

MIGHTY SK 1191

Chapter 1191

"Coward!" Xue Guirong couldn't help but scold. She really can't understand why Huang Tingting likes Wang Fan.

Wang Fan ignored the expression of people's gnashing teeth and soon went to the door.

Just when people thought he was going to open the door and go out, he suddenly turned a corner, and then came to the girl who was knocked over by meipinde.

He looked at the girl and said with a smile, "I'm a doctor. If you believe me, I'll treat the wound on your face. If you don't believe me, it's OK."

Of course, he didn't really want to leave, but intended to show the girl her face.

After all, such a delicate face, but was beaten into such a poor look, he couldn't bear it.

Of course, if the girl has scruples in her heart and doesn't agree, he won't continue to do it.

"Thank you. Thank you. I believe you." The girl hardly hesitated and nodded quickly.

Wang Fan also no nonsense, directly took out a pill, crumbled into the end, slowly smeared on the girl's face.

As he daubed it, he muttered, "animals, scum, animals are not as good as animals!"

"Even such a delicate girl has such a heavy hand. Tingting follows him, but she has to suffer from domestic violence every day."

"What did you say?" Meipinde finally couldn't help but stand up with a stare.

He also holds a wine bottle in his hand and stares at Wang fan like a wolf. It's as if he wants to eat people. It's palpitating.

Wang Fan "ah" a, almost did not a buttock sitting on the ground, he carefully staring at meipinde, weak voice, "I have said wrong? Why do you want to hit people again? "

He couldn't help looking at Huang Tingting, "Tingting, help me, this guy is really terrible. By the way, do you see what this guy is now? If you marry such a person, you have to pick up your wine bottle every day? "

Wheezing.

Huang Tingting couldn't help laughing again, this living treasure.

Huang Fugui and Xue Guirong's face was gloomy, and the son of a bitch was too helpless.

Although the twelve service Ladies wanted to laugh, they couldn't laugh at the atmosphere of the occasion.

Now meipinde is just like a mad dog. Who dares to laugh at such a crucial point? If you annoy mebender and hit them, it's nothing.

No matter how beautiful they are, no matter how beautiful they are? Isn't the girl on the ground a lesson?

"Son of a bitch, I thought I would deal with you today, but now I don't need to. I'll teach you a lesson first."

Meipinde was completely angry. He grabbed the bottle and jumped out. Then he ran to Wang Fan.

Today, he has completely swept away his face. Anyway, he has left a bad impression in front of Huang Tingting, so he still pretends to be a fart?

"What are you going to do? I'll tell you, don't mess about." Huang Tingting looked at this scene, pretty face instantly cold down, suddenly get up, can't help but drink.

She's not afraid that Mei Pinde will hurt Wang Fan, but that Wang Fan will beat Mei Pinde. That's even worse.

Meipinde laughed, "Huang Tingting, who are you and who are you qualified to manage me? Damn, don't you care about that kid? I'll step on him in front of you today! "

Huang Tingting sneered, "do you think I'm afraid you'll hurt him? I'm afraid you'll be beaten and maimed by him. I advise you that if you don't want to die or lose face, you'd better not mess about. "

Huang Tingting swears that she is really saying this for Mei Pinde's sake.

No matter what Huang Fugui and Xue Guirong do to her, she is her own parents. Even if they don't treat her as a real daughter, they just want to use her, and she doesn't want to make trouble.

"What are you talking about? He crippled me? If you have the ability, come and cripple me

"I've lived for so many years, but I haven't been maimed. I really want to experience that feeling."

Meipinde is really angry. Huang Tingting is afraid that he will hurt Wang Fan, but she says that she is afraid that Wang Fan will hurt him. Isn't that beating him in the face? What is his face and his dignity?

The injured girl looks at meipinde's crazy appearance, and her body can't help shaking for a moment. Obviously, she thinks of the scene of meipinde's attack on her.

Wang Fan was not moved. He did not stand up or even look at Mei Pinde. Instead, he turned his eyes to the door and said, "three, two, one."

Creak.

The box door opened in response to the sound.

Hula.

A group of people stormed in with arrogance.

Led by a young man in white, about 30 years old, full of a feminine temperament.

The young man who was slapped in the face by meipinde followed him respectfully, just like a follower. Behind them were a dozen tall bodyguards. "Who hit my brother, stand up for me." The young leader did not roar fiercely, nor did he roar faintly, but asked faintly.

"It's him." Without waiting for Mei Pinde to open his mouth or the young man who was beaten in the face to open his mouth, Wang Fan had already taken the lead in raising his hand and pointed to Mei Pinde without hesitation.

His mouth is also eloquent, "he hit your brother, I see clearly, by the way, I am not with him, ah, you want revenge, do not look for me."

All the people, even the young people, were in a muddle.

They did not expect that there was such a wonderful flower as Wang Fan in the box.

Mabende was so black that he almost blew up.

Wang Fan's behavior is another slap in the face.

Without waiting for meipinde to speak, the beaten young man stood up with ferocious eyes and pointed to meipinde, "Liang Shao, he hit me."

"He not only beat Xiaolan whom I like, but also beat me indiscriminately. He even threatened that I would call anyone and not be afraid of revenge."

The young man said, looking at meipinde fiercely, "don't you know how to fight? Can you come and hit me again? "

"Damn, dare to move me. If I want you to leave the box today, I won't call you tiger!"

Liang Shao took a look at meipinde and stood up with a cold face, "you are very kind, even my people dare to fight."

He pointed to the two bodyguards behind him, "you go, give me twenty slaps, and then break hands and feet."

"Wait a minute." Hearing this, meipinde's eyelids jumped. "I'm meipinde from the Mei family in Yunbai district. Who are you? Have you ever thought about the consequences of maiming me? "

Guangcheng is a big city with a large number of people. Not all of them know each other. At least meipinde doesn't know Liang Shao.

"Yunbai district? Mei family? "Meipinde?" Liang Shao asked three questions, then suddenly came forward, slapped, and then drank out a cold voice, "Da can!"

Chapter 1192

The two bodyguards listened to Liang Shao's order, and without hesitation, they rushed to meipinde.

Meipinde's face suddenly changed.

He did not expect that the so-called Liang Shao would not give him face, even if he carried out the Mei family.

Huang Fugui and Xue Guirong's face also changed.

The Mei family is a big family in Yunbai District, otherwise they would not push their daughter Huang Tingting into the fire for marriage.

But now, Liang Shao doesn't give Mei Pinde face at all, and he has to fight against the disabled. How can they not be afraid?

Is it difficult for meipinde to play the real iron plate this time?

Wang Fanke is too lazy to pay attention to so much. He directly pulls the injured Xiao Lan to the corner, and then starts to watch the play.

"Son of a bitch, beat me up. What the hell are you? Are you waiting for me to send someone?" After a short period of fear, meipinde instantly recovered.

After two punches, he kicked over a bodyguard and yelled.

The bodyguard who was kicked over felt a little humiliated. He was kicked over by a young man, but still in front of his master. What a shame?

He became angry and was about to turn meipinde over. Liang Shao suddenly said, "call me? OK, your name is

"I'll give you an hour. You can call anyone. If you can step on Liang Shaojiang today, you'll be a bull. But if you can't step on me, I'm sorry. You, including all of you, don't think about it! "

Full of confidence!

Liang Shaojiang?

Meipinde vaguely felt that the name was familiar, but he didn't remember where he had heard it. He took a breath, and then quickly dialed the phone.

Huang Fugui and Xue Guirong are even less likely to have heard of the people Mei Pinde has never heard of. They all sat on pins and needles in their seats, their faces ugly.

They can also see that Liang Shao is a real bull and has a solid foundation, otherwise he would not dare to let meipinde call someone.

When things get to this situation, they can't make the decision any more. If meipinde can't make it, Liang Shao will have no choice.

They prayed that meipinde would bring down Liang Shaojiang, but they also hated Wang Fan. If it wasn't for Wang Fan, where would there be so many things?

Wang Fan listened to the three words "Liang Shaojiang", and his eyes narrowed.

Isn't this the man who kidnapped mu Qianxin last night?

It's hard for anyone to tell the fate of his life. He didn't expect to see Liang Shaojiang on such an occasion.

An hour later, Xiao Hu, who was slapped by Mei Pinde, moved a chair for Liang Shaojiang. Liang Shaojiang was still sitting down.

Meipinde kept on calling one after another, carrying soldiers, and his forehead was in a cold sweat.

The atmosphere in the box suddenly became a little oppressive.

It is estimated that Liang Shaojiang and Wang fan are the only people who are calm and relaxed.

Even Huang Tingting was worried.

Wang fan is powerful and has a background, but this is Guangcheng.

In case things involve Wang Fan, she doesn't know if Wang fan can make it.

After meipinde made the call, there was almost only the rapid heartbeat of the people in the box.

Within an hour, accompanied by a series of harsh footsteps, a group of young people entered the box again.

The youth in the lead are also in their thirties, with a strong atmosphere and a clear background.

Meipinde saw this man as if he had seen his father. He immediately welcomed him with a smile on his face, just like an ancient minister greeting the emperor.

"Pang Shao."

Pang Shao's full name is pangwei.

Pang family is a higher class family than Mei family, and Guangcheng is famous. And Pang Wei, even in the whole city, can also squeeze into the ranks of the front line.

"Well." Pang Wei nodded, but did not immediately say that he wanted to stand out for meipinde. Instead, he scanned the box.

He wanted to see who meibender had offended.

Pang Wei is no longer brainless at this level. He has to find out the identity of the other party, see if he can eat, and talk about other things.

Otherwise, in case of blindly kicking the iron plate, it is likely to bring disaster to him or Pang Wei.

Pang Wei didn't have to scan at all. He soon saw Liang Shaojiang sitting on the chair with the golden sword.

At the moment of seeing Liang Shaojiang's face clearly, he felt a thump in his heart. His Majesty was not there for a moment, but he became cautious. "Are you, Liang Shao?"

Obviously, he knows Liang Shaojiang, and Liang Shaojiang is not what he can provoke.

Looking at Pang Wei's changing expression and listening to Pang Wei's tone, meipinde's face changed instantly. He almost had the impulse to kill himself. Obviously, he didn't expect that if he stepped on someone, he would step on the iron plate.

He also hated Wang Fan in his heart. He just wanted to break Wang Fan to pieces.

It's all Wang Fan's fault!

If it wasn't for Wang Fan, how could he leave? If he didn't leave, how could he run into Xiaolan? If he didn't run into Xiaolan, how could there be a lot of things behind?

"Pongway?" Liang Shaojiang also recognized Pang Wei. He not only didn't stand up, but sneered, "why, you are the backer he moved here. Are you here to help him out?"

"No, No."

Pang's legs softened, and he glared at Meipinde fiercely, "dog, don't you even know Liang Shao? Liang Shao dares to provoke you. Are you blind? Why don't you come here and kneel down? "

Pongway was really scared.

When it comes to the Li family, they are not inferior to his Pang family.

And the most important thing is that there are many poor, ferocious and anxious people under Li's family. Who dares to provoke them?

Meipinde listened to Pang Wei's words, the whole mind was completely cold, and could not help it any more. She fell on her knees and began to slap herself, "Liang Shao, I'm sorry, I have no eyes."

The sound rang out, only two times, his face saw blood, from this we can see the ruthlessness of his attack.

In the case of Meipinde, Huang Fugui and his wife had already stood up, shaking all over, and their faces were pale.

When Pang Wei looked at Mei Pinde's performance, he was relieved. On the contrary, he said, "Liang Shao, he has offended you. You should teach him a lesson. It doesn't matter how you want to teach me. I'll never interfere. "

Meipinde has the heart to die. Is this the rescuer he moved here? Is this for him?

At the same time, his heart is also shocked, Liang Shao, which Liang Shao, such a bull fork, even Pang Wei is so scared, even afraid?

Liang Shaojiang ignored Pang Wei, and ignored Mei mude. Instead, he looked at the tiger. "Tiger, do you want to revenge? Do it, kill and beat. You has the final say."

"Thank you, Liang Shao." When Xiao Hu heard this, he couldn't help but rush out like a tiger or a wolf.

He doesn't care about Pang Wei or Pang Wei. He only knows that he was beaten in the face by meipinde just now. Now that the opportunity has come, he naturally wants to get back this scene.

Chapter 1193

"Son of a bitch, weren't you very arrogant just now? Weren't you very powerful just now? How dare you hit me? Do you want to hit me again? "

Tiger roared angrily and rushed to meipinde in three or two steps. He slapped meipinde two times, then raised his foot and began to kick.

Meipinde hands to protect the head, began to roll in confusion, but even if he rolled again, still can not avoid the attack of tiger.

A few punches and a few feet down, meipinde's body had seen blood, miserable and miserable.

Although Xiao Hu seems to be very fierce, he doesn't really beat or kill Mei Pinde. After venting his anger, he respectfully stands back behind Liang Shaojiang.

He knew that without Liang Shaojiang, he couldn't get this place back at all, so Liang Shaojiang was the leading role here.

Even if Mei Pinde is to be abolished or killed, it should be Liang Shaojiang's order or hand. He can't take advantage of Liang Shaojiang.

Liang Shaojiang was quite satisfied with Xiao Hu's performance. He nodded slightly, and then stood up with a smile on his face. "Mei Pinde, right? Don't you want someone to harm me? Come on

He said, suddenly a heavy kick on meipinde, meipinde immediately tumbled into the corner.

Bang, there's blood in your head.

Liang Shaojiang, however, was reluctant. He rushed over and kicked a few feet, then sneered, "as I said, today you meipinde can't trample on me. One of you is one. No one can think of it better. I'm Liang Shaojiang. I do what I say. "

He fingered Mei Pinde, Huang Fugui, Xue Guirong, Huang Tingting, Wang Fan and even Xiao Lan one by one. "All the men will be disabled, and all the women will be taken away."

"I, Liang Shaojiang, want to let them know that I, Liang Shaojiang, am not so provocative or provocative."

"Yes The group of bodyguards were ordered to rush out in an instant.

Looking at this scene, Huang Fugui and his wife's whole heart fell into the ice.

Even Pang Wei's face was very ugly. Liang Shaojiang really didn't give him face, but he didn't have the slightest way.

Wang fan saw, know can't continue to see the play, quickly jumped out, "wait."

Those bodyguards are very ignorant force, action instant stagnation, do not seem to understand what Wang Fan jump out to do.

Even Liang Shaojiang pangwei couldn't help looking at Wang Fan.

Without waiting for them to speak, Wang Fan quickly pointed to Liang Shaojiang and said, "how can you do this? When you came in, I told you that he was the one who beat your little brother."

"I said, we are not a group, you revenge do not involve me, but how can you not listen to it."

Wang Fan pointed to Huang Tingting, "that's my girlfriend. You can't touch it."

After thinking about it, he pointed to Huang Fugui and his wife, "and they are my friends. You can't touch them."

"I've provided you with information. You don't thank me, but you have to deal with me and my friends. Isn't it morally wrong?"

Liang Shaojiang and his party are about to collapse.

Where the hell is this wonderful motherfucker? How can he make such a comment?

Xiao Hu couldn't help but look at Wang Fan and said angrily, "what the hell are you, you can't touch it if you can't touch it. Are you qualified to bargain with Liang Shao?"

He can't help but burst into rude words, "Damn, even if you don't say it, can't I recognize who beat me and need you to provide information?"

Speaking of this, he suddenly saw Wang Fan holding Xiaolan's hand, suddenly more angry, "Damn, even the woman I like dares to touch, you are looking for death!"

With that, he was the first to pounce on Wang Fan.

He is really angry, Wang Fan dare to disobey master Liang Shaojiang even, even dare to rely on Xiaolan so close, how can he not angry?

You know, Xiaolan is the girl he likes. He hasn't even touched his hand.

Wang fan is also a little angry, "I rely on, it seems that this good man really can't do it, just how meipinde didn't kill you?"

This is undoubtedly adding fuel to the fire.

Tiger is the face of the red, angry, "you want to die!"

With that, he rushed to Wang Fan and slapped him hard.

Wang Fan, ouch, quickly bowed his head.

Whoa.

Xiao Hu's palm flew over Wang Fan's head, almost without flashing his waist.

At this moment, Wang Fan, who stood upright again, had already slapped him hard.

Pop!

With a crisp sound, the tiger immediately turned three circles in the same place, and then fell to the ground with his mouth full of blood.

Wang Fan pointed to the tiger, complacent, "you waste wood even meipinde can't beat, still want to beat me? I want to die

He looked very proud. "Ben Shao is the best among the experts, but he has practiced for several years. How can you be such a waste firewood to shout?" Xiao Hu wiped the blood from the corners of his mouth and his face was burning and ugly.

Nima, it's a dead man, isn't it?

First he was beaten in the face by Mei Pinde, and now he is beaten in the face by Wang Fan in front of Liang Shao and others. This is a shame!

He had the heart to kill Wang Fan.

The same mood as Xiaohu, and meipinde.

Wang Fan's grandson is really not talking about any pot. He's always talking about him. Isn't this his mother's hatred for him?

He also wanted to kill Wang Fan, but he couldn't stand up.

Liang Shaojiang looked at Wang Fan and suddenly laughed, "master? It's good. It's very good. I like experts when I'm young. "

He said, pointing to two of them, big bodyguards of Gaoma, "you go together, and I'll meet the legendary experts."

"Yes The two bodyguards are going to fight.

With a whoosh, Wang Fan rushed to Liang Shaojiang and slapped him in the face.

Liang Shaojiang stumbled and almost fell to the ground.

Just very soon, he quickly collar was yanked, neck a tight, then two fingers will be stuck in his throat.

Wang Fan looked at the bodyguards and said, "back off, back off for me. If you dare to step forward, I will kill him!"

The bodyguards were so confused that they didn't expect that Wang Fan was so fierce and preemptive that he controlled Liang Shaojiang.

Liang Shaojiang's heart is also ten thousand horses galloping, and he even has the heart to kill.

Liang Shaojiang was beaten in the face by an ant at the bottom of the class, and he was taken hostage. What a shame is that?

But he is not afraid, but difficult to squeeze out a, "you dare to move me? If you can't kill me today, I can kill you tomorrow. Believe it or not? "

Wang Fan laughs. The next second, he raises his hand directly to Liang Shaojiang's face. He also gives a thumbs up, "niucha, powerful, worthy of being a big boy!"

His face became ferocious in vain, growling, "Damn, it's this time, dare to put down cruel words, believe it or not, I really kill you?"

It's a dead silence!

Although Liang Shaojiang was furious, he felt Wang Fan's ruthlessness and finally endured it. "What do you want?"

He has vowed in his heart that if he missed today, he would kill Wang Fan and never die!

Chapter 1194

Wang Fan listened to this, then nodded with satisfaction, "this is right, this is the attitude you should have."

Liang Shaojiang's heart is full of ten thousand pieces of grass. He really wants to crack Wang Fan with a knife.

Wang Fan controls Liang Shaojiang with one hand, then pinches out the mobile phone with one hand and dials mu Qianxin.

Liang Shaojiang looked at this scene, his eyes narrowed slightly. When he was thinking about what Wang Fan wanted to do, two of the bodyguards who thought they were good suddenly rushed towards Wang Fan.

As the elite of the Liang family, they have absolute confidence in their own strength.

Before Wang Fan was absorbed in controlling Liang Shaojiang, they didn't dare to act rashly, but now Wang fan is distracted, so they can't help it.

Both of them were very fast. They ran to Wang Fan in an instant. One of them punched Wang Fan in the head, and the other kicked Wang Fan sideways.

Obviously, they want to take Wang Fan by surprise.

After all, in this kind of sudden dangerous situation, normal people will release the target and quickly retreat.

But they underestimated Wang Fan.

Let's not say that Wang Fan has mental power. Even if he doesn't have mental power, it's no different for these two people to make such a show in front of Wang Fan.

Wang Fan didn't hide at all. Instead, he held Liang Shaojiang's neck and lifted it up.

Bang Bang twice, the attacks of the two bodyguards all fell on Liang Shaojiang.

His eyes were directly beaten into panda eyes, but he could not help covering his stomach and bowing into a shrimp shape, and his mouth even made a shrill scream.

But Wang Fan was angry. He quickly threw his mobile phone into his pocket, grabbed Liang Shaojiang's hair and lifted it up. Then he loosened his neck with his other hand, looked at his face and called up.

"Pa Pa! What are you doing? What do you want to do? Don't you believe I'll beat him to death? "

Liang Shaojiang is about to collapse.

Nima, it's the two bodyguards who attack you. What are you doing with me?

What made him angry most was that the two bodyguards didn't hit Wang Fan, but they hit him hard.

While he hated Wang Fan more, he also hated the two bodyguards.

It's not enough to succeed, it's more than enough to fail!

The two bodyguards were also ugly. They finally knew what stealing chicken was.

"Damn, don't move. If anyone dares to move, I will be the first to kill him." In desperation, Liang Shaojiang could only give orders to his subordinates.

Wang Fan smiles, and then he pinches out his cell phone and puts it in his ear again. At this time, the phone has been connected.

"What's the matter? How can I hear your noise? What's the matter?"

Mu Qianxin can't help asking. In fact, she has been on the phone for several seconds. Naturally, she heard the movement of Wang Fan.

"Nothing serious. Liang Shaojiang provoked me and was subdued by me. Do you want me to take him back?" Wang fan is very indifferent asked.

If you don't meet Liang Shaojiang, he will do something for mu Qianxin.

"No, it's just a dandy. I haven't paid attention to it yet." Muqianxin just said here, the phone that end suddenly came a voice, "not good, there is ambush."

Bang bang!

It was followed by a barrage of gunfire.

Wang Fan's face changed instantly, "what happened to you there, where are you?"

"I am" Mu Qianxin just finished the position, the phone has suddenly cut off.

Wang Fan's face completely gloomy down, he a loose Liang Shaojiang, "today is your lucky, and, if revenge, remember to come to me, dare to do to here in addition to meipinde, don't blame me impolite."

"Tingting, let's go." Wang Fan says, loosened Liang Shaojiang, plan to greet Huang Tingting and others to leave at the same time.

But Liang Shaojiang quit. The moment Wang Fan let go, he rushed to the bodyguard, and then angrily pointed to Wang Fan, "kill him for me!"

The roar of exhaustion!

Today is definitely the most cowardly and humiliating time in his history. If he didn't kill Wang Fan, he could hardly calm his anger.

Before Wang fan control, he is no way, now Wang Fan let him go, he still need to worry about it?

Those bodyguards didn't talk nonsense at all. Except for the two people who stayed to protect Liang Shaojiang, the other 89 people had all rushed towards Wang Fan crazily.

Wang Fan looked at this scene, his face no longer had the previous laughter, but became overcast and cold, "Liang Shaojiang, this is you looking for death!"

He is really very angry. Now mu Qianxin is obviously in danger. He is very anxious. He wants to rush to save people immediately.

Liang Shaojiang is so good that he even dares to stop him. What is this?

At the same time, the two bodyguards have rushed to Wang Fan, waving their fists and feet and greeting Wang Fan fiercely.It's sharp and ruthless. There's absolutely no mercy.

Wang fan is also too lazy to talk nonsense. He grabs one person's arm, turns it, pinches it, clicks it, and the other person's arm breaks in an instant, and then gives it another round.

Whoosh!

The man was thrown out in an instant.

Wow.

The table in the middle was smashed to pieces. He fell to the ground and never got up again.

Wang Fan overturned the man without any hesitation, and gave him another kick.

Come on!

Another bodyguard was kicked, it felt like he was hit by a rocket, and immediately fell out with blood.

Along the way, three or five people were smashed, their bones were broken, and their combat effectiveness was completely lost.

Looking at this scene, Pang Wei, Huang Fugui, Xue Guirong, and even Mei Pinde all had their eyelids beating and their hearts were cold.

God, who is this man? How can he be so powerful?

In particular, Mei, Huang and Xue were afraid.

Fortunately, they didn't provoke Wang Fan to death, otherwise I'm afraid they can't stand here intact, right?

Liang Shaojiang's face is also crazy.

He never dreamed that Wang Fan, a mere mole ant in his eyes, would be so powerful.

He couldn't help roaring, "where's the gun? Move the gun. Kill him. I'll be responsible for the consequences!"

With his voice, several others woke up in a flash and pinched the guns around their waist.

Looking at this scene, Huang Fugui and his wife have been completely paralyzed.

Liang Shaojiang still has guns under him. Is that too terrible?

Although Pang Wei knew that Liang Shaojiang's subordinates had guns for a long time, he was also shocked when he saw that the other party took out their guns and fell to the ground.

He doesn't want to die!

"The gun?" Wang Fan couldn't help laughing. His toes suddenly touched the ground, and then he rushed out like a tiger.

Bang bang.

Three sound, three bodyguards haven't come and lift the gun, has been destroyed by Wang Fan Pull rotten left on the ground.

The other two people's eyelids jump straight, at the same time also raised the gun in their hands, but before they had time to pull the trigger, Wang Fan rushed to them like lightning.

Turn around behind them, grab their heads with both hands and hit them hard.

Come on!

Blood splashed, and they fell to the ground.

Liang Shaojiang has been scared silly, and so have the two bodyguards who protect him.

The value of Wang Fan's force has exceeded their imagination.

They were scared silly, but Wang Fan didn't. the next second, Wang Fan had already run to them.

Pop!

Pop!

Pop!

Three slaps in a row, the three people all fan on the ground.

Wang Fan stepped on Liang Shaojiang's head and said, "I'll warn you for the last time. If you want to take revenge, look for me. If you dare to move other people, I'll kill you!"

With that, click, break Liang Shaojiang's leg bone, and then greet Huang Tingting and her party to leave the box.

Dead silence!

It's a dead silence!

Chapter 1195

Li group, the dark underground garage, mu Qianxin had no time to hang up Wang Fan's phone, a group of people in black jumped out from the front, followed by a series of dense gunshots.

"Be careful!"

Looking at the bullet spitting sparks, mu Qianxin did not have time to respond, a confidant beside her pushed her to the corner.

Then, a series of noises, confidants are beaten into a sieve.

"Enemy attack, enemy attack, protect Miss Mu quickly." Looking at this scene, mu Qianxin's hands also changed greatly.

One of them yelled as fast as he could and drew his gun quickly. While looking for shelter, he launched a counterattack.

Their faces were very ugly. It seemed that they didn't expect that the enemy could not wait to set up an

ambush in the underground garage.

Mu Qianxin's face was also gloomy. She didn't have to think about it at all. She also knew that the other party was one of the three elders.

She went back to Li's today just to get the right to speak back. It's just that she didn't expect it, but things didn't go well at all.

In addition to Liang Hongbo, the other two also went against the tide and forced her to hand over her shares.

Muqianxin of course will not be willing to, and finally can only be unhappy.

Mu Qianxin thought that the three elders would wait for her to leave Li's family even if they started. But she never thought that the other party had set up an ambush in the underground garage.

Are they not afraid of the bad influence of the news on Li?

Mu Qianxin couldn't figure it out.

Under her gaze, dozens of masked men had formed a semicircle, holding guns in both hands, and pushed towards them step by step.

Obviously want to compress their dodge space, and then make dumplings at one stroke.

Mu Qianxin's heart sank down, but she didn't mess up. She drank coldly at these people, "I know you are Li's people."

"Have you ever thought about the consequences of attacking me like this today? If I die, do you think I can live? "

Mu Qianxin's tone was cold, and his voice was even more dignified. "If you put down your swords and guns now and withdraw immediately, I can treat it as if it never happened."

"But if you insist on going your own way, once I don't die, you must know the consequences. I've been admiring the Li family for a long time. I think you know what I mean. "

Mu Qianxin's confidants also roared:

"what are you going to do, what are you going to do, are you going to rebel? Miss Mu is Li's biggest shareholder, and she is Li's helmsman. "

"Well, you dare to attack Miss mu in broad daylight. Don't you want to live? Those who know the truth will go away immediately, or they will bear the consequences! "

"At your own risk!"

"At your own risk!"

The roar rocked the sky.

Those masked people who were very close to each other listened to Mu Qianxin's words, and then listened to Mu Qianxin's confidants roaring, most of them could not help but pause.

Although they are the three elders, they are very familiar with mu Qianxin. No matter in means or ability, mu Qianxin is absolutely cruel.

They are also very clear in their hearts that muqianxin's words are not alarmist. If muqianxin does not die today, with muqianxin's means and ability, they can definitely dig them out and kill them one by one.

The first masked man looked at the subordinate who stopped walking, and his face became ugly.
"Brothers, don't be cheated by muqianxin."

"By her means, even if we leave now, do you think she will let us go? As the saying goes, there is no turning back. Now we have only one way to get to the black. "

"If we don't want to die, we have to kill muqianxin, and we'll never have trouble again!" he said

He said, and without waiting for the other people to respond, he fired a shot at muqianxin: "muqianxin, it's this time, you don't want to distract people. Today you must die, and only when you die can we live better! "

At the same time, he also tried to boost morale. "We have 100 people here, and everyone is armed. Do you think you can resist with just a dozen people?"

"Muqianxin, please accept your fate. Now the Li family is not the Li family before. You can't be the leader any more. The three elders are the leaders! "

Mu Qianxin did not speak, but suddenly took out a gun, aimed at this person is a gun. Just because of the environment, her bullet didn't hit the other side, but just at the foot of the other side.

At the same time, mu Qianxin's cold voice also came out, "Huo Laogui, is it you? Liang Hongbo even sent you out. It seems that he is determined to kill me. "

"I just want to remind you that my heart is not so easy to kill. Even Mo green demon of Silver Triangle flower tiger club can't kill me. Are you sure you can kill me? "

Muqianxin's aura is still strong, trying to boost his own morale, but also trying to cause psychological

pressure on the enemy.

After all, at this time, if she is in a mess, not to mention her cronies. Huo Laogui, Liang Hongbo's Super Master, is only loyal to Liang Hongbo. Even Liang Shaojiang, Liang Hongbo's only son, can't command him.

It is said that this man was a famous bandit in his early years, and he was very powerful. Later, when he was chased by his enemies, he was rescued by Liang Hongbo. In addition, he wanted to be stable, so he became Liang Hongbo's man.

However, although he has followed Liang Hongbo, he has never played in these years, so no one has ever seen how powerful he is.

Huo Laogui laughed, "it's worthy of muqianxin. I've never met him before. I can even guess my identity. I really have a heart."

He laughed on the surface, but was shocked on the inside.

He also did not expect that mu Qianxin could guess his identity.

You know, he didn't do it for many years, and few people even met him. How did mu Qianxin guess his identity?

It's not easy. It's not easy.

At the same time, Huo Laogui also knows that mu Qianxin can't speak any more.

Now he has obviously felt that his own morale has been greatly reduced. If Mu Qianxin continues to talk about it, maybe these guys really dare not do it.

Mo Qingyao in the Silver Triangle is not an ordinary person. This has a great impact on the morale of his own side.

This muqianxin is really not an ordinary person. He knows psychological warfare.

Thinking of this, he stopped talking nonsense and said, "kill them, it's the only way out for us, or we'll all have to wait to die and go together!"

With the sound, he is in the lead, toward the foothold of muqianxin and others.

Muqianxin also issued a cold drink, "don't panic, I've called reinforcements, and I'll be there soon. We can live as long as we can achieve 20 minutes! "

Those cronies listened to Mu Qianxin's words, and their morale was shocked instantly. They raised their

guns and blasted forward Huo Laogui. The rest of them were crazy to greet the other enemy.

There is no hope. Maybe they will only give up, or even surrender. But with hope, they will try their best to delay these 20 minutes.

Bloody battle, open instantly!

Chapter 1196

Bang bang!

The whole underground garage was submerged in the rain of bullets.

All the luxury cars parked around were smashed and scattered.

On the walls and pillars, there were numerous bullet holes, which directly turned into hornet's nest.

Ah ah's scream sounded, both sides have been falling, blood splashing.

Mu Qianxin shrinks in the corner and dare not move. In this case, if she moves, she will definitely become a live target.

Her face is also a little gloomy. There are only less than 20 confidants on her side, and one will be lost if one dies. However, the other side has more than 100 people, all of whom are of good quality, and the number is not directly proportional to the quality.

If it goes on like this, she will be killed or captured alive sooner or later.

Although she had thought that it would not be so smooth today and that she might be surrounded and killed, she did not expect that the three elders turned against the water at the same time. The encirclement and killing was so abrupt and crazy.

"Kill them, kill muqianxin. Only by killing muqianxin can we survive. Brothers, let's fight and kill together

Huo Laogui is just like a fierce lion, roaring and jumping up and down at the same time. Every time he jumps, he can perfectly avoid the bullets.

From time to time, he would shoot two shots at the enemies who were exposed under his eyes. Every time, one of them would be injured or killed, which was a terrible mess.

Feeling the ferocious momentum of Huo Laogui, and listening to Huo Laogui's encouragement, the morale of the remaining 70 or 80 people was shocked again.

They all roared, red eyes, fatally toward mu Qianxin and others killed in the past.

Boom!

One shot!

One of Mu Qianxin's cronies was just about to shoot when the bullet penetrated his head and fell to the ground, killing him completely.

A man showed his arm, just about to blow out two guns to suppress, a series of dense bullets came.

His whole arm was beaten to pieces, the gun fell to the ground, and the corner of his mouth could not help screaming.

Extremely tragic!

"Son of a bitch, I'll fight with you!" Mu Qianxin, the remaining ten cronies, looked at this scene. At the same time, his heart sank to the bottom, and he couldn't help reddening his eyes.

Two of them looked at each other, one roared to attract the enemy's attention, while the other directly stood up and launched a crazy shooting at Huo Laogui and his party.

Come on, come on.

Several bullets were fired, and three enemies were directly shot and killed. They fell to the ground and died miserably.

At the same time, other people's bullets also came in, beating the man into a sieve.

The roaring young man, taking advantage of the gap between the enemy's shooting and killing his companions, suddenly stepped forward, launched a crazy shooting, and screamed, "kill you, I will kill you!"

Come on, come on!

Two more enemies were shot over, and in the same way, his whole body fell under the random gun.

Mu Qianxin looked at this scene, his eyes were red.

While she was angry, she was deeply moved.

She didn't expect that for her sake, her confidants would be so crazy and desperate to die.

She vowed in her heart that as long as she could live today, she would take revenge for these dead brothers!

One of the three elders, Huo Laogui and the enemies who took part in the attack on her will be counted as one. All of them will die!

Blood debt will be paid with blood!

Looking at this scene, Huo Laogui and his party couldn't help but change their face. The advance became slow again, and they also quickly found a shelter.

Crazy, it's crazy!

They didn't expect that muqianxin's confidants would become so crazy, using this method to exchange life for life.

No one wants to die, and no one is willing to die. They are also frightened by the madness of admiring thousands of confidants.

Huo Laogui hid behind a pillar and yelled at mu Qianxin, "don't resist. It's useless. There's only one life, but when you die, there's nothing left. "

"Our goal today is to admire thousands of hearts, not you. I, Huo Laogui, promise that as long as you give up your arms and no longer protect muqianxin, I, Huo Laogui, will never touch you. "

Huo Laogui is also afraid of admiring the madness of his trusted followers. After all, no matter how tough he is, the bullet has no eyes.

If they go on killing like this, they will finally be able to catch mu Qianxin, but they are bound to pay a heavy price.

The most important thing is that not all of the more than 100 people are the Liang family's dead men, and there are two other elders who do not share the same heart at all.

"Let your mother fart. If you want me to surrender, don't dream. I will protect Miss Mu to the death. If you have the guts, you can kill her? "

"Damn, I killed more than ten brothers, but now I have to surrender. What the hell are you? Huo Laogui, right? I will make you a ghost sooner or later

As soon as Huo Laogui's words fell, one of the youths couldn't help scolding him back. There are more than 20 of them, and now there are less than 10 left. The losses are too serious.

The more than ten people who fell down are their brothers of life and death. In this case, who the hell will surrender?

"Stubborn!" Huo Laogui squeezed out a few words in his mouth, motioned the rest of the people not to

move rashly, then breathed deeply, and immediately jumped to Mu Qianxin and his party.

"To die!" Looking at this scene, mu Qianxin's confidant's eyelids jumped, and immediately drew his gun and launched a bombardment!

Come on!

Two shots, bullets cut through the air, crazy toward Huo Laogui.

Huo Laogui's eyelids trembled, and his toes were on the ground a little, which made a refraction in an instant.

Whoosh.

The bullet flew close to his body and nailed it to the wall behind him with a loud bang.

Huo Laogui is through this gap, suddenly flashed to a pillar behind.

Come on, come on.

As soon as he dodged in, the dense bullets came back, but they all hit the post.

Mu Qianxin looked at this scene, his face finally became dignified.

This ghost is really a little too terrible.

Huo Laogui hid behind the pillar, gasped again, calmed the rolling Qi and blood, and then yelled at his companions, "don't move, don't shoot, I'll attract their fire."

"There are only a dozen of them left. It is estimated that there are not many bullets left. As long as they run out of bullets, they will die."

The sixty or seventy people, listening to Huo Laogui's words, should speak in unison.

Huo Laogui really has no way. If he doesn't use this way to consume muqianxin's firepower, they can't push it.

Although this method is dangerous, if there is no interference from his companion, he still has great hope of success.

This is due to Huo Laogui's confidence in his own strength.

Huo Laogui said, take off his coat, suddenly to the left side of a swing, the enemy in nervous towards the clothes shot, his whole person has rushed out from the right side.

Dada dada.

Seeing this, mu Qianxin's confidant's face changed again. He quickly turned the muzzle of his gun and shot at Huo Laogui.

Just because of the tension, because of the pressure, their bullets all hit the empty place.

Huo Laogui is just like the protagonist in the movie. At this time, the gorgeous performance is comparable to the special effects of the movie.

He dashed forward several meters in one breath. In the blink of an eye, the distance between him and mu Qianxin was less than ten meters.

Click, click.

And at this time, mu Qianxin's more than ten cronies' guns also heard a light sound, they had no bullets.

Chapter 1197

Mu Qianxin and his party completely sank down.

I'm really afraid that everything will come. The house leaks and it rains at night.

They also want to save bullets, but in this case, they can't save them at all.

The most important thing is that they all know that Huo Laogui is the backbone of the enemy. Huo Laogui's death is the biggest blow to the enemy.

But who would have thought that Huo Laogui was so abnormal and didn't shoot him?

Unexpected!

When Huo Laogui heard the clattering sound, he was stunned at first, and then he couldn't help laughing,

"ha ha, it's God's will. I thought when you would run out of bullets, but I didn't expect that you would run out so soon."

He looked very proud, "if you have a gun, I'll probably be afraid of you. But if you don't have a gun, what are you? I can hang you all by myself

Arrogance!

Domineering!

"Don't be ashamed. I'll meet you first!" A confidant couldn't stand Huo Laogui's provocation. He yelled, threw his gun and rushed out in an instant.

His speed is very fast, instant already rushed to Huo Laogui body, left foot support, right leg suddenly pull a throw!

Whoo!

Directly set off a strong sonic boom, crazy toward Huo Laogui kicked in the past.

Great momentum!

Huo Laogui felt this scene and said with a grim smile, "how dare you fight me with your rubbish? Go away

As soon as the word rolled out, Huo Laogui's leg came first, and he directly and viciously pointed on the young man's leg.

Bang!

There was a loud noise. The young man only felt a sharp pain coming from him. His leg bones were smashed and the whole man fell out!

After he fell to the ground, he spat blood, covered his right leg with his hands, and made a piercing scream.

It's a dead silence!

Powerful, it's so powerful!

Young people are more frightened, look full of shock!

Although he thought that he was not Huo Laogui's opponent, he never thought that he was not Huo Laogui's enemy.

After returning to his senses, he could no longer help screaming at mu Qianxin, "Miss mu, go, go!"

As a close confidant of Muqian, he is very clear about his own combat effectiveness.

He is not Huo Laogui. Even if the rest of his companions add up, they are not Huo Laogui's opponents. Not to mention, there are still 70 or 80 strong men behind Huo Laogui.

"Go? Can you walk away?" Huo Laogui laughs, directly dodges, and rushes toward mu Qianxin crazily.

"Protect Miss mu, protect Miss Mu!"

"Damn, I'm fighting with you!"

"Brothers, kill

Mu Qianxin's confidants watched the scene and separated two people to protect mu Qianxin. At the same time, the other six people rushed out and killed Huo Laogui.

Their expression is only ferocious, only death!

Mu Qianxin looked at this scene, his eyes were red, and he said angrily, "Huo Laogui, I mu Qianxin swear, today I will not die, the first one to kill you, I mu Qianxin said and did it!"

Although she was used to fighting and life and death, she still couldn't watch her cronies die in front of her. In particular, the confidant's vow to defend it made her deeply moved.

"Muqianxin, if you can survive today, say that again." Huo old ghost disdains to smile, directly toward mu Qianxin that six cronies killed in the past.

Whoo!

A kick!

Bang!

A confidant was directly kicked in the chest, and a big mouthful of blood gushed from his mouth. At the same time, the whole person fell back and flew out.

His body severely hit a car, crash, the car was instantly hit into rags.

He fell to the ground and choked a few times, then his head tilted and he didn't know whether to live or not.

A confidant grabs a bayonet and stabs Huo Laogui from the side. But before his bayonet hits Huo Laogui, it has been caught by the other party's fingers.

The confidant's face changed greatly, and he was about to give up the knife to retreat. Huo Laogui already gave a cold smile and hit him in the belly.

Come on!

The confidants were kicked off like sandbags and fell to the ground dying.

"Waste, you are all waste! Without guns, what are you in my eyes? "

Huo Laogui sneered and dodged the blow. Then he grabbed his arms and went out.

Bang bang!

There were several more noises, and the last three were blasted away!

At this moment, not to mention the expression of Mu Qianxin and the two confidants who protected her, even those people brought by Huo Laogui were shocked.

Because Huo Laogui explained to them, what is strong, what is strength!

Horrible batch!Huo Laogui turns over six people, and then turns to look at mu Qianxin. There is only a smile in his eyes. "Mu Qianxin, it's this time. Do you want to resist?"

"Come back with me. Maybe you're good. Mr. Liang is soft hearted and won't have the heart to kill you."

"I Pooh!" Mu Qianxin sneered, "don't you kill me? Is it to imprison me and make me a plaything? "

"Huo Laogui, if you want me to go back with you, don't dream. Even if I die, I will not give you my shares.
"

Muqianxin's pride does not allow her to bow her head. She would rather die than be insulted!

"Muqianxin, I'm doing this for you. Don't give me face. If you didn't see that you were a woman, do you think I would talk nonsense to you? "

Huo Laogui's obstinate sneer, "since you want to resist, then I have to put my ugly words in the front first. In case I hurt you accidentally later, don't blame me for not reminding you in advance."

Huo old ghost said, left foot a little ground, the whole person already toward Mu thousand heart three people rushed past.

At this time, he had no need of those people behind him, and this was his own stage.

"Miss mu, let's go!"

The two confidants' faces changed greatly. They suddenly pushed mu Qianxin, and then turned around to meet Huo Laogui crazily. Nothing else, just to help mu Qianxin fight for time.

Mu Qianxin looked at this scene, only feel a red eye, can no longer help but shed tears.

"Thank you. I'll repay my kindness in the next life. I swear that if I don't die today, I will avenge you." She finished this sentence with tears, and then rushed out without looking back.

Mu Qianxin is not indecisive. Although she knows that she can't run, in this case, if she doesn't run, she's sorry for her confidants.

"It's very touching, but do you think you can go?" Huo old ghost Yin pity a smile, body shape suddenly forward, straight toward mu Qianxin that two cronies bumped past.

Bang bang!

Two sound, two people have no accident of be hit fly, bone inch break.

The crony who was going to kick was better, but his shoulder ribs were broken, but the crony who was going to kick was miserable. Not only the whole arm was smashed, but also the chest ribs were broken.

"Muqianxin, you can't run. Come back to me!" Huo Laogui knocked over two people, without the slightest pause, straight to Mu Qianxin.

Mu Qianxin looks at this scene, eyelids jump wildly, face instantly dead!

Is it really hard to escape?

Whoosh!

A sound of breaking the wind suddenly came, followed by a sneer, "do you dare to move her to have a look? Move her, you die

Chapter 1198

The sudden sound made the whole audience silent, and everyone couldn't help looking in the direction of the sound.

Wang Fan ran in from the entrance of the parking lot alone.

His eyes were cold and his whole body was full of Xiao Sha's breath.

Huo Laogui looks at Wang Fan, his eyelids shake hard, and his movements become stiff in the same place. Back to God, sneer, "what are you, dare to threaten me?"

"I've seen a lot of people who are not afraid of death, but it's the first time I've seen people who are not afraid of death like you."

He pointed to Wang Fan and said, "give me a scrap of him!"

Click!

Two sound, Huo old ghost right hand split in an instant, five fingers break together!

He couldn't help but draw hard at the corner of his mouth, and there was a strong shock in his eyes!

Who is this person? Is that too scary?

He Huo Laogui is a congenital master. How could he be so vulnerable in front of Wang Fan?

"Die Wang Fan didn't bother to talk to him at all. The next second, his right leg had already hit his abdomen.

Boom!

This time, Huo Laogui didn't even escape, so he was directly kicked, and the whole person flew straight out.

He hit his body against the wall and made a loud noise. After he fell to the ground, he was no longer alive.

The 70 or 80 people looked at the scene, their faces changed!

They didn't expect that Wang Fan's opponents were not as strong as Huo Laogui, and they were vulnerable in front of Wang Fan.

It makes them feel numb.

"Shoot, let's shoot together! Kill them, kill them, they will not die, we will all die! "

Their faces all changed. After they recovered, they immediately took out the guns crazily.

Although nearly 20 of them were knocked over by Wang Fan, there are still 50 or 60 of them who have combat effectiveness. Therefore, they still have confidence in the face of Wang Fan who is unarmed.

Wang Fan smiles coldly. He is about to fight back, but his face suddenly changes. Then he quickly picks up mu Qianxin and leaves here.

Dada dada.

Piercing gunfire resounded, bullets set off a heat wave in the air, but all hit in the air.

When they planned to launch the second round, Wang Fan had already rushed through the corner with mu Qianxin and disappeared.

You look at me and I look at you, but no one dares to pursue them.

Hula.

Wang Fan holding Mu Qian Xin disappeared less than ten seconds, accompanied by a series of footsteps, then there are more than a hundred elite rushed in.

They're all armed and killing.

"What about people? What about people?" Before they got close, the young man with a gun began to ask.

"Run, run." Someone can't help making a weak voice.

The man was furious, "what are you still doing? If you don't hurry up, if the task fails, you'll be waiting for the lunch box."

A group of people are furious and chase after Wang Fan in the direction of their departure.

Only when they got out of the underground garage, they saw a black Bentley disappearing at the end of the street.

"Damn it The young leader swears, but he has no choice but to withdraw!

Their attack on mu Qianxin in the underground garage has not had much influence, but if they dare to hunt down mu Qianxin in the downtown area, it will have too much influence.It's just day and night. Only when I'm in the head can I do that.

One of the spacious meeting rooms on the 38th floor of Li's group.

Liang Hongbo, Zhang Menhai and Jiang Xingjun, the three elders, looking at the black surveillance screen, felt a little anxious.

They are the three senior members of the Li family. Originally, only Liang Hongbo was rebellious to Mu Qianxin, but a few days after mu Qianxin's accident in the Silver Triangle, Liang Hongbo succeeded in plotting against the other two.

Liang Hongbo is sitting in the middle of the room. Although he is in his sixties, he is not old at all. He is more energetic than a young man.

They have been watching the underground garage through monitoring.

But just now, the monitoring screen suddenly went black, and Liang Hongbo immediately realized that it

was not good. Just in case, he sent 100 people to prepare.

It's just that the 100 people have been in the underground garage for more than ten minutes, but no news has come yet, which makes him a little uneasy.

"Lao Liang, is there something wrong? If Mu Qianxin doesn't die, we'll all die with her when she's relieved." Jiang Xingjun was the first one who couldn't help but complain.

Among the three elders, Jiang Xingjun is the weakest. Once mu Qianxin retaliates, he will be the first to suffer. It is impossible for him to resist.

We have worked together for such a long time that he is too familiar with mu Qianxin's style and means.

Zhang Menhai was also gloomy, but he didn't speak.

He also had regret in his heart. He seemed to be too reckless. He didn't resist the temptation and got on Liang Hongbo's boat.

Although Liang Hongbo was a little agitated, he was calm on the whole. He lit a cigarette, took a deep breath, and said,

"what's the hurry? Haven't you sent back the news? How can you be sure that they failed?"

His eyes only have the lunar calendar, "before and after 200 people, there are Huo Laogui Nie ruthless pressure array, even if give her mu Qianxin 10000 points ability, she can escape?"

"What's more, even if she can escape? Now Li's family is not the same as before. There are not many people who listen to her orders. We don't need to be afraid at all. "

Nie merciless, Liang Hongbo spent a lot of money to invite experts from abroad. His strength is stronger than that of Huo Laogui.

Nie ruthless price is not calculated by year, but by the number of shots, one shot, 200 million.

This is why Liang Hongbo didn't let Nie mercilessly come out at the beginning, but realized that it was wrong and sent him out.

No way. It's too expensive.

Two hundred million at a time is not affordable.

Zhangmen Haijiang March listening to Liang Hongbo words, can't help but slightly relieved, just at this time, Liang Hongbo's phone rang.

Chapter 1199

"Old Liang, it's not good. Mu Qianxin has run away." As soon as the phone was connected, a voice came over, and then Liang Hongbo's face suddenly became gloomy.

Liang Hongbo's mobile phone sound is not small, so Zhangmen Haijiang March two people also heard the phone content.

Zhang men and Haijiang had been a little uneasy in their hearts. Now they are even more uneasy when they hear that mu Qianxin really escaped.

Liang Hongbo quickly returned to his senses and burst into a rage, "run away? How did you run? You hundreds of people chase less than 20 people, even can let her run away? "

"Where's old Huo? What about Nie? What about them? How do they do things? What else can they do if they can't do such a little thing well? "

Liang Hongbo can't help roaring! He is really angry!

In order to attack mu Qianxin, he made a careful ambush in Li's underground garage, but even so, he failed to catch mu Qianxin. How could he not be angry?

You know, if he can't win muqianxin in Li's underground garage, it will be more difficult to win muqianxin later.

"Huo, Huo old ghost died. When Nie merciless came, mu Qianxin had already run away." The subordinate replied flurriedly.

"What? How could old Huo die? " When Liang Hongbo listened to this, he felt a buzz in his mind and could no longer help standing up.

Huo Laogui's strength is unknown to others, but Liang Hongbo knows it. Mu Qianxin and others can kill Huo Laogui. He can't believe it anyway.

"Yes, just when Huo Laogui was about to catch mu Qianxin, a young man suddenly appeared, killed Huo Laogui and saved mu Qianxin."

His subordinates resisted the panic and began to narrate, "by the way, the young man came in a Bentley, but we didn't see the license plate number clearly."

"Well, I see." Liang Hongbo's face changed again. After hanging up the phone, he sat down powerlessly.

A young man killed in the air and saved mu Qianxin after killing Huo Laogui? Who is this young man? How could it be so tough?

Liang Hongbo can't help thinking about this question in his mind, but he has no answer.

In his information, there is no such fierce man under muqianxin.

"Lao Liang, what should we do now? Mu Qianxin has run away. By her means, if all the old cronies are gathered together, I'm afraid we will be very sad. "

"Yes, I know mu Qianxin is not so simple and easy to kill. I regret that I should not listen to you."

Zhangmen Haijiang March face also difficult to see the extreme, the heart is set off a restless.

"Shut up Liang Hongbo was angry. "Now, is regret useful? The only thing we can do is to unite and try our best to get rid of muqianxin! Otherwise, we can't think about it! "

He pointed to Jiang March, "regret? Does regret work? Do you have a way back? You are also involved in today's affairs. Even if you go back to muqianxin, she can bypass you? "

Zhangmen Haijiang March looked at the angry Liang Hongbo, face twitch, finally completely shut up.

Up to now, they really have no way back, and it is meaningless to regret again.

With a sullen face, Liang Hongbo roared and was about to leave when the phone rang again. He couldn't help frowning and then gritted his teeth to get through.

"Old Liang, it's bad. Liang Shao was broken and sent to the hospital." Another uneasy voice made Liang Hongbo's face heavy.

He just felt the anger coming straight to the top of his head, and he was about to rush out of the tianlinggai. "What's the matter? How could someone break his leg? Who did it?"

Liang Hongbo feels like he's going crazy.

Damn, there's no good news, there's only bad news.

"At lunch today, one of Liang Shao's younger brothers was beaten in the face. Liang Shao came to the front and was broken by an unknown guy."

The person on the other end of the phone replied quickly, and later introduced the identity of meipinde and others.

His heart is also very uneasy, they as Liang Shaojiang's bodyguard, but watched Liang Shaojiang was broken leg.

This is even if, the most ridiculous thing is that they don't know who they are. Isn't this waiting to be reprimanded by Liang Hongbo?

But in this case, even if they don't want to make this call again, they have to make it.

Because this kind of thing can't be concealed.

"Waste, waste!" Liang Hongbo almost blew up, "I asked so many of you to protect Shaojiang, but you're good. If you don't protect Shaojiang well, you don't even know who broke Shaojiang's leg."

"What's the use of Laozi in raising you? Are you rubbish? "

The man on the other end of the phone didn't dare to speak and didn't say a word.

Liang Hongbo scolded angrily again, and then hung up.

His eyes have been completely cold down, cold can't use words to describe, "Mei family, Pang family, you are so brave, even my son Liang Hongbo dare to touch!" He murmured and dialed a phone directly to go out, "you give me a visit to Mei's and Pang's, and interrupt me on both hands and feet of Mei Pinde and Pang Wei. If anyone in their family dares to resist, I will kill them directly! "

"Yes The person on the other end of the phone answered respectfully and immediately went to prepare.

Liang Hongbo snorted angrily, then got up and rushed to the hospital.

Liang Shaojiang is his only son. Now his leg is broken and he is sent to the hospital. He has to go and have a look.

This is my son.

Although he didn't know who broke his son's leg, he had put the matter on the head of Pang Mei's family.

Who let the matter be caused by meipinde, and Pang Wei came out for meipinde?

As for Huang Fugui and his wife, Huang Tingting and Xiao Lan, Liang Hongbo didn't find out their identities, so he didn't immediately go to them for trouble.

The hotel.

Wang Fan and Huang Tingting leave. After liang Shaojiang is sent to the hospital, Mei Pinde and pangwei leave quickly and return to their families.

Today's situation is getting worse. They have to report it to their family. Otherwise, if they are retaliated by the Liang family, they are not prepared at all. It will be miserable.

Mei family.

After meipinde finished the story, his father meizhongtian immediately became angry.

Mei Zhongtian didn't care whether Mei Pinde was full of injuries. He slapped him in the face directly.

"It's not enough to succeed, it's more than enough to fail."

"Have I ever told you that you should keep a low profile when you go out and do things? There are many people you can't afford?"

"The Liang family under the Li family, is that what you can provoke? You not only want to die by yourself, but also want to take my Mei family to die together! "

Heaven's anger in plum can't be released!

Although Mei did not know who Liang Shaojiang was, let alone the horror of the Liang family, Mei Zhongtian knew too much about it.

It can be said that if the Liang family wants to destroy the Mei family, it doesn't need much effort at all. It can be easily destroyed.

"Zhongtian, what's the use of blaming Pinde now? We'd better find a way quickly. What's more, can Pinter be blamed for this? We should blame Huang's girl and her boyfriend. "

"If it wasn't for that girl, how could Pinder be so angry and hit people suddenly. If her boyfriend hadn't broken Liang Shaojiang's leg indiscriminately, how could there be so many things? "

Meipinde's mother hugged meipinde and said.

"You, you, are such a good mother. This guy is spoiled by you!" Mei Zhongtian looked at Mei Pinde's wife as if she were protecting him. He was so angry.

"No, the Liang family are here. They want us to hand over Mei Shao, or they will bear the consequences."

A quick voice came, Mei Zhongtian's expression was instantly stiff. Even Mei Pinde's mother and daughter could not help shaking.

Chapter 1200

Mabende's legs were almost soft and his face was pale.

He was really afraid of what would come. Although he thought that the Liang family might retaliate, he never thought that the retaliation would come so soon.

"Dad, what are we going to do?" Meipinde suddenly became disoriented, even his voice trembled.

Liang family came to hand him over by name. Even if he was a pig, he could think that nothing good would happen.

"What to do? How do I know what to do? Look at the good things you've provoked

Mei Zhongtian's face was also very gloomy. He stretched out his hand and wanted to slap Mei Pinde a few more times, but he finally suppressed it.

"You stay here and don't go anywhere." He didn't talk much. After warning meipinde, he took some people and ran out of the door.

People have already come. He has to face it. There is no point in avoiding it.

Mei Zhongtian soon came to the door with people. Fifty or sixty people had gathered at the door.

Although they didn't have knives, guns and sticks in their hands, their waists were bulging, obviously with guys.

Looking at the fierce group, Mei Zhongtian's eyelids couldn't help jumping for a moment, and then quickly put a smile on his old face, "brother, I've heard about today's event, I'm sorry."

As soon as he said a few words, the young man had stepped in front of him, and then slapped him.

Mei Zhongtian's body trembled, and blood appeared at the corner of her mouth. She almost didn't fall to the ground.

The young man slapped Mei Zhongtian hard, then stared and drank coldly, "who the hell wants to listen to your nonsense, and we don't care who you are?"

He pointed to Mei Zhongtian, who was very rebellious and domineering. "Where's Mei Pinde, where's he? Give him to me right away, or don't blame us for destroying your plum mansion. "

When the young man finished drinking, he raised his hand, and the fifty or sixty people behind him immediately put down their clothes, revealing the black guns at his waist.

Xiao Sha is everywhere.

Mei Zhongtian's bodyguards looked at the scene, they were very depressed, but they didn't dare to attack at all.

They all know the origin of these people, what's more, even Mei Zhongtian is so afraid of each other, how can they not be afraid?

Mei Zhongtian trembled at the corner of his mouth. He also did not dare to attack. He said quickly, "the real culprit is the Huang family. I know where their family is, and I also know who hurt Liang Shao."

He can only say what he wants to say in one breath.

If so, he can not successfully attract the anger of these people to the Huang family. If so, the other party still wants him to hand over his son, then he has no way.

When the young man heard Mei Zhongtian's nonsense, he wanted to do it, but after hearing the words, he immediately stopped thinking.

"Oh, yeah, let's hear it," he said

Mei Zhongtian didn't dare to talk nonsense. He quickly said what he knew.

Young people did not continue to start, but quickly dial the phone to ask for instructions.

He wants to see what Liang Hongbo means. If Liang Hongbo is still unwilling to let Mei Pinde go, he will only act according to the order.

When Mei Zhongtian saw the young man on the phone, he was relieved. At the same time, he was also sweating. He didn't know what the end would be.

Soon, the young man hung up the phone. He looked at Mei Zhongtian for a few seconds with a smile. Suddenly, he pointed, "do it!"

"Yes The dozens of people behind them got the order, responded in unison, and then rushed directly at Mei Zhongtian and his party.

Mei Zhongtian's face changed, and his whole heart was like falling into an ice cellar.

With only a few breaths, they were all overturned and fell to the ground between the blood sprays.

Originally, their quality was not as good as that of the Liang family. In addition, they were afraid before fighting. Naturally, the result was one-sided.

"Go in and catch Mei Pinde, and beat him with his hands and feet. If anyone dares to stop him, he will be put down." The young man kicked Feimei in the middle of the sky, and the wind of his spirit made a sound.

Mei family.

Meipinde's mother and son's face had all changed and turned pale.

Outside things have been reported, father and his party have been abandoned, the other party has rushed in.

"Mom, mom, what should I do? What should I do?" Meipinde's face turned white and her tears and nose fell down together.

At this time, he had no domineering in the hotel, helpless like a three-year-old.

Is it too cruel to interrupt?

If his hands and feet are interrupted, what's the difference between him and his death?

He won't!

Meipinde's mother's face is also pale, "run, run, they are looking for you, as long as they can't find you, it's OK, you run quickly."

"OK, OK, I'll run. I'll run." Meipinde was so confused that she nodded quickly.

But I don't know if he was too flustered. After a few steps, he tripped over the corner of the table and fell face to face. When he got up again and wanted to run, the young people were already in their sight.

"Ah, don't move me, don't move me. It's none of my business. It's Liang Shao's leg interrupted by Huang Tingting's boyfriend. It has nothing to do with me."

Meipinde looked at the people and cried even more, crying and shouting.

However, his cry did not get pity.

The youth disdain to see him one eye, the next second already rushed in front of him, raised a foot to connect a point to go down.

With four noises, meipinde screamed like a pig, and his face was dead.

"I'll fight with you!" Meipinde's mother was so mad that she rushed to avenge her son, but the young man slapped her on the ground mercilessly.

He hums coldly, "even if you don't move Liang Shao, you are also one of the culprits. Without you, there are so many things. You deserve it."

When he finished, he waved his hand and said, "let's go!"

Dozens of people retreated in an instant and disappeared in Mei's courtyard in an instant.

When meipinde was interrupted, the Pang family also experienced such a thing.

However, the resistance of Pang family was more fierce than that of Mei family, at least not as strong as Mei family.

However, even though the Pang family's resistance was fierce, the Liang family still killed Pang Wei at the cost of serious injuries to more than a dozen people.

Yes, it's not maiming, it's killing.

After killing Pang Weiyou, the Liang family has quickly evacuated the Liang family and disappeared without a trace.

Forty minutes later, the young man who interrupted meipinde's hands and feet had already brought people to Huang Fugui's residence.

This time, he didn't come with the order to scrap, but with the order to kill.

Liang Hongbo learned that the Huang family was involved in it, and that it was the girl of the Huang family whose boyfriend broke Liang Shaojiang's leg, so he made a killing order.

Inside the villa, Huang Fugui and his wife naturally saw the young people who appeared outside the villa, and their faces turned white.

Although they had thought that the other side would retaliate, they never thought that the other side should be so bold and dare to take revenge in the light of day.

Looking at the black 50 or 60 people, and some of them are still stained with blood, Huang Fugui and his wife simply don't know what to do.
