Chapter 1501

With his breath and puff, the Milky aura formed a halo of strange lines around his body, which looked rather strange.

At a certain moment, his eyes suddenly opened. Whoosh, an electric light shot out of his eyes. With a bang, two unfathomable finger holes were left on the stone wall in front of him.

If you look closely, you will find that the stone wall is full of such finger holes. Although there are many finger holes, they are arranged in an orderly way, as if they were carefully pierced out without any disorder.

The young man in white looked at the stone wall from a distance. With a wave of his right hand, a strong wind blew out and hit the door accurately.

With the roaring sound, the closed stone gate suddenly opened.

"Master, something is wrong. Bai Tao is killed, Wang Ting is abandoned, and Han Qingyi is taken away."

As soon as the stone gate of the cave was opened, a beautiful woman in a purple skirt came in quickly. After kneeling on the ground, she said in a trembling voice to the young man in white.

Although the purple skirt woman has a humble look and tone, she has a token of an inner disciple hanging around her waist. Obviously, she is an inner disciple.

"Well?" Hearing this, the young man in white suddenly stood up and said, "what's the matter?"

"Bai Tao and Wang Ting are disciples of the inner sect. Who dares to kill them in this sect? Did they offend the elder? "

This young man in white is no one else. He is just a metamorphosis in the mouth of Han Qingyi. With the passage of time, his shadow sword is waving faster and faster, and even forms a series of residual shadows, which is incredible.

In the end, even the shadows could not be seen.

Chapter 1502

"Now the speed of my random knife can catch up with the speed of killing a knife when I lock the enemy with my spirit."

"In the case of a breeze, if the shadow knife follows the wind, its speed will be faster and its power will be more terrifying."

"Shadow Dao, shadow Dao, no shadow and no sword. In the future, it will be another mace of Wang Fan."

Wang Fan slowly opened his eyes and murmured to himself.

Just now, when the breeze was blowing, his shadow knife was waving along with the wind, and the speed was faster.

He even tried to combine shadow knife with the wind. Unfortunately, it was too difficult to do it for a while.

To reach that point, it will take countless time to comprehend and try.

Han Qingyi sat quietly and watched Wang Fan's cultivation. He neither spoke nor practiced himself, just like an ordinary woman.

Obviously, she was really hit by the events in the past month, and she didn't even work hard to cultivate.

Wang Fan took a look at Han Qingyi and sighed. He was just about to speak. Suddenly, his eyebrows wrinkled and his pupils contracted.

His eyes suddenly turned to the entrance.

Who!

Just listen as if there was a gust of wind, accompanied by a terrible pressure, a young man stepped in slowly.

The young man had black hair, triangular eyes, a sharp breath, and a chill all over his body.

It's Liu Hang.

Wang Fan see Liu Hang, haven't had time to speak, the face of cold green clothes has completely changed.

Shua!

Her face turned pale in an instant, and then exclaimed, "Liu Hang!"

Han Qingyi has been imprisoned by Dan Taitian for a month. Naturally, she has met Liu Hang. She knows that Liu Hang is the 32nd most powerful disciple in the inner sect. She is many times stronger than Bai Tao Wangting.

Wang Fan listens to the exclamation of cold green clothes, eyes slightly a MI, immediately already

realized, this Liu Hang is Dan Tai Tian's person.

He sneered in his heart. He didn't expect that Dan Taitian's action would be so fast. Now he sent someone to come.

"Wang Fan, he's Liu Hang. His inner disciple ranks 32nd. He's much more powerful than Bai Tao Wang Ting. You must be careful."

Cold green clothes back to God, quickly toward Wang Fan mouth remind.

Wang Fan nodded slightly, but he didn't speak. He just gazed at Liu Hang.

At the beginning of the sixth floor, this guy's strength was much more powerful than that of Bai Tao's court, but Wang Fan was not afraid.

When Wang Fan looks at Liu Hang, Liu Hang stares at Wang Fan and says coldly, "since you already know my identity, don't kneel down and take it with you!"

He pointed to Wang Fan, "it's just a piece of rubbish. You dare to rob a woman with elder martial brother dantai. You are so brave!"

Wang Fan listened to this, instantly angry.

This guy is really arrogant. He has to kneel down just because he told himself his identity in hanqingyi. He is so arrogant.

"Let me get down on my knees? allow oneself to be seized without putting up a fight? What are you Wang fan is not polite to counterattack a voice, "you Liu Hang so cow force, inside door disciple thirty second, not still that Dan Tai Tian's a dog?"

"It's ridiculous to think that the bastard of dantai Tian didn't come by himself, but your dog came first. You are really loyal to that dantai Tian, worthy of being a loyal dog."

Liu Hang is used to being superior, where ever thought that Wang Fan would dare to talk back?

When Wang Fan asked him what he was and called him a dog, he was completely angry in an instant.

With a bang, Liu Hang's killing intention just like substance burst out, and he was furious! And his face also became extremely distorted in an instant!

"Dog, I want you to die!" Liu Hang roars angrily, his right leg focuses heavily, and then kills Wang Fan madly.

Whoosh!

People in the air, a rainbow has pierced the air, rolled up boundless killing, crazy hanging to Wang Fan.

"To die? Many people say I'm looking for death, but I'm still alive. " Wang Fan sneered with disdain, his figure suddenly retreated, and at the same time he cut out the shadow knife.

When!

The swords collided with each other, making a loud noise, and the fury of their Qi was rampant. They started to retreat at the same time.

Liu Hang's face changed wildly. He didn't expect that Wang Fan didn't fall in the least when he collided with him head-on.

Even if his previous sword didn't use all his strength and didn't show any martial arts, who can guarantee that Wang Fan has done his best?

"Liu Hang? No. 32 in the inner gate? I Pooh! How dare you dare to make me kneel down with your strength? I don't know where you come from

Wang Fan disdains to laugh, body shape a flash, suddenly crazy rush to Liu Hang, shadow knife wave, began a rapid attack. For Liu Hang, Wang fan is still not careless. He must take the lead and try not to give the other side the chance to show his martial arts. Otherwise, Wang Fanke will be completely passive.

Shadow knife waving, such as wind, such as electricity, fast to the extreme, fast to incredible.

Liu Hang didn't even have the chance to draw a sword, he could only keep dodging, but even so, he couldn't completely dodge.

With a series of hissing voices, countless knife marks appeared on his body in an instant.

Almost every fall of Wang Fan's knife will leave a scar on his body and raise a blood mist.

"What kind of martial arts is this?" Liu Hang's heart is very shocked!

Fast, it's too fast. Fast, he can't avoid the past. He even has no chance to draw a sword to resist, let alone use his martial arts.

It took Wang Fan a long time to defeat Bai Tao. It seems very difficult. Why is it so strong now? With Wang Fan's strength at the moment, I'm afraid it won't take two to kill Bai Tao?

This grandson has hidden his strength!

Liu Hang can only judge like this!

If he knew that Wang Fan had just realized this Dao technique, he would be even more shocked.

But Wang Fan didn't pay any attention to Liu Hang's fright at all. He was just attacking madly, one knife after another.

Even to the back, he had closed his eyes and began to take Liu Hang to test the knife.

Liu Hang looked at this scene, really want to vomit blood.

He had never thought that the 32nd person in his family would be forced to such an awkward situation by a guy who had just been promoted to the inner disciple.

Just very soon, Liu Hang knew that he was not only forced into a mess, if he continued to do so, he would be killed sooner or later.

At this time, there were a group of disciples outside. They were shocked to see that Liu Hang was beaten by Wang Fan, and they had no power to fight back.

Wang fan is too abnormal. No matter who he meets, he seems to be able to defeat him?

From Yuan Hong to Baicheng, from Baicheng to Wangting, Baitao, and then to Liuhan, his strength seems to have no limit at all.

They even doubt whether Wang fan can easily defeat even if the heaven comes.

Another hiss. At a certain moment, Wang Fan's shadow knife made a cut in Liu Hang's chest, and then stopped attacking.

He looked at Liu Hang light said, "look at you let me sword further share, I spare you a life."

"Get out of here, go back and tell that God, if you want to kill me, get out of here by yourself, and don't send other dogs and cats like you to come here."

"Tell him that Han Qingyi is my man, and he is not qualified to move. If he dares to send those dogs and cats over again, don't blame me for visiting his cave directly. "

Domineering and arrogant voice spread, Wang Fan kicked Liu hang out of the cave.

Chapter 1503

Liu Hang was very depressed.

He came in high spirits. He thought that it was only a matter of hands to deal with Wang Fan, and it

didn't take much effort at all.

But he did not expect that he not only failed to deal with Wang Fan, but also was humiliated by Wang Fan and kicked out.

What a shame?

It's just that his strength is inferior to that of others, and he has no choice but to leave with hatred.

Those onlookers were shocked to see Liu Hang leaving in a mess, and then left here with a sigh.

They seem to be witnessing the rise of Wang Fan and a great genius.

However, Wang fan is just like a comet. The rising speed is too fast for them to bear.

Wang fan saw those people leave, but he didn't pay any attention to them. He called to Han Qingyi and went back to the cave.

No matter Wang fan or Liu Hang or the onlookers, they didn't find that an old man was standing there in the distance, watching the scene quietly.

It's just that the position is too unobtrusive, and the old man's strength is too strong. There is no breath at all, so no one noticed it.

This old man is no other than the elder.

When he learned that dantaitian had sent Liu Hang to look for Wang Fan, he rushed over immediately.

Wang fan is a rare genius in jijianmen. He doesn't allow anything to happen to Wang Fan.

If he didn't want to see the gap between Wang Fan and Liu Hang, and how many moves he could stick to in Liu Hang's hands, he would have been unable to resist the fight.

However, the result greatly exceeded his expectations. Wang Fan defeated Liu Hang and Liu Hang, who ranked 32nd in the inner gate.

This potential, this fighting capacity, is absolutely amazing.

Over time, I'm afraid the whole Tianyun kingdom can be regarded as a generation of pride.

"Wang Fan, less than two months after entering the yuan gate from the outside, went from eight levels of cultivation to the top of five levels of the earth. His talent potential is terrible."

"Moreover, according to my investigation, it seems that he has never practiced any martial arts of

jijianmen. That is to say, he defeated Liu Hang, who ranked 32nd in the inner gate, completely on his own and hardly with the help of our jijianmen resources."

"This son, absolutely must focus on training, must not lose!"

The elder looked at Wang Fan who had entered the cave, his eyes shining, and murmured to himself.

He was an elder who devoted himself to the sect, otherwise he would not have paid so much attention to Wang Fan after he found out his natural evil.

Wang Fan has hardly used the resources of jijianmen, so he is against heaven. If he is trained by jijianmen, will his achievements be low?

Wang Fan didn't know that the elder was staring at him in the dark. After he returned to the cave, he comforted Han Qingyi and continued to practice with the help of heaven and earth aura.

There is such a strong enemy dormant behind, Wang fan does not dare to relax for a moment.

It's not like outside. It's full of crisis everywhere. If you don't have enough strength, you can only let others kill you.

When Han Qingyi saw Wang Fan's hard work, there was a little fluctuation in his eyes.

Her eyes even flickered a touch of softness, and then she sat beside Wang Fan and began to practice.

After the experience of tantaitian, the whole person in hanqingyi seems to have changed. There is no longer the original coldness and aloofness.

One night without words, soon to the next day.

Wang Fan wakes up from cultivation and stands up.

"Where are you going?" Cold green clothes see Wang fan stand up, immediately get up at the same time, a few steps ran to Wang Fan side, grabbed Wang Fan's arm asked.

In her heart, Wang Fan has been regarded as a reliance.

"Elder martial sister Han, I'm going to take the token and dress of the inner disciple first, and then I'll go to the Martial Arts Pavilion to find a way to cultivate my body and martial arts."

Wang Fan did not hide the slightest, very directly said.

He tried so hard to enter jijianmen and become an inner disciple just to cultivate resources and martial arts. Otherwise, he would not have to come to jijianmen.

Wang Fan clearly remembers that when he was eight stories away from the ordinary, he pursued Shen Beiyu, who was only five stories away from the ordinary, but he was still escaped by Shen Beiyu.

So now he is in urgent need of a roll of body method and martial arts.

"I'm going with you." Cold green clothes have no much words, just hold Wang Fan firmly said.

"Well." Wang Fan nodded. In fact, he didn't want to leave hanqingyi alone here.

After all, he's not here. What if someone comes here again?

Although most people can't open the stone gate of the cave, dantaitian is not an ordinary person. In his capacity, even if brute force can't open it, it's estimated that there will be a way to open it.

When Han Qingyi saw Wang Fan's promise, a smile appeared in the corner of his mouth. That smile seemed to add a lot of light to the whole cave. Wang Fan was a little crazy. Han easily saw Wang Fan show dementia expression, pretty face more red, but there is no shame and angry, but slightly bowed his head, seems to be a little embarrassed to say,

"that, Wang, Wang Fan, you don't call me elder martial sister Han, just call me Qingyi."

Now Wang Fan's strength has far exceeded that of Han Qingyi. How can Han Qingyi let Wang Fan call her elder martial sister?

In particular, when Wang Fan called her elder martial sister, she had a sense of alienation and inexplicable loss in her heart.

"Well, it's getting late. Let's hurry." Wang Fan didn't care about the address, and then he left with cold green clothes.

At the moment when Wang Fan left the cave with Han Qingyi, the battle was still going on in the huge square.

However, today is no longer a competition for promoting students, because the competition ended as early as yesterday.

Today, it's the freedom challenge. Anyone can challenge, but the target must be the inner disciple or elder.

At this time of every year, there are a lot of nameless guys who suddenly come out and challenge to defeat their stronger opponents, even elders, and make a big splash.

Around the square, there are still a sea of people, and the atmosphere is even hotter than yesterday.

This kind of scene, if you can rise up a little, you can definitely become famous in the first World War!

A moment, accompanied by a burst of noise, suddenly, one side of the direction, the crowd scattered, a line of five people came in slowly.

Led by a young man in white, the young man's face is soft, brown hair flying, very strange.

The corners of his mouth were slightly curved, cold and proud, and his eyes were even more bright. It seemed that there was thunder and lightning flashing between the blinks, which was amazing.

On his left side, he was followed by a purple dress woman, who was half a step behind him and a little bit reserved.

On his right, he was followed by an old man in brown robe. Although he was parallel to him, he was respectful.

Then there are two young people. They are both very big, full of explosive force like wild animals, and strong as tigers and leopards.

Looking at the five people in the youth group and the surrounding crowd, there was an instant riot.

Chapter 1504

"Dan Tai Tian is the eighth one in the inner sect. Why is he here?"

"The top ten disciples of the inner gate don't show up easily, and they never take part in this kind of scene. I really don't know what this guy is doing."

"Is it hard to succeed? Does dantai Tian want to challenge the elder?"

There is a lot of discussion around. The top ten inner disciples are the absolute pride of the extreme sword sect and the absolute man of the day.

No matter where they appear, they will cause an absolute sensation.

Although this kind of challenge is grand, it is also highly valued by the disciples and even the high level of the sect. But it seems that it can't attract such people as Dan Taitian, can it?

After all, dantai Tian has already stood on the top of the disciples of jijianmen. He doesn't need to rely on this kind of fighting to become famous.

Tan Tai Tian seems to have never heard of the gaze and discussion of the people around him. He still talks and laughs with the elder, and seems to be used to that kind of discussion and eyes.

Soon, they stood down in one of the positions and looked at Bidou on the platform.

At a certain moment, when the fight in the center of the battle fell behind the scenes, Dan Taitian's right leg suddenly stepped on the ground. With a roar, it was like a mountain tremor. His whole body was like a sharp sword and rushed directly to the battle platform.

After he landed on the platform, there seemed to be a faint roar of thunder in the air, and his speed was faintly faster than the speed of sound. People had fallen, and the sound was still ringing.

It can be seen from this that this is the horror of heaven.

The following people see Dan Taitian appear in the center platform, first in a daze, then completely shocked.

Oh, my God!

It turned out to be the heaven!!!

What's more, Dan Taitian is still on his own initiative. What is he going to do and who is he going to challenge?

Dan Tai Tian on the platform is not strong and powerful, but standing there is like a javelin, straight and straight.

His soft eyes first scanned the whole room, and then he said slowly, "I'm calm in the sky, challenging my inner disciple Wang Fan, Wang Fan, how dare I fight?"

The sound is not big, but it's like thunder. It explodes in everyone's earlobes, and people's ears are buzzing.

The inner disciples were OK, but they were just pale, but the outer disciples and the servant disciples were miserable.

Most people have covered their ears, nose and mouth gushing blood, and even some weak people have been directly hit.

"How terrible! Is this the strength of the eighth person in the inner door? "

"The sonic attack is actually a sonic attack. Dan Taitian's Sonic attack alone has injured so many people, and it's still a large-scale attack. If he only targets one person, that's great?"

"How can it be that this heaven wants to challenge Wang Fan?"

It's unbelievable that the disciples of the slow God were shocked one after another.

This kind of challenge, basically only those with low status, to challenge those with high status.

But in dantai Tian, the enterprise is completely reversed. As the eighth disciple of the inner door, he even wants to challenge Wang Fan, who has just risen. How can they not be surprised?

Of course, there are also some people who are very dissatisfied with Dan Taitian's behavior. They even attack all the disciples on a large scale. This is just arrogance to the limit, unbridled to the limit.

This guy obviously didn't treat those weak external disciples and miscellaneous service disciples as human beings. His means are cruel and vicious.

Of course, soon no one thought about it. They were all excited and looking forward to the battle.

Dan Tai Tian, the eighth person in the inner gate, is the absolute evil of jijianmen and the absolute man of the day. His presence in jijianmen is a legend, which is worshiped and revered by countless disciples.

Wang Fan, on the other hand, rose strongly in a short period of time and went up all the way against the attack, which shocked everyone's eyes. His highest record was to defeat Liu Hang, who ranked 32nd in the inner gate.

If the two men fight, who will win and who will lose? Wait and see!

The space was silent in an instant.

Everyone is waiting for the appearance of Wang Fan, looking forward to the battle.

However, one minute later, Wang Fan did not appear, two minutes later, Wang Fan still did not appear.

At this moment, not only all the disciples below could not help frowning, but even the Dan Tai Tian on the stage could not help frowning.

Wang Fan didn't show up for such a long time. Was he not at the scene? Or is he afraid to fight?

The elder who came with Dan Tai Tian couldn't stand up immediately. With a move, he immediately called the two burly youths,

"you go to find that Wang Fan and tell him to quickly roll over and accept the challenge! It's his good fortune to challenge him, but he didn't show up. It's shameless! "

The elder's tone was cold, and his eyes were full of undisguised murders.

It's ridiculous to say that Dan Taitian challenged Wang Fan, obviously trying to kill him, but now he even said that it was Wang Fan's blessing and that Wang Fan didn't want to be shameful!"Yes The two

disciples didn't talk nonsense at all. They nodded and agreed and left quickly.

As time went by, the disciples began to wait for a long time.

Fortunately, in addition to tantaitian, the other two platforms are still fighting, which makes them not so boring.

But I can't accept it.

He is the eighth man in the family. How strong and proud is he?

But now he challenges Wang Fan, but Wang fan is not at the scene. He has to wait for him. This is a shame!

Originally, he wanted to abolish Wang Fan in full view of the public, to wipe out Wang Fan's face, fall from the altar and become a waste.

Now, he wants to kill Wang Fan, and the heart of killing Wang fan is very strong.

Wang fan doesn't know that Dan Taitian has gone to challenge him, and many people are waiting for him to appear and accept the challenge.

At this time, Wang Fan had come to the place where he received the inner disciple's clothes and token with Han Qingyi.

Here, there are already more than a dozen disciples waiting in line, one by one to receive clothing token.

They were all the people who successfully promoted their inner disciples yesterday. Everyone was very excited and excited.

Looking at these people, Wang fan can't help but sigh that there are so many external disciples in jijianmen, but only a dozen of them succeed in the challenge. The promotion of the internal disciples is too difficult and cruel.

But instead of speaking, he walked towards the back of the crowd.

"Look, it's elder martial brother Wang Fan."

"My God, elder martial brother Wang fan is here too."

"Elder martial brother Wang Fan, come to the front."

Those disciples were shocked to see Wang Fan. While talking, they quickly gave up their position.

The strong, wherever they go, will be respected.

Wang Fan's performance yesterday was amazing and gorgeous. Why don't they know Wang Fan?

Although they have also been promoted to become inner disciples, they are not comparable with Wang Fan.

And in their view, it is also a matter of course to give way to Wang Fan and let Wang Fan get the dress token first.

However, Wang Fan shook his head, "no, I'll be at the back. Come according to the rules."

Wang fan is very disciplined, and if people respect him, he will respect others. In his opinion, since he is a late comer, he should be in the back.

Unless these people don't treat him with rules, in that case, he will be more unreasonable.

Dada dada!

At this time, two heavy footsteps began to sound. The low voice was very powerful.

They turned around and saw that two burly youths came slowly.

Chapter 1505

"It's Meng Cheng and Meng Bai brothers. What are they doing here?"

"Meng Cheng and Meng Bai are all inner disciples. Meng Cheng ranks 27th among inner disciples and Meng Bai 29th. How can they be here?"

The disciples who were waiting in line were completely shocked to see the two burly youths.

They can't figure out why these two brothers are here.

Meng chengmeng was defeated. Although one ranked 27th and the other 29th, even the inner disciples ranked 189th did not dare to provoke them easily.

Because these two people are completely two lunatics, and they always work together against the enemy. If someone offends even one of them, they will take revenge madly together and never die.

As a result, even those inner disciples who are in front of them are not willing to provoke them easily if they don't encounter something very important.

Cold green clothes looking at these two people, but can't help but frown, toward Wang Fan whispered, "these two people are also Dan Tai Tian's dogs, mostly for us."

Wang Fan nodded slightly, but did not speak.

He has already felt that the strength of these two people has reached the middle of the sixth floor of the territory, and the breath is rich and long, far from the Liu Hang he met yesterday.

However, Wang Fan's heart is a little angry.

This day, it's really endless. People have been sent to trouble him.

Is it difficult for us to regard ourselves as a soft persimmon without temper, and we can knead it at will, and we will never stop until we die?

When Wang Fan was angry, Meng chengmeng's brother had come to Wang Fan.

Their huge pupils were full of cold light, staring at Wang Fan, and then Meng Cheng said, "elder martial brother dantai, come with us."

Meng Cheng is talking at the same time, a big hand has already suddenly grasped to Wang Fan.

In his palm, emerged the incomparably surging aura, overbearing and fierce.

Pop!

A loud noise, Wang Fan a slap will be Mengcheng that big hand open, disdain of say, "Dan Tai day calculate what thing, he call me I will go?"

"You are the dog of heaven, I am not. But then again, there are so many dogs in the sky. "

"First it's Wang Ting of Bai Tao, then it's Liu Hang, and now it's you. I really know how many dogs he keeps."

Wang Fan's words were killing people without blood. He not only insulted Dan Tai Tian, but also insulted all his subordinates.

"What an arrogant fellow! How dare you insult us!" As Wang Fan's words fell, Meng Cheng's face suddenly changed.

Meng Bai, who was short tempered, roared directly. Wheezing, the iron fist had already pierced the air and set off a powerful force, and blasted at Wang Fan.

In the air, the sound burst was harsh, as if the air had been squeezed by the fist.

Great momentum!

"Go away!" Wang Fan roared at the same time, and his aura turned instantly. He clenched his right fist and waved it quickly.

With the rapid swing of his right fist, the surging aura in his body was like the torrent of breaking the dike, suddenly converged into his right fist, and then came first, and madly attacked the defeated iron fist.

Fierce and overbearing!

Bang!

With a loud noise, the boundless Qi force rolled away, and the scattered Qi force was like fierce boa constrictors, which exploded on the surrounding stone walls.

Boom!

In a flash, the stone wall smashed, the rocks cracked, and on the ground, there were cracks spreading outward.

The disciples standing in line around them had already dodged to one side in panic and did not dare to approach.

They looked at the scene, pale and shocked.

Wang Fan rubbed the ground with his toes, rubbed his feet back for several meters, and then slowly stabilized his figure.

At his feet, he was pulled out a footprints several centimeters deep, like a hook across, shocking.

That Meng was defeated because he was directly blown away for tens of meters, and then he spewed out a mouthful of blood and fell to the ground heavily.

He sat down on the ground, it is incredible looking at Wang Fan, his face shocked.

In his opinion, Wang fan can use his martial arts to defeat him, and can use his body skills to tease him, but it is absolutely impossible to blow him away with brute force.

You know, their brothers are all born with divine power, and their power is infinite. In a simple competition, no one can compete with them except the top ten evildoers, even the 11th person in the inner door.

"Didn't Liu Hang tell Dan Taitian that if he wanted to find me, he would come here by himself? Every time I send a dog over, is it boring or not? Can it come true when I, Wang Fan, dare not kill a dog? "

Wang Fan stares at Meng Cheng, who defeated his brother coldly, "I give you a chance to roll right away. Roll as far as you can. I can take it as if you haven't been here, otherwise, don't blame me for being impolite."Ow!

Meng Cheng brothers, but completely angry!

Meng Cheng suddenly raised his head, opened his mouth and let out a crazy roar like a monster. He immediately stepped forward and rushed towards Wang Fan.

His muscles have been completely bulging, and even burst his clothes. It's like the muscle lines watered by steel, and it's even colder to watch the person's back.

With the impact of Meng Cheng, the earth has issued a roaring sound, deafening, the air, is sniffing.

His whole person is just like a wild monster, fierce and frightening.

"Stubborn, since you want to die, then I don't mind helping you!" Wang fan is also a little angry.

With a roar, he sent Hanqingyi to a safe place behind him. Then he danced with his fists and rushed to meet him crazily.

The aura in the body roars and runs like an angry dragon. The two fists are clenched tightly, and the thunder light on the surface is flashing. It's amazing.

Boom boom!

In an instant, Wang Fan and Meng Cheng were fighting madly together.

The wind is roaring and the wind is neighing. It's spectacular.

The surrounding walls, rocks, and even more in that wave, crazy smash crack, trees and plants, but also died in an instant.

At this moment, it seems that even the sky is shaking, even the ground is shaking, a few kilometers around, in an instant, it has been destroyed into a mess.

Boom!

There was another loud noise. Wang Fan's right leg soared into the air. It was as strong as a steel whip, and he cut it hard on Mengcheng's chest.

Click.

Mengcheng's congenital vigorous Qi was torn to pieces in an instant, and his bones were also broken!

Hiss.

A mouthful of thick blood spurted out, which made it fly backwards. Just at this moment, a light and shadow suddenly flashed by.

In an instant, the whole world was completely frozen.

Boom.

Meng Cheng's huge body was heavily bombed on the ground, blowing out a big hole, while his throat, like a waterfall of blood sword, was shot out.

His eyes were full of horror, full of reluctance, but in the end, they became gloomy and vitality disappeared.

A knife to seal the throat, the inner door ranked 27th, Meng Cheng, die!

The whole audience was dead in a moment!

"Ah, brother!" The short silence, the distant defeat, suddenly red eyes, exhausted hiss bottom of the roar up.

The sound, rolling like thunder, shakes through the valley!

"You killed my brother. I'm going to kill you!" Meng Bai was completely crazy and angry, red eyes, roaring, facing Wang Fan to kill the past!

Chapter 1506

Meng Bai was really angry and angry, and he was going to be completely crazy.

He didn't expect that his brother had been solved before he could join the battle because of his negligence.

This scene happened so fast that it was beyond his imagination.

Especially the last flash of light and shadow, what is it?

Wang Fan stares at Meng Bai coldly. His eyes are old and unshakable. Every inch of his muscles are solid and hard as iron. Body aura, but once again began the crazy operation, began to gather momentum.

Meng Cheng and Meng Bai come to find Wang Fan with a high attitude, and they also say that they will do it, trying to capture him directly.

Wang Fan didn't like them at all because of his overbearing behavior.

It can be imagined that the two brothers did not know how many of their peers were killed by this means.

If it wasn't for Wang Fan's strength and fearlessness, I'm afraid it would be Wang Fan who has fallen.

Therefore, Wang Fan has no pity for Meng Cheng's death, and even has no inner disturbance.

Since he came to arrest Wang Fan, of course, he must have the consciousness of death.

Wang Fan's momentum soon gathered to the peak, then his body flashed and he wanted to fight.

But at this moment -

"stop!" A voice of indifference suddenly rang out, and then a blue robed elder suddenly appeared in the middle of the two, and then hit Meng defeated.

Bang!

With a loud noise, Meng Bai retreated, and the momentum gathered from his body was just scattered without being hurt at all.

"What do you mean, elder Xue?" Meng Bai's face suddenly changed, and he could not help asking the elder.

He was very angry. Wang Fan didn't care when he killed his brother, but now he came out. It's really deceiving.

"It's not interesting. Private fights are not allowed here. If you have any enmity, you can report it to the upper class and ask for a fight of life and death. "

Blue robe elder said indifferently, his heart is also a little bitter.

At the moment when Wang Fan just came, he had already recognized Wang Fan and knew that Wang Fan was the black horse with the sudden and strong rise of zongmen.

Therefore, when Meng chengmeng defeated brothers started against Wang Fan, he didn't stop him at the first time.

Because he wanted to see how dark Wang Fan was and whether he could defeat Meng chengmeng, who ranked 27th and 29th in the inner gate.

But he didn't expect that, suddenly, Wang Fan killed Meng Cheng. The speed was so fast that even he didn't have a chance to rescue him.

Now I see that Meng Bai has to work hard with Wang Fan. How dare he not show up?

You know, all the inner disciples, especially the top 50 inner disciples, are the treasures of the sect. If they die like this, it's the loss of the sect.

Let alone Meng chengmeng, who ranked 27th and 29th.

"Elder Xue, when he killed my brother just now, why didn't you stop him? Now I'm going to kill him, but you stop him, isn't it too much?"

Meng Bai said angrily, biting his teeth.

Elder Xue's face immediately changed when he heard this, "you want to kill him, can you kill him? Your brother ranks 27th and you 29th. Even your brother is not his opponent. Will you be his opponent? "

"I repeat, private fighting is not allowed here. Of course, if you insist on fighting, I will not interfere. I will report the matter to you."

"You have to think clearly that it was your brother who provoked Wang Fan first. If you report this, even if you are defeated, you will be punished by the clan!"

Hearing this, Meng Bai suddenly stirred up his spirits and finally recovered completely.

Yes, even brother Meng Chengdu is not Wang Fan's opponent. How can he be Wang Fan's opponent if he is defeated?

I'm still too aggressive. If this Xue didn't stop him, I'm afraid he would be defeated and die.

"Wang Fan, Dan Taitian challenged you on the square platform. Now you are waiting to accept the challenge. Are you going or not?"

Meng Bai stares at Wang Fan and tells the current situation. But his eyes were filled with endless hatred and killing.

He swore that one day, he would destroy Wang Fan and take revenge today!

"Dan Taitian challenges me on the battlefield, and now he's waiting for me?" Wang fan is a little surprised, he did not expect, there should be such a thing.

Dan Tai Tian, who is the eighth in the inner gate, is challenging Wang Fan?

But soon, Wang Fan understood the meaning of Dan Tai Tian. This guy obviously abandoned him or killed him in full view of the public, and wanted him to lose his reputation!

At the same time, Wang Fan looked at the hatred in Meng Bai's eyes, and he couldn't help saying that it was a pity. In fact, when he killed Meng Cheng, he didn't intend to keep Meng Bai.

But he did not expect that at the critical moment, the so-called elder Xue came forward to stop him. It's not Wang Fan's character to let the tiger go back to the mountain. It's just that there is an elder to intervene. He has no way at all.

"If heaven challenges me, do I have to fight? What kind of thing is he, and who is qualified to challenge me? "

Wang fan can't help but ask, of course, the tone is certainly not very good.

Hearing this, Meng Bai was almost mad. Wang Fan even asked dantai Tian what he was and what he was qualified to challenge him. He was arrogant.

Looking at the whole jijianmen, I'm afraid all the inner disciples, even the first one, dare not say this so arrogantly?

"You can not fight, but you know, there are countless people waiting at the scene. If you don't fight, I'm afraid you won't be able to lift your head in the future, and the title of coward waste will be on your head."

"Why, don't you, Wang Fan, dare not fight?"

Mengbai said angrily that he was urging Wang Fan to fight.

Although he wanted to revenge for his brother, he knew that with his own strength, revenge would not be possible in a short time. It would be better to kill Wang Fan with the help of Dan Taitian's hand.

"Ha ha." Wang Fan laughs, "it's just plain plain. I haven't paid attention to it yet. How dare I dare to fight?"

"You go back and tell that Dan Taitian to wait. I'll be there as soon as I finish my work."

Wang Fan said arrogantly.

The reason why he took part in the battle was not because he was defeated, but because he had to go in this battle!

If we don't solve the problem of dantai Tian, he can't practice meditation.

The most important thing is that if he doesn't go to this war, it will probably affect his mood and even his future breakthrough.

After all, it's an engagement in full view of the public, and it's also under the spotlight. It's so influential that Wang fan can't refuse it at all!

"You, you have the guts." Meng Baiqi's face turned white. Wang Fan wanted to wait in the sky. It was too arrogant.

Wang fan is impatient, "you roll not roll, do not roll, do not blame me impolite."

Hearing this, Meng Bai took a look at Wang Fan with his teeth biting. He didn't dare to neglect him any more. He picked up Meng Cheng's body and left here quickly.

Chapter 1507

Mengbai was so fast that he soon returned to the square.

The disciples in the square were shocked when they saw that Meng Bai came back with Meng Cheng in his arms.

Under the intentional spread of the elder and the purple skirt woman, most of the disciples already knew that Meng Bai and Meng Cheng went to find Wang Fan.

But now, Meng Bai came back with Meng Cheng in his arms, but Wang Fan still disappeared. What's the matter?

"What's the matter, Wang Fan? Why didn't he come?" Blue robe elder three steps have already stepped to the side of Meng Bai, the facial expression is gloomy of ask a way.

"Elder Mo, you must avenge my brother. Wang fan is too arrogant."

Meng Bai's voice choked and his eyes were red. "We two brothers went to ask him to come, but he not only didn't come, but also killed my brother Meng Cheng."

"If elder Xue, who is in charge of issuing the inner disciple's dress token, didn't stop me, I'm afraid I would be dead now."

The words came out of his mouth, but Wang Fan turned into a villain.

Although this kind of thing said, he was also very shameless, but now where can he care so much.

"What, do you mean that Wang Fan didn't dare to fight?" Elder LAN Pao's face changed instantly. What he was concerned about was not Meng Cheng's death, but Wang Fan's courage to fight.

From this we can see that mengbai Mengcheng brother has no weight in his eyes, and he doesn't care about his brother's life or death at all.

The crowd was shocked.

Meng Cheng and Meng Bai are not Wang Fan's rivals? Wang fan is too powerful and terrible, isn't he?

How strong is Wang Fan's strength and where is the limit?

On the battlefield, the cold light flashed in his eyes, and he was about to rush down to the battlefield to ask, but at this time, Meng Bai spoke again,

"no, he answered. However, it will take time for him to collect the clothes and tokens of his inner disciples. Elder martial brother dantai will wait. "

WOW!

The whole audience was in an uproar.

Wang Fan, I have to wait here. What a big shelf!

Dan Tai Tian's steps suddenly stopped, and he resisted the impulse to rush down the battlefield immediately. But in his heart, he set off a violent killing intention.

His long hair, all because of anger and root inverted stand up, root upright, like a steel needle!

That pair of fists, is more grip, surging and turbulent aura, just like a crawling boa constrictor, crazy in his body surface began to wind around, killing dispersion!

He is the eighth person in the hall. Now he has no face to challenge Wang Fan.

But now, Wang Fan knew his challenge, but he didn't come to the battle immediately, but asked him to wait. What a shame!

"What a big shelf Blue robe elder is also angry, angry cheeks tremble, but there is no way.

After all, fighting has nothing to do with him. He can't catch Wang Fan without permission. That would violate the clan rules and have a huge impact on his reputation.

"Good Wang Fan, I really regret that I didn't kill you last night! Do you want me to wait in the sky? I'll wait. I'll see when you'll come to fight! "

"Don't worry, I will take good care of you. The longer you make me wait, the more comfortable I will take care of you!"

Dan Tai Tian is gnashing his teeth. It seems that all the viscera have been boiled by the boiling oil. His anger is boiling!

One hour

two hours

three hours

as time goes by, Wang Fan still hasn't appeared.

The blazing sun shines on the earth, and everyone seems to feel a touch of heat, as if they are suffering from the fire.

In the middle of the battle, tantaitian was no exception.

In these three hours, the anger in his chest has been breaking out for several times, but it is still suppressed by him in the end.

For three hours, Wang Fan didn't show any sign. It was a silent slap in the face!

If he didn't bring Wang Fan to grief, pick skin and cramp, boil oil to make a pot, he would not be able to get rid of his hatred!

"Here it is

"Brother Wang fan is here!"

"My God, he's here at last. I thought he didn't dare to come!"

At a certain moment, suddenly, accompanied by a commotion in the crowd, Wang Fan appeared slowly with cold green clothes.

At this time, Wang Fan was still dressed in the clothes of the factotum disciple. His clothes were dazzling and dazzling.

Wang Fan walks slowly to the front of the crowd with cold green clothes. Then he looks up slightly and looks at the sky on the stage.

And cold green clothes, is already dead fixed on the Dan Tai day, that beautiful eyes ripple out endless killing intention, Jiao body can't help but start shaking. Dan Tai Tian didn't look at Han Qing Yi at all. His eyes were all focused on Wang Fan from the beginning to the end. In his soft eyes, there was an undisguised murder.

"Wang Fan, what are you doing in a daze? Why don't you hurry up and die? We have been waiting for you for more than three hours. When do you want us to wait? "

Before dantai Tian spoke, the blue robed elder had stridden over, pointed to Wang Fan and cheered coldly.

Wang Fan listened to this, immediately looked up to the elder, "are you?"

"I'm Cao wangba, the elder of the inner gate!" Cao Wang BA's self introduction.

"King Cao?" With a sneer, Wang Fan couldn't help laughing, "I'll call you elder Wang ba."

"I want to ask you, you son of a bitch. As an inner disciple, you asked me to go up and die. In your eyes, our inner disciples are not human? "

He pointed to Cao wangba, and his tone was very sharp. "What's more, who told you to wait here? Did I ask you to wait? It's none of my business for you to wait?"

"Good courage!" King Cao was so angry that he said, "you don't have any elders. You dare to be disrespectful to the elder of my sect. I'll chop you!"

Cao Wang Ba roared, and his whole body was full of spirit. With a wave of his right palm, he shot Wang Fan fiercely.

"I'm the inner disciple appointed by the elder. How dare you move me?" But Wang Fan did not move. He suddenly drank. The rolling sound like thunder exploded into Cao wangba's earlobe.

Cao wangba's face suddenly changed, and his movements immediately became stiff in the air.

Wang fan is the elder, and he knows about it. But if Wang Fangang doesn't shout out, he will still fight regardless. But now Wang Fan cried out, he did not dare to move.

It's really because he doesn't have much sense, and there are many people around watching.

However, although Cao wangba did not dare to fight, his tone was still grim. "You have a vicious mind and a cruel heart. You have abolished Yuan Hong, Bai Cheng and Wang Ting, and killed Bai Tao and Meng Cheng."

"One month after you joined the sect, you killed so many talented disciples of our sect, and you disrespected me. Do you think you should be punished?"

Aggressive!

Wang Fan sneered, "right and wrong are free from people's hearts, and I think many people are very clear about these things, and I don't want to tell you more. What's more, even if it's punishment, I'm afraid it won't be your turn, will it? "

"I don't respect you? Ha ha, I just appeared here, you want me to roll up and die, you say, do I still need to respect you? Your skin is really thicker than pig skin

"That day, there are so many dogs under him. I thought he only had some disciple dogs, but I didn't expect that there were elder dogs. It's not easy!"

Wang Fan's sarcastic words made Cao Wang Ba feel totally naked. His words fell down and his right leg suddenly stepped on the ground. Then the whole person rushed to the battle platform directly and began to oppose the dantaitian on the battle platform from afar!

A big fight is imminent!

Chapter 1508

Cao wangba, who was under the stage, was called an elder dog by Wang Fan in full view of the public. He was so angry.

Crazy to kill out, he really want to kill Wang Fan regardless of everything, but, Wang Fan has flashed to the platform.

The surrounding disciples were even more shocked.

Wang fan is so bold that even the elder of the inner gate dares to abuse him.

However, they also know that Wang fan is not wrong. It's really that Cao wangba is too hateful.

This is also Wang Fan's strength and resourcefulness. If it were them, I'm afraid they would have been killed countless times.

Soon, the disciples did not think about these, but seriously looked at Wang Fan and Dan Taitian.

These two men, one is the eighth person in the inner door, and the other is the new rising black horse. The highest record is defeat, defeat and success.

Between them, who will be better?

No one knows.

"Wang Fan, you are very good. I haven't met such arrogant and arrogant guy like you for a long time."

"He robbed women with me and killed countless subordinates of me. He even dared to let me wait for

you on the battlefield for more than three hours. I have to say that you are very kind."

"Come on, how do you want to die?"

Dan Tai Tian's soft eyes stare at Wang Fan and says moriran.

There is no cover for the killing.

He didn't pay attention to Wang Fan at all. Even if Wang Fan defeated Meng chengmeng, he still didn't pay attention to Wang Fan.

In his opinion, Wang fan is a mole ant that can be kneaded at will. One foot is enough to trample to death!

The following disciples can't help but be shocked when they listen to Dan Taitian's words, and they are boiling with blood.

It's worthy of the name of Dan Tai. God, it's worthy of the existence of the eighth evil in the inner family. It's really arrogant and overbearing. I asked Wang Fan how he wanted to die!

Taking Wang Fan's recent amazing performance as an example, I'm afraid that only the ten evildoers in the front of the inner gate dare to be so arrogant?

But Wang Fan couldn't help laughing, "what you said is right. Wang fan is arrogant and robbing your woman. What can you do?"

"God, I don't want to waste my time with you, and I don't want to waste my time with you. Otherwise, once I do it, I'm afraid it will be hard for you to die. "

This guy pretends to be so much better than Wang Fan. Naturally, Wang fan can't get used to him any more. He directly attacks back with a more arrogant attitude.

Self determination?

Listen to these two words, not only Dan Tai Tian's face changed greatly, but also the faces of the people below.

At last, they have seen what it means to be strong in the middle and have a strong hand in the middle.

I'm afraid that even if the first evil in the inner door doesn't dare to say this?

But Wang Fan, dare!

Dan Tai Tian's face suddenly became cold, and his soft eyes suddenly swept Wang Fan.

Crackle!

In a flash, a thunder sound suddenly rang out, two beams of electric light instantly shot out of his eyes, directly toward Wang Fan mercilessly split blast in the past.

Flash like lightning!

Wang Fan's mental power has been staring at dantai sky. When the two beams of electric light twinkle in dantai sky's eyes, he has already noticed it.

Without hesitation, Wang Fan's figure suddenly flashed!

But Rao's reaction was not slow, and his speed was already fast, but he was still hit by one of the electric lights in the shoulder rib.

Whoa!

His left shoulder was pierced with a blood hole, and the red blood shot out in an instant.

"If you want me to do it by myself, what are you? Don't worry, I will make you Wang Fan, who can't even do it by yourself!"

Dan Tai Tian Yin soft said, eyes repeatedly blink, a beam of electric light instant then wind and lightning toward Wang Fan Biao shot in the past.

From a distance, that beam of lightning is just like thunder crisscross, forming a big net, overwhelming, amazing power.

Looking at this scene, the disciples under the stage couldn't help breathing quickly. They were staring at each other with astonishment.

Although dantai Tian is famous for his extreme sword gate, few of them have seen him do it.

They didn't expect that dantai sky would be so terrible. In their eyes, they could release such a violent electric light.

The power contained in each electric light makes them feel palpitation, let alone so much electric light.

Han Qingyi's heart was also pulled up, and Wang Fan broke into a cold sweat,

the electric light was not only terrible in power and quantity, but also too fast. It seemed that Wang Fan could not avoid it at all.

Wang Fan's face also became more dignified, he did not expect that the attack means of Dan Tai Tian would be like this.

It's just unheard of and impossible to prevent.

The speed and power of the electric light make people have no time and opportunity to fight back!"Hum!"

Feeling the lightning beam, Wang Fan hummed coldly. The aura in his body was surging, and the congenital vigorous Qi twinkled around his whole body.

Then, while avoiding the key parts of his head, heart, right arm and so on, he suddenly sacrificed the shadow knife.

The shadow knife is waved and transformed into a light curtain. The speed is also fast to the extreme, and it stirs fiercely on those electric lights.

Dangdangdang.

The sound of a series of steel sounds, and in an instant, sparks are everywhere.

Innumerable electric lights are scattered, those electric lights are scattered in the moment of being scattered, and soon turn into scattered stars.

But even so, hissing two times, there are still two electric light again hit Wang Fan's left rib and right leg.

It's bloody.

At the same time, under that huge strength, Wang Fan also retreated a few steps, his face a little pale.

This Dan Tai Tian is worthy of being the eighth person in the inner door. His strength is really terrible.

"Why?" Looking at this scene, Dan Tai Tian was slightly surprised. His hands danced rapidly. Soon, a series of lightning came out of his eyes again.

This time, those lights are faster and more powerful!

Wang Fan tried his best to resist, but the wound on his body is more and more, the whole person is forced to be very embarrassed.

He tried several times to approach the sky and fight with it, but he couldn't find the chance.

Those disciples under the stage were shocked when they saw this scene.

Dan Tai Tian really deserves to be the eighth person in the inner family. He deserves to be the evil genius of the extreme sword sect. His strength is really powerful.

Although Wang fan is also very powerful, the speed of his rise is fast enough. He is the black horse among the black horses. However, this black horse is still not black enough, and it is still not Dan Taitian's opponent.

It seems that Wang Fan's black horse is going to be terminated by dantai heaven. It's a pity.

Cold green clothes looking at the bloody battle on the platform, difficult to wave a knife to resist the escape of Wang Fan, the whole person also can't help but sit down on the ground, tears.

On the platform, Wang Fan's body has been completely dyed red with blood, and it looks extremely dazzling.

But he did not fall, still difficult to resist to avoid.

He couldn't get close to dantaitian at all. He couldn't attack at all. He could only resist passively. It seemed that it was only a matter of time before he was defeated or even beheaded.

"Wang Fan, you are really very powerful. You have great talent and amazing strength. But, in my eyes, you are still rubbish! You should never, never, provoke me

The dantai sky stares at Wang Fan coldly, and there are two beams of electric light in his eyes.

Boom!

This beam of electric light bombarded Wang Fan with a loud bang. Then Wang Fan's whole body fell on the platform with blood in his mouth.

From the beginning to the end, Wang Fan didn't have the strength to fight back, and didn't even fight back.

Heaven, really terrible!

Looking at the bloody Wang Fan who fell on the platform, all the disciples under the platform were palpitating and even regretting.

Is Wang Fan, a rising genius, about to fall?

Chapter 1509

Wang Fan fell on the platform with blood all over his body, motionless, as if he had been completely unable to move.

However, his eyes with his head down were full of calmness.

This is the most oppressive battle Wang Fan has ever experienced. From the beginning to the end, he has no ability to fight back.

There is no way, the speed of the light in Dan Tai Tian's eyes is too fast, fast he can't deal with it, let alone fight back.

Now, Wang fan can only pretend to be seriously injured and fall on the platform, let Dan tianlax, and then look for close opportunities.

Otherwise, once Dan Taitian's endless attack goes on, it's only a matter of time before he is defeated or killed.

Wang fan is also gambling. When he sees that he has fallen down, he will stop releasing the terrible light. As long as he stops, his chance to get close will come.

"Wang Fan, aren't you very powerful? Aren't you very arrogant? You even want me to be self righteous. It's up to you?"

Seeing that Wang Fan fell to the ground, dantai Tian couldn't help laughing, "you, Wang Fan, don't even have the power to fight back in front of me. What qualifications do you have to let me make my own decision?"

Whoosh!

Dan Tai Tian said, his eyes suddenly coagulated, and two electric lights came out, directly and ferociously hitting Wang Fan's back.

If it's hit, it'll definitely go through the back and through the heart.

Wang Fan was so surprised that he couldn't show weakness any more and suddenly jumped up!

He did not expect that dantai Tian should be so cautious, even if he had been "seriously injured" and fell down, he still did not forget to attack.

Two hisses, accompanied by Wang Fan's jump, the two beams of electric light hit the platform hard, and made two thumbs thick and thin holes in the platform.

Wang Fan's face was cold, and he was frantically urging the spirit in his body. He grabbed the shadow knife and cut it down.

Buzz!

The fury of Qi was torn up, and a knife of tens of feet was set off. The killing power swept across the sky, and the fierce force was hurled towards the sky.

Dan Tai Tian's face changed slightly, and he began to escape in an instant.

Boom!

There was a loud noise, and the long sword fell on the battlefield. The place of the battlefield was torn to pieces, and the stones and soil were flying!

Wang Fan finally found an opportunity to fight back. Naturally, he would not miss this opportunity.

I saw his right leg suddenly on the platform again. With a bang, the whole person rushed to the sky like a meteor.

"It's cunning to pretend to be dead with me Dantai cold day a smile, instant flash back, at the same time, the eyes of the electric light again crazy split shot out.

Only this time, Wang Fan did not deliberately Dodge, but directly protected his head, heart and other vital points, and continued to rush to the sky like thunder.

Even if he is fighting for serious injury, he will be close to Dan Taitian.

Looking at Wang Fan's desperate expression, I feel Wang Fan's indomitable intention to kill, let alone the people under the stage. Even Dan Taitian can't help being shocked.

It's so cruel that they have ignored his attack.

Hiss.

At the same time, Wang Fan was less than five meters away from dantai.

"This time, I'll see how you hide!" Wang Fan sneers, grabs the shadow knife again, and splits down wildly!

Whoop!

This time, nearly a hundred Zhang long sword suddenly flashed out, set off a frenzy of energy, suddenly cut down!

Dan Taitian's face has changed!

He started to dodge again as he waved his palms!

Boom!

There was a loud noise, and the knife awn rolled on the ground. It was shaking, and the ground was torn.

Although Dan Tai Tian dodged, the aftershock still ravaged him. Half of his robes were directly rolled away, and his blood and flesh were cut out.

Hiss, hiss, hiss!

At the same time, several electric lights hit Wang Fan. Wang Fan was beaten back several meters and fell on the platform.

Miserable!

What a tragedy!

This war is the most fierce and difficult one in Wang Fan's history. It's too fierce.

Dan Tai Tian was also frightened, and his face became ugly in an instant.

Wang Fan hurt him, Wang Fan hurt him!

It's a shame!

It's a disgrace hard to wash away!

"Die With a roar, he closed his eyes and began to dance his hands wildly.

With the dancing of his hands, a terrible pressure appeared between heaven and earth, which made all the people on the scene surprised.

It's obvious that Taitian is holding up a big move and brewing some terrible martial arts skills.

"Stop it The elder in a corner was so shocked that he couldn't help it any more. He jumped out and tried to stop it.

However, before he rushed to the battlefield, another old man had stopped him."Elder, the challenge is voluntary. Life and death depend on destiny. I don't think you should interfere."

The old man was dressed in a black robe, as thin as firewood, but his breath was terrible, no weaker than the elder.

"If you go on fighting, you will be killed. Wang fan is a rare genius in Jianmen. Do you really have the

heart to see him die?"

The elder was very angry. He was stopped by an elder who was the guardian of the clan. His strength was unfathomable, and he was also one of the teachers of dantaitian.

"A rare genius in a hundred years? You think too much of him! In a word, I don't think anyone is allowed to interfere in the battle between them. "

The old man hummed coldly and said firmly.

The elder's face was ugly, but he was helpless.

At this time, on the platform, Dan Taitian had finished his martial arts. His palms were suddenly waved and his eyes were suddenly opened.

In a flash, the two silver moons shot out of his eyes,

the two silver moons radiated dazzling smoothness, split the air, and instantly exploded at Wang Fan.

The air is full of palpating breath!

Looking at this scene, most of the disciples couldn't help closing their eyes and looking at it again.

They all seem to have seen the scene of Wang fan being killed by Yinyue.

Cold green clothes, is again can't help but soft fell on the ground, tears.

Elder, his eyes also become red, but the old man has been standing in his way, and he has no way to rescue him.

Moreover, even now the old man asked him to rescue, he was unable to return.

The corner of the mouth of Dan Tai Tian, has emerged a cruel smile.

It's over. It's over.

He has absolute self-confidence, Wang fan is absolutely dead without life.

However, in those two rounds of silver moon, five or six meters away from Wang Fan, Wang Fan suddenly moved.

"Go A low drink, I saw, a slap size of the seal was condensed out, in a moment toward the two rounds of silver bombardment in the past, the same fast as lightning!

The two collide quickly -

boom!

With a loud noise, the whole battlefield collapsed completely.

That frenzied spirit, crazy rampant to all around, destroy the sky!

Smoke and dust were flying all over the battlefield.

"Ah A scream came from the smoke, but no one knew whether it was Wang Fan's or dantai Tian's, because their sight had been blocked.

Chapter 1510

Under the platform, the old man's face suddenly changed. As soon as his figure flashed, he was about to go to the battlefield, but he was intercepted by the elder.

"Elder Qiu, didn't you say that no one is allowed to interfere in the battle? What do you mean now?"

Elder Qiu was stopped by the elder, and his face became gloomy immediately. "Get out of my way!"

The elder sneered and remained unmoved.

Elder Qiu was almost furious when he saw the elder's expression.

Although he is stronger than the elder, it is impossible to defeat him in a short time. He can only stop biting his teeth.

Another location, cold green clothes Leng Leng stay there, the whole eyes have been completely gray.

She couldn't imagine what was happening on the stage.

If Wang fan is defeated and killed, what should she do?

In the cold green clothes some six gods have no master of moment, suddenly, a big hand grasped her small hand.

"What are you still doing? Come with me." Cold green dress turns a head to see, immediately already saw Wang Fan.

At this time, Wang Fan had changed into the clothes of his inner disciples and covered his face with a piece of black cloth, which was completely different from the embarrassed appearance on the stage before.

"You." Cold green clothes Leng for a moment, instantly returned to God, eyes bright, she did not ask, quickly got up, let Wang Fan Pull left here.

Several disciples around also noticed the scene, but no one paid attention to it.

They all stare at the platform, want to wait for the smoke to disperse, to see who wins and who loses, to see if the newly rising King fan has been completely killed.

"Ah! Who killed dantai Tian? If I don't kill you, I will swear not to be a man! " However, they had not yet waited for the smoke to dissipate. Suddenly, a crazy roar came out from the deepest mountain.

The angry voice is like thunder, just like dragon's power. The whole extreme sword gate is rolling endlessly!

"What, is dantai Tian dead?"

"How is that possible?"

"What about Wang Fan?"

The disciples around the square were shocked by the sound, and some of them turned pale. Fortunately, the so-called Dan Tai Ming didn't aim at them, so they were not seriously injured. When they recovered, they were shocked and talked.

The elder's face suddenly changed as he listened to Dan Taiming's furious roar.

He didn't expect that he would die.

The smoke and dust soon dissipated, and the scene of the war chief also appeared in the public's sight.

I can only see that the battle platform has completely collapsed, and half a person can't be seen at all.

Only a bloody dress was left in a corner.

Boom!

A roar, a terrible pressure emerged, and then, a face of the sulcus nose old man, angry appear here.

His body is full of horror of killing, just that killing, oppressed countless disciples shiver.

After the black robed old man appeared, he went straight to one of the positions. His hands suddenly clapped. In an instant, countless stones flew up. Then, a man appeared in the public's sight.

The man's face was pale, and his body was full of scars, especially in the throat. There was a fatal wound, and there was no breath.

All the people under the stage looked at the man and gasped for air.

This, unexpectedly is Dan Tai Tian!

How is that possible?

Before that, he had the upper hand and trampled on Wang Fan's dantai heaven at will. How could he die in an instant?

What about Wang Fan? Where has Wang Fan gone? Why did they only see Wang Fan's clothes, but not Wang Fan's people? Was Wang Fan buried under it?

"Who killed my nephew dantai Tian? Who dares to kill my dantai family?" Looking at the striking knife mark in his throat, dantai Ming was furious.

He pointed to elder Qiu, "you are all here. Why don't you stop me? Are you watching my nephew dantaitian be killed? Don't you know that dantai Tian is a member of my dantai family? "

Dan Taiming is very domineering and angry.

Dantai Tian is not only the genius of jijianmen, but also the genius of his dantai family. But now that he has been killed, how can he not be angry?

The elder dares to confront elder Qiu, but he dares not to face dantai Ming, even if dantai Ming is so arrogant.

He said in a low voice, "that man's name is Wang Fan. They are the elder"

just now, elder Qiu next to him has interrupted with a cold hum,

"elder dantai, I just found that the situation was not good and wanted to stop it, but I was stopped by the elder. If the elder hadn't stopped me, I would never have died! "

"Well?" Dan Tai Ming listens to this words, the facial expression immediately changed, suddenly looked to big elder, "is that so?" Dan Taiming's face is gloomy and terrible, and his killing intention is crazy!

The elder secretly scolded elder Qiu for being shameless, but he didn't dare to deny it completely. He could only explain with a stiff head, "this is what happened."

But he didn't finish what he said, and his face suddenly changed.

See, Dan Tai Ming already right hand already suddenly melt palm, directly toward big elder crazy clap past.

A big hand of aura came out, and the strength of the spirit was like the waves, and the terror reached the extreme.

The elder didn't expect that dantai Ming would do it. Besides, dantai Ming was more powerful than him, so he couldn't escape.

With a slap, he was directly shot, and immediately flew out, spitting out the blood mist all over the sky.

Dan Tai Ming stepped forward and directly stepped on the big elder's chest, cold drink, "do you think you are big elder, I Dan Tai Ming dare not move you?"

Dan Taiming said, without waiting for the elder to speak, he looked at elder Qiu coldly, "where is the boy named Wang Fan?"

This asks, Qiu elder is silly, subconscious way, "he should also be killed, buried in the stone pile inside."

His mental strength is not strong enough, it can't be used to investigate, so he didn't realize that Wang Fan had escaped.

"Should be killed?" Dan Taiming laughed, suddenly kicked elder Qiu out and said, "there's no one else in the pile, even if there's no body. Who do you think was buried in it?"

Dan Tai is really angry and smiling.

All of a sudden, he opened his hand, and the clothes of Wang Fan's blood stained factitious disciple flew up in the air, and he was caught in his hand.

"Golden cicada peels off his shell, what a cunning boy. Didn't you find that Wang Fan changed his clothes and left?"

When Dan Taiming spoke, his mental power had been swept out crazily and directly swept out of the zongmen.

Because he realized that when Dan Tai Tian died, Wang Fan had already put on his clothes and left, so he couldn't lock Wang Fan at all.

But it doesn't matter. He just needs to see who is running away to know who is Wang Fan.

However, Dan Taiming's face soon changed, because even if his mental strength was swept out of the door ten miles away, there was no sign of anyone escaping.

Big elder and elder Qiu also look crazy, obviously did not expect, Wang Fan did not die, also played a golden cicada escape.

It's just that they really didn't notice Wang Fan leaving.

There are some disciples who suspect that Wang Fan was the one who took Han Qingyi with him just now. But in this case, they dare not say anything at all.

Dantai Tian's face was gloomy and hideous. At one moment, he looked directly at the many disciples around him and said in a loud voice,

"everyone listen to me. From now on, he will go all out to search for Wang Fan. Who can provide his whereabouts and reward him with ten thousand top-grade spirit stones directly is able to catch him for me, reward him with ten thousand top-grade spirit stones, and add a volume of top-grade martial arts!"

Boom!

Listen to Dan Taiming's words, the scene was completely bombed!

All the disciples' eyes were blazing up, and they were completely crazy!
