Chapter 1241

"Stop him, stop him!" The doctor screamed and began to retreat in horror.

She looked at the rushing Wang Fan, her legs softened and her face turned pale.

It's terrible. It's terrible!

Wang Fan cut melons and cut vegetables as if to turn over nearly 20 congenital early terrible achievements, she just congenital middle in front of Wang fan is not enough to see, as long as Wang Fan close to her body, she will only die.

The rest of them, listening to the roar of the eldest lady, gnawed their teeth and wanted to rush forward again.

But they have not rushed up, they have been put down by Wang Fan.

Wang fan is invincible!

"When I'm the one, kill!"

Wang Fan turns over those people, roars out in his mouth, and then kills the big lady like an arrow.

Looking at this scene, the big lady's eyelids jump! She couldn't bear it any more. She just sat down on the ground and couldn't help shouting, "Rao -"

it was only when she called out a word -

jump!

Wang Fan's shadow knife has cut her neck!

Cluster!

A startling blood mist spray, the doctor's head and body separation, instant death!

She didn't expect to die like this.

She did not expect that she would send someone to kill Jiang Xiaoliang because of her fight for power.

If she had known this, she would have preferred not to look at the power of the Jiang family, not to send people to chase Jiang Xiaoliang, and not to try to cling to nuquan.

Unfortunately, there is no if in the world. She is dead.

No matter the elite of Jiang family or the two elders of Gaiye, their faces were black and terrible.

I'm elder Gai. I'm so angry!

Shame!

It's a shame!

Just Wang Fan, even two times in front of him wantonly kill, and he can't stop, this let him simply can't accept!

"Wang, if I don't tear you to pieces today, I won't call you Gai Feituo!" Elder Gai bited his teeth and said coldly. He turned to Wang Fan for the third time.

Others have not rushed to Wang Fan in front of the long gun in his hand has once again lifted out countless fireworks, mercilessly tearing to Wang Fan.

Elder Ye was not idle. Almost at the moment when elder Gai shot out his spear, he had already jumped forward from the other side and swept out his snake wand.

Wang fan is so terrible that he must be killed as soon as possible. Otherwise, once Wang Fan abandons the elder, he will be dead.

The roaring voice resounded, and the two men's weapons were already in front of Wang Fan in an instant. If Wang Fan was attacked, he would be absolutely immortal and severely disabled.

Wang Fan felt the scene and his face became dignified.

He did not hesitate, shadow knife a roll, sweeping to two people at the same time, fast began to retreat.

But even if he retreated faster, even if his shadow knife blocked the two men's stick gun, the tearing force was still crazy on him, a strong blood fog immediately shot out.

Wang Fan's clothes had been thoroughly smashed, and even the skin and flesh inside had been cut open, bloody and confused.

Wang Fan felt the pain on his body and gave them a cold look. Then without saying a word, he turned and flashed out of the door.

He didn't really want to escape, he wanted to retreat! From the previous battle, he has realized that the front of the two hard steel Gaiye, he simply can not get good, can only retreat!

"Want to go? How can it be that easy?" Gai ye and Wang Fan were injured with difficulty. How could Wang Fan escape?

Almost no hesitation, two people immediately crazy toward Wang Fan chase in the past.

Because elder Gai's strength is relatively strong, he is in the front. Elder Ye's strength is weak, but he is several steps behind.

Wang Fan didn't take care of the two people who came after him. He continued to run away crazily and didn't look back.

He felt like he was really running away.

But in fact, his speed did not show to the fastest, he had to wait for Gaiye two people to open a certain distance, and then fight back.

Just a few breaths, Wang Fan has already run out of hundreds of meters, even so, elder Gai still caught up.

He looked like a wolf, staring at Wang Fan's back, grinning coldly, "kill so many of us, do you want to go like this? Stay with me

He a roar, the long gun once again swept, the strength of the roar such as mercury to the ground, mercilessly toward Wang Fan back crazy roll past.

Wang Fan noticed the scene and sneered, "which eye of you old son of a bitch can see that I'm going to run away? You die for me

He said, has suddenly turned around, right leg hard on the ground, the whole person quickly jumped to the side.

Whoa!

The long gun picked Wang Fan's left shoulder and lifted a blood mist. But Wang Fan didn't pay any attention to it. He lifted his breath again and rushed to elder Ye. Elder Gai's strength is in the second level of tuofan. It's not so easy for Wang Fan to kill him, so he has to kill ye first. As long as ye's name is dead, he can deal with elder Gai without scruple.

Lagged behind, there are more than ten meters of Yeba lettuce, did not expect, in this case, Wang Fan will suddenly come back to kill him.

He didn't expect that Wang Fan avoided elder Gai's attack at the cost of shoulder injury, and his face suddenly changed.

While his eyelids were jumping, he crazily waved out his snake wand. Only when the snake wand was just waved out, he was already caught by the shadow knife.

The next second, Wang Fan's right leg has already set off a wind, fiercely kicked to his Dantian.

"No!" Elder Ye's scalp became numb and began to scream.

He would rather be killed than abandoned. If he was allowed to be a waste, he would rather die.

"Boy, you dare!" Elder Gai's face also changed greatly. He turned his head and killed Wang Fan madly.

This cunning son of a bitch has teased him three times, which makes him unbearable!

However, whether it is elder Gai or elder ye, there is no way to stop Wang Fan's powerful leg.

"What are you to pursue me? Is it difficult for Wang Fan to pursue me so well?" With a cold voice -

Bang -

Wang Fan's right leg focuses on elder Ye's Dantian. Elder Ye's mouth emits a blood mist, and his face flies out in silence.

He knew that he was finished, completely finished.

It's just, it's not the end.

Wang Fan crazy forward, avoid behind cover elder attack, shadow knife continue to body in the air of elder Ye cut in the past.

Elder Ye's pupil shrinks, but he can't avoid it at all. He can only watch Wang Fan's shadow knife chop.

Whoa!

All over the sky blood mist spray, take off any one layer, Yeba lettuce, die!

Looking at the tragic death of Yeba lettuce, looking at the spraying of blood fog, in an instant, the whole world seems to become quiet.

Gai Feituo holds the gun in both hands and stares at Wang Fan. He doesn't know how to describe his mood.

What a satire it is that the only one left is Wang Fan!

He gaifeituo can't bear this kind of insult, and so can nuquanmen!

After landing, Wang Fan quickly grabbed two pills and swallowed them. Then he moved them on his injured left shoulder. Then he looked at Gai Feituo and said, "he's dead. Next, it's your turn!"

The whole world, a moment of silence!

Chapter 1242

Gai Feituo, listening to Wang Fan's provocation, trembles with anger, but also shakes his heart.

Wang fan is really terrible. No matter in means, strength or scheming, he is the most terrible young man he has ever met.

The scene of Wang Fan's anti killing Yeba lettuce just now, though it seems very simple, is actually very risky.

If it is not decisive enough, the timing is not perfect enough, and the speed is not fast enough, Wang Fan will definitely not be able to fight back and even be nailed by his long gun.

Wang Fan this person, call it bold and careful, cunning as fox is not too.

Of course, no matter how terrible or fierce Wang fan is, Gai Feituo can't be afraid of Wang Fan.

He is also a super strong man in the second floor. If he is afraid of Wang Fan in this way, isn't it a big joke?

What's more, he still has his cards!

"Wang Fan, don't be complacent. I will send you down to accompany them soon. If you offend me and challenge me to build Feituo, you will die in the end. "

Gai Feituo said coldly. The next second, he raised his spear to kill Wang Fan again.

This time, he played up the spirit of 12 points, no longer dare to have the slightest carelessness.

Although facing Wang Fan, who is only in his twenties, it is a shame for him to be so cautious, but he has to be cautious.

Because Wang fan is too rebellious.

Wang Fan listened to gai Feituo's words and sneered, "you old bastard, don't put gold on your face. If you hadn't attacked me shamelessly just now, you would have been killed many times by me."

He is very disdainful, "you this old miscellaneous hair still want to send young master to hell, it is ridiculous.". I think it should be to send you down. "

He also snorted, "you three old miscellaneous hairs are all together. Now those two old miscellaneous hairs have been sent down by me. You are the only one left. Do you want to live?"

Wang Fan said insidiously, also holding the shadow knife to cover Feituo.

Although he suffered some injuries, it was not very serious. As for the strength he had just lost, he recovered with the help of pills. There was no need to be afraid.

At this time, the most important thing is to enrage gaifetuo. As long as he can enrage gaifetuo, he will have killed half of gaifetuo.

Although Gai Feituo saw through Wang Fan's mind at a glance and knew that Wang Fan was deliberately provoking him, he still could not help but burst of anger.

Once upon a time, even some people dare to call him old miscellaneous hair? Who met him and could not respectfully call him master?

"Boy, you want to die!" Gai Feituo was angry, and the spear was dancing wildly.

He shot 36 shots in one breath, almost in one breath, and rolled up endless killing power.

In the eye, almost all over the world are firecrackers, killing amazing, very sharp.

Wang Fan's face became dignified instantly. He felt that the thirty-six guns were not simple, but a kind of gun skill.

Gun skill is also a kind of martial art.

It's just that there are few such things as martial arts, even some sects.

At least, so far, Wang Fan has not seen anyone use martial arts.

Even his mountain climbing seal was obtained by fluke from relic city.

Wang Fan felt the sharp of the thirty-six guns. He didn't dare to connect them. Instead, he waved the shadow knife to resist the spear wildly and retreated wildly.

Roar twice, but Rao is Wang Fan reaction is fast enough, block and avoid most of the gun awn, but there are still two gun awn rolled in his body.

His body was torn out again several eye-catching wounds, blood flew at the same time, the whole person was blown out.

Bang, he fell heavily on the ground, his face became pale.

Martial arts are really extraordinary.

At the same level, those who have martial arts skills are more powerful than those who have no martial arts skills!

Just Wang Fan some don't quite understand, Gai Feituo has this kind of card, why didn't use it in the first time?

If he had used his martial arts earlier, maybe the one surnamed ye would not have died.

But Wang Fan soon knew that Gai Feituo didn't use martial arts, because martial arts consumed too much Reiki.

Gai Feituo just shot 36 shots, his face became completely pale, and even seemed to stand unsteadily. With such terrible consumption, how could he use it easily if he had no choice?

Wang Fan was pleasantly surprised. Now Gai Feituo can't even stand steadily. Doesn't that mean his chance has come?

Although he didn't believe that gefito was really as weak as the surface and vulnerable to attack, if he also used mountain climbing, gefito would not be able to stop it, would he?

To tell you the truth, Fanshan seal consumes a lot of aura. Wang Fan's state at this time makes him take some risks.

But if he tries his best to do it once, it's not impossible. It's just that he will fall into a certain period of weakness. Thinking of this, Wang Fan quickly grabbed a few pills and swallowed them. As soon as the shadow knife was closed, his hands slowly spread the seal.

Gai Feituo saw Wang Fan put away the shadow knife, but he misunderstood Wang Fan's meaning. He sneered in a moment, "why, what's the matter with putting away the knife? Is it difficult to beg for mercy?"

He dragged his weak body toward Wang Fan and said, "isn't your Wang Fan very powerful? Don't you want to kill me? Why do you want to give up resistance now?"

"If you want to beg for mercy, please do it quickly. Maybe I will give you a good time when Gai Feituo is in a good mood."

Gai Feituo looked at Wang Fan's bloody body and pale face. He didn't think that Wang Fan could fight back.

He subconsciously thought that Wang Fan asked for forgiveness.

As for Wang Fan's martial arts skills?

Are you kidding? Is martial arts Chinese cabbage? Can anyone have it?

Looking at the whole Nu Quan sect, we only have one martial arts skill, and only the sect leader and his disciples are qualified to practice it.

The reason why Gai Feituo has martial arts skills is that he got them by chance after a narrow escape. Otherwise, he would not have.

Wang Fan did not speak, just showed a face of despair.

Since the old tortoise thought that he had given up his resistance, he might as well put on an act, so he got the old tortoise's idea.

Wang fan can see that the old tortoise also wants to humiliate himself before killing himself, so he can also delay time by pretending like this.

Sure enough, Gai Feituo couldn't help laughing after seeing Wang Fan's despairing face.

But his smile is very cold, his eyes are full of murders, giving people a feeling of numbness.

"Despair? Does it work? If you knew today, why did you have to start? Wang Fan, Wang Fan, you even killed several Tianjiao of our Nu Quan sect. You even killed 19 congenial peaks and two elders who left the world. "

At this point, he pointed to Wang Fan and his face became ferocious. "I tell you, you deserve what you have done, and you deserve what you have died!"

Wang Fan listened to this, and finally began to protest, "I just killed 18 people. When did I kill 19?"

Gaifetuo, listening to this, almost didn't get angry!

When the hell is it, Wang fan is still struggling to kill 18 people or 19 people? Is this son of a bitch sincere? What's the point of killing one more and one less?

But for Wang Fan's serious expression, he even doubted whether Wang Fan was deliberately amusing him.

However, he understood Wang Fan's meaning and sneered, "isn't Hu Mazi also a congenial peak? What kind of half step off? He's putting gold on his face

He also gave a cold drink, "why, do you think I have wronged you?"

Wang Fan suddenly laughed, "no, you have not wronged me."

The next second, his hands have been quickly waved out, a basketball size seal appeared, penetrating the air, crazy toward the proud Gai Feituo.

Turn, mountain and seal!

Chapter 1243

"Martial arts, martial arts?" Gai Feituo's face changed greatly, and his pupils contracted violently in an instant.

He never thought that Wang Fan had martial arts skills! What makes him most incredible is that Wang fan is so seriously injured that he can even show his martial arts skills!

Terrible!

It's terrible!

If I had known that Wang Fan would have martial arts skills, he could not have come to Wang Fan in such a swagger, and he was still so close!

Gai Feituo immediately began to retreat crazily, but no matter how fast he retreated, he still couldn't get over the mountain.

With a bang, the mountain climbing seal was immediately printed on Gai Feituo. He immediately spewed out a mouthful of blood, and the whole person was blasted out.

He was blasted out at the same time, the whole body also began to click explosion, red blood sprayed in the air, after falling to the ground, there was no life.

Wang Fan had planned that if Gai Feituo didn't die, he would fight his life to make up for it. Now gefito's dead, that's saving him.

He gasped quickly, took out two pills and threw them into his mouth. Then he got up and left here.

Now the big lady is dead, and the three of Gai Chiba are dead. There is no crisis in the lake for the time being.

A hotel window not far away.

He Qi and Yang Chunli have been staring at the outside nervously. They have witnessed the whole process of Gaifei's chasing Wang Fan and being killed by Wang Fan.

The whole process, their hearts are like riding a roller coaster, up and down.

Fortunately, in the end, all the enemies died, which greatly relieved them.

"He's hurt. Let's get down!" See Wang Fan stagger to leave, He Qi two people in the heart a pull, hurriedly ran out of the hotel.

Wang fan is really too weak, weak almost can't stand it.

Just when he felt that he was about to faint, he suddenly saw he Qi and Yang Chunli.

"Take me to a quiet place." Wang Fan looked at them and said quickly, then turned his eyelids and completely fell into a coma.

I can't help it. His consumption is too big to bear.

He Qi and Yang Chunli didn't dare to neglect, and quickly carried Wang Fan away from here.

Even if they want to take Wang Fan to a quiet place, they can't go back to the small hotel.

Things are so big here that they are afraid that the police will come to them.

In less than an hour, they took Wang Fan into another hotel. At the same time, the news that the eldest lady had been killed also spread out, causing a sensation in the whole lake.

Madam, that's the absolute power and wealth in the lake. It's famous in the whole lake.

Not to mention the status of the Jiang family in the lake, let's talk about the strength and strength of the big lady. Few people dare to provoke her in the whole lake.

But now, such a strong man, even died, and was killed in the hotel.

It's a huge sensation.

Some people who haven't been bullied by the big lady are OK, and they don't think much after being shocked.

But those who were bullied by the big lady were a little excited. They all started to revel and celebrate.

Of course, there are still some people who can't help thinking carefully about whether they can take this opportunity to share a piece of the Jiang family.

Just very soon, this idea was suppressed by them again.

Although the first lady is dead, the second lady is not. Although the second lady is not as powerful as the first lady, she is not easy to deal with.

Compared with the vibration in the lake, the ancient WuJie was blown up.

Gai Feituo, Yeba lettuce and qianpingzhi were killed by Wang Fan. It's incredible!

It's all about the ability to get out of the ordinary world. I don't know how many years I've been in this world. How can I be killed by Wang Fan?

What's more, how big is Wang Fan and how strong is he?

You know, a few months ago, Wang Fan's strength was not at the top of his innate ability. Now he can kill the three great talents. It's just as funny as a fantasy.

But even if they don't believe it, it's a bloody fact.

For a time, Wang Fan was once again pushed to the top of the storm, the top of the storm, for a moment.

Nuquan gate is a grand and simple hall, which has experienced many years of washing and baptism. There are 13 people sitting in it.

One in the middle of the top, twelve below.

The following 12 people are the core elders of nuquan sect. Their strength is from the second floor to the sixth floor. They are very powerful. The first one in the middle is the leader of nuquan sect.

Mi Ji looks over sixty years old, thin and white.

He was dressed in coarse linen. He looked ordinary, but his breath was very heavy. His breath is obscure and deep as the sea. Even the elders who have reached the level of five and six can feel the difficulty of breathing.

Unfathomable.

At this time, the twelve elders looked at the sect leader Mi Ji. They all looked at each other and didn't know what had happened.

In nuquanmen, if there is no emergency, Miji will not call the elders to hold a meeting at all.

But now he summoned all the elders, which shows the seriousness and urgency of the matter.

At a certain moment, he lightly swept the twelve people, and then spoke slowly,

"this time, we have a thing to say. Just now news came back that Gai Feituo, Yeba lettuce and qianpingzhi were all killed. "

Although the mood of Mi Ji is flat, I can't hear the happiness and anger, but in fact, my heart is about to explode.

You know, every escape is a treasure. It took countless efforts and costs to cultivate it.

But now, three of them died. How could he not be angry?

Let alone Mi Ji, even the twelve elders of tuofan, when they heard Mi Ji's words, their minds exploded.

"What, such a thing?"

"Who did it? Is it from hongdaomen?"

"It's really bold. Hong Dao sect killed the elder of nuquan sect for no reason. What do they want to do? Do they think they're going to fight after nuquan sect?"

The first time they thought of hongdaomen.

Because in the ancient martial arts world, the only people who have enemies with their nuquan sect, and who have the strength and courage to kill their elders out of the ordinary world are Hongdao sect.

Mi Ji waved his hand, "it's not made by Hong Dao men, but by Wang Fan."

His tone became gloomy. "A week ago, I sent them to kill Wang Fan in the lake. I thought it was safe, but I didn't expect that it was Wang Fan who killed them in the end."

"What? Wang Fan

"How is that possible?"

"Isn't he the only one with the highest innate strength? How can he kill Gai Feituo? Is he using some mean means?"

Listen to this, everyone's first reaction is not to believe.

It's absolutely impossible to kill the three men of Chiba in a positive way without the three-tier strength. They don't believe that Wang Fan's strength has reached the three-tier strength.

Chapter 1244

Meiji shook his head. "Although I don't want to believe it, they were really killed by Wang Fan. In a strict sense, Wang Fan didn't use mean means, just used some tricks."

"When he first used Gai Feituo to go upstairs to find him, he secretly attacked and killed Qian Pingzhi in front of Ye Balau, and then pretended to escape to lure Gai Feituo and ye Balau to pursue him."

"Because there is a gap between Gai and ye, Gai Feituo catches up and ye lashou falls behind. That Wang Fan took advantage of this point again, when they opened a certain distance, they suddenly killed ye Balau

"After killing Qianping's Yeba lettuce, he faced Gai Feituo head on, and finally killed Gai Feituo."

Mi Ji slowly narrated the course of things, as if he had seen it with his own eyes, and his tone was extremely calm.

But the following 12 elders are not so calm. They are not ordinary people. Naturally, they can hear the thrilling and not simple.

It can be said that without strength and decisiveness, Wang fan can never do all that.

Of course, what shocked them most was not that Wang Fan killed Qian Pingzhi and ye Balau, but that Wang Fan killed Gai Feituo in the front.

You know, Gai Feituo is the best one in the second floor. Compared with Qian Pingzhi who is also in the second floor, I don't know where he is.

What's more, Gai Feituo also has gun skills. Even some of you who are here are afraid of him. Why can Wang Fan kill Gai Feituo in the front?

Does it mean that Wang fan is so tough that he doesn't use his gun skills for Gai Feituo? But if Wang fan is so powerful, does he still need to sneak attack?

Thinking of this, I can't help but be asked, "master of meimen, where is Wang Fan's strength? Why can he kill Gai Feituo in the front?"

"As far as I know, Gai Feituo has mastered a gun skill. Is it difficult that he was killed before he could use it?"

Mi Ji shook his head. "No, he used that gun skill. But he didn't kill Wang Fan. In the end, he was killed by Wang Fan. If my guess is good, Wang Fan's strength should be in the second tier, not the third tier. "

If Wang Fan heard this, he would be absolutely shocked. Just relying on hearsay, we can infer his real strength. Is this taboo too terrible?

The twelve elders were even more shocked. One of them could not help but stand up and said, "what? Gai Feituo didn't kill Wang Fan, but was killed by Wang Fan? In other words, his gun skill has little influence on Wang Fan? How is that possible? "

He really can't accept this scene, because he has personally experienced Gai Feituo's gun skill. At the beginning, if he didn't have a higher level than Gai Feituo, and had some cards, he would have been seriously injured or even died under that gun skill.

Mi Ji nodded slowly, "yes, the gun skill of Gai Feituo didn't hurt Wang Fan, because Wang Fan even used a martial art after accepting his gun skill. He was Gai Feituo who killed him with that skill. "

"What? "Martial arts?"

This time, all the twelve elders could not help but stand up. They were shocked, and their eyes flashed hot.

Martial arts. They don't even have it.

At the same time, they seem to understand the real reason why they are called here.

I'm afraid that it's not the death of Gai Chiba who called them here. The main purpose is Wang Fan's martial arts.

You know, martial arts are rare resources. Even if you look at the whole ancient martial arts world, there are few martial arts.

Their Nu Quan sect is one of the three schools of a school. They only have one martial arts skill, so we can imagine the scarcity of martial arts.

It's no exaggeration to say that once it's spread that Wang Fan has martial arts skills. It's bound to make the ancient martial arts crazy.

"Yes, it's martial arts. Wang Fan has been to relic city some time ago. I think he got his martial arts skills in relic city. The martial arts in his hand is a kind of hand print martial arts with great power. "

"I call you here today. There are two things. The first is the killing of Gai Chiba and the second is Wang Fan's martial arts."

Mi Ji said, pointing to two of them, "Wu Chang Lao, Shang Chang Lao, you're all four layers. I need you to go down the mountain to solve Wang Fan, and then take back his martial arts."

"Remember, speed must be fast. Don't let other sects get ahead. Wang fan can not be killed first, but his martial arts skills must be mastered. This is the key to our anger boxing sect's strength over the other two sects. "

"Don't worry, as long as you master Wang Fan's martial arts skills, your twelve elders are qualified to practice."

"Yes, master." The two elders, who were ordered by Mi Ji, listened to this and got up in a hurry.

Martial arts, that's what they dream of. At this time, they can't wait to rush to Wang Fan's side and grab Wang Fan's martial arts. The other ten elders were excited in their eyes, and they wanted to follow them down the mountain. But they knew that once so many people were sent out, the rest of the sects would doubt. If Wang Fan fell into the other party's hands, they would not have time to cry.

Wang fan doesn't know that the angry fist gate is staring at his mountain climbing seal. At this time, he is recovering in the hotel.

One day later, his injury has recovered 50% and his strength has returned to the congenital level. Although he has not fully recovered to the peak, he is more than enough to protect himself.

"Thank you for taking care of me during this time. Now that I have solved the problem of Jiang's wife, you should be in no danger."

Wang Fan called He Qi and Yang Chunli to his side and handed over two cheques. "This is two million cheques. Thank you a little. You can do some small business with it, or you can leave the lake and live in another place."

"Just the previous work, I suggest you don't do it any more. I don't mean to look down on you. It's just that long working hours will be bad for your health."

Wang Fan said slowly.

Two million?

One million for one person?

He Qi, Yang Chunli is a Leng at first, then quickly shake her head, "this, this is too much, we can't want."

They are also a little ashamed. When Wang Fan said that kind of work directly, they feel a little uncomfortable,

but they have no way, and they all have their own hidden difficulties.

"Put it away, there's nothing you can't have. I'm leaving. We'll see you later. " Wang Fan put the check in their hands, then opened the door and left the hotel.

He Qi Yang Chunli stares at Wang Fan's back, speechless for a long time.

Wang fan doesn't care about Yang Chunli any more. He has done what he should do, and he also plans to leave the lake.

Just before leaving the lake, he had to go to the Jiang family once to see if the second lady of Jiang Xiaoliang had gone back. If he did, he would ask the second lady to take care of He Qi and Yang Chunli. If he didn't go back, it would be OK.

As for Jiang Xiaoliang, if she is willing, Wang Fan will let her go to Wang Fan group to help, if not, he is not reluctant.

Sobbing.

Wang fancai just walked out of the hotel, accompanied by the sound of whine, a dazzling red Porsche rushed over.

Wang Fan frowned and was about to hide. With a creak, the car stopped in front of Wang Fan.

Chapter 1245

"Van Gogh." The window slowly pulled down, Jiang Xiaoliang's sweet voice came out.

She was wearing a black halter top, a pair of super short hot pants, three thousand green silk, and a big sun visor on her eyes.

Bright eyes and white teeth, smiling, young, sexy and charming.

Wang Fan looked at Jiang Xiaoliang, as if she felt like she was still rebellious more than a year ago.

"Van, get in the car." Jiangxiaoliang see Wang Fan in a daze, can't help saying.

"Good." Wang Fan nodded, then opened the door and sat on it.

Jiang Xiaoliang didn't take Wang Fan to any specific place, but just went on a rampage aimlessly. She seemed to cherish their rare time together.

Wang Fan did not speak, did not break the silence.

However, he already knows that Jiang Xiaoliang can't leave the lake with him, so he doesn't want Jiang Xiaoliang to go to wangfan group.

More than three hours later, Jiang Xiaoliang parked her car in front of a hotel, but Wang Fan didn't go in.

"Xiao Liang, I'm leaving. Take me to the airport. Call me if you have anything. By the way, He Qi and Yang Chunli helped me. I hope you can take care of them. "

Wang Fan said to Jiang Xiaoliang.

"Are you really leaving?" Jiang Xiaoliang looks at Wang Fan with tears in her eyes.

"I really have to go." Wang Fan nodded.

He just received a message that Dai Yuying had trouble crossing the city. He had to rush to deal with it.

"All right." Jiang Xiaoliang does not give up nodding, can only send Wang Fan to the airport.

At the time of parting, Jiang Xiaoliang looked at Wang Fan. She couldn't help but rush into Wang Fan's arms. "Brother fan, take care."

"Take care, too." Wang Fan said, patted Jiang Xiaoliang, then pushed her away and strode past the security.

Jiang Xiaoliang looks at Wang Fan's back and waves weakly, tears like rain

ten minutes later, a plane bound for the city has taken off, carrying Wang fan out of the lake.

Almost as soon as Wang Fan left, a plane had landed at Huzhong airport, and the two elder Wushang of nuquanmen came out quickly.

But before they could find a place to eat, they got a call from the spy.

Wang Fan has set foot on the plane to the city and left the lake.

The two elders of Wushang almost blew up when they heard the news. It's just an international joke, isn't it a coincidence?

But they didn't have the slightest way.

Two people can only hate hate again to book a plane to the city.

Unfortunately, the earliest flight is tomorrow morning.

Guocheng, located in southern Hunan Province, is a second tier city. Wang fananbao also opened a branch here.

Three days ago, Dai Yuying came to the city to deal with business. She happened to meet Qiao bossy, the son of Qiao Zheng, a local tycoon.

Joe saw Dai Yuying in a bossy way. He was flirted with Dai Yuying and was slapped in anger.

Qiao domineering strong request daiyuying personally come to apologize, otherwise, he will let wangfananbao in the city.

If ordinary people say this, maybe they really have to weigh it, but Joe is domineering. As the son of Qiao Zheng, the local boss, he has no doubt about it.

At this time, Wang fan'anbao, Dai Yuying, Liao Feng, Zhang Meng, Wei Jian, Zhang Tiezhu and others all looked gloomy.

Because just now, Qiao domineering has come to talk, an hour later, if Dai Yuying does not respond, she will ask people to give a warning first.

If you don't see Dai Yuying go to the hotel at night and bow her head to apologize, tomorrow, Wang fan'anbao will become a blank, and Wang fan'anbao's members will break their hands and feet.

"What to do? Why don't we find a place to hide and wait for young Wang to come?" Zhang Tiezhu couldn't help making a sound.

Dai Yuying is Wang Fan'an's senior manager. She can't bow her head and apologize. What's more, she hasn't made any mistakes.

If Dai Yuying apologizes in this way, Wang fananbao will certainly be lower than others in the future. Even if she does not get rid of her name, her reputation will drop sharply and there will be no business to do.

You think, how can you protect the safety of an employer even if you can't make a single Joe domineering?

"Damn, Joe's domineering is just bullying people too much. It's just because he has a father. What's so great about that?"

Wei Jian, who is hot tempered, can't help cursing, but even if he scolds fiercely, he knows that Qiao Zheng, the domineering father, is really not easy to be provoked.

In Guocheng, Joe is just like a big Mac. He is an absolute big man. The most important thing is that he didn't know how to win over a dozen dogs.

Every strength of those ten vicious dogs is in the congenital state, which is very powerful.

Although Liao Feng, Wei Jian, Zhang Tiezhu and Wang Fan'an are very good, they are not good enough in front of those vicious dogs.

Because of this, Joe domineering can make them helpless, into such a passive situation. Dai Yuying's face

is also extremely ugly, although she is very sorry to calm down, but she knows she can't do that.

Once she does that, the wangfan group will really have no business to do in the future. If it doesn't work well, it will affect other branches and even the wangfan group.

As for hiding, it's even worse. They have to hide. What else can they talk about to protect others?

In the blink of an hour, it was almost a minute beyond the appointed time. With a deafening roar of cars, several cars had already stopped at the gate of Wang fan'anbao.

Passers-by around have to avoid, for fear of being implicated.

When the car door opened, a group of fierce men jumped out, led by a young man in his thirties.

With a cigar in his mouth, the young man puffed his clouds and puffed his fog. His eyes tilted and he was very domineering.

It's Qiao Zheng's son, Qiao bossy.

Just Joe domineering in the car, and did not bring people in immediately, but let people move out of a high-definition camera.

Several fierce men are busy setting up the camera, while Joe bossy is also following the order, "speed up, speed up, the angle must be set up, and you must take a clear picture for me."

"I not only need to see clearly the whole process of Wang Fan group becoming a blank, but also need to see clearly everyone's facial expression!"

"360 degrees, absolutely no dead angle, super clear, blue light, you know?"

Qiao is squinting at the door of Dai Yuying and others, said aloud, obviously that is to say to Dai Yuying and others.

His heart is also very bad taste, in his opinion, he took a fancy to Dai Yuying, that is Dai Yuying's conviction.

But Dai Yuying was so good that she gave him a slap. It's a shame. When did he get such a bird spirit when he was domineering in the city?

"I see." The several men fiddling with the camera listen to Joe's domineering order, quickly follow.

Dai Yuying and her party looked at the scene, and their faces were hard to see.

Liao Feng, Wei Jian, Zhang Meng, Zhang Tiezhu and others could not help but clench their fists in anger.

Joe's bossy is too arrogant, even can be called unscrupulous.

It can be imagined that if this matter is spread out, Wang fan'anbao will definitely become a joke over the city.

They all want to rush up immediately to crush Qiao domineering into pieces, but after seeing the five men around Qiao domineering, they finally forced him down.

Joe's dog!

Chapter 1246

Soon, the strong men had already set the camera, Joe left two people to guard outside, and then came in with the rest of the popularity.

Others have not yet walked to Dai Yuying and others in front of them, they have already said domineering, "how, how about the consideration, haven't decided whether or not to give me an apology?"

Qiao bossy hand pointing to Dai Yuying, is arrogant bossy, "I tell you, give you the opportunity to apologize, that is my Qiao bossy give you face."

"If I don't give you face, it's not just about your apology. I'll take you Wang fan'anbao directly."

There is no limit to arrogance.

Wei Jian is about to cheat. The first one can't help but say, "bullshit face, if you want Yingjie to apologize, don't dream."

"I tell you, we Wang fan'anbao are not so easy to bully. Wang shaoma is coming. When Wang Shao comes, you will definitely be unable to eat and walk away!"

"If you are wise, you can take people away. We can still treat it as if nothing has happened. Otherwise, it will be too late for you to recover afterwards."

Zhang Tiezhu and Wei Jian couldn't help but say, "that's to say, those who know their faces should go away. Don't deceive others too much. Otherwise, you'll be overwhelmed when Wang Shao comes!"

"Oh, Wang Shao? Threatening me? That's interesting! " Qiao domineering listen to these words, can't help but laugh at the whisper, the next second, directly step forward, a slap will be thrown in the face of Wei Jian.

With a slap, Wei Jian didn't defend himself. He was shot two steps back, but soon he reacted.

"How dare you beat me?" With an angry roar, he raised his foot and kicked at Joe.

With a thump, Wei Jian kicked Qiao domineering heavily in the stomach. Even if Qiao domineering fell on the ground, he still vomited blood in his mouth.

This, Joe domineering is completely angry, face instantly became ferocious up, "hit me, hit me, kill them for me!"

"Damn, dare to move me, Joe is domineering. I want to tell them that it's my Qiao's territory to cross the city. The dragon has to lie down for me and the tiger has to plate for me!"

"What a son of a bitch, Wang Shao? He's an egg. If he dares to come, I'll clean him up with him!"

With Joe's domineering and crazy roar, those fierce men behind him immediately fight against Wei Jian and others.

Wei Jian and his party's face also changed, and then began to roar, "dog, fight with them!"

"Kill these sons of bitches!"

"Kill

Crackling sound spread, the two sides soon fight together, extremely tragic.

Dai Yuying is pale, can't help but straight back, and pinch out the mobile phone to dial Wang Fan.

But Wang Fan's phone is turned off. Obviously, he hasn't reached the city yet.

Dai Yuying heart set off a touch of desolation, quickly sent a few text messages in the past.

Qiao domineering brought the strength of men is not good, but the five dogs are really strong.

They were just waving their fists and feet, and Wang fananbao's elite were shot out one by one with blood spurting from their mouths and noses. They were all turned upside down and seriously injured in an instant.

Wei Jian is more miserable. He just turns over two enemy men, and a vicious dog pounces on him.

One punch, just one punch.

With a click, Wei Jian's sternum broke and flew out.

But the dog didn't let Wei Jian go. He stepped forward and put his foot on his chest. It was hard to stand up.

The dog picked him up with one hand and went back to Joe.

At this time, Qiao bossy has already got up. He looks at Wei Jian as if he looks at the enemy who killed his father.

"Son of a bitch, dare you hit me?" Qiao domineering wipe the blood of the corner of the mouth, angry roar, directly grabbed a steel pipe, then toward Wei Jian right leg hard hit down.

Just now, Wei Jian kicked him with this leg. Naturally, he would scrap it first.

The steel pipe smashed on Wei Jian's leg. With a click, Wei Jian's right leg broke instantly, his bones pierced through his skin, and his red blood shot out.

However, Wei Jian didn't scream. Instead, he bit his teeth and threatened to die.

"son of a bitch, if you have seed, you will kill me. You can't kill me today, but I will kill you tomorrow!"

It's a crazy voice.

Qiao domineering was also frightened by Wei Jian's madness, and a chill appeared in his heart, but he soon recovered, "kill me? Damn, I want to see how you kill me! "

He said, finger steel pipe again crazy hit, click, Wei Jian's left leg was also broken.

Zhang Tiezhu and his party, who fell on the ground, looked at the scene and were almost mad. They all want to kill Joe recklessly, but unfortunately they can't stand up.

At this time, Wang fan'anbao's side, except for Dai Yuying, all the others had fallen down and seriously injured.

Joe's domineering eyes slowly swept over them, and then said, "everyone, break my legs, here, break them into blanks for me!" With his orders, the five dogs and a dozen men rushed out in an instant.

Three minutes later, except for Dai Yuying, everyone's legs had been broken. Ten minutes later, the whole Wang fan'anbao had become a blank.

The scene is unbearable, it's just unbearable!

Dai Yuying and her party were trembling with anger, but they had nothing to do.

Those five vicious dogs are so powerful that they can't compete with each other at all.

"Damn, threaten me, Joe is domineering. What are you? I like to see you angry, but I'm helpless again."

"Why, isn't it so cool to watch your site become a blank? Do you really want to kill me? If you have seed, you can come? "

Qiao domineering but did not let Wei Jian and others go, he said arrogantly, while frantically rushed to Liao Feng, Wei Jian, Zhang Tiezhu and others, slapped one by one.

The sound of Pa Pa Pa Pa rang out, and Wei Jian and his party all saw blood on their faces.

They stare at Joe like a wolf, but they can only bear it.

Qiao domineering humiliation Wei Jian and his party turned, and finally looked at Dai Yuying, "Dai Yuying, see, this is the end of provocation."

"Now it's just a warning. If you don't come to me at night, they will be ten times worse tomorrow than today."

"You don't want to escape or hide. It's useless. If you can't escape, try it if you don't believe it."

"I'll say the address again, room 8888, Huangtian hotel. I'll wait for you. If you don't come before eight o'clock in the evening, you will be responsible for the consequences! "

"Let's go!"

Qiao is domineering and arrogant. With a wave of his big hand, he immediately takes people away from Wang fan'anbao.

Looking at Qiao's domineering figure, Wei Jian and his party even bit their lips.

Dai Yuying's face is also a pale, but she did not dare to hesitate, quickly dial 120.

After Wang Fan got off the plane, he just turned on his mobile phone and saw several short messages sent.

Looking at the content of the message, Wang Fan's face changed in an instant, and his killing intention expanded!

"Qiao bossy, Qiao Zheng, Qiao family?" There was a chill in his eyes, a murmur in his mouth, and then he rushed to Wang Fan's security immediately.

Chapter 1247

When Wang Fan arrived at Wang fan'anbao, Dai Yuying and her party had already gone to the hospital, but there were many people outside Wang fan'anbao pointing out.

"I didn't expect that Wang fananbao was smashed. What a pity."

"No way, who let them offend Joe domineering? It's a good thing to offend Qiao domineering and smash the company without killing people. "

"That's true. Joe's domineering is too domineering indeed. Few people who offend him will come to a good end."

"It's said that Qiao domineering molested a female senior manager of Wang fananbao and was slapped. Qiao domineering just came to smash the company. It's just strange that Joe didn't take the woman away when he was domineering. "

"Nonsense, didn't you hear Joe bossy say that before eight o'clock in the evening, the woman should go to the emperor's hotel in person to apologize, otherwise Wang fan'anbao's people will be ten times worse than today."

"Isn't that arrogant? What's more, they all broke Wang fananbao's legs today. It's ten times worse. How terrible is that? "

Wang Fan listened to the comments of the people around him, and looked at Wang Fan Anbao, who couldn't fight like that. His heart was filled with bursts of anger.

This Joe is really arrogant. He broke the leg of Wang Fan an'an'an'bao and smashed the security company. He even asked Dai Yuying to go to the hotel to apologize in person at night. It's too much of a fool!

Wang Fan couldn't help his anger. He clenched his fists tightly and his tendons burst. He even had the heart to kill.

He quickly ran to a young man who was talking, "Hello, I want to ask you, do you know where Wang fananbao's people are now?"

Although he heard someone say that Qiao bossy didn't take Dai Yuying away, and guessed that Dai Yuying and his party probably went to the hospital, he still wanted to make sure.

"To the hospital, of course." The young man just finished, his face suddenly changed, "I don't know, I don't know, I'll go first."

As if he had seen something terrible, he ran away from here.

So did the surrounding crowd, who fled with their faces changed.

Wang Fan looked at the expression of these people, face a cold, turned to see five fierce men stormed over.

All of these five men are muscular men. Their arms are thicker than ordinary people's calves, so they can be fitness coaches. They also have tattoos on their bodies, which gives people a strong sense of oppression.

Wang Fan's eyes slowly swept from them, and finally looked at the flat headed man at the head.

Among these five people, only this fierce man has a little strength, and has reached the congenital early stage. The rest are not worth mentioning.

When Wang Fan looked at them, their eyes also locked on Wang Fan, his face was ferocious and ferocious.

Before they got close to Wang Fan, the flat headed man at the head said coldly, "who are you? If you want to know where the people in this company are going and what they are doing, are you their partner?"

He is very sharp to dialect words. When he speaks, he also indicates that the other four people surround Wang Fan.

Wang Fan didn't look at the four men who surrounded him. Instead, he looked at the flat headed man coldly and laughed angrily, "who are you and who are you qualified to question me?"

"My mouth is on me. I want to know what I need to report to you. Are you too broad?"

Although Wang Fan guessed that most of these people were Qiao domineering or Qiao family members, they still need to be confirmed. As long as it is confirmed that these are Qiao's, he will not hesitate to start.

Flat headed man listen to Wang Fan this arrogant tone, is more angry seven tricks smoke, once upon a time, even someone dare to speak so in front of him?

He didn't want to say directly, "listen to me, I'm from Qiao family. I'm Qiao Ping'an, and I'm the one who crippled you!"

He said, suddenly stepped forward two steps, and then slapped at Wang Fan.

Qiao Ping'an was very angry, but he didn't take Wang Fan seriously.

As one of the vicious dogs of Qiao family, he was born strong. How could he be afraid of such a young guy as Wang Fan?

In the eyes of the other four strong men in the Qiao family, there was even banter. In their eyes, Wang Fan couldn't even cry at the next moment.

"It's really from the Qiao family. That's just right. Let me charge some interest first. What's more, you've made a mistake. It's not you who crippled me, but I who crippled you. "

Wang Fan didn't care about the four men's banter. He looked at Qiao Ping'an with a sneer. He didn't even bother to hide, so he directly slapped him in the past.

Qiao Ping'an can't help laughing when he sees Wang Fan trying to grab his fist with his hand.

Who does this guy think he is, the middle or the top? If you dare to grab his fist like this, you are looking for death!

Qiao Ping'an just thought of here, slapping, Wang Fan's palm has already grasped on his wrist.

Before he could react, Wang Fan had already twisted his wrist again, with a click. Severe pain, Qiao Ping'an can't help but open his mouth, but before he has time to scream, Wang Fan has quickly released his wrist, slapped on his mouth.

With a slap, Qiao Ping'an's mouth was bleeding, and he was taken out immediately. After he fell on the ground, his teeth vomited blood together.

Joe is stupid.

The other four men were stupid.

They didn't think of it at all.

How can Wang Fan deal with Qiao Ping'an all at once?

Qiao Ping'an immediately realized that he had kicked the iron plate. His eyes flickered with a touch of panic. Subconsciously, he was about to ask for mercy, "master, please forgive me."

Only when he said three words, Wang Fan stepped forward and stepped on him again.

Click!

Bone shattering!

Qiao Ping'an's voice was trampled back.

Wang Fan stepped on him and said faintly, "you are such a waste. You dare to beat me. I really don't know where you come from. Now you tell me, who beat and maimed who? "

Qiao Ping'an was in great pain. He was sweating and couldn't say a word.

His face was very pale. He never thought that Wang Fan was so fierce.

The four men's faces changed completely. They stood up straight and looked at Wang Fan nervously.

Although the four of them are good, they can't beat Qiao Ping'an all together. Now Qiao Ping'an is not Wang Fan's enemy, and they don't look at Wang Fan enough.

Wang Fan pointed to them, "come here, as long as you take the initiative and let me break your legs, I won't embarrass you. Otherwise, it's not about breaking your legs. "

Four fierce men listen to this, eyelids a burst of sob, how familiar ah, before Joe domineering is not such a threat to Dai Yuying and others?

"You, who are you? I tell you, we are from the Qiao family. Don't deceive others too much! " One of them pointed to Wang Fan with trembling voice.

"It's a lot of nonsense. Since you don't take the initiative, don't blame me for being impolite." Wang fan is really too lazy to talk with these minions. He rushes up and raises his feet for a while.

They didn't even have the chance to struggle, so they were broken by Wang Fan, a burst of sadness!

Those people who were watching from afar looked at the scene with a dead silence.

Cruel, it's too cruel. It seems that it's really a cycle of cause and effect!

Chapter 1248

Wang Fan tidied up Qiao Ping'an and others, did not stay here, called Dai Yuying position, immediately took a taxi ran past.

Even if he wants revenge, it's not now. He wants to go to the hospital first to see Liao Feng, Wei Jian, Zhang Tiezhu and others and treat their injuries.

More than an hour later, Wang Fan arrived at the hospital.

"Wang Fan."

"Wang Shao."

Dai Yuying and her party saw Wang Fan and said hello excitedly. Dai Yuying couldn't help but pounce directly into Wang Fan's arms.

"I'm sorry, I'm sorry, it's all my fault, it's all my fault. I shouldn't have slapped Joe's domineering face. If I took that breath and didn't provoke him, it would be nothing now."

Dai Yuying said with a runny nose and tears. She was very guilty and remorseful. Especially looking at Liao Feng and Wei Jian lying in the hospital bed, she is even more remorseful. It's all her fault.

Wang Fan listened to this, can't help shaking his head, comfort way, "sister Ying, this is not your fault, not your fault."

"With Joe's domineering nature, even if you don't slap him in the face, there will still be the following things."

"What's more, although Wang fananbao didn't take the initiative to cause trouble, he couldn't be afraid of it. If we even have to be afraid of a mere Joe, what else can we talk about to protect others? "

Wang fan knows Dai Yuying's character. She is not a troublemaker at all.

But even so, Dai Yuying can't help slapping Qiao domineering. It can be seen that Qiao domineering was too much.

"Yes, sister Ying, it has nothing to do with you. Don't think much about it. The main reason is that Qiao is too arrogant and domineering."

"Tie Zhu is right. I inquired about it. Joe is arrogant and domineering indeed. The number of people who have been killed by him over the years is almost unknown, so I don't blame you."

Zhang Tiezhu, Wei Jian and others can't help saying.

They know that this is not Dai Yuying's problem. If they have to say that Dai Yuying has a problem, they can only say that she is too beautiful. Otherwise, how can it cause Qiao's domineering teasing and entanglement?

Dai Yuying listens to everybody's words, in the heart is very moved, but is biting the lip to have no speech.

She wanted to cry, but she didn't cry.

"Sister Ying, they are right. It has nothing to do with you. Isn't Joe bossy asking you to go to the emperor hotel to apologize before 8 p.m? I'll go with you, and I'll make him pay tonight. "

Wang Fan's voice is very cold, eyes ice cold, "I pour is to see, this Qiao domineering is really different from ordinary people, is really so domineering."

"Now I'll cure them first, and we'll talk about the rest later."

Wang Fan said, had already grasped the silver needle to walk to Wei Jian in front.

"Who are you and what are you going to do? I'll tell you, this is a hospital. Don't make a fool of yourself!"

But before Wang Fan could give the needle, a male doctor in his fifties rushed in angrily. He pointed at Wang Fan, and his words were very angry.

Wang Fan looked at the male doctor who ran in and couldn't help sneering.

He has long found that this guy has been sneaking out of the ward, just lazy to pay attention to it, but did not expect the other party to rush in at this time.

Wang Fan looked back at the male doctor and said, "what am I going to do? Can't you see? I'm going to give them needles. "

"The needle?" Male doctor instantly angry, "what qualifications do you have for acupuncture, are you a doctor here, have you graduated from University, do you have a qualification certificate, who is responsible for something?"

He also pinched out the cell phone threat, "I warn you, do not mess, otherwise I immediately call the police!"

Wang Fan Light swept male doctor one eye, "you casually, as long as does not disturb me to apply the needle to be good, you rest assured, has an accident we also do not need you to be responsible."

Wang Fan said that he didn't bother to pay attention to this guy any more. He quickly took out the silver needle and tied it up on Wei Jian.

Seeing Wang Fan's action, the male doctor's eyes were almost ready to crack. He suddenly pushed away Dai Yuying and rushed to Wang Fan, shouting, "stop it!"

At the same time of roaring, he has already stretched out his hand and grabbed Wang Fan.

Wang Fan felt this scene, his eyes immediately became cold.

As a doctor, doesn't this guy know that he can't be disturbed when he is applying the needle? What's the difference between killing people and doing so?

Before that, he stopped Wang Fan and scolded him. Although he had a bad attitude, Wang Fan was acceptable.

After all, this is a hospital. Whether the doctor is Joe's domineering running dog or not, his words are reasonable, because Wang fan is not qualified to practice medicine.

But now, this guy even reached out to catch him when he was applying the needle. Wang Fan couldn't stand it.

"Go away!" Wang Fan a cold drink, the head didn't return, a foot toward this doctor kicked past.

The doctor didn't respond at all, so he was kicked off and fell to the ground. Wang Fan looked back at him and said coldly, "don't disturb me again, or I will throw you out of the window."

With that, he didn't bother to pay attention to the doctor any more, and devoted himself to the treatment of Wei Jian.

The doctor looked at Wang Fan with hate, and he didn't dare to talk any more. He quickly left the ward, but as soon as he got out of the ward, he dialed Joe's domineering phone.

Because Wei Jian was cared by Qiao domineering, so his injury was the most serious, and the treatment was also very troublesome.

It took Wang Fan more than two hours to finish his treatment.

After the treatment of Wei Jian, Wang Fan quickly cured others.

When Wang Fan treated Wei Jian and his party, Qiao domineering also received two calls from a high-end club and a luxury suite.

One is Qiao Ping'an, who tells him how he was knocked over by Wang Fan.

One is from the doctor, telling him that someone went to the hospital and started acupuncture treatment for Wei Jian and others.

The doctor's phone call was nothing to Qiao bossy. In his opinion, as long as the hospital didn't spare no effort to rescue Wei Jian and his party, a barefoot doctor could not be cured by acupuncture.

What he cares about is Qiao Ping'an's phone call, but someone has disabled five of them.

This shocked Joe domineering at the same time, the heart is the emergence of a huge anger!

Who has the courage and strength to abolish Qiao Ping'an? Is that Wang Fan coming?

Joe is domineering and angry, "son of a bitch, I don't care who you are. Dare to touch my Qiao family, you will die tonight!"

Joe's domineering, angry roar, immediately dial the phone to start the arrangement.

Even if he heard that Wang Fan defeated Qiao Ping'an, he still didn't take Wang Fan to heart.

There is more than one vicious dog around him who is more powerful than Qiao Ping'an. In his opinion, it is more than enough to deal with Wang Fan. What's more, even if those vicious dogs can't deal with Wang Fan, won't they use guns?

Qiao domineering don't have to think and already know that Dai Yuying can't take the initiative to send him to the hotel at night, and 80% of the time, Wang Fan will come to the hotel to find him, so he set up an ambush in the hotel room directly.

If Wang Fan dares to come, he will make Wang Fan come back!

As for Dai Yuying, when he kills Wang Fan, he will let Dai Yuying know the consequences of disobeying him!

Chapter 1249

"Sister Ying, let's go to Huangtian hotel. I'd like to see how much courage the man named Qiao actually has to make you go to the hotel to apologize. "

Wang Fan said to Dai Yuying after treating everyone.

His anger is a little big. After he smashed the members of Wang fan'anbao, Qiao bossy even said that he wanted Dai Yuying to go to the hotel to apologize. This is just looking for death.

He doesn't need to think, also know Joe bossy what dirty mind, this Joe bossy has been on his blacklist.

"Well." Dai Yuying nodded and followed Wang fan out of the hospital without hesitation.

With Wang Fan, she doesn't need to be afraid at all.

Huangtian hotel is not the top hotel in Guocheng, but it is absolutely the most expensive hotel.

The so-called room in this hotel can't be said to be a simple room. It's more appropriate to call it a banquet hall.

Each room in the hotel has hundreds of square meters, which is enough to hold a small banquet.

Room 8888 is the signature room of Huangtian Hotel, covering an area of more than 1000 square meters, very close to luxury.

As the hotel is Qiao's industry, the safety and privacy aspects are very good. In addition, there are some star models in the hotel, so many rich and powerful people are willing to come to the hotel.

At seven o'clock in the evening, outside the hotel is already crowded with luxury cars.

Rolls Royce mirage, Maybach, Porsche, Bentley, Lamborghini, Ferrari and so on are all kinds of luxury cars, which make you dizzy.

These dazzling luxury cars alone are enough to hold a small auto show.

Those who go in and out of the Huangtian hotel are all human models. At first glance, they are successful people.

Men look haughty and women are beautiful. Their eyes are full of arrogance, and their heads are like peacocks.

But when they look to the top, their eyes can't help showing yearning and worship.

Because the top floor is where room 8888 is located. Except for the Qiao family and those top dignitaries, no matter how high their value is, other people are not qualified to enter.

But tonight, Joe domineering is in room 8888 held a banquet, invited many not qualified to enter the dignitaries.

Those who were invited to the dignitaries were just as excited as if they had won five million in the lottery, and even walked a little bit.

On the contrary, those who are not invited to the dignitaries, only envy hate.

At this time, room 8888 is already overcrowded.

Joe domineering sitting in the middle of the main table, table also sat seven or eight men and women of great momentum.

These seven or eight men and women are the top thousands of young people in the city, and each of them has a good energy background behind him.

There were also eight tables on both sides of the main table. At this time, the eight tables were also full of people. Although they looked equally distinguished, they were slightly inferior to Joe's domineering table.

They occasionally swept Joe domineering table in the eyes, but also flashed yearning and blazing.

Qiao domineering did not intend to invite these dignitaries, but after he heard about Wang Fan's power, he invited these dignitaries in order to leave a way for himself.

He has ambushed five vicious dogs, 100 good quality hands and 30 shooters outside the room. The purpose is to kill Wang Fan.

If those people really kill Wang fan outside, it's the best. But if they don't kill Wang Fan, these dignitaries are his capital to protect his life.

After all, these people are the top people in the city. Wang Fan really came here and didn't dare to kill here, did he?

It's nothing for Wang Fan to offend one or two dignitaries, but once he offends more, can Wang Fan's security still survive? How can Wang Fan weigh it?

As for Wang Fan killed here, these dignitaries will help him, Qiao domineering talk, Qiao domineering did not consider.

The seven or eight people on the main table are his Joe's domineering friends. When the guests on the auxiliary table are invited to come over, they have accepted his Joe's domineering feelings. When Wang Fan wants to move him, he believes these people will certainly stand up.

Once these dignitaries come forward to stop, Wang Fan will not dare to offend them.

Of course, this is just Joe's worst plan. Maybe Wang Fan will be killed outside.

Ding ~ ~

just as Joe is pondering these things, a message is sent to his mobile phone. When he opens the mobile phone, his pupils immediately contract.

Because there are only four words in the message: Wang fan is here.

Wang Fan came by taxi. After he got off with Dai Yuying, he just used his mental energy to sweep the whole situation of Huangtian hotel.

He noticed that Joe was domineering, who was talking and laughing with all the powerful people. He also noticed that the killers and shooters were lying in ambush in all positions. A sneer appeared in the corner of his mouth.

This Joe domineering is a bit of brain ah, even know to prepare for a rainy day, to leave a good way for themselves. But Qiao domineering thought that this can let him Wang Fan retreat, then he Wang fan is too weak.

"What's the matter?" Dai Yuying found Wang Fan's expression changes, can't help but ask.

Wang Fan shook his head, "nothing, let's go in."

Then he took Dai Yuying into the hotel.

The security guards of the hotel obviously received the order and didn't stop Wang Fan at all. They let Wang Fan enter the elevator.

There are only eight floors in the hotel. Room 8888 is on the eighth floor, but the elevator is only on the seventh floor.

To get to the eighth floor smoothly, you have to walk from the seventh floor to the eighth floor in addition to taking a specific elevator.

Obviously, it is impossible for Wang Fan to take a specific elevator, so he can only walk from the seventh floor to the eighth floor.

Soon, the elevator had reached the seventh floor and stopped. The door opened.

As soon as the elevator door opened, Wang Fan suddenly flashed to the side with Dai Yuying in his arms, and then rushed out.

Come on, come on!

He almost just rushed out with Dai Yuying in his arms. A few bullets had already blasted on the elevator madly, making a harsh sound.

Dai Yuying felt the scene and couldn't help her eyelids.

Wang Fan didn't hesitate at all. He raised his right hand and shot the silver needle in advance.

Whoosh, whoosh!

Several sounds of breaking the wind sounded, and the four Gunners who were ambushed in the corner of the ninth floor were stabbed by silver needles, and fell down from the upstairs.

Wang Fan didn't stop, his right foot was suddenly a little bit, his body shape was refracted, and his silver needle was a straight throw.

In a corner not far away, a shooter who was aiming at Wang Fan with a sniper gun and was going to pull the trigger was shot in the middle of his brow and fell down.

How did Wang Fan find him? Did Wang Fan have perspective eyes?

Unfortunately, he may not know the answer in his life.

Dai Yuying felt the danger. Her heart only sank. It seemed that Qiao was domineering. She had been prepared for it.

Wang fan is not much face change, pull daiyuying not only not slow forward, dense bullets into a rain curtain, constantly toward him, but he leisurely hide in the past.

As he dodges bullets, the silver needles in his hand will keep coming out, ending the lives of one shooter after another.

Chapter 1250

Just 30 shooters were not enough for Wang Fan to kill. Wang Fan killed him in a short time.

The rest of the shooters were all scared, and their hands began to tremble. They did not dare to press the trigger.

Their hearts set off a storm, the whole body is unable to stop bursts of cold sweat.

Who is this man? Is that abnormal? In the face of bullets like a rain curtain, they were able to move forward leisurely as if they were walking in a leisurely court, which they had never heard of.

What shocked them most was that Wang Fan had eyes all over his body. He could know their position clearly and detect whether they were going to shoot ahead of time. It was just incredible.

The sense of terror spread from the bottom of their hearts. They were cold from head to foot.

Dai Yuying was also shocked by waves. Her face was pale and bloodless. If Wang Fan hadn't held her tightly, I'm afraid she couldn't bear to fall to the ground.

Although she knew Wang Fan was powerful, she never saw him with her own eyes.

Today, she just knew that Wang Fan was far from being able to describe it as fierce. She was just a pervert.

The previous dense bullets made her think she was going to die several times, but in the end, she was held by Wang Fan and ran away.

Stimulation, tension, oppression, she was in a state of confusion.

The ambush of the elite is also some scalp numbness, but soon they calm down.

Hula for a while, they poured out from all positions on the seventh and eighth floors, blocking Wang Fan's way.

Since the bullet can't kill Wang Fan, and since the ambush doesn't work, it can only be done openly and honestly.

They don't believe it. A hundred people can't win just one Wang Fan, let alone holding a woman who

has no power to bind a chicken.

"Son of a bitch, you're really cruel. You've killed so many of us. If we let you leave here alive today, we won't have to mix. Go to hell!"

A young man pointed at Wang Fan and said it fiercely. Then he waved his hand and immediately led more than ten people to fight Wang Fan with a machete.

The sharp chopper sent out chills, which made people shudder.

Wang Fan sneered, "if you want to kill me, just come here. Don't talk so much nonsense. I'm going to see Joe. He who stands in my way will die! "

He said indifferently. He didn't even bother to hide. He held Dai Yuying in one hand and directly took out the shadow knife in the other.

The sharp edge of the sword flickered, accompanied by a sound of jingling. In an instant, more than ten people with knives were overturned out.

The ground was dyed red, and the scene soon became Shura hell.

Those who were overturned, fell on the ground after a few flops, there was no movement, do not know is dead or alive.

Looking at this scene, the rest of the men's scalp numb, which is too adverse.

A knife will knock down more than ten people. Doesn't that mean that a hundred of them are not enough for Wang Fan to chop down ten people?

But despite the fear, they did not flinch, but crazily bit their teeth, and then bravely killed Wang Fan again.

"Stubborn!" With a sneer, Wang Fan suddenly pushed Dai Yuying behind her, and then jumped up in the air, chopping out the shadow knife in his hand.

With a knife on the left, more than a dozen men with a knife were chopped over. They were stained with blood and flew out, falling to the ground.

On the right side of the knife, the seven or eight men who rushed up had not been close to Wang Fan's body, and they had been thrown away, either dead or disabled.

Wang Fan cut down nearly 20 people with two more knives. It was a tough mess. God blocked the killing of God and ghost blocked the killing of ghost. It was irresistible.

Not far away, a gunner looked at the scene, heart cold at the same time, can not help but once again raised the hand of the gun.

Now there is a sword hand to hold Wang Fan down, which is the best chance for him. As long as he can hit Wang Fan, even if Wang fan does not die, his combat effectiveness will be greatly reduced.

He fixed his eyes on Wang Fan, breathed deeply, and then aimed his gun at Wang Fan.

Just as he was about to pull the trigger, his face suddenly changed.

Wang Fan just like behind a long eye, suddenly turned to see his position, eyes flashing a touch of ridicule.

His heart clapped for a moment, and there was a feeling of numbness in his scalp.

Without waiting for him to press the trigger, Wang Fan had already picked up a knife on his toes and kicked him hard.

Come on!

A sound, sharp knife point ruthlessly inserted his head, instant tragic death.

Around a few eager Gunners looking at this scene, no longer dare to have any small action, hiding in place motionless.

In front of Wang Fan, they have no courage to shoot, they have a shadow on Wang Fan, completely afraid.

Wang Fan went on all the way and wielded his sword all the way, but he couldn't stop it at all.

Under Wang Fan's shadow knife, those swordsmen are just like fragile paper men. They are not vulnerable at all. In less than three minutes, the remaining 70 swordsmen had all been overturned and completely lost their resistance.

After Wang Fan killed all of them, he suddenly stopped moving forward, turned his head and looked at a position on the side, "come out, don't you feel tired after hiding for so long? Does it feel good to watch one of your own people die? "

He had long discovered that there were five inborn strongmen hiding there, but they had never been broken.

If Wang fan is right, these five inborn strong are the so-called vicious dogs of the Qiao family.

One is born in the middle, four are born in the early. To be honest, this kind of strength is really good.

After hearing Wang Fan's words, the five vicious dogs couldn't help jumping their eyelids.

They were originally in ambush here, intending to wait for the opportunity to kill Wang Fan, but they have not found a suitable opportunity.

Originally, they thought that Wang Fan would take Dai Yuying upstairs after killing all the swordsmen and shooters. At this time, their chance came, but they didn't expect Wang Fan to find them.

They couldn't help but look at each other. Then three of them came out slowly with anger, but the other two didn't move.

They still had a fluke in their heart, hoping that Wang Fan didn't find the two companions, so their chances of winning would be greater.

But soon they were disappointed, Wang Fan's cold laughter came out, "the other two guys also come out, I want to solve you all at once, save the trouble."

Five vicious dogs listen to Wang Fan's words, and their noses are almost crooked. Is this tone too big?

One of the dogs couldn't help sneering, "if you want to solve us all at once, I'm afraid you don't have that great ability! I want to see how you can solve us all at once

He said, the whole body momentum has been crazy soaring up, the hand also grabbed a copper hammer, murderous look at Wang Fan.

At the same time, the other four also have the momentum, weapons in hand, ready to kill Wang Fan.

Wang Fan looked at their actions, sneer, "stare big eyes to see clearly, this is how I solve you at one time."

He said that he had already killed five vicious dogs with his knife.

His goal here is to be domineering, and he doesn't have the heart to chat with these vicious dogs.
