

MIGHTY SK 1161

Chapter 1161

Who is this man? When is the time to eat?

Can't you see that a large number of people have fallen down in the middle of the main hall? Can't you see that Chu Xiaosheng has also been shot in both legs and fallen to the ground?

In particular, the appearance of Mu Qianxin Xiaowu made Mo Dabao and his party look ugly.

Aren't these two people locked up? Didn't Mo Dabao send someone to detain them?

How come the people Mo Dabao sent didn't show up, but the two women showed up first?

Even if they show up, who's the guy talking?

Seeing Wang Fan, Chu Xiaosheng was relieved and said apologetically, "brother, I'm really sorry. I'm a little delayed here. I don't know if I have a chance to invite you to dinner."

He didn't name Wang Fan, but directly called him brother. He was afraid that Mo Dabao would remember Wang Fan and retaliate.

He also spoke hard to Wang Fan, "I have to deal with some private affairs now. Brother, you'd better leave first. There's no business for you here. You don't have to get involved."

Although Wang fan is powerful, Mo Longtou has been in the Silver Triangle for many years, which is even more terrifying.

His followers not only had a large number of fugitives, but also had weapons with great lethality. As the saying goes, it's easy to block a clear gun but hard to defend a hidden arrow. Chu Xiaosheng didn't want to implicate Wang Fan.

"Leave? Did he leave? " Mo Dabao became angry. He suddenly stepped forward and pointed to Wang Fan, "who the hell are you, who let you touch me? Those who dare to touch me, do you want to die? "

He looks very angry, "also, I sent to detain their subordinates, is it also solved by you?"

Mo Dabao was very angry in his heart. He never thought that someone would dare to jump out and hit him in the face in this case. It was really unacceptable to him.

Wang Fan ignored Mo Dabao, but looked at Chu Xiaosheng, "King Chu, you're seeing the outside world. Your business is my business. Now that you have something to do, how can I leave?"

His tone is very casual, "not to mention, such a small goods, I Wang Fan has not been in the eye."

As he spoke, he raised his right hand.

Whoosh, whoosh.

Dozens of silver needles shot out in an instant. The Huahu Hui, who was holding a gun in front of Chu Xiaosheng, didn't even react. He just felt that it was dark and fell to the ground.

Miserable death!

In addition to these people, there are also two guys who try to point their guns at Wang Fan. Before they can lift their guns, they are stabbed into the eyebrows by Wang Fan with a silver needle and fall to the ground like shrimps.

Looking at this scene, the audience was dead again, and everyone's breathing became urgent.

Chu Xiaosheng's subordinates became excited. With Wang Fan as an expert, they probably didn't have much danger today.

What's more, besides Wang Fan, Xiao Wu, the first expert of black wolf mercenary regiment, also came.

Mo Dabao and his entourage had a bad look on their face. They were numb.

As soon as you raise your hand, dozens of people fall to the ground. What is the means?

In fact, Wang Fan's method can only kill and injure people in a small range. Once there are too many people, it will not be so effective.

That's why he didn't use a silver needle in crocodile town.

Wang Fan overturned those people, this just light mouth, "you'd better not try to point a gun at me, otherwise you will regret, believe me."

With Wang Fan's voice, several other guys who tried to lift the gun secretly lowered the muzzle of the gun.

They feel that Wang fan is not alarmist, it is a kind of self-confidence.

Wang fan saw that no one dared to move, and then he looked at Mo Dabao, "you're right. Those three wastes were really solved by me. How can you be unconvinced?"

His tone was full of banter, "are you mo Longtou's only son, Mo Dabao?"

"Just now in crocodile Town, Mo Longtou gave me a big gift. I didn't think how to return the gift, but I

didn't expect you to send it to the door."

He looked serious, "perhaps, this is the so-called fate."

Mo Dabao listened to Wang Fan's words, and his scalp was about to explode. "Who are you?"

He had a bad feeling.

Wang Fan did not answer, but step by step toward Mo Dabao.

Mo Dabao's face changed. "Stop him!"

The hatred in his heart. Originally, Chu Xiaosheng was going to be his prisoner, but now he killed Wang Fan. How can he not hate him?

With Mo Dabao's voice, the two men rushed to Wang Fan with their heads hardened in an instant!

No matter how powerful Wang fan is or how evil he is, they have no choice at this time.

Mo Dabao is their master. If Mo Dabao has something to do, even if they can live, they will be chopped up by Mo Longtou to feed the dog.

In order to prevent Wang Fan from using the silver needle again, they were all very fast. In an instant, they rushed to Wang Fan, waved their fists and feet wrong, and called Wang Fan hard. At this time, the corners of their mouths are flashing a grim smile, the heart is also greatly relieved.

In their opinion, Wang fan is just a powerful concealed weapon. Once they get close to him, Wang Fan will kneel down.

They are confident in their own strength.

However, they just had this idea, and the next second, they opened their mouths in horror.

Wang Fan just light point out two feet, has disintegrated their offensive, will they point fly out.

There was a loud click, and their bones were crushed and fell to the ground. After falling on the ground, they spewed out a mouthful of blood, dyed the ground red and were dying.

Looking at this scene, everyone became shocked again, obviously did not expect that Wang Fan's strength was so adverse.

Only small five one face sneer, not to mention just these two self righteous guys, even if the presence of Huahu will all add up, I'm afraid they are not Wang Fan's opponents.

"What do you want to do? I'm Mo Dabao, Prince of Huahu club. If you dare to move me, my father will not let you go! "

Looking at Wang Fan who came step by step, Mo Dabao wiped away the blood from the corner of his mouth with both voice and color!

He roared at the end of the exhaust hiss, like crazy!

Because he felt a touch of danger from Wang Fan, he felt that Wang Fan really dared to kill him, which made him a little afraid.

"Huahuhui prince?" Wang Fan raised a banter at the corner of his mouth. The next second, he slapped Mo Dabao in the face.

With a slap, Mo Dabao just got up and was knocked to the ground by Wang Fan. His face was sad and miserable.

He was so angry that he almost lost his mind.

As the crown prince of Huahu club, he has been in good weather all these years.

Even if he had been to his father's woman many times, his father would not say anything. He has always stepped on others. How ever has he been stepped on? This is the first time!

"What is the prince of huahuhui? I'm the prince of huahuhui!"

Wang Fan sneered, "don't say you're just Mo Qingyao's son. Even if Mo Qingyao is here, I'll fight if I say so. What can he do with me?"

Mo Dabao covered his face and didn't say a word. He just glared at Wang Fan fiercely. His eyes were as venomous as a snake!

He vowed that as long as he didn't die today, he would take back the place ten times and a hundred times in the future.

If he doesn't scratch Wang Fan's skin and cramp, cut him to pieces and raise his ashes, he won't be called Mo Dabao, even if he has been fooling around for so many years.

"What, revenge?" Wang fan saw through Mo Dabao's mind at a glance. With a sneer, he broke Mo Dabao's legs in the next second.

The sound of clicking came out, and everyone became palpitating.

That's Mo Dabao. That's Mo Longtou's only son. Even before Chu Xiaosheng was ambushed, he had to

weigh up if he wanted to move Mo Dabao.

But now, Wang fan does not hesitate to scrap Mo Dabao's legs. How much confidence does it need?

Is he not afraid of Mo green demon's crazy revenge?

Looking at this scene, even Chu Xiaosheng's eyelids couldn't help shaking, but soon returned to normal.

If there is no these two days of things, perhaps Chu Xiaosheng really do not dare to offend Mo green demon. But now Mo green demon has wanted his life, so what is he afraid of?

Li Qingxue is more direct scared silly, she how did not expect, unexpectedly can happen this kind of God turning point.

"Ah Mo Dabao fell to the ground and screamed bitterly. The tearing voice made his heart tremble.

Wang Fan didn't pay any attention to him any more. Instead, he went to Chu Xiaosheng and took out a silver needle to heal him. At the same time, he asked,

"brother Chu won't blame me for my recklessness? If I've caused you any trouble, I'll say sorry first. You can rest assured that I will leave the black wolf mercenary regiment immediately and try not to involve you. "

Although Wang Fan knew that Chu Xiaosheng could not blame him for abandoning Mo Dabao's legs, it was necessary to say that.

Because this is Chu Xiaosheng's territory, Wang Fan moved Mo Dabao here, Chu Xiaosheng can't get away from it, Mo Qingyao will certainly involve his anger.

Before Mo green demon may be for bank card password, keep Chu Xiaosheng slowly forced to ask.

But now that Mo Dabao is abandoned, Mo Qingyao may not have such a good temper. He is likely to hurt a killer and never die.

"Brother, whatever you say, I have been forced by them to this point. How can you implicate that point?"

Chu Xiaosheng said quickly, "now that you have saved my life and helped me control the situation, don't say that you just abandoned Mo Dabao. Even if you kill him, I will never say anything more."

"Don't worry, the black wolf mercenary regiment is your Silver Triangle home. I, Chu Xiaosheng, would like to advance and retreat with you."

Wang Fan listened to Chu Xiaosheng's words and was very pleased, "brother Chu, if you have your

words, I will be relieved."

"You don't have to worry. In a month, I'll help you kill Huahu club and give you a big gift!"

Wang Fan said, has taken back the silver needle, and then went forward to break Mo Dabao's arms, and quickly grabbed a pile of powder sprinkled on him, then said, "now, you can send someone to send him back to Huahu club."

"I'll go!" Before Chu Xiaosheng spoke, Xiao Wu stood up and left with Mo Dabao.

There is also a great risk in this kind of giving away. If one can't do it well, he will be found out and frustrated by Mo Qingyao.

Xiao Wu, of course, volunteered.

"Brother Chu, you can deal with the next things by yourself. By the way, I've solved the problem of Tuma. You don't have to worry about what's wrong with him."

Mo Dabao was taken away, and Wang Fan didn't have the heart to stay here. After a word, he left with mu Qianxin.

As for Li Qingxue, although he wanted to ask if he was Li Lishan's daughter, he just thought about the relationship between Li Qingxue and Chu Xiaosheng.

"Thank you, brother Wang. Chu owes you a lot." Chu Xiaosheng looks at Wang Fan gratefully and immediately starts to deal with the matter at hand. Let's not say that Li Qingxue needs to deal with it. Even if he is rebellious, he must deal with it as soon as possible.

Although Tuma is dead, those who follow Tuma to rebel are still there. We must not be careless.

Thinking of these, Chu Xiaosheng's face showed a ferocious light that he had never seen before.

It seems that he has been a little too kind recently, otherwise there would be no mutiny at all.

"Brother Chu, brother Chu, for the sake of our ten years, let me go once. I am also threatened, I am threatened

Li Qingxue's face changed very quickly. Without waiting for Chu Xiaosheng to fight against her, she immediately knelt on the ground and begged for mercy, tearful and pathetic,

"I know that I am not a human being, I am not a thing, I should not betray you, I should not collude with Mo Qingyao's father and son to kill you, but I have been with you for ten years, and I have no merit, and I have to suffer, so please forgive me this time."

Li Qingxue's face is full of helplessness. No matter how bad she is, she can't face death calmly.

Chu Xiaosheng's face is complicated. Looking at Li Qingxue, he slowly steps to her side and gently touches her head. "Some things have been done, but they have been done. I'm sorry."

With that, he broke Li Qingxue's neck.

Li Qingxue's head tilted and died in an instant.

She didn't even think that she would die in such a way. But she didn't see the red eyes of Chu Xiaosheng.

Huahu club.

Mo Qingyao has seen Mo Dabao sent back by broken limbs. His eyes are red and his face is twisted. The whole person looks very terrible.

"Chu Xiaosheng! You dare to touch my son of Mo green demon. Mo green demon must tear you alive! "

Rao is no matter how well he is cultivated, he still can't accept seeing his only son disabled.

If Mo Dabao was abandoned by someone he couldn't afford, he might be able to bear this tone without revenge. After all, in his eyes, he is more important than his son.

But now, it was Chu Xiao who made his son alive. How could he not be angry?

Because Mo Dabao didn't know the identity of Wang Fan, he was afraid that he would be abandoned by Wang Fan and was denounced by his father, so he put the charge on Chu Xiaosheng.

He listened to his father's roar, and also followed with rage, "father, that Chu Xiaosheng is too arrogant, you must take revenge for me."

Chapter 1163

Mo Dabao almost cried and hated Wang Fan to the extreme. The pain of his legs and arms made him want to let Wang Fan pay the price now.

"It's useless. Isn't Xiao Wu controlled? Isn't Chu Xiaosheng's confidant also sent away by Tuma? How can this happen?"

Mo green demon is very angry, but he doesn't completely believe Mo Dabao's words. Instead, he asks with a gloomy face.

He could not figure out the details of the accident, which was a safe thing.

Mo Dabao listen to this, heart thump for a while, quickly half true and half false said, "I don't know

what's going on, when I control the overall situation, small five unexpectedly with a young man appeared."

"It was because of their appearance that the situation was reversed, and then Chu Xiaosheng ordered to kill my people and abolish me. He also said that he would give you a big gift."

Mo Dabao said difficultly. After a while, he said, "did the Tuma play with us, or how could Xiao Wu appear so coincidentally?"

"Play with us?" Mo green demon sneer, "give him a hundred courage, he dare to play me Mo green demon?"

He couldn't help pointing to Mo Dabao, "to be honest, did the young man move his hand? Was he very powerful?"

Mo green demon has almost guessed what's going on, most of it is Wang Fan who killed out in the air, which leads to Mo Dabao being abandoned.

After the crocodile town incident, Mo Qingyao also has an intuitive concept of Wang Fan's strength, which is powerful. If it's Wang Fan, he can't help it.

After all, the seven masters of crocodile Town, Kong Wucheng, ou yanchangqing and Yu Mie, did not leave Wang Fan. On the contrary, in addition to Kong Wucheng, the other six people were killed. Wang Fan was a little terrible.

Mo Dabao muttered in his throat. He didn't understand how his father knew Wang Fan. He is considering whether to tell the truth or to continue half true and half false, Mo green demon has cold mouth.

"I tell you, if you want revenge, just give it to me. To be honest, don't embellish it. Otherwise, believe it or not, I'll break your third leg? "

Mo Qingyao is very clear about Mo Dabao's virtue.

Although he loves his son, he is really cruel, which is not recognized by his family. Once upon a time, his favorite woman cheated him and was cut into sections by him.

Mo Dabao's heart thumped for a moment, and he quickly and honestly explained, "yes, yes, that guy is really powerful. He just raised his hand, and the more than 20 people who controlled Chu Xiaosheng had all fallen down. "

"I sent seven Mondo people to kill him, but they were still not opponents. Just a few breaths, he killed seven Mondo people, even we didn't even have the chance to shoot."

Mo Dabao said here, still some palpitations, eyes full of fear.

Wang Fan's method is really terrible. He has been in the Silver Triangle for so long, but he has never seen such a powerful person as Wang Fan.

Even Chu Xiaosheng's little five, even his father, was not his rival.

"It's true." Mo Longtou's eyes flashed a fierce light, "son of a bitch, no matter how fierce you are, dare to move my son, still let you pay the price!"

He said, and waved, "come on, take Dabao to the hospital for me, and tell the doctor that if Dabao can't be cured well, the doctors in the whole hospital will be buried with him!"

"Yes Two subordinates of the order, eyelid jump for a while, and then quickly went to help Mo Dabao.

Just as they had just helped Mo Dabao to the door, they suddenly turned askew and plopped down, turning purple all over. In an instant, they had no life.

Mo green demon looks at this scene, eyelids jump wildly. With his eyesight, how could he not see that these two cronies died of poisoning?

He was a little afraid. Fortunately, he didn't touch his son. Otherwise, he would be mo green demon instead of his confidants.

What a deep plan, what a cruel means!

Mo Qingyao just thought of this -

"ah!" Mo Dabao over there had suddenly uttered a scream, and then rolled on the ground in pain.

He was like being skinned and cramped. He looked very miserable. He fell on the ground and kept rolling. He screamed and died!

Mo Dabao's life is really worse than death. His arms and legs are broken, and every move is painful. Now the body is more like being pulled out of the general tendons, move it, the pain is not good, do not move it, or the pain is not good.

Now he really wants to solve himself with a gun, but he can't.

Mo Dabao rolled for five minutes before stopping. After stopping, his whole body was soaked with sweat, and he became a dead man.

"Son of a bitch!" Mo green demon's eyes are red, his whole body is shaking, his fists are clenched, and his tendons are exposed! His fingernails were also deeply penetrated into the skin of his palm, with

blood oozing out, but he didn't seem to feel any pain at all.

"Good, good, good, Chu Xiaosheng, Wang Fan, you dare to count me Mo green demon, dare to kill my son, this hatred is not common!" Mo green demon is just like a fierce beast, which roars angrily!

Wang fan doesn't know what happened to Huahu at all. What's more, he didn't solve Mo Qingyao's problem. Instead, he just solved two of Mo Qingyao's cronies.

After he left the black wolf mercenary regiment with mu Qianxin, he first went to eat something, and then went to the bar.

In places like the Silver Triangle, although there are constant disputes, there are still many places of entertainment. After all, there are people living here. Even those ruthless people who lick blood at the edge of the knife all the year round also need to relax and vent.

The heavy metal music is booming. Although it's not evening yet, it's very high in the bar.

In the eye, it is not a fierce man who stabs Wen Qing's face, or a beautiful young woman who is enchanting and charming.

Eighty percent of the men in the bar are ruthless characters. At first sight, they are ruthless people who hold their heads on their belts. Fierce eyes, bulging waist!

They are either drinking on their own, or breathing heavily, staring at those enchanting beauties who wriggle and release heartily, spewing hot air in their mouths.

And those enchanting beauty, 18-year-old, 28 year old, pure, mature, domestic, foreign, any type.

They are also far more open than those women in metropolitan bars. They are not only rarely dressed, but also have a large scale of dancing.

These women are either hired by the bar owners and sold from all over the world, or women who are also licking blood on the tip of a knife.

The roaring heavy metal music resounds, the bar atmosphere is high, the air is full of strong hormone breath.

Wang Fan took mu Qianxin to find a place to sit down. He didn't come here to relax, but to ease mu Qianxin's depressed mood.

Even mu Qianxin is not a normal person. He has a lot of blood in his hand. But after this kind of thing, he was almost killed. It's necessary to relax.

Chapter 1164

Mu Qianxin has put on a Black Knee Qipao, which perfectly sets off her concave and convex body.

Her hair is also high dish up, already mature breath appears more mature, the whole person is like a boiled egg, people want to quickly peel and chew.

After a few glasses of wine, her pretty face was a little ruddy and looked more charming.

At a certain moment, she drank a glass of wine again, attracted her red lips, and said to Wang Fan, "Wang Fan, thank you very much. If it wasn't for you, I'd be dead."

When she was talking, the heat from her mouth hit Wang Fan's face, which made Wang Fan's mouth dry.

Wang Fan smiles and grabs the woman's hand. "With our relationship, is it necessary to say thank you? You are my woman. How can I sit back and ignore you when you have something to do? "

He couldn't help sighing, "what's more, this time, it's still because of me. I should say I'm sorry."

He also joked, "fortunately, you have nothing to do. If you have something to do, I'm really distressed. Such a pretty girl has not yet unlocked 72 postures for me. If she hangs up like this, how sad I am. "

"Poor mouth Mu Qianxin listened to these words, and the familiar feeling that he had not seen for a long time poured in. He couldn't help but cast a wink at Wang Fan, "what are 72 kinds of postures? They are going to unlock 180 kinds of postures for you."

"That's not good. You're plotting money and killing people. You want to kill me." Wang Fan exaggerates to say, but in the heart is a relief.

It seems that mu Qianxin did not put the previous things in mind, then he was relieved.

Mu Qianxin didn't pick up Wang Fan, but suddenly leaned forward and snapped on Wang Fan's face. Then he pointed to the dance floor and said, "I want to dance."

"Dancing? How can we do that! " Wang Fan shook his head directly, then pointed to his right face and mouth, "even if it's dancing, you should make up these two positions?"

His face is depressed, "you kiss my left face, I now obviously feel the right face and mouth are not happy, you don't give them, they don't let you jump."

Hiss.

Mu qian can not help laughing, she fingers a tick, "owe, night mend, I went to jump oh."

She said, then slowly stood up, and walked toward the dance floor.

I don't know whether it's intentional or intentional. She has graceful steps, and her waist and buttocks twist out an attractive arc, which makes her mouth dry.

"The goblin." Wang Fan looked at the scene and took a drink to suppress the heat in his body, but he didn't go with him.

First, he doesn't like dancing. Second, he's in this bar. Even if he doesn't follow muqianxin, he's not afraid that muqianxin will have an accident.

Muqianxin soon came to the center of the dance floor, following the music node to twist up. She's a good dancer, obviously.

Three minutes later, she had attracted the attention of the whole audience and became the focus of attention. But she didn't pay any attention at all, and she was still dancing there.

Originally, there were many enchanting girls dancing on the dance floor, but after mu Qianxin robbed the limelight, those who were not willing to be green leaves could only hate their stand, and their eyes were angry and jealous.

In an instant, mu Qianxin was the only one left on the dance floor, and it seemed to be her home.

The men looked at mu Qianxin in the middle of the dance floor, with short breath and hot eyes. Some even pulled open their collars and blushed.

At a certain moment, one of them couldn't help standing up, and then strode toward mu Qianxin.

This person is five big three rough, the complexion is fierce, he is barehanded, shakes three shakes, is arrogant, is domineering.

Wherever he passed, men and women avoided him for fear of blocking his way. Even those cruel people with fierce faces looked at him with fear in their eyes.

This man is an important general of Huahu club, named bald Hu. He is under the jurisdiction of green demon, one of the two trumps. He is also in charge of this bar.

There are more than 100 women who are harmed by bald Hu Guang in this bar. The ruthless people who are chopped to death can't count their hands and feet.

He quickly ran to the front of the dance floor, staring at mu Qianxin, as if eager to swallow mu Qianxin, hot and unscrupulous.

Bareheaded Hu has been running a bar for so long. I can say that I've seen all kinds of women, but I've never seen a woman like mu Qianxin who makes him so excited.

His heart is not mu Qianxin's figure, but mu Qianxin's beautiful face and pure in his bones.

Yes, it's pure.

Although mu Qianxin is mature and charming, he seems to be very dissolute, but he doesn't have the wind and dust of other women.

The combination of maturity, purity and contradiction gives him a different sense of stimulation.

Mu Qianxin doesn't seem to notice bald Hu at all, still wriggling there. She just wants to dance, relax and forget all the unhappiness. At one moment, Hu shizai could not bear the heat in his heart. He suddenly grabbed a stack of banknotes from his pocket and threw them at mu Qianxin's feet.

He pointed a little and said, "accompany me once, this money is yours!"

The tone is domineering, no doubt, and he also believes that mu Qianxin will do this business.

After all, those who come here are all looking for stimulation, and he feels that muqianxin is no exception.

Muqianxin's action stopped. She took a look at the money under her feet, and then looked at the bald Hu, "what did you say? I didn't hear you clearly."

A moment ago, the smile on her pretty face was still very charming. A moment later, the smile disappeared and her face became cold as ice.

"I said accompany me once, that money is yours!" Bareheaded Hu clenched his fist to show his strong muscles and said with a laugh.

He stared at mu Qianxin, eyes are greedy, "20000 yuan, once, already many, you must not be dissatisfied!"

Obviously, this is already a threat.

Mu Qian Xin listens to this words, suddenly smile, her side stops Wang Fan to come over with the eyes, at the same time strides the pace dada to walk toward bareheaded Hu, "are you threatening me?"

"There's no threat, but you can think of it that way." Bald Hu unscrupulous, here is the Silver Triangle, but Huahu will territory, he bald Hu does not have to be afraid of anyone.

"Good." Muqianxin once again a smile, the next second, whoosh, suddenly raised his feet, hard kick to the bald Hu head, fast and cruel!

Muqianxin's strength is not powerful, but it can be. In addition, she was surprised, bald Hu did not expect, so bald Hu did not respond.

With a bang, mu Qianxin's toes were on his bald head. A stream of blood burst out on his head, and the whole person fell down in an instant.

Mu Qianxin didn't stop, but suddenly jumped out of the dance floor, raised his feet and started to connect with bald Hu.

Fierce, tricky, sharp!

This period of depression, this period of frustration, she is also in urgent need of vent, now finally find vent object, completely burst out.

Looking at this scene, all the people around are discolored, it seems that how did not expect, muqianxin even dare to bare head Hu start.

Is this a tired rhythm? They seem to have anticipated the tragic end of Mu Qianxin.

Chapter 1165

Muqianxin one foot after another, the action is very fast, the foot is very hard!

But bald Hu is not a weak hand. After being knocked down by mu Qianxin, he quickly reacts and starts to roll on the ground regardless of the pain.

After rolling under a table, he finally seized the opportunity and stood up abruptly.

At the same time, muqianxin also stopped. She also did not expect that the bald tiger was so powerful that she escaped her attack.

Bareheaded Hu stood up and wiped the blood on his head. Then he glared at mu Qianxin and roared, "bitch, dare to attack me. I don't think you want to live!"

"Damn it, you can be a stick in this bar when you are tired of being played by Laozi brothers! I want you to be a man

He was very angry. He was swept by a woman and got into the table. What a shame!

"Brother Hu, what's the matter?"

"Brother Hu, this girl doesn't know how to praise her. Do you want to teach her how to behave?"

"Damn it, if you dare not give brother Hu face and challenge brother Hu in our court, you are looking for death!"

At this time, a group of bareheaded Hu subordinates also heard the news and rushed over.

Some of them saw what had just happened, others did not, but now they are equally angry.

Bareheaded Hu is their boss, no matter who, dare to move bareheaded Hu, that is not with them!

Bareheaded Hu, listening to the chatter of his subordinates, felt even more humiliating. He had the intention to clean up muqianxin himself, but his head was in pain. He was afraid that he would be humiliated if he capsized in the sewer.

So he could only admire a thousand hearts and shout to his subordinates, "you take that bitch for me. If I don't kill her today, I won't be bald headed!"

"Yes Those hands listen to order, immediately hit chicken blood to rush toward Mu thousand heart to rush past.

It's like a tiger attacking a sheep!

Bareheaded Hu is to take advantage of this time, quickly take out the trauma medicine, put it on the head, stop bleeding and relieve pain.

Mu Qianxin looked at those fierce men, his face changed and he retreated in an instant.

Then hands suddenly picked up a nearby wooden chair, toward the front of the person then boom down!

Bang, the man's body was hit and fell back in a mess. The wooden chair was also torn apart!

At the same time, because of his fall and retreat, he disrupted the pace of his companions.

At this time, mu Qianxin has suddenly grabbed a wine bottle, rushed forward two steps, and smashed another person's head.

With a bang, the wine bottle broke, and the man's head was splashed with blood. His body faltered and growled, "I'll kill you!"

Come on!

Another sound, mu Qianxin has raised his foot and kicked his abdomen.

He pedaled backward and fell to the ground. It was hard for him to get up again.

That's high-heeled shoes. The high-heeled shoes are stuck in the abdomen. How can you breathe for a

while?

A man ran from the side, swung his fist to Mu Qianxin's back.

Mu Qianxin's body flashed and missed it. Then he grabbed each other's arms with both hands and gritted his teeth to a 360 degree corner.

Kaba Kaba

the man's arm was twisted into a twist, and at the same time, mu Qianxin had already kicked him to the ground with the same kick.

Looking at this scene, both men and women around us were shocked.

It's worthy of Silver Triangle. It's really Hidden Dragon and crouching tiger.

If you don't see it with your own eyes, who can imagine that mu Qianxin, such a charming and seemingly harmless woman, is so cruel and cruel?

Where is this rose with thorns? It's just a poisonous rose!

Mu Qianxin's things are not going well recently. He's already depressed. Besides, he's drunk a little and has some problems.

After gaining the upper hand, she didn't give the enemy a chance to breathe. She immediately stepped forward, grabbed one of them by both hands, and then raised her knee and bumped into the other's head!

Bang!

The enemy nosed and fell to the ground.

Muqianxin did not go to see him again, but rushed to another fierce man.

As soon as the fierce man's face changed, he was about to raise his fist to meet him. Mu Qianxin had already flashed to his side. Then he cut his neck with his right hand.

MENGNAN's figure suddenly, subconsciously feel a little dizzy, and at this time, mu Qianxin has suddenly turned back, hands grasp his head, hit the table.

Bang!

Centered on the contact between his forehead and the table, the blood spurted everywhere, and the table broke into pieces with a click.

The scene is a moment of silence!

Isn't that crazy?

Everyone can see that muqianxin's strength is not strong enough to deal with so many people. But mu Qianxin is very flexible and has a lot of means, which can defeat each other one by one. The baldhead Hu, who had been relieved, looked at the scene and was almost angry. His eyes glared at mu Qianxin, "bitch, I'll kill you!"

And then he pounced on it!

He just picked up a girl, but he didn't expect that she didn't make it. On the contrary, she was made a chicken feather. If it came to Mo Longtou's ears, he wouldn't lose a few heads.

Muqianxin put over so many people, is also the limit, but also has vent almost.

She didn't dare to do it again, and didn't dare to meet bareheaded Hu. Instead, she stepped back quickly and called to Wang Fan, "dear, help me."

Nani?

The whole audience was in a daze.

Even bald Hu was stunned, and his figure could not help but stop. This woman has a man and a helper?

He didn't think of it.

Wang Fan has slowly stepped forward from the crowd, ignoring everyone's shocked and envious eyes, put his arms around mu Qianxin's waist, "are you still happy?"

"Well, happy." Mu Qianxin's face was slightly red and he nodded.

"Did you have a good fight?" Wang Fan asked again.

"Have a good time." Mu Qianxin nodded again.

"Is the mood much better, not depressed?" Wang Fan asked again.

"Well." Mu Qianxin nodded again.

"Damn it, I want to die!" Bareheaded Hu has been completely angry! The conversation between the two people, as if nothing had happened, was obviously the biggest slap and provocation to him!

What the hell do you think he's bald? Toys? clown? Who to vent? He has the heart to kill!

In the Silver Triangle for so long, he has never seen such arrogant people as Wang Fanmu Qianxin, which makes him crazy and angry!

"Son of a bitch, if I don't play with you today, I won't be bald headed!"

He can't help it any more, and pours madly at Wang Fan.

The opportunity to kill!

Just in an instant, the bald Hu rushed to Wang Fan, swung his fist like a casserole, beat up 100% of his strength, and smashed Wang Fan's head.

He wants to blow Wang Fan's head with a fist first. Only in this way can he save some face.

Wang Fanmu looked at the scene with a thousand hearts. His eyelids didn't move or even hide. He looked like a fool.

People around are all heavy nose, face excited, can not bear, and blood excited, but not afraid.

They are all cruel people. Who hasn't seen blood yet?

Hoo

under the gaze of all the people in the audience, the bareheaded Hu's fists immediately set off a roaring wind, close to Wang Fan's head.

Wang Fan's eyes narrowed and he looked up slightly.

Chapter 1166

The next second, Wang Fan's fist has been blown out!

Fight!

Bang!

Bareheaded Hu flew out with a frightened face, and the whole right arm was twisted in the click sound.

The whole scene was as silent as death, and the hearts of the people around were almost jumping out.

They didn't expect that mu Qianxin was so cruel, even if he was more cruel!

Looking at the bald beard that fell on the ground and couldn't get up, looking at the twisted right arm of

the bald beard, they just felt that their scalp was numb.

Ah!

Severe pain, Rao is bald, Hu is a tough man, can not help but open his mouth issued a harsh scream.

He stares at Wang Fan and mu Qianxin, and his anger is undisguised.

"Son of a bitch, dare to touch my bald head, you're dead, you're dead! I'll keep you out of the Silver Triangle, I'll keep you dead! "

After the shrill scream, bareheaded Hu roared angrily.

For the first time in so many years, he suffered such a serious injury. Even if he fought with others before, he was not so embarrassed as he is today.

When people around listen to the gnashing threat of bald head Hu, they all feel a little chilly. They can all hear that bald head Hu is not alarmist, he is really angry.

They thought Wang Fan would take advantage of this moment to retreat, but they did not expect that Wang fan not only did not go, but also opened a chair and sat down.

After sitting down, Wang Fan said faintly, "do you want me to die without a whole body? OK, I'll give you time. I'll wait here for you to make me dead. "

Arrogance!

Overbearing!

The arrogant tone, not to mention the bald Hu was almost not angry a mouthful of blood spray out, even the people around also feel that Wang fan is some fork over.

In the Silver Triangle, people of Huahu club don't want to run away. They dare to swagger and wait for revenge. What's wrong with this?

No one believes that Wang Fan has the strength of Huahu club.

Bald Hu hen looked at Wang Fan, did not say anything, but immediately with the other hand out of the mobile phone, dial a phone.

"Brother Hua, I was beaten in the field. The other side is a man and a woman. They are very arrogant and powerful. You must take revenge for me."

He added, "also, the woman is very beautiful. After solving them, the woman is yours!"

Pop!

Only when Hu Caigang said that, Wang Fan had already picked up a wine bottle and smashed it on his head, ending his call.

"Call people, call people, where so much nonsense, dare to insult my woman again, be careful I will kill you now." Wang Fan's tone is incomparable.

Bareheaded Hu is almost crazy, NIMA, this is too damn arrogant, right? He's bald. He's never lost such a big man.

Just in the face of strong Wang Fan, at this time he did not dare to say anything, can only hate staring at Wang Fan.

He swore that when brother Hua came later, he would tear Wang Fan to pieces.

A luxurious room, blue and white is holding an Indian girl crazy vent, suddenly received a bald Hu phone call.

Listening to the contents of the phone, he was furious, even gave up the final sprint and stood up directly.

Because he failed to snipe Chu Xiaosheng that night, so that Mo Longtou didn't give him any good face all this time, which made him very depressed and angry.

He wanted to go to Wang Fan for revenge, but he thought of Wang Fan's terrible strength, so he was scared and quickly put out the idea.

He wants to go to Chu Xiaosheng's territory, but Chu Xiaosheng is not a dog and cat. He still has no confidence, so he can only bear it.

Now I hear that there is a provocation from bald Hu. How can he resist it? He wants to vent all the grievances and anger of these days.

"Brother Hua, where are you going? People still want to"

when Indian girl saw blue and white get up, she immediately pouted her lips, got up and made a provocative gesture, but what she faced was blue and white's merciless kick.

Bang, blue and white directly kicked her down on the bed and roared, "if you want NIMA, go away!"

Finish saying, blue and white put on clothes, then took ten good hands, fengfenghuo toward the bar killed in the past.

In fact, with his strength, there is no need to lead people at all. But it's not peaceful now. He just sniped Chu Xiaosheng. It's inevitable that Chu Xiaosheng won't send someone to stare at him. For the sake of insurance, he brought his cronies.

Half an hour later, blue and white has come to the bar, he didn't even bother to push the door, bang to kick open, directly rushed in.

"Who dares to make trouble in our Huahu club? Are you impatient? Stand up for me

Those customers who stay in the bar and are ready to watch the opera, when they see blue and white appear and listen to the murderous voice of blue and white, immediately flash to one side, and fear emerges in their eyes. Yes, it's fear.

Although blue and white is like a dog in front of Mo Longtou, it's still tough in front of outsiders.

He is one of the two trumps of Huahu club. How can he not be a bull? Even these ruthless people who play and relax in bars don't dare to provoke blue and white.

They look at Wang Fan's eyes have become pity up, in their view, Wang fan is mostly finished, muqianxin's end is not much better.

The newborn calf is not afraid of tigers. Although Wang Fan has great strength and courage, he wants to challenge huahuhui with one person's strength. It's a stupid act to seek death.

"Brother blue and white, that guy is in there. He is waiting for you to come."

A bar boy angrily came forward and reported to blue and white, "that guy is too arrogant."

"He didn't say that he had beaten brother Hu. He also said that he didn't pay attention to our Huahu club. What's more, brother blue and white is a fart. He said that he was waiting there, waiting for brother blue and white to retaliate."

"What, such a thing?" Blue and white listen to this, it is a rage, the whole face wrinkles are condensed together.

How dare someone say that his blue and white is a fart? How can he bear it? His anger can burn out three rivers and five seas.

Blue and white pulled open a collar button, while marching towards Wang Fan's direction, while making a fierce voice,

"good, good, really good! I've never seen such a big blue and white man before

"I dare to say that my blue and white is a fart, son of a bitch. I want to see who dares to be so arrogant and whether I have three heads and six arms!"

Blue and white gnashing their teeth roar, has run to Wang Fan in front, but because Wang Fan back to him, so he did not see Wang Fan's face.

Looking at Wang Fan sitting there like a Damascus, blue and white anger is rising again. Is this guy too arrogant? He's blue and white, but he doesn't even have any reaction?

Angry!

It's just anger!

He is going to leave a few more cruel words, Wang Fan suddenly opened his mouth, at the same time, he slowly turned back his head, "you said well, I'm so arrogant, but I don't have three heads and six arms."

Wang Fan's tone is very flat, "how, I'm arrogant, do you have any opinions?"

Chapter 1167

No one thought that Wang Fan would dare to say so in front of the blue and white, this is the rhythm of death, can no longer die!

"What a son of a bitch, I'll kill him." Blue and white is also angry, almost can't help but raise his hand to waste this arrogant guy.

It was only when he said eight words that his voice suddenly stopped.

He saw Wang Fan's face clearly.

This face, even if it turns to ashes, he will not forget it.

"Yes, you?" Blue and white pupil suddenly tight, murmur out sound, but the heart is set off a storm.

He didn't expect that it was Wang Fan who smashed them.

"Why, surprised to see me?" Wang Fan stood up and said, "blue and white, Hello, meet again. By the way, what did you want to say just now? Are you going to kill me? "

Wang Fan pointed to his head, "come on, I'll wait for you to kill me."

There was a dead silence.

The people around are even more muddled.

Naturally, they could see that blue and white knew Wang Fan, and they were afraid of him.

Their hearts set off a storm, can not help but have guessed the identity of Wang Fan.

Who is this man? It's too arrogant. He's even afraid of Qinghua. Is he Mo Longtou's illegitimate son?

After all, looking at the whole Silver Triangle, there are not many people who can make blue and white afraid.

Even if Chu Xiaosheng appears here, blue and white may not be afraid, but here is Huahu's territory.

Gudu

blue and white couldn't help swallowing their saliva, and then said, "you are too arrogant, right? This is our Huahu club. You even make trouble in our Huahu club. You don't pay attention to our Huahu club, do you?"

"I tell you, a large number of elite members of our Huahu club will be killed soon. Even if you have three heads and six arms, you can't get away when they kill you."

The momentum of blue and white suddenly weakened, trying to scare Wang Fan away in this way.

That's right. It's Wang Fan's withdrawal.

Because he knew that if Wang Fan launched a fierce attack, they would not see enough people.

Although the business of crocodile town is a secret, I still know it as a blue and white man. Wang fan can be killed from crocodile Town, and even killed any one of the six strong men who can hang him. How can he not be afraid?

The people around are confused again.

The people at the scene are not fools, but come out of the blood fire. How can they not understand the meaning of blue and white?

They are more shocked, not Huahu people, but make blue and white afraid to such a degree, who is this person in the end?

Wang Fan listened to the threat of blue and white, but was not afraid to smile, "what is Huahu, why should I put it in my eyes?"

"And when did I say I was leaving? Do I have to run away to deal with the little shrimps of huahuhui? "

He said, has arrived in front of the blue and white, and then raised his hand to fight in the past.

Blue and white did not react at all, or had forgotten the reaction, and let Wang Fan slap him in the face.

After a few slaps, the blue and white faces were completely swollen, and several teeth were mixed in the blood trough and spit out.

There was a dead silence.

No one thought that Wang Fan would dare to fight blue and white face to face.

No one thought that blue and white even did not hide.

This scene is far beyond their expectation.

After blue and white recovered, he only felt the burning pain on his cheek. He was almost crazy.

Just think of Wang Fan's strong, he can only endure, "I tell you, you'd better not too much, otherwise, I will certainly not let you spend tiger."

He still only dares to threaten, but does not dare to do anything.

In his heart, he prayed that his brothers called the big army quickly, but none of his brothers were stupid enough to take out their mobile phones.

It seems that they are also very muddled, unable to figure out why blue and white should be so afraid of Wang Fan and why they dare not fight back.

"Oh, really, you can let the people of Huahu club come here. What's more, do you think I will let you go

Wang Fan put his foot on the blue and white belly and kicked him away. "You Huahu will collude with others to plot against me. You are my woman, and even nearly killed me. Do you think I will do this?"

Blue and white was kicked by Wang Fan to fly seven or eight meters away, knocked over two tables, and fell to the ground in confusion, with ferocious eyes.

He clenched his fists and twisted his face. He looked at Wang Fan as if he wanted to kill him. But for a while, he couldn't get up at all.

But Wang Fan ignored it and still walked close to the blue and white flowers, "and you, who provoked me that day and tried to kill me, let you get away with it. Today, I'm afraid you're not so lucky to get away with it." Blue and white eyelids jump.

Over there, the bald beard on the ground was completely stupid, and his brain was blank.

God, what kind of person did he offend? How could he be so arrogant and arrogant that he didn't even pay attention to green flowers?

What he couldn't accept most was that when Wang Fan played blue and white, blue and white did not dare to resist. They could only endure, or even only dare to threaten with words.

Bald Hu's heart sank to the bottom, and the expression on his face was like that of his dead parents.

Blue and white bring that ten subordinates to see here, is finally back to God, a burst of anger!

Hula!

As soon as they moved, they immediately stopped in front of Wang Fan and spoke angrily.

"Son of a bitch, dare to touch our blue and white brother, you're going to die!"

"Dare to be wild in our field, dare to move brother blue and white, I will not kill you today, I am a son of a bitch."

All these people are very angry. They are all in the world. How can they tolerate being provoked and slapped in the face by Wang Fan.

Although they don't know why blue and white are so afraid of Wang Fan, Wang fan is only one person. But there were ten of them, all of whom could fight and had guns.

Even if Wang fan can fight again, they don't believe that ten people can't make one Wang Fan.

At the same time of roaring, the two fierce men had already stepped forward two steps and punched Wang Fan.

The other eight people quickly retreated and grabbed the gun in their hands. The muzzle of the gun pointed directly at Wang Fan's position.

As long as the two companions were overturned by Wang Fan, they would shoot at the first time and kill Wang Fan.

As for whether it will hurt the surrounding onlookers, it is not something they can consider.

In their eyes, killing a person is no different from killing a chicken, as long as they don't kill their own people.

Blue and white wanted to ask his subordinates to stop, but it was a step late, but his eyes soon lit up.

If his subordinates can really deal with Wang Fan, it's not a good thing for him. His heart began to look forward to it.

"Ah, even the green flowers dare not move me, where do you come from?" Wang Fan sighed, his hands suddenly grabbed the two men's arms, turned and pulled them down on the ground.

Two bangs.

The two men fell to the ground and howled.

At the same time, Wang Fan has also seized the gun in their hands, his body has crossed the diagonal line, and pulled the trigger mercilessly.

Chapter 1168

Come on, come on!

The sound of gunfire was deafening.

Wang Fan fired eight bullets at the eight men.

The eight men fired countless bullets at Wang Fan.

The scene was spectacular and shocking.

The bullet with high temperature seems to turn the whole bar into a sauna.

The bar customers listened to the gunfire and found shelter or fell to the ground.

Bullets have no eyes. Everyone is afraid of being affected.

But even so, some people were hit by stray bullets.

"Ah

A enchanting girl was shot in the thigh and fell to the ground with a piercing scream.

"Well"

a young man was hit by a bullet in the shoulder and snorted miserably after he fell to the ground.

There are seven or eight people are more miserable, direct bullet pierced the head or heart, immediately died.

The scene was a mess of blood.

However, those who survived by chance were all stupid when the gunfire stopped and they looked up again.

I saw the eight shooting men, all fell to the ground without a word.

Their death is also very similar, a shot in the head!

Looking at this scene, the whole bar atmosphere has become quiet, as if even the air has become stagnant.

Their eyes that look at Wang Fan again also become different, this person is too rebellious, even if the force is powerful, the shooting is more sharp.

Eight shot eight people. What's the concept?

Bareheaded Hu and the two men who fell to the ground after Wang Fan broke their arms couldn't help swallowing a mouthful of saliva, and their back was soaked in cold sweat.

Fortunately, they didn't shoot, otherwise, I'm afraid they would be one of the dead.

Looking at the eight dead companions, they seemed to feel that the pain was not so painful.

Although blue and white had expected the ending, he was still disappointed when he saw it happen.

It seems that he can't avoid the disaster today. He has to face it.

He hated the bald beard in his heart, but it was useless.

"Well, play with me and don't look at what you are." Wang Fan blew a breath towards the hot muzzle of the gun and snorted with disdain. Then he continued to walk slowly towards the blue and white.

As for the dead guests, Wang Fan had no pity at all.

Let's not say that those people were killed by blue and white subordinates, even if they were killed by him?

He has experienced such things here. Even if these people don't leave, they still go to the theatre and deserve to die. What's more, how many good things are there in the Silver Triangle and this bar?

Blue and white looked at Wang Fan, who was approaching slowly. There was only despair in his eyes. He bit his teeth and said, "brother, if you have something to say, please don't kill me."

"If you want money, you can count it. As long as I can take it out, I will give it to you. If you want me to

help you, I will try my best as long as I can do it without violating the principle, even if I go through fire and water! "

Blue and white have no choice but to admit.

There's a saying that it's better to live than die. He's not very old. He doesn't want to die because he hasn't spent a lot of money and a lot of girls.

Wang Fan listen to blue and white words, almost can't help but to kick in the past.

Isn't it funny that a guy who is in the Silver Triangle and doesn't know how many innocent creatures he has slaughtered tells him principles?

But Wang Fan, who wanted to kill blue and white, changed his mind after hearing what blue and white said. This blue and white flower is greedy for life and afraid of death. It has a high position in Huahu society. It can be used.

Thinking of this, Wang Fan immediately said, "money, right? Well, one billion. I'll give you three hours. If the money doesn't arrive in three hours, I'll kill you. "

"But I think it's very necessary for me to take you away from here in order to avoid your big army coming."

Wang Fan said, waved to Mu Qianxin in the distance, then picked up the blue and white and left the bar.

Looking at Wang Fan who picked up blue and white like a chicken, those customers who dare to get in the way, let them go one after another.

Mom, blue and white is a man of 1780 Jin. He was carried by Wang fan like a chicken, which seems to be effortless.

after Wang Fan left the bar with blue and white, he turned several corners and made sure no one was following him, so he took him to the black wolf mercenary regiment.

Blue and white looked at this scene, his face changed, "didn't you ask me to raise money? What did you bring me here for?"

Black wolf mercenary regiment is Chu Xiaosheng's territory. Where can blue and white be afraid?

Once he entered the black wolf mercenary regiment, I'm afraid it's impossible for him to come out in his life.

"Do you have the right to decide where I'll take you? Shut up if you don't want to die! " Wang Fan coldly looked at the blue and white, blue and white immediately no longer dare to speak, the whole heart like

falling ice cellar. A little calm, he seemed to think of something, his face suddenly changed, "do you want me to betray Mo Longtou? Do you want me to help you deal with Huahu club? "

Blue and white can mix to the present situation, can live to the present, absolutely is not what brain damage, he thought of these at the first time.

Wang Fan sneered, "it seems that you are not stupid. You can even think of this. I thought you wanted me to remind you."

Wang Fan just said here, blue and white immediately shook his head, "other I can promise, only betray Mo Longtou this thing not."

He shook his head like a rattle, with only fear in his eyes. "Mo Longtou is so terrible that I dare not betray him. If you really want me to do that, you might as well kill me! "

It's very firm.

And from his eyes, it is obvious that he is really afraid of Mo Longtou, not a show.

Wang Fan sneered, "Mo Longtou is terrible. Am I not terrible? It doesn't matter, you can not agree, but I will let you know, I am more terrible than Mo Longtou ten thousand times

Wang Fan said, a slap directly knocked out this guy, once again carrying into the black wolf mercenary regiment.

"Wang Shao."

"Wang Shao."

The black wolf mercenary regiment met Wang Fan and said hello respectfully.

Obviously, they know about the mutiny of Tuma and that Wang Fan saved Chu Xiaosheng's life.

Wang Fan waved to them and went to Chu Xiaosheng's residence with blue and white flowers.

"Brother Wang Fan."

"Wang Shao."

When Chu Xiaosheng and Xiao Wu see Wang Fan coming back, they all stand up and smile.

After the Tuma rebellion, they really took Wang Fan as their benefactor.

But soon, Chu Xiaosheng saw the blue and white, suddenly his eyes were cold, "blue and white?"

He was shocked. It seemed that he never thought that Wang Fan just went out for a walk and caught such a big fish.

"Yes, he is blue and white." Wang Fan nodded with a smile, "brother Chu, help me find a room and let him stay for two hours. I want him to be our trump card against Mo Qingyao."

"Good." Chu Xiaosheng didn't talk nonsense, but he arranged it.

After Wang Fan threw the blue and white flowers into the arranged room, he just pricked a few needles on him, and then left.

He believed that blue and white could not carry his means.

Chu Xiaosheng is a little confused, torture blue and white, let blue and white mutiny, should not be with blue and white together, Wang Fan this leave is a few meaning?

But he didn't ask much.

Chapter 1169

Half an hour later, the brother who was in charge of guarding the gate of blue and white came to report, "king of Chu, Wang Shao, blue and white has compromised and said that they are willing to be driven by you."

Wang Fan was dumbfounded and said, "I agreed so soon. I thought I had to last another 20 minutes."

He waved his hand. "Bring it up."

Chu Xiaosheng's subordinate was ordered to withdraw immediately.

Five minutes later, he came in with the dying blue and white.

Blue and white look very bad, pale, curled up all over, as if dehydrated in general. He looked at Wang Fan as if he had seen a ghost, full of endless fear.

Terrible, it was so terrible. The previous half hour was a nightmare for him. He wanted to kill himself and end the pain.

Wang Fan stepped forward and pricked a few needles on the blue and white body, then said with a smile, "have you considered it clearly, do you want to do it according to what I said?"

"Think about it. Think about it." Blue and white quickly nodded, no more resistance and pride.

Wang Fan sighed, "that's right. If I had known this, why should I have agreed earlier? I had to bear the

pain in vain."

Blue and white listen to this, almost no gas fainted.

How did he know that Wang Fan's means were so terrible?

He thought he was a man of iron and steel, and he was confident that he could bear any lynching, but the pain just now was not what he could bear.

Wang Fan didn't talk nonsense with blue and white. After Chu Xiaosheng's subordinate retreated, he immediately said what he thought.

An hour and a half later, blue and white to Wang Fan account played two hundred million in the past, and then left the black wolf mercenary regiment.

Huahuai base camp, has been hanging everywhere white cloth, even those huahuai elite, head and arm are tied to the white bar, the atmosphere seems a little sad.

In one of the mourning halls, countless female dependents were crying, and their voices were very sad.

In the middle of the hall, there is a coffin, in which lies the dead Mo Dabao.

The lid of the coffin has not been sealed, and Mo Dabao's frightened face and abandoned hands and feet can be seen.

Mo Qingyao looks at Mo Dabao's familiar face and listens to the weeping of the women around him. His face is very gloomy, but he doesn't speak.

He just clenched his fists, and there was outrage in his eyes.

Mo Dabao is his only son, even if he doesn't recognize his relatives and interests are supreme.

Now Mo Dabao is dead. He still feels a little worried.

Those women's families seemed to feel Mo Qingyao's anger, one by one crying harder, and even a few people knelt on the ground and began to cry.

Their noses and tears fell down as if their son had died.

Even those elite, are the same head down, hand wipe hard to squeeze out the tears.

No matter whether they are really sad or fake sad, at this time, posture must be done. Otherwise, it is likely to be killed by Mo Longtou and taken to be buried with him.

Dada dada.

At the moment when the atmosphere of the scene seems to be a little depressing, accompanied by bursts of strong footsteps, a tall, cold faced woman came in.

Women wear a military uniform, delicate body concave and convex, two beautiful legs are round and slender, full of amazing explosive power.

Her hair was curled up and her eyes were covered with black framed glasses. She looked wild and intellectual.

Contradictory combination, but can not hide her amazing charm.

This person is another major cadre under Mo Longtou, Kelina. She is in charge of the army and training. Her position is no worse than that of the two ace blue and white boat tigers, and she is deeply trusted by Mo Longtou.

Kelina walked to Mo Longtou in three or two steps and reported respectfully, "Longtou, just now there was news that bald Hu and his party were beaten and blue and white were tied away."

Mo blue and white listened to this, eyelid couldn't help shaking for a while, then asked, "who did it?"

Corinne shook her head. "I don't know yet. I heard from my subordinates that it was a man and a woman. Because the scene monitoring was destroyed, their identity is still under investigation."

Originally, there was no need to report this kind of thing to Mo Qingyao, but when it came to Qingyao, Corinne had to report it.

"A man and a woman? Don't know the identity? "

Mo Longtou was furious. He got up and grabbed Kelina's hair. Then he slapped her with his backhand and said, "Damn, you don't know anything. What do you report to me?"

With a slap, there were several more fingerprints on Corina's snow-white face and blood oozing from the corners of her mouth.

But she didn't even dare to show any anger. She quickly bowed her head, "I'm sorry, it's Lina's dereliction of duty."

"Dereliction of duty? Where did you neglect your duty? "

Mo Longtou roared, but he didn't continue to beat Corinne. "Damn it, the blue and white bastard is really more alive and more back. He can even be tied away. He's the one who fucked me."

"It's also rumored that they are the two trumps of Huahu club. Bullshit, trumps can be tied away in full view of the public, which is also called trumps?" Mo green demon's anger can burn the whole hall to ashes.

Recently, things are really not going well. First, his elaborate Chu Xiaosheng killing plan was broken, then the crocodile town accident, and then the only son Mo Dabao died miserably in front of him. Now it's even better that blue and white was directly tied away.

He Huahu will be the Silver Triangle overlord, but he often encounters this kind of thing, how can he bear it?

Corina listened to Mo Longtou's roar, but bowed her head and didn't say a word. Obviously, he knew that she was not suitable to speak in this situation.

Mo Longtou scolded angrily, and then said, "don't worry about the blue and white, the most urgent thing is to do Dabao's affairs first."

"By the way, the confidants that Dabao usually brings along, as well as the women that Dabao likes most, all send them to me to accompany Dabao."

"I'll blow up all the entertainment places that Dabao often goes to tonight, except those in Chu Xiaosheng's territory."

Mo green demon calm down, "my only son died, the aftermath must be done vigorously, only in this way, he will not be lonely there, will not be bullied."

Listen to this, the people around is a chill.

It's too cruel to treat people as human beings.

Especially those women who have had an affair with Mo Dabao have a heart like falling into an ice cellar.

They won't believe that Mo Longtou just said it. Since he said it, he would definitely do it.

"Yes Corinne nodded respectfully.

"Newspaper!"

At this time, another report came, "the blue and white hall leader has come back."

"What? Blue and white is back? Can he come back alive? " Mo green demon listen to this words, that just press down of anger, instantly expanded again.

He waved, "let him in!"

"Yes My subordinates are ordered to leave.

Ten minutes later, blue and white had already walked into the mourning hall in fear.

He was still in that dress, still pale, so embarrassed.

Chapter 1170

"Aren't you taken away? How did you get back? Say it! Dare to cheat me, you know my means

Mo green demon see blue and white come in, immediately pinch out the gun in the hand, pointed to the blue and white head.

"Calm down, dragon head!" Blue and white face suddenly a change, plop a kneel on the ground, "I was bound by Wang Fan, he is the guy that saved Chu Xiaosheng that night."

Blue and white did not choose to lie, but to tell the truth.

This is what Wang Fan told him. Wang fan knows that Mo Qingyao must be very suspicious. Only by telling the truth can his doubts be dispelled.

"Oh? Wang Fan Mo green demon eyes narrowed for a while, the next second face immediately changed, "you fall into his hands, there is life back?"

While he was talking, he had already taken a few steps forward and stuck the black muzzle on the blue and white head, "have you been rebelled, and come back specially to be an undercover to deal with me?"

"Blue and white, I advise you to put away your careful thinking, otherwise, don't blame me for sending you to accompany Dabao on the road."

In the crocodile town incident, Mo Qingyao has realized that Wang fan is powerful, let alone blue and white. Even if he falls into Wang Fan's hands, Mo Qingyao will not be able to come back alive.

"No, really not." The green demon answers quickly, and looks directly at Mo Longtou to show her innocence.

Now is the most critical moment, as long as he survives these seconds, he can dispel his doubts.

Blue and white are shaking all over, even clothes have been soaked in cold sweat again, "he took me away, just tortured me, and then let me give him 200 million, let me go."

"I don't know what's going on, and I don't know why he let me go, but I swear I didn't betray you."

Blue and white wiped a cold sweat on her forehead to hide her fear, and tried every means to dispel Mo Longtou's doubts,

"how can I betray you and how dare I betray you when I have been loyal to you for so long?"

Mo Longtou stares at the green demon for a while, until the green demon's scalp is numb. Then he puts away his gun, and hums coldly, "I don't dare you."

He then began to curse, "Damn, Wang Fan's grandson dare to do this with me. It's disgusting."

"Don't you just want to use Lao Tzu's suspicion to kill you, and then cause dissatisfaction and rebound among the subordinates? It's such a deep plan. I won't be fooled! "

Cleverness is mistaken by cleverness.

Blue and white listen to Mo Longtou words, heavy relief, and then powerless collapsed.

He knew that his life had been saved again. It was very dangerous.

At the same time, he also secretly admired Wang Fan. He was not old, but he was very clever. He even calculated Mo Longtou's personality and psychology.

It's terrible!

"Now that you're back, don't worry about going out. You should cooperate with Kelina to finish Dabao's funeral. Later, we'll find the new and old accounts of Chu, Wang."

Mo green demon breathes out a breath and says.

"Yes." Blue and white should be a, quickly and Kelina together back out.

They just quit, Mo green demon will wave a thin man called over.

This thin little man is very humble. He had been staying in the corner and didn't say a word. If Mo Longtou hadn't called him, no one would have noticed his existence.

There is no sense of being.

This person is another ace of Huahu club, Zhouhu.

However, the strength of Zhouhu is much more powerful than that of blue and white, and more important than that of blue and white.

"Zhouhu, you go to stare at the blue and white in person, and his cronies. Although I believe him for the

time being, it doesn't mean he really has no problem."

Mo Longtou said, obviously, this guy is very cautious.

Also, be careful to make Wannian boat. If he was not careful, he would have been killed long ago.

"Yes." The boat tiger answered and immediately backed out.

11:59:58 p.m.

Boom boom!

With the sound of four guns, the four well-known bars in the Silver Triangle were smashed into nothingness. With the ashes, there were many customers.

At the same time, with a series of gunfire inside the Huahu club, Mo Dabao's cronies in front of him, as well as ten women with ambiguous relationships, also fell into a pool of blood.

It's inhuman.

At two in the morning, everything was over and everyone fell asleep.

Blue and white are no exception.

Zhouhu did not sleep, but sat down in a hidden corner outside the blue and white room, responsible for monitoring every move of the blue and white.

At the same time, he also sent several elite guards to guard the exits and back doors of the house to prevent the secret plot of blue and white, and also sent people to keep an eye on the blue and white confidants.

The blue and white heart lying on the bed is like a mirror, but there is no action. His heart is very depressed, he did not expect that he followed Mo Longtou for so long, Mo Longtou did not trust him.

This makes him have the mind of hesitating whether he is really rebellious, become firm up!

He lay on the bed for two hours. At more than four o'clock, he quietly stood up from the bed, opened a crack in the door and looked out at the boat and tiger.

At this point, Zhouhu was sleepy. He closed his eyes, but he didn't fall asleep.

Blue and white look at this scene, can't help grinning, holding out a long tube, and took out the powder given by Wang Fan, and then blowing toward the boat tiger.

Three minutes later, his head tilted and fell down.

Blue and white again made others dizzy, then swept around, quietly left the room.

His heart is a little lucky, thanks to Wang Fan gave him those powder, otherwise he is really helpless.

At five o'clock, blue and white returned to the room and lay down again.

At 5:30, accompanied by a whistle, he sat up from the bed. At the same time, the boat Tiger Group also opened their eyes.

They are a little confused, it seems that some do not understand why they fall asleep, why they still sleep so deep.

They were relieved when they saw the blue and white flowers yawning out of the room.

Although Zhouhu had some doubts, he did not dare to report this kind of thing.

Mo Longtou doesn't recognize his relatives. Once he reports this kind of dereliction of duty, he will also suffer.

At the same time, Mo Longtou has also got up, and nearly a thousand elite of Huahu club have begun to prepare one after another. They stand guard, dig earth, and carry coffins.

It's six o'clock sharp.

Mo Qingyao waved his hand, accompanied by countless elite shooting, dozens of coffins were lifted up and ran toward the back mountain.

Mo Dabao's coffin is right in the middle, with countless men and women following him, spreading flowers to mourn and crying bitterly.

Boom.

A flash of lightning across the sky, which was still sunny, suddenly became lifeless, and the dark clouds pressed the top, as if God felt the sad atmosphere.

Pop!

Pop!

Pop!

Soon after the thunder, the big raindrops fell down, hitting the people, hitting the ground, hitting the

coffin, splashing a string of water.

Mo Longtou's face didn't change much. He let the rain fall on him, but his pace was still slow.

The followers around him, also dare not have any dissatisfaction, just go forward in the wind and rain.

Close to Mo Longtou's side, Kelina's clothes have been soaked by the rain. Her whole body is more exquisite, but no one dares to appreciate her proud figure.

Blue and white, boat tiger, also follow in the other side, dare not show the slightest dissatisfaction.

Mo Dabao's burial ceremony is still going on in an orderly way, and has not been affected by the weather at all.
