Chapter 1291

However, since the old man didn't attack himself just now, he will never attack himself again.

Wang Fan thought so in his heart and stopped at a place where everyone couldn't see.

He wants to see where the old man goes, and then find a chance to kill him.

If his guess is right, this guy should be Gong Jingyun, who is three-tier. However, he didn't expect that Gong Jingyun didn't come with the Tibetan dog.

Wang Fan's guess is good. The old man who picked up the rags is Gong Jingyun.

Gong Jingyun and Tibetan dog are on the same flight, but they are not together.

He arrived here ten minutes earlier than the Tibetan dog and pretended to be a rag picker.

For more than ten minutes, he has been looking for an opportunity to assassinate Wang Fan, but unfortunately he has not found a suitable opportunity.

Gong Jingyun is not a Tibetan dog. When he first saw Wang Fan, he knew that Wang Fan was not simple, but he didn't see Wang Fan's strength.

The most important thing is that he also heard the news that Wang Fan killed Wang Sanjin, but he was still surrounded by the Wang family experts.

This made him afraid of Wang Fan, so he didn't do it.

If he is not absolutely sure, he will not do it easily or even expose himself.

Sure enough, the facts proved that Gong Jingyun's guess was correct.

Wang Fan killed 13 people in the Tibetan dog with only two breaths and 13 stabs, which made Gong Jingyun a little unbelievable.

Because even if he wanted to kill 13 Tibetan dogs, it was not as easy as Wang Fan.

He checked the wounds of the Tibetan dog and others, confirmed that there was no breath, and immediately left here.

He must report this matter to the owner so that he can be prepared.

After all, Wang Fan's strength is too strong. If this kind of person is killed, it's OK. But if he can't, it's a

disaster for the Zheng family.

Gong Jingyun thought, and soon went to the corner, and took out his mobile phone to call Zheng Tu Dao, "Zheng Lao, I'm Gong Jingyun, Tibetan dog and others have been killed by Wang Fan."

"He just killed 13 people, such as Tibetan dog, with less than two breaths. I doubt that I am his opponent. Now what do you think I should do? Do you want to continue looking for opportunities to kill Wang Fan? "

"If I want to kill him, I will continue to lurk and look for opportunities. If I don't kill him, I will go back to Hong Kong City immediately."

Gong Jingyun said solemnly.

Standing in his position, he is actually unwilling to offend Wang Fan and continue to kill Wang Fan.

It's just that the Zheng family is kind to him, and this incident also involves the death of Zheng Tianhao, so he can't be the master, so he can only listen to Zheng tudao.

If Zheng tudao gives up killing Wang Fan, that's the best. But if Zheng tudao insists on killing Wang Fan, he can only do it.

Gong Jingyun didn't mind dying for the Zheng family.

Zheng Tu Dao on the other end of the phone listened to Gong Jingyun's report and was silent.

Obviously, the development of things also exceeded Zheng Tu Dao's expectation.

He did not expect that Wang Fan would be so tricky. He not only killed 13 Tibetan dogs, but even Gong Jingyun was not sure how to deal with Wang Fan.

He wanted to give up killing Wang Fan, but he hesitated at the thought of Zheng Tianhao's death.

His Zheng family is a hundred year old family, but now he can't even avenge his nephew. He really can't be at ease.

Zheng Tu Dao's face was grim and ugly. After a long time, he asked, "what do you think? Do you think we should continue to kill Wang Fan?"

"If the Tibetan dog group doesn't fight, it's nothing for us to give up killing him. I'll take it seriously."

"But now the Tibetan dog group has already started. Even if we give up killing him, will he let us go of the Zheng family?"

This time, it's Gong Jingyun's turn to be silent.

He is not Wang Fan. Naturally, I don't know if Wang Fan will let the Zheng family go.

After a while, he gritted his teeth and said, "Mr. Zheng, the surprised cloud let go once to see if he could kill Wang Fan."

"If you can kill him, of course it's the best. But if you fail, you should be prepared."

Gong Jingyun finished and immediately hung up.

His eyes have sprouted the will to die.

Look at death like home!

He is not sure to kill Wang Fan, but he is willing to fight for the Zheng family.

Just as he just hung up the phone, a "Pa Pa Pa" voice suddenly came out, followed by Wang Fan appeared in front of him.

"What a loyal old slave! Originally I wanted to kill you directly, but for your loyalty, I don't mind giving you a chance."

Wang Fan came from afar clapping his hands, only appreciating in his eyes.

Yes, it's appreciation.

He didn't expect that Gong Jingyun still had this loyalty, which made Wang Fan give up the chance of sneak attack. You know, if Wang Fan attacked just now, he was 100% sure that he would hit or kill Gong Jingyun.

Gong Jingyun saw Wang Fan suddenly appear, his face changed in an instant, "you, how can you appear here?"

He has another question to ask, that is, how can Wang Fan know his identity, but he did not ask.

Gong Jingyun was shocked and incredible.

He confessed that his concealment method was excellent, and Wang Fan could not see through it at all. Moreover, he saw with his own eyes that Wang Fan had already left from another direction.

But now, Wang Fan suddenly appeared in front of him, even heard his phone content, how can he not be surprised, how can he not be afraid?

"Gong Jingyun, it's meaningless to say that nonsense now, because I've seen through your identity and even come here."

"Now I'll give you two choices. First, I'll call the Zheng family and tell them that I didn't kill Zheng Tianhao, and I don't want to be the enemy of the Zheng family."

"If the Zheng family doesn't care about the death of the 13 Tibetan dogs and doesn't continue to send people to kill me, the matter can be written off, and Wang Fan will never look for the trouble of the Zheng family."

"Second, you continue to kill me on behalf of the Zheng family, and I will give you a fair chance to fight. If I die, I have nothing to say, but if you die, I will kill the city of Hong Kong and the Zheng family. I will never die! "

Wang Fan said coldly.

Now things are not irreconcilable, so Wang fan is willing to reason.

If the Zheng family gives up, he won't take care of the Zheng family any more, and his gratitude and resentment will be over.

But if the Zheng family insists on their own way, or Gong Jingyun still decides to kill him on behalf of the Zheng family, then don't blame him for being impolite.

Wang fan is also a proud man, and he does not allow people to provoke again and again, not to mention that he has said all the good things.

Gong Jingyun did not immediately make a choice, but could not help but ask, "Tianhao was not killed by you, is this serious?"

Although he asked, he had the answer in his heart. Because people like Wang Fan don't care to lie about such things.

Wang Fan sneered, "do I have to cheat you? Just a Zheng Tianhao. I'll kill him if I kill him. Am I afraid of you just a Zheng family? "

"The reason why I clarify to you is not because I am afraid of you Zheng family, but because I don't want to carry this pot."

Wang Fan has some impatience, "it is Wang Sanjin who killed Zheng Tianhao. His purpose is to provoke hatred between me and your Zheng family, and get rid of me with the help of your Zheng family."

"Anyway, I've already said that it's up to you to believe it or not, and it's up to you to choose. You can do it yourself."

Hearing this, Gong Jingyun's face changed a lot. "But Wang Sanjin is dead now. There is no proof of his death. Is it really you who killed him?"

Wang Fan just sneered, but he didn't speak. Although Wang Sanjin was killed by him, he would never admit it.

"OK, I'll call the owner right now." Gong Jingyun looked at Wang Fan's sneer, no more nonsense, quickly dial up the phone.

If Zheng Tianhao was really killed by Wang Fan, it might be meaningful for them to fight, but if Zheng Tianhao was not killed by Wang Fan, it would be meaningless for them to fight.

Chapter 1292

Gong Jingyun reported the situation here very quickly. Zheng tudao was also shocked by Gong Jingyun's report. He immediately expressed his willingness to reconcile with Wang Fan, and his gratitude and resentment were wiped out.

He also has no way. If Wang Fan has no strength, he will kill him. No one can do anything to the Zheng family.

What if Wang Fan was framed? Over the years, are there few people killed by their Zheng family?

But Wang fan is not easy to provoke, which makes them have no way.

Because now it's not about whether they kill Wang Fan, it's about whether Wang fan can destroy the Zheng family.

If Gong Jingyun is really not Wang Fan's opponent, then his Zheng family will not be able to deal with Wang Fan's card. At that time, Wang fan may really destroy the Zheng family.

Wang Fan naturally also heard Zheng Tu Dao's words. He stared at Gong Jingyun and sneered, "you know what's interesting about the head of your family. In this case, I'll go first."

"I hope you're as good as you look. Don't be double faced. Otherwise, don't blame me for Wang Fan's impoliteness."

Wang Fan cold finish saying, flash body then left here.

Gong Jingyun looks at Wang Fan's ghost like figure, and he can't help sweating again.

This young man is really terrible. I really don't know how he practiced and how he was so terrible when he was young.

When Wang Fan returned to the hotel, he suddenly found that the hotel was surrounded.

Looking at the man who surrounded the inside three circles and the outside three circles, he couldn't help frowning.

This Wang family is really persevering. They all went to the hotel. It's really rampant.

Does the Wangs think they can win themselves in this way?

If he was blocked and arrested in Biluo Bay, it would be really troublesome. But in this hotel, Wang fan is not afraid.

With a sneer, he swept to the hotel without fear.

In the spirit of the sweep, Wang Fan immediately confirmed that these people are really the people of the Wang family. Because the old man, who was the leader of the group, had met him in biluowan.

"Wang Fan!"

"Wang Fan!"

"There he is

As soon as Wang Fan appeared, he immediately attracted the attention of all Wang elite.

They pointed at Wang Fan one after another and roared, while quickly dispersed and surrounded Wang Fan.

Wang Fan was fearless and let them surround him.

It's just that there are more than a dozen guys who don't have long eyes and even want to point a gun at him, which makes him a little uncomfortable.

With a cold look in his eyes and a wave of his right hand, several silver needles flew out and directly inserted into the wrists of the men who tried to raise their guns. While pushing them back, he also knocked the guns out of their hands on the ground.

"You'd better not point a gun at me. This time I'm just going to kill the gun in your hand. Next time I'm going to defend myself."

Wang Fan's cold voice followed closely. Although it was not so direct, everyone could understand his meaning.

The cold sweat on the face of the elite of the Wang family no longer dare to act rashly. Some of the guys

who wanted to point a gun at Wang Fan subconsciously lowered the muzzle of the gun.

They all know that Wang fan is a ruthless person who kills people without blinking an eye. If Wang Fan says to kill them, he will surely kill them.

"Ha ha, it's worthy of Wang Fan. He's really arrogant. I didn't expect you to come here on your own initiative."

A three-story old man walked out of the crowd and looked at Wang Fan with a ferocious face. "Wang Fan, it's your luck to let you run in biluowan. This time I want to see where you can go!"

He pointed to Wang Fan, "I don't want to do it here. If you are smart, just follow me, or you can't afford the consequences."

"What are you, and why should I come with you?" Wang Fan looked at this arrogant guy, with a sneer, "if you represent the official, please take out the evidence to take me."

"If you represent an individual, please go away. I don't have time or interest to go with you."

If there were not too many people around and the other side didn't start first, Wang Fan would have shot away.

It's just a three-tier person who dares to point at his nose and tell him to follow him. What does he think he is?

"Good courage, since you don't follow me, I'll take you by myself!" The old man was angry when he heard that Wang Fan dared to say what he was.

His face suddenly became gloomy. While he was talking, he suddenly stepped forward, raised his hand and grabbed Wang Fan.

Wang Fan looked at the scene, quickly stepped back two steps, and then roared, "old man, you did it first."

He also yelled at those unreasonable people around him, "please testify for me. It's the old man who moved his hand first. I'm just defending myself!"

At the same time of speaking, his fists had already been waved, and he met the three layers.

Bang bang bang!

A series of heavy voices sounded, Wang Fan was blasted back a few steps, at the same time also will countless Wang elite hit fly out. All the elite of the Wang family who were hit by Wang Fan were broken bones and bleeding. Although none of them died, they were all seriously injured.

Of course, Wang Fan did it on purpose. Although he could not kill the elite of the Wang family in public, there was no pressure for them to get hurt.

What's more, if these people die, the Wang family may only give them three or five hundred thousand, even if it's done, but they are injured, which is not a small expense.

"What a treacherous little beast! Let's go together and take him for me!" That takes off any three layers to see Wang Fan unexpectedly bumps into the innumerable Wang family elite, the facial expression instantaneous more gloomy.

Does he not know that Wang Fan did it on purpose?

With the order of the old man, countless elite members of the Wang family rushed to Wang Fan, just like a wolf tiger.

Wang Fan's eyes are cold. He is about to kill these guys, but his mental strength suddenly sweeps to a position not far away. There are several people holding up their mobile phones to take photos.

He couldn't help but scold in his heart. These people are really bastards. They are all used together.

Obviously, people are looking forward to him killing people. As long as he kills people, even in self-defense, it is estimated that the consequences will be very serious.

After all, it's not like just now. Just now, Wang Fan was just blasted out of the third floor, not an active attack.

When Wang Fan thought of this, he immediately gave up the idea of killing these people, but swept them out with a swing of his leg.

After sweeping them away, Wang Fan jumped up and went straight to the third floor of mingtuofan.

Those cannon fodder elite Wang fan can not kill, but this name tuofan three layers, he must kill, even if he can't kill, at least it will waste the strength of the other side.

Seeing Wang Fan coming at the third floor of tuofan, the third floor of tuofan directly grabbed a whip and threw it at Wang Fan.

The wind roared and made people feel numb. Several elite Wang family members who were close to each other were affected and immediately overturned on the ground by the strong wind.

Wang Fan felt the power of each other's whip. He wanted to fight with the shadow knife, but when he thought of the camera makers, he finally gave up.

His whole body heaves congenital vigorous Qi and rushes directly to whip mu.

With several loud noises, Wang Fan's body was hit in many places, his congenital vigorous Qi was torn, and his body was also splashed with blood. But because of his mental strength, he avoided the key parts.

The old man looked at Wang Fan, who had been whipped. He could not help but smile.

But before the smile spread completely, Wang Fan was like a fierce tiger. His right foot suddenly touched the ground, and suddenly shot at him, and hit his Dantian.

Chapter 1293

The old man's face changed wildly, and he tried to retreat, but there was no time?

With a bang, Wang Fan's fist fell heavily on his Dantian. He only felt a torrent of force pour into his body, and the Dantian burst like a broken balloon, and then he spewed out blood.

It's not dead, but it's abandoned!

It's a dead silence!

This scene made everyone silly, especially the elite of the Wang family.

They never thought that the elder who had the upper hand and beat Wang Fan to pieces would be defeated by Wang Fan in the next second.

They only need a glance to see that even if he lives, he will be a waste in the future.

Wang Fan was really cruel. Although he didn't kill the other side, this way of doing it made him feel worse than killing the other side.

Wang Fan touched the painful wound and looked coldly at the rest of the people. "I still said that. If you represent the official, please take out the evidence to take me away."

"If you represent individuals, please go away. I have no time to waste with you. Of course, you can choose to continue to do it. I don't mind taking you all to the hospital. "

"Believe me, I can do it."

Listening to this, the elite of the Wang family looked at each other in silence.

Evidence? They have evidence there?

What's more, they don't represent the official.

If it was on behalf of the government, they would not ask people to hide behind the camera.

At this time, one of the people's mobile phones rang. He took a look at the mobile phone and said, "withdraw."

With that, the elite of the Wang family picked up the man from the third floor and his injured companions and left quickly.

A group of people come and go quickly. They disappear in the blink of an eye.

Wang family.

Wang Gujin watched the live broadcast of the hotel through the computer, and his face was blue with anger.

He did not expect that he once again lost his wife and folded his arms. Wang Fan, who always killed people, did not kill anyone this time.

Since Wang Fan escaped from biluowan, he knew that it was impossible to deal with Wang Fan with biluowan again, but he could not do the same to ask him to swallow the tone that Wang Sanjin was killed.

So he wanted to let people provoke Wang Fan and force him to kill. In this way, he could find a new reason to challenge Wang Fan.

But he never thought that Wang Fan had not been cheated, which made him really have no way to accept.

But if he can't accept it, he can only endure it for a while. Because this matter has been big enough. If it goes on, it is estimated that someone will step in.

In that case, it is even more impossible for him to move Wang Fan.

Wang Fan stayed in the hotel for a week. In this week, apart from training, he was just wandering around the capital.

Originally, he was planning to leave the capital, but something happened to the Wang and Zheng families, which made him unable to leave the capital for the time being.

He also had to look at the attitude of the Wang family. If the Wang family wanted to find his bad luck, he would fight with the Wang family.

Even if he can't destroy the Wang family, he will make the Wang family lose its vitality.

But to Wang Fan's disappointment, for more than a week, the Wang family has been very calm and seems to have forgotten that Wang Sanjin was killed by him.

If the Wang family doesn't take the initiative to look for trouble, Wang fan can't go to the Wang family to make a scene. He can only put this matter in his heart for the time being, and then look for opportunities in the future.

"Xie Huan, you bitch, you have been hiding from me for a month. Can't you hide? You keep on hiding. I've caught you at last, haven't you

"Damn, I just want you to accompany my friend for once. Are you going to hide in anger?"

"As Lao Tzu's girlfriend, if you don't let Lao Tzu go up, even if you don't let Lao Tzu's friend go up, what kind of nobility do you pretend to Lao Tzu?"

"Besides, let you accompany my friends, I don't dislike you, I don't have anger, what the hell are you angry about?"

"If you don't answer the phone or return wechat, you can play with me and disappear. You are very capable! This time, I want to see where you can hide! "

Wang Fan was thinking about the Wang family. Suddenly, an angry voice came. He immediately turned to look at it.

It's not that he wants to meddle in his own business, but the name "Xie Huan" reminds him of an acquaintance.

Jinzhou mayor Xie Zhengyang's daughter is also called Xie Huan. At the beginning, he cured Xie Huan's mother Feng Youlian in Jinzhou. Xie Zhengyang also helped him a lot.

Wang Fan also knows that Xie Huan, whom he knows, can't appear in the capital. He just takes a look at the opera with an attitude.

At the same time, he was also thinking, sure enough, the forest is big, there are all kinds of birds, this guy is obviously a scum of scum.

Even if you want your girlfriend to accompany your friend, it's so reasonable. It's no different from animals. If you are really making friends, you should be careful, especially when you are making boyfriends. You must not be blind.

Like this Xie Huan, he obviously belongs to the blind man.

A clap of applause rang out. Wang Fan just saw that the woman named Xie Huan slapped the young man

in the face, and then began to scream angrily.

"Wu Chu, do you want to be shameless? I'm so blind that I'll agree to be your girlfriend. "

"When we were good, I told you to keep the first time on our wedding night. But it's good for you to use this as an excuse to find other women outside and give me to your friends. "

Xie Huan said angrily, but also spit out a mouthful toward the ground, "I bah, I just scold you scum, are insulting scum two words!"

"I tell you, I will never accompany your friend, and I will break up with you. I've had enough of scum like you. I don't want to see you any more. "

"Get out of here now, if you dare to pester me again, I will die in front of you directly!"

Xie Huan said, but also suddenly grabbed a knife, the tip of the knife directly than in the wrist artery.

Wang Fan was shocked. Isn't that Xie Huan he met in Jinzhou? How did she come to the capital?

At first, Xie Huan turned his back to him, but he didn't recognize it, but now Xie Huan has given him a side face, and with the familiar voice, Wang Fan has confirmed Xie Huan's identity in an instant.

After confirming Xie Huan's identity, Wang Fan subconsciously takes a close look at the man opposite Xie Huan.

This man has a little memory of his age. He is twenty-five or twenty-six years old. He is very handsome, sunny, handsome and talented.

If it wasn't for the scum words he said before and just looking at the foreign minister, I'm afraid no one would believe that this guy is such a person.

Besides, there is a BMW parked next to the man. It's more than a million. Obviously, his family is not bad. He is the second generation of Xiaofu.

"Die in front of me? You are dead

The man was slapped by Xie Huan, and immediately became angry, "if you don't say you're dead, even if you're dead, I can still get on you!"

"Damn, if you dare to beat me, it's against you. Today I'm going to deal with you!" He roared angrily and held out his hand to Xie Huan.

Xie Huan's face changed. Without any hesitation, she stepped back two steps. Then she grabbed the knife and cut her wrist.

Obviously, she didn't just talk about it, she made up her mind long ago!

Chapter 1294

Where can Wang Fan watch Xie Huan commit suicide in front of his eyes.

Although even if Xie Huan really cut down, with his medical skills, Xie Huan can't have anything, but Wang Fan still doesn't want Xie Huan really cut down.

He ran to Xie Huan with a stride. He grabbed her wrist and kicked the young man.

Bang, the young man's abdomen was directly kicked by Wang Fan, and the whole person flew out.

He fell to the ground and let out a shrill scream. He covered his stomach and couldn't get up for a long time.

When Xie Huan feels that her wrist is caught, her heart is sinking. Subconsciously, she is about to struggle, but soon she sees Wang Fan.

"Wang Fan, is that you?" She was a little excited, a little excited, a little nervous, a little blushed.

She was excited that she didn't expect to meet Wang Fan in Beijing. What made her blush was that Wang fan saw her embarrassing story.

"Yes, it's me." Wang Fan nodded, mouth still some complain, "what things can't think of, even want to commit suicide."

"Don't do this kind of thing in the future. You are so young. If you really commit suicide, uncle Xie and aunt Feng will have to die of grief?"

Xie Huan's face turned red, but he said quickly, "it's my business. Don't worry about it. I think you'd better go first and leave here as soon as possible."

Her tone is a little urgent, obviously the guy who was kicked over by Wang fan is not simple.

Although Xie Huan knew that Wang Fan was powerful, he was limited to Jinzhou.

Where is the capital? A piece of brick can kill a large number of big people, but Wang fanmingxian still has some problems.

As for what Wang Fan did in the capital, although it was very sensational, it was only limited to the top circle. Xie Huan obviously had no contact with that circle, so he didn't know about Wang Fan at all.

"Go? Are you ready to go? Where can I go? " Before Wang Fan spoke, the guy named Wu Chu stood up

with his stomach covered and his face was ferocious,

"son of a bitch, dare to kick me, you wait for me! If I can't kill you, I won't be called Wu Chu! "

He said maliciously, and suddenly noticed that Wang Fan was holding Xie Huan's wrist, and they were still very close to each other. Suddenly, he became more angry, and his face was blue,

"you're not very pure, you don't despise men? You are deceiving me in your feelings! "

"Lao Tzu said that you are not willing to go to bed with Lao Tzu or accompany Lao Tzu's friends. I was afraid that Lao Tzu would know you are a broken shoe."

Xie Huan listen to this, hiss a, a mouthful of blood instant can't help but spray out.

This son of a bitch's words are really vicious. How could she not find that Wu Chu was such a disgusting guy before?

Fortunately, she really liked Wu and Chu for a while. Now it seems that she is really blind.

"Go? Which eye do you see I'm leaving? Do I have to go to deal with you grasshopper? Do you know your mouth stinks? It seems that the kick just now is not enough. "

Wang Fan coldly said, directly came forward to hold Wu Chu's collar, and clapped his backhand.

Don't say Wu Chu is just a guy who is hollowed out by wine and sex. Even if he is not hollowed out by wine and sex, he can't escape.

After a few slaps, Wu Chu's two faces had been completely swollen, and his mouth was full of flesh and blood.

Wang Fan kicked him to the ground, sneered, "listen to your tone seems to have a little ability, I now give you the opportunity to call people, you'd better call all your strength at one time, save me trouble."

Wu Chu stares at Wang Fan angrily. He doesn't dare to say a word more, so he just pinches out his cell phone.

Wang Fan dares to beat him so miserably, but also dares to touch Xie Huan, who he has never touched. He must take this tone. If he doesn't trample Wang Fan to death, he won't be called Wu Chu.

Xie Huan looked at this scene, has been completely shocked.

She didn't expect that Wang Fan was as arrogant and powerful in the capital as he was in Jinzhou. Without saying a word, he beat Wu and Chu like that.

Looking at Wu Chu's tragic situation, although she felt relieved, she was also worried about Wang Fan.

"I haven't seen you for a long time. Let's find a place to sit down. The sun is so big here that the person he called doesn't know how long it will take to get there. It's not good for us to stand here all the time. "

Xie Huan reminded Wang Fan just now, but Wang Fan didn't leave. She thought Wang Fan was a man who wanted face. So she did not dare to run too directly, but said so euphemistically.

Wang Fan listens to this in the heart secretly funny, this Xie Huan has changed many compared with before, speaks unexpectedly all knew the turn.

But with the huge sun overhead, he did feel a little uncomfortable, so he pointed to a cafe not far away, "OK, let's go to that cafe."

"Not only is that coffee shop not far from here, but we'll know as soon as the person he called comes.""Ah?" Xie Huan can't help opening her mouth. What's the difference between that cafe and here?

She couldn't help saying, "that coffee shop is too low-grade. I think we'd better go to a better place. I know a club is better. I invite you to it. "

Wang Fan couldn't help laughing. He said seriously, "I know what you're worried about and you want me to run."

"But you don't have to worry. I really don't pay attention to him. There's really no need to run away."

"If I don't meet you, I'll help you. Believe me, I have the ability. "

He can only make it clear.

Although Xie Huan didn't believe Wang Fan's words, she had no choice but to nod when she heard Wang Fan say so.

She advised Wang Fan to leave, but did not want to implicate Wang Fan. As for her, she never wanted to escape, because she knew she could not escape at all.

Although Wu Chu has nothing to do with it, his friend is very capable in the capital. It is said that he is a member of a big family in the capital and his background is not simple.

Although her Xie family is good, it is limited to a tiny place like Jinzhou, but it is nothing in the capital.

"You'd better hurry up. I don't have the patience to wait for you for too long. If I'm not satisfied with waiting, I don't mind coming out and slapping you again. Remember, I'm in the coffee shop opposite. "

Wang Fan and coldly toward Wu Chu said, and then took Xie Huan to the opposite cafe.

Wu Chu listened to Wang Fan's words. He was almost angry.

This guy is really crazy. He is Wu chuchang's age. He has never seen such a crazy person.

If it wasn't for Wang Fan's inconspicuous clothes, he almost thought that Wang Fan was the young master of the big family.

"Damn, let you be arrogant first. I want to see if you can be arrogant when Jin Shao comes later." Wu Chu murmured fiercely and quickly dialed the phone.

Wang Fan quickly took Xie Huan to sit down in the coffee shop and ordered two cups of coffee. He asked, "is uncle Xie and aunt Feng OK? By the way, aren't you in Jinzhou? How did you come to the capital?"

Chapter 1295

"They were all OK. I didn't want to stay in Jinzhou after graduation, so I came to the capital."

Xie Huan was obviously absent-minded. When she spoke, her eyes always glanced out. She was obviously afraid of Wu Chu's call.

Wang Fan originally wanted to let Xie Huan relax, but Xie Huan was still so nervous that he had no way to chat.

For a moment, the atmosphere became quiet.

Wu Chu was probably afraid that Wang Fan would slap him again, so he really didn't let Wang Fan wait. In less than 20 minutes, with a whimpering sound, six cars had already come and stopped in front of Wu Chu.

A well-dressed young man in his thirties stepped down from the front of the car, while the rest of the cars were followed by bodyguards.

"Wu Chu, who beat you like this? Who are they? Damn, dare to touch my brother Jingui Liang, and dare to touch the woman in my appearance. I think he is impatient. "

The well-dressed young man was obviously of the same virtue as Wu and Chu, and they were both respectable masters.

He looked like a dog, very polite and elegant, but what he said was no different from the local ruffian.

"They are in that coffee shop. Jin Shao, you must help me out. That guy is so arrogant."

"He slapped me innumerable times. When I brought you out, he even said that you were nothing. He even stepped on you and swaggered to the coffee shop."

"I've never seen such arrogant people since I was so old. He just doesn't pay attention to us."

Wu Chu biting his teeth and adding oil and vinegar said.

He was slapped a few times by Wang Fan, and he was very hard in his heart. Now he naturally gave Wang Fan hatred.

As long as Jin Gui Liang hates Wang Fan more, Wang Fan's fate will be more miserable and he will be more happy.

"Pa!"

Jin Gui Liang listened to Wu Chu's words, and he was trembling with anger. He couldn't help slapping the top of the car next to him.

With a bang, he shot a crack on the top of the multi million dollar luxury car, but he didn't care at all, and his eyes were even lower.

"well, I'd like to see who this is and when such amazing people and things come to the capital."

"Let's go!"

Golden tortoise bright gnash teeth to say, direct rate person ran toward the cafe that Wang fan is in fiercely.

Sitting at the window, Xie Huan looked at the scene, especially at the head of the golden turtle, his face turned pale, "they are coming, what should we do?"

She asked subconsciously, and then quickly said, "Wang Fan, are you sure we are sitting here waiting for them to come? I think we'd better get going. "

"Heroes don't suffer immediate losses. There are so many of them, and they have power and power. I'm afraid we can't get rid of them."

Wang Fan took a sip of coffee, then said with a smile, "you don't have to worry, it's not us that can't get good, it's them."

"They have power and power, and I have more power and power. I will help you deal with this matter."

While Wang Fan was talking, Jin Guiliang came in with a group of bodyguards.

"Jin Shao, why are you here?" The store manager who just came down from the upstairs saw that the golden Turtle was bright and his face changed. He quickly welcomed him with a smile.

"Get out of here!" Just as he just came to the side of the golden turtle, he was photographed by the golden turtle.

He also said to the store manager viciously, "Damn, someone provoked Ben Shao and hid in your coffee shop. Why did Ben Shao come?"

The store manager was slapped, but he didn't dare to fart. After hearing Jin Gui Liang's words, his whole heart sank.

He was busy having sex with his lover upstairs just now, so he didn't know what happened outside. Otherwise, he would have invited Wang fan out for a long time. How dare he let them stay in the coffee shop.

At the same time, he is also thinking about who is so short-sighted that he dares to provoke Jin Shao, but he doesn't run away.

Just want to return to think, but he was afraid to say a word.

Jin Gui Liang is the most famous and arrogant dandy in the Jin family. Although the Jin family is not as famous as the eight families, it is also very famous. It is not his kind of person who can provoke him.

Jin Guiliang did not care about a small store manager, and then swaggered to Wang Fan.

Those coffee shop guests who were close to Jin Shao and others had already been scared to hide in the distance, so they didn't dare to get close at all.

Jin Gui Liang looks at Wang Fan in a murderous way. Before he gets to Wang Fan's side, his voice comes out first,

"you are so awesome, Ben Shao, you dare to sit still and drink coffee. Do you think you dare not move you if you pretend to be less than Ben? Or do you think of yourself as the top of the eight

Golden tortoise bright voice is low, but only sneer in the eyes, "it's a pity that the top eight have seen all of them, including you. Even if you don't know how to be brave and pretend to be brave, Ben Shao will take care of you today! "His eyes suddenly burst out fierce, "Damn, even if the people who move less, dare to scold what is less, less is to ask, what are you?"

He said, fingers suddenly point to Wang Fan, roar, "I don't like to see him sitting, let him kneel down for me!"

With his order, whoosh, the two bodyguards behind him rushed towards Wang Fan.

They didn't take charge of Xie Huan, who was opposite Wang Fan. Instead, they rushed straight to Wang Fan. With cold eyes, they grabbed Wang Fan's arms.

Obviously, they are going to put Wang Fan up and force him to kneel down.

Wang Fan looked at the scene, a cold smile, even did not stand up, raised his feet is twice.

Bang Bang two, two people did not respond, has been kicked out.

They fell to the ground and spat out blood, but they couldn't get up again.

The scene was dead and silent. No one thought that Wang Fan was so fierce.

Even the pupil of the golden tortoise is hard to bear to shrink for a while, a time unexpectedly forgot to make a sound again.

Although his bodyguards are not so powerful, they are absolutely useless.

But just now he didn't even see Wang Fan move, so the two bodyguards were beaten to fly out, and they were beaten half dead. Isn't that incredible?

Wang Fan ignored Jin Gui Liang's shock. He took out a paper towel and wiped his hands. Then he stood up and walked towards Jin Gui Liang,

"I'm not something, nor the top of the eight families, and I don't have many cows, but it's more than enough to step on you."

With that, he went to the side of Jin Gui Liang and slapped him down.

The sound of Pa Pa Pa Pa rang out, and Jin Gui Liang's face was red and swollen instantly, and blood came out of the corner of his mouth.

And those around, it is all into a dead silence.

In particular, Wu Chu and the store manager were shocked and frightened at the same time.

None of them thought that Wang Fan even dared to fight Jin Gui Liang, and he was still so ruthless. It was too arrogant and crazy!

Chapter 1296

After Wang Fan slapped Jin Gui Liang a few times, he raised his foot and nodded twice on his knees. With a scream, Jin Gui Liang immediately knelt down.

He glared at Wang Fan, his eyes flashed a crazy light, "you, you dare to beat me, but also let me kneel, I want to kill you!"

Jin Gui Liang is really going crazy. Wang Fan dares to beat him, and he can't accept it because he still has such a heavy hand.

Feeling the burning pain on his face, he just wanted to crack his eyes. If he didn't kill Wang Fan, he couldn't swallow it.

"What do you dare to fight? Don't say it's you. Even if the young masters of the eight families come, I should fight according to them."

Wang Fan said with a sneer, suddenly stepped forward, kicked a bodyguard, and then said coldly, "even this time, next time you dare to try to deal with me with a gun, I will kill you."

The bodyguard fell to the ground with broken ribs and a gun flying out of his body. He looked at Wang Fan, his face was incredible, and he even forgot the pain.

He just wanted to take the gun, but he didn't really take it out. How did Wang Fan know? Does Wang Fan have perspective? This guy is terrible!

The rest of the bodyguards looked at each other. After a moment, they roared and rushed madly towards Wang Fan.

But before they jumped to Wang Fan's side, Wang Fan had already jumped up and kicked them on the cheek one by one with his right foot.

Bang bang bang a series of sounds rang out, more than a dozen bodyguards were kicked out, their faces were all broken, and they couldn't even make a scream.

The scene fell into silence again, and everyone felt numb.

This Wang fan is really too powerful, just as powerful as non-human.

The king family.

When Jin Qianjin, the owner of the family, was dealing with his official business, a secretary like woman suddenly came in, "master of the family, it's not good. Jin Shao has been beaten. It's Wang Fan who beat him."

"What? GUI Liang was beaten. Who is so brave?"

Jin Qianjin's face changed, and he stood up in an instant, but soon his face became ugly again. "What do you say? Who is the person who beat him, Wang Fan?"

There was a storm in his heart, and his anger dissipated like a wind.

At this time, there were only two words in his mind: Wang Fan, Wang Fan!

Jin Guiliang may not know Wang Fan's existence, but as the head of the Jin family, Jin Qianjin has heard of Wang Fan's reputation.

That's a ruthless man with a bad reputation. It's no exaggeration to call him a murderer. He can't even kill his family. He doesn't understand how Jin Guiliang can offend Wang Fan.

At the thought of Wang Fan's ruthlessness and style, Jin Jin Jin couldn't help shivering.

Jin Gui Liang, the villain, is trying to kill the Jin family.

At this time, Jin Qianjin can't care about the fact that Jin Guiliang is beaten. What he thinks is whether Wang Fan will be involved in the Jin family because of this.

If Jin Gui Liang is in front of him, he can't guarantee whether he will end up with this villain,

"yes, it's Wang Fan who beat Jin Shao, because it's for a woman named Xie Huan."

The Secretary said, "Jin Shao has a friend named Wu Chu, and Wu Chu has a girlfriend named Xie Huan. But Jin Shao has a crush on Xie Huan, so Wu Chu decides to give Xie Huan to Jin Shao."

"Because Xie Huan didn't want to, she hid, but today she was found by Wu Chu."

"Wu Chu is furious and wants to take Xie Huan away, but Wang Fan, who happened to pass by, sees him and is taught a lesson. Wu Chu can't swallow that tone, so he calls Jin Shao to cheer him on."

The secretary is obviously very competent, and even the course of the investigation is very detailed. Finally, she added, "by the way, Wang Fan and Xie Huan are both from Jinzhou, but I haven't found out whether Wang Fan helped Xie Huan because of injustice or whether they knew each other originally."

Jin Qianjin listened to this, and his heart sank to the bottom of the valley. He didn't dare to hesitate any more. "You call Jin Guiliang quickly and ask him to kneel down and admit his mistake. Don't move rashly. I'll go right away!"

"This arrogant rebellious son, who should be offended? He even offended Wang Fan. Even if Wang Fan didn't kill him, I would kill him!"

Secretary listen to this, eyelid a jump, but dare not say more, quickly grab out the mobile phone to dial the phone.

Jin Jinjin went quickly to get a car ready, and then he was ready to go.

If it is handled well, it will be a disaster for his family.

Although his Jin family is good now, it is far worse than the Song family and Meng family.

At the beginning, Wang Fan was able to nearly destroy the Song family and the Meng family, but now there is no problem in destroying the Jin family.

Coffee shop.

Golden tortoise bright face hard to see the extreme, he did not expect, Wang Fan unexpectedly so fierce, effortlessly put down all his bodyguards.

But no matter how powerful Wang fan is, it's nothing to be able to fight these days. Power is the king's way. He wants to tell Wang fan that he is not so easy to fight or bully. Just as he was going to squeeze out his mobile phone and continue to call, his mobile phone rang out ahead of time.

Jin Gui Liang looked at the caller ID, his eyes lit up, and instantly connected the phone.

"Jin Shao, you offended Wang Shao. The owner of the house already knows about it. He told you to kneel down and admit your mistake immediately. The owner of the house will arrive soon."

The Secretary's voice came coldly, and he hung up without waiting for Jin Guiliang to speak.

Jin Guiliang listened to the content of the phone, but he was confused.

Wang Shao? Which Wang Shao?

I asked him to kneel down and admit his mistake. Is there any mistake?

What's more, how could it be that father would come in person?

If the Secretary didn't tell him to kneel down and admit his mistake, he might think that his father came to support him. But now, he didn't dare to think so.

Golden tortoise showed a cold sweat, he felt the seriousness of the situation, he seems to have provoked the people.

He couldn't help looking up at Wang Fan, "you, your surname is Wang?"

Wang Fan sneered, "yes, why, do you have any opinions?"

Plop.

Jin Guiliang can't help but fall to the ground. His whole heart is like falling into an ice cellar, and his face is dead.

Although he still does not know the identity of Wang Fan, he has realized the seriousness of the matter.

Wang Fan originally intended to clean up the golden turtle, and then let him call people to solve all the problems at one time. But when he heard the call, he immediately gave up.

Since the owner of the Jin family is coming, there is no need for him to continue to let the golden turtle call people.

In less than half an hour, a Lincoln had stopped at the entrance of the cafe, and then Kim trotted in sweating.

"Wang Shao, Wang Shao, the rebellious son is disrespectful to you and your friends. I'll apologize on his behalf to you. Calm down!"

Jin Qianjin said with a cold sweat on his face. In an instant, he had already run to the side of Jin Guiliang. Then he grabbed a chair next to him and smashed it down.

There were two sounds, the solid wood chair broke in an instant, and the golden turtle Liang was smashed on the ground covered with blood.

Obviously, Jin Qianjin is really hard-working, without any show element.

"You villain, I told you not to be arrogant and to keep a low profile. But you didn't listen. Did you finally get into trouble today? "

"Wang Shao, it's because he has no eyes to offend you. I promise he won't bother you and your friends any more. Please forgive me."

Chapter 1297

Jin's forward posture is very low, and he kneels down without saying a word. Obviously, he is really afraid of Wang Fan. He is really afraid that Wang Fan will be involved in his family.

Jin Gui Liang, Wu Chu, the manager of the coffee shop, and the bodyguards of Jin Gui Liang were a little silly when they saw this scene.

None of them thought that Jin Jin Jin would kneel down to Wang Fan without saying a word. God, doesn't that mean that Wang fan is more powerful than the Jin family?

Who on earth is Wang Shao? How can he have such great ability?

You know, even if the nephew of the eight nuclear families stepped on the golden tortoise, Jin Qianjin may not be so scared and kneel down directly.

Xie Huan is also a dull face, a face of incredible.

She didn't expect that Wang Fan, who was in Jinzhou, was still so competitive and powerful in the capital.

After a short period of dullness, Jin Gui Liang and Wu Chu couldn't help sweating.

Wu Chu, in particular, had the heart to die.

After this incident, Jin Guiliang has the protection of the Jin family. Maybe there won't be anything, but he is determined to die. Even if Wang fan doesn't look for him, it's estimated that the Jin family won't spare him.

Thinking of this, Wu Chu's face no longer had any blood color, and his eyes were completely dim.

Wang Fan did not speak, just looked at Jin Jin forward with a sneer.

He didn't have to ask. This guy must have heard of his bad name, so he came up and put on such a gesture.

Wang fan is also very clear about the purpose of Jin's advance. He is afraid that he will kill the Jin family.

But Jin Qianjin belittles Wang Fan. Wang Fan will not destroy the Meng family because of this. He is not so bored.

The reason why he killed the Song family and the Meng family before was that the song and Meng families provoked him, and the contradiction was irreconcilable.

And the Jin family's business is just because of Xie Huan, he will not go to destroy the Jin family for such a small matter. Unless we say that the Jin family is unreasonable, we have to die.

Jin Qianjin saw that Wang Fan just sneered but didn't speak, and the cold sweat came out instantly. He quickly bit his teeth and continued,

"my Jin family is willing to give Wang Shao a Teng Ganoderma lucidum, just ask Wang Shao to forgive him, and don't continue to pursue this matter."

When he said this, Jin's whole heart was dripping blood.

That's Teng Lingzhi. Even for the Jin family, it's the absolute treasure. With Teng Lingzhi, their Jin family can cultivate at least two congenital experts.

But now, in order to cancel Wang Fan's anger, he has to give up his love to Wang Fan. How can he avoid the flesh pain?

"What did you say, Teng Lingzhi?" Wang Fan listened to this, but his eyelids couldn't help jumping. He flashed to Jin Qianjin in an instant. "Are you sure it's Teng Lingzhi, who didn't cheat me?"

There was a storm in his heart, and his whole heart was about to jump out.

Teng Lingzhi, of course, knew that it was worse than the withered yellow grass at the beginning. Although it was not as good as the Tianyun flower that Guwu University brought out three months later, it was not much different.

If Wang Fan had Teng Lingzhi and refined it into pills, he would have absolute confidence to step into the third level of Defan.

Now for Wang Fan, there are too few spirit grass that can be promoted, and it is extremely difficult for him to go further. Now hearing that Jin Jinjin could take out Teng Lingzhi, how could he not be excited?

"I didn't lie to you. That Teng Lingzhi was obtained by my kin's collateral family in Mucheng, but it hasn't been taken to the capital yet."

"Don't worry, I'll call there right now and ask them to send Teng Lingzhi to you before dark."

Gold Forward said.

He is telling the truth. He also just got the news that the Jin family, the collateral of Mucheng, got a Teng Lingzhi, but he didn't have time to send it.

"You don't have to ask them to send it here. You tell them to take care of Teng Lingzhi for me, and I'll go and get it myself."

"If you don't cheat me, Teng Lingzhi is really in my hands. I will owe you a favor from the Jin family."

Wang Fan waved his hand and said.

Teng Lingzhi is of great importance. How dare he let the Jin family send him here? If he was intercepted in the middle of the journey, it would be the end.

Moreover, Wang Fan was sure that not many people knew about the acquisition of Teng Lingzhi by the Jins in Mucheng, or at least no one from Guwu.

Otherwise, it is estimated that the Jin family, even in the capital, has been destroyed countless times.

Thinking of this, Wang Fan couldn't help saying, "also, tell your people, don't leak the news, otherwise it won't do much good to your Jin family."

Jin Qianjin didn't dare to talk nonsense. He quickly nodded his head, and his eyes were also excited.

Although he lost Teng Lingzhi, but let Wang Fan owe a favor, this is also an unexpected harvest.

With Wang Fan's favor, he believes that even if the eight big families want to move his family, they will have to weigh it. "Xie Huan, that's all for today. I'll go first. You can rest assured that no one will dare to trouble you in the future. "

Wang Fan toward gold forward, after finishing, and quickly toward Xie Huan said.

He is really not in the mood to continue here, he wants to rush to Mucheng as soon as possible.

For Wang Fan now, there is nothing more important than Teng Lingzhi, who can promote him.

Jin Qianjin didn't wait for Xie Huan to nod, so he quickly patted his chest and promised, "don't worry, Miss Xie. I promise that Jin Guiliang won't trouble you again in the future."

"I can also assure you that as long as I have the king's family, I won't let anyone trouble you."

He said, and glared at Jin Gui Liang and Wu Chu.

After all, Jin Qianjin is his father, so he doesn't believe his father will really kill him.

Can Wu Chu some whole body all bad, pass this one eye, he already knew, oneself is definitely dead.

"Thank you. Go and do your business. We'll get together when we have time." Xie Huan didn't pay attention to Jin Jin, but said gratefully to Wang Fan.

She is not a fool, of course, know to have the present situation is Wang Fan's credit, of course, thank you also thank Wang Fan.

Wang Fan nodded, no more nonsense, immediately left here.

Two hours later, he was on the plane to Mucheng.

Wang family.

Wang Fan just left the capital, Wang Gujin knew.

Without any hesitation, he immediately sent someone to the Jin family to inquire about the reason why Wang Fan left.

Although Jin Qianjin resisted the pressure and didn't say it, some of his bodyguards couldn't bear the pressure.

They tell the reason why Wang Fan went to Mucheng and the story of Teng Lingzhi.

When Wang Gujin heard that the jins in Mucheng got Teng Lingzhi, and Wang Fan went to get it, he immediately sent several elder tuofan to Mucheng by helicopter.

Teng Lingzhi's kind of good things, his Wang family is also very concerned about, it is necessary to get the hand, even if it is destroyed muchengjin family also at all.

What's more, even if he can't get it from the Wang family, he can't let Wang Fan get it.

Their Wang family and Wang fan are enemies. If Wang Fan becomes stronger, is it not a disaster for their Wang family?

Chapter 1298

In order to ensure that Teng Lingzhi can be obtained without accident, Wang Gujin sent two tuofan three layers and one tuofan four layers.

In this way, even if his Wang family and Wang fan are against each other, they will not fall into absolute passivity.

After the biluowan incident, Wang Gujin has realized the strength of Wang Fan. If the strength of people going to Mucheng is too low, he is afraid that he can't deal with Wang Fan.

Wang Gujin originally intended to let the elder of the sixth floor behind him go out in person, but the elder of the sixth floor was in a critical period, so he didn't dare to disturb him.

Because the Wang family directly used the helicopter, so the speed was faster than Wang Fan, and he arrived in Mucheng earlier than Wang Fan.

The golden family in Mucheng.

The owner of the family, Jin Youcai, is very excited.

Although his Mucheng Jin family is a branch of the capital Jin family, because there are no powerful people and no great achievements, they are not valued at all, and even completely forgotten.

But he never thought that two days ago, his grandson Jin Yuanyi got a Teng Lingzhi by accident, which gave him a chance to catch up with the Jin family in the capital.

Once his muchengjin family catches up with the jingchengjin family, it can be imagined that the strength

of his muchengjin family will definitely soar again, and it is not impossible for him to take a step closer.

"Come on, cheer me up and shine your eyes. Once Wang Shao comes, please give me a good reception."

"We have managed to catch up with the master of the capital. We must not miss this opportunity. We must firmly grasp it."

"Yuanyi, although you are idle on weekdays, you have done a good deed this time. If this plant of Teng Lingzhi can really attract our attention, I will never forget your credit."

Jin Youcai sat excitedly in the reception hall and said quickly.

He has received a phone call. A man named Wang Fan has come to Mucheng to pick up Teng Lingzhi. They just need to give Teng Lingzhi to Wang Fan.

And Jin Qianjin also personally told him to treat Wang Fan well and not cause Wang Fan's dissatisfaction, otherwise he will bear the consequences.

Thus it can be seen that Wang fan is absolutely a big man, so Jin Youcai also pays 12 points of attention to meet him.

Not only has the gate been decorated and hung with red lanterns, but the whole reception hall has been cleaned up and decorated with joy.

At the same time, he also arranged for all the beautiful women of the Jin family to meet at the door, with a grand momentum.

"Thank you, uncle. These are what Yuanyi should do." The following Jin Yuanyi heard that Jin Youcai was also excited.

With the second uncle's words, he believes that his status in the Jin family will rise in a straight line. At least he doesn't have to be scolded and worry about money.

Under the command of Jin Youcai, the whole Jin family mobilized and showed the highest standard attitude to meet them.

After everything is arranged, Jin Youcai directly takes Jin Yuanyi and a group of senior members of the Jin family to wait outside the door.

Sobbing.

At a certain moment, a roaring sound sounded, and Jin Youcai and his party immediately saw that a helicopter appeared in the air ahead.

As the helicopter circled down, the cabin door opened and three 50 - and 60 year olds jumped directly from the helicopter.

When they jump down, their legs are constantly swinging, just like martial arts TV experts flying in the air.

Looking at this scene, no matter Jin Youcai or the elite servants of the Jin family, they all couldn't help but stare and sweat.

The helicopter is still ten meters high from the ground. The other side just jumped down like this. Is it looking for death?

As soon as he thought of this, the three men had already landed fast. Only after landing, their feet touched the ground and jumped forward again.

This repeated several times, when they stopped, it happened that the benefits were in front of Jin Youcai and his party.

Even if Jin Youcai is a knowledgeable person, he has heard that there are many experts in the world. But when he sees this scene, his pupils are still choking.

This strength is too terrible. With the skill of the other side, Jin Youcai already knows that he can't afford to offend these three people.

"Hello, three. I'm jinjin. I have money. Who are you?" When Jin Youcai saw the three people falling in front of him, he quickly gathered a smile on his face to greet them.

Although he had never met Wang Fan, he knew that Wang Fan could not be the three.

Not to mention that Jin Qianjin has already told him that Wang Fan came by plane. Just from the fact that Jin Qianjin called Wang Fan as Wang shaolai on the phone, it is absolutely impossible for Wang Fan to be 50 or 60 years old.

The old man took a cold look at Jin Youcai and said directly,

"my name is taipingyan, and these two are my younger martial brothers. I heard that your Jin family got a Teng Lingzhi, right? We're here for Teng Lingzhi. Please hand it in right away."

His tone is very cold, tone is no doubt, as if the superior is giving orders to the inferior. "Here it is." Listening to this, Jin Youcai's face was a little ugly for a moment, "isn't that good?"

"We have given Teng Lingzhi to the Jin family in the capital, and they have sent someone to pick it up. If I give it to you now, I can't explain it to the Jin family. "

His heart is really a little bitter, he does not understand where these people get the news, even know that his family got Teng Lingzhi.

You know, although the strength of Mucheng Jin family is not good, it does not mean that Jin has money and no brain.

He has lived for so long, how can he not understand the truth that everyone is innocent and guilty? At the moment when his family got Teng Lingzhi, he had already told them that no one could leak the news.

Otherwise, he is just a Jin family, not to mention the preservation of Teng Lingzhi for two days. I'm afraid that if he can't keep it for 24 hours, he will be destroyed.

What's more, Teng Lingzhi is a card for his muchengjin family to turn over. Now Wang fan is on the road, and even is about to arrive. If he is taken away by these three guys, how can he be reconciled?

So he did not hesitate to carry out the capital Jin family, trying to cause some oppression to each other.

When the fourth floor of tuofan heard that Jin Youcai didn't want to give it to him, his eyes were cold and he slapped him in the past.

With a slap, unprepared Jin Youcai didn't even react, so he was pulled out and spat out a mouthful of blood.

That takes off any four layers to go up front two steps, one foot treads on Jin Youcai body, cold way, "I don't want to talk nonsense with you, immediately hand over Teng Lingzhi, otherwise I don't mind destroying your Jin family."

"You don't want to threaten me with the Jin family in the capital. It's just a Jin family in the capital. I haven't paid attention to Pingyan yet."

"Don't say it's you. Even if Jin Qianjin stood in front of me and I asked him for Teng Lingzhi, he didn't dare to say" no! "

Jin Youcai fell to the ground with a dead silence on his face.

He did not expect, did not wait for Wang Fan, unexpectedly waited for three evil stars.

He did not expect that the other party should be so domineering, said to do it.

Chapter 1299

"You, how can you hit people?" Jin Yuanyi looked at the second uncle who fell on the ground, some could not accept it, and could not help but stand out,

"Teng Lingzhi was obtained by our Jin family, and how can we give it to you? Will you be too arrogant and too lawless to do so?"

Although Jin Yuanyi also knows that this time to stand up and talk is mostly for death, he is just full of blood. When he sees his second uncle knocked down, he really can't accept it.

"Yuanyi, shut up!" When Jin Youcai hears that Jin Yuanyi dares to speak at this time, he is immediately shocked. Regardless of the pain, he shouts out, but it's too late.

"Why give us a good one, I'll tell you now." Taipingyan's face was cold, and he flashed towards Jin Yuanyi.

Jin Yuanyi's face changed greatly and he stepped back quickly. But he was just an ordinary man who didn't even reach the day after tomorrow. How could he be as fast as taipingyan?

Taipingyan just flashed to Jin Yuanyi with less than a breath, then with a wave of his hand, he grabbed the sword and chopped toward Jin Yuanyi.

Come on!

Whoa!

Two voices rang out, and a stream of blood mist sprayed from Jin Yuanyi's neck. His head soared to the sky. The whole person fell straight on the ground, blood stained the ground, shocking!

"Ah

Those maids who had planned to meet Wang Fan at the door could not help but cover their eyes and began to scream.

It's too bloody, too spicy.

Some of them couldn't accept the scene, some screamed, some vomited, and some even fainted.

The bodyguards of the Jin family were also silent. Most of them were scared out of their wits and didn't dare to speak at all.

If they didn't see taipingyan jump down from the air more than ten meters high, maybe they would summon up the courage to fight. But when they saw that scene, they had no courage at all.

"You, how dare you kill?" Jin Youcai is equally angry. His whole face is distorted, and his eyes are even more crazy and ferocious.

"You kill, you kill, even if you kill all of us, we will not give you Teng Lingzhi!"

His voice was hoarse and crazy.

"Well, in that case, I don't mind killing."

"If you don't hand over Teng Lingzhi in one minute, I'll kill one person. If you don't hand over Teng Lingzhi in two minutes, I'll kill five people. If you don't hand over Teng Lingzhi in three minutes, I'll kill ten people."

"I want to see how many people in your family are enough for me to kill!"

Taipingyan coldly finish saying, directly looked at the two tuofan three layers, "one of you go in to find Teng Lingzhi, one of you catch the gold family inside for me, I want to see how many people in the gold family are killed by me."

His tone is indifferent, without any emotion. When it comes to killing people, it's as easy as killing a chicken.

Jin Youcai listens to taipingyan's words, almost a mouthful of old blood gushes out, this person is really too cruel, also too don't take human life seriously!

He didn't expect that Wang Fan didn't wait to come, but he had to wait for such cruel people.

God, is this the disaster of the Jin family?

Jin Youcai can't help roaring madly, "you'll get retribution, you'll have to die!"

Just as his words had just fallen, taipingyan had already stepped on him with a firm foot, "whether I will be punished or not, it doesn't count whether you say it or not, whether I will die badly or not, it doesn't count whether you say it."

"Now 20 seconds have passed. If you don't hand over Teng Lingzhi in another 40 seconds, I will kill you."

Taipingyan said, directly closed his eyes, began to wait.

The atmosphere suddenly quieted down and became oppressive.

No matter the senior members of the Jin family or the bodyguards and servants of the Jin family, they could not help lowering their heads and shaking.

This taipingyan is really terrible. He is a devil.

Twenty seconds later, a senior member of the Jin family couldn't help persuading him,

"master, I think we should give them Teng Lingzhi. If we don't give it to them, our Jin family will be destroyed today! "

As soon as the voice of the high-level leader came out, the rest of the People Echoed:

"yes, master, hand it over. We want to give Teng Lingzhi to the master for further development. But if our Jin family is destroyed now, how can we make progress? "

"It's only meaningful to live, but it's meaningless to die."

Several senior officials can't help persuading one after another, but before they finish speaking, taipingyan's hand is suddenly waved.

Hiss, a high-level directly cut in half, blood dripping down, dead can no longer die.

At the same time, taipingyan's indifferent voice has also spread out, "one minute has arrived, and then into the next minute."

Those high-level looking at the dead companion, and listening to taipingyan's indifferent voice, can no longer bear the pressure, leg a soft directly fell down.It's hard to see Jin Youcai's face. This guy is too brute. He's not human. He's the devil.

At this time, the third floor of tuofan, who went in to catch people, had already come out with a group of Jin family members. When he was near the door, he threw all those people on the floor like garbage.

Seeing this scene, taipingyan sneered, "yes, yes, your Jin family is quite a lot. It seems that it's enough for me to kill for several minutes. You must not hand over Teng Lingzhi, so that I can satisfy my desire to kill. "

The gold family members who were thrown out listened to taipingyan's words, and then looked at the gold Yuanyi and the top of the gold family, their faces turned pale and their whole body began to tremble.

For them, this is a disaster, this is a nightmare!

Diddidi

time is still passing. Soon, a minute has already arrived, and taipingyan raised his hand.

"Wait a minute." But at this time, Jin Youcai couldn't help saying, "I'll give you Teng Lingzhi. Can't I give you Teng Lingzhi?"

He is full of tears!

There is no way for Jin Youcai. He can die, but he can't watch his family die one by one.

Taipingyan took a cold look at Jin Youcai. Without a word of nonsense, he killed five people again.

After he killed five people, he said coldly, "it's too late for you to promise. What's more, what I said is to hand it over to me."

"You just agreed to hand it over now, but Teng Lingzhi hasn't come to me yet, so I'll kill him."

Jin Youcai looks at the five people who died miserably. His face is dead. He stares at taipingyan angrily, and then yells at one of them, "go, go and take out Teng Lingzhi."

The man did not dare to neglect and rushed in quickly.

In Jin Youcai's heart, he was a little desperate. Why didn't wang Shao come? Although he was reluctant to give in, he didn't mean to wait for Wang Fan.

Taipingyan took a look at Jin Youcai and immediately saw through his mind, sneering, "are you waiting for that Wang Fan to come?"

"I tell you, if you are waiting for him, I advise you not to wait any longer. Let's not say whether Wang Fan dares to come. Even if he dares to come, he can't save you! "

"Oh, really? Then Wang Fan wants to see if I can save him!" Just taipingyan this words just fall, a cold voice already connected.

Then taipingyan saw Wang Fan coming from a distance, and a huge seal was blown out of his hand.

Go over the mountain!

Chapter 1300

Wang Fan's anger almost swelled. He didn't expect that someone came to muchengjin's house ahead of him, and used such cruel means.

Looking at the seven people who fell to the ground and died miserably, he could not talk nonsense, and directly showed his mountain climbing seal.

He could see that taipingyan, who spoke wildly, was a strong man with four levels of detachment, and there was another one with three levels of detachment beside him.

If he fought normally, he would have to pay a high price even if he could kill them in the end.

The most important thing is that Wang Fan's mental power is also aware that there is a three-tier strong man in the Jin family, who is also an enemy.

If that man comes out from the third floor and is besieged by three people, he will never be able to win.

So if he doesn't make a move, he will make the strongest attack. He plans to kill the taipingyan who takes off the fourth floor first.

Who!

The mountain seal set off a strong wind whistling, taipingyan's face turned pale in an instant, and his heart trembled.

He didn't expect that Wang Fan would suddenly appear, even if he made such a terrible attack.

"Martial arts?" He was shocked to spit out two words, and then the whole body energy began to stir up madly, congenital vigorous Qi is crazy lingering on the body surface.

At the same time, his heart also flickered with excitement, martial arts, which is a thing that three schools all want. If he can get this martial arts,

he can't even think about it any more,

with a bang, the mountain climbing seal heavily blows on taipingyan. In a click, the innate vigorous Qi on his body surface is like a paste of paper, and it turns into a flash It's broken.

Taipingyan only felt a violent force coming, directly spitting out a mouthful of blood, and the whole person flew out in an instant.

He clearly heard the crack of his bones. When he fell to the ground, the whole person had completely become a blood man.

His heart set off a storm, eyes are flashing a strong shock, and even fear.

Terrible, it is too terrible, he did not expect, Wang Fan just blow out a mountain mark, he was so seriously injured.

Just the same, his eyes are more eager. If he can get such a strong martial art, I didn't expect that you still have some eyesight and even know it's a martial art. You've tasted this martial art. Next, try my next martial art. "

Wang Fan naturally noticed the excitement and eagerness in taipingyan's eyes. He made a sarcasm at the corner of his mouth, rushed to it and cut it directly.

Taipingyan originally planned to ask the other companion to hold Wang Fan, and then he was ready to recover. Although he is seriously injured, if he is given time to recover, he can still recover.

As long as that companion can hold Wang Fan for a minute, the Jin family will be able to find Teng Lingzhi's tuofan three-tier, and then two tuofan three-tier siege Wang Fan, Wang Fan has absolutely no chance of winning.

Even if two of them can't kill Wang Fan, if they delay for an hour or two, his strength will recover. When the time comes, three of them will besiege Wang Fan. Wang Fan will surely die.

Because taipingyan could see that Wang Fan's face was obviously pale and even his breath was a little unsteady after he performed the mountain climbing seal.

With Wang Fan's state at this time, it is impossible to continue to show his previous martial arts skills, let alone to be two opponents who are out of the ordinary.

Just taipingyan hasn't had time to let the name take off any three-tier hand, suddenly heard Wang Fan's voice. His face changed in an instant. Can Wang Fan have a second kind of martial arts?

At this moment, Wang Fan has rushed to his body, a knife came.

If Wang fan doesn't say that this sword is the next martial art, taipingyan won't do much even if he is struck. At most, he will be hurt, because he can react.

But Wang Fan said that sentence and used the gap of his inner shock. In this way, his reaction was a little slower.

With a hiss, because of his retreat, Wang Fanying's knife fell on his shoulder, and his whole arm was cut off.

The next second, Wang Fan step forward, backhand knife, directly cut his throat.

Plop!

Taipingyan fell to the ground heavily, staring at Wang Fan angrily, not closing his eyes!

It's not a martial art. It's plain that two swords are very common. What's hateful is that he believed it and lost his life.

In addition, the third floor of tuofan reacted at this time. He stared at Wang Fan angrily, "you, you killed taipingyan elder?"

He is simply eyes Yi want to crack, he didn't think, his Lengshen Kung Fu, taipingyan unexpectedly died.

"Son of a bitch, I want you to pay for your life!" That takes off any three layers of anger to explode to roar a, in an instant toward Wang Fan to fight to kill past.

Although Wang Fan killed taipingyan, in his eyes, it was because of Wang Fan's sneak attack. If Wang Fan didn't sneak attack, and didn't confuse taipingyan with words, taipingyan would never be killed. Although Wang Fan's seal is terrible, he doesn't believe that Wang fan can do it for a second time.

"Oh, can't I kill him? I'll kill you as well as him Wang Fan sneered and did not hesitate. After swallowing a few pills, he grabbed the shadow knife and went up.

Although he is not in a good condition now, he can kill only one person. He can still kill the third floor. At most, it's just a waste of time.

In a sound of jingling, the two people fight madly together, and the swords dance in the air, setting off bursts of roar.

The three-tier tuofan was very frightened. He never thought that Wang Fan, who was in poor condition, had such terrible fighting power.

Doesn't this mean that if Wang Fan didn't kill taipingyan, he would be far from Wang Fan's opponent?

Wang fan doesn't know what this guy thinks in his heart. While fighting, his mental strength is also scanning the whole body of the other side, looking for opportunities.

A moment, his eyes a bright, hard to bear the other side of a blow, a knife stood on the other side of the chest.

Come on!

Whoa!

Two voices rang out, and countless blood mist splashed from the three-layer body, and the whole person flew out.

Wang Fan didn't wait for him to land, but he was already madly welcoming him, and then he stepped on his Dantian.

It was a bang again, the name of tuofan fell to the ground heavily and died miserably.

After landing on the ground, Wang Fan quickly points at the wound, and then looks coldly at the Jin family courtyard.

Over there, the other tuofan third floor has already noticed the movement, and ran over crazily.

Just a few breaths, he had appeared at the gate of the manor. He was shocked to see the dead tuofan third floor and taipingyan.

He never thought that in such a short period of time, Wang Fan killed a third tier and a fourth tier tuofan, which was simply too terrible.

After a short shock, he stares at Wang Fan. His momentum soars, but he doesn't say a word.

He wants to see if he has a chance to kill Wang Fan.

If Wang Fan had not been injured or weak, he would have been as far away as possible.

But now Wang fan is obviously in a bad state.

As long as Wang Fan shows any expression of fear or fear, he will immediately rush on and kill Wang Fan at all costs.
