Chapter 1451

"Well?" Wang Fan's eyebrows picked, and he looked into the distance in an instant.

Over there, the two shadows have come fast, getting closer and closer to here.

The body of these two shadows is full of killing, and the whole world seems to be filled with the breath of killing, which is depressing.

Wang Fan this time to leave has been less than, simply stood there did not move.

He could guess that most of them were Shen WangLun, the head of the Shen family, and Wu Hai, the head of the Wu family.

Although Wang fan is not sure that he will fight two with one, if he wants to go, he feels that they can't keep him.

Shen WangLun and Wu Hai soon flew to the gate of the city and settled in the distance of more than ten meters.

"God, it's Shen WangLun and Wu Hai, the masters of the Shen family. I didn't expect that they were all shocked."

"Nonsense, it is said that many people in Shen and Wu families died in the hands of Wang Fan, and even Wu Xiao, the son of Wu Hai, was killed by Wang Fan. Now that Wang Fan appears, how can they not come?"

"Now, it seems that Wang fan is really going to have bad luck. Shen WangLun and Wu Hai are both strong men in the middle of the earth. They are extremely powerful. Wang fan is so young. How can they compete? "

The people around them looked at Shen WangLun and Wu Hai and made a shocking sound.

Shen WangLun and Wu Hai are both superior beings. In the eyes of these civilians, they are all legendary characters. They have never seen them several times.

Now, these two people appear at the same time, how can they not be shocked, and how can Wang Fan please them?

"Brute, you killed my son?" Wu Hai is just like a wolf who wants to eat people. His eyes stare at Wang Fan with ferocious eyes. His anger roars and his murderous spirit is rolling.

Shen WangLun was staring at Wang Fan with a gloomy face. His whole body was full of energy and

energy. He said to Wu Hai, "brother Wu, this man is killing people. Why talk nonsense with him and kill them directly."

At the same time, he pointed to the fallen guards and said, "if you don't agree with me, I will seriously kill so many of our guards. This son has become a murderer. We should be punished for his crimes!"

With that, Shen WangLun had already stepped out, and his killing intention swept through the sky, and he made an effort to kill Wang Fan.

"Wait a minute." However, Wang Fan's voice suddenly came out.

The cold voice, I don't know whether it's a coincidence or something, just like thunder, hit Shen WangLun's momentum weakness, so that he had to stop.

Wang Fan looked at Shen WangLun, "if I guess correctly, you must be Shen WangLun, the father of that bitch Shen Beiyu? You are so anxious to kill me. Do you want to kill people and cover up something? "

Wang Fan's words shocked Shen WangLun. And in Wu Hai's ferocious eyes, a touch of light suddenly appeared.

What a sharp mouth, a word, even directly to the heart, even directly exposed Shen WangLun's mind.

Shen WangLun's face became colder and more aware that Wang Fan couldn't stay and had to be killed immediately.

Especially seeing the flash of light in Wu Hai's eyes, he knew that he could not let Wang Fan continue to speak, otherwise things would change.

"What a sharp mouthed boy! He dares to slander me. I'll see how you slander me when I tear your mouth."

Shen WangLun roared, strode forward, and in an instant, he fought against Wang Fan.

But he just rushed forward a few meters, the figure in front of him suddenly flashed, Wu Hai had stopped in front of him.

"Brother Shen, why hurry to kill him? Anyway, we've locked him down now, and he will surely die. Killing sooner or later is the same. I want to see what he wants to say."

Wu Hai said, turning to look at Wang Fan, "what do you mean by your words just now? What kind of murder?"

"I'll tell you, we Shen and Wu have been friends for a hundred years. It's not so easy to be provoked by you. If you dare to talk nonsense, I will let you die miserably. "

Shen WangLun's face is extremely gloomy, but Wu Hai has already spoken. If he kills Wang Fan by force now, it will cause suspicion.

He could only stare at Wang Fan in silence.

Wang Fan's heart is sneer, this Wu Hai has doubted Shen WangLun, but still said so good, really old fox shameless.

If Wu Hai doesn't doubt Shen WangLun at all, and the relationship between Shen and Wu is really unbreakable, he won't listen to what he wants to say.

Of course, although Wang Fan thought so in his heart, he would not break it.

He looked at Wu Hai, "I don't know you, let alone hate you, but now you want to kill me. If I guess well, it must be related to the death of your son Wu Xiao?"

"Nonsense!" Wu Hai sneered, "you killed my son Wu Xiao and so many elite of Shen and Wu families. Now you say that there is no hatred between us. Are you insulting me?"

Wang Fan listened to Wu Hai's words, his face was still calm, and he continued, "if my guess is good, I killed your son Wu Xiao. It must be Shen Beiyu who told you about it?"

"Bold!" Shen WangLun's killing machine reappeared, "how dare you say my daughter is a bitch, you want to die!" He is worried that he can't find a chance to kill Wang Fan. Now when he hears that Wang Fan says Shen Beiyu is a bitch, he immediately finds a chance.

He directly strides over Wu Hai, and his whole body is full of energy. He is crazy to kill Wang Fan.

This time, Shen WangLun did his best. Even if Wu Hai wanted to stop him, it was too late.

"Gang Lei Quan!" With a cold smile, Wang Fan's momentum rose. His fists danced and crackled. It was as if there was a layer of thunder and lightning on his fists.

His fist burst out, the thunder was rolling, the terrible and violent spirit was torn apart, and he collided with Shen WangLun's boxing style.

Boom!

Wang Fan retreated three steps, while Shen WangLun was repulsed four steps.

Stand high!

Looking at this scene, the whole audience was silent.

Wang Fan, even a boxing back Shen WangLun, but also a little bit of the upper hand, this is too terrible, right?

Shen WangLun's face also changed suddenly.

Although he didn't use martial arts before, Wang fan used martial arts, but he is ready to strike. Moreover, he is a half step strong man. How can he be underestimated?

Wang Fan stood in the same place, still beat him back four steps, this strength, simply terrible!

"Why, are you afraid that I will tell you the truth and try to kill me in such a hurry? If you have a clear conscience and no ghost in your heart, why are you so anxious to kill me? Why don't you let me finish what I have to say? "

Wang Fan sneered and continued to look at Wu Hai, "Wu Xiao, and even the guards of your Wu family, I didn't kill them, but Shen Beiyu instigated that Li Lao to kill them."

"The reason is very simple. Shen Beiyu didn't want to marry Wu Xiao, and he wanted to swallow the token of your Wu family's jijianmen worker disciple, so he killed him."

Wang fan is not talking nonsense, directly told the truth.

The whole audience was shocked by this remark!

Wu Hai's mind is a bang, completely blank.

How could it be? How could it be?

Is what Wang Fan said true?

He couldn't believe it.

However, if what Wang Fan said was not true, how did he know about the token of jijianmen factotum disciple?

"Little beast, how dare you slander my daughter! You want to die!" Shen WangLun's killing machine is expanding again, his eyes are ferocious!

"Don't worry, brother Shen!" However, before Shen WangLun could make a move, Wu Hai stopped him again, then stared at Wang fanleng and said, "do you have any evidence? Do you know that some words can't be said, otherwise they will pay a heavy price? "

Chapter 1452

"Brother Mo, don't listen to his nonsense. My daughter Xiaoyu is Xiao'er's fiance. How could she assassinate him?"

"What's more, you know Li Teng's means. Even if Xiaoyu really instructs Li Teng to kill Xiao'er, how can he kill Li Teng and kill Xiao'er with the strength of Xiaoyu

Shen WangLun looked at Wang Fan with a cold face. "There are loopholes in his words, and they can't stand scrutiny at all."

"He just wants to stir up the relationship between you and me, so that he can stay out of the business. You must not believe him."

Mo Hai listened to what Shen WangLun said, and his eyebrows wrinkled.

Shen WangLun is right. Wang Fan's words are full of loopholes.

He knew something about Li Teng's methods. Even if Li Teng was seriously injured after killing Wu Xiao, he could not kill Li Teng with the help of Shen Beiyu.

Wang Fan sneered in his heart, but he ignored their faces and said slowly, "evidence? Of course I have. "

"The corpses of your son Wu Xiao and others were hidden in a cave outside the city by me. As for what's going on, you can see from Wu Hai."

"It's easy to see?" Shen WangLun sneered, "you are as cunning as a fox. I think you must have set traps around the cave, waiting for us to throw ourselves into the Internet bar?"

"What a deep plan you are! You are trying to attract us to the past by this means. It's good to catch all of us. You can be punished for your heart!"

How could Shen WangLun let Wu Hai follow him? He immediately began to splash dirty water.

No way, because with Wu Hai's vision, as long as you see the bodies in the past, the truth will come out.

At that time, the result is that the Shen and Wu families are totally against each other, which Shen WangLun does not want to see.

Wang Fan ignored Shen WangLun, but calmly looked at Wu Hai and said nothing.

Because what he says now has no meaning at all. The key is to see Wu Hai and whether he will follow him.

Wu Hai took a deep look at Wang Fan and then at Shen WangLun.

He is also guessing, which one is true or false?

After all, Shen WangLun's conjecture is not impossible. Wang Fan had already shown his strong strength by retreating Shen WangLun with one punch.

If Wang Fan really sets traps around the cave, the purpose is to attract him to Wu Hai. He thinks Wu Hai will be in danger.

Shen WangLun's complexion was also extremely cold and overcast, and the murderous opportunity could not stop the expansion.

He did not expect that Wang fan should be so difficult, a few words let him fall into a passive situation.

Of course, the most important thing is Wang Fan's strength.

If Wang Fan's strength was weak, he could easily kill Wang Fan. Even the previous blow would be enough to kill Wang Fan. There would be no present situation.

But at this time, Shen WangLun knew that even if he wanted to kill Wang Fan, he could not do it in a short time.

He can't help but be a little shocked. How could Wang Fan be so powerful? Could he be one of those big disciples?

"I'll go with you, but if I find out you lied to me, don't blame my people for being ruthless!" Wu Hai pondered for a moment and said grimly.

"I lied to you? I don't have to lie to you! What's more, the reason why I tell the truth is not because I'm afraid of you, but because I don't want to carry this black pot. "

"Otherwise, as long as I don't come to ink city, why do I have to spend so much time? What's more, with my strength, even if I sneak into the ink city, it's impossible to know with these waste guards. "

Wang Fan said disdainfully.

"Brother Shen, are you going there together or not?" Wu Hai takes a deep look at Wang Fan, and then looks at Shen WangLun.

"Of course, I have passed together. This son slanders my beloved daughter, Xiaoyu. How can I not follow the past?" Shen WangLun snorted coldly.

He is already thinking about what to do next. If he really can't, he will find a chance to kill Wu Hai first.

Those around them were shocked to see Wang Fan and his party leave. They did not expect that Wu

Xiao's death would become so complicated.

Of course, they also know that the most important reason why Wang Fan's words moved Wu Hai was that Wang Fan's strong strength played a role.

If Wang Fan did not have a strong strength, he would not have a chance to speak. He had been killed by Shen WangLun long before.

Wang Fan three people out of the ink city, all the way forward, soon came to the cave where Wu Xiao and other bodies were hidden.

Wang Fan reminded Wu Hai, "Master Wu, you should be on your guard. Be careful not to be calculated by villains."

Wu Hai listened to this, his eyelids jumped, but he didn't speak.

How could he not understand Wang Fan? In fact, there is no need for Wang Fan to remind him. He is already on guard against Wang Fan and Shen WangLun.

Shen WangLun is almost no gas of a mouthful of blood spray out, the heart of Wang Fan's murder is even more.

In fact, along the way, he has been looking for opportunities to kill Wu Hai or Wang Fan, but unfortunately no one has given him a chance. Soon, a line of three people entered the cave, Wu Hai looked at the tragic situation of the dead body, it is almost canthus crack.

At a glance, he could see that all the guards of his Wu family were poisoned by Li Teng. Even most of Wu Xiao's injuries were also hurt by Li Teng. Of course, the most lethal one was still Li Teng's toxin.

What's more, Li Teng's fatal wound is Wu Xiao's weapon. Although he didn't understand how Wu Xiao did it, he couldn't do it at all.

"Shen WangLun!" Wu Hai's face was ferocious in an instant. He turned back and looked at Shen WangLun fiercely. His eyes were as gloomy as if he was going to eat people.

"what's wrong with my Wu family, Shen family and Shen Beiyu? Why do you treat us like this?"

Wu Hai's murderous opportunities are blooming, and the fierce momentum is rising uncontrollably.

"Fake. It's all fake. It must be the thief who deliberately planted the scam against our Shen family in order to turn against us."

Shen WangLun is still arguing, but his aura is surging wildly.

"False?" Mo Hai sneered, "don't you think I'm blind? Or do you think my old eyes are dim? "

Mo Haigang said here -

boom!

A loud noise, the earth burst, raised dust all over the sky.

Shen WangLun's right foot suddenly stepped on the ground, and his body rushed forward in an instant. He rushed madly towards Wu Hai.

His body set off a road incomparably violent momentum, the air buzzing, deafening!

As Shen WangLun rushed out, with a wave of his right hand, a mirage sword, which was like substance, suddenly appeared. It set off the trend of destroying heaven and earth, and cut it madly towards Wu Hai.

Under the chop of the phantom knife, the space is like a piece of unreal crisp paper, which is divided into two parts. It's terrible!

"Shen WangLun, you wretch!" Wu Hai felt the scene and his face changed wildly.

He didn't expect that Shen WangLun would make a move without warning at the moment when he was talking, and he would use the strongest martial arts skill, virtual knife chop!

Wu Hai's hands danced, and the air burst all over the sky. He split toward the phantom sword, and at the same time, the whole person began to retreat madly.

Chapter 1453

A long dragon like substance emerged from Wu Hai's hands, crazily winding towards the illusory sword.

But the two just fought for a few seconds, the sound of hissing resounded, and the long dragon had been cut off by the illusory long knife, turned into a light spot and disappeared completely.

After smashing the dragons, the unreal sword's momentum became weaker, but it still cleaved to Wu Hai.

"Shen WangLun, my Wu family and your Shen family will never die!" Wu Hai's venomous voice spread out, and the congenital vigorous Qi immediately shrouded around the body surface, then clenched his fists and pounded out.

As soon as Shen WangLun made a move, he displayed his strongest martial arts skill of virtual sword cutting. Moreover, he suddenly made a move while he was talking. It was obvious that he wanted his life!

Wu Hai is very hateful. In order to marry Shen Beiyu, the Wu family did not hesitate to take out the miscellaneous service token of jijianmen disciples, which cost a lot of money. They also obeyed the command of the Shen family everywhere, and even kept a low profile and took the lead of the Shen family.

But at the end of the day, what did you get?

Shen Beiyu killed his son Wu Xiao. Now Shen WangLun is coming to kill him again?

No!

Anger!

Regret!

But what's the point?

"Never die? You have no chance! I advised you not to listen to him and not to come here, but you didn't listen to me. You asked for all this

Shen WangLun grins!

Boom!

At this time, the vigorous Qi of Wu Hai's double fists had been on the illusory sword again.

With a click, this time, the unreal sword was suddenly dispersed like smoke. However, Wu Hai also spewed out a mouthful of blood, and the whole person flew out.

With a roar, Wu Hai bumped against the wall and fell heavily.

His body was covered with blood and his face was pale.

Seek the skin of a tiger, seek the skin of a tiger!

I had known that Shen WangLun and his daughter were so vicious and mean. Even if the Wu family threw the token away, they would not send it to the Shen family.

Originally, he planned to marry with a token, and his family status could rise with the help of the rain in Shenbei, but now he's so good that he's going to die.

but no matter how unwilling he is, what can he do?

Shen WangLun showed his skill of cutting with a virtual sword, and his face became pale.

He gasped a little, then stepped forward again, "Wu Hai, since you don't believe me, then you go to die."

"Don't worry, you're dead. I'll take over the Wu family. I promise it will be more prosperous than when you were in charge!"

Shen WangLun said, with a wave of his right hand, another violent force was stirred up and directly killed Wu Hai.

Wu Hai's face changed dramatically.

Just when he was about to die, a figure flashed by, a blow came out, and the roaring sound was resounding. Shen WangLun's spirit was scattered. Then, Wang Fan's figure appeared in front of Wu Hai.

Wang Fan coldly looked at Shen WangLun, "you kill people in front of me, it's not too much to put me in the eye, right?"

Wang Fan naturally does not want Shen WangLun to kill Wu Hai. Otherwise, if Shen WangLun says that Wu Hai was killed by Wang fan when he goes back, will he not be able to argue?

Shen Beiyu, Shen WangLun's daughter, has done this kind of thing once. Wang fan doesn't want to face the second time.

"Are you going to stop me?" Shen WangLun saw Wang Fan appear, his face suddenly gloomy, "Wang Fan, as long as you don't intervene in this matter, I promise to give you enough interests."

"Even if you want the whole Wu family to become one of the three masters of ink city, it's not impossible."

Shen WangLun began to lure Wang Fan.

In Shen WangLun's eyes, although Wang Fan's talent is amazing, his danger and influence are far less than Wu Hai's.

This is the only chance he has to kill Wu Hai. If he can't kill Wu Hai this time, it will be difficult for him to kill Wu Hai in the future. But there are many chances to kill Wang Fan.

No matter how amazing Wang Fan's talent is, after all, he has not grown up now. If he plays with a plot, he can make Wang Fan die without a burial place.

"Mean." Wang Fan did not speak, Wu Hai already angry export, "take my Wu family to lure others, you Shen WangLun is really not a face."

Wu Hai said ferociously, and then looked at Wang Fan, "you must not believe what he said. I can guarantee that after he killed me, the next one will kill you."

"Even if his current state is not enough to kill you, he will try to kill you in the future. This kind of person, despicable, venomous, can't believe at all

Listening to Wu Hai's words, Shen WangLun continued to say to Wang Fan with a cold hum, "it's better to solve the enemy than to settle it. There is no eternal enemy, only the interests of eternal trace."

"Even if you don't care about the Wu family, tell me what you want, as long as I can do it, never frown, as long as you don't stop me from killing him!"

Shen WangLun is still tempting Wang Fan. His only purpose is to kill Wu Hai. As long as Wu Hai is dead, he can ignore Wang Fan. Wang Fan listened to this and laughed. He looked at Shen WangLun and said, "do you mean that as long as I don't stop you from killing him, you will promise me anything I want?"

"Of course, as long as I can do it, as long as I can take it out." Shen WangLun's answer was firm.

Wu Hai is secretly cry bad, but at this time, he did not have the slightest way.

Wang fan saw that Shen WangLun didn't even want to think about it, so he gave a straight answer, which made him sneer.

This kind of person is the least trustworthy.

Because only the insidious and cunning people who don't pay attention to commitment can be so happy when they make a commitment.

However, Wang Fan was still and continued, "don't worry, you will be able to take it out. My requirements are not high. I only want Shen Beiyu. "

Wu Hai listen to this, almost no gas of vomit blood, difficult not into this Wang Fan also took a fancy to Shen Beiyu?

Shen Beiyu is really beautiful, but is he too kind-hearted?

This kind of snake and scorpion woman almost framed Wang Fan, who had no place to die. How could Wang Fan want to die? Is that the charm of beauty?

Since ancient times, there have been many disasters in beauty. It's true!

Shen WangLun was stunned and then laughed, "do you like light rain, too? You can rest assured that if you like her, I can decide to betroth her to you. "

"For the sake of the family, as a member of the family, there is nothing wrong with her giving something."

Shen WangLun said with awe inspiring righteousness, but his heart was sneering.

What kind of thing do you dare to attack my daughter?

Laozi's daughter is the future disciple of jijianmen. She has a bright future. How can you be a mere toad?

Of course, Shen WangLun won't say these words. Anyway, as long as Wang fan doesn't stop him from killing Wu Hai, he is happy to agree.

"You think too much." Wang fan is a smile, "that bitch is naked lying in front of me, I will not look at more, how can like her?"

Bitch? You're not going to take a second look when you're naked?

Shen WangLun, no matter how deep his heart was, could not accept Wang Fan's humiliation on his daughter. His eyes were cold and he was furious. "What do you mean, you are playing with me?"

"Playing with you?" Wang Fan sneered, "I don't want to play with you. I asked you to kill her and humiliate her

"That bitch set me up like this, and almost made me die without a place to bury myself. I can't swallow it if I don't take revenge."

Wu Hai listened to this, first a Leng, followed by laughter, "ha ha, well said, that bitch, when killed!"

Boom!

Shen WangLun is a buzz, anger no longer uncontrolled explosion, directly can't help a punch will be in front of the stone smashed!

After all, Wang fan is still playing with him!

Chapter 1454

"You want to die!" Shen WangLun's ferocious voice came. He didn't want to talk nonsense any more and strode toward Wang Fan.

With a single wave of his hand, his face became more pale. At the same time, another illusory shadow of the sword emerged from the void and slowly took shape.

Although it is not as powerful as before, it still carries overwhelming power, which can't be underestimated.

"Be careful. It's a medium level skill of Huang level. It's Shen WangLun's strongest skill. You must be careful."

Wu Hai looked at the scene, his face changed, and his voice was crazy to remind him.

His heart is very frightened, obviously did not expect, Shen WangLun even have the spare force to display the second virtual knife chop.

"Empty sword? Ridiculous! Next, let's see how I can break his empty sword! "

But Wang Fan didn't care much. With a sneer, he grasped his right fist and blew it out directly. He had seen Shen WangLun use the virtual sword before, and naturally knew its power.

With Wang Fan's blow out, the atmosphere of fury and hegemony emerged, the power of thunder and fist watch emerged, and the sound of hissing directly toward the illusory sword shadow.

Boom, boom, boom, boom!

After several blasts, Shen WangLun's mirage sword, which was transformed out of thin air, was directly torn by the violent force of ganglei fist.

However, Wang Fan did not stop attacking, and his boxing style carried incomparable power and went out again.

Gang thunder boxing Gang thunder boxing, powerful style, but also carries the power of thunder, is not a mere virtual knife cut comparable?

With Wang Fan's strength stepping into the Ninth level of tuofan, the power of gang Lei Quan is more than doubled.

What's more, this is the second time for Shen WangLun to use the virtual sword. Its power is far less than that of the first time. Wang fan is not afraid at all.

What a terrible skill!

Wu Hai looked at this scene, his face changed wildly!

He never thought that Wang Fan's gang thunder fist was so powerful.

Before, when he was at the gate of the city, because Wang Fan only used Gang Lei Quan to fight back in a hurry and didn't give full play to the real power of gang Lei Quan, they didn't pay attention to it.

Now he knew that gang Lei Quan was so terrible.

Boom!

With a loud bang, Wang Fan's fist hit Shen WangLun heavily. With extremely violent force, Shen WangLun retreated.

The corners of his mouth spilled blood, but there was no serious injury.

Half step into the realm, not to say fun, but really powerful.

What's more, the half Strider in Yuanmen is twice as powerful as the half Strider outside?

"Good boy, it seems that Shen WangLun really underestimates you. Since you have to stop me from killing Wu Hai when you propose a toast, don't blame me for killing you first! "

Shen WangLun reached out to wipe away the blood from the corner of his mouth. With a grim smile, he grabbed his right hand behind him and pulled the sword out of the scabbard behind him. He drew a bright light in the air and cut straight at Wang Fan.

With the cleavage of the knife, the light in the air flickered, and the long awn of the knife turned out and rose in the wind.

Countless murders are also stirred up by madness. The whole space is full of the atmosphere of killing.

"Kill me? Do you deserve it? Do you think you are the only one with weapons Wang Fan sneered. He didn't dodge. The shadow knife came out of its sheath and attacked him.

Whoosh, whoosh!

The rainbow light all over the sky is like mercury, which collides with Shen WangLun's knife.

Boom!

It was like a mountain avalanche and a tsunami. The surrounding rocks were smashed and the dust was flying.

Wang Fan spewed a mouthful of blood and flew backwards more than ten meters. Shen WangLun rubbed his feet and slid behind him.

His heart is very frightened, obviously did not expect, just a descendant Wang Fan, should be so powerful, so difficult.

Wang fan is quickly put away the shadow knife, hands dancing, mountain seal moment was condensed out. Since Gang Lei Quan can't deal with Shen WangLun, we can only use the mountain climbing seal.

Since Shen WangLun wants to kill him, don't blame him for being rude. And Wang Fan has only one chance to kill people like Shen WangLun.

Once Shen WangLun plans to escape, he will never have another chance.

Even Shen Beiyu, who is only five stories away from the ordinary, has practiced his body method and martial arts, so that Wang fan can't catch up with him.

Wang fan doesn't believe that Shen WangLun didn't practice body method and martial arts.

The three footprints suddenly emerged and merged, crystal clear, and the air was filled with the smell of destruction.

Shen WangLun looked at the shimmering mountain climbing seal and felt the horrible breath contained in it. His facial muscles were pumping wildly and his face changed greatly.

What a terrible skill!

Go, you have to go!

If he doesn't leave, Shen WangLun will die here!

Shen WangLun felt a sense of danger, even a sense of death.

He didn't expect that Wang Fan could be so terrible. He could control such terrible martial arts even though he had endless means. Wang fan saw that Shen WangLun was going to retreat, and the corner of his mouth crossed a forest radian. "It's just now. Don't you think it's a little late?"

Wang Fan said, double palm a push, mouth light spit a word, "go!"

Whew!

With his voice, when he went over the mountain, he cut through the air like a streamer and roared to Shen WangLun.

Shen WangLun looked at the scene, his face changed wildly!

He didn't even have the heart to resist. While the innate vigorous Qi lingered on his body surface, his body turned into a shadow and began to retreat.

Wang Fan looks at this scene, is also the pupil shrinks.

Shen WangLun's speed is terrible, isn't it?

He even doubted whether Shen WangLun's speed was faster than the speed of mountain climbing, and whether he could really avoid the past.

This is the situation that Shen WangLun's aura has been seriously damaged. If Shen WangLun doesn't, his speed will be faster.

Fortunately, Wang Fan's worry was a little superfluous, and Shen WangLun ran less than 1000 meters. With a bang, the mountain climbing seal had been pounded on him.

At this moment, the earth vibrates, rolling air force waves, like thunder, rolling endlessly!

With the dust all over the sky, Shen WangLun was submerged in it, and no one could see the scene inside.

Not far away, Wu Hai was also shocked.

Terror!

So terrible!

He asked himself that if he was in Shen WangLun's position, he would not be able to take the blow.

I don't know how long it took for the dust to disperse, and a huge pit with a diameter of more than ten meters and a depth of five or six meters appeared on the ground. Around the huge pit, the cracks of the road arms spread like cobwebs, which made people palpitating.

And Shen WangLun, where can you see the shadow?

"Cough." A dying cough came. In a corner, dust squirmed and an arm came out. Shen WangLun climbed out slowly.

At this time, he no longer had the previous high spirited, powerful and domineering, just like an old man in the twilight, dying, embarrassed.

He looked at Wang Fan, his eyes full of shock, fear, even disbelief.

He never dreamed that one day, he would be forced to such a situation by a younger generation.

The previous violent force, like a wild beast, has destroyed his countless meridians and bones. Whether he can live or not, even if he can, he can only be a useless man.

"Ha ha!" Looking at this scene, Wu Hai couldn't help laughing wildly, "people are not as good as heaven. Shen WangLun, do you have today? Die for me

Wu Hai grins grimly, gets up hard and rushes to Shen WangLun.

Chapter 1455

Shen WangLun was seriously injured by the mountain climbing seal. In the face of Wu Hai's attack, he had no resistance at all.

With a loud bang, his whole body was blown up directly, and he was killed in mid air.

"Wu, I hope you don't be as mean as Shen WangLun's father and daughter. Otherwise, Wang Fan will kill your Wu family and make you pay the price."

Wang Fan looked at the dead Shen WangLun, lightly dropped a word, and then left here.

He brought Wu Hai here, but he didn't want to carry the black pot. He didn't mean to make friends with Wu Hai, so he didn't want to go to the Wu family.

As long as he inquires about the information and the address of jijianmen in the ink city, he will go there and will not stay in the ink city.

Wu Hai listened to Wang Fan's cold voice and looked at Wang Fan's back. He looked very complicated.

The young man was so terrible that he felt frightened, no matter what his intention or strength was.

In particular, Wang Fan's previous record of mountain climbing seal made him think of it now, and he could not help shivering all over.

If possible, Wu Haicai is not willing to offend Wang Fan.

Wang Fan soon came to the ink city gate again. This time, there was no guard at the ink city gate. Anyone could go in and out at will.

As for the guards who were seriously injured by Wang Fan, they have also disappeared. Obviously, they have been taken away. Even the blood on the ground has been cleaned up.

Wang Fan looked at the city gate without guard. He put a smile on his mouth and then walked in.

Shen's family is brightly lit. In the grand hall, Shen Beiyu and many senior elders of Shen's family are all standing out, looking a little uneasy.

Shen WangLun and Wu Hai have been going out with Wang Fan for some time, but they haven't come back yet, which makes them very uneasy.

Is it difficult for Wang Fan to be so powerful that he can threaten Shen WangLun's life?

The elders couldn't believe it.

Shen Beiyu has put on a white dress, loose dress still can't cover her delicate body, just a look, can attract people's eyes deeply.

Her hair was slightly curled up, and there were several crystal hairpins on her hair, which added a bit of nobility.

However, Shen Beiyu's face was not very good-looking at this time. Her pretty face was low and her eyes were twinkling with cold light.

"What's the matter? Why hasn't the owner come back after such a long time

At a certain moment, an elder stood up and spoke out.

His name is Shen Hong. He is the elder of the Shen family. His strength is at the top of the Ninth level. He is second only to Shen WangLun.

"I think it's very possible, but it can't. let's go out of the city and have a look." Another elder got up and said.

He also looked at Shen Beiyu, "as Miss Chen said, Wang Fan's strength is no more than eight stories."

"According to the normal situation, even if Wu Hai knew the truth of the matter, and Wang Fan united to deal with the head of the family, they were not the opponents of the head of the family."

"But now, the owner of the house has not come back. It is obvious that there is an accident. I heard from the guard of the gate that Wang Fanyi had retired from his family. "

"I thought it was the guard's exaggeration, but now it seems that it is probably true."

Listening to this, Shen Beiyu and other elders look even worse.

Naturally, they also heard about Wang Fan fighting back Shen WangLun at the gate of the city, but they didn't believe it at all.

Who is Wang Fan and who is Shen WangLun? Under Shen WangLun's ready attack, Wang Fan will not die. How can Shen WangLun be defeated?

After all, Wang fan is too young to be so powerful. And Shen Beiyu also said that Wang Fan's strength is only eight stories.

Shen Beiyu's face was also hard to see.

She met Wang Fan for the first time. Wang Fan has only innate strength and is not his opponent at all. She was allowed to be captured, set up a bureau, and was humiliated by Wu Peng.

But a few days later, Wang Fan's strength has reached three levels, and escaped from her control.

When I see Wang Fan again, Wang Fan's strength has reached eight levels. He sneaks on and takes a heavy hit on Li Lao, who is killed by Wu Xiao.

Now, less than two days later, Wang Fan even shot back his father. Is this a joke?

Even if Wang Fan's talent is against the sky, his strength can't Soar so fast, can it?

Even if Wang Fan was really strong before, but he was seriously injured. In the process of recovery, the speed of recovery is really appalling.

"Xiaoyu, are you sure that Wang Fan's strength is really only eight stories of tuofan?" An elder stood up and asked Shen Beiyu.

Shen Beiyu's face choked and said slowly, "when I saw him the day before yesterday, his strength was really only eight stories. I'm sure about that." "And with the strength he showed at that time, it was impossible for him to fight back his father. But now the injured guards at the gate of the city say, "Wang Fanyi has beaten his father back. I don't know what's going on."

Shen Beiyu really couldn't figure it out.

What's more, she didn't expect that the apprentice she met on the road would bring so much trouble to the Shen family.

As long as she knew that, she should have endured that tone and didn't provoke Wang Fan.

"Newspaper!"

When the elders of the Shen family were thinking about whether to go out of the city to see the situation, a Shen family guard rushed in.

Looking at the guard rushing in, the senior members of the Shen family were shocked. Then the elder Shen Hong asked, "what's the matter? Is there anything new?"

The guard didn't dare to talk nonsense. He bowed to reply, "Wu Hai, the owner of the Wu family, has returned to the Wu family, and Wang Fan has entered the ink city."

"What?" Listening to this, not only Shen Hong, but everyone could not help standing up, "are they all in town? When did it happen? That Wang Fan went to the Wu family? "

"There is no such thing." The guard replied, "Wang Fan came to the city an hour ago. Wu Hai is the Wu family who just came back. They are not together."

Boom!

The words made the minds of the elders of the Shen family roar and blank.

Wu Hai returned to the Wu family, but did not come to the Shen family. Wang Fan went into the city openly, which was already obvious.

Shen WangLun, something happened!

"Well, you go down." Shen Hong weakly waved his hand, and then the guard immediately went back respectfully.

The senior members of the Shen family have also begun to discuss how to face the anger of the Wu family.

In this case, Wu Hai obviously knows about Shen Beiyu's setting up the Bureau. With Wu Hai's temperament, Wu Xiao's son was killed, and he will never swallow his anger.

They have to think about how to deal with Wu Hai.

If Shen WangLun didn't have an accident, the Shen family would not have been afraid of the Wu family. But now that Shen WangLun has an accident, their Shen family is slightly inferior to the Wu family.

Shen Beiyu's mind is also a bang, a heart sink to the bottom.

Father, what happened?

A Wang Fan, have so great ability?

When Shen Beiyu thinks about this, Wang Fan has entered an inn and found a room to live in.

Chapter 1456

As it was late when Wang Fan entered ink city, he had to find a place to live and make plans tomorrow.

Fortunately, Wang Fan got some silver from the dead Wu Xiao and others, otherwise he really couldn't even get the money to live in the shop.

The currency of Yuanmen is different from that of the outside. In this case, gold, silver and copper coins are used. The 100 yuan banknote on him is not useful at all.

After Wang Fan entered the room, he did not rest, but sat cross legged and began to practice.

As soon as he stepped into Yuanmen, he encountered this kind of thing and was almost killed, which made him understand the importance of strength and the cruelty of Yuanmen.

Only by constantly improving his strength and becoming stronger, can he survive and find Nie Tianlang to avenge his dead brother.

Otherwise, he didn't even see Nie Tianlang's face and died in other people's hands. Isn't that too ridiculous?

He wants to be strong, he wants strength!

Night gradually into the deep, dark as ink, the ink city in the middle of the night appears incomparably quiet, no longer the noise of the day, quiet to the extreme.

Some moment -

whoosh!

Accompanied by a slight sound of the wind, I saw outside the inn, a hidden shadow under the black cape, quickly ran towards the inn.

These people are well-trained and have a sharp breath. They are all good hands at first sight.

There are 20 of them. Their strength is from the seventh floor to the eighth floor. They are very powerful with bows and arrows on their backs.

The leader of the team was a short old man. He didn't carry a bow and arrow, but grasped a dust. His eyes were very gloomy.

After this group of people appeared in the inn, immediately there was a young man in his twenties who ran out respectfully.

He quickly ran to the old man and his party, and bowed slightly to the old man, "three elders."

"Yes." The old man nodded, and then asked, "is that Wang Fan still in there? Has he had a rest? Is there anything unusual?"

"He's still in the room, and the lights are off. I think it's time to rest." The boy replied respectfully.

"Well, you go down." The old man waved his hand, and the boy immediately stepped back. But he did not return to the inn, but away from the inn.

Obviously, he knew what was going to happen next.

"Move gently, don't be noticed by him. As long as you are close to his room, you will shoot an arrow immediately and kill with thunder."

The old man stares at the second floor where Wang fan is. There is a cold light in his eyes. Then he immediately bites his teeth and gives the order.

"Yes The twenty men answered the order in a low voice, then immediately dispersed and ran into the inn.

They move very fast, just like ghosts. They step on the ground without making any sound.

These are the people of the Shen family.

After much deliberation, they decided to take Wang fan out of spite before dealing with the anger of the Wu family. So he sent twenty elite men, led by the three elders, to Wang Fan's Inn.

As for the former boy, he was also a member of the Shen family, but he disguised himself as a boy and was responsible for keeping an eye on Wang Fan.

As for the innkeeper, in the face of the strength of the Shen family, he didn't dare to say anything at all. He had already left the inn in fright and dodged.

Soon, the party had stepped into the second floor and was close to Wang Fan's room.

When they were more than ten meters away from Wang Fan's room, they stopped. They spread out and surrounded the room in a fan-shaped shape. They bent, bowed, drew swords, bowed and pointed sharp arrows at Wang Fan's room.

Moreover, their bows were not only armed with one arrow, but also armed with three or twenty arrows per person, that is to say, they were armed with sixty arrows.

Sixty arrows were fired at the same time. I'm afraid that the narrow room would be full of holes in an instant. Wang Fan, who was in it, would have to be killed by random arrows. He didn't have the escape position at all.

In the air, the breath of killing is blooming, and the killing is very fierce.

The Shen family and the leader came forward with a gloomy face. "Boy, you dare to kill my master Shen WangLun and fight against my Shen family. You asked for it yourself!"

With a big wave of his hand, he said, "let go!"

With the release of the word, 60 arrows shot out in an instant, shaking the air and shooting madly towards Wang Fan's room.

It's killing!

Just in an instant, those arrows had already shot into the room and disappeared.

In a short moment, the whole room had been shot full of holes, which was terrible.

It's just strange that there was no sound in the room, let alone a scream, and even a cry of pain didn't come out.

"You, go in and have a look." The old Shen family pointed to one of them and ordered.

"Yes Without hesitation, the man immediately got up and ran towards the room. When he ran to the door of the room, the screen sucked the condensation gas and stepped out with one foot. The door, which was already full of holes, was smashed with one foot, and the wooden door turned into sawdust and broke away, flying around.

At the same time, the scene in the room is clearly displayed in his sight.

"No one?" The man looked at the room, his eyes were fixed, and he couldn't help exclaiming.

I saw that there was no one in the room, even the bed was empty, only the arrows nailed to the walls, floors, tables and chairs were still buzzing.

"What, nobody?" The elder Shen's face changed, his figure flashed, and he ran into the room in an instant.

Unfortunately, as the subordinate said, the room was really empty.

"What's the matter? How can there be no one? Did Shen Yun betray us? Or does that Wang Fan have noticed? "

Shen's parents' faces are changing wildly. They are hard to accept.

How can he accept the fact that he has not even seen Wang Fan's shadow?

As for Shen Yun in his mouth, he was the one who was far away from him.

Creak

just when the elder Shen family was gloomy and could not accept the scene, a door suddenly opened behind them. Then, with a figure stepping out, a banter voice came out slowly.

"Are you looking for me?"

Listening to this voice, the elite of the Shen family all turned pale.

Shua, Shua, Shua!

They couldn't help but look back in a moment of shock and immediately saw the joking Wang Fan.

"Wang Fan?"

"Wang Fan!"

The elder of Shen family and the elite couldn't help exclaiming. They didn't expect that Wang Fan came out of the room behind them.

"Wang Fan, aren't you in this room? Why did you come to that room? Did Shen Yun betray me?"

Shen's parents couldn't accept it for a moment, so they questioned him.

Wang Fan listened to this, couldn't help laughing, "how, I didn't in that room, you are very disappointed?"

He whispered, "Shen Yun, Shen Yun, in this way, you must be Shen family."

At this time, the elder of the Shen family couldn't help drinking, "start, kill him!"

"Kill, kill, kill!"

With the sound, the 20 elites turned back and pointed at Wang Fan with bows and arrows

Chapter 1457

"An elder who has just stepped into the ninth floor of tuofan, eight of them are tuofan, eight of them are tuofan, twelve of them are tuofan, seven of them are tuofan. It seems that you Shen family are determined to let Wang Fan die. "

Wang Fan said with a sneer, his body flashing, and directly killed the 20 elite.

Although Wang Fan was practicing before, he didn't completely relax his vigilance, and his mental strength was always on the outside.

When these people were 100 meters close to the inn, he had already noticed it, and then sneaked into the opposite room.

Be careful, there is no big mistake. He wants to see if these people are here for him.

His guess turned out to be right.

At the moment, Wang Fan looked at the other side of this powerful lineup, the heart is simply extremely angry.

Wang Fan and the Shen family have no grievances or grudges, but the Shen family wants his life several times. It's really deceiving.

Wang Fan hasn't taken revenge on the Shen family yet. The elite of the Shen family has sent the elite to come here, which makes him unbearable.

Wang Fan step out, figure like the wind, instantly approached the archers.

Whoosh!

Two arrows pierced the air, raised a buzzing sound, whistling, Wang Fan jumped to hide, the two arrows, instantly flew close to his body, stabbed into the room behind him.

"To you Shen family, Wang Fan has endured it again and again, but you are not willing to forgive me. Don't blame Wang Fan for being impolite."

Wang Fan said with a sneer and stepped out.

The fury swept away and swept towards the two young men who shot arrows at him.

The two young people felt the terrible power raised by Wang Fan, and their faces changed greatly. At this time, they didn't have time to shoot again, they could only retreat madly.

But where can they have time? One of them is in the seventh floor, and the other is in the eighth floor. Now, Wang Fan, who is in the ninth floor, can't avoid it.

Bang bang!

Two sounds, Wang Fan's toes over their chest, directly kick them up, fly upside down, blood gushing.

Whew!

Another two arrows came to his face. This time, Wang Fan didn't dodge. Instead, he caught the two arrows with congenital vigorous Qi on his hands.

The archers were afraid that Wang Fan could evade the arrows and kick the two companions.

But now, when they saw that Wang Fan wanted to catch an arrow with his bare hands, they were stunned at first, followed by great joy, with crazy and ferocious expression.

Each of them has seven or eight levels of strength. Their own strength plus the power of bowing, and the power of shooting arrows is also extremely fierce, with the strength reaching at least several thousand jin.

Even if Wang Fan's strength has reached the Ninth level, now he even tries to grasp the arrow with his bare hands. That's death.

Come on!

It's just that their eyes soon froze.

Wang Fan's hands actually grasped the arrow. After the arrow was caught, he just rubbed Wang Fan's arm forward for a few centimeters, and then he completely stabilized, and never moved again.

"Stabbing people in the back, you are really villains. Don't you like archery? I'll let you taste what it's like to be shot by your own arrows. "

Wang Fan said, his hands suddenly waved!

Whoosh!

The two arrows suddenly turned back, set off the power of terror, and shot at their master.

The two men's faces changed greatly and tried to escape, but they couldn't escape at all.

The speed of Wang Fan's single handed arrow is not slower than that of their bow. It's unbelievable.

Hiss!

Two voices came out, two arrows stabbed into their master's body, and severe pain came. Both of them could not help but scream.

"Two more, including you, and seventeen more, you are vulnerable." Wang Fan looked at the elder of the Shen family with disdain and arrogance!

Elder Shen's face suddenly changed when he looked at the four people who fell down in a flash.

He has now basically determined that Shen WangLun is mostly planted in Wang Fan's hands.

With the strength that Wang Fan shows at the moment, where is what to break away from the ordinary eight layers?

This is the ninth floor, and it's not the ordinary ninth floor!

Shen Beiyu, that slut, has hurt so many of them because of her wrong judgment!

"Together, kill him! Now that he's close, don't use bow and arrow any more. Fight for strength and kill him! "

The elder of Shen family roared wildly, but when he ordered the sixteen subordinates to kill Wang Fan, he began to retreat.

The sixteen people listen to the words of the Shen family elder, abandon bow and draw arrow one after another, and rush to Wang Fan madly, killing!

The arrows in their hands can be used for long-range attack and close combat, and their power is quite amazing.

Sixteen people together to fight Wang Fan, looks very spectacular, the air is full of Xiao Sha breath. "Waste is waste. As an elder of the Shen family, you don't set an example. Instead of rushing in front of me and bringing people to kill me, you step back. Aren't you afraid of your subordinates' coldness?"

"Why, is it because I'm so powerful that I'm afraid I'll hurt you or kill you, so you're going to die?"

"Is that how you Shen family treat the people below?"

Wang Fan's face remained unchanged in the face of 16 people's fighting. He looked coldly at the elder of the Shen family and killed him every word.

Every word of him was like a sharp sword. It hit the heart of the sixteen guards accurately, which made their faces slightly changed, their steps slightly stopped, and even their momentum weakened.

Although they also know that Wang fan is deliberately attacking their morale, what Wang Fan said is true.

At the critical moment, the three elders, as leaders, chose to retreat instead of fighting with them. It's really chilling.

Shen's old face also changed, and he secretly scolded Wang Fan for his cunning.

But what Wang Fan said was true, and he was really unwilling to rush ahead, so he couldn't find words to refute.

At this time, Wang Fan had already intersected with several elite short soldiers of the Shen family, and

gang Lei Quan spread out, setting off a terrible momentum and bombarding them.

The violent force swept over, and the three men were immediately blasted out.

Wang Fan swept out with one leg again, stirring up the overwhelming force of Qi, setting off an unparalleled power, sweeping over the five people, and the five people were swept out.

In an instant, eight people fell down again.

Sixteen, eight.

Originally, it was not so easy for Wang Fan to upset so many people, but on the one hand, they were afraid of Wang Fan, and on the other hand, Wang Fan's words scattered their momentum, which made it so easy.

The other eight people looked at the scene, their faces changed greatly, the remaining momentum was even more exhausted, and their fear was even worse.

Wang Fan looked at them coldly, "Shen family is not benevolent. Why do you need handouts? Wang fan is not a murderer. As long as you leave now and rebel against the Shen family, I can leave you alone. "

Listening to this, the eight people stopped for a moment and began to think hesitantly. At this time, Wang Fan had already stepped to the elder Shen family.

The elder of the Shen family saw that the eight people were really excited. He was even more angry. He couldn't help but burst out in a rage, "betray the Shen family? I see who dares! Who dares to run away today? The clan rules will serve you

The eight people listen to this words, originally hesitant heart, instant firm down, they deeply looked at Wang Fan, no hesitation, flash left here.

Even those who are not seriously injured and have the power of action are forced to bear the sting to get up and leave.

"Beast Looking at this scene, the elder of the Shen family was so angry that almost no old blood came out.

Wang Fan secretly scolded an idiot, raised his feet and slowly approached the elder of the Shen family.

Chapter 1458

"What do you want to do? I'm the third elder of the Shen family. My Shen family is one of the three masters of ink city. "

"If you dare to move me, you will be wanted by the whole Shen family. The ink city is thousands of miles

away, and there will be no place for you again!"

The three elders of Shen family saw Wang Fan approaching step by step, and his face changed greatly. He couldn't help but threaten with a crazy exit. He also began to retreat step by step, and his heart was full of fear.

The strength of more than 20 elite bodyguards who broke away from Wang Fan was so strong, but even so, they were all beaten by Wang Fan, which made him have no courage to fight with Wang Fan.

"It's an idiot." Wang Fan listens to this words, the sarcasm in the eyes is more serious, "don't I move you, won't be wanted by your Shen family?"

"I have nothing to do with your Shen family, but your Shen family wants to kill me several times. Can't I just let you kill me, but can't fight back?"

He pointed to the elder of the Shen family, "since you are going to kill me, I don't have to worry. You are really ridiculous."

Wang Fan says, the footstep suddenly strides, the air of the Ling lie blooms, the whole person instantly rushed to elder Shen.

"Back up!" Shen Chang's face changed wildly. Without any hesitation, he began to retreat madly.

Wang fan is too terrible, he did not grasp the war, war, only death!

"Want to go? Is it possible? The guards of the Shen family, Wang Fan, can not move, but you, the elder of the Shen family, must die! "

Wang Fan looked at Shen Changlao's crazy voice, with a cold smile. His right palm spread out and his index finger pointed out.

Whoa!

A fierce and unparalleled finger storm came, directly pierced the air and stabbed the elder Shen family.

The three elders of the Shen family's face changed wildly. They didn't even turn their head back. They clenched their right fist, and it was a blow.

The fury of Qi rips open and stirs on the finger wind. With two hisses, the finger wind has been blown away and annihilated with heaven and earth.

Wang Fan didn't care too much about this scene. After all, the finger wind was just played by him at will. It couldn't have much power. He was just playing with the elder of Shen family.

Shen's parents smashed Wang Fan's fingers with one blow. He was also slightly stunned. He could not help but pause. But just for a moment, Wang Fan was like an eagle, flashing behind him in an instant.

"Gang Lei Quan!" The cold and heartless voice came out of Wang Fan's mouth. He clenched his right fist in an instant. As his energy surged up, the power of thunder also flashed.

Above his fist, the space hissed and trembled, and the power of the thunder was even more like small creeping snakes, which made people tremble.

Wang Fan condenses the gang thunder fist well, does not have half minute hesitation, a fist blows.

The sound of Puchi came. In an instant, it seemed that the world would change color.

His fist seemed to split the air, and his vigorous and unparalleled Qi sent out, hitting elder Shen on the back!

"Meteorite boxing!" The three elders of the Shen family also changed their faces and roared wildly. They could not run away any more. They suddenly turned around, turned back and punched. They directly used their martial arts to fight Wang Fan's gang Lei fist.

In this case, if he still ran away, he would only let ganglei fist fall on him and become more passive.

He can't avoid it, he can only shake it!

Two fists mingled with crazy crack unparalleled gas strength, in the air mercilessly collide!

Boom!

A deafening sound came, and the fury turned into a wave like ripple in an instant, raging around.

Shen's parents only felt a pain in their arms. At the same time, a mouthful of blood essence gushed out of their mouth, and the whole person was blown upside down.

While he was flying upside down, the whole arm was dragging down, as if there was only a layer of flesh left, but there was no blood oozing.

"Elder Shen, that's all. No wonder you have to step back and let your subordinates die. It turns out that you are just rubbish. "

Wang Fan said indifferently, stepping forward and approaching the elder of Shen family again.

Just now, he realized that the elder of Shen family was far from his opponent.

Although Shen's father is the ninth floor inside the yuan gate, which is much stronger than the ninth

floor outside, he is still vulnerable to Wang Fan.

Wang fan is able to crush him.

"I give up. I give up. I can give you whatever you want."

Elder Shen saw Wang Fan coming, especially his cold and heartless eyes. The last trace of fighting courage in his heart was scattered, leaving only fear.

It's terrible. It's terrible!

Wang Fan has such strength when he is young, which makes his scalp numb.

Although he is over sixty years old, he doesn't want to die. He doesn't want to die!

"Give up?" But Wang Fan laughed, "are we fighting? What about giving up

He was very disdainful, "you lead people all the way to kill me, want to put me to death, if I don't have the strength, I'm afraid I have no bones left?" "Now you find that your strength is not as good as mine, and you are going to be killed by me, but you start to admit defeat. Isn't that ridiculous? Or do you regard me as an idiot? "

Wang Fan disdains to say, the moment approaches Shen family elder, another Gang thunder fist blows out.

The thundering sound resounds and sets off a roaring sound. Wang Fan's fist falls heavily on the Shen family elder.

Boom!

With a loud noise, the elder of Shen family was blasted out. The violent force, like a wild beast, rushed directly into his body and began to ravage.

In a short moment, his meridians and bones had been destroyed, completely reduced to a useless person.

"Wang fan is not a bad talker. He always likes to repay good for bad. Since you admit defeat, I will spare your life."

"Go away. The farther you go, the better. Go back and tell Shen's family and Shen Beiyu in an instant. I, Wang Fan, will remember this scene. Sooner or later, I will visit in person."

Wang Fan said with a sneer and left here.

Sometimes, killing is not the ultimate means, so he didn't kill the elder of Shen family.

"You are so cruel!" The Shen family elder looked at Wang Fan's back, and his eyes flashed with extreme resentment.

It's useless. It's useless!

Without strength, he will no longer be able to be superior. He can only grovel and let others bully him.

In the cannibal world of Yuanmen, to lose strength is to lose everything. Wang Fan's move is worse than killing him.

When Wang Fan left the inn, outside the ink city, a young man rode a horse into the ink city.

Young people are not very old. They are in their thirties. They look lonely and proud in their eyes. Their heads are also raised high. They seem not to care much about everything.

He was wearing a purple robe with a big "pole" embroidered on the left waist of the robe.

Obviously, this man is a disciple of jijianmen.

After entering the ink city, he just glanced slightly, then stepped on the horse and ran towards the Shen family.

He is Gong Hao, the disciple outside the gate of Jijian, whom Shen Beiyu colluded with!

Chapter 1459

In the early morning, the sun was rising, and the gate of Wu's castle was slowly opened. Then, Wu Hai, the owner of the house, and the elders, led by several ten guards, came out.

Each of these guards is from the seventh floor to the eighth floor. Their breath is long and their eyes are as sharp as eagles.

Every one of them exudes a strong smell of blood. The violent smell of blood can be felt by people even far away, which makes people shudder.

Wu Hai, the leader of the family, was even more gloomy and had a chance to kill.

They are planning to go to the Shen family to give an account. If the Shen family can't give an account to him, don't blame him. The Wu family turned over and went to war directly.

Shen Beiyu designs to kill his son Wu Xiao, and Shen WangLun almost kills Wu Hai. How can Wu Hai swallow this tone?

Even now that Shen WangLun is dead, Wu Hai can't swallow his breath.

What's more, it's related to the token of jijianmen factotum disciple sent by his Wu family.

"Oh, my God, that's the Wu family. It's early in the morning. The head of the Wu family leads the people to go out. What's the purpose of this?"

"It's terrible. It seems that they are going to kill. Who are they going to kill? Is that Wang Fan?"

"The leader of the family, Wu Haiqin, led his own team, together with all the elders of the Wu family and 60 guards with a strong breath. Is that too inspiring?"

The crowd around looked at the scene and were shocked. They could not help talking while they were far away.

Early in the morning, as one of the three masters of the ink city, the Wu family actually sent out so many people, which is really shocking.

Wu Hai and his party did not pay attention to the shock of the people, all the way forward, straight to the Shen family.

Along the way, all the people scattered to get out of the way. Even the vendors who just wanted to set up stalls quickly closed the stalls and let them go. They were afraid that they would offend these people.

One hour later, Wu Hai led the crowd to the outside of Shen's castle.

The guards, who were guarding outside the old castle of Shen family, looked at the fierce and murderous Wu Hai people. They didn't dare to ask, so they fled to the manor and began to report.

Wu Hai, on the other hand, kicked open the door of the Shen family and drove straight in.

Wu Hai was obviously familiar with the old castle of Shen family. He went all the way to the inner courtyard.

Along the way, most of the Shen family guards gave way one after another. Occasionally, a few who didn't give way were slapped aside by Wu Hai before they could speak. They didn't even have a chance to speak.

Shen Hong, the elder of the Shen family, got the news, quickly gathered dozens of people, rushed out and stopped Wu Hai and his party in the inner courtyard.

Shen Hong looked at all the people in Wu Hai. His eyes were cold at first, and then he asked calmly, "Master Wu, I don't know why you came to our Shen family in the early morning? Is there something wrong with the Shen family? "

Under normal circumstances, Shen Hong would never have been so calm if Wu Hai led people to come.

But now, the situation is different.

Because the Shen family welcomed a distinguished guest last night, who was not afraid of the Wu family in terms of strength and status.

"For nothing, I just want to see my daughter-in-law Xiaoyu, and by the way, something." Wu Hai said coldly.

When talking, his eyelids can't help jumping. Shen Hong's performance is abnormal.

It is reasonable to say that Shen WangLun is dead. The Shen family should not be so calm when facing the Wu family. After all, Wu Hai is a strong man in the middle of the world, and no one in the Shen family is a rival.

He didn't think much about the death of his son Wu Xiao and the token of jijianmen factitious disciple they gave up.

Today, the Shen family must give an account to the Wu family. If they don't hand over the token, if they don't submit, don't blame the Wu family's cavalry for destroying the Shen family.

"I'm sorry, miss is resting and hasn't got up yet. Would you like to wait for a moment and wait for her to wake up?" Shen Hong's tone is still calm, if there is a meaningful way back.

"Just a moment?" As soon as Wu Hai's face changed, he couldn't help sneering, "Shen Beiyu is really a big shelf. He asked me to wait for a moment."

"Even Shen WangLun is not qualified to ask Wu Hai to wait for a moment, is he? You tell her to come out at once, I don't have time to wait for her that moment! "

Wu Hai was really angry. He brought people here in a fierce manner early in the morning just to seek justice.

Shen Beiyu is so good that he is sleeping. He even asks Wu Hai to wait for a moment. It's just unreasonable.

Shen Hong was in a dilemma. He pointed to a room behind him and said, "I'm sorry, I don't dare to disturb the young lady's rest. Would you like to go in person? She's in there. "

As soon as these words came out, Wu Hai's face immediately changed.

Shen Hong, what does that mean? Is there a trap in that wing room, or is there a conspiracy?

Otherwise, as Shen Hong is the elder of the Shen family, Wu Haicai doesn't believe him. Even Shen Beiyu doesn't dare to shout. However, although Wu Hai felt that something was wrong, he did not flinch. Under such circumstances, how could he weaken his momentum.

He pointed to one of the eight level guards behind him and ordered, "go and call Miss Shen out."

"Yes The man promised and immediately ran to Shen Beiyu's living room.

Only then did he run to the door of the wing room. Before he could reach out and knock on the door, he suddenly --

"get out of here!" A rolling word came out of the wing room without any sign. Then, with a bang, the door burst instantly, and a violent force blew directly on the man.

Whoa!

He spewed out a mouthful of blood. Even if he was blown out, he flew tens of meters away and fell to the ground. He choked a few times, and then he had no life.

Looking at this scene, in an instant, the whole audience was silent.

Wu Hai and all the people behind him suddenly contracted their pupils.

Who is living in the wing room? How can it be so powerful and violent? Kill the eight level guard easily?

Only Shen Hong's expression was playful, as if all this had been expected.

"Archer, set up, prepare to attack!" Wu Hai's eyelids flicked slightly, and soon returned to normal. He said to the guard behind him.

In a flash, twenty guards were separated and fanned out, bowing and arrow pointing at the wing room.

"You're so brave. If you dare to disturb me to sleep, you're looking for death!"

At the moment when the archers of the Wu family are ready, a cold cry suddenly comes out from the wing room. Then, a young man in purple clothes, pulling Shen Beiyu, who is not well dressed, walks out slowly.

The young man's face was cold and twisted, with a strong sense of killing in his eyes.

He didn't look at those ready archers at all, as if those archers were the air, the cold eyes, but directly swept to Wu Hai.

Beside the young man, Shen Beiyu was holding his hand tightly, and half of his body was close to his body. His face was red and looked like a little girl.

Rao is Wu Haihan. No matter how good he is, seeing this scene, he almost burst out with anger!

"You're shameless, bitch!"

Chapter 1460

Wu Hai is really angry, only feel the brain boom, instant blank.

Shen Beiyu, who was his daughter-in-law of the Wu family, now walked out of the wing room with a strange man, his clothes were not neat and his face was red. How could he not be mad?

Even if his son Wu Xiao is dead, but after all, the engagement has not been lifted. Shen Beiyu's behavior is the biggest insult to his Wu family!

In his anger, Wu Hai even ignores Gong Hao beside Shen Beiyu and the clothes of his disciples.

Gong Hao listened to Wu Hai's words, but his face changed instantly. He looked at Wu Hai coldly and said darkly, "old man, who do you mean to be shameless? Do you have the guts to say one more word to me?"

When Shen Beiyu is with him, Wu Hai says that Shen Beiyu is shameless. How can Gong Hao accept it?

"You're a beast, too. Are you not ashamed to hook up with someone else's fiancée? Dog men and women! You dogs and men

Wu Hai was furious. He pointed at Gong Hao and began to shout. He yelled at the ready Archer, "shoot them, kill them!"

At the command, the air vibrated.

Whew, whew, whew!

Countless arrows fly through the air, rolling up the boundless and violent Qi force, tearing the air, directly and madly stabbing Gong Hao and Shen Beiyu.

"To die!" Gong Hao's eyes are cold, and his breath is blooming wildly. He holds Shen Beiyu in one hand and flies directly into the air, then the other hand swings hard!

Boom!

The boundless and violent force of Qi rolled back and surged on the arrows like the roar of mountains and seas. The arrows immediately reversed their direction and stabbed back at their masters.

Hiss, hiss, hiss!

Countless sounds came out, and the 20 archers, even without a chance to react, were stabbed by their own arrows, killed with one arrow, and completely lost their life.

When Gong Hao raised his hand, twenty strong men who had broken away from the ordinary seven or eight levels were killed. They were extremely strong.

Quiet!

Dead quiet!

The whole audience was quiet for a moment, only the faint wind beat the earlobes of the people.

Wu Hai is also a facial expression a smoke, instantly wake up, scalp numbness.

Shen family, when did such a strong man appear? Why didn't Wu Hai know?

He looked at the 20 elite Wu family members who fell down in an instant. His heart was cold and heartache.

Wu Hai slowly looked up at Gong Hao. Then he noticed Gong Hao's clothes. His pupils suddenly shrank slightly. "Are you a disciple of the extreme sword gate?"

He finally understood that Shen Beiyu had colluded with a disciple of jijianmen. No wonder Shen Honggang was so calm when he faced him.

At the same time, Wu Hai has also realized that Shen Beiyu must have colluded with Gong Hao when he signed up at jijianmen.

Otherwise, how can Shen Beiyu, who has never left ink city, know Gong hao?

Think of here, Wu Hai is more angry!

He finally understood why Shen Beiyu designed to kill Wu Xiao. It turns out that this bitch has found a stronger man.

What's more ridiculous is that all this is due to the token given by the Wu family as a disciple of jijianmen.

Without the token, Shen Beiyu would not have signed up, known Gong Hao, and his son Wu Xiao would not have died.

"You're right. I'm Gong Hao. I'm really a disciple of Jijianmen. I don't care what relationship Xiaoyu had with you before. I only know that now, she is Gong Hao's woman. "

"And you dare to insult my woman and bring people to my woman's family to look for trouble. You are looking for death!"

Gong Hao said coldly, the momentum of the strong man in the earth suddenly bloomed, stepped out, and rushed directly toward Wu Hai.

"You are Gong Hao's woman? Ha ha, good, good! " Wu Hai laughed wildly, but he didn't retreat. He pointed to Shen Beiyu crazily, and his face was sinister.

"This Slut attached to you can kill my son Wu Xiao viciously. If she attached to other more powerful men, she can also kill you."

Wu Hai roared, and his whole body was full of aura. His eyes flashed with madness, and he attacked Gong Hao crazily.

Naturally, he can feel that Gong Hao is a strong man in the earth. But what can a strong man do? Can he bully people at will?

What's more, even if he wants to go, he can't go. It's better to fight to death.

Even if Wu Hai died, he would tear off a piece of meat from Gong Hao.

"Master, no!"

"Is it crazy to burn blood essence?"

"No!"

Looking at Wu Hai's crazy eyes and feeling the powerful momentum suddenly emanating from Wu Hai, Shen and Wu's faces changed greatly.

Wu Hai wants to burn blood essence unexpectedly, is this not fatal?

Burning blood essence can improve strength in a short time, but the cost is too big. Severe is direct death, light is seriously maimed. No one thought that Wu Hai would meet Gong Hao in such a nearly self-injurious way.

"Burning blood essence? Waste is waste. Even if you burn blood essence, in front of Gong Hao, it's still waste. "

"It's not up to you to tell me how Gong Hao's woman is and what will happen in the future. If your son

Wu Xiao is killed by her, you can only say that your son Wu Xiao is a waste!"

Gong Hao said indifferently and drew his sword to Wu Hai.

Although his tone was disdainful, his heart was still heavy.

In the face of burning blood essence of Wu Hai, he dare not hold big, can only draw a sword.

The long sword splits out, the bright light flickers, and the sword spirit overflows.

The sword Qi, which is like the lightning of Jinghong, carries the power of thunder and cuts to Wuhai. Under the split of the sword Qi, it seems that the whole space will be divided into two, which is extremely terrifying.

Wu Hai is not afraid, a point out, the same collapse!

Boom!

The loud noise came out, and the two violent forces collided and overflowed.

Under the fury, whether Shen Hong or elder Wu's elite, they all began to retreat.

This spirit is really terrible. If they don't stay away, they will be affected and injured.

Kaka's voice resounded, and the ground and walls were torn by the fury, and the tiles were flying.

Wu Hai spewed out a mouthful of blood and fell behind him. His body hit several people, and then he landed slowly. His breath was weak and he was dying.

Even if he burned his blood essence, he couldn't compete with Gong Hao, the disciple outside the gate of Jijian.

After all, he burned blood essence, strength just barely reached the ground, and Gong Hao, is a real strong ground.

Gong Hao was also kicked back more than ten steps, his face was pale, and his mouth overflowed with blood.

In particular, on his left chest, there is a finger thick wound, the red blood is flowing out slowly along the wound, shocking.

Obviously, he was also injured, but he was much better than Wu Hai.

"Waste, you hurt me. Gong Hao, I want you to die! Not only you, but also the whole Wu family

Gong Hao felt the injury and pain on his body. His anger expanded and his killing became more intense!

Gong Hao was injured. He was still injured in the tiny area of ink city. He was injured in the hands of Wu Hai, a waste he looked down upon. It was just unacceptable.

However, just before Gong Hao planned to fight again, he killed Wu Hai by thunder. Suddenly, there was a loud bang, and then an angry voice came in.

"Shen Beiyu, you bitch, dare to steal other men behind my back. I'm going to kill you!"

Listening to Wang Fan's words, everyone at the scene turned pale.

Gong Hao's face is cold and gloomy, and Shen Beiyu's eyes also show a strong killing intention: Wang Fan!
