

Mighty Sk 1371

Chapter 1371

Wang Fan hit power, but did not chase out, because his mental power has been clear to sweep, and three out of the ordinary strong flash like lightning.

Although the strength of those 19 people are all five levels, their strength is also uneven, and they can't catch up with each other at the same time.

Wang Fan quickly stepped back and flashed directly in front of a garbage dump.

Almost as soon as Wang Fan was pushed to the garbage heap, the three fighters had rushed in front of the two injured companions.

"Are you all right?"

"Wang Fan, you've been hiding for so long. Today we're going to see where else can you hide?"

"Sinister and despicable thing, if it wasn't for sneak attack, do you think you can still jump to today? Dare to come to Los Angeles, you don't want to leave! "

Among the three, one inquired about the injuries of the two injured companions, while the other two looked at Wang Fan with ferocious eyes and began to roar angrily.

Although they can't detect Wang Fan's accomplishments with their strength, they have learned from elder SAIN that Wang Fan has only four levels of freedom.

They are just four stories apart, but they make the NASS family in a mess, and countless strong people are missing. They all attribute all this to Wang Fan's despicable attack.

In their opinion, if it was not for Wang Fan's sneak attack, if it was not for Wang Fan's mean means, they would have killed Wang Fan!

"Ha ha, really? Since you are so confident, I will not be mean today, and fight with you honestly!"

Wang Fan said, suddenly a little.

Bang!

The rubbish on the ground suddenly flew up and shot towards the three people in a crazy way. It was overwhelming.

The three elders were excited when they heard Wang Fan's words.

They are planning to fight with Wang Fan in an open and aboveboard way to avenge Xue hen, but unexpectedly, the next moment, Wang Fan kicks the garbage over.

Looking at the smelly garbage, they couldn't help but squint in their eyes, and their whole body was full of gas. While trying to disperse the garbage, they suddenly began to retreat.

But at this moment, Wang Fan has a smile, right leg suddenly step on the ground, crazy towards them.

Wang fan doesn't think his means are mean. If the NASS family comes to one person, he disdains to sneak attack in the dark.

But NASS family sent so many experts to besiege him. NASS family is the most despicable.

"Damn it

"Mean!"

"Son of a bitch!"

Three people looked at that pressing from Wang Fan, a gas of gnash teeth, crazy agitation momentum, the fist and foot severely bombed out.

Boom boom!

Three loud noises, three people were hit back, Wang Fan also feel bad, followed by a few steps back.

Every time he fought, his strength would be reduced, so it was impossible for him to destroy every time, just like the previous two.

What's more, this time he faced three top five players, and the combined strength was much stronger than the previous two.

After Wang Fan was repulsed, he forced himself to hold back his rolling Qi and blood. Without any nonsense, he gritted his teeth and attacked the three again like a wolf tiger.

He madly urged the energy in his body and merged into his right leg. When he approached the three, his right leg suddenly drew an arc and swept them fiercely.

Whoo!

Kick out with one leg, just like a long whip filled with thousands of kilograms of giant force, the air is pricked to hiss, like lightning, just like a thunderbolt!

The three felt Wang Fan's instant attack, and their eyes showed a sense of horror, and their faces

changed greatly!

They didn't expect that Wang Fan's toughness was so abnormal. As soon as he hit them, he didn't even breathe, so he launched a second attack, and it was still so sharp.

Feeling Wang Fan's terrible leg, they didn't care to fight again, and madly stirred up the innate vigorous Qi to resist.

Come on, come on!

With three sounds, Wang Fan's toes connected to the three people's chests, and the congenital vigorous Qi was smashed in an instant, and the three people flew out like broken winged birds.

"A group of rubbish, if you NASS family didn't like to bully others with more, do you really think I would sneak in the dark?"

"To be mean, I don't think there's anything meaner than your NASS family. You should also be glad that there are so many people, otherwise, where can I step on it? "

Wang Fan disdained to hum a, did not continue nonsense, flashed to Li Xiang side, holding Li Xiang quickly left here.

He has swept to the back of the 14 people came one after another, so dare not entangle!

Among the 14 masters of NASS family behind him, four were left to take care of the five who were seriously injured, while the other ten searched for Wang Fan everywhere in the alley.

But they were very disappointed, they didn't find any trace of Wang Fan.

Wang Fan with Li Xiang a few flashes, soon left the alley. Outside the Hutong, Chloe's cronies had already taken over.

He quickly got into the car with Li Xiang, left here quickly, and returned to the hotel owned by Chloe.

Tonight, he hit nasgavo hard, and also hit five of the nasgawa family. He is very satisfied. If he continues to fight in the alley, he will only make himself passive.

Wang who can distinguish between the heavy and the heavy and the situation, even if he wants to take the 19 members of NASS family into one pot, also know that it is impossible to do, so decisively chose to leave.

The NASS family.

Nash sHouse knew that nasgewo was hurt by Wang Fan, who suddenly appeared, and immediately

became furious.

"Wang Fan, it's Wang Fan again! How dare he come to Los Angeles to have a wild life

"When did he come to Los Angeles? Why don't our people know? Are all our intelligence personnel useless?"

"Look! Find it for me!!! Even if you dig three feet and dig all over Los Angeles, you have to find out Wang Fan for me! "

Nash sHouse roared angrily. Wang Fan's behavior was another slap in the face of his Nash family.

The NASS family has not cleaned up Wang fan outside. Although he is a bit shameful, he will not be ridiculed.

After all, Wang Fan's strength is there, and he is as cunning as a fox. He can say that Wang fan used mean means.

But this is Los Angeles. This is the headquarters of the NASS family. This is the site of the NASS family!

On the site of the NASS family, Wang Fan hit nasgewo, the core of the NASS family, and left safely.

If we can't catch Wang Fan, the NASS family will be humiliated and ridiculed.

Even if the NASS family does not decline, it is estimated that there will not be many people who respect the NASS family in the future.

Which of these ancient families does not regard face as more important than life? How can they tolerate Wang Fan's provocation?

The high level of NASS family was also angry. That night, they sent countless people to search for Wang Fan in the whole Los Angeles.

Sunton hotel.

After learning that Wang Fan had hurt nasgewo badly, cranberg could not laugh or cry. "This boy is really bold!"

Although he knew that Wang Fan had taken advantage of nasgewo, he didn't mind at all.

After all, if he had not asked nasgworld out, Wang Fan would not have succeeded at all!

He was also shocked by Wang Fan's bravery. After all, even if he wanted to move nasgewo in Los Angeles, he had to weigh it over and deploy.

Even if it is him, are not sure in the real injury of nasgavo, still can retreat.

But Wang Fan did it!

"It's not easy!" Kerelenberran, and then issued the same order, "pay close attention to every move of NASS family. If Wang fan is caught by them, let me know as soon as possible!"

"Yes My subordinates took orders and left.

Chapter 1372

Along with the nasgavo was hit, the nasgawa family completely crazy.

Innumerable masters of the NASS family went out, just like bandits entering the village. They frantically searched for Wang Fan's trace in the whole Los Angeles. All the people in Los Angeles were in a panic.

Wang Fan, as the party concerned, is now enjoying the red wine in a humble hotel.

In front of him, is sitting a face helpless Chloe and Li Xiang.

"I said, Wang Fan, it's already blown up outside now. Aren't you really nervous at all? You are really my grandfather, my ancestor

Chloe face bitter, can not help but advise, "I advise you to leave Los Angeles, as long as you nod, I promise to send you safely out of Los Angeles in two hours."

"It's not safe for you to stay here. Once you are found, not only you will suffer, but also I will follow you.
"

Chloe was really scared, and the flesh on his face was shaking. "Now you've hit nasgevo hard, and it's almost noisy, isn't it?"

"Even if you still want to fight against the high level of the NASS family, at least you have to wait for this time to pass, don't you?"

Wang Fan finished drinking the red wine in the glass and glanced at Chloe faintly, "why, are you afraid?"

"If you're afraid, afraid I'll implicate you, tell me. I'll leave now without saying a word."

"But I'm not going to leave Los Angeles. The NASS family chased me for so long and almost killed me. Now I've just injured a nasgavo. How can that be enough?"

"No matter what I do, I have to see Nash sHouse and give him a heavy blow."

Chloe was stunned. "Do you want to move Nasser? Are you crazy? "

"Nassauer, is nasgavo comparable? He's surrounded by the old man SAIN. You can't succeed at all

"I think you'd better save it. If you move Nasser, it's killing a stone with an egg. I'm tired of living!"

Chloe is really dazzled by Wang Fan's idea. Although he also knows that Wang Fan has changed a lot over the years, at least his strength has increased a lot, he is still not optimistic about Wang Fan.

Nash family is a family with a history of thousands of years, and Nash sHouse is an old monster who has lived for more than 80 years.

As the saying goes, a hundred legged insect is dead but not stiff, not to mention that Nash sHouse is not dead. If he was so easy to move, he would have been passive for many times. How could he get to Wang Fan?

"Wang Fan, I'm not afraid, but I don't want you to die! Can you go out and hide for a while, wait for the wind, and then come back? " Chloe was about to cry.

Wang Fan glanced at Chloe and suddenly put his arm around his shoulder. "Brother, since you are not afraid, don't talk nonsense. Come on, let's have a drink."

He said, quickly pouring a glass of wine for Chloe.

As soon as Chloe's face turned black, he immediately had a bad feeling, "what do you want? If you have something to say, you can fart. I don't want to do that! "

Chloe had been with Wang Fan for some time before, and he knew about Wang Fan's temperament. When he saw Wang fan like this, he knew it was not good.

Wang Fan said with a smile, "how can I talk? I just want you to do me a little favor. You can rest assured that money is not a problem."

Chloe's whole body is not good at the moment. Wang Fan even takes the initiative to raise money. It must be bad.

He asked cautiously, "what's the small favor?"

"You help me to find out whether nasgevo is now sent to nasgevo castle or to the hospital."

"If he was sent to the hospital, which hospital is he in now, and how many people of NASS family are ambushed in the hospital?"

"Also, by the way, please keep an eye on Nash castle for me to see if the old man Nash sHouse has any

fierce reaction. Will he take the initiative to leave the castle and go to ask Master krelenberg for a crime?"

"After all, I've taken advantage of cranberg. If nassus suspects that I'm in collusion with cranberg, he can say it."

Chloe listened to this, immediately guessed what Wang Fan wanted to do, head shaking and rattle like, "I think it's better to forget."

"It doesn't matter whether nasgevo is in Fort nasgevo or in the hospital, you can deal with it. If nasgavo is sent back to nasgavo, you will not have any chance. "

"If nasgavo is taken to the hospital. The ability of the InAs family in Los Angeles can completely empty the hospital and send people to defend it closely. You also have no chance. You'd better give up that crazy idea. "

Wang Fan couldn't help but face up and said, "Chloe, you're a bit out of the ordinary. I risked my life to save you twice. Now I want you to check the news for me. You don't want to mumble. Ah, I'm wrong."

Chloe listen to this, almost collapse, quickly helpless waved his hand, "OK, OK, I help you check, really I'm afraid of you."

Chloe's work efficiency is very fast. In less than 20 minutes, he has made a clear investigation. Nasgewo was sent to the Mary Hospital in Los Angeles. However, as for how many nasse family experts there are in the Mary Hospital, he has no idea. Because Mary Hospital has been emptied, everyone except the main doctor has been expelled.

Although Chloe is doing well in Los Angeles, his people are still unable to penetrate into the NASS family.

As for Fort NASS, Chloe did not find any useful information.

Although there are people coming in and out of Nash castle, they are very careful, and Chloe doesn't know who they are.

As for whether nassauser and SAIN have left Nash castle, he is even more unknown.

"Thank you very much. Don't worry. I will remember your kindness." Wang Fan listened to the news brought by Chloe, but he was not disappointed. He said thank you and left the hotel immediately.

He transformed himself into a rare old man and ran to Mary Hospital.

As soon as Wang Fan arrived at the Mary Hospital, a car stopped at the door of the hospital.

Wang Fan felt a strong breath from the car. Without hesitation, he quickly hid in the dark and restrained

his breath.

SAIN!

The man in the car is definitely Thain!

Wang Fan's eyes twinkled!

He had seen SAIN on the cruise ship of NASS family, so he was very familiar with the breath of SAIN. He didn't expect that he had just appeared here and noticed the breath of SAIN.

Doesn't that mean that he can go to Fort NASS at this time?

Wang Fan's eyes twinkled, and his back was also in a cold sweat. Fortunately, he was quick to see the opportunity. Otherwise, once he collided with SAIN, it would be a big trouble.

In his current state, he is far from the opponent of SAIN. Once SAIN finds him, he can't escape.

After all, it's not like the original cruise ship of NASS family. He can jump into the sea on the cruise ship, but here, once locked by the breath of SAIN, he will not have much chance to escape.

With a click, the door opened slowly and SAIN stepped out slowly.

After he got out of the car, he didn't enter the hospital immediately. Instead, he frowned and looked at Wang Fan's position.

As soon as Wang Fan's eyelids jumped, he felt some scalp numbness in an instant.

Has SAIN found him?

Chapter 1373

SAIN frowned and looked straight at Wang Fan.

Just now, when he was in the car, he vaguely swept to the other side and a faint breath appeared. But now when he carefully perceived it, the breath disappeared. Is it just his illusion?

Thain's eyes were cold and thoughtful.

"Elder SAIN, we'd better hurry in. I'm afraid we'll be late. Mr. nasgewo can't hold on."

Just as SAIN was thinking about whether to go and have a look, a voice interrupted his thoughts. The one who opened his mouth was a sixth floor elder beside him. The elder's tone was obviously anxious.

Although nasgewo was sent to the hospital in time and saved his life, he was not in good condition and

was in a coma all the time.

SAIN came here to help nasgevo comb his body with aura to see if he could get better.

"Go." SAIN listened to the elder's words, immediately gave up the idea of looking in the past, raised his feet and walked into the hospital.

Nasgavo is still very important to the nasgawa family.

And he stood here and felt it carefully, but he didn't feel any abnormality, so he can only be attributed to the illusion of the scene just now.

He didn't believe that someone could escape his breath perception.

Wang Fan was relieved to see SAIN enter the hospital. This old thing is really alert. It's about to be found.

He didn't show up immediately, but he didn't come out quietly until SAIN entered the hospital completely, and then he ran to Nash Castle quickly without hesitation.

Since SAIN left Nash castle, there will be no top experts in NASH castle.

As long as he is careful, I believe that he will not be found. Even if he is found, he has a great chance to escape without SAIN.

Half an hour later, Wang fan saw Nash castle from a distance.

Nash castle is located in the center of Los Angeles. It covers a large area and is golden in color. A breath of ancient majesty came to my face, giving me a feeling of worship.

Wang Fan felt the desolation and dignity, frowned, and then quickly approached Nash castle.

From the outside, there is no guard at all, but Wang Fan's mental strength has been swept. In the castle, there are at least ten congenital strong people guarding, loose outside and tight inside.

He didn't go in immediately, but after he got close to Nash castle, he hid in an obscure corner and felt it carefully.

He wants to see if his mental strength can reach Nasser's position, and from which position he can get in is the safest and least exposed.

A few minutes later, Wang Fan still did not sweep to the position of Nash sHouse, but he had already drawn up the route.

He waited for a few seconds, a flash, then toward a wall not far away jumped past.

He was as light as a civet cat. He jumped up, his toes just pointed twice on the wall, and then he turned over to the wall. He was as light as a swallow, and didn't make a sound.

At the bottom of the wall, there are ten congenital experts who patrol back and forth. When Wang Fan falls, the ten congenital experts are facing him at the beginning, and he falls on the ground in the castle without danger.

All this was calculated by Wang Fan. His mental strength had already swept the ten congenital guards and found their inspection rules, so he took the opportunity to turn their back on himself and jumped in without fear and danger.

After landing, Wang Fan has quickly flashed to a corner, convergence of the breath.

Almost he just flashed to the corner, the ten congenital guards began to turn their heads one after another, but they didn't find Wang Fan.

As long as Wang fan doesn't make a noise intentionally, their eyes can't see Wang Fan. They can't detect Wang Fan's existence just by perception.

Even SAIN's strong people who are out of the ordinary can't detect Wang Fan's breath, let alone them.

Wang Fan stayed in the corner for about a minute. When the guards turned their back on him, they left here and flashed inside.

Although he didn't pay any attention to these congenital guards, he didn't even see Nasser's face now. He didn't want to scare the snake.

Otherwise, once the master in NASH castle is brought out, his trip will be meaningless.

Wang Fan with the help of the spirit of this cheating device, soon close to the castle courtyard.

The inner courtyard of the castle is empty. There is no patrol guard, but there are many hidden mechanisms.

Some organs are on the ground, some organs are on the flowers, and some organs are on the swaying branches, which can be said to be everywhere.

In addition to the mechanism, there are countless infrared defense devices in the inner courtyard, but the light and color are hidden, and you can't see anything abnormal with the naked eye.

Wang Fan scolded in his heart that this Nash sHouse was really careful, and it was thanks to his mental strength. Otherwise, even if he had the ability to pass through the inner courtyard, it would be

impossible for him. Unfortunately, Wang Fan has mental power. The night may affect his vision, but it can't affect his mental power.

Under the scanning of his mental power, there is no escape for all these organs.

Wang Fan carefully forward, avoid the innumerable organs, soon saw a simple house.

At the same time, his spiritual power also swept to Nasser.

In a large hall, Nasser was sitting on a sofa with a cigarette in his mouth and a frown.

By his side, there are two strong men who have broken away from the ordinary seven levels.

None of them spoke, just staring at the mobile phone on the desk from time to time, obviously waiting for the news from SAIN.

Wang Fan noticed that Nasser's house had three people, but did not immediately go in, but with mental force swept to the surrounding houses.

He clearly found that the more than 20 strong people were in those houses. However, at this time, some people were resting, while others were still practicing.

Wang Fan is aware of this scene and can't help frowning. He carefully considers the possibility of sneaking in and attacking Nasser's house.

It's not so easy to deal with the two Tuofan 7th floor. If he can't deal with the two Tuofan 7th floor in an instant, it's a joke that he wants to attack Nasser's house.

"What to do? What shall we do? "

Wang Fan can't help being anxious. After all, he doesn't have so much time to spend. Once Thain returns, he can't leave, and he'll probably never leave again.

"Since there's no time to waste, we have to make dangerous moves." At a certain moment, Wang Fan's eyes became firm.

He suddenly grabbed a piece of gravel on the ground and hit a mechanism 1000 meters away.

Bang!

A loud noise!

Sobbing!

At the same time as the sharp alarm sounded, countless arrows shot at the area.

"What's the matter?"

"Someone broke in?"

"Is it Wang Fan?"

Nash sHouse and the two tuofan seven suddenly heard the alarm outside, and they were shocked, and their faces became ugly.

One of them flashed out of the hall in an instant and swept to the position where the mechanism was touched. The other one carefully protected Nash sHouse and went to the door.

At the same time, around the two sides of the room, the more than 20 strong people also instantly awakened, regardless of the order rushed out.

Chapter 1374

"Protect the owner, protect the owner!" Wang fan is a step faster than those who are strong. While he roars, he pours at nasshouse who comes to the door.

Protecting homeowners?

Whether it's Nash sHouse or those masters who are out of the ordinary, listening to this voice, their faces change greatly.

Because in this old castle, whether the elders or the servants, they don't call the head of the Nasser family. Only the top of the NASS family would call him the head of the family.

That tuofan seven layer reaction is the fastest, instant already stepped forward a big step, and pulled back nasshou se for a while, but his action is still diffuse.

Bang, Wang Fan's eyes flashed a ferocious, his fists had been pushed flat, pierced the air, and blasted on nasshouse's chest!

Nash sHouse was suddenly hit hard, and was immediately overturned out, and then he took a few steps back from the seventh floor behind him.

Wang Fan didn't look at nasshouse any more. Suddenly he turned back, his toes flew up, overturned the five stories of two tuofan, and leaped into the darkness like lightning.

"Wang Fan! It's Wang Fan

"The old clan leader is injured!"

Fortunately, Nash sHouse is now in a coma. Otherwise, if he sees this scene, he will vomit blood.

It's a great irony that one's own organs hurt one's own people!

Wang Fan ran all the way and touched the mechanism all the way. The whole Nash castle was full of flying dogs and chickens. Even the guards who came from the outer courtyard were in trouble.

Looking at the fallen companions, gradually, they no longer dare to pursue Wang Fan.

Mary Hospital.

SAIN worked hard to cure nasgevo, even his dry forehead exuded sweat, but unfortunately he was powerless.

Nasgevo was seriously injured, and he was not a doctor. He was just combing nasgevo's body with spiritual power. Naturally, it was difficult for him to be of much use.

At one point, SAIN could not help sighing and stood up.

There is nothing he can do. If he continues to waste his spiritual power, it will be useless.

"Elder SAIN, something's wrong. Wang Fan broke into Nash castle and hurt the old clan leader!" A detached old man entered quickly and said anxiously to SAIN.

"What?" Hearing this, SAIN's face changed greatly. Without any hesitation, he left the hospital.

His few hairs were already standing up, and his eyes were full of crazy murders!

"What a cunning boy! He really knows how to choose the right time! This time, if I don't kill you, I'd rather break reincarnation! "

His mouth murmured, a few flashes, had left the hospital, frantically rushed to the castle.

Wang fan is still struggling to escape, with the help of those concealed weapons to resist the enemy.

Although he injured a lot of people with the aid of organs, he also suffered some injuries himself, but not too serious.

Soon, Wang Fan clearly felt that those people did not dare to pursue, and he was finally relieved.

He took a deep breath and was about to run out of Nath castle, but suddenly he noticed a strong aura. Wang fan spirit shock, just hesitated for a few seconds, then instantly turned to the direction of the rich aura ran in the past.

At the same time, his mental power has been frantically swept out to see what the aura rich thing is.

Spirit liquid, it's spirit liquid!

Lingye, it's second only to lingsui. I don't know what's better than the three Lingyu he got on the cruise ship of Ailey's family.

What surprised Wang Fan most was that the spirit liquid was not even a little bit. It had a washbasin.

The spirit liquid of that washbasin was put in a house. Not far from the spirit liquid, there was a futon.

Wang Fan looked at this scene, almost want to curse.

It's such a waste. Don't you know how to seal it when you don't use it? Wouldn't it be a pity if it all evaporated?

But on second thought, fortunately, the spirit liquid was not sealed, otherwise he might not be able to detect it.

At the same time, he also wondered, who in the end should have such a big hand, and where did he get so much spirit liquid?

Wang Fan thought that he had rushed to the room crazily.

Now what he lacks most is cultivation resources. Now he sees the spirit liquid again. Why not take it?

What's more, he has offended the NASS family. Taking some of the NASS family's cultivation resources, he has no psychological pressure at all.

He doesn't believe it. If he takes the spirit liquid for such a little time, he will be blocked by SAIN.

With these miraculous solutions, Wang fan is fully confident that he will be able to strike the fifth or even the sixth level of the world.

And once he has the strength of six layers, even if he is facing up to eight layers of SAIN, he will not be afraid again!

After Wang Fan rushed into the room, he immediately found several water cups and put all the liquid in his backpack.

After all this, he still didn't stop. He added some water to the basin and poured the residual spirit liquid into another empty cup. Then he was satisfied to leave.

Just at this time, a roar came, followed by Wang Fan's mental power, and SAIN rushed over crazily.

"Wang Fan, dare to break into my old castle, dare to hurt my old clan leader, dare to steal my spirit liquid, I want you to die!"

Chapter 1375

Wang Fan's face instantly became ugly. He didn't expect that he just came in and took the spirit liquid, but he was really blocked by SAIN.

He did not have the slightest nonsense, his hands quickly made a seal.

In the face of SAIN, he has to show his mountain print to have a chance to escape, otherwise, he will die!

With the dancing of his hands, the aura of heaven and earth around him was gathered, and a mountain seal of palm size was instantly formed.

Originally, under normal circumstances, Wang Fan's speed of turning the seal is absolutely not so fast.

It's just because there was spirit liquid before here, the spirit between heaven and earth is relatively strong, so the convergence speed is so fast.

The mountain climbing seal condenses out, and instantly becomes the flow of crystal light, as if forming a substance.

At the same time, a violent atmosphere emerged from the mountain print, and the whole space seemed to be filled with the atmosphere of destruction.

Perhaps because of the rich aura between heaven and earth, this time's mountain climbing seal is definitely the most powerful one Wang Fan has ever exerted.

SAIN also felt the fury of the breath, eyelid jump, in the distance from Wang Fan there are more than ten meters, forced to stop the forward step.

He really can't believe that just a mole ant with four layers of detachment can arouse such violent energy.

Even if Wang fan used his martial arts, he would not be so powerful, would he?

Because there is a door between him and Wang Fan, and he doesn't use mental force to spy, so he just feels the breath that makes him palpitating in the room, but his vision can't penetrate the door to see the mountain climbing seal condensed by Wang Fan.

Wang Fan's mental power swept to SAIN and stopped, but he couldn't help grinning,

"SAIN old dog, what if I just want to break into Nash castle? What if I hurt Nasser? What if I take your

spirit liquid? "

"I don't dare to do that. Next, I'll clean up your old dog and eat my seal!"

"Mountain climbing seal!"

Wang Fan said with a grim smile, and the three words of the mountain seal came out of his throat. Then he forced his weakness and pushed out the seal knot in his hand crazily.

Whoosh!

The seal whistled and flashed. It directly opened a hole the size of a palm on the door and thundered to SAIN.

Not only that, the fanshanyin in the charge of Thain at the same time, but also more and more big, soon had a football size.

Old SAIN dog?

SAIN listened to Wang Fan's humiliation, his dry face trembled with anger, and he was ready to kill him!

He roared wildly, and went out with a blow to the mountain seal!

Boom!

The fists and seals collided and made a terrible noise. At this moment, it was as if the end of the day was coming. The whole ground was blasted out of a deep pit, and the violent energy was rampant.

Where the violent energy passed, the flowers and plants disappeared, the trees were broken, and even the wall was torn to pieces with a click.

Dust and smoke!

SAIN was hit by the inverted fly out, eyes flashing a strong shock.

Injured!

He was hurt!!!

And still hurt from the hands of a four layer mole ant!

The elders of the NASS family who came to see this scene were shocked!

They couldn't believe their eyes when they looked at the messy scene, the 100 square meter pit on the

ground, the smashed wall, and the SAIN who fell to the ground.

Terrible!

It's terrible!

It is beyond their imagination that Wang fan should be able to make such a violent attack.

Even they did not realize that they had a little fear of Wang Fan.

If Wang Fan's seal was aimed at them, not at SAIN, then their end would not be

Wang Fan didn't pay attention to SAIN who was blown away, let alone the shocked elders.

Almost at the moment when the fist seal collided, he had already clenched his teeth crazily, and his whole body was full of inborn vigorous Qi. He rushed out towards the outside of Nash castle!

He knew that now was the best chance for him to escape. If he couldn't leave now, it would be more difficult for him to leave later.

With the help of dust and night cover, a few flashes, Wang Fan has been swept to the gate of Nash castle.

"Stop him!" SAIN glanced at Wang Fan's figure from the corner of his eye, and could not help roaring in the end!

Wang Fan only took off four layers of ants and hurt him eight layers. This is a great shame!

He must leave Wang Fan, must trample on Wang Fan!

Just helpless is, he also can roar now, but can't pursue past immediately!

The previous force is too violent, he needs time to buffer."Stop!"

"Stop!"

Several congenial guards emerged from Wang Fan and roared at him.

Wang Fan's eyes were cold, and his toes stepped on the ground. With a thump, he jumped up and kicked out his legs like lightning.

Bang bang bang!

Almost just a face to face, those congenial guards were swept out, no one can stop Wang Fan half step!

Wang Fan even now exhausted, are still not able to stop these congenital guards!

After turning over the congenital guards, he suddenly turned right and hit his shoulder rib -

bang!

Another two congenital guards were overturned. Next, Wang Fan had already kicked the gate of Nash castle!

The surging power poured out, and with a bang, the hundred year old gate of Nash Castle opened and cracked.

Without hesitation, Wang Fan rushed out.

"Little beast, where to run!" By this time, SAIN had calmed down and rushed to the door with a roar.

Wang Fan teeth close bite, crazy run, dare not have the slightest pause, his eyes, is full of excitement and heat.

It's true that he has made money today.

It's just the sap, it's a windfall.

With these spirits, it is no longer a problem for him to break through to the fifth or even the sixth level.

Once he broke through, he would no longer have to hide, and directly had the capital to challenge SAIN.

Wang Fan ran all the way. After running more than ten miles, when he reached a crossroads, he suddenly flashed to a hidden corner and hid himself.

He breathed in his whole body and did not move. He fell into silence.

He is too weak to escape any more, and the chance of exposure is even greater.

Almost Wang Fan just hid for a few seconds, countless shadow Crazy Chase over.

Among these people, SAIN is the leader.

But SAIN didn't notice Wang Fan's breath. He rushed to the front with people without thinking about it.

Wang Fan looked at the scene, but still did not dare to relax. After SAIN and his party chased away, they flashed out and ran in the opposite direction.

After a few hours, Wang Fan finally returned to the hotel owned by Chloe.

"You're back at last. Are you all right?" When Chloe saw Wang Fan, he could not help but face up nervously.

He already knew what happened in NASH castle. He was worried about Wang Fan and wanted to go out to have a look. Unexpectedly, Wang Fan came back.

Chapter 1376

"I'm fine. I need to shut up for a while. Don't disturb me." Wang Fan finished in a hurry and immediately entered the room inside.

If he doesn't take the time to practice, he will have a brain problem.

He must recover his strength as soon as possible, or even break through to the fifth and sixth level, which is the capital to compete with SAIN.

He made a big stir in the NASS family tonight, severely damaged Nash sHouse, but also took the spirit of SAIN, SAIN will be crazy all over the world looking for him.

Chloe and Lixiang are staring at Wang Fan who enters the inner room, but they don't say a word for a long time.

Although it sounds ridiculous to practice in seclusion, they also know that when their strength reaches a certain level, they really need to practice in seclusion.

After entering the room, Wang Fan immediately took out the spirit liquid and poured it into the washbasin, placed it in front of him, and began his crazy absorption practice.

With his cultivation, the rich aura formed a series of cyclones, which filled his four limbs and bones, washed his wounds and nourishing his elixir field.

On earth, the reason why the ancient warrior's strength is slow to improve is that the first is the lack of cultivation resources between heaven and earth, and the second is the lack of aura between heaven and earth.

Now that Wang Fan has the spirit liquid, his strength will recover quickly.

Just less than half an hour, his injury has been healed, the strength of the complete recovery of the peak. Of course, one tenth of the liquid was used.

Wang Fan felt the rich aura and felt comfortable all over. He didn't want to stop at all.

I'm used to the rare spiritual power between heaven and earth. Now I suddenly practice in such a rich

spiritual power environment, and I can imagine the pleasure.

The spirit liquid continues to fill his whole body crazily, running along the fixed route, and finally converges in the Dantian.

The surging sense of power came, and Wang Fan almost had the impulse to roar up to the sky.

He clearly felt that under the crazy moistening of aura, every cell of him seemed to be full of aura. Bone meridian also seems to begin to expand slowly and become stronger.

He clenched his teeth and continued to practice crazily. His strength soon reached the peak of the fourth level, and then attacked the barrier of the fifth level crazily.

For Wang Fan, every promotion of the realm is a qualitative leap.

When he was in the fourth level, he was already invincible at the same level, and he could cross the five and six levels. If we use the seal again, he will not even be afraid of the ordinary seven layers.

But if his strength reaches the fifth level, he will be able to face the tough guy's seventh level, even the eighth level.

If you add the seal of climbing mountains, even if you meet SAIN who is eight layers away, he has the ability to protect himself, at least not as embarrassed as before.

Boom!

Boom!

Crazy impact sound resounds in the body. Wang Fan controls the surging spirit power and impacts the barrier of five layers again and again.

Every time the impact, he would feel a touch of pain, but he was forced to bear down.

Wang Fan, who was once the king of soldiers, had the tenacity of willpower. Needless to say, he had suffered a lot of pain that the ancient warriors had never suffered. Therefore, this pain can still be tolerated.

Do not know how many times the impact, a moment, Wang Fan seems to hear a click, and then those surging spirit will seem to find a vent, crazy rush in.

A strong feeling came, and his strength also fulfilled his wish to step into the fifth floor.

Wang Fan opened his eyes to see the remaining liquid, and found that there are almost half.

Regardless of the dirt on his body and the sweat on his clothes, he continued to practice crazily, trying to rush into the sixth floor of tuofan.

At the same time of Wang Fan's crazy cultivation, the outside has been completely blown up.

In less than an hour, the news of Wang Fan's breaking into Nash castle at night, damaging Nash sHouse and stealing SAIN spirit liquid completely spread out and caused a strong shock and sensation.

No one thought that Wang fan should be so bold and dare to break into Nash castle. It's just incredible.

SAIN is also completely angry, looking for Wang Fan all over the world.

Let's not talk about Wang Fan's injury to Nash sHouse. Let's say Wang Fan takes away his spirit liquid, and he will never let Wang Fan go.

Lingye, that's something he cares about very much. Even if it's him, it's just a little bit. Now it's taken away by Wang Fan. How can he not be crazy?

SAIN not only sent all the people of NASS family to search for Wang Fan all over the world, but also participated in it himself.

If Wang fan doesn't die, he can't sleep and eat well!

A night passed quickly, but SAIN got nothing. Wang Fan was as if he had disappeared completely, and there was no trace at all.

"Continue to look for me, and then check with me to see who Wang Fan has been in contact with. If he can hide in Los Angeles, he will definitely be met by local people." "By the way, the last time Wang Fan plotted against nasgewo, there was a woman to cooperate with him. Let's start with that woman!"

SAIN roared wildly, his face twisted into a knot in one's heart.

The following people did not dare to neglect, one after another along this direction of investigation.

It has to be said that the power of the NASS family in Los Angeles is quite amazing, it is all pervasive, hands can reach the sky.

They just investigated in this direction for a few hours and found out that Wang Fan had contact with Chloe, the underground godfather of Los Angeles. The person who helped Wang Fan to hurt nasgewo that night was like Li Xiang under Chloe.

"Chloe? How brave! Even colluding with Wang Fan against my NASS family, I think you are impatient! "

SAIN heard the news, it is not vent anger, direct crazy roar, "immediately give me the whole city to find

Chloe."

"To control his property and his relatives, I'd like to see how much courage Chloe has gained, how dare he help Wang Fan, and how dare he fight against my family."

The elite of NASS family got the order from SAIN, and immediately rushed madly to the industries under Chloe, and also to the places where Chloe's lover and children lived.

Although Chloe is doing well in Los Angeles, he is far worse than the NASS family.

In less than an hour, all of Chloe's industries were controlled by the NASS family, but the NASS family elite who went to find Chloe's lover and child, had no idea.

In the spacious hall of Wang Fan's Hotel, Chloe followed his subordinates' phone calls one by one. While his heart was dignified, his face was extremely ugly.

He didn't expect that the NASS family had locked him in so soon and began to block his property.

Although this hotel is only a hidden property of his company, and not many people know about it, Chloe knows that the ability of the ENAs family will be found here soon if he is determined to go down.

Fortunately, all his lovers and children were sent away in advance, otherwise, they would have been in the hands of the NASS family.

Chapter 1377

"Master, what should we do now? Don't we leave quickly? If it goes on like this, the NASS family will be locked here sooner or later. "

"And once they get here and we haven't left, it's hard for us to leave again."

Li Xiang also know the situation outside, can't help but anxiously toward Chloe said.

Beside Li Xiang, there was a hot woman in black.

The woman's cheek is cold, but her figure is concave and convex, very cold.

She stood there quietly, silent, like a snowflake that never melted for ten thousand years.

She and Li Xiang, one cool and one charming, form a sharp contrast.

This person is another beautiful flower of Chloe, Edana.

Behind Li Xiang and Edana, there are more than 20 elite people with a sharp breath. All of them are Chloe's absolute confidants, and all of them are tough characters honed in blood and fire.

"I want to leave too, but how can I leave now? He's still in there. Can we leave without him? "

Chloe was also impatient. "He said, let's not disturb him. If he is at the critical moment of cultivation, we disturb him, don't we harm him? "

Chloe, as a strong man by nature, still has this common sense.

He knew that ancient martial arts practitioners were most afraid of being disturbed while practicing, otherwise there would be unpredictable consequences.

Li Xiang listens to this words, immediately don't know what to say, can only from time to time nervous look to Wang Fan's room.

"Master, it's the NASS family that is responsible for our crime. Now the NASS family has sealed up nearly all our property, and it will be locked here soon. We must leave immediately!"

A confidant couldn't help walking forward and began to exhort,

"although I don't know the relationship between Wang Fan and his master, we can't die for him, can we? You have helped him enough. I don't think we need to listen to him any more. "

The confidant's eyes twinkled with the light of reason. "Our opponent is the NASS family. It's impossible for us to compete with others."

"Don't say it's a fight. Any one of the elders of the NASS family can easily overthrow all of us."

"In my opinion, either call that Wang fan out immediately and let's go together, or we'll leave and ignore him first."

"If we are close to our opponents, we can still fight here. But knowing that staying here is waiting for death, why should we be so stubborn? "

With the fall of the confidant's voice, the other confidants began to advise.

"Yes, master, shall we leave?"

"It's not worth dying for that guy."

"We don't hesitate to offend the NASS family for him, and we have even been blocked off all the industries. It's right for him. Why should we die for him?"

One by one, these cronies began to persuade.

Although they revered Chloe, they did not revere Wang Fan.

If it's for Chloe, they can die, but for Wang Fan, they don't feel necessary.

They have paid a lot for Wang Fan, and they all feel that they are right about Wang Fan.

What's more, the opponent is NASS family, but SAIN, which is not what ordinary people can provoke. They have the courage to help Wang Fan, it is not easy.

Chloe's face began to look ugly as he listened to his confidants.

He is a man who values friendship. Wang Fan saved his life. He really doesn't want to abandon Wang Fan and leave.

But the more than 20 cronies, who were also his brothers, did not want to see them die.

Is it really worth letting my brothers die for Wang Fan?

Chloe thought in his heart, at a certain moment, he gritted his teeth, "you leave first. If Chloe is lucky, we'll get together later."

"I know that you have no feelings for Wang Fan. You've offended the NASS family and lost so much for him. You all have complaints in your heart, but I can't help it. Who made me owe Wang Fan two lives? "

"You can go, but I really can't. I can't cross the barrier in my heart."

"If you can get out safely, remember to look after my wife and children for me."

Chloe said with a dignified face.

Although these confidants were his subordinates, he took them as brothers. Otherwise, these people would not dare to fight against the NASS family under his command.

"How can we do that? How can we leave you?"

"Let's go together. Don't stay here any longer. To stay here is to die."

"Master, think twice!"

The cronies listened to Chloe's words, their faces changed one by one, their faces turned red and their necks became thick. One of the fierce men was even more staring and yelling, "Damn, what's the matter? I'm going to smash his door now and ask him to come out!"

This person says, pose to want to rush toward Wang fan room. It's just that he took two steps and was

stopped by Chloe.

"Barney, don't be rude!" Chloe's face suddenly became extremely serious, "I now order you to leave immediately, hurry up!"

He also looked at Li Xiang and Yi Dana, "and you two, also follow to leave, our fate has ended, you go to pursue the life you like and yearn for."

"Master, I will not go!" Li Xiang knelt down directly, "since Li Xiang started with the master, she recognized the master."

"Lixiang's life is the master's person, and death is the master's ghost. If the master doesn't go, Lixiang won't go."

Edana also knelt down, "Edana will not go!"

Although she didn't speak much, her eyes were firm!

"Hey, hey, that's touching. Let's go. Can you go? I don't think any of you want to leave! "

A strange smile suddenly came, followed by a pale old man has appeared in the hall door.

The old man's strength is in the seventh floor of tuofan. Behind him, there are also two fifth floor tuofan and eight top congenital strong men.

"You really know how to hide. You can't even find you here." Although the old man is smiling strangely, there is no smile on his face, only endless coldness.

He turned his eyes and suddenly looked at Chloe. The eyes of the lunar calendar were full of cold light,

"Chloe, you are so bold, you dare to help Wang Fan and my NASS family. You are very good!"

As he spoke, he took a step forward, and his strong breath came up to Chloe, "come on, where's Wang Fan? Just give him up and I'll make you die! "

"The nassian family?"

"Who is stronger than others?"

And looking at these strange appearance of the NASS family experts, whether it is Chloe or Lizzie Diana and those close friends, their faces are changed in an instant.

They didn't expect that the people of NASS family came here so soon. It seems that it's impossible for them to leave!

Chapter 1378

"I don't know where Wang fan is. He left me a few days ago, so I don't know his trace."

Chloe was oppressed by the old man's breath, his face turned white instantly, and even his breath became short. But he was not afraid, but said, biting his teeth.

"Oh, really?" Hearing this, the old man in Yinyi's eyes flashed coldly, then flashed to Chloe in an instant, and then slapped and waved out.

Chloe's pupils contracted sharply. He wanted to avoid them, but he felt as if he was bound. He couldn't avoid them at all.

His strength is only in the early days of his birth, which is far worse than that of the old man with seven layers of shadow.

With a slap, the old man slapped Chloe in the face. Chloe flew out and fell to the ground.

"Master!"

"Master!"

Li Xiang and Yi Dana look at this scene, face a change, exclaimed, quickly rushed to Chloe.

More than 20 cronies under Chloe's hands could not help changing their faces, and there was crazy anger in their eyes.

"Old man, if you dare to touch our master, you will die!"

"Son of a bitch, I'll fight with you. Even if I die, I'll tear off a piece of skin from you and pull a cushion on your back!"

"Fight with them!"

They all roared angrily, and there was a strong fire in their eyes.

These people are tempered in blood and fire. Everyone has a strong heart.

Although they know that they are not rivals of the NASS family, even if they fight, they will deliver food. But they have no fear and will not compromise.

It's their spirit that makes Chloe the godfather of Los Angeles underground. Otherwise, Chloe would have been swallowed by others for a long time.

"Spell? What a big joke! I'd like to see what you're going to do with me

offend my NASS family, you don't want me to let them go."

"If you don't want to watch your brother suffer, please tell me where Wang fan is. Otherwise, don't blame me for being rude!"

As the old man said, he began to use his strength to crush Chloe slowly.

It's not that he didn't expect to send someone to search the four rooms, but because he didn't feel any breath in the room, he didn't think Wang Fan was here.

Chloe was trampled by the old man's feet, his face turned red, and he was humiliated to the extreme.

At the same time, his face began to struggle.

On the one hand, it's Wang Fan who owes two lives, on the other hand, it's his brother. What should he do?

If you choose a brother, he is bound to betray Wang Fan, but if you choose Wang Fan, you are bound to let your brother be wronged!

This is really a bad choice for him!

If possible, he would even rather die immediately!

"Not yet? It seems that you are really hard bones. Well, I'll see how hard your bones can be! " The old man grinned and stepped up his strength again.

Chloe is to those brothers difficult roar up, "brothers, sorry for you." "It's not that I, Chloe, don't treat you as brothers, but in this case, I can't help it!"

"You have also heard that these bastards of NASS family never intend to let us go. In this case, why should I betray Wang Fan again?"

"If we don't betray him, maybe he will avenge us, but if we betray him, we will have no way to live!"

"Brothers, I'm sorry for Chloe!"

Speaking of the last few words, Chloe was already in tears.

His wounded confidants also clenched their fists and turned red.

If eyes can kill people, those bastards of NASS family have already been killed countless times!

They don't hate Wang Fan any more. What they can't bear is that Chloe is humiliated in front of them!

"Chloe, I, Wang Fan, didn't mistake you. I'm really worthy of being my good brother!" A cold voice suddenly came out, and then Wang Fan pushed open the door and walked out slowly,

"don't worry, I will help you recover what you lost ten times! I will also help you recover your humiliation ten times and eight times! "

Wang Fan's hair is messy and his whole body is covered with dirt. It looks as if he has just climbed out of the garbage.

But his voice was very cold and his eyes were very sharp.

After such a long time of cultivation, Wang Fan's strength has come to the sixth level of Defan successfully, and there is no spirit liquid left.

Now, even Thain is no longer afraid. He has the ability to fight head-on, let alone a seven story old man.

Wang Fan looked at the fallen Chloe and his staff, his anger could not help expanding, his eyes were also cold to the extreme.

"Wang Fan?"

"Wang Fan!"

Looking at Wang Fan's appearance, whether it's Chloe or those people in the NASS family, their faces have changed greatly.

Chloe and his subordinates were all excited in their eyes. It seemed that they didn't expect Wang Fan to come out at this time.

The elite of the NASS family were full of horror, especially the old man who was seven stories away.

Wang fan is in the room. Why doesn't he notice Wang Fan's breath?

Wang Fan gives Chloe a reassuring look, and coldly looks at the old man who is seven layers away from the ordinary,

"you are right, I am Wang Fan. What about the old man Thain? Why didn't he come? You are a little grasshopper. You look down on Wang Fan, aren't you

Chapter 1379

Listening to Wang Fan's words, everyone's face changed greatly.

Chloe and his party did not expect that Wang Fan would dare to be so rampant, and they would dare to

speak wildly in the face of the masters of NASS family.

The NASS family were angry. Wang Fan didn't pay attention to them!

As for the old man, his face was stagnant, and his eyes were full of ferocious cold light.

How dare Wang Fan say that he is a grasshopper!

He will let Wang Fan know immediately who is the grasshopper!

"Despicable thing, if you don't know how to hide and play, do you think you can still jump up to now?
Take your life

A six story old man couldn't bear it. He gave a loud drink, and a snake shaped whip flashed out of his hand. Suddenly, he yelled at Wang Fan.

Crackling sound resounded, sharp whip pierced the air, conjured up countless whip shadow, swept towards Wang Fan, the momentum was sharp!

"The grasshopper is indeed a grasshopper. It's so mean to even fight!" Wang Fan sneered. He didn't even bother to hide, so he grabbed it directly.

Now he has reached the sixth level. He is not afraid of anyone, let alone this guy.

What's more, Wang fan can feel that although this whip is sharp, it actually has the element of temptation. The guy didn't dare to use his full strength at all.

"Good courage!" See Wang Fan even dare to stretch out his hand to grasp his whip, the corner of the old man's mouth is flashing cold light, crazy increased strength!

Originally, if Wang Fan was hiding, he would immediately take over the back hand, but now Wang fan is looking for his own death, no wonder he is.

His whip shadow has ninety-nine ways, so he doesn't believe that Wang fan can find the real whip body.

Let alone Wang Fan, even elder SAIN could not grasp his whip with one hand.

Wang Fan's right hand protrudes at the same time, congenital vigorous Qi instantly surges into the palm of the hand, at the same time, the mental power sweeps out.

Under the sweeping of mental strength, the real whip could not escape his eyes and ears. He suddenly grasped the whip with his right hand and snapped it.

Wang Fan caught hold of the whip. A sneer flashed from the corner of his mouth. He suddenly pulled it.

The old man was pulled by the whip and fell over to Wang Fan in an instant.

In his eyes, there was only fright. It seemed that he didn't expect that Wang Fan actually grasped his whip.

However, at this time, Wang Fan's right foot has been followed up, no muddy step to his chest.

Bang!

The loud noise came out, and the old man was kicked away in an instant. He fell heavily on the ground, and his face was pale.

There was a dead silence.

No one thought that Wang Fan was so powerful. In the positive situation, he defeated an old man with only two moves.

The eyes of Chloe's men all sparkled with surprise and excitement after a short period of dullness.

If Wang fan can really deal with the NASS family, it means that they are not in danger today. Although they are not afraid of death, but if they can not die, who is willing to die?

The faces of those people in NASS family were a little ugly. Wang Fan's strength was far beyond their expectation.

"You don't believe that you are a grasshopper. Why, do you believe it now?" Wang Fan sneered at the old man who fell to the ground and then looked at the old man.

"You are so brave that even my friends dare to move. Who gives you the courage? Aren't you looking for me? Now that I'm out, say, what can I do for you? "

Listening to Wang Fan's words, the seven story old man had an ugly face. He clenched his fist several times and tried to do it, but he finally put up with it.

His heart set off a storm, Wang fan is not only off where four layers, how can be so powerful, even he can not detect the strength of Wang Fan?

You know, even he is not sure that Wang fan can easily defeat the six story old man.

He originally wanted to take Wang Fan away, but now, he is not sure.

He stares at Wang Fan for a long time. At a certain moment, he bites his teeth and says, "let's go!"

He's going to get out of here first, and then get Sean to come in person.

Because from the perspective of Wang Fan's strength, if SAIN doesn't come out in person, he will not win Wang Fan.

Although those masters of the NASS family look depressed, they can't help it now.

Even the sixth floor is not Wang Fan's opponent. How can they see the fifth floor?

"Go?" Wang Fan laughed, "did you leave? What do you think of this place? Come and go as you want? "

When Wang Fan was chased by the NASS family, he always fled first in the face of the strong NASS family.

This time, the two sides turn around, Wang Fan has a kind of happy feeling.a feeling of exaltation upon fulfillment!

Strength!

This is strength!

If there is no strength, he may be caught by the other side now. But it is because of his strength that these people dare not be presumptuous in front of him!

"Why do you want to stop us?"

The old man turned around and looked at Wang Fan coldly, "although I have no confidence to win you, it doesn't mean we are afraid of you. If it's a real fight, you may not be able to win it! "

"Oh, really?" With a sneer, Wang Fan's energy suddenly surged, and his toes stepped on the ground. In an instant, he rushed towards the old man.

"can I get a good job? At least I have to move my hand to know that it has the final say." With Wang Fan's sneer, he has rushed to the old man in front of the shadow, waving his fists, launched a crazy bombardment.

He just broke through to the sixth floor, and he really wants to see how strong he is. Now he just takes this guy from the seventh floor to practice.

"To die!" Yinyi old man was furious and madly agitated. He fought with Wang Fan wildly.

The roaring sound resounded in an instant, and the violent energy exploded and overflowed.

No matter the rest of the NASS family or Chloe and his party, their faces changed greatly and they all forced themselves to stay away from here.

Wang Fan another blow, such as a mountain torrent tsunami, emerged in the air like waves, toward the shadow of the old explosion past.

The old man felt the violent energy. This time, he didn't dare to connect it. He began to dodge quickly.

Just at that moment of turning to dodge, Wang Fan seemed to have expected it, suddenly closed his fist and swept out with his right leg.

Sharp as electricity!

Pop!

Wang Fan's leg was drawn at the waist of Yinyi old man. Yinyi old man let out a dull hum. The whole person was swept away in an instant, and his mouth gushed blood.

At this time, Wang Fan's left hand has shown a mountain seal, and pushed toward him.

Wang Fan's strength before breaking through to the sixth floor of tuofan, each time can only display a mountain climbing seal, and the consumption is still very large.

However, after breaking through to the sixth floor, he has been able to perform two mountain climbing seals at the same time, and the left and right hands can perform at the same time.

If the two seals merge and stack, their power will increase sharply.

But now, in the face of an old man with only seven layers of shadow, Wang fan doesn't need to show two of them, let alone blend them. Just one of them is enough.

Chapter 1380

The seal of mountain climbing rises against the wind and comes in a flash.

The old man felt the fury and his face changed in an instant!

He wants to escape, but he can't escape in the air!

In a hurry, he can only force to turn around, and frantically urge the energy in his body, blow out his fist!

Boom!

With a loud noise, the old man's face turned pale and stiff.

He only felt a violent force pouring into his body, as if he had been hit by a shell, falling back like a meteorite.

Click!

The door, desk and chair behind him were smashed apart, and his whole person fell to the ground with embarrassment!

The audience is dead again!

Especially those masters of the NASS family, they are simply shocked.

Yinyi old man is the strongest among them. His strength has reached the seventh level.

But even so, still in the hands of Wang Fan did not go through 20 moves, this Wang fan is too terrible, right?

Air conditioning!

All air conditioning!

Wang Fan's eyes are only surprise, he did not expect, after the strength breakthrough, the power of the mountain seal will become so powerful.

It seems that the power of fanshanyin has a direct relationship with the amount of Yuanli poured in!

Wang Fan didn't pay any attention to the wounded old man. Instead, he looked coldly at the rest of the enemies, "you abandon your accomplishments and go away!"

"Go back and tell the old man SAIN that Wang fan is waiting for him here. If he has seed, he will come!"

"Also, please inform Nash sHouse that Wang Fan has been hunted down by his Nash family for so long. From now on, I will fight back. Let him be ready to meet my anger!"

The masters of the NASS family looked at each other with a chill.

There's no problem for them to go back to preach, but let them abandon their cultivation, which they can't do!

"Wang Fan, keep everything on the line so that you can meet each other in the future. Will you deceive others by doing so?"

"My NASS family is far from as simple as you think. If you offend our NASS family, you can't do well!"

A tuofan five layer face struggles to turn over, angry voice.

Just as his words had just fallen, Wang Fan had already flashed in front of him and slapped him in the face.

"Everything is on the line, so I want to see you in the future? Too much deception? "

Wang Fan's tone was full of chill, "are you qualified to say this to me? When you were chasing me, why didn't you think about deceiving people too much? "

"When you came here to humiliate Chloe and his party, why didn't you say that you were lying too much? Is it difficult to allow you to bully others while others can't bully you? "

He pointed to the slapped tuofan five layer, "old dog, don't want you to suffer, just do as I say, or don't blame me for being rude!"

Before Wang Fan's strength has not broken through, he certainly will not be so easy to speak.

But with the breakthrough of his strength now, his vision is not the same, and he is too lazy to bully these five level and congenital experts.

The five story old man covered his face with anger, but his strength was inferior to others, but he had nothing to do.

They looked at Wang Fan's cold eyes and felt the fierce killing intention of Wang Fan. After hesitating for a moment, they finally bit their teeth and patted their own Dantian.

There's no way. Although it's humiliating to be abandoned, now they have to do it!

Chloe and his subordinates looked at the scene with a look of excitement, only feeling very happy.

Once upon a time, did they see the NASS family suffer such humiliation?

This is incredible.

Thinking of the arrogant, arrogant and invincible guy who had to abandon his cultivation under Wang Fan's strong power, they all felt that they were angry.

Those masters of NASS family didn't dare to talk nonsense, and soon helped the old man and the guy who took off the sixth floor to leave.

Of course, before Yinyi and tuofan left the sixth floor, they were also abandoned by Wang Fan.

It's not Wang Fan's character to let the tiger go back to the mountain. With his current strength, although he disdains to deal with those who have five levels of freedom, he can't let go of six and seven levels of freedom.

After these people left, Wang Fan didn't talk nonsense. He quickly took out the silver needle and gave it to Chloe and his party.

He also felt relieved. In the face of the pursuit of NASS family for such a long time, it was the first time that he had the strength to ask the NASS family to go away!

Nash castle, as if the whole castle is covered with clouds, the atmosphere is extremely depressed.

In the solemn and majestic hall, SAIN sat in the first place, his face was extremely ugly.

Below him are the dozens of warriors of the NASS family who had been abandoned.

SAIN never thought that Wang Fan was so strong that he defeated so many people with one person's strength. He didn't even have to think about it. He also knew that the spirit liquid had been used by Wang Fan, otherwise Wang Fan could not recover his strength so quickly and become so powerful.

"Elder SAIN, you must avenge us! That Wang fan is so arrogant and vicious that he has abolished our cultivation. If he doesn't revenge, he's really holding back his grievances in his heart! "

"He treated us so cruelly and provoked our NASS family. We can't forget it. Otherwise, how can we meet people in the future?"

"Elder SAIN, please make up your mind!"

Those who had been abandoned, one by one, seemed to become ordinary people, kneeling on the ground and began to cry.

At this time, they are like dogs who have been wronged and beg for mercy. Where is there any charm of the strong in the past?

Sean, too, had an ugly, gloomy face.

He frowned and looked at those people. There was a touch of disgust and disgust in his eyes. He asked, "what is Wang Fan's strength now? Do you realize it?"

When these people still have strength, SAIN may be polite to them, but now they have no strength, SAIN naturally will not pay attention to them, SAIN is such a reality.

"No Those guys answered in unison, and their hearts were filled with sorrow.

Although the strength is not there, but they are not stupid, naturally able to detect the change of SAIN's attitude.

Ah, it's better to rely on others than on yourself!

Unfortunately, they can't even rely on themselves now. They can only plead with SAIN like dogs.

"Rubbish, you are rubbish! There are so many people who are so embarrassed by Wang Fan alone. How can you have the face to come back alive? "

"If I were you, I would have killed a tree outside long ago. It's a waste of air for you to live!"

When SAIN heard that these people didn't realize Wang Fan's strength, he burst into anger.

He stepped forward and kicked these people one by one, then directly waved and gave the order, "throw them all out, the NASS family doesn't raise waste!"

"Yes With his voice, a few people rushed out in an instant, impolitely picked up these people and threw them out.

"Sean, you son of a bitch!"

"Old tortoise, if it wasn't for you, I would be like this?"

"Ha ha, you son of a bitch, I finally see what you are. Don't worry, Wang Fan will find you soon. I curse you to death!"

Those old people's momentary dullness, and then can't help but scold one after another, and their hearts are desolate.

It's a pity that SAIN didn't care about them at all, and even disdained to kill them!

Naked disregard!
