Chapter 1251

Wang Fan had rushed to Qiao San in an instant. The shadow knife swung out, swung away his copper hammer, and then kicked it.

Joe three felt this scene, his face changed greatly, he was crazy to dodge, but he couldn't dodge at all.

With a thump, Wang Fan's toes hit his chest. With a crack, Qiao San flew out with blood mist.

He slammed into the wall and made a loud bang. After he fell to the ground, he was on the verge of death.

The other four dogs' faces changed wildly. They didn't expect that Wang Fan was as strong as Qiao San. They were still not the enemy of Wang Fan.

They instantly realized that they were not Wang Fan's opponent at all. They forced themselves to stop the forward momentum, and they were about to retreat.

But where's the time?

Wang Fan had rushed to them, grabbed one of the dogs by the arm and swung it out.

At the same time, his shadow knife has been wielded at the same time, cutting another dog in half.

After all this, Wang Fan was slightly panting.

After all, his strength has not been fully recovered, and he has killed many people. Some of his strength can't keep up, so it takes time to buffer.

"Go

The other two dogs saw Wang Fan panting and looked at each other. Without hesitation, they turned and ran.

If they are equally matched, they may still have the courage to fight a crazy war, but knowing that they will die, they will not have the courage to fight again.

If these two guys choose to fight each other, Wang fan may have to spend a lot of time, but since they choose to run, it's cheap for Wang Fan.

Wang Fan looked at the two guys who ran away, but he didn't think about it. He picked up the shadow knife and ran after them.

He raised his momentum. First, he chopped a vicious dog over with a knife. While the other man turned his head to fight, his fist hit the other side.

With a bang, the dog was also blown away, seriously injured in an instant.

Five bad dogs, complete defeat.

Wang Fan gets five vicious dogs, grabs a pill and swallows it into his mouth. Then he takes Dai Yuying to the eighth floor.

On the eighth floor, room 8888, Qiao domineering is drinking and laughing with many young people.

But from time to time, he would stare at his mobile phone, and his brow flickered with anxiety, but he soon concealed it.

His heart was very restless, because there was no news for more than ten minutes. He didn't know whether the people outside were busy dealing with Wang fan or had been solved by Wang Fan.

After all, under normal circumstances, people outside should report to him every three minutes.

"Qiao Shao, what are you thinking about? Are you thinking about why Dai Yuying from Wang fananbao hasn't come yet?"

"I don't think much about it. If she comes, it's the best. If she dares not to come, we'll wipe out Wang fan'anbao tonight and arrest her."

One of the youths noticed the anxiety in Joe's domineering eyes and said with a smile. He obviously heard about the grudge between Qiao domineering and Wang fananbao, otherwise he would not have said so.

"Yes, just a little man. Why care. Joe, it's her good fortune that you see that bitch. If she dares to be ungrateful, don't blame us for killing her all. "

"Damn it, a mere outsider dare to fight with Qiao Shao in the city. He's looking for death.

In my opinion, Qiao Shao, your temper is still too good. If I were you, I would definitely kill Wang Fan'an, protect everyone, and then catch that bitch and play with him wantonly! "

The rest of the students followed suit, and their eyes were full of indifference. Obviously, they also know what happened between Qiao domineering and Wang fananbao.

These guys are the top kids in the city. They walk horizontally in the city, and they don't pay attention to the security of laoshizi.

Qiao domineering listen to the words of many people, in the heart slightly steadier some, but the surface is can't help but sigh a tone, "ah, you don't know, that Wang fan'anbao has a powerful person."

"An hour ago, he not only injured my subordinate Qiao Ping'an five people, but also said that he would come to Huangtian hotel to teach me a lesson. It's not that the other party is too strong. I have no bottom in my heart."

Qiao bossy this words don't say good, a say, the side big and young all can't help but smile in succession.

"No bottom? Joe, you're such a joke. There are still people who dare to teach you a lesson in this city. Doesn't that boy want to live? "

"Ha ha, there are so powerful people. Well, I'd like to see who this guy is and why he dares to challenge you, Joe."

Those around obviously didn't take Joe's bossy words seriously. They all thought Joe was joking.

After all, in the city, Qiao family is a big Mac. Qiao is the only three generations of Qiao family. Who dares to teach him a lesson?

Even if the capital has come to the city, if you want to teach Joe domineering, you have to weigh it.

Because Qiao Zheng, the head of the Qiao family, has only such a son as Qiao domineering. Once there is something wrong with Qiao domineering, Qiao Zheng will be really desperate. Qiao domineering listen to these words, smile, half joking, half seriously said, "where do I have a joke, I'm really afraid."

"Now I'll talk to you first. If that guy really dares to come, you must help me."

The boys and girls laughed and their chests clapped.

"Don't worry, Joe. As long as that guy dares to come, I won't let him off first."

"Ha ha, and me!"

"Dare to challenge Qiao Shao in our territory, I want to see how much courage he has grown!"

Boom!

These young people are talking about it, not far from the door has been kicked open, glass sawdust splash, Wang Fan with Dai Yuying stride in.

Shua!

In a flash, they all looked at Wang Fan by chance, and there was a shock and inconceivable in their eyes.

Those dignitaries on the Deputy table looked at Wang Fan, and they couldn't help thinking, who is this guy? It's too much. They dare to break into the door.

Don't he know that the emperor hotel is Qiao's territory, at this time room 8888 is gathered a lot of power over the city?

On the main table, the young and the old changed color one after another, and the voices of those who were making sure stopped suddenly.

They didn't expect that someone was really provoking them, and in this almost barbaric way.

Qiao domineering looking at that Wang Fan Dai Yuying two people who come in, the facial expression is in an instant difficult to see the pole.

He didn't expect that Wang Fan came in with Dai Yuying after only ten minutes.

Wang Fan has come in, doesn't it mean that those people outside have been solved?

How is that possible?

How could 30 shooters, 100 swordsmen and five vicious dogs not stop just one Wang Fan for more than ten minutes?

Joe is so bossy that he can't believe it.

After Wang Fan takes Dai Yuying into the room, he doesn't stay too much at all, so he has gone to Qiao domineering on the main table.

It wasn't until he came to the table that the big and small dignitaries reacted.

"Who are you, and who let you in?"

"Don't you know it's an important part of the hotel, and you're not invited to enter by mistake?"

"Damn, you broke into the house. Are you looking for death?"

"Get out of here, or believe it or not, we'll kill you?"

In the short silence, a group of young and powerful people could not help shouting angrily.

Chapter 1252

Wang Fan didn't pay attention to the clamorous young people. Instead, he looked at Qiao domineering calmly. "Qiao Shao, don't you want her to come to the hotel to see you at eight in the evening? We're

here."

He asked coldly, "how do you want us to apologize?"

Qiao bossy listened to Wang Fan's question, his face was ugly, and he couldn't say a word.

How to apologize?

How else can I apologize?

Of course, kneel down and kowtow to allow him to abuse the apology, but this he Joe domineering dare to say? Now he says, isn't he looking for death?

Just because Joe is domineering, he doesn't dare to say it, but it doesn't mean that those young and old people don't dare to say it. One of them stood up suddenly when his face changed. "How to apologize? Of course, he knelt down and apologized. Has your parents never taught you?"

He pointed to Wang Fan, "kneel down and apologize immediately, or don't blame me for being impolite! Damn, I just told you to go away, but now it's too late for you to go away! "

He is very angry, angry Wang Fan previously ignored.

Zheng Yicheng is a top young man in the city. When did anyone dare to ignore him? But today, Wang Fan just ignored him, which made him almost unable to accept!

"Kneel down and apologize?" Wang Fan a cold smile, the next second, directly forward two steps, a slap on Zheng Yicheng's face.

With a slap, Zheng Yicheng didn't think that Wang Fan would dare to beat him. He was directly whipped up and fell on the ground with blood splashing on his teeth.

This scene, not only let Joe domineering changed face, around those young also changed face.

No one thought that Wang fan should be so bold and unruly, even Zheng Yicheng dare to fight, but also said to do it.

Wang Fan slapped Zheng Yicheng and took out a tissue to wipe his hands. Then he looked coldly at Zheng Yicheng and said, "kneel down and apologize. What are you?"

His words are very disdainful, "also, this is my Wang Fan security and Qiao Shao's personal grudge, what's the relationship with you, turn to you blind comparison?"

Wang Fan said, the line of sight slowly swept the audience, "you all shut up, or I'll fight with you."

Those young people listen to Wang Fan's words, their noses are almost crooked.

Even if they fight together, is that crazy?

A guy didn't believe in evil at all. He stood up and said, "son of a bitch, do you know who we are? Do you know what it's called" disaster comes from the mouth? "

"Even if we fight together, you have a big voice. My name is Zhang Tianliang. My father is Zhang xiongba who has lived in the city. Do you want to move me? "

Other young people listen to Zhang Tianliang's words, is going to follow the clamour, Wang Fan has no hesitation nodding, "OK."

With a good word, Wang Fan has come to Zhang Tianliang's side in an instant, and he has also slapped the past.

With a slap, Zhang Tianliang flew out with his teeth splashing. He was even worse than Zheng Yicheng before. He flew five or six meters away, but he couldn't get up after falling on the ground.

Looking at this scene, everyone's face is a dead silence!

Too arrogant, too arrogant, too lawless!

Is Wang Fan fearless in ignorance, or is he fearless at all?

Joe domineering is also a burst of cold hands and feet, he felt that he underestimated Wang Fan.

Originally, he thought that those people outside should be more than enough to deal with Wang Fan. Even if those people can't deal with Wang Fan, Wang fan doesn't dare to fool around here because of the status of these powerful people.

But now, he found that he thought bad, Wang fan is fearless, unscrupulous.

Wang Fan, even Zheng Yicheng and Zhang Tianliang, dare not hesitate to say that they will do it. Obviously, it is impossible for Wang Fan to move him and Qiao bossy to have any pressure.

Joe domineering can no longer sit, tengdi stood up, "Wang Fan, I admit that I did a little too much, now I apologize, you say a few, I am willing to compensate."

It has to be said that Qiao bossy is very smart, he found that the situation is not good, immediately began to soften, trying to spend money to avoid disaster, at the same time, he did not say a word threatening Wang Fan.

Because he knows that threatening Wang Fan now will only make him die faster, and he can only

protect himself to the maximum extent by simply recognizing counsels.

He who knows current affairs is a hero. As long as he survives the crisis tonight, he will tell his father Qiao Zheng about it tomorrow, and the army of Qiao family will kill Wang Fan.

Those young dignitaries saw Qiao bossy even began to admit counsels, heart set off a storm, it is some incredible.

That's Joe's domineering. He's always been counselled in front of others. When did he ever counselle in front of others.

Originally, there were several young people who wanted to threaten Wang Fan, but after hearing Qiao's domineering soft, they could not say any more threatening words.

"Compensation? How much did you pay? " Wang Fan a cold smile, next second, already ran to Qiao domineering in front.

When Joe bossy didn't react at all, his right hand had already grasped Joe bossy's head and knocked down the thick table!Wang Fan showed that the elements are fierce and resolute, looking around those young and big are unable to help eyelids straight jump, face changed.

Hard, it's too hard!

With a thump, Joe banged his head heavily on the table. The thick table broke in an instant, and the glass debris flew out.

With Joe's domineering head and the table as the center, the red blood spilled out everywhere, red dazzling, shocking.

"You smashed our Wang Fan'an insurance company and maimed dozens of employees in our company. With an apology and a compensation, you thought about it. Is it too simple?"

Wang Fan grabbed Qiao's domineering head with one hand and lifted it up. The other hand was already slapping him in the face with shame.

Hot pain, Joe domineering moment some eyes Yi want to crack!

Shame!

It's a shame!

It's a shame that Joe has never experienced in his life!

Joe was domineering and forced to endure the humiliation. He suddenly raised his head, and his face

became extremely ferocious. "What do you want? I tell you, I'm from the Qiao family. If you touch me, you'll die a terrible death! "

Since it's meaningless to be soft, Joe's domineering is no longer soft. Instead, he begins the threat of fierce internal stubble, "if you can kill me today, you can't kill me today, and I'll kill you tomorrow!"

His voice was murderous and his tone was ferocious and resolute.

No one at the scene doubted Joe's bossy threat, because he could really do what he said.

Wang Fan didn't care about Qiao's domineering threat, just sneered, "threat me? Good

He said, suddenly grabbed a fork, directly ferocious toward Joe domineering palm inserted down.

With a hiss, Joe's domineering right hand was nailed on the table, and the red blood came out immediately, and his mouth could not help uttering a shrill scream.

Wang Fan's voice continued to spread indifferently, "it's just a Qiao family. Wang Fan hasn't paid attention to it yet. He wants to revenge, even if he comes to me."

"I don't want to do anything. I just want to give it back to him in his own way. It's not too much for me to break your limbs when you break one leg of the company's employees? "

Breaking limbs?

Joe is domineering, and his eyelids are jumping. If he breaks his limbs, what's the difference between him and death?

Chapter 1253

Around those young and old are also a burst of horror, originally Wang Fan nailed Qiao domineering right hand has let them shocked, but they did not expect, Wang Fan even planned to abolish Qiao domineering limbs.

Who is Qiao domineering? That's the only child of the three generations of Qiao family. Wang fan is so fierce and arrogant. Isn't he afraid of Qiao family's revenge?

But at this time, no one dares to say a word, Wang Fan even Joe domineering said to move, that move them is no pressure.

If Wang Fan was afraid of them, they might brag about it, but now it's about their own life, so they don't dare to talk anymore.

Qiao domineering face crazy change, is going to speak, Wang Fan has been brazenly shot.

There were four noises. Joe's domineering limbs were suddenly abandoned, and the sharp pain came. He couldn't help but scream and almost fainted.

"You, you dare to abolish me, you will die!" Joe domineering, forced to endure the pain, exhausted hiss in the bottom of the scream, like crazy.

"Just wait for my bloody revenge! I swear, not only you, your relatives and friends, will all die, but also in the most miserable way, no one will stay! "

Qiao's domineering voice is full of resentment, and his heart is full of hatred for Wang Fan!

He said that Joe's domineering had been abandoned, which was something he had never thought of.

He can't take it!

Wang Fan sneered, "Oh, really, I'll wait for your bloody revenge. Even if your Qiao family doesn't come to me, I won't involve your Qiao family because of your affairs. "

"But if you Qiao family dare to come to me, I don't mind uprooting you Qiao family. If you don't believe me, we'll see. I, Wang Fan, do what I say."

"What's more, it's not my fault. It's you, Joe, who provoked me first. You are responsible for everything. Is it difficult to allow you to bully others and not allow others to bully you? "

Wang fan doesn't care at all. No matter how powerful the Qiao family is, if they dare to provoke Wang Fan, they will take it directly.

Although Wang fan doesn't take the initiative to cause trouble, he won't be afraid of it. What's more, he still holds the truth in this matter. He's been practicing for so long. If he can't protect his own people, he's still practicing fart!

Joe's domineering trembling, but helpless, fell to the ground and began to roll in pain.

Those young and old people were also shocked. Wang Fan was so cruel that he abandoned Qiao's domineering limbs, which was more cruel than killing Qiao's domineering.

And Wang fan is still very arrogant. They don't know whether Wang Fan really has the strength, or he is here to show off his strength.

Wang Fan abandoned Qiao domineering, but did not leave like this. He patted Qiao domineering's face and continued, "Qiao domineering, don't think it's over."

"Now I just want to get back the place where my Wang Fan security staff were abandoned. The thing that you smashed my Wang Fan security company has not been counted."

"Wang Fan'an has spent a total of one billion yuan on the construction of the warranty. Your failure not only makes the one billion yuan we spent float, but also delays the normal development of our work. What do you say about this?"

Wang Fan stretched out five fingers, "five billion yuan compensation, give you a week, a week can't take out, then don't blame me cruel."

"You Qiao domineering listen to Wang Fan this words, almost all angry about vomiting blood.

Five billion? Why the hell don't you grab it?

Wang fan'anbao's decoration cost less than 100 million yuan, but Wang Fan even asked for 5 billion yuan. What is it?

Joe's domineering is just like a crack in his eyes, but now he has no way at all.

He thought hard in his heart, crazy, crazy, he wants to see how long Wang fan can be crazy.

In a week, his family was enough to destroy Wang Fan countless times.

Those around the same with the shock, but still no one dare to speak.

"Remember, it's a week. It's overdue. Let's go!" Wang Fan finally said to Qiao domineering, and then left here with Dai Yuying.

Those big and young dignitaries looked at Wang Fan's back when they left. No one dared to talk nonsense any more.

Dai Yuying was a little confused all the way. She felt like a dream.

She did not expect that, in the rain of bullets, both of them came out alive.

When she went outside and was blown by the cold wind, she regained some consciousness.

She looked at Wang Fan's back, which was not majestic, and suddenly felt very steadfast.

This man is really too strong, as if as long as he is there, the sky will fall down without fear.

The news that Joe was abandoned caused a great sensation in a short time.

"What, how could Joe be abandoned?"

"Who is so bold as to abolish Joe's domineering

"God, although I know it's wrong to say that, I can't help but say that it's so damn good to be abandoned. That Joe domineering should have been abandoned for a long time, but why didn't Wang Fan kill him?" "Shh, sh

Some celebrities gathered in groups of three or five could not help but began to talk about it. Obviously, it had a great impact on them.

Joe is domineering. He is as domineering as his name is. He always bullies others when he is in the city. No one dares to bully him at all.

Even those who are more prominent than Joe's domineering identity, generally give Joe a little thin face. Because Qiao domineering is the only child in the three generations of Qiao family, the baby is very beautiful.

But now, Joe bossy was abandoned, how can this not stir?

At the same time, with the sensation of Qiao being abandoned, Wang Fan and Wang fan'anbao also resounded throughout the city.

Everyone knows that there is such a person as Wang Fan and that there is such a company as Wang Fan Anbao.

Joe's family.

Qiao is in one of the mistresses, suddenly received the news that his son was abandoned.

When he heard the news, he was furious. "What? How could the domineering be abandoned? When did it happen? "

"What about Joe three? What about the dog bodyguards? Waste, a group of waste, can't even protect the domineering! "

Joe is angry roar end, no longer can't care to continue with mistress, directly hang up the phone, put on clothes left Qiao home.

"They're all dead." Joe was hanging up when a weak voice came from there, but it was a pity that Joe didn't hear it.

Joe is really angry, almost to the extreme.

Over the years, he found a lot of women, but only gave birth to such a son as Joe domineering, which shows how precious Joe domineering is. But now, this baby has been abandoned. How can he accept it?

Twenty minutes later, Joe arrived at the hospital and saw Joe domineering.

At this time Joe domineering arms and legs are tied with thick white bandage, looks very sad.

His eyes were empty and his expression was dull, as if he had no soul at all.

Because he just received the doctor's notice, his arms and legs have been unable to connect, the news for him is a bolt from the blue, he did not even have the courage to live.

Joe is looking at Joe domineering, the heart is a burst of anger, it is angry.

Who is it? Who is it? How dare you beat up his son like this?

Chapter 1254

"Domineering." Qiao Zheng's voice was choking. He really didn't know how to comfort his son.

Joe domineering as if just found that Joe is coming in, he was first stunned, then his expression became ferocious up, "Dad, you must revenge for me, I want him to die, I want him to die!"

His voice is very exhausted hiss in the bottom, obviously to Wang Fan hate to the extreme.

As soon as he thought that he would become a useless man, he wanted to tear Wang Fan to pieces.

Joe nodded. "You're upset. It's not going to end like this. Tell me what happened first and tell me who the other party is

Joe domineering did not hesitate, quickly will complete the whole thing out.

He didn't cover up the facts, he didn't exaggerate, but for all that, Joe was a little angry.

He slapped his fist on the wall, and his eyes flashed with extreme anger. "Good, good, good arrogant guy, even if I beat my son, I dare to ask for five billion yuan from Qiao's family."

"Who does he think he is? Does he think that he belongs to his family and that he can be lawless?"

When Qiao was saying these words, he didn't think that it was his son Qiao who was domineering and lawless, not Wang Fan who was lawless. He didn't even think that Qiao was domineering and lawless.

"Wang Fan, I remember. I want to see why he is so arrogant. Don't worry, Wang Fan. I'll make him pay the price. "

Joe is cold finish, and looked at the two nurses, "you give me take care of him, if he has anything, I want your life."

With that, Joe just walked out of the ward.

The little nurses listened to Qiao Zheng's threat, even the atmosphere did not dare to breathe, scared of the delicate body began to shake.

Outside the ward, a large number of doctors have gathered, and all the dean and director have come.

They all stood outside in a state of great anxiety.

Qiao is a big man who has been through the city. They can't afford it at all. Now Qiao's only son, Qiao, is seriously injured and hospitalized. Qiao must be angry. As long as they say something wrong, they will be in danger.

"Joe, Mr. Joe." Seeing that Joe was coming out, the Dean rushed to meet him with a smile on his old face.

"Well." Joe is light nodded, directly said, "I don't care what means you use, in short, to cure my son, otherwise, the consequences."

Qiao just finished saying, directly left the hospital without looking back.

The dean and his party looked at each other, but they did not dare to refute.

"Wang Fan?" Qiao is out of the hospital, gritted his teeth and murmured, dialed an old friend's phone, he wants to investigate who this Wang fan is, why dare to be so arrogant.

Although Wang Fan's reputation is outside, it is only limited to the top circles in the capital and the ancient martial arts circles. Not everyone knows Wang Fan's identity.

The reason why Qiao domineering can find out Wang Fan's strength is that he has a friend in the capital.

But his friend's status is limited. He just heard that Wang fan is powerful, but he doesn't know how powerful Wang fan is.

Otherwise, if Qiao bossy heard that Wang Fan could destroy the Meng family, one of the eight families in the capital, he would not dare to be so presumptuous.

"Mr. Zhang, I'm Qiao Zheng. I want to ask you about someone." After dialing the phone, Qiao spoke directly without any beating around the bush,

"a guy named Wang Fan beat up my son and asked my Qiao family to pay 5 billion yuan. I want to ask you what Wang Fan really is."

Zhang, on the other end of the phone, listened to Qiao Zheng's question. First he was stunned, then he was shocked, "Wang Fan? Which Wang Fan? Is that Wang Fan from Jinzhou? "

Qiao Zheng's eyelids jump, instantly realized that Wang Fan's is not simple, but still clenched his teeth and said, "I don't know if he is Jinzhou's Wang Fan, I only know that he has a company Jiaozuo Wang Fan Anbao."

Pop.

Mr. Zhang's voice obviously came from the landing of his mobile phone. After more than ten seconds, Mr. Zhang's voice came again, "I don't know. You'd better ask others."

Then he hung up in a hurry.

Joe is listening to the busy voice in the phone, his face is ugly. After living so long, how can he not realize that Wang fan is not simple?

Zhang was obviously afraid of Wang Fan and even kept a secret!

He didn't believe in evil and made a few calls again.

But without exception, those people were very polite at the beginning, but after hearing that Wang Fan was Wang Fan Anbao, they immediately hung up the phone and didn't dare to say a word more.

Even if that's OK, some people even turn off their mobile phones directly after hanging up, and don't give Qiao Zheng the chance to continue dialing.

However, before hanging up the phone, one person could not help reminding Qiao Zheng, "do as Wang Fan said, swallow this breath and give five billion yuan. Don't knock it out."

Joe is feeling the tone of those old friends, heart bursts of shock. Who is Wang Fan? How can he have such a big deterrent? Even his old friends are so scared?

You know, his old friends are also big men from all over the world. They are rich and powerful, so they are not what ordinary people can provoke.

Qiao Zheng's face was gloomy, but he didn't give up the idea of revenge.

Even if Wang Fan's status is extraordinary, what about his ability? He doesn't believe that he can't even deal with a single Wang Fan on the cross city site.

The next day, 10 a.m.

The elder of the martial arts sect came out of the airport with a gloomy face.

After they went out of the airport, before they had time to find Wang Fan, they heard that Wang Fan had abandoned Qiao's domineering.

Two people look at each other one eye, instantly then gave up the idea of immediately looking for Wang Fan, but rushed to Qiao's house.

The two of them went to Wang Fan directly. They were afraid that Wang Fan would run away. They might as well take advantage of the Qiao family.

With Qiao's death squads as pioneers, they will be more confident in catching Wang Fan.

Qiao family, Qiao Zhengzheng worried about how to attack Wang Fan, and suddenly received the news that the martial elder visited.

He was stunned for a moment, and then let someone bring the martial elder in.

"You say you can help me deal with Wang Fan? Who are you and why should I believe you? What's more, why do you think Joe needs help? Can't we deal with Wang Fan without you

Qiao was looking at the two elders of martial arts and asked with a gloomy face.

The two elders of martial arts are ugly. Qiao just can't believe that they can help him?

If these two people really have strength, even if it is to amuse him Qiao Zheng, then don't blame him Qiao Zheng's impoliteness.

Besides Qiao's domineering mother pan Rong, there are 13 people standing beside Qiao Zheng. The other 12 people are all vicious dogs raised by the Qiao family, which are also the ultimate strength of the Qiao family.

Wu Chang's eyes slowly swept over Qiao Zheng and his party. When he came to his domineering mother pan Rong, he stopped a little, and then looked at Qiao Zheng again.

He disdained a smile, "you don't care who we are, in short, we can really help you Qiao family."

"I'm sure you can't deal with Wang Fan without our help."

He pointed to the twelve dogs and said, "do you think you can kill Wang Fan with this group of waste?"

Chapter 1255

"What, what do you say? Who do you say is rubbish?"

"Old bastard, dare to scold me for being a waste. Believe it or not, I'll run over you with one finger?"

"Son of a bitch, how dare you insult me! I've skinned you!"

Twelve fierce dogs, listening to the provocation of elder Wu, were furious. They wanted to rush up and crush elder Wu to pieces.

They are so angry that they dare to call them rubbish. They are looking for death.

But Qiao Zheng didn't give orders, so even if they were angry, they could only bear it.

Qiao Zheng's face was also gloomy and terrible. He felt that his anger could not be suppressed.

First of all, his son was abandoned. Today, it's so good that someone dares to come and challenge him. Is his Qiao family so weak that people can be deceived?

Qiao Zheng's anger is expanding. He's going to let people beat the two warriors, and then throw them out like dogs. The martial elder has already taken the lead.

"Dare to be disrespectful in front of me and seek death." As soon as Wu Chang's face was cold, he was already in front of the noisy dogs. He slapped the dog like a fan without hesitation.

There were five loud noises, and five screaming dogs were instantly overturned, and their mouths and noses gushed blood and fell to the ground.

they didn't even have the consciousness to react in front of the martial arts chief.

"You're just rubbish. You deserve to yell with me? If you dare to speak disrespectfully again, I will kill you directly. " Wu Long said coldly, and then returned to the original place.

He is one of the twelve elders of the Nu Quan sect, and he is also a powerful man who can escape from the world. How noble is his status? How can these mole ants challenge him?

If Wang Fan's martial arts were not too important and he needed the help of the Qiao family, he would have killed the five vicious dogs long ago. How could it be as simple as slapping them?

When Qiao Zheng and his party saw that Wu Changlao had turned over five vicious dogs in a flash, they couldn't help their eyelids jumping.

Especially the other seven dogs, the heart is set off a strong shock.

Who is this man? Is that too scary?

Five slaps, five congenital bad dogs, what strength is this?

The five dogs were overturned, not to mention, they looked at elder Wu with extreme fear, but they did not dare to shout any more.

Powerful. It's too powerful.

With the five slaps of the elder martial arts master, they already know that even if all the Qiao elite add up, they are not the opponents of the elder martial arts master, unless they use big guns and cannons.

"Now do you believe we can help you? I can frankly say that without our help, if you want to deal with Wang Fan, you will be doomed. "

Wu Changlao coldly looked at Qiao Zheng, "if not that Wang fan is too cunning, we are afraid that he will run away. Do you think we can use your Qiao family's help?"

When Wu Changlao spoke, his eyes once again inadvertently swept over Qiao's domineering mother Pan Rong, and there was a flash of blazing heat in his eyes.

Pan Rong noticed that Wu Changlao's fiery eyes made her feel uncomfortable. She couldn't help pinching her legs, but she didn't dare to speak.

"Two inside, please." Short dull, Joe is back to God, a change before the cold attitude, made a gesture of welcome.

Although he knew that the cooperation with elder Wushang was likely to be seeking skin with a tiger, he realized that Wang Fan's revenge was not simple, but his son's revenge was inevitable.

Wang Fan didn't know that there were two more elders in the Nu Quan sect, and they came for his mountain climbing seal. At this time, he was studying mountain climbing seal in the hotel room.

After seeing things in the lake, he realized the strength of nuquan gate and the lack of his own strength.

It can be said that he was able to kill Gai Feituo because of luck. If Gai Feituo was stronger, or he didn't climb the mountain, I'm afraid it was Wang Fan who was killed.

Wang fan is aware of the crisis, so he has to work hard to improve his strength.

For a whole day, Wang Fan was almost studying fanshenyin, and didn't leave the room until the evening.

Dai Yuying has bought a manor outside and picked up Liao Feng, Wei Jian and Zhang Tiezhu.

Because Wang Fan was studying fanshenyin at that time, she didn't disturb Wang Fan. She just sent a short message to Wang Fan and told him the location of Wang Fan's manor.

After Wang Fan left the hotel, he was planning to take a car to the manor, but suddenly he saw a girl

supporting an old lady across the street in the middle of the cross road not far away.

Of course, this is not the key, the key is to change the light.

A silver off-road vehicle didn't see the old lady in the middle of the road, or for some other reason. It accelerated and ran straight into them.

"Ah

Those pedestrians around looked at the scene and turned pale one after another. They immediately opened their mouths and screamed.

The old lady of the girl also stood in the same place with a pale face. She was so scared that she completely forgot to escape. Wang fan can't help but frown. He's going to help, but he suddenly realizes that the girl has swept herself with the light from the corner of her eye.

Wang Fan's heart clapped for a moment, and he was alert in an instant.

Is this a conspiracy? A conspiracy against myself?

He was just stunned for a second. With a bang, the white SUV had hit them hard, and then they all fell out.

During the blood spraying, the girl and the old lady all fell heavily on the ground, leaving a pool of blood.

"Ah."

Screams, screams, even into a timid have covered their eyes began to stay away, bold is can not help but pinch out the phone began to take photos.

Wang Fan's mental strength once again glanced at them, and found that their injuries were true, and their expressions were not suspicious. Then he quickly walked over.

In his heart, he was thinking, is it hard to be that he was too thoughtful? Maybe it was the ambush in the lake that made me suspicious.

"Are you all right? Call 120 and send to the hospital!" When Wang Fan went by, some people around him began to talk, and some kind-hearted people also helped dial 120.

The old lady had closed her eyes and lost consciousness, while the girl was pale and wailing.

Without hesitation, Wang Fan took out the silver needle and walked over. He said, "I'm a doctor. I'll give them a simple treatment first."

When he said this, he was afraid of misunderstandings from people around him and that the old lady would be nervous.

Speaking at the same time, Wang Fan has already walked to two people's side to squat down, and then grasped the silver needle to quickly start the treatment for the old lady.

But when he was treating the old lady, he suddenly felt uncomfortable.

His mental power quickly swept out, it was found that the girl looked at him with a venomous face, just like complaining that he didn't help him just now.

Wang fan is aware of this scene, once again a tight heart, immediately has been determined, this is indeed against their own plot.

As he was about to withdraw the needle and leave, a chill came suddenly, and the old lady with closed eyes suddenly opened her eyes.

Chapter 1256

Whoosh!

When the old lady opened her eyes, a sharp knife flashed out of her right hand and stabbed Wang Fan fiercely.

Quick, urgent, ruthless!

Extremely sharp!

She took advantage of Wang Fan's needling time to kill Wang Fan.

It was premeditated!

As soon as Wang Fan's face changed, he was about to escape, but suddenly he found that the girl behind him was also moving.

Just different from the old lady, she did not take out a weapon to attack Wang Fan, but suddenly spread her arms to Wang Fan.

Wang Fan noticed that this scene, no longer care so much, holding a silver needle on the sharp knife, swing open the sharp knife, and then right leg suddenly step on the ground, directly toward the distance to jump out.

Come on, come on!

Almost at the moment when he ran out, there was a piercing gunshot in the air, and several bullets shot

madly at Wang Fan.

Wang Fan's anger expanded. While flying, he grabbed the shadow knife and chopped it out.

Dangdang!

Three sounds, three bullets were swept down by shadow knife, Wang Fan fell on the ground.

His face was very gloomy. He didn't expect that as soon as he walked out of the hotel, someone set up a bureau to assassinate him, and the killing moves were all in one ring.

The passers-by around them screamed one after another, all of them ran away in fear, and no one dared to get close to them any more.

They didn't expect that the old lady and girl who were hit by the car would even kill people. They didn't expect that there were still shooters hidden near here.

It's just terrible.

Wang Fan ignored the scattered people, but coldly looked at the old lady and the girl, "I am kind-hearted to save you, even if you are not grateful, you still want to kill me, which is not very good?"

He knew his carelessness. Although the two were hit by a car, their injuries were not light, but they were only limited to their legs, and their upper body could still make movements.

The old lady girl looked at Wang Fan fiercely, but without thinking about it, she pressed her chest crazily.

Wang Fan looked at this scene, eyelids straight jump, instantly toward the distance to jump away.

When they pressed their fingers to their chest, he found that there was a small bomb remote control on their chest, but Wang Fan didn't sweep the bomb on them. It was obvious that the bomb was implanted into their bodies.

There were two loud blasts, and their bodies were instantly blown into blood mist, and their flesh and blood flew.

Wang Fan's face is more gloomy. Is this Qiao's revenge? The Qiao family is really not simple, there are such killers.

It seems that he will go to Qiao's house ahead of time. Although this kind of killing is not a big threat to Wang Fan, if Qiao's family uses it on other members of Wang Fan's group, I'm afraid no one can escape.

Wang Fan just thought of this -

Wuwu!

Around again came a harsh sound, saw four cars from the front and back, left and right four directions, crazy toward Wang Fan.

The four cars were like running rhinoceros. They didn't want to slow down at all. The speed was getting faster and faster. They were crazy. They obviously wanted to kill Wang Fan!

Wang Fan's eyelids couldn't stop a fierce jump. He jumped up in an instant, and then flashed to the side.

He jumped more than two meters high. Almost at the moment when he jumped up, the four cars had roared past his feet and collided with each other.

With a bang, the four cars that collided with each other flew directly, and the debris splashed everywhere. There was a terrorist explosion and a huge heat wave!

Wang Fan's face changed again before he had time to breathe.

Come on, come on!

Another three bullets shot at him crazily. As soon as Wang Fan heard the sound, he knew it was a sniper bullet.

Is this fuckin 'over?

Wang fan is angry, completely angry!

As soon as he moved, he passed through the three bullets in an instant, and then ran directly to the location where the sniper was hiding.

The other party's endless assassination makes Wang Fan feel bored. He can't continue to be so passive. He wants to take the initiative.

Wang Fan soon rushed into the other party's high-rise building, but he just entered the first floor, and twelve armed men appeared on the second floor.

After they appeared, without any hesitation, they directly launched a merciless shooting at Wang Fan.

"To die!" With a sneer, Wang Fan leaped up in an instant, dodged the bullet while wriggling strangely, and then killed the twelve fierce men.

He had already found the twelve strong men, so he was not surprised by their appearance.

In fact, Wang Fan found not only 12 men on the second floor, but also 24 men on the third floor and 36

men on the fourth floor.

In a word, there are many people in ambush on each floor of these 30 plus stories high-rise buildings, and there will be more people in ambush on each floor. Come on!

When Wang Fan's shadow knife came out, he drew a startling sword. The twelve fierce men didn't have time to fight back for the second time, but they were ruthlessly knocked over by the shadow knife.

They fell directly from the second floor, stained with blood, and never survived.

"Is this the inside story and means of the Qiao family? Well, let me, Wang Fan, understand." Wang Fan said, carrying the dye blood shadow knife, directly ran to the third floor.

"Kill

"Kill him!"

Wang Fan just ran to the third floor, 24 men rushed out with knives and sticks. They yelled and killed Wang Fan madly.

The situation of the cold, see some scalp numbness.

Wang Fan looked at these people, a cold smile, is going to hand, but suddenly felt something wrong.

Because he found that one of these people had a strong breath, and even gave him a feeling of panic.

Wang Fan noticed this scene, and immediately had a bad premonition. He didn't have time to think about it. He frantically offered a shadow knife to chop over the seven or eight people in the front row, then turned his head and rushed down to the first floor.

Whoosh!

Almost at the moment when Wang Fan turned and rushed to the second floor, Shang Changlao, who was hidden among the 24 people, jumped up suddenly and whipped him with a whip.

The whip raised a shrill sound and swept to Wang Fan. Wang Fan felt numb in the moment.

The fourth floor of tuofan is actually the fourth floor of tuofan!

His face changed wildly, and he began to rush forward!

But even so, elder Shang's whip still hit his back, tearing his clothes and his flesh.

Wang Fan felt the tingling pain, and the corners of his mouth were worth smoking. He never thought

that among the 24 mole ants, there was a big man in the fourth floor!

If he had known that, he would never have rushed up.

Shang Changlao was also a little surprised. He didn't expect that Wang Fan's reaction was so fast. He was aware of his existence at the first time and began to retreat, so that his sudden whip didn't achieve the expected effect.

You know, today's series of killing moves against Wang fan are all planned by him. The purpose is to give Wang Fan visual fatigue, let Wang Fan think that everyone is a rookie.

Only in this way, his hand will play a magic effect.

Otherwise, he will find Wang fan face to face, and Wang Fan will probably choose to run away at the first time.

In that case, if they can't catch Wang Fan, they will fall short.

Wang Fanqiang resisted the hot pain in his back and continued to rush down to the first floor without looking back.

Just as he had just rushed to the first floor, before he had time to go out, his face changed again and suddenly dodged to the side.

Almost as soon as he had just flashed to the side, a sword light had already split in from the door, slashed at his previous position, and blasted out a gully several feet long on the ground.

Chapter 1257

Wang Fan was in a cold sweat.

It's really a big hand to take off the four levels.

It can be said that if he didn't have the mental power to detect the martial elder outside in advance, I'm afraid he would not be able to avoid this sword. And once he's hit, at least it's a serious injury.

Daddada

in the dust, the commander came in with a sword and a face of Xiaosha.

His heart is also very shocked, obviously did not expect that his sudden sword, even failed to hurt Wang Fan.

Can Wang Fan be aware of his four-tier breath by taking off the second tier?

As for those Qiao family dead men on the third and fourth floors, they were stunned at this scene.

Is this a fantasy film? One knife cut such a big gully on the ground, which they did not dare to think about.

Shock!

Endless shock!

There was fear in their eyes when they looked at elder Wu.

It's a fear of the strong.

Wang Fan didn't care about the fear of the Qiao family. He looked coldly at Wu Chang, "where are you? How dare you attack me? If you have seed, you will report the origin. I will not kill the unknown. "

Although Wang Fan had already guessed that Wu Shang and Wu Shang were both men of Nu Quan, he still had to ask. The first is to confirm the identity of the other party, and the second is to provoke these two dogs.

Wu Changlao listened to Wang Fan's question, his face immediately became ugly, and his heart set off bursts of anger.

As one of the twelve elders of the Nu Quan sect, when was Wu Dapeng called Xiao Xiao? When did someone dare to call him to report his origin?

In his opinion, Wang fan is arrogant and arrogant to the extreme. He should die.

His old face was grim, and he said with a cold face, "if I don't change my name, I'll sit here. Wu Dapeng is."

"Wang Fan, you have repeatedly provoked the authority of our Nu Quan sect and killed several Tianjiao elders of our Nu Quan sect. Today, I will get rid of you."

"I Pooh!" Wang Fan spat on the ground, "I'm a fart. I think you should be an old man. Return Wu Dapeng. Why don't you call him Wu Dashan? "

His words are disdainful, "you live a long time, you are still the elder of nuquan sect. Have you lived to the dog for such a long time?"

"I'm so old that I'm still sneaking on you. Do you want to be shameless? Last time, a group of elders surnamed Gai were like this, and so were you. Is it possible that you are all like this

Wang Fan's words can be said to be very impolite. After that, he looked back at Shang Changlao, who

stepped forward slowly. "You should be the elder of nuquan, too?"

"I think you are more shameless than him. At least he just played a sneak attack. You are mixed with Qiao family's cannon fodder. When did the elder of nuquan become Qiao family's dog

It's really tough for Wang Fan to fight with these two people. However, in terms of verbal skills, even if Wu Shang and Wu Shang add up and multiply by ten, they are not Wang Fan's opponents.

The group of Qiao's cannon fodder upstairs listened to Wang Fan's impolite words, but they couldn't help laughing while they were angry, but they stifled it.

Old man? Wu Da Sha?

Wang Fan's mouth is really dirty.

Wu Shang's nose was almost crooked.

As the elder of nuquan sect, how powerful they are! When they were scolded by a younger generation? It's a shame!

Wu Dapeng's whole face was twisted, extremely ferocious, and his body burst out with a strong sense of killing, "good Wang Fan, when I tear your mouth, I'll see you still"

but before he finished speaking, he was interrupted by Wang Fan, "old man is old man, don't miss that word. Tear my mouth, what the hell are you? "

Wang Fan said, suddenly put away the shadow knife, step a move, directly crazy toward Wu Dapeng killed in the past.

No sign, as powerful as a tiger, as fast as a ghost!

Since war is inevitable, it's better to strike first. Otherwise, once these two guys take the lead, Wang Fan will suffer.

Wang fan is only now taking off the second floor. In the face of the four floors, there is almost no chance of winning.

He can only see if he can sneak attack and kill or seriously injure one person, and then deal with another person.

Because Wu Dapeng is relatively close to him, and his momentum is dissipated by his words, his first choice is Wu Dapeng.

Wu Dapeng was threatening, but he was interrupted by Wang Fan suddenly, and a mouthful of old

blood almost came out, and the momentum of killing was also dispersed in an instant.

When he planned to gather up the intention of killing Wang Fan, Wang Fan had taken the lead to rush over.

Wu Dapeng looked at Wang Fan, his pupils suddenly shrank, and his face suddenly changed. What a cunning boy! He played tricks with himself.

He madly stirred up congenital vigorous Qi, and began to retreat, but the next second, his face had changed.

Wang Fan has been close to his body, the corner of his mouth appeared a touch of ridicule, his hands instantly hit the seal knot, ruthlessly pushed out.

Wu Dapeng was terrified, but he didn't have time to escape. He only saw a hill like mark appear out of thin air, and the next second it was printed on him.

Bang!

A terrible sound, Wu Dapeng congealed congenital vigorous Qi in an instant was destroyed, in a burst of bone fracture sound, was overturned out.

The blood mist all over the sky sprayed on him, and he was dying after he fell to the ground.

Upstairs those Qiao elite looking at this scene, face bursts of horror.

They can see the strength of Wu Dapeng with their own eyes just now. With a single sword, they split such a big gully.

But now, as powerful as Wu Dapeng, they are all seriously injured by Wang Fan. What strength is Wang Fan?

Shock, horror, horror!

Wu Dapeng's heart is also shocked. What kind of martial art is this? Is it too terrible?

At the same time, he is also regretting, regretting his carelessness, regretting that he didn't take the first step, thus giving Wang fanzhan the opportunity to take the lead.

If he is not so careless, if he is not angered by Wang Fan, if he is not lax, I am afraid Wang Fan will not be so easy to hit or even hurt him.

Unfortunately, everything is meaningless.

Wang Fan injured Wu Dapeng at one stroke. He quickly grabbed two pills and swallowed them in his mouth. Then he immediately took two steps forward and opened a long distance behind him.

Before him, step by step, step by step, is for this moment.

Now he is still satisfied with the result. Although Wu Dapeng is not dead, he has been seriously injured. It is impossible for him to have combat effectiveness in a short time.

Shang Qingdiao's face is also ugly. He didn't expect that Wang Fan attacked Wu Dapeng and seriously injured him.

In this way, he is a person facing Wang Fan, the pressure is more than doubled?

Originally, he didn't take Wang Fan seriously, but now, he dare not take Wang Fan seriously any more.

Wang Fan was able to hurt Wu Dapeng seriously, which means that he can also hurt him seriously. He didn't dare to be careless.

Chapter 1258

"What a treacherous Wang Fan! How dare you attack the elder martial commander secretly! Today, I will kill you, a treacherous man, and do justice for heaven!"

Shang Qingdiao said angrily and immediately took out his copper hammer and killed Wang Fan madly.

After Wu Dapeng's experience, he didn't dare to let Wang Fan take the lead. At the same time, he was also gambling that Wang Fan couldn't make the second mountain climbing seal.

"Do justice for heaven? Don't put gold on your face if you are old. What are you and what are your qualifications to do justice for heaven? Even if it's on behalf of heaven, it should be my master who will kill you. "

Wang Fan disdained sneer, flash crazy to avoid up.

Shang Qingdiao's bet is right. He really doesn't have the strength to show his second mountain climbing seal.

It took a lot of physical strength to blast Wu Dapeng before, so now in the face of Shang Qingdiao's attack, he can only hide.

Whoosh.

Shang Qingdiao is following Wang fan like a shadow, crazily clinging to him, attacking him recklessly.

The copper hammer in his hand is more illusory, and it turns into innumerable shadows. He is crazy to

go towards Wang Fanmao.

No matter how fast Wang Fan dodged, he was still bombarded by the copper hammer at a certain moment, and a blood mist came out of his mouth and flew backwards.

His heart set off a shock, from the four is not from the two can fight ah.

If he hadn't attacked Wu Dapeng before, maybe he could shake it. But now, he's no match for Shang Qingdiao at all, unless he shows his turning seal again.

It's just that it's too expensive to do it again. If there is no Qiao's elite here, he can do it again. But now, even if he can do it with damaged foundation, he doesn't dare to do it.

If he can kill Shang Qingdiao, he will fall into the hands of the Qiao elite.

Wang Fan would rather die in the hands of Shang Qingdiao than in the hands of Qiao's mole ants.

The roaring sound resounded. Soon, the whole ground floor was smashed by the bronze hammer of Shang Qingdiao.

Wang Fan was also hit by the bronze hammer for several times, and a mouthful of blood mist came out from the corner of his mouth. His face was pale and miserable.

But he is still in the crazy Dodge, and from time to time to find the opportunity to throw pills in his mouth.

Only in this way can he delay his life as much as possible, recover his strength, and find opportunities.

"Wang Fan, aren't you crazy? Aren't you powerful? Why do you only know how to hide now? If you have the guts, you will fight with me. "

"I promise you that as long as you can beat me, I won't embarrass you any more today and let you go!"

For a long time, Shang Qingdiao couldn't get rid of Wang Fan. He was also a little impatient and couldn't help getting excited.

His heart is very subdued, very depressed, he almost chased Wang Fan, tired into a dog, Wang Fan was still alive.

Although his bronze hammer also hit Wang Fan a few times and brought some injuries to Wang Fan, it had little effect at all.

If it was not for his own experience, he would not believe that he would have nothing to do in the face of a mere two-tier escape.

Wang fan saw Shang Qingdiao stop talking, and then he stopped, "a real sword and a real gun, do you deserve it?"

It was only when he said these words that Shang Qingdiao suddenly moved. This time, instead of using a copper hammer, he directly used his fist to blow at Wang Fan.

Wang Fan was aware of this scene, almost no old blood gushed out.

How can this son of a bitch sneak attack like himself?

What's more depressing to him is that he was really cheated!

Who!

Shang Qingdiao is crazy to stimulate the energy in his body. The momentum of the four layers breaks out. The blow out fist seems to become a bomb, tearing the air and exploding to Wang Fan.

Wang Fan's scalp numb, instantly back, but still not free from the fate of being bombarded.

With a bang, Shang Qingdiao's fist fell on him again, breaking several ribs. With a click, he flew out.

Wang Fan fell to the ground, pale and dying.

He quickly stretched out his finger to point twice on himself, and then angrily looked at Shang Qingdiao, "old man, is this what you call a real battle?"

In fact, he wanted to scold Shang Qingdiao for being shameless, but he didn't scold him when he thought that he had used this move himself.

He didn't expect that the old bastard looked ugly and learned quickly.

"Ha ha, that's right. That's what I call a real war!" Shang Qingdiao sneers and suddenly gets close to Wang Fan. The copper hammer in his hand blows to Wang Fan's legs.

Obviously, he doesn't want to give Wang Fan a chance to breathe. He wants to let Wang Fan lose his ability to act first.

His purpose is to get the seal on Wang Fan. He can't kill Wang Fan without it.

Wang Fan looked at Shang Qingdiao's copper hammer, and his eyelids jumped. He gritted his teeth crazily and rolled out directly. Boom!

With a sound, Shang Qing's Bronze hammer fell on the ground again, smashing a huge pit.

Shang Qingdiao is a little surprised. It seems that he didn't expect that Wang Fan's bones were broken, and he still has the spare power to dodge.

"Hiding? I'll see how many times you can hide! " Shang Qingdiao said coldly and wanted to blow out the hammer again. But at this time, Wang Fan suddenly moved.

Whoosh!

He is just like a cheetah on his knees. He jumps up suddenly, and then the shadow knife cuts out angrily at shangqingdiao.

Essence, Qi, spirit and spirit are integrated into one. Shangqing sculpture immediately feels numb.

He didn't expect that Wang Fan would sneak attack at this time, and he could still use such a powerful knife. He madly stirred up the congenital vigorous Qi and quickly began to retreat.

But even so, it is still a step too late.

With a sneer, Wang Fan's shadow knife slashed his chest, tearing his vigorous Qi and raising a blood fog.

Wang Fan sighed slightly that his knife didn't work as expected.

Originally, he intended to use another mountain print by force, but Shang Qingdiao didn't give him a chance. He could only use the shadow saber. Unfortunately, it didn't hurt Shang Qingdiao.

Wang Fan knew that it was impossible for him to hit shangqingdiao again, so he rushed to the door without looking back.

"Where to go!" When Shang Qingdiao saw that Wang Fan wanted to run away, he burst into a rage. With a roar, he grabbed a copper hammer and chased him. He didn't even care about the pain in his chest.

Just when he was close to Wang Fan, Wang Fan's body suddenly turned and reflected to Wu Dapeng not far away.

The shadow knife splits out.

Whoa!

Wu Dapeng's head soared to the sky and died in an instant with the spraying of blood mist.

Wang Fan didn't even look at the dead Wu Dapeng. He smashed the window and jumped out.

"What a treacherous boy! If I don't kill you today, I will swear not to be a man!" Shang Qingdiao looks at Wu Dapeng with his head flying up, and his eyes are just itching to crack!

He didn't think that he was trapped again. He didn't even think about it and rushed to the window crazily.

At this time, he is almost angry to the extreme, want to break Wang Fan to pieces!

In the blink of an eye, Shang Qingdiao was close to the window, but at this moment, a knife suddenly stabbed in from the window!

The knife is sharp!

Chapter 1259

Shang Qingdiao felt the strong killing power raised by the shadow knife, and his face changed greatly. At this time, how could he not know that he had been schemed by Wang Fan again?

This bastard is really cunning, shameless means is one after another. But now, it's too late for Shang Qingdiao to escape.

Hiss a, knife point accurate of didn't enter his chest, raised a cluster of blood fog.

"I hate it Shang Qingdiao looks at his bloody chest, spits out three words in his mouth, and then spits out a big mouthful of blood, so he dies.

He didn't even think that he would die like this. He didn't even think that he and Wu Dapeng came to arrest Wang Fan in high spirits and wanted to capture Wang Fan's martial arts skills, but in the end they came to such an end.

Wang Fan originally just wanted to attack shangqingdiao. He didn't think that he could kill shangqingdiao, but he didn't think that he would kill shangqingdiao.

After a short period of stagnation, Wang Fan quickly recovered. He suddenly pulled out a shadow knife, raised a cluster of blood fog, and then left here without looking back.

Now his condition is not good, must leave immediately, otherwise is surrounded by Qiao family these elite, or some danger.

If the other side shoots bullets at him at this time, he may not be able to escape.

The Qiao elite ambushing on the third and fourth floors are dull to see Shang Qingdiao killed in this way.

After thinking about it, they remembered to shoot Wang fan out of the window. Unfortunately, Wang Fan had already disappeared.

Wang Fan did not take a car, so all the way toward Dai Yuying bought the manor ran in the past. Because the distance is not very far, so less than half an hour, Wang Fan returned to the manor.

"Wang Shao, what's the matter with you? Are you ok?"

"Wang Fan, what's the matter? Is it the Qiao family?"

As soon as Wang Fan returned to the manor, Dai Yuying and her party met him. They looked at Wang Fan's miserable appearance and were shocked at the same time.

Wang fan is so powerful that he has been injured like this. Is it hard for the Qiao family to be so powerful?

"I'm fine. I'll go and have a rest first. I'll talk about it later." Wang Fan did not say much, rushed into one of the rooms.

He's consuming a lot now, so he needs to recover as soon as possible. Otherwise, if Qiao's army kills him, he will still be in danger.

Wang Fan didn't expect that the Nu Quan men sent out two tuofan four layers, and the two tuofan four layers didn't block him in the front, but played Yin.

It can be said that if Wang Fan had not the mental power of this cheating device, today I'm afraid he would have really fallen.

At the same time, he also had a sense of crisis in his heart. The people sent by the angry fist sect were stronger and stronger every time. This time, he got through the crisis. What about next time?

Once he is blocked by people who are five or even more powerful, he will have no chance or chance.

In order to cultivate, we must cultivate. Only by improving our strength is the king's way. Otherwise, we won't wait for him to enter the "Yuan gate" for revenge. I'm afraid he will die in the hands of Nu Quan gate.

Many pills were swallowed by Wang Fan. Under the powerful aura, his strength began to recover quickly, and the injury gradually began to heal.

Joe's family.

"What? How could it be that Wang Fan killed Wu Dapeng Less than ten minutes after Shang Qingdiao's death, Qiao Zheng got the news.

While he was shocked, his heart was also chilly.

He had seen the strength of the two warriors with his own eyes, and defeated five of his dogs.

But even so, they are not Wang Fan's opponents. How powerful is Wang Fan?

Qiao Zheng's heart began to regret for the first time. Was it wrong to seek revenge for Wang Fan?

It was only in a few seconds that this idea came into being that it was stifled by him again.

If he does it again, he will take revenge on Wang Fan. Qiao domineering is his only son. If Qiao domineering is abandoned, how can he not take revenge?

Qiao is thinking of here, immediately dial the phone to go out, asked about the details of the matter and the situation when Wang Fan left.

When he learned that Wang Fan was seriously injured, his eyes lit up.

He knew that this was his only chance. If he could not kill Wang Fan while Wang Fan was seriously injured, he would not be able to kill Wang Fan in his life.

Without a moment's hesitation, he immediately asked people to investigate Wang Fan's whereabouts. He also asked ten vicious dogs and five hundred elite to stand by at any time. Once Wang Fan was found, he killed him at all costs.

Because he knew that after this killing, as long as Wang Fan did not die, his Qiao family would die, so he could only succeed, not fail.

With Qiao Zheng's order, all Qiao family members and their subordinates began to operate crazily, and the whole city searched Wang Fan's whereabouts.

In this search, less than an hour, the foothold of Wang Fan and his party was dug out.

Ten vicious dogs and five hundred Qiao family elite did not hesitate to kill Wang Fan directly. Wang fan is recuperation recovery, suddenly noticed that several pickup crazy toward the manor.

His eyelids jump, no longer dare to continue to recuperate recovery, but quickly opened his eyes. He didn't have to think about it. He knew that Qiao's army had killed him.

Wang Fanfei quickly rushed out of the room and said to Dai Yuying and others who were standing or sitting, "the Qiao family have killed us. Let's leave here first."

Then he took Dai Yuying and rushed to the back door.

Liao Feng, Wei Jian, Zhang Tiezhu and his party did not dare to neglect. They grabbed weapons one after

another and followed Wang Fan to the back door.

Although they haven't noticed the Qiao family's army, since Wang Fan said so, it must be true, and they will believe it unconditionally.

"Dog day, it's endless. When Lao Tzu recovers, I will go to Qiao's house and kill him!" At the same time, Wei Jian couldn't help cursing.

It's too hard for him to bear the fact that a Qiao family has forced them to such an extent.

But he has no way, who let Qiao family have the innate strength of the dog?

Wang Fan's face was also a little gloomy, and his heart was also bowed to the extreme.

Wang Fan, as a second level master, is forced to flee by a group of ants. What a shame?

It's just that even if he's holding back his anger, he can only bear it.

Now that he is seriously injured, he has guns and guns in his opponent's hands, and there are more than 500 people coming, so he can only stay away.

"Run away, they run away, chase me, kill these sons of bitches!"

A dog with a telescope saw Wang Fan and his party retreating towards the back door. He was shocked and yelled at the 500 troops.

Originally, he was afraid of Wang Fan, but after Wang Fan ran away, his fear disappeared immediately.

"Chase

"Kill

The five hundred elite heard the dog's command, and immediately chased Wang Fan and his party.

Dada dada.

At the same time, they are also carrying guns at Wang Fan and his party began to mercilessly fire, dense bullets shot everywhere, smoke.

"You go first and try to get out of the city. I'll stop them. I'll call you when I destroy Joe's house. "

Wang Fan felt the other side's murderous situation, and immediately knew that it was not the way to go on like this. Maybe no one could leave except him and Dai Yuying, so he turned back and said.

Chapter 1260

"How can we leave you alone against the enemy? If you want to go together and stay together, you'll have to fight with those bastards! "

"Yes, Wang Shao, we can't let you stay alone. I think it's better for you to take sister Ying with you first, and we'll stay here to break up! "

Wei Jian and others listened to Wang Fan's words, but they were not happy.

If Wang Fan had not been injured, it would have been nothing for him to stay alone against the enemy. But now that Wang fan is injured, how can he be an opponent of the 500 armies of the Qiao family?

It doesn't matter if they die, but Wang fan can't. once Wang Fan dies, the huge Wang Fan group is really over.

Wang Fan listened to everyone's words, moved in the heart at the same time, can't help saying, "you stay only a dead end, I stay, everyone has a chance to live."

"Believe me, I'm not going to die. As long as you can leave safely, it is the greatest help to me. Otherwise, it will only distract me and tie my hands and feet. "

Wang Fan said here, straight face up and said, "you don't talk nonsense, go, hurry, otherwise you are not helping me, but harming me."

"Wang Shao"

"Wang Fan"

"take care of yourself"

what else do Wei Jian and others want to say? You can see Wang Fan's firm expression, and the hundreds of fierce men who came from behind, still clenched their teeth and left here without looking back.

Although they want to stay, they know that what Wang Fan said is very reasonable. They will only be a burden if they stay.

They only hope that Wang Fan will have a way to deal with the 500 strong men and get away.

Wang Fan looked at the back of Wei Jian and others, and finally relieved.

He did not follow forward, but swallowed a few pills, and then took out the shadow knife, indifferent to the enemy.

"Damn it, kill me, don't leave one, don't let them run away!"

"Dog, do you want to run? All of you are going to die today. No one can run away! "

Those who catch up with Qiao's fierce men see that in addition to Wang Fan, the rest of them have chosen to run away. Suddenly, they have more momentum and start to roar ferociously.

"Not one? You're just rubbish, and you're qualified to say that? " Wang fan is a cold smile, toes suddenly toward the side of a boulder.

With a bang, the huge stone suddenly split into countless pieces and shot fiercely at those enemies.

Hiss, hiss, hiss!

More than ten men could not dodge. They hit the stone directly and began to fall back. They hit the people behind them, and hundreds of them were in a mess.

Wang Fan didn't stop. With the help of the opponent's chaotic formation, he moved his steps and entered them directly.

He was like a tiger rushing into the sheep. The shadow knife began to wave wantonly. With the spray of blood, one enemy after another fell down.

The ground was soon stained red with blood, and the scene was extremely chaotic.

Those enemies who did not die looked at the scene and were almost frightened.

Fierce, it's too fierce.

Wang fan is like an indefatigable killing machine. As long as he gets close to anyone, he will die. He can't stop it at all, and there is no fluke.

Now Wang Fan has killed 70 or 80 people, but there is no tired situation, still in the crazy killing.

The ten dogs hiding behind were also a little frightened. They looked at Wang Fan, who was killing all sides. For a moment, they couldn't help yelling, "shoot, shoot!"

Those Qiao elite listen to the dog's words, the expression is a Leng at first, then gritted teeth to pinch out the gun.

Originally, they planned to shoot Wang Fan, but Wang Fan rushed among them. They were afraid to hurt their own people, so they had scruples and didn't shoot.

Now looking at Wang Fan, who killed all sides, and listening to the dog's orders, they immediately couldn't care so much.

Wang Fan's heart is also a little heavy, he is afraid of the other party's desperate crazy shooting, so he just killed into the crowd, trying to make the other party flinch, dare not shoot.

But he did not expect that, in spite of this, the other side still had to choose to shoot regardless of everything.

Wang Fan's mental power is clear to sweep all around, countless enemies have raised the muzzle, his eyelids jump, a leg sweep over several people, and then without hesitation fell down.

Dada dada.

Almost as soon as he fell down, countless bullets had been shot madly, accompanied by a series of blood spatter and scream, countless enemies around were shot innocently and fell to the ground in secret.

Wang Fan was also shot twice, not fatal, but it had an impact on his strength.

But at this time Wang Fan did not care so much, toes suddenly on the ground a little, the whole person on the crazy jump out.

Come on, come on!

Almost as soon as he jumped out, a series of bullets shot at his previous position again with dense bullet holes."Kill him! Kill him

Looking at this scene, the vicious dog of Qiao family points Wang Fan crazily with his fingers and roars at the end.

They all can see that Wang fan is seriously injured. This is the best chance to kill Wang Fan.

But the Qiao elite is a little hesitant, because Wang Fan has once again rushed to the middle of the crowd, and the shadow knife mercilessly cut down several people.

If they continue to shoot like this, they will not only Miss Wang Fan, but also hurt their own people.

Those dogs hide in the distance will not be hit by stray bullets, but they can't, once they ignore the life or death of their companions, the living companions will not worry about their life or death.

No one wants to die, let alone die like this.

"Damn, can't you hear me? Shoot him, kill him!" The dog Joe eight saw that the elite did not shoot any more. He was furious and began to scream again.

In his eyes, these 500 people are the cannon fodder of Qiao family, and they should die for Qiao family. What's more, as long as you can kill Wang Fan, just 500 cannon fodder and die, what's the point?

"Kill me? Why don't you do it yourself? Is your life life life, and their life is not life? "

"Is it difficult that the life of your vicious dog is more noble than theirs? They are cannon fodder. They can die, but you can't? "

Wang Fan listened to Qiao BA's roar and said sarcastically. Then he grabbed the gun and started shooting at Qiao ba.

Come on, come on!

Three shots, all hit in front of Qiao Ba, the same position above the man's chest. When the third bullet hit past, it accurately penetrated the man's body and blew into Qiao BA's heart.

Bang!

Qiao Bazheng was about to speak, but his body suddenly froze and fell to the ground to die!

His eyes showed a shock, at a loss, obviously did not expect, there is cannon fodder in front of him, Wang fan can shoot himself.

Those brave men looked at the dead Qiao Ba and the dead companion in front of Qiao ba. They were shocked and speechless for a long time. They only felt a chill rising.

At this time, Wang Fan has suddenly jumped up and pointed his gun at another vicious dog not far away.

The dog noticed Wang Fan's action, and his eyelids jumped. He almost didn't think about it. He immediately stretched out his hand to pull the person in front of him.

Come on, come on, come on!

After five shots, the dog and the cannon fodder in front of him died.

Qiao elite looking at this scene, first a Leng, followed by eyes on the flashing anger.

These Qiao's vicious dogs are so chilling that they don't take their lives seriously?

They now hate Qiao family dog more than Wang Fan!
