

## **Mighty Sk 1381**

### **Chapter 1381**

"Wang Fan, you are really not simple! I don't believe Thain. In just a few days, you can be stronger than Thain! "

"Didn't you ask me, SAIN, to come to you in person? Well, I will go to meet you in person as you wish!"

After the losers were carried out, SAIN murmured with a gloomy face, and then got up and left the castle.

If Wang fan doesn't kill him, he can't eat and sleep as well!

Although those people described Wang Fan as very powerful just now, he didn't believe that Wang Fan, who needed to run away in confusion in front of him a few days ago, can now grow up to be stronger than him.

SAIN did not take a person, but went to Wang Fan's residence alone.

His eyes twinkled, and his body was full of murderous thoughts.

Hotel.

Wang Fan began to wait after treating Chloe and his party.

He believed that SAIN would come.

As a strong man, SAIN can't be afraid of Wang Fan.

If SAIN didn't dare to come, he wouldn't be able to get out of the world.

At a certain moment, Wang Fan's eyes twinkled with light, and suddenly stood up.

His mental power has swept to SAIN thousands of meters away, and felt the strong breath of SAIN.

Not only Wang Fan, but also Chloe and his party felt the breath.

All of a sudden, they were covered with sweat, and their faces were pale, as if there were ten thousand pounds of mountains pressing on them, almost out of breath.

SAIN is so powerful for them that they can't even bear the breath.

"You stay here and don't go anywhere. I'll come." Wang Fan's whole body momentum was the same, and Chloe and his party immediately felt relaxed.

Then, Wang Fan had risen and disappeared in their sight.

In the open space outside, Wang Fan and SAIN are 100 meters apart, opposite each other in the distance.

Wang Fan stares at SAIN coldly, his face has no wave, but his heart is secretly alert.

It's two levels higher than him. What's more, SAIN is not an ordinary one, so he has to be careful.

His whole body muscles have been crazy tightening, aura has been running at full speed, and his mental power is directly sweeping on SAIN, staring at his every move, even every tiny expression, ready for the war.

Tonight, he will take SAIN. Once SAIN falls down, the NASS family will no longer have the qualification to fight against Wang Fan!

SAIN also stares at Wang Fan coldly, and his whole body is full of killing intention, but his heart is shocked to the extreme.

After a few days, he could not see the strength of Wang Fan, which shocked him.

At this time, Wang Fan, like a deep lake, has brought pressure to him.

Just think of, Wang fan can have the strength now, is to use the reason of his spirit liquid, SAIN would like to pick Wang Fan's skin.

"Yes, very good. After a few days, even I can't see your accomplishments. It seems that my spirit liquid has helped you a lot

A moment later, SAIN stared at Wang Fan and opened his mouth word by word. His hoarse voice seemed to be spitting out from his throat. It was very cold.

When he was talking, he was also paying close attention to Wang Fan's movements. Once Wang fan made a mountain climbing seal, he would dodge immediately.

Last time in NASH castle, Wang Fan's mountain climbing seal hurt him. Now if Wang Fan shows it again, he won't be able to bear it.

"Ha ha." Wang Fan said with a smile, "what master SAIN said is that without your spirit, I would not have broken through to the Ninth level."

"I really want to thank you very much. It's just that you don't seem to have made much progress in your strength, elder. You'd better get out of the ordinary

There is only irony in Wang Fan's voice, the purpose is to stimulate SAIN and make SAIN more crazy and angry!

A crazy, angry and even irrational SAIN is far less terrible than a calm SAIN.

Now, Wang Fan has launched a psychological war against SAIN.

The reason why he said he was out of the ordinary is also to stimulate SAIN, because he knew that SAIN could not find out his strength.

Sure enough, SAIN listened to Wang Fan's words, his dry old face trembled violently, and his eyes twinkled with a touch of Senran, but soon returned to normal!

He opened his mouth as if to open his mouth, but the next moment, the whole person had turned into a wind and suddenly rushed towards Wang Fan.

It's better to start first. Don't give Wang Fan the chance to use his seal!

Wang Fan's pupils suddenly shrank, and he cursed in his heart. Without hesitation, he began to retreat.

If it wasn't for his mental power has been locked in SAIN, I'm afraid he would not have been aware of SAIN's sudden attack.

The masters of the NASS family all said Wang Fan was mean. Now it seems that SAIN, who has lived for many years, is more insidious and mean than Wang Fan."Death SAIN gave a grim smile. When he was close to Wang Fan, his withered right palm had already hit Wang Fan's chest.

In his hand, it seems that there is no momentum, but Wang Fan has a feeling of numbness. He turned his body around and began to escape.

As the old saying goes, once you work hard, you'll lose strength again, and then you'll lose strength three times. So Wang fan doesn't intend to beat SAIN's first blow.

With Wang Fan's escape, SAIN's withered palm flew past Wang Fan's left rib, tearing Wang Fan's clothes like a sharp blade, raising a cloud of blood fog, and then, with undiminished momentum, blasted on the wall behind Wang Fan.

Boom!

With a loud noise, the wall was as if it had been blown up by a bomb, and suddenly it became smashed. The bricks and tiles were torn apart and broken into powder.

"Didn't you ask me to come here to fight you? Why do you want to hide? Is that all you have?"

SAIN's eyes twinkled with surprise, obviously did not expect that his sudden attack would fail.

He tone Yin cold of say, have once again attacked to Wang Fan come over.

"Why worry? Let's have a chat first and then fight. Isn't that good? You old dog is so insidious that you sneak on me. "

"You NASS people always say that Wang Fan's sneak attack is despicable. In my opinion, you old dog is even more despicable."

Wang Fan said jokingly and flashed wildly again.

His heart was shocked.

Fortunately, he hid fast, otherwise he would have been seriously injured just now.

SAIN was defeated by another blow, and he was already angry. Listening to Wang Fan's harsh words, he was even more angry.

"I'll see how long you can hide today for the benefit of your tongue!" He said coldly and attacked Wang Fan for the third time.

This time, Wang Fan did not evade, but suddenly clenched his teeth, five fingers curled tightly, and his crazy Qi was surging, then he met up fiercely.

"Who said I'm going to hide? Now I'm going to let you have a taste of my" beating the bastard "

Boom!

The fist and palm collided and made a terrible dull sound. SAIN stepped back two steps after being hit, and a trace of blood spilled from the corner of his mouth.

Wang fan is directly like a broken kite inverted fly out.

But soon he was strong and steady, standing still, breathing disorder!

Although he was defeated, Wang Fan was not decadent at all. He continued to sneer, "old dog, how about my little master's" beating up Wang baquan "move? Does it taste good? Don't worry. Next, I have a trick to give you

Wang Fan's sneering voice spread out, SAIN was completely angry at last!

Son of a bitch? Old dog?

## Chapter 1382

"Son of a bitch, I want you to die!" SAIN roared, and the whole person was even more crazy, agitating the murderous spirit, and rushed towards Wang Fan.

Wang Fan cold hey a smile, instantly began a sharp retreat, at the same time, his left and right hands quickly dance up.

Go over the mountain!

This is his last card. If SAIN can't do anything, he will have no choice.

The two seal knots of mountain climbing appeared quickly in Wang Fan's hands, but he didn't push the seal out immediately. Instead, he held the two seal tightly together.

With the integration of the two seals, a breath of silence appeared in the surrounding world, which was extremely terrifying.

SAIN's face turned white. In that breath, he felt a touch of fear.

When was Wang fan able to perform two mountain climbing seals at the same time, and make the two seals merge?

No way!

Absolutely not!

Never let Wang Fan merge successfully!

SAIN thought so in his heart, and was crazy to kill Wang Fan.

Wang Fan, with a smile, retreated faster. At the same time, biting his teeth accelerated the fusion of the two seals.

There was only ferocity and madness in his eyes!

SAIN wants to interrupt him. It's impossible!

He has to be successful!

The fusion of these two seals is very powerful, but the requirement for spiritual power is also very high. With the fusion, Wang Fan's face soon turned pale, without blood.

At this time, SAIN has frantically rushed to Wang Fan, and slapped in the past.

This slap, also mixed with the atmosphere of destroying heaven and earth, obviously, SAIN wants to kill Wang Fan.

Wang Fan felt this scene, eyelids straight jump, he gritted his teeth, congenital vigorous gas instantly into the body, and then turned back to give SAIN a back.

Now fanshanyin is not fully integrated. He is afraid that it will not have the expected effect, so he plans to carry it hard.

With a bang, SAIN slapped Wang Fan, and Wang Fan flew forward with a mouthful of blood. That stirs up in the body surface's congenital vigorous Qi, is pats the crack most.

When he was about to fall to the ground, he clenched his teeth, forced himself to turn around and hit the ground again with his injured back.

This hit, Wang Fan immediately some seven meat and eight vegetable, feel oneself weak unbearable.

But fortunately, the fusion of fanshanyin has not been affected, and has been perfectly integrated together.

"Old dog SAIN, did you have a good fight before? It's my turn next!" Looking at the rapid rush of SAIN, Wang Fan grinned and pushed out the mountain climbing seal.

SAIN's face changed wildly, while agitating congenital vigorous Qi wildly, he planned to retreat in an instant, but the speed of turning the mountain seal was so fast that he couldn't react at all.

Whoosh!

The speed of the mountain climbing seal is like a meteor. In an instant, it has already arrived in front of SAIN and blasted him hard.

There was a loud click, and the mountain mark on SAIN was like bean curd dregs, which had been torn in an instant, and then there was a thump -

when the loud noise came, SAIN didn't even make a miserable cry, just like a shell, he was blasted to the ground and was dying.

His eyes twinkled with horror, reluctance, anger and other emotions, but it was a pity that he could no longer get up.

"Wang Fan, are you ok?"

"What's the matter?"

Chloe and his party could not help hearing the terrible sound, and they all ran out.

Looking at the pale Wang Fan and the huge pit, they were shocked.

"I'm fine. I'll leave the old man to you." Wang Fan shook his head, pointed to SAIN and said, then he couldn't help being in a coma.

"Help him in!" Chloe didn't dare to talk nonsense. He quickly called on delis and helped Wang Fan up. As for SAIN, he sent his subordinates to take him away.

Chloe's heart is also a little shocked. Sean, that is a high-ranking figure. He never dreamed that one day Sean would fall into his own hands.

The NASS family.

All the high-level officials gathered in the conference hall, looking dignified and anxious.

In just a few days, nasgewo died, nasshouse was seriously injured, and countless experts disappeared and abandoned.

This is a piece of bad news for the NASS family, so that all the NASS family are buried in the shadow.

None of them thought that a mere Wang Fan could force them to such an extent.

They did not expect that because naslie, who was not the core of his lineage, molested Wang Fan's confidant song Rumei, the naslie family was reduced to such a state.

It sounds ridiculous, but now, that's the truth. Now it's five hours since SAIN left, but SAIN still hasn't come back. Everyone is more anxious and uneasy.

According to the normal situation, it won't take so long for SAIN to clean up a Wang Fan. But now, SAIN has not come back. What does that mean?

They all felt uneasy and realized that there was something wrong with Sean.

They didn't want to believe it, but they had to.

Wang fan is too powerful and evil.

"Newspaper!" In the moment when everyone was restless, soon, an elite NASS family rushed in.

He was sweating, full of panic, "something's wrong, elder SAIN was seriously injured, and was arrested by Chloe's people."

"What?"

"Is that true?"

"How could that be?"

Although these senior members of the NASS family had expected it, they were still shocked when they heard the reports from their subordinates.

The fall of SAIN means that the NASS family can no longer deal with Wang Fan.

Let alone that they are dealing with Wang Fan, they should even start to think about how they should deal with Wang Fan if he comes to us.

"The news is absolutely true. Elder SAIN was really arrested by Chloe." The elite said in fear.

Pop!

Listening to this, an old man with seven points similar to nassuser suddenly slapped the table and stood up in anger.

"Call right away and ask those who have taken over Chloe's property to withdraw. In addition, immediately order to go down, not to continue to find Wang Fan and Chloe trouble

"Naslie is such an unfilial son. If he doesn't succeed, he will even affect our naslie family. It's damned!"

"And Nash sHouse, I feel that he is no longer worthy to continue to be the patriarch. If he had not been bent on destroying Wang Fan, things would not have come to this point."

"I suggest that we abolish the position of the head of nasshouse clan immediately and let me act for him for the time being. Then we immediately go to Wang Fan's residence and pray for the end of the war. Do you have any objection?"

The old man's thinking is very clear, he said.

He is the younger brother of Nash sHouse, Nash Shouwang, and the No.2 member of Nash family.

Now this situation, they really can't afford to fight. If they continue to fight with Wang Fan, I'm afraid the NASS family will not be far away from destruction.

### **Chapter 1383**

"No problem!"

The senior members of the NASS family answered in unison.

Wang Fan has proved his strength. Even SAIN is not Wang Fan's opponent. How can they compete with Wang Fan?

If we don't compromise and refuse to be soft, I'm afraid that the family of tanas will be doomed!

Although they also know that when they ask for the final battle, they must give up their painful interests, but those interests are nothing compared with the NASS family or Xiaoming.

What's more, they have no way.

After discussing, Nash and his party rushed to the hotel where Wang Fan lived.

They didn't bring a bodyguard or even a strong person.

They do this not only to show sincerity, but most importantly, they know that even if they bring people with them, it's not very useful for them to face Wang Fan.

Wang fan is too powerful. There is no difference between them. It's better not to take them. Otherwise, if they offend Wang Fan, things will be more troublesome.

Of course, they don't know that Wang Fan has been seriously injured and unconscious, otherwise, I'm afraid they won't think so.

When the high-level of NASS family went to see Wang Fan, the news of SAIN's heavy damage to Wang Fan's hand had already spread like the wind.

There is no airtight wall in the world. What's more, Chloe is deliberately spreading the news, which naturally spreads fast.

As soon as it came out, it immediately caused a strong sensation.

SAIN, the eight strong men who have been defeated by Wang Fan, how can it be?

This is the first thought that comes to mind.

After all, SAIN has been famous for a long time, and he is also very strong. How old is Wang Fan? In his twenties, he can beat SAIN. What's the concept?

With the spread of this incident, the status and reputation of the NASS family are plummeting, while Wang fan is once again pushed to the top of the storm, and his reputation is booming.

At the moment when the outside world is talking about these things, Wang Fan, as the protagonist, is resting in the hotel.

He has woken up, but his face is still a little pale. As for his strength, he is far from recovering.

At this time, Wang fan is sitting at the table, drinking hot bird's nest porridge, replenishing the energy consumed in the body.

He believed that once SAIN was defeated, no one in the NASS family would dare to come and look for trouble again. Even if it's come, it's mostly a sum.

Because he has shown great strength, even if the NASS family speculates that he is seriously injured, it is impossible for him to put all his eggs in one basket.

After all, as long as the NASS family can't fix Wang Fan, the next thing the NASS family faces is a nightmare!

At the moment when Wang Fan was drinking bird's nest porridge, Chloe rushed in, "Wang Fan, the NASS family has a car coming to our side, what do you think we should do?"

Chloe was a little nervous, even scared.

Wang fan is very sick now. At first sight, he doesn't have any fighting power. In this case, if the NASS family comes back to master again, won't they be finished again?

Wang Fan looked up at Chloe lazily and drank a mouthful of porridge. Then he said, "don't be nervous. The soldiers will block the water and cover the ground. I don't believe that at this time, the NASS family dare to send people to challenge."

"In my opinion, most of them come to seek peace. You just need to figure out how many interests you want them to cede."

Chloe listened to Wang Fan's words, and his mouth was so wide that he could swallow an egg.

When is this? Is Wang fan so calm?

If Wang Fan's prediction is true, then he really need not worry, but what if Wang Fan's prediction is wrong?

But Wang Fan said so, and Chloe had no choice but to stand on one side nervously.

Half an hour later, the high level of the NASS family had arrived, and under the leadership of Chloe, they came to Wang Fan.

When they saw Wang Fan, their eyes were shocked.

Although the NASS family has hunted down Wang Fan for some time, they have seen Wang Fan's photo, but this is the first time they have really seen Wang Fan himself.

Young, too young.

They can't believe that such a young man is the culprit of the InAs family.

Wang Fan also lazily looked at those senior members of the NASS family. Although his face was pale, his expression was calm and calm.

Looking at Wang Fan's indifferent expression, the senior members of NASS family were shocked.

Although Wang Fan seems to be in a bad state, they still don't look down on him.

Standing on one side, Chloe was also very nervous, and even his back exuded cold sweat.

Although the high level of the NASS family did not bring the elite or those who took off the ordinary martial arts, NASS's watch was a real congenital peak, which he could not deal with at all.

"I'm on guard. I've met Mr. Wang Fan." A moment later, Nash Shouwang took a deep breath, bent slightly and said respectfully, "during this period, Nash family has been disrespectful to Mr. Wang Fan. I'm very sorry!"

"All these things were caused by nasgler and his son, plus the stupid decision of nasshouse, the patriarch."

"Now, our nasgele family has expelled nasgele from the family and banned nasshouse as the head of the clan."

"Now, I come here with sincerity to apologize to Mr. Wang Fan on behalf of the NASS family and ask for forgiveness."

"Mr. Wang Fan, if you have any requirements, please don't hesitate to ask. As long as our NASS family can do it, we are absolutely duty bound. Our NASS family is willing to regard Mr. Wang Fan as a forever friend!"

Nash's watch posture is very low, but also very scared, to the full Wang fan face.

With his voice, the other high-level NASS family also bowed respectfully and lowered their proud heads.

Chloe listens to the words of Nash's watch, and his mouth can't help opening again.

How did he not expect that Wang Fan's expectation would be so accurate, and that Nash's watch actually came to apologize and make peace.

Wang Fan couldn't help sneering.

How disrespectful? This is a joke. It almost killed him. How disrespectful is that?

If he hadn't shown the strength that made the NASS family palpitate, I'm afraid that up to now, the NASS family would not bow and apologize, would it?

To put it bluntly, we should respect our strength.

It's just that the posture of NASS family is so low, and Wang fanqiu has already got revenge. At the moment, his state is not good, so he didn't make trouble, but said with a smile,

"since Mr. NASS watch is coming with sincerity, if Wang fan is aggressive, he seems to be a little bit petty."

"You say, what interests are you willing to give up? As long as your interests can move me, the enmity between us will end. Let bygones be bygones! "

Wang Fan said, but also intentionally or unintentionally looked to the side of Chloe.

How can an old fox, who has lived for decades, not understand Wang Fan's meaning?

He quickly gritted his teeth and said with a smile, "the NASS family is willing to return all of Mr. Chloe's property and compensate Mr. Chloe 100 billion."

"As for Mr. Wang Fan, the NASS family is willing to offer 300 billion yuan to ask for the end of the war! What do you think? "

All of a sudden, the NASS family has made a lot of money.

#### **Chapter 1384**

Nash watch is bleeding in his heart when he talks.

400 billion, even for an ancient family like the NASS family, is not a small sum.

But now, he had to cede it to Wang Fan.

Chloe's heart has been "bang bang" straight up, 100 billion, he has been very satisfied.

With this 100 billion yuan, his position can be further consolidated and his influence can be further enhanced.

Wang Fan was also shocked by the wealth of the NASS family, but on the surface, he frowned, "400

billion, some less. In this way, how about rounding up a whole number, 500 billion yuan? "

Since the NASS family offered a price, he had room for bargaining. No one can't get along with money. If he wants more than 100 billion yuan, Wang Fan will not be polite.

Nash watched, listening to Wang Fan's words, his old face could not help being stiff. After a moment, he still bit his teeth and nodded, "OK!"

No way, in the face of Wang Fan, he did not dare to say no, he was afraid that he could not get out of the hotel.

After negotiation, the NASS family left the hotel.

The time limit Wang Fan gave them was half a month. Within half a month, if he could not see the money, he would immediately fight like the NASS family.

Nash watch also anxious, go back, immediately began to raise money.

Sell stocks, sell off the industry, quickly began to cash.

500 billion, which is not a small sum. Even the NASS family can't afford so much cash.

Wang Fan didn't pay attention to the NASS family, who was dying. While staying in the hotel, he began to recuperate and wait.

He's going to wait until everything is settled here.

Half a month later, the NASS family collected 300 billion yuan, which is 200 billion yuan short of 500 billion yuan.

They really can't help it. They can't raise money at all.

I don't know if the people outside got the news or what happened. They didn't buy their NASS family's property and stock at the original price, or even lower it.

They had to sell at a price close to cabbage.

This has put the NASS family in a crisis. Even if they sell all the industries except NASS castle, they will only make up 300 billion.

This time, the NASS family is really dying!

The two sides face-to-face transfer, NASS watch some uneasy.

The difference is 200 billion. What can we do?

If Wang fan is in trouble, what should he do?

300 billion, the NASS family can get to the limit, no more, they simply can't get to it.

After all, it's real cash. If you can't get it out, you can't get it out. No one can help it.

In the past, the NASS family might have been able to borrow some money from their allies, but now, with the NASS family declining, those former allies simply ignored him.

The world is like this. Who cares about you except your close relatives?

"300 billion. It seems that there is still 200 billion to go. Mr. naswatch, are you playing with me?" Wang Fan pondered watching Nash watch, tone insipid, look no waves.

Nash watched for a moment, and said in a hurry, "Mr. Wang Fan, I'm not playing with you. I really can't get together."

"The NASS family has really tried their best. The 300 billion yuan is the limit that we can get together. No more money can really get together."

Nash is about to cry, almost desperate!

He is really afraid, after all, Wang Fan's strong and spicy, but he knows.

As soon as Wang fan saw Nash's watch, he knew that he didn't speak. He really couldn't get the money.

He didn't embarrass Nash to keep watch, but said coldly, "since you can't come up with it, then 300 billion, I don't embarrass you either."

"By the way, I'm leaving La soon. I hope you can take care of my brother Chloe for me. If he has something to do, I won't look for anyone. I'll look for you, NASS family. Do you understand? "

Wang Fan said coldly.

He didn't make it difficult for Nash to keep watch because of the 200 billion yuan, because he could see that Nash did his best to keep watch. What he valued more was Nash's attitude of keeping watch.

What's more, the people who used to be at the helm of the NASS family were the NASS guardians and not the NASS guardians, so Wang Fan didn't kill them all.

As for Wang Fan, the reason why he asked NASS to watch over Chloe was that although the NASS family was dying because of him, the thin camel was bigger than the horse, and the inside information could

not be underestimated.

"Good, good. Thank you, Mr. Wang Fan. Thank you, Mr. Wang Fan." Nash watch listen to this, first is a Leng, then quickly surprised nod.

He was completely relieved. He knew that today's crisis was over, and Wang Fan was very kind to him.

Without waiting for Wang Fan to continue talking, he looked at Chloe, patted his chest and said, "Mr. Wang Fan, don't worry, your brother is my brother on guard." "As long as I keep watch for another day, I will never let Chloe have an accident, or you will ask me."

Wang Fan looked at Nash's attitude of keeping watch and nodded with satisfaction, "in this case, I will trust you once. OK, you can go."

"Yes, yes, thank you, Mr. Wang Fan." Nash nodded his head and left the hotel respectfully.

After NASS left, Wang Fan looked at the stunned Chloe, "OK, don't be in a daze. Now I'll call you 150 billion yuan as your reward for helping me this time."

"If there is anything in the future, or if the NASS family dares to embarrass you, just call me and I will come as soon as possible."

Wang Fan said, and turned 150 billion yuan to Chloe.

Chloe is silly looking at Wang Fan, "Wang Fan, you really don't want that 200 billion? That's 200 billion, not 2000 yuan! "

He really couldn't figure out why Wang Fan didn't force the 200 billion yuan. With Wang Fan's strength and the NASS family's fear of Wang Fan, they could be forced to find a way.

"The NASS family has tried their best and can't raise money. It's useless for me to force him. What's more, I don't want to embarrass the NASS family any more because my grudge with them is over. "

Wang Fan said that others say he is cruel and cruel, but in fact, he still has his own soft side.

Wang Fan stayed in Los Angeles for another three days. On the fourth day, he left the hotel and went to the airport. He has planned to leave, and has planned to prepare for the next guwu Dabi.

Wang Fan left alone and didn't let Chloe see him off. When he arrived at the airport, he was about to get his ticket when a man suddenly came to him with two bodyguards, a man and a woman.

The man was in his forties, proud and noble. He was obviously used to being superior.

The two bodyguards, a man and a woman, looked at him carefully, as if they wanted to see him through.

Wang Fan looked at the scene, his eyelids couldn't help jumping.

Because he found that the first man has three levels of strength, and the bodyguard also has four levels of strength.

He didn't know what had happened when such three people came to him.

### **Chapter 1385**

"Wang Fan, I'm kerebahan, the uncle of Derris. Our patriarch wants to see you and want you to be the elder of our Kere family. Please come with us."

Ke rebahan with two bodyguards came to Wang Fan, look proud, high above.

There was no element of discussion in his tone, as if he were ordering. It's as if their Kere family invited Wang Fan to be the elder of Keqing, which was a great honor for Wang Fan to come here.

The Craig family? Elder Keqing?

Wang Fan listens to this words, is a Leng at first, then can't help but sneer.

The Kere family is really superior. If Wang Fan wants to be a thug, he is still so superior.

It may be an honor for others to be the elder of Keqing family, but it is not rare for Wang Fan.

Elder Keqing, the meaning is very simple, that is, when you need to work hard, you have to rush to the front. When you share the fruits, you share the least.

"I'm sorry, Wang fan is not interested in being a guest elder of your Kere family, nor is he interested in meeting your patriarch. You'd better invite someone else."

Wang Fan coldly said a, also don't plan to quarrel with Ke re Ba Han entanglement, lift foot to plan to bypass them to leave.

"Wang Fan, it's a great honor for us to invite you to be our guest. Don't give me any face. Do you know how many people have no chance to enter our Krey family? "

"If it wasn't for the sake of delis, do you think our Kremlins would have liked you? I advise you to think it over and give us an answer, otherwise you will regret your whole life. "

Kerebahan heard that Wang Fan refused and wanted to go. His face changed immediately. He suddenly took a step to stop Wang Fan and cheered.

Although the outside world crazy rumor Wang Fan took off the eight layers of SAIN, a blockbuster.

But Kerebahan didn't believe it at all.

More than half a month ago, the skeleton old man of the Kere family also said that Wang Fan's strength is only four levels.

Kerebahan does not believe that in just half a month, Wang Fan will be able to grow from the fourth floor to win SAIN.

In his opinion, Wang Fan must have used some despicable means, but his own strength is not so terrible.

Wang Fan saw that Kerebahan dared to stop himself. His eyes were cold, and his tone became impatient. "I said I'm not interested, so I'll ask you to be clever."

"Why, don't you understand me? Get out of my way. If you dare to stop me again, don't blame me for being impolite. "

Wang Fan's heart has already had anger, the Hall NASS family, all by his Wang Fan make bow, just a Ke heat family, even dare to let him become a guest minister, is simply funny.

Although the Kere family is stronger than the NASS family, it's just like that. Wang Fan won't care.

What Wang Fan didn't like more was Kerebahan's attitude, which was superior and arrogant?

"You When Kerebahan heard that Wang Fan dared to tell him to go away, his face immediately turned blue, and his anger surged to his head.

It's a shame that Wang Fan dare to tell him to go away!

He clenched his fists and stared at Wang Fan with ferocious eyes. His breath suddenly became cold!

"Wang Fan, what are you, dare you tell Mr. Kerebahan to go away?"

"Don't think you can brag in front of our Keres if you beat the NASS family. Our Keres can do the same easily if they want to destroy the NASS family!"

The two bodyguards were also angry. They stepped forward and surrounded Wang Fan in a triangle with Kerebahan.

Pop!

The sound of two crisp slaps rang out. Almost as soon as the two bodyguards surrounded Wang Fan, Wang Fan suddenly flashed and slapped them on the face.

Fiery tingling came, two take off any four layers of instant will be pumping inverted fly out, fell on the ground in a mess.

There was a twinkle of horror and disbelief in their eyes.

They're four stories away. How could Wang Fan hit them so easily?

"Just two dogs, when's your turn here? Although I, Wang Fan, am nothing, I can step on you more than enough! "

Wang Fan said with a sneer, but did not look at the two bodyguards, but looked at kerebahan, "how, do you still want to do it?"

"If you want to do it, hurry up, Ben and Shao will go on. I tell you, Ben is very busy, but he has no time to talk nonsense with people like you

Wang fan can fight the bodyguards of the Ke re family at will, but he can't fight the Ke re Ba Han at will.

Even if he wants to move krebahan, he must do it first, so that he can have a reason to do it.

Kerebahan saw the bodyguard who was shot by Wang Fan immediately. His face was ugly, but his heart was shocked to the extreme.

Is the rumor true that Wang fan is really tough enough to win SAIN without using any mean means? You know, the two bodyguards of the fourth floor are much more powerful than his third floor. Since Wang fan can fly those two bodyguards at will, it means that Wang fan can also fly him at will.

"It seems that you dare not do it. Since you dare not do it, go away. As I said, I'm not interested in being a guest Minister of your Kere family or meeting the head of your Kere family. "

"If you dare to stop me again, don't blame me for being impolite!"

Wang Fan cold finish, no longer bother to pay attention to Ke re Ba Han three, flashed into the airport.

Kerebahan's face was livid, his teeth rattled, his fists clenched, and he was furious. But looking at Wang Fan's back when he entered the airport, he didn't dare to stop him any more!

No way, strength is respected, now Wang Fan's strength is more powerful than them, they no longer dare to make mistakes!

This time, Wang Fan did not encounter anything again, so he boarded the plane to Huaxia smoothly.

More than 20 hours later, Wang Fan had already arrived in the capital of China.

In less than two months, guwu Dabi will be held in Qingdu city of central Hunan Province. Wang Fan originally planned to live in Qingdu city directly, and then cultivate himself and wait for Dabi to begin.

But Los Angeles did not have a direct flight to Qingdu City, so he had to come to Beijing first.

When Wang Fan arrived in the capital, he ordered a ticket to Qingdu the next day, and then decided to find a place to live.

But before Wang Fan found the hotel, an old man in hemp clothes and trousers had come to him.

The old man was followed by Wang Gujin with a smile on his face. But Wang Gujin's smile was not right.

Wang Fan looked at the two men and immediately stopped, looking at the old man.

At a glance, he could see that the old man's strength was at the sixth level, which was mostly the sixth level power behind the Wang family.

If it was a few months ago, Wang Fan might not have been a rival in the face of this six-tier old man. But now, he has completely ignored the old man.

If Wang Gujin is relying on this guy to find trouble today, it is that Wang Gujin is blind.

### **Chapter 1386**

Wang Gujin also came to Wang Fan for trouble.

Last time in Mucheng, for the sake of Teng Lingzhi, his Wang family lost three masters, which made him feel angry.

So after getting the news of Wang Fan's return to Beijing, he took the old man with him to find him.

Wang Gujin also heard about Wang Fan's work abroad, but he didn't believe it.

At the beginning, Wang Fan just took off the second floor. How long did it take before he could grow up to the point of taking off the eighth floor?

This kind of thing is not to say that he is the king of the past and the present. I'm afraid no one will believe it.

"Wang Fan, I didn't expect that we would meet again so soon. I haven't seen you for some time. Wang really thinks about you."

Wang Gujin came to Wang Fan and opened his mouth without laughing.

Wang Fan didn't want to talk to him about hypocrisy and snakes at all. He said directly, "Wang Gujin, if

you have words, you can say fart. I, Wang Fan, have no friendship with you, but I don't want to meet you very much."

With his current strength, he is not afraid of the king at all, not to mention the king's family, so there is no need to be polite.

Listening to Wang Fan's words, Wang Gujin's face became ugly instantly.

He did not expect that Wang fan should not give face, directly open his mouth to hit him in the face.

This makes Wang Gujin, who has been tactful all his life, can't accept it for a while.

"Sure enough, you are a young man. You are so young." The old man listened to Wang Fan's words, but his eyes narrowed and he began to speak.

He slowly raised his head and looked at Wang Fan with turbid eyes. "Wang Fan, right? I heard that during the period when I was in seclusion, you hurt many masters of my Wang family and robbed a Teng Lingzhi of my Wang family. Is that right?"

Although the old man's tone was calm, his eyes were filled with chill.

Teng Lingzhi, even for him, has a great temptation. But it was robbed by Wang Fan, and it was even possible that he took it directly, which made him unable to accept.

What should have belonged to him was taken away by Wang Fan, which seemed to him to be a tyranny!

Wang Fan listened to this, a cold smile, "put your mother's fart, Teng Lingzhi when to become your Wang family, it is clear that the wood City Jin family gave me, OK?"

"You Wangs are really shameless, black can be said to be white, this ability is no one."

He also pointed to the old man, "old man, I think you are old. You are not only deaf and dazzled, but also have a bad brain. Otherwise, you will not listen to such rumors."

"If you don't have the time, I advise you to wash and go back to bed early, and don't come out to make trouble. It's bad for you to hurt yourself and hurt your heart."

Wang fan is not polite to Wang Gujin, an old man. It is clear that he is looking for trouble. He will not stick his hot face on others' cold butt.

Listening to Wang Fan's words, the old man's face became ugly in a moment.

When did the king of the hall, the elder of the Supreme Court, be scolded by someone pointing his nose like this.

This is the biggest provocation!

"Good courage!" See its burst to drink a, the right hand a probe, that dry arm instant toward Wang Fan grabbed past.

A terrible energy wave emerged, which immediately enveloped Wang Fan, as if to restrain him.

Wang Fan felt the scene and couldn't help sneering.

It's ridiculous that a person who is only six stories away from the ordinary wants to seize himself in this way.

If this guy's strength is far beyond him, it's OK to do so. But he didn't even know his own strength. If he dared to do so, he was looking for death!

"Don't you believe that you are old? Do you have to force me to tear down your old bones?"

Wang Fan sneer, even to avoid are lazy to avoid, the same slap followed to catch out.

Powerful energy riot, in an instant, hit the old man that thin hands, and then continue to slap to his collar.

"You, you." The octogenarians feel this scene, which has always maintained the ancient and modern waveless face, changed greatly in an instant, full of horror and shock.

Just from that momentum, he has already realized that Wang Fan's strength far exceeds him.

Only he just said two words of "you", Wang Fan's palm had already fallen on him, and then he picked him up.

"What are you? You want to catch me and throw me out. Well, I'll satisfy you now."

Wang Fan said, casually throw, bang, the octogenarian was directly thrown on the ground by Wang Fan, spit out a mouthful of blood.

Looking at this scene, Wang Gujin was shocked.

How did he not expect that even the supreme elder of the Wang family was not Wang Fan's opponent? Is this too terrible?

Cold sweat exuded from his whole body, and he realized in an instant that it was impossible to win Wang Fan today. Let alone take Wang Fan. If Wang Fan goes to his family for trouble, his family can't even afford it.

When Wang Gujin thought of this, he didn't dare to hesitate any more, and immediately made a smile, "Wang Shao, the elder of the Wang family is reckless. I don't know your prestige. Please forgive me for offending you."

"I heard that Mr. Wang was waiting at the airport to welcome Mr. Wang when you came back. This card has 10 billion yuan. It's a little bit of my Wang family's affection for Mr. Wang. Please accept it."

Wang Gujin said and immediately took out a card and handed it to him.

I have to say that this guy is really talented and knows how to bend and stretch.

But Wang Fan didn't even want to look at the card, so he said coldly, "10 billion? Do you think Wang fan is a beggar? "

"I went to the NASS family in Los Angeles a few days ago, and they gave me 300 billion yuan. And now you're taking out 10 billion yuan. Don't you mean to disgust me and hit me in the face? "

Wang Gujin's mouth is full of sobs. It's 10 billion. It's not a small number. But Wang Fan said that he was disgusted and hit him in the face. It's really his mother's grievance.

But even if Wang Gujin was not happy, he did not dare to attack at this time.

If he dares to attack, he, including the Wang family, will probably be finished.

He gritted his teeth and said, "where is it? This 10 billion is just a small idea. In half a month, our Wang family will present 100 billion. Please don't be too little."

Wang Fan listened to this, then took the card, "well, in your sincerity, I'll take the 10 billion, we'll see you later."

Wang Fan said, no longer pay attention to Wang Gujin and the old man, directly left here.

When his strength reached this level, he disdained to worry about those grudges with the Wang family. After all, his vision was different.

The most important thing is that Huaxia is the home country after all, and ye Nantian, whom he respects, is in the capital. He doesn't want to make a big fuss in the capital.

Wang Gujin was relieved to see Wang Fan leave. He didn't dare to hesitate any more. He quickly picked up the old man and left the airport in a hurry.

Wang Fan returned to the capital, and hit Wang Gujin face, even if the Wang family tried to pressure, to blockade, but still spread out.

After hearing the news, the powerful consortia, who were ready to attack Wang Fan group, immediately gave up their thoughts and quickly shrunk back.

Wang Fan group, by virtue of Wang Fan's prestige, quickly began to expand, and soon became the leading financial group in China, with a position directly exceeding the eight families.

Of course, these are afterwords.

### **Chapter 1387**

Wang Fan soon found a hotel to stay.

He didn't go to see ye Nantian or call Bai Xiaoren to talk about the past. He planned to stay in the hotel for one night and fly to Qingdu the next day.

Now it's less than two months away from guwudabi. He has to prepare as soon as possible.

This time, guwu university is so important. It involves not only the number of people entering the "Yuan gate", but also the Tianyun flower. It will surely attract the attention of many young people and the guwu family.

If he goes late, I'm afraid he can't even find a place to live.

At eight o'clock the next morning, Wang boarded the plane to Qingdu city.

More than half of the people on the plane were ancient warriors. They were all powerful and almost reached the realm of escaping from the ordinary. There were almost none of them.

Wang Fan looked at those old people who took off the ordinary martial arts, but he didn't feel anything. But looking at those young people, he was shocked and even dignified.

China has a vast territory and abundant resources. It's really crouching tiger, hidden dragon. If he didn't see it with his own eyes, he didn't believe that so many young warriors would have stepped into the realm of escape.

Sure enough, Wang fan is not the only one in the world who has a chance. Others also have a chance.

Sitting next to Wang fan is a cool woman. She looks like she is in her thirties, but she is not enchanting and mature at all.

She is like a blooming snow lotus on a snow mountain, cool and crystal clear, soft and quiet.

After sitting in the seat, the woman directly closed her eyes, a cold clear from her body, Wang Fan even felt a cold.

Wang fan made an observation and found that the cold woman was on the plane alone. Unlike the other young warriors, most of them were accompanied by their elders.

Wang Fan naturally didn't mean to answer the question. She also closed her eyes.

At a certain moment, the plane starts, like a big bird into the sky.

Wang Fan felt this scene with an excited look and an expectation in his heart.

On this plane alone, he met so many young strong people. It can be seen that there will be more young strong people going to Qingdu to participate in the Dabie.

He wanted to see who could stand out among so many strong people and laugh to the end.

Wang Fan has a rare feeling of blood boiling. He can't wait to compete with the young strong.

The cold woman seemed to feel Wang Fan's inner fluctuation. She turned her head slightly to look at Wang Fan. There was a trace of disdain in her eyes. Then she closed her eyes again.

Wang Fan was too lazy to pay attention to him. After calming down his excitement, he also began to rest.

Two hours later, the plane landed at Qingdu airport.

Wang Fan followed the crowd out of the plane.

Looking at the sea of people in front of him, Wang Fan was surprised.

It's too scary. How many people did the ancient martial arts contest attract.

He can clearly find out that 80% of the people in front of him are warriors. It seems that this place has become a paradise and a place for martial arts.

Even at the airport, there are many more fighters in charge of order, and those who control the order have also reached a state of escape. I really don't know where these fighters come from.

It took Wang Fan more than an hour to get out of the airport from the crowd. He waited more than two hours before he got into a taxi.

These taxi drivers also took advantage of the opportunity to start asking exorbitant prices. From the airport to the city, they asked for 1000 yuan, but they didn't bargain.

Although Wang Fan despised him in his heart, he didn't bother with the taxi driver and went directly to

the city.

Not to mention, even if he doesn't take the taxi, some people will.

One is willing to fight, the other is willing to suffer.

The road is also very congested, just 30 kilometers away, Leng is to walk for more than three hours, to reach the city smoothly.

At this time, it was dusk, and Wang Fan began to look for a place to live.

But to his dismay, he went to more than ten hotels, but none of them were full.

This made him very speechless. It was less than two months before guwu Dabi began. I really don't know what these people are doing now.

He didn't complain much just because he had come ahead of time.

But what should we do if we can't find a place to live? Is it hard for Wang Fan to sleep on the street?

"Famous hotel."

When Wang Fan was walking aimlessly in the street, he suddenly saw a hotel.

Looking at the glittering five characters, his eyes appeared a short trance.

The signboard of Mingyang hotel reminds him of Gao Mingyang who was kicked away by him in Jinzhou.

Wang Fan sighed helplessly. He didn't go in at all, so he planned to keep looking. Let's not say that this famous hotel is a six-star hotel. The most important thing is that he doesn't need to enter the hotel at all. His mental energy has already been swept to the hotel. The hall is already full of people, obviously there are no rooms.

Creak.

Just as Wang Fan was walking forward, a black Bentley suddenly stopped at the gate of the famous hotel.

Then a dignified young man in his thirties came down with two bodyguards.

Wang Fan glanced at the young man in his thirties. His eyes immediately narrowed.

This man is really famous.

After two years, Gao Mingyang's face has no previous arrogance, and looks mature and steady.

It's just that although he is a successful person, he has the strength of the early days. It's incredible.

Gao Mingyang appears here. Combined with the hotel signboard, it is obvious that this hotel is Gao Mingyang.

Wang Fan really did not expect that after two years, he would see Gao Mingyang again on such an occasion.

He didn't expect that Gao Mingyang, who was kicked by him and fled from Jinzhou, had made a comeback in Qingdu city.

Wang Fan laughs. He doesn't mean to come forward to talk or ask for help. He walks away directly.

Only after he had taken two steps, Gao Mingyang had already seen him.

Gao Mingyang looked at Wang Fan, first in a daze, then in a joy, and directly strode toward Wang Fan, "Wang Shao, stay!"

His eyes were full of surprises, as if he had met an old friend for many years. There was no hatred in his eyes, as if their past enmity had disappeared.

Wang fan stopped and looked at Gao Mingyang, "Gao Shao, Hello, I didn't expect to see you for two years. You have made such achievements again."

"What did Wang Shao say? If my younger brother is right, you must be running for the next guwu Dabi when you come to Qingdu city?"

"Since Wang Shao came to Qingdu city and was met by me, this is fate. Anyway, you're going to let me do my best. "

"I'm famous for your basic necessities of life in Qingdu city. You must give me this face!"

Gao Mingyang patted his chest, which meant that he could not refuse.

He is also a figure who has been struggling in society for many years. How can he not see that Wang Fan has not found a place to live?

Of course, he can't say it directly, otherwise it will make Wang Fan lose face.

What's more, today's Gao Mingyang is not what he used to be. He can't see Wang Fan's strength at all, which means that Wang fan is much stronger than him.

**Chapter 1388**

"Gao Shao is really polite. In that case, I will not be respectful. To be honest with Gao Shao, I haven't found a place to live yet. "

Wang Fan did not refuse, looking at Gao Mingyang said with a smile.

No place to live is no place to live. In Wang Fan's opinion, there is nothing shameful about it.

"Ha ha, OK, let's go in and get drunk." Gao Mingyang listened to Wang Fan's words, and was even more overjoyed. He couldn't help laughing and went to the hotel to welcome Wang Fan.

He is also a person with exquisite features. As soon as he hears Wang Fan's tone, he knows that Wang fan doesn't care about what happened in those years.

"Mr. Gao."

"Mr. Gao."

The two soon entered the hotel, and the beautiful service ladies and security personnel all gave a respectful greeting one after another, which made Gao Mingyang look very imposing.

However, Gao Mingyang didn't take the airs and nodded to the employees one by one. He was very polite.

Wang Fan looked at this scene, his heart could not help sighing.

It seems that time can really change a person. If I didn't see it with my own eyes, who would dare to believe that the domineering high-profile young man in Jinzhou would have such a big change?

"Wang Shao, to tell you the truth, I've also taken the advantage of that ancient martial arts. Recently, my business is very good. During this period of time, even if the room price has increased ten times, it is still full. "

"If I don't have a private room here and don't make it public, I'm afraid I can't find a place for you even if you come."

"You live in my room during this time. Don't worry. It's absolutely quiet. No one will disturb you. If you feel uncomfortable or unsatisfied, go straight to my house, which is very big. "

"It's just that my home is a little far away from here, and the traffic is not very good recently. It takes a little time on the road, so it's not very convenient."

Gao Mingyang said to Wang Fan with a smile as he took Wang Fan in.

He looked at the hotel hall that full of popularity, the heart is also very happy.

After all, these people represent money in vain. No matter how much change they make, they can't get along with money.

"You're welcome, Gao Shao. I'm very grateful if you can find me a place to live. I don't have so many requirements."

"Whether it's the hotel or your home, you look at the arrangement. Just give me a ten square meter cabin and a bed. "

Wang Fan's demand for living is not high, and he has always been a person you respect me, I respect you, high reputation this attitude, he naturally will not be picky.

"Then you'd better stay in the hotel first. If you're not satisfied, we'll talk about it then." Said Gao Mingyang.

After they had no mustard, Gao Mingyang felt that Wang Fan was not so difficult to speak.

"Ha ha, Gao Shao, you're just in time. I've been waiting for you for a long time." A loud voice suddenly broke the conversation.

Wang Fan turned around and saw in an instant that a middle-aged man in his fifties came with a young man in his twenties.

The middle-aged man had a bald head, a suit and shoes, and was full of dignity.

The young man's face was cold, his face was proud, and he looked very high.

When Gao Mingyang saw the middle-aged man, his eyelids could not help jumping, but he soon regained a smiling expression and met him.

"Mr. Feng, why did you come here in person? Why don't you just call me if you have something to do? Why do you have to go there in person?"

When he was talking, his eyes could not help glancing at the young man beside Feng. The corners of his mouth were slightly bitter.

During this period, due to the coming guwu Dabi, all hotels in Qingdu city are full, which means that one room is hard to find.

In addition, his famous hotel is the only six-star hotel in Qingdu city. Living here obviously has more face than living in other small hotels, and you will feel superior when you go out.

All of them are constantly calling him to reserve a room.

It's just that there are only so many rooms, how can he reserve all of them, so when the room is full, he won't answer those people's calls.

Ordinary people will also understand his difficulties. When they see that he does not answer the phone, they will not make trouble. But who could have thought that this old Feng came here in person?

Mr. Feng, whose full name is Feng Delun, is a big man in Qingdu city. He is good at both black and white. He is a difficult character.

Before that, he had already asked Gao Mingyang for five times and asked him to arrange five people to come in. Today, this is the sixth time.

Gao Mingyang looks at Feng Delun and moans in his heart.

If it's an ordinary person, he really doesn't pay attention to his high reputation. After all, he played a cruel role in Jinzhou at the beginning, not a big scare.

But Feng Delun is not an ordinary person.

Let alone Feng Delun. Even the young man behind Feng Delun is not easy to provoke.

At first sight, the young man came to participate in the ancient martial arts competition. And who is not the best among the experts? He's so famous that he can't be provoked at all. "Ha ha, it's not that you Gao Shao didn't answer my phone call, but I went there myself?"

Feng Delun looked at Gao Mingyang and laughed. He pointed to the young man behind him, "this is Xue Shao, a friend of mine, who came to participate in the ancient martial arts contest."

"Just because he came a little late, he didn't find a place to live. Please arrange it for Gao Shao."

Although Feng Delun was asking Gao Mingyang for help, he didn't ask for help at all. It seemed that he was giving an order.

Moreover, he deliberately named the young people to participate in the guwu Dabi, which also meant to be a threat. His meaning is self-evident, that is, you have to arrange, do not arrange also have to arrange.

Xue Shao, listening to Feng Delun's introduction, looks even more arrogant, squints his eyes and looks coldly at Gao Mingyang. It seems that as long as Gao Mingyang refuses, he will get angry and even start.

Gao Mingyang's eyelids can't help jumping when he listens to this. How can he not understand each other's meaning?

He said, "Mr. Feng, it's not that I don't arrange for you, but I don't have a room here."

"If there is a room, how can I not arrange it for you? Even if I don't give others face, I can't help but give you face, Mr. Feng? "

"You called me five times before and asked me to reserve a room for someone to come in. Didn't I arrange it all? This time, there is really no way. I really don't have a room here. "

Feng Delun was not surprised by Gao's famous words. He said with a smile, "Oh, is that right? I remember Gao Shao has a private room here

"Why don't you give that room to my friend? You can rest assured that the price is not a problem. "

Gao Mingyang's face changed when he heard this, and he didn't know how to say it.

If he doesn't agree, Feng and Xue Shao will be angry. Even Xue Shao is likely to fight, and his high reputation will come to an end.

But if he agreed, it would not be a pit for Wang Fan. He just said that he would let Wang Fan live there.

But now he did not dare to say that the room had been promised to Wang Fan, because he did not know whether Wang Fan could afford to offend Xue Shao.

If Wang Fan provokes well, but if he can't, he will bring disaster to Wang Fan.

### **Chapter 1389**

Feng Delun saw Gao Mingyang's face was ugly and he didn't speak for a long time. He couldn't help but squint in his eyes. He said, "what's the matter, Gao Shao? Is it inconvenient, or don't you want to?"

With the sound, he couldn't help taking a step forward.

At the same time, Xue Shao's momentum suddenly forced people to get up, and he looked at Gao Mingyang with cold eyes.

Gao Mingyang was forced by Xue Shao's momentum. He could not help but step back. His face became pale and his heart became more bitter.

This Feng Delun is too aggressive, but he can't provoke Feng Delun, and there is no way.

Just as Gao Mingyang grits his teeth and plans to agree, Wang fan can't help but open his mouth.

"You're right. It's really inconvenient, because I've already reserved his private room in advance."

Wang fan knows that he can't do without opening his mouth at this time. The reason why he didn't open

his mouth before is to see his famous attitude.

Now that he has seen Gao Mingyang's attitude, he naturally will not make Gao Mingyang embarrassed any more.

Wang fan can see that Gao Mingyang can't stir up this surname Feng and that surname Xue. The reason why Gao Mingyang didn't promise for such a long time is that he promised his room to Wang Fan.

"Do you have a reservation?" As soon as Feng Delun's eyes narrowed, he couldn't help looking at Wang Fan.

In fact, he had already seen Wang Fan, but Wang Fan's clothes were very ordinary. In addition, he didn't have any impressive momentum and didn't speak, so he didn't pay attention to Wang Fan.

Now see Wang Fan suddenly open mouth, where can Feng Delun resist?

There was no longer a smile on his face when he was dealing with Gao Mingyang. He suddenly stepped forward, pointed to Wang Fan and cheered, "what are you, dare you say you have reserved Gao Shao's private room? What's more, when I talk with senior and junior students, where can you interrupt? "

He pointed at Wang Fan crazily, very arrogant, very domineering, "boy, some people are not what you can offend, or what you can offend, be careful what comes out of your mouth!"

Xue Shao also looked at Wang Fan, and his astonishing momentum pressed Wang Fan, with a strong chill in his eyes.

Gao Mingyang looked at this scene, cold sweat down in an instant.

He is not worried about whether Wang Fan will provoke Feng Delun. He is worried about whether Wang Fan will provoke Xue Shao.

Once Wang fan can't provoke Xue Shao, it is he who has harmed Wang Fan. This is not what he wants to see.

"Oh, so I can't provoke you? I'm nothing, but I can deal with grasshoppers like you, but I can still do it. "

Wang Fan sneered and immediately stepped in front of Feng Delun. He grabbed him by the collar with one hand and then patted him with the other.

The sound of Pa Pa Pa Pa rang out, and the scene suddenly became dead.

Around those waiting for the room guests in a moment all around, with great interest to see this scene.

Most of these guests are from ancient martial arts, and they come to participate in the ancient martial

arts contest. Naturally, they are not timid.

There is no room. They are bored waiting. Now when they encounter this kind of thing, they will not miss the chance to see the play.

Wang Fan slapped Feng Delun several times, then kicked him to the ground and said coldly, "do you know what I am now?"

"Also, I'll give you back your previous words intact. Some people are not what you can offend, or what you can offend. Be careful what comes out of your mouth."

Feng Delun was slapped by Wang Fan and stepped on the ground like a dog. His face was so ugly that he could hardly bend to the extreme.

He didn't expect that Wang Fan would be so arrogant that he would do it if he didn't agree.

He did not expect that Xue Shao had not stopped him.

Xue Shao's face was also ugly, and his heart was full of horror.

At the age of 28, he was able to cultivate to the second level, which is very good.

But he didn't think that Wang Fan, who looked younger than him, seemed to be more powerful than him.

You know, just now his breath has locked Wang Fan, but at the moment of Wang Fan's hand, he still didn't react. How can he not be shocked?

Wang fan is too lazy to talk with Feng Delun. He looks at Xue Shao coldly. "Gao Shao's private room has been given to me. Why, do you also have an opinion?"

"If you have a problem, just go ahead and I'll take it. If you don't have a problem, get out of here. I don't have time to talk to you. "

Xue Shao listened to Wang Fan's rude words, and his face turned pale in an instant. Originally, he had given up the idea of doing it, but now, he had to do it.

Xue Changhong, as a two-tier strong man, originally came for the sake of the ancient martial arts competition. If he was so provoked and beaten in the face, he didn't dare to say a word, would he still take part in the ancient martial arts competition?

When Xue Changhong was angry, he never thought about how arrogant and abominable he was when he used his momentum to oppress Gao Mingyang, who was only born in the early days."To die!" Xue Changhong's face became ferocious in an instant. With a loud drink and a clang, the long sword on his

back came out of the scabbard and swept towards Wang Fan.

Xue Changhong is very cautious when he does not use his weapon!

When his sword was swept out, dozens of sword flowers had already been set off. The sword, Qi and Qi seemed to be integrated into one. The chilly air enveloped him and his momentum was amazing.

"My God, the combination of sword and Qi is terrible!"

"Is Xue Changhong the Xue family's Huayu sword skill

"I have long heard that Xue Changhong is gifted and has terrible attainments in swordsmanship. When I see him today, he really deserves his reputation."

"It seems that the guy who provoked Xue Changhong will suffer."

The surrounding ancient warriors could not help but marvel and look shocked.

Xue Changhong, a rare genius in the Xue family for a hundred years, is not his rival, though he only has two levels of detachment.

It's not impossible for him to use all his means, even to kill the strong man of the fourth level.

But is Wang Fan an ordinary person?

Obviously not!

Let alone the fact that Wang Fan's strength has now reached six levels, he can crush Xue Changhong to death.

Even if Wang Fan's strength still stays at the second level, Xue Changhong is far from his opponent.

"It's just a second story. I dare to speak up in front of me. I think you are the one who is looking for death! Since you don't go away, I'll send you away. "

Wang Fan said with a sneer that he didn't even bother to sacrifice the shadow knife. He raised his right leg and kicked Xue Changhong.

Wang Fan's right leg lifted an astonishing momentum, which instantly dispersed Xue Changhong's sword spirit. After kicking off his sword, he swept heavily on his chest.

With a bang, Xue Changhong only felt a violent force like a wild animal pouring into his body, and the whole person was immediately kicked up and flew out along the open door.

With a bang, Xue Changhong fell to the ground heavily and screamed.

A move, just a move, he was defeated, he finally understood the gap between himself and Wang Fan.

Looking at this scene, those ancient warriors around couldn't help but stare at it with shocked eyes and a dead silence.

Terror, so!

### **Chapter 1390**

Terrible!

It's terrible!

No one thought that Wang Fan would be kicked away by the rare genius of the Xue family, who was trained to be out of the ordinary at the age of 28.

Although Xue Changhong's strength is not very strong among all the young people participating in the competition, it is still hard to accept that he was kicked away by Wang Fan.

If Wang fan is a well-known seed player, they can accept it.

But no one here knows Wang Fan, which means that Wang fan is not a seeded player. How can they accept this?

Those young people who took part in the competition immediately realized that this time's guwu contest was not simple, and it was not easy to win a good place.

After all, no one knows how many nameless black horses like Wang fan are.

When Gao Mingyang looks at this scene, his heart is shocked. At the same time, he can't help but clench his fist.

Wang fan is the same as Wang Fan. No matter where he goes, he is the most powerful one.

He secretly congratulated himself on his changes in the past two years and did not offend Wang Fan, otherwise the consequences could be imagined.

"Let's go up." Wang Fan didn't have the heart to pay attention to the shock of those people around him. He said something to Gao Mingyang and went to the elevator.

He was disappointed with Xue Changhong.

Weak, it's too weak. He just used 50% of his strength, but Xue Changhong couldn't catch it. It's too

much.

If all the young people participating in the competition are like Xue Changhong, the competition will not be very meaningful to him.

Although Wang Fan took part in the competition mainly to get into the yuan gate and the Tianyun flower, he also had the intention to compete with the strong young people and hone himself.

If he can't even find a decent opponent, it's a bit boring.

Gao Mingyang soon brings Wang Fan to his private room. He says it's a room, but it's actually bigger than an ordinary villa.

Gao Mingyang's private room covers an area of four or five hundred square meters, which is very luxurious, and there is an attic on it.

Let alone Wang Fan who lives in this room, even if he lives in more than ten people, he won't feel crowded.

Gao Mingyang showed enough respect and hospitality to Wang Fan. He made people cook 108 dishes and served eight bottles of Bordeaux's top red wine, which is really a full table of Manchu and Han people.

"Gao Shao, you are so polite. I can't bear it."

"I'm very sorry to occupy your big room alone. How can I make you spend so much money? What's more, we can't eat so many things. "

Rao Shi and Wang fan are thick skinned enough to live in such a big room and be treated with such hospitality.

He couldn't help saying, "otherwise, you can make a price and I'll pay you the price. I'm very grateful that you can provide me with accommodation under pressure at such a time. I can't let you suffer. "

If Gao Mingyang's private room is only dozens of square meters or 100 square meters, Wang Fan will live for free. But four or five hundred even, he alone occupied, this is really a little embarrassed.

You know, the four or five hundred Ping, high reputation can also be sold at a high price.

Gao Mingyang listened to Wang Fan's words, his face immediately became a little ugly, "Wang Shao, if you say that, I will be angry."

"I'm famous. Since I let you live here, I don't mean to charge you, otherwise I won't let you come."

"What's more, I haven't seen you for two years, so it's right for me to be famous and respect the friendship of the host. Are you still worrying about what happened in those years? "

"If that's the case, I'm famous and speechless. You leave now as if we haven't met."

"I'm very famous. I like money, but I'm not short of it. What's more, as you can see, I often encounter things here. Maybe I will rely on you to help me solve some small problems. "

Gao Mingyang is also very direct. He doesn't beat around the bush. He knows that Wang Fan has a direct personality and doesn't like people with many thoughts.

Wang Fan listened to this, immediately could not refuse, can only nod, "since Gao Shao said so, then I'm not polite."

"I Wang Fan remember your feelings. You can rest assured that if you have something that can't be solved, or if someone embarrasses you, just look for me. I'm absolutely duty bound."

When Gao Mingyang heard this, he was overjoyed. "Thank Wang Shao first."

He said, waved, and soon someone went out. A few minutes later, a dozen charming girls came in.

After the enchanting girls came in, six people came to Wang Fan and the others began to dance.

Gao Mingyang looked at the enchanting beauties and said with a smile, "it's no fun for them to drink. I hope Wang Shao doesn't mind."

"No way." Wang Fan shook his head. He knew that Gao Mingyang meant well, so he would not hit Gao Mingyang in the face. They soon began to drink and talk, very relaxed and comfortable.

The banquet didn't end until 12 o'clock. Gao Mingyang was held out drunk by six women, while the other six enchanting women stayed. The purpose is self-evident.

Wang Fan looked at the enchanting six women, the heart is also some fiery, but soon he calmed down.

Instead of letting the six women spend the night, he gave them enough bounty to let them all leave.

For the next three days, Wang Fan didn't go out. Instead, he had been practicing in the hotel to consolidate his realm, and at the same time, he was learning to turn the mountain seal.

Up to now, he can only use the skill of mountain climbing seal. Mountain climbing seal is also his trump card. He must be more proficient and master it well.

At the time of Wang Fan's cultivation, Feng Delun's private manor welcomed an important guest.

This man is no other than Xue Yongrong, the elder of Xue Changhong.

Originally, Xue Yongrong should have arrived in Qingdu city with Xue Changhong, but due to some delay in the way, he came three days late.

The ancient martial arts contest is about to be held, and many strong people come here in order to win the first prize.

After all, it's about tianyunhua and the number of people entering Yuanmen.

In the secular world, the lack of aura makes it difficult to cultivate, but Yuanmen is different.

It is said that Yuanmen is a space opened up by ancient great powers with great powers. It has not only abundant aura, but also countless cultivation resources.

The quality of the strong people there is much stronger than that of the secular world. In the secular world, you may be one of the best geniuses, but in Yuanmen, you may not be a fart.

Therefore, in order to pursue a higher realm, countless ancient warriors tried every means to enter Yuanmen, but unfortunately they had no chance.

Yuanmen is so mysterious that it's impossible to enter without a guide.

And so many strong people rush into Qingdu city to participate in the competition, naturally they have the idea of competition.

Although Dabi has not started yet, residence has become a symbol of face and identity for all.

This is also why Xue Changhong did not want to live in fengdelun manor, but let fengdelun contact to stay in the famous hotel.

As the only six-star hotel in Qingdu City, Mingyang hotel is undoubtedly the most respectable one to live there.

But Xue Changhong did not expect that he was not able to live in smoothly. Instead, he was beaten by Wang Fan.

Xue Yongrong had already known the whole story from the phone. After he entered the fengdelun manor, he said with a gloomy face,

"now take me to find the guy who beat you. I want to see who is so arrogant that he dares to hit my Xue family in the face like this!"
