

MIGHTY SK 1201

Chapter 1201

Huang Tingting's face is also a little ugly, but she is not much flustered, but pinches out her mobile phone and quickly dials Wang Fan's phone.

In this case, she had no choice but to turn to Wang Fan.

Huang Fugui and his wife saw that Huang Tingting called Wang Fan, but they were still nervous.

Although Wang fan is very powerful, he is also very good at fighting, but there are fifty or sixty people outside. Can Wang Fan do it?

The most important thing is, even if Wang fan can deal with these people, how long will Wang Fan be able to get here? It's also a big problem.

If Wang Fan came late and they were killed or abandoned, wouldn't the day lily be cold?

But soon, Huang Tingting's face became ugly.

Because Wang Fan's phone was turned off, she couldn't get through at all.

Huang Fugui and his wife naturally heard the mechanical sound from the receiver, and their heart sank to the bottom of the valley.

Xue Guirong couldn't help it any longer and began to scold him angrily. "It's all your fault, it's all your fault. If it wasn't for the wild man you brought who killed Liang Shao indiscriminately, how could there have been so many things?"

Her words are also very vicious, "I tell you, if these people break in, you will kneel down and apologize to others, and then take the initiative to go with others."

"You and your boyfriend led this up. Naturally, you are responsible for it, but don't involve us."

Huang Tingting listen to this, almost no old blood gush out, the heart is more desolate.

Do you have such a biological mother? If you don't hear it, who can believe that a biological mother can say this to her daughter?

Huang Fugui frowned and said nothing.

He used to be dignified, powerful, and all of them have been fed to the dog. Now he doesn't know what to do.

In Huang Tingting three restless moment, the youth has brought people to the villa, and began to bang bang kick with his feet, "open the door, open the door quickly, if you don't open the door again, we will break in."

Youth tone is very domineering, "I know there are people inside, you also don't pretend no one."

"Now open the door, I only trouble the client, but if you don't open the door, you'll all have bad luck."

His words were obviously meant for Huang Fugui and his wife.

Xue Guirong, who was still a little pale, listened to the young man's words. Her eyes lit up immediately and she could not help standing up.

As soon as Huang Fugui's face changed, he immediately pulled her back and asked in a low voice, "what do you want to do?"

"Open the door." Xue Guirong's face was serious. "Didn't you hear what others said? Just open the door, and you'll find this girl and that wild man to get in trouble. If we don't open the door, we'll all have bad luck. "

Huang Fugui couldn't help it. He slapped Xue Guirong in the face and said, "you're brain damaged. Do you believe what you said?"

"Besides, what if what he said was true? Tingting is our daughter. Even if she doesn't have feelings, she can't be pushed into the fire pit! "

Huang Fugui finally said something.

He asked Huang Tingting to marry on her behalf, which did not involve life and death and had no psychological burden. But he can't give Huang Tingting directly to those people outside.

Huang Tingting is a young girl. Those people outside don't have a good thing. They give Huang Tingting to each other. He can think of Huang Tingting's tragic end even with his toes.

Huang Tingting listened to Huang Fugui's words, and her heart was a little comforted.

Fortunately, this father is not as ruthless as his mother, otherwise she would be disappointed.

The young people outside were impatient when they heard that there was no movement in the villa.

"Damn, don't open the door, right? Give me a hard bang and smash the door! If you dare not listen to me, one of you is the only one. I'll make you look good! "

With the voice of the youth, followed by a series of roaring.

They kicked the door hard and hard.

Huang Fugui and the three of them looked at the scene, and it was almost white.

They want to go, but they can't go at all. They stay here, but they can only wait to die. For a while, they are suffering.

After Wang Fan left Li's underground garage with mu Qianxin, he first went to eat something, and then rushed to Huang Tingting's home.

He knew that he had touched Liang Shaojiang, which would definitely involve Huang Tingting's parents.

Although Huang Tingting's parents are really not good things, they are Huang Tingting's own parents after all. Wang Fan has no reason to ignore them.

Of course, the most important thing is that Huang Tingting and Huang Fugui are together, so he must go to Huang Tingting's home.

Anyway, now mu Qianxin has something to do with her, and he doesn't dare to go home for the time being. He wants to protect Huang Tingting's family, so it's better to live in Huang Tingting's home with mu Qianxin.

Wang Fan soon came to Huang Fugui villa with mu Qianxin, but before the car stopped, he saw dozens of fierce men kicking the door of the villa. Wang Fan was furious. After stopping the car, he immediately jumped out of the car and rushed to those people.

"What are you doing?"

His voice was cold and his whole body was full of murders.

This group of animals, in broad daylight, come to people's houses to commit crimes. Is that too crazy?

The young people listened to Wang Fan's words, their faces changed one after another, and immediately turned to Wang Fan.

When they saw clearly Wang Fan's age and only one person, they immediately laughed.

"Who are you? If you don't want to die, get away from me, or don't blame me for being rude!" The young man pointed to Wang Fan's nose and said.

He thought that Wang Fan was also a nearby resident. Seeing this, he came out to meddle in his business.

"You're welcome? Why don't you make yourself at home? You dare to be so rampant in broad daylight. Are you too lawless? "

Wang Fan in the cold drink at the same time, has approached them.

"Lawlessness?" The young man's eyes suddenly turned cold when he picked the corner of his mouth. "I'm lawless, so what do you do?"

He pointed at Wang Fan, "I said that you are not afraid of death. I told you to mind your own business. You dare to beep."

He pointed to a few of them, "you go to me, cut off his tongue, I see how he still beeps."

With his voice, five or six men rushed to Wang Fan in an instant.

Wang Fan was furious, "I'm Cao NIMA!"

Then he grabbed the beer from the car and smashed it at one of them.

Bang!

Click!

The bottle broke and the guy fell to the ground!

Wang Fan grabs the broken half of the bottle and inserts it into another person's chest!

Whoa!

The blood splashed and the man fell to the ground.

Wang Fan overturned the two men, quickly stepped back two steps, and then began to drink coldly, "you animals, Lao Tzu is going to destroy you today, and get rid of the harm for the people!"

Be righteous!

The young people were so stupid that they didn't seem to think that Wang Fan was so brave.

Looking at the two comrades who had fallen to the ground with blood, the young man said to Wang Fan, "go up together and kill him for me!"

Hula!

Fifty or sixty people rushed madly towards Wang Fan in an instant.

Wang fan is an eyelid jump, turn head to run, "kill a person, set fire to, call the police quickly!"

No matter how angry Wang fan is, he can't really kill these people, so he can only try to provoke them and then lead them away.

He was running at the same time, but also two trash can kick fly, messy things sprayed on those heads, make them more angry.

"Stop, I'll kill you!" For a time, they completely red eye, fast toward Wang Fan chase up.

Chapter 1202

Under the crazy pursuit of the young people, the whole villa area has been made to fly, some people can no longer help but panic to report to the police.

With the sound of the siren, the young people woke up like a dream. They didn't dare to entangle any more and fled here.

Originally, if they only made trouble in front of Huang Fugui's house, it would be nothing and would not be noticed by others. But they chase Wang Fan all over the neighborhood, so there's a problem.

Although this villa area is not a rich area in Guangcheng, it is also a place where rich people live.

In broad daylight, some people dare to chase and kill others. How can this not attract the attention of the police?

In the face of the roaring police, although the young people had evacuated as soon as possible, there were still many people who were caught on the spot and directly entered the station.

He gritted his teeth with youth, but he had nothing to do.

Because at this time, he could not see Wang Fan's shadow.

"Son of a bitch, don't let me see you again, or I will kill you!" He gave a vicious roar and disappeared quickly.

It's a shame to be lost to grandma's family, Mei's family, Pang's family and Huang's family. It's reasonable to say that Huang's family is the best to deal with, but an accident happened here.

His heart was almost choked.

Wang fan saw that the young people were arrested and fled. After that, he returned to Huang Fugui's residence and rang the doorbell with mu Qianxin.

Huang Tingting saw Wang Fan knocking at the door, and immediately opened the door, her eyes were red.

She was really nervous just now. Fortunately, Wang Fan arrived in time, otherwise the consequences would be unimaginable.

"It's all right. It'll be over. You don't have to worry. I'll live here these days. Next time they dare to come, they won't be so lucky as they are today. "

Wang Fan hugged Huang Tingting and comforted her.

"Well." Huang Tingting nodded.

Hospitals.

When Liang Hongbo learned that the young people had lost in the Huang family and had been arrested for more than a dozen people, he burst into a rage and patted the table.

"Bastard, waste, seventy or eighty people, even one person can't take down, but also be played by the other party, are they all pigs?"

He was so angry that he dared to contain his anger.

The son's leg was broken, and he is still in the hospital, but the real killer is still alive. How can he not be angry?

If we don't know who the real culprit is, maybe the abolition of meipinde and pangwei's death can make him calm down.

But now he knows who the real murderer is. Even if he abolishes meipinde and kills pangwei again, what can he do? Is Wang Fan still fine?

Liang Hongbo's anger was felt by the elite of Liang family around him. All of them hung their heads down. They did not dare to breathe, and they did not dare to speak.

In this case, if you open your mouth, it's only when you get moldy that a fool will do it.

Liang Shaojiang can't help crying, "Dad, you must help me revenge, that Wang fan is so hateful, I must kill him!"

While he was crying, Liang Shaojiang could not help pulling the wound and uttered a scream, which made him even more resentful to Wang Fan.

It's all Wang Fan, that son of a bitch. If it wasn't for that son of a bitch, how could his leg be broken?

What makes him most uncomfortable is that the doctor has already said that his leg is difficult to cure. In the future, he will either rely on artificial limbs or spend time in a wheelchair.

Nima, he's only 30 years old, and he's still in his youth. How can he take a prosthetic and spend the rest of his life in a wheelchair?

He really hated Wang Fan and wanted to tear him to pieces.

"That's to say, you can't let that boy go anyway. You must break him to pieces."

"We only have such a son. Would you like to watch him spend the rest of his life in a wheelchair?"

Liang Shaojiang's mother was also crying, her eyes were also venomous, "that bastard, even if you kill him, you can't calm my heart!"

She also pointed to Liang Hongbo and roared, "aren't you very powerful? Aren't you very capable? Don't you say that if you look at Guangcheng, you are also a top power?"

"If you can't even avenge your son, what kind of top power are you? You might as well die. "

Liang Shaojiang's mother can't help but stimulate Liang Hongbo.

Because she knows what happened to Mu Qianxin and what's more, she knows that the Liang family is troubled now. She is really afraid that Liang Hongbo will put all his energy on mu Qianxin and temporarily strangle her son's revenge.

She is just a woman, not so ambitious, she only knows that her son is now like this, she can't stand it. She can't calm down without revenge for her son.

"I didn't say that I would not avenge my son. Isn't that a failure? Don't worry, that bastard who dares to touch Shaojiang will disappear by tonight at the latest. "

Liang Hongbo clenched his teeth and opened his mouth. After that, he immediately dialed a phone call, "you now immediately send someone to monitor Huang Fugui's family, and then kill them in the evening." "Except for the woman named Huang Tingting, I don't want them to see the sun tomorrow night."

When he was on the phone, his whole old face was twisted and condensed together. He looked terrible.

"Yes There was a respectful voice on the other end of the line, and then hung up quickly.

"Shaojiang, you should take good care of yourself in the hospital first. I will avenge you tonight at the latest, and then catch the one named Huang Tingting in front of you. At that time, you can vent your

anger on her as much as you want. "

"Ah Chun, take good care of your son in the hospital. Call me if you have anything."

After hung up, Liang Hongbo spoke to Liang Shaojiang and his son respectively, and then left the hospital.

Pang family.

Pang Gai, the owner of the family, looked at Pang Wei's corpse with a gloomy face.

His wife is lying in front of his son's body crying, he is very sad to see.

His heart was also filled with anger, which could not be released.

To deceive others too much is to deceive them too much.

Liang Shaojiang's affairs have nothing to do with his son at all. At most, his son just went to the stage. Liang Hongbo was so crazy that he sent someone to kill his son. Is that too arrogant and overbearing?

Liang Hongbo's son is his son. Isn't panggai's son his son?

A young man came in in a hurry. Panggai took a look at him, then walked out with his feet raised.

"Is the investigation clear?" Panggai asked the young man.

"The investigation is clear." The young man replied honestly, "Liang Shaojiang is now living in Buni hospital, with only 20 guards."

"While the Liang family sent people to attack our Pang family, they also sent people to the Mei family and the Huang family. They have maimed meipinde's hands and feet. Even if they survive, they are just useless people. "

"As for the people who went to the Huang family, it was not so smooth. It's like being stirred up by a guy who suddenly came out, and eventually the police were recruited, and more than a dozen people were arrested. "

Chapter 1203

"Oh, what else? Who is the young man who stirred up, and is he Wang Fan who broke Liang Shaojiang's leg? "

Panggai couldn't help asking, "and is Wang Fan's identity clear? Who on earth is he? "

The young man shook his head. "This has not been investigated yet. He only knows that he is very good

at fighting. He came to Guangcheng only yesterday."

Speaking of this, the young man seemed to think of something, "by the way, he also knew mu Qianxin. He went to Li's underground garage once this noon, and drove Huang Fugui's Bentley."

"The reason why mu Qianxin was able to escape safely in the ambush set by Liang Hongbo and others is his credit."

Although the Pang family is not as good as the Liang family, it is also a big family. It is not difficult to investigate these things.

Because Pang family started to investigate Wang Fan from the hotel, plus the black Bentley, it's easy to find out that Wang Fan went to save mu Qianxin.

On the other side of the Liang family, because they just knew about Wang Fan's existence, and they locked in the Huang family, they never thought about investigating Wang Fan from the hotel.

So they don't know that Wang Fan, who broke Liang Shaojiang's leg in the hotel, is the same person who rescued mu Qianxin.

In Liang Hongbo's eyes, Wang Fan, who can beat Liang Shaojiang's leg in the hotel, is just a small role, not worth mentioning.

In Li's underground garage, he defeated Huo Laogui and rescued mu Qianxin. He was cruel. They didn't associate them with each other at all.

"Things are really more and more interesting. It seems that Wang Fan came prepared. Maybe he came to Guangcheng to admire Qianxin and deal with the three elders of Li family."

"Poor my son. He was involved in their affairs and killed himself."

Panggai's face was very gloomy. "I will never let my son die in vain. Didn't Liang kill my son wildly? I'll kill his son, too!"

He looked at the young man with a cold light in his eyes. "You go to the hospital tonight and kill Liang Shaojiang for me."

"Remember, don't expose your identity, let alone let the Liang family realize that we did it."

"If my guess is right, the Liang family still don't know that Wang fan is the one who saved mu Qianxin. They will go to the Huang family to revenge tonight."

"You just wait for him to send someone to Huang's house to take revenge. After Wang Fan has cleaned it up, you can start again."

"When it's done, you'll let the story out that it's the same person who killed Liang Shaojiang and saved mu Qianxin."

Panggai said with a gloomy face.

Don't say, this guy is really poisonous. He has come up with such a bad idea.

It can be imagined that if Liang Shaojiang is really killed, he will release Wang Fan's news, and Liang Hongbo will definitely take this matter to Wang Fan's head.

At that time, he will be able to pick up the huge cover and watch the tiger fight on the mountain.

It has to be said that the masters of these big families are all conspirators, and the dark means are very smooth.

Pang Wei's death, though more or less related to Wang Fan, has little to do with it.

To put it bluntly, the Liang family is too demented and arrogant.

Pang family can take revenge, but they can frame Wang Fan. What is this called?

What's more, if Pang Wei doesn't come out for meipinde, how can he be implicated?

Of course, Pang Gai doesn't care so much. He doesn't care who dies or who lives between Wang Fan and the Liang family. He just wanted to kill Liang Shaojiang and do something for his son.

"Good." The young man nodded without hesitation, but soon could not help asking, "how do you know that the Liang family will send someone to the Huang family tonight, and Wang Fan will clean it up?"

"If Wang Fan didn't clean them up, but they did, wouldn't your plan be useless?"

Panggai listened and sneered, "what is Liang Hongbo's virtue? You don't know or I don't know? His son is abandoned, but the murderer is still alive. Can he swallow this breath? "

He snorted coldly, "I'm 80% sure that the Liang family will send someone to the Huang family to deal with Wang Fan."

"As for why I'm sure the Liang family won't succeed, it's because the Liang family hasn't begun to attach importance to Wang Fan, so the Liang family will never send too many elite."

Panggai's eyes twinkled with wisdom, the analysis of the head is right, "what's more, even if my analysis is wrong, so what?"

"It's a big deal. Just play it by ear. As long as you don't expose our Pang family, it won't be a big problem."
"

The young man nodded and did not continue to ask.

The clock soon pointed to ten o'clock in the evening.

At this time point, as long as you stay at home normally, even if you don't fall asleep, most of you are already in bed.

They either play with their cell phones, have sex with their wives and mistresses, or they have already begun to feel sleepy.

Huang family.

With a whizzing sound, more than a dozen people suddenly appeared outside the villa. These hostages are very good, everyone's breath is very strong, but also silent.

When they arrived at the periphery of the villa, the young leader raised his hand and shot out a stone, accurately knocking out the probe outside.

Then, with a wave of his hand, he took the rest of them to the door of the villa.

When he got to the door, he didn't beat the door or kick it like a young man in the daytime. Instead, he took out his tools and twisted them on the door lock. With a click, he opened the door lock.

After opening the door lock, he didn't enter immediately. Instead, he listened and didn't hear anything inside. Then he suddenly entered.

The villa was so dark that there was no light at all. The young man didn't notice the danger when he went in, so he waved to the others to come in.

When all the people came in, they immediately closed the villa door again.

Obviously, what happened during the day reminds them that they can't spread the movement to the outside. Otherwise, once the police are brought in again, they will be very uncomfortable.

"Huizi, are you sure they are all in the villa and haven't left? Why don't I feel like someone?"

The first young man listened carefully again. He still didn't hear anything. He couldn't help asking one of the thin men in doubt.

The thin man listened to this, quickly patted his chest and replied, "I'm sure no one has gone out. They are all in the villa."

"As for why there was no movement, I think they all fell asleep. At about nine o'clock, all the lights in the villa had been turned off, and now it's estimated that they've all fallen asleep. "

The first youth frowned, did not continue to ask, began to give orders, "search room by room, do not let go of every corner."

"As long as you meet a living person, as long as it's not Huang Tingting, you'll be killed without mercy and make a quick decision. We'll leave as soon as it's done, remember? "

"That's clear." More than ten people responded.

"OK, let's do it." When the young man finished, he was the first to jump out.

In one of the rooms, Huang Fugui and his wife, Huang Tingting and mu Qianxin all sat on the sofa or bed, holding their breath and saying nothing.

Mu Qianxin, Huang Tingting is OK, they are calm, but Huang Fugui and his wife are obviously nervous.

Xue Guirong was even more nervous, and her whole body was in a cold sweat.

Can Wang fan outside deal with the Liang family?

There was no answer in her mind.

Chapter 1204

More than ten Liang family members worked in an orderly way. Five of them went directly to the bedrooms, toilets and balconies on the first floor, while the rest went straight to the second floor.

But they haven't entered the room, let alone the second floor, suddenly -

click click!

With a series of sounds, the light of the villa living room suddenly turned on, and the whole hall became as bright as day.

This sudden scene made more than ten people in the Liang family look pale.

For a moment, they could not bear the sudden strong light, and even narrowed their eyes slightly.

Whoosh!

At this time, the sound of a broken wind sounded, and a dark shadow had rushed to the five people who were ready to run to the second floor.

PA PA.

Two sounds, two people did not respond, has been shot in the back of the brain, only feel in front of a black, soft fell down.

The other three were just about to attack when they saw the situation. One leg had already set off the wind of hunting and roared up to meet them.

Bang bang!

Three sound, three people all kicked to fly to go out, the skeleton inch is broken, the mouth spurts the blood to fall to the ground.

Come on!

It's so fast!

This scene almost only happened in the electric time.

The other five people looked at the scene, their faces changed greatly, and they set off a storm in their hearts.

Obviously, they didn't expect that even if they were ambushed, the enemy's strength was so strong that half of them were killed in an instant.

It's no one else, it's Wang Fan.

After Wang Fan overturned the other five people, he didn't immediately fight against the other five people. Instead, he looked at them with a smile, "you've finally come. I've been waiting for you for a long time."

His words are very casual, it seems to pull home, even in the face of five people, there is no sense of urgency.

He had expected that the Liang family would retaliate in the evening, so he arranged everything in advance.

These ten people want to close the door to catch a turtle in a jar, and Wang Fan also wants to close the door and beat the dog.

Five people listen to this, the facial expression can't help but change for a while, one of them can't help but ask, "who are you?"

He is very difficult to believe, just a not class family, there is even Wang Fan such a master.

It's just a joke. If they had known that there was a master like Wang Fan in the Huang family, they would not have come in this way, let alone such a few people.

"Who am I?" Wang Fan said with a smile, "well, let me introduce myself first. I'm the one who disabled Liang Shaojiang."

"By the way, I killed Huo Laogui. Today, I rescued mu Qianxin from Li's underground garage."

As soon as Wang Fan said this, the five people's faces were even more ugly. They felt a thump in their hearts. The hand that just grasped the gun could not help loosening.

The news is so shocking.

They didn't expect that Liang Shaojiang would be killed by the same person who killed Huo Laogui and saved mu Qianxin.

They almost thought Wang Fan was joking.

After all, there's nothing wrong with killing Liang Shaojiang. It's shocking to kill Huo Laogui.

If what Wang Fan said is true, none of them can run this evening.

"You, what do you want?" The young man asked again, rolling his Adam's apple.

"What do I want?" Wang Fan's smile is more banter, "this sentence should be I ask you?"

"This evening, more than a dozen of you are intruding into the houses and disturbing my rest. Shouldn't I ask you what you want?"

Wang Fan said, without waiting for them to answer, "by the way, I almost forgot. I remember you said that all the people in the villa except Huang Tingting were going to die, and it seemed that I was included."

He couldn't help sighing, "ah, originally I wanted to save your life and let you go. Now it seems that I really can't let you go."

Five people listen to Wang Fan this words, facial expression all changed.

One of the fastest reaction guys, is suddenly back, and then immediately grabbed the gun, aimed at Wang Fan will pull the trigger.

His speed is too fast, almost to the extreme, a series of actions are all at once, obviously no less hard

work.

Wang Fan looked at the scene, sneer, almost the moment the young man raised his gun, his step moved, he had rushed over.

At the moment when the youth aimed at Wang Fan and was about to pull the trigger, Wang Fan had already grasped the shadow knife and cut it out without hesitation.

This guy wants to play with a gun in front of him, so don't dream. If Wang Fan really let this guy hurt him, it would be a shame.

In fact, there is no need for Wang Fan to use shadow knife when he wants to overthrow this guy. He only uses shadow knife to deter the other four people.

Whoa!

A voice came out, and before the guy could pull the trigger, he found that he couldn't press it.

Then, he saw a stream of blood on his wrist, even with a gun completely fell to the ground. Finally, he felt the pain.

"Ah

He couldn't help but put his other hand over his wrist and screamed.

There is only fear in his eyes,

he is confident in his reaction to himself. No matter whether he draws a gun or shoots a gun, he does not dare to say that he is the first in the world, and he can definitely say that he is fast.

But even so, he is not as fast as Wang Fan, or even as fast as Wang Fan. What strength is this?

What's more, Wang Fan was unarmed before. Where did his sword come from?

There was a sense of fear all over the body.

The other four were also numb. They wanted to take advantage of the opportunity to make some small moves, but they didn't have any more thoughts.

Wang Fan's strength is too terrible, dare to make small moves, they absolutely have no good end.

Wang Fan did not pay attention to the four people, but went to the young man with a broken wrist, "playing with a gun in front of me, do you deserve it?"

"Do you know why I didn't kill you? Because I want to tell you that those who want to kill me must die! "

With these words, Wang Fan directly stabbed into the young man's heart.

All the young people died with wide eyes, as if they didn't expect that Wang Fan would kill him like this.

The other four were more numb.

This person is also too strange, it is clear that a knife can solve things, but in order to say a word with two knives.

Wang Fan didn't pay attention to their expressions, but continued, "do you know why I didn't touch you?"

"Because I want you to get rid of these rubbish for me and bring a word to Liang Hongbo in an instant."

Wang Fan voice cold down, "you tell him, Huo Laogui is I kill, mu Qianxin is also I save, Liang Shaojiang is I beat disabled."

"If you want revenge, go straight to me, not to anyone else. If you dare to fight against innocent people again, don't blame me for directly killing Liang family and killing him, Liang Hongbo. I do what I say. "

The four people listened to Wang Fan's words, they didn't dare to say anything more, just nodded.

Then, after they took off their clothes and cleaned the blood on the ground, they fled and left with their companions.

Outside the villa, in a humble car.

The young man of Pang family looks at the elite of Liang family who left in a dilemma. His eyes brighten. He spies Pang Gai and starts his car to rush to the hospital.

This night, destined not to be calm.

Chapter 1205

Bunny hospital intensive care unit.

Liang Shaojiang is reclining on the bed, eating fruit while watching TV.

But he was obviously absent-minded, and his eyes were always staring at the cell phone next to him from time to time.

Because he knows that his father has sent people to deal with Wang Fan. He is waiting for the news that Wang Fan has been killed and Huang Tingting has been arrested.

Did not think of Huang Tingting, even if the thought of Huang Tingting, Liang Shaojiang's heart has a touch of evil fire.

He must try his best to humiliate Huang Tingting and let her not be as good as a dog, otherwise he will be too sorry for himself.

Liang Shaojiang side, there are two pretty little nurses uneasy accompany.

Because they know that Liang Shao's background in front of them is very strong, and his temper is not very good. If they do something that makes people dissatisfied, it's a disaster.

Fortunately, their uneasiness is redundant. Although Liang Shaojiang is not in a good mood at this time, he is not in the mood to bully the two nurses.

Most of all, they occasionally use their hands and feet to pinch them, and the two nurses can only bite their teeth.

There were only Liang Shaojiang and two nurses in the ward. As for Liang Shaojiang's mother, because Liang Shaojiang disliked her mother's nagging, he asked her to go back because it was too late.

Outside the ward, there was No.20 guard.

These 20 people are all elites of the Liang family. They are divided into two groups. They are working in two shifts. They are afraid that Liang Shaojiang will never fail.

As for the other wards on this floor, they are also roughly packed by Liang Jiakai. The purpose is to give the elite enough good rest space.

Twelve o'clock.

Liang Shaojiang is already a little sleepy.

He didn't have much rest on this day, except crying and roaring. It's not easy for him to support up to now.

If he didn't want to wait for the news that Wang Fan was killed and Huang Tingting was arrested, he would have fallen asleep.

Even so, at this point, he can't carry it.

He just felt that his eyelids were fighting and could not help yawning one after another.

At one point, he couldn't help but dial his father, Liang Hongbo.

After leaving Huang Fugui villa, Langyan immediately drove to Buni hospital.

After parking the car, he put on his hat and mask, then got out of the car and ran straight in.

As early as in the daytime, he had investigated the situation in the hospital, and stepped on it well, so he was very familiar with it.

He did not immediately go to Liang Shaojiang's ward, but first came to a room.

When he entered the room, there was a doctor on duty in the room.

This person is also Liang Shaojiang's attending doctor.

In fact, he didn't need to work overtime at all, but he stayed on duty because the Liang family was too strong and he was afraid of what would happen to Liang Shaojiang at night.

When wolf smoke entered the ward, the doctor noticed it for the first time.

He changed his face and asked, "who are you?"

It is the sneer of wolf smoke that just answers him!

Wolf smoke didn't open his mouth at all. At the moment when he closed the door with his backhand, his body had already jumped towards him.

Before the doctor could scream, Langyan's right hand had covered his mouth, and then his left hand stuck directly to his throat.

Click.

With a crisp sound, the doctor's Adam's apple was pinched off and fell down.

Death, his eyes are full of fear, full of disbelief.

He didn't seem to think that he would die like this.

At the same time, his death was silent and did not attract the attention of anyone else.

After killing the doctor, Langyan took off his clothes and put them on his body. He took out a pile of things from his bag and daubed them. He soon got seven points similar to the doctor.

He looked in the mirror, nodded with satisfaction, and then swaggered out.

Langyan soon came to the floor where Liang Shaojiang's ward was, but he was stopped by Liang's elite before he could get close to the ward.

"What can I do for you at this late hour?" The elite who stopped the smoke couldn't help asking.

Langyan leisurely and leisurely, "I'm Liang Shao's attending doctor. I'll have a routine examination for him, for fear of any accident."

The elite listen to this, can not help but frown, but did not immediately release.

He carefully looked at the doctor's face, and then looked at the photos. After a long time, he nodded, "go."

The elite did not realize that the doctor had switched. Of course, it's not his fault. After all, he is not familiar with the doctor.

After the appearance change, if you want to cheat the doctor familiar with people, maybe it's difficult, or impossible.

But it's more than enough to cheat the elite of the Liang family who are not familiar with them. Wolf smoke all the way through, is very calm, no half of uneasy.

Along the way, the other nine elite also seriously looked at the smoke, but also did not see abnormal.

Langyan quickly went to the door of Liang Shaojiang's ward, and pushed the door in.

The two liang elite guards at the door looked at each other, and then one of them followed in.

They are also afraid of accidents, so they should be prepared.

Langyan didn't care and soon came to Liang Shaojiang.

At this time, Liang Shaojiang is talking to Liang Hongbo on the phone, expressing his dissatisfaction.

Because after he called his father, he knew that the task was still in progress, and there was no result yet.

It's more than 12 o'clock, and there's no result yet. It's strange that Wang Fan hasn't been settled and Huang Tingting can't be sent here. It's strange that Liang Shaojiang is comfortable.

At the same time, Liang Shaojiang also saw the smoke when he called. At first, he didn't care, but he was still complaining with Liang Hongbo. But when the smoke approached, his face immediately changed.

Liang Shaojiang met the doctor at least ten times today, and he had a good way of remembering people.

He recognized at a glance that Langyan was not a doctor.

Instead of complaining to his father, he didn't hang up. Instead, he drank coldly at the smoke, "you're not a doctor. Who are you?"

Liang Shaojiang's words didn't matter. Langyan and even the elite at the door changed their faces in an instant.

At night, someone pretended to be a doctor came to the ward, fool can think of nothing good.

Wolf smoke in the eyes of the same emergence of a moment of surprise, obviously he did not expect, Liang Shaojiang should be able to recognize him as a fake.

In a flash of surprise, the smoke came back to his mind. Without any hesitation, he flashed a knife in his hand and stabbed Liang Shaojiang in the heart. At the same time, he drank a sentence, "Wang Shao takes me to say hello to you."

Not to mention that Liang Shaojiang is disabled now, even if he is not disabled, he can't avoid the wolf smoke.

He could only keep his eyes wide open and watch the knife thrust into his heart.

Whoa!

With the fall of the voice, the sharp point of the knife fell into Liang Shaojiang's heart, and the red blood gushed out in an instant.

Liang Shaojiang's eyes are still very big. He can't close his eyes!

He did not expect that just now he was waiting for the news that Wang Fan was killed, thinking about how to trample Huang Tingting, and now he was killed.

Unwilling, unwilling, but still can not change the reality.

He's dead.

Chapter 1206

"Son of a bitch, you dare!" Looking at this scene, the elite of the Liang family who followed in was just looking at the crack!

Liang Shaojiang was killed under his eyelids. It can be imagined that once Liang Hongbo knew this, he would face such terrible consequences!

In the roar, the elite has frantically rushed towards the smoke, and flashed a sharp knife in his hand!

In the face of this elite attack, Langyan's face didn't change much at all. He directly picked up Liang Shaojiang and smashed at the elite.

Liang Shaojiang's corpse roared by, and the elite was almost mad at the scene.

He wants to continue to attack Langyan, but he can't ignore Liang Shaojiang.

What's more, he is not sure whether Liang Shaojiang is dead or not.

In desperation, he had to stop his body, throw the knife and spread his hands to pick up Liang Shaojiang.

Wolf smoke is to take advantage of this gap, body suddenly toward the window ran past.

It's impossible for him to escape from the door. There are 19 elites outside, and each of them has a gun in his hand. If he goes out, he is looking for death.

Hula.

When the smoke pours on the window, more than ten people who are guarding outside have rushed in crazily.

They looked at Liang Shaojiang, who was held in his arms by his companions, at Liang Shaojiang's blood all over his body, and at the smoke escaping to the window.

"Where to go!"

"Stop it for me!"

"If I don't tear you to pieces, I swear not to be a human being!"

They yelled and yelled one after another and killed the wolf smoke.

Big basket!

This is a big basket!

If there are too many enemies coming to kill Liang Shaojiang, they may still have words, but there is only one person on the other side.

It's just one person, but they play with them and kill Liang Shaojiang in front of their eyes. How can they bear it?

In the roar at the same time, rushed in front of two of them have quickly pulled out the gun, ferociously

pointed to the smoke.

In any case, they can't let wolf smoke escape, otherwise it will be more difficult to explain.

Boom!

Wolf smoke soared into the air, soon smashed the window, opened the guardrail, and jumped out.

At the same time, two bullets came whistling. One bullet was empty and nailed to the wall, and the other bullet was accurately penetrated into the leg of wolf smoke.

Cluster!

A small piece of blood burst out, and the smoke also jumped out of the window.

The pain from his lower leg made the corners of his mouth twitch, and cold sweat oozed from his forehead, but he forbore it.

This is the tenth floor. If he falls down directly, he will definitely fall to pieces.

When he fell to the eighth floor, his right hand popped out and grabbed the fence.

Boom!

The huge strength made the fence open a big hole in an instant, and then wolf smoke grabbed the windowsill and made a strong point on the wall with his toes, and jumped in directly from the window.

According to his original plan, he jumped in on the ninth floor, but he was shot in the leg, which slowed his reaction.

"Ah Looking at this scene, the patient in the ninth floor ward couldn't help opening his mouth and yelling. It's so terrible that someone came in the window. Did you see a ghost in the evening?"

In particular, the man was shot in the leg, which made him even more frightened.

Langyan didn't pay attention to the patient at all. Instead, he quickly took out the knife, stabbed, dug and hissed at the muzzle of the bullet, and the bullet was instantly dug out.

Then, without hesitation, he turned and ran outside.

The patient was so scared. Isn't that cruel?

Even if it's curettage, it's just like that, right?

The tenth floor.

When the elite rushed to the window to look down, they already saw the wolf smoke jumping in from the eighth floor.

As soon as one of them changed his face, he immediately gave an order, "leave two people here to guard Liang Shao. By the way, call to report back, and the rest of them will follow me!"

"No matter what, we can't let the enemy run away, otherwise it's hard to explain to Mr. Liang!"

Then he was the first to rush out.

Of course, the other 18 people did not dare to neglect and followed one after another.

They also know the seriousness of the matter, so they dare not drop the chain at all.

Because if one can't be done well, that's the end of losing one's head!

After Langyan rushed out of the ward, he didn't rush to the elevator, let alone the step ladder, but rushed into another ward for the first time.

His face was equally unsightly and gloomy to the extreme.

Originally, according to his plan, there was no need to get hurt at all. In that way, even the elite Liang family could not lock him down.

But he did not expect that Liang Shaojiang actually saw through his identity, which led to his early exposure and injury. In this way, it is difficult for him to leave the hospital successfully.

After entering the ward, Langyan knocked out the patient who was about to scream on the bed for the first time, then tore off the sheet and wrapped up the wound.

After all this, he put on the other party's clothes and threw his white coat under the building. Then he sneaked out.

Langyan did not flee to the hospital, because he knew that this time to flee, that is to throw himself into the net.

He followed the route in his mind and ran to the morgue for the first time.

Yes, it's the morgue.

Originally, according to his plan, he didn't need to come here at all, but now, he can only hide here first.

After entering the morgue, Wolf Smoke quickly found an empty bed to lie on, and then pinched out the mobile phone to contact Panggai.

With his ability, there is no way to go out now. He has to ask Panggai for help.

At the moment when Langyan contacted Panggai, the outside had already exploded.

Eighteen elite, ten people from the ninth floor, one by one started to search the carpet, the other eight people are directly guarding the hospital passages.

For a time, the whole hospital was made to fly, all patients began to panic.

Nine floors, No.

Eight floors, No.

Seven floors, No.

They went all the way down, but the more they searched, the more they felt.

If they haven't caught the murderer after Liang Hongbo's arrival, they will have no good fruit to eat.

The Liang family.

Liang Hongbo listened to the disorderly voice on the phone, and his face became gloomy in an instant.

In particular, Langyan's "Wang Shaodai, I say hello to you" made him feel like a thorn stuck in his throat.

When he learned that his son had been killed and had no breath, he was about to explode.

Liang Shaojiang is his only son. How can he bear to die like this?

I'm afraid the most painful thing in the world is that white hair people give black hair people away.

"Son of a bitch, if you dare to kill my son, I will break you to pieces!" Liang Hongbo grinned, and was about to rush to the hospital. But at this time, a young man rushed in.

"Old Liang, it's not good. Ali, they're back." Young people's voice is very urgent, very anxious, very uneasy.

Liang Hongbo's eyelids jumped, "come back, come back. What's the hurry? Has the task failed?"

Ah Li and his party are the people who went to the Huang family to kill Wang Fan.

"Yes, yes." The young man replied with trembling, "they not only failed, but also were maimed by Wang Fan."

"And Wang Fan also said that he was the one who killed Huo Laogui and saved mu Qianxin. He also asked Ali to take a message to you. If you want revenge, you can find him. Otherwise, he will, he will. "

The young man said "he will" twice, but did not dare to say the following.

"What will he do? Kill my son? " Liang Hongbo is about to explode, because now is not "he will", but really killed.

"No The young man shook his head, and then squeezed out a few words, "he will kill the Liang family and destroy you."

Liang Hongbo's face was silent in vain!

Chapter 1207

After Liang Hongbo recovered, his face became ferocious in vain. "What did you say just now? That Wang Fan killed Huo Laogui and saved mu Qianxin?"

It was at this time that he noticed what he had said before, and there was a storm in his heart.

He didn't expect that the person who abandoned his son Liang Shaojiang would be the same as the one who killed Huo Laogui and saved mu Qianxin.

"Yes, yes, that's what Wang Fan said." The young man nodded in fear.

When Liang Hongbo was confirmed, he suddenly put away his anger and became calm.

If he was not sure just now whether it was Wang Fan who killed his son, now he is sure.

In his view, all of Wang Fan's actions were obviously premeditated.

Just as Liang Hongbo was gnashing his teeth and thinking about how to avenge his son, he received another text message.

This text message was sent anonymously, and the content is not much. It just says that Wang Fan came to Guangcheng with mu Qianxin, and it was Wang Fan who rescued mu Qianxin at noon yesterday.

Liang Hongbo looked at the message, eyelid jump, subconsciously dial back, but prompted to shut down.

"Let's go to the hospital first. By the way, send someone to block the hospital for me. The murderer must not be allowed to escape. "

"Yes

At the moment when Liang Hongbo gave the death order and rushed to the hospital, Pang's family and Panggai also received a call from Langyan.

He heard the smoke was blocked in the hospital, but also injured, a heart immediately sank down.

Panggai didn't dare to neglect at all. He got up quickly and ran to the hospital.

Once the wolf smoke falls into Liang Hongbo's hands, by Liang Hongbo's means, 80% can pry out the truth from the wolf cigarette holder.

That would be a disaster for the Pang family.

When Panggai went out, the sky in Guangcheng became gloomy, and the dark clouds were on top.

Beep!

Pop!

At a certain moment, with the fall of lightning and thunder, the big raindrops immediately fell down, forming rain lines, splashing on the ground.

Half an hour later, Panggai arrived at the hospital in the wind and rain.

Almost as soon as he stepped into the hospital, a large number of elites from the Liang family had arrived and completely surrounded the hospital.

Liang Hongbo stepped down from a car, took a gloomy look at the hospital, and then ran into the ward where his son was.

Huang family.

Wang Fan just lay down, the door of the room was knocked, and then he saw mu Qianxin come in quickly.

Wang Fan some doubts, "what's the matter, how do I see your face is very bad, is something happened?"

Because it's in Huang's home, Huang Tingting also lives here, and this kind of thing happened in the evening, so Wang Fan didn't live in the same room with mu Qianxin, let alone roll the sheets.

"Yes, something happened, and it's a big deal." Mu Qianxin's face was a little gloomy. "I just got the news that Liang Shaojiang was killed, and you sent someone to kill him."

"Oh?" Wang Fan listened to these words, instantly sat up, "was killed by my people? You mean, I'm being framed? "

He's not a fool. He thought of it the first time.

"That's right." Mu Qianxin nodded, "the other side is after killing the doctor in charge of Liang Shaojiang, Yi Rong becomes that doctor's appearance to enter the ward to kill Liang Shaojiang."

"When he killed Liang Shaojiang, he also said a word to Liang Shaojiang, saying," Hello, Wang Shaodai. "

"Now Liang Hongbo has gone completely crazy. He not only sent people to block the whole Buni hospital, but also carpet searched for the murderer."

"And according to what I know of him, he will probably send someone to avenge you tonight."

Mu Qianxin's face is also ugly, and she naturally realizes that Wang Fan has been framed.

After all, Wang Fan followed her to Guangcheng alone, and there was no helper at all. And even if he wanted to kill Liang Shaojiang, Wang Fan would only do it himself. It was impossible for him to send someone over.

"So the man who killed Liang Shaojiang hasn't left the hospital yet?"

Wang Fan caught the key, "in this case, I might as well go to Buni hospital. Although I don't care about Liang Hongbo's revenge, I can't be wronged. "

Wang Fan said, began to put on clothes.

It's not a big deal to kill Liang Shaojiang, but it's a big deal to plant Wang Fan.

Although Wang fan doesn't care about the consequences of killing Liang Shaojiang, he can't stand being planted.

He didn't have to think about it. He knew that the people who framed him were either the Pang family or the Mei family, and most of them would be the Pang family.

Although the strength of the Mei family is not weak, Mei Zhongtian may not have the courage to kill Liang Shaojiang, because once the matter is revealed, he simply can not afford the consequences.

Pang family is not the same, Pang family not only has a deep foundation, but also the owner panggai is a strong person. It is impossible for such a person to bear the anger of his son being killed. When Wang Fan thought of this, he was annoyed.

Let's kill Liang Shaojiang when Pang's family kills him. What's the matter with him? It's just so annoying.

"Qianxin, take Tingting to find a hotel first, and then call me. I'll go to the hospital, solve this problem, and I'll come to you. "

"By the way, please give me a picture of Liang Hongbo, Pang gaimei and Zhongtian. I'll see if I can get anything."

Wang fan dressed, said to Mu Qianxin, and left the villa.

Although there is little doubt about the Mei family, and even if Pang Mei's family did such a thing, Pang Gai Mei's Zhongtian, the two masters of the family, may not appear, but Wang Fan asked for their photos just in case.

Mu Qianxin nodded and sent a photo to Wang Fan. He immediately went to call Huang Tingting and his party.

Half an hour later, Wang Fan arrived at the hospital.

Instead of going in immediately, he released his mental energy and scanned the whole hospital.

When he is looking for Liang Shaojiang, he is also scanning everyone. He also wants to dare to frame his murderer.

The hospital is very big, Wang Fan's mental strength is not enough to completely cover, but he wants to try.

It has to be said that his luck is good. When his mental power is released to the limit, he not only sweeps Liang Hongbo and his party, but also sweeps panggai and Langyan.

Liang Hongbo is crying in a ward, holding the body of his son Liang Shaojiang.

Yes, it's crying.

Liang Shaojiang was beaten and maimed. He could not help it. But the moment he saw his son's body, he could not help it any more.

Liang Shaojiang's face was twisted, his eyes closed, and he had no breath.

There was a knife edge on his heart. Wang Fan knew that the wound had not lasted more than two hours.

Panggai came out of the elevator with smoke and ran out towards the hospital.

Although they were calm on the surface, they were obviously nervous inside. Wang Fan could sweep the cold sweat on their back clearly.

Wang Fan's mental strength turned around on wolf smoke, and soon noticed the wound on his leg. He couldn't help sneering.

This wolf smoke is really a tough guy, so painful wound, can pretend to be so indifferent.

Soon, panggai took the smoke to the door of the hospital, but before they had time to go out, they were intercepted by two liang elite.

Chapter 1208

"You can't go out if the Liang family does business like this again!" One of them pointed to panggai and cheered coldly.

Now the whole hospital has been blocked by Liang's family, and Liang Hongbo has given a death order, no one is allowed to enter or leave. Only in this way can they reduce the difficulty of their search.

Although panggai and Langyan don't look like killers, how dare Liang's elite be careless at this critical moment?

If there is a murderer among them, but they let them go, it's strange that Liang Hongbo doesn't kill them.

"What did you say?" Panggai was furious when he heard this. The next second, he slapped the sharp face with a slap.

"Liang family, it's really a great prestige. I'm going out today. What can you do for me?"

Panggai was furious, "what about Liang Hongbo, the son of a bitch? He killed my Pang family yesterday and killed my son. I haven't had time to settle with him. Now I dare to stop my Pang Kong. He really thinks that he has the final say in Guangzhou city.

The elite was slapped and wanted to get angry, but when he heard panggai's words, his anger was suppressed instantly.

Although the Pang family is not as good as the Liang family, it is not a small role. In this troubled time, he dare not offend too much, which causes Liang Hongbo's dissatisfaction.

"This is Mr. Liang's order. I can't disobey it. You wait here for a while, and I'll call Mr. Liang to ask for instructions."

That elite is strong to endure anger to finish saying, immediately then backed aside to make a phone call.

He wants to ask Liang Hongbo what he says.

Panggai was still nervous, but he was calm on the surface.

There is also a reason why he dares to slap the elite of the Liang family and be so angry.

The first is that he really hates the Liang family. The second is that only by doing so can it be regarded as normal.

After all, panggai's son was killed by the Liang family. Now panggai is stopped by the Liang family. If he has no temper, it's strange.

The most important thing is that he has successfully put the blame on Wang Fan. He is sure that Liang Hongbo has identified Wang Fan as the murderer.

Therefore, at this juncture, Liang Hongbo will not offend him again.

Liang Hongbo was holding his son Liang Shaojiang's body in tears when he received a phone call from his staff. Listening to the phone call, he couldn't help frowning,

"panggai, how could he come to the hospital? By the way, how many of them look like they've been hurt? "

Although Liang Hongbo identified Wang Fan as the murderer, panggai's appearance at this juncture was too coincidental for him to doubt.

The elite looked at panggai and panggai, especially swept their legs, and quickly gave a positive reply, "no, they didn't look like they had been shot in the calf."

Liang Hongbo listened to this, immediately couldn't help but anger, "then you still stop him for what, I let you find the murderer, didn't let you give me hate!"

If it's someone else who's stopped, with the strength of the Liang family, it's stopped. The other party absolutely doesn't dare to beep more, but the Pang family is different.

Now the Liang family is troubled, and Wang Fanmu's problem has not been solved, so Liang Hongbo is naturally not willing to provoke panggai.

Of course, if panggai wanted to take revenge on his son pangwei, he would have no choice.

"Yes, yes." Elite listen to this, quickly nod. But I was thinking, when you sent someone to kill panggai's son, why didn't you think you would pull hatred? Of course, he did not dare to say that.

Hang up the phone, in the elite wave, panggai two people were soon released.

They were also relieved, but they didn't dare to show it, and they didn't even dare to speed up their pace.

After all, Pang Gai is still so strong, but if he speeds up now, it's easy to be suspicious.

Wang Fan, who was far away, could not help sneering at the sight.

Panggai is really a character. He is so good at acting.

And Liang Hongbo. He's a pig.

His front foot killed Pang Wei, Pang Gai's son, and his back foot killed Liang Shaojiang. Pang Gai also appeared in the hospital. Isn't that doubtful? Let go so easily?

It can also be seen from this that Liang Hongbo has thoroughly counted the killing of Liang Shaojiang on Wang Fan.

Looking at panggai and his wife who walked out of the hospital and towards one of the cars, Wang Fan gave a cold smile, grabbed a baseball cap and put it on his head, then opened the door and jumped down.

He lowered the brim of his hat, slightly lowered his head, did not even look at the road, and quickly ran towards panggai and panggai.

Of course, because panggai and panggai just came out of the hospital, so in the eyes of outsiders, Wang Fan went to the hospital.

But even so, Wang Fan's appearance attracted everyone's attention.

Not only the elites of the Liang family looked at Wang Fan, but panggai and Wang Fan couldn't help looking at him.

In the evening, a young man with a baseball cap and a low brim suddenly appeared and rushed into the hospital. It was not normal. Panggai and panggai frowned. They didn't think much about it. They immediately moved their steps and planned to let it go.

Those Liang elite is to play up the spirit, all look at Wang Fan, and ready to intercept.

After all, the murderer is still in the hospital. Who knows if this man is an accomplice of the murderer, or has he come to meet the murderer?

Wang Fan didn't pay attention to these people's thoughts. At the moment of passing panggai, he

suddenly turned around and bumped into panggai.

The next second, he directly raised his foot and kicked the wound on wolf smoke's leg when he was not noticeable.

Come on!

Panggai stepped back two steps after being hit, and anger sprang up on his old face.

Wolf smoke is directly kicked to jump up, can't help but cover the leg issued a harsh scream.

The elite of the Liang family watched this scene, and their eyelids couldn't help jumping. Just when they hesitated to come forward, Wang Fan pointed to wolf smoke and said, "he has a bullet wound on his leg, and he is the murderer of Liang Shaojiang!"

Listening to Wang Fan's words, whether it was panggai Langyan or the elite of Liang family, his face changed greatly.

They can't help Hula rushed forward at the same time, the other few people are cold looking at the smoke leg.

Soon they saw blood oozing from wolf smoke's leg.

Looking at this scene, their faces were even more ugly, and they became angry at the same time.

Almost, almost let the real murderer run away. If Langyan really runs away, they will not be able to eat it.

"Take him!"

"Catch it!"

With the roar, the elite of the Liang family soon rushed to the front of the smoke, and madly subdued it.

Langyan wanted to resist, but Wang Fan's foot was too heavy for him to fight back.

Two elite soldiers hold Langyan's upper body, two elite soldiers hold Langyan's legs, and then one directly tears his leg pants.

A ferocious scar, impressively!

At the same time, panggai was surrounded by the elite of the Liang family. His heart sank to the bottom of the valley, and he was even more angry!

Who is it? Who on earth has ruined his good deeds?

Almost, almost, he left successfully.

Now it's a failure!

He wanted to take Wang fan out and tear him to pieces!

However, Rao is that he scanned around for a long time and never found Wang Fan's shadow again.

Chapter 1209

After Wang Fan pointed out that Langyan was the murderer, he took advantage of the chaos and left quickly.

He went to a corner, changed his clothes, threw his baseball cap and put on a mask, which made him reappear.

Panggai dares to frame Wang Fan. Naturally, he can't just let it go. He also wants to use his teeth for his teeth.

Wang Fan, who had changed his clothes, appeared quickly and rushed straight to the Liang elite who surrounded panggai.

"Who are you, stop?"

"If we go any further, we'll be rude!"

Liang Jingrui's face changed when he saw Wang Fan.

Wang Fan didn't talk nonsense at all. He speeded up and ran straight into the elite.

Bang bang!

Three sound, three elite was Wang Fan straight hit fly, mouth gushing blood fell to fly three or five meters away.

But Wang Fan didn't give up. He raised his right leg and came to another crazy sweeping.

Bang bang bang!

There were several more noises, and five or six elite members of the Liang family were not on guard. They were directly overturned and turned upside down.

At this time, Wang Fan had torn open the encirclement. As soon as he moved, he flashed in front of

Liang's elite looking at panggai who disappeared in an instant is completely crazy.

If Langyan is really the murderer of Liang Shaojiang, panggai is the mastermind.

They got panggai, and that's a credit.

But now panggai was let go by Wang Fan. They just wanted to eat Wang Fan's meat and skin.

Wang Fan roared, "dog, you kill us Pang Shao, don't you allow us to revenge?"

"I tell you, killing Liang Shaojiang is just the beginning. We'll kill Liang Hongbo next!"

"Our Pang family is not that easy to be provoked!"

Wang Fan was filled with righteous indignation and roared. He grabbed the knife from one of them and then cut it out with his backhand.

Whoa, whoa, whoa!

The three elite members of the Liang family were cut down immediately. Blood gushed out several meters high and fell to the ground in a scream.

But Wang Fan didn't give up. He raised his leg a little harder.

Come on!

A person's chest was hit, and his bones were broken. He fell out and knocked down seven or eight people, leaving chicken feathers on the ground.

Wang fan is planning to wave his sword a few more times to kill more enemies. But at this moment, his eyelids can't help but jump hard. Then he suddenly lowers his head, pulls back with his right hand, grabs the knife and throws it at the side.

Whoa!

A sound, a distance elite just aimed at Wang Fan, haven't had time to pull the trigger, knife point has been hard into his throat.

Plop, fall to the ground, die in peace!

"Kill him!"

"Kill him!"

Looking at this scene, those Liang elite have been completely angry!

These people are all loyal to the Liang family. Although they are afraid of Wang Fan's strength, they are more angry.

There were dozens of them, with knives and guns, but they were beaten by Wang Fan alone. This is a shame and unbearable!

"Shoot, kill him!"

"Damn, dare to let pangai go, dare to kill our brother, you must die today!"

They have roared, desperate to take out the hands of the gun! Wang Fan looked at this scene, instantly felt the dangerous atmosphere, without slighting, quickly toward one of the cars to hide behind.

Dada dada.

Almost as soon as he hid behind the car, a large number of bullets bombed the car. A good car was directly riddled.

Wang Fan's eyelids jumped straight, and he sighed in his heart that he was guilty. Then the cat's waist rushed toward the back of another car.

Dada dada.

Another series of gunshots, bullets almost hit Wang Fan's heel, even Wang Fan was a little frightened.

It's not hard for him to kill all these people if he keeps his distance. But now the distance is too close, the other side has no scruples to shoot, he can only temporarily avoid the edge.

Wang Fan quickly hid behind another car, and a large number of bullets followed, smashing the car to pieces.

Glass debris splashing, the scene is very fierce and spectacular.

"Damn it Wang Fan was also fired. At the moment between the shots, he grabbed the gun he had picked up before and fired two shots at the enemy.

Come on!

Two liang elite are going to continue shooting, head suddenly burst of blood fog, soft fell down.

Their downfall made their companions' faces stagnate and subconsciously found a shelter.

At this time, Wang Fan fired three more shots at the enemy.

Two more enemies fell to the ground forever.

Wang Fan knew that there were still three bullets in the gun, and he was about to finish them all at once, when he suddenly noticed that a large number of Liang family members rushed out of the hospital.

At the same time, he also noticed that Liang Hongbo actually stood at the window and checked the war situation outside through the window.

Wang Fan looked at the scene, suddenly stood up straight and grinned at Liang Hongbo, then raised his hand and fired three shots.

The three bullets shot out almost instantaneously and collided one after another. Under the superposition of three violence, the first bullet directly extended its range and shot hard at Liang Hongbo.

Liang Hongbo looked at Wang Fan just like a clown, but only sneered in his eyes. Such a long distance, with the gun in Wang Fan's hand, it is impossible to shoot him.

But soon, his face had changed!

With a click, the first bullet went through the glass and nailed into his chest.

Hiss.

The blood burst out, and Liang Hongbo sneered in his eyes. He solidified in vain and fell straight to the ground.

"Come on, call the doctor. Mr. Liang has been shot!"

Looking at this scene, those Liang elite in the ward were stunned at first, followed by a complete chaos!

Their heart only shock, pangai actually is from where to invite such a cruel man, this also too abnormal?

Chapter 1210

"Son of a bitch!"

"Kill him!"

"Kill

Those Liang elite outside also saw this scene!

Their faces have changed greatly, and they are completely hairy!

Those brave and fearless elite no longer care about shelter, directly roar, crazy toward Wang Fan killed in the past.

No matter how strong Wang fan is, there is only one person. Tigers can't stand wolves.

Even if Wang Fan has a gun in his hand, the bullets are useful.

They tried to win Wang Fan with this kind of fierce and fearless tactics.

Wang Fan looked at this scene, had to admire Liang Hongbo's means, even captive out of such a pile of dead.

He screamed, hurled a gun, knocked one of them over, and then turned to run.

He had come to deal with panggai with tit for tat, but now his goal has been achieved and there is no need to continue to fight.

Wang Fan's speed is very fast, just like a rabbit, a few jumps, has completely disappeared in the enemy's line of sight.

Liang Jiajing's sharp jump, but helpless, some of them also crazy shot a few shots, but failed to hit Wang Fan.

After Wang Fan left the hospital, he found a KFC and ate something. After waiting for more than an hour, he quietly returned to the hospital.

He didn't come here to see if Liang Hongbo was dead, but to drive his own car.

Wang fan is confident in his shooting skills. Although the three shots hit Liang Hongbo, they are not enough to kill him.

And he didn't intend to kill Liang Hongbo. If he killed Liang Hongbo so early, who will deal with Pang family? Then it doesn't make sense for him to frame pangai.

Hospitals.

All the authoritative doctors rushed over to treat Liang Hongbo one after another.

Fortunately, the bullet was only two centimeters away from Liang Hongbo's heart, otherwise they would

have no way back.

Since Liang Hongbo was not hit to the point, he had already woken up in less than an hour. The first thing he woke up was to ask, "did the killer catch him?"

His face was so gloomy that it was almost dripping.

In less than a few hours, his son was killed, and even he was almost killed, which is unbearable as long as it is a person.

"Liang Shao's murderer has been caught, but panggai and his rescuers have not been caught." One of them, the Liang family, replied with great care.

"Not caught?" Liang Hongbo's face instantly became ugly. "There are so many of you, even two of you are not caught. What do you do for food?"

He tried his best to calm down, and then asked, "who is the murderer? Have you investigated it clearly? How can Pang family have such a master? "

"What's more, is the man you caught sure to be the murderer of Shaojiang? Is it mu Qianxin who calculated us?"

He must find out these things.

If there is a master like Wang Fan in the Pang family, why didn't Wang Fan show up when he sent people to the Pang family?

Liang Hongbo couldn't figure it out at all.

"I'm sure the man we caught is the murderer, because we have compared the blood he shed in Liang Shao's ward, which is exactly the same." Jingrui is sure to say.

"Son of a bitch!" Liang Hongbo could not help but clench his fist. "Panggai is really brave. He even dares to kill my son and almost deceives me."

When he said this, he seemed to think of something again. "By the way, did you find the person who reminded you that panggai and panggai were killers? Who was he?"

"Well, I haven't found it yet. I haven't investigated it yet." The elite answers uneasily.

Liang Hongbo almost died of anger. If it wasn't for the impact of the injury, I'm afraid he would have slapped him in the face.

Do these people have dry food? Why don't they know anything?

He gasped hard and tried his best to suppress his anger. Then he said, "you call Nie merciless immediately and ask him to kill the Pang family for me at all costs!"

"Also, you keep an eye on the Liang family and Li family to prevent mu Qianxin from jumping out at this time."

"Keep an eye on zhangmenhaiyejiang's march again. If you find out that they dare to collude with muqianxin at this opportunity, kill them for me."

He didn't dare to hesitate. He answered quickly and left the ward.

Liang Hongbo's eyes are full of the fierce like a wolf. "Panggai, if you dare to kill my son and want to blame others, don't dream. If you don't kill your Pang family and panggai, I will live in vain!"

No matter whether panggai was the one who shot him or not, at least he has determined one thing now. Liang Shaojiang, his son, was killed by panggai, and he must take revenge.

With the release of Liang Hongbo's instructions and Liang Hongbo's killing, Guangcheng's night has become more gloomy and turbulent.

When panggai got home, he immediately called up 500 elite soldiers and began to be on full alert to prevent the Liang family from jumping off the wall. But even so, it's useless.

Four in the morning.

Nie merciless took 200 people to kill the Pang family. In the face of the five hundred elite of the Pang family, Nie merciless cut down more than 200 people with one person's strength, causing a huge blow to the enemy's morale.

In the end, the Liang family killed the Pang family after paying the price of nearly 100 people.

That night, there was a river of blood. No matter how heavy the rain was, it could not completely disperse the blood.

The whole Pang family is dyed red by blood, panggai himself is directly nailed to the head of the bed by Nie merciless.

Wang Fan didn't care about these things, and he didn't care about Liang Pang's dog biting dog. He rushed to the hotel where mu Qianxin lived and began to sleep.

It was windy and heavy rain outside, and the smoke of gunpowder filled the air, but Wang Fan slept soundly.

He didn't wake up until ten in the morning.

At this time, mu Qianxin had already prepared breakfast and sat in the living room outside with Huang Tingting, Huang Fugui and Xue Guirong.

When Huang Fugui and his wife saw Wang Fan coming out, they were obviously a little nervous, especially Xue Guirong.

She had learned about last night from her friends, so she was afraid of Wang Fan.

Especially when she thought of her attitude towards Wang Fan before, the whole person became even more frightened, deeply afraid that Wang Fan would kill her.

"Come on, have breakfast."

Muqianxin seems to be more calm. She pointed to the breakfast on the table and asked Wang Fan to sit down. Then she said, "Liang Hongbo was shot and hospitalized. The bullet is only two centimeters away from his heart. Now he's awake. He's OK."

"At four o'clock in the morning, the Liang family sent someone to destroy the Pang family. Hundreds of people were killed, and no one was alive. Panggai himself was nailed to the bed in his bedroom."

Mu Qianxin tells Wang Fan the information she got without delay.

"When the Pang family was destroyed, there was no one alive?" Wang Fan was slightly surprised, "how many people died in the Liang family? In just a few hours, the Pang family was destroyed, and the Liang family has a lot of talent. "

Wang Fan was really surprised, because his intention was to use the Pang family to attract hatred and consume the strength of the Liang family.

In this way, it will be easier for mu Qianxin to take back the right to speak.

But he never thought that the Liang family was so strong that he destroyed the Pang family in just a few hours. This makes Wang Fan feel that his busy work in one night is meaningless.

"There are more than a hundred people dead in the Liang family." Mu Qianxin's face became dignified. "The leader was called Nie merciless. He only took 200 people with him last night."

"In the face of the five hundred elite counterattack of the Pang family, he killed more than 200 people with one man's strength, which was the final victory."

Wang Fan listens to this words, eyelid cannot help a jump, "NIE is merciless? More than 200 people were killed by one person? "
