Chapter 1441

"I've seen what I can do, but I haven't seen what you can do. You want to kill me with the help of Wu's hand. Why waste so much effort?"

Wang Fan looked at Shen Beiyu, whose face turned cold in a flash. His eyes flashed a touch of disdain and said with a sneer.

Although he had already stepped on the carriage one step ahead of time, he had spiritual strength, and Shen Beiyu's look change was completely in his eyes.

This also led Wang Fan to understand the evil woman's mind in an instant, but he didn't understand it. Shen Beiyu killed herself directly. What's the purpose of acting like this?

"Well, you're not too stupid. I really want to kill you, but I'm afraid I'll dirty my own hands. "

"Now that you know my purpose, I'll stop talking nonsense. I'll stay here for a while and get off."

Shen Beiyu's eyes showed a touch of surprise, and then said with a sneer.

The reason why she acted on purpose was for Wu Peng. Naturally, the purpose is to spread the matter to Wu Xiao's ears through Wu Peng, so that Wu Xiao can take the initiative to cancel the engagement.

Wu Xiao is arrogant and dictatorial. Shen Beiyu doesn't like him at all. But the marriage was decided by the elders of both families, and she couldn't change it, so she thought of this method.

And she also felt that it was too cheap to kill Wang Fan in this way. She might as well let Wu Xiao clean up Wang Fan and kill two birds with one stone.

Wu Xiao's means are much more than her. Wang Fan will definitely live worse than death if he falls into Wu Xiao's hands.

As for whether her reputation will be affected by Shen Beiyu and Wang Fan, Shen Beiyu doesn't care at all.

Because she already has someone she likes, and the one she likes is still a disciple of a sect. As long as the people she likes believe in her, that's enough.

"Ah

A scream suddenly came, Wang Fan's face changed, his mental power swept out, and instantly found that the thin old man had gone to the middle of the dozen low servants.

I don't know what this guy did to one of them. The man had already fallen to the ground and began to roll in pain.

The rest of them all clenched their fists, shivered, and had both reluctance and fear in their eyes.

"Don't worry, don't worry, the pain will soon pass, as long as you can get through, there will be a lot of white money waiting for you."

Said the thin old man grimly, staring at the servant who tumbled on the ground.

"Who is he and what is he doing?" Wang Fan noticed the scene and his face changed slightly. He couldn't help asking.

"I didn't do anything. I just tried the medicine." Shen Beiyu did not refuse to answer Wang Fan, but said coldly,

"master Yin is a poison master hired by our Shen family at a high price. More than ten people were drug slaves from Shen family. Every once in a while, master Yin would refine some new poisons and test them. "

"If they can make it through, they will get a lot of money, enough to spend most of their life."

"Even if they die in an accident, their families can get a lot of money, but they can't quit."

Shen Beiyu said here, and suddenly looked at Wang Fan, "so, you'd better be honest and cooperate with me, don't make any moths, otherwise, I'll let master Yin test your medicine."

"You are just my slave. If you die, your family won't get half of the money."

Obviously, Shen Beiyu is threatening Wang Fan.

Poison master? How to test the medicine?

Wang Fan listened to these words, heart crazy shock.

This is simply not treating people as human beings. It's really animal behavior.

Master Yin took a living person to test the medicine, which was extremely vicious.

Wang Fan finally deeply understood the four words "the law of the jungle".

The weak, is really no dignity, to be bullied ah!

In order to make a living, they are willing to make money in such a way that they almost kill themselves.

This shows that the life of those at the bottom is difficult.

Wang Fan finally understood why master Yin looked at him and laughed. His emotion was to take him to test the medicine.

Although Wang Fan thinks that his medical skills are unparalleled and most poisons can't poison him, he doesn't want to try his own medicine.

This is Yuanmen. Who knows how powerful master Yin's so-called poison master is. If he can't detoxify, he will be in trouble.

The most urgent thing is to recover our strength as soon as possible. Only when we recover our strength can we have the capital to protect our lives.

When Wang Fan thought of this, he immediately closed his eyes and began to practice.

Because Wang Fan deliberately controlled the speed of absorbing the aura of heaven and earth, Shen Beiyu could not detect the change of aura between heaven and earth.

When she saw Wang Fan close her eyes and go to sleep, she was almost out of breath.

This guy is really a big nerve. He still wants to sleep.

But Shen Beiyu is angry again, but he can't attack.

If she has a seizure now, she will be discovered by Wu Peng outside, which means that her previous performance will fall short. Outside, all the guards, including Wu Peng, stared at Wang Fan's carriage from time to time. Their faces were very complicated.

Half an hour has passed. What are they doing inside?

They can't help but prick up their ears and want to hear clearly. Unfortunately, they are a little far away from the carriage, and the sound insulation effect of the carriage is better. They can't hear at all.

Wu Peng is more angry face iron green, eyes red, almost want to rush to Wang fan out of the desperate.

This pair of dog men and women are really shameless.

Wang Fan dares to touch Shen Beiyu and give his young master Wu Xiao a hat. It's no exaggeration.

There is Shen Beiyu that bitch, is there really so desperate? Unexpectedly casually with the roadside Wang Fan?

Just as Wu Peng was thinking about this, a few low whispers suddenly came from the carriage, and then

peace was restored.

Listen to that voice, his face is more crazy, that clenched fists, nails are pierced into the flesh, exuded blood.

A few minutes later, Wang Fan came down from the carriage.

Looking at Wang Fan, Wu Peng's eyes are the emergence of a wolf like killing.

This matter must be told to the little Lord, must!

Wang Fan heart also some collapse, he did not expect, Shen Beiyu unexpectedly shameless to that point, unexpectedly shameless frame up with him.

Just in order not to be tested, Wang fan can only bear it.

He walked slowly to where he was before.

"Stop!" But before Wang Fan went over, Wu Peng came to Wang Fan with an angry face and stopped him.

Wang fan stopped and looked up at Wu Peng, but he didn't speak.

"What did you do in it? Did I warn you that Miss Shen is not something you can touch?" Wu Peng gritted his teeth.

Wang Fan sneered, "when did you see me touching her? Didn't you see that she came to me and forced me to go up? What can I do? Can I refuse a woman who offers to send her home? "

Isn't Shen Beiyu trying to frame him? Then he will follow Shen Beiyu's will.

Although Wang Fan's words are hard to hear, they can be regarded as following Shen Beiyu's meaning. He believes that Shen Beiyu is most angry and will not kill him or take his medicine because of his words.

When Wu Peng listened to Wang Fan's words, he was infuriated. With a bang, his anger rushed to tianlinggai.

Chapter 1442

Women who take the initiative to deliver?

Wu Peng is so angry!

"You want to die!" With a roar, he burst into full bloom, clenched his right fist, and then bombarded Wang Fan directly.

This blow blows out, the air is trembling, the sound of buzzing is incessant, and the strength of Qi is bursting!

Wang Fan picks his eyebrows and wants to avoid it. However, he finds that the eyes of the thin old man and Shen Beiyu are all on him, so he can only stand still.

His surface is still, but the aura inside his body has been crazy rolling up, winding around his chest, and the muscles of his whole body are even more compressed into steel bars.

Bang!

With a loud bang, Wu Peng's fist fell on Wang Fan again, and Wang Fan flew back out with great cooperation, with a mouthful of blood in his mouth.

He didn't scream, didn't speak, didn't even get up. He just looked at Wu Peng indifferently, and his heart set off endless killing intention.

"What are you looking at? You shameless man, if you don't teach me a painful lesson today, I'm afraid you won't have a long memory in the future."

With a sneer, Wu Peng raised his feet and charged Wang Fan again. His red eyes were like cannibalism.

"Enough!" Just then, Shen Beiyu's cold voice came, and then he lifted the curtain,

"Wu Peng, he's my man, I don't allow you to touch him. Forget it this time. Don't blame me for killing you next time

Shen Beiyu said hypocritically.

Her heart is also very angry, Wang Fan even said that she was the woman who took the initiative to send her to the door, what did she treat her as, she was so casual, so shameless?

Although she wanted to kill Wang Fan immediately, she couldn't do that because it would be too cheap for Wang Fan.

And now she pretends to have a close relationship with Wang Fan. Wu Peng bombards Wang Fan with the first punch. She can pretend that she doesn't react. But if she let Wu Peng go on, her acting would be in vain.

"Well?" Wu Peng hears Shen Beiyu's scolding and threat, his eyes coagulate, his heart is even more angry, but he has to give up his plan to continue beating Wang Fan.

Wu Peng, even if he was a bull, was only a servant of the young master Wu Xiao, not enough to

challenge Shen Beiyu.

"You're lucky. You're really lucky. I didn't expect that you could get up." Wu Peng stares at Wang Fan coldly and then returns to the guard.

Wang Fan's heart sank to the bottom of the valley, and his killing opportunities spread.

He did not expect that one day, just a cheap woman and a running dog would be able to humiliate him wantonly.

However, his strength is inferior to that of others. Now he can only bear with his teeth and bear humiliation.

As the group moved on again, Wang Fan seized the time to start his cultivation and recovery.

Under this kind of recovery, three days later, his strength soon came to the third floor.

Wang Fan heaved a sigh of relief and took off all three levels. If he tried his best, he would not be afraid of Shen Beiyu and Wu Peng.

Even if Shen Beiyu's bodyguards add up, he has the strength of the first World War, and even retreats.

It's just that the thin old man is a threat, because he still can't see through the strength of the old man, so he doesn't dare to act rashly.

In the past three days, Shen Beiyu will always ask Wang Fan to go or come to find him. He is very intimate. And every time, Wu Peng would take the opportunity to clean up Wang Fan and vent his anger.

It's just amazing that Shen Beiyu never asked Wang Fan about his injury after Wang Fan was injured, which made them very inexplicable.

Moreover, Wu Peng's hands are more and more fierce and violent, but every time, it is not enough to hurt Wang Fan seriously. Wang fan can get up quickly.

"Ouch, ouch"

on this day, a group of people were moving forward. Suddenly, there was a frightening roar in front of them.

The roar of the beast rolled like thunder, like the sound of magic, like a heavy hammer, and fell heavily in the hearts of the people, which shocked them.

"No, it's level five monster, violent ape wolf!" One of the guards was shocked and said.

"My God, how can there be a level five monster here, and it's also a violent ape wolf? The fierce ape wolf is a social monster. I don't know how many of them have come this time. "

"If there are only three or two, we can do our best, maybe we can deal with them, but if there are too many, we can't deal with them."

The guards said in horror and quickly took out their weapons. The dignified guards were in front of Shen Beiyu's carriage, like facing the enemy!

Shen Beiyu's face became dignified.

Level five monster is equivalent to a strong one who breaks away from the ordinary five levels.

Of course, because of the ferocious nature of the monster, and the fierce ape wolf is even faster and has amazing defense, so even the six or seven level master is not necessarily the opponent of the fierce ape wolf.

In addition, the violent ape wolf is also a social monster, so even if it's eight or nine levels off, if it meets the violent ape wolf alone, it will only escape.

But they and their party, unexpectedly met the violent ape wolf, had to say this luck is really too bad."Ouch, ouch"

the bloody and domineering roar is still ringing, followed by a roar of big feet on the ground.

Under the intense gaze of the crowd, soon a three meter tall and five meter long wolf appeared in the crowd's sight.

This is a fierce ape wolf, bloodthirsty and brutal, with eyes bigger than the mouth of a bowl, and cold.

In the scarlet blood mouth, countless fangs like swords were exposed, emitting cold light. The red tongue, like a palm fan, is even more creepy.

One head, two heads, three heads, four heads, five heads

soon, five wild ape wolves, like five moving hills, appeared in the public's sight.

The oppressive atmosphere made people pale and tremble wildly.

"Five fierce ape wolves, how to fight?" One of the guards took a deep breath, his voice trembling. Even Wu Peng's face became very ugly.

Only the skinny old man, his face only slightly trembled, and his hands began to wave quickly.

He's poisoning.

If they don't poison them, they will die when they meet this fierce ape wolf. But if we can poison the wolves first, their chances of survival will be much greater.

Wang Fan looked at the violent ape wolf, but his mind was active.

If he doesn't run at this time, he will run away as soon as he starts fighting later.

As for the life and death of Shen Beiyu and his party, he doesn't care.

At this time, the fierce ape wolf looked at Wang Fan and his party, and his eyes already showed excited light.

In their eyes, these people will become their delicious food.

"What are you doing in a daze? Don't you hurry up to deal with the violent ape wolf?" A big drink suddenly came. Wu Peng ran to Wang Fan and his party in three or two steps and began to drink.

Those people changed color after listening to Wu Peng's words.

They just came to test the medicine, but they didn't say they had to deal with monsters. What's more, this fierce ape wolf even Wu Peng and other guards are so scared, they have no strength, rushed up to die?

Wang Fan's eyes are also extremely cold. He doesn't treat people as human beings.

"Since you don't realize it, don't blame me for being rude." Wu Peng gave a grim smile, suddenly grabbed one of them and threw it directly at the wolf.

Chapter 1443

The man was shocked and uttered a despairing roar, but his roar was soon engulfed, and the whole man was directly swallowed by a fierce ape wolf.

Looking at this scene, there was a dead silence in the audience, and everyone's pupils couldn't help choking violently.

Cruel ape wolf, it's so cruel.

"You are shameless!"

"We are only here to test medicine, not to deal with monsters. Why do you treat us like this?"

"Insane, brute!"

After returning to his senses, the rest of the people who tested the medicine showed their grief and indignation and yelled at Wu Peng.

Although they have no status and dignity, they usually choose to swallow their pride.

But they are also flesh and blood people. When their lives are not threatened, they just have to bear with it. Now that their lives are threatened, why do they have to bear with it?

"I'm shameless?" Wu Peng grinned grimly. The next second, he grabbed the rest of the people and threw them out one by one. At the same time, he drank, "do it!"

Although Wu Peng is not the Shen family's bodyguard, he still has great prestige among those bodyguards because of his strength.

The Shen family guards heard Wu Peng's order and saw that the attention of the five fierce ape wolves was attracted by the people who tried the medicine, and immediately rushed to kill them regardless of everything.

If the attention of the wolf is attracted, they can't kill the wolf. Wait for the wolf to pay attention to them, they can't.

However, Wu Peng didn't rush into the battle. Instead, he looked at Wang Fan with a grim smile, "do you rush up by yourself, or do I throw you out?"

His eyes were ferocious, and the threat was self-evident.

Wang Fan looked up at Wu Peng with cold eyes. "I don't want to rush up by myself or be thrown out by you."

"Ha ha, it's a pity that you can't help it. You only have these two choices!" Wu Peng laughs, but where is the half smile in his eyes?

While he was talking, his big hand clawed out and directly grasped Wang Fan.

Wang Fan shook his head, "no, you are wrong. I have a third choice, that is, to kick you over!"

Words fall, Wang Fan jump a flash, directly avoid Wu Peng to grab the big hand, reflexive a foot pedal out.

Wang Fan has concentrated 80% of his strength.

Wu Peng's face changed wildly when the terrible Qi was torn apart!

Since this period of time, Wang Fan has been allowing him to bully and swallow his anger. Therefore, he has never paid attention to Wang Fan and never regarded him as an opponent.

But he did not expect that Wang Fan at this moment, unexpectedly broke out such a terrible force, which made him careless, there was no time to respond.

"You, you are tuofan." Wu Peng just had time to spit out these five words, and Wang Fan's big feet had fallen on him again.

With a bang, the power of terror swept across Wu Peng, and he burst out with a mouthful of blood.

A fierce ape wolf saw Wu Peng flying backward, two hind hooves suddenly stepped on the ground, raised a roar, opened his mouth and shot at Wu Peng.

At the same time, its two forepaws have also been opened, and its claws emit cold light, stabbing Wu Peng.

Wu Peng's face changed wildly, and his whole body was full of energy. He turned his body in the middle of the sky and wanted to escape the attack of the fierce ape wolf.

However, although he escaped the bloody mouth, he was still stabbed by the fierce ape wolf's claws on his back and raised several deep bloodstains.

"Son of a bitch!" Wu Peng roared angrily, but he had no time to deal with Wang Fan, so he had to fight with the fierce ape wolf.

Wang Fan looked at this scene, secretly regretted, and then no longer hesitated, turned and left.

At this time, a violent ape wolf had been killed, and three or four guards were torn by the fierce ape wolf's claws, or swallowed directly. The scene was terrible.

The skinny old man and Shen Beiyu are fighting a fierce ape wolf, while Wu Peng and the remaining guards are dealing with the other two.

Wang Fan has to leave when the old man can't pull out his hand, otherwise it will be difficult for him to walk again once the old man releases his hand.

Among Shen Beiyu and his party, Wang Fan's biggest fear is the thin old man.

"Stop, don't go!" Shen Beiyu was shocked when she saw that Wang Fan wanted to run away. She wanted to stop Wang Fan, but she was held back by the fierce ape wolf.

The thin old man's face is also cold light, he has the ability to get rid of the fierce ape wolf to intercept

Wang Fan.

But once he intercepts Wang Fan, if that fierce ape wolf deals with Shen Beiyu and others, the latter will fall into absolute passivity.

"Ha ha, I've played with you many times. I've had enough. I'm not interested in you. You can play with these animals slowly, and I won't play with you. "

Wang Fan, with a strange smile, has already flashed into the distance.

Have you had enough?

Rotten people?

Crap?

Shen Beiyu wants to be crazy and wants to tear Wang Fan to pieces. But she this madness, did not prevent the violent ape wolf attack, a grasp tear in her chest.

Half a piece of delicate body appears, blood spray.

Shen Beiyu is aware of this scene, can only bite teeth, no longer pay attention to Wang Fan, but concentrate on fighting the fierce ape wolf.

"Brute, I should have killed you in the first place! You wait for me, the ends of the earth, I shenbeiyu, will never let you go

Shen Beiyu made a very venomous oath in his heart.

More than half an hour later, all the wolves were killed, and Shen Beiyu and his party also suffered heavy losses.

There were more than ten guards, only three left.

Although Wu Peng was among the three, he was also seriously injured.

Shen Beiyu is also scarred and exhausted. Only the thin old man seems to have little influence.

Wang Fan didn't go far. Instead, he hid himself a hundred meters away from Shen Beiyu and his party.

After his strength recovered to the third level, his mental strength has been able to penetrate into the range of 100 meters.

He knew nothing about Yuanmen, had no direction, and could not meet anyone else, so he could only

plan to follow Shen Beiyu and his party secretly and make other plans when he met someone else.

"Son of a bitch, we all blame that bastard. If it wasn't for him, how could Wu Peng be hurt and how could our losses be so heavy?"

"I didn't expect that his son of a bitch had the strength to escape from the ordinary world. What he hid was really deep."

"If he works together with us to fight against monsters and don't attack me behind our backs, how can we fall into such a field?"

Wu Peng clenched his teeth and made a sound, which aroused endless hatred in his heart.

But he didn't think about it. They treated Wang fan like that, knowing that Wang Fan had no strength, and they wanted to send Wang Fan to the monster. How could Wang Fan work together with them?

Shen Beiyu's face was gloomy, but he didn't say a word.

She also hated Wang Fan. If she didn't kill Wang Fan, it was hard to get rid of her hatred.

But now they are so few people, they dare not go back to Wang Fan, otherwise if they meet the monster again, it will be miserable.

"Jie Jie, next time you see that boy, you must give him the most powerful medicine to make his life worse than death!" The skinny old man gave the same grimace and closed his eyes.

Shen Beiyu and his party soon set out on the road again and rushed to the ink city.

But they do not know, they hate to the bone, gnashing teeth object Wang Fan, is secretly following behind them, can be described as bold!

Wang Fan also heard the voice of Wu Peng and the thin old man, but he was very disdainful. When his strength recovers, the time for these people to die will come.

Chapter 1444

Wang Fan followed Shen Beiyu and his party. He practiced all the way and went on. In the blink of an eye, five days passed.

In the past five days, Shen Beiyu and his party have not encountered any powerful monsters. Even if they occasionally encounter a few low-level monsters, they can easily solve the problem.

And after five days of recovery, Wang Fan's strength has completely recovered to the peak, out of all eight.

On this day, Wang Fan, as usual, was quietly following Shen Beiyu and his party. Suddenly --

"daddada"

the sound of horse's hooves was heard. Then, Wang Fan found that there were many figures on the road ahead.

Those figures are riding on the horses, riding on the horses, looking very prestige.

The figure from far to near, these people have a total of 20 people, each breath is cold, carrying a sword, momentum.

The leader was a young man in his twenties or twenties. He was wearing a white shirt and had a great style.

His facial features are correct, and he looks very handsome, but the sinister eyes and the corners of his mouth are not matched, giving people a kind of spicy feeling.

Shen Beiyu frowned slightly when he saw the pedestrian, but Wu Peng was surprised and excited.

He recognized the man, who was the member of the Wu family, and the leader of the youth was his master, Wu Xiao.

"Xiaoyu, are you ok?" The young people soon settled down in front of Shen Beiyu. He looked at Shen Beiyu and asked with concern.

Just looking at Shen Beiyu's exquisite body and beautiful face, his eyes flashed a touch of hot.

"It's OK. Thank you for worrying." Shen Beiyu light return way, tone not cold not hot.

Young people don't talk nonsense, just want to continue to speak, Wu Peng can't help but scream, "young master, Miss Shen, he's unfaithful to you, and he's cheating with the man he picked up on the road. This kind of woman doesn't deserve you. I hope you can't be fooled by her!"

"Well?" Wu Xiao listens to this words, the corner of the mouth picks, in the eyes suddenly then twinkles like poisonous snake general cold awn.

His eyes stabbed at Wu Peng, "Wu Peng, don't open your mouth. Some things can't be said carelessly."

His heart set off the extreme anger, Wu Peng even said in front of him that his fiancée was unfaithful to him and indulged with other men, how can he bear it?

The most important thing is that the man is still the man he picked up. Where is his face?

"Little Lord, how dare you talk about such a small thing?" Wu Peng, who knew the master's character, saw that his face changed greatly and quickly knelt down on the ground with both hands.

"On the way, we met a strange man who claimed to have been robbed by the robbers and lost his way."

"Miss Shen was so soft hearted that she brought them together. During this period, they were all looking at each other. Miss Shen invited the man into her carriage several times, and she stayed for at least half an hour

"During that time, I heard Miss Shen's voice. I, Wu Peng, swear that everything I said is true and not half false. If you don't believe me, you can ask other people. "

Wu Peng's voice and color are fierce, and his words kill his heart.

Every word, like a sharp thorn, stabbed in Wu Xiao's heart.

Shen Beiyu listened to Wu Peng and kept silent, as if things had nothing to do with her.

Wu Xiao's face was ugly.

As a young master of the Wu family, how respected is his status in ink city?

Now, how can he accept that his fiancée has done such a thing?

The most important thing is that their engagement is not decided by their parents. It's the Wu family who paid for it.

Although Wu Xiao's strength has reached the eighth floor, even worse than Shen Beiyu's, he is 28 years old.

The talent gap between Shen Beiyu's twenty-eight year old and Shen Beiyu's twenty-one year old is too big.

Therefore, in order to get married with the Shen family, and to let Shen Beiyu marry Wu Xiao, the Wu family gave up the only number of jijianmen handyman disciples, in order to let Shen Beiyu enter the jijianmen.

Because of Shen Beiyu's age and strength, he is still qualified to enter jijianmen. He is Wu Xiao, but he is not qualified.

Although Han Qingyi and others from the secular world are also in their twenties and twenties, their strength is out of the ordinary, but they can't be compared.

Because in the secular world, where there is a lack of aura, it's not easy to practice at such an age.

If Wu Xiao's talent is put in the secular world, it is impossible for him to have the achievements of Han Qingyi and others.

But now, Shen Beiyu has done such a thing. How can Wu Xiao accept it?

In particular, Wu Peng did not say it to him secretly, but said it out loud, leading to the hearing of all the people at the scene.

This is to let him Wu Xiao be shameless, if this matter spreads, he has no face to see people even more.

Wu Xiao's face suddenly became ferocious. He looked coldly at Shen Beiyu, "Miss Shen, is this true? Is there such a thing?" His eyes were scarlet, and when he spoke, his fist had been clenched tightly, and his fierce momentum was surging. Anyone could feel his anger.

"What's true and what's false? Will you believe my explanation?" Shen Beiyu asked coldly.

Boom!

Wu Xiao listen to this words, instant anger can't vent, crazy kill idea directly erupted.

"Why, why do you do this to me? My Wu family paid a price to get married with your Shen family! "

Wu Xiao roared angrily. Just when his momentum reached the extreme, the skinny old man suddenly jumped out, "wanton!"

He a big drink, Wu Xiao bring those guards, instant then scream a, strange fell down.

They were purple all over, choking and rolling on the ground, and they were poisoned.

Looking at this scene, Wu Xiao's face changed greatly, "you, you."

Thin old man is Jie Jie a smile, simply ignore him.

Wu Xiao didn't dare to move Shen Beiyu any more. He could only bite his teeth and look at Wu Peng, "where is the man?"

Wu Peng didn't dare to hesitate at all. He said quickly, "he's already escaped. That bastard has hidden his strength. He's a three-tier master."

"Five days ago, when we met the ape wolf, he plotted against us and fled directly. Just before leaving, he said he had enough of Shen Beiyu. "

Boom!

Listen to this words, Wu Xiao thoroughly blow hair.

Even Shen Beiyu, the cold eyes are also flashing a strong killing.

Crap?

It's rotten again!

"Dog slave, you want to die!" Shen Beiyu yelled angrily and went straight to Wu Peng's side. The dazzling light of the sword flashed and cut directly at Wu Peng.

The sword is bright and sharp!

"Young Lord, save me." Wu Peng's face changed greatly, and he rolled to Wu Xiao's direction crazily, but where could he have time?

He has already been seriously injured, and he is not Shen Beiyu's opponent at all. Moreover, Shen Beiyu said that he would do it, so he has no chance to respond.

Hiss.

A sound, blood gushing, Wu Peng killed!

How he hates it!

He did not expect that he would die in the hands of Shen Beiyu.

Shen Beiyu is like killing a mole ant, disdain to take back the sword, face unchanged, light.

Chapter 1445

"OK, OK, OK, OK, you bitch!" Wu Xiaoqi's complexion turned white. "It's very nice of you to betray me and even kill my Wu family."

He looked at the skinny old man with fear, and then spread out his hand, "since you are unfaithful to me, there is no need to continue our engagement. Give me the token of my Wu family."

"Token?" Shen Beiyu sneered, "what token? You also know the purpose of my trip. I've handed the token to jijianmen. Where else can I give it to you? If you want to, go to jijianmen. "

Hiss.

Wu Xiao listens to this words, instant anger extremely attack heart, a mouthful of blood can't help gushing out.

This snake and scorpion woman even calculated this. He hates it!

Jijianmen is the main branch of Tianyun kingdom. Although it is not the top branch among the main branches, it is not the Wu family that can provoke him.

His Wu family went to jijianmen to ask for a token. It was just a joke. If he gave the Wu family a hundred courage, the Wu family did not dare to go.

"Bitch, I remember you. I will tell my father the truth about this. You Shen family, just wait to bear the anger of Wu family. "

Wu Xiao is very angry and laughs. He steps on his horse and tries to leave, but he is stopped by the thin old man.

"What are you doing?" Wu Xiao's eyelids jumped, and he opened his mouth in anger.

"Now that you are here, why hurry to leave? I think you can stay." Shen Beiyu sneers.

Wu Xiao is the heart crazy shock, "you, you even want to kill me? I tell you, my father knows about my coming to pick you up. If you dare to touch me, you won't be afraid of my father's anger? "

Shen Beiyu sneered, "who said that I killed you? You were killed by the man who had a quarrel with me."

Shen Beiyu put the stress on the word "indulgence." when you see us talking, you are jealous. In a fit of anger, you are going to kill people. Unfortunately, you are not as strong as others, but you are killed by others in the end

"Our guards wanted to stop it, but they couldn't stop it. He killed several people and caused heavy casualties. In the end, old Li took out his hand in anger, and then he ran away

Shen Beiyu said, the snake like face finally showed a smile, "how do you think of my script?"

"Don't worry, some people will believe what I said. After all, our Shen family guards are really badly injured. And I'll draw a portrait of that man and give it to your father. "

What a poisonous woman!

Listening to this, let alone Wu Xiao, even Wang Fan was very angry, and his anger expanded.

He didn't expect that the woman's heart should be so cruel and she should be so calculating.

It's really a vicious way!

Fortunately, Wang Fan has been following him all the time. Otherwise, I'm afraid the pot will be doomed.

Wu curfew is a Leng at first, then instantly come back to mind, "you, these are you calculate ahead of time good?"

"You have nothing to do with that man, but you deliberately make a gesture in front of Wu Peng, in order to provoke me to cancel my engagement and swallow my Wu family token?"

Wu Xiao is not a fool. When he hears that Shen Beiyu has even calculated Wang Fan, he immediately knows that she has already calculated all this.

"You're right, but it's too late for you to know. Old Li, do it. Kill him

Shen Beiyu said with a cold smile.

There is also a reason why she wants to cancel her engagement. Because when she went to jijianmen to sign up with a token, she was valued by Gong Hao, a disciple of the outer sect.

Gong Hao, as an outside disciple, naturally has a higher status than her miscellaneous disciple. Therefore, in order to attach herself to Gong Hao, she naturally does not want to marry Wu Xiao again.

What's more, she didn't like Wu Xiao.

"Hey, hey, don't worry. Give it to me." With a smile, Li rushes towards Wu xiaopao.

"Old brute, cunt, even if Wu Xiao is dead, I will give you a cushion." Wu Xiao roared wildly, and his momentum rose wildly.

He jumped down from the horse's back, pulled out and waved the long sword behind him. The aura of heaven and earth was stirred up, and the sword Qi tore out a long sword in the air. Then he cut it to Li laokuang.

"It's just eight stories. You can't do it if you want to help us." Li, with a smile, jumped to escape, and Wu Xiao was defeated.

The fierce sword Qi chopped on the ground, raised a roaring sound, cut out a huge gully, shocking.

Old Li didn't care at all. After avoiding Wu Xiao's sword, his hands suddenly shook.

Hu

two clusters of powder surged out of his sleeve robe and directly covered Wu Xiao.

Wu Xiao's face changed. He waved with one hand and tried to break the powder. At the same time, the whole person began to retreat.

Unfortunately, no matter how fast Rao retreated, he was still sprinkled with some powder and felt endless pain and powerlessness.

Wu Xiao angrily denounced Li Lao and said, "despicable!"

Li Lao is a smile, once again rushed to Wu Xiao. Shen Beiyu ignored Li Lao and Wu Xiao, who were fighting together, and walked slowly to the two Shen family guards.

The two Shen family guards saw Shen Beiyu coming, and their faces changed greatly.

"Miss, we haven't heard anything, we haven't seen anything. Don't worry, we won't say anything. We won't say half a word. Don't kill us."

"Miss, please spare my life. We have worked for the Shen family for so many years, and we have no credit for it. Please spare my life!"

When the two Shen family guards saw Shen Beiyu coming, how could they not know what Shen Beiyu wanted to do?

Obviously, this is to kill people!

They felt cold inside. It was obvious that Shen Beiyu was so cruel that he even wanted to kill them.

It's a pity that no matter how sad and angry they are, they don't dare to show it at this time. They can only kneel down and beg for mercy.

Shen Beiyu looked at the two people kneeling to beg for mercy, suddenly smile, "only the dead, will always keep a secret."

"I know you have paid a lot for my Shen family, and you are loyal to me, but what can I do?"

"Who let Wu Xiao come here at this time? You heard our conversation again? If you want to blame Wu Xiao, don't blame me. "

"Don't worry. After you die, your family and my Shen family will help and take good care of you."

Shen Beiyu said with a smile, but what he said was extremely shameless and disgusting.

Words fall, she already slowly drew out the long sword behind.

"Shen Beiyu, you beast!"

"You're going to die hard, you're going to die hard. That brother is right. You're a jerk

Two people see Shen Beiyu iron killed their heart, have rage, began to scold.

Shen Beiyu's face was cold, and his sword split out in an instant.

The light of the sword twinkled, and they were killed with one sword!

They were even more subdued than Wu Peng and died in the hands of their own young lady. Funny, they paid so much for the Shen family. Before, in order to protect Shen Beiyu, they had a fierce battle with the fierce ape wolf.

It's not worth it!

Shen Beiyu killed the two guards. Just as he was about to see the battle between Wu Xiao and Li Lao, he suddenly turned his eyes and looked not far away, "who?"

"Hey, hey, it's only five days since we parted. Don't you know me? You really don't recognize people when you put on pants. "

A cold and joking voice came out. Whew, a figure burst out from the distance in an instant. His fists were carrying the rolling thunder, and he went straight to Li Lao not far away.

Chapter 1446

"Gang Lei Quan!" Wang Fan roared, and the thunder came out of his fists, tearing out the extremely violent force, which could not blow the old man in front of him.

"Old Li, be careful!" Shen Beiyu looks at this scene, his face suddenly changes wildly, and makes a sound to remind him.

Li Lao's face also changed greatly. He was concentrating on attacking and playing with Wu Xiao. He didn't expect that Wang Fan would be killed in this situation.

He felt the vigorous energy coming from his back. His old face changed wildly in an instant. He had to give up attacking Wu Xiao. He turned back suddenly. His thin palm suddenly turned into a fist and went back to fight madly.

Boom!

A terrible sound came out, and the spirit spread all over the sky. It seemed that even the heaven and the earth changed color.

Old li felt a violent force coming, his figure suddenly retreated, and his face was shocked.

He felt a violent force burst from the middle of his fist, and the whole right fist turned into a blood mist in an instant.

The power of lightning!

It turned out to be the most violent force of thunder and lightning in the world!

"Back up!" Li eldest brother is startled to lose color, force to hold back the fishy salty that gushes out between the throat, the posture is about to retreat madly.

In any case, he didn't expect that all of a sudden, he had such a powerful fighting power and controlled the power of thunder and lightning.

"Back? It's too late Wang Fan cut out a sneer at the corner of his mouth, the other fist had already burst out, and fell heavily on Li Lao's chest.

Boom!

With another loud noise, Li Lao flew out like a bird with broken wings and fell heavily on the ground, his face was sad.

"You, you?" He stares at Wang Fan, his eyes full of horror and shock.

Such a strong strength, why was Wu Peng wantonly humiliated before? He couldn't figure it out at all.

"It's you. You've been following us?" Shen Beiyu also flashed in front of Wang Fan in an instant and said coldly.

She never thought that Wang Fan had been following them all the time, but they didn't know it.

"Hey, hey, what happened to me when I followed you? I'm glad I followed you. Otherwise, I'm afraid you'll really count on me. "

Wang Fan confessed and said with a sneer.

Shen Beiyu is so vicious that he even wants to kill Wu Xiao and frame Wang Fan, which is beyond Wang Fan's expectation.

As one of the three families in ink city, the Wu family must have some inside information. If this account is really charged to Wang Fan, he will be in great trouble.

Wang fan is also a little lucky. He is lucky that he has hurt old Li badly. Otherwise, once this strange old

man deals with him wholeheartedly, he will be really hard.

I can't help it. The old man is so vicious and evil. He doesn't know how to poison. It's hard to prevent.

"I admit that I did it wrong. As long as you promise not to interfere in it now, you will see nothing. I promise not only not to pursue past contradictions, but also to make you a sacrifice of the Shen family. How about that? "

Shen Beiyu's eyes flashed and said to Wang Fan.

She also saw the strength that Wang Fan showed when he injured Li Lao. He was absolutely eight or even nine layers away from the world.

Shen Beiyu asked herself that she was not Wang Fan's rival at all, so she had to be soft.

Of course, she also really took a fancy to Wang Fan's talent.

At the age of twenty-five or twenty-six, they are eight or nine stories away from the ordinary. Although they are not very good in those big doors, they are absolutely excellent in ink city, Shen, Wu, Hong and other three.

Therefore, Shen Beiyu has a heart of solicitation.

"Don't you pursue past contradictions?" Wang Fan sneered, "in the past, you were killing me and calculating me. What do you want to pursue?"

"You also asked me to offer sacrifices to the Shen family. You think highly of the Shen family, don't you? A small family, do you think Wang fan can see it? "

"What's more, if I go to your Shen family, my life will be in your hands again. You can pinch it as you want? Do you really think I'm an idiot like you? "

Wang Fan said, suddenly reached out and pointed to Shen Beiyu, "you are so careless, but why is your heart so poisonous?"

"I, Wang Fan, have nothing to do with you. You've tried to kill me again and again, even if you wanted to set me up. You've even killed people to make me carry the pot. You're really shameless."

Wang Fan said here, suddenly found that the old Li fell on the ground suddenly moved up, Wang Fan dares to just plan to go and make up a punch.

Just listen to "Ao", not far away Wu Xiao has stumbled forward, crazy grasp the sword in hand, a sword stabbed out.

Wu Xiao looked a little weak, even the pace was shaky, and the stabbing sword had little power to speak of.

It's just that old Li is too hurt now. Wu Xiao's simple and powerless sword is enough to kill him!

Li Lao's face changed wildly. He wanted to avoid retreating, but where was the time?

Shen Beiyu's face is slightly ferocious, but he doesn't mean to do it. With a hissing sound, Wu Xiao's sword stabbed into Li Lao's abdomen. Li Lao let out a scream and fell to the ground in an instant. He closed his eyes.

After stabbing Li Lao, Wu Xiao looks at Wang Fan. He smiles and opens his mouth to say something, but finally he falls down with a thump.

Wang Fan was shocked and rushed to Wu Xiao. But where is Wu Xiao's life?

What a terrible poison!

Wang Fan's heart was shocked. He had seen old Li apply poison before, but he didn't expect that the poison would be so strong. In a short time, Wu Xiao's life would be killed, and he didn't even have time to apply the needle.

"Wang Fan, you desecrated me and killed so many people in the Wu family of my Shen family. You even killed Mr. Wu Xiaoli. You are waiting for the Revenge of our two families."

Shen Beiyu is taking advantage of Wang Fan to find out Wu Xiao's injury. At the same time, a vicious voice comes from him, and his body suddenly shoots towards the distance.

"What a vicious woman! Even now she wants to bite me back. If she doesn't kill you, I'm sorry for myself."

Wang Fan sneered, directly and madly pursued out.

But he was shocked to find that Shen Beiyu was so fast that he didn't catch up for a while.

Shen Beiyu's whole body was rippled with a layer of glow, and his body was as fast as lightning.

Obviously, this woman has learned a very good martial arts body method.

Otherwise, with the strength of Shenbei rain District, how can Wang fan not catch up?

They ran all the way from front to back. A few hours later, they saw a huge city.

Shen Beiyu was relieved to see the city.

In fact, she is gambling, gambling Wang fan can't catch up with her, but she didn't think that she really bet right, Wang Fan really didn't catch up with her.

At the gate of the city, not only the people of the Wu family are waiting, but also the people of the Shen family are waiting. When they see Shen Beiyu, they immediately shout with excitement.

"Miss is back, miss is back."

Cheers.

But soon, their faces changed. How come only the young lady came back, the guard, Li Lao, Wu Xiao and the elite of Wu family?

Chapter 1447

Shen Beiyu took more than ten guards, and even Li Lao, to jijianzong to sign up. Now why did only one come back?

In addition, Wu Xiao, with more than 20 elite members of the Wu family, went out of the city to meet each other not long ago. How come none of them has disappeared now?

Thinking of this, they suddenly felt something was wrong.

Shen Beiyu escaped all the way back. What happened?

Shen WangLun, Shen Beiyu's father, thought of this. Suddenly he stepped forward and asked, "Xiaoyu, what's the matter? Is there anyone else in old Li?"

Shen WangLun, the most powerful member of the Shen family, is half a step into cultivation. Shen Beiyu is his only daughter, and he is about to enter the gate of jijianmen. Naturally, he attaches great importance to it.

Although Shen Beiyu entered the gate of jijianmen, he was only a disciple of the miscellaneous service, but it was a great thing to put him in the ink city.

Shen family will also rely on Shen Beiyu, the status of the rising ship, so that the other two families pay more attention to, fear.

At the time of Shen WangLun's questioning, Wu Hai, the owner of the Wu family, stepped out and asked with a gloomy face, "Xiaoyu, Xiao'er, he's out of the city to meet you. Haven't you met him?"

Wu Hai is also a half step strong, but his strength is not as good as Shen WangLun.

Although he has five sons, Wu Xiao is the most successful one among them. Wu Xiao is also the one with

the best strength and talent, so he attaches great importance to Wu Xiao.

Therefore, he would take out the token of jjianmen's factotum disciple, which he got at a great cost, and send it to the Shen family, so that Wu Xiao and Shen Beiyu could marry.

In this way, the Wu family can also rise with the help of Shen Beiyu's status as a student of the miscellaneous service.

But now Wu Hai has not seen Wu Xiao come back. How can he not be in a hurry?

"Dead, all dead, all killed by Wang Fan." Shen Beiyu said quickly after it was settled.

In a word, she directly answered all the questions of Shen WangLun and Wu Hai.

"What? Dead? Do you think Xiao'er is dead?" Hearing Shen Beiyu's words, Shen WangLun didn't have anything, but Wu Hai couldn't accept it.

The breath of his body gushed out uncontrollably, cold and incomparable, and the extreme killing opportunity bloomed in his cold eyes.

Wu Xiao, who was alive just now and took all the guards of the Wu family to meet Shen Beiyu in high spirits, is now dead. How can Wu Hai, as a father, accept this?

Under Wu Hai's powerful and fierce momentum, Shen Beiyu's whole face turned pale in an instant, and her delicate body trembled.

Her strength is only five levels away from the ordinary. In the face of Wuhai, even if it's just crushing, she still can't bear it.

Not only Shen Beiyu, but also the guards of Shen and Wu families around him felt great pressure.

"Brother Wu, don't worry. Listen to Xiaoyu first." Shen WangLun also noticed Wu Hai's momentum. His face changed and he strode forward in front of Shen Beiyu.

With Shen WangLun's momentum rising, Wu Hai's momentum was dissipated, and the surrounding guards felt that the pressure disappeared instantly, and their whole body became relaxed.

"What's going on? Xiao'er's strength has reached the eighth floor of tuofan, and there are twenty elite escorts on the fifth and sixth floors of tuofan. How can he die?"

Although Wu Hai clenched his teeth and restrained his momentum, his tone was still gloomy.

He stares at Shen Beiyu. His eyes are as cold as a poisonous snake. It seems that if Shen Beiyu can't answer, he will start immediately.

No way. Although Shen Beiyu has an engagement with Wu Xiao, he will be Wu Hai's future daughter-in-law, but after all, he has not married into Wu's family. Wu Xiao is the son of Wu Hai.

What's more, after Wu's death, is their engagement meaningful? How can Wu Hai not be angry?

"It's like this." Shen Beiyu stopped and said, "we met a fierce young man on the way back."

"After the young man appeared, he didn't agree with us, so he directly attacked us and wanted to rob us of our money."

"Wu Xiao, in order to protect me, Lao Li and others fought with him. It's a pity that the young man is too fierce and cruel. Wu Xiao Li is no match at all. "

"The young man not only killed all the guards, but also killed Wu Xiaoli, and finally came to chase me."

"If I hadn't seen the opportunity quickly and escaped one step ahead of time, I would have been caught by him, either killed or imprisoned."

Shen Beiyu said with a tremor. At the moment of speaking, water mist appeared in her eyes. Her expression was so vivid that no one would doubt her words.

"Asshole!" Wu Hai's face roared, "who is that man? Do you know his identity or appearance?"

"I know." Shen Beiyu quickly nodded, "he calls himself Wang Fan, obviously called Wang Fan, but I don't know which disciple he is, but I can see his appearance clearly."

"I will never forget his face in my life. I can draw a picture of him soon." Shen Beiyu said that when she was talking, she subconsciously looked behind her, but it was a pity that there was no shadow of Wang Fan.

"Well, well, I'd like to see who on earth is so bold as to dare to kill my son Wu Xiao!" Wu Hai roared with fury.

"Brother Wu, don't worry. This matter belongs to Shen family. Shen family and Wu family will work together to find out the thief and kill him." Shen WangLun also followed.

He didn't know that his daughter Shen Beiyu had made it up, and he didn't know that Shen Beiyu had hooked up with Gong Hao, a disciple outside the gate of Jijian.

They soon entered the ink city and went straight to Shen's house. After Shen Beiyu went back, he drew a picture of Wang Fan.

It has to be said that this woman is very talented in painting. The portraits she drew are not only vivid

and lifelike, but also have a trace of charm.

After the Shen and Wu families got the portrait, they immediately dispersed it to the family guards and began to go out of the city to search for it within a certain range.

In addition, the Shen and Wu families also hung the portrait of Wang Fan on the city gate with two big words: "wanted"!

Although the ink city is only a tiny place in Tianyun Kingdom, and the Shen and Wu families are nothing at all, they are the masters in this ink city.

Who they want to live, who can live, who they want to die, who will die!

When the portrait of Wang Fan was hung at the gate of the city and posted everywhere in the ink city, the whole ink city was a complete sensation.

Who on earth is this person? What has he done that led to his being wanted by the Shen and Mo families?

You know, it's just the first time that Shen Mo's two wanted people have never happened.

When Wang fan saw the huge ink city, he stopped pursuing.

He knew there was no point in catching up.

Ink city is the home of Shen Beiyu's family. He can't help Shen Beiyu in ink city.

Therefore, Wang fan not only did not continue to pursue, but directly and decisively turned around and flashed out of the ink city.

He knew that with Shen Beiyu's vicious mind, he would certainly add fuel to the story and tie all the black pots on his head. So he now entered the ink city, and that was to seek death.

If he is strong enough, he can be fearless. Instead of being reasonable and telling the truth, the problem is that his strength is far from enough.

Chapter 1448

Martial arts!

Martial arts again!

Martial arts skills, which are extremely rare in the secular world, can be seen everywhere in this Yuanmen. The only daughter of the Shen family has martial arts skills, which makes Wang Fan a little reluctant.

If Wang Fan also has body method and martial arts skills, how can Shen Beiyu escape easily?

For the first time in history, he did not catch up with the fifth floor.

"Shen Beiyu, that cheap woman, is sure to slander that I killed everyone. Now I'm going to ink city, that's to throw myself into the net and I can't argue."

"I might as well go back to the place where Wu Xiao and others were killed, hide their bodies, and then go into the ink city with a new look to inquire about the news."

"If you have a chance, tell the Wu family about it. If the Wu family believes me, I will bring them to verify the body. If they don't believe me, then I have no choice."

Wang Fan pondered and rushed to the place where Wu Xiao and others were killed.

In the absence of strength, if he wants to get rid of the suspicion, he must properly hide the bodies of Wu Xiao and others. Otherwise, even if he tells the truth, no one will believe him.

Wang Fan soon returned to the place where Wu Xiao and others were killed.

I don't know whether it's because of the toxin on the ground or because there are no wild animals around. The bodies of Wu Xiao and others have not been affected at all. They are still lying there.

Wang Fan looked at Wu Xiao and other bodies, and then quickly looked around.

Ten minutes later, he found a hidden cave, and then put the bodies of Wu Xiao and others in.

Wang Fan has a bad feeling in his heart. Once upon a time, Wang Fan even wanted to do this kind of thing? Unfortunately, now his strength is not as good as others, and he doesn't want to carry the pot, so he can only do so.

Moreover, even if he did, the Wu family had to believe him and come to check with him. If the Wu family doesn't believe him and doesn't even come over, even if he does, it's meaningless.

Wang Fan Gang just hid the body and was about to leave. Suddenly, his eyes were frozen, and his pupils suddenly contracted.

Without half hesitation, he quickly flashed to a hidden corner, held his breath, and restrained his breath.

Wang Fan just hid, not long after, swish two, two figures will appear here.

The two, a man and a woman, were dressed in casual and ordinary clothes, but their faces were covered with black scarves.

"Wu Xiao, their bodies are gone. Their bodies are clearly here." A startled voice came. Wang Fan immediately recognized that this man was Shen Beiyu.

There was a cold light in his eyes, but it didn't move.

Although Shen Beiyu is not worried, he can clearly feel that the strength of the man with Shen Beiyu can not be underestimated.

His breath clearly did not reach the ground, but it gave him the feeling that it was still dangerous. At least it was much more powerful than the one who wanted to kill him at the foot of Qingdu mountain.

Shen Beiyu stared at the empty space, and his face under the black scarf was ugly.

After a while, she squeezed out a sentence, "it must be Wang Fan, it must be Wang Fan, it must be he who hid the body."

Shen Beiyu is not a fool. She can see at a glance that there are no traces of wild animals here. This means that the bodies were not taken away by the wild animals.

But since the body has not been taken away by the wild animals, who has nothing to do to move those bodies?

Wang Fan!

It must be Wang Fan!

Because there is no one else except Wang Fan.

"You're really impulsive. What's the best way to cancel the engagement? Do you have to use this way?"

Shen WangLun's face was cold and ugly. "Wang Fan was so thoughtful that he knew how to hide his body. He was obviously planning to go to the Wu family to tell the secret."

"If the Wu family doesn't believe him and doesn't come with him to check the corpse, it's OK, but once they come, they can tear down your trick."

"You are so impulsive."

Shen WangLun hates iron but not steel.

Shen Beiyu can't hide her father Shen WangLun even if she conceals all the things she has done.

After learning that Wu Xiao was killed by his daughter Shen Beiyu at the instigation of Li Lao, Shen

WangLun did not hesitate for a moment. He immediately came here with Shen Beiyu under the guise of searching for Wang Fan.

He's going to destroy the body.

But he did not expect, still a step late, the body, even disappeared.

"I didn't expect this. At first, when I met him, he didn't have any strength. He could only let me kill him, and was even humiliated by Wu Peng."

"When he met the monster, the ape and the wolf, he just showed three levels of strength, still can't attract my attention."

"I thought he had run away, but who could have thought that he had been following secretly all the time. At the moment when old Li was about to kill Wu Xiao, he killed him." Shen Beiyu's tone was trembling and his face was extremely gloomy.

"What do you mean, he's behind you, and you don't even notice?" Shen WangLun's face changed immediately.

Shen Beiyu's strength is low, and he can understand that Wang fan is not following him.

But old Li, as a poison master, is very sensitive to breath and smell. Why can't he be aware of it?

"Yes, we didn't notice. If we were aware, old Li would not be seriously injured by the attack, and then he would be killed by Wu Xiao. "

Shen Beiyu said.

"Well, don't say so much. It's meaningless to say more now. We'd better look around first. If we really can't find it, we can only keep an eye on the gate of the city and the Wu family. "

"Once you find a stranger going into the city, or a stranger going to the Wu family, you should try to stop it. You'd rather kill the wrong person than let it go!"

Shen WangLun waved his hand and said with a sharp look in his eyes.

"Yes." Shen Beiyu can only nod.

They soon searched around. Unfortunately, after more than an hour, they still got nothing. In the end, they had no choice but to leave.

Wang Fan looks at this scene, and his face is gloomy. At the same time, the secret way is dangerous. Fortunately, he moved the bodies one step ahead of time. Otherwise, once Shen Beiyu and his daughter

dispose of them, they will be really speechless.

Instead of rushing to the ink city, he found a place to practice.

The rich aura of heaven and earth swept through the whole body, milky smooth lingering in the whole body, instantly engulfed by Wang Fan.

He felt that his strength began to rise, and his cultivation was a little loose.

Wang Fan didn't stop, and continued to absorb the cultivation crazily.

He knew that the reason why he felt that his cultivation was loose was that he suddenly changed the environment and the aura of heaven and earth was too strong.

Once he got used to the aura of heaven and earth, his cultivation was not so fast, or he didn't have this feeling.

I don't know how long after that, with a bang, he only felt that his whole body was relaxed and his strength came to the ninth floor without any barrier.

Wang Fan opened his eyes, his eyes sparkled a ray of light, and then slowly stood up.

It's time to enter ink city.

Chapter 1449

Ink city, the city is majestic, very spectacular.

Although ink city, looking at the whole Yuanmen, even Tianyun Kingdom, is just an ordinary city. But this is the only city within a thousand li radius.

The gate is made of huge stones, which is more than ten meters high. It can be regarded as a magic work in the secular world.

Even if it's evening, the popularity of ink city is still strong, and people come and go at the gate of the city.

Only on both sides of the city gate, there were many more guards, who wore three different kinds of clothes and strictly checked everyone in and out of the city.

These guards are from the Shen, Wu and Hong families.

Ink city has no city master, and there is no so-called city master's house. It is completely controlled by Shen, Wu and Hong.

And these guards, also the elite of the three, formed a guard team to maintain the order of ink city.

Outside the gate of the city, beside the ancient road, a man in his fifties mixed with the crowd, near the ink city.

He was a yellow man with a sallow complexion. He was full of wind and dust. It was obvious that he had come from afar.

He was carrying a huge canvas bag behind him, which looked just like those businessmen.

The only difference is that in his turbid eyes, occasionally there will be a brilliant light, clear and sharp.

This person is no one else, it is Wang Fan after the change.

Even if his strength broke through to the ninth floor, he was not sure to deal with the Shen and Wu families, so he did not dare to show his original appearance.

Soon, Wang Fan with the crowd will be close to the gate.

"Stop!" A cold voice came. Suddenly, seven or eight guards came with the picture in hand.

Wang Fan looked at the guards, calm in heart, but on the surface, like the others, he showed a look of fear.

At a glance, he could see that the strength of these guards ranged from one level to three levels, and the most powerful was only three levels, so Wang Fan didn't pay attention to them.

Let's not say that Wang Fan had observed very clearly before. These guards were just looking for people with portraits. They didn't ask for anything like identification. He couldn't be found.

Moreover, even if he was found, this is only one level to three levels, he is not qualified to stop Wang Fan.

As long as Shen Mo, the head of the two families, does not arrive at the first time, Wang Fan will not be afraid at all.

"My Lord, I'm just a businessman. I didn't do anything bad." Walking in the front of a middle-aged man in fear of the head guard said, even the voice is trembling.

Although Shen Mohong's three families are not officials, in the eyes of these ordinary people, they are officials.

As the three masters of ink city, people have the absolute power of life and death to these ordinary people. As long as you find any reason, you can be killed.

That's the difference in strength.

Strength, dignity, no strength, no human rights.

"don't talk so much nonsense. Have you done anything bad?" it's not your has the final say. The first guard said coldly, waved his hand, and the two guards walked towards the man.

They touched and pinched the face, then took out the portrait of Wang Fan and compared it. When they found that there was no problem, they waved and let it go impatiently.

Wang Fan looked at this scene, his heart hate.

The Shen and Wu families are really capable. They even have such means.

Especially looking at his huge wanted portrait, Wang Fan wanted to kill Shen Beiyu immediately.

People in front of Wang Fan were released one by one, and soon it was the turn of a young man of the same age as Wang Fan.

The young man just opened his hand and planned to let the guards close to him to check, just like those who were released in front of him.

It's a pity that someone waved his hand and yelled out a few words, "take it there."

"Yes."

With a response, two guards immediately came forward and recklessly took the youth to another direction.

"Why, why did you arrest me? I didn't offend you, I didn't do anything wrong." The young man's face changed and he struggled madly.

"Noisy!" Just was kicked by one of the guards, completely honest down.

Wang Fan's eyes were gloomy, and he looked along the direction of the youth being taken away. Only then did he find that many people had been arrested in one of the open spaces not far away.

Those people were chained, forced to kneel on the ground, one by one looks very ugly, even desperate.

Some people who have not resisted have not been abused, but some people who have tried to resist have been beaten bloody.

These people all have one thing in common, that is, they are the same age as Wang Fan, and their faces

are not much different.

Wang Fan looked at this scene, where did not know these people had been implicated by him? Crazy murders emerge from the heart, Wang Fan's face becomes cold in an instant, cold to the bone!

Shen's family and Wu's family are so arrogant!

It's despotic to the extreme!

In order to catch him, Wang Fan has wronged so many young people. He is a scum!

If Wang fan does not see this scene, or if these people are arrested, it has nothing to do with him, he can sit back and ignore.

But now, Wang Fanming knows that these people are implicated by him. If he is indifferent, he will be ashamed of his own heart.

At this time, the two guards have come to Wang Fan and intend to make an inventory of Wang Fan.

One of the guards held Wang Fan's wanted portrait in one hand, and one hand came out and slowly pinched Wang Fan's face.

Wang Fan looked at the scene, sneered, right hand directly out, directly slapped his hand to one side.

He pointed to the young people who had been wrongly arrested and asked coldly, "what have they committed or done wrong? What qualifications do you have to arrest them? Are you the government?"

As soon as Wang Fan said this, the whole audience was silent.

Shua Shua!

In a flash, all the people around looked at Wang Fan, and there was a shock in his eyes.

No matter the guards or the ordinary people who are about to enter the city, they all have the same expression.

Someone even dared to question the three guards at the gate of ink city. Is this the rhythm of seeking death? Who gave the courage?

You know, Wang Fan's words are a provocation to the authority of the three great masters. The guard of the three great masters killed Wang Fan. I'm afraid Wang Fan died in vain.

The space seemed to solidify in an instant, and the whole scene was quiet.

For a short time, the guard, who was slapped by Wang Fan, came back to his senses in an instant, and his eyes suddenly burst out with an incomparable sense of killing.

Those guards didn't meet this kind of thing, but they were met by him. Wang Fan's action was a shame to him.

"I say guilty is guilty. Why, do you have a problem? It seems that you must have something to do with the thief Wang Fan. Go there with me, too! "

The guard said with a grim smile, his big hand open, with a very cold, a slap to Wang Fan.

Although he only grasped, he released his momentum. With his second level strength, if Wang Fan was an ordinary businessman, he would definitely be seriously injured.

Chapter 1450

"Well, that boy is going to have bad luck."

"Why not? Although this behavior is respectable, how can the three be defiant? If you challenge the three, you are looking for death. "

"It's a pity."

The crowd around talked and soon couldn't help closing their eyes and looking again.

Wang Fan felt the momentum of the guard, but he sneered, "what a thief Wang Fan, what a bully you are

With a roar, his right hand popped out quickly and grabbed the guard's wrist.

Looking at this scene, the audience was quiet again.

No one thought that Wang Fan, with a sallow complexion and seemingly powerless hands, could grasp the wrist of the guard.

The guard's face changed wildly, his whole body was full of energy, and he struggled wildly.

But no matter how he struggled, his arm couldn't move half a minute, just like being nailed to death.

The guard's face suddenly changed. At this time, how could he not realize that Wang Fan's strength was far stronger than him?

"You're right. I do have an opinion!" Wang Fan said indifferently. Next second, he raised his right leg and set off a hurricane, kicking the guard.

Bang!

With a loud noise, the guard was kicked out instantly, and blood gushed from his mouth. He flew more than 20 meters before he fell down like a dog and couldn't get up again.

Looking at this scene, everyone around was stunned.

Both civilians and guards were dull and shocked.

How could it be that a man in his fifties, who looked like a businessman, kicked off the guard of the realm of detachment with one kick?

"You want to die!"

"If you dare to make trouble in my ink city, arrest me!"

"I think this man must have something to do with the thief Wang Fan. It's probably Wang Fan who changed his face. Arrest him immediately and report to Miss Shen and the two masters Shen Wu."

The guards around returned to their senses, and they could no longer look into the ordinary people. They surrounded Wang Fan in a murderous manner.

Unexpectedly, someone beat the city guard at the gate of ink city. This is no longer a slap in the face, but a trample on the dignity of the three.

"Ha ha!" Wang Fan laughed wildly. He waved his hand on his face. In an instant, his original appearance appeared in front of the public.

"you're right. I'm the thief in your mouth, Wang Fan. If you have the ability, you'll catch me?"

Wang Fan sneers and rushes towards the guards.

"Wang Fan? Is he Wang Fan

"God, he is the wanted Wang Fan?"

"It's incredible!"

as like as two peas in the portrait, Wang Fan looked at the faces.

Even the guards could not help shivering.

Wang fan is a cruel man who can kill dozens of people, such as Wu Xiaoli, and Shen Beiyu who is forced to run away in a panic. How can they be rivals?

But at this time, they could not shrink back, especially the guards of Shen and Wu families.

"Get him!"

"Go on!"

Dozens of guards roared, full of energy, frantically pounced on Wang Fan.

Wang Fan sneered. In the face of the guards from the first level to the third level, he didn't even need to show his martial arts skills. His fists just danced and bombarded him madly.

The strength of Qi in his body roared like a beast, converging on his arms. Wang Fan's fists set off a torrential wave and swept away towards the guards.

Boom boom!

After a series of explosions, the guards didn't even have the qualification to resist. Under Wang Fan's fury, their congenial vigorous Qi could not even count as the fragile paper, so they were completely smashed.

One by one, the guards are just like local chickens and wagons, spraying blood and being blasted out one after another. They look very shocked.

Just a few breaths, dozens of guards fell to the ground, and there was no force for the first World War.

Their eyes that looked at Wang Fan were full of panic and horror.

Terrible!

It's terrible!

In front of Wang Fan, they were totally vulnerable.

There is no way, their highest strength is no more than three levels, but Wang Fan has reached nine levels, the strength difference is too big, it is not a level at all.

Those citizens also held their breath and were shocked.

Once upon a time, they saw such a shocking scene?

The elite guard formed by the three people was beaten like a local chicken and a local dog?

Wang Fan ignored the fallen guards, but his eyes were cold and he walked step by step to the open

space where all the young people were imprisoned.

There were still six guards there, but they didn't do it just now. When they saw Wang Fan coming step by step, they were shocked and couldn't help retreating.

Joke, more than 30 bodyguards are not Wang Fan's opponents. How can six of them compete?

"What are you doing? I'll tell you, this is ink city. It's the territory of three people. We are all three people. If you move us, your end will be miserable. "

"The three of us will work together to deal with you. By then, there will be no place for you in the whole ink city!"

One of them said with soft legs and cold face.

"Won't you let me go?" Wang Fan sneered, "if I don't move you, will you let me go? I'm wanted. How can you let me go? "

"What's more, I've moved so many people. Do you care about moving more of you? You scum, if you catch me, you will catch me. You should even catch so many people unjustly and torture them. It's inhuman! "

"If one day people treat you like this, how would you feel? Pigs and dogs are inferior. You are not worthy of sympathy! "

The six guards listened to Wang Fan's words and looked ugly.

Wang Fan's every word, like a sword, deeply penetrated into their hearts.

Wang fan is right. Now Wang fan is wanted. What are you afraid of? What's more, he has already moved so many guards. Will he care about moving six of them?

As for whether they will be wrongly arrested, and whether they will feel hopeless, they have never thought about it.

Yuanmen, the law of the jungle, respect strength, even if it is true that one day, it can only blame their bad life.

At this time, Wang Fan has come to them, a point out, the wind howling, toward the six bombing in the past.

The six people's pupils were shrinking, but they didn't have time to respond at all. There were six sounds, and they were all blown out with a hole, and then they flew upside down.

No one was killed, but he was seriously injured.

"I'm sorry, I'll let you go. As for whether you continue to enter the city or leave, it's up to you. "

Wang Fan went to the people who had been wrongly arrested and bowed with guilt. With a wave of the shadow knife, their chains were completely cut off and their freedom was restored.

"Thank you, thank you."

"Young Xia, the three are despicable and overbearing. They will not let you go. You must be careful."

The expression of gratitude appeared in those people's eyes, reminded Wang Fan some, and then quickly ran to the outside of the city, they did not dare to enter the ink city.

Although they were arrested because of Wang Fan, in fact, it is no wonder that Wang Fan, can only blame the three tyrannical unreasonable, Wang fan can not save them.

But now, Wang Fan has saved them. Naturally, they are only grateful.

Wang Fan watched these people leave. He stepped up and was about to enter the city. He suddenly realized that the two powerful breath came close to this side.
