Chapter 1281

Wang fan can't help being speechless.

Even Bai Xiaoren suspects that he did it. It seems that he has broken his promise.

That Wang Sanjin is really a ruthless means, even gave himself such a hand.

Wang Fan's heart bursts of anger, he is not angry Wang Sanjin against him, after all, he has enough enemies, one more Wang Sanjin is not much, one less Wang Sanjin is not much.

What he was angry about was Wang Sanjin's method. This man was so damned that he could play Yin all the time.

"Well, I see. Thanks for Bai Shao's reminding. I'll pay attention." Wang Fan thanks and hangs up.

He felt that he should go to the Wangs' house. The Wangs couldn't get rid of them. He was just a little uneasy.

As for the Zheng family, come on. Wang Fan hasn't paid attention to it. He doesn't believe that a Zheng family can kill him.

"Uncle Ye, I'm going out. I'll come back to see you when I have time. I know about guwu Dabi, and I'll be there then."

Wang Fan toward Ye Nantian boxing said a, directly stood up, he is going to leave.

Ye Nantian took a look at Wang Fan and said, "since you have something to do, you should go first. But I want to remind you that the Wang family is far from as simple as it appears. You should be careful and don't overdo it. "

"Good." Wang Fan nodded and left nantianfu.

He knows what ye Nantian means, that is, let him just go to Wang Sanjin to get in trouble, don't go to the Wang family to kill.

Wang Fan soon left nantianfu, but just as he was going to find a taxi to Wang's house, a black Mercedes suddenly stopped in front of him.

The window opened, revealing a lunar calendar face, at the same time a low voice followed, "Wang Fan, our master wants to see you, come with me."

This person's voice is very low, the tone is also very high, as if is ordering Wang Fan, can't refuse.

Wang Fan listened to the tone of the other party, and he was a little upset. He frowned and asked, "who is your master? Why should I go to see him?"

He is very speechless, want to see himself also put on such a high posture, this person is too hateful.

"You'll know when you go. It's your good fortune for our master to meet you. Don't be unkind. Don't give me a face."

The man was obviously used to being superior. Seeing that Wang Fan had no respect at all, he immediately changed his face.

"Go away! I'm very busy. I don't have time to see your housekeeper. Tell him to come if you want to see me. Don't send a dog to bark in front of me

Wang fan is also very angry, cold drink, immediately turned to the front.

What bothers him most is this kind of guy who is just a dog. He even put on such a high posture. If it wasn't for Wang Fan who didn't want to make trouble, he would have slapped him in the face.

"Good courage!" The man was also angry. He gave a cold drink and immediately pulled the door out of the car. Then he slapped Wang Fan from behind.

Wang fan is so angry that he is deceiving people too much.

At the same time, he is also very confused. His reputation has been so famous. Don't this guy and the owner behind him know? With his strength, what's the difference between doing things in front of him and giving away the head?

Originally, if this guy didn't do it, Wang Fan didn't bother to deal with him, but since he did it, don't blame Wang Fan for being rude.

He gave a cold smile, didn't think about it, just kicked out.

Bang, the guy didn't even react, so he was kicked over by Wang Fan, and then hit the Mercedes behind him.

With a bang, the whole car door collapsed and the guy spat out blood.

He looked at Wang Fan with a shocked face. There was no blood on his face. It seemed that he never thought that Wang Fan was so powerful.

Wang Fan walked to him in three or two steps, picked him up like a chicken with one hand, and then beat him with the other hand.

After slapping several times, Wang Fan asked, "come on, who's the owner of your family? What did he see me do? "

The guy no longer dare to be high above, quickly forced to endure anger and suppress Qu Cheng panic, said, "our home owner is Wang Gujin, Wang family helmsman, I am his bodyguard."

"Wang Gu Jin? Is the Wang family at the helm Wang Fan frowned, "which Wangs, one of the eight Wangs?"

"Yes, yes." The man answered quickly.

Wang Fan couldn't help laughing, "Wang Gujin, as the head of the Wang family, don't you know the strength of Wang Fan?"

"He sent you such a trash to invite me, but he also tried to fight with me. Do you think you are not pleasing to the eye and want you to die?"

Wang fan is really confused.

If a small family doesn't know the strength of Wang Fan, he can understand. But Wang Gujin is the head of the Wang family. If he doesn't know his strength, the Wang family is not worthy of the name.

Wang Fan even doubted whether this guy's words were true.

"The owner didn't ask me to do it to you. I did it because I thought you didn't respect me. I haven't heard of your name, so I don't know your strength

That person in the heart claps Deng for a while, hard scalp says.

He is also very speechless.

When he goes to see other people, which one is not respectful? But who knows, today I met Wang Fan.

And he has never heard of Wang Fan's name, otherwise, how dare he be presumptuous in front of Wang Fan?

His heart is also set off a storm, is not this Wang Fan very famous? What is his identity?

He has seen all the top students in the capital, but he has never seen Wang Fan. It seems that my news is still too closed. I should pay more attention to things outside in the future.

But Wang Fan wanted to laugh again. He didn't expect that he met such a wonderful flower. I really don't know how this wonderful flower became Wang Gu Jin's bodyguard.

He did not talk nonsense, a loose that guy, directly opened the door to sit in, "lead the way."

Anyway, he is thinking of going to Wang's house. Now someone is leading the way. Naturally, it's best. Moreover, he also wants to know what Wang Gu Jin wants to do when he sees Wang Fan.

The guy looked at Wang Fan with an incredible face. He didn't expect that, in this case, Wang Fan agreed to go with him to the Wang family.

But he didn't have half a word of nonsense. He quickly wiped the blood from the corner of his mouth, and then got on the car.

More than an hour later, they came to the Wang family.

Wang Fan's mental power has begun to penetrate crazily. He is not only checking the pattern of the Wang family, but also checking whether the Wang family has ambush.

There is no big mistake in being careful. When he comes to the Wang family alone, he naturally needs to be careful. Once he finds anything wrong, he leaves immediately.

Ten minutes later, the car stopped in front of a grand hall.

"The owner of the house is waiting for you. Go in yourself." After the man welcomed Wang fan out of the car, he lowered his head and left in a hurry.

Wang Fan looked at the hall, and then walked in without fear.

Chapter 1282

Wang Fan's spiritual strength has been swept, and there are only seven people in the hall.

Six people scattered in every corner, obviously the role of bodyguard.

But their strength is very strong, even reached the congenital medium.

Just a Wang family, there are so many experts, which makes Wang Fan very surprised. No wonder Ye Nantian says that the Wang family is far from as simple as it seems.

The other is sitting in the middle of the chair, more than 50 years old, eyes bright, lips thin and tight, majestic, full of momentum.

Wang Fan didn't have to think about it at all. He also knew that most of this was Wang Gujin, the head of the Wang family.

Although the strength of the six celebrities are in the congenital medium-term, but Wang Fan has not

been in the eye.

With these six guys, it's impossible to kill Wang Fan, so he entered the hall without scruple.

Wang Fan quickly walked into the center of the hall. He looked up at the man sitting in the middle of the hall. "You must be Wang Gujin. I don't know what you want to do when you come to me today."

Wang Fan went straight in without any roundabout remarks.

"Presumptuous!"

"Can you call the owner's name?"

"When you see our master, don't you kneel down and say hello?"

Before Wang Gujin spoke, the six bodyguards were filled with righteous indignation.

Their expressions were extremely angry, as if Wang Fan had committed a serious crime when he called Wang a taboo.

Wang Fan didn't pay attention to the shouting bodyguards. Instead, he continued with a calm face. "I've heard that the Wang family is the first family in the capital with strict hierarchy. But today, it seems that it's not worthy of its name."

"When will it be the turn of a group of dogs to bark? No tutor! "

He also sighed, "fortunately it's not my dog, otherwise I'll stew the dog meat directly, so as to avoid humiliation!"

"Son of a bitch, how do you talk?"

"Damn, dare to call me a dog, I'll kill you!"

Listening to Wang Fan's words, six of them were very angry! Their momentum soared wildly. In an instant, they took out their weapons and fought wildly towards Wang Fan.

It's killing.

Wang Fan looked at this scene, instantly realized that these six people had been instructed by Wang Gujin in advance. The purpose is to give yourself a challenge, or to explore their own depth.

Otherwise, just a group of subordinates, or Wang's subordinates, before Wang Gujin gave orders, why dare they be so presumptuous and dare to do things by themselves?

"That's what I'm talking about. What can you do for me?" With a cold smile, Wang Fan welcomed him without hesitation.

He dodged, dodged a bodyguard attack at the same time, anti leg kick out.

Bang, the man didn't have time to resist. He had already been kicked by Wang Fan. After he fell to the ground, he kept spitting out blood. He didn't know how much his ribs were broken.

Another person grabs a three edged thorn from the side. Wang Fan grabs it with his backhand, grabs the other person's wrist, grabs the three edged thorn in his hand, and inserts it into his mouth in the next second.

Whoa!

Blood mixed with broken teeth splashed out. The man's eyes widened in horror and began to fall back, but tragically, he couldn't even scream.

The other four people saw that Wang Fan was so powerful, their faces changed greatly at the same time, and they began to retreat one after another.

But even if they retreated, Wang Fan did not intend to let them go.

Now that we've done it, let's pay some price!

His whole body jumped more than two meters high, and the tips of his feet stepped on the heads of the four people. After the four sounds, all the four people had fallen to the ground with blood in their heads, and they were completely in a coma.

Less than ten seconds, six people, defeat!

"Pa Pa Pa"

looking at this scene, Wang Gujin not only didn't get angry, but clapped his hands and stood up, his eyes full of appreciation, "it's worthy of Wang Fan, this strength is really powerful."

"Six inborn middle, unexpectedly less than ten seconds on the fiasco, have to say, you are really strong."

Wang Fan sneered, "if you come to me, that is to say these nonsense, I will leave. I'm very busy. I don't have time to talk nonsense with you. "

After what happened before, he didn't like Wang at all.

This guy is obviously also a mercenary and a laughing stock.

Wang Gujin didn't think so at all, "since you don't want to listen to nonsense, I'll talk about the purpose directly."

"The only thing I want you to do is to let you join our Wang family and be the adopted son of our king."

"As you must know, my Wang family is the first family in the capital. Compared with the other seven, they have a lot more profound information."

"As long as you are willing to be my adopted son, I, Wang Gujin, will try my best to support you and make you the first person in the three generations of the Wang family and the most favorable successor of the next family."

Wang Gujin did not hesitate to say his purpose, "over the years, the talents of our Wang family have withered, and generation after generation is worse than generation. With your participation, I believe our Wang family will go to a higher level under your leadership." Wang Gujin's words are very tempting. If you were someone else, you might be really confused by the pie falling from the sky.

But Wang Fan was not moved at all, only sneered.

Let's not say that he doesn't believe that pie will fall from the sky at all. Let's just say that it's just a Wang family. He really doesn't pay much attention to it.

What's more, how could the Wang family give up the position of master to an outsider.

But Wang Fan did not immediately refuse, but asked, "I don't know what I need to pay?"

"Don't tell me that as long as I recognize you as a father, you will try your best to cultivate me. We are all adults. I won't believe this kind of thing."

"Ha ha, it's really worthy of Wang Fan. This calmness is not simple." Wang Gujin laughed, "I don't need you to pay anything."

"It's said that you've got a lot of spirit grass in the ruins. As long as you're willing to share it with my Wang family, it's OK."

"after all, though I am the king's family, I am not the only one who has the final say. If you don't contribute to the family, even if you recognize me as a father, the old and stubborn Wang family will not agree with you. "

"But if you can take out some cultivation resources, it's another matter. They will support you for the sake of cultivation resources. "

Wang Fan listened to this with a sneer in his heart.

Sure enough, it turns out that this guy has a crush on his own spirit grass.

It's such a good job to be a mother!

Nowadays, there is a lack of cultivation resources in the secular world. Even if there are, most of them are monopolized by the ancient martial school.

Wang Gujin obviously didn't know where to hear that he had a lot of lingcao pills, so he paid attention to himself.

At the same time, Wang Fan has also understood why Wang Sanjin is trying his best to calculate himself, mostly because of this matter.

After all, if the Wangs support themselves, it is bound to threaten his position.

Even if the support of the Wang family is only a fake, what if it turns out to be true?

Wang Fan thought of this, lazy to continue to talk nonsense, "I'm sorry, although I also want to promise you, but I can't promise."

"Because I don't have any spirit grass on me. I've used up all the spirit grass from the ruins."

What Wang Fan said is also true, his spirit grass is really used up, because it has become a pill.

Wang Gujin was not surprised, but waved his hand and said, "you don't have to be in a hurry to refuse, and you don't have to make such an excuse. We all know if you still have lingcao."

"I don't need you to promise now. I can give you time. When you think about it, you can give me a reply."

Chapter 1283

"Don't think about it. I won't agree to it. Let's not say that I really don't have any spirit grass on me. Even if I do, I won't contribute. "

"You know, I'm also an ancient warrior. I don't have enough cultivation resources. How can I give them to others? If there's nothing else, I'll go first. We'll see you later. "

Wang Fan refused without hesitation and turned around to leave.

He sneered in his heart. Wang Gu Jin is really good at calculating. He even calculated to himself.

As he said, no matter how much spirit grass there is, he can't use it himself. Why should he give it to the Wang family? Don't dream, Wang Gujin.

Wang Gujin and Wang Sanjin really deserve to be father and son. They are full of bad water.

However, to Wang Fan's disappointment, his mental strength has been swept around Wang's manor, but no trace of Wang Sanjin has been found.

It seems that Wang Sanjin is not in Wang's manor. In this case, there is no need for him to stay here.

Wang Gujin said with a smile, "Wang Fan, I heard that you killed Zheng Tianhao and slaughtered all his subordinates. I can tell you clearly that the Zheng family has already known about it and sent people to the capital. "

"There are five masters of the Zheng family. This time, there are two sent by the Zheng family. One is called Tibetan dog, and the other is Gong Jingyun."

"Even if the Tibetan dog, although powerful, but his strength is only out of the ordinary level, should not be your opponent."

"But Gong Jingyun's strength has reached the third level, and he is the best among the three levels. I think it's more than enough to kill you?"

Wang Gujin's tone is gentle and gentle, "I can promise that as long as you agree to join our Wang family and agree to my requirements, I will help you to settle the grudge between you and the Zheng family! How about sincerity? "

Wang Fan didn't listen to this. It's OK. As soon as he heard it, he was full of anger.

It is clear that your son has framed Lao Tzu, but now it has become a bargaining power between you and Lao Tzu. Do you want that old face.

Wang fan doesn't believe that Wang Sanjin framed himself. Wang Gujin doesn't know. This guy is obviously pretending to be a fool here.

At the same time, Wang Fan's heart is also shocked. There are more than one master in the Zheng family of Hong Kong City. It seems that you can't underestimate any family. No wonder Wang Sanjin is planning to use the Zheng family's hand to deal with himself.

And Wang Gujin even said that he could deal with the Zheng family for himself. Doesn't that mean that the Wang family also has more than three-tier masters? Otherwise, how dare he say that?

Wang Fan thought hundred turn, but the surface is silent, "then thank you for your kindness, but I Wang Fan do not need protection."

"Let's not say that Zheng Tianhao was not killed by me at all. What if I killed him? I, Wang Fan, have never seen a big storm. I want my life if I take off the third floor. Don't dream about the Zheng family. "

"If the people of the Zheng family are reasonable with me, I may be able to help them investigate and find the real culprit, but if the Zheng family dare to fight me indiscriminately, don't blame me, Wang Fan. I don't mind going to Hong Kong City to level the Zheng family!"

Wang Fan cold finish saying, again don't hesitate, head also don't return to leave the main hall.

Although he shocked the Zheng family's inside information, shocked the Zheng family to send out two masters, he still didn't pay much attention to them.

At the beginning, he killed all the four layers of the two tuofan sent by the angry fist sect. How could they frighten him?

Listening to Wang Fan's arrogant words, and then looking at Wang Fan's back without hesitation, Wang Gujin's face finally changed.

He did not expect that Wang fan should be so oil and salt do not enter. Inducement doesn't work, threat doesn't work, which makes him feel bad.

"Hum, you are really young and vigorous. Let you be arrogant for two days. If you can't deal with Gong Jingyun, sooner or later, you will ask Wang Gujin for help."

"You got so much spirit grass in relic City, my Wang family must dig out some. If you want to enjoy it alone, you are dreaming!"

Wang Gu Jin murmured darkly, then sat down directly.

He also has some headaches. If it wasn't for Wang Fan's support from ye Nantian, he would have taken Wang Fan down long ago and asked him about lingcao's whereabouts. How could there be so much nonsense?

It is because of Ye Nantian's existence and Wang Fan's failure to challenge his family that he does not dare to use force against Wang Fan, or even threaten the people around him.

The higher the status is, the more you know ye Nantian's terror. Even though the Wang family is the head of the eight families, they still dare not act recklessly.

Similarly, Wang Gujin didn't know about Wang Fan's killing several masters of Nu Quan.

Although the Wang family is powerful, but after all, the mountains are high and the emperor is far away. In addition, things are strongly suppressed by nuquan, so he has no news at all.

Otherwise, Wang Gujin will understand that Wang fan is really not afraid of the Zheng family's revenge, and he really does not need the protection of the Wang family.

After Wang Fan left the Wang family, he immediately called Bai Xiaoren and said, "Bai Shao, I have something to trouble you. Now help me to investigate the whereabouts of Wang Sanjin. I'm going to meet him. "Since Wang Sanjin is not in the Wang family, Wang fan can only rely on Bai Xiaoren to find Wang Sanjin.

Although he was not afraid of the Zheng family, he was so overcast by Wang Sanjin for no reason. He was still a little upset. He wanted to take this tone.

"OK, I'll check it for you now. You give me ten minutes." White Xiao Ren listen to Wang Fan's words, eyelid can't help but jump for a while, but still no hesitation agreed to come down.

Although Bai Xiaoren said ten minutes, in fact, in less than five minutes, he found Wang Sanjin's foothold and sent the location to Wang Fan's mobile phone.

He also made a phone call to Wang Fan, but he didn't persuade Wang fan not to go too far or kill Wang Sanjin. He just reminded Wang Fan to be careful.

After Wang Fan nodded and hung up, he ran to the place where Wang Sanjin was.

He didn't have the slightest cover up. He was murderous.

Biluowan.

This is Wang Sanjin's private club.

Inside and outside the club, there are a lot of excellent players, all of whom are armed.

They are all in suits and shoes, with sunglasses in their eyes, standing upright and imposing.

At this time, Wang Sanjin is soaking in a hot spring, and he is surrounded by a handsome tiger with a respectful face.

"You've done a good job. I'll give you some credit. But you have to tell the people below that they must be on guard for me these two days. Don't let Wang Fan come in. "

"If my guess is right, the Zheng family should have sent experts to the capital. As long as we can survive these two days, Wang fan should disappear in the world."

"Well, I really don't want to be the enemy of Wang Fan, but unfortunately there is no way. Who makes my father want to recognize him as an adopted son?"

"With Wang Fan's ability, if he comes to our Wang's house, where can we have the share of Wang Sanjin?"

"Even if it's a fake play, it's likely to turn into a reality."

Wang Sanjin whispered, but his eyes were firm.

He didn't regret what he had done.

If Wang Sanjin is a wolf, then Wang fan is a tiger. When the tiger enters the wolf's nest, how can he live in peace?

Chapter 1284

Shuai Hu didn't make a speech on Wang Gujin's recognition of Wang Fan's adopted son, but bowed his head and said respectfully,

"don't worry, Wang Shao. I've arranged it. All brothers will cheer up, but I don't think that Wang fan should dare to come here to trouble you."

"First of all, you are the core of the three generations of the Wang family. How dare Wang Fan move you. Let's say that in biluowan, we not only have 300 elite soldiers inside and outside, but also Hu Laoqiu Laozhen. How dare Wang Fan come here? "

"Even if he doesn't come, as long as he dares to come, I can guarantee that he won't see the sun tomorrow."

Shuai Hu has absolute confidence in his voice.

Wang fan is very powerful. He has not only been to the Song family for killing, but also to the Meng family for killing.

But if Wang Fan wants to regard biluowan as the Song family and the Meng family, it's a big mistake.

Although Wang Sanjin is only a descendant of the Wang family, although it is not the headquarters of the Wang family, the guards are ten times stronger than the original Meng family and Song family.

Three hundred elite soldiers, not only each wearing guns, but also everyone's strength has reached the innate level. Hu Laoqiu Lao, the strength is to achieve an amazing level of detachment.

This kind of strength, I'm afraid ten wangfan can be destroyed, right?

"Don't underestimate that Wang Fan. He will certainly come to revenge. Although I don't believe he can come here, it's no big mistake to be careful. "

"I've investigated Wang Fan. He's really evil. He can always turn defeat into victory at the critical moment, so we can't do as well."

"What's more, the people here are all the inside information of Wang Sanjin. I've spent countless costs and painstaking efforts to dig them up or cultivate them. They can't afford to lose anything."

"Otherwise, if they all die, even if they finally kill Wang Fan, what can they do? Isn't wang Sanjin beaten back to his original shape

Wang Sanjin's expression is very serious, "now I just hope that the Zheng family can send Gong Jingyun, who is three-tier off fan, to kill Wang Fan earlier, otherwise, I will not blame Wang Fan at all."

Wang Sanjin killed Zheng Tianhao and framed Wang Fan. Although he could cheat most people, he could never cheat Wang Fan.

As long as Wang fan is not a fool, he can guess that Wang Sanjin did it.

With Wang Sanjin's understanding of Wang Fan, Wang fan is absolutely unable to swallow this tone, and will definitely come to revenge.

Therefore, he only hopes that Wang Fan's Revenge time can be later, and it's better to be killed by Zheng's experts before revenge.

You know, the elites here in biluowan are all Wang Sanjin's cards. Everyone is a treasure. They are also the capital for him to enter the family in the future. Therefore, he doesn't want anyone to have an accident in his heart.

"By the way, where is Wang Fan now? Is he still in nantianfu?" Wang Sanjin finished and asked again.

This is what he is most concerned about. Since he wants to prevent Wang Fan's revenge, he must know Wang Fan's trend all the time.

Otherwise, it would be a real tragedy if Wang Fan killed him.

What makes him crazy is that Wang Fan lives in nantianfu.

You know, in places like nantianfu, even if Wang Sanjin was able to communicate with heaven, he couldn't penetrate it.

Shuai Hu shook his head. "Wang fan should still be in nantianfu, because our people didn't report him. I'll call again now to see if he has left nantianfu. "

Shuai Hu said, immediately went to make a phone call, but soon, his face became ugly.

"What's the matter, is something happening?" Wang Sanjin immediately found something wrong, frowned and asked.

"Our people couldn't get in touch. We couldn't get through." Shuai Hu said with a gloomy face.

Wang Sanjin's face was gloomy. He didn't have to ask. He knew that most of the spies had an accident.

At this time, Wang Sanjin's phone suddenly rang. After he got through, he hung up in less than two minutes.

"The news came from the family that Wang Fan was invited to the Wang family by his father an hour ago, but now he has left."

"As for where he went, we don't know yet. All our spies outside have been killed."

Wang Sanjin's face was gloomy, and immediately gave the order, "you let the people below step up their guard. If I guess it's good, then Wang fan should be killed."

"Good." Shuai Hu answered and was about to inform him that a cold voice had suddenly come out.

"You don't have to arrange it. I've come." With the sound, Wang Fan jumped from a high point and appeared in front of Wang Sanjin Shuai Hu.

Looking at the sudden appearance of Wang Fan, whether it is Wang Sanjin or Shuai Hu, his face is changed in an instant.

"Wang Fan, why are you here? What about the people I'm stationed outside? " Wang Sanjin's pupils were shrinking, and cold sweat was exuding from his back.

"Wang Fan, you dare to break into our club and die!" Shuai Hu is a roar, suddenly retreat at the same time, grasp the gun will point to Wang Fan. It has to be said that Shuai Hu's reaction is fast enough, and his speed is fast enough. He retreats, pulls out his gun and pulls out the insurance. A series of actions are simply completed at one go.

Just less than two breaths, he completed all the movements, but Wang Fan did not give him the chance to shoot.

"I'm afraid you can't kill me. Since you want to die, go to die!"

Wang Fan said indifferently, his figure had appeared in front of Shuai Hu in a flash, and then only saw a flash of light, Shuai Hu's head and arm were chopped down, and he fell on the ground.

Blood spray, a knife to death!

Wang Fan killed Shuai Hu without blinking his eyelids. He approached Wang Sanjin step by step, "because I know you're here, so I'm here."

"Wang Sanjin, you and I have no grudge in the past, but recently, you have calculated me twice and framed me. How do you say we should calculate this account?"

Wang Fan's voice is very cold, he so right hand knife, step by step toward the three gold close.

His pace is not fast, but very calm. His feet on the ground make a sound of "Dong Dong Dong". The sound falls in Wang Sanjin's ear, but it is like the call of death.

Wang Sanjin looked at Wang Fan, whose face was full of Xiaosha. His scalp was numb and his eyelids were jumping. "Wang Fan, have something to say."

"My Wang Sanjin is the core of the three generations of the Wang family. If you kill me, you will get mad revenge from the Wang family."

"And I have 300 congenital, two out of the ordinary, you kill me, you can't leave here safely."

"We can have a discussion. As long as you don't kill me, I will immediately tell the Zheng family that Zheng Tianhao was killed by Wang Sanjin, and it has nothing to do with Wang Fan."

"I will make compensation to your satisfaction, OK?"

Wang Sanjin said while retreating, trying to distance himself from Wang Fan.

His hands slapped on the water and splashed with water, forming a unique movement.

Wang Fan slowly shook his head, "no, although I don't have the money of your Wang family, I'm not bad for your hundreds of millions."

He sighed. "There are things that have to be paid for. Come on, how do you want to die? "

Chapter 1285

Wang family.

Wang Gujin had just finished a pot of tea when an old slave rushed in, "master, just got the news, Wang Fan entered biluowan."

"What?" Wang Gujin's face changed in an instant. He stood up and said, "what did he do when he went to biluowan

Wang Gujin's face was a little ugly. He never thought that Wang Fan was so bold that he killed biluowan.

The old slave didn't dare to neglect him at all. He said quickly, "I have made an investigation. The reason why Wang Fan entered biluowan is that he was subdued by master Sanjin."

"The young master sent Shuai Hu to kill Zheng Tianhao. The purpose is to blame Wang Fan and get rid of Wang Fan with the help of the Zheng family."

"What, such a thing?" Wang Gujin's face changed greatly when he heard this. He never thought that Zheng Tianhao was killed by Wang Sanjin.

In fact, Wang Fan really misunderstood Wang Gujin.

Wang Gujin didn't know that Zheng Tianhao was killed by Wang Sanjin, because Wang Sanjin didn't report it.

So he always thought that Wang Fan did it. After all, the technique was too similar to Wang Fan's style.

If he had known that Wang Sanjin had sent people to kill Zheng Tianhao in order to frame Wang Fan, he would not have allowed Wang Fan to leave the Wang family.

Even if he let Wang Fan leave the Wang family, he would definitely send experts to stare at him secretly, or even send someone to protect Wang Sanjin directly.

"Pig brain, what a pig brain! Is it hard for him to think that I will really train Wang Fan as the core, and really give him the position of head of the family? "

"Although Wang Fan's surname is also Wang, he is not a member of our Wang family after all. How can we give such a huge property of the Wang family to an outsider?"

Wang Gujin was so angry that he said, "send someone to protect Sanjin in biluowan immediately. He can't let it slip!"

"Please inform the military and police again, and go to Biluo Bay immediately. It's under complete martial law and blockade. I'll make Wang Fan's escape impossible!"

"Wang Fan dares to challenge our Wang family. Even if he kills him, the South Heaven mansion can't say anything."

Wang Gujin angrily scolded a few words, and then quickly gave the order.

He was not only angry at Wang Fan's boldness, but also at Wang Sanjin's failure to report his work. Kill Zheng Tianhao and blame Wang Fan, but he still doesn't report, which makes him a little hard to accept.

"Yes." The old slave didn't dare to hesitate. He answered quickly and backed out.

Soon, a few cars had already sped out of the Wang's courtyard and rushed to biluowan.

At the same time, countless military and police officers also rushed to biluowan.

In a top club, Bai Xiaoren is sitting on a huge leather sofa, smoking a cigar anxiously.

Since he gave Wang Fan the position of Wang Sanjin, he has been very anxious. In just one hour, this is the third cigar he smoked.

He is worried about Wang Fan's accident.

After all, Wang Sanjin is not so easy to deal with, and the Wang family is not so simple.

"Bai Shao, it's not good. I just got the news that many cars left the Wang family and rushed to biluowan. There are also countless military and police officers who have rushed to biluowan. "

A young man walked in in a hurry. Before he came to Bai Xiaoren's side, his voice came out.

Bai Xiaoren's eyelids jumped, and his cigar fell directly on the table, but he didn't pay attention to it. "Well, I know. You go down first, and report to me in time if you have any news."

After he retired his staff, he quickly took out his mobile phone and dialed Wang Fan.

Biluowan.

Wang Sanjin looks at Wang Fan's face and listens to Wang Fan's indifferent words. It's just that his eyes are itching to crack!

WOW!

He stood up directly from the hot spring, pointed to Wang Fan's nose and called, "Wang Fan, I'm wang Sanjin. How dare you kill me?"

"Don't say whether you can deal with the Revenge of my Wang family after you killed me, just say that I have three hundred inborn and two tuofan here. Do you think you can go out? I advise you to take it as soon as it's good, and don't let it die! "

Perhaps in order to cater to Wang Sanjin's voice, almost as soon as his words came down, a large number of elites had surrounded him.

"Don't move

"Hold your head and squat down at once, or you will be killed!"

"If you dare to touch Wang Shao, we will kill you immediately!"

Over a hundred elites all point their guns at Wang Fan. They are murderous and their eyes are ready to crack!

Unexpectedly, someone came to Wang Sanjin in front of them unconsciously under their eyelids, which was a slap on their face!

Fortunately, there is nothing wrong with Wang Sanjin now, otherwise, they will die hard to blame.

"Wang Fan, this is biluowan, not where you should come. If you don't want to die, I advise you to leave, otherwise don't blame our ruthless men."

"You can avoid our ears and eyes to come here, I have to say that you really have great ability, but you think that you can break through our siege and leave, that's too fanciful." The two old men, who were headed by Wang Fan, had a sharp breath and cold eyes. At the same time, their momentum also radiated out, showing their strength and oppression!

Wang Fan ignored the two tuofan and the three hundred elites. He looked at Wang Sanjin with cold eyes, and his tone was still indifferent,

"this is your dependence, this is your reliance? Do you really think you can stop me with all this rubbish?"

Wang Fan laughed wildly, "since you have full confidence in them, well, I'll kill them and kill you again!"

Wang Fan said, body shape a flash, already toward those two tuofan a layer killed in the past.

The reason why he didn't kill these people when he came in was because he was afraid that Wang Sanjin would run away when he heard the news. Now Wang Sanjin is in front of him. What else is he worried about?

Wang Fan's speed is fast to the extreme, the two tuofan just see a shadow flash, Wang Fan has been close to them.

The two men's faces changed in an instant, and they realized that Wang Fan was not what they could deal with.

They are crazy to stir up the innate vigorous Qi to protect the body, crazy retreat to avoid, but it has no effect at all.

Wang Fan just waved the shadow knife. In a click of sound, the innate vigorous Qi of the two people had been torn. Then in the hissing sound, their bodies were cut in half.

The spatter of blood, the scene a dead silence.

If there are more than ten people on the first floor, maybe Wang Fan still needs to worry about it, but he really doesn't pay attention to two people on the first floor.

As for those congenital early, it is not enough to see, in front of Wang fan is no different from salted fish.

Wang Fan just two knives, there are nearly 100 congenital early was split out, died on the spot.

The rest of those born elite looked at this scene, almost all of them were covered with cold.

It's too scary, too. One knife killed two tuofan, two knives killed nearly a hundred congenital. Is this still human? Even if they still have about 200 people, it's not enough for Wang Fan to kill them!

In front of Wang Fan's powerful strength, they had no courage to fight, even to shoot.

Wang Sanjin over there also has some scalp numbness. He didn't expect that Wang Fan was so abnormal.

Chapter 1286

Wang Fanying's knife was aimed at the elite. They were all afraid. They just felt that their hands and legs were soft. Cold sweat oozes out of their bodies uncontrollably, and they feel deeply suffocated.

"Kneel down, don't kill!"

Wang Fan looked at them indifferently, the cold voice came out, they were suddenly in the heart, no longer dare to neglect, one after another when Dangdang dropped the gun and knelt on the ground.

"Spare my life!"

"Spare my life!"

"Spare my life!"

But in the blink of an eye, the 200 elite had all knelt on the ground shivering and cried out for mercy.

They no longer have the previous murderous, no previous high spirited, some, just fear and tremble.

Wang Fan did not pay attention to those 200 congenital who lost their fighting spirit, but coldly looked at Wang Sanjin, "how do you like it? I have solved your problem. What else do you have to say now? "

Wang Sanjin listened to this, his eyelids couldn't help jumping, but he didn't pay attention to Wang Fan, but looked at the two hundred kneeling hands.

"Son of a bitch, what are you doing? Don't you stand up for me? I'd rather die standing than live on my knees. What about your backbone and your dignity? "

He is very angry, angry subordinates have no backbone.

No matter how powerful Wang fan is? As for the spineless kneeling to beg for mercy?

The two hundred elites were a little ashamed when they listened to Wang Sanjin's rage, but no one dared to stand up.

They are not afraid to die, they are not afraid to work hard, but at least they have to see hope. Now they can't even see hope. What else can they do?

It doesn't make sense at all!

Wang Sanjin saw that none of his subordinates had the courage to stand up. He was even more furious and mad, but he had no way.

"It's over." Wang Fan looked at the crazy Wang Sanjin, joking, just about to go forward with a knife, the result of his life, the phone is suddenly ring up.

Wang Fan picked up the phone to get through, and his eyelids couldn't help jumping.

There are several elite kneeling to see Wang Fan answer the phone, and back to them, trying to catch the gun on the ground. But before their hands touched the gun, they were cut in half by Wang Fan.

After Wang Fan hung up, he didn't hesitate any more and strode to kill Wang Sanjin.

Unexpectedly, a large number of Wang family experts and military police rushed to come, so he can't continue to delay. He must kill Wang Sanjin and leave as soon as possible. Otherwise, once he is trapped here, it will be a lot of trouble.

At the same time, his mental power also spread out crazily.

It's just that it's OK not to spread out. As soon as this spread out, he was shocked to find that three powerful elders had entered the club and rushed to the club.

The strength of these three old people has even reached an amazing three-tier, which can be said to be very powerful.

Aware of these three people, Wang Fan where dare to waste time, directly speed up to kill Wang Sanjin in the past.

Wang Sanjin looked at Wang Fan, who was fiercely killed. His face also changed greatly. He could not care about his face any more. He jumped out of the hot spring naked and began to run behind him.

Where would Wang Fan give Wang Sanjin the chance to escape? His figure flashed, suddenly approached Wang Sanjin, and he split out with a knife.

"Boy, you want to die!"

"Stop it!"

"If you kill him, I will kill you!"

As soon as the three elders appeared, they saw Wang Fan killing Wang Sanjin with a knife.

They are just eyes to crack, while the crazy roar, while frantically urging the energy in the body towards Wang Fan, the momentum is like a rainbow, just like a wild beast!

"Three elders, help me!" At the same time, Wang Sanjin also saw the three old men. His desperate eyes burst with hope and began to shout for help.

"Save you? Don't say it's just three people. Even if Laozi comes, he can't save you today! "

Wang Fan sneered, he directly ignored the threat of the three elders, ignored their attack, suddenly stepped forward, without hesitation to increase efforts to cut down.

Whoa!

With a blood column rising, Wang Sanjin was cut in half and fell on the ground.

Until death, there was hope in his desperate eyes, but with Wang Fan's knife, his hope was completely destroyed.

After Wang Fan chopped Wang Sanjin with one knife, without any pause, he suddenly put away the shadow knife, turned his body, dodged the attack of the two old men, and turned back to punch behind him.

Bang, his fist collided with the third old man's iron fist and made a terrible sound. Then Wang Fan flew out like a broken kite.

His body passed the high wall directly, fell to the back, and then disappeared completely in the sight of the three people.

The old man who was fighting with Wang Fan couldn't help but step back. After stabilizing his figure, he was very angry.

"Little bastard, if I don't kill you today, I swear not to be a human being!" He roared wildly, his figure flashed, and directly chased Wang Fan. He was very angry. He didn't expect that Wang fan used him to

escape. It was just unbearable!

If he doesn't tear Wang Fan to pieces, scratch his skin and cramp his soul, it's really hard for him to get rid of his hatred!

Just as his figure had just crossed the high wall, a figure suddenly jumped out from below, and then hit his Dantian!

The old man noticed that his anger had not dissipated and his face had changed greatly!

He did not expect that Wang Fan did not escape even if he dared to hide here to attack him!

This is a subversion of his three outlooks!

He wanted to avoid it, but he couldn't avoid it at all!

With a bang, Wang Fan's fist fell on his Dantian again, and a mouthful of blood came out of his mouth. The whole person was blasted out.

After falling to the ground, his whole body has completely become a blood man, dying.

"Since you want to kill me, you must die first." Wang Fan looked at him coldly, then frowned and left here.

He wanted to kill the other two people, after all, now he has offended the Wang family. Naturally, the more the Wang family experts die, the better.

However, his mental strength was aware that a large number of soldiers and policemen had already arrived, and not only that, but also a number of strong men from the first and second levels had arrived.

In this way, Wang fan can not continue to stay here, because once surrounded, there is still some trouble, so he must leave here quickly.

The other two Wang Fan, who left on the third floor of tuofan, forgot to chase him for a moment, or did not dare to chase him.

Their eyes are full of shock, full of incredible.

They didn't expect that Wang Fan was so powerful and fierce that he almost killed Zheng Yiming with one blow.

With their eyesight, it is natural to see that Zheng Yiming's strength is not only completely abolished, but also can not survive.

Wang Fan soon rushed to a corner, he looked at the large number of soldiers and police and Wang elite, his face was a little ugly.

He didn't expect that he was a bit late and was gambled in the club. Although he hasn't been found yet, it's not easy for him to leave without knowing it.

Wang Fan's heart is a little depressed. If only he could know how to hide himself. Unfortunately, he just thought about it, because it's just a legendary thing. He won't do it at all.

Chapter 1287

Fortunately, it's getting dark, which makes Wang Fan less anxious.

Because as long as it's completely dark, it's easy for him to leave, provided he's not found out.

Wang fan is also a little lucky. Fortunately, it's not the morning when he does it himself. Otherwise, he would be really trapped here.

In broad daylight, it is no doubt a fool's dream to go out under the eyes of so many military police and Wang family elite.

If he didn't come to the army and police, he would be able to kill. But with so many army and police, he would never be able to kill.

The place where Wang Sanjin was killed, Wang Gujin has already brought people here.

"Three gold!" At the moment of seeing Wang Sanjin, Wang Gujin couldn't bear it any longer and rushed directly.

His face had been completely twisted, his eyes were ferocious, and his body was full of murderous intent.

Wang Sanjin, his son, died and was killed, which was unacceptable to him.

Although Wang Sanjin is not his only son, Wang Sanjin is his favorite son!

Wang Gujin only felt that his anger was burning crazily, and his killing intention was to rise crazily. Even if he killed 3000 people and slaughtered a million corpses, his anger could not be wiped out.

"Wang Fan, Wang Fan, where is he? Why didn't I see him?" Wang Gujin roared, and immediately looked at the two old men who had left the third floor.

His tone is very angry, his voice is very low, his eyes are red, and he seems to eat people!

Although the strength of the two elders has reached three levels, they do not know why. They seem to

be afraid of Wang Gujin.

They changed their faces and bit their teeth. "Wang Fan ran away. After he killed brother Zheng, he ran away. We didn't catch up, but I guess he hasn't left the club yet."

Pop!

Wang Gujin was so angry that he slapped him in the face.

Although the two tuofan three layers could hide, they did not dare to hide at all. They got two solid blows, their old faces became red and swollen, and the corners of their mouths overflowed with blood.

"Not catching up? Aren't you three-tier? Is your strength just a decoration? "

Wang Gujin pointed to their noses and growled, "waste, waste! Lao Tzu spent so much effort and cost so much to cultivate you. Is that how you repay me? "

"If you want money, I'll give you money, if you want cultivation resources, I'll give you cultivation resources, if you want women, I'll give you women."

"But you can't protect my son. You can't even stop Wang Fan. What's the use of training you?"

"Lao Tzu is raising two Tibetan mastiffs. They are 100 times better than you!"

Wang Gujin is really about to get angry. If these three guys come a little late and don't meet Wang Fan, it's OK, but they haven't stopped him. He can't accept it at all.

The two tuofan three layers were beaten and humiliated by Wang Gujin, but they still didn't dare to get angry and talk back. They just kept their heads down and didn't say a word.

Although Wang Gujin doesn't have much strength, he has a supporter behind him, which makes them dare not make mistakes at all.

And they are really ashamed, because over the years, Wang Gujin has been really good to them, not only a lot of money and cultivation resources have fallen on them, but also they don't need to do anything.

But today, they made such a big mistake in their first work, which made them feel sorry for Wang Gujin.

"Son of a bitch, Wang Fan, you dare to kill my son. If I don't kill you, I'm not Wang Gujin!"

Wang Gujin gave vent to his anger, and then gave the order, "search for me, find for me. Even if you dig three feet, you must find out that Wang Fan for me."

"Let people not look at all the doors and windows. Don't let Wang Fan escape. Once someone comes out of the basket, kill him!"

"Give me to adjust the monitoring to see where Wang Fan hid and from which direction he escaped!"

Wang Gujin gave orders one by one, and the Wangs immediately began to carry out them quickly.

Just less than ten minutes, a young man came up with an ugly face, "the owner of the house, the monitoring has been washed off and can't be recovered, so we can't find Wang Fan's whereabouts through monitoring at present."

The young man shuddered when he spoke, because he knew that Wang Gujin was in the worst mood now, and would probably kill him because of his report.

Sure enough, Wang Gujin, who was already in a bad mood, was even more furious when he heard the news.

"the monitoring has been washed away and can't be restored? How about our technical talents? They all have dry food? "

He roared and slapped the young man in the face. Before the young man fell down, he grabbed a gun and banged his head.

Blood splashed, the youth fell to the ground, the scene was dead, all people even the atmosphere no longer dare to breathe, silent!

Wang Fan hiding in a corner, the heart is also some depressed. There are more and more Wang family members outside, and the guard has become more and more strict, and the search has been intensified, which makes him doubt whether he can persist until dark.

If it wasn't for his mental strength, being able to detect the Wang family searched in advance, and being able to switch to a safe place in time, he would have been found countless times.

But even so, he is still in danger of exposure. If we continue to search with the strength of the Wang family, I'm afraid he will be found in less than half an hour.

Just when Wang Fan was thinking about how to go out without knowing it, he suddenly found a familiar young man.

The young man was dressed in the same clothes as the elite of the Wang family, mixed with more than a dozen elite of the Wang family, just like a pony, and looked very humble.

But Wang Fan found that this man was really familiar. He was sure that he had seen him, and he was not in the Wang family.

Wang Fan's mental power subconsciously swept the young man, and soon swept a small "white" word on his sleeve.

Scanning the white words, Wang Fan suddenly woke up. He remembered who this man was, a valet of Bai Xiaoren, but he didn't remember his name very clearly.

Wang fan is very happy. No matter this guy is not White Owl Ren now, he needs to try it out.

If he is really Yin, then there is no way, can only kill out.

Wang Fan followed the young people for more than ten minutes before he found an opportunity to show his face in front of the young people without being found by others.

The young man's eyes lit up instantly when he saw Wang Fan. He suddenly covered his stomach and patted a little friend beside him, "I'm going to the toilet. Let's go together."

That small partner listens to this words, first is Leng for a while, but quickly nodded, "OK, just I also want to go to the toilet."

He also looked at other people, "you search first, let's go to the toilet, come right away."

This little friend was obviously the leader of these people. They didn't dare to talk nonsense at all. They quickly nodded and then continued to inspect.

Young people are with that head quickly toward a corner in the past.

Wang Fan looked at this scene, can't help but relief, it seems that this guy is really white Xiaoren people.

Otherwise, there is no need for young people to do this. Instead, they just yell to attract others.

Wang Fan felt grateful to Bai Xiaoren, and then followed him.

He admired the young man very much. He could not only mingle with the Wang family, but also get familiar with the little leader. Bai Xiaoren's subordinates are really good at it.

Chapter 1288

The young man soon came to the toilet with the little leader. As soon as they got in, the young man slapped the little leader on the back of his head.

The little leader didn't think that the youth association would sneak attack. He didn't even react, so he was in a coma.

The young man held the small leader who fell down and looked at Wang Fan, "Wang Shao, my name is

Xiaoshi. I'm Bai Shao. If you are wronged, please put on his clothes first."

Wang Fan nodded, "this matter I remember, I Wang Fan owe you a favor."

He knew that this was not the time for nonsense. Thanks, he locked the toilet door and picked up the clothes on the little leader.

Two minutes later, Wang Fan put on his small clothes and left the toilet with Xiaoshi. At the same time, Wang Fan also changed into a rough and fierce man in his forties with a face full of flesh.

As for the little leader, Wang Fan didn't kill him either. He just pricked a few needles into him, making him unable to wake up in an hour.

Xiao Shi was very excited when he listened to Wang Fan.

Wang Fan's human feelings are not joking. With this kind of human feelings and this incident, his position in front of Bai Xiaoren will soar.

Xiaoshi was obviously familiar with the club. He took Wang Fan to a slightly remote place after several turns.

"Wang Shao, there are the least guards here. We can only get out from here. If someone asks us later, we will lie that we have something urgent to go back to Wang's house. As long as we can get out of the club, they won't be able to stop us. "

Xiaoshi stopped and said to Wang Fan.

He is now a little nervous, after all, only safely out of the club, two people are safe. If they are stopped in the club, it will be a big trouble.

Now Xiaoshi relies on the clothes on two people, and they have two people, which won't arouse each other's suspicion.

Wang Fan nodded, "I know, let's go out, don't be afraid."

He said and walked ahead.

Because his mental strength has been swept, there are really at least 20 people outside here.

But there are many teams around them, at least there are no less than 100 people, and even a few masters.

If two people are stopped in the club, there will be some trouble, but as long as they step out of the club, they can't stop Wang Fan with just over 20 people.

Wang Fan walked in front, swaggered toward the outside to go out, appeared to have the confidence very much.

Because only in this way can it cause less suspicion.

Wang Fan's appearance soon attracted the attention of the elite Wang family outside. They gave Wang Fan a cold look. One of them asked, "where are you going? Don't you know you can't go out?"

The man who spoke was a man in his thirties. His strength was at the beginning of his life. Although his voice was cold, there was no hostility in his eyes.

Because he saw that both of them were not Wang Fan, and there was no threat on their faces, and they were still wearing the elite clothes of the Wang family.

In his heart, Wang fan is only in his twenties, so he can't be the two people in front of him.

Even if Wang Fan changed his face, injured his own people, changed into the elite clothes of the Wang family, and threatened one of his own people, the expression of the threatened person would be unnatural.

But now, Wang Fan's expression is not only natural, but also so strong. Obviously, neither of them can be Wang Fan.

Xiao Shi listened to these words and was about to speak with a stiff head when Wang Fan's voice came out. "I'm ordered by my master to go back to Wang's house for something important. Dare you stop me? Can you bear the consequences if you delay it?"

"Don't blame me for not reminding you that master Sanjin has been killed. The master of the family is now angry and has delayed his business. Be careful with your head!"

The man looked at Wang fan so confident, his face changed instantly.

Of course, he knew that Wang Sanjin had been killed and that Wang Gujin was angry now.

But if he let Wang Fan leave, what if there was Wang Fan among them? He can't afford the consequences either.

He could not help squeezing out a sentence, "you said that the master asked you to go back to the king's house to do business. Is there any proof? I'll let you go as soon as you show me your proof! "

Small stone listens to this words, a heart raised throat, looking at the situation, two people safely go out some unlikely ah.

Now although they are not far from the door, they are still more than ten meters away.

Don't underestimate the ten meters. It's very likely that the ten meters will decide their life and death.

Wang Fan a cold smile, directly pinch out the mobile phone to pass in the past, "I have no proof, but you can directly call to ask him."

"I know you are in a dilemma, and I don't want to embarrass you. Anyway, at this point, I don't want to go out."

The guy looked at the mobile phone Wang Fan handed over, the moment is even more difficult. Call Wang Gujin to inquire. Even if you give him 100 courage, he will not dare to call.

Don't say that Wang Gujin is angry now. Even if Wang Gujin is not angry, he doesn't dare to make this call.

At this time, Wang Fan's mental power has been swept around, and several strong people have rushed to this side. Obviously, they have got the news or heard the news.

He didn't talk nonsense any more. He directly installed his mobile phone and turned to go back. "In this case, I won't go out. Anyway, when the owner blames me, I will say you won't let me go out."

The guy saw that Wang Fan didn't hesitate to return to the club, his face changed instantly, and he didn't dare to hesitate any more. He grabbed Wang Fan, "you wait."

He also showed a flattering smile on his face. "I didn't say that I wouldn't let you out. It's not my duty. Oh, please calm down. Can't I let you out now? "

There was a cold sweat on his forehead. If it really delayed Wang Gujin's work, he would not have lost a hundred heads.

Moreover, from Wang Fan's attitude, he can see that what Wang Fan said is not true. After all, it is too strong. Moreover, Wang Fan's expression and tone are in place, not bluffing.

"Real ink, a waste of time." Wang Fan still didn't give him a good face. He murmured unhappily and went out with a small stone.

Wang Fan's heart is also very nervous, because it doesn't take 30 seconds at most, the several masters can come over.

He didn't dare to stay for a moment, so he quickened his pace and went out.

The remaining 20 or so people also heard Wang Fan's words. Naturally, they didn't dare to stop them, so they quickly got out of the way.

After walking out of the club, Wang Fan was relieved, but instead of running, he turned a corner.

Xiaoshi didn't dare to talk nonsense, so he quickly followed.

They soon entered the corner and disappeared in the sight of those people.

Wang Fan noticed that they disappeared in the enemy's line of sight, without any nonsense, picked up the small stone, flashed away, and began to flee towards the distance.

Almost as soon as Wang Fan left the corner, the several strong people who took off had already appeared at the door.

One of them, an old man with hooked nose, looked at the more than 20 guards, frowned and asked,

"Why are you the only ones? I heard something here just now. What's the matter? "

Chapter 1289

At the beginning of his life, Wang Fan, who had just released them, didn't dare to talk nonsense when he saw the elder tuofan asking questions. He quickly and honestly replied, "there are two people who have been ordered by the family leader to go back to the family to do business. I'll let them leave after I confirm."

When he said this, there was a cold sweat on his forehead. He couldn't help it. The elder's momentum was so terrible that he couldn't bear it at the beginning.

"Oh, is there such a thing?" That takes off any elder eyelid to jump, then immediately then pinches out the handset to dial up the Wang Gujin telephone.

That person didn't dare to make this call, but he still dares to make it. After all, it matters a lot.

Soon, he had learned from Wang Gujin that Wang Gujin had never sent anyone back to Wang's house to do business, and his face became gloomy immediately.

"You've let Wang Fan go of things that are not enough to succeed, but more than enough to fail!"

With a roar and a slap, he shot the girl away and immediately chased her out.

Several other elders also coldly looked at the early congenital and more than 20 other guards, and quickly followed.

But where else is Wang Fan?

At the beginning of his life, he fell to the ground and spat out his bloody teeth, but he didn't dare to talk

nonsense at all.

Not only did he dare not talk nonsense, but his heart sank to the bottom.

After that, he let Wang Fan go. How can Wang Gu Jin forgive him easily?

He almost wanted to capture Wang Fan and kill them thousands of times.

After chasing in several directions for a long time, several masters still didn't notice any trace of Wang Fan, so they could only return resentfully.

The second floor tuofan went directly to the ground and picked him up. He said coldly,

"come with me to see the owner. You'd better pray that the person you let go is not Wang Fan, otherwise, you'll wait to bear the anger of the owner."

He said, directly carrying that congenital early then toward Wang Gujin direction ran past.

At the beginning of the birth, a face died down, and there was no more blood.

"What, someone went out?" When Wang Gujin heard the news, he was equally angry.

He made such a big array, not only did not save his son Wang Sanjin's life, even Wang Fan did not catch it, how can this be accepted?

"Waste, waste, they said that I sent them back to Wang's house to do business, do you have to believe it, don't you call to confirm?"

Wang Gujin's face was very blue. He didn't have to think about it at all. He knew that the person who went out must be Wang Fan.

After all, except Wang Fan, who would tell such a lie?

At that time, everything he said was superfluous. He could only pray that Wang Gujin would not kill him.

But his prayer was obviously extravagant. After Wang Gujin's angry roar, he finally shot his head off.

Although it wasn't long before Wang Sanjin was killed, the actions of the Wang family were so big that it was difficult to attract the attention of the powerful people in the capital.

Soon, those dignitaries got the news that Wang Sanjin was killed, and he was killed in his private territory, biluowan.

After this incident spread out, it immediately caused a strong sensation.

No one thought that within a few hours after Zheng Tianhao was killed, Wang Sanjin of the Wang family was killed again.

Shock, dull!

This is crazy!

Wang Sanjin, that's the youngest of the Wang family, the core of the three generations, and the top dignitaries in the capital. It's not just Zheng Tianhao that can compare!

Zheng Tianhao may have a great reputation in Hong Kong, but in places like Beijing, he is nothing compared with Wang Sanjin, which is too far away.

To kill Wang Sanjin is not afraid of the anger of the Wang family. Who is so brave?

Everyone has a name in mind: Wang Fan.

Because except for Wang Fan, almost no one dares to do such a thing.

Some time ago, Wang fan set off a bloody storm in the capital. He picked the Song family and the Meng family one after another. They did not expect that this evil spirit came again. This time, it was even more powerful and directly provoked the Wang family.

They can all imagine what kind of terrible anger Wang Fan will face.

Beijing airport.

With the landing of a plane, a man in his forties came out of the airport with 12 people.

The fierce man was wearing a suit, but his temperament was out of place with that suit.

He shakes three times as he walks. His shoulder and back are slightly bent. His left index finger is in his mouth. His eyes are sweeping around the women who come and go, which is shining.

However, the twelve people behind him looked like that. They swaggered, straightened up, did not squint, and exuded a sharp smell. At first sight, they were not easy to offend. They are no one else. They are the Tibetan dogs and their subordinates who have come from Hong Kong City.

The Tibetan dog glanced at the women and sucked his fingers. His expression was disgusting.

All the women who were swept by his eyes felt as if they had been stripped of their clothes, and they couldn't say how uncomfortable they were.

But they didn't dare to talk nonsense, so they had to speed up and stay away from the Tibetan dog group.

This group of people is not easy to get into the role, no one is willing to fuss.

The Tibetan dog didn't care. He laughed. After the woman panicked and left, he looked at other women nearby.

At a certain moment, the mobile phone in his pocket made a Ding sound, and then he reluctantly took back his sight from those women. With the other hand, he grabbed out the mobile phone and looked at the information.

At the moment of seeing the information, his eyes suddenly brightened, and then he took out his finger in his mouth and sped away from the airport.

Wang Fan didn't know what happened to Wang Gujin, and he didn't know that he was crowned as a God. After he left biluowan, he went straight to a hotel to stay.

As for Xiao Shi, he went to report to Bai Xiaoren.

The main reason why he is afraid of being blocked in Biluo Bay is that he is afraid of being caught. Now that he has left Biluo Bay safely, he naturally does not need to continue to be afraid.

Even if the Wang family finds the hotel, is there any evidence to prove that Wang Sanjin was killed by him?

Even if we all know that he did it, we still can't help him without evidence.

He has washed away the surveillance at biluowan. He believes that Wang Gujin can't provide any evidence at all.

Thinking of this, Wang Fan finally felt a bad breath.

Don't you wang Sanjin like Yin people? Don't you wang Gujin also like to play tricks? I'll let you dumb to eat Coptis this time, and you have to swallow it yourself.

After staying in the hotel, Wang Fan took a bath, changed his clothes, and then went out to eat.

Although he killed Wang Sanjin and a lot of Wang Sanjin in biluowan, he didn't consume much and didn't get hurt. He didn't need to recuperate at all.

Wang Fan didn't go to any big hotel. Instead, he found a small stall on the side of the road and sat down. After ordering some food and drink, he began to eat.

At a certain moment, just as he picked up a piece of meat and wanted to swallow it, his brow suddenly wrinkled and looked in one of the directions.

I saw a fierce man with twelve subordinates come out slowly from the night.

Chapter 1290

They are just like fierce beasts coming out of the night. They are slow, but they are calm and powerful. Their feet are on the ground, making a "daddada" sound, giving people an indescribable heavy feeling.

Their eyes are still staring at Wang Fan, eyes like the release of the wolf.

Obviously, their goal is very clear, and they are running for Wang Fan.

This group of people are not others. They are a group of Tibetan dogs coming from the port city.

But at this time, the Tibetan dog has no longer just got off the plane of cynicism, also did not continue to hold the left index finger, more did not scan around those women.

His eyes are always fixed on Wang Fan, just like a tiger staring at his prey.

When people around saw the situation, their faces changed and they fled to the distance.

They can see that the Tibetan dog group is not good at coming, and they all realize that something is likely to happen here, so no one wants to be affected.

Wang Fan's eyelids can't help jumping for a moment, and instantly realized that most of them are Tibetan dogs from Hong Kong City.

Because if it's from the Wang family, it's absolutely impossible to have just a few people.

According to Wang Gujin, the Zheng family sent out two people to take off the ordinary. One was gong Jingyun, who took off the ordinary three layers. The other was Tibetan dog, who took off the ordinary one layer.

At present, this man's strength is obviously only one level, so it can't be gong Jingyun, it can only be a Tibetan dog.

Wang Fan looked at the Tibetan dog group, face unchanged, continue to put meat into his mouth, and then slowly chew up.

The Tibetan dog looked at the scene with a twinkling of cold in his eyes, but soon returned to normal.

He soon took people to Wang Fan, grinning, "are you wang fan?"

When asking questions, he sat down directly opposite Wang Fan, and impolitely grabbed a roasted chicken wing and put it in his mouth.

The other twelve dispersed quickly and surrounded Wang Fan heavily.

"Yes, I am Wang Fan."

Wang Fan didn't care if the Tibetan dog didn't please sit down and replied, "you should be the Zheng family's Tibetan dog in Hong Kong City. If I say I didn't kill Zheng Tianhao, I don't know if you will believe it. "

Although he didn't care about the Tibetan dog group and didn't put the Zheng family in his mouth, he still didn't want to carry the pot for Wang Sanjin without any reason, even if Wang Sanjin had been killed by him.

If he can make sense, he won't do it.

Tibetan dog listen to this, grin, "this is not important, the important thing is, Zheng old want me to kill you!"

He said vaguely, suddenly teeth force, click twice, to break the bone, and then swallow the meat and bone together.

A man as his name is, a Tibetan dog.

Wang Fan sighed, "it seems that what I say is meaningless. No matter whether I killed Zheng Tianhao or not, you all want to kill me with iron heart, right?"

Tibetan dog a smile, "no way, this is an order, I can only carry out!"

He said, right hand suddenly a grasp, directly grasp a string of thorn, the next second, viciously toward Wang Fan neck stabbed in the past.

Quick and fierce!

His eyes also released the cold like a wolf dog!

In his opinion, his hand without any sign will certainly catch Wang Fan off guard. Even if Wang fan is not killed by him, he will leave a wound on his body.

But soon his face changed, because he was shocked to find that the string of thorns he stabbed did not stick to Wang Fan's neck, but was lightly clamped by Wang Fan's chopsticks.

How is that possible?

But he is a layer off, and still no sign of the full hand, Wang Fan how can rely on two chopsticks to clamp his full out of the thorn string?

The pupil of Tibetan dog shrinks and his face changes wildly. In a moment, he has realized that he is far from Wang Fan's opponent.

His forehead exudes cold sweat, instantly released a string of thorns, toward behind jumped out, but unfortunately, it is too late.

"I didn't want to kill you, but if you have to force me, I can't help it. Now that you've done it, don't think about stepping back, just stay

Wang Fan said, shaking chopsticks in his hand, whoosh, the thorn immediately flew out, hissed, and accurately inserted into the throat of the Tibetan dog.

The Tibetan dog's face was stiff, and he fell down with his throat in his hand!

He didn't expect that he would come to kill Wang Fan with a high spirit. In the end, he didn't even stop half a move, so he was killed here by Wang Fan.

This Wang fan is really terrible.

His consciousness had faded.

The twelve people responded, and they all started fighting against Wang Fan.

It's just their innate strength. They can't even lift the waves in front of Wang Fan.

Wang Fan's body just slightly shakes for a while, and let their attacks fall in the empty place. The next second, Wang Fan's right hand slaps hard on the table. Wow.

Then, Wang Fan waved his hand, whizzing, whizzing, and the stabs shot madly at the twelve people.

After a series of hiss, all the twelve people fell to the ground covering their throats, and their pupils widened into a ball.

They also did not expect that Wang Fan would be so powerful. Thirteen people were killed after only two breaths.

Terrible, really terrible!

Their Zheng family has offended so many people. It's a disaster for the Zheng family.

Some loyal guys want to pinch out their mobile phones to report the news back, but their consciousness has begun to blur, and soon fell into the dark.

"Ah, it's really hard to stop eating. The Tibetan dog is dead. I don't know where Gong Jingyun is now."

Wang Fan whispered this sentence, is about to leave 200 yuan, but suddenly realized that there was a sharp killing behind him.

He didn't even think about it. He immediately turned around and looked back. But when he looked back, the killing machine disappeared. What he saw was just countless passers-by.

Wang Fan couldn't help frowning. He didn't even see who had the problem.

Aware that there are more and more onlookers here, Wang fan can only give up the idea of continuing to look for the enemy, but quickly dropped 200 yuan and left here.

But even if he left, his mental power was always scanning behind him, scanning the dead Tibetan dog group.

He believed that the enemy would show his feet.

Sure enough, Wang Fan did not expect, he entered a corner, the line of sight can not see this side, a rag picking old man suddenly came out of the crowd.

The old man ran quickly to the Tibetan dog group, checked their noses and injuries, and then quickly left here.

Wang Fan noticed this scene, and his pupils were choking.

The old man's hiding ability is so powerful that he didn't even notice it.

If it wasn't for the previous killing machine, and the old man just checked the nose injury of the Tibetan dog group, Wang Fan really wouldn't know that this guy had a problem.

You know, the old man appeared near him more than ten minutes earlier than the Tibetan dog group.

If this guy attacked himself just now, Wang Fan would not dare to think about it
