of Chu!"

Seeing Chu Xiaosheng, all the youths on the three military cards saluted and said hello in unison.

Chu Xiaosheng waved his hand to say hello, and then walked to the black car in front of him.

At this time, the door of the black car had been opened, and two people jumped out of the car.

Two people, a man and a woman, the man with a black head, the figure is big, there is a striking scar on the face, looks very fierce.

Women, on the other hand, are as beautiful as flowers.

Her concave and convex body is also wrapped in the camouflage suit. Her waist is slim and her legs are round and slender, which gives people an alternative aesthetic feeling.

But her breath is very cold, and her eyes are even colder to the extreme, just like an iceberg that never melts for thousands of years, giving people a strong sense of depression.

"Tuma, Xiao Wu, this is brother Wang Fan. He saved my life just now." Chu Xiaosheng didn't talk nonsense. He went straight forward and pointed to Wang Fan to introduce them.

Tuma is the fierce man. After hearing Chu Xiaosheng's words, he immediately stares at Wang Fan.

His eyes were like a poisonous snake. It seemed that he wanted to see Wang fan through from inside to outside. I'm afraid most people can't stand this kind of look.

Wang Fan also looked at Tuma, eyes calm, no fluctuation.

Women, that is, small five, are very indifferent.

She just gave Wang Fan a cold glance and turned her eyes away.

That expression, like Wang Fan in her eyes and the air is no different.

Chu Xiaosheng didn't speak to Tuma, and began to introduce to Wang Fan, "brother Wang Fan, this is Tuma, and this little five are all my brothers and sisters. After that, everyone will be a family."

He also gave Wang Fan a reassurance, "don't worry, you let me find Miss mu, I will arrange it after I go back, as long as she is not dead, still in the Silver Triangle, even dig three feet, I will help you find her out!"

"Come on, let's get in the car." Chu Xiaosheng said and took Wang Fan to the black car.

"Wait!" However, as soon as Wang Fan moved to keep up, Tuma couldn't help shouting.

He glanced coldly at Wang Fan, then looked at Chu Xiaosheng, "king of Chu, have you made his details clear?"

"He's a stranger. Would it be a bit bad for him to come back with us? What if he's an undercover from the police? "

With the sound of Tuma, the atmosphere on the scene was in vain. Then, Shua Shua, the young men with short guns immediately cast their murderous eyes.

The atmosphere is dignified.

For these people, what they are afraid of is not the bandits, the murderers, the Huahu club, but the police.

Once the police get inside of them, the consequences are very serious.

Even Xiao Wu, with a cold face, suddenly shrinks his eyes, and then stares at Wang Fan.

Even her hand was on the handle of the gun, and there was a tendency to kill Wang Fan at any time.

Chu Xiaosheng was slightly stunned when he heard the speech. He glanced at Wang Fan, then instantly regained his mind and laughed, "how can brother Wang Fan be an undercover?"

"If he had been undercover, he would have taken me down just now. What's more, as long as he doesn't do it, I will probably die in the hands of Huahu society. "

He looked at Tuma, easing the solemn atmosphere of the scene, "Tuma, you are suspicious, I believe brother Wang fan is not an undercover."

"Brother, it's not something we don't believe. We can't afford to gamble at all!"

Tuma quickly said, "you were chased by blue and white people, but he happened to meet you and save you. Is that a coincidence?"

"I don't believe that there is such a coincidence in the world. In my opinion, even if he is not an undercover, he is also a pawn of Huahu society!"

After Tuma finished, without waiting for Chu Xiaosheng to speak, he suddenly stepped forward, pointed to Wang Fan's nose and said, "who sent you?"

"Who are you, where do you live, and what are your family members? Tell me the truth, otherwise, even if you are blamed by the king of Chu today, I will kill you first! "

Whoa, whoa, whoa!

With his questions, three army card nearly 100 young people, directly raised their guns, the muzzle pointed at Wang Fan. Wang Fan looked at this scene, eyelid jump, without hesitation, directly step forward, grasp the finger of Tuma is suddenly a break.

Tuma snorted, almost didn't scream out, but in his heart there was a storm.

It's too fast. He didn't even have time to respond.

He wanted to resist, but the pain of his fingers constrained his action, so he couldn't make any effort.

Wang Fan ignored the muzzle of many guns around him and said flatly, "next time, remember not to point your finger at me, let alone point your gun at me. Otherwise, it's not as simple as a lesson. I'll blow your head directly."

There was only a sneer on his face. "You king of Chu were chased and killed. I saved his life. You owe me, not I owe you."

"What's more, he took the initiative to go to the barbecue where I ate, but I didn't lure him in. What an undercover fart?"

"Besides, even if I'm an undercover, what can you do? What qualifications do you have to question me and ask me to account for the eighteen generations of my ancestors? "

Wang Fan said, understatement, a raised hand, Tuma immediately after pedaling out of five or six steps, covered his fingers in pain.

His heart is more startled, Wang Fan this strength, is also too big?

Wang Fan didn't pay any attention to him, but looked at Chu Xiaosheng, "I don't think I need to go with you. This is my phone. Let me know the news as soon as possible."

"And make it clear to your people that you invited me to your place, not that I wanted to go with you. What's more, I never said I would work with you. "

Wang Fan said, leaving a phone number, turned and left.

Since Tuma didn't welcome him, he didn't have to look at other people's eyes.

As for Chu Xiaosheng's promise to help, Wang Fan believes that Chu Xiaosheng will not go back. If he

dares to go back, Wang fan doesn't mind going to kill the black wolf mercenary regiment.

Even if you don't promise, if you don't dare to do what you promise, that is to play with Wang Fan. Wang Fan won't let others play with him.

What's more, muqianxin is very important to Wang Fan. He doesn't want muqianxin to have an accident.

"Brother Wang Fan." Chu Xiaosheng looks at Wang Fan's back and waves his hand.

At this time, Tuma, who had come back to God, had already rushed to Wang Fan.

"Son of a bitch, you dare to kill me In an instant, he was close to Wang Fan's back, raised his right fist like a casserole and blasted it fiercely.

The wind is sharp!

In front of so many brothers, Wang Fan swept his face. He couldn't swallow the breath.

At the same time, he also believed that with so many brothers here, even if Wang Fan was more powerful than him, he did not dare to be cruel!

### **Chapter 1148**

"Stop it When Chu Xiaosheng saw that Tuma attacked Wang Fan from behind, his face immediately changed and he quickly asked to stop, but it was too late.

He subconsciously spoke to Wang Fan quickly, "brother Wang Fan, show mercy!"

But it's still too late!

Wang Fan felt the fierce wind behind him. He felt a touch of anger in his heart. He clenched his right fist and bent his right arm slightly. Then he turned back and blasted out!

Bang!

With a loud bang, Wang Fan's fist smashed on Tuma's fist!

Tuma only felt a violent force coming!

Click!

His right arm was smashed in an instant, his mouth spat out a mouthful of blood, and then he flew out.

Like a dog, he fell to the ground, his face dead and silent, even forgetting the pain of breaking his arm.

How did Tuma not expect that Wang Fan was so powerful, even if he didn't hesitate to be ruthless.

You know, but nearly a hundred guns are aimed at Wang Fan. How can Wang Fan dare to be cruel?

Chu Xiaosheng, Xiao Wu, and nearly a hundred young men with guns, watching this scene, their eyelids couldn't stop beating hard and couldn't recover for a long time.

Wang Fan looked coldly at Tuma and said, "remember, don't try to attack me behind my back next time, otherwise it's not a matter of abandoning your arm. I'll kill you directly."

"You should be glad that if Chu Xiaosheng didn't remind you early, or if I didn't need Chu Xiaosheng's help, you would be dead."

Listening to Wang Fan's arrogant words, everyone was stupid again.

Isn't that crazy?

It's just a matter of calling Chu Xiaosheng a taboo name. If you hurt Tuma, you dare to threaten him. Is this when nearly 100 people and nearly 100 guns don't exist?

Whoosh!

A sound of breaking the wind, small five move steps, in an instant has flashed to Wang Fan in front.

Her round and straight right leg raised high, crossed a beautiful arc, split more than 90 degrees, and hit Wang Fan's head.

Quick action, legs out very fast, momentum heavy!

Looking at this scene, everyone's face changed again!

There was a look of excitement in the eyes of the young men with guns.

Small five but they black wolf mercenary regiment most formidable existence, have no one.

It is said that Xiao Wu is still a man from the ancient martial arts world. Without heavy weapons such as guns, it is not a problem for him to hang and beat 100 fierce men.

It can be said that if Xiao Wu had nothing to do today and didn't stay by Chu Xiaosheng's side, even if Chu Xiaosheng was surrounded by a group of blue and white people, he would not be so dangerous and embarrassed.

In their opinion, small five hand, Wang Fan even if again intrepid, also must kneel. They have never seen

anyone more powerful than Xiao Wu.

Chu Xiaosheng's eyelids jumped, and immediately said, "little five, show mercy!"

Yes, he did not ask Wang Fan to show mercy, but Xiao Wu to show mercy.

Small five's strength he is too clear, simply is not ordinary people can deal with, even if Wang Fan again fierce, also is not small five opponent.

Chu Xiaosheng is a man of righteousness and gratitude. Wang Fan saved his life before, but he can't watch Wang Fan seriously injured or killed by Xiao Wu.

But, the next scene, but let Chu Xiaosheng suddenly stare big eyes, he almost suspected that he saw a ghost in the evening.

See, in the face of small five that sharp kick to the right leg, Wang Fan just casually raise a hand to grasp.

With a slap, Xiao Wu's bare feet were caught by Wang Fan.

Then, Wang Fan grabbed Xiao Wu's leg and pulled it up!

Xiao Wu's legs suddenly showed a straight horse, his right leg was carried on his shoulder by Wang Fan, and he lost his center of gravity and was pulled by Wang Fan.

Her head in close to Wang Fan's moment, Wang Fan has quickly put out another hand, thumb index finger firmly stuck in the small five snow-white throat.

"Don't you want to live? If you don't want to live, I don't mind giving you a ride. "

Wang Fan's voice is very cold, without any pity.

The scene fell into a strange silence.

Xiaowu's pretty face is also red, with anger and shame.

Two people such ambiguous posture, look from afar, still think in resist death lingering.

However, Wang Fan said that he was so disgusted with the scenery, which gave people a feeling of nondescript.

Xiao Wu's right leg was grabbed by Wang Fan and put on his shoulder. His throat was pinched by Wang Fan, but he didn't dare to say a word.

Although Wang Fan's right hand on her thigh gave her a strange feeling that she had never felt before,

she still did not dare to speak, let alone move.

She can feel that Wang Fan really dares to kill her.

"Brother Wang Fan, be merciful. Please go around Xiao Wu once." Chu Xiaosheng returned to his senses and quickly stepped forward to speak.

God, Xiao Wu is easily subdued by Wang Fan. Is that too powerful?

Chu Xiaosheng finally has a clear understanding of Wang Fan's strength. Small five is his trump card, he is absolutely not allowed to small five something, once small five something, black wolf mercenary regiment estimated to have to next floor.

When Wang Fan heard Chu Xiaosheng's words, he released Xiao Wu and pushed him out. "This time, don't blame me if you dare to fight me next time."

Wang Fan said, can't say.

Because he found that small five is a hand to cover legs, a hand to cover chest, full of shame and anger staring at him.

Wang Fan thought at this time, he just pushed, it seems to push to a soft thing.

Nima.

Wang Fan heart some collapse, but there is no bit embarrassed, "you don't stare at me, you first provoke me, I didn't kill you already give face."

"As for accidentally pushing your chest, even if you provoke me, I will punish you."

Xiao Wu almost wanted to kill people. Originally, Wang Fan didn't say it, only the two of them knew it, and Chu Xiaosheng saw it at most.

But when Wang Fan said that, didn't all the people around know?

Son of a bitch, son of a bitch.

"Brother Wang Fan, thank you for your kindness. Let's go and go to my place."

"I believe brother Wang won't harm me. What's more, brother Wang, you are right. I owe you Chu Xiaosheng, not you."

He said, without waiting for Wang Fan to reply, he looked directly at Tuma, "Tuma, I forgive you for being disrespectful to brother Wang Fan this time. Next time you dare to challenge brother Wang Fan,

don't blame me for being impolite."

"Come out to mix, righteousness word is in the head, brother Wang saved me, but you say brother Wang has a bad intention, don't you hit me in the face?"

He also pointed to a group of people, "you, immediately take Tuma to the hospital for treatment, the rest with me back."

"Yes The men took orders and immediately began to carry them out.

Wang Fan originally wanted to refuse, but looking at Chu Xiaosheng's serious face, he thought that he needed help, so he agreed.

They left in two directions.

I don't know whether it was intentional or unintentional, but Chu Xiaosheng got into the co pilot's seat and let Wang Fan and Xiao Wu sit in the back seat.

Wang Fan wanted to change his position, but he was embarrassed to ask Chu Xiao to be born.

Wang Fan sat on the far left, while Xiao Wu sat on the far right. She rubbed her legs and stared at Wang Fan angrily.

### **Chapter 1149**

Wang Fan didn't want to pay attention to Xiao Wu, but he thought that he still needed Chu Xiaosheng's help. He might use Xiao Wu, so he just said, "is your leg OK?"

His heart is still very depressed, do not grasp it, as for put on such a bitter look?

Xiao Wu didn't seem to think that Wang Fan would ask like this. He bit his teeth and squeezed out a word, "pain."

Wang Fan this more depressed, subconscious interface, "do you want me to help you rub?"

Xiao Wu's face is black.

Chu Xiaosheng, on the other hand, had a confused face.

About an hour later, Wang Fan followed Chu Xiaosheng to the black wolf mercenary regiment.

The black wolf mercenary regiment is located in the north of the Silver Triangle, covering a large area.

At the gate stood a line of youths in camouflage suits. Inside the manor, there were three steps, one post and five steps, one sentry. The defense was very tight.

Similarly, the young guards were well-trained with guns in their hands.

Even at the high point in the distance, there were cannons with the muzzle facing the door.

Wang Fan looked at this scene, his eyelids could not help choking, and finally had a real understanding of the Silver Triangle forces.

This weapon is really too powerful. It's even more powerful than the original Dao Wu men Li Fu.

Wang Fan's heart also raised vigilance, unobtrusive observation of the manor terrain.

It's necessary to guard against others. In case Chu Xiaosheng is not good for him, he must have a way out.

Wang fan doesn't like this sense of crisis, and he doesn't want to like the feeling that he can't control his own destiny.

Entering the manor, Chu Xiaosheng means that he is safe. He dismisses all his entourage, leaving only Xiao Wuyi.

After walking for a few minutes, he took Wang Fan into a fairly good wing room and said, "brother Wang Fan, go and have a rest first."

"I'll arrange someone to go down to inquire about Miss Mu's whereabouts immediately and give you news as soon as possible."

Wang Fan hugged his fist and said, "thank you, brother Chu."

"You're welcome. That's what I should do." Chu Xiaosheng said, suddenly, with a smile, the conversation changed, "do you want to arrange some girls for you to relax?"

"Although I can't compare with a prosperous city, I have a wide range of things, such as big horses, ladies, Russia, France, the United States, India and so on."

Just, Chu Xiao Sheng this words just fall, suddenly felt a touch of chilly feeling. The feeling was not brought by Wang Fan, but by Xiao Wu.

See small five is facial expression icy cold stare at Chu Xiaosheng, the eyes are full of displeasure.

Although Xiaowu is only Chu Xiaosheng's bodyguard, it is obvious that Chu Xiaosheng still attaches great importance to Xiaowu and says quickly, "Oh, I almost forget that Xiaowu is also a woman. I don't respect her when I say that."

Small five didn't speak, just coldly looked at Chu Xiaosheng one eye, then looked at Wang Fan.

"Ocean horse, lady of the family?" Wang Fan murmured and quickly waved his hand, "I think it's OK. I'm very tired. I can't afford to toss. Brother Chu is bothering."

If it is normal, Wang fan may really have some interest, but now mu Qianxin life and death is unknown, where does he have the mood?

Wang Fan after this word falls, don't know why, small five inexplicable relief tone.

Chu Xiaosheng didn't say much. He exchanged greetings again and repeatedly promised that he would send someone to inquire about Mu Qianxin's news immediately. Then he went to have a rest.

Wang Fan didn't talk nonsense either. After a while, he fell asleep.

Huahu club.

A golden hall.

On the first seat sat a man and a woman with thick eyebrows and big eyes.

The ten fingers were almost flat, the palms were covered with calluses, the arm muscles were strong, and the body was full of explosive atmosphere.

At this time, he was holding a piece of raw meat in his hand, biting hard, nourishing and powerful, and the corners of his mouth were full of oil, giving people a sense of aversion to cold.

The woman beside him is petite and gentle, curled up in her arms like a female cat. They stay together, beautiful women and wild animals.

The woman was only wearing silk gauze, sexy and full of mature taste.

The waves in front of her chest were also very big, which pushed up the loose gauze, revealing a large white greasy area.

The bottom skirt is also very low, as low as the thigh root, it seems that just a little move, you can roll up the skirt corner, let people see the spring below, it is even more breathless.

There are still several people standing under them, but none of them dare to look up, let alone go to see women's spring.

They all repressed their breath, and they didn't dare to breathe hard. The atmosphere was dignified.

If Wang fan is here, he will surely find that the blue and white flowers chasing Chu Xiaosheng are also

among those people, but at this time, the blue and white flowers have no domineering power in the barbecue shop at all, and there is only fear and trembling.

Although he and Zhouhu are known as the two ace sharp swords of Huahu club, he knows that the most powerful of Huahu club is neither he nor Zhouhu.

But in front of the man, is also the president of the flower tiger Association, Mo green demon. Although Mo Qingyao is the president of Huahu club and has a great reputation, few people really know his strength.

Even if the whole Huahu club, only a few people present knew Mo Qingyao's real strength.

Let alone the blue and white boat tiger, even if two people together, plus these people, are not necessarily Mo Longtou opponents.

As for the title of Mo Longtou, it is because Mo Qingyao likes the title of Longtou that he is called Mo Longtou.

The woman beside Mo Longtou is called Li Qingxue. She used to be Chu Xiaosheng's woman. She only appeared in front of Mo Longtou tonight.

If it wasn't for tonight, even blue and white would not know that the woman Chu Xiaosheng had been sleeping with for ten years would have had an affair with Mo Longtou and would have been Mo Longtou's pawn.

It can be seen from this that Mo Longtou's deep intention and strong means are all pervasive.

Zizi.

Mo Longtou swallowed up the raw meat in his hand, and then looked at the blue and white flower, "you said, Chu Xiaosheng was saved, everyone died, only you escaped back?"

His tone is not urgent, there is no roar, there is no anger, there is just calm, as usual calm.

But blue and white know that Mo Longtou at this time is the most terrible Mo Longtou, which means that he already has anger in his heart, and the anger is still very big.

"Yes, yes." Blue and white head hard, but also difficult to squeeze out the voice to explain, "originally Chu Xiaosheng has come to a dead end, is about to be taken by us."

"But I don't know how, a master appeared in the barbecue shop and saved Chu Xiaosheng. If I didn't use the smoke bomb to confuse each other, I'm afraid I would die, too. "

He also made a hard guess, "I guess that person is mostly Chu Xiaosheng's person, ready in advance,

otherwise he can't appear so coincidentally."

Pop!

As soon as the blue and white voice fell, Mo Longtou suddenly got up and stepped forward, slapping on the blue and white face.

A slap down, blue and white was directly pumped up, teeth blood splashed, embarrassed fall.

People around see this, head lower, corner of the eye choking, no one dare to say.

Mo Longtou is not Jieqi, and rushed forward, facing the blue and white is a few feet.

Click click sound came, blue and white was obviously kicked to break the bone, but he was biting his teeth, let alone begging for mercy, even the pain did not dare to make.

He knew that Mo Longtou's treatment of himself showed that his life had been saved. If Mo Longtou doesn't get angry and doesn't start, it's really terrible.

### **Chapter 1150**

"Mission failure is failure. Where are so many explanations and reasons?" Mo Longtou is just like a wolf. He becomes fierce in vain.

"Damn, you're almost dead, so why didn't you die? I really don't know. How can you have the face to come back by yourself! "

"In your opinion, the people I sent to you died in vain? The woman of Laozi is exposed in vain? "

Mo Longtou is very angry, "Lao Tzu spent so much to make Li Qingxue become Lao Tzu."

"Lao Tzu tried to get rid of that little five again. Such a good opportunity and enough people have been given to you. Is that what you told me?"

Blue and white fell on the ground, choking all over, but did not dare to say a word.

In this case, as long as he dare to say half a word of nonsense, Mo Longtou will not hesitate to kill him.

In the eyes of outsiders, he has a high position in Huahu club, known as two trumps and two sharp knives.

But in fact, Mo Longtou said that killing him would kill him. He would not blink at all.

Blue and white followed Mo Longtou for so long, deeply know that Mo Longtou is a very selfish person.

In Mo Longtou's eyes, for his own interests, let alone his beloved generals, even his wife and children can be killed without blinking an eye.

Mo Longtou kicked blue and white again, and let off his anger. Then he said, "you go and check the details of that guy, and see what he's from."

"Damn it, if you dare to do something bad for me, I will not only throw him into the Huangpu River to feed the fish, but I will not even let go of his ancestors for 18 generations."

When Mo Longtou finished, he looked at the blue and white flower fiercely. "I'll spare your life this time. Next time, I'll give you this fork. I'll cut you off and feed the dog!"

His heart is very angry, if not now can't kill blue and white, he would blow blue and white head.

When the subordinates heard the order, they didn't dare to talk nonsense. After answering the order, they bowed their heads respectfully and retreated.

Mo Longtou is back on the sofa, a pinch Li Qingxue that proud chest, is going to passion, his phone suddenly rang.

Mo Longtou took a look at the caller ID, his eyes suddenly condensed into awn, and then pressed the answer button.

At eight o'clock in the morning, Wang Fan was still sleeping. Chu Xiaosheng had already knocked on Wang Fan's door.

"Brother Wang Fan, Miss Mu has news. She was imprisoned by Huahu society and locked up in a manor in crocodile town."

As soon as Wang Fan opened the door, Chu Xiaosheng's voice came out before he could speak.

His face was dignified. "Crocodile town is the sphere of influence of Huahu society. There are at least 500 Huahu elite in the town."

"The manor has become an iron bucket of defense, with at least a hundred people guarding inside and outside."

"The most important thing is that those people still have important weapons in their hands. We want to save Miss mu. I'm afraid it's not easy."

Chu Xiaosheng could not help asking, "brother Wang Fan, who is Miss mu? Why does Huahu attach so much importance to her?"

"She is a friend of mine. Thank you for the news from brother Chu. I don't need your help to save

people. I'll do it myself." Wang Fan suddenly stood up, eyes jump out of the murder.

He didn't expect that muqianxin was really controlled, and it was huahuhui that controlled muqianxin.

Wang Fan has no doubt about the news of Chu Xiaosheng.

One is that Chu Xiaosheng doesn't have to cheat him. The other is that Wang fan doesn't seem to have a fake tone when he listens to Chu Xiaosheng.

"Brother Wang Fan, what you said? You saved my life. How can I care about you?"

Chu Xiaosheng was immediately displeased, "what's more, Huahu Club almost killed me last night, and I was worried that I didn't have a chance to get revenge from them."

"In this way, I'll send 500 elite to rescue people with you. If Huahu dares not to hand over people, I'll blow up crocodile town directly."

Wang Fan quickly shook his head, "thank you brother Chu for your kindness, but you really don't need to send someone to help me."

"the flower tiger club is so powerful that the eyeliner must be numerous. If you send out so many people here, I'm afraid it will attract the attention of Huahu society, which is not good for me to save people. "

Wang Fan's words are well founded. Since Huahu club is the first force in the Silver Triangle, it almost killed Chu Xiaosheng last night.

He didn't believe that the black wolf mercenary regiment didn't know how to play chess.

If 500 people are really sent out here, I'm afraid they will be heard by Huahu club at the first time. It will be difficult for him to save people at that time.

"Well, I'll let Xiao Wu go with you, and you two will take care of each other." Chu Xiaosheng hesitated for a few seconds, then said.

"Good."

This time, Wang Fan didn't refuse, because once he refused, it might cause Chu Xiaosheng's dissatisfaction, and Xiao Wu had seen his strength last night, and he could really help him.

After settling down, Wang Fanli left the black wolf mercenary regiment with Xiao Wu and rushed to crocodile town.

In order to avoid being recognized and causing unnecessary trouble, Xiao Wu specially made Qiao

Zhuang look like he was in his thirties. More than an hour later, they had already arrived at crocodile town. Wang Fan looked at the entrance of the town, but he couldn't help frowning.

There is only one entrance in this crocodile town. There are at least 20 people guarding the entrance. It seems that it is not easy to enter without being aware of it.

If it's murder, Wang fan doesn't have any worries at all. He just goes in.

If you can save people, there will be some trouble.

Wang fan is afraid that the other party will kill mu Qianxin, or transfer mu Qianxin.

Thinking of this, Wang Fan suddenly has an idea. No, Huahu doesn't seem to know that he is here to save people. In that case, won't there be any trouble even if he is killed?

Wang Fan immediately looked at Xiao Wu, "Xiao Wu, you are here waiting to meet me. I will kill myself and come out immediately."

"At that time, I'll be responsible for attracting fire. Just send mu Qianxin to the black wolf mercenary regiment."

Five listen to this, immediately upset, "you look down on me?"

She is also the best of the best. Although she can't beat Wang Fan, she doesn't pay attention to most people.

But now, Wang Fan asks her to make soy sauce. How can this work?

"It's not that we look down on you, but that's the only way we can save people."

Wang Fan's face became dignified. "Muqianxin is a very good friend of mine. I don't allow her to have anything to do."

Although Xiaowu was still upset, he finally nodded, "well, be careful."

Wang fan made an OK gesture, grabbed a few pieces of gravel from the ground, directly flashed and shot at the entrance of crocodile town.

At this moment, his eyes are only cold!

Just between breathing, Wang Fan was less than 10 meters away from the entrance of the town.

Although his speed is extremely fast, almost quickly into a line, but still by the door that nearly 20 people noticed.

There are two people reaction fastest, instant look to Wang Fan direction, and raised the muzzle.

At this time, Wang Fan's right hand has been thrown.

Whoosh!

The two pieces of gravel shot out in an instant. Before they could pull the trigger, they were nailed directly into their eyebrows.

Plop, plop.

They fell one after another.

Miserable death!

At this time, the rest of the people have noticed something wrong, eyes swept to Wang Fan!
