

## **Mighty Sk 1271**

### **Chapter 1271**

Mo Dagang and his son have realized that they are finished, and they are finished thoroughly, without any fluke.

Zhao arrogant looking at that leave of Wang Fan two people, is can't help but wipe the cold sweat of forehead, and then a face of fury looked at Mo Dagang, "you son of a bitch, you almost kill me."

He roared, as if he was still angry. He rushed up and slapped Mo Dagang.

Others don't know about Wang Fan. Don't they know about his arrogance?

It can be said that Wang fan is not involved in his arrogance. It's already great luck. Otherwise, even if Wang Fan killed him, it would be in vain.

Mo Dagang looks sad, and can't help looking at Zhao hubris, "Zhao Shao, even if I die, I want to die. Can you tell me who he is?"

"Who is he?"

Zhao's arrogance didn't listen to this. Fortunately, when he heard this, he couldn't help kicking Mo Dagang. He said fiercely, "do you want to know who he is? Well, I'll let you die. His name is Wang Fan. "

"Wang Fan?" Mo da just whispered, and his face turned to ashes in an instant.

Although he has never met Wang Fan, he has heard of Wang Fan's name. He did not expect that Mo Xiaogang, an unfilial son, should have provoked Wang Fan.

Wang Fan didn't pay attention to the affairs of Mo Dagang and his son. He believed that Zhao and Meng would do well.

Even if Zhao dares not to try his best, Meng Qingyang will definitely try his best to kill modagang and his son.

In less than five hours, one after another negative news about Mo Dagang and his son came out.

Mo Dagang and his son threatened the stars to kneel down, accompany guests, hidden rules and other video photos have been exposed to the Internet, causing a sensation in the entertainment industry.

In the case of things being fired, even some stars who have been threatened are unable to sit down. They take the initiative to stand up one after another and accuse Mo Dagang and his son of their brute behavior with a runny nose and tears.

Originally, if this kind of thing is not taken out, it is nothing, but once it is taken out, it will be fatal.

For a moment, Mo Dagang and his son were pushed to the top of the storm and became a street mouse.

However, this is far from the end, Meng Qingyang Zhao arrogance is still exploding.

When the news came out that a star mother and daughter were coerced by modagang's father and son to accompany her guests, and they couldn't stand the insult and jumped to death, the incident was pushed to a new climax again.

Mo Dagang and his son not only put on the name of animal scum, but also were directly taken away by the police and involved in criminal cases.

He was ruined.

In the hotel room, Wang Fan looked at the overwhelming news and the father and son who were taken away by the police. His expression didn't change much. It was all in his expectation.

Lin Shiya was a little excited. She knew that Wang Fan had done all this for her.

Her heart was moved, and her eyes filled with tears.

While Wang Fan was holding Lin Shiya and watching the news, his phone suddenly rang.

Wang Fan took a look at the caller ID, and then put through the phone with a smile, "Bai Shao, hello."

The phone call is from Bai Xiaoren, obviously knowing the news that Wang Fan came to Beijing.

"Wang Shao, you don't mean enough. You didn't call me when you came to the capital. If it wasn't for the accident of Mo Dagang's father and son, I didn't know you had entered the capital."

Bai Xiaoren's tone is as bright as ever, "how, do you have time to get together at noon?"

Wang Fan said with a bitter smile, "what Bai Shao said? I didn't have time. I'm afraid I don't have time at noon. Why don't I be the host in the evening? "

Originally, he came to Beijing to see ye Nantian, but when he met Lin Shiya, he was delayed until now.

So Wang Fan plans to meet Ye Nantian first to see what's going on, and then get together with Bai Xiaoren.

"Well, in the evening, I won't disturb your precious time. I'll talk about it in the evening." Bai Xiaoren said and hung up.

After Wang Fan put down his mobile phone, he accompanied Lin Shiya in the hotel for a while and then went to nantianfu.

As soon as he arrived at nantianfu, he came out with a cold face in the dark. "You really don't stop going anywhere. When you arrived in Beijing last night, you made such a big deal."

The tone of the night was a little uncomfortable, full of gunpowder.

"I'm not to blame. I've kept a low profile, but it's just about to find me. What can I do?"

Wang Fan was a little speechless. He didn't know what was wrong with his aunt. How could she be so angry? He quickly changed the topic. "What's the matter with Ye Shunan

Night listened to this, face slightly relaxed, but still not angry, "he's waiting for you inside, you can ask after you see him."

Wang fan is not happy with this attitude. He knows what ye Nantian is looking for, but he has to hide it.

He intended to tease the night a few words, but think of the night that hot temper, or forget. They soon came to the courtyard where ye Nantian was. When they arrived, ye Nantian was sitting in front of a stone table with four dishes and one soup on it.

"Come and sit down." Ye Nantian also saw Wang Fan and said with a wave.

"Uncle Ye." Wang Fan politely said hello, went to the opposite of Ye Nantian and sat down.

For ye Nantian, he is still very respectful. Without Ye Nantian, I'm afraid that even if he can't be killed by the angry fist sect, he has taken Wang Fan group for more than ten times.

"Well, you are very good. In a short time, your strength has broken through again." Ye Nantian looks at Wang Fan with undisguised approval in his eyes.

Wang Fan turned his mouth and did not speak on it.

He doesn't think he can break through quickly, and he doesn't think his talent is very good.

Every time he makes a breakthrough, he will fight for his life. Every time he makes a near death.

Wang Fan took a bite and went straight to the theme, "Uncle Ye, what can I do for you? If I can do it, I will be duty bound! "

Ye Nantian said, "there will be an ancient martial arts contest in Qingdu city in three months. I hope you will take part in it on behalf of nantianfu."

He sighed, "originally, our nantianfu did not participate in this contest, except this year."

"This year's contest involves the number of people who can enter the yuan gate. There is also a Tianyun flower. That's why I want you to participate."

"The number of people entering Yuanmen, tianyunhua?" Wang Fan was shocked instantly. He immediately realized that ye Nantian was helping him.

Ye Nantian must know that Wang Fan wants to enter Yuanmen, but he has no means to enter. This gives Wang Fan such an opportunity. Compared with the number of people entering Yuanmen, Tianyun flower is a good thing.

If he didn't get baicaoji, Wang Fan would not know the value of Tianyun flower.

But Wang Fan, who owns baicaoji, clearly knows that tianyunhua is the top level of lingcao, which can make the ancient warrior without side effects.

The value of this kind of advanced spirit grass is needless to say. Every time it is born, it will cause madness and set off a bloodbath.

Wang Fan's heart is also a little excited, he is now in the strength of the second layer, want to advance to the third layer, do not know when to go.

If he has tianyunhua, he can save at least half of his time. This kind of thing, Wang Fan said anything can't miss.

## **Chapter 1272**

Wang Fan could not help but stand up and bowed to thank him. "Thank you, Uncle Ye. I will do my best."

"Well, you sit first. Don't be polite." Ye Nantian waved his hand, then took out a sign and handed it to Wang Fan,

"this is the qualification token to participate in the contest. You can take it with you at that time. Remember that the game starts on November 15th. Don't miss the time

"Good." Wang Fan nodded and carefully kicked the token into his arms.

For him, this brand not only means the number of people entering Yuanmen, but also means whether he can get tianyunhua. He doesn't want to lose it and can't find it.

Ye Nantian saw Wang Fan carefully put away the qualification token, nodded, and then said, "although your strength in the younger generation has been good, but this time's big than still can't be careless."

"Because it involves the number of people entering the yuan clan and Tianyun flower, many disciples of

the hermit old monsters will also take part in the war, and even the mysterious lierizong will come out."

"Although the nuquan sect is good, it's far worse than the lierizong sect. Don't think it's great that you can kill the elder of the nuquan sect."

"There are still a lot of talented young people, but they don't have time to show off."

Ye Nantian reminds Wang fan that he is afraid that Wang Fan will expand. In that case, Wang Fan will surely suffer a loss in Dabie.

"Thank you, Uncle Ye. I see." Wang Fan once again clasped his fist to thank him, and his heart was dignified.

Although Wang Fan, the old hermit, has never heard of it, he still knows about the lierizong. The giant of ancient martial arts has three schools, and lierizong ranks first.

Moreover, it is said that the lierizong is very mysterious and low-key. Almost no one knows where their clan is, and no one has ever seen the lierizong.

"Just know. I've given you the quota. As for whether you can get your chance, it depends on you." When ye Nantian finished, he stopped talking about it.

Wang Fan did not leave immediately after lunch. Instead, he stayed in nantianfu for an afternoon and left in the evening.

He had planned to pick up Lin Shiya, and then go to see Bai Xiaoren, but Lin Shiya called to say that he was busy first, and then called Wang Fan after he was busy.

Although Wang Fan wanted to say that he was rich and Lin Shiya didn't need to be so tired, he didn't say anything about women's dignity.

In desperation, he had to take a taxi and go to Furong Club alone.

There is no way. Wang fan is not familiar with the capital. Apart from the Furong club, he only knows the club of Meng Qingyang that he went to yesterday.

Can invite Bai Xiaoren to dinner, he can't go to Meng Qingyang's club? Bai Xiaoren knows that Meng Qingyang is his man. In case he goes to Meng Qingyang club, Bai Xiaoren says that he is not good at being petty.

The weather in Beijing is not so good. When Wang Fan left nantianfu, it was still sunny, but when he arrived at Furong club, it began to rain.

Wang Fan looked at the ghost weather, some helpless, under the rental quickly toward the Furong Club

ran in.

But he did not run to the door of Furong club. With a bang, a Lexus roared past him, splashing all over him.

Wang fan that depressed ah, this NIMA what with what ah, there are so disgusting people?

As he was about to vent his anger, the Lexus had stopped from a distance, and then a man and a woman came down from the car with an umbrella.

"Ha ha, poor man, I laugh to death." It's the sound of women laughing.

"It's a shame to take a taxi to Furong club. I deserve to eat muddy water." This is the man's voice, the tone is disdainful.

Wang fan is very angry. Do these two guys really want to disgust him?

He looked at the dog and the man and the woman. They were both young. They were in their mid-20s. The man looked proud and aloof, while the woman was well dressed and proud as a peacock.

Both of them are of the same virtue.

"What are you looking at? Haven't you seen a beautiful woman? Look again. Do you believe I dug your eyes?"

When the woman saw Wang Fan looking at her, she was a little upset. A touch of disgust appeared in her eyes. At the same time, she pointed to Wang Fan and said fiercely.

The man also pointed to Wang Fan's bad face, "how, unconvinced? Ben, it's lucky that Lexus splashes mud on you. I'm afraid no one else wants to have it. "

He patted the dazzling Lexus a few times, very proud, "see clearly? Lexus, I'm afraid you've never had close contact in your whole life? "

He Shua Shua took out a thousand yuan again, "don't be unconvinced. Look at the clothes on your body. It's less than 300 yuan, isn't it? Ben gave you a thousand dollars less, which is enough for you to buy three bodies. "

"You are lucky today. Ben Shao is in a good mood. If you dare to stare at me like this in the past, don't mention compensation. Ben Shao will trample on you directly."

Wow. With that, he had already left the thousand yuan at Wang Fan's feet, and then he put his arms around the woman's waist and walked to the club with his head high.

"Hum." That woman is also disdain of hum a, slant to sweep Wang Fan one eye, followed to walk toward the clubhouse.

Wang Fan looks at these two invincible fellow, in the heart that displeased. These days, why are there so many such people who can't step on it?

He looked down at the 1000 yuan, picked it up, and then ran to them, "big brother, big sister, etc."

"You have more." That pair of men and women slightly a Leng, can't help but frown back, eyes are flashing impatient.

Just the man just said three words, Baji, Wang Fan had already stepped on a small puddle.

Wow.

The mud splashed instantly, not only on a man's trousers, but also on a woman's leg. Even her goose yellow skirt had a few more mud spots.

"You, you." The woman was shocked and jumped up, with sharp eyes.

For her, splashing mud spots on her skirt and legs was just unbearable.

"Oh, I'm sorry, I'm sorry. I ran too fast and didn't notice." Wang Fan said with a embarrassed face, and then divided a thousand pieces into two stacks and threw them to the young men and women.

"When I was young, my teacher taught me not to ask for other people's money, so I can't ask for your money. I have to give it back to you."

"Although my clothes are splashed with mud, I can still wear them after washing, and I don't need your compensation."

Wang Fan said with a serious face that the two stacks of money had already been left on them.

Again, the money was thrown on the two people, dirty their clothes. Not to mention, the muddy water on the money splashed on their faces, making them look more embarrassed.

"Ah." The woman looked at the dirty hundreds on her chest and felt the mud spots on her face. She was so angry that she screamed.

Youth is also a face of gloomy, want to eat Wang Fan directly.

"Elder brother and elder sister, the money has been returned to you. I'll go first. Goodbye when you are predestined."

Wang Fan didn't wait for them to get angry, so he patted them on the shoulder, wiped the mud off their hands, and then rushed into the club.

"Ah, I'll kill you, I'll kill you!" The woman's sharp roar came from behind, but Wang Fan had already rushed into the club and disappeared without a trace.

### **Chapter 1273**

Although Wang Fan hasn't been to Furong club for a long time, the service staff of Furong Club obviously know Wang Fan.

"Wang Shao, please come inside." Wang Fan just went in a few seconds, a manager like woman quickly welcomed up with a smile, did not show any disdain because of Wang Fan's embarrassed image.

"Hello, can you find me a place to change my clothes first? Thank you Wang fan saw that the manager knew him. He was very happy and asked politely.

His image is so bad now. He's covered with mud. He can't see people at all.

"Yes, you can come with me." The manager didn't say a word of nonsense. He nodded and took Wang Fan into the club.

She is also very able to come, when taking Wang Fan to change clothes, she has already informed the following people to buy clothes.

Twenty minutes later, Wang Fan changed his clothes and quickly rushed to the courtyard agreed with Bai Xiaoren.

"Wang Shao, you're the host. You've only come here until now. What's this? I almost thought you stood me up. " As soon as Wang Fan entered the courtyard, Bai Xiaoren came out.

I haven't seen him for some time. Bai Xiaoren is still so elegant and polite.

Wang Fan sighed helplessly, "don't mention it. Just now I was splashed with mud by a car outside. I also entangled with them. Didn't I come here as soon as I changed my clothes?"

"Bai Shao, you are really joking. I dare not stand you up even if I stand you up."

White Xiao Ren listen to Wang Fan's words, eyebrow immediately is a pick, "what? Unexpectedly, there are those who don't have long eyes who dare to challenge you, Wang Shao. Who is the immortal? I want to see Bai Xiaoren. "

He also said, "do you want me to go out and have a look, and dare to sweep your face, that is not to give me face."

Wang Fan listened to these words, quickly waved his hand, "a little thing, why so serious, we'd better go first, don't because other people affect the interest."

Listening to Wang Fan's words, Bai Xiaoren couldn't help being speechless.

In his mind, Wang fan is the most serious. He always kills people and sets them on fire, trampling them to death. But now Wang Fan advised him not to be serious, which made him have nothing to say.

The two soon entered the courtyard, eating and drinking while chatting.

Bai Xiaoren's bodyguards are respectful to guard everywhere in case of being disturbed by others.

As the first member of the core of the three generations of Bai family, Bai Xiaoren's status is still very noble, and his safety can not be missed.

Wang fan doesn't matter. He doesn't need bodyguards because of his strength.

They chatted and talked about Kong Wucheng. Wang Fan didn't say that Kong Wucheng was a dreamer, let alone the grudge between him and Kong Wucheng.

It's not that the relationship between him and Bai Xiaoren is not in place, but that it doesn't make much sense.

White Owl benevolence even if again niucha, also limited to the secular world, in the ancient martial world he did not have so much energy, said also can not help Wang Fan what help.

According to Bai Xiaoren, Kong Wucheng has been missing for nearly half a year and has no idea where he has gone.

Even though Bai Xiaoren was able to go to heaven, he also investigated Kong Wucheng's whereabouts, but he still got nothing.

Wang Fan listened to this, can't help but frown.

Originally, he thought that if Kong Wucheng was in the capital, he would find a way to solve the problem. But since Kong Wucheng is not here, he can only wait for the next chance.

Wang Fan also had some doubts. Kong Wucheng had disappeared for half a year. Where did he go? Did he enter the guwu sect?

After all, Kong Wucheng had to enter the guwu school to make Bai Xiaoren unable to find out the information.

"That's him!"

"That's him!"

"That son of a bitch dirtied our clothes and hit us in the face. I'll kill him!"

Just as Wang Fan was thinking about these things, suddenly, an angry roar came, and then a group of young men and women in luxurious clothes stormed in.

Bai Xiaoren's bodyguards wanted to stop them, but after seeing the faces of the first two youths clearly, they immediately forbore.

However, their nerves have been strained, and their hands have been pressed to the gun bag. Obviously, as long as these people dare to do harm to Bai Xiaoren, they will be desperate to protect the Lord.

Wang Fan turned to see, immediately saw the previous pair of men and women.

But the arrogance of the two men and women has disappeared, but they respectfully follow behind the two young people, and their posture is very humble.

The first two young people looked to be in their thirties, and their momentum was extraordinary.

The young man on the left side feels more feminine, just like a dog who eats people but does not spit out bones.

His name is Wang Sanjin. He is the first of the three generations of the Wang family. His status is no worse than that of Bai Xiaoren.

Although the Wangs are the most low-key of the eight families, no one dares to underestimate them.

Because it is rumored that the Wang family is the real first family, far more than the other seven. Although the young man on the right looks gentle, his eyes are just like poisonous snakes. He is cruel, fierce and crazy. Obviously, he is also a bad master.

His name is Zheng Tianhao. He is a young member of the Zheng family, a big and powerful family in Hong Kong. His status is also noble.

This time, he came to Beijing to see his good friend Wang Sanjin and to see if there are any good investment projects in Beijing.

But he didn't expect that he had only been in Beijing for three days, and someone even provoked his people.

That's right. The man and woman driving Lexus are his people. It's because he knew this that he brought

Wang Sanjin to the front.

Although Wang fan doesn't know Wang Sanjin and Zheng Tianhao, when he looks at their situation and Bai Xiaoren's expression, he already realizes that their identities must at least be equal to Bai Xiaoren's, otherwise he will never dare to rush in like this.

You know, Bai Xiaoren is also a arrogant and domineering master in the capital. Generally speaking, it's a good thing that he doesn't provoke others. Who dares to provoke him and directly invades his courtyard?

Isn't that a slap in the face?

Bai Xiaoren is not a fool either. As soon as he looks at this situation, he knows that it must be the two short-sighted guys Wang Fan said who are looking for trouble.

But he didn't expect that the other party was so awesome. They were from Hong Kong City, and they also moved Wang Sanjin and Zheng Tianhao at the same time.

If only one of Wang Zheng, White Owl benevolence may not be in the eye, but now the two people together, he has some fear.

Of course, he was just afraid, not to mention afraid, let alone afraid. After all, his White Owl benevolence is not easy to provoke, not to mention his side is also standing Wang Fan.

White Xiao Ren frowned and was about to speak when the woman who provoked Wang Fan was already angry.

She pointed to Wang Fan and said sharply, "son of a bitch, can't you run? Why don't you run again? Dirty my clothes, hit my face, I want you to look good now! "

The man also followed the anger and said, "dare to play Yin with me, what the hell are you? If I don't step on you today, I won't be Zhou! "

Wang Fan listen to this, really did not resist, weak squeeze out a, "you don't surname Zhou, then you want to surname what, with my surname Wang, I'm afraid my Wang family won't accept you."

"You." The young man surnamed Zhou obviously didn't expect that it was this time. Wang Fan even dared to challenge and almost burst out with a mouthful of old blood.

## **Chapter 1274**

"Pa Pa Pa" to clap Ba applause suddenly rang out, Zheng Sanhao holding that pair of snake eyes swept to Wang Fan, tone cold, "you are very good, kind."

He pointed to Wang Fan, "I've met many kind people, but it's the first time I've seen such kind people

like you."

"The people who have provoked me, even if you hit them in the face, I Zheng Tianhao came to the door, but they all look like nothing, and still dare to make verbal provocations. You are really good."

Zheng Tianhao's voice was like squeezing out of his throat. It was hoarse, low and chilling. His expression was still very high.

Although he didn't say a word that threatened Wang Fan, everyone could recognize that he was threatening Wang Fan, and even his words were murderous.

Wang Fan was still thinking about whether to bow his head to apologize and make peace. But when he saw Zheng Tianhao's superior posture, he was a little upset.

He directly squinted at Zheng Tianhao, then slapped him a few times with the same "slap" and said, "who are you? Is it none of your business

Although Zheng Tianhao has already registered his name, Wang Fan seems to have never heard of it. He looks like he owes a beating.

"in Ben Shao's opinion, you are really kind. You dare to point your finger at Ben Shao's nose! Do you dare to point at benshao again? Do you believe benshao broke your finger directly? "

Looking at Wang Fan's manner and tone, Bai Xiaoren suddenly felt that he wanted to laugh, but he also knew that the occasion was wrong, so he put up with it.

Zheng Tianhao brought those young men and women some can't stand it. As soon as his face changed, he angrily pointed to Wang Fan.

"Son of a bitch, how dare you talk to Zheng Shao like this?"

"Boy, you are really kind. Do you believe we can kill you directly?"

"If you dare to challenge Zheng Shao, you're blind!"

A group of men and women were filled with righteous indignation, as if Wang Fan had committed a great crime when he toppled Zheng Tianhao.

Zheng Tianhao's face was also gloomy, and his killing intention was stronger in his eyes.

He did not expect that he had already declared his name, and Wang Fan still dared to be so provocative.

But instead of looking at Wang Fan, he looked at Bai Xiaoren, "Bai Shao, is this your friend? It doesn't seem to give me face! "

"Originally, I didn't think about what I would do to him. Let him apologize. But you can see his attitude. It's hard for me to do."

He pointed a little at Wang Fan, and his words suddenly became fierce. "Since he doesn't want his face, I can't blame him for not giving it. Today I'm going to move him. What do you say?"

Obviously, he is forcing Bai Xiaoren to stand.

Although he and Wang Sanjin together, not afraid of White Owl benevolence, but here is the capital, White Owl benevolence is still very energetic.

Once Bai Xiaoren helps Wang Fan, the situation will be unfavorable to them.

Accompanied by Zheng Tianhao's general, Wang Sanjin also turned his eyes to Bai Xiaoren, "Bai Shao, you have to think clearly before you speak, but don't get into big trouble because of the little people."

He also helped Bai Xiaoren analyze the pros and cons. "Zheng shaoke is a member of the Zheng family, a powerful family in Hong Kong City. I'm afraid I don't have to say that the Zheng family has a great reputation in Hong Kong City. Bai Shao should be clear about it."

"If you offend Zheng Shao, your Bai family's project on the other side of Hong Kong City will not be very lucky."

White Owl benevolence listens to this words, suddenly ha ha a smile, Huo ground stood up, his finger a little Wang Sanjin, "how, you are threatening me?"

He pulled open the two buttons of his coat, and his expression suddenly became fierce. "It's not one day or two that I've been out here. You wang Sanjin shouldn't have never heard of my character and style. Do you think I'm afraid of threats? "

White Owl benevolence in an instant as if turned into a wolf, murderous, "you two want to find a place, want to account, I White Owl benevolence can understand."

"But if you want to break into my private courtyard, do you want to ask me Bai Xiaoren first, or at least get my approval first?"

"You don't know what's going on, and you don't want to take my White Owl benevolence seriously by breaking into my private courtyard without my White Owl benevolence's consent? Are you deceiving people too much? Should you give me an explanation first? "

White Owl benevolence slapped his face twice, "I White Owl benevolence is also a person with a head and a face, if this matter spread out, where is my White Owl benevolence face?"

Speaking of this, his finger suddenly pointed at Wang Fan, "don't you want to move him, don't you want to see my attitude?"

"Well, I'll tell you that if I want to move him, I can't! Unless you kill me before you touch him

The tone is firm!

Murderous!

Either Wang Sanjin or Zheng Tianhao could not help changing his face when he heard Bai Xiaoren's words.

They did not expect that Bai Xiaoren would rather offend the two top young people for the sake of just one Wang Fan.

Wang Sanjin's face changed for a while, and he could not help saying in a cold voice, "Bai Xiaoren, are you sure you want to do this? I advise you to ask Mr. Bai's meaning first. Otherwise, it will be too late to regret." Zheng Tianhao also said, "Bai Xiaoren, I can tell you that I, Zheng Tianhao, have to get it back today."

"If you dare to help him, I will call the Zheng family immediately after the event and completely block your Bai family's project industry in the port city!"

Zheng Tianhao's words are not dangerous words, but the Zheng family does have the ability.

Bai Xiaoren laughs and smashes a wine bottle with a bang. He holds the sharp spear and yells, "come on, you can move our Bai family's project industry in Hong Kong City, and we can still move your Zheng family's project industry in China."

"As long as I don't die, I'll destroy one place for you. I'd like to see who we can play with!"

Zheng Tianhao's face suddenly darkened when he heard this. He didn't expect that Bai Xiaoren was so hard and completely ignored his threat.

Wang Sanjin is also ugly, but he did not go to see White Owl benevolence, but looked at Wang Fan, "you are very good ah, did not expect White Owl benevolence will be so toward you."

"Aren't you very kind? Do you have the ability to stand up by yourself, do things by yourself, and don't rely on others?"

Obviously, Bai Xiaoren's attitude made him feel the pressure.

Although he was not afraid to fight with Bai Xiaoren, he was still in trouble after all.

After all, Bai Xiaoren is not a cat or a dog. He has a lot of energy. And with the mad dog nature of Bai Xiaoren, he can really do anything, unless he can kill Bai Xiaoren.

Just, can he kill Bai Xiaoren? Or does he dare to kill Bai Xiaoren?

"Bai Shao, I'll take your love. I'll keep it in mind. I feel that this elder brother is quite right. One person does things and one person carries them. Since I'm the one who leads the matter, let me solve it. "

Wang Fan didn't speak at all. He just wanted to see Bai Xiaoren's attitude and whether he was worthy of his deep friendship.

It is the so-called adversity to see the truth, Wang Sanjin and Zheng Tianhao are all considered to be good people. In this case, we can see whether a person is worth deep friendship.

Now that he has known Bai Xiaoren's attitude, he will not drag him into the water.

Wang Fan glanced at Zheng Tianhao indifferently, then asked with a smile, "what do you want, what do you want to explain?"

## **Chapter 1275**

"How's it going? It's easy! " Zheng Tianhao pointed to the Lexus man and woman, and they immediately stood up.

They took out a pair of shoes from their respective handbags, changed them on their feet quickly, and spit up again.

After finishing all this, Zheng Tianhao said, "kneel down and lick the mud on their shoes. Let's forget the grudge between you."

"Didn't you make the mud spots on their shoes? I'm afraid it's not too much for you to lick them clean?"

He also made a generous posture, "originally you also provoked me, according to my meaning, is intended to waste your arm and leg."

"But since you know Bai Shao, I'll look at Bai Shao's face, regardless of your provocation."

"Well, am I generous enough?"

Wang Fan looks at this scene, in the heart sneer, this fellow also too his mother shameless?

It is clear that he wants to insult himself, and even want to fight White Owl face. But when it came to him, it turned out to be magnanimous. Wang Fan had never seen such a shameless person before.

Bai Xiaoren's face was also very gloomy.

He is not a fool, how can he not know what Zheng Tianhao means?

This guy is obviously killing people without blood, stabbing him with a soft knife.

Wang Fan and his White Owl benevolence together, if really kneel down to do according to Zheng Tianhao's meaning, this matter spread out, his White Owl benevolence will have no face to mix.

It's ridiculous that Zheng Tianhao even gave him White Owl face. He really took him as an idiot.

Seeing that Wang Fan didn't move, the woman couldn't stand it immediately. She pointed to Wang Fan and cried sharply,

"son of a bitch, didn't you hear Zheng Shao's words? Why don't you hurry up and lick my shoes like a dog?"

Her eyes exuded ferocious, "Zheng Shao didn't waste your arms and legs, it's already merciful, you don't know how to praise!"

"What's more, my mother's saliva and shoes can't be eaten by anyone who wants to eat them. If you can eat them, it's a blessing you can't repair in three lives!"

The man also said, "come here and lick it, or don't blame me for being impolite!"

"Damn, it's not too much for you to lick the mud you've made on me now! If it's not for the white face, you'll not only have to lick it clean, but you'll also have to be crippled! "

Bai Xiaoren's face was very gloomy, but he didn't speak.

He knew that Wang Fan would not kneel down and lick, otherwise Wang Fan would not be Wang Fan.

He's already winked at the bodyguards. Once something goes wrong, he immediately takes Zheng Tianhao, Wang Sanjin and them.

Because he has realized that most things will turn out to be uncontrollable. Zheng Tianhao and his party are forcing Wang Fan to kill.

Wang Fan ignored the shouting Lexus men and women, but looked at Zheng Tianhao, "do you really want me to kneel down and lick? No discussion? "

"Zheng Tianhao shook his head," yes, this is my maximum tolerance, and still look at the white face, otherwise you can't be so cheap

Wang Fan looked at the pair of men and women again, "do you really want to humiliate me like this,

there is no room for moderation?"

That woman immediately some impatience, "nonsense, when you splash mud on my body, how didn't you want to humiliate my mother?"

She pointed to her shoes and said, "come on, lick me like a dog, or I won't be blamed for being rude!"

That man's tone is also quite tough, "ease a fart, don't lick clean, you can't completely walk out of this door today!"

"Good." Wang Fan nodded, his heart is also angry.

It was this pair of men and women who first provoked him. Now, it's good that they even want him to lick his shoes like a dog. They are so aggressive. It's not worth their lives to bully the dead.

It can be imagined that if it were not for him, Wang Fan would have been planted here today.

Since the other party is not accommodating, Wang Fan also has no way, he said a good word, immediately slowly toward the men and women walked past.

The two men and women showed a proud expression, especially the woman, with a trace of joy and excitement in her eyes.

At the same time, Zheng Tianhao also made a gesture to the bodyguards. The two bodyguards moved slightly towards Wang Fan, and their muscles began to tense.

As long as Wang Fan dares to do something, they will do it at the first time.

"Kneel down!"

Wang Fan just walked to the men and women's side, the man had suddenly burst to drink.

At the same time, he suddenly stretched out his hand, pressed Wang Fan's head and raised the shoe on his right foot.

With a cold smile, Wang Fan thrust out his left hand, grabbed the man's arm and twisted it, then took off his shoes with his right hand.

"Ah At the moment when the man couldn't help crying, he had pressed his shoes on the man's mouth. The spittle that the man spits on the shoe is swallowed by himself instantly, looking at incomparable disgust.

"How dare you cheat, you son of a bitch?" After the initial shock, the woman instantly recovered and grabbed Wang Fan.

With a slap, Wang Fan knocked it out on the ground. The next second, he directly stepped on her mouth with the sole of his foot.

"Deceiving? What's the trick? After you provoked me, I didn't settle with you. When you arrived, you were so aggressive that you wanted to humiliate me. What's the reason? "

Wang Fan said, a punch will rush to a bodyguard fly, tone indifference, "I have just given you the opportunity to ask if you have to do this. But since you don't cherish it, no wonder I do

The woman's mouth was trampled by Wang Fan's feet. Although she didn't swallow saliva like a man, she still felt shame and her face turned red.

She grabs Wang Fan's bare feet with both hands, struggling crazily, but where can she struggle?

Over there, Zheng Tianhao and Wang Sanjin's face has changed completely.

They didn't expect that Wang Fan would dare to give up, even if he could blow away the bodyguard.

"Son of a bitch, you really don't want to show your face. In that case, don't blame me for Zheng Tianhao's impoliteness."

He drank it coldly and waved his hand, "give it to me, kill him!"

Hula!

More than ten bodyguards rushed to Wang fan like wolves.

"Presumptuous, I see who dares to move!" Bai Xiaoren also roared. With a wave of his hand and a click, Bai's bodyguards immediately pinched out the gun and opened the insurance. The black muzzle of the gun madly pointed to Zheng Tianhao's bodyguards.

Those bodyguards see white Xiao Ren's subordinates actually took out the gun, the facial expression instant big change, quickly stopped the action.

However, there is a man who doesn't believe in evil. He still rushes to Wang Fan crazily, but before he rushes to Wang Fan's side, he pours on the ground. Bai Xiaoren has already shot him in his right thigh.

Whoa!

The red blood spattered, and the bodyguard immediately covered his thigh and fell to the ground, his mouth murmured, and his face changed dramatically!

"Bai Xiaoren, do you really want to fight Zheng Tianhao and Wang Sanjin for this man?" Zheng Tianhao

looks at Bai Xiaoren with a ferocious face, and his tone is very angry.

At the same time, Wang Sanjin also quickly waved his hand, six or seven Wang elite followed to pull out the gun, pointed to the white Xiaoren and others.

Pull out the crossbow!

### **Chapter 1276**

"Dead beat?" White Owl benevolence sneer, "how, I White Owl benevolence dead knock can't afford it, hit me!"

"I see who dares to move!" Wang Sanjin jumped out directly, "I'm wang Sanjin of the Wang family. I want to see who dares to touch me?"

As he roared, he stood in front of those Zheng Wang bodyguards.

White Xiao Ren bodyguard looking at this scene, can't help but droop the muzzle.

Although they are the bodyguards of Bai Xiaoren, they are still afraid of Wang Sanjin.

They can shoot those bodyguards regardless, but they dare not shoot Wang Sanjin.

At the moment when white Xiaoren's bodyguard lowered the muzzle of his gun, Wang Sanjin suddenly pulled out his gun and started shooting at white Xiaoren's bodyguards.

Come on, come on!

The three guns hit the wrists of the three white Xiaoren bodyguards. The three bodyguards immediately covered their wrists and fell back. Their guns fell to the ground and their wrists were bleeding.

"Son of a bitch, play with me?" Bai Xiaoren's face also changed. He pulled out his gun and fired at those Zheng Wang bodyguards.

The same sharp, the same fierce.

After more than a dozen shots, more than a dozen Zheng Wang bodyguards covered their hands or legs and fell back, feeling indignant.

Nima, this is really a fight between gods, mortals suffer.

These young people dare not point to point with guns, but vent their anger on them. It's too fuckin 'humiliating.

"Son of a bitch!" Wang Sanjin became angry, "Zheng Shao, you move that boy, I'll meet Bai Xiaoren!"

He said darkly, and immediately rushed toward White Owl Ren!

Their bodyguards dare not move Bai Xiaoren, so he can only do it. Wang fan can only give it to Zheng Tianhao.

"Good!" Zheng Tianhao gave a cold smile. Without any hesitation, he rushed to Wang Fan crazily.

At this time, whether Zheng Tianhao, Wang Sanjin bodyguard or Bai Xiaoren bodyguard, even if they were not injured, they all gave way and did not dare to block the way.

No way. No matter how powerful they are, they are just small people. They can't afford to offend Zheng Bai, Wang and Wang.

Roaring sound rang out, Wang Sanjin soon and white Xiao Ren boxing fight together, very fierce.

Over there, Zheng Tianhao has already rushed to Wang Fan's side crazily, with a ferocious smile on the corner of his mouth and a fierce blow.

"Die for me!"

There was only endless ferocity and killing in his voice.

He didn't expect that such a small thing had evolved to such an extent that he really wanted to kill Wang Fan to vent his anger.

Although Zheng Tianhao is a young and old man in Hong Kong, he is not a waste. He has a few skills. His blow out of a blow, in an instant in the air will tear out a sonic boom, momentum sharp!

Wang Fan felt this scene, slightly surprised, obviously did not expect that Zheng Tianhao has such strength.

But he didn't put it in his heart. Instead, he said with a cold smile, "I'm afraid you can't kill me."

With that, Wang Fan's foot had already loosened the woman's mouth, and then turned a circle in the air and kicked Zheng Tianhao.

With a bang, before Zheng Tianhao's fist hit Wang Fan, Wang Fan's foot hit Zheng Tianhao's wrist.

Zheng Tianhao only felt a strong attack, and his right arm was pointed to the air. The next second, Wang Fan's toes had moved down, and he was hard on his chest.

Come on!

Zheng Tianhao felt a violent force coming, and immediately he could not help a mouthful of blood and flew out.

He flew six or seven meters away, fell to the ground and spewed blood, and could not get up again.

His eyes to Wang Fan were shocked and dead.

How did he not expect that Wang Fan would be so powerful, so abnormal, one foot put him down.

This makes him feel that his hard work and efforts in the past ten years are not worth it.

You know, over the past ten years, he has been working hard. For a while, he didn't even touch a woman.

No matter how tired and bitter he is, when time comes, no matter what he is doing, he will get up and exercise like a dog.

But he didn't think that even so, he was not Wang Fan's opponent.

You know, Wang fan doesn't look as old as him, which makes him very difficult to accept.

Not only Zheng Tianhao, but also his bodyguards and the young men and women who brought him changed their faces.

They all know the power of Zheng Tianhao, so they can't believe this scene.

But even if you can't believe it, it's true.

After a short shock, they suddenly recovered and became crazy.

"Dare to move Zheng Shao, seek death!"

"I killed you!"

Those bodyguards who were not injured, no longer care about others, grabbed the gun and swept towards Wang Fan! Zheng Tianhao was injured under their eyes, which is an unbearable insult to them.

If this is sent back to the Zheng family, they will definitely be fed up with it. Maybe they will lose their head!

If it's Bai Xiaoren who hurt Zheng Tianhao, they may be afraid, but Wang fan is the other side. What else are they afraid of?

Come on, come on!

The piercing gunfire resounded, and the dense bullets immediately formed a rain curtain over Wang Fan, with sharp momentum and sharp smoke!

Wang Fan cold smile, on the spot a roll, those bullets will be blasted on the ground wall, leaving holes.

At the moment when the other side stopped shooting, Wang Fan suddenly turned back, and at the same time, he grabbed two guns picked up and fired mercilessly at the bodyguards.

Come on, come on!

Another burst of gunfire, the more than ten bodyguards all covered their wrists or thighs and fell to the ground, with a dead silence on their faces.

Their eyes are full of shock, even fear.

It's terrible. It's terrible!

Wang Fan's shooting method can be called a shot without fail, every shot, can accurately hit their wrist or thigh, no bullet is lost.

Scalp numbness!

Even Zheng Tianhao in the distance, looking at this scene, his face could not help changing.

He didn't expect to provoke such a perverted and powerful master.

Wang Sanjin and Bai Xiaoren have stopped fighting and look at Wang Fan.

But there was no surprise in their eyes, and even a smile appeared in Wang Sanjin's eyes.

Although the smile is very hidden, but also fleeting, but Wang Fan still caught.

Wang Fan's heart clapped for a moment, and he had a bad premonition in an instant.

Bai Xiaoren is not shocked by this scene, he can understand, after all, Bai Xiaoren knows his strength, but why is Wang Sanjin not shocked?

There is only one possibility, that is, Wang Sanjin knows his identity and strength.

But since Wang Sanjin knows his identity and strength, he dares to bring Zheng Tianhao to find his own place, which is obviously not right.

Combined with the smile in Wang Sanjin's eyes, Wang Fan instantly felt the atmosphere of conspiracy.

He didn't expect that Wang fan saw through his mind and knew that he was calculating Wang Fan.

How is that possible?

He resisted the wave of his heart and roared angrily, "what are you talking about? Why don't I understand you? "

He pointed to Wang Fan suddenly, "Wang Fan, if you hit me, hit me. Why do you pull such nonsense reasons?"

"I tell you, if you dare to beat Wang Sanjin and Zheng Shao, we won't just let it go. Just wait for our revenge!"

Wang Sanjin was really angry. He was so angry.

Although it was he who calculated Wang Fan first, and although he was wrong, he still had a kind of crazy impulse to kill Wang fan when he thought of his merciless slaps!

"Revenge?" Wang Fan sneered, "my Wang Fan has never been afraid of revenge. If you have the ability, just come and see my Wang Fan."

He looked at Wang Sanjin coldly, "what did you say just now? Don't you know what I mean? That I have wronged you? "

"It's ridiculous. If Wang Fan wants to beat you, do he need to use unreasonable reasons to wrongly you? I just hit you for no reason, what can you do with me? "

He pointed to Wang Sanjin, "you just called out my name, which means that you know me and know my strength."

"But since you know my strength, you dare to pull Zheng Tianhao to come to me for bad luck. Why are you? Dare you say that you don't want me to offend Zheng Tianhao and then use the Zheng family behind him to deal with me? "

"If I guess well, there must be experts behind the Zheng family, right? At least in your eyes, you are not inferior to my master. Otherwise, why do you think the Zheng family can deal with me? "

Wang Fan's words changed not only Wang Sanjin's face, but also Zheng Tianhao's face not far away.

Wang Sanjin never thought that Wang Fan was just like an *Ascaris lumbricoides* in his stomach. He could see through his mind completely. How could this be? Is it too bad and terrible?

Zheng Tianhao also has a gloomy face. He is not a fool either. Just think about it carefully to know that

what Wang Fan said is probably true.

But he couldn't figure out why Wang Sanjin wanted to use Zheng Tianhao, and what was wrong with him?

What's more, even such identities as Wang Sanjin are afraid of Wang Fan and need to use his Zheng family to deal with Wang Fan. Is Wang Fan a simple role?

Thinking of this, Zheng Tianhao could no longer help pointing at Wang Sanjin and growling, "Wang Sanjin, do you dare to count me? Good, good! "

His eyes were full of venom, and he finally understood why Wang Sanjin didn't collide with Wang Fan from the beginning to the end, but handed Wang Fan over to him to deal with.

It's obvious that this is all calculated carefully!

Wang Sanjin felt the venom in Zheng Tianhao's eyes, and his face suddenly changed. "Brother Zheng, you must not be provoked. You must believe me. How can I count on you?"

His heart has sunk to the bottom, he is absolutely not allowed Zheng Tianhao and his own anti purpose.

Zheng Tianhao is not only a big card in his hand, but also his ally. If Zheng Tianhao turns against him, the status of Wang Sanjin in the three generations of the Wang family will plummet.

Wang Sanjin couldn't help yelling at Zheng Tianhao, "he's provoking dissension, he's slandering me!"

"It's your friend who brought this up today. I'm just coming with you. Even if Wang Sanjin has great ability, he can't bribe your friends to offend Wang Fan. "

The Lexus men and women listened to Wang Sanjin's words, but they couldn't help blinking, and then they just knelt on the ground, "Zheng Shao, we didn't collude with Wang Shao. We are wronged!"

Oh, my God, they didn't expect things to come to this.

If Zheng Tianhao misunderstands that they have colluded with Wang Sanjin to play a conspiracy, they are really finished. Not only will they be finished, but their family will also be finished.

The energy of the Zheng family in Hong Kong City is no joke.

Zheng Tianhao struggled to get up and waved to the couple, "I didn't say that you were united with him to calculate me. This has nothing to do with you."

He said, looking directly at Wang Sanjin, "Wang Sanjin, if I'm not wrong, you want to count me after you enter this courtyard and find his identity?"

He pointed to Wang Fan, "after we entered here, no one mentioned his name and identity. How do you know?"

"Since you know his name and identity, it means you know he is powerful, but even so, you still give him to me, Zheng Tianhao, to deal with him. What do you mean?"

Zheng Tianhao said here, can't help but start the angry roar, "you are just his heart to kill! What, do you want to kill me with his hand? Want me to die faster? "

He pointed to Wang Sanjin and said, "Wang Sanjin, I thought you were a friend to make."

"Even if you are gentle and unscrupulous to the enemy, you can at least treat your own people as a past."

"But today, I found out that I was blind! You, Wang Sanjin, can't tell the difference between us and the enemy. "

"You're a real killer

Zheng Tianhao a few words down, Wang Sanjin's face has been completely pale, he wanted to explain, but finally did not know how to speak.

It's superfluous to say anything now. Zheng Tianhao obviously won't believe him any more.

Wang Sanjin never thought that the word "Wang Fan" he blurted out unconsciously would put him in such a passive situation.

He did not expect that Wang Fan's mind should be so careful, to see through his plot!

How he hates it!

If he had known that he would lift a stone and hit his feet, he would never have calculated Zheng Tianhao and Wang Fan.

Unfortunately, there is no regret medicine in the world!

Wow.

At this time, a large number of club security and military police have surrounded us. Obviously, they heard the gunfire.

**Chapter 1278**

Wang Fan looked at those who rushed to the security forces and police, can not help but frown.

Originally, he planned to force Wang Sanjin to ask why he wanted to calculate himself, but when the military and police came, he had no way to force him to ask.

When Wang Sanjin saw the police, his eyes also sparkled with joy.

If these soldiers and policemen don't come, he may suffer from flesh and blood, or even be killed by Wang Fan. But since the soldiers and policemen come, at least his life has been saved.

"Hum." But Zheng Tianhao didn't care about the police. He gave Wang Sanjin and Wang Fan a cold glance, snorted heavily, and then left the yard with the uninjured bodyguards.

Although he knew that he had been used by Wang Sanjin, it didn't mean that he had planned to let Wang Fan go.

No matter what the reason is, if Wang Fan dares to move him, he has written down the account. He will never forget it.

Wang fan is not a fool, naturally can see that Zheng Tianhao will not give up, but he still has no way.

In the presence of the military and police, it is impossible for him to kill Zheng Tianhao. He also needs to pay attention to the influence.

Wang Sanjin saw Zheng Tianhao leave, but he didn't say a word of nonsense. He took a vicious look at Wang Fan and turned his head to follow him out.

In a few minutes, only Wang Fan and Bai Xiaoren, as well as the injured bodyguards of both sides, were left in the courtyard.

The military and police all know that these people in the courtyard are not easy to be provoked, and some of them have big heads. However, when they saw Wang Sanjin and Zheng Tianhao leave, they were immediately relieved.

Fortunately, they didn't fight in front of them, otherwise they would be really hard to do.

"Bai Shao, I'm so sorry that you are involved in this matter today. I have something to leave now. Please help me with it. Thank you very much

Wang Fan also did not have the mind to continue to stay, he toward the White Owl benevolence boxing said a, intend to leave.

"Wang Shao, don't mind. We are friends. We should help each other. If you have something to do, go ahead and leave it to me. " White Owl benevolence also has no nonsense, is very straightforward agreed

to come down.

Wang Fan left the club in a hurry.

But when he went out, whether it was Wang Sanjin or Zheng Tianhao, it had already disappeared in the scope of his spiritual power.

He had planned to catch up with them, but now he had to give up.

After leaving the club, Zheng Tianhao went directly to a manor owned by the Zheng family.

He used to live with Wang Sanjin, but now that this kind of thing has happened, it's impossible for him to continue to live in the past.

"Ah Jun, please call the family immediately and ask the family to investigate the identity of Wang Fan. And then tell the Tibetan dog to bring a group of people to the capital. "

"Wang Sanjin, Wang Fan and those two bastards, one calculated me and the other hit me in the face, I will never do that. I, Zheng Tianhao, must say that."

"That Wang Sanjin, although I dare not kill him, I can pull him down from the position of the first person in the three generations of the Wang family. As for Wang Fan, I will cut him to pieces! "

After Zheng Tianhao sat down in the room, he immediately gave an order to a confidant.

As he spoke, his eyes were ferocious, his face twisted, and his boundless anger seemed to blow up the room.

He was really angry. From childhood to adulthood, whether in Hong Kong or mainland China, it was Zheng Tianhao who stepped on others. When was Zheng Tianhao trampled on others?

He can't swallow it. He wants revenge!

A Jun listened to Zheng Tianhao's words, his heart couldn't help but clatter for a moment, and a deep fear appeared in his eyes.

Tibetan dog is one of the most fierce biting dogs in Zheng family.

It is said that Tibetan dog used to be a strong ancient warrior, but I don't know why it was accepted by the Zheng family.

Over the years, the Tibetan dog did not know how many shameful things for the Zheng family, and the people who killed them could not count their hands and feet.

He was only loyal to two people in the Zheng family, one was the head of the family, the other was Zheng Tianhao.

A Jun didn't expect that Zheng Tianhao asked the Tibetan dog to bring people over in person. It can be seen that Zheng Tianhao was really angry.

But ah Jun did not dare to refute, only nodded, "good Zheng Shao, I'll do it now."

With that, he left the room in a hurry and took out his cell phone to make a call.

Zheng Tianhao looked at a Jun's back as he left, and a vicious smile like a snake appeared in his eyes.

Wang's family, Wang Sanjin, who just came back, didn't look very good either. He didn't expect that he would lift a stone and smash himself in the foot and lose Zheng Tianhao as an ally.

It made him very depressed and indignant.

Fortunately, Zheng Tianhao's eyes told him that Zheng Tianhao would not let Wang Fan go, which made him feel a little more balanced, otherwise he would really die.

Wang Sanjin has always been soft and unscrupulous in his work.

Now that he can't be a friend, he simply doesn't want to be a friend. He directly kills Zheng Tianhao and puts the black pot on Wang Fan's head, so that the Zheng family and Wang fan can fight each other. Thinking of this, Wang Sanjin immediately said to his confidants, "immediately send someone to investigate the whereabouts of Zheng Tianhao, and then let Shuai Hu disguise himself as Wang Fan and kill him!"

"Remember, Zheng Tianhao, including Zheng Tianhao's bodyguards, killed all of them and left none of them. This is just like Wang Fan's style!"

"In addition, after investigating Zheng Tianhao's foothold, he told Shuai Hu not to rush into action and to postpone it for an hour or two as far as possible."

"Only in this way can Zheng Tianhao tell the Zheng family what happened today, and we will succeed in framing Wang Fan."

Wang Sanjin's mouth appeared a grim smile, "since you can't be a friend, you can only be destroyed. If you can exchange Wang Fan's death for your death, your death will be very valuable."

If Zheng Tianhao knew that Wang Sanjin not only wanted to kill him, but also wanted to blame Wang Fan, he would be angry to death.

How could he have been blind and made such a friend as Wang Sanjin?

Without any hesitation, Wang Sanjin's confidants immediately arranged to go on.

As the head of the eight families, there is no need to doubt the energy of the Wang family in the capital.

In less than 10 minutes, Wang Sanjin had already investigated Zheng Tianhao's whereabouts. Two hours later, Shuai Hu started his operation.

He didn't act alone, but with twelve elite. Half an hour later, they had arrived at Zheng Tianhao's manor.

They had planned to sneak in and then start the killing, but after a circle, they found that they could not sneak in, so they had to attack by force.

"Remember, kill anyone you see, and leave none!" Shuai Hu looked at the heavily guarded manor, gave an order with a grim smile, then pulled off the black scarf to cover his face and rushed out first.

The twelve elites did not hesitate. They covered their cheeks one after another, then scattered and rushed to the manor.

"What are you?" A young man on the wall of the door found something wrong and was about to question, but he just said five words -

pounce!

A bullet had been nailed into his eyebrow, his head exploded, and he died in an instant.

"Enemy attack

"Enemy attack

The rest of Zheng's elite see this, have eyelids jump, can't help roaring at the same time, sounded the alarm.

But it didn't work at all. They couldn't resist the butcher's knife of Shuai Hu and other 13 people.

## **Chapter 1279**

Come on, come on!

The harsh voice is constantly ringing, just a face-to-face, the elite of Zheng family will be killed by Shuai Hu and other 13 people.

The momentum is overwhelming.

There is no way, Shuai Hu is well prepared, with the elite of the elite.

Although the Zheng family is good, its influence is limited to the city of Hong Kong. In the capital, there are not many high-quality talents in the Zheng family.

Blood is constantly splashing, limbs and arms are flying everywhere. Soon, the whole manor is like a slaughterhouse. It's terrible.

Shuai Hu's thirteen people keep on walking. They are very close to the villa where Zheng Tianhao lives. The gods block and kill the gods, and the Buddhas block and kill the Buddhas.

They have only one purpose, that is to kill Zheng Tianhao.

Any enemy who tries to shoot a cold gun in the dark, Shuai Hu and his party will be aware of it at the first time, and will kill the other party mercilessly and suppress it.

In less than ten minutes, they approached Zheng Tianhao's villa.

Zheng Tianhao was venting on two women, but he didn't expect that the enemy killed them.

Rao is that he has put on his clothes as fast as he can, but he is still stuck in the villa.

There's no way. Shuai Hu and his party's propulsion speed is too fast. In addition, he didn't have any mental preparation in advance, resulting in a lot of slow action.

Zheng Tianhao was standing at the window, looking at the handsome tigers and their group. His face was gloomy and his eyelids were jumping.

"Who are you and why do you want to enter my Zheng manor? I, Zheng Tianhao, am a member of the Zheng family in Hong Kong. Have you ever thought about the consequences of killing me like this? "

Zheng Tianhao's words were sharp and his eyes were ready to crack. "No matter whether you can kill me today or not, I can guarantee that you will be avenged by the Zheng family after the event!"

"Now I'll give you an opportunity. If you go back immediately, I'll let bygones be bygones and give you a sum of money. I don't even need you to sell your employer."

He held out three fingers. "Three billion, is that enough?"

Rich and powerful!

Zheng Tianhao knew that these people were either Wang Fan's or Wang Sanjin's without any consideration.

After all, that happened at noon. Now someone has killed him. If it's not Wang Fan and Wang Sanjin,

then there's a ghost.

is just the person who is Wang Sanjin or Wang Fan. He is not sure that he needs to investigate afterwards.

Of course, the premise is that he can move these people and survive safely. Otherwise, everything will be meaningless.

Three billion, no matter who it is, can be regarded as a large sum.

If you change to someone else, maybe you will be moved. Unfortunately, the one who comes is Shuai Hu.

Since Wang Sanjin dares to hand over such an important thing to Shuai Hu, it shows that Shuai Hu's loyalty and credibility are not a problem, and he is absolutely impossible to be moved by money.

"Three billion?" Shuai Hu listened to Zheng Tianhao's words and couldn't help laughing. He slowly shook his head, "not enough!"

Finish saying, his body suddenly one side, right hand muzzle a turn, pounce, mercilessly exploded an enemy head.

The red blood splashed out from the enemy's eyebrows. The enemy fell to the ground and his gun fell to the ground.

Obviously, he was planning to sneak attack, but he was discovered by Shuai Hu.

Looking at this scene, Zheng Tianhao's eyelids jumped again, and his scalp felt numb in an instant. The precise shooting method made him think of Wang Fan subconsciously.

But even if he suspected that the other party was Wang Fan, he didn't dare to say it at this time.

If he doesn't say it and pretends that he doesn't know the other person's identity, there may be room for moderation. But if he says it, it means he won't die.

Zheng Tianhao held back his fear, stretched out five fingers and yelled, "five billion, buy my own life!"

He also followed the lure, "there are only permanent interests in this world, no permanent enemies. I, Zheng Tianhao, swear that as long as you spare me today, I will not only pay 5 billion yuan into your account in three days, but also let bygones be bygones. How about that? "

At the thought of Wang Fan, Zheng Tianhao was even more frightened.

If this man is really Wang Fan, if Wang Fan really wants to kill him, he will have no chance to live today.

"Ha ha!" Shuai Hu laughs wildly twice, suddenly raises his gun and starts shooting.

Come on, come on, come on!

Five shots later, five hidden in the dark of the shooter fell to the ground, dead in a mess.

Shuai Hu is a direct roar, issued an offensive order, "kill, not a stay!"

He showed his accurate shooting skills in front of Zheng Tianhao, and there is no need to continue to waste time. No matter whether he can really blame Wang Fan, he has done his best.

As the saying goes, too much is lost, so his words are also very few.

With the order of Shuai Hu, the twelve elite rushed into the villa like a wolf dog.

The light of the knife flickers and exudes cold light! Looking at this scene, Zheng Tianhao's eyes were almost ready to split, "stop them for me, kill them!"

Said, he has been crazy toward the shuaihu a few guns, and then ran into the villa.

Run, he has to run!

Because he knew that these people could not stop Shuai Hu and others.

He not only wanted to escape, but also told his family about it. Blood must be paid for blood debts. Even if Zheng Tianhao died, he could not die in vain!

"Kill

Shuai Hu smiles crazily, two guns knock over two enemies, and rushes into the villa.

The twelve elite members were not idle. They danced with swords and guns and slaughtered. With just a few breaths, more than a dozen of the elite members of the Zheng family had been killed.

Zheng Tianhao looked at the Shuai Hu and his party who rushed into the villa. They were all in despair.

He didn't expect that these people were so bold that they would attack and kill him in broad daylight and wash his manor with blood.

"Wang Fan, I won't let you go. I won't let you go when I'm a ghost. If you dare to kill me, you will wait for my Zheng family's bloody revenge! "

Zheng Tianhao roared wildly, and suddenly flashed forward. He bent on one side of his body. A sharp

knife in his hand passed one person's throat, and then he stabbed Shuai Hu with his backhand.

Shuai Hu didn't expect that Zheng Tianhao, who was at the end of his life, dared to fight back and killed one of his subordinates. Subconsciously, he was stunned.

But this slight Leng made his evasive action slow for half a beat. He stabbed him. Zheng Tianhao's sharp knife picked his face and pulled off his black scarf.

Looking at that strange face, Zheng Tianhao's face couldn't help changing, "you, aren't you wang fan?"

Shuai Hu's face is also ugly. He didn't expect that at the critical moment, he was pulled off the black scarf.

But at this time, he didn't have the heart to talk with Zheng Tianhao at all. The fierce man grabbed the sharp knife in his hand and directly penetrated Zheng Tianhao's abdomen.

Come on!

Zheng Tianhao's body faltered and his eyes began to relax. However, his right hand crazily hugged Shuai Hu, and his left hand began to beat him.

Shuai Hu felt Zheng Tianhao's tenacity, his face changed wildly, "give me death!"

He roared wildly and stabbed several times.

The red blood splashed, Zheng Tianhao's strength dissipated, just as he dropped his left hand, he also pulled shuaihu's mobile phone down.

Jingling.

At the same time, shuaihu's mobile phone ring just rings. Zheng Tianhao looks at the familiar phone number, and his lax eyes suddenly condense into a needle.

Wang Sanjin!

## **Chapter 1280**

Zheng Tianhao's eyes are just itching to crack!

He never thought that it was Wang Sanjin who wanted to kill himself!

It's such a vicious thing!

Shuai Hu is also slightly dull. He didn't expect that Zheng Tianhao pulled down his mobile phone and saw Wang Sanjin's call, which made his whole heart suddenly, but soon recovered.

"You die for me!" He suddenly roared, no longer ignore the nonsense, mercilessly pulled out the knife and continued to stab Zheng Tianhao in the abdomen.

Hiss.

After two sounds, Zheng Tianhao fell to the ground and died!

"Blow this place up, let's go!" Shuai Hu did not dare to stop, issued an order again, and then grabbed the mobile phone and left the villa.

The eleven elite did not talk nonsense, and quickly dropped bombs around the villa.

Ten minutes later, with a bang, the whole manor was blown into ruins.

Port city, Banyang Lake Villa.

This is the location of the Zheng family, a powerful family in Hong Kong City. The whole Banyang Lake Villa belongs to the private property of the Zheng family.

Let's not say how much money the Zheng family has and how deep the foundation is. The value of the land alone is an unimaginable number.

The whole Banyang lake villa area has the elite garrison of Zheng family, which can be called "three steps, one post, five steps, one sentry".

At this time, in the most central hall of a villa, an old man in Zhongshan costume was drinking tea. Suddenly, a young man came in in a hurry.

The young people's expressions of fear, uneasiness, nervousness and anxiety all indicate that something important has happened.

The old man looked at the young man who broke in without knocking. His thick eyebrows picked slightly, and he couldn't help asking, "what happened? How could he be in such a hurry?"

His voice is round, not angry from the Wei, it seems to be natural with the upper breath.

"Mr. Zheng, Mr. Zheng, it's not good. Half an hour ago, young master Zheng Tianhao was killed in the capital, and his Zheng's manor was bombed into ruins. There was no one alive."

The young man's voice trembled.

He knows that Zheng Tianhao is Zheng's favorite grandson. Now that Zheng Tianhao is dead, and still dies in this way, we can imagine how terrible Zheng's anger will be.

"What?" Rao is Zheng's heart quality is strong enough, but hearing the terrible news, he can't help changing his face.

He slapped his hand on the tea tray, and the boiling water splashed everywhere, but he didn't seem to feel it. "Tianhao is still fine in the morning, how can he be killed now? What's going on? Who did it? "

His face was already completely gloomy. "Dare to kill my grandson, don't they want to live? Is it the hands of the big eight? "

Zheng Tu Dao was really angry. He was shocked by the news.

His Zheng family is a rich and noble family, even if the details are not as good as those of the eight, they are almost the same.

In addition, they are located in Hong Kong City. In a way, even the big eight have to give them three cents.

But now, Zheng Tianhao, the grandson of Zheng Tu Dao, was killed in the capital, or in such a cruel way. Is the enemy not afraid to bear the anger of his Zheng family?

Anger!

Great anger!

Young people did not dare to neglect, quickly bowed to answer, "who moved the hand, now we do not know."

"But more than two hours ago, Zheng Shao asked someone to call back and ask the Tibetan dog to take people to the capital. As for what to do, I don't know yet."

Just as the young man said this, his mobile phone rang. He wiped the cold sweat on his forehead, motioned for Zheng Tu Dao, and then respectfully went to the corner to answer.

A few minutes later, he hung up the phone and walked back, "the investigation is clear. At lunch time, Zheng Shao had a conflict with a guy named Wang Fan, who was also used by Wang Sanjin, which led to Zheng Shao's antagonism with Wang Sanjin."

"After that, Zheng Shao did not go to Wang Sanjin, but returned to a stronghold of our Zheng family in the capital. Later, the enemy killed him."

"By the way, I also investigated. Wang fan is a decisive master. He will destroy people all over the house."

The young man said all the things he had investigated. He only objectively stated the course of the matter, and did not mix his own guess and opinions.

But even if he didn't mix his own guess, his meaning was obvious. That is, Wang Fan killed Zheng Tianhao and slaughtered all the people of Zheng's stronghold in the capital.

"Wang Fan?" Zheng Tu Dao even made a gnashing voice, "I don't care if he killed decisively, and no matter what he came from, in short, he dares to move Tianhao, that is to provoke my Zheng family."

"Call the Tibetan dog right away. After entering Beijing, kill Wang Fan at all costs. I will see Wang Fan's head in three days!"Murderous!

Zheng tudao also did not believe that Wang Sanjin did it. After all, Wang Sanjin had a good relationship with Zheng Tianhao. Even if the two people now turn against each other, they will not be so ruthless as soon as they turn against each other.

The most important thing is that he didn't want Wang Sanjin to do it, because if Wang Sanjin did it, it means that he can't avenge it, so he subconsciously counted it on Wang Fan!

If Zheng tudao wants to move Wang Sanjin, maybe he needs to weigh it up. But if he wants to move Wang Fan, he doesn't need to think much.

"Yes." The youth didn't dare to hesitate and quickly backed out!

But Zheng Tu Dao didn't give up. Instead, he called out again, "Mr. Gong, go to the capital immediately."

"If the Tibetan dog and his party really killed Wang Fan, it's OK. If they fail, you'll do it yourself and cut off Wang Fan's head for me."

The tone is cold and can't be mistaken.

"Good." There was a low voice on the other end of the phone and hung up.

The capital.

The news that Zheng Tianhao was killed spread all over the capital in less than an hour, causing a strong sensation.

No one thought that Zheng Tianhao, the top young man in Hong Kong City, was killed in the capital, and his manor was blown to ruins.

This is just too shocking, too unbelievable.

Bai Xiaoren also got the news, his eyelids couldn't help jumping, the first time he gave Wang Fan a

phone call, "Wang Shao, where are you now?"

When Wang Fan receives the call from Bai Xiaoren, he is drinking tea with Ye Nantian in Nantian mansion. But listening to Bai Xiaoren's tone, he immediately feels something is wrong.

He couldn't help asking, "I'm in nantianfu. What's the matter? What happened?"

Bai Xiaoren didn't hesitate, "more than an hour ago, Zheng Tianhao was killed, and his manor was killed. There was a river of blood, no dogs or chickens left, and later he was blown up to ruins."

"What?" Wang Fan couldn't help but stand up, "is there such a thing?"

He instantly realized that someone wanted to frame him.

as for who wanted to frame him, there was no need to think about it. Wang Fan was the first to think about Wang Sanjin.

Bai Xiaoren listened to Wang Fan's tone, but also can't help but feel relieved, "it seems that this matter has nothing to do with you, I thought you did it."

"I just want to remind you that if you do it, you should go out to avoid the limelight. There are still many experts under the Zheng family in Hong Kong City."

"But since you didn't do it, you don't have to take shelter. It's just that you have to be careful during this period, because it's very likely that the Zheng family will pay you for this. "
