Chapter 1321

"Who are you? Why move my people? "

Jamie's eyes are cold. He is about to question, but he suddenly recognizes Wang Fan. At the same time, he also sees John Jack and song Rumei behind Wang Fan.

He couldn't help squinting. "John Jack? Song Rumei

Jamie has noticed that it is not easy. Looking at the situation, his information is wrong.

Wang Fan was obviously not caught by John Jack, and it seems that he was more like Wang Fan who caught John Jack.

Because with his eyes, he could see that John Jack was seriously injured.

At the same time, nasgler also saw John Jack clearly, but without Jamie's strength, he could not see the injury of John Jack.

He couldn't help frowning and asked, "John Jack, I asked you to catch Wang Fan. Who asked you to do it here?"

Obviously, he thought it was John Jack who did it just now, and he was not satisfied that John Jack did it without his consent.

Although he doesn't know why John Jack brought Wang Fan here and brought song Rumei who killed his son, in his heart, Wang Fan and song Rumei were obviously controlled by John Jack.

John Jack had a bitter face, but he didn't dare to speak.

His life is now in Wang Fan's hands. How dare he talk nonsense in this case?

If he didn't see Wang Fan's previous knife that killed more than a dozen congenial experts, he might run directly behind nasgrad to seek shelter.

Can see Wang fan that knife of he, now even don't dare to move.

He believes that as long as he dares to move, Wang fan can definitely kill him at the first time.

Although he has four levels of strength, he was not injured before. Now he is not as good as those who were killed just now.

Wang Fan looked at nasgrad with a sneer, "are you the nasgrad? I hear you want to catch me? You have

a lot of guts

Wang Fan said, without waiting for nasgler to reply, he looked at Jameson again, "and you, you should be the Lord of this evil city?"

"You are more daring. You dare to play Yin even if you accept the money. Do you think that if you make a city of sin, you will be invincible?"

The cold sweat behind Jamie, because now he found that he could not feel Wang Fan's strength.

It's just incredible.

When Wang Fan came close to the hall, he didn't notice, so he had a bad feeling in his heart.

Nasgler couldn't stand it. "What are you that dares to talk to me like this?"

Even if he has realized that things are not simple, it seems that it is not what he imagined, but he still can't stand Wang Fan's tone.

What is his status as nasgler, and when did anyone dare to speak to him like that? It's just unacceptable to him.

"I can't talk to you like that? How do you say I should talk to you? " With a cold smile, Wang Fan suddenly flashed to nasgrad as he spoke.

Nasgler looked at the scene, his face changed a lot!

He didn't have time to react at all. Behind him, an old man who took off from the fourth floor had grabbed him and suddenly pulled back. Then he stepped out and punched Wang Fan.

The tuofan four layer mouth also issued a burst drink, "dare to attack Mr. nasgler, you want to die!"

Wang Fan looked at that step out of the four layers, can't help sneering, "just four layers, dare to be arrogant in front of Wang Fan, I think it's you who want to die."

He said, with the same punch.

Bang!

There was a terrible noise, and the burst force spread instantly. With a click, the arm that broke off the fourth floor was broken instantly.

The fury burst into his body and directly tore his four limbs. After a mouthful of blood from his mouth, he flew out heavily.

After falling to the ground, his face was completely pale and dying.

Looking at this scene, the whole hall fell into silence again.

Jameson's eyelids jumped wildly.

Powerful. It's too powerful.

Second kill take off any four layers, even take off any five layers of him, also can't do it at all.

John jack is secretly glad that he didn't rush to nasgrad for shelter at the first time, otherwise he would die.

He was also glad that Wang Fan didn't hit hard at the airport, otherwise he might not be able to bear Wang Fan's blow.

Nasgrad's face also changed. He didn't expect that Wang Fan had come to such a state.

Isn't Wang Fan a businessman? How can a businessman have such strength?

Looking at Wang Fan who came slowly, his heart could no longer help but fear, "you don't come here, you don't come here."

His voice hissed, "I tell you, I'm nasgrad, the core of nasgrad family. If you dare to move me, you will get the most crazy revenge from nasgrad family." "I promise that not only you Wang Fan, but also your Wang Fan Group will be destroyed. Believe me, the NASS family has the strength."

Nasgrad is really a little scared, Wang Fan's strength is far beyond his imagination.

When he came to the city of sin this time, the most intrepid people he brought were only four stories off, one of the other five was three stories off, and all the others were two stories off.

I thought it was enough to frighten Jamie, but who could have thought that Wang Fan would be killed?

From Wang Fan's understatement that he nearly killed the fourth floor of netherworld, nasgrad has realized that even if he went up together, he might not be Wang Fan's opponent.

"Are you threatening me?" Wang Fan's eyes were cold and he slapped nasgrad directly.

With a slap, nasgler couldn't escape and was directly hit. While his teeth came out, the whole man hit the ground.

His face became distorted and his eyes became ferocious, just like a wolf about to go crazy!

Wang Fan even dares to slap him in Nasgler's face. It's a shame. Nasgler can't swallow it.

The other five guards of Nasgrad changed their faces.

"Wang Fan, you deceive too much!"

"Dare to move Mr. Nasgler, I'll fight with you!"

"Together, kill him!"

They roared crazily, and in an instant they stirred up momentum and rushed to kill Wang Fan.

Nasgrad is their master, and they will never allow Nasgrad to do anything.

They can't bear the consequences if they deeply understand the details of the NASS family.

At the same time of killing Wang Fan, the three-tier tuofan yelled at Jameson in the distance,

"Jameson, what are you still doing? Why don't you go together? If we die, do you think you can live alone? "

Boom, boom.

Violent sound came, Jamie is still hesitating Kung Fu, Wang Fan has several punches on the two tuofan two layers.

The two tuofan two layer spit out blood, the body beat around, was blasted out, fell on the ground has been completely no life.

Wang Fan killed the two men, turned around and pointed out again.

Bang to a, another too late to make a response to the second layer of tuofan was Wang Fan point, mouth spray blood fall fly, not dead also waste!

Take off any two layers, in front of Wang Fan, just like a local chicken and a tile dog, simply vulnerable!

Looking at this scene, Jameson immediately resisted the idea of starting, and the momentum that had just gathered dissipated like the wind.

This kind of influence, even if he rushes up, is also the share of death!

Chapter 1322

Nasgrad saw that Wang Fan killed three tuofan two layers three times, and his heart sank to the bottom of the valley.

How did he not expect that song Rumei had such a backstage, even so powerful.

If he had known this, he would have reported it to the family and let the family experts follow him.

When these thoughts flashed in nasgler's mind, Wang Fan had killed another tuofan second layer, and the remaining tuofan third layer was also severely injured.

Nasgler looked at the scene and almost wanted to vomit blood.

You know, the six people he brought were the most powerful of his nasgrad faction, but now the only one who was killed by Wang Fan was a seriously injured third floor, which he could not accept at all.

Jamie looked at the blood all over the floor. It was also a cold sweat.

He has never seen such a powerful person as Wang Fan, which is just too abnormal.

That's a three-tier and four two-tier tuofan. They were killed by Wang Fan in a short time. What strength is this?

Even if he's five-tier, facing the siege of so many experts, even if he can kill him in the end, he can't be as easy as Wang Fan.

He secretly congratulated himself that he didn't do it together. Otherwise, even if he was not killed, he would be seriously injured.

After Wang Fan injured the tuofan three layers, he didn't continue to fight, but looked at nasgler,

"nasgler, now your dog is dead, what else do you have to say? By the way, what did you just say? You want to kill Wang Fan and destroy Wang Fan group, right? "

Wang Fan said indifferently, while slowly approaching nasgrad.

He didn't like nasgler at all.

This guy even started with song Rumei, and even sent people to China to catch him. He was arrogant to the extreme.

If it were not for his ability, Wang Fan would have a miserable ending.

Maybe in the eyes of people like nasgrad, only they can bully others, and no one can move them.

"That's right!" Nasgrad's eyes were dark and fierce, and he wanted to crack. "I really want to kill you, and your Wang Fan group."

"Not only that, I will not let anyone who has anything to do with you or song Rumei."

Nasgler said crazily, but also suddenly struggled to stand up, "I am nasgler, the second generation core of nasgler family, do you really dare to kill me?"

He also pointed his fingers to his head, heart and other key parts, just like a tiger, "come on, come on, if you have seed, you will kill me. If you don't kill me today, I will kill you tomorrow!"

It's all over the place!

Even at this time, nasgrad didn't bow at all!

He is the core of the NASS family. He is a strong competitor of the next NASS family. His pride and dignity do not allow him to bow to Wang fan like a dog.

"Oh, really? It seems that I can only satisfy your wish! " With a sneer, Wang Fan suddenly points a sharp knife on his toes and plunges it directly into nasgler's heart.

Wang fan can see that nasgrad is absolutely a master who does what he says, so he absolutely does not allow this guy to continue to live in the world.

What's more, nasgrad brought people to catch song Rumei, and tried to attack Wang Fan. Wang Fan didn't have any soft hands.

Wang Fan's heart is also sneering, this guy is dying, even dare to use the NASS family to threaten him, really think he Wang Fan dare not do it?

The NASS family may be able to threaten others, but not Wang Fan.

"You, you." Nasgrad looked at Wang Fan who stabbed him without hesitation, and his pupil suddenly glared at him.

He seems to be very difficult to believe, Wang Fan actually dare to do it, actually really killed himself.

He is nasgrad. Why does Wang Fan dare to fight? Is he not afraid of the anger of nasgrad family?

Nasgrad could not think about it any more. With a plop, his body fell heavily on the ground again, and his consciousness fell into darkness.

"You, you killed nasgler?" The man's face also changed. He looked at the dead nasgler with a distorted face. Without hesitation, he raised his hand and patted his head.

He died on the spot.

Nasgler is dead, and he can't live alone. Instead of facing the endless pursuit of the NASS family in the future, he might as well commit suicide.

Wang Fan looked at the three layers of tuofan who did not hesitate to commit suicide, and his eyelids couldn't help jumping.

He didn't expect that the three levels of detachment would be so decisive, so he chose to commit suicide without hesitation.

This made him realize that the NASS family is not so simple, otherwise, how could they simply choose to commit suicide?

However, Wang Fan didn't think much. He looked at Jamie, "Jamie, nasgrad is dead. Do you want to do it yourself or let me do it?" His voice has no emotion, "you take money, even play Yin, then don't blame me for being impolite."

Jamie listened to Wang Fan's words, his face changed in an instant, "Wang Fan, I know I did this wrong, I am willing to give you ten times compensation."

"You are powerful, but this is my city of sin. Let's not say whether you can kill me or not. Even if you do, I promise you won't get out of the city of sin alive. It's no good for anyone if we stick to it. "

"What's more, you don't know the horror of the NASS family. I can't help it if they come to me."

Jameson's face was ugly, but he didn't panic much.

After all, this is his territory, and Wang fan is also carrying a tug of oil bottle. Song Rumei, even if he really fights, he may not be afraid of Wang Fan.

But before the last moment, Jamie still didn't want to fight with people like Wang Fan, because the price was too high.

"Ten times the penalty? It's only 500 million? " Wang Fan showed a touch of sarcasm in his eyes and shook his head. "This money is not enough."

"How much do you want?" Jamie was relieved. He was not afraid of Wang Fan's big mouth. He was afraid that Wang Fan would die. As long as Wang fan doesn't die, everything will be easy.

Wang Fan stretched out a finger and said, "ten billion dollars, or you can't talk about it."

He said, has quietly began to gather strength, intend to attack.

Wang Fan never thought about reconciliation. Jamie was a man he had to kill.

Song Rumei is Wang Fan's villain. Jamie dares to play against Song Rumei. How can Wang Fan let him go?

It's just that Jamie is a five level master, two levels higher than him, not so easy to kill.

In addition, what they said is right. This is the territory of others, so if he doesn't do it, he must do it with one hit.

Wang Fan offered a huge price of 10 billion US dollars, but he never thought that Jameson would agree.

In his opinion, when Jameson heard the number, he would be angry. Then he blamed him for his big mouth and began to bargain. At that time, it was the best time for Wang Fan to start.

But Wang Fan didn't think of it. Jamie's face was struggling. He even nodded and agreed, "OK, 10 billion is 10 billion. I'll give it to you right away."

Chapter 1323

Wang Fan listened to Jamie's words and immediately gave up the idea of starting.

Ten billion US dollars, which is a lot of money. Even if we do it, we need money.

After Wang Fan reported the card number, Jamie didn't say a word of nonsense. He immediately went to a distance and began to make a phone call.

Wang Fan didn't follow in the past, but his mental power has been paying close attention to Jamie.

This guy has been in the city of crime for such a long time. He has covered up so many criminals, but he is still safe. Obviously, he has some skills. Wang fan doesn't want to turn over the boat in the sewer.

James is really planning to remit money, but Wang Fan didn't follow him, so he immediately thought carefully.

He felt that although Wang Fan was strong and decisive, he was still too young.

If Wang Fan follows, he may not dare to do anything wrong, but if Wang fan doesn't follow, don't blame him for being impolite.

He took out his cell phone and pressed the button on the side of the phone quickly while pretending to make a call.

Wang Fan noticed this scene, his eyelids couldn't help jumping and sneered in his heart.

This Jameson is really dishonest, so it seems that he can only do it.

He pretended not to know, turned his head to one side, and at the same time, his mental power spread wildly.

He wants to see what kind of moth this Jameson is playing. As long as he feels that something is wrong and dangerous, he will start without hesitation.

Jamie didn't know that Wang Fan had mental power at all. When he saw that Wang Fan turned his head to one side, he felt more relaxed.

Wang Fan was so naive that he really believed his words. That's good. Since you are tender and have no heart, don't blame me, Jamie.

Ten minutes passed quickly, Wang Fan's mental power swept out clearly, and dozens of mercenaries appeared.

All the mercenaries were carrying heavy weapons such as rocket guns and Gatling. Their breath was fierce and fierce.

They didn't enter the manor, but quickly found a place to prepare. Obviously, as long as Jamie ordered, they would open fire at the first moment and bomb Wang Fan and song Rumei.

But Wang fan is a little strange, Jamie is still in the hall, he is not afraid of artillery hurt himself?

Obviously, there must be a mechanism in the hall that can make Jamie leave here in an instant.

Wang Fan's mental power swept around Jamie crazily, and soon found that there was an insignificant button beside his right foot, and also swept to an empty wall in front of him, and there was a deep passage under the empty wall.

Aware of this scene, Wang Fan immediately took a step closer to song Rumei, and then asked coldly, "it's been so long. How come the money hasn't arrived yet? Jamie, you're not playing with me, are you?"

Jamie took a puff from the corner of his mouth and soon recovered to nature. "How can I play with you? After all, this remittance takes time. You can rest assured that it will arrive soon."

He is also waiting, waiting for the subordinates outside to be ready, otherwise all he has done will be meaningless.

His idea is the same as that of Wang Fan. If you don't do it, you must do it. Otherwise, you will still have endless troubles in the future.

Wang Fan became impatient when he listened to Jamie's words. "I'll give you one minute at most. If the

money doesn't arrive in one minute, don't blame me for doing it."

"I killed nasgrad. The nasgrad family will send someone to avenge me. I don't have so much time to waste with you."

"Damn it

Listening to Wang Fan's words, Jamie couldn't help scolding him, and then stared at his cell phone. But helpless is, he still did not receive outside people have been ready for the news.

Looking at Wang Fan's more and more impatient face, he can only bite his teeth to remit money to Wang Fan, and plan to stabilize Wang Fan first.

His heart is a curse: 10 billion? Even if you have a life to take, there is no life to spend. It is worth paying 10 billion to kill you.

Drop by drop.

Wang Fan soon received the short message that the funds had arrived. He couldn't help laughing. "It seems that Mr. Jamie is the one who keeps the promise. Then I'll go first. We'll see you later."

He said, and immediately turned to go out.

"Wait a minute." Jamie is looking for a reason to stop Wang Fan. Suddenly, he receives a text message from an outsider who is ready.

He hated it in his heart. Why didn't he send this message earlier? If he could, he wouldn't have to give Wang Fan 10 billion yuan.

But no matter how much he regretted at this time, it was meaningless. Fortunately, thinking that Wang Fan was going to die, his heart was slightly balanced.

Without hesitation, Jameson immediately stepped on the button under his feet, and the whole person rushed towards the wall in front of him.

Almost at the moment when Jamie moved, Wang Fan also moved. He suddenly turned back, pushed his hands, and slapped the seal to the wall. Jamie felt the scene and his face changed in a moment.

He didn't expect that Wang Fan would do it, and the direction of doing it was not him, but the wall.

Son of a bitch, how did Wang Fan know there was something wrong with that wall?

Jamie's going crazy.

If Wang fanhong is his, he is not afraid at all.

But Wang Fan even knew his action ahead of time and went to the wall ahead of time. He was finished.

At this time, even if he wanted to turn his body to avoid, he could not do it.

Just in a moment, with a loud bang, the mountain seal had been hard printed on Jamie.

It looked as if Jamie had sent it up specially to let the mountain climb. It was very funny.

The red blood spurted out, Jameson's heart was blasted apart, and the whole person was blasted directly into the passage.

But his people have not fallen into the tunnel a few times, they have completely died.

How he hates it!

If I had known this, I might as well have fought with Wang Fan directly, so that he would not have died.

"Play Yin with me. You deserve it. In your next life, please shine your eyes and don't provoke me again."

Wang Fan coldly left a word, without any hesitation, picked up song Rumei and quickly left the hall.

As for John jack, Wang Fan didn't continue to deal with him. This guy has no threat to him, so Wang fan doesn't care whether he is alive or dead.

Jamie's subordinates, who were waiting for orders for a long time, couldn't help feeling a little depressed.

Didn't they say they would start when they were ready? Why hasn't the order come yet? Is it possible that something happened?

"Cheno, go and see what's going on. The Lord of the city hasn't given orders yet." A black man like a leader frowned and said to a subordinate nearby.

"Yes." The subordinate did not hesitate, put down Gatling, stood up and ran to the inside.

But he just ran two steps, a cold voice has already spread, "you don't have to see, your Lord has been killed by me."

With the sound, followed by the light of the sword.

Those black people, let alone turning the gun, had not even reacted before they had been cut into half. Including the black leader, also fell into a pool of blood.

Blood spray, the air seems to become quiet.

Wang Fan killed these black people, did not stay in the city of sin, and did not continue to kill others, but quickly left here with song Rumei.

Jamie died, and Wang Fan disdained to fight the rest of the minions.

As for these black guards, if they had not planned to kill Wang Fan with guns, Wang Fan would not have killed them at all.

Chapter 1324

When Jamie was killed, the city of sin immediately fell into chaos, and the murderers began to revolt.

Jameson was able to suppress the criminals when he was there, but no one could suppress the criminals when Jameson died.

They frantically rush into Weiss castle, rush into Jameson's manor, plunder all valuable things, and then leave the city of sin.

As for the guards of sin city, they also rolled up some valuable things and quickly chose to leave.

The reason why the city of sin is famous and has existed for such a long time is entirely due to the existence of Jameson. Now that Jamie is dead, it's meaningless for them to stay here.

In less than a few hours, the world-famous city of sin has become an empty city.

At the same time, this incident also caused world shaking.

It's unthinkable that Jamie of sin city was killed.

Is Jamie that easy to kill? If Jamie was so easy to kill, I'm afraid the city of sin would not exist for such a long time.

It's a pity that even if those people doubt it or don't believe it, it's an ironclad fact.

Compared with the death of Jamie, the death of nasgler is even more extraordinary.

Nasgler, that's the core of the nasgler family.

The NASS family, however, is an ancient family with a history of nearly a thousand years, ranking among the top 20 in the world. It is said that there are countless small countries under the control of the NASS family.

But even so, there are people who dare to kill the core of NASS family. Don't they want to live? How many heads did he have?

The world is shocked!

If naslie's death only caused his father nasgler's anger, and did not cause much trouble in nasgler's family, nasgler's death really shocked the whole nasgler's family.

The NASS family was so enraged that they even stood up to a lot of old people who didn't show up easily.

"It's a brave man to be just an ancient Chinese warrior! How dare you kill the core of my NASS family! Must be dealt with strictly!!! If you don't kill me, what's my face? "

"Asshole, what a asshole! Do you think you will be great after a few days of practice? This tone must be uttered, otherwise, I'm afraid that any dog and cat will dare to kill the core of my NASS family in the future! "

"It seems that my NASS family has been too low-key over the years. Some people have forgotten the existence of my NASS family! My family has a thousand years of history and dignity. How can a Chinese warrior challenge us? "

The core conference room of Nash castle is filled with righteous indignation and fury!

None of them thought that someone had killed nasgrad.

You know, even the world's number one will family dare not easily kill the core of his NASS family?

The current head of the NASS family is nasshouse. Although he is over 70 years old, he is still strong, energetic and bright.

He is like a lion, angry to suppress dispersion, gas field amazing.

Nasser didn't care too much about naslie's death.

Because there are many nephews in Nasri family, Nasri is not outstanding, and is not the core of cultivation, so he doesn't care much.

What's more, in his opinion, this kind of thing can be done by nasgler, and he doesn't need to do it at all.

But he did not expect that nasgrad not only did not deal with this matter, but also buried his life.

"Pass on the order and hunt down Wang Fan and song Rumei all over the world. Never let them return to China alive."

"Give me another investigation. If Wang Fan has any relatives or friends outside China, as long as he has them, he will control them immediately."

"I want that Wang Fan to know the cost of offending my NASS family. I want him to know what is the inviolability of NASS family!"

Nasser slapped his hand on the table and gave orders angrily.

If Wang Fan had not been a Chinese, he would have sent people directly to the kingdom of Wang Fan.

Just live to his point, deeply aware of China's terrible, it is a sacred and inviolable country, so he did not dare to let people kill in the past.

"Yes

Those high-level officials did not dare to neglect them. They responded quickly and immediately backed out.

The energy of the NASS family is very terrible. In less than half an hour, the masters, mercenaries, ruthless people and big owls from all over the world took action and searched for Wang Fan everywhere.

At the same time, the NASS family also sent out a hundred masters.

Of these 100 people, 80 are scattered in key cities around the world, while 20 are on standby. As long as there is news of Wang Fan, they will kill him in the first place.

These one hundred masters are not nasgler's subordinates. The weakest of them are in the fifth level, and the most powerful even reach the eighth level.

From this we can see the details of NASS family. For a time, many places in the world have set off a wave of hunting Wang Fan, which shocked the whole world.

Wang fan is also very proud of the fire in the world again.

In the NASS family crazy action, Wang Fan and song Rumei have appeared in the new country's Wulan city.

The reason why they come here is that song Rumei is familiar with them and it is easy to leave the country.

Wang Fan and Wang Fan were walking in the streets of Wulan City, looking at the Hun Zi and Meng Nan who were wandering around. They couldn't help taking a breath.

This NASS family can't be underestimated. It's only a few hours. How can they make such a big formation?

Fortunately, Wang Fan and Song Rumei became a middle-aged couple in their 40s, which was not discovered for the first time.

However, this is also temporary. Once they leave the country, they are bound to attract special attention and will be easily exposed at that time.

Song Rumei also couldn't help but keep her eyelids jumping, and she was a little nervous.

She also didn't expect that the NASS family had reached such a stage.

Drop.

A phone call came in, Song Rumei quickly connected the phone, "Luna, snake head contact good, when can leave?"

In Wulan City, Wang Fan has no energy, so he can only rely on Song Rumei.

If he is a person, it's good to say that he can go out regardless of everything, but he can't take Song Rumei.

What's more, even if he is alone, he may not be able to really kill.

Because Wang Fan has learned from the intelligence of Heiluocha that the NASS family has sent out 100 masters who are above the fifth floor.

His heart is full of indignation. NIMA, this NASS family is more powerful than the Angry Fist family!

When Wang Fan is thinking about this, Song Rumei's voice has come from the phone, "It's arranged. You can leave the country in two hours."

Song Rumei listen to this, can't help but relief, "That's good, right, snake head reliable?"

She had to be careful. After all, it was about her and Wang Fan's life.

LUNA did not hesitate to answer, "You can rest assured, absolutely reliable. Sister Mei, where are you? I'll find you. "

Song Rumei didn't hesitate. She sent a location to Luna directly, and then immediately threw her mobile phone with a card into the garbage can next to her.

Chapter 1325

After Song Rumei threw away her mobile phone, they immediately entered a restaurant not far away and sat down by the window.

This position not only has a good view, can clearly see the outside situation, but also can open the window at any time to escape from the other side.

Although LUNI and song Rumei have a good relationship and can be trusted, they are not afraid of ten thousand. What if LUNI betrays them under the influence of the NASS family?

Even if LUNI doesn't betray her, it's hard to avoid that the NASS family will investigate the relationship between LUNI and song Rumei and follow her secretly, so Wang Fan and Wang Fan have to be careful.

Half an hour after they sat down, they clearly saw a foreign woman appear outside.

This foreign woman is hot with red waves. Her skin is healthy and wheat colored. Her figure is also very hot. She is forward and backward. She is wild.

She was wearing a small Lavender blouse with a small amount of cloth, which tightly wrapped the plump upper circumference, with a large section of abdomen exposed in the middle, and a pair of jeans short hot pants underneath.

Slender legs straight round, rippling out amazing charm, the foot is stepping on a pair of white sports shoes.

Perhaps it was because she was in a hurry that her charming face turned a little red, but her breath was not urgent.

After arriving, she began to scan around nervously, obviously looking for song Rumei.

"Here comes Rooney." Song Rumei also saw a foreign woman, her eyes couldn't help but shine for a while, but she didn't go out immediately.

Wang Fan's mental power is crazy spread out, in all around the close scan up, and also swept a circle on LUNI.

It's not that he wants to take advantage of LUNI, but that he has to be careful in this case. He has to see if there is any locator on LUNI.

A few minutes later, Wang Fan got nothing, but still did not go out immediately.

He wants to see what this Luna will do if he can't find them. After all, just because he didn't scan abnormally doesn't mean that this Rooney really has no problem.

Although he has mental power, he still can't scan out the locator if it is in Lunay's mobile phone or

implanted in his body with such advanced social technology.

LUNI hasn't found song Rumei for a long time, and the whole person becomes anxious. She can't help but squeeze out her mobile phone and call song Rumei, but she can't get through at all.

However, Luna can only wander around, and she still dare not go far, because she is afraid that once she goes far away, song Rumei will not find her.

"There shouldn't be any problem, or shall we go out?" Half an hour later, song Rumei finally said to Wang Fan.

Wang Fan shook his head, "don't go out, you call her, let her come to the restaurant, come in again."

With that, Wang Fan handed over his mobile phone.

Now there are so many people outside, the appearance of Luna has attracted a lot of people's attention, those people look at Luna's eyes are eager to swallow it.

It's a pity that although Luna is hot and wild, she is also full of a fierce breath, and her eyes are full of murderous air from time to time, which makes those people dare not move.

If Wang Fan and his wife go out to find Luna at this time, I'm afraid they won't be noticed at first, and they will be noticed after they go out.

Song Rumei nodded and quickly dialed the phone.

LUNI soon connected the phone, when found that song Rumei called, immediately became surprised.

Without hesitation, she quickly entered the restaurant under the instruction of song Rumei.

When she saw song Rumei, she was stunned at first, and then she held song Rumei in her arms with open arms, looking excited.

"Wow, are you the Wang Fan? You are so handsome. If a man is willing to offend the NASS family for me, I'll die right away even if I'm Luna."

LUNI hugged song Rumei for more than ten seconds, then looked at Wang Fan with a shocked face. Without waiting for Wang Fan to recover, she spread her arms and held Wang Fan in her arms.

Fortunately, although her expression is exaggerated, she has no brain, and her voice is not big. Otherwise, everyone in the restaurant will hear it.

Wang Fan was almost suffocated by this woman. Is this personality too bold and unconstrained?

Although this woman is very comfortable to hold, Wang fan doesn't have the heart to think about other things at this juncture, not to mention song Rumei is still around.

"Come on, Rooney. Now we only have one hour left. We'd better leave as soon as possible."

Song Rumei is obviously familiar with the character of Luna. She can't help patting Luna on the shoulder and says.

Now is not the time to discuss whether Wang fanshuai is handsome or not. The danger has not been relieved. They must leave here as soon as possible.

"Oh, I understand. I understand. We're going." LUNI didn't talk nonsense, and then he let Wang Fan go.

When the woman released Wang Fan, she dragged the squeezed pride with her hand, and she didn't blush at all. This foreign woman is open!

Wang Fan couldn't help feeling bad.

They left the restaurant and ran towards the pier.

LUNI was obviously familiar with Wulan city. He chose the relatively few and remote roads, so he didn't attract many people's attention along the way.

Wang Fan's mental strength is always paying attention to the surrounding, as long as there is anything wrong, he will immediately turn the direction.

Half an hour later, the three entered a dense forest and sat down in a corner. Luna and snakehead made an appointment to meet here.

This dense forest is a little terrible, let alone wild animals, even if there is not a bird, it is very dead. Fortunately, Wang fan is not an ordinary person, so there is not much fear.

LUNI seems to feel nervous, no longer speak, but seriously look around, and listen to the movement around.

Although she thought there was no problem with the snakehead, what if there was? At that time, it's not only Wang Fan and song Rumei who have bad luck. I'm afraid it's Lu Ni who has to face danger.

After all, the strength of the NASS family is not boastful. Once you know that she helped Wang Fan and song Rumei escape, even if she had several lives, she would have to lose them.

If song Rumei hadn't saved her life and treated her like a sister, she would never have dared to help song Rumei.

Shua, Shua, Shua.

At a certain moment, there was a fine sound of footsteps in the distance. Of course, the sound was so weak that it was almost negligible. Only Wang Fan could hear it.

In addition to Wang Fan, even song Rumei can't hear this innate peak, let alone the weaker Luna.

Wang Fan listened to the voice, frowned, and his mental power swept away in an instant.

More than 50 mercenaries, dressed in camouflage clothes and carrying guns, appeared and came this way.

These mercenaries are fierce in every breath and fierce in blood. At first sight, they are climbing out of the dead.

They are still very vigilant, walking around, nervous all the time, ready to fight at any time.

The leader is a man in his fifties, with small eyes and thick eyebrows. His face is full of flesh, which is not easy to provoke.

His lips are quite thin. The corners of his mouth are tilted to one side, drawing a dangerous arc. His small eyes are flickering from time to time. At first sight, he is a cunning person, which makes people feel very uncomfortable.

Chapter 1326

Wang Fan looked at this guy, immediately felt bad, things seem to have changed. This guy in his fifties doesn't look reliable.

What's more, it's just a matter of coming to meet Luna. As for more than 50 fully armed mercenaries, it's totally abnormal.

Wang Fan thinks so in the heart, suddenly eyebrow a jump, mental strength fell on among them two humble mercenary body.

The reason why he noticed the two mercenaries was that he noticed the impatience and irritability in their eyes.

Just two mercenaries, not only did not be as vigilant and careful as others, but also showed impatience and irritability. This is simply too abnormal.

Wang Fan didn't use his mental energy to sweep them seriously. They were OK. This sweep was a big surprise.

These two people are actually five level masters, but also easy to allow.

Wang Fan's heart sank to the bottom of the valley, and instantly realized that most of them were from NASS family.

Either there was something wrong with Luna and betrayed them, or the NASS family knew about the relationship between Luna and song Rumei and had already sent someone to follow her.

"What's the matter? Is there anything wrong?" Song Rumei is aware of the change of Wang Fan's expression and can't help asking.

Wang Fan nodded, "they have come, and the number is still quite large. I suspect that snake head is not reliable. He has a problem."

Before Song Rumei had time to reply, LUNI suddenly stood up, "how can it be? How can there be a problem? He won't have a problem."

LUNI was very excited, but her voice was very low. Obviously, she was afraid to disturb the snake heads.

She was afraid that Wang Fan would doubt her.

Because she is really risking her life to help song Rumei.

Wang Fan listens to the voice of Luna, can't help but feel relieved. It seems that it's not Luna's problem. If there's something wrong with Rooney, she'll definitely shout it out to attract the enemy's attention.

Along the way, he has seen that song Rumei and Luna really have a good relationship, so he still doesn't want Luna to betray them.

"Don't be nervous. I just said there was something wrong with the snakehead, not you. Remember, later, if the snake calls you, don't make a sound, don't make a sound. "

Wang Fan said, and looked at Song Rumei, "and you, don't move, let alone go out."

LUNI also wants to talk, but has been interrupted by song Rumei, "OK, we all listen to you."

As she said that, she took LUNI's hand.

At this time, the snakehead group had already approached the area, but when they came in, there were only more than ten people left, and the remaining 40 people were obviously hidden.

Wang Fan looked at the scene with a sneer. Fortunately, he had mental strength. Otherwise, he might really want to catch the snake's head.

"Miss Looney, Miss Looney, are you there? I'm Bingsen. I've come. " The first man in his fifties stopped

in an open area. He carefully looked around and cried tentatively.

However, there was no one to answer his question.

Bingsen couldn't help but frown. He took people a few steps forward and asked, but there was still no response.

He couldn't help looking back at the two soldiers disguised as mercenaries, "look, my lord?"

The two tuofan five also can't help but frown and come out, one of them said, "I didn't find their breath, you call to ask, see what's going on? Is that Luna lying to us? "

The fifth floor of tuofan is very angry. If that Luna really dares to cheat them and wastes their time, he doesn't mind going back and killing Luna.

Bingsen didn't dare to talk nonsense. He quickly dialed the number of Luna, but Luna couldn't get through at all.

"My Lord, LUNI can't get through. What do you think we should do now, wait a little longer, or withdraw first?" Bingsen couldn't get through to Rooney and asked again.

The fifth floor is going to respond -

whew!

A sound of breaking the wind suddenly came out.

Not far away in the dense forest, a person just like a cheetah jumped up and rushed towards them.

"There are enemies!" Bingsen looked at this scene, his face changed greatly, but he just roared out three words, a knife light had already split.

Then just listen to hiss, his head has been flying, in the red blood splashing, grunt of rolling on the ground.

No matter Bingsen is coerced or active, since he dares to bring people to move himself, Wang Fan will not show mercy.

Wang Fan slaughtered Bingsen with a knife. Without hesitation, he split to the nearest fifth floor of tuofan with a backhand knife.

His eyes were full of cold light, and his body was full of killing intention.

The NASS family even sent out a hundred tuofan, and they also used their energy to search Wang Fan all

over the world, which made Wang Fan feel angry. "Wang Fan!" The tuofan five layer looked at Wang Fan's shadow knife, and instantly recognized Wang Fan's identity.

He didn't hesitate for a moment. While stirring up his momentum, he directly grabbed a spear and stabbed Wang Fan.

The spear breaks through the air, the wind is strong, and the air is unreal. It seems that it will be torn open like white paper.

With a bang, the knives and spears collided, making a terrible noise. The terrible waves spread away, and some mercenaries around could not dodge directly, so they were torn into serious injuries.

As for the trees, it was as if they had been cut by the huge crescent moon. They were broken and fell to the ground.

The five story tuofan was knocked out for several steps, and his eyes were shocked.

It's just that without waiting for him to think more, Wang Fan has come up again.

His expression is tough, punishment is like a wolf, never die!

If these two people are going to leave the fifth floor, he must kill or seriously injure one as soon as possible, otherwise it will be hard to please them.

If you use the seal at the beginning, you can kill or seriously injure one person. But the seal is Wang Fan's trump card, which consumes too much energy. He can't use it at this time.

Because even if he kills one of them with a turnover seal, he will be killed by another.

"Wang Fan, if you don't go to heaven, there's no way to hell. You break in, kill the core of NASS family and challenge NASS family. Go to hell!"

The fifth floor of tuofan looked at Wang Fan's endless situation. With a jump of eyelids and a fierce scold, he grabbed the spear again and stabbed Wang Fan.

With a sneer, Wang Fan retreated first to confuse him. Then he dashed forward and faced each other's spear with his body.

With a hissing sound, the spear penetrated into the chest and raised a cluster of blood. At the same time, Wang Fan also seized the spear with his left hand.

That tuofan five layers looking at this scene, eyelids straight jump, it seems that how did not expect, Wang Fan would take the initiative to meet the spear with his body.

Just don't wait for him to think about what Wang Fan wants to do, Wang Fan has already grinned at him, and then shadow knife crazy split over.

Feeling the sharp light of the sword, his face changed wildly. Subconsciously, he was about to retreat. However, because the spear was caught by Wang Fan, he failed to withdraw.

Without waiting for him to throw away his spear, the next second, the shadow knife had flashed through his throat.

Clusters.

Blood line shot, the man fell on his back and died!

Chapter 1327

In addition, the fifth floor of tuofan looked at the scene, and his eyes were just itching to crack. He never thought that in such a short time, his companion was killed by Wang Fan.

The reason why he didn't fight just now is not that he didn't react, but that he didn't think Wang Fan could kill his companion in a short time.

What he thought was to wait for his companions to support him, or when Wang Fan was wasting too much, then he would be more relaxed. But he didn't expect that his companion was killed in this way.

"You, you killed him?" This takes off any five layers of anger to stare at Wang Fan, in the gibberish scolded with English.

Wang Fan sneered, "I want to kill you as well as him."

Said, he has suddenly pulled out the spear, and put away the shadow knife, and then madly urged the body strength, a record of the mountain seal in the past.

Just now, he did not dare to use the flip seal because there were two people on the other side. Now that there is only one person left on the other side, he naturally has no scruples.

What's more, in his current state, it's not so easy to kill this guy if he doesn't use the turnover seal.

After all, it's two different levels. It's not so easy to cross the level.

The face of the man who broke away from the ordinary five layers immediately changed when the seal was used. No matter how stupid he was, he knew it was a legendary martial art.

Just different from others, he didn't avoid it, and didn't stir up the innate vigorous Qi to resist it. Instead, he madly urged his inner energy and hit the mountain climbing seal with one punch.

With a bang, the fists and seals collided, making a terrible noise. The surrounding rocks were broken, and the ground was bombed out of a huge pit.

The guy who broke away from the ordinary five layers only felt a violent force coming, and his arm had been smashed in an instant, even there was no debris left.

However, the seal of climbing over the mountain is still castrated, and continues to roar to his chest crazily.

Another bang, the five layers of tuofan were blown out directly, and blood gushed out from the corners of the chest and mouth.

But after he fell to the ground, just a few seconds later, he stood up again, and then fled here without looking back.

Wang Fan was a little stunned. It was the first time that he saw someone who could stand up and run away after being attacked.

However, he soon understood that this guy must have offset most of the strength of the seal with his previous punch, so the power of the seal was not so strong when it hit his chest.

It seems that the foreigner is very clever.

Wang Fan looked at the foreigner who ran away quickly. Although he wanted to pursue him, he finally gave up his mind.

Let's not say whether he can kill each other after catching up. The most important thing is that there are song Rumei and Luna here. If he leaves, what should he do if the two women are in danger?

As soon as Wang Fan thought of it, he heard a fierce gunfire in the distance.

With a frown, he could not help sweeping out. Immediately found that countless bullets and gunfire crazy explosion to the escape of the five layers.

Although the whole body of that tuofan five layer madly stirred up the innate vigorous Qi, it still could not withstand the bombing of so many guns.

Just counting the breath, the innate vigorous Qi on his body had been smashed, the blood splashed out from all over his body, and the whole person was beaten into a sieve.

Wang Fan looked at this scene, it is dumbfounded, it seems that how did not expect, Tang Tang off any five, even in this way to die.

In fact, the fifth floor of tuofan was more subdued. He just ran away and ignored the mercenaries buried

outside.

The mercenaries were ordered to fire as soon as anyone rushed out. So when they saw the five story escape, they did not hesitate to fire.

There's no way. This guy's speed is too fast, and he rushes out without saying a word. Naturally, those mercenaries will not be merciful.

In their view, if the other party is one of their own, it is impossible to run out, only to ask them to kill.

But since the other side didn't ask them to go out, they rushed out without saying anything. Obviously, they were not their own people.

Wang Fan was too lazy to pay attention to the dead and unyielding five layers of tuofan. He suddenly killed two mercenaries who tried to shoot him. Then he asked, "Bingsen is dead. Who is the biggest one here?"

When the remaining mercenaries saw that Wang Fan had killed them with one knife, their faces became ugly.

They did not expect that the injured Wang Fan was so powerful and decisive.

One of the men in his forties could not help but stand up and said, "I'm the biggest. What do you want to do?"

He has a fear of Wang Fan, this kind of person is not he can provoke.

Although he can also call outside people to come and shoot out Wang Fan, he is afraid that he will be killed by Wang Fan at the moment when he calls his companion.

"If you don't do anything, I want you to find a way to arrange for me to leave here immediately. Is there any problem?" Wang Fan asked coldly. "No, no problem." How dare that guy talk nonsense? He replied in a hurry.

"Well, you can call your men. But I'd like to warn you that it's better not to have a moth, otherwise don't blame me for being impolite. " Wang Fan warned.

"No, no, I swear by ED, I won't do anything." Ed promised, and quickly called out to his friends outside.

Wang fan is cold stand at one side to watch, mental strength completely concentrated.

If these people were really honest, he would not fight them. But if these people dare to play tricks, he will not hesitate to send these people to hell.

More than 40 people ambushed outside soon ran in, but their faces immediately changed when they saw the dead Bingsen.

Most people look at Wang Fan with a bad face, and there is a strong sense of killing in their eyes.

If it wasn't for ED who has been lobbying, and he seems to have some prestige among these people, I'm afraid these people would have been desperate to open fire on Wang Fan.

But Rao is like this. After lobbying for a long time, ED has not fully convinced these people, and there are still more than a dozen people dissatisfied with him.

They even scolded ed ed for being a coward and did not dare to avenge Bingsen. Some people even doubted whether ed had joined hands with Wang Fan to get rid of Bingsen for the purpose of being superior.

Ed's face was angry, and he felt that he had no face.

He didn't expect that Bingsen's boss was dead, and his second son didn't have much to say.

At one point, ed couldn't bear it. He blushed, grabbed the gun and aimed at the guy who framed him.

But the guy is not a vegetarian, scolded ed ed a traitor, also took out a gun at ed.

For a moment, in addition to nearly 20 mercenaries who remained neutral, the other 20 were divided into two groups to confront each other.

Wang Fan looked at this scene and finally stood up impatiently. He looked at the man who didn't agree with ED.

"you said that ED killed Bingsen with me, and you want to kill me to avenge Bingsen, right?"

The guy heard Wang Fan speak, immediately turned the muzzle of the gun pointed at Wang Fan, "yes, snake head died, I must revenge for him!"

He also pointed to Wang Fan and growled, "son of a bitch, don't think that if ed protects you, I dare not move you. I will kill you first now!"

He growled wildly and pulled the trigger.

Chapter 1328

"Snake, no!" Ed looked at the scene, his face suddenly changed, and he couldn't help screaming wildly, but it was a little late.

Dada dada sounds, snake map has pulled the trigger, countless bullets crazy toward Wang Fan bombing

in the past.

Wang Fan's face was cold, and his whole body muscles were tense instantly. He immediately fell on the ground and rolled up with extreme speed.

Now he is not lightly injured, his strength is wasted, and the distance between the two sides is relatively close, so it is not enough to avoid bullets.

Dense bullets exploded in the treetops, exploded on the ground, flying debris, a mess.

Snake map saw that she couldn't shoot Wang Fan. She was stunned for a moment, and then roared wildly again, "shoot together, kill him!"

He began to greet his subordinates crazily. He didn't expect that the bloody Wang Fan had such a quick reaction and even could escape his bullet, which made him a little uneasy.

Just, his words just fall, the facial expression already thoroughly changed.

With a bang, Wang Fan, who was rolling in confusion, suddenly stepped heavily on the ground. He jumped up like a tiger and shot at him like an arrow.

Snake figure looking at this scene, eyelids straight jump, face crazy change!

Just this time, before he could raise the muzzle of the gun again, Wang Fan's shadow knife had been frantically split out.

Whoosh!

The sharp edge of the sword breaks through the air, raising a frenzied and unparalleled Qi force. It cuts down hard, as fast as lightning!

Snake map suddenly has some scalp numbness.

Fast, it's too fast. It's too fast for him to react.

In the corner of his eyes, there was only the sword in the sky, and there was nothing else.

Hissing, just for a moment, the sharp sword had penetrated his body, accompanied by a jet of blood sword, his whole person was split into two, chopped in two.

Gulu Gulu's blood flowed out, and his whole body fell to the ground in an instant, killing him completely.

"Kill! Kill him

"Let's go together and kill them!"

The more than ten subordinates of Shetu watched the scene and their eyelids jumped.

But they were not afraid of licking blood at the tip of the knife all the year round. Instead, they roared wildly and raised their spears.

Wang Fan's eyes were cold, his right leg muscles were tight, and he suddenly fell on the ground a little.

Bang!

Countless stones, earth and gravel shot at the more than ten people.

Dust filled, affecting their movements, so that they can not help but slightly back squint.

Wang Fan, on the other hand, took advantage of this moment and took a strong breath, grabbing the knife and rushing across again.

With Wang Fan's state at this time, if you open the distance, maybe you really want to fear these mercenaries holding heavy firepower.

But once let him close to the body, even if these mercenaries are fierce again, they are nothing but local chickens and dogs, which is not enough to see.

Just a knife, there are five or six people were cut to fly out, died on the spot, the next second, Wang Fan directly grabbed a dead enemy's gun, aimed at the rest of the people started to shoot.

Come on, come on, come on.

After several shots, the heads of several other mercenaries were blasted off one by one and died miserably on the spot.

ED and his party looked at the scene like Shura hell. They were completely dull and numb.

It's not that they haven't killed people or seen blood, but it's the first time that they've seen Wang Fan kill more than ten people so easily.

Powerful!

Fierce!

The cold sweat soaked their whole body, and the unspeakable stillness at the scene

only the sound of rapid breathing reverberated

Wang Fan ignored their shock. After killing the snake figure and others, the cold voice came out, "who else is going to avenge Bingsen? Just stand up, and I, Wang Fan, will follow."

Those mercenaries were swept by Wang Fan's eyes, and they all lowered their heads in fear.

Even if Wang Fan now looks very embarrassed, it seems to be vulnerable, but I can see with my own eyes that they have no courage to revenge.

What's more, most of them are Ed's people. Even ed didn't want to revenge. Why should they be stupid to die?

Wang fan saw that these people didn't respond, and he couldn't help looking coldly at ed, "you'd better discipline your people and really send me out of the country."

"If I find that you dare to cheat me, I will definitely send you down to accompany that Bingsen without hesitation."

Ed, who dares to talk nonsense, quickly wipes his cold sweat and nods, "don't worry, don't worry, I will be able to send you safely out of the country. That was just an accident, an accident."

He won't doubt Wang Fan's words at all, because Wang Fan really won't take much effort to kill him.

And after so many years of gunfire, how can Ed not know why Wang Fan didn't kill him because he was still valuable?

Once he can't guarantee Wang Fan to leave the country, it's estimated that Wang Fan's shadow knife will strike him at the next moment."In that case, I don't have time to waste with you if I don't lead the way quickly."

"Yes, yes."

Ed didn't hesitate to stand up and take the road ahead.

Wang Fan also waved out song Rumei and Luna in the distance, and the three walked together.

The mercenaries looked at Song Rumei and LUNI, and their eyes could not help but show a strong passion.

Song Rumei is OK. After all, she has changed her looks into her forties. Even though her temperament is still there, few people are interested in her.

LUNI is different. The open and bold clothes and the fiery body like the devil are just like poison to those mercenaries.

Their almost naked eyes seemed to want to swallow Luna.

Fortunately, they still have reason to know that Wang fan can't be provoked, which is the suppression of death.

Wang Fan didn't do it because the mercenary's eyes were naked. On the surface, he didn't make a sound, but in the dark, he always paid close attention to everyone's every move.

As long as anyone dares to make small moves, dare to make a moth, he will not hesitate to kill.

More than half an hour later, several people came to the dock. A cruise ship was parked beside the dock. There was a flag on the cruise ship with a big word "Bing" written on it.

As soon as Wang fan saw it, he knew that the cruise ship belonged to Bingsen.

At this time, there were many people on the cruise ship, including Bingsen's subordinates and passengers relying on Bingsen to leave the country.

Most of those passengers are not simple characters, they are accompanied by bodyguards, and the breath is cold.

Wang Fan's mental power glanced at them, and found that there was no particularly powerful master, and it was not like the master of NASS family mixed with them, which was a little relieved.

"Deputy commander AI, how can it be you, commander Bingsen?" AI de just took Wang Fan three people just past, a burly and strong, the chest hair thick fierce male already full of face solitary doubt of walked over.

This guy is followed by more than 20 people, so he seems to have a high position in Bingsen's team.

Ed looked at this guy, his face changed obviously, but he soon returned to normal. "Commander Bingsen went to the NASS family to discuss important matters with the adults. He won't go this time. Let me come and follow him first."

As soon as he heard about the NASS family, he didn't ask any more questions. Obviously, he knew that the NASS family experts had found Bingsen.

What's more, he didn't expect Bingsen to be killed, and ED boldly brought Wang Fan and his party, so he didn't think much and gave way directly.

But when Wang Fan and his party passed by him, his eyes swept on LUNI without any concealment, and his eyes were hot.

Chapter 1329

Originally, LUNI didn't need to leave with Wang Fan, but after experiencing Bingsen's affair, she realized that she was noticed by the NASS family, so she decided to leave.

The NASS family is a giant, and she still can't stir it up. Once she stays here, she will die.

Wang Fan didn't pay attention to the burly man who was staring at Rooney with his naked and hot eyes. Now the most urgent thing is to leave here first.

As long as the master of NASS family doesn't surround him, he won't take it seriously.

If that guy is honest, he doesn't bother to provoke each other. If that guy is not honest, he doesn't mind killing each other.

Ed obviously has some ability in Bingsen's team and arranges Wang Fan in a luxurious room.

There are not only TV, computer and other facilities in the room, but also hot springs, which is very luxurious.

Especially the big bed full of amorous feelings in the middle adds a lot of ambiguous atmosphere. It seemed to Wang fan that he was not running for his life, but rather on holiday.

After he personally sent Wang Fan to the room, ed left quickly without saying a word or even mentioning the money.

Wang fan is quite satisfied with ED's performance. Obviously, this guy is really deterred by his own means.

"Wow, I'm so tired. I can finally have a good rest. It's better to have a big bed. I really want to lie on it all my life and never get up."

After ED left, LUNI immediately jumped to the big bed regardless of the image and said.

Her legs are cocked up, and her buttocks outline a charming arc, which is very impulsive.

"I'll take a shower first, and then I'll go to the inner bedroom to have a rest. You're here. You'd better not go out. I have some pills here. You can use them to recover your strength. "

Wang fan is also lazy to pay attention to this woman, quickly said, and dropped a few pills, directly into the bathroom.

Although the atmosphere of the room is very ambiguous, and there are two beauties, song Rumei and Luna, he has no heart to think about other things.

His current strength loss is too big, it is important to restore his strength first, otherwise, once there is

any emergency, his life will be lost.

Looking at Wang Fan who rushed into the bathroom, Luna suddenly turned over and could not help sitting up. She asked Song Rumei in disbelief,

"Sister Mei, is your little man not good? It seems that he doesn't have any interest in me. It's really incredible."

She seemed to believe that Wang Fan would treat her as nothing.

You know, she is very confident in her own charm. Any man who sees her would like to swallow her immediately, except Wang Fan.

If not before, she clearly felt the naked and hot eyes of those mercenaries, she even doubted whether her charm had declined.

"When is it? You still have the heart to think about these things. Let's think about what to do next. Maybe the NASS family will kill you later."

Song Rumei listens to this words of Lu Ni, did not have good spirit to turn a white eye to say.

The NASS family.

Nash sHouse has learned that two tuofan five stories were killed, and Wang Fan successfully boarded the cruise ship.

When he heard the news, he was just as angry as a cigarette. He didn't expect that both of them could not win Wang Fan, but let Wang Fan escape on the cruise ship.

Had it not been for the influence, he would have bombed the cruise ship to pieces.

"Immediately mobilize all the people to chase me. No matter what, Wang fan can't escape back to China successfully. You can kill them when you need to. "

Nasser, with a gloomy face, roared wildly!

He didn't expect that just a Wang Fan would make his NASS family in such a mess.

It is well known in the world that so many masters have been sent out by the tanas family. If you can't win Wang Fan in this way, you will lose your face.

Nash sHouse now hates Wang Fan to the core. He really wants to tear Wang Fan to pieces.

"Yes." Without hesitation, his subordinates immediately took orders to leave.

In fact, without the order of nasshou se, those masters of Nash family have gone to Wulan city to find a way to intercept Wang Fan.

If you can't even catch a single Wang Fan, you will lose your face.

The Nash family and the Nash garrison are also important.

Wang Fan didn't know that the NASS family had sent all the people to intercept him. At this time, he had taken a bath and entered the room to recuperate.

With the help of numerous pills, his strength began to recover and his injury began to heal. In less than half a day, the strength has recovered to the first level. Wang Fan did not stop, but continued to use pills to recover and cultivate.

Because he knew that with his current strength, although there was no problem in dealing with ordinary people, it was still not enough to face the innumerable departures of the NASS family.

I don't know whether it is the training of life and death, or the urgency of escape, or the efficacy of Teng Lingzhi pill.

Half a day later, he only felt a thud in his body, and a powerful force came. He successfully stepped into the fourth floor.

Wang Fan felt the abundant power in his body, and also felt the perception that was countless times sharper than before. He almost had the impulse to roar up to the sky.

It's not easy for him to break through to the fourth floor in this situation. It's a surprise for him.

Wang Fanqiang held back his excitement, forced himself to calm down, and continued to absorb those pills which were not exhausted.

Master bedroom.

Song Rumei and LUNI are not as patient as Wang Fan. They just practice for a few hours and then stop.

Song Rumei was OK. After she stopped practicing, she sat on the sofa and watched TV.

But LUNI can't bear loneliness. She took a comfortable bath and took a hot spring. Seeing that Wang Fan still didn't mean to come out, she couldn't help walking to song Rumei's side,

"the room is suffocating. Let's go out for a walk. Now that the cruise ship has been going for more than ten hours, the NASS family should not catch up with us, and we should not be in danger any more. "

Song Rumei listens to the words of Luna, originally wants to refuse, but thinks that Luna is willing to offend the NASS family for her sake, and then runs away with her. She feels a little sorry, so she nods and agrees.

Seeing song Rumei's promise, Luna is overjoyed. She cleans up again and pulls song Rumei out of the room.

Because of the bath, Wang Fan did not come out, so this time song Rumei is not easy to look, she restored the image of the Deputy Gao Leng Meiyuan.

Although the cruise ship Bingsen is mainly used to smuggle people out of the country, there are still many entertainment facilities on it in order to make money.

Such as gambling, billiards, bars and so on.

After all, most of the people who had been smuggled in were not ordinary, very rich, and the journey was boring. Bingsen would not miss the chance to make money.

Song Rumei and her husband soon came to the huge entertainment room in the cruise center.

Chapter 1330

A heat wave came, followed by noisy voices.

There are a lot of people in the entertainment room, and the atmosphere is very hot.

There are those who sweat in the bar, and others who show their strength on the gambling table. The crowd is very lively.

Feeling this scene, let alone the cheerful Luna, even song Rumei had a sense of sureness that she had not seen for a long time.

Since offending the NASS family, she has been running away for a long time. Her nerves have been tense and she dare not relax for a moment.

Now feeling the surging popularity, she felt as if she had been reborn and relaxed a lot.

Although song Rumei and Luna are beautiful, they only attract a small number of people's attention.

After all, most people are busy doing their own things, and they don't notice the arrival of the second daughter at all.

"Let's go get something to eat first, and then play two strokes." Luna yelled excitedly and took song Rumei into a restaurant.

Song Rumei didn't say much, but followed Rooney to the restaurant and noticed the people around her.

She was completely relieved when she didn't feel the existence of any particularly powerful person or any danger.

Song Rumei also knows what Luna means by playing two strokes. Luna doesn't like to drink and indulge, but she loves ball games.

She is good at bowling, golf and billiards. There is no golf or bowling in the entertainment room, so her two strokes are obviously billiards.

They quickly entered the restaurant and found a vacant seat to sit down.

The moment they entered the restaurant, they immediately caught everyone's attention.

Almost in an instant, those people's eyes on the whole tribe in the two women, eyes flashing hot.

Of course, most of them are just addicted, and no one dares to do anything.

After all, none of the people on this cruise ship is simple. Even if Song Rumei and Luna are women, no one dares to underestimate them.

LUNI didn't care about those eyes. She ordered something and began to enjoy it.

Although Song Rumei didn't like those eyes, she didn't have much to do. Over the years, she has long been used to this kind of vision, as long as it is not provocative to her, she generally will not pay attention to.

A luxury room on the top floor of the cruise ship.

Baguhe's mood is not good, even the two sexy and enchanting girls sitting beside him, he has no interest at all.

Baguhe is the burly man whose position is no less than ed. Since Luna got on the cruise ship, his goal has been on Luna.

Such a hot woman is his favorite. At the thought of Luna's hot figure, he would like to put Luna to justice.

Originally, he wanted to find a chance to run Rooney, but what made him crazy was that after Rooney entered the room, he never came out.

Moreover, ed specially sent people to guard outside Wang Fan's room, and warned him that Wang Fan's three friends were all ED's friends, and he was not allowed to move his mind.

Baguhe was a little angry. If someone dared to warn him, he would not hesitate to slap him in the face or even shoot him.

But it's ED, and he's afraid to move.

He and ED are Bingsen's right-hand men, and Ed's status is no worse than him. Moreover, on this cruise ship, Ed still has many diehard loyalists.

Once he quarrels with ED, it is not good for anyone, and the cheapest ones will only be those passengers with extraordinary status.

However, if he just gave up on Rooney, Baguhe was really not reconciled, which made him feel angry and uncomfortable.

"Commander Ba, that hot woman went to the restaurant, and she was accompanied by a top-notch Oriental woman, but we didn't meet that top-notch Oriental woman."

"It's obvious that the best Oriental woman changed her face when she went on the cruise ship. Do you want to go there?"

A subordinate rushed into the room and handed over the photos from his mobile phone while reporting respectfully.

Baguhe took the photo, just looked at it, and his eyes couldn't move any more.

He was deeply attracted by song Rumei.

He had never seen such a perfect Oriental woman in terms of temperament, appearance and figure.

In particular, song Rumei's cold and noble atmosphere made him have a desire to conquer.

Luna's kind of woman, what he has is only physical conquest, or pure vent, but song Rumei is the kind of woman who wants him to conquer with heart and body.

No, these two women can't let go. Even if they turn against ed, they will get their hands.

Baguch made a decision immediately.

If Bingsen is not on the cruise ship, he is the biggest woman he wants. There is no woman he can't get. If these two fat pieces fly away, I'm afraid he will regret it all his life."Send someone to keep an eye on them at once, and set up a bureau for me. I'll be there later. Remember to keep it a secret. These two women seem to have some relationship with ED. don't let him find obvious excuses. "

Baguhe said, biting his teeth after he made the decision.

It's not the first time that he has done this kind of thing. He is already very experienced.

Anyway, as long as you can come up with a decent reason, what if ed comes out?

He would not be afraid of ED, what's more, they had Bingsen on their head. He didn't believe that ED would fight with him for two women.

Obviously, baguhe didn't know about Bingsen's killing, let alone Wang Fan's power, otherwise he would never think so.

"OK, I'll do it now." The subordinate nodded and immediately backed out.

In another luxurious room, ed seems to enjoy more than baguhe. He almost died in Wang Fan's hands, clearly realizing the value of life.

So at this time, he is enjoying the wine and food, while enjoying the massage of two beauties.

Today there is wine, today drunk, today there is beauty, today sleep, after today do not know whether there is tomorrow, so now he is very cherish every minute of life.

At the moment when Ed was enjoying himself, a subordinate also rushed in, "leader ed, Wang Fanna's two female companions went to the entertainment room, and baguhe's people passed."

"I think baguhe has a crush on those two women, but he has no good intentions. Do you think we should remind them?"

The subordinate of this report is a person who has witnessed Wang Fanqiang's greatness and ruthlessness, so he is very worried.

Not only did ed not slow down to finish the wine, he shook his head and said, "remind them what to do? I've already warned baguhe, but since he doesn't listen, he still insists on seeking death. That's no wonder to me. "

He issued an order to his subordinates, "you go and stare at them, and let people guard outside Wang Fan's room."

"Once baguhejin starts to fight those two women, you should stop them symbolically, make clear our position, and then let people inform Wang Fan immediately."

Ed's eyes also sparkled with wisdom. "Bingsen is dead. Now we are leaderless and divided into two factions."

"Baguhe never paid attention to me. If he died again, the mercenary group would be our world."

Listening to this, the subordinate's eyes were also bright, "high, really high, commander ED is worthy of being commander ed, and his subordinates think they are inferior."

The subordinates flattered respectfully and immediately backed out.

He already knew that ED wanted to kill people with a knife, but he didn't care.

Anyway, he is not a member of the baguhe faction. Baguhe's killing has nothing to do with him.

What's more, if ed really becomes the boss, his position will rise with the tide.
