Chapter 1221

In the lake, Jiang family, a broad hall.

On the throne sat a woman in her forties.

The woman was dressed in a floral Qipao with a fork at the bottom of her thigh. She looked very elegant.

Her hair is high, her head is still tied with a hairpin, elegant, and her body is full of the upper breath.

Below her, on both sides, sat eight people.

Eight people four left four right, on the surface of women are very respectful.

Occasionally, when they look up, they catch a glimpse of the spring light at the bottom of a woman's skirt, and their breathing will become short.

Although the woman noticed their occasionally obscure eyes, they didn't care.

Not only did she not close her legs together, she slightly diverged.

This time, the next eight people were even more shortness of breath.

This woman is no other than Jiang Xiaoliang's wife. The eight people below are the backbone of the big lady faction.

The eldest lady reached out and kept knocking on the armrest. At a certain moment, she finally could not help saying, "I just received the news that Jiang Xiaoliang was saved by a young man in her twenties."

"What, Jiang Xiaoliang was saved?"

"Who is that man, and who gave him courage?"

"Damn, he dares to be a bad lady. Is he tired of living? Madam, tell me where he is, and I'll go and solve him now! "

The next eight people were shocked and then became angry when they heard this.

They still know how important Jiang Xiaoliang is to the first lady.

Jiang Xiaoliang is the key for the first lady to deal with the second lady. But now, they are saved. How

can they accept it?

If it is normal, they may also consider the strength of Wang Fan. But now the eldest lady says that the other party is only in her twenties, and they don't care at all.

It's just a guy in his twenties. No matter how powerful he is, where can he be? If you can have innate strength, you'll die.

There are eight of them, but they have three congenital experts, and even one of them has reached half the congenital middle stage, so there is no need to worry about them.

Eight people are simply filled with righteous indignation, eager to immediately find out Wang Fan, Wang Fan pieces.

Looking at the eight people's performance, the eldest lady was very satisfied. She waved her hand, suppressed their words, and then said,

"I don't know who he is, and I haven't found out where he is, but I will investigate."

"If you have this heart, I will be satisfied. According to my estimation, most of them will come to the lake, and then I need your help. "

Eight people instantly nodded, "at the command of the big lady, do your best, after death!"

After Wang fan made the decision, without any hesitation, he immediately bought the ticket to the lake.

Two hours later, he and Jiang Xiaoliang arrived in the lake on time.

"Look, they are in the lake." Wang Fan two talents just got off the plane, and before they got out of the airport, a young man had already locked them, and his eyes twinkled with shock.

Although the first lady has said that Wang Fan and his wife are likely to come to the lake, in fact, he doesn't believe it.

In his opinion, Jiang Xiaoliang managed to avoid a disaster. I'm afraid she should stay far away. How can she come to the door to die?

But this kind of thing happened, Jiang Xiaoliang actually came back.

"It's really Jiang Xiaoliang. She's so brave!"

Another young man also saw Wang Fan. He was shocked for a short time. He immediately said, "you call up now. I'll follow them."

"Good." The young man didn't talk nonsense, so he immediately took out his mobile phone to report.

Wang Fan took Jiang Xiaoliang a few steps and found that he was followed.

He couldn't help sneering. The big lady was really good at it. She got off the plane a few minutes ago and was targeted.

Wang Fan immediately found that he was being followed by a young man in his thirties. His strength was probably in the early days after tomorrow.

Aware of the strength of the youth, Wang fan is sneering.

In the case of knowing that he has lost the top three, he dares to track himself in the early days of the day after tomorrow. Is this guy too bold, or is the big lady too intimidating?

However, Wang Fan did not pay attention to the tracking of the youth, but pretended to know nothing, with Jiang Xiaoliang swaggered out of the airport.

Even if he's cleaning up that guy, he'll have to wait until he leaves the airport.

There are too many people in the airport. Wang fan should pay attention to the influence.

Wang Fan soon took Jiang Xiaoliang out of the airport and walked towards a taxi.

But before they got to the taxi, there were five men with strong breath running towards them.

Of the five, one is at the beginning of his life, while the other four are at the peak of the day after tomorrow. Just a few breaths, they stopped in front of Wang Fan, so the man in the early congenital stage was even more indifferent and said, "madam, please come with us."

There was no doubt about his tone, as if he was giving an order. There was no room for discussion at all.

While he was talking, the breath of the five people firmly locked Wang Fan and his momentum also began to soar.

Obviously, as long as Wang Fan dares to refuse, he will start at the first time and take Wang Fan away by force.

Jiang Xiaoliang's face has turned pale, she also did not expect that the ability of the big lady was so powerful.

She got off the plane with her front foot, and her back foot was blocked.

"Don't be afraid. I'm in everything."

Wang Fan grabbed Jiang Xiaoliang's hand and comforted him, then looked at the five men, "I don't know any big lady, and I don't know who she is."

"Since it's her who wants to see me, let her come in person. I want me to see her. I'm sorry, she doesn't have so much face

With that, Wang fanleng said, "go away, don't get in my way!"

"Good courage!" At the beginning of his life, Wang Fan's words made him angry. With a roar, he immediately patted Wang Fan with his big hand.

He didn't expect that Wang Fan was so rampant and didn't give his wife any face, which made him unbearable.

"I think you are very brave. Just at the beginning of your life, you dare to be reckless in front of me and seek death!" Wang Fan's face was cold, and then he clapped out with the same slap.

PA PA.

Two sound, Wang Fan first is that congenital early slap fly, then continue to smoke in his face.

At the beginning of his life, he never thought that Wang Fan was so direct and powerful.

His face and bones were smashed in an instant, and his flesh and blood splashed out, and the whole person flew out in confusion.

He fell to the ground with a bang and his face was dead.

Looking at this scene, the other four did not start, or did not have time to start the day after tomorrow, their faces changed, and their hearts set off a storm.

What kind of strength is this? Is it abnormal?

In the early days of their birth, they were all slapped like children. It can be seen that they didn't see enough in front of Wang Fan.

Bursts of cold sweat emerged, and their legs began to tremble.

The young man in front of him is absolutely a ruthless man they can't provoke. They are sure that if they dare to beep more, their end will be better than that in the early days.

Chapter 1222

"Are you going to invite me to see the lady, too?" Wang Fan coldly looked at the other four people, just said a word, the four people no longer dare to talk nonsense, quickly let to one side.

"Coward!" Wang Fan scoffed at them with a middle finger, then opened the door and got on the taxi.

The taxi driver witnessed the previous process, did not dare to offend Wang Fan, honestly started the car.

In fact, he just wanted to slip away, but there was a car in front of him blocking the road. After waiting for the road to get out of the way, Wang Fan came up with Jiang Xiaoliang.

More than half an hour later, Wang Fan and Jiang Xiaoliang appeared in a restaurant.

He's a little hungry. He needs something to eat first.

Wang Fan appeared in the lake, and also slapped the early congenital things, instantly spread to the big lady's ears.

This time, the eldest lady is not angry, but afraid and even afraid.

In the early days of her birth, even she couldn't do it. It can be seen that Wang Fan was more powerful than her.

She really can't figure it out. How does Jiang Xiaoliang know Wang Fan? Why doesn't she know at all?

However, even if the eldest lady is afraid again, it's absolutely impossible for her to recognize her and even give up the fight for the position of the head of the Jiang family.

The position of master of the Jiang family not only represents money and power, but also represents all available resources of the Jiang family.

How can she be willing to give up?

The first lady didn't think much about it, so she immediately dialed a phone call, "Jiang Xiaoliang has appeared in the lake. It's your chance to work hard and die."

A few minutes after she hung up, several cars left the manor and ran to the restaurant where Wang Fan and Wang Fan were.

The eldest lady was not idle, but cleaned up, followed by the door.

She wants to see if these people have the ability to deal with Wang Fan, or if she has the chance to deal with Wang Fan.

If there is a chance, she will kill Wang Fan at all costs. If there is no chance, she will try again.

Outside the dining room where Wang Fan eats -

Wuwu!

With a roar of harsh car engine sound, five cars rushed over.

Looking at this scene, the crowd around turned pale one after another, and the fast rabbits hid in the distance, and they could not help abusing such cruel words as "looking for death" and "being reincarnated".

Creak, creak.

There was another screeching brake sound, five cars stopped in a straight line, then the door opened, and more than a dozen men rushed down.

Looking at the more than ten fierce men, the crowd around immediately felt something was wrong.

It's obviously for business.

The leader glanced up at the restaurant sign, then waved his hand and rushed in with the crowd.

Powerful as a tiger.

Some of the less dodgy diners and waiters were knocked down and screamed, but none of them dared to abuse.

Because these people are so fierce that they are not easy to be provoked.

A window seat on the second floor, Wang Fan also saw the more than ten people who rushed in, and a sneer appeared in his eyes.

It's really undeniable. Before he can go to the Jiang family, the Jiang family can't wait to find him.

That big lady is really arrogant.

"Ah, the eldest lady's people, why are they here?" Jiang Xiaoliang's face turned white instantly.

Jiang Xiaoliang doesn't know all the people who rush in, but she knows more than half of them at least, and just more than half of them are enough to give her pressure.

"Come on, there's nothing to worry about. I was afraid that they would get the news and run away, but I didn't expect that they would take the initiative to send them to the door. It's just that I've taken them

all in one pot, so as to save the trouble of finding them one by one. "

Wang Fan said with indifference.

At a glance, he could see that the most powerful of these people were only half the congenital middle stage, and the rest were either the congenital early stage or the postnatal peak, and most of them were the later peak.

This kind of strength, not to mention only to so many people, even more than ten, in front of him are not enough to see.

Dada dada!

While Wang Fan was talking, the dozen people rushed to the second floor crazily and surrounded Wang Fan with evil spirits.

That half step person hasn't arrived in front of Wang Fan, the voice has already spread over, "is the person you beat us?"

He pointed to Wang Fan, very arrogant and domineering, "boy, you are very brave, even if you touch Laozi, you still dare to disrespect the eldest lady. Don't you know how to write dead words?"

He crazy burst drink, and pointed to jiangxiaoliang, "you this bitch, run away, even have the courage to come back."

"Do you think that with this little white face protecting you, we dare not move you? I tell you, I dare not only move you, but even the little white face"Damn it, when I catch you back, I will teach you how to be a good man and be a qualified woman!"

Jiangxiaoliang listen to this, face gas card white, but die bite teeth silent.

She can't deal with these people, and she doesn't need to talk too much.

If Wang fan can solve these people, that's the best. However, if Wang fan can't solve them, she will try her best.

Wang fan not only slowly put a piece of meat in his mouth, chewed and swallowed it, but then said, "you're right. I'm really bold, and I didn't pay attention to that big lady."

"Oh, by the way, I haven't been to school for a few days. I really don't know how to write dead words. What, do you have a problem? "

Wang Fan looked at the group of clowns, did not pay any attention, "your mouth that big lady, she does not want to see me, why not come?"

"Is she busy stealing men, or is she busy having children? Is she too busy to see me?"

Wang fan is not polite at all. He came to the lake less than two hours, he was provoked by two groups of people, this second wave of people's lineup is still so strong.

If he didn't have his wife's advice, he would never believe it. Therefore, he didn't like the lady he had never met, and his words were very bad.

"How dare you insult the eldest lady? You're looking for death!" That half step listened to Wang Fan's words and immediately became angry. His face suddenly turned red.

Not only he, but also the rest of the people, their faces turned red as well. They stared at Wang fan like a wolf, and there was a strong intention to kill him.

Obviously, they are very protective of the big lady, and they can't stand the big lady being humiliated and provoked by Wang Fan.

Wang Fan didn't expect that he just humiliated his wife, and these people became so angry.

But soon he came back to his senses. "What's the matter? You look so nervous. Do you still have an affair with the big lady?"

These people can't stand it any more!

"I split you!"

The half step girl screamed angrily, then raised her fist and blasted out at Wang Fan. His fist rolled up a sharp sound burst in the air, full of energy!

Chapter 1223

Looking at this scene, the faces of the onlookers changed greatly, and they couldn't help screaming. Even Jiang Xiaoliang could not help holding her breath.

Because she was very close to that half step, she felt the murderous spirit of the other party more intuitively.

"Split me? Do you deserve it? " Wang Fan grinned, but he didn't want to continue talking nonsense, so he raised his fist to meet him.

His boxing style is not cold at all, and it looks light, which is not directly proportional to the power of that half step.

Is this guy crazy?

He's looking for death!

Looking at this scene, the more than a dozen ladies were stunned at first, and then their eyes became sarcastic.

Who doesn't know that what Zang Sanqian is good at is power? Although his strength is only half of the congenital middle stage, even if it's the real congenital middle stage, he doesn't dare to compete with him directly.

Jiang Xiaoliang's expression is also full of worry, she does not understand why Wang fan should be so big.

Let's not say that the power of the two men's boxing style is not proportional to each other. Let's say that Wang Fan has already fallen into the passive and downwind when he sits down.

In the eyes of all the people, Wang Fan and Zang Sanqian's fists collided.

Bang!

A sound, strong gas force overflowing, those dishes and bowls on the table, in an instant, they were torn into pieces!

Click!

Another sound, in everyone's incredible eyes, cangsanqian's whole arm bone was as if it had been blasted from the inside. It was broken and the flesh was flying.

Then, he spewed out a mouthful of blood and flew out in confusion.

Three days after tomorrow peak did not hide past, was directly knocked over, bone broken blood flow, and hide three front fell to the ground, also can't get up again.

There was a dead silence.

All the people were shocked to open their mouths, as if they didn't believe this scene.

That's Zang San Qian. That's a half step master in the middle of nature. He's also good at strength.

But in this way, he was defeated by Wang Fan in the situation of hard hitting. Is that too funny?

Wang Fan stood up, walked to zangsan and stepped on him,

"don't you want to chop me? It seems that you're not good enough. Besides, I'm afraid you can't teach

me how to write dead words."

His words are very disdainful, "originally I see how you shout, arrogant incomparable appearance, thought you really have a few skills, but did not expect, you are so without a fight."

"With such strength, you dare to be so arrogant. Who gives you courage and courage?"

Zang San was trampled by Wang Fan and listened to Wang Fan's words. His whole face turned red, but he couldn't say a word.

What else can he say?

At the same time, his heart is also shocked, Wang Fan absolutely surpasses the congenital medium-term master, otherwise it is impossible to defeat him so lightly.

If he had known that Wang Fan was such a master, he would never have dared to come to find fault. Unfortunately, there is no regret medicine in the world.

"Madam, it's over." He couldn't help murmuring in his heart, and then his Qi and blood attacked his heart and cut off his Qi directly.

As soon as Zang San died, more than ten people naturally did not dare to stand up and shout any more, so they immediately had the idea to withdraw.

Just as they were just about to withdraw, Wang Fan said coldly, "now that they are here, why hurry to leave? Is this the place where you can come and go as you like? "

Listening to Wang Fan's words, some nervous diners around couldn't help laughing.

This is a restaurant. Is it just a place to come and go?

But they didn't dare to laugh in the end.

Wang fan is not afraid of the people he brought with him three years ago, but it doesn't mean that they are not afraid either. If they get revenge later, they will be wronged.

The more than ten people listened to Wang Fan's words, and their faces became ugly one after another.

One of them couldn't help shouting to Wang Fan, "what do you want? I tell you, although you killed zangsan, it doesn't mean that we are afraid of you. "

"The eldest lady is a master in the middle of the congenital period. Besides, she knows her friends at the top of the congenital period. If you offend us and the eldest lady, you will not come to a good end."

"Oh, really?" Wang Fan took a cold look at the congenital peak, then without any sign, raised his fist and blasted out.

Although he had been on guard for a long time, he also saw Wang Fan's fist coming, but he just couldn't escape.

It felt like I was bound by some force.

With a bang, Wang Fan's fist fell on him again. He spewed out a mouthful of blood, and the whole person flew out. After falling to the ground, his strength has been abandoned, completely turned into a useless person.

"You, you." He gushed a few mouthfuls of blood, pointed to Wang Fan and said two words of you, then he was in a coma. Wang Fan took out a tissue and wiped his fist. He snorted with disdain, "what time is it? How dare you threaten me? I'm looking for death!"

The rest of the people were all dead and didn't dare to talk any more.

Wang Fan's hand is either useless or murderous. It's too cruel.

They have no courage to challenge.

Wang Fan's vision swept from these faces one by one, "is there anyone who wants to threaten me? If so, stand up and I'll send him on the road."

None of the more than ten people dared to speak, and they could not help lowering their heads.

"I thought you were tough guys, but I didn't expect that you were just pustules. I don't know what it's like for a pussy like you to live. "

He waved impatiently, "go away, don't let me see you again, or I'll kill one after another. By the way, take those two scum away too. They are here and affect my appetite. "

After listening to Wang Fan's words, if they were granted amnesty, they didn't dare to talk nonsense at all. They immediately picked up Zang Sanqian and the first born man and left here quickly.

It's terrible. It's terrible.

In particular, Wang Fan's decisiveness left them a serious shadow.

Somewhere on the third floor, the eldest lady looked at the scene from the beginning to the end, and her heart could not be calm for a long time.

She never thought that Wang Fan was so powerful.

She did not expect that Jiang Xiaoliang even knew Wang Fan.

Why? Why does Jiang Xiaoliang know such people?

The eldest lady has realized that she is not Wang Fan's opponent at all. If she goes on, there will be only one way out.

She didn't even dare to go back to Jiang's house.

At the moment when the big lady was shocked, her box door was suddenly opened, and then a pockmarked face in her forties came in.

"Who are you?" Looking at the pockmarked face, the big lady couldn't help shrinking her pupils and stood up in an instant.

Her heart is very shocked, she could not see the strength of pockmarked face.

"It doesn't matter who I am. What matters is that I can avenge you on the premise that you cooperate with me and promise me a condition."

Pockmarked face said, has been standing beside the big lady, and then began to whisper.

Chapter 1224

After Wang Fan told the group to roll, he ate something again. Then he took Jiang Xiaoliang to leave.

They took a taxi and soon came to Jiang's house.

The Jiang family covers a large area, with tens of thousands of square meters. This piece of land alone is very valuable.

The whole manor is also divided into four courtyards, the first lady occupies the South courtyard, the second lady occupies the north courtyard.

The two ladies, one north and one south, were in constant dispute.

"Miss Jiang, madam, please come over." Just as the two talents came to the gate of the manor, a young man met them.

Although the young man's tone was still respectful, Wang Fan was not happy with it.

He had killed so many people that he didn't believe that the story didn't spread to the eldest lady.

But now, the eldest lady even dare to send someone to call them. It's incredible.

At the same time, Wang Fan also some wonder, how come all the way, he met the big lady's people? What about the second lady?

Outside, they were first discovered by the people of the first lady, perhaps because the first lady is stronger than the second lady, and he can understand.

But now they have arrived at the gate of the manor, but the second lady's people still haven't heard a word. Why can't they say that?

Jiang Xiaoliang did not immediately agree, but looked at Wang Fan.

Now her affairs are all decided by Wang Fan, so if Wang Fan says she will go, if Wang Fan says not, she will not go.

Wang Fan coldly glanced at the youth, no nonsense, "lead the way."

The young man took a look at Wang Fan and turned to leave.

Wang Fanjiang Xiaoliang followed the young man, but Wang Fan left a heart, mental crazy swept out.

It's just that some of the manors are too big for him to sweep, let alone useful things.

After more than ten minutes, he finally came to a broad hall where 18 people were ambushed.

Those 18 people are at the top of their ability, and they are ambush in every corner of the hall.

In addition to the 18 people in ambush, there were three people sitting on the surface.

One man and two women.

Man is a pockmarked face, strength in half step out of the ordinary. And the woman, the older one, in her forties, sat next to the man.

The younger one was in her mid-30s. Although she was sitting, she was tied with a rope and was obviously under control.

Wang Fan noticed this scene, and immediately felt something was wrong.

He can't help but ask Jiang Xiaoliang in a low voice, "what's the level of the most powerful people in your Jiang family? Do you have a top talent?"

Jiang Xiaoliang listen to this, first is a Leng, and then shook his head, "no, our Jiang family is the most powerful is my grandfather, half step congenital peak."

"After my grandfather died, the eldest wife, the second wife and two guests were the most powerful. They were all born in the middle."

Jiang Xiaoliang said, but also can not help but ask a, "how, you suddenly asked this why, is it difficult for you to find that our Jiang family has a congenital peak master?"

"It's OK. I'm just asking." Wang Fan said, but his heart became dignified.

Eighteen congenital peaks, one half step out of the ordinary, this line-up, is obviously aimed at Wang Fan, ah, is it difficult to be the master of angry boxing?

Thanks to his mental strength, this cheating device, otherwise it may be really shady.

Thinking of this, he couldn't help saying to Jiang Xiaoliang, "when you get to the place later, you will follow me closely and don't move."

"I suspect that the second lady is under control, so you have to be prepared. Moreover, the doctor knows that I'm powerful and dares to let us pass. It's obviously a matter of dependence. "

Jiangxiaoliang see Wang fan face so dignified, immediately realized that the thing is not simple, quickly nodded, "I know."

She added, "but if the second lady is really controlled, I hope you can save her, because she is really good to me."

"Good." Wang Fan nodded.

Soon, the young man and Wang Fan came to the hall. He pointed to the inside and said to them, "the big lady is in it. Go in."

With that, he turned and left, as if he didn't want to stay here for a moment.

Wang Fan sneered in his heart, but he walked in without hesitation.

At the same time, his mental power has paid close attention to everyone. If anyone dares to act, he will kill them at the first time.

If there is no mental strength, the 18 people's ambush is really an ambush for Wang Fan, who may be hurt or even killed by surprise.

But if Wang Fan has mental strength, then their ambush is not ambush. It's no different from face-to-face.

Of course, even if it is face-to-face, 18 congenital peak, a half step off fan, this line-up is enough for Wang Fan to drink a pot.

If they go together, Wang fan is really likely to be killed. Seeing Wang Fan come in, the first lady's eyes flashed, and she stood up in an instant. "It's worthy of Wang Fan, it's worthy of Wang Shao

Wang Fan listened to this, eyelid can't help a jump, in the heart more sure the other party this ambush is aimed at him.

He couldn't help but sneer, "madam, don't you have a lot of courage? You dare to ambush me when you know my identity. I think you are really bold!"

Wang Fan said, has gone to the second lady in front of, with a wave, the second lady's rope will be untied, and then Wang Fan pulled it behind.

The second lady was stunned at first, and then quickly said, "thank you, thank you."

The face of pockmarked face of the eldest lady changed in an instant, and surprise appeared in her eyes.

What surprised them was not that Wang Fan saved the second lady, but that Wang Fan knew that there was an ambush here.

You know, not long after the ambush was set up, even the controlled second lady didn't know, and Wang Fan just came in, how did he know?

If they didn't know that none of the people who set up the ambush here had gone out or picked up their mobile phones, they all doubted whether there was an insider.

Wang Fan looked at the change of pockmarked face and the big lady's face, and couldn't help sneering again, "don't show me that surprised face."

"If Wang fan is so easy to kill and ambush, I'm afraid he won't live to the present."

He looked coldly at pockmarked face, "say, who are you? Why do you want to kill me? If you answer quickly, I can give you a good time

Pockmarked face listen to this, face big change!

He suddenly stepped back two steps, his right hand quickly made two gestures, in an instant, the two closest to Wang Fan were crazy towards Wang Fan.

They are extremely fast, and their hiding places are tricky. If Wang Fan had not swept them in advance and had been on guard against them, he would have been hurt by them.

"I don't know how to live or die!" Wang Fan a cold smile, in two people kill out of the moment, the whole person followed move.

His right leg suddenly fell on the ground a little, and the whole person jumped up in the air in an instant, then directly offered a shadow knife and chopped them down.

A tearing sword appeared. In an instant, the whole hall was covered with endless murders!

Chapter 1225

With two noises, Wang Fan's shadow knife first cut the two inborn peaks' swords, cut their swords into two sections, and then continued to cut them madly towards their chest.

The two men's faces changed greatly. They didn't expect that their surprise attack didn't take the initiative. On the contrary, they fell into absolute passivity.

It's like Wang Fan knew their position in advance and saw their moves.

But how could it be?

They had no time to think so much. With two hisses, Wang Fan's shadow knife had cut their chests one after another. Between the blood sprays, they flew backwards like a broken kite.

People have not yet landed, they have no breath.

If it's a serious sneak attack, these two congenital peaks may really hurt Wang Fan, but Wang Fan has mental strength, so their sneak attack is meaningless.

Wang Fan's strength has entered the world, just two congenital peak, really not enough to see.

Looking at the instant shot, and in an instant fell two congenital peak, pockmarked face big lady face all changed, it is a face of shock.

Wang Fan's reaction and strength simply exceeded their expectations.

"Eighteen congenital peaks, one half step out of the ordinary, it's really a strong lineup. Since you want to ambush me, don't blame me, Wang Fan. "

After killing the two congenital peaks, Wang Fan did not hesitate for a moment. As he said this, he killed another congenital peak nearest to him.

Eighteen congenital peak, a half step out of the ordinary, this lineup he is still some fear.

Even if he has killed two people, if the rest of them go together, he still has a lot of trouble, and even is likely to be killed.

So Wang Fan's idea now is that before the enemy's frontal siege, he can kill one by one. The fewer enemies he has, the safer he will be.

Seeing that Wang Fan was killed, the man's face became ugly in an instant. He didn't dare to ambush any more. His whole body agitated and met him crazily.

His face was icy cold, and his eyes sparkled with extreme murders.

He would not be naive to think that Wang Fan did not know where he was hiding, just bluffing.

Once he holds this kind of fluke mentality, still ambush there does not move, I am afraid is to die.

When!

When the swords collided, there was also a loud noise and sparks splashed.

The top of the congenital peak was shaken back in an instant, and a mouthful of blood came out of his mouth, but the sword in his hand was not cut off.

Wang Fan's eyes were also surprised. He didn't expect that the sword in this guy's hand was higher than those of the previous two guys, and the sword was cut continuously.

Originally, according to Wang Fan's idea, this man's death should be the same as the previous two. He cut each other's sword with one knife, then castrated and cut each other again. But now the situation is beyond his expectation.

But it doesn't matter. Since you can't kill with one knife, just another.

Wang Fan thought in his heart that the shadow knife in his hand had been chopped out again.

That innate peak originally was Wang Fan a knife shock of internal injury, now in the face of Wang Fan's second knife, how can you react?

He just had time to lift his sword, and Wang Fan's sword fell on his sword.

This time, his sword was still not cut off, but he couldn't hold it, so he was knocked out.

At the moment when the sword flew out, his whole heart sank to the bottom, and his face turned pale.

He knew he was done.

He is not Wang Fan's opponent with a sword. Without a sword, it would be even more difficult to see.

Sure enough, the next second, Wang Fan's shadow knife has been heavily cut in his body.

With a spray of blood mist, his consciousness fell into chaos and his life died out.

"All of you come out and fight together and kill him!" At this time, pockmarked face has reflected over, madly issued the order.

He knew that Wang Fan certainly did not know through what means to detect their ambush, and even detected everyone's hiding place.

In this case, the sneak attack is meaningless. It's better to stand up face to face. Otherwise, those inborn peaks will only be killed one by one by Wang Fan.

Pockmarked face burst roar at the same time, the body breath has climbed to the extreme, and then do not know where to grab a black hammer, and then head for Wang Fan bombardment in the past.

At the same time, the other 15 congenital peaks also rushed out from every corner in an instant and killed Wang Fan crazily.

One half step out of the ordinary, 15 congenital peak, or in this open position to work together, is Wang Fan, have to pay attention to.

You know, in the ruins city, although he slaughtered a lot of congenital peaks, he didn't kill them head-on. He made use of the advantages of environmental geography.

"You go, get out of here first." Wang Fan didn't dare to neglect. He yelled at the second lady of Jiang Xiaoliang quickly, rolled them up to the outside, and then carried the knife to meet them.

Boom, boom.

The sound of several swords came out. While Wang Fan killed the two congenital peaks, he also got hurt on the other side's back, and the red blood came out.

"Van Gogh." Jiang Xiaoliang, who was taken out of the door, looked at the scene, and her eyes turned red instantly. She couldn't help but scream.

She wants to rush up immediately and fight side by side with Wang Fan, but she knows that she is just looking for death.

The weakest of those people are congenital peaks, which are not what she can deal with the day after tomorrow.

"Let's go, we'll only drag him down here. If you leave the Castle Peak, you will not worry about firewood. Only when you live can you avenge him in the future. "

The second lady quickly hugged Jiang Xiaoliang and pulled her away from here.

She knew that in this case, if they stayed, they would only become a drag on Wang Fan. It would be better to leave first.

She has also vowed in her heart that if Wang Fan has something to do, even if she pays any price, she will avenge Wang Fan, at least kill the big lady.

In this case, Wang fan is the enemy, so no one cares about the second lady and Jiang Xiaoliang.

Wang Fan felt the burning pain on his body and became furious in an instant.

Regardless of the pain, he rushed towards the top of his congenital head, and the shadow knife also began to wave wildly.

Shua, Shua, Shua!

In this kind of madness, the congenital peak just had time to step back two steps, and was stabbed several times by Wang Fan, and fell to the ground dripping with blood.

Wang Fan killed the man crazily, then turned his head and killed pockmarked face in one go.

Although this pockmarked face is only half a step away from the ordinary, its strength is far less than Wang Fan, but in this case, it is too big a deterrent to Wang Fan.

Wang Fangang was only because he put most of his energy on him, so he was stabbed.

Pockmarked face saw that Wang Fan killed three people in a moment, and now he killed himself. His face also changed greatly. "Together, kill him at all costs!"

He roared madly at the remaining twelve, then gritted his teeth and carried the sledgehammer to meet them.

At this time, he can never retreat. Once he withdraws, it will reduce the pressure on Wang Fan and give him the chance to kill his companions.

Only when he tried his best to attack Wang Fan, restrain Wang Fan and attract Wang Fan's greatest energy, could he create opportunities for the twelve companions.

Chapter 1226

Pockmarked face crazy dancing black sledgehammer, desperate toward Wang Fan bombardment in the past.

At the same time, the twelve also waved swords and killed Wang Fan crazily.

For a moment, the whole hall was full of knife light and murderous spirit.

The first lady had already been scared to hide in the distance. She covered her red lips with her hands. She couldn't calm down for a long time.

This Wang fan is a little too good, isn't he?

Eighteen congenital peaks, one half step out of the fan, such a strong lineup besieged Wang Fan, not only failed to kill in the first time, but also Wang Fan killed three people.

If she had not seen it with her own eyes, she would not have believed it.

"You're looking for death!" Wang Fan felt the endless attack, his eyes also became cold.

He madly urged the energy in his body, grabbed the shadow knife and killed the twelve people behind.

Endless killing potential is stirred up, and the two people who rush in the front have not even had time to react, they have been killed by shadow knife.

During the spraying of blood mist, the other ten people's movements were also delayed, and then they began to retreat.

Wang Fan didn't pay attention to the ten people. Instead, he suddenly puffed up his strength and burst his right leg. Then he pointed to the black sledgehammer with pockmarked face.

This pockmarked face is a great deterrent to him. He must be killed. Otherwise, with this pockmarked face as a check, his situation will be very bad.

The reason why Wang fan used his legs to attack the black sledgehammer with pockmarked face was that there was no way.

Because he was killing the two congenital peaks and pushing back the other ten congenital peaks, the big hammer of pockmarked face had already come.

He had no way to hide, and it was too late to wave a shadow knife to block it, so he had to use his legs to shake it.

"Arrogance Originally pockmarked face to see Wang Fan desperate to kill him, or some scalp numb.

But when he saw that Wang Fan dared to use his legs to blow his hammer, his eyes were neutral, even if there was disdain.

No matter how fierce Wang fan is, he dares to attack his weapon with his legs. It's like looking for death.

Boom!

The hammer legs collided and made a terrible noise. Then pockmarked face heard a crack.

But before he had time to surprise, he saw Wang Fan's right hand holding the shadow knife and frantically chop it down.

Pockmarked face felt the killing power of shadow knife, his face changed greatly, and he could not help but start to retreat crazily.

A group of people attack Wang Fan, he may not be afraid at all, but now it is equivalent to one-on-one, so he is not enough to see.

He knows about Wang Fan's killing Zhulan. Even Zhulan, who is out of the ordinary world, is not Wang Fan's opponent. He just half step out of the ordinary, in a one-on-one situation, how can we get good?

At the same time, he had seen clearly that the click was not the sound of Wang Fan's right leg bone being broken, but the sound of congenital vigorous Qi being torn.

"No!" Pockmarked face instantly realized that it was not good, and began to retreat crazily. He can't be cut by shadow knife, otherwise he will be seriously injured even if he doesn't die.

Just now, he dares to fight with Wang Fan and restrain Wang Fan because there are 12 congenital peaks behind him.

But now two of the twelve were killed, and the other ten were forced back before they could attack. In this case, it would be meaningless for him to try his best to contain him.

"Can you escape? You must die today Wang fan saw pockmarked face retreat, sneer, speed up to chop down.

Pockmarked face to avoid inevitable, can only crazy drum spirit, again blow out the black hammer, his mouth also roared, "I fight with you!"

Boom!

The knife and hammer collided and made a loud noise.

However, the black sledge hammer with pockmarked face could not resist Wang Fan's shadow knife. With a local sound, the black sledge hammer was picked out in an instant.

Wang Fan's Qi and blood are also some rolling, but he is forced down the rolling Qi and blood, suddenly

rushed forward, right leg fly up, hard step to pockmarked face chest.

Pockmarked face face face crazy change, but this time, it is unavoidable.

He can only stir up congenital vigorous Qi crazily, trying to resist Wang Fan's leg, but he can't stop it at all!

With a bang, Wang Fan's right leg focused on pockmarked face's chest, and his boundless strength burst. With less than a breath, the congenital vigorous Qi of pockmarked face had been cracked.

The next second, accompanied by a crisp click, his sternum split in an instant, the whole person spewed out a mouthful of blood and flew out in confusion.

He fell to the ground like a dead dog with a dead silence on his face.

It's terrible. It's terrible.

He who is strong in the world is really not comparable to his half step.

Wang Fan slightly disappointed, he did not kill pockmarked face, just make it seriously injured. He was just about to jump in and make up for two feet, and the ten top players had already made another attempt.

"Wang, go to hell!"

"Kill

With the sound of crazy roar, ten congenital peaks form a semicircle, and immediately get close to Wang Fan, and the weapons in their hands fall down.

Wang Fan felt the strong killing power, and his scalp became numb in an instant.

If he had not experienced the previous war, he might have been able to resist, but now, let alone resist, even avoiding is a problem.

Anyway, I can't hide from the left and right. It's better to fight once.

Wang Fan thought so in his heart, and he was crazy again. While twisting his body to pull back the distance, yingdao chopped out again.

Boom, boom.

With a series of violent sounds, five people were forced to retreat in an instant, one was seriously injured, and four died miserably.

But at the same time, stab, a congenital peak of the sword has been through his chest.

The sharp point of the sword pierced through his chest and his back. The blood mist was scarlet.

"Death Wang Fan looked at the sword that ran through his chest. He was completely crazy. He didn't wait for the congenital peak to pull out the sword, and grabbed the shadow knife.

Chi Chi Chi, accompanied by the spraying of blood mist, the congenital peak was split in two in an instant.

The only four people left looked at the scene, almost dead and silent, and forgot to start for a moment.

Eighteen congenital peaks, one half step out of the world, and now only four of them are killed by Wang Fan. They are all numb.

Pervert!

It's a pervert!

Fortunately, Wang Fan seems to be seriously injured now, otherwise they would not dare to continue fighting.

"He's dying. Let's go together and kill him!"

"Kill

After they recovered, they looked at each other and roared to boost their morale. Then they slaughtered Wang Fan again.

Wang Fan was stained with blood, but he was not afraid. He suddenly pulled out his sword and rushed to the four.

Boom, boom.

There were four more sounds, and two of them were hanged by Wang Fan in an instant. At the same time, Wang Fan also got a sword again, and the wound was even worse!

He felt the injury on his body, and then looked at the last two congenital peaks who wanted to rush up again. He didn't dare to hesitate any more and rushed out of the hall crazily.

He has to leave. If he doesn't, he won't be able to leave today!

Chapter 1227

"Nu Quan men, Ben Shao wrote it down. One day, Ben Shao will kill Nu Quan men and kill no one left!"

With the spread of Wang Fan's voice, his whole person has already rushed out of the hall and disappeared in the sight of two people.

His heart is also set off boundless anger, how he did not expect, just a lake river home, even almost become his burial place.

He didn't expect that the people of nuquan had made such an ambush in the Jiang family.

Although the other party didn't explain his identity, Wang Fan offended so many people. If he could make such a big battle, there would be no one else except angry boxing.

The two congenial peaks had some scruples about Wang Fan. After all, Wang Fan was too abnormal. Even if they looked seriously injured, they still killed several of their companions.

But when they saw that Wang Fan had chosen to run away, they immediately realized that Wang Fan was really at the end of his rope.

In this case, they would not hesitate, yelled "where to go", and then immediately chased out crazily.

This is the best chance for them to kill Wang Fan. If they can't kill Wang Fan this time, I'm afraid they will have to get rid of the strong next time.

Of course, this is not the most important thing. The most important thing is that the price they pay is too high. One half step out of the ordinary, 18 congenial peaks, and there are only two of them left.

If they knew that Wang Fan had escaped, they would not dare to chase him. If they went back, they would die.

Wang Fan, of course, was aware of the two congenial peaks behind him, but he didn't care much.

If he fought to death, he would be seriously injured or even dead, but if he wanted to escape, he could not catch up with them.

As he ran frantically, he grabbed several pills and threw them into his mouth.

Wang fan is a little grateful to the relic city now. If he had not been to the relic City, how could he get so many spirit herbs and refine so many pills.

If there is no elixir, in his present state, he wants to escape. That is a fool's dream. But with elixir, there is no problem at all.

Seeing that Wang Fan had escaped so fast, the two men's faces were also livid.

It's hard for them to imagine that Wang Fan has been injured so badly. Why can he run so fast? Is Wang Fan a rabbit?

However, no matter how angry and depressed they were, they had no choice but to watch Wang Fan getting farther and farther away from them, and finally gradually disappeared in their sight.

Wang Fan ran all the way. He didn't have the concept of time and direction in his mind. He didn't know how long he ran, and how long he ran again. He finally felt that he had got rid of the two men.

He was finally relieved, holding the wall and staggering out.

The previous war on him is still a lot of consumption, and the injury is also some heavy, no three or five days, most of it is unable to recover.

Moreover, he was a little worried. When Nuquan gate learned that the assassination had failed, would it send someone over again?

The most important thing is that the two congenital peaks live in the Jiang family. If they use the power of the Jiang family to search for him in the lake, what should he do?

Is he trying to get out of the lake at once, or is he going to find a place to hide for three or five days?

Wang fan is thinking of these things, suddenly "ah" a scream came, and then Wang fan saw a woman in her thirties sitting on the ground, covering her mouth and looking at him in horror.

This woman is not very beautiful, but her figure is very good, and her body is full of dust.

She looked at Wang Fan as if she had seen a ghost in broad daylight. She didn't even notice the leakage of spring light below.

Wang Fan heard the woman's scream, immediately walked to her face, and covered her mouth, "don't cry, I'm not a bad person."

He was a little surprised, but also a little scared.

It seems that the injury is indeed fatal, and it's not a good thing to relax. He didn't even notice when the woman appeared.

That woman is covered by Wang Fan mouth, immediately more scared, hurriedly panic of nod.

In broad daylight, I see a person with blood and injuries. The most important thing is that this person even says that she is not a bad person. It is strange that she can believe it.

But now she did not dare to have any opinions. She was afraid that Wang Fan would kill her.

Wang Fan was relieved to see the woman nodding.

He didn't waste time on this woman. After he let her go, he planned to leave here quickly.

Just as Wang Fan just released the woman and walked two steps forward, he felt someone coming again.

He is very helpless, can only back two steps to the corner, and then the spirit swept out.

I saw three five big and three rough men quickly ran over, their expressions are a little obscene, eyes full of hot breath.

One of the men walked and laughed, "Qiqi, I know you are hiding here, but can you hide? Can you hide today, can you hide tomorrow? What's more, I know where your house is. ""You're a seller, and you don't know what you're pretending to be. Besides, it's natural that you can't pay off the debt you owe me, and it's no big deal to pay off it with your body?"

Wang Fan listen to this words really want to hit the wall fainted in the past, he just ran a road, how to encounter such a thing.

There's no way to see people in his current image, but it's not that Wang fan is afraid of these three guys. But once he is seen, he is likely to be locked by the Jiang family.

Just hide. He has no place to hide, because the three people are coming.

Just as Wang Fan was thinking about what to do, he suddenly found that the woman's body was shaking violently. There was a twinkle of fear in her eyes. Then he immediately stepped forward and hugged Wang Fan's leg.

"Brother, please help me. They are all animals and scum. I can't be taken away by them. As long as you save me, I will do whatever you want me to do. "

She had no choice but to seek medical advice when she died.

Wang Fan listened to this, first can't help but Leng for a while, and then the eyes lit up instantly.

Isn't he worried that there is no place to hide? It shouldn't be a problem to hide in this woman's residence.

This woman is obviously a romantic woman. It's estimated that even the Jiang family will not think of hiding in each other's residence?

Before Wang Fan had time to speak, the voice just now had already spread angrily, "big brother? Which big brother? Damn, who dares to pry my corner? "

"Damn it, He Qi, you bitch, dare to call me a scum. I won't kill you!"

The other side's voice is angry, obviously heard he Qi's words.

He Qi listens to this words, the facial expression becomes more pale in an instant, look up, then see those three people angrily from the corner to come out.

At the same time, the three also saw Wang Fan with blood all over his body.

Chapter 1228

They looked at Wang Fan, first a Leng, obviously did not expect to see a person covered with blood.

But then he returned to normal. The man in the middle pointed to Wang Fan and said, "are you going to pry the corner of Laozi's wall and rob the woman I like?"

His tone is very domineering, very disdainful, "Damn, you are not timid, do you think we will be afraid of you if we get blood all over?"

He waved his hand, "I tell you, don't say you are injured now. Even if you are not injured, I won't be afraid of you."

"Those who know your face will go away. If you don't know your face, I don't mind leaving two more wounds on you."

He Qi's face has already become white. She looks at the three men in horror, but her hands are holding Wang Fan's legs, and she refuses to let go.

Wang Fan some helpless, "you release me first, you hold me, how can I help you solve them?"

Women listen to this, can't help "ah" a, and then quickly released Wang Fan.

Wang fan then looked at the three people, "I don't want to embarrass you, this woman I like, I want to take her away."

"If you know what's interesting, go away immediately. If you don't know what's interesting, I don't mind teaching you how to be a man."

Although Wang Fan's injury is not light now, there is no problem in dealing with three inferior goods.

Although these three guys look very tough, in fact, they are just some tough thugs at best.

Not to mention compared with the ancient warriors, even compared with those ferocious bandits, they are much worse. I don't know how much.

"Damn it, you want to die!" The man in the middle was furious when he heard Wang Fan's words. With a roar, he immediately stepped forward and slapped Wang Fan.

Just a guy with injuries all over his body dares to challenge them. Isn't that too disrespectful of them?

And there were three of them, so he didn't believe that all three of them couldn't get an injured Wang Fan.

As soon as Wang fan saw the man's movements, he knew that he was not only out of style, but also out of style.

Even if he didn't know his strength, he would dare to slap him in the face. It's just mentally retarded.

Wang Fan didn't bother to say more nonsense. He dodged the slap of the man, and then hit him with his backhand.

With a slap, the man's left face was immediately photographed. As the blood came out of his mouth, he fell back.

Wang Fan did not take advantage of the situation to pursue, but coldly looked at the other two and drank, "roll, I don't want to fight with you, don't force me."

What he said was true. He didn't bother to bully these three guys.

But the other side doesn't buy it at all.

The man who got a slap felt the burning pain on his face and suddenly became angry, "you dare to hit me in the face, kill him!"

With his voice, the other two instantly took out a fruit knife and rushed at Wang Fan.

He himself is not willing to show weakness, wipe the blood from the corner of his mouth, and then take out the same fruit knife, fiercely rushed to Wang Fan.

The woman sitting on the floor looked at the scene, and her face was pale, and her heart jumped to her throat.

Although she has seen a lot of fighting, she can't help but be afraid to see that the other party even took out a knife to stab her.

"I don't know what to do!" Wang Fan looked at this scene, but also a little angry. Fart big matter

He Qi's heart is trembling, it seems that this cruel man really takes a fancy to her body. She even wondered if she had just broken away from the wolf's claw and fell close to the tiger's nest.

He Qi lives in a seemingly dilapidated community, which has been for some years.

But Wang fan is not very concerned about these, what he cares about is whether he Qi lives alone or with others.

If he Qi lives alone, it's better, but if he shares with others, it's not so good.

Thinking of this, Wang Fan couldn't help asking, "do you live only in your own place? Who else doesn't?"

He Qi was shocked, but still could not help but honestly replied, "originally I was sharing a rent with a sister, but that sister has gone home these days, so I live alone."

This kind of thing she simply can't cheat Wang Fan, because they are about to arrive, she didn't lie, Wang Fan will know.

"That's good." Wang Fan was relieved.

He Qi was even more uneasy. It seems that this cruel man really took a fancy to himself. It's just that he's so hurt that he's in the mood to do this kind of thing, and his energy is too strong, right?

Of course, He Qi did not dare to say that.

Two people soon entered the room, the room is clean, Wang Fan did not see what should not see.

Wang Fan originally wanted to take a bath, after all, this blood is too uncomfortable.

But he soon thought that he had no clothes to change, so he took out a thousand yuan and planned to let he Qi go out to buy clothes for himself.

But what Wang Fan didn't expect was that before he could say it, He Qi quickly shook his head, "I don't want money, I don't want money, you saved me, I said I would do anything."

She said while fast, while fast off the clothes.

Chapter 1229

Wang Fan looked at He Qi's action, but some speechless, quickly waved his hand and said, "you misunderstood me, I am to let you take the money to buy me a suit of clothes."

"Clothes don't need to be too expensive, as long as they fit well. The extra is your running expenses. For some reason, I need to stay with you for a few days, and I'll pay you extra when I leave. "

"Ah?" He Qi listens to Wang Fan's words, the action of undressing is instantly stiff, can't help blushing and opening her mouth.

She hated Wang Fan in her heart. Why didn't she say it earlier? It made her so embarrassed.

If she hadn't taken off her clothes, it would have been fine, but now she had taken off half of them, even her chest was showing.

But she soon recovered, and quickly put on the clothes.

She looked at Wang Fan with shame and indignation, but she didn't say much. She took the thousand yuan and turned away.

Wang fan is also lazy to pay attention to He Qi, who turns around and leaves. Instead, he grabs two pills and swallows them into his mouth again. He sits on the sofa and recovers.

Now it's the right way to recover strength as soon as possible, the rest are false. Otherwise, if the people of Jiang family find here, he will be very dangerous.

As for He Qi, Wang fan is not afraid of her escape. If he Qi doesn't come back in an hour, he will leave here immediately.

Of course, before he Qi comes back, Wang Fan must release his mental power to monitor the entrance of the unit.

Although he doesn't think he Qi will find someone to deal with him, he is not afraid of ten thousand, just in case. It's right to be more careful.

He Qi felt something was wrong after she went out of the door. Wang Fan let her go out so easily? Is Wang fan not afraid of her running away or calling the police?

After all, Wang Fan had a knife wound on his body, and also injured the three men. Once she called the police, Wang Fan was still in trouble.

Of course, He Qi just thought that she didn't plan to go to the police.

The first is that her occupation is not a glorious one. If she calls the police, it is likely to cause her trouble. The second is that Wang Fan saved her. She is not the kind of person who repays kindness.

In less than half an hour, He Qi bought three clothes and went back to her residence.

Although Wang Fan said to buy a suit, the extra money is her running expenses, but where dare she want Wang Fan's money? What if Wang Fan kills her?

"You are very good, you can rest assured that after these days, I will give you enough compensation, but these days you do not want to go out, at home responsible for cooking for me."

Wang Fan looked at the three clothes he Qi bought back, nodded with satisfaction and said to He Qi.

"Ah?" He Qi can't help opening her mouth again, but she doesn't retort.

In her heart, she could not help thinking, what is this? Is it to imprison her in disguise, or to use her as a nanny?

Wang FanMei didn't pay attention to this "ah" Di He Qi, and then directly took a suit of clothes into the bathroom.

He Qi is some uneasy sat on the sofa.

Half an hour later, Wang Fan came out after taking a shower.

He Qi looked at the Wang Fan who came out, scared a big jump, ah, quickly stood up.

Wang fan is a little speechless. This woman seems to be 30 years old. How can she always "ah"?

He couldn't help looking at He Qi and said, "you don't have to be formal. You can do whatever you want. It doesn't matter whether you play mobile phones or online games."

"I'll go to that bedroom first. Remember, don't come in or disturb me without my permission."

Wang Fan said and entered the bedroom.

He Qi looked at Wang Fan's back and muttered "strange person" in her heart. Then she took out her mobile phone and began to play.

Jiang family.

It's the same hall, but the corpses and blood stains on the ground have been disposed of, but the disposal is not very clean, and the blood stains in the corners can still be seen.

It is no longer the big lady sitting on the throne, but the pockmarked face.

Although pockmarked face got a kick from Wang Fan and was seriously injured, it didn't die.

His wound was also treated with simple bandage. Of course, it is impossible to recover without a month.

Below the pockmarked face were the big lady and the two women.

But at this time, their faces were very ugly, almost gloomy to the extreme.

No matter who they were, nineteen experts surrounded Wang Fan and killed him. In the end, they were killed by Wang Fan. Sixteen of them didn't say anything. As a result, Wang Fan escaped calmly.

This is simply unacceptable, and there is no way for them to go up.

"Madam, have all your people been sent out? Remember to let them keep an eye on the station, airport and other places, and never let Wang Fan leave the lake. "

"If you find any trace of Wang Fan, please remember not to act rashly. While closely monitoring, please inform us at the first time."

Pockmarked face toward the big lady said a, and then looked at the two congenial peaks, "you are the same, mobile phone to keep 24 hours on, to Wang Fan disappeared near the place to find." "If you have news of him, act according to the circumstances. If you can kill him, kill him. If you can't, don't scare the snake. I'll inform the top immediately and send some experts over. "

He said, can't help sighing, "this time, we pay the price is too big, if we can't kill Wang Fan, we really have no way to explain. And it's even harder to kill Wang Fan next time. "

"How long has it been? He has grown up to such a stage. If you give him a few more years, maybe we will be able to level our angry fist gate."

Listening to pockmarked face, the eldest lady nodded quickly, "I will let people speed up to find Wang Fan, and I will also let people focus on the airport, railway station, wharf and other important places. If there is any news, I will tell you right away."

She is not a fool. Wang fan is ambushed in her Jiang family. If Wang fan is out of breath, he will definitely take her Jiang family, or her eldest wife, for an operation.

Only when Wang Fan died, she could rest easy, so she wanted Wang Fan to die more than pockmarked face.

What's more, now that she has managed to catch up with pockmarked face and angry fist gate, she certainly doesn't want to miss the opportunity to curry favor with others.

As long as she can persist to kill Wang Fan, survive the crisis and have the support of nuquan, she can do whatever she wants in the future.

"Newspaper!" As soon as the doctor finished speaking, a young man came in quickly.

The first lady stood up and asked, "what's the matter? Is there any news from Wang Fan?"

The young man quickly replied, "I'm not sure about the identity of the other party, but 80% of them may be Wang Fan."

"according to the eye liner report, just now a woman named" Qi Qi ", with a man who is full of blood, went home. We suspect that the man is Wang Fan, but we need to be sure. "

Listening to this, not only the big lady, but also pockmarked face and even the two congenital peaks stood up.

Chapter 1230

They got the news within an hour of Wang Fan's escape, which was a big surprise.

Without waiting for the big lady to speak, pockmarked face immediately said, "you hurry to confirm, remember don't scare the snake."

He said, and looked at the two congenital peaks, "you also go, and never be found by Wang Fan."

"If it's confirmed that it's Wang Fan, just keep an eye on him. I'll ask someone from the top to come and kill Wang Fan as soon as possible."

The two men listened to the words of pockmarked face, answered instantly, and then stood up.

However, the young man who came in to report didn't say a word, but looked at the big lady.

Although he can see from his seat, now the eldest lady seems to listen to pockmarked face. However, he is the person of the big lady. Even if he does anything, he needs the big lady's nod.

Looking at the young man's inaction, the eldest lady immediately said, "do as the elder Hu said."

"Yes The young man took orders and left the hall quickly with the two men.

Huzhong first people's Hospital, a ward.

"Damn it, you son of a bitch, just pry into the corner of my wall and dare to break my arm. Do you think I'm a bully? If I don't take revenge, I won't be called Hu Laosan! "

The man who was slapped by Wang Fan and broke his arm was swearing, and his tone was very angry,

"and He Qi, that bitch, dare to fight against me, would rather accompany that son of a bitch than accompany me. When I leave hospital, I will treat that bitch as a dog!"

"Oh no! I told her not to be as good as a dog

Hu's face was ferocious, and his expression was terrifying.

He hated Wang Fan and He Qi to death in his heart. He just wanted to tear them to pieces.

Especially when he felt the sharp pain in his arm, he was even more out of breath.

Originally in his plan, now he should be holding He Qi in the big bed wantonly insulting just right, but in fact, he was broken his arm and sent to the hospital, how can this mother bear.

"Vengeance, vengeance is necessary!"

"If you don't kill those two dogs, I can't swallow it."

Hu Laosan's two companions were lying on the hospital bed beside him, with the same gnashing teeth.

Creak.

At the moment when the three were furious, the door of the ward was pushed open and a young man came in.

Hu Laosan looked at the young man. First, he couldn't help being stunned. Then he was furious. "Who the hell are you going wrong?"

He had no place to vent his anger, but someone he didn't know came in. It's strange that he didn't get angry.

The young man was not angry either. He just glanced at Hu Laosan coldly. Then he came to him and took out his mobile phone to call up a picture. "Have you seen this man?"

Listening to the young man's question, Hu Laosan's nose was almost crooked. He didn't even look at the photo, so he couldn't help roaring, "who the hell are you, do you care if I've seen you?"

This time, the young man didn't continue to endure. Instead, he held his cell phone in one hand and grabbed Hu Laosan's hair with the other hand. He pulled it hard and then said in a cold voice,

"answer my question honestly, and then dare to talk nonsense. Do you believe that I will break your other hand?"

Hu Laosan's face changed greatly. He was about to speak, but he felt the ferocity of the youth.

With a pause in his heart, he immediately realized that the young man was absolutely not talking. If he didn't cooperate, he really dared to break his arms.

He bit his teeth and was unwilling to look at the photo. When he saw the photo clearly, his eyelids could not help choking.

Isn't the man in this picture the son of a bitch poking his own corner? Even if he turns to ashes, he will not know him.

But Hu Laosan didn't answer immediately, because he didn't know the relationship between Wang Fan and young people, whether they were enemies or friends.

If it's an enemy, it's easy to say, but if it's a friend, if the other party knows about his conflict with Wang Fan, won't he suffer?

At a glance, the young man saw through Hu Laosan's thoughts and said with a sneer, "don't worry. I'm not friends with him. On the contrary, we are enemies."

"I ask you, did he break your arm? Did he leave with that he Qi? "

Hu Laosan was relieved and nodded, "yes, yes, that's him!"

"You'd better not lie to me, or I'll come to you again." The young man nodded with satisfaction, suddenly grabbed Hu Laosan's bedside mobile phone and suddenly squeezed it.

Click, click, click.

Hu Laosan's mobile phone was immediately crushed into pieces.

The young man threw the fragments on Wang Fan's bed, then turned his head and went out.

This time, let alone Hu Laosan, even his two companions' faces changed, and their pupils could not help choking. Who do you know? He has too much strength. If he pinches himself,

Hu Laosan doesn't dare to think about it any more. He only knows that his back is soaked in cold sweat.

The young man soon walked out of the hospital and got into a humble van.

There were five people on the van, including the driver, and two of them were the two.

"How about confirming that person is Wang Fan?" Seeing the youth coming back, one of them asked first.

"Sure." The young man changed his strong attitude towards Hu Laosan before, and his tone became respectful. "Next, we just need to make sure that Wang Fan lives in He Qi's house."

"Good." The man, gnashing his teeth, nodded.

The van sped all the way and soon came to a small bar with the sign of "charming moon".
