Chapter 1351

DORO knew in his heart that Pumi knew all the tricks he was secretly making, but he didn't bother to interfere.

"I don't know?" Pumi's face froze. "I don't know what you're doing with them. Do you know how much we've suffered since they came up?"

Pumi said coldly, "two and a half billion. That's two and a half billion. Even if you cut your head, you can't afford it!"

"For your petty profit, we have suffered so much from the Ailey family. Do you know the crime?"

Pumi was so angry.

If DORO knew the origin of Wang Fan, maybe he would not be angry, but DORO did not know the origin of Wang Fan, which he could not accept.

In the past, he didn't bother to take care of Dora. These people were making extra money at the bottom. It was because there was no bottom line involved, so he turned a blind eye.

But now it comes to his bottom line, how can he tolerate it?

DORO listened to Pumi's words, a cold sweat immediately came out, "I know the crime, I promise I will never do this kind of thing again."

He also gave careful advice, "although those two guys are a little bit short, they are humble. Now he just relies on that Mike, so we can't move him."

"As soon as I get off the cruise ship and leave Mike, DORO will definitely let him spit out his money with interest."

"Oh, really?" As soon as Pumi's face changed, he slapped DORO in the face.

With a slap, DORO's whole body was directly pumped up. While the blood splashed, he fell in the distance and couldn't get up for a long time.

But he didn't dare to wipe the blood from the corner of his mouth at all. Instead, he cried out in spite of the pain, "spare your life, Mr. Pumi. The little one doesn't dare any more. I promise there won't be another time."

Pumi sneered, "you don't have a chance to have another time."

With a wave of his hand, he said, "bring it down to me and deal with it according to family rules. By the way, I'd like to warn the rest of them to be honest and not to bring up any more people who are not clear. "

"Yes." The subordinate answered, and regardless of DORO's cry for mercy, he picked it up and took it out.

DORO's face was full of despair, he knew that he was finished, finished!

After DORO was taken away, Pumi's mind flashed, but suddenly thought of a thing, "desert island, unidentified, a man and a woman, are these two people Wang Fan and song Rumei?"

When he thought of this, he immediately gave an order to go out again, "immediately send me two photos of Wang Fan and song Rumei. Remember to hurry."

"Yes My subordinates take orders respectfully.

An hour later, Pumi had got the photos of Wang Fan and song Rumei. When he looked at the photos, his eyes lit up immediately.

He can see at a glance that the guy who won him 2.5 billion is Wang Fan in the photo, but he doesn't know who is delis around Wang Fan.

After all, there are differences between Song Rumei and dilis in appearance and figure. Even if Pumi can see that dilis' face has been manipulated, she still knows that dilis and song Rumei are not alone.

After learning Wang Fan's identity, Pumi immediately gave up the idea of continuing to trouble Wang Fan. Instead, he sent out the news through special channels and informed the NASS family.

He wants to use the people of NASS family to kill Wang Fan, in order to solve the problem.

The NASS family.

Nash sHouse is in a hurry to summon people, trying to deal with the next craze attack of the Krey family.

However, I didn't expect that after more than ten days, the Krey family didn't respond at all.

Is it hard that delis didn't send the story of being imprisoned by the NASS back to the Kremlin? Or is it that delis hasn't had time to get in touch with the outside world?

Now Nash sHouse can't care about Wang Fan any more. What he worries about is delis, the Ke Ge family. Compared with the Kere family, Wang fan is nothing.

When Nash sHouse was in a state of anxiety, he suddenly received a message from someone who was

anonymous.

Wang Fan and a woman appear on the cruise ship of the Ailey family. The next stop is Cuicheng in Malaysia.

Not only that, the other party also came with two photos. You can see that the photos were taken in the past two days. It's absolutely true.

Nash sHouse got the news, without any hesitation, immediately someone from the police station rushed to Cuicheng, blocking up Wang Fan and delis.

This time, the NASS family is almost the best of the whole family. Compared with the last time they searched for Wang Fan, the battle is much stronger.

Nash sHouse was really afraid. In any case, he could never let delis contact with the craze family. In any case, he could not let the craze family attack him.

In order to win delis one step ahead of time, the NASS family is completely crazy!

The whole two days, Wang Fan did not go out, even if it is to eat, it is also brought back by delis, he ate in the room.

After three days of cultivation, his strength has been restored to the top of the innate, only one step away from the ordinary. But the aura between heaven and earth is too weak. It will take him a long time to recover to the first level.

Wang fan can't help but miss those pills. If there are pills, he has definitely recovered to the peak now.

Unfortunately, all the pills were lost in the sea. He didn't have any pills at all.

On this day, Wang Fan was practicing, but he suddenly felt a strong aura.

Without hesitation, he immediately left the room and ran towards the direction of aura.

He wants to see what is so rich in aura. If possible, he must find a way to get it.

Wang Fangang just followed the direction of aura and came to a hall. With a bang, a loud noise came.

Then he found that a woman in black, graceful posture, mouth gushing blood was blown up, heavily fell on the ground.

Her face was very pale, but her eyes were full of hatred.

In front of her, there was a man with luxurious clothes and a cold face. The man was holding a black bag

which was obviously a woman's and staring at the woman with a sarcastic face.

"Damn it, bitch, you've stolen everything from me. You're blind. It's comfortable for you to serve me. I'll spare you this time. If you dare to steal from me next time, I'll definitely kill you! "

The man yelled at the woman and left without hesitation.

Those ordinary people around listen to this, although they are a little dubious, but those martial arts, but the eyes are showing contempt.

The strength of the woman in black is only at the beginning of the day after tomorrow, but the strength of the man is at the beginning of the day after birth. Does she dare to steal the man's things after eating bear heart and leopard's gall?

What's more, even if it's really stolen, can she bring it out? Will she be caught here?

As long as you are not a fool, you all know that the reason why this man said this is obviously to find a reason to rob the rich aura in the woman's bag.

Of course, no one dares to be fussy in this situation. They are not afraid of this man's strength, but of this man's identity.

Because this man's name is Jamie, and he has the backing of the world.

Listening to Jamie's shameless words, the woman in black couldn't help but burst out with a mouthful of blood, and then screamed,

"what a shameless thing. If you want to rob me, just tell me straight away, where are so many excuses? Don't you cheat people by your identity? If you get it right, no one dares to do anything. If you have seed, you will kill me. "

Chapter 1352

The woman in Black said, and immediately looked at the people around, "I don't need you to stand out for me, I just want you to know what this person is."

"In order to get my soul chalcedony, she will not only hurt me, but also slander my personality. If you have good things in the future, you must hide them. You can't be found by this beast."

Jamie was about to leave, but when he heard what the woman in Black said, his face became gloomy immediately.

He suddenly looked back at the woman in black, eyes flashing out of the extreme murder, "smelly bitch, this is your death!"

Jamie said angrily, and at the same time, he threw a punch at the woman in black.

The boundless murderous spirit is stirred up. If the woman in black is hit by Jamie's fist, it's absolutely lifeless.

In the face of Jamie's murderous blow, the woman in black didn't evade or even fear.

What about death? Even if she died, she didn't want to be a shrinking turtle.

"Ha ha, I want to kill people after robbing other people's things. I've seen many shameless people, but I've never seen such shameless people as you."

Just as Jamie's fist was about to hit the woman in black, suddenly a scornful laugh came, and then a man suddenly stood in front of the woman in black, followed by a blow.

With a bang, his fists collided with each other, and his strength was frantic. Jamie felt a violent force coming, and he could not help but step back three or four steps.

After he stabilized his figure, he looked coldly at the uninvited guest and said, "is it you?"

Jamie's face was very gloomy, because he knew the guy who stood out for the woman in black.

This guy is Wang Fan who won 2.5 billion yuan in the casino with Mike three days ago.

"Yes, it's me. We meet again." Wang Fan looks at Jamie sarcastically and nods indifferently.

Naturally, he recognized Jamie, because when he followed Mike into the casino, Jamie also taunted him.

"Boy, you're just Mike's running dog. You're not qualified to meddle. Get the hell out of here, or even if Mike comes, he won't protect you! "

Jamie was so angry that he didn't expect anyone to meddle in his business.

If the one who dares to meddle in his business is Mike, it's OK. After all, Mike is equal to him, even more powerful than him.

But this man turned out to be a dog under Mike. How could he accept that?

Because Jamie only knows that Wang Fan helped Mike win the money by gambling, he doesn't know the real relationship between them, so he subconsciously takes Wang Fan as Mike's subordinate.

"Ha ha." Wang Fan laughs again, "I finally know what is really forced king.". As for the ability of pretending to force, you are the second. I don't think anyone dares to be the first. "

"Why, is it reasonable for you to rob other people's things? What if I meddle? I'm not afraid to tell you that I'm a meddler. "

Wang Fan said here, his face suddenly cold, "you immediately robbed the miss's things to hand over, I can spare you a dog's life, otherwise, don't blame me for being impolite."

People around listen to Wang Fan's words, a burst of laughter.

Jamie is a little mad. A mere running dog of Mike dares to provoke him and insult him like this. He is looking for death.

Although the woman in black is very grateful that Wang Fan will stand up for her, knowing Jamie's identity, she can't help but feel bad in an instant, and can't help reminding,

"this gentleman, thank you for standing up for me. It's just that this guy is not easy to be provoked, and there is a powerful support behind him. You'd better run for your life."

Listening to the woman in black, before Wang Fan could speak, Jamie already grinned, "run for life, I see where he can escape."

"Son of a bitch, dare to provoke and insult me, Jamie. Even if Mike comes today, you will die!"

Jamie roared angrily, and his whole body was already madly inflated. His right leg suddenly stepped on the ground and set off a roaring sound. The whole person rushed towards Wang Fan madly.

Before others rushed to Wang Fan's face, his right hand had suddenly shaken, and a crescent curved knife flashed into his hand, and then directly cleaved to Wang Fan.

The wind is roaring and the air is tearing. It's obvious that this guy really wants to kill Wang Fan.

Although they admire Wang Fan's courage to see injustice, they are also worried about Wang Fan's future.

In this whole cruise ship, except for the Ellie family, Mike, and a few people, anyone who offends Jamie is looking for death.

"Ha ha, escape. Do I need to escape? One hand is enough for a grasshopper like you. " Wang Fan disdained a sneer, the whole body muscles suddenly tight, in the momentum rose at the same time, directly won up.

His body shape is like electricity, instantly penetrated Jamie's knife mu, right fist hard hit Jamie's chest.

With a bang, a big bang sounded. Jamie couldn't help spitting out a mouthful of blood, and his face turned pale and flew out. At the same time that Jamie was blasted out, Wang Fan grabbed the black

steamed bun with his left hand.

There was a dead silence at the scene.

No one thought that Wang fan should be so fierce and dare to hurt Jamie.

You know, behind Jamie, there is a great ability to take off everything. Isn't Wang Fan afraid of death?

Jamie was also shocked.

He didn't expect that Wang Fan would be so powerful and hurt him with one move!

Wang Fan ignored the shock of the people around him and went to the woman in black with her bag.

When he wanted to return the bag to the woman and asked if he could pay for the spirit chalcedony, the woman spoke quickly.

"I'm sorry, I've implicated you in this matter. I'll give you the spirit chalcedony in the bag as a reward. Run for your life."

The woman in Black said that, without waiting for Wang Fan to reply, she directly got up and fled to the distance. There was no trace of a few flashes.

She is not a fool, naturally know that Wang Fan for her, mostly because of the spirit of chalcedony, so directly gave Wang Fan a favor.

Before she is not afraid of death provocation Jamie, because do not want to be insulted, but also dare to anger. Now that Wang Fan has been angry with her, she will naturally find a way to escape.

When Wang Fan touched his nose, he suddenly felt some blush.

Although his behavior is not as shameless as Jamie's, it's also a bit out of the ordinary.

Wang fan is thinking about whether to catch up, suddenly feel a strong breath approaching.

Wang Fan's eyelids jumped and left here directly from another direction without hesitation.

Not long after he left, an old man in his 70s appeared here.

The old man was dressed in coarse linen. He was as thin as firewood, and his face was full of potholes. It was as if he had been eaten by insects. He was hideous!

Looking at the old man, some timid people around him could not help screaming in fright. What's more, they could not help turning pale and covering their eyes.

The old man looked at the people around him with a gloomy smile and stepped in front of Jamie in three or two steps. There was a hoarse voice in his mouth, which made his teeth ache and palpitation,

"master Jamie, are you ok? Who hurt you?"

Chapter 1353

Wang Fan quickly returned to the room, when he went back, Michelin dadelis and others were in.

Mike looked at Wang Fan's hasty expression and asked, "what happened? Why are you in such a hurry?"

"By the way, I heard that someone hurt Jamie's son of a bitch. Isn't that you?"

Listening to Jamie's words, Linda couldn't help showing a touch of disdain in her eyes. "Don't put gold on his face. Jamie is a natural expert. Can he hurt Jamie?"

"In my opinion, it's mostly because he didn't know which hooligan he had offended, so he came back to take refuge."

Linda doesn't have a good face for Wang Fan at all. Even if Wang Fan helps Mike win the money, Linda still doesn't like Wang Fan. So if she has something to do, Linda can't help sneering at Wang Fan.

Just because Wang fan doesn't come out of the room, Linda doesn't have many opportunities to sneer at Wang Fan.

Wang Fan ignored Linda, but nodded to Mike with a wry smile, "yes, it's really Jamie I hurt."

"Because I saw him snatch a woman's bag, I couldn't see it, so I gave him a lesson."

"It's only after I've taught him a lesson that I know that he has the support of a master in the world behind him. So I want to ask if I can still live here. "

"If I'm going to cause you trouble living here, I'll leave right away."

Wang Fan did not drag mud and water, said quickly.

After all, if he continues to live here, he must make it clear to Mike. Otherwise, once the escape master behind Jamie comes to the door, but Mike doesn't know, it's not easy to do.

Once Mike gets upset and doesn't care about Wang Fan, Wang fan doesn't have the ability to compete with the experts.

If Mike knows that he still dares to keep him, he will hurry to use linyusui to practice. If Mike dares not keep him, he will take delis with him immediately.

When Linda listened to Wang Fan's words, she couldn't help but open her mouth in surprise. At this time, she looked at Wang Fan carefully, but Wang Fan didn't look like a congenital expert.

Delis is a little worried. He knows the state of Wang Fan. Now Wang Fan really can't get rid of the experts.

Mike's face also became dignified. He asked seriously, "is Jamie seriously injured? Is his life in danger?"

Wang Fan quickly shook his head, "no, I just hit him, even his ribs are not broken, as for the danger of life, it will not have more."

Michael was relieved. "In that case, you don't have to be afraid. Just live with me. The man behind Jamie is here. I'll help you block him

If Jamie's life was in danger, or if he died, Mike wouldn't dare say that.

But he just spat a few mouthfuls of blood, not even serious injury, and he was not afraid of it.

"Thank you. I'll go into the room." Wang Fan gave a thank you, and then went directly into the room.

Linda couldn't help staring at the bag in Wang Fan's hand, and her eyes flickered with doubts. "Isn't it that Jamie robbed a woman's bag, and he just took it out on the wrong side of the road?"

"Why did he have a woman's bag in his hand? Did he snatch it back from Jamie again?"

Mike listened to this, but also can not help a clever, subconsciously nodded, "Yeah, what's going on?"

But he soon regained his mind. "Linda, if you don't see the bag in his hand, don't let it out later in case the guy behind Jamie comes to the door."

"Oh." Linda nodded quickly.

Among the people present, only the bodyguard, Mike, stares at the bag in Wang Fan's hand.

He actually felt a strong aura from the bag, but the feeling was not obvious, so he was also doubting whether he had a delusion.

After all, not everyone has Wang Fan's keen perception.

Although Wang Fan's strength is no longer there, his perceptibility and spirit are still there.

When Wang Fan came back to the room, he immediately opened the black bag. When he saw the three pieces of spirit chalcedony the size of eggs inside, he was so excited that he almost cried.

Ling yusui, though not a treasure against heaven, it is enough to support his full recovery.

Wang Fan didn't waste any time. He grabbed two pieces of spirit chalcedony in his hand and began to practice crazily.

With his cultivation, the aura in the spirit chalcedony was absorbed crazily, turned into white fog and rushed into his body.

If there are ancient warriors here, they will be surprised.

It's terrible that cultivation can make such a big formation and make aura turn into white fog, isn't it?

The most important thing is that the aura turned into white fog has not been scattered at all, and has been completely absorbed by Wang Fan.

Wang Fan has forgotten everything and started his crazy absorption practice. He didn't know when the expert behind Jamie would come to him, but the stronger his strength was, the stronger his self-protection ability was. There was no doubt about that.

If he wants to use this spirit chalcedony to break through strength, maybe it will be difficult.

But he just wants to restore strength, which is not the slightest difficulty, as long as the aura is enough, his strength can quickly return to the peak.

In Wang Fan's crazy absorption, just half an hour, the light of the two spirit chalcedony has become pale, and the surface also cracks.

Wang Fan's strength, also from the congenital peak to the peak of a layer, and is still rubbing to rise.

Half an hour later, the sound of clack sounded, the aura of the two spirit chalcedony had been exhausted, and began to crack. And Wang Fan's strength, also smoothly recovered to the second floor.

Wang Fan did not stop, quickly picked up the third spirit chalcedony, and continued to practice.

Only this time, after less than five minutes of practice, he suddenly heard a loud bang, as if the door outside had been kicked open.

Wang fan stopped practicing in an instant, and his mental strength swept out.

Sure enough, Jamie came in with a gloomy 70 year old man.

The old man is as thin as firewood, but his breath is very strong. He has three levels of cultivation.

In the room, Mike, Linda, Derris, and Mike's bodyguard all stood up, their faces turned gloomy.

Delis, in particular, not only has a gloomy face, but also has a cold sweat on her forehead.

If Mike can't stop him, Wang Fan will be in danger.

"Jamie, how dare you break into my room! Don't you think it's great to have a master behind you? I'll tell you, Mike, this is not the place where you can go wild! "

Mike looked coldly at Jamie and said with a cold face.

Jamie grinned grimly. "Mike, I'm not here to look for you today. I'm here to look for the son of a bitch who helped you win three days ago."

"He hit me in the face and humiliated me. Jamie didn't say anything and robbed me of Jamie's things. I won't let this son of a bitch go."

"If you Mike really stand out for him, we'll fight directly. I want to see if the people behind you will fight for him."

"To tell you the truth, he robbed me of my soul chalcedony. I can't let it go like this."

Jamie's tone is crazy, aggressive, no doubt, "I want to kill him, who stop who die! Now, give me the man

With his voice, the 70 year old man next to him also radiated the momentum of breaking away from the ordinary three-tier crazily. The killing opportunity was very fierce, and he had the situation of immediately taking action when he didn't agree with each other.

Spirit chalcedony?

Mike listened to this, and looked at the posture of Jamie and the old man. His face was stiff and ugly.

Chapter 1354

Mike didn't expect that Jamie's attitude would be so tough, even involving Ling yusui.

He thought it was just a small matter. As long as he was tough, Jamie couldn't fight with him at all. But when it comes to Ling yusui, it's different.

However, if he is allowed to hand over Wang Fan in this way, he is not reconciled.

He is also a man with a head and a face. If he bows his head just because of Jamie's tough threat, how can he meet people in the future? It's Mike's fault that people in the circle don't laugh at him.

Jamie seemed to guess what Mike was thinking and continued to say with a grim smile, "Mike, I know

that guy is here. You let him out."

"I know you will lose face if you hand him over like this. But don't worry, I will never tell you about it. "

"I'm Jamie. I'm also a man of honor. I want to be ashamed, too!"

Jamie was obviously referring to being beaten in the face by Wang Fan.

Although Mike knew Jamie was right, he didn't immediately nod his head.

Because he really didn't want to bow his head and hand over Wang Fan.

"Young master, I think I'd better hand over that guy. He didn't even tell us about his stealing Ling chalcedony. It's obvious that he's pitching us. Why do we have to protect him when he has made a fool of us? "

Seeing Jamie's aggressive posture, Linda couldn't help persuading him, "what's more, he's not one of us, and we don't have such a deep friendship with him. Why do we have to fight with Jamie for his sake?"

"Once you protect him, it will cause a battle between the elites. If it's more serious, it will even cause a battle between the two families. It's not worth the loss!"

Linda doesn't like Wang fan anyway, and there's no pressure to talk about it.

The most important thing is that she thought about things from a rational point of view. Once Wang Fan started a fight between the two families, the consequences would be really bad.

"Shut up Mike couldn't help roaring at Linda. "What do you know? Do you have a part to talk about here? Do I need you to teach me if I can't

When Mike yelled at her, Linda immediately lowered her head and stopped talking.

Drop by drop.

At this time, Mike's cell phone suddenly rang, he connected the phone, just a few seconds to hang up the phone, but his face is becoming more ugly.

The phone call was from the master who took off from Wang Fan upstairs and told him not to interfere in Wang Fan's affairs. Obviously, he is not willing to fight with Jamie for the sake of Wang Fan.

Jamie naturally also heard the phone content, can't help but sneer, "why, Mike, do you still want to protect that boy?"

"The people behind you don't want to interfere in his affairs. Even if you want to protect him, I guess

you can't?"

Jamie said, ignoring Mike, and yelling in the hall, "son of a bitch, get out of here!"

"I know you can hear me. If you don't want Mike to be in trouble, take the initiative. Even if you don't come out, I have some means to force you out. You can't escape! "

"No one behind Mike is willing to protect you. Do you really think Mike can protect you? Come out, I'll count to three. If you don't come out, don't blame me for being rude. Go in and search directly! "

Jamie's voice clearly spread throughout the room, upstairs and downstairs, as long as anyone can hear.

Mike's fists were clenched, his face twisted, but he had a deep weakness.

Although he wanted to protect Wang Fan, the people behind him didn't want to. What's the use?

After all, his own strength is only at the beginning of his life. He can't stop Jamie and Jamie alone.

Creak, a door opening sound, Wang Fan slowly came out of the room.

"Wang Fan."

"Wang Fan!"

Mike and delis look at Wang Fan and can't help making a sound one after another.

Her eyes were full of worry and tears.

She knows what it means for Wang Fan to come out. If possible, she would rather die for herself than Wang Fan.

Mike's eyes were full of guilt. He seemed very angry and powerless.

He vowed that he could keep Wang Fan, but in the end he didn't, which is not a kind of sadness?

"Son of a bitch, I thought you would hide like a grandson all the time, but I didn't expect you to be a bit responsible!"

Jamie looked at Wang Fan and couldn't help shouting, "aren't you arrogant? Aren't you arrogant? Where was your courage to meddle and hurt me when you saw injustice?"

"Son of a bitch, if you dare to touch me, it's the most wrong thing you've ever done in your life. I'll make you pay for it! I said, "no one can protect you!"

When Jamie said this, he pointed to Wang Fan suddenly, "do you take the initiative to follow me, or do I take you by force? This is Mike's territory. I don't want to touch you on his territory." Wang Fan slowly nodded to Mike and delis, indicating that they didn't have to worry and blame themselves. Then he looked at Jamie with a sneer, "I just mean it. I don't want to do it here. I'll go with you."

With that, Wang Fan walked out slowly.

Jamie saw that Wang fan was arrogant now. He was almost angry. He almost couldn't help kicking it. Just looking at the side of that gloomy face of Mike, finally put up with it.

"Well, well, you are kind enough. I want to see when you can be arrogant!" Jamie grinned coldly and walked out of the room behind Wang Fan.

Plop!

As soon as they went out, delis could not help kneeling down and pleading with Mike, "master Mike, master Mike, I beg you, help him, help him."

"As long as you're willing to save her, I'll do whatever you want me to do, I promise, delis."

Derris was crying. She knew that in this case, she had to rely on Mike to save people, so she knelt down without hesitation.

You know, delis is the little princess of the Krey family. How much courage does she need to kneel down.

As soon as Mike's eyes changed, he quickly picked up delis and shook his head bitterly. "It's not that I don't save him, it's that I can't save him at all."

His expression is also uncomfortable, "the people behind me don't want to fight with Jamie for him. I can't do anything with my own ability. If I can save him, why don't I want to save him? "

When she heard this, she fell to the ground, pale.

Wang Fan perceived this scene through his mental power, and his eyes were cold as he was moved.

Almost when Wang Fan was just taken away by Jamie, master Pumi of the Ailey family had been informed.

After he ordered his subordinates not to do anything, he immediately left the room and ran towards Wang Fan.

He wanted to see whether Wang Fan was a man or a dragon, and whether he could escape from Jamie and pockmarked face.

Chapter 1355

Wang Fan was soon taken to Jamie's room.

When he went in, there were more than a dozen people in the room.

These ten people are wearing suits, ties and sunglasses, standing in all directions of the room, giving people a heavy sense of oppression.

Wang Fan just glanced at them and knew that although these people looked full of momentum, their strength was not very strong, and the most powerful was only the congenital peak.

Wang Fan has not paid attention to this strength.

Bang, Wang Fan almost just stepped in. A man guarding the door quickly closed the door and locked it with a click.

Jamie is grimly looking back at Wang Fan, "boy, I didn't expect that, so soon I was brought here."

"Meddle in my Jamie's business and hurt me. Do you really think Mike can protect you? Why, do you regret it now? "

As he spoke, Jamie stroked his chest, as if recalling the scene when he was injured by Wang Fan.

"Regret?" Wang Fan sneers. He is about to speak, but he is interrupted by Jamie.

I saw Jamie face suddenly a ferocious, finger a little Wang Fan, roared out a voice, "kneel down to speak!"

"Kneel down and talk?" Wang Fan's face was immediately chilly, "what are you?"

He said, without hesitation, he stepped forward and slapped Jamie.

Jamie's face changed greatly. It seems that he didn't expect that Wang Fan would dare to be so arrogant and do it now.

Is this guy crazy or looking for death?

"Boy, be presumptuous!"

"Stop it

At the same time, the pockmarked face and more than ten congenital experts around him could not help roaring wildly.

They also did not expect that Wang fan should be so bold and dare to fight here.

Those inborn experts forget it. Although they are very angry, there is no time to stop them. Only the pockmarked face can stop it.

He suddenly took a step forward. When one hand grasped Jamie's shoulder and pulled back, the other hand also palmed and patted Wang Fan's face.

Wang Fan was already on guard against the pockmarked face. At the moment when the opponent took the hand, he suddenly took back his right hand, and then his right leg gathered strength and stepped out.

His leg condensed 80% of the strength of the whole body. As soon as the leg came out, it set off a roaring thunder sound, like wind and electricity. Even if pockmarked face wanted to avoid it, it could not avoid it at all.

With a thump, his right leg suddenly stepped on pockmarked face. Pockmarked face felt a terrible force. His face turned white, and a mouthful of blood came from the corner of his mouth. He was immediately stepped out.

When people are in the air, his face has changed dramatically.

He didn't expect that Wang Fan's strength was so strong that he was not weaker than him at all.

Jamie looked at the pockmarked face that was kicked by Wang Fan, and his face also became wonderful.

All he felt was a blank in his mind.

How can it be? How can it be? Uncle Tuo is a three-tier strong man. How can he be kicked by Wang Fan?

Wang Fan didn't look at the pockmarked face that fell on the ground, and continued to slap Jamie.

This time, no one was able to save Jamie. With a slap, his face was photographed and instantly became swollen.

"Who do you want to kneel down and talk to? Do you really think you caught me? If it's not for the fear of involving Mike, if it's not for my willingness, do you think you have the strength to bring me here with that pockmarked trash? "

Wang Fan's voice is unspeakably cold, and Jamie's heart is getting deeper and deeper.

He now realized that from beginning to end, Wang Fan did not pay attention to him, and what he thought of catching Wang Fan was just self deception.

The more than a dozen congenial masters, even more involuntarily stagnated their breath, did not dare

to talk nonsense at all.

Even pockmarked face is not Wang Fan's opponent. They rush up and just send food. No one wants to do this kind of behavior.

"Who are you? How can people like you condescend to help Mike gamble? Who are you?" Jamie asked, biting his teeth, without even wiping the blood from the corner of his mouth.

Although he was humiliated, he knew that he would be killed if he asked, but he was not willing to ask about Wang Fan's identity.

"Remember my name, my name is Wang Fan, who was chased by the NASS family all over the world. If you want revenge, please come to me

Wang Fan said, a direct blow to Jamie's Dantian.

"No, no!"

"Stop it

Jamie and the bodyguards all changed their faces, but they couldn't change anything at all.

Boom, Jamie fell out heavily, with a dead silence on his face.

Wang Fan, it's Wang Fan! If he had known that this man was Wang Fan, Jamie would not have dared to offend Wang Fan on the cruise!

Unfortunately, it's too late to say anything now.

Wang Fan ignores Jamie and goes to pockmarked face again. After abandoning the cultivation of pockmarked face, he leaves the room.

He believed that Jamie would not dare to find him on the cruise ship.

After Wang Fan left the room, he didn't go back to Mike's house. Instead, he flashed to a corner not far away.

There, Pumi, who was shocked to leave, was blocked by Wang Fan before he could leave.

Looking at Wang Fan who suddenly appeared in front of him, his face changed and his pupils couldn't help choking violently.

"Master Pumi is really interested in eavesdropping on other people's affairs. Don't you blush?"

Wang Fan looks at Pumi, his eyes are full of irony, but his heart is full of pleasure.

A few days ago, when he faced Pumi, he still needed the help of Mike, but now, he is not afraid of Pumi at all.

All this is because Wang Fan has strength!

Strength is so important!

Pumi listened to Wang Fan's sarcasm, and his face turned red, but he soon came back to God.

While he was on guard against Wang Fan, he couldn't help asking, "did you kill Jamie and pockmarked?"

"What do you say?" Wang Fan responded with a sneer.

He couldn't say a word when he was at pumitton.

If Wang Fan dared to talk to him like this three days ago, he would definitely slap him in the face. But now, he didn't dare.

Wang Fan was able to clean up the pockmarked face safely out, he is not sure to deal with Wang Fan.

"You'd better mind your own business, and you won't have to worry about the rest. I'm only on your cruise ship for a while. I don't want to cause any trouble. You'd better not give me any trouble, or I'll be impolite. "

"That's all you have to say. You respect yourself."

Wang Fan was too lazy to talk to Pulido. With a cold warning, he turned his head and left here.

Although Wang fan may not be able to make trouble with Pumi on the cruise ship, he believes that as long as Pumi is not a fool, after today's incident, he will not find any more bad luck with him.

After all, it's not worth fighting Wang Fan for only 2.5 billion yuan.

But where could Wang Fan have thought that Pumi had already informed the NASS family of his experience on the cruise ship?

Now, almost all the masters of NASS family have arrived in Cuicheng of Malaysia, waiting for the cruise ship to dock.

Chapter 1356

When Wang Fan returned to the room unharmed, all of them were shocked.

They never thought that Wang Fan could come back safe and sound.

Michaelis was so excited that she didn't know what to say.

Only Linda's face was depressed. At the beginning, she fell down because she knew that Wang Fan could not come back alive. But now Wang Fan came back alive. Didn't he hit her in the face?

If Wang fan is an ordinary person, that's all. Although Linda is embarrassed, she doesn't worry.

But Wang fan is a warrior, and Mike is so protective of Wang Fan. In case Wang fan is upset and secretly kills her Linda, doesn't she even know how to die?

Wang Fan didn't pay attention to the change of Linda's face. He didn't even take a look at Linda. He just found a casual reason to fool Mike dilith and went back to the room.

He took out the only remaining soul chalcedony and began the crazy cultivation.

A few hours later, the spirit of the chalcedony was used up, Wang Fan's strength smoothly came to the peak of the three layers.

He did not stop, but continued to rely on heaven and earth aura cultivation.

One day later, his strength returned to the fourth floor.

"Damn, I'm finally going to Cuicheng in Malaysia. Miss delis, do you have any place to go after you get to Cuicheng in Malaysia? If not, we can go together."

As soon as Wang Fan walked out of the house, he heard Mike's voice. He couldn't help asking, "how long will it take to get to Cuicheng in Malaysia?"

"It should be more than an hour away." Said Mike.

Wang Fan listened to this, immediately became excited.

After floating on the sea for such a long time, he has had enough of it. Now he can see the sun again. His mood can be imagined.

Delis's face is not very good, arrived in Cuicheng, she will be separated from Wang Fan.

During this period of time, she has been used to the days of Wang Fan, so she is a little reluctant.

Wang Fan didn't continue to practice, but while chatting with Mike, he swept out madly with his mental strength.

He couldn't wait until the cruise ship landed. After all, who knows if there are masters of NASS family outside?

NASS family has a good eye. Once he sends out a large number of experts to guard outside, he will fall into a passive situation again.

Wang Fan still knows this truth.

More than half an hour later, although the cruise ship has not yet landed, Wang Fan has been able to sweep outside.

It didn't matter. His face became gloomy in an instant.

He even swept to at least ten masters who were out of the ordinary world. Those masters seemed to have been waiting for a long time, and their expressions were full of impatience, madness and hatred.

Originally, a small dock, there are so many out of the ordinary master, has been very abnormal. The most important thing is that Wang Fan even found several acquaintances.

Those acquaintances were the extraordinary masters he had seen on the cruise ship of NASS family.

For a moment, Wang Fan immediately determined that the other party was really aiming at him.

"What's the matter? I don't think you look very good. Is something wrong?" Mike noticed the change of Wang Fan's face for the first time and couldn't help asking.

"Nothing's wrong, master Mike. I'm going to take Delice with me. We'll see you later."

Wang Fan got up and gave Mike a fist. Then without hesitation, he took delis out of the room.

He had to jump out of the sea at once, or it would be too late to wait for the cruise ship to land.

If he jumps into the sea in the boundless sea, it is really dangerous, and he may even be lost again.

But now his mental power has been able to sweep to the dock, there will be no such situation.

The doubt on Mike's face was that he had no time to speak at all, and Wang Fan had disappeared.

When Wang Fan and delis leave Mike's room, Pumi also receives a call from nasshouse.

Nash sHouse asked Pumi to stop Wang Fan on the cruise ship for a period of time to prevent Wang Fan from jumping out of the sea.

Without much hesitation, Pumi immediately agreed.

He sent countless people to guard the deck, bottom warehouse and other positions to prevent Wang Fan from escaping, but he didn't show up.

If Wang Fan's strength doesn't recover, he doesn't mind coming out, but now that Wang Fan's strength has recovered, he doesn't dare to go out in person.

Wang Fan soon took delis to a deck. Just as they got on the deck, a burst of drinking came over.

"The cruise ship will dock soon. If you don't enter here, leave immediately. Otherwise, don't blame us for being rude." One of them cheered coldly at Wang Fan.

With his voice, the dozens of people around him swept to Wang Fan coldly for the first time. There was a big disagreement and they started immediately. The strength of these ten people are all in the congenital peak, and none is lower than the congenital peak, which is very powerful.

Wang Fan looked at these people, and instantly realized that it must be that Pumi who is having a moth.

You know, ten minutes ago, his mental strength swept this deck. There were not so many people at that time.

"Go away!" Wang Fan didn't talk nonsense with these little characters. He immediately rushed to the sea.

"To die!"

When those dozens of people saw that Wang Fan dared not listen to them, they immediately became angry. Their whole body momentum was crazy, and they killed Wang Fan crazily.

The order they got was that no one was allowed to leave the ship from the deck, and if anyone dares to break in, they will be killed. So there's no soft touch at all when we start now.

"I think it's you who want to die!" Wang Fan looked at this scene, the same cold smile, one hand holding delis, directly jumped up, legs swept out quickly.

Bang Bang Bang sound suddenly sounded, those who were kicked by Wang Fan, without exception, were kicked out, no one can stop Wang Fan.

Just a few breaths, dozens of congenital peaks, have fallen more than half.

"You go back and tell that Pumi, I remember this matter, and I will visit him in person when I have time."

Wang Fan did not entangle with these people, the voice mixed in the wind, while people have appeared on the sea.

The tens of them were silent. They didn't expect that Wang Fan was so powerful that he could sweep so many of them in a single face.

Those unhurt masters, originally intended to shoot Wang Fan, but soon they could not help but open their mouths and couldn't pull the trigger.

Wang Fan, as if he had practiced peerless lightness skill, began to walk on the sea with her in her arms.

He ran on the sea like walking on the ground, and didn't even splash under his feet.

And Wang Fan's speed is very fast, just a few breathing, then completely disappeared in their sight.

"This, this, the master of detachment"

looking at this scene, everyone was dead and silent.

Chapter 1357

When Wang Fan disappeared on the sea, Pumi had got the news, and his face was extremely gloomy.

He did not expect that dozens of congenital peaks even failed to intercept Wang Fan for ten minutes.

He felt uneasy in his heart. Wang Fan's power refreshed his cognition again. He even regretted that he had informed the NASS family.

In Pumi's gloomy face, the cruise ship has also slowly landed.

With a burst of cheers, all the passengers lined up excitedly to leave the cruise ship.

Outside, there are countless masters of the NASS family on both sides. Their eyes are dripping on the passengers, searching for the trace of Wang Fan and delis.

Especially those young and good-looking female passengers, is the focus of attention, after all, delis is the key.

All of a sudden, those female passengers were a little scared, but they dare not speak up.

If it's young people's eyes, they can accept it, even if they don't mind showing their graceful figure, but these people are old men in their sixties and seventies, which makes them really can't accept it.

They resist nausea, hasten to speed up the pace, want to quickly away from this group of old perverts.

With one passenger after another leaving the dock, the faces of the masters of NASS family are becoming more and more gloomy.

So many people left, they didn't find the shadow of Wang Fan and Dilis, which made them feel as if they were holding a fire and had no place to vent.

At a certain moment, accompanied by the ringing of one of the six-story old people's mobile phones, his face became very blue immediately after he got through the phone, and even could not help crushing his mobile phone.

Wang Fan is not on the cruise ship. He has already jumped into the sea!

It's totally unacceptable to him!

He has been in Cuicheng for three days, and he has been waiting for so long. In the end, it is such a result. How can he accept it?

"Waste, it's really waste. You can't stop Wang Fan for ten minutes. The Ailey family really doesn't live up to its name!"

The old man hit the wall with an angry fist, made a deep hole, and then waved to the rest of his companions, "let's go, Wang Fan has jumped into the sea to escape."

Those people listen to this, also some can't accept, one can't help but clench their fists, but they have nothing to do.

"What a cunning little bastard! He can run fast!"

"Damn, don't let me meet him, otherwise I will definitely break his leg bone inch by inch. I want to see if he can still run!"

"Waste our time, damn it!"

One by one, they roared angrily and finally left here.

Wang Fan is not here, and it is meaningless for them to stay here.

In less than five minutes, more than ten experts had already left and disappeared.

They don't know, they just left not long ago, a man and a woman appeared here.

The man's face is full of vicissitudes, and the woman's is extremely ugly. Who are Wang Fan and Dilis?

Wang Fan had planned to go ashore in another place, but he thought that Pumi had an affair with the NASS family, so he came back.

In his opinion, Pumi will tell the NASS family about his jumping out of the sea. In that way, the NASS family will not stay here and it will become a safe place.

Sure enough, Wang Fan stayed in a place for only a few minutes and found that all the people in the NASS family had retreated.

Without any hesitation, he immediately came out with delis.

"Are you going to leave the dock? Can you stay longer and wait for my family to come?"

After they left the dock, delis asked Wang Fan. There was expectation, reluctance and a touch of sadness in her eyes.

"Of course, we'll buy a cell phone now, and then you'll call your krrers to pick you up." Wang Fan nodded and said.

Two people say, entered a mobile phone shop very quickly.

Wang Fan still has some cash in his hand. Mike gave him the cash, so he can still afford to buy a mobile phone.

After buying a good mobile phone, delis immediately called the Ke Ge family and told the family what happened during this period of time and the danger they are facing now.

After all, the masters of the NASS family are still searching for them outside. If there are no masters in the Kere family, even if Wang Fan protects her, it's still not safe.

Wang Fan's strength is not invincible, but also to protect her such a tug of oil bottle, their situation can be imagined.

After learning that delis had been imprisoned by the NASS family for a year and was still being pursued by the NASS family, the Ke'er family was furious and sent the experts to Cuicheng directly.

It's just that it takes a day for the people of Ke Ge family to get to Cuicheng.

After delis hung up the phone, she was a bit out of her wits. She knew that she probably had only 24 hours left with Wang Fan. Twenty four hours later, they will go their separate ways. I don't know if they can see each other again.

Wang Fan also noticed that delis was in a bad mood, but he didn't say anything.

He has no feelings for delis, it is impossible to make any guarantee or commitment, not to mention, he has his own things to do.

Bang, the dejected delis didn't pay attention to the road ahead, accidentally bumped into a man, and immediately couldn't help crying out.

Wang Fan Leng for a moment, quickly helped delis, and began to apologize to the man, "I'm sorry, I'm sorry, you're OK, accidentally hit you, I'm really sorry."

Dilis kneaded her shoulder in pain and apologized. "Sorry, I bumped into you because I was thinking about something. Please forgive me."

The one who was hit by delis was a young man in the middle of the stream, who was accompanied by three guys in the same dress.

Each of them was just wearing that kind of black tights, revealing their chest and arms. Although they didn't have much muscle, they were covered with large tattoos, which was horrible.

The young man who was hit glanced at delis coldly. The next second, he slapped her in the face and fanned her,

"you ugly guy, are you finished if you bump into me and say sorry? It's really bad luck to be hit by your ugliness. Get down on your knees! "

The other three youths were also staring at delis coldly with disgust and disgust in their eyes.

Wang Fan listened to this and saw that the young man wanted to beat dilis. His anger came out in an instant.

Just aware of the several masters of the NASS family not far away, he still put down his anger.

It's no problem for him to teach this guy, but once he gets the attention of the masters of NASS family, it's a big trouble.

Thinking of this, Wang Fan directly and quickly pulled delis back, dodged the young man's slap, and then turned away without hesitation.

When the young man saw that Wang Fan had dodged his slap with dilis and wanted to leave, he immediately became angry, "do you want to leave after bumping into someone? Stop!"

Because his voice is very big, Wang Fan's mental power is clear to sweep, not far away that several take off any superior already saw to come over.

He didn't hesitate, and he didn't pay attention to the young man. He walked faster.

Those who had doubted all the experts looked at this scene, and their doubts became more serious. They didn't know who called out, "Wang fan is here!"

In a flash, all the masters of NASS family around immediately chased Wang Fan crazily.

Chapter 1358

Wang Fan looked at this scene, where can also ignore the nonsense, directly accelerated to the distance.

His mental power has been clear to sweep, at least no less than 20 out of the ordinary strong chase.

Such a strong lineup, once he is surrounded, it is absolutely lifeless. What's more, he also has a dilis who has no strength.

"There is a jungle about 100 kilometers ahead. We can go there." Delis looked at the dignified expression of Wang Fan and said quickly.

She has been to Cuicheng several times, so she is still familiar with it. And she also saw Wang Fan's terrible fighting power on the cruise ship of NASS family.

So in her opinion, as long as they can escape to the jungle smoothly, with Wang Fan's strength, they can fight back with the help of the jungle, and they will become safe.

Wang Fan listened to the words of delis, her eyes suddenly brightened, without hesitation for a moment, and quickly ran along the direction of her fingers.

Seeing that Wang Fan started to run away, those experts immediately realized that there was something wrong with Wang Fan. They are also desperate to launch a crazy pursuit.

In a short period of ten minutes, the number of strong people pursuing Wang Fan has increased from more than 20 to more than 30, and there are still a steady stream of people coming.

After all, in order to catch up with delis, the NASS family almost came out, all the experts came to Cuicheng, the strength of the lineup can be imagined.

Wang Fan felt that more and more strong people were getting rid of everything, and the corners of his mouth crossed a dark arc.

As long as you let him enter the jungle that delis said, these strong people will become his prey.

Because there are more and more pursuers and experts behind, Wang Fan has already recited delis.

"Wang Fan, you can't run away. Follow me to the NAS family to be sacked, or you'll stay!"

At a certain moment, two strong men of NASS family suddenly flashed out from the front. While they were grinning, they gathered strength and chopped Wang Fan with one knife.

Wang Fan's eyes twinkled with disdain. He didn't even say a word. With a bang, the ground cracked under the right foot, and then the whole person rushed over like a shell.

In an instant, he shortened the distance between the two sides. The shadow knife suddenly came out of its sheath and burst into dazzling light. It collided with each other's weapons and made a harsh sound.

They just felt a violent force coming. They could not help but spew out a mouthful of blood, and then they fell back towards the rear. There was a flash of horror in their eyes.

Wang Fan didn't give them time to breathe, so he jumped up and approached them. His right leg stepped on them quickly, and they hit the ground like sandbags.

Instant serious injury!

"I don't have time to be a guest with you to the NASS family. You tell the nasse that if my king does not die today, the NASS family will be uprooted in the future."

"By the way, the krers already know about your kidnapping and imprisonment of delis. By the way, you can think about how to bear the anger of the krers."

Wang Fan's cold voice came, people have flashed to the distance.

The two old men, who were separated from the ordinary four layers, were pale and dead.

They didn't expect that they didn't even block Wang Fan's move, let alone wait for his teammates to arrive.

Wang Fan's footstep is ceaseless, gallop all the way, the target points to the jungle in the distance directly.

He used to be a king of soldiers. If he could fight in the jungle, he would have a unique advantage.

That's his stage, that's his battlefield, and he's going to have his hunting feast there.

More than an hour later, Wang Fan's mental power has swept to the jungle, but at the same time, he also found that there are two people far away from the NASS family forces, with a very fast speed approaching.

Wang Fan's mental power sweeps on these two people. In the next second, his eyes suddenly condense, "take off seven layers?"

He clearly realized that the strength of the two men had reached the seventh level, which was the same level as the Rudd they met on the cruise ship of NASS family.

"Wang Fan, you can't run away. Stop."

"In order to deal with you, our NASS family almost went out of their way and sent out a hundred people. Do you think you still have the hope to live?"

The two strong men of the seventh floor were chasing each other and roaring wildly at the same time.

They have been informed that the krers know what happened to delis and are making trouble to them.

So in this case, they have to capture delis alive and use her as a bargaining chip to negotiate with the crazies.

As for Wang Fan, of course, he wanted to kill him directly.

After all, Wang Fan started all these things, and it was Wang Fan who rescued delis. If they didn't kill Wang Fan, it would be hard for them to get rid of their hatred.

Wang Fan noticed that the two approaching strong men with seven levels of detachment, with a dignified look in their eyes, but they didn't say a word of nonsense and continued to run.

However, his speed is not as fast as that of the two. Even if he has exerted all his strength, he can't get rid of their pursuit. They bit him so tightly that even if he wanted to get rid of it with the help of the jungle, there was nothing he could do for a moment.

Delis face also became ugly, she felt the threat of death again, but she was also powerless.

"Wang Fan, I admit you are very good. If you have only one person, maybe it's really possible to get rid of our pursuit. "

"But you're carrying a tow bottle. You don't have a chance to escape. Stop and don't struggle any more. It's meaningless. "

One of them said, staring at Wang Fan's back.

He also has his own small calculation, he wants to induce Wang Fan to abandon delis.

As long as Derris is abandoned, she will fall into their hands first, and their task will be more than half finished.

After all, they killed Wang Fan just to vent their anger. The biggest threat is still with the craze family, and delis is their chips and key to fight against the craze family.

Wang Fan didn't know that this guy was making such a small calculation, but he knew that what he was saying was reasonable.

If he's alone, he's 80 percent sure to get rid of these two annoying guys.

But it's not the same with Delice. It will be very difficult for him to get rid of them.

It's just that he can get rid of Delice and run for her life alone?

Obviously not.

Wang fan is not so ruthless, and he can't cross the barrier in his heart.

Otherwise, he would have left Delice at sea, where would he have been.

Whoosh!

Just as Wang Fan was thinking about this, one of them suddenly jumped up from the seventh floor, and with the help of his amazing explosive power, he instantly shortened the distance from Wang Fan.

After narrowing the distance with Wang Fan, his right arm stirred in an instant, and his tendons burst up. At the same time, he punched Wang Fan across the air.

Under his fist, the fury was stirred up, tearing the air and bombing Wang Fan madly.

He didn't use all his strength, but he only used 70% of his strength. But in his opinion, it was more than enough to force Wang Fan to stop or hurt him.

It's not that he doesn't want to kill Wang Fan with all his strength. He's just afraid that he will kill Delice.

Because Wang fan can die, but Delice can't!

Chapter 1359

Wang Fan noticed this scene, his eyes suddenly turned cold, suddenly turned back, followed by the right fist, and at the same time, his mental power gathered madly and stabbed each other's mind.

Since he changed the number of sieve points with mental power in the casino, he has realized that mental power can also be a means of attack, but it has never been used.

This time, he took the old man out of the ordinary seven layers to practice.

With a bang, the energy cyclone from the seventh floor of Tuofan was directly blasted by Wang Fan's fist. Wang Fan's momentum continued to move forward.

When the old man saw that Wang Fan dared to attack, a grim smile appeared at the corner of his mouth.

Wang Fan was able to smash his energy cyclone, which he was not surprised. What he was surprised about was that Wang Fan's reaction speed was a little faster.

But it doesn't matter. No matter how fast Wang fan reacts, if he dares to face him head-on, he is looking for death!

"Hey, hey." He grinned grimly, opened his right fist directly and grasped Wang Fan's fist like lightning.

Just at this time, his face suddenly changed, and the strength of cohesion suddenly decreased by three points.

He was shocked to find that a tingling appeared in his mind, as if a thin needle with ox hair had penetrated into his mind.

"Ah He couldn't help shouting, his whole body was full of momentum, and his other hand clung to his head.

In fact, he also has mental power, but he just doesn't know how to use it. With his shout and the crazy condensation of momentum, Wang Fan's mental power has been dissipated and the pain has disappeared.

Just at this time, Wang Fan's fist has flashed his dry claw, heavily close to his chest.

With a bang, Wang Fan's fist really hit him, and his whole body strength poured out madly. He couldn't bear it any more. While his ribs were cracking, his mouth was gushing blood.

His eyes flashed with horror, anger and madness.

He didn't expect that he was hurt by a mole ant, which was just four layers away from the ordinary. It was an unbearable shame.

Wang Fan did not take advantage of the victory to pursue after the name of Hongfei, but turned around and left without hesitation.

Through a short contact, he has realized that this guy's strength is much better than Rudd's at the beginning, and it's not so easy to kill.

What's more, the other one is approaching the seventh floor. If he doesn't go any more, he won't have the chance to go any more.

Wang Fan didn't fight wildly, but just a few flashes behind her back and disappeared into the dense jungle.

Almost Wang Fan has just disappeared, and the other seven story tuofan is flashing here.

He looked at the companion who fell on the ground and sprayed blood, and his eyes flashed with horror.

"You're hurt. Where's the boy?" He didn't expect that all his companions would be hurt by Wang Fan.

Does this not mean that he is not Wang Fan's opponent? You know, the strength of his companion is even better than him.

"He ran in that direction, you hurry to chase him. I was only hurt by his plot. This kid has a way to attack people's minds. Remember to be careful. "

The injured tuofan Qiceng pointed to the direction of Wang Fan's departure and said, biting his teeth.

"Well, I see." The other tuofan seven layer listened to this, without half hesitation, immediately ran after him.

Wang Fan's mental power clearly swept to the name to take off seven layers of chase, but it is not half silk fear.

If two of them besiege him, he may be afraid, but just one of them is confident that he has the strength of the first World War.

But even if you want to kill this tuofan seven layer, you can't be in a hurry for a while. He must open a long enough distance to start.

Wang Fan ran all the way without stopping for a moment. Twenty minutes later, he took delis directly to a thick giant tree.

"You stay here for a while. Remember to hold the branch tightly and don't fall. I'll go there." Wang Fan put down dilis and pointed to a huge tree on the opposite side.

Although the blood of the kree family is flowing and the blood is noble, delis is an ordinary person. In the face of the strong, even if she holds her breath, she still can't avoid the perception of the strong.

If Wang fan is with delis, he can't sneak attack at all. As long as people come here, they will be aware of their location, so he chooses to separate from delis for the time being.

Although Wang Fan did this, he felt that she was a bait, but he had no way.

If they don't, they are likely to die in the face of more than 100 masters of NASS family.

"Well, be careful." Without any hesitation, delis nodded, then hugged the branch in front of her.

She knew that she would be very dangerous, but she believed that Wang Fan would not harm her.

Wang Fan nodded, didn't say much, immediately flashed to another tree and lurked down. Just for a moment, his whole person seemed to be integrated with the giant tree. If his eyes can't see him, they can't feel his existence at all.

Wang Fan stares at the direction of the seven layers of tuofan, and his eyes twinkle with killing intention.

The NASS family has been chasing him for so long. From now on, he will fight back.

He wanted to let the NASS family know that anyone who was not so good at pursuing him had to pay a price if he dared to pursue him.

Whoosh!

Wang Fan lurks about a minute later, accompanied by a sound of breaking the wind, the other name tuofan seven appeared here.

After he appeared, he immediately stopped, carefully looked around, and began to feel carefully.

In fact, after he appeared, he was aware of the existence of dilis and knew that she was hiding in the giant tree.

But he did not feel the existence of Wang Fan, which became cautious.

A minute later, his face darkened.

Because he didn't really notice the existence of Wang Fan, that is to say, Wang fan is not here at all.

He's incredible!

Wang Fan in the most dangerous time, did not abandon dilis, now two people are safe, but Wang Fan left dilis alone here, what does Wang Fan want to do, this will be a trap?

There was no answer in his mind.

But he still didn't rush to dilis immediately, but suddenly laughed, "Wang Fan, don't hide, come out, I've noticed your position."

"You use dilis as bait, don't you want to attack me while I move dilis?"

"Don't use your careful thinking on me. It's meaningless. If I follow Behan so easily, I will be deceived. I can't get rid of the seven levels of cultivation, and I can't live to the present."

Eberham's voice resounded through the jungle. His words were full of self-confidence and sarcasm, which made people feel as if he was telling the truth.

But Wang Fan did not fall for it. He still did not move. He stared at Eberham coldly, just like a hunter waiting for his prey.

He's waiting for the best chance.

Chapter 1360

Eberham's voice fell for a long time, but there was still no movement. His face became more gloomy.

Is Wang Fan really not here?

Wang Fan does this, just want to use Delis to contain him, and then give Wang Fan time to fight for his life?

He thinks so, but is not reconciled, again can't help but say, "Wang Fan, I said, I won't be fooled by you, you'd better come out. If you don't come out, don't blame me

According to Behan said so, suddenly began to step forward, he went in the direction, also happened to be Wang Fan hiding direction.

At the same time, he also began to listen more carefully, as long as there is any wind and grass around, even if it is just a slight heartbeat change, it will not escape his ears and eyes.

But he was disappointed again. He didn't hear any sound except that Delis's heart beat faster.

Wang Fan does not move, just like a lion immersed in ten thousand years.

But his eyes were getting colder and colder, and his muscles were getting tighter and tighter, just like a fierce beast waiting for an opportunity, he would rush out at any time to launch the most rapid attack.

Eberham's brow is more and more wrinkled, and at a certain moment, he suddenly clenched his teeth and rushed directly to the huge tree hidden by Derris.

He rushed without warning, and the speed was so fast that people couldn't react at all.

No matter Wang Fan is here or not, he has to take Delis as soon as possible.

He believes that with such a fast speed and no warning in advance, Wang Fan can't stop him even if he is aware of it.

If Wang Fan doesn't have mental power, it's really too late to stop him, but he has mental power, which is different.

He could detect every slight change in Eberham's expression, and naturally he could detect that Eberham had the idea of rushing to Delis.

At that moment, almost at the moment when Eberham moved, Wang Fan also moved.

His old skill is repeated, and his mental power is condensed into a point. When he roars to Eberham's mind, his body shape has also dashed down, and his right fist is crazy to attack Eberham.

In the middle of the sky, Eberham suddenly felt a pain in his mind, and felt something bad in an instant.

Just because he was reminded by his companions, he was always on guard against the bombardment of his mind, so his mind just returned to normal as soon as it hurt.

"Ah He could not resist a roar, and at the same time, he suddenly turned back -

at this time, Wang Fan's fist had gone crazy.

Yibeihan looked at Wang Fan's sharp eyes and felt the violent power contained in Wang Fan's fist. His pupils suddenly contracted and his arms quickly crossed in front of him.

Bang, almost as soon as he had done all this, Wang Fan's fist had already fallen on his arms.

Eberham's mouth could not help spouting a mouthful of blood, and the whole person was blown out directly.

Along the way, several thigh thick trees were cracked, and the whole person fell to the ground and smashed out a huge pit.

But soon he got up, his eyes flashing the extreme madness, "Wang Fan, I want you to die!"

He roared crazily and stepped into a deep pit on the ground. The whole person rushed towards Wang Fan.

His face was ferocious, and there was only killing in his eyes!

The surging murders seemed to turn into substance, and the air became stagnant.

Wang Fan no nonsense, a click, a foot point broken a giant tree, and then with the help of that rebound force, the same to meet the Eberham.

Two people directly in the most primitive way, launched the power of the shock!

Boom!

Boom!

Boom!

In the blink of an eye, they hit each other three times. Under the fierce tearing, countless trees were torn to pieces and leaves fell down.

Yibeihan stares at Wang Fan. He is shocked. He doesn't expect that in the face-to-face collision, he even has a good match with a boy who takes off the fourth floor.

Wang Fan's face was also pale and ugly, but his eyes were colder and colder.

He has been here for a long time. He must make a quick decision. He has no time to waste.

Wang Fan didn't intend to use Fanshen seal, but now it seems that he can't use Fanshan seal.

"Wang Fan, you are really powerful, but no matter how powerful you are, you will die today!" Said eberham coldly, and took out a short stick.

The short stick is black, and I don't know what material it is made of. One end is smooth, but the other end has many thorns.

The spines are like ferocious pointed tusks, which are extremely sharp.

After seizing the weapon, he swung his right hand and smashed it directly at Wang fanhong.

As soon as Wang Fan's face changed, he suddenly retreated, but his hands began to seal.

With the cohesion of Yinjie, eberhan clearly felt that the aura of the world around him was converging towards Wang Fan. He instantly realized that Wang Fan was going to use his martial arts skills.

Martial arts?

Does Wang Fan have martial arts skills?

There was a storm in eberham's heart!

He didn't dare to let Wang Fan's seal of climbing over the mountain complete, and killed Wang Fan crazily.

Last time nalud saw Wang Fan perform his martial arts, greed first appeared in his heart, but eberhan didn't.

He is extremely cautious.

If he didn't fight with Wang Fan just now, if Wang fan is just a common four-tier, if he is sure, he will definitely eat Wang Fan.

He may be the first to show greed after he saw Wang Fan perform his martial arts skills, and then he won Wang Fan's martial arts.

But after three moves against Wang Fan, he has realized that Wang fan is powerful, and Wang fan can't treat it with common sense at all.

If Wang fan does not show his martial arts, he can compete with him. If Wang Fan shows his martial arts, how can he please him?

So he rushed to Wang Fan crazily, and tried to kill Wang Fan before he showed his seal.

Even if he didn't want Wang Fan's martial arts skills, he had to kill Wang Fan.

Wang Fan retreated again and again, and his hands changed faster and faster. With the cover and obstacles of the huge trees in the jungle, he avoided the attack of eberham.

He had to show his seal, or he would never kill this eberham.

Yibeiham couldn't catch up with Wang Fan for a long time. He was more and more upset. At a certain moment, he couldn't help roaring, "Wang Fan, if you dare to retreat, I'll go back to kill delis now!"

With the formation of the seal, he has already felt uneasy. While he is roaring, he has also stopped. There is a situation that Wang Fan really goes to kill delis without stopping.

"As you wish!" Wang Fan mouth flashing a touch of irony, obedient stopped. Just with his voice, his hands also quickly flat push out.

In a flash, the palm size of the turn over seal, has been up against the wind, boom to iberhan.

Eberham's face changed wildly, and he subconsciously wanted to avoid it, but the speed of turning the mountain seal was too fast. In an instant, it was close to his body and hit him in the chest.

Boom -
