

Mighty Sk 1361

Chapter 1361

The power of fury came, and Eberham was knocked out in an instant.

At the same time of flying backward, the inborn vigorous Qi lingering on his body surface had already cracked like bean curd dregs.

Eberham's face was pale for a moment, but there was a strong shock in his eyes.

What kind of martial arts is it? Is it terrible?

He never thought that Wang Fan's mountain climbing seal was formed so quickly, and it was so powerful.

Go, must go, he is now seriously injured, do not go, there will be no chance.

Although it's a shame to be forced to run away by such a four storey mole ant as Wang Fan, where can I manage so much now? The most important thing now is to protect one's life. Everything else is false.

As soon as Wang Fan looked in the eyes of Eberham, he knew that this guy wanted to escape.

His face suddenly became crazy, without hesitation, he took out the shadow knife, followed by a knife to chop.

He had a hard time seriously injuring Eberham. How could Eberham escape? If Eberham were to escape like this, all he had done would be meaningless.

"You" Yibei Han felt Wang Fan's violent knife. It was like cracking his canthus. His scalp was numb!

He didn't expect that Wang Fan would have more power to chop such a powerful knife after he made a mountain print.

Yibei Han's eyes flashed despair. Seriously injured, he had no ability to avoid Wang Fan's knife.

Whoa!

A voice rang out, and Eberham was swept by the sword, and his whole body fell into the distance.

Wang Fan didn't pay attention to Eberham any more. He ran to Delis quickly, picked up Delis and left here quickly.

About half an hour after he left, with the sound of a burst of wind, six strong men of NASS family came here.

Among the six strong people, the highest strength is in the sixth floor and the lowest in the fifth floor.

At the first sight, they saw Eberham, who had fallen to the ground with no breath. There was a twinkle of horror in his eyes.

"Eberham?"

"My God, how can it be like this? How can it be possible? Elder Eberham is a strong man with seven levels of freedom!"

The six masters can't help shaking out their voices. They can't believe the facts in front of them.

If even Eberham is not Wang Fan's opponent, doesn't it mean that these people will not be Wang Fan's opponent alone?

"Don't panic, let's not say that Elder Yibeiham may not have fallen into Wang Fan's hands. Even if he really falls into Wang Fan's hands, we don't need to worry. "

A six-story old man saw the crowd panic, can't help but quickly stand out, "we all know, that Wang Fan only four-story."

"How could it be Elder Yi's opponent? Have you ever seen such a strong fourth floor? In my opinion, there must be something strange about it. So we don't have to be afraid at all. "

The name of Tuofan Liuceng said slowly, comforting others, but also comforting himself.

After listening to his words, the five strong men finally relaxed a little.

The six men deliberated for a while, informed the people behind, and continued to pursue after the death of Eberham.

The night is like a mill, with stars.

The whole jungle is full of repression.

The sound of "rustling" resounded, and the Tuofan group of the NASS family formed 15 groups and began the search.

Even so, each of them is very nervous, nervous and muscular tension, look left and right from time to time, and face or exudation of sweat.

It has been seven hours since Wang Fan and Wang Fan entered the jungle. In these seven hours, one by one, their people disappeared, which made a shadow emerge in their hearts.

In just seven hours, more than 20 of their original 100 people have disappeared in this jungle. It seems that the human world has evaporated, and there is no trace at all.

And they, from the original one person group, two person group, three person group, finally added to the 51 group.

There is no way, Wang fan is too terrible, the jungle is like his family's back garden, he can always easily hide, and with the help of geographical advantages to launch an effective counterattack against them.

In a dense forest, there was also a group of five people searching carefully. Their faces were full of vigilance and gloomy.

At one moment, one of the five story old men couldn't bear this kind of repression, and could not help shouting angrily,

"Damn, it's too hateful. Don't let me find the little beast, or I'll skin him."

"Despicable and shameless things can only attack secretly. It's like losing our warrior's face. If you come out and fight with me, I will definitely break his leg!"

In fact, it's not the first time for him to scold. Almost every once in a while, he would scold and vent his anger. "Don't complain. We'd better be careful. Maybe that Wang fan is looking at us in the dark." Another five story old man took on the words,

"although Wang Fan's fighting power is strong, his strength is only four stories. If he comes forward to fight us head-on, it is an act of seeking death. "

At this point, he could not help sighing, "although I also resent his despicable means, I have to say that this means is the most effective."

"This guy's smart, and he'll take advantage of geography. Otherwise, he would have been captured by us for a long time. How could he have made us lose our troops and be so careful as to face the enemy? "

The other three didn't speak. They just looked around and kept pushing forward to find Wang Fan.

They didn't know that in a huge tree not far away from them, Wang Fan had been staring at them like a prey.

Wang Fan did not expect that these people in the NASS family had become smart and were divided into five groups.

In this way, his hunting plan is somewhat difficult to carry out.

After all, it's really not so easy to deal with the five strong people who have broken away from the five or six levels.

Once he is unable to deal with these people at the first time, it is likely to attract the rest of the team to attack him.

So, nearly an hour, Wang Fan immersed down, did not continue to start.

He had been wandering around for a long time before finally locking the five people in front of him. Because relatively speaking, these five people are relatively weak in the group.

Wang Fan's vision in the five people's circulation, soon locked the first mouth to speak out of the five.

The reason why he locked on this guy was not that he secretly provoked him, nor that he was the weakest, but that he was the least vigilant.

But after Wang Fan locked the guy, he didn't start immediately. Instead, he gathered his strength crazily and waited for the chance.

Chapter 1362

Ten meters, eight meters, seven meters, six meters, this is the moment, Wang Fan suddenly moved.

Whoosh!

He is just like an eagle that suddenly pours down. His eyes twinkle with the cold and cold light. He frantically pours at the fifth floor of tuofan!

His eyes fixed on the name of tuofan five layer, without the slightest emotion, eyes cold as frost!

"Be careful!"

"It's Wang Fan!"

The person on the far left who is the fifth layer of tuofan has the fastest reaction, followed by the one in the middle who is the fifth layer of tuofan.

Wang Fan's fierce killing power, they just feel some scalp numbness, there is no courage to meet Wang Fan.

But after they retreated, they suddenly regretted it!

They should be in the first time at the same time to Wang Fan shot right, why retreat?

Of course, it's too late for them to think about it now.

Wang Fan had rushed to the locked old man and suddenly made a straight blow.

Although the old man was the slowest, it didn't mean he didn't respond.

"Little beast, you want to die!" He roared crazily, and in an instant, he stirred up his inborn vigorous Qi crazily. At the same time, he blew out his right fist.

His face had turned black, and a storm had set in his heart.

Although he swears behind Wang Fan's back, in fact, he is still afraid of Wang Fan.

How can Wang fan not be afraid of the name of a man, the shadow of a tree, who has killed so many of his companions, and even one of them who has taken off seven levels?

With a bang, the two fists collided with each other and made a terrible noise. The boundless strength diffused, and the old man was knocked out immediately.

Wang Fan grinned grimly, and his toes rose with the help of force. Then he sacrificed the shadow knife.

Whoa!

The old man suddenly covered his throat with the sound of the tip of a knife entering the meat. When he was in the air, he had no breath.

"Wang fan is here!"

"Kill

At this time, the other four people have come back to their senses. While their eyelids are jumping wildly, they excite their momentum and kill Wang Fan.

Wang Fan stepped on a giant tree and cracked. While the giant tree was broken, he reversed it with the help of a shadow knife and split to the fifth floor on the left.

That tuofan five eyelids jump wildly, suddenly retreat, shadow knife close to his chest cut off, raised a blood fog, but did not want his life.

Wang Fan did not continue to pursue, but madly began to retreat, because at this time, the other three people have rushed around.

But although he retreated very fast, there was still a man who spread his arms and hugged his body from the side.

"Wang Fan, even if you kill me, I can't let you escape this time!" That person madly agitates the spirit strength, is holding Wang Fan, in the eyes sprouted the death ambition.

Not all of the strong people in the NASS family are afraid of death. At least the five layers who hold Wang fan are not afraid.

He is loyal to the NASS family, but Wang Fan makes the NASS family restless, so he can't let Wang Fan go again even if he struggles to die.

Wang fan is really terrible. He has such fighting power since he was young. He has killed so many masters of the NASS family. If Wang fan is allowed to grow up, how good is it? It will definitely be a disaster and nightmare for the NASS family!

"Go away!" Wang Fan's face changed wildly, a roar, and his fists began a crazy bombardment. However, no matter how he bombarded, the name of tuofan five layers was half relaxed.

Boom!

At the same time, the other two people's attack has also fallen on Wang Fan. Wang Fan spewed out a mouthful of blood and flew out with the name holding him for five layers.

His face became more ugly, because his mental power had been swept, and countless masters of NASS family rushed over.

Wang Fan didn't dare to neglect for a moment. After his fists and feet couldn't blow away the guy holding him, he immediately used his mental power to pierce into his mind.

Under the crazy influx of Wang Fan's mental power, the old man immediately felt a tingle in his mind. His spirit appeared in a trance for a moment, and half of his strength disappeared.

Wang Fan took advantage of this opportunity to burst out, directly broke free from his shackles, and then kicked it out.

"If you want to stay with me, you don't have the strength. Goodbye and have a good night."

Wang Fan's voice came softly. The next second, it had already flashed into the jungle and disappeared.

After the fifth floor of tuofan returned to normal, his face became frightened.

Wang fan can attack his mind. What is the means?

He was shocked.

You know, even the seven - story yibehan was attacked by Wang Fan's mental power, and his strength

was reduced by three points, let alone the five - story yibehan. Wang Fan just disappeared a few minutes, at least 30 masters of the NASS family had already rushed over.

But, where is the trace of Wang Fan?

Wang Fan flashed to the place not far away where dilis was hiding, picked up dilis, and left here quickly.

His face was a little pale.

Although he seriously injured two people, but he has realized that the NASS family group of five this line-up, he is not able to compete.

One on one, one on two, one on three, maybe he can finish the counter killing, but one on five, he has no chance.

After realizing this, Wang Fan gave up the plan to continue the attack and took delis to a hidden place to have a rest.

He can't take any more risks. After all, he can get away with it this time. I'm afraid he won't be so lucky next time.

Even if he is capable of leaping to the next level to kill people, he can only escape from the ordinary four levels. This is an indisputable fact.

On the contrary, after the masters of NASS family realized that Wang Fan could not deal with the five member group, they started a crazy search like chicken blood.

Confidence.

Unfortunately, the jungle is too big, even if they have searched for a night, they have not found any trace of Wang Fan.

The sky soon showed a touch of fish belly white, and the sky was getting brighter.

The master of NASS family didn't show any sleepiness on his face. Instead, he became more energetic.

It must be easier to hunt Wang Fan and Wang Fan in the jungle by day than by night. Moreover, they are all good at getting rid of everything. They can hardly be affected if they stay up all night.

The NASS family.

Nash sHouse's face was a little ugly. One night passed, his people not only didn't catch Wang Fan, but also defeated him at the expense of his troops, which made him unable to accept.

What he couldn't accept most was that he had received the news that the kre family had sent experts to kill the NASS family.

Cuicheng, airport.

With the landing of two private airplanes, dozens of experts came out of the airport.

These people, ranging in age from 40 to 70, are vigorous and energetic.

But at this time, their eyes are flashing cold light, just like someone has offended them, so that people around do not dare to look directly at them.

These people are not others. They are the experts sent by the Craig family to pick up delis.

Reinforcements are coming!

Chapter 1363

Outside the airport, nine black off-road vehicles have already been lined up, and all the front and rear doors of the off-road vehicles have been opened.

It's very impressive.

After the Ke re family's dozens of experts went out, they immediately stood in front of the train in four rows and eight columns.

In front of them stood an old man in his 70s.

The old man's whole body was skin and bone, and his hands seemed to be skeleton, without any flesh and blood.

His eyes were green, and his thin lips choked from time to time, which made his scalp feel numb.

The dozens of people bowed their heads in front of the old man and did not dare to look directly at him. After they stood up, they waited for instructions.

The old man saw that everyone was ready and said slowly, "just got the news, miss and Wang Fan were chased to the jungle in the suburbs."

"So we must set out immediately and rush to the jungle to rescue the two girls. We must save them successfully at all costs!"

His voice is just like that coming from Jiuyou. He has no emotion, no magnetism, and is withered.

"Yes After listening to these words, all the masters responded in unison, with their heads down and their

eyes flashing fiercely and blazing.

They feel that the blood in their bodies has been boiling, and they all feel that their fighting spirit is irresistible. They were eager to rush into the jungle and fight with the NASS family.

"Let's go!" Without a word of nonsense, the old man suddenly waved his hand and went straight to the cross-country road in front of the platoon.

The rest were trained to quickly board the other eight cars.

It is inconceivable that such a military management of the Kere family is a great master. From this we can see the great ability of the Kere family.

With the car's crazy speed, in less than half an hour, the party rushed to the jungle.

As soon as they entered, they scattered and ran wildly.

Before long, there was a loud noise in the jungle. It was obvious that someone was fighting together.

In one place, a Qiaomu was sitting on a huge flat stone to recuperate, but an old man with five stories of freedom rushed over.

"Elder arbor, something's wrong. The crazies of the Kere family have come to fight with our people."

The old man's voice was a little panicked, and he was obviously afraid of the people in the kree family.

A Qiaomu, who just entered the jungle, was attacked by Wang Fan's mental power, and then hurt him.

After he was injured by Wang Fan, he stayed here to recuperate and did not take part in the search for Wang Fan.

One night, his injury has been improved by 50%. In two days at most, he can recover completely.

After hearing the old man's words, a Qiaomu suddenly changed his face and asked, "what do you say, the people of the Kere family are coming, how many of them are coming, and who is leading the team?"

His heart has been a little heavy, originally a Wang fan is very difficult to deal with, now coupled with the Ke re family, then their situation will be more difficult.

"There are at least thirty or forty of them, the skeleton old man in charge." That person takes off any five layers respectfully to say.

"Old man skeleton?" Arbor listen to these four words, face changed instantly.

Skeleton old man, one of the five most powerful experts of the Kere family, is a tough opponent with terrible strength and vicious means.

And the skeleton old man does not hand, as long as hand, his opponent will be strange into a skeleton, is very frightening.

The most frightening thing is that so far, no one knows how he turned those people into skeletons.

Therefore, he had the title of old man skeleton. As for his real name, it has long been forgotten.

"Tell everyone at once, don't worry about Wang Fan and delis, and get together to deal with the klers."

A Qiaomu's face changed a few times, and he soon made a decision, "although the skeleton old man is fierce, they only have thirty or forty people, but we still have more than seventy people. If we work together to deal with them, there should be no problem."

"Yes." The old man answered, then took out a spoon and began to blow.

The sound of Wuwu rang out in the jungle. In an instant, all the masters of NASS family who heard the sound were crazy to gather in the direction of aomu.

Ah Qiaomu once said that whistling means that something big has happened. We need to gather together. No one dares to violate it.

It's just that a Qiaomu was a little frightened. Half an hour later, there were only 35 people here, and there were still 40 people who didn't come, and there was no sign of coming.

Arbor instantly realized that those people had either been killed or stopped by the kree family.

He could not take care of his wounds any more, so he stood up and said, "come on, let's go and find the crazies of the Krey family!"

In one of the areas, the roaring sound is heard one after another, and the surrounding trees are just like being pushed by the cutting machine. One by one, they are cut into half and become crushed. See, dozens of people, is pairing, or three or five people in a pair, crazy fighting.

Qi force is just like the wave. Within 5000 meters, it has completely become an open space.

Stone and soil splashed, debris flying.

"Ha ha, bad. It's really bad. You and I are both on the sixth floor. I didn't expect that you are so weak that you can't even catch my moves."

"The people of NASS family are really rubbish. Do they only know about group fighting or bullying the

weak? Rubbish. It's rubbish. "

"Soft eggs, a group of soft eggs. It's a waste of my time. I think you'd better find five people to go together. Three people are not enough to watch."

All kinds of sarcastic voices rang out continuously. Before long, all the masters of NASS family were abandoned.

On the other hand, the Ke re family experts, although they look a little embarrassed, are more and more fierce in their eyes, and their momentum is also getting stronger and stronger.

The experts of Kere family are known as battle maniacs and lunatics. They are in the process of fighting almost every day. Obviously, they are not able to deal with the same level of NASS family experts.

The fallen masters of the NASS family, listening to each other's sarcasm, blushed one by one. They wanted to tear these bastards into pieces, but they couldn't do it.

No way. The combat effectiveness is not at the same level at all.

At the same level, one master of the Kere family can fight two of the NASS family.

The people of Ke re's family sneered at each other with disdain. Without rest, they left here and flashed to another place.

Although they love fighting, their top priority is to rescue delis.

Not long after these people left, old man skeleton came here.

The badly injured masters of the NASS family looked at the old man with a look of horror in their eyes.

The old man noticed their fright, and with a smile, he approached them slowly. The thin palms were patted on them one by one. Before long, those who had been patted by the old man became skeletons strangely.

In less than a minute, old man skeleton had finished filming everyone.

As he was about to leave, he suddenly seemed to notice something. His face suddenly changed. Then his eyes turned and he looked at a direction not far away.

"Come out, or I'll do it!"

His voice was overcast and his eyes were green, which made people shudder!

Not far away, Wang Fan looked at the skeleton old man's green eyes, only felt that his scalp was numb for no reason, and his whole heart was like falling into the ice cellar.

Chapter 1364

Wang Fan's face was extremely gloomy. He didn't expect that the old man was so alert. He just trembled, which led to the leakage of breath. He was even detected.

Step by step, he came out, staring at the old man with a solemn face, and his muscles were tense.

The skeleton old man is really too terrible, and the means are strange and unpredictable. In front of him, Wang Fan feels that he has no chance of winning at all.

Although he knew that old man skeleton seemed to be a member of the kre family, and was a friend rather than an enemy, who knew that this strange guy would attack him?

Wang Fan's nerves were taut one by one, and he did not dare to relax at all.

Looking at Wang Fan who came out slowly, the old man was also shocked.

At a glance, he saw Wang Fan's strength, which was only four layers away from him.

But it was such a guy who was not far away from him. He didn't find it. How could he not be shocked?

If not for a moment before, he noticed the leakage of Wang Fan's breath, even he didn't know that there was a person hiding in the distance.

"Who are you? What are you doing there secretly? Do you want to plot against me?"

The skeleton old man looked at Wang Fan with great interest, but he didn't do it immediately. Instead, he made a hoarse voice.

With Wang Fan's strength, even if it's a sneak attack on him, it's impossible to hurt him, let alone now that Wang Fan has appeared.

Wang Fan's face dignified mouth, "the elder is more worried, I didn't plot against the elder's heart. The reason why I hide there is to avoid the pursuit of the masters of the NASS family. "

"There are too many masters in the NASS family, and they are too crazy. I have to be careful. I promise that I will never offend you. Please learn from me. "

Wang Fan chose to tell the truth, and he also wanted to take a look at the attitude of the skeleton old man.

"Are you wang fan?" The skeleton old man listened to Wang Fan's words, and his eyes twinkled with a

touch of light. "Miss delis of our family is with you? What about her

Although the skeleton old man didn't see Wang Fan's picture, he still heard of Wang Fan.

Wang Fan and NASS family's affair is really too big, even if is he this kind of general does not pay attention to the outside matter the person also has heard.

What's more, the skeleton old man is here for delis this time, and delis is with Wang Fan. How can he not have heard of Wang Fan?

"She's over there." Wang Fan still dare not have the slightest relaxation, pointed to not far away said.

"Lead the way." The skeleton old man said without any nonsense.

Wang Fan immediately led the way in front of him. In a few minutes, they walked under a huge tree.

This time, without waiting for Wang Fan to speak, the skeleton old man had already noticed the breath of delis.

He just got up and took delis down.

"Third grandfather, why did you come in person?" When she came down, she looked at the old man with an excited expression, even tears in her eyes. "I thought I would never see you again."

It's been nearly two years since she met her family.

Although the skeleton old man is famous in the outside world, it is terrible, but it is very good to her.

The skeleton old man looked at delis, the strange green light in his eyes disappeared, and a smile appeared on his old face.

He seemed to become a person in an instant, so kind, so kind, so amiable, "you little girl, how can I not come?"

"If it wasn't for your two grandfathers, I'm afraid they would come with me."

Skeleton old man said, his face soon became cold again, "by the way, what's the matter with your face, how can it become like this?"

His words were very angry. "The NASS family is really brave. Even if we fight against the little princess of our krer family, we dare to disfigure him. Does that old man Nash sHouse think that our krer family is weak?"

With the old man's anger, Wang Fan instantly felt that the temperature around him seemed to drop by

tens of degrees in an instant, freezing to the bone.

He was going to stay away from the old man a little bit. The next second, the old man's eyes had swept to him.

"Boy, how do you protect delis? Even the little princess of my krer family can't be protected well. What's the use of keeping you?"

The skeleton old man roared, and his momentum had suddenly burst up, and he rushed to Wang Fan.

In the face of the crazy breath of the skeleton old man, Wang Fan immediately felt the unspeakable pain.

He felt the difficulty of breathing and the heaviness of his body. Even his bones and blood vessels seemed to be about to burst.

Terrible!

It's terrible!

This skeleton old man gave him the feeling that he was more terrible than the eight story SAIN of the NAS family.

Wang Fan's heart is also very angry.

The skeleton old man is so unreasonable. He only does his duty to protect delis, but he has no obligation. Now, the skeleton old man seems to regard him as a subordinate, blames him for his poor protection, and even oppresses him with momentum. It's just too much deceiving.

It's really the law of the jungle. Strength is respected!

If he had known this, he would have prepared a mountain climbing seal ahead of time. Even if he could not kill this guy, he would have to let this guy give some blood.

"Third grandfather, No." Delis noticed the old man's action, and she couldn't help crying and hugged the old man's arm.

"It's none of his business, not to mention my face. I did it on purpose. If it wasn't for him, I would still be imprisoned on the cruise ship of NASS family. You can't take vengeance and trap me in injustice. "

Delis was already crying, biting her red lips and shaking the old man's arm.

Others don't know the character of the skeleton old man, but she does.

Although old man skeleton is kind to her, she treats others as ants.

"Oh?" The old man's face changed for a while. It seemed that she didn't expect that delis would be so nervous.

It seems that after more than a year, the little princess has changed.

In the past, when did the little princess care about others?

At the same time, he also vaguely noticed something different from delis' eyes. This little girl, most of all, has a crush on Wang Fan.

Thinking of this, the old man snorted coldly, "hum, you're lucky. For the sake of delis, I won't embarrass you. If there's another time, don't blame me for being rude. "

Wang Fan listen to this, almost no gas of a blood spurt out.

Next time?

And next time?

Next time I kill him, he won't do such thankless things.

After the momentum of the skeleton old man dissipated, Wang Fanfei quickly ran to delis, gave her a needle to restore her appearance, and then said,

"delis, since the people of your family are here, I'll go first, and we'll see you later."

He said, without a word of nonsense, and left.

"Wang Fan." Delis couldn't help but cry, but Wang Fan didn't turn his head, and there was no trace after a few flashes.

Her tears could not help falling again. She looked at the old man with shame and annoyance. "Third grandfather, I blame you. How can you do that?"

But the old man grinned, stared at Wang Fan's back and murmured, "don't worry, you'll meet again. He can't escape the palm of our Kere family."

Chapter 1365

Wang Fan with dilis, even can deal with the NASS family experts, now he is alone, it is not to worry about.

He did not leave the jungle, but searched everywhere for the traces of the masters of the NASS family.

He wants to see if he has a chance to find someone who is left alone, so as to vent his anger.

Just after more than an hour, Wang Fan was disappointed.

Not to mention the single master of NASS family, he didn't even see groups of masters of NASS family.

The people of NASS family seem to have left this jungle and disappeared without a trace.

Helpless, Wang fan can only sigh and leave here.

After he left, he first made a phone call to heiluocha to confirm that song Rumei had returned to China. Then he found a hotel to stay.

Wang fan is not in a hurry to return to China. He plans to go to the NASS family headquarters.

Wang fan is not a man who can swallow his anger. The NASS family has chased him for such a long time. Even if it is reciprocity, he should go to the NASS family headquarters.

That night, Wang Fan boarded the plane and rushed to Los Angeles.

The castle of the NASS family is in Los Angeles, and Nasser is also here.

Not only Nash sHouse, but almost half of the core senior members of Nash family live in NASH castle.

In Los Angeles, Nash castle is a sacred symbol. In addition to the absolute high-level core of Nash family, other people, no matter how high their status is, are not qualified to enter Nash castle.

After arriving in Los Angeles, Wang Fan didn't rush to Nash castle, but came to a humble bar according to his memory.

The music of the bar is booming, the lights are dazzling, the voices are boiling, and the business is booming.

Countless women full of exotic customs from all over the world are spending their youth in the huge dance floor.

Wang Fan didn't pay attention to those people. After he went in, he went directly to a small door in the back corner.

"I'm sorry, sir. This door is closed. You can't go in." But before he entered the small door, a enchanting lady in her thirties came gracefully.

The lady is hot and plump, wearing thin clothes and short skirts. She is mature and charming. In her

mouth was an expensive cigar, which made her more charming.

Although this woman looks like an ordinary lady, Wang fan knows that she is not simple.

Not to mention that there are several sharp hairpins on her head, and there are hidden mechanisms in more than ten pieces of jewelry on her hands. Even her nails are sharp and slender, and very lethal.

Wang Fan glanced at the mature woman with hidden organs all over her body and said with a smile, "you are one of the double flowers under Chloe. Yes, it's really wild, spicy and mature. "

" since you don't want me to go down, it's OK for you to inform Chloe that his old friend has come and let him come out to see me. "

Koros, Wang Fan's good friend in those years, saved Chloe's life twice.

And in the underground of Los Angeles, Chloe also belongs to the godfather's general existence, few people dare to provoke.

Of course, Chloe's ox fork is only confined to the underground, and he can't see it enough in front of such a monster as the NASS family.

Wang Fan did not want Koloï to help him deal with the Nash family. He just wanted to use Koloï's eye to stare at the nasus castle.

Cats have cat ways and dogs have dog ways. Although Chloe can't provoke the NASS family, he can keep an eye on them. Wang Fan believes that he can still do it.

The enchanting woman listened to Wang Fan's words, her eyes twinkled with a touch of pure light, but soon returned to normal.

"Well, I'll go right now. Just a moment." With a smile, she swung her long legs and stepped into the secret door.

But just as she stepped into the secret door with one foot, she suddenly turned back, and her right hand popped out rapidly, and the sharp nail stabbed directly at Wang Fan's neck.

At this moment, the enchanting woman seems to have turned into a ferocious leopard, with amazing momentum and cold light!

Anyone who dares to be disrespectful to Chloe will see her as an enemy. Wang Fan even dare to let can want to let Chloe roll over to see him, this is the biggest disrespect.

Enchanting woman's attack is coming in a flash, Wang Fan looked at this scene, but did not feel strange at all.

As if he had been prepared for a long time, he just smile, and his right hand has been out quickly, grabbing the enchanting woman's wrist,

"he is worthy of being the killer cultivated by Chloe, and his hand is really fierce. I said your nails are so long, isn't that old bastard afraid of being hurt by you in bed? "

"You'd better call that old bastard to come to see me. Even he is not my opponent. Your strength is not enough."

The enchanting woman's wrist was caught by Wang Fan in an instant, which set off a storm in her heart.

She instantly realized that she was not Wang Fan's opponent at all. This guy is mostly a legendary warrior.

"Sister Lixiang, what happened?" "Who are you? Do you dare to touch sister Lixiang? Are you impatient?"

"How dare you make trouble here

At this time, three majestic tall men had noticed something was wrong and ran quickly.

At first, they were still wondering how Li Xiang could quarrel with a man, but after they got close, they found that Wang Fan caught Li Xiang by the wrist.

This time, they are angry. One by one, they are fierce and angry, and they are going to attack Wang Fan directly.

"Stop it." Li Xiang looked at this scene, her face changed greatly, "what are you doing here? Don't you hurry to help you?"

She said, once again restored that enchanting appearance, smilingly looked at Wang Fan, "you hurt people, let go, people will help you to call our boss is not it?"

Their boss, of course, is Chloe.

Wang Fan didn't speak. He let go with a smile.

He didn't come for trouble, so he wouldn't be pestering.

After Wang Fan released Li Xiang, Li Xiang immediately entered the secret door.

Inside the secret door is a wall with a small switch.

After Li Xiang blocked Wang Fan's sight with her body, her fingers pretended to press the switch inadvertently, and the wall immediately slid upward.

Behind the wall is an elevator. After Lixiang enters the elevator, the wall will close quickly, and then the elevator runs to the bottom.

Wang Fan looked at this scene, only feel funny.

Not to mention that he has been here before, he not only knows the mystery of the wall, but also knows where the switch button is.

Even if he didn't come, she also had mental strength. Li Xiang blocked his sight with her body, which had no significance at all.

After the elevator went underground, it opened slowly and Li Xiang came out.

She walked through a long passage and soon came to an open hall.

There are many men and women sitting in the hall, and there is a huge challenge arena in the front. At this time, on the challenge arena, two fierce men in different costumes, red and white, are fighting with each other.

In a more comfortable position in the middle, a small, obscene looking man is holding two enchanting girls up and down, while squinting his eyes to pay attention to the fight in the challenge arena.

He seemed to have seen in advance that the white money had entered his pocket.

Chapter 1366

After entering the hall, Li Xiang quickly wriggles her sexy steps to the lewd man.

She slightly bowed her head and said respectfully, "master, there is a man who claims to be your old friend and wants you to roll over and meet him."

This wretched man is not someone else. It's the target Wang fan is looking for, Chloe.

Chloe listened to this, his narrow eyes suddenly opened, and there was a cold light in them. "What, someone dares to ask me to go to see him? Who is he?"

Chloe's face was very funny when she was angry, but Li Xiang couldn't laugh at all.

"I don't know who he is. I only know that he may be the legendary warrior." Li Xiang said respectfully.

"Warrior? What does it look like? " Chloe asked with a sudden eyebrow.

"Black skin, more than 40 years old, seems to be Oriental." Li Xiang replied.

Chloe's face immediately changed. In his memory, he didn't know this person at all.

But he didn't have the slightest fear. With a wave of his big hand, he stood up and grinned, "go, I'll go with you and have a look. I want to see who dares to let me go to see him!"

With that, Chloe left the hall, not even the two new girls in her arms.

Li Xiang did not dare to talk nonsense, respectfully followed behind.

They soon came to the top, Li Xiang pointed to the impatient Wang Fan who had been waiting for a long time and said, "master, it's him."

In fact, there is no need for Li Xiang to say that Chloe has already seen Wang Fan. He pointed to Wang Fan's nose and asked, "is it you who asked me to come to see you?"

"I hear you are still a warrior? Why, do you think you are a warrior? You'd better give me a reason to see you. Otherwise, even if you are a warrior, believe me or not, you can stay here forever? "

Chloe's tone is very arrogant. Even though he knows that Wang fan is a warrior, he is still not half afraid and full of confidence.

Wang Fan looked at Chloe, also very surprised.

This Chloe is still a natural expert.

Did he break through in the past two years, or was he a natural expert before?

If Chloe broke through in the past two years, he can barely accept it. But if he was a congenital master before, it would be too deep to hide.

Wang Fan's mind is full of twists and turns, but on the surface he laughs, "I haven't seen you for more than a year. Your temper hasn't changed at all. I don't believe you can keep me here forever

Speaking of this, Wang Fan's tone suddenly became low, "old bastard, I've saved you twice in vain. Is it difficult for you to talk to your benefactor with this attitude?"

"It's you? "Wang" Chloe listened to Wang Fan's words, his face changed greatly, and instantly knew Wang Fan's identity.

Even if he didn't see Wang Fan two years later, he could still recognize Wang Fan's voice. The most important thing is that Wang fan is the only one who calls him old bastard in the world.

Although Chloe doesn't stand out in front of the giant of the NASS family, it doesn't mean that he hasn't heard of what Wang Fan has done recently.

He almost called out Wang Fan's name. Fortunately, he responded in time.

"Why don't you find me a place to sit? Why, old friends are not welcome?" Wang Fan stares at a way.

"You little son of a bitch!" Chloe listened to this, directly couldn't help but hit Wang Fan on the chest, and then waved, "go, let's go to the upstairs box."

After he finished, he also told Li Xiang, "give me the best wine, the best food, speed up."

Wang Fan sneered, "what kind of good wine and delicious food can you have in this broken bar? Don't fool me with fake wine, and I'll thank God. "

Chloe listened to this, his face turned red and his eyes glared. "Son of a bitch, what do you say? When did I fool you with fake wine?"

When he finished, without waiting for Wang Fan to reply, he seemed to think of something and yelled at Li Xiang, "by the way, give me some of the best women."

After that, he quietly pointed to Li Xiang and said to Wang Fan, "little son of a bitch, how about my woman, isn't it good?"

"She's my best choice. It took me another year to cultivate her. If you like, I'll give her to you tonight."

Wang Fan listened to this, it was a chill, "forget it, I'm a coward, and what you cultivate are poisonous roses, I'm afraid of burping farts."

Although Wang Fan also likes beautiful women, he doesn't have the heart to talk about the current situation. What's more, he has no interest in other people's women.

At the thought that Li Xiang had not known how many times it had been developed by Chloe, he had no interest at all.

Li Xiang's feet faltered for a while, and her eyes flashed with horror.

Although Chloe's voice was not loud, she heard it.

She didn't expect that the relationship between Chloe and Wang Fan would be so good that even she was willing to give it away. You know, this has never happened before.

This

Wang Fan and his wife soon came to the upstairs box, and the beautiful wine and food were also sent up.

After drinking for a while, Wang Fan asked Chloe to send away the beauties and said, "old bastard, you must have heard about what happened to me recently."

"I'm looking for you for only one purpose this time. Help me keep an eye on Nash castle. If your people find that SAIN has left the castle or Nash sHouse is left alone, please let me know."

Chloe couldn't help but stand up and his face changed wildly. "Is that Wang Fan really you? I always thought it was just someone with the same name and surname as you

"I said that you are really bold. You offended the NASS family. You don't want to run for your life, but you dare to come to the door. Are you looking for death?"

Others do not know the strength of the NASS family, but under the eaves of Los Angeles, Chloe is clear.

At the same time, his heart is also very shocked, two years did not see, Wang Fan was so strong, this is too incredible.

Wang Fan, with a smile, said with disdain, "looking for death? Not necessarily! The so-called most dangerous place is the safest place. The NASS family certainly didn't expect me to come to Los Angeles. "

"You know my character. I always have revenge and kindness. How can I not repay the NASS family for treating me like this?"

"You can say directly whether you can help me or not. If you don't help me, I'll leave immediately as if I haven't been here."

Chloe's face also became dignified, "if it's someone else, I certainly don't want to help, after all, the NASS family is too terrible."

"But who let this person be you? Who let me owe you two lives? I have to help if I don't help."

"But I'm going to send some of my wives and children out first, or once the NASS family knows that I'm going to help you, they'll be finished," he said

Although Wang Fan had thought that Chloe would help him for a long time, he was still moved to hear what he said.

His face solemn assurance way, "you rest assured, as long as this time I Wang fan does not die, will repay you this great kindness!"

Chapter 1367

After Chloe promised Wang Fan, he immediately began to prepare.

The next day, he secretly sent his eight lovers and seventeen children out of Los Angeles.

There's no way. The NASS family is too powerful. It's no joke to fight against the NASS family.

If the NASS family knows that Chloe dares to help Wang Fan, it will definitely kill him for the first time, so he dare not be careless at all.

After seeing off his relatives, Chloe was relieved and sent all his cronies out, secretly staring at the top of the NASS family.

Wang Fan stayed in a hotel in Los Angeles, waiting for the news, while he began to concentrate on cultivation.

Anyway, strength is the most important thing. Without strength, everything is false.

He has to at least keep his form at the top all the time. Of course, it would be better if he could step further into the top five.

However, Wang Fan also knows that there is no panacea. With the rare aura between heaven and earth, he wants to step into the five levels of Defan, which is just a fool's dream.

In Wang Fan's moment of waiting, the Ke Ge family has started a full-scale war against the NAS family.

In just one day, the NASS family's major industries outside Los Angeles were hit by unprecedented blows, and the middle class disappeared completely, which directly led to the loss of the NASS family of more than 50 billion.

The Nash family was in a panic, and the high-level people were in danger. They secretly congratulated themselves that they had been recalled to Los Angeles and Nash castle. Otherwise, the end would not be much better.

Nash sHouse was even more angry. He contacted the krers several times to ask for compromise. However, the krers did not care at all. They were still sparing no effort to attack Nash family's industries outside Los Angeles.

Another day later, the loss of the NASS family has reached 100 billion.

Fort NASS, in the majestic golden conference room.

With a slap, Nash sHouse slapped on the round table made of pure gold, and his expression was angry to the extreme. "It's too much deceiving, it's too much deceiving!"

"It's just that you accidentally kidnapped and imprisoned delis. As for being so reluctant? Our NASS family has been forbearing step by step, but the Kere family is pressing step by step. It seems that our NASS family must fight back. "

Nash sHouse roared wildly, his face was ferocious to the extreme.

According to the normal situation, even if the NASS family is not as good as the Kere family, it is impossible for them to be defeated like this.

It was only because the NASS family had been killed by Wang Fan, and they didn't want to fight with the crazies of the Kere family, that they were pressed step by step.

In the past two days, although the NASS family has suffered a great loss, it has not shaken its foundation. Because Nash sHouse has recalled its elite and important executives to Nash castle in advance.

"Yes, the krers are really bullying people too much. We can't be passive like this any more. Otherwise, the krers think we are bullying. We have to fight back."

"Now the crazies are sweeping our peripheral industries and forces crazily. I think they will attack Los Angeles in the next step. We must make preparations in advance and give them a fierce attack!"

"My family has a history of nearly a thousand years. When did I suffer such a big insult?"

Let's not say it's the kre family. Even if the No.1 buma family wants to destroy our NASS family, we have to tear a piece of meat from them! "

The other senior members of the NASS family were angry and indignant.

This time, it is definitely the heaviest blow that the NASS family has suffered in decades. If they continue to do so, they will become a laughing stock. What qualification is there for them to be known as the top 20 ancient families in the world?

One by one, their faces turned red, they argued and advocated a crazy counterattack.

Drop by drop.

At the moment when everyone was talking about it, nassausser's phone suddenly rang.

Listening to the harsh telephone ring, the whole golden conference room became quiet, and everyone looked at Nasser.

Nash sHouse's eyes narrowed slightly, and he also looked at the mobile phone, but when he saw the caller ID, his eyes suddenly condensed into a needle.

Cranberg, the second uncle of Derris and the second generation core of cranberg family, plays an important role in the cranberg family.

This attack against the industrial forces outside the NASS family is also the responsibility of krelenberg.

"What do you want to do, cranberg? If you're here to ridicule my nassian family, I advise you to save your heart."

"I've already remembered your kindness to the NASS family. Fengshui turns around. We'll see."

Nassausser got on the phone. There was no good tone.

Over the past two days, he has made several calls to the head of the kree family and krelenbe in an attempt to seek reconciliation.

It's a pity that no matter the head of the kree family or krelenberg, he didn't look good at all. Nash sHouse put his face on his cold ass, and now he got a call from Craig Lambert. It's strange that his voice can be better.

"Oh, so you are going to fight to the end? Good. I'll be with the Craig family. "

"Originally, I called you to discuss the settlement and compensation. But since you NASS family are going to fight, I can only accompany you

At the other end of the line, crallenberg listened to nassausser's words and gave a cold smile. After that, he hung up immediately without waiting for nassausser to reply.

Reconciliation?

Nasser's face was even worse.

He didn't expect that at this time, the Krea family even called to try to reconcile.

He was not in a hurry to call cranberg back. Instead, he made a phone call after consulting with the senior officials.

It seems that Nash sHouse and all the high-level officials have forgotten the indignation just now, forgotten the remarks just now and agreed to compromise.

As long as the demands of the krers were not too much, nassausser decided to put up with it.

After all, this time, the loss of the NASS family is too serious. If it comes to a dead end, even if it can eventually damage the krers family, the NASS family is expected to perish.

He doesn't want the Millennium foundation of NASS family to fall into his hands. He doesn't want to be a sinner of NASS family.

Wang fan is practicing when Chloe rings the doorbell of his room.

Wang Fan's eyes suddenly brightened, and immediately withdrew from the cultivation state. He opened the door and welcomed Chloe in. "Is there any news? Let's talk about it. I'll see if it's valuable."

Chloe rubbed his hands and said with pride, "bullshit, who am I, Chloe? If I come out, I can't do anything?"

He patted his chest. "I just got the news that the NASS family is ready to reconcile with the krers, and we have an appointment to meet."

"The NASS family is going to send nasgewo to meet and talk with the people of the kerge family. The time is tonight."

Wang Fan's eyes brightened when he heard this. He couldn't help patting Chloe on the shoulder. "Yes, I didn't expect that you could really find something out. This news is very valuable. Thank you so much."

Nasgewo, the eldest son of Nasser, is also nasgler's elder brother. He is the most outstanding core of the Nasser family, which is very important to the Nasser family.

"Ha ha, what's the relationship between us? Thank you. For the sake of saving me, just give me ten million. "

"As you know, I still have so many people under my command, and they are also risking their heads to investigate the affairs of the NASS family. They can't make their hearts cold."

Chloe is serious, Wang fan is a black line, almost could not resist a kick in the past: NIMA!

Chapter 1368

At 6:30 p.m., a black car drove out of Nash castle, counting down to ten.

The cars lined up and drove slowly out of Nash Castle towards the hotel sainton in Los Angeles.

In addition to nasgewo, the second generation core of the NASS family, the rest of them were all elite bodyguards of the NASS family, and there were even 20 strong people in charge.

There is no way. Nasgewo is too important for the NASS family.

The NASS family did not know whether the krers really wanted to reconcile or to lead the snake out of the hole, so they had to guard against it.

Nasgevo is also very careful, not only prepared a stand in to follow in the car, but also after a careful disguise.

In this way, even if someone on the road wants to assassinate him, they don't know which car he is in.

As long as the enemy doesn't kill him in an instant, there will be no chance to kill him next.

The bodyguards and escape experts on these ten vehicles are enough to resist any enemy for 20 minutes. After 20 minutes, the large forces of NASS family will be able to come.

The vehicles are driving slowly. Along the way, they are also taking the route drawn up in advance.

Those routes have been completely blocked, all vehicles and pedestrians are banned, and there are police guards along the way.

From this, we can see the importance of the NASS family in Los Angeles.

More than an hour later, ten cars slowly stopped at the entrance of the hotel.

Shengdun hotel is a six-star hotel in Los Angeles, which is not the property of NASS family. The reason why we choose the place here rather than the hotel under NASS family is to avoid the suspicion of krelenberg.

The NASS family originally wanted to close the Christmas hotel in the evening, but they were afraid of causing cranberg's dissatisfaction, so they didn't do so.

After arriving at the hotel, the old shareholders of the hotel, who had been waiting at the door, trotted over respectfully.

Although the hotel is good, it is nothing in front of the NASS family. If the hotel wants to survive in Los Angeles, it must not offend the NASS family.

For the old shareholders of shengdun Hotel, the arrival of nasgevo and others is enough to make their hotel shine.

When the car door opened, the bodyguards of NASS family and 20 strong people got off the car first. They looked around and confirmed that there was no danger before they met nasgevo respectfully.

Then, under their escort, nasgevo quickly walked into the hotel.

The top floor box is magnificent and luxurious.

Countless antiques, calligraphy and paintings can be sold at auction outside. Here, they are just like

ordinary ornaments.

The conservative value of any vase or painting in this box will not be less than one million.

The whole box, only a huge platinum round table, and in front of the table, but only one person sat.

The man was of medium build, in his forties, and in a decent suit.

His appearance is not outstanding, but he has a sharp breath, especially his eyes, sometimes flashing a touch of crazy and violent, it is not a simple role.

This man is the core of the second generation of Craig family, Craig Lambert, and it is also the uncle of delis.

Although he was only sitting alone in front of the huge platinum round table, there were dozens of bodyguards on both sides behind him.

These bodyguards look solemn, hands behind, motionless, heavy pressure from their body diffuse, a look of extraordinary quality.

If there are strong people here, they will find that at least ten of them have reached the level of detachment.

While tapping the table with his fingers, crallenberg looked at the expensive watch on his wrist. His expression could not show his happiness and anger.

It's seven fifty now. If the NASS family doesn't come in another ten minutes, he won't wait any longer.

Crallenberg is a man with a strong sense of time. Anyone who is not punctual in front of him will not have any good impression and will not give any more opportunities, even the nassian family is no exception.

Time soon points to 7:55, although crallenberg expression ancient and modern waves, but the heart is already impatient.

Just as he was thinking about whether to leave now, his head suddenly turned to the door.

Before long, with a creak, the door had been opened, and nasgevo came in with a bunch of bodyguards smiling.

"I'm sorry to have kept you waiting, Mr. Craig." Although nasgavo wanted to kill cranberg immediately, he had to smile on the surface.

Looking at his expression, they are like old friends who have known each other for many years.

But crallenberg didn't smile. His eyes were cold. "You know I've been waiting for a long time, and you don't hurry to come here. How come you NASS family are using this method to attack me?" "Today is the day for me to negotiate with nasgavo's family. What are you doing in here? Get out of here

Sharp words, ruthless!

Nasgewo, including those bodyguards and those who are strong enough to get rid of everything, looks very ugly!

They didn't expect that crallenberg would embarrass them so unkindly!

Nasgewo's face changed when he heard this, and then he tried to squeeze out a smile. "Mr. Craig, we're here to negotiate a settlement. Is your attitude a bit bad?"

He pointed to the group of bodyguards behind crallenberg and said, "what's more, if your people can come in, why can't my people come in? Are you deceiving people too much? "

"Too much deception?" Crallenberg sneered, "why didn't you tell me that you cheated too much when you kidnapped and imprisoned my niece, Delice?"

"This is Los Angeles. It's your family's territory, so I had to be careful to bring them in."

"Why, do you still need to be so cautious in your nasgavo family's territory that you dare not face me alone, cranberg?"

Clellembe's fingers were tapping on the table, and his voice was full of sarcasm. "What's more, it's your NASS family that is weak now, and it's you who want to compromise your interests."

"If you don't want your people to get out, then I don't think we need to make a settlement. Let's see the real chapter under our hands. I'd like to see if it's your NASS family or my krers family that will fall in the end! "

Crallenberg was very aggressive.

Nasgavo's face turned pale as before when he listened to crallenberg's words.

He really wanted to show courage, pointed to crallenberg's nose and said: fight, who is afraid of who!

But when he thought of the current situation of NASS family and the many experts who had disappeared recently, he finally had to endure it.

He pointed to the people behind him. "You go out first!"

"Mr. gervad, this" the bodyguards are a little dull. If they go out, what should krerenberg do in case of attacking nasgavo?

"Don't say it, you go out first. I believe that Mr. crallenberg really came to reconcile with sincerity. What's more, it's Los Angeles. Even if Mr. cranberg moves me, I don't think it's here

Nasgworth said grimly, and looked at cranberg. "What do you say, Mr. cranberg?"

Chapter 1369

Crallenberg gave a cold Snort and said nothing.

The bodyguards of the NASS family didn't insist when they heard what nasgevo said. They gave krelenberg a fierce look and left the box in anger.

They didn't walk away foolishly, but just stayed outside the box. Once anything happened inside, they could break in at the first time.

Wang Fan has also come to the shengdun Hotel, but he did not go upstairs, but sat in the hall.

He changed his face and became an intellectual in his thirties with glasses. He was dressed in a straight suit and a newspaper in his hand, just like a successful man.

Wang Fan has been here for a while, and even he comes first than the people of NASS family, but he has never had the chance to do it.

There are too many people around nasgavo, and there are two players who are not in the sixth floor. He dare not rush to start with such a strong team.

Ding, the elevator door opened, wearing a secretary's suit, wearing sunglasses Li Xiang came out of the elevator, moving the sexy pace, raising the sound of Da Da Da to Wang Fan.

Wang Fan didn't come alone, but Li Xiang accompanied him.

Although Chloe is a bit addicted to money, he really attaches great importance to Wang Fan's safety. He sent Li Xiang to follow Wang Fan to see if he could help.

In her thirties, Li Xiang just changed her appearance into her twenties. Her pure and lovely face and devil's familiar figure filled her with amazing charm.

Her enchanting figure, set off by the Secretary's clothes, was perfectly outlined, which immediately attracted the attention of countless people around her.

But even if their eyes were hot, no one rushed up to chat with Li Xiang.

Because even if Li Xiang conceals her original appearance, it gives people a feeling of wildness. This kind of woman is obviously not so good at it.

What's more, nasgevo is in the hotel sainton. Who dares to make trouble at this juncture?

"Is there any news? Do we have a chance?" After Li Xiang sat beside Wang Fan, Wang Fan asked softly, sticking to her earlobe.

Some things are really inconvenient for Wang Fan, but Lixiang is different.

As a beautiful woman, she has a unique advantage.

Just now, she went up to explore the way for Wang Fan, and helped Wang Fan to see if she could move her mobile phone.

Li Xiang felt Wang Fan's masculine breath, but she soon calmed down and said, "no chance."

"Nasgavo has entered the box, but his bodyguards have been blown out."

"With them at the door of the box, it is equivalent to another layer of protective umbrella for nasgevo, so you have no chance."

Wang Fan sighed, not discouraged, "in this way, we can only wait for him to leave to find a chance to start again, but I need your cooperation, I don't know if you dare."

After listening to this, Li Xiang's expression became more dignified, and her face was no longer enchanting and charming. "The master said that he wanted me to cooperate with you and help you, even if I paid my life, I also wanted to ensure your safety."

"You say, how do I need to cooperate? As long as I can do it, Lixiang is absolutely duty bound!"

Li Xiang obviously has enough respect and awe for Chloe, otherwise she would not say this.

Wang Fan said with a smile, "it's not that serious. Just listen to me. I'll try my best to ensure your safety. But before we take action, we need to change our appearance. "

Wang Fan said, he got up and left the hall with Li Xiang.

Instead of going far, they went to a humble car in the distance.

Twenty minutes later, Li Xiang was the first to walk out. She was already dressed up as a dusty woman. Her breath was fierce, but her face was haggard.

After she left here, she immediately ran to the door of the hotel and stood down, her face staring at the

door of the hotel from time to time, a face of determination, another face of fear.

Wang fan is to restore the original appearance, hidden to a corner not far away.

An hour later, with a heavy sound of footsteps, nasgewo came out of the hotel under the protection of several bodyguards.

His brow was frowned, his face was gloomy, and he seemed to be thinking about something. It was obvious that the negotiation was not so smooth.

After walking out of the hotel, the party immediately walked towards the NASS family car.

But before they got close to the car, Li Xiang rushed out with a scream.

"Mr. nasgwar, Mr. nasgwar, I have an important report. I have an important report."

Li Xiang rushed out directly. Before the bodyguards of NASS family started, she knelt down and raised her hand. "I have news from Wang Fan. I have news from Wang Fan. He is chasing me. Please help me."

She looked frightened, even incoherent.

Nasgewo had disdained to take care of such people as Li Xiang, but after hearing the second half of Li Xiang's words, his pupils suddenly contracted, and his eyes flashed with endless killing intention. Wang fan is one of the most hated people in the NASS family.

If it wasn't for Wang Fan, how could she escape, and how could the Kere family get into trouble?

If it wasn't for Wang Fan, how could the tanas family lose so many experts that now they are so passive that they have to bow down in front of the Kere family?

Those bodyguards who originally wanted to start heard Li Xiang's words, also stopped the action, eyes knife sharp stare at Li Xiang.

"Mr. nasgavo, what I said is true. You must believe me. Now you are the only ones who can save me

Li Xiang is still in panic, but her heart is very uneasy.

After all, this is nasgewo. There are ten masters who can kill him with a slap.

If she does this now, she will end up in pieces.

Although she was in awe of Chloe and even obeyed her orders to die, it did not mean that she was not afraid.

Nasgewo stares at Lixiang for a while, but he doesn't let her go immediately. Instead, he looks at the six story old man beside him.

The six story old man shook his head slowly and said in a low voice, "she's just an ordinary person. She's not a warrior. She's not dangerous."

Listening to this, nasgevo felt calm and waved, "let her come here."

"Yes When the bodyguards heard nasgavo's order, they separated directly.

When Li Xiang saw the crowd jumping apart, she stood up in a hurry, as if to rush in.

But just then, with a whoosh, the sound of a broken wind sounded, and a dark shadow suddenly came out from behind the car from afar.

"Grandson of NASS family, your grandfather Wang fan is here!" With a roar, Wang Fan kicked over two less responsive bodyguards and rushed in like a rainbow.

At the same time, Li Xiang retreated quickly and flashed into the distance.

Nasgler looked at this scene, his face changed greatly. He never thought that it would be a bureau.

Wang Fan took advantage of the moment when Li Xiang attracted their attention and suddenly killed them.

You know, if Li Xiang didn't attract their attention, if they didn't give Li Xiang a separate way, in such a strong lineup, Wang Fan, even if he has great ability, can't rush to nasgewo.

Let alone rush in front of nasgewo, Wang Fan estimated that as soon as he appeared, he would attract their attention.

But now, due to the appearance of Li Xiang, Wang Fan rushed to nasgewo without difficulty.

Chapter 1370

"Wang Fan?" Nasgewo looked at Wang Fan, his eyes suddenly condensed into awn, his face changed greatly!

"Hey, hey!" Wang Fan stares at nasgewo whose face has changed greatly, but he laughs and punches!

Boom!

The violent power poured out and bombarded nasgavo in an instant.

With a loud noise, nasgewo immediately fell and flew. After turning over, several bodyguards and

guards fell to the ground like dogs.

"Wang Fan, you want to die!"

At this time, the tuofan liuceng, who was standing beside nasgewo, reacted. His eyes flashed with extreme cold. While he was drinking angrily, his fists had already been flying, and he bombed Wang Fan hard!

His heart is set off a storm.

Wang Fan's explosive power is too terrible, even in an instant close to nasgewo in front of him, and he has not responded!

Wang Fan felt the surging attack from the sixth floor of tuofan. His eyes were ferocious, his whole body was agitated, his muscles were tight, and his innate vigorous Qi instantly protected his body.

He clenched his fists, pushed them flat, and at the same time, he rushed out madly. He was very decisive!

No matter what the outcome of nasgewo is now, he can't stay here any longer. He must leave immediately.

Otherwise, once in a tight encirclement, and then let the seven story SAIN come over, he will have to explain here today.

Boom boom!

The two violent forces collided, making several explosions. The six story tuofan fell back four or five steps, while Wang Fan spewed out a mouthful of blood and flew out like a broken kite.

But after landing, he didn't stop at all. He tried to hold back the salty smell in his throat again. After a few flashes, he fled to the distance.

"Son of a bitch, where to go!"

"Now that you're here, stay!"

"Dare to attack Mr. nasgavo, we want you dead!"

The ten strong men in the NASS family did not react until now. While they roared, they were furious and pursued Wang Fan crazily.

Nasgavo was their master and played an important role in the nasgawa family.

Now nasgewo was injured by Wang Fan. They all have unshirkable responsibility. If Wang fan runs away like this, they can't explain after they go back!

The tuofan liuceng wanted to follow the pursuit, but he saw that the others had already chased him, but he had to stop.

Now nasgewo is injured, and his life and death are unknown. If he leaves at this time, Wang Fan will kill him again. With those ordinary bodyguards, he can't stop him at all.

He bit his teeth and cursed Wang Fan in his heart. Then he ran to nasgewo.

Wang Fan appeared fast and left faster. Although it was slow, it only happened in a few seconds.

The people around them were shocked to see that someone rushed out and hurt nasgewo.

It's crazy, it's terrible!

Is it crazy that someone dare to attack nasgavo, the second generation core of nasgavo family, in Los Angeles?

If you didn't see it with your own eyes, no one would believe it.

Just think of each other is Wang Fan, they are also relieved.

Wang Fan's affair with the NASS family is very popular in the whole world, and everyone knows it. It seems that it's not strange to attack the NASS family core in Los Angeles.

After flashing to Li Xiang, Wang Fan hugs Li Xiang and runs.

Li Xiang was hugged by Wang Fan, and her heart was shocked to the extreme. Until now, her whole heart was beating violently, as if everything before was just a dream.

She actually cooperated with Wang Fan to attack nasgewo. This was something she didn't even dare to think about before.

The power of the NASS family in Los Angeles is not for fun, let alone attacking the core of the NASS family. Even if an ordinary slave of the NASS family comes out, they dare not be disrespectful.

Wang Fan, holding Li Xiang in his arms, rushed out dozens of miles quickly, but still did not stop.

His mental power has been clear to sweep, nineteen out of five crazy chase.

All of them were fierce and murderous, as if they wanted to tear him to pieces.

Wang Fan noticed this scene and sneered in his heart, but the speed was faster.

Soon, his mental power swept to, not far away appeared a deserted alley, he did not want to think, directly rushed in.

In such an open place as the street, it's impossible for Wang Fan to face up to the 19 top five.

Don't say that he is injured now, even if he is not injured, and his strength is at the peak, it is impossible for him to be 19 opponents who are out of the five layers.

But as long as you enter the alley, with the help of the night and the cover of the alley, it is not a problem for him to clean up the 19 people. This lane is dark, crisscross, like a labyrinth, which is the best place for Wang Fan to fight.

It's just that there's a lot of stinking garbage in the alley, and the smell is very bad. But in order to clean up the strong ones of NASS family and weaken the strength of NASS family, Wang fan doesn't care so much.

"Shall we not run? What are you doing here? " As soon as Li Xiang was brought into the lane by Wang Fan, she couldn't help covering her nose and frowning.

"Run?" Wang Fan licked his lips and grinned, "from now on, it's them who need to run!"

The cold light in his eyes twinkled, "it's only five layers off the ordinary, and I dare to chase Wang Fan. It's really a big dog's gall!"

"It seems that no matter on the cruise ship of NASS family or in the jungle of Cuicheng, the deterrence I caused to them is not big enough!"

Li Xiang listened to these words, no longer care about the pain, but asked in horror, "what do you want to do, do you want to fight back here?"

Wang Fan nodded, "that's right."

With that, he didn't wait for the startled Li Xiang to make a sound again. Suddenly, he hugged Li Xiang, and his toes suddenly touched the ground. He directly jumped to the three meter high brick wall.

He covered Li Xiang's ruddy mouth and said, "don't talk. They are coming. Remember to hold your breath and concentrate!"

Li Xiang listens to this words, hastily astringent mind, dead of held breath.

Although she is powerful in the secular world, she has been trained by Chloe for a long time, and she is also a ruthless role.

But after all, the other party is from NASS family, and they are all free from martial arts, so she is still unavoidably frightened and nervous.

Whoosh.

Wang Fan just covered Li Xiang's ruddy mouth, and the two old people who took off the fifth floor already flashed into the Hutong.

At the same time, they stopped and carefully sensed everything around them.

Wang Fan looked at this scene, he he laughed, his right hand suddenly in Li Xiang waist, a fear, PA, in attracting two people's attention at the same time, the whole person has been like a shell dive down.

"Wang Fan?"

"Wang Fan!"

The two men's faces changed greatly, and they began to retreat quickly with their arms across their chest.

No way, Wang Fan's speed is too fast, they only come and do all this, there is no time to fight back.

Almost they had just set their movements, and then they stepped back. Wang Fan's body hit them like a shell.

Two roars, two people only feel a pain all over, immediately fell to fly.
