

## **Mighty Sk 1471**

### **Chapter 1471**

Wang Fan looked at the greedy eyes of those around him, and at the indifferent old man, with a sneer in his heart.

Sure enough, there are struggles and hidden rules everywhere.

The other disciples around showed this kind of expression. They wanted to snatch the 100 spirit stones in his hands.

And the elder who was responsible for distributing the spirit stone clearly saw this scene, but he didn't see it. Obviously, he didn't mind it.

Wang Fan didn't believe it. Most of the reason why the clan allowed robbery was that Wang Fan was just a servant disciple with low status. The clan didn't care about this kind of fight.

Little man, it's really sad.

Wang Fan thought so in his heart, but he had already left here.

He didn't ask the old man for help, and he didn't delay leaving, because that would only make people look down on him.

Wang Fan walked down the mountain and soon came to a secluded place. At this time, the following youths could no longer bear it and flashed directly in front of Wang Fan.

"From the outside, hand over the hundred spirit stones in your hand and roll!" One of the young people who took off the ninth floor looked at Wang Fan and said coldly.

At the moment of speaking, the cold light in his eyes twinkled, which meant that Wang Fan didn't agree and immediately took action.

There were three other people with the young man. Although they did not speak, they surrounded Wang Fan in a triangle to prevent him from escaping.

If only one person takes off the ninth floor and three take off the eighth floor, he dares to stop himself and rob his own spirit stone. He is looking for death.

Wang Fan sneered in his heart. On the surface, he was still, but slightly dull and asked, "this is the spirit stone given to me by zongmen. Why should I give it to you?"

"Are you not afraid to be punished by the sect when you rob my resources so openly?"

Listening to these words, not only the four young people in front of us burst into laughter, but also a few of the fellow soldiers nearby.

It's just a servant disciple. Does the clan care? People don't care.

No matter Wang fan or them, as long as they don't die, the clan won't care.

Factotum disciple factotum disciple, in the sect, that is cannon fodder. Who cares?

"Ha ha, punishment? Boy, you are so naive. What are you, zongmen will punish me for you? "

"On the count of three, if you haven't offered the stone, don't blame me for being rude!"

The young man's tone was even colder. "Although there is a rule in the sect that it is not allowed to kill the disciples of the same clan, it can abolish your cultivation, but there is no problem."

"One!"

The young man said coldly and began to count. At the same time, the other three also began to gather momentum.

"Oh, so it is." Wang Fan didn't care about the youth's counting, but couldn't help laughing, "so, if I abolish your cultivation, the clan won't take care of it?"

"Two!"

On the count of two, the young man listened to Wang Fan's words and couldn't help laughing, but there was no half smile in his eyes, and there was only a strong killing.

"Of course, if you have the strength to abolish my cultivation, the clan will not be in charge of it. Boy, it seems that you don't intend to hand over the spirit stone. In this case, it's a pity. "

The young man said here. Suddenly, with a bang, his momentum soared wildly, and his fierce momentum surged. He directly hit Wang fandan with one blow.

He was extremely resolute and ruthless. He didn't show any mercy. If this blow really hit Wang fandan's field, Wang Fan would be abandoned in all likelihood.

"Everyone can see clearly that he robbed me of the stone first, and I was just forced to defend myself."

Wang Fan's eyes were cold, and he yelled at the onlookers around him. Then he stepped forward slightly, made a fist with his right hand in an instant, and followed him directly.

It's just nine stories away. Wang Fan hasn't paid attention to it, and even disdains to retreat.

With a bang, the fists collided and made a terrible noise. The young man screamed and fell out.

Just when he was flying up, Wang Fan raised his foot and pointed at his Dantian.

Wang Fan has never been a good talker. Since the other party is going to abolish his cultivation, don't blame him for abolishing his cultivation.

With a thump and a scream, the young man's momentum was just like a leaking balloon, and then fell on the stone wall in the distance.

There was another boom, and the stone wall fell apart, and there was a dead silence around it.

Everyone's eyes widened, their mouths widened, and their breath was heavy. It seemed that they couldn't believe this scene at all.

That young man is a few ruthless people among the disciples of the factotum. He is almost invincible in the earth. But Wang Fan actually one punch one foot to discard the other party, this is what strength?

Shock!

Dead silence!

As for the other three people, they turned pale and began to tremble with fear. How can they not know that they have kicked the iron plate? And it's the iron in the iron?

I thought that Wang Fan from outside was easy to bully, and it was impossible to have backstage, but who could have thought that Wang Fan's strength was so terrible?

"You, you abandoned me?" The young man who had been abandoned, after he had calmed down, was about to split.

He didn't think that he was abandoned, or was abandoned by the boy from outside, which was hard to accept.

Wang Fan didn't even bother to pay attention to him. He just looked at the other three people who stopped him. "If you don't want to end up like him, hand over the spirit stone and spirit grass and roll."

The three men did not dare to hesitate. They quickly handed over all the Lingshi lingcao on their bodies, and also searched the Lingshi lingcao on the abandoned youth.

"Go away." Wang Fan impatiently waved his hand, they no longer dare to hesitate, fled to leave here.

As for the abandoned youth, they did not even take a look at each other.

If the youth is not abandoned, maybe they are afraid and will take them away together. But now that the youth has been abandoned and is a waste, what else do they care?

People are warm and cold, but that's all.

Wang Fan looked at the three people who disappeared in a moment, and with a disdainful smile, he swept the rest of the people around him coldly, "does anyone want the spirit stone on me? Come on

Arrogant, domineering!

Those people listen to Wang Fan's words, a click in the heart, quickly murmur a smile, bow, fly away from here.

Wang Fan looked at the scene and sneered.

Strength, this is strength. When those people think he has no strength, everyone wants to rob him. Now I see his strength is strong, and I dare not talk nonsense at all. Each one runs faster than the rabbit.

Wang Fan also didn't care about these people, and soon came to the area of miscellaneous service disciples.

Among the 18 peaks of jijianmen, two belong to the disciples of miscellaneous service. These two peaks are on the edge. Compared with the other 16 peaks, the aura of heaven and earth is naturally weaker.

On those huge peaks, there are countless caves for the cultivation and living of the factitious disciples.

Wang Fan ascended one of the great peaks and began to search for the cave.

It took him more than an hour to find a fairly good cave, and then he walked in.

But he didn't find it. Some people around him were shocked when they saw that he had stepped into the cave.

## **Chapter 1472**

"Who is this man who dares to step into elder martial brother Yuan Hong's cultivation cave?"

"Ha ha, there's a good play to watch now. I guess this boy who doesn't know the superiority of heaven and earth will be in bad luck!"

"Isn't that bullshit? No one among the factitious disciples knows that this cave belongs to elder martial brother Yuan Hong. If he dares to step into it, he is looking for death."

"Fortunately, elder martial brother Yuan Hong is not here now, otherwise he would be out of luck now."

Those who saw Wang Fan enter the cave couldn't help talking about it. In addition to horror, schadenfreude appeared in their eyes.

Yuan Hong, the first member of jijianmen's factotum disciple, has already crossed the boundary of escaping from the common world and reached the level of territory.

Strictly speaking, Yuan Hong is no longer a disciple of miscellaneous service, but a disciple of outside school. It's only because the promotion assessment is still one month away, so he hasn't really become a disciple.

Moreover, Yuan Hong is extremely murderous. If he knows that someone dares to invade his cave, he will certainly dare to kill. He will not have too much scruples. Therefore, when they talk about Yuan Hong, they will be shocked.

Wang Fan didn't notice the comments from outsiders. At this time, he had already stepped into the cave.

Inside the cave, the layout is extremely elegant. There are stone tables, stone benches and stone beds.

The stone bench is very delicate, with carved patterns on it, and the stone table also has a kettle. On the bed, there are also sheets and quilts.

"Is this cave still inhabited?" Wang Fan looked at this scene, could not help but Leng for a while, but it is also not concerned.

Because he has made it clear that as long as the door of all the caves above the mountain is open, it means that there is no owner and others can enter the cultivation.

If it is a cave with a master, the door of the cave will be locked and will not be opened, no matter whether there are people in it or not.

Because of this, Wang fan saw that the cave door was open, so he walked in without scruple.

How can Wang Fan know that Yuan Hong is so arrogant that he doesn't think that any of his disciples dare to invade his cave, so even if he leaves, he doesn't close the door and lock the door?

Wang Fan closed the door of the cave, then sat on the bed with his knees crossed, and began to practice.

With his cultivation, the rich aura of heaven and earth came to his face, and immediately formed a milky white whirlpool on his head.

That milky white whirlpool even has the sign of faintly turning into water, frantically flowing towards his

body.

Wang Fan felt this scene and was shocked in an instant. He quickly stopped practicing.

The news was so big that it was beyond his imagination.

And jijianmen is a master, so it's hard to avoid that no one will notice the abnormality and come to investigate.

Sure enough, just as Wang Fan thought of it, a powerful and incomparable spiritual power came over him.

Wang fan is a big child in his heart. He quickly closes his eyes, makes a tiny movement and static practice, pretends to know nothing.

His heart is set off a storm, is this extremely sword door, there are people who know how to use the spirit to explore?

However, he soon figured out that he could find out how to use his mental power to attack and investigate in the secular world. But the yuan door expert like cloud, how possibly fumbles not to come out?

Wang Fan clearly felt that strong mental force swept around for a long time, especially swept around him for several times, and then left quietly.

This man's strength is countless times stronger than Wang Fan's. Wang Fan has no doubt that people can easily hurt him or even kill him with their mental strength.

"It's a terrible mental power. The master of this mental power must be a strong one at the top of the earth, or even a strong one beyond the earth."

"It seems that I have to be more careful in my future cultivation. I must not be targeted by the strong."

Wang Fan murmured to himself, and then continued to practice. However, he did not dare to arouse the spiritual cultivation of heaven and earth like before.

However, Rao is Wang Fan dare not completely open to practice, in the rich aura of heaven and earth nourishment, strength or rub began to soar.

After all, the aura of heaven and earth here is so rich that both quality and quantity can be compared far away.

Just within a few hours, his strength reached the top of the ground level.

Wang Fan felt the surging energy in his body. He was very happy and continued to sprint crazily.

He wants to work hard to cultivate to the second level of the earth.

When Wang Fan was practicing, he didn't know that outside the cave, a man and a woman were embracing him and came slowly.

The man was in his thirties. He was thin and his face was overcast. The eyes of the triangle were cold from time to time. At first sight, he was a very difficult character.

And his breath is very strong, the whole person is like a sword, brilliant, extremely sharp.

When people around him saw this man, they all showed their fear and avoided him far away. They didn't dare to stay on the road in front of him even for a second. But although the man is not very good, even can be said to be extremely ugly, but the woman in his arms, but it is very good.

At the age of twenty-five or twenty-six, he was dressed in a translucent red dress. He was hot and concave convex.

The slender straight legs, the waist of the water snake, a walk, are full of endless amorous feelings.

Combined with her beautiful eyes like peach blossom and her pretty face with a little ruddy color, she was charmed to the extreme.

Those people who were far away from her just looked at the woman and felt a little unbearable and hot.

They all bowed their heads and did not dare to take a second look.

"Elder martial brother Hong, you are good or bad. So many people are watching you." The woman's delicate body was disturbed by the young man's dishonest hands, and her cheeks were ruddy, as if to exude water, youyou said.

Her voice is just like her people, delicate, that crisp voice, it is very unbearable.

"Bad?" Young evil spirit a smile, "I where bad, you rest assured, next, there are even worse."

"As for them?" The young man looked up at the people beside him, "who dares to see you more? I Yuan Hong will send them to hell immediately!"

The young man seemed to confirm his words. As soon as the words fell, his body suddenly flickered out.

Just listen to a bang, a person did not even respond, he had been hit in the head with a punch, directly died on the spot.

This ferocious scene directly made others shiver. They bowed their heads and did not dare to look at the woman any more.

Yuan Hong, who is worthy of being the first disciple of the factotum, is really cruel and cruel.

"Cluck." Looking at this scene, the woman was not afraid. Instead, she couldn't help giggling excitedly. "Elder martial brother Hong, you are so powerful. People like you so much."

As soon as the woman finished, she found something wrong, because Yuan Hong had already let him go, and the two big hands were not making trouble.

Looking up, she immediately saw that Yuan Hong's eyes were cold and staring at the cave in front of her, and her eyes were extremely grim.

"Good, very good. Someone dares to occupy Yuan Hong's cave. Yuan Hong wants to see who is so brave!"

Yuan Hong said with a grim smile, but the people around him felt a sharp chill, as if the whole body was going to be frozen.

### **Chapter 1473**

Feeling the chill on Yuan Hong's body, even the charming woman's face was much less charming, and her expression was more solemn.

She knows that Yuan Hong at this time is the most terrible. Once she dares to offend Yuan Hong at this time, Yuan Hong may even kill her.

But she couldn't figure out who had the courage to occupy Yuan Hong's cave. Was it a long life?

You know, there is no one among them who doesn't know Yuan Hong's bad name. It's a good thing that Yuan Hong doesn't provoke others. Who dares to provoke Yuan Hong?

Yuan Hong was also very angry. He was extremely angry.

The murderous intention crazily spreads from the bottom of his heart. He already wants to tear the man who occupied his cave to pieces.

He didn't expect that someone would dare to occupy his cave when he only went out for a few hours. This is simply beating him in the face and not paying attention to Yuan Hong.

What if he didn't close the stone gate when Yuan Hong went out? Yuan Hong never closed the stone gate when he went out.

Is there any one among the factitious disciples who doesn't know that this cave belongs to Yuan Hong?

Yuan Hong was furious, his whole body was full of cold, and he had walked slowly to the cave.

"People inside, get out of here!"

The roaring sound is like thunder, ringing in this area. People around the earthquake have some eardrum pain.

The coquettish woman, even more in the fury of the sound wave, quickly covered her ears.

"Get out of here!"

"Get out of here!"

"Get out of here!"

These three words are just like being injected with a magic sound. The sound is rolling and reverberating in this area.

Anyone can hear the anger and killing in those three words.

Yuan Hong roared, stirring up the surging aura. His right fist had been raised slowly, and then he burst out, hitting the stone gate fiercely.

The roaring sound resounded, and in an instant, it seemed that the whole earth began to tremble.

Under the fury, all the rocks around have been smashed, and the leaves are beginning to fall and wither.

That cave stone door, is crazy tremor up, but although the tremor is very violent, but it is not broken, not to be blown open.

Whether it's the area of the miscellaneous service disciples, the area of the outer disciples, or the area of the inner disciples, all the stone gates of the cave have been added by the sect elders with great magic power, so they can't be smashed.

In other words, at least Yuan Hong does not have that strength.

The space is quiet, only the trembling sound is still ringing.

But there was no response in the cave.

"Boy, you have the guts to occupy Yuan Hong's cave. Don't you have the guts to get out? I'll give you ten minutes from Yuan Hong. Get out of here now. Otherwise, I will make your life worse than death

Seeing that there was no response in the cave, Yuan Hong could not help but hit the stone gate with a few more punches and cheered.

However, there is still no response in the cave, let alone someone coming out, or even no movement, as if there is no one inside.

People around feel Yuan Hong's great anger, and then look at the silent cave, can't help but despise Wang Fan.

They thought how capable Wang Fan was. He even dared to occupy Yuan Hong's cave. But now it seems that Wang fan is just a coward. He even dares not to come out of the cave or even fart.

But on second thought, they were relieved.

Who is Yuan Hong? That's the first one of the disciples of the miscellaneous service. He's strong in the earth. Who dares to provoke Yuan Hong among the disciples of the miscellaneous service?

They didn't know Wang Fan. Since we don't know each other, it shows that Wang fan is an insignificant figure.

In the face of Yuan Hong's anger, an unimportant figure naturally has to pretend to be a grandson.

However, does Wang Fan think that he can escape Yuan Hong's anger? Obviously not! Can Wang Fan shrink for a day or two in his cave? Can he shrink for ten days and a half months?

"Coward, waste, aren't you very brave? You dare to occupy Yuan Hong's cave. What else dare you come out?"

"Don't make a sound, don't you? Well, I'll wait outside for Yuan Hong. I want to see when you can shrink back! "

Yuan Hong bombarded Shimen several times, then sat on the ground with his knees crossed.

At this time, his anger has soared to the extreme. The feeling that his whole body is full of anger, but there is no place to vent, makes him almost crazy.

Creaking

just as Yuan Hong's words had just fallen and he sat down on his knees, a creaking sound sounded, and the stone gate opened slowly.

Then, a young man with ordinary clothes and cold complexion came out of the cave slowly.

It's Wang Fan.

At this time, Wang Fan's face is a little cold, it is cold to the extreme. He didn't expect that someone would bombard the stone gate of his cave in the process of his cultivation.

You know, it's taboo to be bombarded in the cave on the way of cultivation. If there is no irreconcilable feud between life and death, generally no one will do so.

After all, if the cultivation is in a critical state, if it is disturbed, it is likely to be seriously injured or even become a useless person.

Fortunately, Wang Fan just broke through and was not at a critical moment when the cave gate was bombarded, otherwise the consequences would be unpredictable.

But even so, Wang fan is still very angry.

Yuan Hong and the people around him looked at Wang Fan, who walked out slowly and looked cold. His face changed in an instant.

They did not expect that Wang fan should come out at this time, and that Wang fan should dare to come out!

They did not expect that when Wang Fan came out, he was still so cold and angry.

Is this a war with Yuan Hong?

Wang Fan didn't care about the expressions of the people around him. His eyes just swept at random and locked Yuan Hong in an instant.

"Just now, you were barking outside and bombarding the stone gate of my cave, right? Don't you know that zongmen are not allowed to bombard the stone gate of the cave with violence, and are not allowed to be disturbed in the process of cultivation? "

Wang Fan's tone is extremely cold, "you ignore the rules of the clan. When I practice, you wantonly bombard the stone gate of my cave. You say, what should you do?"

Boom!

Wang Fan's words shocked the whole audience, and even Yuan Hong's face changed.

After Wang Fan came out, even if he didn't apologize, he even dared to question Yuan Hong and speak out of the clan rules. Is this looking for death?

After a brief shock, they could not help but mourn for Wang Fan.

He was just a servant disciple. He dared to oppress Yuan Hong with the clan rules. He was just looking for death.

If Wang fan is an inner disciple or core disciple and is treated like this, maybe the zongmen will really take charge. However, as a disciple of miscellaneous service, zongmen would not pay any attention to him.

Wang Fan's words, in the public ears, that is a joke.

"You said I ignored the clan rules and asked me what I should be guilty of? Ha ha Yuan Hong, who has already stood up, can't help laughing at Wang Fan's words.

But his smile was cold and murderous. "This is the first time that someone dared to question me, Yuan Hong, and what I should be guilty of. I have to say, you are very kind!"

Yuan Hong's violent breath rioted and went to Wang Fan step by step. With each step, his momentum became colder and colder.

"when you occupied Yuan Hong's cave, Yuan Hong didn't even ask to convict you, but you were so good that you convicted me."

"Good, good! Soon, I Yuan Hong will let you know what I Yuan Hong should be guilty of! "

#### **Chapter 1474**

"I occupy your cave?" Wang Fan sneered, "as far as I know, there is a lord's cave, the cave stone gate is to be closed?"

"You didn't close the stone gate of the cave, and there was no one in the cave, which means that the cave has no owner. Since the cave has no owner, why can't I enter the cultivation? How can you occupy your cave? "

Wang Fan's aggressive tone directly ignored Yuan Hong's momentum.

Although he knew that even if Yuan Hong was abolished, the high-level of zongmen could not stand up for him, but he still needed to find a reason to stand.

Wang Fan never bullies others, but if someone dares to bully him, he will also prove that he is not a bully.

"It's ridiculous!" Yuan Hong turned his lips disdainfully, his tone was very arrogant,

"ask these people around, who knows this cave belongs to Yuan Hong? When did Yuan Hong leave the cave and close the stone gate? Ask them again, do they dare to occupy Yuan Hong's cave? "

He pointed to Wang Fan, "what's more, even if what you say is true, even if you are reasonable? I, Yuan Hong, said that if you occupied my cave, you occupied my cave! "

"You don't have to find a reason for yourself any more. Even if you have a reason, do you think that zongmen will give you a chance?"

He waved his fist, "here, strength is everything, no strength, any of your words, are pale!"

Yuan Hong said here, the breath of his body has climbed to the extreme, only to see his steps heavily on the ground, a bang, the whole person directly toward Wang Fan burst in the past!

Just in an instant, Yuan Hong had already rushed to Wang Fan's body, clenched his right fist and shot it out!

In a flash, the stone broke the sky!

Yuan Honggen didn't pay attention to Wang Fan, so he even disdained to use his martial arts.

In his opinion, Wang fan is a mole ant and can be killed at will. His random fist is not what Wang fan can resist at all.

"What a terrible strength. Is Yuan Hong about to reach the second floor of the earth?"

"Oh, my God, I'm the first one who is worthy of being a disciple of miscellaneous service. I'm really abnormal. With his current strength, even among the outside disciples, he is estimated to be very powerful. "

"Ah, it seems that the boy is going to have bad luck. There's no way. He doesn't have eyes. He even dares to occupy Yuan Hong's cave."

People around feel the fury of Yuan Hong's boxing style, but they can't help but talk in astonishment.

The coquettish woman was also excited to cover her mouth and looked at Yuan Hong without blinking.

Although she is only Yuan Hong's plaything, she is now regarded as Yuan Hong's woman. How can she miss her man's great power?

What she likes most is that her men trample their enemies under their feet. Only in that way can she satisfy her ridiculous vanity.

"It's the peak of the earth. No wonder it's so arrogant and arrogant. It's just ridiculous to think that this strength can defeat Wang Fan."

Wang Fan sneered, did not retreat, he suddenly stepped forward, followed by a blow.

He didn't use his martial arts either.

Yuan Hong and Wang Fan also disdain to use their martial arts.

Compared with Yuan Hong's fist's violent strength, Wang Fan's fist is really plain, without half of the fluctuation of strength, which seems to be very common.

"What does he want to do? Does he want to kill himself? He didn't even use his martial arts?"

"Ridiculous. Who does he think he is? He dares to learn from elder martial brother Yuan Hong. I don't know what he is!"

"It seems that this guy knows that his resistance is also dead, so he simply gives up resistance in this way."

"Ah, what a stupid and humble wretch."

Around looking at this scene, first a Leng, followed by a voice again.

At this time, Wang Fan's plain fist had collided with Yuan Hong's fierce iron fist.

Boom!

A loud noise, in an instant, the world seems to change color at this moment.

With a click, a clear and incomparable crisp sound came. Yuan Hong screamed, and immediately he was blown upside down.

His right arm, in the middle of the air, has been inch by inch broken, just like a firecracker placed inside, very shocking.

And his expression, also before arrogant domineering, into a thick shock.

Bang!

Again, Yuan Hong had fallen heavily on the ground, his eyes were shocked, and his face was pale.

Quiet!

Dead quiet!

At this moment, the whole scene, are quirky quiet down, quiet needle can be heard.

Everyone's eyes are staring big, as if in a dream, it is difficult to believe this scene.

Space seems to stagnate at this moment, and time seems to stop at this moment. The coquettish woman crazily rubbed her eyes, as if doubting that she was wrong. It was very funny and ridiculous.

"Ah, you are the cultivation of the earth. You hide your strength. You are mean! I'm going to kill you! "

A moment later, Yuan Hong stood up in a rage, madly agitated the aura in his body, and killed Wang Fan again.

The sharp killing intention seemed to cover the whole surrounding space, making everyone around feel depressed.

Most people's faces turned pale, and even some weak minded people could not help bleeding.

What a terrible killing!

They are shocked!

Yuan Hong is already furious at Wang Fan!

He couldn't stand it at all. He was the first disciple of his own hall. He was defeated by the unknown Wang Fan.

He couldn't believe that the first one of his disciples was not as good as the unknown Wang Fan.

In his mind, the reason why he was defeated and injured was because he despised the enemy and did not use his martial arts.

If he had paid attention to Wang Fan at the beginning and used his martial arts skills, Wang Fan would not have hurt him at all.

"Mean? Hidden strength? " Wang Fan sneered, "did I say that I was not the cultivation of the earth? When did I hide my strength? "

"What's more, you attacked me first. I was just forced to fight back. How can I be mean?"

Wang Fan looked down on Yuan Hong and hit his heart with every word. "Being inferior to others is inferior to others. He didn't dare to admit it and made excuses. It's ridiculous."

"You, the first disciple of the miscellaneous worker in the rumor, are just a fool in my eyes."

Listening to Wang Fan's attack, Yuan Hong's eyes were almost ready to crack, and his killing intention was even more inflated. "I'm going to kill you, I'm going to kill you!"

"Frost cloud sword!" With a violent drink, he pulled out his sword and chopped directly at Wang Fan.

Hiss.

The bright light flashed, the sword shot, like a rolling wave, stormed to Wang Fan.

"Kill me? You deserve it, too?" Wang Fan sneered. He didn't even bother to get out the shadow knife. His figure suddenly flashed, and he directly attacked the sword.

Gang Lei's fist moves at will and blows out. In a clattering sound, the bright sword is scattered like bean curd, and disappears in the blink of an eye.

Wang fan is to penetrate that dissipated sword awn, flash to Yuan Hong in front of in a twinkling, a foot ordered to go out.

### **Chapter 1475**

"You, what are you going to do!" Yuan Hong saw Wang Fan's toes point to his Dantian, and his face suddenly changed.

Yuan Hong's cultivation reached the top of the earth, but it took him countless years of hard work and hard work. If he was abandoned in this way, how could he be reconciled?

What's more, as the first disciple of the miscellaneous service, he is used to being superior. How can he accept himself as a waste?

But Yuan Hong didn't think about it. When he wanted to abolish Wang fan or even kill Wang Fan, why didn't he think that Wang Fan's cultivation was not easy?

When he bombarded the stone gate of Wang Fan's cave, why didn't he expect that Wang Fan would be killed or even severely damaged?

Wang Fan ignored Yuan Hong's panic, and the sneer in his eyes already represented everything.

In his sneer, his right foot had been severely touched on Yuan Hongdan's field. With a bang, Yuan Hong spat out several mouthfuls of blood and flew out directly.

At this time, Yuan Hong no longer had the previous high spirited, no previous arrogant domineering, some, just resentment and panic.

People around watching this scene, but also quiet down, quiet needle can be heard.

Yuan Hong, the first disciple of the miscellaneous service, was abandoned in this way?

What a terrible young man. When did such a terrible person appear among the disciples of the miscellaneous service?

Looking at Wang Fan, they could not help murmuring to themselves.

Wang Fan ignored those people, just looked at them indifferently, then took Yuan Hong's cultivation resources and went back to the cave.

Creaking sound sounded, the cave stone door closed, leaving only those shocked people.

As for Yuan Hong, no one paid any attention at all.

They did not dare to provoke Yuan Hong who had not been abolished, but no one paid attention to Yuan Hong who had been abolished.

Yuan Hong's heart was cold. He couldn't help looking at the charming woman and said, "help me to leave."

"Bah, what are you? Dare you ask me to help you? You're a loser. Get out of here. I feel sick when I see you

But what made Yuan Hong vomit blood was that the charming woman who had been docile to him and allowed him to do whatever he wanted turned her face faster than turning a book.

The woman not only changed her attitude, but also rushed to kick him and spit on him. Then she left.

Yuan Hong was so humiliated by the woman who used to flatter him in every way. He spewed out a mouthful of blood and passed out in a coma.

Without strength, there will be nothing. Reality is really cruel.

In less than an hour, Wang Fan's abandonment of Yuan Hong caused a complete sensation among the miscellaneous service disciples.

As everyone knows, a cruel man named Wang Fan appeared among the disciples of the factotum, who almost abolished Yuan Hong.

Even this incident spread to some outside disciples, which made them remember the name of Wang Fan.

There are two people sitting in a large stone cave in the outer disciple area.

These two people, a person breath is dispirited, the whole body does not have any spiritual power fluctuation, is obviously just an ordinary person. But his face was twisted and cruel, and there was only

endless resentment in his eyes.

Especially after he heard that Wang Fan had abandoned Yuan Hong, the first disciple of the factotum, his eyes became more venomous.

The other was sitting on the bed with his knees crossed. His eyes were cold, and he couldn't see what he was thinking.

However, his body will occasionally burst out a fascinating momentum, obvious strength is not general.

One of them is Pei Qing, a young man who was abandoned by Wang Fan on the way to the peak.

The other one is Pei Qing's elder brother, Pei Tian, a disciple outside the gate of Jijian.

At a certain moment, Pei Tian slowly opened his eyes and asked, "this Wang Fan who abolished Yuan Hong is the one who abolished you. Are you sure?"

"I'm sure!" Pei Qing bit his teeth and nodded, "my strength is at the top of the ninth floor. If he can abolish me, my strength must be in the earth. In this way, it is not impossible for him to abandon Yuan Hong on the first floor of the land. "

"The factotum disciple, also known as Wang Fan, has the same strength in the territory. This person is definitely the one who abolished my cultivation."

Pei Qing clenched his teeth and then looked at Pei Tian and asked, "brother, Wang fan is so powerful and fierce. Are you not sure to deal with him?"

"If you're not sure, I can wait. Anyway, it's the same to kill sooner or later!"

Pei Tian couldn't help laughing at this, but he sneered, "that Wang Fan, who can abolish the first floor of the territory, is also a student of the miscellaneous service. His strength is at most the first floor of the territory, even the second floor of the territory."

"But I, Pei Tian, is a disciple of the outside world. My strength has reached the third level of the earth. Am I sure I will deal with him?"

"Don't worry, you are my brother, but he has abandoned you. I will certainly give you this tone."

"Tomorrow, I'll go to find him and abolish him. Otherwise, if this guy is promoted to an outside disciple in a month's time, it will be hard to abolish him."Pei Tian said coldly.

"Thank you, brother." Pei Qing listens to this words, in the heart is also relaxed tone, in the eyes sprang up a fiery Yin ferocious smile.

It seems that he has already seen the scene of Wang fan being abandoned by Pei Tian and stepping on the ground.

Wang Fan didn't know that because of his fame, he let Peiqing brother get the news and his exact location.

At this time, he had returned to the cave and continued to practice. Of course, he was suppressing the speed of absorbing the aura of heaven and earth, so as not to be noticed by the high level of the clan.

Wang Fan decided to leave jijianzong tomorrow and go to the outer gate to find a hidden place to practice.

Anyway, he has enough spirit stones now. He can use them first, as long as he doesn't miss the promotion of his disciples one month later.

In jijianmen, the acrobatic disciples are not qualified to enter the Martial Arts Pavilion to select martial arts training. Only when they are promoted to the outside disciples can they be qualified to enter.

The factotum disciple is just able to cultivate in the extreme sword gate with the help of the rich aura of heaven and earth, that's all.

Since Wang Fan chose Laiji Jianmen, he will not let go of the martial arts of the gate. Otherwise, what's the point of his coming here? So it's necessary to be an outside disciple, or even an inside disciple.

Early the next morning, Wang Fan came out of the cave. After closing the stone gate of the cave, he went directly to the mission hall.

He needs to find out where is relatively safe and suitable for cultivation. It would be better if he could easily take on a fairly good task.

The mission Hall of zongmen has three. The inner disciple area, the outer disciple area, and the miscellaneous worker disciple area each have a task hall, which issues corresponding tasks.

You can exchange points for tasks. As long as the points reach a certain value, you can exchange cultivation resources such as pills.

Wang Fan soon came to the task Hall of the student area. Although he came early enough, the hall was still full of people.

On the wall in the center of the hall, there are four huge screens. The top screen shows all kinds of tasks, the number of team members corresponding to the tasks, and the points that can be obtained.

The three screens below show the top ten of the inner disciples, the top ten of the outer disciples, and the top ten of the miscellaneous service disciples.

The above 30 people are all figures of the time in their respective regions. They are high above and have boundless scenery.

Wang Fan swept an eye at will, pupil is cannot help but shrink.

Because he found that his name had already appeared on it, but he was still the first one among the disciples.

### **Chapter 1476**

"Look, the number one of the miscellaneous service disciples has really changed. It has become Wang Fan."

"It's terrible. It's said that Wang Fan cracked Yuan Hong's sword curtain with just one blow, and then he broke Yuan Hong's sword curtain with another kick. It's really terrible."

"I heard that Wang fan is still from the secular world. He just entered the jijianmen gate yesterday and became a student of miscellaneous service."

"On the first day when he became a student of the miscellaneous service, he abandoned Yuan Hong, who was the first student of the miscellaneous service, and became the first student of the miscellaneous service. It's just terrible. I really don't know when such a demon appeared in the secular world."

There was a lot of discussion among the people around, and their eyes were filled with endless horror and worship.

Obviously, Wang Fan's ability to become the first student of the miscellaneous service so soon has a great impact on them.

Wang Fan listened to the comments of those around him, but there was no joy, no pride, and no sense of scenery in his heart.

What he has in his heart is a strong sense of crisis.

Yes, it's a sense of crisis.

People are afraid of being famous and pigs are afraid of being strong. Wang Fan still understands this truth. In particular, he comes from the secular world.

Once he is too dazzling, someone will definitely dig into his origin. At that time, if he is noticed by the Royal Nie family or Nie Tianlang, it will be really dangerous.

Although it is extremely difficult to enter the yuan clan from the secular world or die from the yuan clan.

But for those who are in power, it is not very difficult to investigate some things.

"I didn't expect that Yuan Hong was still the first one among the miscellaneous service disciples. It's really troublesome. It seems that we have to find a way to improve our strength as soon as possible."

Wang Fan murmured to himself, and then quickly looked for the right task.

At the moment when Wang fan is looking for a task, he doesn't know that Pei Tian and Peiqing brothers have stepped on the miscellaneous service peak and come to the entrance of the cave where he lives.

Looking at the closed door, Pei Tian and Pei Qing's faces were very gloomy.

They did not expect that Wang Fan was not in the cave and went out.

"Hum, I thought that Wang Fan was so powerful. Unexpectedly, he was just a coward and ran away ahead of time." Pei Tian said something unpleasantly.

In his opinion, Wang Fan must not know where to get the news and know that Pei Tian is coming, so he slipped away ahead of time. Otherwise, how could you go out in the early morning.

You know, Wang Fan came to the cave to practice only yesterday. Generally speaking, the first day's disciples who step into jijianmen must practice for at least ten days and a half months.

Because a person who is used to practicing in a place where the aura of heaven and earth is thin suddenly comes to a place where the aura of heaven and earth is rich. He has been practicing very fast in the past few days.

Only when we get used to the rich aura of heaven and earth, the cultivation speed will slow down.

"No matter how powerful Wang fan is, he's just a disciple of miscellaneous service. Brother, you're already a disciple of the outside world. He's not afraid of the three levels of the earth."

Pei Qing echoed and said that his heart is also very disappointed, Wang Fan actually slipped away, which made him hold his breath all night, some have no place to vent.

Some people around them were shocked when they saw that some disciples came to the entrance of Wang Fan's cave. Is it difficult to be the outside disciple who is looking for trouble with Wang Fan?

Those people can't help guessing, but no one dares to get close.

No matter Wang fan or Pei Tian, they were not able to provoke.

"You, come here!" Pei Tian points to a person suddenly, high above of shout a way, that tone,

completely is the tone of command.

The man he ordered, his legs couldn't help shaking, but he came forward with a stiff head and said, "elder martial brother, what can I do for you?"

No matter how upset or frightened he was, he did not dare to disobey Pei Tian, who was a disciple of the outside school.

"When did Wang Fan leave? Do you know where he went?" Pei Tian asked coldly.

"Elder martial brother Hui, I only know that he left an hour ago, but I don't know where he went." The man replied respectfully.

"Go away." Pei Tian eyebrows a jump, not happy to drive flies like waved, the person immediately left.

Pei Tian looks at Pei Qing, "it seems that it's difficult to move Wang Fan today. Let's wait for next time. As long as he comes back, I'll help you abolish him, don't you think?"

"All right." Although Pei Qing is not happy, he can only nod his head.

Wang fan doesn't know that Peiqing and Peitian brothers have gone to his cave. He is still looking for a suitable task.

There are many tasks on the big screen, such as escorting, hunting monsters, and collecting elixirs.

At the end of each task, the number of the best team, points, and risk factor are also marked.

Wang Fan seems to have found no suitable task.

Because those tasks are either too dangerous or too far away, which is not suitable for him to practice in seclusion. Occasionally see a few suitable tasks, have been taken over, which makes Wang Fan helpless.

"Elder martial brother, do you want to take over the task too? We took over the task of hunting the third level monster green demon tiger in Wudu mountain range. It's just one person short. Will you go?"

A voice suddenly came from the back of Wang Fan. Wang Fan immediately saw a young man in the clothes of a servant disciple, walking behind him.

Wudu mountains, green demon tiger?

Wang Fan's eyes lit up immediately. Wudu mountain is not far away from here, only a hundred miles away. There are many miraculous herbs and powerful monsters hidden in it.

Many of jijianmen's miscellaneous service disciples basically work in the Wudu mountains to gain points

or cultivate resources.

As for the green demon tiger, Wang Fan also knows that the ordinary green demon tiger is only a third level monster, which is equivalent to half step cultivation of the earth. However, some powerful green demon tigers have reached the fourth level monster level, which is equivalent to the cultivation of the three or four level strongmen of the earth.

Because there are many monsters in Wudu mountain range, there are often monsters riots. In addition, Wudu mountain range is very close to jijianmen. In case of monsters riots, jijianmen will suffer first.

Therefore, there are many tasks for jijianmen to encourage disciples to enter the Wudu mountains to hunt monsters.

But this kind of task is very popular, almost once issued, it will be robbed. Although Wang Fan also wants to take one, he has no chance at all.

Of course, what surprised Wang Fan was not the task, but the place of Wudu mountains.

In Wang Fan's opinion, the Wudu mountains are very suitable for his cultivation.

First of all, Wudu mountain range is not far from jijianmen, so he can come back soon, so he won't miss the promotion of the outer disciple.

Second, the Wudu mountains are not very dangerous. As long as he is careful enough not to step deep, he does not have to worry about his life.

"Well, I didn't receive the task, so I would like to thank this elder martial brother first." Wang Fan nodded and agreed politely.

The young man laughed and said, "they are all disciples of the same clan. What can I thank you for? Now we have three people, plus you have just four, so we can start directly."

"By the way, my name is Lin long. How about you Lin long asks Wang Fan.

Wang Fan said with a smile, "my name is Wang Fan, and I'm also a person who takes off nine levels of cultivation."

### **Chapter 1477**

"Wang Fan?" Lin long murmured, and his face suddenly changed. "Are you Wang Fan, who ranks the first among the disciples of the miscellaneous service?"

Lin long is really shocked. After all, who doesn't know Wang Fan?

On the first day of entering jijianmen, Yuan Hong, the No. 1 student of miscellaneous service, was

defeated. Wang Fan was a legend among the disciples of miscellaneous service.

Wang Fan had a certain prestige not only among the disciples of the miscellaneous service, but also among the disciples of the outside school.

"You say you are a nine level cultivation? It seems that I think too much. How can Wang Fan, who ranks first among the miscellaneous service disciples, only have nine levels of cultivation? I'm sorry, I mistook you for him. "

Lin long quickly reacts again and touches the back of his head. He thought of the second half of Wang Fan's words. His strength was only nine layers.

And put aside strength, just attitude, this Wang fan can't be the first Wang Fan.

Which of the top ten of the miscellaneous service disciples is not superior and arrogant, and how could Wang Fan be so polite? So Lin long also thinks that he is mistaken.

"It doesn't matter." Wang Fan shook his head with a smile, without too much explanation.

The reason why he deliberately said that he was out of the ordinary nine levels of cultivation was that he didn't want to expose his identity. The most important thing is, if he says he has the cultivation of the earth, does Lin long dare to invite him to form a team?

Wang Fan followed Lin long and soon came to a man and a woman.

The woman was in her early twenties. She was pretty. Her skin was like water.

A emerald green dress draped on the body, set off her concave and convex body, is very soul.

But her eyes have been falling on the man beside her, occasionally flashing extreme passion and worship, full of love.

As for the man, he was about twenty-seven or twenty-eight years old. He was still handsome, graceful and graceful.

Of course, this is not what shocked Wang Fan. What shocked Wang Fan was that he was dressed as a disciple outside the gate of Jijian. Obviously, he was a disciple outside the gate.

When are all the outside disciples going to take part in the tasks assigned by the student area? What's more, Lin long is not worried about doing tasks with this disciple?

Wang Fan was puzzled.

"Younger martial sister Yang Yun and elder martial brother Bai Yan, let me introduce him to you. His

name is Wang Fan, and he is the teammate I just found."

"Don't get me wrong. He's not Wang Fan, who won the first place in the new apprentice. He's just of the same name. His strength is only nine levels."

Lin long points at Wang Fan and laughs at the man and woman.

Then, he pointed to the man and woman and introduced to Wang Fan, "Wang Fan, her name is Yang Yun, is my friend, he is elder martial brother Bai Yan, is a disciple, this time, we have to rely on him."

"Hello, my name is Wang Fan." Wang Fan opens his mouth politely to Bai Yan and Yang Yun.

"Well." Yang Yun directed Wang Fan Light um, turned to open a head, no longer pay attention to Wang Fan.

Bai Yan glanced at Wang Fan and said with exaggeration, "I'm scared to death. I almost thought you were the first one of the new apprentices. I didn't expect that you were not."

"However, even if you are really that Wang Fan, why don't you abolish the first yuan Hongfan? What can you be proud of

"If you have the ability, why don't you give me the first place? It's just Yuan Hong, but he has only one level of cultivation. I, Bai Yan, can also easily abolish him. "

Bai Yan is very disdainful to say, still some dissatisfied to see to Lin long, "just the task of hunting green demon tiger, I Bai Yan one person is enough to deal with, really don't know what you still want to do with him."

"It's just nine layers. It's a burden. I'm not only distracted to protect you, but also distracted to protect him."

Bai Yan's heart is a little upset. He is the second level of cultivation in the earth, but he is almost at the bottom of the external disciples. Let alone the top ten, even the top 100 may not go in.

But it's very good for those factitious disciples. They can become the top ten of factitious disciples on the first floor. They have a lot of scenery. How can Bai Yan bear it?

In fact, it's not only Bai Yan, but all the bottom disciples are not very balanced. It's very uncomfortable to see the top ten of the miscellaneous service disciples.

However, as outside disciples, they have no way to compete for the rank of the miscellaneous service disciples.

With Bai Yan's voice, Yang Yun's eyes are more hot, and the eyes that look at Bai Yan are more adoring.

She naturally believed that Bai Yan, as a disciple of the outside school, could easily abolish Yuan Hong. After all, no matter how powerful Yuan Hong is, he is just a disciple of the miscellaneous service, while Bai Yan is a superior disciple of the outside school.

"Cough." Lin long is a bit embarrassed, because Bai Yan not only scolded him for being a waste, but also scolded Wang Fan for being a waste. But he didn't dare to attack, so he could only look at Wang Fan to explain,

"younger martial brother Wang Fan, don't care, he is like this, there is no bad intention, we'd better start quickly." "Well." Wang Fan nodded and said nothing more.

His heart also speechless very, he Wang fan when proud, he has been very low-key good?

However, he also disdains Bai Yan's pride. Although Bai Yan has two levels of cultivation, his strength is higher than yuan Hong's.

But if he really fights with Yuan Hong, who has not been abolished, he is really not his opponent. Bai Yan is far inferior to Yuan Hong in both heart and spirit.

As for Bai Yan scolding him as a waste, Wang Fan didn't take it seriously at all.

After all, in the face of a mole ant's provocation, Wang Fan still disdains to be angry.

A group of four soon went out of jijianmen and rushed to Wudu mountains.

In order to show his strength, Bai Yan is very fast all the way. Lin long and Yang Yun are panting.

Wang Fan's face did not change, and he followed slowly.

His heart is very speechless, on the heart of Bai Yan, is absolutely limited achievements, it is difficult to become a strong ah.

Where can a person who only knows how to despise others and show off his strength achieve so much?

"Waste, it's really waste. Why is it so slow? At such a slow speed, when can we reach the Wudu mountains?"

From time to time, Bai Yan turns back and insults Wang Fan and Lin long. His words are very mean and annoying.

After scolding Lin Longwang fan, he gently looks at Yang Yun, "younger martial sister Yun, don't team up with these wastes next time. It's a waste of time and points."

Obviously, Bai Yan is still blaming Wang Fan for the points they got from the task.

Yang Yun nodded slightly, but did not speak.

Lin Long's face is a little ugly. He is angry in his heart. When he sees Yang Yun, he suppresses his anger and refuses to attack.

Wang Fan couldn't help frowning, but seeing Lin long endure it, he didn't attack.

He can see that Lin long likes Yang Yun, but it's a pity that Luo Hua is merciless, but Yang Yun doesn't like Lin long at all. He only has Bai Yan in his heart.

And the reason why Lin long is hard to come with the team is that he is afraid that Yang Yun is in danger, or that Bai Yan takes advantage of him.

Wang Fan's heart is speechless, this wonderful love triangle, what is he mixed in the middle?

Had it not been for Lin long, Wang Fan would have gone away, or taught Bai Yan, who was not clean.

### **Chapter 1478**

A group of four soon entered the Wudu mountains. There were almost no powerful monsters in the periphery of the Wudu mountains, but only low-level monsters.

Moreover, the periphery of the Wudu mountain range has been almost turned over, so there is no magic herb at all.

Wang Fan did not stay in the periphery of the Wudu mountains, but went to the location of the green demon tiger according to the map.

The low-level monsters they met along the way didn't need Wang fanlinlong and Yang Yun's hand at all. Bai Yan would take the lead to rush out and kill those monsters with one sword.

All the low-level monsters they met, Bai Yan almost killed them with one sword, without using the second sword, even those monsters whose realm was equivalent to the Ninth level of Defan were so powerful.

Yang Yun looks at this scene, beautiful eye is more brilliant, Lin long is some injured.

He looked at Yang Yun, who devoted himself to Bai Yan, and the brilliance in Yang Yun's eyes. Although he was angry and uncomfortable, he was helpless.

Although Bai Yan's character is not good, and the corners of his mouth are not clean, he has strength, which is much stronger than Lin long.

In this way, the party soon approached the hinterland of the green demon tiger.

What you see is a huge cave. Outside, there is a plain and a lake.

At the edge of the lake, five majestic green demon tigers are squatting on the grass, basking in the sun, or drinking from the lake.

These five green demon tigers are two meters high and five or six meters long. They are huge. The four strong iron hooves are like four pillars. They are very stable and powerful.

Their sharp claws, like a sharp blade, are extremely sharp.

In the occasional roar, the sharp tusks will be exposed. The two rows of tusks are extremely white and cold. No one will doubt its sharpness.

And the tiger's tail, which is more than 10 meters long, just swings at will, and it can make the wind roar in the air. It's terrifying.

The green demon tiger is different from other monsters. Other monsters don't necessarily have animal cores, but the green demon tiger must have animal cores.

Moreover, the green demon tiger is not only valuable in its core, but also valuable in its skin. It can exchange a lot of points and resources. This is why most of the disciples like to take on the green demon tiger task.

"The five green demon tigers are all level three monsters, which is equivalent to half step cultivation of the earth. However, the green demon tiger has thick skin and strong defense. Even if it is a strong one in the earth, it will not be killed. "

"I Bai Yan can deal with two green demon tigers at most, but I can't deal with three at the same time. If I deal with five at the same time, it's self death."

"Fortunately, although the defense of the green demon tiger is amazing, the speed is not fast, so we have no way to deal with it."

Bai Yan looks at the five green demon tigers at the edge of the lake and analyzes them in a low voice.

With that, he suddenly looked at Wang Fan and Lin long, "you two, lead away three green demon tigers, no problem?"

"Don't worry, as long as I kill the other two green demon tigers, I will go to help you immediately. As for younger martial sister Yun, she'll stay with me and I can protect her. "

Lin Long's face changed immediately when he heard this.

He and Wang Fan's strength is out of the ordinary nine layers, in the face of three green demon tigers, which is equivalent to half the strength of the earth, that is to seek death.

But now, Bai Yan asked them to lead them away. How could he not be surprised? How could he not look ugly?

But Bai Yan said that he had to deal with the two green demon tigers alone, and he also took the initiative to protect Yang Yun. Can he refuse?

Lin Long's face began to struggle. In general, shouldn't there be three green demon tigers? But now there are five, which is greatly beyond his expectation.

Wang Fan couldn't help sneering.

This Bai Yan is really calculating. It's insidious to kill people and want others to be grateful to him.

Although Bai Yan's words sound seamless, and also generous to bear the two green demon tigers, it seems to have been very interesting. But in fact, he obviously wanted to kill people with the help of tigers.

Although Bai Yan's method is feasible, it is extremely dangerous. Of course, the danger is relative to Wang Fan and Lin long.

If he doesn't want to kill by tiger, he can lead three or even four green demon tigers by himself, and then let Wang Fan, Lin long and Yang Yun work together to kill the other two or one.

In this way, no one is in danger.

After all, Wang fanlinlong, who has only nine levels of strength, will be very dangerous to lead away the three green demon tigers, who are equivalent to half a step strong in the earth.

However, Bai Yan, who has two levels of strength in the land, will not be in any danger, even if he leads away four green demon tigers that are equivalent to half the land alone. Because he's just pulling away, not fighting to the death.

"Why don't you? My Bai Yan has already undertaken two green demon tigers alone. What else do you want me to do? Do you want me to deal with five green demon tigers alone

Bai Yan saw that Wang fanlinlong didn't speak, and her face immediately changed, "along the way, I have killed so many monsters, and I didn't let you do it once. Now I've taken on two green monsters alone, and I'm Bai Yan, who is very interesting." "But you're so good that you don't even want to lead the three green demons away. Are you really going to give up and eat for nothing?"

Yang Yun also looks at Lin long with a bad complexion. She can't help saying for the first time, "Lin long, you really let me down!"

She also thinks that Bai Yan has done enough fun, but Lin long and Wang fan are very ignorant.

Lin Long's face is more ugly, but he can't refute it. He looks at Wang Fan, "younger martial brother Wang Fan, I'm sorry, I hurt you."

"You go, I'll lead away the three green demon tigers alone. Don't worry. I won't blame you if you leave now. "

Lin long is really guilty. He thought that there were only three green demon tigers here at most. He, Wang Fan and Yang Yun, together with his disciple Bai Yan, would finish the task easily.

However, it never occurred to him that there were five green demon tigers here. Bai Yan even asked him to lead three of them away from Wang Fan.

He Lin long can die for Yang Yun, but Wang fan doesn't have to.

Three green demon tigers, he and Wang Fan simply can't deal with, even safely away, are not so easy.

After all, they are not as fast as the green demon tiger.

Wang Fan was a little surprised. He didn't expect that Lin long was still thinking about his safety at this time. It can be seen that Lin long is a man of real temperament.

However, Wang Fan didn't want to leave. Now that Lin long said this, he couldn't leave.

Wang Fan looked at Bai Yan and said, "we can lead away three green demon tigers, but you must kill the other two as soon as possible to help us."

"Don't worry, I will. I will help you as soon as possible." Bai Yan is very happy to say.

But his heart is very disdain, these two cumbersome, finally can go to die, hope he Baiyan to help, that is dream.

Originally, if only he and Yang Yun, he would have tried to get Yang Yun's attractive body.

But it's just that there are more Lin long and Wang Fan, who are the two hindrances, so that he has no chance to start up until now.

## **Chapter 1479**

"Lin long, you go to the back first and stay away from me. I am responsible for attacking these green demon tigers, and then distract them."

Wang Fan listens to Bai Yan's voice, sneers in his heart, but there is no nonsense. He turns his head and says to Lin long.

"This" Lin long is a little embarrassed, originally this matter he implicated Wang Fan has been very guilty, how can the most dangerous thing let Wang Fan do.

"Don't worry about it. Hurry up. We have limited time." Wang Fan frowned and said with unquestionable tone.

Seeing Wang Fan's serious expression, Lin long nodded, "be careful." And then it retreated into the distance.

Wang fan saw that after Lin long retreated, he picked up three fists from the ground, and then smashed them to three green demon tigers.

Whoosh!

Whoosh!

The three fist sized stones made a sharp howling sound in the air. In a moment, they came close to the three green demon tigers and smashed them on their heads.

"Ouch!"

With three roars, the three green demon tigers, which were still squatting, stood up in an instant, with bloodthirsty cold light in their eyes like lanterns.

Not only that, but also the other two green demon tigers, who were not smashed, looked directly at Wang Fan's position.

When they saw that there was a human hiding in the dark, they were more angry in a moment.

There was a few whistling of the tiger again, and the ten strong hind hooves of the five green demon tigers almost stepped on the ground at the same time. There was a harsh roar in the earth, and then they jumped up crazily and rushed directly to Wang Fan.

At the moment when their bodies take off, their two sharp front claws are exposed, and their sharp claws are like snake's letter. They swallow and spit, sending out a dense cold light.

Their bloody mouths were open, and their tusks were thick enough to swallow an adult's head.

"Stop two of them and I'll lead the other three."

Wang Fan looked at this scene, inner peace, but the surface is showing panic, quickly toward the nearby Bai Yan roared, and then immediately toward the distance away.

"I see." Baiyan should be a, but did not come forward to intercept the five green demon tiger, but suddenly embrace Yang Yun's waist, directly far away to avoid.

"Bai Yan, you!" Not far away Lin long saw this scene, it is eyes Yiyu crack!

Isn't it said that he and Wang fan are responsible for diverting the three green demon tigers, and Bai Yan is dealing with the other two? But now, Bai Yan, what do you mean?

However, after Lin long roared out three words, he couldn't care to speak any more. Instead, he turned his head and started running.

There is no way. The speed of the five green demon tigers is too fast. They have been approaching in a short time.

Lin long felt the five green demon tigers release the cold, numb scalp, pale face.

How can he not know that he and Wang were calculated by Bai Yan?

"Elder martial brother Baiyan, why don't you do it?" Yang Yun's face is also some changes, finally can't help but ask.

But Bai Yan pretended to be serious and said, "it's not my fault. I asked them to lead away three green demon tigers. Who knew they were so unlucky that five green demon tigers went after them?"

"I also want to protect you. If I attack any of the green demon tigers now, it is very likely that the five green demon tigers will directly deal with us first, then we will be in danger."

He also sighed, "ah, there is no way, who let them bad luck."

Yang Yun listens to this words, immediately no longer say what.

Although she has cooperated with Lin long for many years, her relationship is still good, and she doesn't want to see Lin long die. But relative to his own life, the safety of Lin long is not so important.

As for Wang Fan, she only knew Wang Fan for a few hours, and she didn't care about Wang Fan's life at all.

"Lin long, let's run separately. Don't look back on your side and mine." At a fork in the road, Wang Fan shouts at Lin long.

After drinking, he bent his fingers a little, five strong winds burst into the air, whistling toward the five

green demon tigers.

Hiss, hiss, hiss.

Five sound, five green demon tiger body is stabbed out of a blood hole, red blood Mi Mi flow down.

But also because of this, the five green demon tiger more angry, directly locked Wang Fan.

They howled angrily, trampled with iron hooves, and pursued Wang Fan crazily.

"Wang Fan, you!" Lin long looks at this scene, his eyes are moist, but at this time, Wang Fan and five green demon tigers have disappeared in his sight.

"Bai Yan!" Lin Long's eyes twinkled with ferocious and cold light. He clenched his teeth, then turned to the road where Wang Fan left.

He didn't want to hurt Wang Fan.

Wang Fan's body is like a monkey, jumping up and down, and soon ran out of more than 20 kilometers. At a certain moment, his forward running body suddenly stopped, looking back at the five green demon tigers."Ao Ao"

at the same time, the five green demon tigers roared and ran to Wang Fan.

"Bai Yan, he is really cruel. He really wants us to die." Wang Fan looked at the five green demon tigers, but in his heart he killed Bai Yan.

He just wanted to verify his guess, but now it seems that his guess is true.

He did not expect that Bai Yan, let alone to deal with two green demon tigers, did not even deal with one.

You know, in Bai Yan's eyes, Wang Fan and Lin long have only nine levels of strength. But two take off any nine layers to deal with five green demon tigers, that is definitely dead.

"Ouch!"

An angry roar, a green demon tiger has set off the wind, crazy rushed to Wang Fan in front of the bloody mouth open, in the fierce bite to Wang Fan at the same time, two claws have also vacated, pierced the air, directly to Wang Fan's head down.

Brutality, ferocity!

If you don't have a strong will, even if you are strong enough to compete with the green demon tiger,

you will be afraid in your heart. At that time, you will only die, and you will not be an opponent at all.

But Wang fan is not an ordinary person. First of all, his own strength is much stronger than that of the green demon tiger. Let's say that his mind is not comparable to that of ordinary people.

How many cruel battles has Wang Fan gone through since he has been mixed up? How can he be deterred by the little green demon tiger?

"Get out of here, beast!" Wang Fan a roar, the whole body breath suddenly blooming, right leg such as whip, directly into a shadow, hard hit out.

Pop!

With a crisp sound, Wang Fan's right leg, like an iron whip, lashed at the belly of the green demon tiger.

With a bang, the distance came out, and the big quarrel of the green demon tiger directly ejected a large cluster of scarlet blood. The huge body was directly thrown out, breaking several giant trees and falling to the ground.

After falling to the ground, its body only slightly twitched a few times, then there was no movement.

Wang Fan's violent force directly rushed into his body and exploded his internal organs.

The green demon tiger is not Wang Fan's opponent at all. The gap is too far.

The other four green demon tigers looked at the scene, instantly became furious, at the same time, they looked up to the sky and roared, and then jumped to Wang Fan.

Four green demon tigers, who are several times bigger than Wang Fan, pounce on Wang Fan madly at the same time. The scene is shocking and frightening!

### **Chapter 1480**

In the face of the four green demon tigers, Rao Shi Wang Fan was very strong, and he didn't dare to fight with them.

He stepped on the ground with his right leg, and his figure flashed like a hurricane. He jumped back.

Four green demon tiger see Wang Fan actually choose to retreat, eyes in the cold very big, is crazy chase out.

As for the green demon tiger, if you are not afraid to crush it with a strong attitude, maybe they will be afraid. But once you step back, they will feel that you will be afraid, which will encourage their fierceness and arrogance.

The whistling sound of the tiger resounds in the mountain stream and shakes my heart. The towering trees and leaves all fall down by the whistling sound of the tiger.

When Wang Fan ran to the front of a huge tree surrounded by two people, his right leg was like a full moon bow string, and suddenly stepped out!

Boom!

Click!

Two loud noises, the thick and thin giant tree surrounded by two adults was instantly kicked to pieces and directly folded into two sections.

Wang Fan, on the other hand, suddenly turned around with the help of the rebound force, grasped his left and right fists together, and the ganglei fist went straight to the heads of the two green demon tigers.

The intensity of the fury rips apart, the thunder resounds, and the air is full of hissing.

Boom!

There were two loud noises. Before the sharp claws of the two green demon tigers hit Wang Fan, Wang Fan's fists had been pounded on their heads like meteorites.

The head was hit by the huge force, and the two green demon tigers didn't even have time to scream. The huge body had already been thrown out, and hit the two green demon tigers in the back, falling towards the rear.

After falling to the ground, the two green demon tigers were killed completely. The other two were affected, and their mouths also oozed blood.

Finally, they realized that this human being in front of them was not something they could deal with. They did not dare to stay any longer and fled to the distance.

So far, five green demon tigers, three dead, two escaped!

"Two green demon tigers, if Bai Yan didn't leave, should be enough for him to drink a pot?"

"However, even if the white Yan has left the green demon tiger hinterland, I will not let him go. If you dare to go to hell with Wang Fan, he will have to pay the price! "

Wang Fan sneered and murmured. Suddenly he looked not far away. "Elder martial brother Lin long, since you're here, come out. It's a technical job to dig animal's core. You'll have to do it."

Wang Fan has spiritual existence, has long been aware of Lin long hiding in the side, but it is not concerned.

"Wang, elder martial brother Wang Fan." In the distance, when Lin long heard Wang Fan's voice, his heart burst out and he came out with a face full of shock.

He saw the previous scene. He didn't expect that Wang Fan was so powerful that he killed three of the five green demon tigers and made the other two run away.

He looked at Wang Fan, full of shock, a face dead silence!

Aware of the strength of Wang Fan, he once again face Wang Fan, simply can not do as before so casual.

In his heart, Wang Fan was definitely the ruthless Wang Fan who abolished the No.1 student of the miscellaneous service and became the No.1 student of the miscellaneous service on the first day of entering the gate.

"Elder martial brother Lin long, you don't have to be so formal. We are team-mates in Wudu mountains, so we are all team-mates."

"Now I've hunted three green demon tigers. I only need two cores, and the rest are yours. You don't mind if I divide it like this. "

Wang Fan sighed tone, toward Lin long light say.

"No, no comment." Lin long said quickly.

I'm kidding. Wang Fan killed the three green monsters. He didn't do anything. He could get everything. What's his opinion.

"It's just that I didn't do anything, but I have to divide things." Lin Long's heart is still a little uneasy after all.

"Don't just go to get the animal's core and tiger's skin. You won't be so reluctant to give it out, will you?" Wang Fan interrupts Lin long with a smile.

Lin long looked at Wang Fan's expression and said nothing more. He started quickly.

Soon, he peeled off the skin and took out the core.

Wang Fan grasped the two fist size crystal clear animal nucleus, and his heart was also shocked.

It was the first time that he saw the beast's nucleus. With the beast's nucleus in his hand, he could clearly feel the violent energy contained in it.

Wang Fan picked up the animal nucleus and said to Lin long, "that Bai Yan has calculated me. I'm going to go back to him to calculate this account. Will you go with me?"

"Go Lin long bit his teeth and nodded. Then he bit his teeth and pleaded, "elder martial brother Wang Fan and younger martial sister Yun were cheated by Bai Yan, too. I hope you can open up to him."

Lin long has seen Wang Fan's terror strength, certainly will not think that Wang fan is not Bai Yan's match.

Wang fan can kill the five green demon tiger three dead two escape, white Yan can? He was sure that Bai Yan would die for Wang Fan. Just, Yang Yun is the woman he likes, he does not want Yang Yun to die, even if Yang Yun is very indifferent to him.

"Don't worry, I won't move that Yang Yun, but I want to advise you that there is no grass in the world, that Yang Yun is not suitable for you."

Wang Fan said, no longer nonsense, toward the green demon tiger hinterland meal back.

Lin long had a complicated look and followed him.

In the hinterland of green demon tiger, after Wang Fan leads five green demon tigers away, Bai Yan doesn't leave, but takes Yang Yun to search in the hinterland of green demon tiger.

Generally, there are many spirit grasses in the hinterland of monsters. The higher the level of monsters, the higher the level of spirit grasses in the territory.

So Bai Yan wants to see if there is any spirit grass in the hinterland of the green demon tiger.

Yang Yun followed Bai Yan quietly, but he was silent.

"Colorful lotus?" Soon, Bai Yan's eyes are frozen, and he stares at one of the positions without blinking.

There, there is a colorful lotus growing. It's very beautiful, but there is a layer of white fog above the colorful lotus, which blocks the leakage of aura.

Yang Yunshun looks into Bai Yan's eyes, and his eyes become hot in an instant.

The colorful lotus flower, the fourth level spirit grass, is something that the strong people in the earth want to rob. It's a rare treasure for her.

Let alone the whole colorful lotus plant, even a leaf or a small section of rhizome is likely to make her cross the world and reach the earth directly.

Yang Yun's eyes were staring at the colorful lotus without blinking, and her whole heart was beating.

"Younger martial sister Yun, wait for me here first. I'll pick this colorful lotus." Bai Yan said to Yang Yun and ran to the colorful lotus directly.

But he just ran to the side of the colorful lotus flower, and he didn't have time to pick it, suddenly -  
ouch!

Two crazy roars came, and then two green demon tigers flew from behind him.

"Green demon tiger, aren't they led away? How can they come back so soon? Have they solved Lin long and Wang Fan?"

"What's more, there are only two green demon tigers and the other three. Are they killed?"

Bai Yan looks at the two suddenly appeared green demon tigers. His face suddenly changes. Without hesitation, he grabs the colorful lotus flower, then flashes to Yang Yun, holds Yang Yun, and runs away.

Boom! Boom! Boom!

But at this time, the earth trembled, the ground trembled violently, a strong pressure came, and then, in a direction of his side, another green demon tiger appeared slowly.

Level 4 green demon tiger?

Looking at the last appearance of the green demon tiger, Bai Yan's face suddenly turned pale.
