Chapter 1431

"Bitch, how dare you beat my son? I'll fight with you! " The mother's face of the bear child was distorted in an instant, and she grabbed the beautiful woman's face.

That's his precious son. Usually she can't bear to scold. Now she is slapped by a beautiful woman. How can she bear it?

"Smelly bitch, even Lao Tzu is reluctant to beat my son. Why do you dare to beat my son? Can you afford to pay for it?"

The father of bear child was also angry, so he grabbed the beautiful woman who tried to hide from her and kept her from moving.

With a slap, the bear's mother slapped the beautiful woman's face in an instant, and even scraped her nails with force.

This blow, the beautiful woman's face, an instant more than a few bloodstains, tears directly from the eyes.

"How can you do that? Your son touched me with his hand and took advantage of me. You don't care. He even connived and beat me. What's the truth? "

Beautiful women in pain, where can also care about good intentions, directly can not help but say it.

"Touch you? Take advantage of you? Is there any evidence? Who saw it? Ask the people around you, has anyone seen it? "

The bear's parents were so angry that they immediately roared and looked at the people around them.

Most of the people around didn't see it. Even if there were a few occasionally, they didn't dare to make a sound and rushed back to their heads.

Nowadays, no one wants to be fussy. What's more, the three members of the family just look at their clothes and know that they are rich and not easy to get into trouble. No one wants to get into trouble.

"Did you see it? No one saw it, which means that you are framing! Bitch, what are you framing my son for? Do you think my son can look up to you with such a thing as you? "

"Don't say my son didn't take advantage of you. Even if he took advantage of you, it's also your blessing. What's your anger and why do you beat my son?"

Mother bear's words are very sharp and vicious.

Beautiful women are going mad!

What kind of person is this? Why is it so barbaric and hateful?

She has never seen such hateful parents since she was so old!

She looked around at the indifferent face of the crowd, heart set off a wave of sadness, tears, such as the burst of the river, uncontrolled flow down.

The world is not more than that.

"Cry, is it useful to cry? You beat my son. It's not over! Let me tell you, follow us to the hospital for examination. If my son has a bad one, even if he sells you 10000 times, he can't afford to pay for it! "

The mother of the bear child was still drinking and slapped the beautiful woman.

This slap down, the other half of the beautiful woman's pretty face is also red and swollen up, ruddy corners of the mouth are exuding blood.

Over there, Wang Fan looked at the scene and couldn't help frowning.

He just can't stand it.

He pushed aside the crowd, stepped forward and said, "I saw your son take advantage of this girl, so she didn't wronged your son. He's really your son's asshole."

"Even if you go to the hospital for examination, it should be for this young lady. You shrew have ruined people's appearance. I'm a little worried about whether you have enough money. "

Wang Fan slowly said, gave the beautiful woman a comforting look, "you can rest assured, really can't call the police, I can testify for you."

"Who are you? What can I do for you? You don't have a crush on this bitch, do you? Ah, I see. You two must be in the same group. You want to blackmail us when you play this part

The mother of the bear child was stunned at first, and then suddenly realized that she suddenly looked at the beautiful woman, "I said how you wronged my son, and how dare you beat my son. It turns out that there are men supporting me in the dark."

"I said that although you're not beautiful, you're just so so. Even if you're taken care of and do something else, it's better than doing this kind of thing, isn't it?"

That bear child also angrily looked at Wang Fan, "son of a bitch, dare to wrongly me, do perjury, I kill

you!"

Bear child roars, suddenly a forward rush, lift a foot to face Wang Fan ruthlessly to kick past.

Wang Fan's eyes were cold, his left hand leaned out, grabbed bear's right leg, and slapped him with a few backhands.

The sound of Pa Pa Pa rang out in an instant, and the scene was dead in an instant.

No one thought that Wang fan should be so bold and dare to slap bear child so much at once.

Did not see the beautiful woman just slapped, bear child parents completely angry?

It's better to slap them in the face?

After the crisp slap sound fell, bear boy's two faces swelled up.

Fortunately, Wang fan controlled the strength and showed mercy, so his teeth were not knocked out.

"If you don't learn well at a young age, just don't admit what you have done wrong. You still don't know how to repent and beat! Since your parents don't care to teach you, I'll discipline you. "Wang Fan's cold voice came out and his eyes were cold!

"Asshole, dare my son, I'll fight with you!"

"Do you know who we are? We are Bai family, Han City Bai family, Bai family, one of the eight families in Beijing, is our own family. If you offend us, you're dead, you're dead! "

The parents of bear child looked at the miserable situation of bear child's face, eyes canthus want to crack, screamed and clawed, and rushed to Wang Fan.

"The White House in Beijing?"

"My God, they have something to do with the Bai family. It seems that the guy is going to die."

"Iron plate, this is the real iron plate. The Bai family is one of the eight families. Let alone offending the Bai family, even offending a dog of the Bai family will be doomed! "

People around listen to the words of the parents of bear child, it is a dead silence!

No one thought that the three members of this family had such a background. No wonder they dare to be so arrogant, so domineering and so arrogant!

But Wang Fan didn't care at all. He looked at the two people who rushed to him crazily. With a cold

smile, he kicked them out at random, and then kicked them to the ground. He couldn't speak for a long time.

"I don't care who you are and what your background is. In a word, if you are wrong, you are wrong. Since you don't repent, don't blame me for being impolite."

"Can you do whatever you want with your background? Can you be unreasonable with your background?"

No one thought that Wang Fan would dare to be so arrogant even after he knew the background of the other party. It's absolutely impossible.

"Well, well, you have seed! If you have the ability, just wait here! " The father of bear child's face was ferocious. He immediately took out his cell phone and dialed the phone.

Wang Fan sneered, "I'm not waiting for you. Let's go."

Then he grabbed the beautiful woman's hand and left.

Wang fan is busy. He doesn't have so much time to waste.

The reason why he stood up was that he didn't like the abominability of the three members of the family, and he didn't want the beautiful woman to be difficult to get rid of.

When people around see Wang Fan leaving with a beautiful woman, they are not surprised.

After all, offending the Bai family and not thinking about running away is a strange thing, and no one despises Wang Fan.

The three members of the family gnawed their teeth, then got up and followed.

This pair of dog men and women hit them in the face, they will not allow this pair of dog men and women to leave, must revenge!

Chapter 1432

"Thank you so much. If it wasn't for you, I really didn't know what to do." Two people slowly out of the airport, beautiful woman just to Wang Fan said gratefully.

"Don't mention it. That bear boy is too hateful to clean up." Wang Fan in order to ease the tension of beautiful women, indifferent waved his hand said.

Now Wang Fan carefully looked at the beautiful woman.

At the age of 27 or 78, he is about 1.7 meters tall, tall and graceful, full of the atmosphere of mature

urban beauty.

Her legs are very straight and slender. She looks elastic and powerful. She is wearing a short black skirt, which tightly covers her hips. She looks even more charming.

No wonder the bear boy can't help it. This woman is so attractive.

Wang Fan's inner praise.

Just the only fly in the ointment is that the woman's face was severely slapped by the shrew, some swelling.

The left face was ok, only a little swollen, but some of the right face was serious, and the shrew scratched it with her fingernails, and the bloodstains penetrated out.

The beautiful woman listened to Wang Fan's words and didn't continue to speak. She just wiped her tears there.

During this period, she also looked back at her back. When she saw that the three members of the bear family were following her, she was obviously more nervous. Even her body could not help shivering.

As a Beipiao, she has been wandering in the capital for five years. Although she is far from the eight families in the capital, it does not mean that she has never heard of them.

But even if they talk about the eight big families in Beijing, they just listen as stories. She never thought that one day, she would offend the people related to the eight big families in Beijing.

Thinking of the terrible stories of the eight big families in Beijing, her heart was trembling. She didn't know what to do.

As soon as Wang fan saw the beautiful woman's expression, he knew what she was worried about. He patted her on the shoulder and said, "don't worry, I will help you."

"Let's leave the airport first, find a place to eat, and then I'll help you with this. By the way, my name is Wang Fan. What's your name? "

Wang fan is not willing to meddle, but if he does, he will solve the problem once and for all, leaving no hidden danger.

Wang Fan deeply knows what kind of pressure ordinary people will have in the face of the big eight in Beijing.

If he doesn't, the white family will just come out with a nephew, and it is estimated that this beautiful woman will be doomed.

"My name is Gao Qing. If you help me like this, it won't cause you any trouble, will it? I've heard that all the eight big companies in Beijing are top-notch. We can't afford that kind of people. I don't want to involve you. "

Beautiful woman eyes water, "I see you or don't care about me, I Gaoqing a person to do a person when, big deal a death just, nothing terrible."

Although Gao Qing is saying so, but Jiao's body is shaking more severely, and tears are flowing faster.

As an ordinary urban beauty, she said that she was not afraid of this kind of thing, which was false.

Wang Fan shook his head speechless and grabbed Gao Qing's slender hand. "Sister Qing, you really don't have to worry. With me, there won't be any problem."

"Let's go downtown first, find a place to eat, I'll treat your face injury, and then help you deal with it."

"Don't worry. Although I'm not a big man in the capital, I still have some contacts. It's not a problem to deal with this."

"What's more, you've heard that the three are just branches of the Bai family. They are not the Bai family at all. The Bai family may not be in charge of them."

Wang Fan says, already pulled Gao Qing to board a taxi.

Gao Qing listen to Wang Fan's words, nervous mood is finally relaxed a lot, no longer like before so afraid.

The taxi disappeared.

At the same time, the three members of bear's family got into a BMW. Bear's mother told the driver, "keep up with the taxi in front."

The driver didn't dare to talk nonsense and quickly followed up.

Their hearts were sneering.

Offend them and want to run? It's a dream!

Two hours later, Wang Fan and Wang Fan finally came to the city, found a good restaurant and went in.

They sat in a window seat with a wide view.

Wang Fan ordered something to eat, and then took out the silver needle to treat Gao Qing.

After a few minutes, the scar on Gao Qing's face has become light, and the swelling has dissipated a lot.

Gao Qing looks at this magical scene through the make-up mirror, and her heart is shocked. At the same time, she has more confidence in Wang Fan.

They ate for about half an hour.

Boom!

With the harsh sound of the car engine, a number of high-end cars set off dust, crazy driving from afar.

The publicity and domineering caused the passers-by's sidelights. The cars drove to the door of the restaurant, accompanied by a harsh braking sound, the tires rubbed against the ground to make a loud noise, and then stopped steadily.

Looking at the sudden appearance of the vehicle, the bear child's family of three, who stayed in a BMW not far away, immediately opened the door and walked down.

At the same time, the number of car doors have been opened, followed by a group of men and women arrogantly and domineering ran down.

Headed by a cold and gorgeous woman of 212 years old.

Women have arrogant eyes and mean lips, which are not easy to provoke.

After getting out of the car, the woman immediately looked at the bear boy three, but her eyes were fixed on the woman,

"Mom, what's the matter? Where are the dog men and women who dare to challenge you and fight?"

Women's voice is very sharp, full of extreme chill and chill.

The mother pointed to the restaurant and called out maliciously, "they're in it. Yanzi, you must make the decision for us."

"That pair of dog men and women not only framed Xiao Liang and beat him, but also dared to beat me and your father. It's arrogant."

Bai Yan, Xiong Xiaoer's elder sister, was selected by the Bai family in Beijing because of her fair appearance and certain talent. She was recruited to Beijing to marry with other families.

Bai Yan herself is not averse to this kind of thing. On the contrary, she thinks that being valued by the Bai family and marrying into a rich family is a beautiful thing. So the identity of nature is also rising, all of a

sudden from a chicken into a Phoenix.

During this period of time, because Bai Yan was in contact with a lot of gold, she naturally had a bad habit, arrogant, unruly and superior.

Today, I heard that my family had been provoked, which was unacceptable, so I killed them directly.

"How could that be? Didn't you say we were white? How could he be so bold?" Bai Yan asked in a cold voice.

"Yes, why not. But they don't pay attention to the white family at all. What can I do?" The mother of the bear added to the story.

"Sister Yan, I don't think we should waste our time. Just go in and clean up the couple."

Bai Yan side of a young man's eyes a cold, quickly said.

Now is a good opportunity to flatter Bai Yan, he can't miss it.

Bai Yan thought about it, too, so she stopped talking nonsense and waved her hand, "let's go in, but I want to see who the dog men and women are, and why dare to touch my Bai Yan's family!"

And inside the restaurant, through the huge French windows, Gao Qing clearly saw this scene. Her pretty face was pale and her delicate body trembled even more.

Chapter 1433

Wang fan is calm looking at this scene, look flat.

"Miss, you." The restaurant manager saw Bai Yan and his party coming in, and immediately realized that it was not good, so he rushed forward.

Although he can see that Bai Yan and his party are not good at it, as the manager of the restaurant, he can't help asking.

What's more, there are so many guests here. In case of trouble, it will affect the business of their restaurant.

"Get out of here!" Before Bai Yan spoke, the young man beside her had already yelled.

With the sound, the young man suddenly stepped forward and kicked on the stomach of the restaurant manager.

With a bang, the manager of the restaurant was caught off guard and kicked hard. Even with a scream, he fell back, knocked over two tables and fell to the ground.

Looking at this scene, all the diners around were shocked. They quickly got up and hid away from here.

These people are so overbearing that they don't want to be affected.

The young man looked coldly at the miserable restaurant manager, disdainingly sneering, "even Miss Bai dares to stop her. She's blind. Get out of the way. If you dare to do anything more, you'll be ruined!"

The overbearing voice came out, the restaurant manager's face changed dramatically, no longer dare to talk nonsense.

Even those security guards around, also dare not come forward, just secretly touch out the mobile phone to dial the phone.

Bai Yan didn't look at the restaurant manager from the beginning to the end, but with a cold hum of disdain, she went straight to Wang Fan and Wang Fan.

She enjoyed this kind of awe inspiring pleasure, thinking that at the beginning, Bai Yan was just a small person, and she could only look up to those powerful people.

But now, she has become one of those people, whatever she wants.

Gao Qing saw that the manager of the restaurant just went forward and asked, and was kicked over. Then she hit the bear child, and Wang Fan hit the bear child's family of three. Isn't it worse?

She felt fear, even despair!

At this time, Bai Yan and his party have already come to Wang Fan.

Bai Yan looked down at Wang Fan, as if overlooking two mole ants.

But before she could speak, bear child pointed at Wang Fan angrily and roared, "elder sister, it's him, it's him, I want him to die!"

The mother of the bear child also had a ferocious face. "Dog, beat us, and dare to eat here. I'll ask you to pay the price tonight!"

Bear child father is not willing to show weakness, "I want to let you know that some people, you can't afford to offend!"

They were filled with righteous indignation, and their eyes were filled with endless anger, as if they wanted Wang Fan to have a cramp immediately.

Gao Qing looks at the ferocious and venomous faces of the three people. Looking at Bai Yan and the

strong bodyguards behind her, her heart is sinking.

Although Wang Fan said that she could deal with these people, her heart was really bottomless.

No way, Bai Yan these people are too arrogant, too domineering, too arrogant, it is lawless!

Wang Fan took no time to pick up a piece of meat and put it into his mouth. He chewed it a few times and swallowed it into his stomach. Then he buttoned his ears and looked at bear and his parents.

"how come his skin itches again? I haven't been beaten enough. Do you want me to slap you

"You are presumptuous Bai Yan listened to Wang Fan's words, and finally she couldn't bear it.

Her heart is very angry, especially looking at Wang Fan's indifferent expression, is even more angry to the extreme.

In this situation, shouldn't wang fan be as pale and scared as Gao Qing?

But Wang fan is so good that he dares to eat meat there just like nothing.

It's just ignoring and slapping them in the face!

Bai Yan, who has just been used to being superior, can't accept Wang Fan's behavior, provocation and contempt.

"Son of a bitch, dare to talk to my sister Yan's brothers and parents like this. I think you are impatient. Stand up and kneel down for me!"

The young man beside Bai Yan was also angry.

At the same time, he directly stepped forward, raised the huge palm, and called to Wang Fan's face.

"Stand up? On your knees? " Wang Fan's eyes cold, right hand suddenly out, a grasp of the young man's palm, and then forced to pull down.

The young man bowed down in an instant, tearing violently, and the pain twisted his face.

However, this is only the beginning, far from the end.

Wang Fan in the moment he bent over and bowed, has suddenly seized his head, toward the side of the pillar hit up.

With a bang, the young man's head was broken and bleeding.

"What are you to make me kneel? It's just a running dog of a woman who's abusive. He dares to be reckless in front of me and seek death." Wang Fan said coldly and kicked out again. The young man immediately fell to the ground and couldn't get up again.

There was only fear, only ferocity, only venom in his eyes.

He didn't expect that Wang Fan would dare to fight back in front of so many of them, and he was so cruel.

The silence of death!

Some timid people can't help but cover their mouths and don't let themselves scream out.

Gao Qing is also a face of panic, simply do not know how to do it.

Although Wang Fan cleaned up the young man and showed her great strength, the bloody scene still had a great impact on her.

"You, how dare you touch my people?" After Bai Yan returned to her senses, her delicate body trembled and rose up and down!

Wang fan not only didn't ask for mercy as she expected, but also dared to touch her. How could she accept that?

In particular, Wang Fan even dare to call her the next three abuse of women, this is simply poked to her pain!

"Why can't I touch him? Should I just sit here and wait for him to beat me and humiliate me? "

Wang Fan sneer, this self righteous woman, it is too much of their own.

"Dog, those who dare to touch me, I'll kill you!" Bai Yan listen to this, is more angry, can't help pointing to Wang Fan crazy roar, at the same time, also waving slap to Wang Fan.

PA ground a, Wang fan is more simply, got up directly gave her a slap in the face.

Great strength came, Bai Yan screamed and fell on the ground.

At this moment, the whole world seems to be quiet.

Bai Yan's mind is blank.

Even if Wang Fan dares to beat her dog, how dare he beat her?

She's from the white family!

He is a member of the Bai family, one of the eight families in Beijing!

How dare Wang Fan beat her?

On what basis!!!

"Kill him, kill him!"

Bai Yan is very angry and can't care so much anymore. She points to Wang Fan and screams hoarsely.

Listening to Bai Yan's words, the more than ten bodyguards rushed to Wang Fan.

Their faces were hot, too.

Bai Yan was beaten in front of their eyes. If it was passed back to the family, they would have to eat and take it!

More than ten people rushed to Wang Fan, and the scene was shocked.

Everyone could not help but hold their breath, almost did not dare to see the next scene.

Gao Qing's face was pale and trembling, and her whole body was leaning against the wall.

Chapter 1434

Wang Fan looked at the bodyguard who rushed to him. His eyes were cold and he jumped up.

With his current strength, not to mention the poor bodyguards of the Bai family, even if the most elite bodyguards of the Bai family came, he would not pay attention to them.

Wang fan is just like performing acrobatics, his big foot has been kicked in the face of the first bodyguard in a moment.

The bodyguard snorted miserably, flew straight back out, knocked over the second person, the second person knocked over the third person, and so on.

In less than a few breaths, six bodyguards fell to the ground.

Wang Fan turned his right leg and kicked the other bodyguard.

As a result, the remaining four or five bodyguards, just like the others in front of them, fell to the ground one after another.

Breathing down more than ten people, Wang Fan seems very relaxed.

This is already his foot mercy, otherwise with his strength, a kick out, these bodyguards will all die.

The people around opened their eyes when they heard the scream.

However, the eye-catching scene, but they can not help but shock.

More than a dozen bodyguards were abandoned during breathing, and Wang Fan had nothing to do with them. How could this be possible?

They can't help but have some regrets. They regret that they closed their eyes, but they don't know how Wang Fan put down those bodyguards.

From the beginning to the end, looking at this scene of Bai Yan, there is some bad taste, it is shocking.

She was staring at the scene of Wang fan being trampled by the bodyguards and kneeling on the ground to beg for her mercy. But she never thought that what she saw was this scene.

With just two feet, more than ten bodyguards fell to the ground. Is this still human? What strength is this?

As for Bai Yan's brother and parents, they are completely stupid.

How did they not expect that Wang Fan was so powerful, even so many bodyguards were not Wang Fan's opponents.

Bai Yan in a short period of consternation, back to God, gripping his teeth to dial the phone.

Since she can't fix Wang Fan, she can only invite someone more powerful than her to come.

Wang Fan has been used to this kind of drama for a long time. As soon as he looks at Bai Yan's posture, he knows that the other party is going to call people.

But Wang fan doesn't care. What about Bai Yan? Let alone that he can't call the white master. Even if he can, Wang Fan has the strength to let the white master go.

After all, even Wang Gujin, the head of the first royal family in the capital, did not dare to provoke Wang Fan and was trampled down by Wang Fan. What's the white family?

Just because of the relationship with Bai Xiaoren, Wang Fan didn't want to be too stiff with the Bai family, and he didn't want to go on like this endlessly, so he called Bai Xiaoren.

In a high-end club, in a magnificent room and on a big bed, Bai Xiaoren is sweating on two popular first-

line stars. Suddenly, the harsh mobile phone ring rings.

"Son of a bitch, you'd better give me a reasonable reason, or I'll kill you no matter who it is."

At the critical moment of White Owl Ren was interrupted, suddenly angry!

He yelled, grabbed his cell phone and got through. As for the two red and purple actresses under him, they didn't dare to talk nonsense at all.

They are also secretly mourning for the person on the other end of the phone. At this moment, they disturb the good things of Bai Xiaoren, the young and the big of Bai family. They are just looking for death.

"Who?" After Bai Xiaoren got on the phone, he spoke angrily.

Wang Fan on the other end of the phone listened to Bai Xiaoren's uncomfortable tone, but he was stunned for a moment, and then said, "Bai Shao, I'm sorry to disturb you."

"I have encountered some small troubles in the capital. I need your help. Do you have time to come over?"

White Owl benevolence listens to this words, the moment is a little confused.

Who the hell is this? I didn't even report my name. I wanted to help myself. And even if you want to help yourself, you have to go there yourself. Is that too arrogant?

In these 49 cities, few people dare to speak to him like this. Among the young people, there is none.

Bai Xiaoren was very angry. He was going to ask Wang Fan about his identity, and then let someone step on him. At this time, Wang Fan's voice came out again, "yes, I'm wang fan."

Wang Fan?

White Xiao Ren listen to these two words, full of anger instantly dispersed, behind a cold sweat.

Fortunately, he didn't get angry, otherwise he might offend Wang Fan, and the relationship between them might be estranged.

"Wang Shao? Have you come to Beijing? " Bai Xiaoren first couldn't help asking, and then remembered Wang Fangang's words, "by the way, who provoked you, where are you now, I'll go right away."

To say that among the young people, Bai Xiaoren has another person who is not willing to offend, which is undoubtedly Wang Fan.

Wang Fan's strength is strong and fierce, and he doesn't play according to the routine. It's hard to provoke.

It is said that even the Wang family has fallen into trouble in Wang Fan's hands, but there is no way. Fortunately, the relationship between Bai Xiaoren and Wang fan is pretty good, otherwise he may not even sleep well.

Bai Xiaoren asked, and soon thought, with Wang Fan's strength, what can I do for him? Is it difficult to offend Wang Fan who is from the Bai family?

White Owl Ren is not a fool, soon thought of the key.

Think of here, he is furious!

Who has the courage to provoke Wang Fan? Is it because the Bai family has a long history?

Wang Fan also did not say more on the phone, directly reported the location, and then politely hung up the phone.

Bai Xiaoren no longer hesitated, dressed quickly, and then left the club in general.

The two actresses lying on the bed were shocked by the scene.

White Owl benevolence before and after the expression are they see in the eyes, they are all guessing, who is so big face, even White Owl benevolence have to fear?

Wang Shao? Which Wang Shao?

The younger generation of the Wang family, it seems that there is no such person?

Restaurant.

"Boy, if you beat me, it won't be over. If Bai Yan doesn't take this tone, I'm not the Bai family! "

Bai Yan has struggled to get up and roars at Wang Fan.

Wang Fan turned his lips and didn't care about Bai Yan. He didn't even bother to look at her.

Bai Yan is not worthy of Wang Fan's attention. They are not at the same level at all.

Before long, another dazzling sports car pulled up at the door of the restaurant, followed by a 23-year-old youth arrogantly ran down.

Before he entered the restaurant, the roar came out, "sister Yan, which son of a bitch is so arrogant that

he dares to touch my Bai family? You tell me, I'll kill him now! "

"Damn, in these four or nine cities, I dare to challenge my white family. I'm just impatient. I want to see how many heads he has."

This person is more arrogant than Bai Yan, with arrogance in his eyes.

"Bai SHAOKUANG, is it Bai SHAOKUANG?"

"My God, why did he come here? It seems that the guy is really going to die."

"Bai SHAOKUANG is a member of the Bai family. Now even he's here. Even if he can fight again, he'll have to kneel down."

"I can't help it. The Bai family is a huge thing. It's impossible for them to get away safely after offending the Bai family."

There was a lot of discussion around him, and he obviously knew the arrogant young man.

Chapter 1435

When Bai Yan saw the young man, she looked happy first, then a touch of shame appeared on her proud and cold face, and then she came to the young man.

"Little crazy, you are here at last. If you don't come again, I'm afraid I'll be killed by him." Bai Yan said in a low voice, giving people a kind of tender and pitiful feeling.

Looking at this scene, not only Wang Fan frowned, but also the people around him frowned.

No one thought that Bai Yan would act like this. She used to be so arrogant and domineering, but now she has changed her appearance.

At the same time, the crowd was also a little shocked. They were both surnamed Bai. Is there any shady relationship between them?

"Hit you? Who dares to beat you? Where are the people? " Bai SHAOKUANG shouts loudly, and his uninhibited eyes have swept Wang Fan.

No way, who let them in front of only Wang Fan and Gao Qing sit quietly?

Bai SHAOKUANG, a member of the Bai family, is a wild and uninhibited man. He is also regarded as one of the most important figures in the three generations of the Bai family. However, compared with Bai Xiaoren, his status is worse.

"That's him!" Bai Yan listens to Bai Shao's crazy question, pretty face a cold, immediately ferocious

pointed to Wang Fan.

She also reminded Bai Shao crazy, "you must be careful, this guy is very good at fighting, I take more than ten bodyguards, were knocked down by him alone."

"Can you fight?" Bai SHAOKUANG had a look of disdain in his eyes. As he strode towards Wang Fan, he patted himself on the chest,

"can you be great? I'd like to see if he dares to beat me up! "

Bai SHAOKUANG's tone is full of arrogance and hegemony.

The crowd around us was shocked one after another, worthy of Bai Shao's mania. He was really crazy.

At the same time, they also look at Wang Fan, they want to see, dare to beat Bai Yan's Wang Fan, dare to beat Bai Shao crazy.

Bai SHAOKUANG quickly walked to Wang Fan in three or two steps, pointed to Wang Fan, and said, "is it you who moved my Bai family? You have a lot of guts

"I heard that you are very good at fighting. If you have the guts, hit me Bai Shao crazy. I want to see how brave you are!"

Wang Fan listened to this, some speechless, he really did not see Bai Shao crazy so crazy people, even take the initiative to find beat.

If you change to be someone else, maybe you don't dare to fight Bai Shao crazy, but Wang fan doesn't have so many scruples. However, Wang Fan didn't do it immediately, but looked at Bai SHAOKUANG,

"I'll talk about beating you later. I just want to ask, is your Bai family so unreasonable? If you don't ask what's going on, you're going to bully others? "

"Truth? What's the point? " Bai SHAOKUANG disdained, "I don't need to know what happened. I only know that you beat our Bai family. That's your fault!"

He pointed to Wang Fan, "no matter what my Bai family did wrong, at least you are not qualified to hit my Bai family."

"How arrogant! In that case, I don't have to waste my time explaining. " Wang Fan stood up with a cold face.

Bai SHAOKUANG saw Wang fan stand up, not only not afraid, but also step forward, head high, began to provoke, "how, want to hit me? Come on

He also put out his hand and patted his face, "come on, hit me here. If you have seed, just hit me to see if I dare to kill you!"

Sobbing!

At this time, the harsh sound of the car engine came from outside the door again, and then everyone was shocked to find that a black Bentley stopped at the door of the restaurant.

Originally this small restaurant has come, Bai Yanbai less crazy and others, and then a Bentley, seems to have nothing.

But the five "8" Bentley license plates completely blinded everyone.

At the moment when everyone guessed who it was, Bentley's car door had been opened, and then White Owl Ren strode down.

"Is it Bai Xiaoren?"

"My God, even White Owl Ren is alarmed. It seems that those two people are going to die."

"I didn't expect to see Bai Xiaoren here. It's incredible."

"Who is that woman? Does she have such a big face? Bai Shao Kuang comes here to help her. Even Bai Xiaoren comes here in person. It seems that this woman is not simple."

The public looked at the White Owl benevolence, it was stunned, a blank mind.

For them, the White Owl benevolence is a legendary character, a superior existence.

They have only heard of Bai Xiaoren's prestige. At most, they have only seen him on TV. Where have they seen him?

So it was a shock to see that Bai Xiaoren came here in person.

Seeing the appearance of Bai Xiaoren, not only the people around, but also Bai Yan and Bai SHAOKUANG were shocked.

This little thing doesn't seem to disturb Bai Xiaoren. Why did he come?

Bai SHAOKUANG and Bai Yan look at each other, and their hearts are even more shocked.

Because they already know from their respective eyes that Bai Xiaoren is not from the other side at all. And even if it is white less crazy, it may not have so much face. Gao Qing has some silly eyes. Although she doesn't know Bai Xiaoren, she knows who this person is from the comments of the people around

her.

Her heart sank to the bottom, and the secret way ended today.

White Owl benevolence, that is to look at the top of the capital, Wang Fan has the ability to play White Owl benevolence?

In Gao Qing's uneasy moment, Bai Xiaoren has come to Bai SHAOKUANG and Bai Yan.

Without any nonsense, he raised his hand, slapped it twice, and then smoked it on their faces.

Bai SHAOKUANG and Bai Yan did not expect that Bai Xiaoren would beat them. Under the huge force, they were beaten to the ground in an instant, with a dead silence on their face.

When people look at this scene, they are shocked one after another.

What's going on? White Owl benevolence is not for white Yan to come out of it, how to start to fight white Yan?

At the moment when people couldn't figure it out, Bai Xiaoren stepped forward and kicked Bai SHAOKUANG, who was just struggling to get up, down again. Then he roared, "Bai SHAOKUANG, Bai SHAOKUANG, you are really crazy. How can you rely on our Bai family? Do you think you can do whatever you want?"

"To challenge Wang Shao, what are you and who gave you the courage?"

White Owl's heart wants to crack!

He knows Wang Fan's temperament, Wang Fan generally will not offend others, unless someone provokes Wang Fan's bottom line.

Once at that time, Wang Fan will be extremely fierce.

Although Bai Xiaoren is fighting Bai SHAOKUANG, he is actually saving Bai SHAOKUANG, because he has seen a lot of Bai family bodyguards fall around, which means that Wang Fan has already started.

But Bai Xiaoren, who just came here, didn't know how far Bai SHAOKUANG had offended Wang Fan, and whether there was room for maneuver.

Wang Shao?

Which Wang Shao?

Everyone was shocked and looked at Wang Fan.

Just let them think for a long time, did not think of which Wang Shao has such a big face, let White Owl Renfa so angry.

Only Bai Shao crazy, after a short period of consternation, is a cold sweat.

Wang Shao in the mouth of White Owl benevolence, except for the legendary Wang Fan, there is no one else at all.

Is this Wang Fan?

Thinking of this, his legs softened and his face turned grey.

Chapter 1436

Gao Qing had already covered her ruddy mouth, and her mind was blank.

She didn't expect that Bai Xiaoren didn't come here to help Bai Yan.

Wang Shao?

Wang Shao!

She subconsciously looked at Wang Fan. Could it be that Wang Shao in Bai Xiaoren's mouth was Wang Fan?

"Wang Shao, I'm sorry. Bai Shao's crazy eyes offended Wang Shao. Please don't blame him for asking him a lot."

Bai Shao crazy back to God, where also took care of so much, quickly began to apologize for mercy.

The name of a man, the shadow of a tree, and the fierce name of Wang fan are too much.

What's more, even Wang Gu Jin, the head of the Wang family, was too much pressure from Wang Fan. He didn't dare to fart a fart. He was so crazy that he was nothing at all.

If you offend Wang Fan, Wang Fan will kill him, and no one will protect him.

"Without eyes?" Wang Fan sneered, "so if the person who offends you today is not me, but others, you won't lower your head?"

"It doesn't matter if you are arrogant, but it's too much to be reasonable and use force to suppress people regardless of the situation."

Bai Shao crazy listen to Wang Fan's words, the whole body all can't help but start to tremble, can't say

half a word any more.

Listen to Wang Fan this meaning, seem to still refuse to give up, refuse to let him go?

What on earth should he do?

As for the Bai Yan family not far away, they dare not make a sound. Their eyes are full of shock and horror.

How did they not expect that this casually offended a person, unexpectedly so strong, even White Owl benevolence's face dare not give.

The whole heart is like falling into an ice cellar.

"Bai Shao, when he was at the airport, he took advantage of this young lady by shameless and despicable means. After he was found, he not only didn't apologize and repent, but also intensified."

"As for his parents, they did not discipline him, but connived at his son and did whatever he wanted."

"I couldn't look down, so I helped the lady. But these guys even threatened me with your Bai family, and also called the woman named Bai Yan. "

"If I didn't know you, Bai Shao, I'm afraid it would be me."

Wang Fan told White Owl Ren what had happened, and his eyes twinkled.

White Xiao Ren listen to this, is simply angry face iron green, rushed to white Yan a four body, Bang Bang Bang is four feet.

Under the great strength, the four members of Bai Yan's family fell down one after another, covering their stomachs and screaming.

"I'm so bold that I dare to cheat others by my white family. Who gives you the right?" White Owl roars.

Bai Yan four people are silent, a word all dare not say.

They can be superior in front of ordinary people and use the power of Bai family to suppress others, but in front of Bai Xiaoren, they have no arrogant capital.

"Bai Shao, you don't have to be angry. I can't say anything here. The key depends on what Miss Gao Qing means."

Wang Fan waved to stop Bai Xiaoren's rage and looked at Gao Qing, "sister Qing, you are the victim. What do you say you should do?"

"Don't worry. If you have any ideas, just say them out. They dare not talk nonsense."

Bai Yan's family four heard Wang Fan's words, and immediately they were dumbfounded. After a short period of stupidity, they quickly climbed up to Gao Qing like a dog.

"Sister Qing, spare your life."

"We don't dare any more."

"Please spare us."

"I'm not a thing. I shouldn't be shameless and take advantage of you. I don't know how to remorse and challenge you. I know it's wrong. I'll never dare again. I'm not 18 yet. Please give me a chance

The four members of the family begged for mercy.

Gao Qing looks at this scene, some are in a daze.

Once upon a time, it occurred to her that these four people, who were superior to others, would kneel down in front of him and beg for mercy?

It's all like a dream.

"I don't think so, as long as they don't harass me in the future." Gao Qing said in a low voice to Wang Fan.

She is just an ordinary person, and she is not arrogant and domineering, and she is not so cruel.

So she did not intend to die in the whole white Yan four, just do not ask each other not to trouble her.

After all, Bai Yan's family kowtowed to Wang Fan. In fact, she is not familiar with Wang Fan, and Wang fan can't always protect her.

If Wang fan leaves and the four members of Bai Yan's family make trouble for her again, she won't have time to cry.

"Sister Qing, don't worry. We don't dare any more."

"We really don't dare."

Bai Yan's family of four heard Gao Qing's words, where would they hesitate and quickly said.

Joking, Wang Fan stands out for Gao Qing. Who knows if he takes a fancy to Gao Qing? How dare they

make trouble?

This time, they may get away with it, but if there is another time, they may not even know how to die."In that case, all right." Gao Qing said so, Wang fan can only nod.

This incident soon ended. Wang Fan sent Gao Qing away, exchanged greetings with Bai Xiaoren, and rushed to nantianfu.

Wang Fan's victory in the ancient martial arts contest is almost clear to all people in nantianfu. Their eyes looking at Wang fan are full of worship.

Even the night, the eyes looking at Wang fan are full of complexity.

Once upon a time, Wang Fan's strength was not as good as her, but how long has she been far away? Thanks to her reputation as a genius, but her genius is not even a fool compared with Wang Fan.

Wang Fan spent the night in nantianfu, and gave night a pill made of Tianyun flower. The next day, he rushed back to Jinzhou.

Wang Fan group high-level to see Wang Fan back, a cheering, killing chickens and cattle, very busy.

Wang Fan also learned from the chat that Wang Fan Group expanded rapidly during this period, involving almost every spiritual domain. It can be said that it is already a domestic giant company.

Wang fan'anbao is also blooming all over the world, and has expanded to almost every city in China, becoming a well deserved giant in the industry.

Wang Fan gave the pills to song Rumei, Pei Qingcheng, heiluocha, Abiao and others, and then began to consolidate.

Three months is not a long time, but a short time. He must seize the time to practice, not to mention a step closer, at least at the peak. Otherwise, who knows what will happen after entering Yuanmen?

After all, his enemies had a huge influence in Yuanmen. Once he knew that Wang Fan had entered, his life would be in danger.

Three months went by in a hurry. Although Wang Fan's strength has improved a little, he has not made much progress without training resources.

On this day, Wang Fan did not practice, but walked out of the room.

It's three months. He's leaving.

Yuanmen, Wang fan is coming soon. Tianyun Kingdom, Nie Tianlang, wait for him!

When he is successful, he will cut off Nie Tianlang's head to comfort his brothers!

Nie Tianlang, this is the name that has been deeply imprinted in Wang Fan's mind. It's unforgettable! In the past, he was too weak to think of the name.

But now, he finally dares to think!

Wang Fan has learned from ye Nantian that Nie Tianlang is the prince of Tianyun kingdom. He is a proud man in the whole Tianyun kingdom. He is known as the head of the eight princes and has strong strength.

However, no matter how tough it is, brother's Revenge must be avenged!

Perhaps, Wang Fan's strength is still far away from Nie Tianlang, but the distance between them is constantly shortening.

Wang Fan believes that one day, he will get revenge!

Chapter 1437

Wang Fan didn't greet song Rumei and others when he left. He didn't like the atmosphere of parting.

Wang Fan Group has nothing to do now. Even if there is something, heiluocho and others can solve it by themselves, so he can go to Yuanmen with ease.

What's more, there is Ye Nan Tianzhao brushing Wang Fan group, Wang fan is also very relieved.

Two hours later, Wang Fan arrived in Qingdu city by plane.

At this time, the Qingdu city is not as busy as it was three months ago when guwu Dabi was, and it's full of normal ordinary people. Unlike last time, you can see tough ancient warriors almost everywhere.

After Wang Fan walked out of the airport, he took a taxi and rushed to the foot of Qingdu mountain.

By the time he arrived, the strong man and the other four people in cold green had all arrived.

"You're here at last, and you're the only one left. Since everyone is here, let's go. " The old man smiles at Wang Fan and goes straight into Qingdu mountain.

The four people in hanqingyi were not happy with Wang Fan, especially hanqingyi.

In her opinion, Wang fan is too able to play a big card, even let them wait for more than an hour, delay time.

It's just that the old people in that area have no opinions. Besides, Han Qingyi can't beat Wang Fan, so even if he's upset, he can only hold it.

Wang Fan didn't care about the four people in cold green clothes, but they were shocked to follow the old man.

Is the entrance to Yuanmen in Qingdu mountain? It's really unexpected.

When Wang Fan thought of this, the old people in the region had already speeded up, and Wang Fan's five people followed him closely.

The old man has the cultivation of the earth, and his speed is very fast. Even Wang Fan accelerates his body to the limit, so he can barely keep up.

I think this is also the reason why the strong man didn't do his best. Otherwise, Wang Fan's five people might not even keep up with him.

Wang fan is even more shocked. Is this the strength of the strong?

How terrible!

After more than an hour, Wang Fan didn't know where he was, but the old man suddenly stopped.

It's an open area, with jagged rocks everywhere, and the ground is full of potholes.

Just when Wang Fan thought about whether this is the entrance of the yuan gate and how to get in, a crystal clear jade plate appeared in the old man's hand.

As soon as the jade card appeared, Wang Fan felt the extremely strong aura passively, and his eyes could not help tightening.

I saw the old man holding a jade card, the void slipped, the space in front of a tremor, followed by an illusory door.

Wang Fan five people are in a state of shock one after another, this is what means, it is unheard of.

"There's just an array here, and this jade card is just the key to open the array. There's nothing to make a fuss about. Hurry in."

Without looking back, the old man seemed to see the shock in the eyes of the five people. He said it indifferently, then stepped into the illusory door and disappeared.

Wang Fan five people heart is more shocked, but there is no nonsense, quickly followed behind.

When the figure of Wang Fan's five people completely disappeared in the door, the illusory door also slowly disappeared.

As if, this door has never appeared, and there has never been a person here.

Wang Fan five soon found themselves in a desolate area, but this area is only dozens of square meters in size.

In the middle, there is a huge disc made of unknown materials. Around the disc, there are six grooves. Each groove is the size of a fist, but the inside of the groove is now empty.

"This is the transmission array leading to the gate of yuan. It was built by ancient powers with great mana. It's just that the transmission array has been damaged for a long time, and no one has the strength to repair it. "

"Therefore, the transmission array can no longer send people in and out at will as before. Now it can send up to six people at a time, and every time it is sent, the transmission array will be damaged."

"When the transmission array is completely damaged, Yuanmen and the secular world will completely interrupt the transmission Road, and no one can enter Yuanmen or come out."

The old man pointed to the huge transmission array and said with a gloomy face.

Listen to this words, cold green dress four people facial expression pour is nothing, Wang Fan facial expression can some ugliness.

I can't get out. What can I do?

He went to Yuanmen just to improve his strength, and then waited for revenge. After revenge, he still wanted to come back. After all, his home is here, and there are many worries here.

But Wang fan is not willing to enter the yuan gate.

After working hard for such a long time, he finally got a chance to get close to the enemy and get revenge. How can he give up easily?

"Now, do you still plan to go in? If you regret it, I can send you out." The old man spoke again.

"We're going in." "We won't regret it."

The four of them answered in unison.

"And you?" The old man looked at Wang Fan again.

Wang Fan also can nod, "I also want to go in!"

Now, he can't regret it.

It's so hard to enter Yuanmen. If he doesn't go in this time, I'm afraid he won't have a chance in the future. How can he talk about revenge?

What's more, when the boat comes to the bridge, it will be straight. When he gets revenge, maybe the teleportation array can be used. Even if it can't be used, maybe he will have other ways.

"Well, before entering Yuanmen, I'll give you a brief introduction to Yuanmen."

"Yuanmen has a vast territory, which is much bigger than the earth. There are many clans in it, and we don't know how many clans there are. "

"Moreover, in Yuanmen, there are not so many legal rules. The strong are respected and can do whatever they want. The weak have no status and dignity."

"Our region belongs to Tianyun kingdom. Tianyun kingdom is also composed of many sects and family forces, but because the royal family is the most powerful, it has a dominant position. "

"My name is He Zhong. I'm an elder of jijianmen, who is responsible for recruiting disciples. So after you enter, you will be my jijianmen factotum disciples. "

"This is the token of the disciple. I'll give it to you first. When you are strong and show amazing talent in the future, you can be assessed. If you pass, you can enter the outer gate, the inner gate and even the core."

As the old man said, he took out five ugly signs carved with a sword and the word "Za" and handed them to Wang Fan.

Miscellaneous disciple?

Wang Fan five people listen to this words, is simply full of strange face.

They are all the proud sons and daughters of heaven. Looking at the ancient martial arts world, they are all amazing and gorgeous figures. How proud they are to attract the attention of many people?

But now, the old man even said that they were miscellaneous disciples, which made them a little unacceptable.

It's not too much to call them slaves. Who can accept the change from genius to servant?

"What? Unexpected? Hard to accept? I tell you, don't underestimate the factotum disciples, because

even the factotum disciples are very tempting to the ordinary people. "

"Because the minimum requirement of the miscellaneous service disciples is to get rid of the seven and eight levels of strength, and the outer disciples should at least reach the territorial strength."

"As for the inner disciples, their strength should at least reach the four levels of the earth, and the core should be higher."

"If you think about it, I'm on the first floor of the earth. I'm just a servant elder. I'm responsible for recruiting disciples, not to mention you?"

He Zhong hit Wang Fan five people impolitely, and finally waved his hand, "well, no more nonsense, let's go in."

With that, he took the lead and stood on the huge disc made of unknown materials.

Chapter 1438

Wang Fan five people although in the heart are some unhappy, but there is no way, can only put away the miscellaneous signs after standing on the disc.

This is the only chance to enter Yuanmen. If you miss this chance, I'm afraid you won't have another chance to enter Yuanmen next time.

And only when they enter Yuanmen, their strength can go further, so even if they are not happy in their hearts, there is no way for the five of Wang Fan.

After a group of six people stood up, the old man had six more crystal clear spirit stones in his hands. The spirit stone was not low in rank and sent out a strong aura.

The old man waved his hands, and six spirit stones were embedded into the groove accurately. Then Wang Fan and five people felt that a great tearing force emerged.

After a few breath, Wang Fan and his party disappeared. The spirit stone embedded in the six grooves was also wasted. Everything seemed to be calm again.

Wang Fan felt dizzy and his mental power was frantically distributed, but he could not see the surrounding scene, and even felt the tingling in his head.

Wang Fan's heart sank, and he quickly recovered his mental strength. Just for a moment, he felt a tear like pain coming. Then, with a bang, he fell to the ground out of thin air.

This fall, it is to throw Wang Fan upside down, as if the viscera have to shift.

He spewed out a mouthful of blood and wanted to get up to see where it was, but he was shocked to

find that there was no strength in his whole body, and even the aura in his body was exhausted, so he was unable to get up at all.

"Master Hezhong, master Hezhong." Wang fan can only roar powerlessly, and turns his head hard, but the eye is empty. Where is the half figure?

He found himself in the middle of an open area, with a section of dirt road under him. Looking at it, it was endless, and he didn't know where it was.

And there was no half figure around, let alone he Zhonghan and Qingyi. Even other people, he couldn't see half of them.

"Damn the teleportation array, it's really unreliable." Wang Fan murmured and quickly began to absorb the aura of heaven and earth.

He didn't feel anything just now, but as soon as he practiced, he was surprised to realize that the aura of heaven and earth here was several times stronger than that outside.

Countless auras of heaven and earth were attracted, and a white whirlpool formed on his head in an instant. The Milky aura was absorbed by him.

"The rich level of aura in this world is almost comparable to the cultivation of those low-level spirit grass." Wang fan spirit, quickly desperate crazy absorption.

Just less than half an hour, his injury has recovered some, strength has also recovered to the early days.

Wang Fan did not continue to practice, but quickly got up.

Anyway, the aura of heaven and earth here is strong enough. He can cultivate it whenever he wants. Now he has to find out where it is and how far it is from jijianmen.

Wang Fan went all the way, but still did not see a half figure.

He was not discouraged. He did not believe that there would be no one in this place.

More than an hour later, Wang Fan found a forest in front of him.

Wang Fan looked at the woods and frowned. Did he go in the wrong direction? Should we go in another direction?

Just as Wang Fan stood still and hesitated to go back, he suddenly heard a slight "rustle" in a dense forest ahead.

Wang Fan's mental power swept out in an instant, but he was shocked to find that his mental power

scanning range was less than 10 meters.

Wang Fanda was shocked. You know, when he was outside, his mental scanning range had reached 2000 meters.

But here, the scanning range is less than 10 meters. Is it because of the environment or because of the heavy injury?

Wang Fan didn't think much. Since he couldn't see the situation in front of him, he had to see it in person.

Wang Fan seemed very careful and walked towards the direction of the voice.

A moment later, he saw a woman squatting and urinating.

Although the woman's back to him, he can't see each other's face, but the distance between them is less than ten meters, Wang Fan's mental power is able to sweep.

This woman looks like she is in her twenties. She has a melon face and willow eyebrows. Her eyes are cold and her cheeks are beautiful.

She was dressed in a green dress, with a concave and convex figure. She was slender and tall. Her skin was snowy and charming.

Although this woman is very beautiful, Wang Fan has no mind to appreciate it.

As soon as he saw that the woman was urinating, he immediately began to retreat. He planned to wait for the convenience of the woman and then ask where it was.

He Zhong said that in Yuanmen, the strong are respected and the strength is great. There are not so many laws and regulations.

The strong can do whatever they want and slaughter the weak wantonly, while the weak have no dignity and can only live by others' faces.

And although this woman's strength is not high, only take off any five layers, but also not at the moment of Wang fan can deal with. If the other party wrongly accuses him of peeping, it's over."Who!" But Wang Fan just stepped back a few steps, the woman had already noticed, cold voice came out at the same time, quickly got up to carry clothes, and then turned to cold sweep to Wang Fan.

When a woman saw that there was someone behind her, and that she was still a strange man, her whole face suddenly changed, freezing.

How dare you peep, wretch The woman's pretty face was white and her delicate body was trembling.

The cold voice seemed to come from the bottom of Jiuyou.

"Misunderstanding, misunderstanding." Wang Fan quickly waved his hand, "I'm just a businessman. Because I was robbed by bandits, I ran to here in a hurry."

"I lost my way, so when I heard something here, I decided to come and ask. I didn't mean to peep. Besides, I really didn't see anything."

Wang Fan stepped back and explained.

"Nothing? Misunderstanding? "

The woman sneered, grabbed the soft sword with her right hand, and then shook it again. The soft sword burst into the air and shot at Wang Fan.

The light of the sword is very sharp. The trees are broken when they pass by.

Wang Fan's eyelids are jumping, and he is crazy to dodge. Only when he has just dodged, the sword light will be cut at the place where he left his feet.

Boom.

The emergence of a huge pit on the ground is frightening.

Wang Fan looked at this scene, eyes slightly cold.

It's the best way to kill him!

He did not expect, just so little, and he has been modest, this woman should be so decisive to kill him.

He finally understood the real meaning of these eight words.

"Are you also Wu Xiu?" The woman was also a little surprised. She didn't expect that Wang Fan was still a martial arts practitioner and could escape her attack.

You know, her attack, let alone an ordinary businessman, can't be avoided even if she takes off three or four levels of martial arts.

"Bitch, I said it was a misunderstanding. I didn't see anything. You even want to kill me. It's just a snake's heart."

"You look so ugly and your heart is so poisonous. Let alone peeping, you are naked and aboveboard. I don't want to look at you, because I'm afraid you don't deserve to dirty my eyes!"

"Ugly eight strange one, still really regard oneself as an onion, ridiculous!"

Wang fan is also angry, impolitely scolded, and then left.

This vicious woman is going to kill him. What else can he do?

"You want to die!" The evil woman listened to Wang Fan's scolding. She was so angry that she wanted to be crazy. Her anger went straight to the heaven.

Chapter 1439

Shen Beiyu lived for twenty-one years, and she was called ugly for the first time.

Especially the guy who scolded her not only peeped at her, but also was just a mole ant in her eyes. How could she accept this?

With a bang, Shen Beiyu suddenly steps on the ground with the tip of his foot. His body is like a swallow, and he pours directly at Wang Fan. At the same time, the sword light flashes, sets off a sharp cold light, and cuts Wang Fan again.

"Dengtuzi, if I don't kill you today, Shen Beiyu will be sorry for you!" Shen Beiyu's sharp voice came out, and his tone was full of malice.

The bright light of the sword, like a flash of lightning, set off a sharp momentum and struck Wang Fan with a sharp momentum.

Wang Fan frowned, bent his right leg like a bow, and then suddenly bounced up and swept towards the side!

Boom!

Another roar sounded, and a huge gully appeared on the ground again.

Wang Fan looked at the scene, frowned, heart set off bursts of cold.

What a poisonous woman! She almost killed him again!

Wang Fan looks at Shen Beiyu coldly.

"What are you looking at? I dare to peep at me and humiliate me. Today I will kill you!" When Shen Beiyu saw that he was defeated by another sword, he felt even worse.

She Ke is the proud daughter of the Shen family. She has been cultivated to five levels since she was young. She is famous in the whole ink city.

Although with her talent, looking at the whole Tianyun Kingdom, it is nothing at all. Even in those sects, she can only be regarded as a low-quality student. Even the apprentice is not qualified. But in the ink city, the younger generation, she is very powerful.

"Kill me? You deserve it?" Wang Fan sneers, suddenly a foot on the earth, boom, all over the sky, the earth floated, straight at Shen Beiyu eyes.

"Shameless!" Shen Beiyu chuckles, and his soft sword blows away the dust again. And at this time, Wang Fan has stepped on the pace, crazy toward Shen Beiyu rushed in the past.

Wang fan knows that if he wants to go, it is unlikely that he can only take risks to fight back.

Just in an instant, Wang Fan had already rushed to Shen Beiyu, broke the air with one punch, and blasted out directly.

Shen Beiyu's face changed greatly and quickly retreated. Wang Fan's fist flew by her delicate body, which was extremely dangerous.

"No wonder you dare to peep on me. After working with me for a long time, you have something to rely on." With a sneer, Shen Beiyu draws his sword again and launches a crazy attack.

The sword is sharp and extremely poisonous.

Wang fan is in a hurry and dangerous situation.

He is really a little weak now. He has only recovered to his original strength. Even if he plays all the cards, he is not Shen Beiyu's opponent.

He had the intention to use a mountain climbing seal, but Shen Beiyu's attack was so sharp that he didn't give him a chance at all.

A moment later, Shen Beiyu seizes the opportunity and stabs Wang Fan in the shoulder. Wang Fan falls to the ground powerlessly.

He stares at Shen Beiyu, and his heart is bent.

Once upon a time, just a guy who took off five floors could hurt him?

"Dengtuzi, I see what you can do now. Go to die for me!" Shen Beiyu looks at the fallen Wang Fan. As soon as the murderer appears in his cold eyes, he wants to cut off with a knife.

But at this moment -

whew whew -

countless broken air sound burst up, and then Wang fan saw that more than ten men in strong black clothes appeared here.

These people are all dressed as guards. They are the subordinates of this woman.

"Miss Shen, what happened? Who is this man?" After these guards appeared, one of them, a young man with a cold face, came forward and stared at Wang Fan, making a cold voice.

When Shen Beiyu saw these guards appear, the killing opportunity in his eyes dissipated, and he immediately changed into a charming smile,

"nothing's wrong, this little brother was robbed by bandits and lost his way here. Let's take him for a ride, it's a good thing."

Shen Beiyu said, and walked to Wang Fan with a smile, "just follow us. As long as you get to the ink city and my Shen family, you will be safe."

Her words are very natural, but in Wang Fan's ears, they are extremely disgusting. Especially listening to the sentence "you'll be safe when you get to my Shen's house", Wang Fan even has goose bumps.

This woman is obviously playing tricks!

Wang Fan clearly felt that with her words, the eyes of those guards looking at him became bad.

In particular, the guard who asked questions just now, there were many murders in his eyes.

Shen Beiyu suddenly lowered his head and said in a low voice, "take care of your mouth. If you dare to talk nonsense, I will be the first to kill you."

Although she was smiling, her voice was cold.

Having said that, Shen Beiyu just got up and left here with his graceful steps.

When the guards watched the scene, they were all stunned or even stunned. They didn't expect that the young lady would be so intimate with Wang Fan, especially the last whisper, which made them silly and confused.

The guard who opened his mouth to ask before, the murderous opportunity in the eyes of Wang Fan was even worse.

He is not the Shen family, but a member of the Wu family, another big family in ink city. He came to protect Shen Beiyu under the order of young Lord Wu Xiao. It's protection, but it's surveillance.

Because Shen Beiyu is their young master Wu Xiao's fiancée.

Now, when he saw that his young master's fiancée was so intimate with Wang Fan, how could he bear it?

However, as a guard, he can't question Shen Beiyu. He can only vent his anger on Wang Fan.

"Boy, let's go. I warn you, be honest with me, Miss Shen can't be touched by a toad like you at the bottom. Be careful to get into trouble! "

Wang Fan's anger rose, but he could only stand up and follow these people.

There was no way, because he knew that once he dared to leave, the guards would start immediately.

Wang Fan soon followed these people to an open space in front of him. There were more than ten people in the open space.

It's just that these ten people are not in a very good state. They look gloomy, tired and have a lot of scars on them.

Obviously, their status is even lower than that of the guards.

There are also two carriages in the open space. One is very exquisite, with some fragrance on it. It is obviously Shen Beiyu's car.

On the other carriage sat a skinny old man. The old man was so skinny that he looked miserable. His eyes, in particular, were like poisonous snakes, which made people shiver.

Wang Fan clearly noticed that when his eyes fell on those lower servants, those people could not help shivering.

Even the guards had a deep taboo on the old man and didn't dare to look him in the eye.

Wang fan saw that the old man was staring at him with a gloomy smile. His heart was cold and he quickly lowered his head.

He is weak now and can't provoke the old man who can make all the guards fear. It's better to be careful.

"Let's go." Shen Beiyu's cold voice came from the carriage, and the party immediately began to drive.

Wang Fan was also arranged among the lower servants to follow him on foot.

Chapter 1440

Wang Fan clearly felt that the thin old man's eyes would fall on him from time to time, and the corner of his mouth gave out a strange smile, which was chilling.

Not only that, Shen Beiyu often glances at him through the curtains, as if afraid of his sudden escape.

Wang Fan noticed that this scene, the heart is not taste, while looking at the surrounding movement at the same time, while thinking about the escape strategy.

It's a pity that he was too closely watched to escape unprepared.

Helpless, Wang fan can only temporarily give up the idea of escape, seize the time to absorb heaven and earth aura to restore strength.

Only when he recovers his strength can he get rid of these people. Otherwise, his life may be in danger at any time.

Wang fan doesn't like the feeling of being captured and being controlled by others, but now he has nothing to do with it.

When Wang Fan was practicing, he did not dare to practice without scruples. After all, he caused too much movement.

If it arouses Shen Beiyu and the thin old man's vigilance, it's not good.

"Well, take a break." I don't know how long later, people stopped in an open area.

Shen Beiyu lifted the curtain, gave Wang Fan a smile and said, "you, come here."

Her smile attracted everyone's eyes in the past, not to mention the guards. Even the thin old man lost his mind for a short time.

But Wang Fan was not moved. He didn't look at Shen Beiyu, as if he didn't hear each other's words. He lowered his head and kept silent.

Shen Beiyu saw this scene, Liu Mei wrinkled, bright eyes in a flash of cold light, but soon returned to normal.

She opened the curtain, stepped out of the carriage, and continued to drink to Wang fanjiao, "you, come here for a while."

The crowd looked at this scene, shocked, obviously did not expect, Shen Beiyu unexpectedly came down.

Wang Fan frowned. He didn't know what tricks the snake and scorpion woman would play.

Wu Peng's face was even more ugly. The young master's fiancée openly asked a man to go there, and he was still so intimate. How could that be.

Shen Beiyu didn't pay attention to Wu Xiao or to Wu Peng.

"Miss Shen, what do you want him to do? If you have any orders, I can play for Wu Peng." Wu Peng said to Shen Beiyu.

Shen Beiyu listens to this, smile, "I and his affair, you still can't serve, don't trouble you."

She said, looking at Wang Fan again, "they call you twice, but they don't care. Do they have to ask you in person?"

With that, Shen Beiyu has already made a move towards Wang Fan.

Wu Peng's face immediately changed. He went to Wang Fan without hesitation and just gave him a hard kick. "Miss Shen asked you to go there. Didn't you hear that? What are you doing in a daze? Why don't you roll over quickly?"

Wang Fan could have avoided Wu Peng, but he didn't.

With a bang, Wu Peng's big foot fell on Wang Fan again, and Wang Fan immediately fell down.

But he didn't speak. He didn't even look at Wu Peng, so he stood up and walked towards Shen Beiyu.

"Waste, coward! A lowly man like you is not worthy to be a human being, not even a slave! "

Wu Peng grinned and scolded. He wanted to give Wang Fan another kick, but Shen Beiyu said coldly, "Wu Peng, what are you doing?"

Wu Peng listens to Shen Beiyu's words, can only withdraw foot, but in the heart is more resentful of Wang Fan.

On the surface, Wang Fan remained calm, but in his heart, he was equally angry.

Wu Peng's foot, he remembers, when his strength recovers, he will return it ten times and a hundred times.

"What can I do for you?" Wang Fan went to Shen Beiyu and asked impolitely.

This woman, obviously, doesn't know what wrong idea she is making. He won't give each other a good face.

"How can you treat others like this? They didn't provoke you. If you don't like that Wu Peng, people will let him be killed and take it out for you. "

Although Wang Fan's attitude is not good, Shen Beiyu is not angry at all and says coquettishly.

The guards were completely dumbfounded.

Does Miss Cheng take a fancy to Wang Fan? Otherwise, how can you show such a posture and be willing to kill Wu Peng for Wang Fan?

However, how can Wang Fan win the favor of the young lady?

Wu Peng's face was a little ugly. His face was gloomy, his anger swelled, and his killing chance suddenly rose.

Shen Beiyu is willing to kill him for the sake of a mole ant he has just met. This obviously means that Wu Peng's status in Shen Beiyu's heart is far inferior to Wang Fan's. How can he accept it?

"You don't have to take revenge for me. If you have anything, just say it. If it's OK, I'll go there. I'm not interested in you."

Wang Fan said in a cold voice.

Now he found out that this woman is really good at acting. If she was put outside, she would get an Oscar. But Wang fan doesn't know why Shen Beiyu is acting so disgustingly. Of course, he knows that this woman has no good intentions.

Shen Beiyu's face is also a smothering, almost angry, but fortunately in time to bear down.

Shen Beiyu is not only gifted, but also a famous beauty in ink city. She is admired by countless people, and even proud to say one more word with her.

But Wang Fan didn't care about her. She couldn't accept the contrast.

I just thought of her vicious plan, so I had to bear it.

"People just want to invite you to eat because they are afraid you are hungry. How can you have such an attitude? I really don't know the good people."

Shen Beiyu said bitterly.

Looking at Shen Beiyu's resentful expression, the guards were almost staring down.

They have been following Shen Beiyu for so long. They have never seen Shen Beiyu show such an

expression.

The most important thing is that Wang Fan despises Shen Beiyu. Shen Beiyu is not angry and tangled.

Is the sun coming out in the west? How can Wang Fan be?

Jealousy!

Full of jealousy!

Wu Peng was equally angry, but he didn't dare to speak any more.

Although Wu Peng's support is Wu Xiao, the young leader of the Wu family, Shen Beiyu is the boss here. If Shen Beiyu wants to kill him, he will die.

Not to mention there are more than ten Shen family guards here. Just the thin old man, Wu Peng is not an opponent.

Looking at Wang Fan's expression, the thin old man still had a strange smile on his face.

Wang Fan frowned. He really didn't want to talk to this woman, but there was nothing he could do about the situation.

Finally, he can only stare at Shen Beiyu coldly, and then enter the carriage.

When Shen Beiyu saw Wang Fan enter the carriage, a blush appeared on his beautiful face and a surprise appeared in his eyes. Then he quickly followed him.

Looking at this scene, the guards were envious and wanted to kill Wang Fan directly.

The young lady and Wang Fan were dining in the carriage, which was unacceptable to them.

You know, the lady's carriage is like a boudoir. How can a man set foot on it?

Wu Peng clenched his fists, and his eyes showed anger and madness. Shen Beiyu's move was just like wearing a hat to the young master.

Shen Beiyu soon got on the carriage, but at the moment of entering the carriage, the blush on her pretty face had disappeared, replaced by a sneer.
