

## **Mighty Sk 1481**

### **Chapter 1481**

The third level green demon tiger is equivalent to the half step cultivation of the strong in the earth, but the fourth level green demon tiger is equivalent to the cultivation of the strong in the second or even third level of the earth.

Although the difference between Level 3 and level 4 is only level 1, the difference in combat effectiveness is unknown.

Bai Yan's strength is only two levels of territory. For the green demon tiger who has the lowest level of territory cultivation, there is no chance of winning at all, let alone two green demon tigers who are half a step ahead.

The fourth level green demon tiger is half a meter higher than the third level green demon tiger, and its hair is golden. It stands there like a hill with great prestige.

At this time, the fourth level green demon tiger is staring at Bai Yan and Yang Yun. The heat from the mouth of the tiger is flashing in his eyes.

There are human beings who dare to come to its territory, or even snatch its colorful lotus. This is a provocation to it, and it's a search for death.

"Ouch!"

At a certain moment, the fourth level green demon tiger roared, and its strong iron hooves stepped on it. In an instant, it rushed towards Bai Yan and the two of them.

At the same time, the two three-level green demon tigers, also roaring, rushed to Baiyan from behind, and attacked back and forth.

Bai Yan's face was pale in an instant, and at this moment, Yang Yun had already been bloodless.

When the fourth level green demon tiger was nearly ten meters away from Bai Yan, Bai Yan's face suddenly became ferocious. He suddenly grabbed Bai Yun next to him and threw him directly at the green demon tiger.

At the same time, his body suddenly turned, and he rushed to the two three-level green demon tigers behind him.

As long as he can break through the defense of the two third level green demon tigers, he will have 80% control of the whole body and retreat.

"Ah Yang Yun is thrown out by Bai Yan, and she screams in fright. Her face turns pale.

She didn't expect that in this case, Bai Yan threw her to the monster, which was obviously to kill her.

Funny, she gave a heart to Bai Yan, thought that Bai Yan was her right son.

Tears slowly from the corner of the eye, Yang Yun heart a cold.

She looked at the green demon tiger that was getting closer and closer to her and closed her eyes in despair.

At this time, what she thought of was actually Lin long.

She thought of the original experience with Lin long, Lin long in order to save her, do not hesitate to fight with the monster enemy, almost killed several times.

Although Lin Long's talent is not as good as Bai Yan, his strength is not as good as Bai Yan, and his appearance is not as good as Bai Yan, Lin long is really good to her!

It's only now that she understands this. It seems a little late.

"I'm sorry, Lin long." Yang Yun murmured in her heart, with more and more tears in her eyes.

"Beast, scum!" At this time, just arrived here Lin long also saw this scene, can't help but want to crack, angry voice hiss.

This white Yan, unexpectedly in the key time, threw Yang Yun to the fourth level monster green demon tiger, is simply the animal behavior!

Lin long clenched his fists and his eyes turned red!

If possible, he is even willing to die on behalf of Yang Yun, but he does not have the strength.

"Elder martial brother Wang Fan, I beg you." Lin long plops down on his knees and wants to ask Wang Fan to save Yang Yun, but then he finds out that Wang fan is gone.

Whoosh!

A broken wind sound, see Wang Fan has been like the phantom of the same jump out, directly toward Yang Yun ran in the past.

At the moment when the fourth level green demon tiger opened its mouth and intended to swallow Yang Yun, Wang Fan ran to Yang Yun, rolled his right hand, held her waist and retreated wildly.

It was a close call, just a few seconds away. Yang Yun and death passed by.

Wang fan is also very helpless, he is actually unwilling to save Yang Yun this woman, but Lin long is still a good person, he just gave a hand.

Ouch!

The fourth level green demon tiger bites the air, suddenly becomes furious, and pours at Wang Fan madly.

This damned human dares to snatch food from its mouth. It's damned ten thousand times!

Wang fan saw that the fourth level green demon tiger rushed towards him. He was so angry that he roared angrily,

"you beast, that bastard robbed your colorful lotus flower. You don't chase him, but you come to chase me. What's wrong with your brain?"

Wang Fan roared these words, only then discovered that he was also very stupid.

Is the green demon tiger a beast? No wonder it can understand itself!

Just very soon, an incredible scene happened. The fourth level green demon tiger seemed to really understand Wang Fan's words. He directly abandoned Wang Fan and killed Bai Yan not far away.

At this time, Bai Yan just kicked the two three-level green demon tigers and planned to escape, but unexpectedly, the four level green demon tigers came over.

"Son of a bitch, you want to die!" Bai Yan is shocked, stares at Wang Fan angrily and starts to scream. He set off endless murders in his heart. He wanted to kill Wang Fan immediately. In his opinion, if it was not for Wang Fan's warning, the fourth level green demon tiger would not jump on him at all, and he could leave quickly.

But just because of Wang Fan's reminding, the fourth level green demon tiger pounced on him, which not only made him unable to leave, but also put him in a dangerous situation.

At this time, the level 4 green fox had rushed to Bai Yan like a hurricane, and its sharp forepaws roared out and grabbed directly at his head.

Bai Yan's face changed greatly. He tried his best to dodge while kicking out.

Whoa!

Bang!

Two sound, although Bai Yan evaded the head's fatal attack, but the chest was still clawed, clothes burst, scarlet blood instantly gushed out.

At the same time, his toes are also hard point in the green demon tiger, but did not hurt the green demon tiger how much.

"What are you doing in a daze? Why don't you help me deal with these three beasts?" Bai Yan gasps for space, toward Wang fanlinlong, Yang Yun three people angry drink.

Wang Fan listened to this, but he couldn't help laughing, "aren't you very powerful? Aren't you a disciple of the outside school? I think you are enough to deal with these three beasts, so we don't have to fight for success."

Wang Fan said, has put down Yang Yun, and with Yang Yunlin long hiding away some.

Are you kidding? Bai Yan plays tricks to frame Wang Fan. Wang fan doesn't take the initiative to teach Bai Yan a lesson. Even if it's good, how can he help him?

"Do you think you can stay out of this without helping me? These three animals will kill you after they kill me! "

White Yan see Wang Fan three people indifferent, not from the rage, once again crazy cheering.

At this time, it was another hiss, and the claws of the fourth level green demon tiger had once again left a claw mark on his body.

Bai Yan, who is on the second floor of the earth, is not the opponent of the fourth level green demon tiger at all. He can only be trampled and beaten.

Wang Fan looked at the scene, just sneer, not moved.

So is Lin long and Yang Yun.

Bai Yan had treated them that way, and now they don't like Bai Yan at all.

"Son of a bitch, don't you do it yet? Don't forget, my cousin Bai Cheng is the tenth person outside. If I have something to do, even if you leave safely, you'll get my cousin Bai Cheng's crazy revenge! "

Bai Yan's body is already covered with snow marks. He is struggling to resist the attack of the green demon tiger, and at the same time, he is exhausted from the threat in the bottom.

And listen to his words, whether it's Lin long or Yang Yun, his face is completely changed at last.

Baicheng, in their eyes, is a superior existence, close to the legendary characters, not what they can deal

with.

Even Wang Fan, the first student of the miscellaneous service, is far behind Bai Cheng.

## **Chapter 1482**

Wang Fan listens to Bai Yan's threat, grins coldly, and finally stands out.

When Bai Yan saw Wang fan stand up, he thought that Wang Fan was afraid. He was very happy immediately. He said angrily, "you son of a bitch, you know what to do with me to deal with the fourth level green demon tiger. What are you doing now?"

"Well, I'm coming." Wang fan should a, direct Teng body but rise, then toward the white Yan twinkled past.

But he didn't go to help Bai Yan, but -

"what are you going to do?" White Yan see Wang fan not only didn't help him deal with the green demon tiger, even a foot toward him kicked over, immediately surprised!

"What, of course, is to help green demon tiger solve you, don't you think you are very upset?" Wang Fan sneered, right leg has set off a hurricane, like a whip to the white Yan.

Violent strength gushes out, Bai Yan wants to avoid, but he is shocked to find that he can't escape at all.

"You, you." He just roared out two "you" words, and with a bang, Wang Fan's right foot had already been severely thrown on Bai Yan. At the same time, he snatched the colorful lotus flower from his hand.

Bai Yan was shocked, but there was no way at all. Under the violent impact, the whole person flew directly to the fourth level green demon tiger.

"No, no!" Bai Yan screamed in despair, but he couldn't return to heaven at all.

The fourth level green demon tiger looks at this scene. The tiger's eyes stare, and the sharp front paw comes out directly. It tears the seriously injured Bai Yan, and then devours him.

There was a gruesome bang, and there was a dead silence at the scene.

"What a noisy fellow. Since you are in a hurry to die, I don't mind helping you." Wang Fan sneered and looked directly at the fourth level green demon tiger.

At the same time, the breath of the fourth level green demon tiger has also firmly locked Wang Fan.

No way, who let the color lotus to Wang Fan's hands.

As for the two three-level green demon tigers, who had seen Wang Fan's strong, they only dared to hide far away and roar, but they did not dare to go forward at all.

As a spirit beast, the green demon tiger has some intelligence. Unlike those ordinary beasts, it has no brain at all.

"It's equivalent to the green demon tiger on the third floor of the earth, but it can fight for the first time." Wang Fan looked at the fourth level green demon tiger, and his whole body muscles tightened up.

"Ouch"

with a roar, at a certain moment, the green demon tiger treads on the ground like a tank, rushing madly towards Wang Fan.

That huge body, bloodthirsty eyes, people who see are a little scared.

"Gang Lei Quan!" Almost at the moment when the green demon tiger moved, Wang Fan also followed the flash, and waved his fists together. The violent force emerged and attacked the green demon tiger.

Whoosh!

Wang Fan tilted his head slightly, and the sharp front paws of the green demon tiger crossed his earlobe. The strong wind was like a sharp knife cutting on Wang Fan's body, which made Wang Fan's cheek tingle.

But Wang Fan's eyes did not change at all. After flashing the green demon tiger's claws, one fist went to its head and the other to its abdomen.

The strength of the fourth level green demon tiger is far from that of the third level green demon tiger. Facing Wang Fan's blow, his huge head suddenly deviated, and he just avoided Wang Fan's blow to his head.

However, although it avoided the head punch, it could not avoid Wang fanhong's punch to its abdomen at all.

No way, its body is too big.

Bang, Wang Fan's right fist hit his abdomen, and his fists felt a tingle. The green demon tiger roared bitterly and was blown away for several meters.

However, although it was punched by Wang Fan and blasted several meters away, it didn't get much damage.

Ouch!

The green demon tiger felt the stabbing pain from his abdomen. His eyes the size of a lantern glared at Wang Fan. He raised his head and roared. He became completely crazy and furious.

Boom, boom.

The roar of trampling on the ground sounded, and the huge body of the green demon tiger flashed, and once again frantically pounced on Wang Fan.

That bloodthirsty and cruel breath diffuses, make not far away Lin Long Yang Yun, can't help but legs paralyzed sit down on the ground.

The fourth level green demon tiger is really terrible. They just feel the breath and shudder. They can't have the courage to fight at all.

"Beast Wang Fan felt the fury of the green demon tiger, but his heart became dignified.

He no longer tuoda, directly pull out the shadow knife, crazy to meet up.

Whoosh, whoosh.

The bright blade flickered and set off endless momentum to rush to the green demon tiger. Just for a moment, there were several bloody wounds on the green demon tiger.

Howling

the green demon tiger is more hoarse and angry.

But Wang Fan's body shape is too flexible, and his fighting experience is very rich. He can avoid its attack every time. But Wang Fan's attack, it can not completely avoid the past. Rao is a man with rough skin and thick flesh. He can't stand Wang Fan's shadow knife.

More than ten minutes later, the green demon tiger was already scarred, and the ground was covered with blood. The loss of blood makes the green demon tiger weak, and the reaction is not as good as before.

At a certain moment, Wang Fan seized the opportunity and directly stabbed it in the throat.

Green demon tiger whine, huge body forward a few meters, and then can no longer hold on, fell down.

In addition, the two third level green demon tigers didn't dare to come forward at all when they saw this scene. With two swish sounds, they fled to the distance and disappeared in the blink of an eye.

Lin long and Yang Yun look at this scene, already completely stupefied.

How could it be that Wang Fan killed the green demon tiger at level 4?

"I'll give you the green demon tiger's core. I'm going to leave. If the man named Bai Cheng comes to you, you can tell him directly that I killed him. Let him come to me if he has anything to do."

"One month at the latest, I will live in the family."

Wang Fan ignored the shock of Lin long and left here with a flash.

The main purpose of Wang Fan's coming to the Wudu mountains is to find a place to practice in seclusion, not to kill monsters.

Now that he has wasted so much time, he doesn't want to waste it any more.

Since it was a closed door practice, of course, it was necessary to find a safe place with few people, so Wang Fan did not stay outside the Wudu mountains, but went deep into the depth of the Wudu mountains carefully.

Outside the Wudu mountains, people often come to practice. If his practice is too big, it will also attract attention, so he plans to go deeper.

Although it's dangerous to go deep into the Wudu mountains, Wang Fan thinks that as long as you are careful, there won't be much problem.

Wang fan is very careful, while in-depth, while constantly scanning with mental force around the trend.

Once met the monster, no matter what level, no matter can deal with, he will directly avoid.

Because the deeper you go, the more dangerous it is. The fighting will probably attract the attention of powerful monsters.

A few hours later, Wang Fan had already dived into the depths of the Wudu mountains. Here, there were at least four level monsters, and even five level monsters.

Wang fan stopped, did not dare to continue in-depth, but in the vicinity to find a suitable training place.

### **Chapter 1483**

In a wide open space, a black bear with a height of more than three meters is lazily lying on the grass to bask in the sun.

Its huge eyes had been closed, and there was a heavy snore between its nostrils.

"Level five monster, black bear, is equivalent to the strong man of level five or even level six."

"However, although the black bear is strong, he is too lazy, and his intelligence quotient is not as good as other spirit beasts, so he is practicing here."

Not far away, Wang Fan looked at the sleeping black bear and said in a low voice.

He has found out that only this black bear exists within thousands of meters.

Obviously, this area is the territory of black bear, and other monsters dare not set foot easily.

Therefore, as long as you don't arouse the vigilance of the black bear, you will not be in danger.

Moreover, the black bear has rough skin and thick flesh. Besides the animal's core, it has nothing of value. Therefore, even the strong people in the seventh or eighth floor of the earth will not come to the black bear for trouble if they have nothing to do.

Because it's thankless.

After Wang fan made the decision, he immediately flashed into an inconspicuous position, and explored the movement of the black bear while secretly opening a cave.

An hour later, a cave that can accommodate one person was opened up. During this period, the black bear opened his eyes several times, but after he found no enemy, he didn't care and went to sleep again.

Wang Fan got into the cave, sealed it with the prepared stones, and covered it with some weeds. Then he sat down with his knees crossed.

He didn't immediately start to practice, but took out all the spirit grass and stone in the storage bag, and then began to refine the pills.

A few hours later, all the spirit grass became the elixir, which was put in front of Wang Fan.

He looked at those elixirs, took a deep breath, adjusted his state, and then began to practice.

With the cultivation, the aura between heaven and earth became violent within a radius of 1000 meters, and rushed to the cave where Wang Fan was.

That overwhelming aura, in mid air have formed a milky glow, if someone sees, will be surprised.

In the cave, those auras seemed to have formed a water mist, completely wrapped Wang Fan's whole body, and poured in along his four limbs and even every cell.

Wang Fan felt the absorption speed and the rich aura, and his body and mind became comfortable.

This is called cultivation. In the extreme sword gate, the practice of deliberately repressing is really uncomfortable.

He only left a wisp of mental energy to guard against the surroundings, and the rest of his mind was all invested in the cultivation.

He clearly felt that his strength began to grow rapidly.

Outside, the black bear also noticed something was wrong and could not help but stand up. It just made a tour around and ignored nothing unusual.

Soon, it got used to the rich aura of heaven and earth, and didn't bother to pay attention to it any more.

One day, two days, three days, five days, Wang Fan's strength from the second level into the third level.

At this time, the aura of heaven and earth around him is not as strong as it was at the beginning. After all, after five days of absorption, he has gradually adapted to the aura of heaven and earth.

But even so, on the 15th day, his strength still crossed from the third level to the fourth level.

At this time, relying solely on the aura of heaven and earth, he could hardly enter the five levels of the earth in a short time.

Wang Fan didn't care about this. In fact, he was very satisfied that he was able to make a breakthrough from the second level to the fourth level.

He no longer relied entirely on heaven and earth's aura to practice, but began to practice with those spirit stones and pills.

With the consumption of soul stones and pills, Wang Fan's strength began to rise steadily again.

Ten days later, his strength reached the peak of the fifth floor of Dijing, only one step away from the sixth floor of Dijing.

However, all the elixirs have been consumed. It's impossible for him to break through the barrier and enter the sixth floor of the earth.

Wang Fan quit the cultivation state and slowly opened his eyes.

"It must be enough to be promoted to the top of the five levels of the earth. Now there are only five days left for the disciple to be promoted to Dabi. It's time to go back."

Wang Fan stands up. He plans to go back to jijianmen, because it's not very meaningful to practice any more, and he may miss his disciple's promotion.

Wang Fan swept with mental strength and found that the black bear was still resting on the grass.

He smile, but also ignored, block in the mouth of the stone moved away, and then into a streamer disappeared here.

The black bear seemed to be aware of it. He couldn't help opening his eyes and having a look, but Wang Fan had already disappeared.

Although it felt as if someone had left, it was just that the other party didn't offend it, so it didn't bother to get up and chase it. Wang Fan didn't rush back to the clan, but began to hunt those level 4 to level 6 monsters. He just broke through the realm, and he also needed actual combat to adapt to his strength.

With Wang Fan's strength at the moment, the level 4 monsters are not enough to see. Meeting Wang fan is just a second kill. Even those five level monsters can't hold on for several rounds in Wang Fan's hands.

Only those powerful level 6 monsters can make Wang Fan really show his strength.

Bang!

In an open area, Wang Fan kicked a mane cow, and the huge body of the mane cow was immediately overturned.

The corner of his mouth gave out a hissing roar, and his hooves were trampling. Just as he was about to turn over, Wang Fan had already jumped forward, and the shadow knife came out of its sheath and directly cut his throat.

Hiss.

Blood fog shot, bristle cattle fell down, killed!

The sixth level monster died in the hands of Wang Fan.

"With my current strength, ordinary level 6 monsters are no longer my opponents. Only those powerful level 6 monsters can threaten me."

"As for the level 7 monster, I don't think I'm an opponent. Even if I only meet the most common level 7 monster, I have to run for my life."

Wang Fan's understanding of his own strength is very clear. The level 6 monster is already equivalent to the level 6 or even the level 7 strongman in the earth. And the level seven monster is equivalent to the

strong one on the eighth or even ninth floor of the earth.

That is to say, with Wang Fan's strength at the moment, he can fight or even kill when he meets the strong of the six or even the seven levels of the earth.

But when you meet the strong of the eighth or even ninth floor, there is only one way to die, and there is no force for the first World War. After all, the gap is too big.

There are five peaks in the earth realm, eight and nine in the earth realm, which is totally different from three or four realms.

The night was dark and the cold wind was blowing, making a "rustle" sound.

Wang Fan walked alone in the jungle, looking very leisurely.

He is now in the region, the highest level is only level 5 monster, as for level 6 monster, there is almost no, so Wang fan is fearless.

While he was walking, his mental power was also spreading around. Any wind and grass around him would not escape his perception.

At a certain moment, suddenly -

"help, help!"

A sharp voice suddenly came. Wang Fan's face changed. As his mental strength swept out, he rushed to the direction of the voice.

#### **Chapter 1484**

In a dense forest, a 20-year-old woman is struggling to run, her body has many bloody wounds, clothes broken, red blood constantly floating out.

Behind her, a mighty Python is struggling to catch up.

The python is two buckets thick and more than ten meters long. It is absolutely the existence of essence in the secular world. It looks extremely terrible.

But in its huge pupil, it is flickering with banter. Obviously, it is deliberately playing with the woman in front of it.

And in the python is not far behind, there are three bloody bodies, apparently just killed by the python.

"Level 6 monster, python!" Wang Fan looked at the python with a dignified look.

The level 6 monster Python is absolutely the top of the level 6 monsters, which is equivalent to the human power in the seven levels of the earth. Even if he is Wang Fan, it's hard to say who lives and who dies for this python.

"Help, help!" Woman also saw Wang Fan at this time, eyes a joy, immediately crazy toward Wang Fan ran over.

That expression, as if to seize the last straw.

Whoosh!

However, at the moment when she rushed to Wang Fan, the speed of the python suddenly soared, and immediately approached the woman. The disgusting mouth opened and directly sucked at the woman.

Originally, if only it and this woman, it can play monkey like tricks, but suddenly there is a Wang Fan, it does not intend to continue to play.

It must swallow the woman first, and then deal with Wang Fan wholeheartedly.

"Ah The woman felt the huge suction coming from the Python's mouth, her face turned pale in an instant, and her expression was full of despair.

Under the huge suction of the python, her forward speed is like a tortoise crawling, which is slower than that of an ordinary adult.

Not only that, but soon, she was completely torn by the suction and went back towards the python.

"Help, help me!" Woman's despairing roar, the human sees still pities.

Wang Fan looked at the woman's desperate expression, could not help sighing, body suddenly flashing, into a hurricane, crazy toward the woman.

Seeing that Wang Fan came, python was angry and rushed forward. He opened his mouth to devour the woman.

"Go away!" Wang Fan roared out and stepped heavily on the Python's head. At the same time, he grabbed the woman with his left hand and yanked hard behind him.

Bang!

A loud noise, Wang Fan's right leg heavily stepped on the huge head of the python, python a cry, the whole upper body was stepped back.

But, at the same time of retreating, its thick Python tail has suddenly lifted up, and set off a fierce wind,

like a thunderbolt, and rolled towards Wang Fan, as fast as lightning.

Wang Fan didn't dare to be careless. He suddenly threw the woman behind. The shadow knife had already come out of its sheath, lifted the sharp edge of the sword, and directly cleaved to the Python's tail.

Ding ground a, the shadow knife cuts at the python tail above, unexpectedly sent out a such as steel to hit of huge sound.

Then, Wang Fan only felt his arm numb, and the whole person began to retreat.

Python is more angry, python tail crazy sweep, set off the wind, crazy again toward Wang Fan rolled over.

Wang Fan's face changed again and he waved his knife to resist again.

Dangdang's voice continued to ring, python more and more angry, Wang Fan's heart is more and more heavy.

The Python's skin is rough and the flesh is thick. Even if it's a shadow knife, it can hardly see any scars.

What's more, the python is too cunning. It's swinging, so it won't let Wang Fanying chop in the same position.

Because it also knows that if Wang Fan's shadow knife cuts it at the same position one after another, it will be injured.

"What a beast! I don't believe it. I can't help you!" Wang Fan also came to anger, directly jump, flash to the python.

The Python's body is two buckets thick and thin, Wang Fan sitting on it, completely no problem.

Python noticed Wang Fan sitting on it, more furious, body crazy swing up, want to throw Wang Fan down.

It's just that Wang Fan's grip is too tight for him to shake.

Wang Fan grabs the python with one hand and the shadow knife with the other. He frantically splits it and tries to make a hole in it.

Python is also more and more angry, even directly threw Wang Fan toward the boulder trees smashed in the past.

Wang Fan was shocked and started to jump up and down on the python.

He didn't dare to run into a huge stone tree like this. He would be killed.

The roaring sound resounds, the trees are broken, the boulders are smashed, and after the Python's body is swept, it is just like a natural disaster.

Wang fan is all the way along the Python's body straight jump, quickly jumped to its seven inch position.

At this time, even if the python again swing, it is useless.

Because it can only swing Python tail, swing head seven inches, but not so flexible. Just, Python is not stupid, python tail swing, directly swept to the seven inch position of Wang Fan.

Wang Fan deep breath, toes suddenly turned on it, directly jumped down.

Just at the moment of jumping down, the figure refracted in the air, and the shadow knife stabbed out suddenly and directly into its big mouth.

The python howled in pain. At this time, Wang Fan had already pulled out the shadow knife, gathered his left fist, and suddenly jumped forward. A gang thunder fist hit his seven inches.

Boom!

Python seven inch was hit by the blast, immediately flew out, fell to the ground, its huge body fluttered a few times, and then there was no movement.

Although many parts of Python's body are extremely hard, seven inches is a soft rib.

It's just that it's well protected and it's hard to get close to it. Wang Fan climbed on it first and tried to get close to it step by step before he found the chance.

"Thank you. Thank you for saving me." Wang Fan put away the animal nuclear, the woman also came over, grateful thanks.

However, she saw Wang Fan put away the python core, but there was a flash of light in her eyes.

"You're welcome. It's just a little help. I'm leaving. Be careful." Wang Fan waved his hand and started to leave.

If he didn't find the light in the woman's eyes flashing, he might take the woman for a ride. But now, Wang Fan has no idea at all.

"Elder martial brother, wait a minute." When the woman saw that Wang Fan was going to leave, her face immediately changed and she quickly stopped in front of Wang Fan.

"Do you have anything else to do?" Wang Fan asked coldly.

"I'm afraid. Can you take me out?" The woman lowered her head, holding the corner of her dress in her hands, and said pitifully.

That person see still pity of facial expression, add that still calculate good appearance, as long as it is a person, estimate all can't bear to refuse.

Wang Fan sneered in his heart, but he said, "whatever."

With that, he went to the distance.

For women, little birds follow like people.

"Storage bag, this man must have a storage bag, and he also has a level 6 Python core in his hand. It's definitely worth doing."

"It's just that he's so powerful that I'm not sure. I can only take advantage of his rest and completely relax my vigilance to have a chance to do it."

The woman stares at Wang Fan's back, thinking in her heart.

Wang Fan saved her, she not only did not appreciate, but also wanted to kill Wang Fan to capture the storage bag and animal core, which showed that her heart was cold and cruel.

They walked one after the other, but what made the woman angry was that Wang Fan didn't want to rest at all.

Let alone rest, and even did not look back, it seems that there is no such a delicate woman behind her.

## **Chapter 1485**

"Elder martial brother, I'm a little tired. Can we have a little rest here?" At a certain moment, the woman finally could not help but said pitifully.

When she spoke, she held the corner of her clothes with some tension in her hands. There was a little supplication and expectation in her eyes. There was water mist in her eyes, which was very pitiful.

"Well, take a break." Wang Fan nodded, but his heart was sneering.

This woman is really good at acting. Just, doesn't she know that if she plays too much, it will arouse people's suspicion?

Wang fan doesn't believe that women who dare to come to the depths of the Wudu mountains are

really so weak.

Wang Fan wants to see what this woman wants to do. If he dares to do it by himself, don't blame him for being impolite.

When the woman heard that Wang Fan had agreed to come down, she was overjoyed and took the initiative to look for firewood and set up a fire.

After all this, she sat in front of Wang Fan and told her identity and experience.

A sad story from her mouth, and with her vivid expression, I'm afraid that the individual will be melted, can't help but hold her in my arms and take good care of her.

If Wang fan is a rookie, I'm afraid he will believe it.

Unfortunately, Wang fan is not a rookie. He has experienced too much.

Wang Fan did not speak, but listened quietly.

Gradually, with the woman's telling, her body is also constantly slightly close to Wang Fan. Soon, the two people have almost stuck together.

All this, it seems so natural, not abrupt, as if it should be so general.

Wang Fan didn't dodge either. He just looked at the woman calmly. There was no wave in his eyes at all times.

Women feel this scene, the heart is more angry.

Is this guy's heart made of stone? At this time, he is still on guard against her?

She secretly angry, but helpless, several times want to start, but in Wang Fan's calm eyes, finally gave up the idea.

Whoosh!

At a certain moment, an arrow suddenly broke through the air raid, tearing out a trembling sound in the air and shooting directly at Wang Fan.

As soon as Wang Fan's face changed, he immediately stood up and turned to look at it.

The speed and power of the arrow were so fast that he didn't notice it in advance.

"Be careful!" When the woman saw the arrow, her face changed greatly. She suddenly stood up. At the

same time, a bayonet flashed in her hand and stabbed Wang Fan in the back.

"What are you doing?" Wang Fan's face was cold, and his left hand suddenly leaned out backward, grabbing the woman's wrist like an eagle's claw. At the same time, he took a step to the side.

The arrow flew close to Wang Fan's body, through five or six giant trees, and nailed to a tree ten meters away. But at this time, the arrow was still buzzing and trembling.

Wang Fan didn't pay attention to the arrow, not to mention the person who shot the arrow in the dark, but still staring at the woman coldly, "I saved you, but you want to kill me?"

The woman's face was also a little ugly. She didn't expect that her one hundred percent sword, which could hurt Wang Fan badly, was invalid.

In such a short period of time, Wang Fan was able to react at a very fast speed and firmly grasped her wrist.

"Hum!" She gave a cold hum, and the pathetic expression on her face disappeared. Instead, it was a touch of coldness.

The breath on his body suddenly soared, and another sharp knife flashed directly from his other hand, stabbing Wang Fan's neck directly.

Whoosh, whoosh!

At this time, Wang Fan's behind, and three arrows crazy wind shot from, than the first arrow, faster, more powerful!

Wang Fan took a cold look at the woman, had to release it, and then dodged away.

With Wang Fan's Dodge, the three arrows and the woman's attack all fell in the air.

Three arrows are also breathtaking, close to the woman's body over, in her body raised a blood fog.

Daddada's voice rang out at this time. A young man in feather colored robes, with 12 men in black, slowly appeared behind Wang Fan.

All of the 13 people in this line were armed with bows and arrows on them. Their breath was sharp.

The young people in feather colored robes, who led the group, had reached the sixth floor of the earth, while the rest 12 people were all five floors of the earth.

Strong lineup!

"It's a bit of a trick. I was able to avoid my two attacks. It seems that it's really a big fat sheep."

Feather color youth said jokingly to Wang Fan. With a wave of his big hand, the twelve people immediately spread out in a semicircle, bent into a full moon, and pointed their sharp arrows directly at Wang Fan and Wang Fan.

"Please forgive me, elder martial brother. I don't know him, and I don't have any treasures. If you let me go, I'll serve you as an ox or a horse. "The woman felt the strength of each other's breath, her face was pale, and she knelt down directly, creeping and shaking.

At the same time, her fingers also point to Wang Fan, "this man is not as good as a beast. If you kill my companion, you want to insult me. You should be punished!"

"And he also has a storage bag, in which there is at least a nuclear of a level 6 monster python."

If you bite back, you will be punished!

Level 6 monster core is a rare treasure. Even for the inner disciples of jijianmen, they are good things.

Wang Fan listened to the shameless voice of the woman, but his heart was cold, but he didn't speak.

The top priority is to think about how to get out.

It's not easy to deal with one archer who has six layers and twelve archers who have five layers.

"Storage bag? Level 6 monster core? It seems that it's really a fat sheep. " The young leader couldn't help laughing.

He looked at the woman carefully again, "although the appearance is not gorgeous, the figure is OK. It's good to serve me and my subordinates in this boring Wudu mountain range. "

"You, go there and wait. I'll make you happy when I get rid of this guy. Remember, you don't want to run away, otherwise, I don't mind killing flowers. "

"Yes, yes." The woman didn't dare to talk nonsense at all and ran to the direction of the youth's fingers. In the face of the powerful young people, she had no idea of running away.

Wang Fan looked at this scene, then couldn't help laughing, "run, did you run? I've seen a lot of bitches, but it's the first time I've met one like you. "

Wang Fan whispered, his figure flashed, and suddenly flashed toward the woman.

The woman's face changed, "help me!"

The young man's eyes were cold. "Shoot him

Whoosh, whoosh!

With his voice, twelve arrows instantly penetrated the air and shot madly at Wang Fan.

The air is full of quiet murderous air, extremely cold!

Wang Fan looked at those crazy arrows, then it was a strange smile, right leg suddenly stepped on the ground, the whole person instantly jumped up four or five meters!

Whoosh, whoosh!

The twelve arrows flew directly against the sole of Wang Fan's feet and covered the woman.

No way, because Wang Fan chasing women, so women are also arrow attack range.

If there are only one or two arrows, maybe it doesn't matter much, but twelve arrows have completely covered women.

#### **Chapter 1486**

"Oh, no!" The woman looked at the twelve arrows, her face changed wildly, and she couldn't help screaming.

It's just, but it doesn't make any sense.

The speed of the arrow was too fast and its power was too fierce. With her strength, she couldn't escape.

Chi Chi Chi's voice resounded, and four arrows instantly penetrated her body, raising a blood fog.

The woman's whole body trembled and fell to the ground powerlessly, her eyes gradually darkened.

She didn't expect that she escaped from the monster Python and died in the hands of these young people within a few hours.

More ridiculous is, or in the other Party promised to spare her life under the premise.

"You want to die!" When the young man saw that the woman had been shot, he was very angry. He bent down, closed his stomach, pulled his bow and arched. The arrow soon pierced the air and shot at Wang Fan again.

His series of movements were almost at one go, without any fancy.

At the same time, the other 12 men have slowed down a little, shooting arrows again and launching a second round of attack.

Whoosh! Whoosh! Whoosh! Whoosh!

Thirteen arrows shot through the air, as if covering the whole space, even the air began to tremble.

"To die? I think you are the one looking for death!" Wang Fan looked at this scene, but he couldn't help laughing.

He suddenly stepped on the ground with his toes, and leaped again like a roc spreading its wings. At the same time, a touch of bright light flickered, and the shadow knife followed him.

Dangdangdang!

A few loud sounds, a few arrows split out, and then Wang Fan is momentum like a rainbow, crazy to kill the young 13 people.

In the face of these archers, close to him, he will have a chance of World War I, otherwise, he will be beaten passively or even shot.

"Hum, you dare to come near us. You are looking for death! Kill him When the young leader saw that Wang Fan did not retreat, his eyes were even colder.

A roar, he side crazy retreat at the same time, again take the arrow, crazy shot to Wang Fan.

At the same time, the twelve archers began to retreat crazily, but they didn't shoot at the same time as the youth did.

As archers, their advantage is naturally long-range attack. How can Wang Fan get close to them?

Wang Fan looked at the fast retreating group, and with a cold smile, he jumped down. When he escaped the young man's arrow, he grabbed three arrows in his hand and threw them at the three enemies on the fifth floor.

Whoosh, whoosh!

The arrows broke through the air and shot out like a hurricane. The faces of the three enemies who were attacked changed.

They are crazy to avoid, but it is not enough.

Whoa!

An arrow accurately penetrated a person's thigh, and the scarlet blood instantly erupted. The man snorted and fell down.

The other two were not so lucky as this one. The arrow accurately penetrated their heart and head, and they were killed in an instant.

"How dare you kill my people? You want to die! " The head youth looked at the two subordinates who fell in the pool of blood, and suddenly his eyes were ready to crack!

He directly grabbed a pill and swallowed it in his mouth, then immediately pulled the bow string into a full moon.

A strong breath diffused, and his strength, in a short time, had been promoted to the seventh floor of the earth.

Wang Fan felt this scene, his face changed wildly, he didn't have the idea of continuing to fight wildly for a moment, and then he ran wildly towards the distance.

Wang Fan will not be afraid if the strong in the seven levels of the earth fight head on. But this man is an archer and has good lightness skills. He has no choice but to retreat.

"Want to go, can you go?" When the young man saw that Wang Fan wanted to run away, he couldn't help laughing and directly shot five arrows at Wang Fan.

With five arrows coming, Wang Fan felt locked, as if he couldn't escape.

His face became dignified in an instant, while frantically chopping out shadow knife, congenital vigorous Qi lingered in his whole body.

Boom boom!

The shadow sword conjures up a long sword awn in the void. It rolls on five arrows, and three arrows are swept away in an instant.

In the huge strength of the rebound, Wang Fan also can not help a numbness, the corner of his mouth spurted a touch of blood.

But the other two arrows, still crazy toward Wang Fan stabbed over.

Sniff two, instant, two arrows have been stabbed in Wang Fan's body, Wang Fan had no time to escape twice.

The two arrows set off a frenzy of Qi, directly tore up the congenital vigorous Qi on his body, stabbed into his body, and set off two blood fog.

Wang Fan's face was pale, his back was also involuntarily exuded a cold sweat, almost, almost, that arrow went through the heart.

Anger!

Endless anger!

Wang Fan felt the stabbing pain and was furious in an instant. He set off endless killing intention in his heart. His eyes turn scarlet in an instant, incomparable madness!

He and these people, no injustice, no revenge, these people even want to kill him, almost to his life!

Unbearable!

"You all have to die!" His mouth cold spit out two words, and then suddenly turned back, hands quickly from the seal knot.

With the dancing of his hands, the aura between heaven and earth was stirred up in an instant, and five mountain prints were formed in an instant.

That's right. Five mountain prints!

Since Wang Fan's breakthrough in strength, he has been able to condense and integrate five mountain climbing seals.

It's just that the integration of the five fanshanyin will empty his aura and make him fall into a weak period in a short time, so it has not been used.

But now, he is about to be killed, where can he care so much?

As for why Wang Fan did not integrate three or four Fanshan seals, but directly integrated five, because he knew that the integration of four Fanshan seals might not help young people.

"What kind of martial arts is this?" The young man's face could not help changing and muttering to himself.

He even felt a touch of death from the mountain print!

The breath of death, how can it be?

You know, even those who are strong in the eighth floor of the earth have never brought this feeling to him.

"Withdraw!" The young man's face changed wildly. He didn't dare fight any more. He waved his hand and called out the word withdraw.

It's just, is there still time?

"Want to go? It's too late Wang Fan coldly smile, "go!"

Whoosh!

A word spit out, the mountain print instantly penetrated the air, crazy toward the youth and a group of people shot in the past.

The mountain climbing seal, the size of a slap, rose against the wind. In an instant, it rose to tens of feet, and then hit the young people.

With the improvement of Wang Fan's strength, fanshanyin's speed and power have increased several times?

The young people did not even have time to resist, and they were already under attack.

Boom!

With a loud bang, the earth trembled wildly.

Within a kilometer radius, trees and boulders have been annihilated, razed to the ground, covered with dust, and the young people have disappeared completely.

Wang Fan didn't pay attention to the youth's life and death, and didn't want to stay and wait for the result. Instead, he turned his head and flashed to the distance crazily.

No matter what the outcome of the young people is, he will leave here as soon as possible. This movement will definitely attract many powerful monsters, and even human beings.

And with his present state, no matter meeting powerful monster or human, I'm afraid there is only one way to die.

Sure enough, not long after Wang Fan left, there were three monsters coming. Two of them were at level 6, and one reached level 7.

It's just strange that the monsters of different races don't fight with each other when they meet at the moment, which is very harmonious.

**Chapter 1487**

Wang Fan didn't know what happened after he left. He didn't dare to stay at all. He ran cautiously towards the periphery of Wudu mountains.

Only to the outskirts of the Wudu mountains, powerful monsters will be less, he will be more secure.

Wang fan is very careful, mental close attention to the surrounding, did not dare to have the slightest carelessness.

In Yuanmen, he really realized what the law of the jungle is after several tragic battles.

On the outside, there are at least legal constraints and rules. But in Yuanmen, there are almost no rules.

Even if there are rules, they are built on strength. Big fists are the masters, and strong strength is everything.

After a night's running, Wang Fan finally came to the periphery of the Wudu mountains.

He was finally relieved, and then found a place to recover.

There are still three days to go before the promotion competition starts. He takes one day to practice and recover. There is nothing at all.

One day later, Wang Fan left the Wudu mountains and returned to jijianmen.

"Wang Fan, it's Wang Fan. I didn't expect that he would dare to come back!"

"He killed Bai Cheng's younger brother Bai Yan. I thought he had escaped long ago, but unexpectedly he came back."

"Pity that Lin long and Yang Yun. They have taken the pot for him, and have been avenged by Bai Cheng."

"Bai Cheng, that's the tenth person in the outer gate. Although Wang Fan was also very powerful, he abandoned Yuan Hong on the first day of entering the clan and became the first student of the miscellaneous service. But he had no choice but to go up to Bai Cheng."

"Isn't that bullshit? Is there any comparison between the miscellaneous service disciples and the outside disciples? Wang fan can only be arrogant and arrogant among his disciples.

Let alone Bai Cheng, who is the tenth person in the upper outer gate, even those who are not at the bottom of the outer gate will die. "

When many disciples saw Wang Fan, they couldn't help talking in horror.

More than half a month ago, Bai Cheng, a disciple of the outside school, was angry. He killed Lin long and Yang Yun directly and arrested them. Soon after, he sent out a message to kill Wang Fan.

At that time, the incident was so noisy that it caused a sensation in the whole service area and the outer gate area.

It never occurred to anyone that Wang Fan, who became the number one student of miscellaneous service on the first day of his introduction, had offended such tough people as Bai Cheng.

After inquiring, they learned that Bai Cheng's cousin Bai Yan had been killed!

They were even more shocked to learn the news.

Even if he was the first one, he even dared to kill Bai Yan, the younger brother of Bai Cheng. Is this impatient?

They wanted to see a good play, but they didn't expect that Wang Fan didn't show up for more than half a month.

They immediately thought that Wang Fan was running for his life and did not dare to return to the clan.

No way, no matter how powerful Wang fan is, he still can't see the tenth person's Bai Cheng.

However, no one thought that just when they thought that Wang Fan was running for his life and would never dare to return to the clan in the future, Wang Fan came back.

It was just like a big bomb, which exploded in their hearts.

Wang Fan listened to the comments of the people around him, but his brow couldn't help wrinkling.

As soon as his figure flashed, he flashed in front of a disciple and asked in a voice, "what did you say just now? Did Bai Cheng fight against Lin long and Yang Yun?"

"When was it, where was Bai Cheng, where was Lin long and Yang Yun, and what happened to them?"

The man was shocked, obviously did not expect that there were so many people here, Wang Fan would seize him and ask.

He secretly lamented his bad luck, but he did not dare to hide, "yes, elder martial brother Baicheng really caught Lin long and Yang Yun."

"Elder martial brother Lin long was seriously injured and his meridians were broken, while younger martial sister Yang Yun became his private slave."

Speaking of this, the young man could not help swallowing his saliva. "Elder martial brother Baicheng is a disciple of the outer gate, or the tenth person of the outer gate. His cave is in the outer gate area. As long as you go and inquire about it, you can inquire about it."

Wang Fan listens to this words, kill intention already can't help but inflate.

This Bai Cheng is so arrogant that he even crippled Lin long and made Yang Yun his private slave. It's really hateful!

It's cold to the bone.

Almost everyone around felt the chill of Wang Fan. Those who were weak even felt the difficulty of breathing, and their whole body seemed to be frozen.

As for the young man who was questioned by Wang Fan, his face turned pale and his body began to shiver.

He was the closest to Wang Fan, so he couldn't bear Wang Fan's killing intention.

However, Wang Fan did not let him leave, and he did not dare to leave at all.

"Ha ha, it's worthy of Wang Fan. He's so arrogant. He just came back, and he took the disciple of the miscellaneous service to make an operation. It's worthy of being the first one of the disciples of the miscellaneous service. You're really powerful." Just as Wang Fan's murderous plan expands and he plans to go directly to the outer gate area to find Bai Cheng, a sarcastic voice suddenly comes over.

"Pei Tian, it's Pei Tian! The one beside him should be his brother Peiqing, right? It's said that Pei Qing was also abandoned by Wang Fan. Pei Tian is also looking for Wang Fan all over the world. It seems that it's true now. "

"Although Pei Tian's strength is not as good as Bai Cheng's, he can be regarded as a good one among the outside disciples. At least he can be ranked in the top middle. It seems that Wang fan is going to have bad luck soon."

"This guy is really arrogant. He just came to jijianmen a few days ago and offended so many people."

Looking at the two young people coming, they could not help talking again.

At the same time, Wang Fan also saw the Peitian brothers.

Although he didn't know Pei Tian, he knew Pei Qing.

Not to mention that people around him have already told him Peitian's identity, and Peiqing threatened him with Peitian at the beginning, so he can guess Peitian's identity himself.

"You're right. I'm prestige. What's the matter? Do you have any opinions? If you don't want to be abandoned by me like your brother, just go away. "

"Now I'm going to find that Bai Cheng to settle some accounts, but I don't have time to waste with you."

Wang Fan didn't throw away Pei Tian at all and cheered coldly.

Just Pei Tian, Wang Fan didn't pay attention at all, let alone his strength breakthrough now, even if there is no breakthrough, this Pei Tian is far from his opponent.

Listening to Wang Fan's arrogant words, people around him were immediately shocked again.

How crazy!

How arrogant!

Wang Fan, a mere servant disciple, dares to talk to Pei Tian like this. Is he looking for death?

It's the first one of the disciples. He's also a disciple. How can he be Pei Tian's opponent in the middle?

"Waste me?" Pei Tian's face changed instantly and became extremely ferocious.

Wang Fan even dare not give him face in front of so many people. This is to look down on him and insult him!

"Wang, originally, I just wanted to return him with the same way, abolish your cultivation, and then throw out the extreme sword gate. But you are so good that you successfully angered me."

"In that case, don't blame me, Pei Tian, for killing you!"

Pei Tian said coldly, and his breath swelled. He rushed to Wang Fan in an instant.

When he was five or six meters away from Wang Fan, the soft sword behind him came out of the scabbard, directly raised a touch of rainbow light, and chopped fiercely at Wang Fan.

"Kill me?" Wang Fan laughed. He didn't even bother to hide for a moment. His right fingers went straight out and directly clipped Peitian's soft sword!

Looking at this scene, people's faces are even more shocked!

Wang Fan, is that crazy?

Pei Tian's face is hot. Wang Fan's action is just contempt and humiliation to him!

## Chapter 1488

Soon, people's eyes were frozen!

Only listen -

when!

Wang Fan's two fingers, holding Pei Tian's sword steadily, sounded like the sound of steel fighting.

At this moment, everyone is dull and shocked!

Wang Fan, actually caught Pei Tian's sword with his fingers. How could it be?

Pei Tian's face also changed. He didn't expect that Wang Fan would hold his sword!

"Die for me!" With a roar, Pei Tian's aura began to surge wildly, trying to pull out his sword.

But what made him sad and angry was that Rao Shi had tried his best to pull out the sword, as if he had been completely killed.

"I said you're rubbish, but you don't believe it. I didn't bother to deal with you at first, but since you want to die by yourself, no wonder I am

Wang Fan's insipid voice came out, and his fingers were just slightly forced -

CLICK!

Pei Tianna spent countless spirit stones to build the sword, then under the dull eyes of the people, inch by inch broke open, for a long time broke into more than ten pieces.

Wang Fan waved again -

Shua!

The broken sword stabbed Pei Tian in an instant.

Hiss, hiss, hiss!

The trembling sound came out. Pei Tian couldn't even escape, so he was stabbed and spattered with countless blood.

"With your strength, you want to kill me, too? You're a loser. Get out of here! " Wang Fan said with disdain, and kicked out again.

Peng!

The violent force directly bombed Pei Tian, and Pei Tian was kicked out like a sandbag.

People in mid air, his body is already dripping with blood, after falling to the ground, has been thoroughly injured.

His meridian bones have been completely torn, even Dantian has been destroyed by the violent force, completely turned into a useless person.

"You, you!" Pei Tian's mind trembled. He didn't expect that Wang Fan would be so powerful! He came to seek revenge for Wang Fan, and it turned out to be such an ending.

It's not only a student of miscellaneous service, but also a student of miscellaneous service who came from outside and entered the sect for less than a month. When is it so terrible?

The people around them were also in a dead silence. This scene was far beyond their expectation. No one thought that Pei Tian, who came to find Wang Fan in a fierce manner, was abandoned without any resistance.

The strength of both sides is not the same level at all.

As for Pei Qing, Pei Tian's younger brother, he was so scared that he collapsed on the ground and couldn't even stand up.

He relies on his elder brother Pei Tian. Now that his elder brother Pei Tian has been abolished, how can he dare to challenge Wang Fan?

Wang Fan didn't even look at Pei Tian. Pei Qing just flashed into zongmen and ran to the outer gate area.

He wants to see how strong Bai Cheng, the Tenth Man from the outside world, is. Why dare he be so arrogant and threaten to kill Wang Fan? He even implicates Lin long and Yang Yun.

"It's so powerful. Elder martial brother Wang Fan's strength, even among the outside disciples, is it powerful?"

"He went to waimen district. It seems that he really went to find elder martial brother Baicheng. Now there's a good play to watch."

"Originally, I thought Wang Fan was far inferior to Bai Cheng. Now it seems that he may not. Go and have a look."

"Hum, although Wang fan is really strong, I still don't think he can defeat elder martial brother

Baicheng."

The disciples around talked a lot, and then followed them directly.

They also want to see what kind of scene Wang Fan, who can defeat Pei Tian in seconds, will present to the tenth person of shangwaimen.

In jijianmen, there is only one peak in the area of the miscellaneous service disciples, but there are two outside disciples.

Wang Fan just casually inquired about the mountain peak where Baicheng was, and then stepped on it.

As soon as he stepped into waimen peak, Wang Fan immediately felt the aura of heaven and earth that was even stronger than the miscellaneous service peak.

Although the world aura of waimen peak is just a little bit stronger than that of Zayi peak, but after a long time, this advantage will be reflected.

Wang Fan felt the rich aura of heaven and earth, and his heart could not help sighing.

This extreme sword gate, or yuan gate, is really hierarchical. Different strength leads to different status and cultivation environment.

The law of the jungle, the strength of respect, here can be described as the most incisive show.

"Stop! You are just a servant disciple. Who gave you the courage to step on waimen peak? Don't you know that this waimenfeng is not qualified for the entrance? "

A cold cry came suddenly, and then the two youths stopped Wang Fan directly.

Their eyes were chilly, and they were dressed in the clothes of the outside disciples. In the face of Wang Fan, their attitude was very high and domineering. In jijianmen, although there is no explicit regulation, there are potential rules.

That is, high-level disciples can enter the low-level disciple area at will, but low-level disciples are not allowed to enter the high-level disciple area without the guidance of others.

These two people, obviously, saw Wang Fan's token hanging from his waist, but no one led them. They went forward to make trouble on purpose and showed their superiority.

Wang Fan listened to the two people's cheers, and his face immediately cooled down.

There are so many annoying flies. He just wants to seek justice from Bai Cheng. Is it really so difficult?

First, he was stopped and provoked by brother Peitian, and now he met two dogs who didn't have long eyes.

These two people, a person's strength is only one level, a person's strength is two levels. This strength, even that Pei Tian can't beat, dare to stop him Wang Fan?

"Where are so many annoying dogs? Get out of my way. If you dare to bark, don't blame me for being rude." Wang Fan coldly glanced at the two and said impatiently.

"Dog? get the hell out of here? Barking Two people listen to Wang Fan's words, the facial expression immediately changed, the facial expression instant iron blue rise.

It's just a servant disciple. He dares to talk to them like this. He's looking for death!

"Dog, you want to die!"

The young man on the second floor of the land was ferocious. Just as his words had just come down, Wang Fan's figure flashed in front of him. Then he raised his hand and fanned his face.

The sound of Pa Pa Pa reminds me that the young man in the second floor of the ground didn't even react. He had been slapped dozens of times on his face, and his blood was mixed with his teeth.

His heart trembles wildly. Is this, is this a servant disciple?

Only when he just thought of it, Wang Fan had already put his foot on him and flew him out.

As for the other young man on the ground floor, he was totally stupid.

His face turned white and his legs began to shake.

Even his companions in the second level of the territory are not Wang Fan's opponents. If he is only in the first level of the territory, how can he be Wang Fan's opponent?

"Why, do you want to stop me?" Wang Fan looked at him coldly and asked.

"No, I can't. I'll go, I'll go." The young man shuddered and tried to leave, but he was stopped by Wang Fan, "go away? Did I tell you to go away? Now I've changed my mind! "

"What do you want to do?" The young man's face changed immediately, and his heart was full of complaints.

"Take me to the cave of Baicheng. Hurry up. If it's too slow, don't blame me for abandoning you!" Wang Fan said coldly.

**Chapter 1489**

"To elder martial brother Baicheng's cave?" The young man's face immediately changed.

Originally, he took Wang Fan to Baicheng's cave, but he could hear something wrong in Wang Fan's tone.

Listening to Wang Fan's tone, it is obvious that he is going to trouble Bai Cheng, but what he can't figure out is where Wang Fan, a mere servant disciple, has the courage to go to trouble Bai Cheng.

"He's Wang Fan, the first man in the field?" Young people are not stupid, soon thought of Wang Fan identity, face is changed.

During this period of time, the news that Baicheng had said that he killed Wang Fan was no secret, and almost all the outside disciples knew about it.

As an outside disciple, he also heard about it.

Combined with Wang Fan's tone, combined with Wang Fan's strength, he can guess Wang Fan's identity, which is not difficult.

"Isn't Yang Yue fighting with Wang? They are so brave that they even dare to offend Wang Fan. Don't they know that just a few minutes ago, Wang Fan almost abolished Pei Tian with one move? "

"Hey, hey, these two are just the bottom of the external disciples, and they are often bullied and insulted by other external disciples. I heard that after they were bullied, they like to go to those factotum disciples to vent their anger. Originally I didn't believe it, but now I believe it. "

"It's just their bad luck. This time they've kicked the iron plate."

Those people who came after a slow step could not help talking again when they saw this scene.

Yang Yue's face turned pale.

Wang Fan even abandoned Pei Tian with one move, which

"what are you still doing? Why don't you take me?" Wang fan saw that Yang Yue didn't speak, and his eyes were completely cold.

Yang Yue shivered and said, "I, I, I'll take you."

Then he took the road ahead.

He hated himself to death in his heart. Who should be offended if he didn't have anything to do? He even wanted to offend Wang Fan?

He took Wang Fan to Baicheng's cave in this way. Baicheng would not let him go. But if he doesn't take Wang Fan to the past, Wang Fan will abolish him now, and he has no choice at all.

Originally, Wang Fan wanted to find someone to inquire about the location of Baicheng cave. Now with Yang Yue leading the way, he naturally didn't need to ask others.

Wang Fan didn't like Yang Yue, a bullying disciple.

That is, Wang Fan still has some strength. If he had no strength, he would have been trampled to death by Yang Yue and Wu Zheng?

Yang Yue and Wang Fan took seven turns and eight turns at waimen peak, and soon came to an open position.

In front of Wang Fan, there is a huge stone peak which is more than ten meters high and more than twenty meters long. From top to bottom, the huge stone peak seems to be split by a huge sword, revealing a passage which only allows two adults to enter side by side.

Wang Fan's mental power swept in and found that there was a very wide open space in the passage.

In the open space, there are not only flowers and plants, trees, birds and animals, but also hot springs. Behind the hot spring is the stone cave of cultivation.

Compared with the Yuanhong cave occupied by Wang Fan, this place can be called a treasure land. It's worthy of being the tenth disciple of the outside school. This training place is really extraordinary.

However, Wang Fan's face soon changed.

Because of his mental power, Lin long was hung on a tree with blood dripping, and his body was full of sword marks and whip marks.

Some of the wounds on Lin Long's body have appeared for a long time, but now they are scabby. Some of the wounds are new, even flowing blood.

As for his clothes, they were already broken, bloody and miserable.

And Lin long himself is also weak low head, breath weak, dying.

As for Yang Yun, he was in the cave, but the end was not much better than Lin long.

She was on her knees and tied up. Although there was no scar on her body, her face was very pale, her eyes were gray, and she had no look at all.

As for Bai Cheng, he is sitting on the bed with his knees crossed, and seems to have completely entered

the realm of selflessness.

Wang fan spirit to explore this scene, only feel his mind bang, thoroughly blow up!

Boundless killing will rise up, as if into a rolling magma, at any time to break out!

"Elder martial brother Wang Fan, I have brought you here. You can't kill me. This is the forbidden area of elder martial brother Baicheng. No one is allowed to enter without his permission. I dare not go in. "

Yang Yue felt Wang Fan's intention to kill. She felt a tremor in her heart. She couldn't help kneeling down and began to explain and beg for mercy.

"Go away!" Wang Fan indifferent swept Yang Yue one eye, with even if no longer pay attention to, directly step into the so-called forbidden area of Bai Cheng.

He didn't go to find Bai Cheng first. Instead, he stepped in front of Lin Long's body. He waved out his hand knife and directly cut the chain on Lin Long's body. He put Lin long down.

Then, Wang Fan quickly put out his two fingers and began to move on Lin long.

To Wang Fan's relief, although Lin long was seriously injured, he was not fatal, and Dantian was not abandoned. Under the treatment of Wang Fan, Lin long soon woke up. He looked around blankly at first, and soon his sight locked on Wang Fan, and his eyes stopped for a moment!

"Wang Fan?" Lin long murmured at first, then his face changed greatly. "What are you doing here? Go, go

"Baicheng already knows about you killing Baiyan, and threatens to kill you. If you don't leave, I'm afraid you won't be able to leave! Go away quickly, leave the gate of extreme sword, and never come back! "

Lin Long's voice is very urgent.

He didn't mean to blame Wang Fan for his experience.

Because without Wang Fan, he and Yang Yun would have been killed long ago!

"Go?" Wang Fan smile, but smile is incomparably cold, "Bai Cheng is not dead, how can I go?"

"He dares to abuse you in vain. I will make him pay for it. You stay here and see how I can get justice for you. "

Wang Fan said, directly stood up, step by step toward the white into the cave in the past.

His pace is not fast, but it is very steady and powerful, the sound of that Dong Dong, like a giant

hammer, bombards Lin Long's heart again and again.

"Wang Fan, don't, you are not a white opponent!" Lin Long's eyes filled with tears in an instant, and he cheered again.

He knew that the reason why Wang Fan came here was to save them. Otherwise, there was no need for Wang Fan to come.

Although Wang Fan was strong, on the first day he entered the sect, he became the first student of the miscellaneous service, and even killed Bai Yan.

But Lin long knows that Wang Fan still has no chance of winning the tenth person's Bai Cheng.

Wang Fan didn't speak and didn't pay attention to Lin long again. Instead, he approached Baicheng cave step by step.

Soon, Wang Fan had already walked to Baicheng cave, deep breath, and then directly raised his fist, heavy toward the closed heavy stone gate bombardment in the past.

Originally, Wang Fan did not intend to treat his fellow disciples in this way, because it was the biggest disrespect and insult to each other. At the same time, it's also easy for the opponent to bite back and get seriously injured, or even get possessed.

But now, where does Wang Fan care so much?

Outside, many brave disciples have followed in, and even a few of the top ten disciples of the outer gate have followed in.

When they saw that Wang Fan wanted to bombard Baicheng's cave door in such a violent and humiliating way, they all widened their eyes and their breath became stagnant.

## **Chapter 1490**

"Boom!"

Wang Fan's heavy fist bombarded the stone gate. In an instant, the whole earth seemed to vibrate.

The fury seemed to ripple around, and the stones and trees were cut apart.

People listen to this heavy sound, the heart is also a hard tremor, and then stare big eyes.

Wang Fan, he really bombarded the stone gate of Baicheng cave. He did it!

It's bold!

You know, if there is no great hatred of life and death, generally no one dares to bombard each other's stone gate like this.

It can be imagined that once Bai Cheng comes out, even without Bai Yan's affairs, he will never die with Wang Fan.

"Boom!" "Boom!" "Boom!"

Under the trembling gaze of the crowd, Wang Fan's fist had rained on the stone gate again.

The Shimen trembled more violently, but there was no sign of breaking.

After all, with Wang Fan's strength at the moment, it's impossible to open the stone gate with great power.

The roaring sound resounds continuously. For a moment, it seems that the whole world is only left with the roaring sound.

Under the tremor of the voice, those with strong strength are OK, but those with weak strength can't stand it.

They couldn't help but cover their ears and turn pale.

"Baicheng, get out of here! Don't you want to kill Wang Fan? Now that Wang fan is here, I have the seed to fight! "

Wang Fan's indifferent voice resounded throughout the audience, and his fists still bombarded the stone gate crazily. He didn't mean to stop at all.

Inside the cave, Yang Yun has been completely shocked, and a touch of shock emerges in her gray eyes.

Wang Fan!

It's Wang Fan!

Why is he here?

Yang Yun is different from Lin long. She still has some resentment against Wang Fan in her heart.

After all, without Wang Fan, she would not have been in such a situation.

But she also knows that, strictly speaking, it's really no wonder that Wang Fan was killed because of Bai Yan's behavior to Wang Fan.

Unfortunately, she was implicated.

Yang Yun thought that Wang Fan had been far away from jijianmen and did not dare to come back. But she did not expect that Wang Fan would return, and still in this way.

For a moment, she had mixed feelings in her heart. She didn't know what it was like.

Whoa!

Over there, Bai Cheng, who was in the process of cultivation, was also suddenly awakened, and his mouth could not help spouting a mouthful of blood.

His eyes coldly looked out of the stone gate, as if the eyes could penetrate the stone gate and directly see Wang Fan behind the stone gate.

The fine hair stood up, the cheek became twisted and ferocious in an instant, and the heart surged with endless killing intention.

He did not expect that someone would dare to bombard the stone gate of his cave in such a humiliating way at the moment of his cultivation.

This is a great shame!

What he couldn't accept was that the man who bombarded the stone gate of his cave was still Wang Fan, who didn't know where he was and didn't dare to show up.

"Wang Fan, you want to die!" The voice of the Yin ferocious confesses to present in the mouth spit out, he whole person suddenly stands up, straight then ran to the stone door entrance.

He wants to kill, he wants to vent his anger!

Not to mention that Wang Fan killed his cousin Bai Yan, even if Wang Fan dared to bombard the stone gate of his cave, he would let Wang Fan die. He would die in agony!

The roaring sound soon spread out, the stone gate of the cave slowly opened, and then Bai Cheng stepped out step by step.

His eyes, like a poisonous snake, are fixed on Wang Fan, and the killing is not concealed!

"Are you wang fan? Is that Wang Fan who killed my cousin Bai Yan? I didn't expect that I haven't come to you yet, but you dare to come to me! "

"You are so brave. After killing my cousin Bai Yan, you don't want to hide like your grandson. You dare to bombard the stone gate of my cave!"

"Do you think that you are entering the sect?" Wang Fan said, and suddenly flashed over and shot at Bai Cheng.

"Gang Lei Quan!" With a roar, his fists had already set off the intensity of fury and bombarded Bai Cheng.

At the moment of blowing out, the sound of thunder crackled in his fists, which shocked people.

With Wang Fan's strength at this time, how many times stronger than a month ago?

"Hum!" Bai Cheng feels the terrible strength of Wang Fan's fists, and his pupils can't help shrinking slightly!

However, as the tenth person outside, his pride does not allow him to shrink back. After all, there are so many people watching.

He is the tenth person in the outer gate of Baicheng hall. If he still needs to retreat in the face of Wang Fan, who is just a servant disciple, isn't it a shame?"Landslide!" Two words roar out, Bai Cheng doesn't have the slightest evasion, double fists also wave, think of me Wang Fan to fight up.

The sound of whistling flickered. On his fists, there was a phantom of a hill. Moreover, the phantom of the hill seemed to be torn by the force of Qi, and it really began to collapse!

Looking at this scene, people around can't help but change color one after another. Bai Cheng even showed "landslide" at the first time. Is that too important for Wang Fan?

It can also be seen that he attaches great importance to Wang Fan and his strength!

Boom!

The four fists collided with each other, making a terrible noise. The boundless strength of Qi split open. The ground was rolled by the plow, and the crowd around could not help but retreat.

The ripples spread from the contact point of the two fists, just like the thunder, the mountain fell apart!

Hiss!

Under the force of terror, Wang Fanbai showed their bodies and could not help retreating, with blood spilling from the corners of his mouth.

It's quite the same. It doesn't come down at all!

When people around you look at this scene, they are even more shocked.

Who is Bai Cheng? That's the tenth person outside the gate. Wang fan is just the first person in the field.

Although Wang Fan sounds very powerful, after all, he's just a disciple of the miscellaneous service. How can he compare with Bai Cheng, the tenth person outside the gate?

But now, Wang Fan and Bai Cheng face-to-face collision, does not fall behind, this is simply too terrible.

Bai Cheng's face was more ferocious. His anger was like a rolling flame, and he was extremely furious.

He even drew with Wang Fan. It's a shame, an absolute shame!
