Chapter 1341

Wang Fan looked at the dozen fanged sharks, his face immediately became dignified.

If in the peak period, there were only a dozen sharks, he would not pay attention to them. He could solve them with a knife, but now he can't.

It's not that he can't kill these ten sharks, but once he kills these ten sharks, the smell of blood is bound to attract more sharks.

At that time, even if he has a few lives, I'm afraid he will have to give up.

Wang Fan did not hesitate, madly urged the body that few strength, turned to run.

The dozen sharks saw that Wang Fan wanted to run, and immediately caught up with him crazily.

One by one, they opened their big black mouths and looked terrible.

Wang Fan ignored them, only knew a strong run, his toes on the sea, set off waves.

It's just that the speed of those sharks is too fast. Rao Shi and Wang Fan have tried their best to run away. The speed is not slow, and the distance is constantly being shortened.

There is no way, even if Wang fan is off any four, now in a weak state, he simply can't get rid of the dozen sharks.

He ran frantically, meanwhile, his mental power spread out. He was afraid of the shark coming. Once surrounded by sharks, it's really bad.

If someone saw this scene, he would be shocked. A dozen sharks are chasing two people, and they haven't caught up in a short time. It's just incredible.

It's a pity that there are not even ghosts around. No one can see this spectacular scene.

One hundred meters

fifty meters

thirty meters

those sharks are getting closer and closer to Wang Fan, and Wang Fan's heart is getting deeper and deeper.

It's no way to escape like this. He will be caught up sooner or later.

The most important thing is that he feels more and more weak. This kind of speed can't last long at all.

At the moment when Wang Fan was thinking about whether to go back and kill the dozen sharks, his mental strength suddenly swept to the front and a desert island appeared.

When he was happy, he immediately pulled out the shadow knife and turned back to kill the sharks.

Whoa!

A knife across, rushed in front of the two sharks instantly killed, blood jet, and fell into the sea, into nothingness.

The two sharks are also powerless somersault a few times, directly sink.

The rest of the sharks looked at this scene, more crazy, smell the bloody smell of them, but also toward Wang Fan.

When she looked at this scene, she was absolutely shocked. She hugged Wang Fan tightly with her arms, her eyes closed and her body trembled.

Wang fan is a roar, continue to crazy toward those sharks killed in the past.

He cut out with a crazy knife, killing three sharks at the same time, his feet also kick on two sharks.

Bang Bang twice, the three sharks were killed in an instant, and the two sharks were hit by Wang Fandeng. They flew out like shells and sank into the sea 100 meters away.

The remaining four sharks continue to rush forward, Wang Fan holding the shadow knife to meet again.

Ten seconds later, Wang Fan, who had solved the four sharks, was on the verge of death, and he was so weak that he could not be seen.

But he didn't dare to stop at all. He took a breath and swam to the desert island not far away.

Yes, it's swimming, because his strength is not enough for him to continue to run.

Desert island is their hope. As long as they can get on the island smoothly, it means they are safe for the time being.

It seems that the desert island is not far away, but in fact it is not near. It took Wang Fan more than two hours to successfully land on the island.

At the moment of landing on the island, he couldn't help lying on the grass and gasping heavily. As for Delis, she was already in a coma.

Wang Fan took a few breaths and got up. He wanted to take out some pills to recover, but tragically, he found that all the pills were lost.

Not only the pills, but also his mobile phone.

In an instant, Wang Fan's heart sank to the bottom.

If there are pills, he can recover faster, but without pills, when will he have to wait to recover?

A sense of hunger suddenly hit, Wang Fan soon no longer think about these, now the top priority is to eat, otherwise, I'm afraid he will starve to death.

Turning to see a dazed Delis, Wang fan knows that he can't count on this woman.

After probing into the nose of Delis and confirming that she was just in a coma and not in danger, Wang Fan went to catch the fish.

More than half an hour later, he had caught five fish, and then found some branches to build a fire frame, and began to roast them.

Without seasoning, the roasted fish was very bad, but in order to survive, Wang Fan didn't care so much, so he tried to eat it one by one. After recovering some strength, he went to Delis, took out the silver needle and pricked her a few times, which made her wake up.

Mobile phone lost, pills lost, silver needle is not lost, which is a good thing for Wang Fan.

"Here, where is this? Are we all dead?" Delis quickly opened her eyes and asked weakly.

Wang Fan did not have the good spirit to turn a white eye, "what died, we still live well.". What's more, I haven't avenged the NASS family yet. How can I die? "

He said, and handed over a fish, "you eat something first to recover your strength. Although it's a bit bad, it's better than being hungry."

Delis is also a woman with strong willpower. When she found that she was not dead, she struggled to sit up and took over the roast fish.

A fish was soon eaten by her, and she finally felt that her body had some heat and recovered a lot of strength.

In a flash, the three days passed quickly. In the past three days, Wang Fan was practicing and recovering

his strength besides eating.

It's a pity that he has no elixir. Although his strength has recovered to the same level as ordinary people, his strength is far from the peak. He even hasn't recovered the day after tomorrow.

In addition to eating, she was watching Wang Fan practice, doing nothing and boring.

The only thing she was happy about was that Wang Fan took the time to give her a few needles to treat the scar on her face.

After Wang Fan's treatment, although those scars have not been completely eliminated, they have become pale.

She believed that in a few days her appearance would be as good as ever.

Every time Wang Fan went fishing, she would look for firewood and put up the fire. Then, like a wife waiting for her husband to go home, she looks forward to Wang Fan's departure.

Another week passed, and Delis was almost used to this kind of life. And the scar on her face was gone, and her appearance was as good as ever.

Her delicate melon seed face is no longer flawed, her skin is as white as snow, and her natural color is beautiful. Even her clothes are old, it is hard to hide her amazing charm.

Her body is more than a noble temperament, even if the old clothes, temperament is difficult to cover up.

If ordinary men see her, I'm afraid they are willing to spend their whole life with her on this desert island.

In fact, there was no boat passing by for ten days. Delis had no hope of leaving here. Now she didn't even want to leave here. She was used to this simple, boring and quiet life.

Chapter 1342

On this day, as usual, after setting up the fire, Delis stood on the beach and waited for Wang Fan.

Her three thousand green silk draped in the back of her head, tied up a horsetail with branches, and had a special charm.

That pair of charming big eyes flicker, which is full of anxiety and expectation, seems to be waiting for her husband's return.

Her clothes were also washed wrinkled, and even some white, but it is still difficult to hide her proud body, full of other charm.

It has to be said that after more than ten days of fish nourishing, Delis's body is much fuller and no longer as thin as before.

However, half an hour later, an hour later, Wang Fan still did not come back, Delis instantly had a kind of uneasy feeling.

Why, Wang Fan hasn't come back. Is something wrong. Or something unexpected?

The more she thought about it, the more upset she was. She felt like the sky was falling.

She has been used to the days when she has Wang Fan, who is also her support and spiritual pillar.

If Wang Fan doesn't come back, she won't have the courage to live.

Delis was more and more uneasy, but she never thought that Wang Fan would leave her alone.

She believed that Wang Fan was not that kind of person, otherwise she would not take her to the desert island regardless of her life.

"No, I want to see it." Delis gritted her teeth and was going to have a look. To her surprise, she found that Wang Fan had returned.

But different from the past, this time Wang Fan did not carry fish in his hand, but came back empty handed.

"Where did you go? Why did you come back so long? By the way, what about your fish?" Delis can't help throwing herself into Wang Fan's arms and asking quickly.

"I noticed a cruise ship passing by and went there. We don't need fish now, so pack up and get out of here

Wang Fan said to Delis, and he was very excited.

He really can't stand living on this desert island. He wants to leave here as soon as possible, and then try to recover his strength.

There are still more than two months left for Guwu Dabi to start. If his strength can't be restored, even if he goes to participate, he will also deliver food. This situation is not his wish.

He's used to the idea that Delis is in his arms.

After more than ten days of getting along, Wang Fan already knows that Delis has a dependence on him, but he sticks to his heart and doesn't cross the Leichi one step.

He didn't want to incur so much debt, not to mention the extraordinary status of delis, and he didn't want to.

"Ah?" Delice couldn't help but open her mouth wide. "Are you leaving so soon?"

There was a slight loss in her heart, because she knew that once she left the desert island, it meant that they would be separated.

Through more than ten days of contact, she also knows Wang Fan. Wang fan is absolutely impossible to go to the Kere family with her, let alone stay with her all her life.

"Yes, we're leaving. The cruise ship is coming. Let's go right away." Wang Fan did not seem to be aware of the loss of delis, while saying, while taking her to the shore.

Sure enough, delis saw a huge cruise ship slowly approaching.

As she looked at the cruise ship, she murmured, "after we leave here, are we going to separate? Will we meet again in the future?"

Wang Fan listened to this, in the heart can't help but sigh, but on the surface, he said with a smile, "I'm sure we'll meet again. Now that technology is so advanced, we can keep in touch at any time."

"Don't worry. We are good friends. I will visit you when I have time."

"Just good friends." Delis muttered to herself, she suddenly resented the cruise ship, but this resentment doesn't matter, her eyes to the cruise ship suddenly changed.

"The cruise ship of the Ellie family?" Delis couldn't help exclaiming. Then she squatted down, grabbed a few handfuls of mud on the ground, wiped it on her face and hair, and wiped it off with her clothes.

"The aileys?" Wang Fan listened to these four words and looked at her actions. Her face immediately changed. "What's the matter? The people of the Ailey family know you. Does this family still have a feud with your Kere family?"

When he was talking, he was already a little depressed. Is that too bad?

Delis nodded, "yes, the Ailey family and our krer family are feuds, but the details of the Ailey family are not as good as our krer family. Although there are constant disputes, they dare not go too far."

"I don't know if anyone on the cruise knows me, but I'm sure they'll kill me if they recognize me."

"Even if you don't kill me, you'll take me as a chip to deal with our family."

Said delis.

After listening to this, Wang Fan immediately took out the silver needle and pricked her face a few times. Then he said,

"you don't have to worry. As long as you don't tell your identity, they won't recognize you. And with me, I won't let anyone hurt you." He sighed, "we've been here for more than ten days, but we don't have any cruise ships. Now that we've met them, we can't miss this opportunity."

"I still have a lot of things to do. I can't stay on this desert island all the time. I hope you can understand."

"But I can guarantee that if they recognize you and want to deal with you, I will not let them hurt you even if I jump into the sea with you again."

While Wang Fan was talking, the cruise ship had stopped at the shore, and two tall foreign men jumped down.

Their eyes swept over delis. When they swept over her body, there was a trace of greed in her eyes. However, when they saw her face, the greed was less than half, or even no longer interested.

With mud smeared on her face and Wang Fan's needling, delis looks dirty and ugly. No matter how good she is, she naturally can't arouse their interest.

"Just the two of you, right? Two people, 20 million dollars. Don't lie to me. Don't blame us if you can't bring it out. This is the cruise ship of the Ailey family. If you dare to cheat us, you will know the consequences. "

The tall foreign man showed his two big teeth and said coldly to Wang Fan.

Wang Fan quickly nodded with a smile, "you can rest assured that as long as you send us to the shore, and then provide me with a mobile phone, I will transfer money to you immediately."

"Although I don't have much money, it's only 20 million dollars, but I still don't pay attention to it. You have to believe me."

Wang Fan didn't dare to put on airs at this time. In case he was not allowed to go on the cruise ship, he would turn around and walk away. It would be too late for him to cry.

If the strength recovers to the peak, Wang fan can also secretly follow their cruise ship to find the dock and go ashore, but Wang Fan's current strength can't be achieved at all.

"In that case, you should hurry up and don't waste your time." The foreign man gave Wang Fan a gloomy look, and then directly took his companion back to the cruise ship.

Wang fan is hurriedly with delis to follow.

During this period, delis has been holding on to Wang Fan's hand, and has not relaxed for a moment. Even she was a little nervous. She didn't even dare to look at the two foreign men.

If this is not the cruise ship of the Ellie family, delis naturally will not be nervous, but this is the cruise ship of the Ellie family, she can't help being nervous.

Even if her mind is like a demon, she is only in her twenties, and her family is a feud. Once people know her identity, it is hard for her to die.

When the foreign man saw that delis was so nervous, he felt as if he was afraid of being insulted by them, so he immediately murmured, "ugly, nervous, I'm not interested in you."

Chapter 1343

Delis, listening to the foreign man's murmur, faltered, but did not speak.

Wang Fan's eyes were cold, but he didn't say much.

Now that his strength has not recovered, he has to resort to other people's cruises to escape. Now he will only ask for trouble.

Soon, the foreign man took them to the door of a slightly shabby room.

The smell here was so bad and disgusting that even the foreign man could not help covering his nose.

After he opened the door, he said impatiently, "you live here these days. Go in."

"There are a lot of big names on the cruise ship. Please be quiet. If you don't offend people, don't blame me for not reminding you."

"Also, there's a delivery button in the room. You can order when you're hungry, but there's an extra charge. It's not in the two thousand dollars."

The foreign man impatiently finish saying, but did not leave immediately, but cover nose to see Wang Fan two people.

The room is only ten square meters in size. It has only a small bed, not even a chair.

Moreover, the floor and walls look dirty. It's not the kind of dirty that hasn't been cleaned. It's the kind of dirty that has been cleaned, but it can't be cleaned at all. Even the dry blood can be seen vaguely.

Of course, this is not the most important thing. The most important thing is that the smell here is too

bad for ordinary people to accept.

He was thinking that if Wang Fan disliked the bad conditions and asked for a room change, he would immediately say that this is a room with two thousand dollars. If he wants more money for a room change, he can make more money at that time.

Just let him down, Wang Fan did not show dissatisfaction, but also nodded, "thank you, then we went in."

With that, Wang Fan took delis into the room.

He didn't know what the foreign man was thinking, but he didn't want to make trouble. As long as he could leave with the help of the cruise ship, he would be very satisfied.

When the foreign man saw that Wang Fan didn't say much nonsense, he immediately entered the room. His mouth couldn't help but open for a while. Then he gave a cold hum and left angrily.

He didn't expect that Wang Fan would be satisfied with the room for his servants, which made him very unhappy that he didn't get any money.

"I've wronged you. We can only stay here for a while these days." After closing the door, Wang Fan took a look at delis and said.

"No grievance. Compared with being imprisoned on the cruise ship of the NASS family, the conditions here are pretty good." Delis shook her head and said indifferently.

But she soon blushed, "it's just that there's only one bed, and it's so small. How do we sleep? "

Although she doesn't dislike Wang Fan and doesn't mind sleeping in the same bed with Wang Fan, as a woman, she is inevitably shy.

"You don't have to worry about that. You sleep in the bed. I just need to sit in the corner." Wang Fan said.

He should seize the time to practice and recover. It really doesn't matter whether he sleeps or not.

"Oh." There was a faint sense of loss in her heart, but soon she didn't think about it so much, "then you stay first, I'll wash my face."

Said delis, leaving the room.

No way, her face and head are smeared with mud, dirty is very uncomfortable, so she wants to clean it.

Wang Fan watched delis leave without wasting time. He just sat down and continued to recover.

Strength is the root of everything. Without strength, everything is in vain.

What's more, I don't know if the NASS family is waiting for him outside. If he is caught as soon as he goes out, it's a real tragedy.

Under Wang Fan's cultivation, the aura between heaven and earth was quickly absorbed, entered the body, and moved along the four limbs.

Although the aura is very little, the strength of the recovery is very slow, but it is better than nothing.

Delis soon found the water room and started cleaning.

There are also several cleaning women in the water room. They are very dirty and old. They are servants on the cruise ship.

Delis has learned from their chat that the room they are arranged to is not the room where the guests live, but the place where the servants live.

It's obvious that the black bellied foreign man wanted to steal the \$20 million.

Although Wang Fan hasn't given out 20 million US dollars, the other party is a member of the Aili family. They are not afraid of Wang Fan's refusal. In fact, few people dare to rely on the Aili family.

Of course, for this kind of thing, delis has already guessed that there is not much dissatisfaction. After all, the reality is cruel.

It's just that what she can't accept is that she and Wang fan are arranged in that room, and they have died, and more than one.

Delis was a little angry. She didn't expect that they were arranged in such a room.

After a quick wash, delis left the water room and returned to the room. She wanted to tell Wang Fan about it, but when she saw Wang Fan practicing with his eyes closed, she didn't disturb him.

Wang Fan sat at the foot of the bed, she sat at the head of the bed, so quietly watching Wang Fan practice, also don't know how long, a feeling of fatigue hit, she finally can't help but fall in bed to sleep in the past.

In another room which is quite good, the foreign man who took Wang Fan and Wang Fan on the cruise ship sat on a chair, dialing the phone from time to time, and his face was very gloomy.

He didn't expect that it was more than ten o'clock in the evening, and Wang Fan and Wang Fan hadn't ordered a meal yet.

Aren't these two hungry?

You know, in order to sell two people a sky high price dinner, he also specially let people prepare it.

As soon as they saw Wang Fan, they knew that they had been trapped on the desert island for a long time, and there was no oil in their stomach.

In this case, two people should order a meal as soon as they come up.

However, no matter what he thought, Wang Fan and Wang Fan didn't order meals or leave the room, which made his abacus empty and made him feel angry.

"Son of a bitch." Seeing that the clock had already pointed to 12 o'clock, DORO could not help but scold angrily, and then went to bed.

Wang Fan didn't know that nadoro used his servant's room to blackmail him for 20 million dollars. He was not satisfied and wanted to blackmail him for dinner.

At this time, he has been completely immersed in the cultivation, seems to have forgotten the passage of time.

In the blink of an eye, nothing happened, and no one bothered Wang Fan.

The next day, at six o'clock in the morning, Wang Fan was still practicing, and delis was still sleeping. Suddenly, with a bang, the door of the room was kicked open, and then an angry voice came in.

"Sleep, sleep, sleep what sleep? What time is it? His mother is still sleeping. Don't you hurry to work for me?"

A big man with a face full of flesh walked in with two men and pointed to Wang Fan. They yelled fiercely.

Wang Fan suddenly woke up, and his face turned pale. He looked coldly at the three people who broke into the house, and his eyes were already full of killing intention.

He didn't expect that in the state of cultivation, someone would dare to break in so rudely that he almost got hurt.

Fortunately, he was in a stable state of mind, which did not hurt, but even so, he was so awakened, still a little uncomfortable.

Delis also sat up from the bed in a moment of panic and looked at the three men in horror.

Chapter 1344

"What are you looking at? Are you two new here? Damn, we pay you to work, not to be your boss. Why don't we get out of here and work for me? "

This man's tone is very rough, see Wang Fan two people dare to stare at him coldly, not only did not restrain, but also more angry.

Wang Fan's eyes were cold. He stood up and went to the man. He raised his hand and slapped him in the face.

Although his strength did not recover, it was more than enough to teach this man who could not reach the realm of the day after tomorrow.

The man didn't expect that Wang Fan would dare to fight. Wang Fan slapped him in the face and drew him to the corner of the wall, spitting out blood.

"How dare you do it?"

"It's against you!"

Looking at the scene, the two men yelled angrily, and then waved their fists to fight Wang Fan.

But before their fists hit Wang Fan, Wang Fan had already kicked out.

Bang Bang two, two people were directly kicked out of the door, hit the wall outside, fell on the ground, spit out a mouthful of blood, cover the stomach for a long time can not get up.

Wang Fan didn't even look at the two soy sauce followers. He walked up to the leader and stepped on his face.

"who told you that we were servants? Who gave you the courage to kick my door? I'm a guest here. Is that how you treat guests? Do you want me to talk to your leaders? "

Wang Fan's eyes are cold, his tone is aggressive, and his aura is full.

The man was trampled by Wang Fan, and he was almost angry. Without hesitation, he touched his right hand on the walkie talkie and pressed a button directly.

It's obviously calling.

He secretly regretted that DORO was in charge of the business. Didn't he say that the two were timid and could be disgusted and provocative? How come it's not like that?

Wang fan can't help but hurt the three of them. It's also called timidity. It's just audacity, isn't it?

However, he can't think about it any more now. Anyway, director DORO said that he would be responsible for anything. Now he just needs to ask director DORO to come over.

In a few minutes, DORO came running with a group of people.

Before he came here, the angry voice had already spread, "I didn't ask you to be honest. How can you be so dishonest and dare to beat our people?"

"Do you know the consequences of making trouble on this cruise ship? Do you know the consequences of the people who beat us? If you don't want to be thrown down to feed the fish, just kneel down and apologize to me immediately, and then make compensation! "

DORO roared angrily and soon came here, looking at Wang Fan with a ferocious face.

Wang Fan listened to DORO's words, but he was not afraid at all. He sneered, "Mr. DORO, you are just in time."

"We promised you 20 million dollars before you allowed us to go on the cruise ship and arranged for us to stay in this room. In other words, we are guests here now. "

He pointed to the three men, "but these three people are good. As your people, they not only don't respect our guests, but also dare to break in. Would you be angry if it was you?"

"To tell you the truth, I've given you a lot of face. If it wasn't for your face, I would never have beaten him so easily."

DORO's face immediately changed when he heard Wang Fan's words. He didn't expect that Wang Fan would dare to talk to him like this. Is this the same Wang Fan who was yesterday?

but this is his site. He has the final say. He is not afraid of Wang Fan at all. He sneered. "So you have a right beating?"

"My people just broke into your room by accident and shouldn't be beaten like this? I'll tell you, I'm glad I've come to deal with this matter. If it's changed to another manager, you'll be dead. "

"You say, what should we do about it?"

DORO's tone is very hard. He obviously wants money.

Since Wang Fan agreed to give him 20 million US dollars without blinking an eye, this guy took a heart on Wang Fan and tried to get more money from him.

And it's not the first time he's done this kind of thing. There are not 100 people who have been sucked by him, and there are 80 people who have been sucked by him, which makes him make a lot of money.

As for those who cheated him and finally failed to pay, the consequences were very miserable. They either became slaves or disappeared in the world.

Anyway, with the help of the Ellie family behind him, he was not afraid that anyone would dare to default.

Wang Fan listened to DORO's words and sneered, "what can I do? He dares to break into my room rudely without my permission. It's natural for me to beat him. I didn't ask him to explain it, so it's very embarrassing for you."

"For your sake, they're going away now. I can take it as if nothing happened. Otherwise, don't blame me for making things so big. "

"I believe there will be a sensible steward on this cruise ship to do justice for me."

Wang fan is to eat this DORO dare not make things big, just dare to say so. After all, he plans to embezzle 20 million dollars. If this kind of thing is not disclosed, there is nothing wrong. But once it is poked out, he believes that so many Luo will be unable to take it.

What's more, he didn't believe that DORO would touch him before the two dollars started.

Yesterday, Wang Fan didn't have the power to protect himself, so he had to swallow his anger. Now that he has some power to protect himself, he naturally doesn't want to suffer any more losses.

DORO's face darkened immediately. He didn't expect that Wang Fan would suddenly become so difficult.

He hesitated again and again, and finally bit his teeth hard. "OK, you're fine. I remember you. Let's go."

Said, directly took the person to leave here.

The reason why he forbore to let his subordinates do it was because he was afraid of disturbing the people above, but it was not the most important. The most important thing is that he didn't get his 20 million dollars.

He vowed that once the 20 million dollars were in hand, he would immediately find a way to become Wang Fan.

Wang Fan stares at DORO's back and sneers. After they leave, he closes the door directly.

He practiced for more than two hours and opened his eyes at eight o'clock.

"Come on, let's go out and get something to eat and see if we can change our clothes." Wang Fan said to

delis.

"Is there any danger?" Although she was a little worried, her stomach cried out.

"Don't worry, there will be no danger." Wang Fan gave delis a reassuring look and took her out of the room.

Wang Fan's mental strength has been swept to the second floor. There is a casino. With his strength, it's very easy to go to the casino and make some money.

"Stop, you can't go up!" Just let Wang Fan angry is, he just went to the stairs, not upstairs, two strong men have stopped him.

Wang Fan was so angry that he pointed directly at the noses of the two burly men and began to shout loudly, "I'm a guest here. Why don't you let me go up and get away from me? Do you want me to call DORO?"

His voice is very loud. Not only the people on the bottom floor can hear him, but also some people on the second floor who are close to this side can hear him.

Wang Fan's heart is also sneering, his mental power has already been swept, DORO is hiding not far away, coldly looking at this side, it is obvious that DORO is deliberately looking for trouble.

Chapter 1345

"To die!" The two men's faces immediately changed, the left eye suddenly a ferocious, a twist, a direct blow toward Wang Fan, powerful heavy!

From the fierce fighting style, Wang Fan instantly realized that this guy was much stronger than the guy who provoked him in the morning.

Although this guy's strength has not yet reached the day after tomorrow, it is not much different. This kind of person has been regarded as a master among the experts in the secular world.

If you change to be an ordinary person, I'm afraid you'll really suffer under this man's fist. Even if you don't get killed, you're going to get seriously hurt.

But this person obviously bad luck, met Wang Fan.

"I think it's you who are looking for death!" Wang Fan gave a cold smile, pulled delis back and grabbed the man's fist.

With a slap, his palm quickly wrapped the man's fist, and then he did not hesitate to twist it.

Click!

Sharp voice came, the man's arm was twisted to pieces in an instant, and his forehead exuded cold sweat at the same time.

He set off a storm in his heart. He never thought that he was not the enemy of Wang Fan.

The man's face on the right side also changed, and he was about to start. Wang Fan quickly released the man on the left side, and stepped back again.

"I'm your guest. You have no right to stop me. If you stop me again, I'll shout." Wang Fan said coldly.

He knows that these two men are here, and their strength is much stronger than that guy in the morning. DORO must be trying to find an excuse to teach him.

But in this case, he can't really make things big, he can only make threats.

DORO, he believes, is also reluctant to make things big.

After all, DORO is just a steward, not a real power figure on the cruise ship.

The man heard the threat of Wang Fan, unwilling to stop the offensive, looked at the nearby DORO.

He also knows that it's not good for him to make a big deal. Of course, the most important thing is that he's not sure to win Wang Fan.

If they can clean up Wang Fan in an instant, even if Wang Fan yells, they won't care. But now he is not sure to take Wang Fan, that will be different.

DORO's face was as gloomy as black charcoal.

Who on earth is Wang Fan? Even these two subordinates who are about to enter the day after tomorrow are not rivals?

DORO clenched his teeth and could only make a sign of release.

His heart is already secretly decided, 20 million dollars to hand, we must kill this Wang Fan.

He is now how to see Wang Fan, how to feel uncomfortable, Wang fan does not die, he is simply a thorn in the throat, sleep and food.

Wang Fan quickly took delis to the second floor, and ran towards the casino.

Delis followed Wang Fan closely and didn't say a word.

Now Wang fan is the leader. Wherever Wang Fan goes, she will follow him. Whatever Wang Fan says to do, she will follow him. Anyway, everything depends on Wang Fan.

If Wang fan is alive, she still has a way to live. If Wang fan is dead, she will not be able to live.

They soon came to the gate of the casino, but to Wang Fan's dismay, they were stopped again, but this time a beautiful waitress stopped them.

The waitress didn't know which country she was from. She was tall, protruding forward and backward. She was enchanting, which was unbearable.

Her fiery red hair was curled up, and she was wearing a bordered cheongsam, which gave people a wild desire.

"Hello, sir, you need to go there to exchange at least one million dollars of chips before you can enter."

Her big eyes staring at Wang Fan, red thick lips light open, said to Wang Fan.

Wang Fan listens to this words, in the heart is more depressed, if this woman is Duoluo intentionally arranged, even if she again charming again sexy, Wang Fan will not give face to break in.

But now they say the rules of the casino, he can't do that.

A million dollars? Are you kidding? Wang fan can't even get a coin out now, let alone a million dollars.

He stared at the waitress unhappily and quickly stepped back two steps, thinking about the Countermeasures in his heart.

How can he win money if he can't get into the casino? It's all empty talk.

"Damn it, I lost again. I lost again. It's really bad luck."

Just as Wang Fan was thinking about the countermeasures, a cursing voice came, and then a handsome foreign man in his thirties came out.

This handsome guy is followed by a man and a woman. The man's breath is sharp, obviously the role of bodyguard, and the woman's is enchanting and charming, obviously the female companion.

His eyes were bloodshot and his face was red. He had obviously lost a lot.

As soon as Wang fan saw this guy, he knew that he was the master of money. As soon as his eyes brightened, he immediately met him, "Brother, if you are willing to believe me and take me to play, I can definitely help you win back all the losses."

"Don't worry, I don't need much capital, just a million dollars chips. And I'm sure you won't pay attention to this money. "

"If you lose, I'll let you handle it. If you win, we'll split the bill. What do you think?"

Wang Fan's face was full of smiles, pretending to be a bull and fork gambler, and said excitedly.

That foreign handsome guy has not spoken, the bodyguard behind him has already changed his face, suddenly blocked in front of Wang Fan, and looked warily at Wang Fan.

This guy's strength is pretty good, even has the level of the day after tomorrow.

Wang fan is to show that he has no malice, quickly back two steps to open the distance, and also spread the show.

The foreign handsome guy who was swearing listened to Wang Fan's words, his eyes immediately lit up, "are you serious? Can you really win money for me? "

There was a blazing light in his eyes. He was obviously a gambler.

"Of course, I'm the king of gamblers. I've never lost." Wang Fan said confidently.

"Good." The foreign handsome guy didn't hesitate at all. He immediately nodded and looked at the girl. "Linda, you can exchange 10 million US dollars for me right away. I want to try again."

"Young master, think twice. It's bottomless. How much money is not enough to lose. And this guy is dressed in rags. It doesn't look like a master. Don't be cheated. "

But Linda didn't listen to the handsome man's words and immediately went to change chips. Instead, she stared warily at Wang Fan and reminded him.

Her voice could not be lowered, so Wang Fan listened to it.

He was a little depressed. If he wasn't too clean, he wouldn't gamble even if he gave him a lot of money, and he wouldn't gamble for others, which is really

the foreign handsome guy frowned, and his eyes twinkled with impatience, "if you want to go, you can go, no matter what, even if you cheat me, I can't afford to lose just ten million dollars?"

Linda listened to this, did not dare to say more, quickly to exchange chips.

Just in the time of leaving, that eyes is a vicious sweep of Wang Fan, cold light flashing, obviously identified Wang fan is a liar.

Although the bodyguard of Mike didn't say anything, he stared at Wang Fan with the same cold eyes, obviously hostile to Wang Fan.

Chapter 1346

Linda soon came back with a hundred chips. The chips were one hundred thousand dollars. Ten million dollars was one hundred chips.

"Linda, give the chips to this brother and let's go in." Mike didn't even look at the 100 chips. He said to Linda.

"Oh." Although Linda was very reluctant, she didn't dare to offend the master Mike. She answered and handed the chips to Wang Fan.

There is hatred in her eyes that look at Wang Fan. This son of a bitch even dares to cheat their young master. She will leave the casino later. She must teach this son of a bitch a lesson.

Wang Fan didn't pay attention to the angry Linda. He took the chips impolitely, and then thanks to Mike, and swaggered to the casino.

This time, the waitress did not stop Wang Fan, but politely let him go.

She also admired Wang Fan's method. She cheated a big injustice in a short time and exchanged 10 million chips.

But her heart also knows that, although Mike is smiling now, it seems to be very friendly. Once Wang Fan loses all his chips later, Mike will not be so easy to talk when he knows he has been cheated.

Now these young and old people are all laughing and full of bad water. How can they really talk so well.

"Brother, which one are you good at? I'm familiar with this casino. I'll take you directly."

Mike waved away the two waiters who came and said with a smile to Wang Fan. That tone, I know it's the old gambler who often comes here.

"We're here to win money. Just go there and roll dice and guess the size of the points. The one who can get money quickly." Wang Fan confidently said that, on the lead toward the dice table walked past.

Mike frowned, but he didn't speak and followed.

But that Linda is more convinced that Wang fan is a liar.

In her view, the dice than the size of this gambling, simply do not need much technology, more is the luck component.

And dice is also the easiest way to cheat. How can other people's casinos let Wang Fan win the money? Just now master Mike lost 500 million dollars here.

It can be seen that Wang Fan said before that he had never lost in gambling, which is absolutely deceitful. This guy is a real liar.

It's just that Mike didn't speak. Naturally, Linda didn't dare to say anything. She could only follow him with anger on her face.

When Wang Fan and his party came to the gambling table, they had already attracted everyone's attention.

To be exact, it was Mike who got a lot of attention.

He just lost 500 million dollars here, so people here naturally know him.

"Oh, dear Mike, you're here again. Why did you only take 10 million chips this time? Is there no money? You can say that if you don't have money, I can lend you some."

A foreign man with a soft complexion looked at Mike and couldn't help saying.

As soon as I heard the tone, I knew that this guy definitely knew Mike, otherwise he would not have talked to him like this.

After all, no matter how familiar the gamblers are, they can't talk about friends. It's impossible to make such a joke.

Mike listened to the guy's sarcasm, his face immediately became ugly, no longer as kind as before.

But he did not attack, but coldly said, "Jamie, no matter how poor I am, Mike will not borrow money from you. Just save it. What's more, this time it's not me, it's my friend. "

The man named Jamie's eyes were cold when he heard Mike scolding his mother, but he forced himself to bear it.

He gave a cold Snort and took a dim look at the bodyguard behind Mike. Instead of paying attention to him, he saw a good play and obviously knew that the bodyguard was not easy to be provoked.

At this time, Wang Fan had gone to the opposite side of the lotus official and put his chips on the table.

The table is square and can be played by four people at the same time. Only when Mike came, all the people except the Dutch officer had stepped aside and stood aside to watch the play.

He Guan is a thin young man in his thirties. His face is like a knife, his eyes are triangular, his upper lip is

slightly tilted, and his nose is high. At first sight, he is not a simple character.

There was a faint smell of blood on his body. Even Wang Fan could hardly feel it if he didn't observe it carefully. It can be seen that this guy has seen blood and killed people.

"How do you want to play?" Emaciated man looked at Wang Fan one eye, slender five fingers tap lightly on the tabletop, light ask a way.

Wang Fan clearly noticed that when this guy was talking, there was a slight look in his eyes.

Obviously, he didn't pay attention to Wang Fan at all. He thought Wang Fan was the one who sent money.

Wang Fan did not care about each other's contempt, casually said, "you roll the dice, I'll guess the size or points, you can tell me how the odds."

Listening to Wang Fan's words, not to mention the skinny man Linda and the onlookers around him, even Mike's face changed. This guy's not really lying to him, is he? When someone comes to roll dice, does he need strength to guess the size or count? Or what kind of strength does Wang Fan have?

Mike's face was obviously gloomy, and he felt that he was fooled by Wang Fan.

It's just that he has just lost 500 million yuan, and this 10 million yuan has not been seen in his eyes, so it didn't happen immediately.

Linda is directly hate staring at Wang Fan, if the eyes can kill, Wang Fan has been killed countless times.

Fortunately, she also knew that getting angry with Wang Fan now would only make Mike lose face even more, so she had to endure it.

"Since you don't like trouble, let's make it simple. Guess the odds one to one, and the points one to five. If you guess the leopard correctly, how about ten to one?" The thin man raised the corner of his mouth and said to Wang Fan.

"Good." Wang Fan very simply nodded, "you shake it."

The emaciated man saw that Wang Fan was so simple, there was no nonsense, and he quickly shook up.

The speed of his shaking is not fast, but it is very regular.

Wang Fan found that with his shaking, the surrounding became quiet, and everyone began to listen carefully, even Mike was no exception.

It is said that some experts who play with sieves can judge the number of points by their voice.

These people obviously want to judge points by listening.

Wang Fan didn't listen carefully, but lazily buttoned up his ears, which surprised the people around him and the thin man opposite him. They were more convinced that Wang Fan was here to send money.

Mike is gnashing his teeth, almost want to slap Wang Fan on the head.

A local, sieve settled, thin man cold mouth, "well, you can bet."

Wang Fan yawned lazily, took out two million chips and pushed them out, "I'll press one, three, four, open it."

With Wang Fan's voice, the thin man's eyelids suddenly couldn't help jumping.

Others don't know how many points he shakes out, so he naturally knows. If he doesn't have this ability, he won't come here to be a Dutch official.

But his face just changed and returned to normal. "I'll drive it. Good luck."

He said, at the same time, he touched his finger in an inconspicuous place in the corner of the table. Wang Fan's mental power was instantly swept, and the four inside turned into five.

Chapter 1347

"One three five."

Looking at the number of points out, around a hiss, dark sigh Wang Fan bad luck, even a little bit to guess.

Mike's forehead was sweating and he could not help clenching his fist.

Although two million is not much for him, what he likes is the pleasure of winning. Now that he is almost winning, how can he not be excited?

It seems that Wang Fan didn't cheat him. He really has the ability, otherwise he won't win two points.

Linda couldn't help but widen her eyes. It was unbelievable. She didn't expect that Wang Fan had won two points.

Although Wang Fan didn't win, he was able to guess two points, which has proved that Wang fan is not simple. It is very likely that he will win all next time.

Luck, it must be luck!

Linda thought angrily!

"I'm sorry, although you won two points, you didn't win all, so according to the rules, you lost."

The emaciated man said to Wang Fan with regret, and then put away the two million chips impolitely.

Wang Fan's eyes have been cold down, he did not expect that this guy should be so shameless, even cheating with him.

No wonder those gamblers lose nine out of ten. It's strange that casinos can win by this means.

Wang Fan did not speak, mental moment swept out, immediately found that the previous man press the place there is a hidden button.

It's just that the button is very close to the pattern of the table, so even if you stare at it carefully, you can't see it.

His mental power swept wildly under the three screens and the table, and he immediately found that although the screen was hollow, it was inlaid with thin iron sheets on six sides, but there was a magnet under the table.

It's really a clever way. Is it not afraid that the customers will find clues and damage their reputation?

However, Wang Fan soon realized that his idea was a little ridiculous. First of all, the gambler could not see the obscure button. Even if someone can see it, do you dare to make trouble in the casino of the Ellie family?

At most, it's just to bear the breath and never come to play again.

When Wang Fan thought about this, he was surprised to find that the three sieves moved. Although the three sieves moved very little, they did.

As soon as Wang Fan's face changed, he immediately put his mental energy on one of the sieves carefully and began to strengthen gradually.

With the strengthening of mental strength, the sieve really moved slowly.

Wang Fan was very happy and took back his mental strength.

This is an amazing discovery. If his mental power can control the sieve, doesn't it mean that he can also get the points he wants?

"It's only two million. Can't you afford to lose? Do you still want to play? If you want to play, you can continue. If you don't play, you can give way. There are still guests waiting. I don't have time to waste

with you. "

The thin man didn't pay attention to the three sieves at all. He saw Wang Fan in a daze, and his face was gloomy and surprised. He thought Wang Fan couldn't afford to lose.

Wang Fan returned to God, looked at the man, "of course, play, how can not play, just two million, I did not pay attention to the same."

Mike didn't feel that, but Linda couldn't take it.

Son of a bitch, money is not yours. Of course you won't pay attention to it.

The thin man soon shook up again. With his shaking, the sound of daddada began to ring, and everyone became nervous, even Mike.

Before Wang Fan guessed two points, this time Wang fan can all guess it?

They all have some expectations.

Wang Fan didn't dig out his ears this time, but madly put his mental strength on the three sieves.

Just now the sieve was in front of the crowd. He didn't dare to go too far. Now his sight is blocked. What else is he worried about?

He wants to see if his mind can control the sieve.

With the increase of Wang Fan's mental strength, he was surprised to find that although the three sieves were still swaying with the thin man, he could control them at will.

Even if he wants which sieve is not swinging, which sieve will stop.

Wang Fan felt this scene, and his heart was determined. He didn't believe that the cheating method of gambling house would be better than his own.

Of course, the most important thing is that he can expose the cheating means of casinos at will, but his cheating means are nowhere to be found.

A local voice, the voice soon stopped, the sieve settled, the thin man said again, "bet."

His forehead also could not help exuding a cold sweat, in order not to let Wang Fan guess the number, he deliberately shook for a period of time.

After all, he can't touch that button all the time. Once he touches it too often, it's inevitable that someone will find it tricky.

Although he believes that even if some people really know that he cheated, they would not dare to expose it, but this kind of thing will still affect his reputation and business."Three, four, six."

Wang Fan took out two million chips and put them on 346.

The man's face became ugly again. He didn't expect that Wang Fan could guess so accurately. Rao Shi shook him for a while more, but he was still guessed by Wang Fan.

"Drive, drive, see if it's three, four, six."

"I can't wait to see what the points are."

Seeing that the man didn't drive immediately, the people around became impatient and began to urge him. He was even more excited than Wang Fan.

It felt like it was not Wang Fan who gambled, but they.

The man had no choice but to bite his teeth and cheat again, turning the number of points into three four five.

Wang Fan did not use mental power to change the points back, but sneered and said, "continue."

The man continued to shake, his heart has been disturbed.

The next two times, because of the man's cheating, Wang Fan lost another 4 million without accident. Plus the four million he lost before, he had only two million chips left in his hand.

Every time, he almost guessed right, but he ended up losing.

Mike and Linda's face has been completely gloomy down, they have completely determined that Wang fan is a big liar, and it is impossible to win.

After all, he lost four times in a row and only had two million left in his hand. It's strange that Wang fan can win.

But the face of Mike's bodyguard changed a little and looked at the thin man coldly.

As a master in the middle of the day after tomorrow, the thin man cheated in front of him four times in a row, which naturally won't escape his ears and eyes.

Not only Mike's bodyguards, but also some more careful people have found something abnormal. The skinny man obviously cheated, but no one dares to say it.

The thin man naturally felt the changes in the faces of the people around him. He looked at Wang Fan coldly, and his eyes had already flashed a sense of killing.

Although Wang Fan didn't lose money, it exposed his cheating, which means the loss of the casino.

When he finished shaking the sieve for the last time, Wang Fan pushed out the remaining two million, "156."

Thin man listen to this, nervous mood instantly relaxed down.

He thought that this time he would change the number of points by cheating, but he didn't expect that Wang Fan was wrong.

What he shakes out clearly is "one five five", how can it be "one five six"?

The skinny man drove the fastest this time, but he was also the fastest with silly eyes.

"156" the three clear points, just like a ray of thunder in his mind, he is tender inside and scorched outside.

Chapter 1348

"Won, won!" Mike's eyes were red and he yelled excitedly. His face seemed to have won hundreds of millions.

For a short period of time, people around can't help cheering.

"Damn it. It's amazing."

"One time back to the original, really damn cow!"

Guess the points, one lose five, which means that Wang Fan has lost before the eight million all one-time win back.

They all put themselves into the role of Wang Fan, the excitement can be imagined naturally.

If you want to say who else is not very good-looking at the scene, it is Jamie who mocked Mike before, and the emaciated man of the Dutch official.

"It's impossible, it's impossible, you fuckin 'cheat!" After the thin man recovered, he started to roar at Wang Fan.

Wang Fan's face immediately froze, "cheating? Which eye did you see me cheating? You are the one who shakes the sieve and you are the one who opens it. How can I cheat? "

"What's more, you just beat me so many times. Did I say you cheated? Why do you say I cheated when it's my turn to win? "

"Is it difficult that this casino only allows you to win by yourself, and does not allow the guests to win? In that case, I don't think everyone will come here to play in the future. "

People around listen to Wang Fan's words, also can't help but follow.

"That is, that is, if you can win, can't you win? What logic is that? "

"If you can't afford to lose, don't open a casino. What kind of people do you want to lose

"You just won so many times in a row, but they didn't say anything. Now that they won, you should say they cheated. What's the reason?"

They all started to pick up grievances, and obviously they didn't lose much money to the casinos.

The emaciated man has calmed down. He knows that he can't say Wang Fan cheated again at this time, otherwise it will cause public indignation.

"You go to the monitor to see if he cheated." He pointed to a maid beside him and said, then he looked at Wang Fan again, "let's continue."

Then he began to shake again.

But when he was shaking, his fingers gently knocked on the table, which confused people.

He didn't believe it, so that Wang Fan could recognize the number.

Let alone Wang Fan, even if he himself, under the interference of finger tapping on the table, he just knows the approximate number of points, but he is not sure.

"Two three five."

Wang Fan directly pushed out all the 10 million chips he had won at one time.

This time, everyone couldn't help but take out the air conditioner.

If Wang Fan wins, it will be 50 million.

Thin man also can not help but pinch a cold sweat, although 50 million is not the biggest gambling money he has ever handled, but it is not a small number. And Wang fan is so strange, which makes him very weak.

"Go, go!"

"What are you doing in a daze? Are you afraid that others will win again and dare not open it?"

"Drive, drive!"

People around to see the thin man hesitated, can not help urging up again.

They all want to see if Wang Fan will win this time.

The thin man clenched his teeth and opened it with difficulty.

Just in the open, he was afraid of Wang Fan really bet, and pressed the button again, cheating once.

Wang Fan mental power has been paying attention to the thin man, aware of this scene, sneer.

When the emaciated man pressed the button, his mental power had been frantically added on the three sieves, not to let them move.

"Two three five."

Looking at the open out of the points, people around the first Leng, and then again can not help cheering up.

"Wow, yes, yes again."

"What a goddamn man. It's exciting. It's exciting."

Mike couldn't help but clench his fist, and his face was flushed with excitement.

Fifty million yuan has been obtained. If you play like Wang Fan, you only need to win twice. He can not only get back the money, but also make a lot of money.

In the excitement of the crowd, the skinny man could not help slapping his fist on the gambling table, and then stood up.

His eyes fixed on Wang Fan, red as if to eat people in general, crazy roar, "son of a bitch, you dare to cheat, good courage!"

He was really angry, although he did not see how Wang Fan cheated, but he was sure that Wang Fan cheated.

Otherwise, he has obviously interfered with Wang Fan's eyes and ears, and has done something. Why can Wang Fan win?

With a slap, Wang Fan slapped on the gambling table, staring at the thin man with a sneer, "cheating? Which eye did you see me cheating? Take the evidence and speak up! "

"I won by guessing points with my strength. What qualification do you have to say that I cheated?"

Wang fan is not afraid of this thin man at all. He also points to Mike beside him. "Master Mike lost 500 million US dollars to you before. Why don't you say you cheated?" "How come now that I've won 40 million, you call me cheating? You're really a big cheater. You're unreasonable! "

Mike's face is also gloomy, coldly looked at the thin man, "that is, when you win my 500 million, why don't you say cheating?"

"I tell you, don't think your casino belongs to the Ellie family. You can cheat people at will. Other people are afraid of you. I'm not afraid of Michael. You are blind when you bully me. "

The thin man's face became more ugly when he listened to Mike's words.

He then remembered that Wang Fan had come with Mike, who was not easy to be provoked because of his complicated background.

At this time, the waitress who went to check the monitoring had hastily returned and shook her head to the thin man.

Obviously, she didn't find Wang Fan cheating.

The thin man's face is even more ugly. Although he is sure that Wang Fan cheated, there is no evidence, which is equivalent to not cheating.

"Stop talking nonsense. Let's go on. Don't tell me that you can't afford to lose and dare not play."

Wang Fan has seen that the emaciated man has the mind to retreat, and has blocked his retreat with words in advance.

If Wang fan doesn't say this, he will find an excuse to be unwell or to spend too much energy and go away.

But Wang Fan said it first. If he left again, the guests would have an opinion and would not come back to play again.

"Ask Master Pumi to come here, and I'll play with him again." The emaciated man could only gnash his teeth and say a word to the waitress, then he continued to gamble with Wang Fan.

No surprise, the skinny man once again lost a game, and Wang Fan's 50 million turned into 250 million.

At this time, the casino suddenly came a riot, and then Wang Fan's mental strength was swept. A fat man in his forties, accompanied by a group of waiters and bodyguards, came in.

"Master Pumi, it's master Pumi. How did he come?"

"Master Pumi is a new king of gamblers. It is said that he has participated in nearly a hundred world gambling games in the past ten years, but he has never been defeated. Who in the world has shocked him?"

"My God, I'm not dazed, am I?"

People around looked at the fat man and couldn't help exclaiming. Even Mike's face changed.

Wang Fan instantly realized that this guy is not simple.

But instead of looking at master Pumi, he looked at Mike and said, "Mike, do we want to continue playing?"

"I'm not afraid of him. I'm not afraid of losing. I'm afraid that when we win, we can't take so much money."

Chapter 1349

"Ha ha, you look down on my family. As long as you can win, no matter how much you can win, I promise you will take the money

Mike listened to Wang Fan's words, and before he had time to make a sound, Pumi's laughter had already spread, "if I'm not wrong, are you now holding 250 million chips?"

"According to your rules, if you guess the leopard, it will be ten times as much as possible. In other words, you can win 2.5 billion yuan at most. You can rest assured that I can still make the decision to let you take away such a little money."

Pumi said, has walked to the Dutch officer emaciated man side, the emaciated man is already stood up, respectfully stood aside, gave up the position.

Wang Fan did not expect that his voice was so small that this Pumi could hear it.

His eyelids couldn't help jumping and he looked at Pumi seriously.

It doesn't matter. Wang Fan was shocked to find that this Pumi was a warrior, and he was a three-tier warrior.

There were waves in his heart, and his expression gradually became dignified.

Wang fan may not care at all, but now he has to care. In his current state, this Pumi can easily kill him.

"Young man, let me play one game with you. If you win, no matter how much you can win, I will let you take the money."

"But if you lose, I'd like to invite you to my place and let's exchange our experience of gambling. What do you think?"

Pumi looked at Wang Fan and said with a kind smile.

Wang Fan didn't want to play any more, so he asked Mike.

Because once he wins too much, the most important thing is that he will offend the Ellie family behind the casino, which is very bad for him.

Even if he has strength, he is not afraid of the Ailey family, but now he has no strength, so he has to be cautious.

And now he has won 240 million yuan. According to the five to five point account, he can get 120 million yuan, which is enough for him.

But the last sentence of Pumi made Wang Fan change his mind.

This old man even wants to let himself go to him and talk about how to exchange gambling experience with him. This is obviously threatening himself. At the same time, it also means that the old man has the intention to kill himself.

Since this is the case, Wang fan is afraid of farting. Anyway, he has already offended. It's better to offend him more ruthlessly.

Without much hesitation, Wang Fan immediately said aloud, "I've heard that Mr. Pumi is the new world gambling king for a long time. It's my honor to compete with Mr. Pumi."

"Since Mr. Pumi thinks so, I'm more respectful than obedient. But if I win, I won't have to go to you to exchange my experience. "

"I'm not good at learning. I dare not exchange my experience with Mr. Pumi."

Wang Fan's voice is very loud, immediately penetrated out, almost attracted the attention of all gamblers in the whole casino.

Originally, when Pumi came in, he had already attracted a large number of people's attention. In addition to Wang Fan's cry, in an instant, most of the people gathered around here.

Pumi, that's a legendary character. He wants to gamble with others. How can he miss this kind of scene easily?

Pumi listened to Wang Fan's words, although his face was still smiling, but his eyes were obviously cold.

The boy really didn't know the heaven and the earth. Before he started gambling, his tone seemed to have won.

The most important thing is that the boy's scheming is too heavy.

How can such a cunning person as Pumi not see that Wang Fan wants to exert pressure on him with the help of others, so that he can't deny after losing?

Pumi took a gloomy look at those gamblers who were surrounded by excitement and looked at Wang Fan with a sneer, "let's start."

With that, he had already grabbed the dice cup and crazily shook the sieve.

The sound of clattering rang out, and everyone's face turned red. At the same time, he stifled his breath and began to listen with his ears.

The scene suddenly became audible, only the sound of the sieve shaking.

Pumi shakes the sieve very fast, and the shaking posture is also very good-looking, just like a performance, it looks pleasant.

With his shaking, in addition to the sound of the sieve, there was a strange buzzing sound in the dice cup.

The buzzing sound bewitches people's mind and makes people feel very uncomfortable.

Even a few of the most attentive gamblers, after a long time, turned pale and spewed blood.

At a local sound, at a certain moment, the dice cup settled and left. After all the sounds stopped, Pumi looked at Wang Fan and said, "bet."

At the same time, he was surprised.

He didn't expect that Wang Fan could be so calm, and he didn't seem to listen with his ears. Is it difficult for Wang Fan to have perspective eyes? But even if Wang Fan really has perspective eyes, it is also a loss, because he can change the number of sieve points at will.

"666, leopard."

Wang Fan's amazing words directly pushed out all the chips.

Anyway, he has offended the casino. Anyway, the other party has the intention to kill him, so he doesn't mind offending more ruthlessly and directly bet on the biggest one.

"Hiss"

listening to Wang Fan's voice, everyone couldn't help taking a breath of cold air.

Leopard?

How dare Wang Fan bet!

If Wang Fan wins, doesn't it mean that the 250 million in his hand will directly become 2.5 billion?

Two and a half billion dollars. What's the concept? No matter how rich the Ellie family is, it will hurt, right?

Mike could not help but clench his fist. His white face turned red and his eyes flashed with excitement.

If he wins, it not only means that he can win more than \$700 million in addition to his return. The most important thing is that they win Pumi. How can they not be excited?

Don't say it's Mike. Even Linda and Mike's bodyguard can't help getting nervous and looking forward to it.

Pumi intended to shake out the "666 leopard" on purpose. He wanted to satirize Wang fan when Wang fan made a mistake, saying that the chance of winning money was in front of him, but Wang Fan didn't grasp it, which made Wang Fan feel miserable physically and mentally.

But he didn't expect that Wang Fan had won.

But it doesn't matter. At most, you can't ridicule Wang Fan. Wang Fan still can't win.

Although many thoughts flashed through Pumi's mind, he opened the dice cup without hesitation.

Just when he opened the stock, his internal power poured into the table under the dice cup, and changed the number of sieve points through the vibration of the table.

But soon, his face changed, and he found that the three sieves were firmly fixed on the table, and the threads did not move.

Time flies, the dice cup has been opened, three huge "6" appeared in the public's sight, followed by a

series of "wow" sound.

Pumi's face became more gloomy. If he had known this, he would have opened it slowly, even smashed the sieve. Unfortunately, there is no regret medicine in the world.

Chapter 1350

"Master Pumi lost. Master Pumi lost. My God, I'm not dreaming, am I?"

"How is it possible that master Pumi, who has participated in nearly a hundred world gambling games and has not been defeated for ten years, has lost to an unknown young man?"

"Who is he? How come I've never heard of it? "

After half a day, the people around them could not help being shocked and talking. At the same time, they could not help looking at Wang Fan.

Master Pumi lost to Wang Fan, which is incredible for them.

This is something they didn't think about, but it happened.

"Win, win, ha ha."

Mike couldn't help laughing wildly. He tried to hug Wang Fan, but soon he was surprised to find that Wang Fan's face was extremely pale and looked very uncomfortable.

Wang fan is really uncomfortable. He used his mental strength to fix the sieve and fight against Pumi's internal force. This is a difficult thing.

If it wasn't for Pumi's speed of opening the dice cup, he would not have been able to hold on.

Wang Fan felt very tired. He was even more tired after the war with Lu De, who had taken off all seven layers.

He looked at Pumi. "Now I've won. Please remit the money according to the rules."

Wang Fan said and looked at Mike again. "Mr. Mike, give him your card and ask him to remit the money to your card. You can also keep my share for me first. Thank you."

Without hesitation, Mike immediately took out a card and said, "Mr. Pumi, this is my card. Please remit the money. I hope you can afford to lose, but don't disgrace the Aili family. "

Pumi's face was uncertain. After a while, he bit his teeth and left the casino with his card.

If there is no Mike, he can handle this matter by any means, and even let Wang Fan disappear in the

world without a trace.

But with Mike, he had to be careful. And now he also got the news that Wang Fan was brought by Mike, and even the \$10 million chips when he entered the game were also given by Mike. Obviously Wang fan is Mike's man.

Two and a half billion dollars soon arrived. Mike rubbed his hands excitedly. "Brother, what should I call you, and how can I give you the money?"

He also looked at delis. "Is this your wife? Do you have any other friends on this cruise ship? If not, you two can live with me. I have a big place and a lot of people. "

Obviously, although Mike is a good gambler, he is not a brainless idiot.

He knew that after this incident, the Aili family might not trouble him, but they would certainly trouble Wang Fan, so they directly invited Wang Fan and Wang Fan to his place.

When Wang Fan listened to Mike's words, his good feeling for him improved a lot.

This guy is not bad. He is not only afraid that he and delis are in danger, but also invited them to live. He is not greedy at all. Wang Fan deserves \$1.2 billion.

You know, that's 1.2 billion yuan. It's not 12 yuan. How can anyone be indifferent?

"Thank you, Mr. Mike, for your kindness, but I'm afraid I'm going to trouble you and move to your place."

"You know, I've offended the Ellie family this time. The Ellie family will not let me go."

"As for my \$1.2 billion, you only need to give me \$1 billion, and the rest is the cost of living with you."

Wang Fan also has no affectation, says quickly.

If he has strength, he really doesn't want to trouble Mike, but he has no strength now. If he goes back to the bottom, he will be crushed to death at any time by Pumi's means.

After all, Pumi is not the DORO. He is a strong man.

"How can I do that? You can rest assured that I will not give you less of what belongs to you. As for the Ellie family, you don't have to worry. You live with me. I promise they won't trouble you. "

"Just get off the cruise ship, you have to be careful. I've implicated you this time. I didn't expect you to be so powerful and win so much."

Two people said, soon came to the place to sell clothes, Wang Fan and delis first changed clothes, then went to dinner.

After dinner, he followed Mike to Mike's house.

Mike's residence is really big and luxurious. It's estimated that this cruise ship is the best.

There are a lot of bodyguards and servants inside. When they see Mike, they bow down respectfully to say hello, which shows that Mike's identity is extraordinary.

Not only that, Wang Fan also felt that there were three hidden breath in the room, and the breath absolutely reached the state of detachment.

Wang Fan felt this scene, and at the same time, he finally understood why Pumi didn't dare to be angry with Mike.

Mike has the support of such experts on the cruise ship. Even if the Ellie family wants to move him, it's estimated that they have to weigh it.

After Mike arranged Wang Fan and Wang Fan in the same room, Wang Fan began to practice again. Now his strength has only recovered to the early days, far from the peak, far from self-protection ability.

After Pumi left the casino with a gloomy face, he asked people to check the origin of Wang Fan and dilis, but he went back to the room.

His heart was very depressed. He never thought that he had lost 2.5 billion yuan due to his negligence.

This is equivalent to this period of time all the profits of the casino, he thought all vomit blood.

But he couldn't figure it out. Wang Fan didn't even touch the dice cup sieve. How did he make the sieve stand still?

And he also carefully felt the strength of Wang Fan, congenital early just, not enough to compete with him ah.

Pumi can't wait to catch Wang Fan and ask him.

Soon, news came that Wang Fan and delis had gone to Mike's house.

As for the origin of Wang Fan and delis, because they were brought up by DORO on the way, there was no registration at all, and no one knew their origin.

When Pumi heard the news, his face changed and he immediately gave an order to one of his subordinates, "call DORO to me right away. I have something to ask him."

"Yes." The subordinate didn't hesitate and quickly retreated.

It wasn't long before DORO was brought here.

At this time, DORO was no longer arrogant and domineering in front of Wang Fan. He lowered his head and bent down. His behavior was very formal and his heart was very uneasy.

Pumi is one of the two masters of the cruise ship. In his eyes, Pumi is an unattainable existence.

He didn't have the qualification to see Pumi at ordinary times, but now he is called by Pumi, how can he not be uneasy?

The most important thing is that he already knows that Pumi summoned him to come here for the sake of Wang fandilis and Wang Fan. It is said that Wang Fan and Wang Fan have made a big trouble in the casino, which has aroused Pumi's dissatisfaction.

If he had known that Wang fandilis would cause this kind of trouble, no matter how greedy he was, he would not have got Wang Fan on the cruise ship.

"Lord Pumi, are you looking for me?" DORO went to the front and back of Pumi's face, knelt down on his knees, and asked humbly.

"It's said that you've sneaked up two people from a desert island. Do you know where they came from?" Pumi asked without any nonsense.

DORO's heart sank to the bottom, but he still bit his teeth and shook his head. "I don't know. I just listen to the man's voice. It seems that I have a lot of money, so I want to earn some extra money."

DORO didn't dare to hide at all, and told his mind.
