Chapter 1231

"What the hell are you doing?"

"Lying trough, dare to move manager Zhu, dare to make trouble in our yard, you want to die?"

Before the manager had time to speak, six security guards around had rushed to see the scene.

They pointed at the young people and roared. They were so angry.

It wasn't until five o'clock in the afternoon that someone came to make trouble. Didn't it hit them in the face?

The young man didn't even look at the security guards, but slightly tilted his head.

Whoosh!

In a flash, a mushroom head behind him moved and rushed towards the security guards.

The security guards were furious!

"To die!"

"Call me!"

They roared wildly, and at the same time they rubbed their hands to meet the young mushroom head.

Mushroom head youth mouth flashing a touch of disdain, body shape suddenly deviated, shoulder ribs around a hit!

Bang Bang twice, two security guards were immediately hit and flew out.

Just so a hit, their sternum has been broken, fell to the ground, it is difficult to climb up.

Mushroom head castration does not stop, body suddenly move, avoid one of the security attack, the next second lift foot point on its body.

Come on!

The security guard immediately spat blood and was spotted flying out.

The remaining three security guards watched the scene, and at the same time, they grabbed out the rubber stick.

But before the rubber stick in their hands exploded, the mushroom head had already flashed in front of them, grinned, and then clapped three hands.

Pa Pa!

The three people were shot four or five meters away, their teeth mixed with broken meat spurted out, and their whole face was beaten out of shape.

Mushroom head turned over six security guards, just like stepping on six ants, even half a word did not say, then quickly returned to the youth behind.

Whether it is a few guests around, or the bar next to miss, eyelids are bursts of sobs.

Especially when they looked at the mushroom head, their expressions showed fear.

If they hadn't seen it with their own eyes, they couldn't believe that six security guards would have been knocked down by a mushroom head.

When the young man saw that the mushroom head was retreating, he said slowly, "who dares to talk nonsense again, he won't be so light next time."

Then he looked at manager Zhu again, "didn't I hear what I said just now? Why, do you want to try being disabled? "

Manager Zhu's heart sank to the bottom of the valley. This is a real disaster.

She no longer dare to pinch, quickly point to one of the girls trembling, "she, she and He Qi go recently, the best relationship."

The girl, who was ordered by manager Zhu, listened to this, and her whole face turned pale.

As soon as her legs softened, she collapsed to the ground.

Fools can see that the young people are not good at coming, and they are obviously looking for trouble. Now manager Zhu says that she has a good relationship with He Qi. Isn't that cheating her?

The young man released manager Zhu and looked at the girl, "come with us. We need to do one thing, as long as you do well, we will not embarrass you. "

"Good, good" girl where dare to refuse, quickly shivering nod.

Looking at the girl's performance, the young man nodded with satisfaction, but did not leave immediately. Instead, he looked at all the people in the bar,

"you'd better forget today's things. If you want me to know that you go out and talk nonsense, don't blame me for being impolite."

He looked at manager Zhu again, "by the way, my name is Zhai Lansheng, Jiang family. If you want revenge, you can go directly to Jiang family to find me."

As soon as this remark came out, everyone couldn't help but suck in the cold air.

Jiang family, it's a big Mac in the lake. Who dares to provoke it?

Although manager Zhu hated Zhai Lansheng to death and wanted to tear him to pieces immediately, after hearing Zhai Lansheng's words, he had no idea of revenge.

Jiang's family is not what her little bar manager can deal with, let alone her. Even if the bar owner comes out, it's not enough.

She can only curse fiercely in her heart. These arrogant bastards are killed by cars when they go out, by stones when they walk, by water when they drink, and by poison when they eat.

Zhai Lansheng saw that everyone didn't dare to talk nonsense. He nodded with satisfaction, and then left the bar with the girl.

After they left the bar, they immediately rushed to He Qi's house, but they didn't dare to get too close.

The girl was very nervous all the way because she didn't know what Zhai Lansheng was looking for.

But she can't stir up this group of people, can only obediently follow, also dare not say a word.

"What's your name?" At one moment, Zhai Lansheng couldn't help asking.

"Yang, Yang, Yang Chunli." The girl replied with a shudder. "Don't be afraid. As long as you do well, we won't embarrass you."

Zhai Lansheng said, taking out a pinhole camera, "you just need to go to He Qi's residence later and take a clear picture of the man in her residence for me."

"But you have to remember, don't be nervous, because that man is not simple. Once you are nervous, you will be seen through by him. Do you understand?"

Zhai Lansheng tries his best to be pleasant and don't let Yang Chunli be afraid.

It's just that he's really fierce. At first sight, he's not a good thing. Even if he's so kind, Yang Chunli is very afraid.

Zhai Lansheng is also some helpless, if at ordinary times, where will he tube Yang Chunli tight not nervous. If things are well done, maybe Yang Chunli's life can be spared. If things are not well done, kill them directly.

But today is not, they have to face Wang Fan, can't have the slightest carelessness.

Once Wang Fan finds out that Yang Chunli is not normal, it's a small matter to hide in another place so that they can't find it any more. It's a big matter to kill her directly.

Although Wang fan is seriously injured now, it seems easy to deal with, but none of them dare to face Wang Fan.

I can't help it. The record is terrible.

"Well, I see." Yang Chunli took the camera, quickly nodded, at the same time try to calm the mood.

Twenty minutes later, Yang Chunli hid the pinhole camera and walked towards He Qi's residence.

On the surface, there was no sign of her nervousness.

He Qi's residence, He Qi is sitting on the sofa bored playing with mobile phones, suddenly knock on the door, followed by a voice, "Qi Qi, are you there, I'm Chunli."

He Qi Leng for a moment, instantly stood up, mouth should be a, "in."

It's only after she agreed that she regretted it.

Wang fan is still in the room. What did she promise to do so soon? She should pretend that there is no talent in the writer.

Although he Qi does not know who Wang fan is, she is not a fool.

From Wang Fan's injuries, we can see that Wang Fan must have enemies in the lake. In this case, of course, the less people know that Wang fan is with her, the safer Wang Fan will be.

What's more, this is where she lives. If Wang Fan's enemies know that she has hidden Wang Fan, won't she also suffer?

"I heard that you asked for leave, so I came to see you and opened the door for me." Outside Chunli heard he Qi agreed, and quickly said a word.

Chapter 1232

He Qi was in a bit of a dilemma in an instant. Is she going to open the door or not?

Open the door, she is afraid of exposing Wang Fan. If you don't open the door, Yang Chunli already knows that she is in the room.

He Qi couldn't help but nervously looked at Wang Fan's room, looking forward to Wang Fan coming out to give her an opinion.

But what depressed her was that there was no movement in Wang Fan's room. Wang Fan didn't want to come out at all.

Yang Chunli outside the door is also a little nervous. She tried her best to calm down and jokingly said, "what's the matter, is it hard to hide a man in the family and not let me in?"

"I said, Qiqi, it's not very kind of you. You don't even talk to me when you have a boyfriend? Don't worry, I'm not a man with a big mouth. I won't talk nonsense. "

He Qi listened to this, brain flash, immediately said, "that, Chunli, some inconvenient today, sorry ah, another day I invite you to dinner to make amends."

"What's inconvenient? If you have a boyfriend, you should ask your sisters to help you. I tell you, open the door quickly. I won't leave until you open the door. "

If Yang Chunli really simply looked at He Qi, she would turn around and leave. It's a pity that she came here with a task, so she couldn't make a job after she left.

When he Qi heard Yang Chunli's words, she immediately felt something was wrong.

She never said there were men in the room. How did Yang Chunli know?

Abnormal!

It's so abnormal!

In this way, she can't open the door.

Just as He Qi plans to refuse Yang Chunli again and let her leave, Wang Fan's door opens with a creak.

He Qi was startled and was about to scream. Wang Fan ran to her quickly and covered her mouth.

Wang fan is also a little speechless to He Qi. How can he always scream? Fortunately, he has been prepared.

"Don't call. Let her in. If she wants to see me, let her go to my room." Wang Fan quickly finished, and

then returned to the room.

His heart is in sneer, this big lady some Taoist, he just hid here a few hours, unexpectedly found the door.

In fact, at the moment when Yang Chunli knocked on the door, Wang Fan already knew it, but he didn't care.

When Wang Fan found that Yang Chunli was determined to come in, he immediately noticed something was wrong.

Without hesitation, he swept Yang Chunli's whole body.

Soon, he scanned a pinhole camera on Yang Chunli.

The location of the pinhole camera is very hidden and sensitive. If Wang fan doesn't have mental power, he may not be able to see it with his eyes.

Wang Fan wanted to know where the person who gave Yang Chunli the camera was, so he immediately came out.

He Wang fan is also a temperamental, forced to hide has been enough, the other side is still reluctant, this how can bear to go on?

"Good." He Qi heard Wang Fan's words and nodded. After Wang Fan entered the room, he opened the door and asked, "Chunli, how are you here?"

Yang Chunli forced herself to be nervous and said with a smile, "it's not about asking for leave. I'm afraid you'll get sick. Come to see you?"

She said, and put the fruit basket on the table. Then she looked around and asked, "I haven't opened the door for such a long time. I'll be honest. Is there a man hiding at home? Let me see where he is

He Qi listens to this words, in the heart clapping for a while, "he is inconvenient now, I see you still don't go in?"

She didn't want to believe that Yang Chunli came with a purpose. She was even more afraid that Wang Fan would hurt Yang Chunli, so she had to find a way to stop her. But Yang Chunli didn't listen to her at all.

"What's inconvenient for a big man? Today I must see if the man you hide is handsome or not."

Yang Chunli says, already pushed open Wang Fan house door to walk in.

Just in the moment of entering, her face had changed.

She only felt a cold wind, a hand on her mouth, and then, a knife on her neck.

Yang Chunli felt this scene, the whole body was cold, like falling into the ice cellar, the whole body could not help but began to tremble.

"I'll let you go later. Don't yell or shout, OK?" Wang fan made a cold voice.

Although he is really lazy to bully a woman like Yang Chunli, this woman dares to count him, so don't blame him for being impolite.

Yang Chunli can't open her mouth, she can only nod her head.

Wang fan saw Yang Chunli nodding, quickly released her mouth, and then pressed it on the pinhole camera.

His palms also puffed out inner Qi, trying not to let the young people can't see or hear.

After all this, he quickly asked, "come on, who asked you to come, where are they now, and how many people are there?" Yang Chunyan was stunned and shocked when she heard this.

Who is this guy in front of me? Is that abnormal?

How did he know that he had a pinhole camera and that someone was watching him secretly?

Yang Chunli couldn't figure it out at all.

But in this case, she did not dare to lie at all. "Jiang, Zhai Lansheng of the Jiang family asked me to come. There were six of them."

Yang Chunli said, tears can't help falling out, "big brother, I was forced, if I don't come, they will kill me."

She tried to suppress her voice. "They went to our bar and beat six security guards, and also beat manager Zhu. It's too arrogant and unreasonable. I dare not disobey their orders at all."

Wang Fan listened to Yang Chunli's words, his heart set off endless anger.

In order to deal with Wang Fan, the eldest lady really has to do everything. She can even get involved in the bar and Yang Chunli, who can't even fight eight strokes.

When he heard that there were only six people on the other side, he was even more determined to kill.

"Tell me exactly what they asked of you." Wang Fan asked again.

Yang Chunli did not dare to talk nonsense, quickly said the youth's requirements, and also told Wang Fan their position.

After listening to Wang Fan, without hesitation, he rushed out in an instant.

As soon as he heard Yang Chunli's words, he knew that the other party couldn't get him, so he didn't dare to come near him. With only six people on the other side, he doesn't need to be afraid at all.

He's going to kill those six guys now. Tell the eldest lady and the angry fist gate that Wang fan is not so good at chasing and stalking.

If you dare to find Wang Fan's bad luck, you must pay the price of bleeding!

Yang Chunli looks at Wang Fan who rushes out. Her legs soften and she falls directly on the ground, crying into tears.

This day was a nightmare. She felt wronged.

In the van.

Six young people stare at the surveillance video. They clearly see Yang Chunli knocking on the door of He Qi's house, Yang Chunli entering He Qi's residence and Yang Chunli entering Wang Fan's house.

Just when Yang Chunli entered Wang Fan's room, the monitoring screen suddenly went black, and even the voice could not be heard.

They felt a thump in their heart and had a bad feeling in an instant.

Chapter 1233

"What's the matter? Have you been found?" One of them asked immediately.

The young man was also a little uneasy. "I don't think so. She just went in. How could she be found? If this can be found, then Wang fan is too divine, isn't he? "

He also gave his opinion, "and the location of Yang Chunli's pinhole camera is also very hidden, mixed with the pattern of clothes."

"Even if you stare at it carefully, you may not be able to see it. Is it difficult for Wang Fan to predict?"

Hearing this, the man's eyelids jumped fiercely, and then immediately said, "withdraw, quickly withdraw!"

The four words of the prophet reminded him of the strange scene in the main hall.

As soon as Wang Fan entered the main hall, he found out where the 18 of them were hiding. This is not a foretold. What is it? Although it sounds evil, in fact it is.

Although the young man didn't think much of it, he didn't dare to refute it. He could only calm down and say, "drive!"

His heart is thinking, this guy won't be scared by Wang Fan, right? Such people really don't know how to reach the top of their innate cultivation.

When the driver heard the young man's words, he didn't hesitate and immediately started the car.

But before he could start it, a light voice came.

"I just want to leave now, don't you think it's a little late? Aren't you looking for me? Now that I'm here, I don't think you need to rush away. "

With the sound, boom, the van vibrated violently twice, and then the front two tires suddenly shriveled down.

The two men's faces suddenly changed and suddenly looked at the visitor. While their eyelids were jumping wildly, they squeezed out two words at the same time, "Wang Fan?"

The young man was also shocked, "are you wang fan?"

There was a storm in his heart.

He didn't expect that Wang Fan was really such a God, and even appeared in front of them, which was a fuckin 'subversion of Zhai Lansheng's world outlook.

Not only him, but also mushroom head and the other three changed their faces.

Although they didn't take part in the encirclement and killing of Wang Fan in the main hall, it was the first time that they saw Wang Fan, but the shadow of the famous tree. They were still afraid to see Wang Fan.

Wang Fan looked at the two congenital peaks, "you still have a little memory. I didn't expect you to remember me. It's really my honor."

With that, Wang Fan looked at Zhai Lansheng again, "yes, I am Wang Fan. You should be Zhai Lansheng. You forced Yang Chunli to come to me with a pinhole camera? "

Although Zhai Lansheng's scalp was numb, he didn't admit it. "You're right. I'm Zhai Lansheng. I forced her to go. What can you do with me?"

"Not so much." Wang Fan said four words. The next second, he punched Zhai Lansheng across the window.

Zhai Lansheng looked at the scene, his face changed greatly. It was obvious that he did not expect Wang Fan to say that he would do it.

"I'll fight with you!" He roared, not only did not retreat, but madly gathered strength, spread his arms to Wang Fan's fist.

If he and Wang Fan were outside, he would not dare to do so.

But now he is in the car and Wang fan is outside the car. As long as he holds Wang Fan's arm for one second, the rest of the people can definitely react and then scrap Wang Fan's arm.

Wang Fan was seriously injured. If he was given another arm, it would not be a worry at all.

But although the idea is beautiful, the reality is cruel.

Zhai Lansheng's strength is only in the early days. Even if Wang fan is seriously injured, he is still not able to deal with it.

With a bang, Wang Fan's fist hit Zhai Lansheng's arms directly. The huge force pressed his arms and bounced back. With a bang, he hit his chest again.

Click.

Broken arm, broken bone!

Zhai lanshengdang could not help but gush out several mouthfuls of blood.

"I can't do anything about you, I can just kill you." Wang Fan's light voice came out again. The next second, his fist turned into a palm. Then he grabbed Zhai Lansheng's head and hit the car door fiercely.

Boom!

Click!

Zhai Lansheng's life was lost when the whole door cracked.

In front of Wang Fan, he is a cannon fodder, even worse than cannon fodder.

Second death!

The other five people looked at the scene, almost dead and silent.

Isn't Wang Fan seriously injured? How do you think this shot doesn't look like injury at all?

Especially the two congenital peaks, the heart is set off a wave.

Wang Fan was injured, but they saw it with their own eyes. How could it be that it was only a few hours and it was all right?

Wang Fan did not pay attention to their shock, also did not pay attention to the two congenital peaks, but looked at the mushroom head, "is that the six security guards you injured in the bar?" When mushroom head heard Wang Fan's question, his legs softened, and his head shook like a rattle, "it's not me, it's not me, I don't have it."

He was not fierce at all when he was in the bar, but he was full of fear and didn't dare to admit it.

"No?" Wang Fan gave a cold smile and another blow to the mushroom head.

Zhai Lansheng was killed by Wang Fan in the early days of his birth. The peak of mushroom head is not enough.

With his strength of the day after tomorrow, he can still be arrogant in front of those security guards, but in front of Wang Fan, he is not as good as a mole ant.

Boom, he didn't even resist the reaction, his head has been turned into mud by Wang Fan.

At this time, the two congenital peaks finally recovered.

They didn't dare to hesitate any more. They suddenly raised their feet, crushed the other side and rushed out.

It is difficult for them to exert their strength when they stay in the car, so they have to wait for death. Only when they go out to fight to the death can they get vitality.

After the two inborn peaks rushed out, the other two postnatal peaks also responded, and the posture was about to follow them.

Just at this time, Wang Fan's shadow knife has split out.

Hiss two sound, two people just rushed out of the car, had been shadow knife volume, blood mist spray fell to the ground, no longer alive.

Six people were killed in an instant, four people, now Wang Fan's enemy is only the two.

Wang Fan looked at the two congenital peaks, shadow knife inclined to point, killing the idea of heaven, "come on, fight!"

"You forced me to run away a few hours ago. Now, I'm going to send you all to hell and never turn over!"

The two congenital peaks felt Wang Fan's murderous spirit. With a jump of eyelids, they instantly pulled out the long sword on their back, "it's not certain who will send you to hell. Maybe we can send you down 18 floors!"

They coldly said, the next second, directly crazy toward Wang Fan killed in the past.

Since we want to fight, there is no need to shrink back. It's important to take the lead!

This moment, as if the whole world, have become silent!

Chapter 1234

"Kill

"Kill!"

Two congenital peak momentum are very enough, instantly has rushed to Wang Fan in front of the sword in the air with a chain, crazy toward Wang Fan cut down.

The sound of sniffing in the air resounded, as if the murderous spirit of the whole world had been driven up.

There was only endless ferocity in their eyes, only Morin's intention to kill, as if they wanted to kill Wang Fan under the sword immediately.

Wang Fan felt two people this crazy attack, eyelid can't help a fierce jump, and then, grasp the shadow knife will be crazy to meet up.

"Kill me? You deserve it, too? " Wang Fan's mouth roared, shadow knife has also set off a wave in the air!

Although he seems to be full of momentum, but in fact, he only used 50% of his strength.

Sometimes hard steel is not a wise choice. You need to use your brain when necessary.

Just like now, if he is hard steel, facing these two inborn peaks, he is likely to be seriously injured in the first round.

At that time, even if he finally killed these two people, he will certainly pay a heavy price.

But if he shows weakness, and when the two men are exhausted, he will suddenly explode, which is likely to have a miraculous effect and kill them at the least cost.

The sword collided with each other and made a loud bang, and the violent waves poured out like mercury.

At the same time, Wang Fan also spit out a mouthful of blood, the whole person began to fall back.

All this, Wang fan is intentionally do to these two guys to see, the purpose is to paralyze them.

Although he did have some Qi and blood rolling in the previous collision, it was not as good as it was.

Those two congenial peak didn't expect that Wang Fan was still playing tricks in this case.

In their opinion, it's normal that Wang Fan didn't recover from the bitter battle of the Jiang family a few hours ago, and there's no need to be surprised if he is seriously injured and falls back.

So when they saw Wang Fan fall and fly, they were very happy. They grasped the long sword and jumped on it again.

"Go to hell!"

"Wang, today is your day of death!"

Their double swords are wildly waving, and they cut Wang Fan regardless of everything. Their momentum is sharp!

Looking at their situation, it is obvious that they want to kill Wang Fan in one go.

Wang Fan looked at the performance of the two, heart sneer, but also dare not have the slightest carelessness.

While he was madly urging the congenitally vigorous Qi to protect his body, he grabbed the shadow knife and began to boom.

Bang bang bang!

After several sounds, he raised a large blood mist and flew out again like a broken kite.

The two congenial peaks were even more ecstatic and rushed up again.

It's just that the first two swoops cost them a lot of strength. This third time, the momentum is obviously not so strong, and one of them is still one beat behind.

Wang Fan looked at this scene, eyes a bright, immediately know their own opportunity.

At the same time, Wang Fan grabbed the shadow knife again and attacked it crazily.

But this time he did 80% of the work.

He went with the mentality of killing the congenital peak. As long as he could kill the congenital peak with his knife, even if he would hit it hard, it would not be enough to worry about the remaining one.

Seeing Wang Fan wielding his knife again, the man raised his disdain at the corner of his mouth and sneered even more in his heart.

In his view, Wang fan is dead to face, live to suffer, are dying, even still dead.

Just at the moment when the sword was about to collide, his face suddenly changed!

"You, you are not!" The five words of "hiding strength" behind him have not been said yet. With a bang, the swords have collided.

He only felt a terrible force coming, and then he could not hold the sword in his hand any longer, and he was picked out.

The next second, Wang Fanying's backhand stroke -

pounce!

His head had been cut off.

Death, his pupils are staring round, as if did not expect, the critical moment, he was so dead.

In addition, the congenital peak, who was a bit slow, couldn't help looking at this scene.

Didn't they have the upper hand just now? How can the companion be killed in the blink of an eye?

But Wang Fan didn't give him a chance to think at all. After killing the congenital peak, yingdao directly and quickly cleaved towards him.

His eyelids leaped wildly and he stepped back quickly.

It's just the competition between the experts. How can we be negligent?

No matter how fast he retreated, Wang Fan's shadow knife still crossed his throat, not deep, but deadly.

Whoa!

The mist of blood came from his throat. He took two soft steps back and fell to the ground. He clearly felt the passing of his life, unwilling, but helpless.

Wang Fan looked at the two fallen congenital peaks, took a few deep breaths, then did not dare to stay for a moment, and quickly returned to He Qi's residence.

"Ah, it's you. Are you ok?" He Qi saw that Wang Fan came back with blood all over his body. First he couldn't help but scream, and then he quickly asked.

Wang Fan really can't make complaints about it. He's always moving. He Qi, who is not very angry, says, "do you think I look like nothing? I'll go ahead and wash. You clean up. We'll get out of here

After that, he looked at Yang Chunli again, "you are not safe now. I suggest you come with us. Of course, if you don't want to, I won't force you. "

Then Wang Fan went into the bathroom.

Five minutes later, he came out, changed his clothes and left with He Qi and Yang Chunli.

He Qi's residence, Wang Fan, has been unable to stay, so we must change the place as soon as possible. In order to avoid He Qi's involvement and revenge, he can only take it with him for a while.

Three people all the way, quickly checked into a hotel.

Jiang family.

Whether it's the big lady or the pockmarked face, her face is not good-looking.

An hour ago, Zhai Lansheng called back to say that they had arrived at He Qi's residence and had gone to confirm whether Wang Fan was in it. There would be news in ten minutes at most.

But an hour later, Zhai Lansheng not only had no news, but also couldn't get in touch.

Not only Zhai Lansheng, but also the other five people with Zhai Lansheng.

It gave them a bad feeling.

Did all six of Zhai Lansheng have an accident? It's just, isn't that incredible?

You know, those two congenital peaks are also among the six. Wang fan is just injured. Why can he kill them?

It's no use thinking about it now. The fact is the fact. Even if they don't believe it, Zhai Lansheng can't get in touch.

The big lady is a heart sink to the bottom.

She never thought that Wang Fan was so terrible and difficult.

As long as I knew, even if she died, even if she gave up the Jiang family's rights, she didn't dare to offend Wang Fan, but there was no regret medicine in the world.

Chapter 1235

"Newspaper!" At the moment when Madame pockmarked face felt extremely depressed, a young man came in in a hurry.

The eldest lady took a look at the young man and got up quickly. "What's the matter? Have they found Zhai Lansheng?"

The young man was sent to He Qi's residence by the first lady to inquire about the news. Now that the young man comes back, it means that he must have inquired about it.

The eldest lady was very nervous when she asked.

Although she guessed that Zhai Lansheng's six people might have suffered an accident, she still hoped that they would be OK.

However, the young man's answer soon completely shattered his thought, "six people of Zhai Lansheng were killed two kilometers away from He Qi's residence, and none of them survived."

"He Qi's residence is empty now. He Qi, Wang Fan and Yang Chunli are all gone."

The young man answered according to the facts, and his tone was trembling.

"Ah?" As soon as the big lady's legs softened, she directly sat down on the ground, and her face turned pale.

Pockmarked face is also more ugly, frightened at the same time, but also angry accumulation chest.

At this point, the 18 congenital peaks have been completely destroyed, and the 19 people who killed Wang Fan in the Nu Quan sect only left him alive.

The price is heavy!

Just when pockmarked face didn't know how to vent his anger, his mobile phone rang.

He took a look at his cell phone and his face turned respectful.

Three minutes later, he left Jiang's home and rushed to the airport.

An hour later, pockmarked face arrived at the airport and soon saw three men in their fifties come out.

The three men's appearance is very common, even the momentum is not cool, in the crowd is not eye-catching.

But pockmarked face knew that these three people were all powerful and could crush his existence.

Pockmarked face to see three people, face squeeze out a smile, quickly meet up, "cover elder, thousand elder, leaf elder."

He bowed to the three people one by one, very respectful.

"Well." Elder Gai in the middle nodded indifferently, and then went straight to the theme, "where is Wang Fan now, you will take us there."

He had a fierce look in his eyes. "I didn't expect that just a common mole ant could turn against the sky, and even let us get frustrated repeatedly. We still need to come out in person."

"I'd like to see if he has three heads or six arms. How dare he challenge us like this?"

With elder Gai's voice, elder Ye's face was also gloomy, and the murderer appeared out of control.

Originally, they were not willing to come out at all when they reached the point of cultivation.

They are very busy and want to break through to a higher level as soon as possible. Where can they waste time on these mundane trifles?

But this time, Wang fan forced them to go out of the mountain, so they were very unhappy with Wang Fan. They wanted to break up the guy who disturbed their cultivation immediately.

Pockmarked face listened to elder Gai's question. His eyelids couldn't help jumping and biting his teeth, he said, "more than an hour ago, Wang Fan killed Hu Yu and Jia Mao, who were going to watch, and they disappeared. I'm asking Jiang's family to help me find out, but there's no news yet. "

"What?" Elder Gai's face changed immediately when he heard this!

The next second, slap, a direct slap on the pockmarked face.

"Rubbish, you are rubbish!" He pointed to pockmarked face, and could no longer resist the start of an angry roar, "you can't kill people. Now even people don't know where they are. What's the use of your

living?"

Elder ye also looks at pockmarked face. If it wasn't for his classmates, he would have slapped him to death.

Pockmarked face was slapped, did not dare to show any dissatisfaction at all, more dare not refute, just lowered his head and did not say a word.

Wang Fan didn't know that the Nu Quan sect had sent three more tuofan masters. He didn't know that if he left an hour later, he would be blocked by the three tuofan masters.

At this time, he and He Qi have come to a hotel which is only five kilometers away from Jiang's home, and have a good room to stay.

In Wang Fan's view, the more dangerous a place is, the safer it is. This hotel, which is only five kilometers away from Jiang's family, is mostly ignored by Jiang's family.

In fact, Wang Fan's guess is right. The Jiang elite put most of their energy on remote places, especially those small hotels, guest houses, bathrooms, Internet cafes and so on.

For the hotel only five kilometers away from Jiang's home, they subconsciously ignored the past.

"You've been staying in a hotel these days. Don't go out if you have nothing to do. If you're hungry, you'll order takeout. Remember to make up when you take it. Try not to be recognized."

Three people into the room, Wang Fan toward He Qi Yang Chunli two people said a, quickly into the inside of the suite, began the healing practice. A week's time passed quickly, three people are in danger, Wang Fan's injury has been completely recovered, the strength has recovered to the peak.

However, Wang Fan did not leave the hotel, but continued to use pills to start the sprint.

He felt that his strength was a little loose, which was a surprise. He wanted to break through to the second level.

When Wang Fan tries hard to break through, He Qi and Yang Chunli in the outside room are sitting on the sofa with bored eyes and haggard face.

If they didn't go out for more than a week, they were suffocated and felt that they were about to suffer from depression.

"No, I can't. I'm going out to see people. I'm going out to get some air." At a certain moment, Yang Chunli couldn't help but stand up and walked out of the room.

He Qi said quickly, "this is not good, it will be very dangerous."

"Dangerous? What's the danger? It's been more than a week, isn't it OK? What's more, I just stand at the door and don't go far. "

"Anyway, I don't care. I can't stand it any more. I have to go out for some air. Otherwise, if it goes on like this, I'll be crazy. I'd rather be caught by the Jiang family."

Yang Chunli is regardless, still desperate to leave the room.

If it is normal, Wang Fan, even if it is cultivation and recuperation, will pay attention to the outside He Qi and Yang Chunli.

But now he is in the critical moment of breakthrough, plus He Qi and Yang Chunli have not been out for more than a week, so he takes back his mental strength, and doesn't know that Yang Chunli has left the room.

Countless pills were swallowed by Wang Fan, and the surging aura diffused in his body. Wang Fan began his crazy absorption and cultivation.

An hour later, his strength came to the peak of the first level, only half a step away from the second level.

He didn't stop, but continued to sprint crazily. At a certain moment, with a roar, a very powerful feeling came, and his strength came to the second level.

Feeling the surging power in his body, Wang Fan almost had the impulse to roar up to the sky.

He stood up, eyes in the bloom out of endless murder, "angry boxing door, Jiang family, you forced me to run in a panic, waiting for my crazy revenge!"

Chapter 1236

Yang Chunli left the room and went straight to the door of the hotel.

Originally, she was just going to stand at the door for a while and then go back. But when she saw the shopping mall opposite, she didn't resist the temptation and walked towards the shopping mall.

"I'll just hang out for half an hour, only half an hour. I don't think anything will happen. What's more, I'm still wearing a hat and glasses, and it's impossible to be recognized. "

She comforted herself so much in her heart. She pressed the brim of her hat down and her glasses up. After confirming that her face was covered, she went into the shopping mall.

She also has no way, this period of time she is really about to suffocate madness, really some depression.

After entering the shopping mall, Yang Chunli looked at the dense flow of people, as well as the dazzling array of goods, and suddenly felt that the world was so good that she relaxed a lot.

She just looked east and West and began to wander aimlessly.

But when she was wandering, she didn't find that she had been noticed by a green haired young man sitting on a chair.

On the chair sat two young people, one yellow and the other green. They were not the Jiang family, but they were working for the Jiang family.

It was the green haired young man who noticed Yang Chunli. When he saw Yang Chunli, his eyes lit up instantly.

He quickly patted Huang Mao with his hand, and then pointed to Yang Chunli and asked, "look, look, look, is that Yang Chunli? It looks like her back."

He asked Huang Mao because he had been to Yang Chunli, so Huang Mao was familiar with Yang Chunli.

Huang Mao was still enjoying the women around him, but when he heard the words of green Mao, he immediately looked at them.

At the moment of seeing Yang Chunli, he immediately confirmed his identity, "yes, she is Yang Chunli."

Huang Mao has been to Yang Chunli for more than one time, so he is very familiar with Yang Chunli. Just a figure, he has completely determined.

He said, his eyes also emerged endless excitement, even can't help rubbing his hands, "Damn, rich, rich, this time, how can we get a hundred and eighty thousand dollars?"

Green hair listen to this, also become excited, "yes, yes, that we are still Leng do what, still don't hurry to catch up?"

Two people say, immediately then quickly get up, toward Yang Chunli chase up.

Yang Chunli wanders aimlessly, not knowing that she has been targeted.

She even forgot the time and even forgot to go back.

After more than an hour, she suddenly felt a little impatient, so she went to the bathroom.

Huangmao and Lvmao were worried about the number of people in the shopping mall, so they had no way to attack Yang Chunli. However, when they saw Yang Chunli enter the toilet, they immediately

realized that the opportunity had come.

They followed without hesitation.

Green hair guarding the door of the women's toilet, yellow hair is directly into the women's toilet.

As soon as Yang Chunli came out, Huang Mao stepped forward with an arrow, covering her mouth with one hand and her waist with the other, pushing her against the wall.

Yang Chunli's face changed greatly. She wanted to shout, but she could only make a "Wuwu" sound, and she couldn't cry out at all.

Huang Mao kept Yang Chunli from struggling and said with a smile, "Lili, we meet again. I want to ask you a question. I don't know if you can answer it."

When he asked questions, the hand holding Yang Chunli's waist was still taking advantage.

"Wu Wu" Yang Chunli clearly saw that Huang Mao was an acquaintance. She was a little relieved and quickly nodded her head crazily. No way, her mouth was covered and she couldn't open it at all.

"Well, I ask you, where are He Qi and Wang Fan now? Don't tell me you don't know."

His tone seems to be a little uncomfortable, "dog day, that son of a bitch asked you to accompany He Qi for a week. It's really a damn enjoyment. I think you've played all kinds of tricks?"

Huang Mao said as he released his hand covering Yang Chunli's mouth.

Just as he just let go, Yang Chunli took advantage of his strength to loosen the moment, suddenly a struggle, and then the knee hard top in its body.

Huang Mao never thought that Yang Chunli dared to struggle and move her legs. He only felt a sharp pain coming from his heart. He uttered a scream, and the whole person bent down in an instant.

Yang Chunli took advantage of this opportunity to push Huang Mao to the ground again. Then she ran outside with her legs raised and began to shout, "help, help."

She was nervous and scared.

How did she not expect that she had just been out for less than an hour, and was actually found.

Although she didn't see it with her own eyes, she knew it, so she didn't dare to betray Wang Fan.

Yang Chunli soon ran outside, but in an instant, she was desperate again.

She saw another green hair.

And look at the green hair, it's obvious that it's specially guarding outside. Green hair did not expect that Yang Chunli ran out and yelled for help.

But at this time, he absolutely can't let Yang Chunli run out, let alone let Yang Chunli disturb the customers outside the shopping mall.

He almost didn't think about it. He stepped forward with an arrow. One hand stuck Yang Chunli's neck, one hand covered Yang Chunli's mouth, and then he knocked the same knee on Yang Chunli's stomach.

His mouth also swearing, "you are a bitch, but also his mother against you, and then his mother dare to do things, I kill you!"

Yang Chunli's stomach was knocked for a while, and she immediately spat out a mouthful of blood, but it was all sprayed on green hair's hands.

She wanted to scream again, but she couldn't scream out. Her face turned pale and silent.

After Wang Fan broke through to the second floor of tuofan, he subconsciously swept out, and immediately found that Yang Chunli had disappeared, and He Qi was the only one left in the room.

Wang Fan noticed this scene, his face couldn't help changing, and immediately ran out, "how can you be alone, Yang Chunli?"

He Qi is sitting on the sofa, yawning bored, suddenly saw Wang Fan rushed out, it was scared.

She calmed down after the mood quickly said, "she said stuffy can't, went out, now should be in the hotel gate."

Wang Fan listen to this, can't help but frown, mental power instantly swept to the door. But he didn't find Yang Chunli at the door of the hotel.

He felt a little bad, and his mental power spread instantly, expanding the scope of the search.

Yang Chunli does not listen to advice to go out, although can be angry, but not much guilt, Wang Fan also does not want her to have an accident.

With the crazy sweep of mental strength, three minutes later, Wang Fan finally found Yang Chunli in the toilet of the mall.

But when he saw what Yang Chunli was facing, he was so angry that his hair exploded. At the same time, endless murders appeared in his heart.

"Wait for me here. Don't go anywhere. I'll be right back." Wang Fan cold finish saying, direct flash body then left the room.

Chapter 1237

The female guard on the third floor of the shopping mall, Huang Mao seems very angry. He didn't expect that he was beaten by Yang Chunli. It's a shame.

If it wasn't for green hair, maybe Yang Chunli would have escaped.

Think of here, yellow hair is more anger can not vent.

He is not the Jiang family. He has so much energy.

Once Yang Chunli runs out, he wants to move Yang Chunli again, but it's really troublesome.

At the thought of the windfall that he was about to get, he almost had the heart to kill Yang Chunli.

"Damn, you bitch, even I dare to beat you and run away. I'll kill you!"

Huang Mao roars angrily. He rushes to Yang Chunli, grabs her from green Mao, grabs her hair and slaps her.

The sound of Pa Pa Pa Pa rang out, Yang Chunli's whole face was instantly swollen, and the corners of her mouth immediately spilled blood.

She was about to scream when Huang Mao suddenly covered her mouth, grabbed her head and hit the wall.

Roar a few sound, Yang Chunli dizzy at the same time, tears instantly can no longer help but wind out.

While she was in tears, her heart sank to the bottom and her face was full of despair.

Green hair see yellow hair so move Yang Chunli, is also a big jump, quickly to stop, "don't fight, fight down to kill, we still expect her to make money."

While persuading, he reached out his hand and couldn't help swimming on Yang Chunli.

All this time, he even thought about taking advantage of Yang Chunli, and that kind of dirty thing, obviously this guy is also a scum.

Yang Chunli didn't have any resistance to green hair's behavior.

As if she had no soul at all, her eyes were dim, her face was dead, and her whole body was paralyzed.

If Huang Mao had not grasped her hair and covered her mouth, I'm afraid she would have really fallen down.

When Huang Mao heard the advice, he regained his mind. He slapped Yang Chunli fiercely, then released her mouth and asked, "where are Wang Fan and He Qi, do you want to say? Don't say, I'll strip you now, and then throw you to the mall. "

If at ordinary times, Yang Chunli may be really afraid of this threat. After all, even if her career is disgraceful, she can't stand being stripped naked and thrown into the mall.

But now, she didn't seem to hear the threat of yellow hair, and didn't feel the stinging pain of yellow hair's slap. Her face was dull and silent.

Huang Mao was almost mad. He didn't expect that Yang Chunli would dare to play a fool with him.

Angry, he directly lit a cigarette, smoked a few mouthfuls, and then stabbed Yang Chunli around the neck, roared, "where are Wang Fan and He Qi?"

When the hissing voice rang out, Yang Chunli finally couldn't help shaking her body violently. At the same time, she also couldn't help crying, but she still didn't say a word.

Huang Mao is really mad this time. He suddenly throws the cigarette, grabs a knife and puts it on He Qi's face,

"if you don't say it again, I'll spend your face. Do you think we can't find Wang Fan if you don't tell us? At most, it's just time. "

"People say that bitches are merciless and actors are unjust. I didn't expect that you bitches still have love. Why, are you sleeping with Wang Fan? "

Yang Chunli ignored Huang Mao and the knife on her face and closed her eyes directly.

She didn't want to live.

Huang Mao was so angry that he was about to spend Yang Chunli's face. Suddenly a voice came from behind him, "you don't have to embarrass him. I'm here."

Listen to this sudden voice, whether it is yellow or green hair, the face changed in an instant. Huang Mao's hand trembled and the knife fell to the ground.

"Who is it?" At the same time, they suddenly turned back and looked at the bathroom door.

Wang Fan walked in without hesitation. There was only moriran's murderer in his eyes. "Aren't you looking for me? Why do you ask who I am now?"

The first lady is afraid of Wang Fan's revenge. After all, Wang fan is too strong. As long as Wang fan doesn't die, she can't feel at ease.

The three elders of Chiba, however, are somewhat depressed and some are subdued.

They waste their time out of the mountain just to kill Wang Fan, but they don't even see Wang Fan's shadow. How can they be angry?

They even wondered if Wang Fan knew they had come and left the lake.

After all, all three of them are out of the ordinary world, and Wang Fan has no reason not to be afraid.

And Jiang's search efforts are not small. As long as Wang fan is in the lake, there is no reason why he can't dig it out.

At the moment when the atmosphere in the main hall seemed to be a little depressed, the telephone of the first lady suddenly rang.

As soon as she got through, an excited voice came from inside, "madam, there's news from Wang Fan."

"What?" Hearing this, the eldest lady immediately got excited and stood up.

Not only is the big lady, cover Chiba three elder, pockmarked face, all excited stand up.

Chapter 1238

When all of them thought it was impossible to find Wang Fan again, they suddenly knew the news of Wang Fan, which was a big surprise.

"Where is he?" Without waiting for the eldest lady to speak, elder Gai was the first to ask.

The young man didn't dare to make mistakes at all. He replied honestly, "someone just saw Wang Fan and Yang Chunli in Xingyue shopping mall five kilometers away, but didn't see he Qi."

"Now Wang Fan has taken Yang Chunli into lington Hotel, but we don't know which room they went to."

"Lington hotel five kilometers away?" Hearing this, not only elder Gai, but also other people's faces changed.

This is a great irony. They are looking for Wang Fan all over the world and can't find him, but they didn't expect Wang Fan to hide under their eyes.

"OK, OK, OK, let's go!" Elder Gai angrily said three good words in a row, then waved his big hand and immediately walked out of the hall first, followed by the big lady and others.

Wang fan does not know that he has been found, even if he knows, he will not care.

Now he is out of the ordinary, so he doesn't need to hide.

As long as he is not besieged by dozens or hundreds of congenital peaks, or by a few experts from the ordinary world, he doesn't need to be afraid at all.

What's more, even if the enemy doesn't come to him, won't he? He is sure to kill Shangjiang family and get back the place a week ago.

He wants to tell Nu Quan men and his wife that Wang fan is not so good at encircling and hunting. As long as he can't kill him, he will face his bloody revenge.

"Chunli, are you ok?" Wang Fan with Yang Chunli just returned to the room, He Qi face a change, quickly welcomed up.

Looking at Yang Chunli's miserable appearance, she couldn't help asking, "what's the matter? What happened?"

Yang Chunli didn't say anything. She just jumped into He Qi's arms and began to cry.

"Don't cry. Let's get out of here. Now I don't think it's safe here." Wang Fan looked at the two girls holding together and said quickly.

Although he is not afraid of the enemy, he can't take these two women with him. He can't show his fists.

"Oh." He Qi answered and took Yang Chunli to the room to change clothes. A few minutes later, they came out again.

Wang Fan didn't check out or walk through the hotel gate, but jumped down on the third floor with her two daughters in her arms.

If he is not wrong, there must be Jiang's family monitoring outside the hotel. If he takes the second daughter to swagger out, he is bound to be found, so he has to hide her first.

Although Wang fan is not afraid of the enemy, he wants to kill a lot, but he can't take his second daughter with him. He can't show his fists. He's also afraid that he won't take good care of him.

Wang Fan hid them in a small hotel nearby, and then entered a KFC not far away.

He plans to wait here for half an hour to see if there are people from the Jiang family and nuquanmen. If anyone comes, he will kill them directly. If no one comes, he will go to the Jiang family on his own initiative.

In fact, Wang Fan didn't wait for half an hour at all. He sat down for less than ten minutes and saw several cars coming.

After the cars stopped, the doors opened and dozens of fierce men came out.

Every strength of men is in the early days of their birth, and they are very powerful.

Of course, the power here is only relative to ordinary people. In Wang Fan's eyes, they don't see enough.

Wang Fan's eyes swept on dozens of fierce men and soon fell on three middle-aged men who just got off the bus.

Just at a glance, he had seen that the three middle-aged men were not simple.

First of all, Ma Zi, the eldest lady, followed them respectfully. It was the breath that came out of them that was very powerful.

Wang Fan had a careful perception, and found that only one of the three people was in the first level, while both of them stepped into the second level.

Wang Fan felt the scene and was shocked.

He didn't expect that the Nu Quan gate was so powerful. In less than a week, he sent out two tuofan second floor and one tuofan first floor.

Of course, Wang Fan didn't know that other people had come a week ago, otherwise he would be more shocked.

It's really the anger boxing gate. The inside information is profound!

Wang Fan sneered in his heart!

It's just that it's possible who killed whom.

Wang Fan originally intended to kill directly, but when he saw the three masters, he immediately gave up the idea of killing directly.

There is no point in his killing like this. Even if he can kill pockmarked face and the big lady, he can't kill the three escape masters.

And once he is besieged by three escape masters, I'm afraid he will immediately fall into a passive position. Maybe he needs to escape again, which he doesn't want.

Although Wang fan is confident, he is not confident enough to be able to take off two-tier and one-tier. If he wants to kill these three people, he has to find a way.

It is elder Gai and elder Qian who leave the second level of the realm, and elder ye who leave the first level of the realm.

At this time, the three didn't find Wang Fan at all. They took a cold look at the sign of the hotel, snorted and went in immediately.

The big lady pockmarked face followed, while the dozens of fierce men stayed outside, and only one followed in.

When the security guard of the hotel saw elder Gai and his party coming in, he gave way immediately and didn't dare to block the way.

Although they don't know the elder lady of Gai Chang and others, they do know the man who follows behind.

That man is a master of the Jiang family. He is famous in the whole lake. But now, they are following elder Gai and others like little characters. What's the identity of elder Gai and others?

They dare not think about it at all.

The front desk lady's face turned pale. Although they didn't know elder Gai and his party, they knew these people were not simple just by looking at the security guard's expression.

They are deeply afraid that these people will trouble them.

Elder Gai walked to the front desk in three or two steps, then asked coldly. "Check which room Wang Fan, He Qi and Yang Chunli live in?"

He didn't clap the table, he didn't roar, he didn't threaten the receptionist, but his tone was beyond doubt.

"Good, good." The receptionist didn't dare to refuse at all. She said two good words and immediately began to check.

Just a dozen seconds later, she found out the information and said, "they, they all live in room 8302."

Elder Gai was immediately relieved at this. He was really afraid that Wang Fan would run away again. He threw himself in the air. Now it seems that he was worried too much.

However, he did not immediately take people upstairs, but turned to the two elder Chiba and his wife

and said,

"elder Chiba and elder ye, please guard here first, I'm afraid that Wang Fan will run out."

"Madam, you should let people guard the back door and window to prevent Wang Fan from escaping from these places."

"Good!" The first lady nodded at the same time, and then went to do it immediately.

Chapter 1239

Wang Fan has been paying close attention to elder Gai and his party with mental strength, and thinking about the way to deal with them.

When he found that elder Gai went upstairs alone, and there was only elder ye in the hall, his eyes lit up immediately.

He knew his chance was coming.

It's really hard for him to face the three masters who escape from the world alone, but if he can kill one first, it's better.

Although the face of two out of the world Master, for Wang fan is still some danger, but he can go to try.

Without hesitation, Wang Fan pressed down the brim of his hat, put on a mask, and immediately walked towards the hotel.

The target he wants to kill is not elder Gai, but one of the two elders in Chiba. As for who to kill first, it depends on the situation.

Of course, it's best to kill the thousand elders of the second floor of tuofan first.

Wang Fan quickly approached the hotel, and the two guards at the door took a look at Wang Fan and ignored him.

Although Wang Fan's dress is strange and abnormal, in their consciousness, they just need to stop the people who go out and avoid Wang fan running away. As for those who go in, they don't need to pay any attention at all.

Even if this person is Wang Fan, so what? He entered the hotel like this, didn't he fall into the trap.

Originally, Wang Fan thought that if he was stopped, he would say that he knew Wang Fan's news and attracted the two elders of Chiba to come and start again. But these two guys didn't even stop him. It was very convenient for him.

Wang Fan quickly entered the hotel and went straight to the cashier.

Chiba's two elders were standing on a sofa opposite the cashier's desk. They were looking at Wang Fan coldly.

But no matter how cold their eyes were, they could not see Wang Fan's face clearly through their hats and masks.

Wang Fan didn't pay any attention to them. He didn't take his time.

Soon he came to the cashier and took out his ID card. "Hello, open a room for me."

In speaking, Wang Fan's mental power has been paying close attention to the reactions of the two elders of Chiba.

As soon as the two men's eyes left him, or slightly relaxed their vigilance to him, he would immediately rush to kill the thousand elder who was on the second floor of tuofan.

"Are you alone, please?" The front desk lady asks questions professionally.

"I don't know." Wang Fan just said a word, the whole person immediately moved.

Because at this time, Chiba's two elders have turned their eyes elsewhere.

Wang Fan took advantage of this critical moment, suddenly turned back, his right leg heavily stepped on the ground, and then the whole person rushed towards Chiba and Chiba in an instant.

Come on!

It's so fast!

The distance between the two sides was less than five meters, and Wang Fan's strength was on the second floor. Coupled with the sudden attack, it can be said that without breathing, he had already jumped in front of Chiba and Chiba.

That fast, Chiba two people didn't respond at all.

When they react, Wang Fan's fists have set off a terrible wave, and he is crazy to blow at the elder.

"Boy, you dare!" Elder Qian's eyelids jump wildly and his face changes greatly!

How did he not expect that Wang Fan would attack him secretly, and the timing was so good, could it be that Wang Fan had eyes behind him?

In a flash, he madly stirred up the congenital vigorous Qi, and at the same time tried his best to cross his right arm, trying to resist.

As long as he can carry this, next, he can launch the most crazy counter attack!

It's just that the idea is beautiful, but the reality is cruel.

At the moment of the fist arm collision, he was shocked to find that Wang Fan was also a second level master, and his strength was no weaker than him.

With a bang, Wang Fan's fist fell on elder Qian's arm again. Then, his arm, and the congenital vigorous Qi suddenly broke.

In the next second, Wang Fan's fist had already hit his chest.

Bang!

There was a loud noise, and a mouthful of blood mist came out of the elder's mouth. The whole person was overturned in an instant.

His chest bone in the inch broken at the same time, his mouth is also a cluster of blood spray, yangyangyang sprinkle, let a person startled.

In the middle of the sky, his face was completely pale and gray.

After falling to the ground, he stares at Wang Fan and screams, "you, you have damaged my Dantian?"

He's angry, he's crazy.

Although Wang Fangang's fist didn't hit his Dantian directly, the violent force penetrated his Dantian.

Even if he does not die, even if the injury is healed, I am afraid that his strength will not be able to recover to the second level, let alone further.

Wang Fan laughed, "Oh, no? In that case, it's better to kill him! "

While he was talking, he had already grasped the shadow knife and chopped it to the thousand elders. Elder Qian never thought that Wang Fan would kill him even if he attacked him secretly.

At this time, he couldn't react at all. He could only watch Wang Fanying cut his throat with a knife.

Whoa!

A startling blood mist shot like a fountain, and the thousand elders fell down on the ground, no longer

alive.

The red blood dyed the ground red, startling, in an instant, the whole scene was dead.

Ye elder pockmarked face two people is the whole body all can't help shaking violently, also don't know is gas of still fear.

Terrible!

It's terrible!

Elder Qian is a strong man in the second level of the world. He was killed in a flash. This is a big joke.

Although most of Wang Fan's elements of sneak attack are in the majority, if he has no strength, the sneak attack will not be able to kill the second level of the world, will it?

Those front desk ladies and security guards, after a brief shock, immediately covered their stomachs and began to vomit.

Some of them couldn't accept the scene.

After a short shock, elder Ye soon recovered and looked coldly at Wang Fan, "who are you and why do you want to kill our people?"

His tone was cold and angry!

He didn't doubt that the man in front of him was Wang Fan, but he didn't feel like it.

According to the report of pockmarked face, Wang Fan's strength is at most at the beginning of his career, and he was seriously injured in the war a week ago. Now it's impossible for him to reach the second level of career?

"I'm wang fan. It's you who killed me. Why don't you have any opinions?" Wang Fan said with a sneer, grabbing the shadow knife and chopping it out to elder Ye.

Elder Ye's eyelids jumped and he began to retreat in an instant.

Hiss a, shadow knife cut his chest, raised a blood fog, but the wound is not heavy.

Wang Fan?

Is it Wang Fan?

There was a storm in his heart!

How is that possible?

How can it be!!!

Wang fan is not a layer off, and also seriously injured it? How just a week, he has not only recovered from the injury, but also broke through to the second floor of tuofan?

Wang Fan didn't pay attention to elder Ye's shock. After he forced elder ye back, he made a whirl with his shadow knife and cut it on pockmarked face and neck.

Whoa!

A blood mist spray, pockmarked face instantly fell to the ground, tragic death!

In fact, Wang Fan didn't plan to kill elder ye with his previous knife. His goal is pockmarked face.

Although elder Ye has only one level of freedom, his strength is far less than that of elder Qian, but if Wang Fan wants to kill him head-on, he still needs to spend some time.

The reason why he was able to kill a thousand elders before was that he was surprised.

Elder Ye looked at the pockmarked face that fell to the ground and died miserably, and looked at the blood flowing out of his chest. While he was frightened, his face was completely cold.

Ding!

Just then, the elevator door opened and elder Gai came out with a gloomy face.

Chapter 1240

Elder Gai's face was a little ugly. He didn't expect that he was so empty that he let Wang Fan run away again.

Full of unhappiness, he walked out of the elevator. Just in the moment of walking out of the elevator, he saw a scene that made his anger expand.

Thousand elder pockmarked face two people, unexpectedly whole body dye blood of pour on the ground, he just one eye, already knew two people already thoroughly have no breath.

Who is it? Who on earth is so bold as to dare to kill the people of his angry fist sect?

Elder Gai just felt his anger ran up uncontrollably. He almost had the impulse to kill people madly.

He quickly swept in the hall, and soon saw elder ye with blood on his chest, and Wang Fan opposite

elder Ye.

"Are you wang fan?" Elder Gai doesn't pay attention to elder ye, but madly locks Wang Fan and asks fiercely.

Because Wang fan is still holding the shadow knife in his hand, and the tip of the shadow knife is still dripping blood. It's obvious that Wang Fan killed people.

Now he just wants to confirm Wang Fan's identity. After all, in the whole lake, Wang fan is the only one who has a grudge against them and is still so powerful.

Wang Fan listened to elder Gai's inquiry and nodded, "yes, I'm wang fan. How come I'm not happy to see you nuquan men killed?"

"To die!" Elder Gai listened to Wang Fan's words, his face changed, and he didn't want to talk nonsense at all. In an instant, he killed Wang Fan crazily.

He flashed a long gun in his hand, just a shake, a few guns will be shaken out, set off the roaring wind and crazy killing intention, rolled toward Wang Fan.

It's full of killing spirit!

"Every year there are a lot of people who say I want to die, but they are the ones who die in the end." Wang Fan didn't have the slightest fear. With a cold smile, he grabbed the shadow knife and went up to fight madly.

If he was besieged by the two elders of Gaiye and the Jiang family, he might be afraid. But now he's just facing a little elder Gai. There's nothing to be afraid of.

It's also the second level of the world. Even if Wang Fan just broke through, he won't be afraid of elder Gai.

The wave of shadow knife suddenly collides with the firecracker and makes a hissing sound. The next second, the shadow knife cuts on the tip of the gun.

Boom, under the terrible force, elder Gai only felt a violent force coming, and the whole person began to retreat.

Wang fan is not so good either. He only feels the blood rolling in bursts, and a touch of salty water gushes into his throat, but he is dead again.

His heart is very surprised, surprised to cover the powerful elder.

You know, since stepping into the realm of the day after tomorrow, Wang Fan has always been able to

cross the ranks and fight one-on-one.

In the same realm, he has never fallen into a bad situation, and even rarely has he achieved the same goal.

But today, he didn't get the upper hand in front of elder Gai. How can he not be surprised?

But compared with Wang Fan's surprise, elder Gai was even more shocked.

You know, he is an old-fashioned strong man in the second floor. He has been in the second floor for eleven years.

Although he did not dare to say that he was invincible in the second level of tuofan, he absolutely dared to say that he was top-notch. Even some ordinary third level of tuofan were not enough to see in front of him.

But even so, he didn't get any advantage in front of Wang Fan. How could he not be shocked?

"It's true that the hero is a young man. He is worthy of being a ruthless person who dares to challenge me repeatedly. But no matter how ruthless you are, I will kill you today!"

Elder Gai immediately realized that Wang Fan could not stay. It was a great disaster for them to stay.

While he said coldly, he called to elder Qian and the big lady who were pouring in, "let's go up together and kill him!"

With the sound, he grabbed a long gun and was the first to kill Wang Fan.

"Kill

"Kill

Elder Qian and his wife followed closely!

They are also aware of the danger of Wang Fan. If Wang fan is not removed, they will have trouble sleeping and eating.

The fighting sounds and roars are interwoven, the surging killing intention is diffuse, and the whole space seems to become quiet!

Wang Fan listened to elder Gai's words and almost didn't vomit blood.

In the first half of elder Gai's sentence, he thought this guy was going to fight with him alone. But who knows that in the second half of his sentence, he called people?

Wang Fan couldn't help pointing to his nose and began to yell, "you dog, do you live on a dog in such a big age? What are you, besieging Laozi? "

He said, his body suddenly dodged, dodged elder Gai's attack, and then went crazy to fight those who came.

He can't kill them in a short time, but it's more than enough in the early days.

Just at the beginning of his life, he dared to kill him without knowing what to do. He was just looking for death.

Wang Fan cut it out with a knife, and the sword awn was like a rainbow. At least seven or eight of them were killed on the spot. It is not too much to call it cutting melons and vegetables.

The seven or eight were born in the early days to death, and their faces all kept fierce and crazy expressions. They didn't have time to change.

Looking at this scene, hiding behind the big lady is simply frightened.

Terrible, terrible!

Such a person, she is not able to compete!

Not to mention the eldest lady, even the other 20 people changed their faces in an instant.

This NIMA, how to fight?

Elder Gai didn't expect that Wang Fan didn't fight with him. Instead, he killed the group. He was even more furious. "Don't be afraid. Let's go together and kill him!"

He roared crazily, the long gun trembled, then once again crazily rushed to Wang Fan.

He almost hated Wang Fan. Even if Wang Fan insulted him, he even killed those children in the early days like abusing vegetables in front of him. He just didn't pay attention to him.

"Little bastard, you killed Tianjiao and elder of nuquan sect. Today, you killed so many innocent people indiscriminately. Today, I will kill you!"

Elder Ye is also unwilling to be outdone. With a roar of madness, he kills Wang Fan from the other side.

Wang Fan originally intended to kill some of the early congenital ones with another knife, but after feeling the crazy killing of Gai Qianliang, he had to change his strategy first.

In this case, if he continues to kill those people, he will definitely be hit by at least one of the two. In that case, the situation will be bad for him.

"Kill me? You deserve it, too? " Wang Fan grins, directly bypasses elder ye and kills elder Gai madly.

Boom!

The sword and gun collided again, making a terrible noise. Wang Fan flew out like a broken kite.

Elder Gai was a little surprised. It shouldn't be because of Wang Fan's fighting power. How could he be blown away so thoroughly?

Just the next second, his face changed, because he found himself in the trap.

Wang Fan, who flew upside down, bumped into four or five of them in the early days of their birth. Those who were directly hit in the early days of their birth vomited blood and fell.

Then, Wang Fan grabs the shadow knife and swipes hard again. Suddenly, six or seven people are knocked out, and the tight crowd is killed, revealing the big lady hiding behind.

Wang Fan grinned at him, then took the knife and killed him.

Look at me!

Madam, you look crazy!
