

MIGHTY SK 1151

Chapter 1151

Wang fan saw this, no nonsense, the hands of all the rubble thrown out.

Whoa, whoa, whoa!

Several sound, more than a dozen people were hit by gravel, not even dull hum sound, has quietly fell to the ground.

At this time, there were nearly 20 people at the entrance of the town, and there were six left.

The old man with his mouth open even forgot to make a sound.

Isn't that weird?

As soon as Wang Fan raised his hand, more than ten of his companions died miserably. What is the means?

Because they didn't see the rubble thrown by Wang Fan, what they saw was only the scarlet eyebrows of their dead companions, so they all felt numb.

They were stunned, but Wang Fan didn't.

Wang Fan has taken advantage of this time, rushed to them, shadow knife instantly scabbard, across their chest.

Six people pedal pedal fall back, followed by tragic death, the gun in the hand also fell to the ground.

From beginning to end, none of them fired a single shot, and no one was able to sound a warning.

Looking at this scene, Xiao Wu in the distance felt numb and shocked.

Powerful. It's too powerful.

Although she can easily kill nearly 20 people, she can't guarantee that the other party won't make any sound.

Wang Fan didn't know Xiao Wu's shock. After killing the guards, he ran directly into the town.

It's important to save people. He doesn't have time to waste.

According to the route given by Chu Xiaosheng, Wang Fan went all the way to the manor where mu Qianxin was imprisoned.

Although this crocodile town is a town, there are no merchants or residents. Some of them are just elite people who patrol or exercise everywhere.

It is more like a private training village and base camp of Huahu society.

Wang Fan encountered a lot of elite inspectors along the way, but they all escaped by virtue of their keen perception.

When he didn't see mu Qianxin, he didn't want to kill, and he didn't want to disturb the Huahu society.

As for killing the guards at the entrance of the town, Wang Fan really has no way.

Of course, he knew that if he killed the guards at the door, he would be found out, but even if he was found out a second later, it would be good.

Wang Fanfei, go ahead quickly and race against the clock.

At this time, his mental power is the biggest cheater. Whenever there are people around, he can avoid it at the first time.

More than ten minutes later, Wang Fan had arrived at the manor where mu Qianxin was imprisoned.

Wang Fan with mental force swept manor one eye, is eyelid crazy jump.

In this manor, there are nearly 200 good guns.

This is not the most important thing. The most important thing is that there are still 100 people training in the manor.

As long as he steps into the gate of the manor, he will definitely be noticed at the first time.

Wang Fan hid in a corner, frowning, thinking about the countermeasures.

At the same time, his mental power also scanned the manor, looking for the location of muqianxin.

However, his spiritual coverage is too small, but the manor is too large. Even if he has swept all the places he can, he has not found muqianxin.

Drop by drop.

At the moment when Wang Fan was thinking about how to enter, suddenly, a sharp alarm rang out.

Then there was a series of loud cheers.

"Enemy attack! Enemy attack

"Everyone alert, someone broke into crocodile Town, be sure to catch it in a short time!"

With the sound, the atmosphere in crocodile town became tense.

Countless people poured out and started a full-scale search around crocodile town.

At the same time, the hundred people in the manor also ran out of the manor at the first time and rushed out crazily.

At the moment when they ran out of the manor, another hundred people had already poured out and scattered in every corner of the manor.

Snipers, gunners, gunners, knives, all in position.

Wang Fan did not move, but stayed where he was.

He had been waiting for the training of 100 people to go away before he came out and rushed to the manor.

At this time, the number of guardians of the manor was the least, only 100. He wants to solve these 100 people in the shortest time, and then save muqianxin.

"Where is the enemy, kill him!"

Just as Wang Fan rushed into the manor, a crazy voice came out.

Whoosh.

Dada dada.

Then there were two small shells and countless bullets.

Wang Fan's scalp was numb, and his toes suddenly touched the ground. He was crazy and flashed to the side.

Rolling and crawling.

Boom!

Almost as soon as he left, his previous position had been blasted out of a deep pit, and the flames were flying into the sky!

The scorching air wave also hit Wang Fan, and he felt a stabbing pain.

"Damn it Wang Fan roared. He was going to grab some stones to solve some enemies. Come on.

Two sniper bullets have been fired.

Wang Fan's eyelids jumped and quickly rolled to the distance.

Dada.

Two sniper bombs bombed on the ground, the same is gravel flying, the splash of gravel hit Wang Fan, he felt a tingle.

The firepower of these people was more than twice as fierce as that in Li Fu.

Wang Fan's scalp is numb.

He finally understood what it means to be afraid of guns no matter how skillful he is.

At least he was born to be a strong man, but he still had to kneel down in the face of this fierce fire.

It can be said that if he didn't have the innate vigorous Qi to protect his body, he would have been injured now.

"I wish I could!" Wang Fan once again burst out a rude, body shape flashing at the same time, grasp in the hands of the two gravel has been shot out.

In the distance, two snipers just aimed at Wang Fan and were about to pull the trigger for the second time. The sharp gravel had already blown into their heads.

Hiss!

Two sound, two people fall down one after another, fell down from the height, dead silent.

Wang Fan's body flickered, and he dodged a series of bullets from the Gunners. All the more than ten pieces of gravel in his hand were thrown out.

"Ah ah ah" a series of screams, more than a dozen shooters have been killed.

Because Wang fan is in a hurry, to avoid bullets at the moment of throwing gravel, so the fight is not so accurate.

Some hit the enemy in the head, some in the chest, some just hit the wrist and thigh, so they were given

the opportunity to scream.

Wang Fan's movements are ceaseless, his body shape is continuous flashing, and he doesn't give the enemy the chance to aim and hit, and his gravel is often thrown out.

Before long, all the Gunners and Gunners died in Wang Fan's hands.

The whole manor fell to the ground, with blood flying and strong smell of blood.

Take out the Gunners and gunners, and the rest of the swordsmen are not a problem at all.

Wang Fan carrying shadow knife, murderous toward the dozens of good quality swordsman rushed in the past.

"Kill him!"

"Kill

The dozens of swordsmen were also murderous. The steel knives in their hands flashed with cold light. Combined with their ferocious expression, they were very terrible.

"Death

Wang Fan roars a word, a knife wields!

Seven or eight people covered their chests and fell back, their faces unwilling to fall to the ground, blood flying.

Wang Fan's killing opportunity expanded, and he made a backhand.

Hiss, hiss, hiss.

Several people's heads soared up like blood gourds.

At this time, Wang fan is just like a demon, God block kill God, Buddha block kill Buddha, unstoppable!

At the time of Wang Fan's killing, in a luxury villa dozens of miles away, Mo Longtou dialed a phone call, "the turtle has entered the urn."

Chapter 1152

Wang fan doesn't know that there is a conspiracy in Mo Longtou. It's a bureau for him to save mu Qianxin.

After chopping over seven or eight people, he put his left foot to work, raised his right leg abruptly, and

swept forward in a semicircle.

[illegible]

Another seven or eight people were instantly hit by Wang Fan's toes and screamed and flew out.

There was a lot of blood in their mouths. Their faces were pale, and they could not get up after they fell to the ground.

After a few breaths, dozens of swordsmen fell down, leaving less than 20 standing.

It can also be said that there are only less than 20 of the 100 elite people in the manor, including gunners, gunners and snipers.

The rest of them either died miserably or were seriously injured.

The scene was so bloody and shocking that I couldn't believe it.

Wang Fan, covered in blood, stood in the courtyard, with a knife in his hand, facing the remaining 20 people.

They were completely crushed by one person.

They were all shortness of breath, staring at Wang Fan with shocked faces, even the hand holding the knife was shaking.

They are not people who have never seen the world, nor people who have never experienced fighting. Even in their hands, there are countless blood stains.

But now, in front of Wang Fan, they feel like children who have not grown up. The scenes of killing and felling that they have experienced before all seem to be playing a family.

Terrible!

It's terrible!

What on earth did Wang Fan experience to develop such a skill?

Before they met Wang Fan, they thought they were a character, but now when they see Wang Fan, they know that they are not even a fart.

"Let's go together. Don't waste time. I'll solve you first, and then I'll solve other people."

Wang Fan coldly looked at the nearly 20 people, cold mouth.

The expression of indifference, as if in the face of a group of ants. It felt as if he had done it first, which was a disgrace to him.

"Kill

"Kill him!"

"Our people will come soon, and he won't last long! We have to work hard to survive. Otherwise, if we lose momentum, we will die! "

The nearly 20 people heard Wang Fan's words, first in a daze, then in a flash, they burst into a drink.

They roared and screamed, holding the steel knife in their hands, frantically rushed to Wang Fan, making the final counterattack!

"Whether you are weak or not, there is only one way to die." Wang Fan sneered and bravely welcomed him.

Just as he had just lifted them off, his face couldn't help changing.

Because his mental power has been swept to muqianxin, at this time muqianxin is staying in a room.

Room environment is good, but mu Qianxin is tied up, her hands and feet are tied, unable to move, no freedom.

Of course, this is not the most important thing. The most important thing is that Wang Fan also noticed that two young people were rushing to Mu Qianxin's room, obviously realizing that Wang Fan had come to save people.

Aware of this scene, Wang Fan where there is a mind to waste time here, directly grabbed the shadow knife to ruthlessly split out.

Hiss.

With several sounds, more than ten swordsmen were chopped to the ground in an instant, and blood gushed out from their bodies.

Wang Fan's body leaps up, and his backhand is a knife. While the rest of the people are all knocked over, he also runs towards the room where mu Qianxin is.

He can detect that the strength of the two young people are in the middle of congenital, very strong.

In this case, Wang Fan absolutely does not allow mu Qianxin to fall into their hands. Otherwise, it will be difficult for Wang Fan to save people.

If ordinary people can control muqianxin, Wang fan is still sure to save it. But if he can control muqianxin in the middle of his life, he will be helpless.

It is absolutely impossible for him to save mu Qianxin from the other side without any reaction in the middle of congenital period.

The two seemed to be aware of the arrival of Wang Fan, and the speed became fast, racing against the clock.

They are more than 100 meters away from muqianxin's room, but Wang fan is 500 meters away from muqianxin's room.

Although the distance of 500 meters is only a matter of breathing for Wang Fan, the distance of more than 100 meters is also a matter of breathing for the two congenital metaphase.

Wang Fan quickly rushed to the outside of Mu Qianxin's room. At this time, the two congenitally middle-aged men had already arrived at the door one step ahead of time, and one of them raised his leg and planned to break into the door.

Wang Fan was furious, "stop it for me!"

He roared, the shadow knife in his hand frantically split out.

It's killing!

The two men felt Wang Fan's attack, and their faces trembled. One of them suddenly turned back to meet Wang Fan's knife, and the other rushed in without looking back.

With a hiss, while one of them was cut in half by Wang Fanying's knife, another had already rushed into the room. Wang Fan's face changed greatly!

He kicked the man who had been killed, and then followed him.

At this time, the other side has rushed to Muqian's heart and body, and raised his hand to split Muqian's head.

"You dare!" Wang Fan's scalp was about to explode, and the shadow knife went crazy again.

The middle congenial woman seemed to be afraid of being killed by Wang Fan. Her hand was taken back

in an instant, and then her toes hit the ground fiercely and flashed away to the side.

But no matter how fast he flashed, he was still struck by the shadow knife. A blood mist spewed out, and the whole person was cut in half.

The room is full of red blood, which is unspeakably bright and gorgeous.

"Thousand hearts." Wang Fan looked at mu Qianxin. Just as he said two words, he found that mu Qianxin's eyes were not right, and he was shaking his head madly.

As soon as Wang Fan's face changed, his mental power swept mu Qianxin. It doesn't matter. The next moment, his scalp will feel numb.

Mu Qianxin's body was actually installed with a bomb, but also the kind of bomb that can be remotely controlled.

Oh, my God!

Wang Fan instantly realized that this was a game.

It is obvious that someone wants to use mu Qianxin to deal with him and set up a game to catch a turtle in a jar.

At this time, he had the spare power to think about why the people in the manor were shouting so fiercely, but in fact, up to now, no one has entered the manor again.

Not only that, but also when the alarm sounded, the 100 people who trained did not stay in the manor, but left the manor for the first time.

Obviously, the 100 people left in the manor were the real cannon fodder, which was only used to confuse Wang Fan.

As for the two congenital metaphase, it is to attract Wang Fan's attention.

If they don't attract Wang Fan's attention, I'm afraid Wang fan doesn't need to be close to Mu Qianxin, so he will be aware of the bomb on her.

Wang Fan was furious when he thought of it.

The other side's scheming is too deep. It's just a step-by-step process. Every step counts.

But at this time, Wang fan can't retreat, can't go, muqianxin is in front of him, how can you watch muqianxin have difficulty and not save?

In that case, I'm afraid he will survive. I don't think he will be at ease.

The idea in the mind is fleeting. The next second, Wang Fan rushes to Mu Qianxin without hesitation.

Mu Qianxin stares at Wang Fan, shakes his head crazily, and burst into tears

Chapter 1153

It's also crocodile town. About five kilometers away from muqianxin manor, there's a courtyard with seven people standing in the south room.

These seven people are all very powerful, obviously they are all masters.

At this time, their eyes are staring at a large screen in front of them. What is displayed on the screen is the situation of muqianxin's room.

"Wang Fan, he really appeared!"

"Press the remote control button and blow him up!"

"Son of a bitch, the blood debt owed to our ouyan family can be paid off at last. It's really cheap to blow him up like this. "

When they saw Wang Fan pounce on mu Qianxin, their faces became ferocious. Their whole body trembled, and they began to drink to the man in front of them.

Standing at the front is a young man who is not very old, dressed casually, but holding a remote control in his hand.

He also stares at the big screen with excitement in his eyes.

If Wang fan is here, he will surely find that he is the dreamer who was chased into the relic City, and he is also an old acquaintance.

It's just that at this moment, there's no mask on his face.

"It's over, Wang Fan. Go to die." He listened to the sound and shadow of the crowd, and looked at Wang Fan who rushed to Mu Qianxin regardless of everything. He also grinned and tried to press the button.

Whoa!

But at this time, in front of the big screen is suddenly black screen.

This sudden scene made seven people, including the dreamer, feel stunned.

Then the dreamer didn't hesitate any more and pressed the remote control button in his hand.

Boom, boom, boom!

With the press of the remote control button in his hand, they all heard clearly that there was a terrorist explosion in the direction of the manor where mu Qianxin was held.

The sound of the explosion was higher and higher, and the air wave was also burning.

After they rushed out of the room, they saw the thick smoke and strong fire in the distance.

"Son of a bitch, how could the monitoring screen suddenly go black? I don't know if that little bastard Wang Fan was killed by the explosion! It's so bad not to see him blown to pieces! "

It's ouyan Changqing, the owner of ouyan family. When Wang Fan killed the ouyan family, he happened not to be in the family and escaped a disaster.

"This kind of terrorist explosion, even if Wang fan is the most powerful, it is estimated that he will not escape death. Now most of his bones are gone, and mu Qianxin has become a mandarin duck with the same life?"

"But I think it's necessary for us to go and have a look. That guy is very evil. What if he wasn't killed?"

The man who opened his mouth was not burly. He was dressed in an antique white robe, and his body was full of a trace of elegance.

But at this time, his face was also ferocious, and his murderous spirit rose wildly, which was not commensurate with his elegance. He is Yu mieping, the head of the Yu family.

Although Wang Fan didn't kill the Yu family, in the eyes of the Yu family, the hatred between the two sides is also the same.

In addition to Yu mieping, ou yanchangqing and the dreamer, the other four came from nuquan.

They used muqianxin to set up a bureau with the purpose of killing Wang Fan once and for all.

Originally, as their identity, especially the Nu Quan sect, they didn't care to use this method. They just need to send out experts to kill Wang Fan.

But Huaxia has Ye Nantian in charge. They have to abide by some rules, and ye Nantian seems to be still trying to protect Wang Fan. They can only do this.

The dreamer said slowly, "no matter whether Wang fan is dead or not, we all need to go and have a look to make sure everything is safe."

"This time, we didn't hesitate to surrender our identity, join hands with Huahu club, and even take advantage of muqianxin to find such a good opportunity."

"If you can't kill Wang fan like this, it will be very difficult to kill her later."

Compared with Yu mieping and Ou yanchangqing, the dreamer's mood is much calmer, but he doesn't know why, but he feels uneasy in his heart.

He always felt that Wang Fan could not be killed by the explosion.

At the beginning, in Lifu, with the same bombing and the same gunfire, Wang Fan survived like a cockroach?

This time and Li Fu that time, the only difference is, more mu Qianxin such a tug of oil bottle.

Yu Mie Ping, Ou Yan Chang Qing and nu Quan men are four masters. They listen to the words of the dreamer and nod their heads at the same time.

It is necessary to confirm whether Wang fan is really dead.

If Wang fan can't be killed again, they will really lose a lot.

You know, they are the ancient martial arts, and even the experts of Nu Quan.

But now they have come down to join hands with the evil forces in the Silver Triangle, which has a bad impact on their clan's reputation. If they can't achieve their goal, they will really vomit blood.

Without hesitation, the seven ran to the manor.

It's not that they don't want to get close, but they can't get close at all. The whole manor has been completely flattened, and the flames are soaring.

Even the outside walls were affected by the waves and completely collapsed.

It was a terrible scene. It was hard for them to believe that there were still living people in the manor.

"I'll call Mo Qingyao first, ask him to send someone to surround the manor, and then search the whole town."

"Seven of us are also searching nearby. If we are not afraid of ten thousand, we are afraid of what if. If Wang Fan really escapes, we can kill him and not give him a chance to run away."

Dream said, immediately took out the mobile phone, dial up the Mo green demon phone.

Others respectfully call Mo Qingyao Mo Longtou, but he who realizes his dream will not do so.

"Good." Feather out flat six people quickly nod, they also don't want to let Wang Fan alive.

Mu Qianxin looks at Wang Fan who rushes to us crazily. He shakes his head crazily and tears like a spring.

She wanted to roar, let Wang Fan don't impulse, quickly leave, but her mouth is sealed, can't cry at all.

Mu Qianxin originally thought that Mo Qingyao had set up a bureau to imprison Li Lishan for the sake of her imperial industry and forced her to submit.

But at this time, she realized that this was not the case at all. Mo Qingyao had only one goal from the beginning to the end, which was Wang Fan.

Originally, mu Qianxin didn't quite understand why Mo Qingyao tied a bomb to her after she was imprisoned.

Now, at last, she understood.

In Mu Qianxin thinking about these moments, Wang Fan has rushed to her in front of lightning, throwing out a piece of gravel to smash the camera moment, the right hand quickly toward the bomb on her body caught in the past.

Relying on his mental strength, this huge cheating device, and his familiarity with bombs, he just grabbed the bomb and threw it in the distance.

Then also can't give muqianxin untie, both hands embrace muqianxin, crazy toward the opposite direction ran out.

At the same time, he also madly stirred up the congenital vigorous Qi, protected the whole body key.

Boom!

The huge sound of explosion, the terrible waves spread, Wang Fan instantly felt the danger.

He spewed out a mouthful of blood essence crazily and rushed to the outside of the manor at a faster speed. It was like racing against the terrible waves again.

Chapter 1154

However, Rao Shi and Wang Fan have tried their best, but they still can't be faster than the explosion.

He just ran out about 500 meters, and the terrible waves were hurled on him.

The congenital vigorous Qi was broken, and Wang Fan couldn't help bleeding.

But he was not blown up, but forced to endure the stabbing pain of his body, forced to endure the burning heat, and rushed to the outside of the town.

Thanks to his quick reaction, he left the vortex center of the explosion for the first time, and he also had the innate vigorous Qi to protect his body. Otherwise, even if Wang Fan had a hundred lives, he would not be alive now.

Mu Qianxin was blocked by Wang Fan, but he didn't get much influence.

Although most of her clothes were burned into nothingness, and some of her skin was burned into flesh and blood, she did not make any painful sound.

She just raised her head and gazed at Wang Fan's face carefully.

Her heart, only moved.

She thought Wang Fan didn't know that she had a bomb on her body, so she would save her regardless of her crazy shaking her head.

But now it seems that Wang fan knows.

Even so, Wang Fan risked the risk of being killed, and desperate to save her, how could she not be moved?

There is such a man who loves herself. She feels that even death is worth it.

Outside crocodile town.

Xiao Wu also heard the terrorist explosion, but also saw the fire.

She couldn't help it any more. She stood up and became anxious.

Something's wrong, absolutely.

In fact, before the alarm sounded in crocodile Town, Xiao Wu had already realized that something had happened.

At that time, she was desperate to go in and have a look. She just thought of Wang Fan's advice and her own task, and finally suppressed it.

Now she can't help hearing the explosion.

Although there are more than ten elite Huahu clubs stationed at the gate of the town, how can those ten be the small five opponents?

[illegible]

This move, small five or with Wang Fan learn, just lost not Wang fan so accurate, also can't do quietly down the enemy.

She is Wang Fan's successor. The more people come to her side, the safer Wang Fan's side will be.

Dada dada!

The ground was blasted out of countless craters and debris.

Come on!

The terrible speed made the other four people's expressions become stunned. For a moment, they forgot to aim, or could not aim.

At this moment, Xiao Wu has rushed in front of them and raised his feet.

Bang bang bang!

Four sound, four people such as broken kite scream fell to fly, fell to the ground crazy flutter, more or less.

Xiao Wu overturned them without hesitation. He picked up a gun on his toes and pulled the trigger at them.

No matter dead or not, she shot, once and for all.

After a series of gunshots, all the more than ten people have been killed.

Xiao Wu picked up a gun again and ran into the town.

Crocodile town.

Huahuhui people were searching for Wang Fan's whereabouts everywhere, but they heard the gunfire coming from the entrance.

Their faces immediately changed, and they rushed to the outside of the town regardless of everything.

The dreamer and his party were also stunned, and then ran to the gate of crocodile town without hesitation.

In a corner, Wang Fan was pale and panting.

Although he is not seriously injured now, his combat effectiveness has been greatly affected. The burning pain of his skin and flesh greatly restricted his fighting capacity.

Mu Qianxin stayed by Wang Fan's side, looking at Wang Fan with a gentle face, only moved and distressed in his eyes.

The shackles on her body have been untied by Wang Fan and she has the ability to act.

"Gunfire, do you have any company?" Mu Qianxin heard the gunshot, and then looked at the crazy rush to the town of huahuhui elite, mind a loose, can't help but ask.

"Yes, there was a friend with me, but I didn't let her in." Wang Fan sighed, "Originally, I just asked her to stay outside, and then I could take you away. I didn't expect her to help me a lot. But unexpectedly, she really helped me a lot

Wang Fan naturally heard the gunshot. He didn't have to think about it at all. He also knew that it was Xiao Wu who caused it.

Originally, according to his expectations, there was not much pressure to save mu Qianxin. With his strength, he was able to distract the enemy. At that time, Xiao Wu would take mu Qianxin with him.

But he did not expect that this was a bureau against him. The other party even tied a bomb to muqianxin's body in order to kill him.

In this way, it is different from his previous idea.

Now his combat effectiveness has fallen sharply. In this case, once exposed, it is very dangerous.

What's more, since someone is targeting him, it is inevitable that there will be no experts. Once those masters appear, he is even more dangerous.

In this case, the key is that Xiao Wu really helped him a lot by attracting the enemy.

"Let's not worry about things over there. I'll heal first, and then I'll come and help."

Wang Fan did not lose his mind, and did not immediately take muqianxin to zhenkou to help Xiaowu. He passed like this, not to help, but to die.

At the same time, Wang Fan had already taken out the silver needle, and quickly exploded on himself, and also grabbed several pills and threw them into his mouth.

In just a few minutes, the injury on his body has been contained, and the burned skin has crusted, which is not so painful.

After all this, Wang Fan quickly swallowed several pills for mu Qianxin, and then took out the silver needle and pricked her up.

Ten minutes later, their injuries were almost healed, and Wang Fan recovered at least 70% of his fighting capacity.

Of course, the reason why he recovers so fast is that he has a lot of elixirs. If he doesn't have these elixirs, he wants to recover so quickly, it's a fool's dream.

Zhenkou.

Fighting has begun, small five just like a fierce tiger, leg shadow flying, will be in front of the enemy one by one swept out.

Those who were swept by her legs were either killed or seriously injured.

Although there was not much blood on the scene, there were no less than 50 people on the ground. The

scene was extremely tragic and spectacular.

However, there were two more wounds on Xiao Wu's body, one on his shoulder and the other on his left rib.

The scarlet blood flowed from the wound, dyed her clothes red and stuck to her clothes, but still did not make her face change.

"Damn it, little girl, dare to come to our crocodile Town, I'll let a thousand and eight hundred brothers kill you tonight!"

A fierce man looked at the fallen brother. He was very angry. He pointed to Xiao Wu crazily and said, "if you don't work until you die, I'll take your last name!"

"Give it to me, fuck her!"

Chapter 1155

With the male voice, more than ten people rushed to Xiaowu madly again.

There was only ferocity in their eyes, only ferocity!

As the elite of Huahu club, they can't tolerate being beaten in the face by a woman!

The head of the fierce man's eyes is staring at small five, eyes only grimace and hot.

After the appearance of small five, although not as beautiful as before, but it is not ugly.

The key point is that because of her martial arts cultivation, she has an excellent figure and is far more attractive than those ordinary women.

Especially the two long legs, soft and sexy, full of explosive power, if you can carry it on your shoulders, it's unimaginable.

"Scum, seek death!"

Xiao Wu is also angry. As a high-ranking ancient warrior and the number one bodyguard of Chu Xiaosheng, even Chu Xiaosheng is extremely respectful to her, how can she tolerate such insults?

Small five facial expression a cold, the footstep a move then welcomed up.

Her right leg in an instant raised, set off the wind, hit the left three.

Bang bang!

Three sound, three people's bones were crushed, directly kicked seven or eight meters away, fell on the ground after dying.

Small five turn a body to dodge, evade a person to attack, the next second, the fist then directly blew to the other party's head.

The force of the explosion hit the enemy's head. The enemy's head burst instantly and fell to the ground.

How terrible is it that the power of one blow can explode the skull?

Looking at this scene, the first man roared wildly. He pointed to the rest of the people and said, "you go up, you go up, take her down, take her down!"

"I want to see if her two killing legs are so powerful on the bed!"

The fierce male growls, return to give an opinion, "you are silly, can't grasp her chest, poke her thigh, kick her below?"? How can I teach that? "

The group of subordinates listen to the order, eyes a bright, have in accordance with the instructions of the men up.

Small five and two legs overturn several people, the face becomes ugly, is infuriated.

Although these people's indecent attacks did not threaten her, they made her really angry.

Especially the enemy's eyes, which are almost red fruit, make her want to lose her mind!

In anger, she started more ruthlessly. She opened and closed the door. Her hand was to kill and kill.

The death of the enemy is even worse.

Just because she was too angry, she also showed too big an empty door. After overturning nearly 20 fierce men, she also got three punches and two legs, her face was pale, and the corner of her mouth overflowed with blood.

The fierce man is about to explode. When more than 100 people deal with a woman, they are killed. It's just unbearable!

Although someone is still coming here in the distance, it's not a problem to win Xiaowu in the end, but his face can't hang.

With the fall of the last few people, the fierce man can no longer help his hand, "Dame, I'll meet you!"

He roared, a lunge forward, his right hand into a claw, directly to the small five chest.

At the same time, his eyes are still staring at Xiao Wu's chest, with an evil smile in his eyes. Obviously, he is deliberately disgusting Xiao Wu and affecting his mind.

Small five see this angry, raised a fist to face up crazily, if she doesn't blow this son of a bitch, she won't call small five!

Just small five fists are about to hit the fierce man's moment, but his face can't help changing.

Because the fierce male had already taken back his fist in an instant, and then he quickly dodged. At the same time, he suddenly raised his right knee and knocked it under Xiao Wu.

Xiao Wu quickly retreated, but it was still a step late.

With a bang, her abdomen was knocked by the other party's knee, and her pretty face became twisted due to the pain.

Xiao Wu realized that he had been cheated and stepped back quickly. While buffering the pain, he forced himself to calm down.

Fierce male is a grin, don't give small five breathing opportunities, meet up, "little girl, you are not very able to fight?"

"Come on, let's fight another 300 rounds. I want to see if I can subdue you wild horse!"

Small five listen to fierce male this shameless words, the heart immediately can't help but once again surge up anger, just quickly and dead suppress down.

He knew that the other party was deliberately provoking her and looking for opportunities.

Small five did not speak, but forced himself to calm down at the same time, crazy to meet the man.

Bang bang.

After the collision of several moves, the fierce man was forced to retreat, and Xiao Wu seized the opportunity to point at the fierce man.

The fierce man was shocked. He never thought that Xiao Wu, who was so easily angered before, had calmed down in such a short time.

In the face of Xiao Wu, who is dazzled by anger, or Xiao Wu who has been fighting for a long time, the fierce man still has the strength of a battle.

But now small five calm down, he is not the opponent at all? Looking at the long leg kicking under him, his eyelids jump wildly and retreat wildly! It's just, where is his speed?

Bang!

A loud noise!

Ah!

The fierce man was thrown out at the same time, the scream of killing a pig resounded in the air, fell to the ground and rolled like a wild donkey.

Small five looking at the pain of life is not like death of the fierce man, is going to rush up and make up a few feet, let it in life is not like death of torture slowly die, but her face is can't help but instant change.

She looked up into the distance with a dignified look in her eyes.

In her perception, Qi Gu is not weaker than her, and even stronger than her, rushing to this side.

Just a few breaths, the seven men appeared in front of her, staring at her coldly.

"Who are you and what is your relationship with Wang Fan?" After ou yanchangqing appeared, he saw that the enemy was not Wang Fan, but a woman, and his face changed instantly.

This is not a delay in their time, in case Wang Fan really was not killed, but also with this time to hide, where should they find?

Yu mieping is also a face of anger, finger a little five, "bitch, dare to play with us, are you looking for death?"

He thought that Wang Fan had escaped to the entrance of the town, so he started the shooting. Now it's not like that. How can he not be angry?

The dreamer and the other four were equally gloomy, but they did not speak.

"It's none of your business who I am. Where is Wang fanren now?" Small five looking at these seven people, a heart can't help but sink down.

Any one of these seven people is no weaker than she was in her heyday, let alone that she is still injured.

But in this case, Xiao Wu can't admit counseling, because she knows that recognizing counseling is meaningless.

As soon as she looked at these seven people, she knew that they were all decisive masters, and it was

impossible to let her go.

"What an arrogant girl! You haven't answered Laozi's question yet, but now you come to ask Laozi to die!"

Ou yanchangqing is the first one to become angry. He directly rises and rushes to Xiao Wu.

When Xiao Wu saw that Ou yanchangqing didn't agree with her, her face became ugly, but she didn't retreat. Instead, she clenched her teeth and shook her whole body to meet her.

Boom!

A loud noise!

Click!

Xiaowu's whole arm was smashed in an instant, and the whole person was spewing blood, flying backwards, with a dead silence on his face.

But ou yanchangqing didn't intend to give up. Instead, he bullied himself again and stepped on it crazily, "you son of a bitch, dare to ask me, what the hell are you?"

Crazy!

Violent!

Chapter 1156

Small five feel the Ou Yan Long Green potential vigorously heavy kick down that leg, face crazy change!

She wanted to struggle, but on the one hand, the speed of ouyan's growth was too fast for her to escape, and on the other hand, her whole body was aching and she couldn't use her strength at all.

Small five heart set off a touch of sadness.

She did not expect that there would be such a strong man as ou yanchangqing in crocodile Town, the territory of Huahu club. She did not expect that crocodile town would become her burial place.

There was despair in her heart and she closed her eyes slowly.

Since she entered the Silver Triangle and became the bodyguard of Chu Xiaosheng, or the moment she set foot on the road of martial arts, she had seen through life and death, but she didn't expect that death would come so soon.

"You dare to kick it down. Do you believe I can kill you at the moment you kick it down?"

Just at the moment when ou yanchangqing's right leg was about to kick Zhong Xiaowu, a light voice suddenly came from the distance.

Then, ouyan Changqing felt a very dangerous breath.

His right leg is stiff in the air, less than one centimeter away from Xiao Wu's body, but his eyes can't help looking in the direction of the sound.

I saw Wang Fan holding a thousand hearts from far to near, just a short time, then appeared in front of them.

"Wang Fan?"

"Wang Fan?"

"Wang Fan?"

"You didn't die?"

Seeing Wang Fan, not only ou yanchangqing's face changed greatly, but also those who realized their dreams.

How did they all have not thought, Wang Fan did not die even if, unexpectedly still had nothing to do the same to appear in front of them.

If Wang Fan didn't look a little embarrassed and many of his clothes had been burned into nothingness, they would have thought that the previous explosion was a dream.

"The dreamer? What's your word? "Yu mieping?" At the moment when the dreamers and others were shocked, Wang Fan also saw what they looked like.

Although Wang Fan has not seen ou yanchangqing and Yu mieping, he has seen the photos.

At the same time, he finally understood that these people were behind the scenes.

Wang Fan glanced at the dreamer. His eyes didn't fluctuate at all. Then he looked at Ou Yan Changqing, "Ou Yan Changqing, when I went to the Ou Yan family, you escaped."

"If you don't cherish your life, it's just a matter of prolonging your breath. You dare to send it to your door to die. It seems that you can't keep it."

Wang Fan said, has already grasped the shadow knife, has killed the past toward Ou Yan Changqing.

Cutting grass without removing roots is really a great hidden danger.

This time, he was almost killed.

Of course, this is not what makes Wang Fan angry the most. What makes Wang Fan angry the most is that they dare to use muqianxin to do the game, which has touched Wang Fan's bottom line.

Looking at Xiao Wu on the ground, looking at Xiao Wu's pale face and desperate eyes, Ou Yan Changqing becomes the first target Wang Fan wants to kill.

When ouyan Changqing saw Wang Fan's killing, his face also changed greatly, and his expression was distorted instantly. "You killed our ouyan family, I'll fight with you!"

He also yelled at Yu mieping and his party, "let's go up together and kill this son, or we will have endless trouble in the future!"

Then he gritted his teeth and faced Wang Fan crazily.

However, although his momentum is fierce and murderous enough, his strength is too poor.

With the strength that he didn't even reach the peak of congeniality in the middle of congeniality, he couldn't even count as a dish in front of Wang Fan.

Even if Wang fan can only give full play to 70% of his strength, it is more than enough to kill and beat him.

Wang Fan immediately came to ouyan Changqing. The shadow knife came out of its sheath, crossed a beautiful arc in the air, rolled up endless killing power and attacked ouyan Changqing.

Ou yanchangqing grabs a long sword to resist, but it can't stop at all. With a local noise, the swords are one after another, and his sword has been smashed in an instant.

Then shadow knife castration does not reduce, continue to cut hard to his body.

Hissing, ou yanchangqing's eyes just have time to emerge despair, the whole person has been struck by the shadow knife.

The blood mist sprayed, and the whole person fell out.

People in the mid air, he has no breath, fell to the ground, blood on the ground.

The audience was shocked!

Everyone's scalp is numb!

Wang Fan, who has experienced the shocking explosion, is so powerful. It can be imagined how strong Wang Fan would have been if he had not experienced the explosion.

The dreamer, Yu mieping, and the four strong men of Nu Quan sect also stiffened in an instant.

They just had time to seize the weapon, and Ou yanchangqing had died miserably, which made them not go out at all.

Wang Fan stabbed Ou Yan Changqing with one knife, then went to Xiao Wu, stabbed her with two needles, took out some pills and put them in her mouth. Then he said, "I'm sorry, I'm late."

Small five complexion complex looking at Wang Fan, only feel some sour eyes, she looked at Wang Fan, and looked at mu Qianxin, mouth difficult squeeze out a few words, "it doesn't matter, thank you." Wang Fan didn't say much, let mu Qianxin come to the small five side, then looked at the feather out flat party, "you really don't have the bottom line."

"We have grudges, which I know. You want to kill me, which I also know."

"But you're coming at me. Is it interesting to set up such a vicious situation with kidnapping and bombs? Do you want me to do the same for your family? "

He glanced over Yu mieping, the dreamer, and looked at the other four people. "If I guess right, you should be from the angry fist sect, right?"

"Don't you think it's a shame to play this kind of game in the angry boxing gate?"

The four of them were so ridiculed by Wang fan that their faces became ugly. They clenched their teeth and drank aloud.

"Wang Fan, as long as you die, our goal will be achieved. What means do you care about us?"

"Well, that explosion didn't kill you just now, but it doesn't mean you won't die today! If we six join hands, I don't believe you can't stay! "

"It's just ordinary men and ants who dare to challenge our Nu Quan sect and kill our Tian Jiao. It's your fault!"

As they said this, they grasped the weapons in their hands and were ready to fight at any time.

This is the end of the matter. It's useless to say anything. There's only one war!

Wang Fan ignored them, but swept to the dreamer, "Kong Shao, long time no see."

"I didn't expect that you would be a dreamer, and that you would plan to kill me!"

Wang Fan sighed, "although I have guessed this fact for a long time, I have always been reluctant to believe it. After all, we are also people who have shared difficulties, and you are also people who have helped me."

"You know, I really don't want to see you on such an occasion, but you just appear in front of me on such an occasion."

Wang Fan's eyes are full of complexity, fingers a little feather out flat five people, "to them, I can also have no heart pressure under the killer, but to you, I really can't do it."

"But I really can't find a reason not to kill you. I just want to ask why. Can you give me an explanation?"

Yes, the dreamer is Kong Wucheng of the Kong family in the capital, Kong Shao!

Although he didn't wear a mask, his clothes were the symbol of the dreamer.

This is also the reason why Wang fan can recognize his identity.

Chapter 1157

"Explain? What explanation do you want?" Kong Wucheng's face was gloomy. "There are only two reasons for killing people, one is hatred, the other is violation of interests."

"You, Wang Fan, have offended the interests of Kong Wucheng. Of course, I will plan to kill you."

He pointed to Wang Fan, "when things get to this point, you know my identity as a dreamer. I have nothing to explain."

"Let's see the real chapter under our hands. Either you die or I live!"

To be sure!

"Good!" Wang Fan nodded, then took out the shadow knife, "then you can go together!"

His tone can not say the melancholy, "also, things develop to this point, any explanation has no meaning."

"You've made use of your mind to kill me. It's against my bottom line. There's no need to explain."

Wang Fan really didn't want to fight with Kong Wucheng, but now he has no choice.

Kong Wucheng, as a dreamer, assassinated him at least ten times and nearly killed him seven or eight times.

This time is too much, the use of muqianxin not to say, but also almost killed muqianxin, this is not Wang fan can tolerate.

"If not, let's go together and kill him! I don't believe it. If he is beaten by iron, he will never die! "

With a roar, Yu mieping takes the lead in jumping up and grabs the weapon to kill Wang Fan. His breath is sharp and his killing intention is monstrous!

"Challenge my anger boxing, kill my anger boxing Tianjiao, today, I will kill you!" The four masters of Nu Quan sect are not willing to be outdone. They kill Wang Fan from the other four directions.

Kong Wucheng did not speak, nor did he choose to escape as before, but followed him and killed Wang Fan.

The six masters shot at the same time to kill Wang Fansha. This space is full of Xiao Sha breath, as if even the air has become stagnant.

"Ha ha, good come!" Wang Fan laughs, "it's a fart to kill Tianjiao of nuquan gate, that is, Zhulan of nuquan gate has been slaughtered by Laozi!"

Accompanied by laughter, Wang Fan has risen, shadow knife rolled up a blade awn, toward the front of the Yu mieping cut down.

A startling rainbow was opened up, just like the Milky way crossing the moon. Yu mieping felt an extremely dangerous breath in an instant.

All of a sudden, his scalp became numb and his movements were restrained.

Rao Shi knew that Wang Fan was powerful, and he saw with his own eyes that Wang Fan killed ou yanchangqing with little effort.

But at this moment, facing Wang Fan, he still felt a great pressure.

Wang Fan's strength is so strong that he can't fight against it at all!

But Yu mieping knows that he can't retreat at this time. He crazily clenches his teeth and encourages his whole body to fight against Wang Fan. At the same time, he suddenly yells at Kong Wucheng, "I'll hold him down. You'll find a chance to kill him!"

"Hold me? Can you hold it? " Wang Fan sneers, the next second, shadow knife rolled up the rainbow has fallen on him.

Hiss!

The whole body was split from top to bottom, and the whole person fell out like a gourd hit by frost.

At this time, the other four angry boxing experts had already attacked, the light of the sword, the shadow of the sword, set off a roaring sound, and swept Wang Fan hard.

With a cold smile, Wang Fan turns back. As he grabs the shadow knife and cuts one of them, his left leg has rolled up an arc and swept towards the other three.

The shadow of his legs was like lightning, fast and sharp. The rolling up killing power smashed the shadow of the three men's sword in an instant and fell on their chest.

Bang bang!

Three sound, three people all weapons fall to the ground, cover chest backward fall back.

Their faces were pale and the corners of their mouths were bloodshot.

Not dead, not seriously injured, but defeated at the same time.

Their eyes in the emergence of incredible, the heart is set off a storm.

Powerful, it's so powerful!

They only felt this kind of powerful momentum from the elders in the door.

Wang Fan didn't pay any attention to the shocked face of the three. While fighting back the three, yingdao had already killed the other angry fist master.

Boom!

A loud noise, almost in the shadow knife close to the moment, that person has been blasted out, people in mid air, the body sprayed out countless blood fog, tragic death!

Dada dada.

At this time, not far away, there were countless footsteps coming. Turning around, I saw hundreds of gun masters approaching here, murderous.

Obviously, these people are the elite of Huahu club.

"Xiao Wu, take Qian Xin with you first. I'll deal with them."

Looking at this scene, Wang Fan's face changed, he yelled at Xiao Wu, and then killed the three angry fist

masters.

He wants to fight and make a quick decision, otherwise, once surrounded by these people, the trouble is not small.

"Be careful then." Small five smell speech nod, don't dare to talk nonsense, pull up Mu thousand heart and crazy left here. No matter the three masters of Nu Quan or Kong Wucheng, they didn't manage mu Qianxin. At this time, they are too busy to pursue.

When the three masters of Nu Quan sect saw Wang Fan coming, they couldn't help retreating again and again. Only after counting the breath, they were overtaken by Wang Fan.

A knife cut, their hands sword dangdangdang broken, three heads fly up like a watermelon.

To kill these three people, Wang Fan did not hesitate to pick up a gun that fell on the ground and started shooting at those huahuhui men in the distance.

Come on, come on!

A few shots, a few men were all blasted off their heads, blood brain overflowing, scared the rest of the people either quickly get down, or quickly began to find a place to hide.

They also want to shoot Wang Fan hard, but Kong Wucheng is also around Wang Fan, and Kong Wucheng is still a noble guest of Mo Longtou. They don't dare to act rashly.

Wang Fan, while suppressing the fierce men of Huahu club, looks at Kong Wucheng, "Kong Shao, I will leave you a whole corpse."

He said and shot Kong Wucheng in the head.

Come on!

Gunshot, but Kong Wucheng didn't die!

He has dodged past with incredible speed!

Wang Fanmu Lu was surprised. He didn't expect that Kong Wucheng could avoid his shot.

At this moment, Kong Wucheng, who was hiding in the distance like a civet cat, turned back and shot Wang Fan. At the same time, he roared at those huahuhui fierce men in the distance,

"shoot! Kill him

Dada dada!

Then there was a series of intense gunfire.

Wang Fan rushed to the distance, but the corner of his mouth raised a sneer, "this Kong Wucheng, or the dreamer, is really as shameless as ever."

Sure enough, at the moment when he found the shelter and turned his head, Kong Wucheng had already jumped into the distance, and was about to disappear in sight.

"It's worthy of being a foxy dreamer, but today, I will kill you!" Wang Fan's mouth spits out a, without hesitation hurtles the Kong Wu Cheng in the distance one breath to hit the bullet in the gun.

Kong Wucheng fell to the ground, but he soon got up and several flashes disappeared completely.

Wang Fan frowned, just want to catch up, once and for all to solve this problem, huahuhui those men have been carrying a gun pressure up.

Chapter 1158

"His grandmother, dare to offend my crocodile Town, dare to offend my Huahu club, kill him for me!"

A fierce man, more than two meters tall, with a cigar in his mouth, hid in the middle of the crowd and pointed to Wang Fan to drink.

Dada dada.

His voice was followed by a series of gunshots.

Dense bullets whistling in the air, just like a rain curtain, that is a shock.

In the face of such a powerful firepower, Rao Shi Wang Fan was very powerful, and he had to dodge the edge and run away in a hurry.

He was somewhat unwilling to let the dreamer run away again. But in this case, he has no way.

"His grandmother's, really his mother can run, rocket, rocket, give me blast him to death!"

Seeing that Wang Fan had dodged a large number of bullets like a rabbit, the fierce man became upset and yelled at his subordinates again.

Listen to his order, soon a subordinate will carry the rocket, and then toward Wang Fan in the past.

Wang Fan looked back at this scene, it is some scalp numbness.

Instead of running any more, he suddenly stopped and took up his gun.

Come on!

One shot, hit the rocket, slow it down.

Come on!

In the second shot, the bullet collided with the rocket again, causing the rocket to suffocate in the air.

Come on!

The third shot, Wang Fan did not hit the rocket, but directly hit the man hiding in the middle of the crowd.

Looking at this scene, everyone was completely shocked. Is the shooting too damned?

The fierce man was also shocked. He didn't expect that Wang Fan could snipe rockets with bullets.

Boom, the rocket exploded, the fire in the sky, at this time, a bullet has been accurately through the crowd gap, exploded in his shoulder.

Come on!

The blood mist sprayed, and the fierce man covered his shoulder and began to step back.

He was a little scared. Fortunately, there were many people in front of him. Otherwise, this shot would not hurt his shoulder.

Wang Fan finished the bullet in the gun and ran out towards the crocodile town through the gap between the rocket explosion.

He doesn't have the heart to fight with these guys. The most urgent thing is to leave here as soon as possible.

He has written down the field of Huahu club. When his state returns to the peak, he will directly kill Huahu Club headquarters to recover the field.

Wang Fan as a congenital peak strong, and not in the encirclement, he is determined to go, those flower tiger will elite really can't stop. When they rushed to the entrance of the town, there was no shadow of Wang Fan.

"Damn, don't let me see you again, or I will chop you and feed the dog!" The man who was shot in the shoulder swearing, but there was fear in his eyes.

More than an hour later, Wang Fan had already returned to the black wolf mercenary regiment. Just as he arrived at the door, a burst of laughter came.

"Brother Wang Fan, are you back at last? Please, please. The king of Chu has already set up a banquet, waiting for brother Wang Fan to return. "

Tuma came out of the camp and gave a hearty laugh at Wang Fan.

He had a plaster cast on his right arm, a bandage on it, and a warm smile on his face.

As if last night's unpleasantness had never happened, his arm was not interrupted by Wang Fan.

Wang Fan was slightly surprised. He did not expect that Tuma was not in the hospital, but returned to the black wolf mercenary regiment.

What's more, he didn't expect that Tuma would meet him at the door, and he was so enthusiastic.

Wang Fan felt that something was wrong, but he said quietly, "there are laotuma brothers. By the way, is Xiaowu back?"

At the same time of speaking, his mental power has been involved in the whole manor crazily, investigating the situation.

When he saw Tuma for the first time, he knew that this guy was a man who had a lot of grudges, and he was still a kind of person who had to pay for his flaws.

But this kind of person, even can put down the Revenge of broken arm, also specially come to the door to meet him, no strange, that is to see a ghost.

Sure enough, Wang Fan sweeps xiaowumu Qianxin, and they are held in a room. Although they are not tied, there are at least 50 shooters at the door.

And in the highest point opposite the door, there are three snipers, they have aimed at the door, as long as small five Mu thousand heart dare to come out, will be killed in the first time.

In a wide hall, Chu Xiaosheng was sitting in the master's seat, but his face was ugly. There were more than ten men in front of him and behind him pointing guns at his head.

Opposite him, there was a man and a woman.

The man is in his twenties. His eyes are lunar calendar, and he is rebellious. He cradles his legs, and looks at Chu Xiaosheng wildly. On the other hand, he sticks out a paw and pinches it in the woman's clothes.

Women look in their thirties, enchanting and full of charm.

Her dress is very generous and sexy, and her black silk sling perfectly sets off her concave and convex figure. Two white fragrant shoulders, tall and straight pride, and two smooth and mellow legs, are full of mature woman's breath.

She twisted her body slightly with the young man's action, and her mouth was singing, but her eyes were staring at Chu Xiaosheng provocatively.

Chu Xiaosheng clenched his fists and his face was livid, but he didn't say a word.

His eyes were red and frightening, as if he wanted to tear this man and woman to pieces.

When Wang Fan found out this scene, he immediately knew that something had happened to the black wolf mercenary regiment, and most of the Tuma had defected.

He vaguely felt that the woman was a little familiar, but for a moment he didn't remember why he felt this way.

"Wang Shao, you are really a young hero. You were able to save people from crocodile town. It's really amazing."

While leading the way, Tuma sighed, "Tuma was wrong last night. We shouldn't suspect Wang Shao and challenge Wang Shao."

"After the lesson of the king of Chu, Tuma has realized his mistake. Don't worry. Tuma will punish himself for three cups later to make amends! "

Tuma is trying to use this method to eliminate Wang Fan's vigilance and vigilance, but when he talks, there is a sneer and murder in his eyes.

Wang Fan listened to Tuma's words and felt the scene again, sneering in his heart.

This guy really treats Wang Fan as an idiot. He thinks that a few good words can eliminate his vigilance.

But he did not point out, but along with the words of Tuma, said, "brother Tuma is serious, a small misunderstanding, I have forgotten."

"If you want to punish yourself for three cups, it's me who should punish myself. Maybe I'll stay in the Silver Triangle for a while, or I'll trouble brother Tu for help."

While they were talking, they had already come to the door of a main hall. Tumaton stopped, pointed to the hall and said, "brother Wang, the king of Chu has been waiting in it. Go ahead. I have something else to deal with. I'll be right here

Wang Fan listened to Tuma's words and sneered in his heart. If he didn't have the mental power, he might have been fooled by this son of a bitch.

There are people in the hall, but Chu Xiaosheng is not here.

He clearly found out that more than 20 Gunners had been ambushed in the hall. As long as he dared to enter, he would be shot into a sieve at the first time.

This Tuma really deserves revenge. He just broke one of his arms and even put on such a big array. He really looks up to Wang Fan.

Chapter 1159

"Good!" Wang Fan nodded. The next second, he grabbed Tuma's shoulder and pushed him directly into the hall.

At the same time, Wang fan is fast flash to the side.

Dada dada.

Almost at the moment when Tuma broke into the door, the shooter in ambush could not help pulling the trigger subconsciously.

All the bullets were shot on Tuma. Tuma choked like a goat, and then fell to the ground covered with blood.

His body was full of bullet holes and bloodstains, like a sieve.

Tuma estimated death did not expect, he did not kill Wang Fan even if he set up a bureau, even killed himself.

What's more, he didn't expect that Wang Fan had the mental power to cheat. He even saw through his conspiracy and even saw through his ambush.

If I had known that Wang Fan had such means, I would not have set up such a situation to deal with Wang Fan.

Wang Fan took a look at the sieved Tuma, but he was not interested in seeing it for the second time, so he ran to the place where xiaowumu Qianxin was imprisoned.

It's important to save people. He doesn't have to kill people here.

The most important thing is that although the people who ambush follow Tuma to rebel, they are also members of the black wolf mercenary regiment. Even if they want to deal with them, Chu Xiao has to be born.

There is no need for Wang Fan to take over.

Just a few snipers, Wang Fan did not pay attention, he just used less than three minutes, touched the sniper behind, quietly knocked them out.

Take out the snipers, and then there are the 40 or 50 shooters at the door.

Because Wang Fan didn't want to kill them, he just wanted to stun them, so it took him more than 20 minutes to get rid of them.

After finishing them, Wang Fan entered the room.

"Wang Fan." Mu Qianxin saw Wang Fan come in, the first time to meet up, her heart heavily relieved.

After she came back with Xiao Wu, she met with the mutiny of Tuma and was imprisoned again.

But she didn't care about her imprisonment. What she cared about was whether Wang Fan could return safely.

She also saw the firepower of crocodile town. In that situation, she was deeply afraid of Wang Fan's accident.

"It's just fine." Wang Fan holds mu Qianxin in his arms and feels the familiar breath of women. He is finally relieved.

Finally, he saved mu Qianxin. He was really afraid that something might happen to Mu Qianxin.

Wang Fan held mu Qianxin for a moment and released it. Then he looked at Xiao Wu, "Xiao Wu, thank you very much. If it wasn't for your help, Qian Xin wouldn't be so easily rescued."

"By the way, I just found that brother Chu seems to be under control. What's the matter? Who are the men and women with him?"

When Xiao Wu heard Wang Fan's question, he was stunned for a moment. Then he bit his teeth and said, "tumana son of a bitch has defected. I don't know when he will collude with Huahu."

"As for the man and woman you mentioned, the man is mo Dabao, the only son of the president of Huahu society, and the woman is Li Qingxue, the king of Chu's wife."

Referring to Li Qingxue, Xiao Wu gritted his teeth. "It was because of Li Qingxue's rebellion that the king of Chu was trapped and almost killed last night."

"That woman is too shameless, not only has an affair with Mo Qingyao, but also has an affair with Mo

Qingyao's son, it is shameless to the extreme."

"I was blind before. Why didn't I find that this woman was so mean?"

"Mo Dabao, Li Qingxue?" Wang Fan mumbles to himself, but mu Qianxin can't help but be surprised. "Is it Li Qingxue, Li Lishan's daughter?"

There was a storm in her heart.

She had followed Li Lishan for so long before, but she still knew that Li Lishan had a daughter named Li Qingxue.

It's just that Li Qingxue has never been back to Li's home, and Li Lishan has never mentioned it, so she has never met Li Qingxue. She just knows that there is such a person.

Now she suddenly heard that a woman named Li Qingxue was Chu Xiaosheng, and she had an affair with Mo Qingyao and his son. How could she not be shocked?

"I don't know. She and the king of Chu met in the early years. As for the family, I really don't know. She never mentioned it."

Xiao Wu shakes his head to show that he doesn't know about it.

Wang Fan did not ask again, but he was 80% sure that Li Qingxue was Li Lishan's daughter.

Before he felt that Li Qingxue was familiar, it was not an illusion, but that Li Qingxue was very similar to Li Wuji.

But Wang Fan did not understand that Li Lishan died, Li Wuji died, and Li's empire fell into mu Qianxin's hands. Why did Li Qingxue not take revenge by Chu Xiaosheng or Mo Qingyao's hand?

Mu Qianxin has an accident in the Silver Triangle. Does it have anything to do with Li Qingxue?

"Well, let's not talk about it here. Let's go and have a look. Brother Chu has helped me a lot. I'll help him once, too." Wang Fan said, with a small five mu heart out of the room.

Just as they had just walked out of the room, they saw three fierce men running fiercely.

Three people in see small five Mu thousand heart, surprised, "how do you come out, those who guard you?"

One of them couldn't help asking, subconsciously pinched the gun at his waist.

They had been ordered to come and escort Xiao Wu and Xiao Wu, but they didn't expect that they came

out by themselves. How could they not be surprised?

Muqianxin even though, but small five is still very powerful, now small five even out of control, how can they not be surprised?

But before he could squeeze out his gun, Wang Fan had already flashed to them and kicked them with three feet in a row.

Bang bang!

Three sounds, three people spit blood fall fly, fell on the ground, a face of shock, the gun is not know where to fall.

Wang Fan stepped forward, stepped down a few feet, this just light said, "of course, we are out, your eyes are used to eat excrement?"

"As for the garbage that guards at the door, it has been solved by me. Why, do you have any opinions?"

The three howled in pain and could not say a word.

When Wang Fan dealt with the mutinous members of the black wolf mercenary regiment, he was very modest.

But it's not so easy to deal with these three guys who are obviously members of Huahu society. If it hadn't been for Chu Xiaosheng's use, he would have killed them long ago.

"Let's go." Wang Fan ignored the three guys and directly took mu Qianxin Xiaowu to the hall where Chu Xiaosheng was controlled.

"Chu Xiaosheng, do you feel angry when I play with your old woman?"

"Don't be angry. This woman is my father's and son's woman. If it's not for her to tie you, do you think you can enjoy her for ten years?"

"Don't mention it. It's useless for ten years. This woman is getting better and better. She almost drained me last night."

"If I didn't have to come to you today to clean you up, I'm afraid I would not like to get up in my big bed with her in my arms."

In the main hall, Mo Dabao kneads Li Qingxue and stares at Chu Xiaosheng. He ridicules him wantonly. His tone is obscene. He can't accept it as a man.

Chu Xiaosheng would have burst Mo Dabao's head if he hadn't been suppressed by many guns. Unfortunately, he can only bear it now.

Chapter 1160

"Li Qingxue, I Chu Xiaosheng is really blind, only then can take a fancy to you this slut, you are simply shameful!"

Chu Xiaosheng is gloomy and angry. He looks at Mo Dabao again. "Mo's family name is mo, and I have nothing to say to Chu Xiaosheng."

"I only blame myself for being blind and using people improperly, which leads to so many white eyed wolves' betrayal."

"If you want to kill me, don't talk so much nonsense. If you want me to tell Chu Xiaosheng the bank card code, don't dream. I won't tell you even if I die."

Chu Xiaosheng was extremely angry. He never thought that after Li Qingxue's betrayal, he was betrayed by Tuma.

If it had not been for Malian cooperation, Mo Dabao would not have brought people in quietly.

What makes him more angry is that Li Qingxue even colludes with Mo Dabao and disgusts him.

It's easy to imagine the anger when you see your old woman being fooled by other men.

If it wasn't for him, Chu Xiaosheng had 10 billion assets in a separate account, and only he knew the password, I'm afraid he would have been killed by now.

"What did you say? White eyed wolf? Who is the white eyed wolf

Li Qingxue, listening to Chu Xiaosheng's words, can't help but stand up. Endless resentment emerges on her enchanting face.

She pointed a little to Chu Xiaosheng, "did you regard me as your own person from the beginning to the end? Why do you call me white eyed wolf

"I flatter you for ten years, please you for ten years, share the bed with you for ten years, unlock you in seventy-two positions, but I can't change a bank card password. Why do you call me a white eyed wolf?"

Li Qingxue is obviously very angry with Chu Xiaosheng, "since you don't trust me and are not loyal to me, why can't I betray you?"

It's unreasonable!

Chu Xiaosheng was angry and said with a smile, "it seems that if you don't tell me your bank card password, you really hate me."

"But now I'm glad I didn't tell you the password. If I told you, doesn't it mean that you have told Mo Longtou now, doesn't it mean that I have been slaughtered?"

"In the past ten years, I have wronged you in terms of food, drink, clothing and use? Except for the bank card code, it can be said that I have done everything I can to give you what you want. "

He sighed, "but you, not only don't appreciate it, but also resent that I didn't tell you the bank card code. It seems that people's hearts are really unpredictable. The ancients did not deceive me. "

After that, Chu Xiaosheng was as old as ten years old, and his anger spread like fireworks. This kind of woman is really not worth his anger.

Li Qingxue vomited blood, but she couldn't say a word.

She is indeed the pawn that Mo Longtou broke into Chu Xiaosheng's side. Only ten years ago, Chu Xiaosheng's bank card had only two billion yuan.

Don't underestimate the two billion yuan. The two billion yuan ten years ago is a great fortune.

She dormant in Chu Xiao side for ten years, the purpose is for the bank card password.

But Chu Xiaosheng's mouth is very strict. Rao Shi has used countless methods to inquire, but she can't find out.

Ten years later, Cary's capital has changed from 2 billion to 10 billion.

After ten years of sleeping together and helping each other, Li Qingxue also has some vivid feelings for Chu Xiao.

If Chu Xiaosheng really told her the password, maybe she would not betray even if she risked being dismembered by Mo Longtou.

But Chu Xiaosheng didn't tell her all the time, which made her hate from love, and her thought went to the extreme.

Along with the ten years, Mo Longtou has no patience at all, so he asked her to cooperate with him last night and gave him a vivid hand.

Listening to the conversation, Mo Dabao stood up impatiently and pointed to Chu Xiaosheng,

"Chu Xiaosheng, I'll ask you one last question, where is the card and what is the password? If you say it,

I'll give you a good time. If you don't say it, don't blame me for my tricks. "

His expression became fierce. "Originally, I thought you were a character in the Silver Triangle. I didn't want to fight you until I had to. But if you're not smart, I don't have a choice. "

Chu Xiaosheng laughs at this, "Mo Dabao, don't say it's you, or your father Mo Qingyao stands in front of me and threatens me. I Chu Xiaosheng won't be afraid."

"It's not a day or two for me to be in the world. If I were afraid of threats, I would have died ten times a hundred times."

He pointed a little to Mo Dabao, and his expression became arrogant. "If you have a seed, you can try your means to see if Chu Xiaosheng will bow his head. If I bow my head, I will be raised by you!"

Even if he was reduced to a prisoner, Chu Xiaosheng's blood still existed, especially his backbone.

"Force me?" Mo Dabao raised his eyebrows and grinned, "when I really dare not do it?"

His fingers suddenly a little bit, Chu Xiaosheng left leg, behind a person suddenly draw a gun, directly fired a bullet.

Come on!

When the bullet came out of the chamber, it sent out heat wave and fire light, and accurately penetrated into Chu Xiaosheng's thigh. A stream of blood burst out. Chu Xiaosheng snorted and immediately fell down. But he held the handle of the chair and stood up in pain, rebellious, "I thought you had a lot of means, so that's it."

He also pointed to his head, heart, "come on, shoot here, kill me, even if you have the seed of Mo Dabao!"

"Ha ha, you are worthy of the king of Chu. You are really tough!"

Mo Dabao laughed, "this mouth is really hard. Don't worry, I won't rush to kill you. The game has just begun. "

"I will not rush to kill you, I will first knock off your legs, and then knock off your arms."

"It's said that there are hundreds of bones on people's bodies. I want to see if you will still have such backbone after I break your bones inch by inch with bullets."

Listening to Mo Dabao's words, Chu Xiaosheng's face didn't change much, but the faces of Mo Dabao's subordinates couldn't help changing.

How cruel is it to break bones inch by inch with bullets?

Mo Dabao said, pointing a little to Chu Xiaosheng's right leg, with a cry in his mouth.

The subordinate behind him did not hesitate, but shot directly. With Mo Dabao's voice, he put the bullet into Chu Xiaosheng's right leg.

When he was shot in both legs, Chu Xiaosheng couldn't stand any longer and fell to the ground.

Chu Xiaosheng's subordinates, who were wounded on the ground, looked at the scene with anger in their eyes, but they had nothing to do.

They have been injured and beaten. No matter how angry they are, they can't be saved.

Accompanied by the two guns, accompanied by the fall of Chu Xiaosheng, the whole hall fell into absolute silence, cold surge.

Mo Dabao, on the other hand, grinned at Chu Xiaosheng crazily, "say it or not?"

This time, Chu Xiaosheng didn't even bother to look at him. He gave a cold hum and turned his head to one side.

Mo Dabao was furious, "continue to shoot me, break his arms!"

The elite did not talk nonsense and slowly raised his gun.

But before he had time to pull the trigger, there were two bangs. Suddenly, two young people broke the door and flew in. They fell straight in the middle of the hall.

Their mouths and noses gushed blood, their sternum was broken, their faces were miserable, and they were dying.

Mo Dabao, Li Qingxue, Chu Xiaosheng, including those subordinates of Mo Chu, look at these two people, their pupils are suddenly constricted.

Because they have recognized that these two people are from Mo Dabao and Huahu club.

Mo Dabao's face suddenly changed. He couldn't help looking around. A man and two women came in. At the same time, a light voice came in.

"It's really lively here. King Chu, you want to invite me to dinner. Why are you hiding here?"

The audience was dead in a moment!
