Chapter 1211

"It's not easy for NIE to be merciless. If he can kill more than 200 people with one person's strength, his strength is estimated to be innate."

Wang Fan said, can't help looking at mu Qianxin, "is this Nie merciless appearance to your plan has brought variable?"

"If so, you don't have to worry. I'll go to meet Nie mercilessly after dinner and help you solve the problem as soon as possible."

Mu Qianxin nodded, "yes, I also know that there is such a master named Nie merciless around Liang Hongbo through what happened last night."

"I'm sure it's not long for Nie merciless to be around Pang Hongbo, otherwise I can't have no idea."

She sighed, "originally, now that Liang Hongbo is hospitalized, it's the best chance for me, and I'm 80% sure that I'll take back Li's right to speak."

"But the appearance of Nie merciless has brought variables to my plan. Although I still have a lot of loyal cronies, I'm not as powerful as Nie merciless."

Mu Qianxin's expression is dignified, even a little depressed.

Although it's the age of legal system, the energy of experts can't be underestimated, especially those like Nie merciless.

Mu Qian Xin said, can't help looking at Wang Fan, "are you sure to deal with that Nie merciless? If you're not sure, don't take any chances. I'll think of another way

One against two hundred, this Nie merciless is too fierce, she is afraid of Wang Fan's blunder.

Wang Fan listened to this, can't help laughing, "you don't have to worry, just a Nie heartless, I haven't put in the eye."

"Ask someone to check Nie merciless's current position. I'll meet him in the past, lest he affect your deployment and plan."

Wang Fan's strength has now entered the stage of escaping from the ordinary. As long as he is not besieged by a large number of heavy firepower and fierce men, and by a large number of ancient martial arts experts, he can't be killed at all.

It's just a ruthless Nie, who has held up most of the congenital peaks. Wang fan doesn't care at all.

Muqianxin is not indecisive. Seeing that Wang fan is so confident, he puts down his heart. After investigating Nie merciless position, she sent it to Wang Fan.

Wang Fan didn't talk nonsense either. He grabbed his cell phone and went out.

Hospitals.

After waking up, Liang Hongbo also learned that the Pang family had been destroyed, which finally made his heart comfortable.

For more than a week, he has been frustrated and almost collapsed. How can he be unhappy to learn that Nie merciless has successfully destroyed the Pang family?

He finally realized that Nie was merciless and powerful. He could fight two hundred with one. This achievement can definitely frighten people to death.

Originally, Liang Hongbo wanted to defend passively first, and then fight with mu Qianxin after he was discharged from hospital in a few days, but now he is too lazy to do that.

He directly transferred one billion yuan to Nie merciless, and then issued another instruction, "kill mu Qianxin and Wang Fan at all costs."

Liang Hongbo doesn't plan to keep mu Qianxin alive, and he doesn't plan to get mu Qianxin's equity first. He plans to kill mu Qianxin first.

Nie merciless is to take money to handle affairs originally, after receiving money, get Liang Hongbo instruction again, nature won't hesitate, immediately began to carry out.

Wang Fan came to a cafe according to Mu qianxinf's position, but as soon as he got out of the car, he saw Nie merciless come out.

Nie merciless looks young, thirty-five or thirty-six years old. His skin is very white, his fingers are slender, and his breath is more feminine.

There was no calluses on his hands, and the slender and white hands were not like a man's hands, more women than women.

When Wang fan saw Nie merciless, Nie merciless also saw Wang Fan. He grinned slightly and walked towards Wang Fan in an instant.

As soon as Wang Fan looks at the posture, he knows that Nie mercilessly recognizes himself, and most of them have to deal with himself.

Although the murders on his body are well covered up, he can't completely avoid the perception of Wang Fan's ears and eyes.

"Are you wang fan?" Nie merciless quickly walked to Wang Fan in front of, light opening voice.

Wang Fan nodded with a smile, "yes, I'm wang fan."

"I'm Nie merciless. Can you kill me?" Nie merciless still smile to ask.

"Yes." Wang Fan nodded.

He knew that this was Nie merciless. He thought there were too many people here, so he wanted to kill him in another place. However, Wang Fan did not have the slightest fear, because who killed who is not sure.

Nie merciless no nonsense, get Wang Fan agreed, immediately opened the door on the car.

He had no accident that Wang Fan would agree to let him get on the bus.

After all, people like him, Nie merciless and Wang fan are very proud and confident of their own strength. They can't be afraid of anyone before they start.

Wang Fan didn't talk much either. After he got into the driver's seat, he drove away from here.

In the car, Nie merciless began to shut his eyes, did not continue to speak.

Although he is confident that he can kill Wang Fan, he is not sure to do it in this car. Because the space in the car is too small. He also believes that Wang Fan will definitely lead him to find a suitable place to kill people.

Although Wang Fan has the heart to solve Nie merciless in the car, but just when he plans to start, he finds that he has been followed.

His car is followed by three cars. The owners of the three cars all started from the coffee shop, and they have a good way of tracking.

Originally, Wang Fan was not sure that they were following him, but after a few turns, he was sure.

Wang Fan immediately realized that these people were following Nie mercilessly, otherwise it would be impossible to follow him from the cafe.

Wang Fan noticed this scene, immediately gave up the idea of killing Nie merciless, began to open to the suburbs.

More than half an hour later, they came to a sparsely populated area.

At this time, the three tracking cars no longer covered up. First, it was meaningless to cover up. Second, they did not need to cover up in such a remote place.

"It seems that you have a lot of enemies. How about going down and solving your enemies first and then solving our problems?"

Wang fan stops the car and says to Nie mercilessly.

"Good." Nie merciless nodded to say a good word, then immediately pushed open the door to get off the car.

Obviously, he also knew that these people were following him, not Wang Fan.

Creak, creak, creak.

Nie merciless just got out of the car. The three cars stopped with a harsh sound. Then the door opened and a woman and twelve fierce men jumped down.

The woman was twenty-seven or eight years old. She was about 1.75 meters tall and very tall. Her figure is also concave and convex, extremely graceful.

She was wearing a black leather suit and trousers, which perfectly set off her whole body. Especially the two round and slender legs, is to bring people an ultimate temptation.

But her face is very cold, especially the eyes that stare at Nie mercilessly, full of monstrous murders.

Wang Fan looked at the other side of the situation, and then looked at the other side of the occasionally exposed firearms, eyelids slightly jump, quickly jumped out of the car from the other end, like a rabbit to hide in the distance.

He couldn't help sighing in his heart. It seems that the car will suffer again.

Chapter 1212

No matter NIE is merciless or thirteen women, they ignore Wang Fan who is as far away as a rabbit.

For the women, their goal is to be merciless. Wang fan doesn't matter at all.

For Nie merciless, as long as Wang fan doesn't run away, he won't take care of him, and in his opinion, Wang Fan will never run away.

Nie merciless looks directly at the woman and her party, "who are you? Why do you want to follow me? I'm merciless and don't kill the nameless. I'll give you a story. "

In the face of the thirteen women, he was still calm and arrogant.

"Nie merciless, you killed hundreds of people in my Pang family. Why do you want me to follow you?"
The woman pointed at Nie and gnashed her teeth. There was only extreme hatred in her eyes.

She pointed to Nie mercilessly, "I tell you, today is the time of your death, blood debt, blood pay in the end!"

"Give it to me and kill him!"

With the women's instructions, the twelve men didn't hesitate. In an instant, they scattered and formed a semicircle. Then they squeezed out their guns and swept towards Nie mercilessly.

Disperse, stand, draw a gun, aim, shoot, all their actions are so flowing, at one go, a series of actions show their good quality.

The woman flashed to the back of the twelve people in this instant. While looking at Nie mercilessly, she pinched out a silver pistol in her hand.

Come on, come on!

The sound of the gun rang out in an instant and swept away towards Nie mercilessly. Nie mercilessly turned cold. Instead of retreating to escape, he rushed straight to the twelve people.

He walked, stopped, left and right in a hurry, and was very calm.

Every time he moved, he could avoid the bullet perfectly. A series of reactions were wonderful to the top.

In just a few breaths, he had quickly approached, less than five meters away from the twelve.

Looking at this scene, the eyelids of the twelve people jumped wildly. It was obvious that Nie merciless was so fierce.

The woman's eyes also showed surprise, but it was not shocked. After she recovered, she began to mend the gun for the first time.

Come on!

Two bullets penetrated the gap between the twelve people and directed at Nie merciless. With the barrage of bullets fired by the twelve people, Nie merciless's dodging space was directly and effectively forced to death.

Nie felt this scene mercilessly, and a grim smile appeared in his eyes. After escaping the barrage formed by the twelve bullets, he quickly pointed his right leg down to the ground.

Boom, followed by the whole person on the force to play up, in the play up at the same time, his body and an incredible twist.

Whoosh.

The two bullets immediately flew close to his body, dangerous and dangerous!

This time, the woman has changed her color.

She didn't expect that, in the case of taking the lead, she had no alternative.

Even if she had overestimated Nie ruthlessness as much as possible, she still underestimated it.

"I've given you a chance to get revenge, but since you don't win and can't kill me, no wonder I am."

"Next, it's my turn to fight back

Nie mercilessly after landing, a cold smile, in an instant toward the twelve men to fight in the past.

The twelve men looked at the scene, mouth a hard draw, directly close the gun, crazy to meet Nie merciless.

At this distance, they have no time to shoot. They can only fight with their fists.

And before they carried out three waves of attacks, they failed to shoot Nie merciless, they have no confidence in their shooting.

Twelve fierce men meet Nie mercilessly, and the scene is still very spectacular.

Just looking at the surface, the twelve fierce men are like twelve tigers, while Nie merciless is like a sheep, waiting for the fierce tiger to fight.

But what about reality?

Boom!

Nie merciless right hand set off a wave of anger, hard bang in one of the men.

With a click, even though the fierce man was blown out, his chest bone inch by inch broke, and he was on the verge of death after he fell to the ground.

Two men from the left and right sides of the attack, boxing wind, eyes full of extreme kill.

Nie merciless is a cold smile, body shape a turn over, instant then evade two people attack, then double elbow mercilessly top go out.

With two more clicks, the two men were directly pushed back seven or eight steps. Then they fell to the ground with a sad face and couldn't get up again.

Nie merciless that one, have already broken their bones, although they have not died, but also have no combat effectiveness.

The remaining nine people watched the scene, their eyelids jumping.

They are all overseas mercenaries. It can be said that they are suffering from blood and fire almost every day.

But even so, in front of Nie merciless are vulnerable, this Nie merciless in the end how powerful? That woman's face also can't stop to change greatly, this NIE is merciless, really is too abnormal.

You know, the people she brought back are all the elites among the elites and the experts among the experts.

I dare not say that, like Nie merciless, we can fight 200 with one, at least we can fight 100 with one.

But now, just two rounds, she was knocked down by Nie mercilessly. How could her heart not be shocked?

Looking at the three people who fell down, the woman was almost mad with anger, and her heart was even more furious.

These people were not hired by her at a high price, but by her loyalty. Each of them is precious.

Now looking at these baby pimples being beaten, her whole heart is dripping blood.

"Nie merciless, you must die!" At the moment when Nie merciless kicks over two fierce men, the woman can't help it any more and pours at Nie merciless crazily.

She killed a silver ring knife in her hand, turned it directly, then set off a roaring wave and chopped it toward Nie merciless's chest.

"You're wrong. It's not me who died, it's you. I didn't expect that the Pang family should have missed the net, but it doesn't matter. Just kill them today. "

Nie sneered mercilessly, moved his steps, slapped another fierce man with a slap, then raised his right

leg and swept towards the woman crazily.

His toes accurately point on the back of the woman's ring knife, and then he deviates from the direction of the point, and then he turns around again and kicks the woman.

Bang!

The woman spewed out a mouthful of blood and was kicked out directly. With a roar, she fell to the ground and was extremely embarrassed.

Her face was pale, her eyes were sad, and the blood was still spilling from the corner of her mouth.

The rest of the six men watched the scene and were furious.

"Son of a bitch, dare to touch our sister Qian, you must die today!"

"I'll fight with you!"

They roared wildly and rushed to Nie mercilessly again.

It's a pity that even if they are willing to kill again, the gap of strength can't be made up.

Nie merciless just points out six feet, six fierce male then all by the point fly out, pour on the ground after breath completely have no.

Pang Qian looks at this scene almost crazy, she wants to kill Nie merciless immediately, but it's a pity that it's hard to get up for a while.

Nie ruthlessly looks at the angry Pang Qian and laughs jokingly. He picks up a gun on his toes and grabs it in his hand. Without looking at it, he pulls the trigger at the other men who are not dead.

He also uttered three words, "it's over."

Chapter 1213

Come on, come on!

Several remaining men were killed instantly.

"No, no!" Pang Qian screamed, but he couldn't stop Nie's ruthless killing.

Nie merciless kill all those fierce men, and then sneer at Pang Qian, "they are all dead, next, I should also send you on the road."

Pang Qian looked at Nie merciless's turning muzzle. There was no despair, no fear, only heartache in his

eyes.

Yes, it's heartache. It's heartache for the death of twelve subordinates.

Just at the moment when Nie merciless was about to pull the trigger, whoosh, a sound of breaking the wind suddenly came.

Nie merciless body a hide, a stone wind past, turn head, then saw the Wang Fan who comes slowly.

He couldn't help frowning. "Why, you want to stop me from killing her?"

Wang Fan simply nodded, "no way, although I don't want to meddle in this business, I really can't see a beauty killed in front of me."

He looked at Nie mercilessly, "such a charming beauty, do you have the heart to kill? You don't know how to be compassionate, do you

Nie heartless sneer, "so it seems that you really want to meddle in your own business, originally I planned to solve her and then solve you, but since you want to die so much, don't blame me for killing you first."

Nie merciless no longer treat Wang Fan before polite, words fall, no half a nonsense, put the gun in hand, immediately toward Wang Fan straight toward the past.

His speed is extremely fast, fast to the extreme, the breath is also very strong.

"Well done!" Wang Fan laughed, did not flinch at all, raised his foot and kicked on a huge stone.

Bang!

Come on!

Under Wang Fan's foot, the huge stone broke up in an instant, and countless pieces of gravel raised a roaring sound, sweeping toward Nie mercilessly.

"A small skill of carving insects!" Nie heartless cold smile, left foot point ground, Teng body but rise, right leg suddenly a sweep.

The fury tore open, and in a crackling sound, all the gravel was swept away.

Sweep fly gravel, Nie merciless did not stop for a moment, continue to rush forward, straight at Wang Fan.

In his eyes, there was only a sharp killing!

For Nie merciless, Pang Qian is also unimportant, and Wang fan is the key.

Now that Wang Fan has jumped out, he doesn't mind killing Wang Fan first.

What's more, Pang Qian has fallen to the ground now. I'm afraid he can't get up at all for a while. He doesn't worry about Pang Qian going away.

Nie merciless to own actual strength full of formidable self-confidence, after approaching Wang Fan, both hands become the fist, immediately started the crazy brandish.

He blew out twelve punches at a time, each of which was very powerful, and the air was tearing and buzzing.

The momentum is strong.

Pang Qian, who fell on the ground, felt the scene, and his eyelids could not help jumping wildly again.

She now realized that Nie merciless didn't try her best to deal with her and the twelve subordinates.

This Nie merciless is really too terrible, it is terrible beyond her imagination.

At the same time, her heart is also thinking, who is Wang Fan, two people are not together, how can suddenly stand up to help her?

But she can't care to think so much, because Nie's ruthless boxing style has covered Wang Fan, as if the next second will blow out Wang Fan.

She could not help but knead a cold sweat for Wang Fan.

"It's worthy of being a fierce man who can fight 200 with one. This strength is niucha." Wang fan is enveloped by Nie's ruthless style, but he is not nervous at all.

He said with understatement, then turned his palms into fists and went out with them.

Boom, boom.

The two fists collided and made a terrible noise.

A road of crazy spirit rampant, crazy toward the distance began to spread.

Even cars ten meters away were affected. The windows cracked with a click, and the debris spilled.

Wang fan can kill Nie mercilessly, but he can't.

Because once he did that, it would be meaningless for him to save Pang Qian.

Pang Qian not only won't appreciate his help, I'm afraid he will also complain that he was too late to kill his 12 companions.

Wang Fan just took out the strength similar to Nie merciless, and even seemed to be not as good as.

But even so, Nie merciless is very frightened.

Although he had known Wang Fanqiang for a long time, he never thought that Wang Fanqiang would be so strong.

At a certain moment, Nie merciless seize the opportunity, jump to avoid Wang Fan attack, backhand will be a hard blow to Wang Fan killed in the past.

This fist is several times stronger than the previous twelve.

If this is hit, I'm afraid ten cows will die.

Pang Qian looked at this scene, eyelids can't help a fierce jump, can't help a sharp voice to remind up, "careful!" But she reminds but still some late, bang a, Nie merciless fist has fallen on Wang Fan's back.

Click.

Pang Qian clearly heard a brittle sound of bone fracture, and then saw Wang Fan spit out a mouthful of blood.

Nie merciless is also a relief, in his view, this is enough to determine the war, Wang fan is no longer able to turn over.

But soon he was silly, only to see Wang Fan in the moment of being blasted out, his feet lightning out, dead hook his neck.

Then, before he could recover, he had already twisted and pulled.

Click!

Nie merciless's neck was broken in an instant, and he fell to the ground with a roar and was killed completely.

When he died, his eyes were wide open and he couldn't close his eyes.

It seems that he can't figure out how he died like this. What's more, he can't figure out how Wang fan

can fight back in that case and kill him.

Pang Qian also opened his mouth, a face of shock.

In her opinion, under the previous circumstances, Wang Fan was bound to die, but in the twinkling of an eye, Nie merciless died, which was beyond her expectation and imagination.

But she didn't think much about it.

After all, Nie's death is a good thing for her, which means her life has been saved.

Wang Fan has fallen on the ground and gasped heavily. While gasping, his mouth is still spraying blood, which shows that he is seriously injured.

Pang Qian looked at this scene, crazy struggle, finally stood up, and then ran to Wang Fan side, "are you ok?"

"It's OK." Wang Fan just said three words, the corner of his mouth couldn't help grinning, spitting out a mouthful of blood.

He also had no way, because he found that Pang Qian still had some doubts in his eyes, so he could only act like this.

"Bear with it, and I'll take you to the hospital." Pang Qian looks at this scene, and then looks at Wang Fan's broken ribs. His doubts disappear in his eyes. With that, he plans to help Wang Fan to leave.

But was stopped by Wang Fan, "don't go to the hospital, don't go to the hospital, I'm a doctor, I can cure myself, just I need to slow down."

Wang Fan at the same time, also can't help reminding Pang Qian, "beauty, I saved you, you can help me, you can't let me shed blood and tears."

"That Nie merciless is Liang Hongbo's man, and it was Liang Hongbo who ordered to destroy the Pang family. Although NIE is dead now, Liang Hongbo is still alive. "

Wang Fan's meaning is very obvious, that is to let Pang Qian kill Liang Hongbo, which is also the purpose of Wang Fan's acting to save Pang Qian.

In fact, he can kill Liang Hongbo himself, but if he can borrow someone else's hand, why not?

The most important thing is that most people now know that Wang fan is an admirer of Qianxin. If Liang Hongbo is killed, he will be doubted.

Although Wang fan is not afraid of being doubted, he is afraid that it will affect mu Qianxin.

If Pang Qian kills Liang Hongbo, it's another matter. They do it for revenge. Even if Liang Hongbo dies, it has nothing to do with Wang Fan and mu Qianxin.

Pang Qian listened to Wang Fan's words, his face suddenly changed, he directly grabbed the gun and pointed to Wang Fan's head, "who are you?"

Chapter 1214

Pang Qian's expression is very cold. She has not been in society for a day or two. If she can't figure out Wang Fan's mind, she has been in vain for so many years.

Wang Fan almost vomited blood, the reaction is too fierce, right?

He quickly raised his hands, "beauty, you can't do this, I'm your life-saving benefactor. How can I point a gun at your life-saving benefactor?"

He was very depressed, "you can't let the Savior shed blood and tears, you are so, how can I dare to save people in the future?"

Pang Qian listened to Wang Fan's words, his heart couldn't help softening for a while, but soon became cold again, "don't talk nonsense, quickly say who you are, why use me to kill Liang Hongbo?"

"If you save me, do you just use my mind. I tell you, although you save me, it doesn't mean that you can use me. If your purpose is not pure, I will still kill you. "

Although Pang Qian is very grateful for Wang Fan's help, it doesn't mean that she is willing to be used. She is afraid of Wang Fan's conspiracy.

Wang fan is more depressed, "where can I use you? I just remind you, and what I said is also true."

"If you are willing to kill Liang Hongbo, I support it with both hands and feet. If you are not willing to kill him, I did not force you to go."

He sighed, "and I'm not a person. I'm just a bodyguard of muqianxin. Do you understand that?"

Pang Qian was relieved to hear that Wang Fan was mu Qianxin's bodyguard.

She knows something about Li's internal fight. If Wang fan is muqianxin's bodyguard, then all this can be said to be over.

"Well, I believe you for once. Just remember that if I find out you lied to me, I will kill you at the end of the world."

"Even if I'm not your opponent, I'll do everything I can to fight with you forever!"

Pang Qian said coldly and left here immediately.

Wang Fan looked at Pang Qian's back and said nothing more.

He murmured unhappily, then covered his ribs and walked towards his car step by step.

It took him a lot of effort to get on the car. After getting on the car, he gasped for a few minutes before he started the car and left.

Wang Fan just left less than ten seconds, a corner in the distance, Pang Qian came out.

She looks at the Wang fan that juechen leaves, the misgivings in the eyes disappear, replace is Sen Leng's killing intention.

"It seems that this guy's injury is true, and most of what he said is true. Nie merciless killed 12 of my cronies. Now that Nie merciless is dead, I'll put the account on Liang Hongbo! "

Pang Qian whispered and left here quickly.

She had known for a long time that Liang Hongbo was the real murderer behind the destruction of the Pang family, but she was the first to find the executioner Nie merciless.

After Wang Fan left, he went back to the hotel directly.

Although he couldn't understand whether Pang Qian would kill Liang Hongbo, he didn't care very much.

If Pang qianzhen killed Liang Hongbo, it would be better and save him a lot of trouble. If Pang Qian doesn't do it, he can do it by himself.

"Wang Fan."

"Van Gogh."

As soon as Wang Fan entered the hotel, Huang Tingting welcomed him.

After Wang Fan left, they were very worried. Now they are relieved to see Wang Fan come back.

"Well." Wang Fan looked at Er Nu and nodded, then said to Mu Qian Xin, "that NIE is merciless, I have solved it."

"I also met panggai's daughter. She went to seek revenge from Nie merciless, but she was saved by me when she was about to be killed by Nie merciless."

"I have already reminded this woman that Liang Hongbo is the mastermind behind the destruction of the Pang family, but she is very smart and doesn't know whether she will attack Liang Hongbo."

Mu Qianxin nodded, "thank you. I'll take care of the next thing. Without Nie's ruthlessness, Liang Hongbo is no longer worried. "

Muqianxin said and left the hotel, began to deploy the action.

Hospitals.

Liang Hongbo's heart is a little anxious. He hasn't contacted Nie merciless for eight hours, which makes him have a bad premonition.

Nie mercilessly went to destroy Pang's family, but it only took more than three hours.

But now, he just went to destroy Wang Fanmu, but he couldn't get in touch for eight hours. How could he not worry?

"Come on." The more Liang Hongbo thought about it, the more wrong he was. He immediately waved to a subordinate and said, "send someone to check Nie's whereabouts immediately. By the way, check Wang Fanmu's current position."

"Yes." My subordinates didn't hesitate to arrange it quickly.

Less than half an hour later, the subordinate returned to the ward again, "Liang Lao, Nie merciless, temporarily unable to find anyone, the phone also turned off."

"Wang Fan stayed in a hotel with Huang's family, while mu Qianxin went to see Zhang Menhai."When the subordinate finished, he couldn't help adding, "according to the subordinate's report, Nie merciless finally appeared in the old city cafe. He left with Wang Fan, and then he couldn't get in touch any more."

"What?" Liang Hongbo listened to this, his face changed instantly, "Nie merciless and Wang Fan left together, now Wang fan is in the hotel, Nie merciless no trace?"

Liang Hongbo was stunned. Although he had already guessed the scene, when he really heard the news, he still couldn't accept it.

At this time, let alone Liang Hongbo, even a fool knows that Nie merciless has an accident.

Liang Hongbo was shocked and asked, "what did you say just now? Mu Qianxin went to see Zhang Menhai?"

His face had completely changed.

Nie merciless missing, muqianxin but went to see zhangmenhai, obviously muqianxin has started.

"Yes." The subordinate nodded respectfully.

Liang Hongbo burst into a rage, "Zhang Menhai, an old man who eats everything from the inside to the outside, dares to admire thousands of people while I'm in hospital. He's looking for death."

He immediately gave the order, "you immediately send more people to me in the hospital, and then send some people to beat mu Qianxin and Zhang Menhai."

"To Mu Qianxin, you can act according to circumstances, but Zhang Menhai, you have to kill me. Even if you can't, you have to maim me at least."

"Damn, I dare to play tricks while I'm in hospital. Does he think I'm Liang Hongbo's traitor?"

"If you don't give him a warning and don't let him pay the price, I'm afraid that the old bastard of Jiang March will turn back tomorrow."

At the same time, Liang Hongbo felt uneasy.

His subordinates heard Liang Hongbo's order without any nonsense, and immediately executed it.

Liang Hongbo subordinate investigation is not wrong, mu Qianxin really went to see Zhang Menhai.

Zhang Menhai was a little uneasy. He was afraid that mu Qianxin would come to the door, so when he saw that mu Qianxin really came to the door, he was almost paralyzed.

Muqianxin has not yet opened his mouth, he took the initiative to transfer the equity, just muqianxin see in the past, don't kill him, give him a way to live.

After all, he was also involved in the attack and killing of Mu Qianxin in the underground garage, and mu Qianxin had every reason to kill him.

Chapter 1215

Mu Qianxin also did not refuse, immediately agreed to Zhang Menhai's request.

She not only didn't kill all of them, but also gave Zhang Menhai a pension of 100 million yuan, which can be said to be the utmost of benevolence and righteousness.

Mu Qianxin knew that sometimes blindly killing and felling could not effectively solve the problem, not to mention Zhang Menhai's contribution to Li.

The most important thing is that if she killed Zhang Menhai now, it would be difficult for her to acquire the shares of Jiang Xingjun.

Knowing that there was no way to survive, Jiang Xingjun would jump out of the wall in a hurry and fight to the death.

In less than two hours, mu Qianxin went through all the formalities with Zhang Menhai, and personally hosted a banquet for Zhang Menhai in the Imperial Hotel.

Of course, this dinner is just a form, just a form of showing one's magnanimity.

So even if the dinner was very rich, they came out after the dinner in less than an hour.

Mu Qianxin and Zhang Menhai wave goodbye at the gate of Imperial Hotel.

After seeing Zhang Menhai leave, mu Qianxin takes a casual look at the distance and says to a young man behind him, "ah Teng, take people to protect Zhang Menhai."

"I think Liang Hongbo has noticed my appointment with Zhang Menhai today. He will probably send someone to attack Zhang Menhai to warn Jiang Xingjun."

"No matter what price you pay, you must ensure the safety of zhangmenhai. If you really can't solve the enemy, call me."

As a woman, mu Qianxin is able to control the power of Li for nearly a year. Naturally, her ability is beyond doubt, and she knows Liang Hongbo well.

She has calculated that Liang Hongbo will not let Zhang Menhai go when he learns that Zhang Menhai has given up his shares.

"Well, I'm going." A Teng didn't talk nonsense, nodded, immediately took more than ten people to run to several of the cars, and chased Zhang Menhai.

Mu Qianxin sees a Teng and his party leave, smiles, and looks at his confidants behind him, "everyone cheer up and raise their guard."

She took a look at the sky and said, "the play has just begun."

Muqianxin these cronies follow muqianxin is not a day or two, naturally understand the meaning of muqianxin.

Hearing mu Qianxin's words, their momentum soared in vain, and their killing intention expanded. "Miss mu, don't worry, as long as the Liang family dare to come, we will let them have no return!"

"Yes, even if they don't come, if they dare, we will make them die without hiding place."

One of them couldn't help asking, "Miss mu, why don't you let us go directly to the hospital and do Liang Hongbo?"

"It can be said that everyone knows his ambition when he treats you like this. Why don't we kill him directly?"

"Yes, Miss mu, as long as you give us an order, we will directly take Bunny hospital tonight, kill Liang Hongbo, and we will never suffer from it again!"

These people all follow mu Qianxin. It can be said that as early as Li Lishan took control of the Li family, they were already mu Qianxin's people, so they were very loyal to Mu Qianxin.

"You don't have to worry. Liang Hongbo is sure to kill him, but it's not yet time. You just need to get up and deal with the next enemy. "

Mu Qianxin said, opened the door and went in.

Those cronies got on the other cars, formed a long line, and left here in a mighty way.

On a Maserati, Zhang Menhai's face was a little ugly.

To tell the truth, he is not willing to transfer equity to Mu Qianxin, but there is no way.

Because if he doesn't show his attitude, doesn't take the initiative to transfer, by the means of muqianxin, I'm afraid it's not as simple as the transfer of equity.

There's a good chance he'll still be dead on the street.

Now, Zhang Menhai is quite satisfied with the ending. His only worry is that Liang Hongbo will send someone to snipe him on the way when he gets the news.

Mu Qianxin high-profile to find him, and high-profile in the Imperial Hotel invited him to dinner, this matter is simply can't hide.

Zhang Menhai is sure that both Liang Hongbo and Jiang Xingjun have got the news now.

So now he just asks Liang Hongbo not to send someone to snipe him, or send someone to snipe him later.

Because just give him another two hours, he will show up at the airport and board the plane to England.

"Come on, hurry up, let's go to the airport!" Zhang Menhai called the driver in a hurry and wanted to fly to the airport immediately.

After his Maserati, there were three cars with more than a dozen bodyguards on board.

These people are Zhang Menhai's confidants, otherwise he would not be around at this time.

But even so, Zhang Menhai's heart is bottomless.

He knows his own business. He is good at dealing with ordinary people, but if he wants to deal with Liang Hongbo, he is not good enough.

With these people, he is just looking for psychological comfort. The driver heard Zhang Menhai's order, without any hesitation, and immediately began to accelerate.

Soon, the car drove to a slightly remote place.

There are mountains on the left and cliffs on the right. The terrain is very steep.

Even the street in the middle, at most, can only be two cars side by side.

The driver quickly drove through a corner, but his face suddenly changed when he crossed the corner.

Click, click, click.

I saw the dark front lights up suddenly. Under the glare of the harsh lights, the driver almost didn't hold the steering wheel tightly and rolled down the cliff.

After recovering, he quickly stepped on the brake and squinted into the distance.

Only about 100 meters in front of them, four cars were parked in the shape of a field. In front of the four cars, there were several rows of tire burst nails.

The other side obviously came prepared.

Looking at this scene, the driver did not hesitate, immediately stopped the car and looked back at Zhang Menhai.

Zhang Menhai also saw clearly the scene in front, his face became ugly in an instant.

He was worried just now that he would not be sniped by the elite of the Liang family. Now he is blocked.

Click, click!

Under the gaze of Zhang Menhai, the 16 doors of the four cars were opened almost in any order as if they had passed countless drills ahead of time, and then more than 20 fierce men jumped down.

Each of them was very strong, and they were carrying black steel pipes in their hands. It was terrible and murderous in the night.

Zhang Menhai felt the smell of Xiao Sha, and his eyelids couldn't help jumping, and his heart sank to the bottom of the valley.

I'm afraid he can't leave today.

This liang Hongbo is really cruel!

Just as Zhang Menhai was thinking about what to do, one of the fierce men had stepped forward a few steps, then raised the steel pipe and pointed to Maserati, where Zhang Menhai was.

"Mr. Zhang, Mr. Liang take me to say hello to you."

With his voice, coax, the rest of the male moment burst into laughter.

Chapter 1216

Zhang Menhai's face is hot and ugly. How can he not understand that this is a provocation and humiliation to him when he is so old?

He had no choice but to get out of the car with a gloomy face.

At the same time, the cars of his cronies had arrived, and more than a dozen of them jumped down quickly.

"Liang Hongbo asked you to kill me? Let's talk about it. I'll give you five million each. How about you take the money and go

Zhang Menhai said to the twenty strong men with a gloomy face.

As a last resort, he does not want to conflict with these people, because once the conflict arises, he is likely to be killed.

Each person is five million, more than 20 people are only one hundred million, which is exactly equivalent to Mu Qianxin's pension.

Zhang Menhai is willing to buy Ping'an with the money.

After all, he also has a small Treasury, as long as he can survive, enough to spend the rest of his life.

The first man listened to Zhang Menhai's words and sneered, "five million? What the hell are you doing with beggars? Is Lao Tzu so easy to handle? "

He pointed to Zhang Menhai with a ferocious tone. "Damn, if you give us 100 million yuan each, maybe we will discuss how to live for you. Five million yuan is too little."

Coax.

The rest of the men burst into laughter again, and then began to speak one after another.

"Yes, five million is too little."

"What's that money for? It's not enough for me to spend all night."

"NIMA, I want ten million for a third tier star every night, and you give me five million. Don't you look down on me?"

They were full of sarcasm.

Listening to this, Zhang Menhai immediately realized that these people could not be moved by money, and they would never let themselves go.

Zhang Menhai's more than a dozen cronies couldn't help but get angry when they heard the other party's ridicule.

"I'm Cao Zui's sister. How can I talk to Mr. Zhang?"

"Malagobi, I don't think you want to live anymore, do you?"

"One hundred million, you don't pee to see what you are. Are you worth that one hundred million?"

"It's your mother's dream

They said angrily, and immediately looked at Zhang Menhai, "Mr. Zhang, these people are obviously looking for trouble. People are dead and birds are facing the sky. Why should we accept their bird spirit and fight with them?"

"That is, even if we are not their opponents, we can make money by killing one and two. We will fight with them!"

They are clamoring one after another, still rub one's fists and hands, a pair of want desperately appearance.

Zhang Menhai was old, and he had money and didn't want to die, so he was willing to buy his life. But his cronies are different.

Those confidants are still young, just the age of blood, and they are really loyal to Zhang Menhai, so they

can't bear this kind of humiliation.

"Lying trough, it's very kind!" Those fierce male listen to this words, the facial expression immediately changed, instantly became ferocious.

The head man took a step forward and pointed to Zhang Menhai's confidants with fierce voice, "fight? It's good to kill one? Kill two to make money? What the hell do you think you are? "

The fierce man roared, pointing to Zhang Menhai's confidants, "brothers, give it to me and destroy their spirit. I want to see how they fight, how they don't lose, and how they make money!"

With the voice of the fierce man, a dozen people immediately separated from the crowd and rushed towards Zhang Menhai's confidants.

It's like a wolf and a tiger!

Zhang Menhai's dozen confidants not only didn't flinch, but grinned and welcomed him without any hesitation, which also stifled their momentum.

Both sides soon you come and I go, playing very hard, but after a few breaths, the elite of the Liang family has the upper hand.

With the crackling sound, there was a scream, Zhang Menhai's cronies were overturned one by one.

None of them were killed, but none of them were slightly injured, either with broken hands, legs or ribs. After they fell to the ground, they no longer had combat effectiveness.

However, there are so three people are very powerful, they are not only not abandoned by the elite of the Liang family, but they are abandoned by five or six elite of the Liang family.

The three men were all very strong. They were waving their fists and feet and storming. The five or six elite Liang family members who were swept were all seriously injured, and none of them could stand up.

Originally, Zhang Menhai's heart became more and more heavy when he saw that he had been abandoned one by one, but when he saw the performance of the three confidants, he immediately had some hope in his heart.

How can he forget these three guys? With the performance and strength of these three guys, it is very likely that he will break through today and save the day.

"Dog day, very fierce!" Just at the moment when Zhang Menhai felt the hope in his heart, a cold drink suddenly came out, and then he saw the head man jump out.

The fierce man pointed to the three powerful confidants of Zhang Menhai and yelled, then his right foot

suddenly touched the ground, and then the whole person rushed over. Seeing this, the three cronies' faces changed greatly, and their hearts suddenly became dignified.

They feel a very dangerous breath from the fierce man. Obviously, the fierce man is not simple.

But they didn't admit it. Instead, they adjusted their state in an instant, and the three men met the fierce man at the same time.

With a grin and a look of disdain in his eyes, the fierce man dodged in front of the three people. While avoiding the attack from the man on the left, his fists had already hit the man on the right.

At the same time, his leg had been raised and he kicked the man in the middle.

Boom!

There was a loud noise, and the man on the right side was hit directly by the fierce man's fist. With a click, the hand bone broke instantly, even when he began to fall back.

Bang!

Another sound, the fierce man's legs in the middle of the point in the man's belly, sour water mixed with blood from his mouth, he bowed into a shrimp like, the same inverted fly out.

Two, second down!

It's a mess!

"Die for me!" In the end, the man was instantly angry. He roared and smashed a hook at the fierce man.

The wind is very loud and the momentum is very strong.

But the fierce man didn't care!

"Dead? Who died? " With a grin and an incredible turn of body shape, he dodged the man's hook fist, then grabbed his head with both hands, and ran straight into his head.

Boom!

The man's head burst out of blood mist and fell to the ground in an instant.

There was a dead silence.

Zhang Menhai's eyelids couldn't help choking.

Fury, it's so fury!

The most important thing is that he just saw the hope, but in the twinkling of an eye, the hope had already been shattered. This kind of taste is really too uncomfortable.

Despair sprang up in his heart.

At the same time, Zhang Menhai's other confidants have been solved. The scene fell to the ground, miserable.

Meng Nan raised his head, looked at Zhang Menhai with a smile, took two steps forward, put his legs on one of the stones, and then grinned,

"give us \$100 million each, or kneel down and get through here, otherwise, die, you choose."

Said, he pinched out the mobile phone, put on a pair of video.

Zhang Menhai listened to this, and his face was dead silent!

Shame!

This is humiliation!!!

Obviously, Liang Hongbo not only wanted to kill him, but also wanted to humiliate him.

Liang Hongbo is obviously making a warning to others. He killed the chicken Zhang Menhai and the monkey Jiang Xingjun.

Chapter 1217

Sobbing!

In Zhang Menhai's dilemma, some do not know what to do, accompanied by a rapid car engine sound, and then, three cars will gallop over.

Creak!

The three cars drifted perfectly, then almost stopped one after another, and then the door opened, and more than ten young people jumped down.

These ten people are not very old, and they are full of refined breath. At first sight, they are experienced veterans of the battlefield.

Zhang Menhai looked at the more than ten people, his eyes couldn't help brightening, almost filled with tears.

He recognized that the young man at the head was the one who was following mu Qianxin. He seemed to be called a Teng.

Obviously, mu Qianxin guessed that Liang Hongbo would snipe him, and then sent support.

Those Liang elite looking at these people, it is even eyelids can not help but began to beat. Even the head of the fierce man, his face also across the dignified.

Obviously, they all realized that the arrival was not simple, and looking at each other's posture, it was obvious that they were not friends, but enemies.

"Mr. Zhang, are you ok? I'm sorry, ah Teng is late." A Teng came to Zhang Menhai in three or two steps, and said politely.

Looking at the countless fallen Zhang Menhai confidants, and then looking at the safe Zhang Menhai, his heart was also relieved.

Fortunately, he came a little faster. If he was a little later, maybe Zhang Menhai would be killed, and then he would not be able to make the job.

"No, no, thank you and miss mu. Miss Mu really has a heart." Zhang Menhai said quickly.

A Teng nodded, did not continue nonsense, directly looked at the man and his party, "dog day, you are not small, dare to snipe old Zhang halfway."

"Thanks to miss Mu's foresight, and thanks to Lao Tzu's early arrival, otherwise I'm afraid you'll really succeed!"

He roared. He didn't wait for the fierce man to talk nonsense, so he waved his hand, "brothers, let's go up together and kill these bastards!"

"Yes That ten people have to make, the instant then madly toward the fierce male a group of people rushed to kill in the past.

A Teng is in the lead, he rushed to the two men in front of the moment, two fists together, a left and a right hard toward them in the past!

Bang bang!

With two sounds, the bones of the two men were smashed, and their strength was not in the same level.

"Ah! I'll kill you A roar came, and a fierce man came running from the side, one foot to a Teng's waist!

A Teng sneered, but he didn't even hide. He raised his legs and pointed up.

Boom!

Click!

The collision between his legs made a loud noise. A Teng was kicked back two steps, while the other side's leg bone was directly broken. The whole person flew four or five meters backward and screamed after falling to the ground.

Three people, in an instant was put over, a Teng is a tough mess!

"Damn, I'll kill you!"

"Damn it, you go to hell!"

Looking at the scene of the rest of the male, in the heart can not help shaking, mouth can not help but involved at the same time, the heart is also set off a huge anger.

Three of them roared, immediately pulled out the knife stick, fiercely toward a Teng.

The sword stick flickered and made a hunting sound in the air. The scene was shocking and the momentum was amazing.

A Teng didn't dare to take three people's swords, but he could not help but began to retreat.

But although he retreated fast enough, he was still scratched by the tip of the knife over his left arm and raised a blood fog.

Feeling the hot pain, aten became furious, his right foot suddenly dropped, and then he rushed straight to the guy who hit him.

Boom!

Two feet, that person is point of inverted fly more than ten meters, mouth blood spit of basic can't stop, also can't climb up.

At the same time, bang bang, two iron bars hit him on the back.

He immediately ejected a mouthful of blood, the whole person fell to the ground in an instant, and the back bones were broken.

A Teng felt the pain and became more furious. His eyes turned red in an instant!

"Ah

With a roar, he stood up abruptly, and then seized the iron bar in one of the guys' hands. He turned it hard and grabbed it.

Then, with a grim smile and a sudden force, he inserted the other end of the iron bar into each other's mouth.

Come on!

The iron bar penetrated the throat of the opponent and came out from the back of his neck. Blood sprayed on him, and the man died in a flash.

At the same time, another man was also hit by a Teng's companion and fell into a pool of blood.

At this time, the more than 20 strong men had all fallen to the ground, either dead or injured, and no longer had fighting ability. In the same way, more than ten people in a ten also died, and three were seriously injured.

A Teng stands up with the help of his two companions. First, he smiles at Zhang Menhai, "Mr. Zhang, you go first."

Then, he looked coldly at the seriously injured enemy, "don't leave a living!"

At the moment when a Teng solved the problem, mu Qianxin also met with an ambush. It was only because she had expected it and had taken precautions, she was not affected much.

In less than ten minutes, the elite of the Liang family had been slaughtered, and mu Qianxin returned to the hotel safely.

Bunny hospital.

"What, Zhang Menhai was saved by the people who admired Qianxin, and all our people were destroyed? "Muqianxin didn't succeed there?"

Liang Hongbo was infuriated when he heard these two news. Mu Qianxin can be OK, but how can Zhang Menhai be ok?

What makes him most difficult to accept is that Zhang Menhai was saved by muqianxin's people. This is absolutely unreasonable.

Obviously, what mu Qianxin has done is for Jiang Xingjun, and the purpose is to let Jiang Xingjun hand over the shares smoothly.

But now he has nothing to do.

Liang Hongbo was furious when he saw the elite of Liang family around him. No one dared to make a sound, but he just kept his head down and was submissive.

When Liang Hongbo was furious, a Passat stopped at the door of the hospital. Then the door opened and five women jumped down.

These five women are wearing ordinary clothes, and their appearance is very beautiful. At first glance, they look like ordinary female college students.

Only those veterans who have experienced the battle for a long time can feel the sharp and chill they occasionally send out.

The first woman is the tallest and most beautiful. She is Pang Qian, Pang Gai's daughter.

She looked up at Buni hospital, and then at Liang's elite who was pretending to be a passer-by. There was a sense of murder in her eyes, and then she ran in with the other four people.

Those Liang elite light swept five people one eye, but it is not too much attention.

Because in their intelligence, there are no female generals under muqianxin, that is to say, these five people can't be muqianxin's people. Since they are not admirers, they need not care.

After entering the hospital, the five women immediately dispersed. Four of them went straight to the 10th floor where Liang Hongbo was, while Pang Qian went to the 9th floor below.

"Who?" The four women had just arrived on the 10th floor. With a cold drink, the two liang elite stood in front of them.

Chapter 1218

"We're not." The woman in front of the platoon grinned brightly. The next second, she suddenly approached one of them, and then a sharp knife flashed out of her hand and jumped into his belly.

The red blood splattered out, and the man had already fallen on the ground without even making a miserable cry, and died in an instant.

At the same time, another woman also solved another person, and then the four quickly approached Liang Hongbo's ward.

At this time, the elite Liang family who were guarding the corridor had already seen this scene. Their eyelids could not help jumping, and they were facing the enemy for a moment.

"Enemy attack! Enemy attack

The piercing roar came out, they didn't hesitate half a minute, and immediately rushed straight to the four girls.

Four female also have no half nonsense, look at each other one eye, then madly killed to those Liang elite.

The whole corridor was in a mess. The sound of bombardment, roar, scream, and all kinds of sounds mixed together to form a unique movement.

The four women are very tough. Their slender legs are sharp weapons to kill people. When their toes are connected, several elite Liang family members will fall down with them.

But though they were brave, they couldn't hold up too many enemies. After a few minutes of fierce fighting, they began to retreat.

In this defeat, they quickly retreated to the corridor position.

"Son of a bitch." One of the women was unwilling to scold, then drew her gun and pointed at the enemy.

Come on, come on!

In a flash, four or five elite members of the Liang family fell under the gun and died immediately.

"Let's go!" The woman looked at the tragic death of the Liang elite, and unwilling to roar out, and then took the other three people along the corridor to escape.

"Chase Looking at this scene, the elite of the Liang family was so angry that they immediately launched a crazy chase.

They were killed so many people without knowing it. How can they swallow it easily? What's more, there are only four women.

With a large number of Liang elite crazy pursuit, the whole ten floor, in an instant there are only a few people left.

At this time, Pang Qian flashed up from the other end, and then quickly killed Liang Hongbo in the ward.

Those left behind Liang elite looking at this scene, it is almost collapse.

They didn't expect that the enemy was playing the trick of luring the tiger away from the mountain. The most ridiculous thing is that they were fooled.

See Pang Qian only one person, these Liang elite is simply gas jump foot, roar to kill Pang Qian.

Pang Qian had no fear when he faced more than ten fierce men.

Her right leg suddenly forced, the whole person immediately rushed to the enemy, in the moment of approaching the enemy, her body unthinkable twist, and then her hands suddenly across the enemy.

Come on, come on.

The five people who bear the brunt of it suddenly fell to the ground with their faces changed greatly.

They all had a cut in their chest, not deep, but just across their heart.

Pang Qian killed five people, his hands suddenly a row, two rushed up the enemy will be cut throat, face dead to the ground.

Pang Qian pulled back the blade and threw it forward.

Come on!

Two more enemies were killed.

It's hard to imagine killing nine people while breathing.

At last, the man was completely shocked, and his heart was full of fear.

He didn't expect that Pang Qian was such a tough and fierce woman.

With just two small blades, he killed nine of his companions.

At the moment when he was stunned, Pang Qian's body had rushed forward, and his slender right leg had a 130 degree arc kick.

Boom!

Her toes directly pressed the man's face against the wall, and after she closed her feet, the man had fallen to the ground, not dead, but with more or less luck.

Pang Qian didn't even look at him. He rushed to Liang Hongbo's ward.

Liang Hongbo ward, in addition to Liang Hongbo, there are two elite.

Originally, there were six elites in the ward, but during the previous war, the other four went out to

fight.

Now, whether it is Liang Hongbo or the two elite, it's hard to see the extreme.

Liang Hongbo had sat up and looked nervously at the door.

Two elite is also a left and a right guard at his side, hands holding guns, black muzzle at the door.

As long as Pang Qian enters, they will shoot at the first time and kill Pang Qian with the fastest speed.

But even so, they are a little nervous, their faces are sweating, but they don't dare to wipe, even their eyes don't dare to blink.

Boom!

At a certain moment, a burst came and the door of the ward opened.

The two elite also did not hesitate, and immediately launched a crazy shot. Come on, come on.

The bullets all over the sky just hit the wall of the corridor outside.

Let alone kill Pang Qian, they didn't even see Pang Qian's figure.

Two people looked at this scene, the face is also difficult to see the extreme, they all know that they are too nervous.

Just when they want to fight 12 points again and try their best to kill Pang Qian, whoosh, a shadow rushes in.

The two men didn't hesitate and started shooting again in an instant.

But soon, their faces changed again, because the shadow was not an enemy at all, but a companion they had been killed before.

Losing twice in a row has put pressure on their hearts.

Whoosh!

At this time, a sound of breaking wind sounded, and another shadow flashed in.

Their faces couldn't help changing again. They immediately pointed their gun at the shadow, but they didn't shoot immediately.

The first is that they are afraid of being cheated again. The second is that their bullets are limited and

they will not be able to get rid of them.

However, just when they hesitated, the gunshot rang.

Come on!

Come on!

There were only two shots, and blood burst out of their heads, and then they fell down.

It was estimated that they would die, but their short hesitation ruined their lives.

After Pang Qian shot the two men, the muzzle of the gun was raised and pointed at Liang Hongbo with a dead face.

There was only hatred and killing in her eyes.

"Did mu Qianxin send you to kill me? You say a number, how much money can not kill me Although Liang Hongbo was afraid, he did not lose his cool and asked.

He didn't see Pang Qian, and didn't know Pang Gai had such a daughter, so he subconsciously took Pang Qian as a admirer.

"Money?" Pang Qian sneered, "can more money buy back my family's life? Liang Hongbo, you sent NIE to kill my family mercilessly. Our hatred is as deep as the sea. If you want to live, don't dream. "

"Nie merciless has died, today, I will send you down to accompany him!"

Hearing this, Liang Hongbo couldn't help but jump, "Nie merciless, kill your family? Are you from the Pang family? "

He had a faint smell of conspiracy.

Pang Qian didn't want to talk at all this time, but raised the barrel of the gun.

Liang Hongbo's eyelids jump. He no longer dares to talk nonsense. He is about to tell the cause and effect of things.

After all, although Pang family was destroyed by him, Wang Fan also played a certain role in it. Even if Liang Hongbo is killed by Pang Qian today, he will bring Wang Fanmu into the water.

Chapter 1219

"Listen However, Liang Hongbo just said two words -

flutter!

Pang Qian has pulled the trigger mercilessly.

Sharp bullets roared into Liang Hongbo's head, so that he could no longer speak the words behind.

"Protect Mr. Liang, protect Mr. Liang, quick!"

"Damn, a few women dare to ambush Mr. Liang. I will kill them!"

While Pang Qian shot Liang Hongbo, the roar of the blockbuster came in from outside the corridor. Obviously, the elite Liang family from outside has arrived.

Pang Qian listened to the outside voice, did not dare to stay, once again toward Liang Hongbo made up two shots, and then quickly ran out.

Hotel.

Less than ten minutes after Liang Hongbo was killed, Wang Fan got the news.

Of course, mu Qianxin told him the news.

After learning that Pang Qian killed Liang Hongbo with only four women, Wang Fan couldn't help giving a thumbs up.

He did not expect that Pang Qian's action should be so fast and efficient, killing Liang Hongbo so quickly.

Pang Qian really gave him a big surprise.

An hour later, the news of Liang Hongbo's death has spread wildly in Guangcheng, causing a strong sensation.

The first reaction of most people is that mu Qianxin did it. However, news soon came that it had nothing to do with mu Qianxin, but Pang Qian's hand.

After confirming the news, most people were in an uproar, secretly sighing that we should not be too arrogant.

It was Liang Hongbo's arrogance that led to Pang Qian's death.

It's estimated that even Liang Hongbo didn't expect that Pang's family still has Pang Qian as a fierce man, right?

Early the next morning, before muqianxin went out, Jiang Xingjun called and offered muqianxin a

meeting.

Muqianxin didn't talk nonsense either. He rushed to the place immediately after making an appointment.

She knew that yesterday's incident had already spread to Jiang Xingjun. It was estimated that Jiang Xingjun could not sit still.

Mu Qianxin guessed right, Jiang Xingjun really can't sit still.

It can be said that he didn't sleep at all last night, but was always in fear.

Zhang Menhai mutinied, Liang Hongbo died, he just a river March, what else with mu Qianxin pull wrist?

Now he only wants peace and stability.

Mu Qianxin's attitude towards Jiang Xingjun is the same as Zhang Menhai's, handing over his shares and giving him a pension of 100 million yuan.

Jiang Xingjun readily accepted it and showed great pleasure.

After the smooth transfer of Jiang Xingjun's equity, mu Qianxin once again took the position of Li's first sister and regained the right to speak.

The overall situation has been decided.

But she didn't stop, instead, she extended her tusks to the Liang family.

Although Liang Hongbo is dead, the Liang family is still alive. The Liang family still has Li's shares.

Without Liang Hongbo's Liang family, there is no threat to Mu Qianxin.

Under the strong pressure of Mu Qianxin's coercion and inducement, in less than a week, Li's shares in charge of the Liang family were assigned to Mu Qianxin's name.

At the same time, muqianxin also announced a news that Li was merged into wangfan group and became a branch of wangfan group in Guangcheng. In addition, she also handed over 51 points of equity.

Wang Fan group is growing again.

Wang Fan stayed in Guangcheng for more than a month. In addition to practicing and accompanying Huang Tingting, he also made bed with mu Qianxin.

Mu Qianxin knows that Wang fan is about to leave, so he is very active and crazy. As long as he takes time, he will be in bed with Wang Fanni.

On this day, after Wang Fan wakes up, mu Qianxin is no longer around, obviously going to work for Li.

Wang Fan touched his sore waist, got up from the bed, put on his clothes, and left muqianxin villa.

He has to go, even if he doesn't want to, he has to go.

Because he can't always stay in Guangcheng to accompany muqianxin, he has his own things to do.

Wang Fan didn't call mu Qianxin, and didn't send a text message, because it just increased the sadness.

He did not tell Huang Tingting, because there was no need.

Huang Tingting left as early as a week ago and went to Wucheng to prepare for the opening of the new store.

After Wang Fan went out, he took a taxi and went straight to the airport.

More than an hour later, Wang Fan came to the airport.

After he made a reservation, he went to Starbucks because it was still early.

He just ordered a cup of coffee, and before he had time to drink it, he found a woman rushing past the glass door.

Wang Fan looks at this woman, eyelid cannot help but jump: Jiang Xiaoliang.

He remembers that after he went to Jiyan in Hanzhong to snatch the hundred year old green leaves, Jiang Xiaoliang disappeared, and then there was no news. Wang Fan never thought that he would meet Jiang Xiaoliang at Guangcheng airport.

Jiang Xiaoliang's face has not the previous immature, some just can not say the maturity, and even the bone also exudes a fierce.

This is not what shocked Wang Fan the most. What shocked Wang Fan the most is that Jiang Xiaoliang's strength was in the middle of the day after tomorrow.

Obviously, in nearly a year, she also experienced many things that Wang Fan didn't know.

Wang fan saw Jiang Xiaoliang and stood up without a moment's hesitation. After leaving a hundred yuan, he left Starbucks in a hurry.

Even if he didn't meet Jiang Xiaoliang, since he did, he must go to meet Jiang Xiaoliang and ask what happened.

As soon as Wang Fan walked out of Starbucks, three thin men flashed in front of him in a hurry.

These three people are very fast, obviously chasing someone, but their eyes are also very fierce, and their breath is at the peak of the day after tomorrow.

Wang Fan instantly realized that they were chasing Jiang Xiaoliang, and he didn't dare to hesitate to follow him.

Although Jiang Xiaoliang has tried to escape under the cover of the flow of people at the airport, but the strength difference is too big, after all, she still can't escape the pursuit of the three people behind her.

In less than ten minutes, she had been overtaken by three people behind her.

Jiang Xiaoliang's face changed greatly. She couldn't care about anything else any more. She raised her legs and ran to the police room not far away.

The three guys saw that Jiang Xiaoliang ran to the police room, and their faces changed greatly. One of them rushed two steps, knocked them over, and then raised his hand to catch Jiang Xiaoliang.

Originally, they wanted to find a place where there were relatively few people to take Jiang Xiaoliang, but now they see that Jiang Xiaoliang ran to the police office, where they could care so much.

Although they are not afraid of the police, they still have some troubles when they disturb the police.

Pop!

Just for a moment, the guy grabbed Jiang Xiaoliang's shoulder, and then pulled Jiang Xiaoliang back.

Without waiting for Jiang Xiaoliang to scream, the other two came forward in an instant. One quickly covered her mouth, and the other knocked on her head. She fainted in an instant.

Three people with perfect finish all this, and then one person open road, two people set up jiangxiaoliang, in others have no time to watch before, lift legs to go.

Just as they had just taken two steps, they suddenly stopped, and then looked forward with a gloomy face.

Wang Fan calmly looked at the three people, cold mouth, "hit a person, intend to go like this?"

Chapter 1220

Three people listen to Wang Fan's words, almost want to be angry to smile, unexpectedly still have a person to dare to meddle in their business, really seek death!

The young man took a cold look at Wang Fan and stepped forward abruptly, "get out of my way. If you dare to block the way again, I will kill you directly!"

If it wasn't for the fact that many people around him had come to watch, he would have slapped and waved it. Where would he talk nonsense with Wang Fan.

What an arrogant guy! Wang Fan's anger also sprang up in his heart. He didn't even think about it. He raised his foot to the young man.

Bang, the young man didn't even react, so he was directly kicked by Wang Fan, and the whole man flew out, spitting out several mouthfuls of blood.

There was a storm in his heart. Who was this man and how could he be so fierce?

Everyone around also screamed, obviously did not expect that Wang Fan would be so fierce, said to do it.

"Boy, you want to die!"

The other two young people with Jiang Xiaoliang's face also changed. As soon as they Songjiang Xiaoliang, they rushed to Wang Fan.

Although Wang Fan overturned the youth, in their view, it was a sneak attack. They still didn't pay attention to Wang Fan.

"No!" The young man who fell to the ground saw that two of his companions rushed to Wang Fan. Subconsciously, he felt bad.

From Wang Fan's just one kick, he has realized that, let alone these two companions, they are not Wang Fan's rivals if they add up and multiply by two.

But he reminds is a little late, two companions have rushed to Wang Fan in front.

Bang Bang twice, Wang Fan raised his feet and kicked them heavily, they immediately flew out like a broken kite.

They fell heavily seven or eight meters away and fell to the ground with a dead face.

It's terrible. It's terrible.

They all set off a storm in their hearts. It seems that they didn't expect that a meddler would be so fierce

on the way.

The people around were also shocked, but no one sympathized with the three young people.

The three young people knocked down people, even if they didn't apologize. They even knocked them out and wanted to take them away. It wasn't a good thing.

"Who are you? We are the river family in the lake. Have you ever thought about the consequences when you meddle in our business like this? "

A young man stood up and looked at Wang Fan with anger and reluctance.

"The river house in the lake?" Wang Fan sneered, "is the river family in the lake great? I haven't heard of it yet. "

He pointed to the young man, "I don't know what the river family in the lake is. I only know that you have bumped into people and you have to apologize."

Wang Fan pointed to Jiang Xiaoliang again, "also, I see you knocked out. She wants to take it away. What do you want to do? Kidnapping, extortion, or trafficking? "

The whole audience was in an uproar.

The faces of the three youths were even worse.

They didn't expect that they all carried out the river house in the lake, and Wang Fan didn't show any face.

In their opinion, if Wang fan can overthrow them, he must be an ancient warrior. Since he is an ancient warrior, he must have heard of the river family in the lake.

Because although the river family in the lake is not a great master of ancient martial arts, it is not something that ordinary ancient martial arts can provoke.

There are five congenital experts in the Jiang family, and even the eldest lady has reached the middle of congenital strength, which is quite strong.

"Boy, the Jiang family will not let you go. You are waiting to be chased by the Jiang family." Three young people have no way, can only leave a cruel words, and then difficult straight body, turn to go.

Because this is the airport, so Wang Fan did not give a hard hand, they still have the ability to act.

Wang Fan disdained to smile, simply did not put the threat of three people in mind.

He didn't even fear the angry fist gate. It was just a river family in the lake, and he didn't really pay attention to it. After all, no matter how powerful the Jiang family is, it's probably not as powerful as the angry fist gate.

He quickly walked to Jiang Xiaoliang and patted her twice. After Jiang Xiaoliang woke up, he took her and left here quickly.

Ten minutes later, the two showed up at a Dexter store.

Jiang Xiaoliang looks at Wang Fan in front of her. She is very excited. She wants to rush into Wang Fan's arms regardless of everything, but she finally suppresses it.

I haven't seen her for nearly a year. She doesn't know if Wang fan is still the same as Wang Fan, or if she still likes her as much as before.

And she left without saying goodbye at the beginning, her heart was always a little sorry.

She just looked at Wang fan like a child who had done something wrong. She lowered her head, held the corner of her clothes in her hands and said nothing.

Her heart was also shocked.

She will not only shock Wang Fan here, but also shock Wang Fan's strength.

Before she knew that Wang Fan was powerful, but she never thought that Wang Fan was so powerful.

Wang Fan looked at Jiang Xiaoliang, feeling funny, "what's the matter? Why don't you say something? It's not like your style. ""Tell me, what's the matter? Why are you chased by those three guys? I'll see if I can help you

Wang Fan didn't ask Jiang Xiaoliang why she left without saying goodbye, because everyone has everyone's privacy. If Jiang Xiaoliang is willing to say it, he doesn't need to ask at all.

"I'm sorry, van." Jiang Xiaoliang apologetically looked at Wang Fan, and then couldn't help crying out.

"I know I shouldn't just disappear without saying hello, but I can't help it." Jiangxiaoliang some incoherent, "just chase me is the big lady under."

"My grandfather was in charge of the Jiang family, but he died suddenly two days ago, so the first lady and the second lady began to seize the throne."

"Because I'm from the second lady's side, and I'm also very popular with the second lady. I'm as close as mother and daughter, so the first lady wants to catch me and threaten the second lady."

"If I didn't happen to meet you, I'm afraid I would have been captured by the eldest lady. At that time, not only the second lady will be in danger, but I'm afraid my fate will be better. "

Wang Fan has a big head.

He really wants to ask, is there no man in the Jiang family? Even if the helmsman dies, it's not the two wives' turn to seize the power, right?

But he could not ask.

Looking at the sad Jiang Xiaoliang, Wang Fan couldn't help comforting, "well, don't cry, isn't it that you haven't been arrested?"

"Don't worry, you won't have anything to do with me. After dinner, I'll go to Jiang's house with you and meet the big lady."

Wang fan doesn't really want to get involved in other people's family fights. After all, it has nothing to do with him.

But who let this matter involve Jiang Xiaoliang, then he has no way.

"Forget it." Jiang Xiaoliang shook her head, "the big lady is very strong, and there are many strong people under her hand."

"Once we appear in Huzhong City, I'm afraid we will be known by the big lady, and then we will be in danger."

Jiang Xiaoliang also squeezed out a sentence, "and this matter has nothing to do with you, I don't want you to get involved. If there's something wrong with it, I won't be able to forgive myself. "

Wang Fan's heart crossed a warm current, "you don't have to worry about this, just a big lady, I haven't paid attention to it. If I can help you, I'm sure I can. That lady can't help me. "
