

## **Mighty Sk 1511**

### **Chapter 1511**

One hundred thousand top-grade spirit stones are the top-grade martial arts skills of Xuan level. They are not even the wealth of many sect elders.

But now, just need to catch Wang Fan, can get so much, how can they not heart, how can they not blush?

Although Wang fan is powerful, there is a great risk in catching him, but people die for money and birds die for food. Now, in order to cultivate resources, they can't care so much.

The elder who fell to the ground looked at the scene and sighed in his heart.

Wang Fan, what an evil genius, but now, it's over.

Dan Taiming is the head of the guardian elder of jijianmen. He is very powerful, and even the patriarch dare not buy his face.

Now, Dan Taiming is so aggressive in pursuing Wang fan that Wang Fan has no chance to survive. Moreover, even if Wang fan is lucky enough to survive, he can no longer be a member of the Jianmen.

The elder didn't expect that this would happen. Wang Fan killed Dan Tai Tian.

This is really a big mess.

Neimen peak, a dark cave, Wang Fan came here with cold green clothes.

This is an ownerless cave Wang Fan was looking for on Neimen peak. Because of his cave, he doesn't dare to go back now.

The first time Wang Fan killed Dan Tai Tian, he felt a wave from Dan Tai Tian and realized that it was not good.

So without hesitation, he quickly changed the clothes of the factotum disciple and left the square with cold green clothes.

Of course, Wang Fan was not in a hurry to escape, because he knew that once he escaped, he would be more exposed.

Sure enough, as soon as he left the square with his cold green clothes, Dan Taiming's angry roar came out within a few breaths, and then he felt Dan Taiming's sweeping spirit.

Feeling Dan Taiming's terrible mental power, Wang Fan couldn't help but sweat. He didn't flee to the

door of the sect, otherwise he would have been caught now.

"Wang Fan, what should we do now? Should we stay here?" Cold green dress also some nervous, she looks at Wang Fan, can't help but ask a way.

"You stay here and don't go anywhere. I'll go out and get some clothes and see what's going on. Then I'll leave as soon as possible." Wang Fan said solemnly.

He didn't expect that there was such a terrible person behind dantaitian, but he knew that jijianmen couldn't stay any longer. He had to find a way to leave.

Even if the elder valued him, he would not be able to protect him.

This is what Wang fan doesn't know about the elder being hurt by Dan Taiming. Otherwise, he will not estimate, but he will be sure that the elder can't protect him.

"Then you must be careful." Cold green clothes know now is not a waste of time, can only tell Wang Fan.

"Well." Wang Fan nodded, hands quickly in the face a few times, soon, the face has changed into a dark, slightly ugly young man.

After the change, he quickly dodged and left the cave.

Inside the jijianmen gate, there are disciples everywhere. Those disciples include miscellaneous workers, outsiders and even insiders.

At a glance, it looks dense and full of people.

They are searching all over the world crazily, looking very excited.

Wang Fan didn't have to ask at all. He had already learned from their comments that in order to capture himself, Dan Taiming had thrown out the temptation of 100000 top-grade Lingshi and Xuanji top-grade martial arts.

This big chip made Wang Fan's heart beat fiercely. He almost wanted to send himself to the front of tantaiming to get those cultivation resources.

It's really a great skill. From this we can see the importance of dantai heaven and the status of dantai Ming.

Moreover, Dan Taiming was able to directly pass the chieftain of jijianmen and offer such a reward to his disciples. Obviously, his position is extraordinary.

Wang Fan's heart sank to the bottom of the valley, but the surface was still, pretending to search the

same way, and ran out of the door.

He wants to see how many people are guarding the gate and what strength they are.

But soon, Wang Fan became a fool.

There are hundreds of disciples and more than ten elders at the gate.

Looking at the strong lineup, Wang Fan was really shocked.

Well, how can he go out with Han Qingyi?

Dan Taiming, it's really a terrible means!

Wang Fan didn't stay much. He knocked out two disciples in a remote place, took off their clothes, hid them and went back to the cave.

Whether he can really escape or not, he has to try.

Because countless disciples are searching every peak, every cave, every cave. If he doesn't leave, he can only wait for death.

With two clothes, Wang Fan soon returned to the cave without danger. Cold green dress originally is nervous of back and forth pace, see Wang Fan come back, immediately couldn't help but relief tone.

"Change your clothes quickly, I'll give you a simple look, and then get out of here." Wang Fan said to Han Qingyi.

Cold green clothes also didn't wriggle, immediately began to take off clothes, not long, she put on the body outside the door disciple clothes.

At the same time, Wang Fan has changed his clothes, and then quickly came to hanqingyi.

More than ten minutes later, hanqingyi has been changed into an ordinary youth by Wang Fan, which has changed dramatically.

There's no way. Many people know that Wang fan is with Han Qingyi. If Wang Fan takes a woman, no matter how easy she looks, it's easy to be seen through.

He can only change the cold green clothes into a man's appearance, so as not to arouse other people's vigilance and suspicion.

"Let's go!" After changing face, Wang Fan said all over, and immediately flashed out of the cave, while Han Qingyi followed closely.

"Don't be nervous. We'll find a chance to go down there, then pretend to search, and slowly flee to the clan. We'll see you later."

Wang Fan said to Han Qingyi, "now, we are wanted. All the disciples of the sect are looking for us, and I suspect that Dan Taiming's spiritual power is also searching."

"So we must be calm and never show our feet. Otherwise, I'm afraid that a subtle expression can be clearly detected by that platform."

Wang fan is very calm. He knows that no one can recognize them just from the surface. As long as the expression does not show flaws, it should not be found.

As for their strange faces, no one knew each other. Wang Fan also thought about it.

If it is normal, this is indeed a fatal weakness, but now, there are too many disciples in this search, and almost all of them are involved.

It is impossible for so many disciples to know each other.

"Well." Cold green clothes nodded, try to calm down, relax.

In this way, they slowly approached the door of the clan.

## **Chapter 1512**

At the moment when Wang Fan ran to the entrance of zongmen with cold green clothes, there were a group of elders sitting in the hall above the mountain in the depth of zongmen, and even the patriarch Yin Wujian came.

"Elder dantai, Wang Fan killed dantai Tian. It's really the right thing to kill him. But it's too much for you to mobilize all the disciples of the sect to search for Wang Fan and offer such a big reward?"

Yin Wujian frowned and said to Dan Taiming.

After all, this kind of thing has a big impact.

Wang Fan was the one who killed Dan Tai Tian on the battle platform, and he was the first one who challenged him.

In this case, the sect offered a reward to all the disciples for hunting Wang Fan, which was obviously unreasonable.

If this matter is spread out, won't jijianmen become a laughing stock?

What's more, even if those disciples are dazzled by heavy profits and don't think about it, they can calm down and think about it in the future. Who dares to play for jijianmen in the future?

The Tantai people are so arrogant.

Whether it's the dead Dan Tai Tian or this Dan Tai Ming, they are all arrogant.

However, dantaiming was powerful, and there was an unusual dantai family behind it, and Yin Wujian didn't dare to offend.

"Ever? What happened? If Wang Fan dares to kill the genius of my family, he will die! " Dan Taiming didn't buy Yin Wujian at all, and said arrogantly.

He pointed to the pale elder not far away, and hummed, "he stopped elder Qiu from saving people. I've given him face before I killed him."

"Elder, you'd better pray that Wang Fan will be caught, otherwise, I'll kill you even if I don't be the guardian elder of the extreme sword gate!"

Listening to this, the elders on the scene couldn't help breathing and felt a chill.

The Lord Yin Wujian and the elder were angry, but they finally forbore.

Although Tan Taiming is arrogant, he is very powerful, and he has made a lot of contributions to jijianmen. Now it's not suitable to turn over his face completely.

"Elder dantai, it's been a long time, but I still haven't found that Wang Fan. Do you think that Wang Fan has left the sect. Otherwise, there is no reason why so many people are looking for him. "

An elder belonging to the dantaiming sect could not help but stand up and asked carefully.

After all, with so many disciples looking for Wang Fan, Wang Fan has no place to hide. As long as Wang Fan stays in the sect, he should have been found out.

But now, Wang fan is still no news, he suspected that Wang Fan had already left the sect is not unreasonable.

"No way!" Dan Taiming shook his head decisively, "less than ten minutes after Tian'er was killed, I arrived at the scene, and my mental power has been paying close attention to the outside of the clan."

"If that Wang fan leaves, how can I not be aware of it? He should still be living in the family now, but he doesn't know where to hide

Dan Taiming is very confident about this. He has seen the portraits of Wang Fan and Han Qingyi. As long

as they leave the clan, they can't hide his mental investigation.

Even if Wang Fan and Han Qingyi wear masks, they can't escape his perception.

But up to now, his mental strength has not detected that Wang Fan and Han Qingyi left at all, let alone that some people with masks left, which means that Wang Fan and Han Qingyi are still living in the clan.

When the elder saw that Tan Taiming was so confident, he immediately stopped talking.

"Elder Yi, as soon as you fly pigeons out to me, inform all the cities below and post his portrait to me. As soon as you find him, report him immediately."

Dan Tai Ming hesitated for a moment, then said to the elder below.

Although he was sure that Wang Fan had never left, he was not afraid of ten thousand, just in case.

"I'll go right away." The elder Yi agreed and left immediately.

Yan Wujian looked at the scene, and his face was even worse.

Dan Taiming was so arrogant in front of him that he seemed to have ignored his patriarch, which made him very angry.

It's just that he can't help it.

As the end of the ten major sects, jijianmen really can't stand the ups and downs. If he breaks up with Dan Taiming, I'm afraid that jijianmen will lose even the status of the ten major sects and become a second rate sect.

"Ah, where did you say Wang Fan was hiding? Why hasn't there been any news for such a long time?"

"Yes, it's too dodgy, isn't it? We have searched all over the area, the mountains and the caves. Besides, there are so many people guarding the gate, where can he hide? "

"It's really evil. It's reasonable to say that so many of our disciples are looking for one ant, not to mention two living people."

Many disciples are talking about it, and they are very confused.

You know, almost thousands of disciples of the sect are looking for Wang Fan, but they haven't found him for such a long time. How can they not be depressed? Gradually, these disciples who are looking for Wang fan are not as energetic as they were at the beginning.

After all, people are tired.

Wang Fan and Han Qingyi pretend to walk on a path, listening to those people's comments, only sneer in their eyes.

These people, who do not know Wang fansu, are now searching for Wang Fan and asking him to die in order to cultivate resources. Therefore, he has no good feelings for these people.

If it were not for the present situation, Wang Fan could not do it, otherwise he would have killed several people.

Although the cold green clothing strong attire is calm, but in the heart is actually some nervous.

After all, there are too many disciples. Once their identities are exposed and the other party rushes on, Wang fan can't resist even if he is fierce.

One before the other, they soon came to the entrance of the sect, where there were still more than 100 disciples and a dozen elders.

Every disciple or elder who goes out will be strictly checked by them.

Of course, there are not many disciples or elders going out at this time.

Wang Fan took hanqingyi to a hidden place far away from the gate of the sect, and then said, "you hide here first, and you can act according to the circumstances later."

"If we have a chance, we'll break through together. If we don't have a chance, we'll find another way."

"Well." The cold green dress cleverly ordered to nod, "that you also want to be careful."

"I know." When Wang Fan finished, he went straight around to the other side.

He picked up a huge stone the size of a millstone, breathed deeply, threw it forward, and then immediately said, "Wang fan is over there, Wang fan is over there!"

Wang Fan force of roar, instant crazy toward the direction of the boulder throw ran in the past.

Where is Wang Fan?

And listen to this sentence, around countless people's faces have changed, they first a Leng, and then followed the crazy pursuit in the past.

For a moment, the whole scene was completely bombed.

As long as the people who heard this sentence, almost all chased them.

Because whether it's true or not, they won't miss any chance.

Even the disciples and elders who guarded the entrance of the sect disappeared in an instant, leaving only a few people.

### **Chapter 1513**

Wang Fan, however, is equivalent to one hundred thousand top-grade spirit stones and a volume of Xuan level top-grade martial arts. No one will not be moved.

Whoosh, whoosh.

For a moment, there were people all over the mountains, and those disciples and elders ran towards Wang Fan's direction.

That number, at least not less than a few hundred.

Hiding in the distance of the cold green clothes looking at this scene, the whole face is white, incomparable tension.

Wang fan is after a corner, quickly into a boulder, and then strive to throw a boulder forward.

Hoo

Dong

after the countless disciples came, they just heard the sound of the boulder landing. They didn't stop at all, so they went straight after them.

After all the disciples chased him, Wang Fan quickly got up and returned to the hiding place of hanqingyi.

"Let's go!" He said, a pull up cold green clothes, directly toward the door entrance ran past.

Although there are still more than a dozen people at the entrance of the sect, and even three or four elders, Wang fan can't care so much.

If he can't get out this time, it's really hard for him to get out again.

"Where are you going? Take out your disciple's token and let us check our identity." As soon as Wang Fan and Wang Fan arrived at the entrance of the sect, an elder cheered coldly.

Because Wang Fan and Han Qingyi were changed, no one recognized them.

It's just that at this time, Wang Fan and Wang fan are going to leave. It's obvious that there is a problem and it's doubtful.

"Good." Wang Fan nodded and put his hand into his pocket.

But the next second, whoosh, a bright sword flashed out, split toward the elder in an instant.

The frenzied killing power swept away, the elder's face changed greatly, and immediately began to retreat in fear.

"No, he's Wang Fan!"

Whoa!

However, a sharp voice interrupted his words, his chest was stained with blood, he was directly split out, life and death do not know.

The rest of the people looked at the scene, their faces changed!

At this time, Wang Fan has moved again, he suddenly turned around, his right leg like a whirlwind, sweeping out madly.

There was no time to dodge, so they were swept.

Bang Bang Bang sound sounded, they issued a series of screams, mouth gushing blood of inverted fly out.

Wang Fan still did not stay, body shape suddenly forward, is a knife, crazy split to another elder.

The elder offered a long sword to resist, but he was just an outside elder. How could he resist?

And the speed of Wang Fanying's knife is too fast. It's incredible. A few blood marks were made on his chest, which overturned him on the ground.

In the distance, a few outside disciples have rushed to, but in Wang Fan's eyes, they are mole ants.

Wang Fan just wields a knife, and those outside disciples have all fallen, and their strength is not at a level at all.

More than a dozen people were killed and injured in an instant. Wang Fan tore a gap. Instead of continuing the fierce fighting, Wang Fan picked up Han Qingyi and ran to the mountain quickly.

Although he tried his best to kill all the dozen people, now he can't, because his main purpose is to escape.

Let's not say that the fighting on this side has attracted a lot of people's attention. Let's say that Dan Taiming is probably aware of it.

Once that Dan Tai Ming comes in person, he Wang Fan will have no chance.

"Wang Fan, Wang Fan ran away, chase, chase!" A large number of disciples appeared at the entrance of the sect and chased Wang Fan crazily.

Wang Fanying sword constantly waving back, crazy with cold green clothes to flee.

It's just that the speed of those disciples is too fast, especially those with body method and martial arts skills. The speed is incredible. Wang fan is not as fast as others.

Wang Fan's face was hard to see the extreme, but he didn't dare to look back at all.

He has borrowed a manuscript of the lower level martial arts from the Martial Arts Pavilion. Unfortunately, he hasn't had time to practice.

Cold green clothes is also nervous to the extreme, but at this time, she didn't even have the opportunity to speak.

"Wang Fan, stop, or don't blame us for being impolite."

"Wang Fan, don't waste your strength. You can't run. Elder dantai Ming has come. You will die."

"Wang Fan, stop it for me!"

The roar came out continuously, and every sound was full of endless killing intention. And chase in front of those people, distance Wang fan is also closer and closer.

Wang Fan felt this scene, it is almost canthus to crack, "I and you have no injustice, why do you want to chase me? Is it for the so-called spirit stone and martial arts of Taiming? "

"So many of you, even if you kill me, who should be given the Lingshi and martial arts?" "My King fan killed dantai Tian, but it was I who was appointed to fight by dantai Tian, and I also killed him openly and justly on the battlefield. Why did Dan Taiming kill me and why did you pursue me? "

"For the sake of my classmates, you should step back now. I can take it as if nothing happened. Otherwise, don't blame me for being impolite."

Wang Fan's crazy roar, crazy and killing intention interweave, surging to the extreme.

Listening to Wang Fan's words, those disciples and elders could not help but feel slightly ashamed.

Just think of that 100000 top-grade spirit stone, and Xuanji top-grade martial arts, their eyes once again firm up.

People are selfish, and this is the world of the jungle. In order to cultivate resources, they can do anything.

Whoosh!

At this time, an elder has rushed to Wang Fan's back and stabbed him with a sword.

This is an outside elder. He has six levels of strength and can't be underestimated.

His sword split out, only to see a bright flash of light, in the air set off a hissing voice, extremely rapid.

If Wang fan is stabbed, it will definitely be a heavy blow. There is no second possibility.

"You want to die!" Wang Fan felt the other side's sword, but also eyes to crack!

He suddenly pushed hanqingyi forward, suddenly turned back, turned around and avoided the long sword from the other side. When he suddenly grasped his right fist, he went out in a crazy way!

"Gang Lei Quan!"

There was a piercing thunder, and Wang Fan's right fist was like a meteorite. With a hiss, he immediately spat out a mouthful of blood and flew out, and his bones were broken.

"I have nothing to do with you, but you want to kill me. In this case, don't blame me, Wang Fan, for not thinking about the same family!"

Wang Fan's eyes were red. He retreated crazily and gathered the mountain climbing seal quickly.

He has no way, he has been forced to a dead end.

Whether he can really escape today or not, he will kill a group of people first.

He wants to tell these people, he Wang who is not so good to pursue and kill, dare to pursue and kill him, will pay the price of bleeding!

Five palms of the size of the mark quickly formed fusion, Wang Fan a burst drink, crazy push out.

At this moment, everyone's face changed and became extremely ugly.

They have all felt the power of destroying heaven and earth from the mountain print.

"Run, run!" Those people who rushed in front of us immediately stabilized themselves, and they were about to retreat, but where could they have time?

Whoosh!

The mountain climbing seal turned into a streamer and bombed them -

boom!

In an instant, it was like the end of the world.

All the people were thrown away, and the whole world seemed to tremble!

Smoke and dust filled, gravel flying, cracks hook now, a mess!

#### **Chapter 1514**

Just for a moment, the jijianmen disciple or elder who pursued Wang Fan had already been killed and injured more than half.

Wang Fan's face was also very pale and weak.

But he didn't even look at those people. He grabbed the hand of Han Qingyi and ran away from here again.

Such a big movement must have attracted the attention of the sect master. Once that Dan Taiming comes, he will be dead.

Wang Fan two people flash away, about 20 minutes later, a streamer flashing, Dan Taiming has appeared here.

He looked at the scene of the mess, his face overcast and cold to the extreme, and without half a word of nonsense, he directly chased out under the peak.

"Not far ahead is Jijian city. As long as we enter Jijian city and find another place to change our clothes, it will be much safer."

Wang Fan ran wildly and said to the cold green clothes beside him.

Although Jijian city is also named after Jijian, the people in the city are not all Jijian disciples.

There is a mixture of dragons and snakes. Wang Fan and Han Qingyi will have more hope to escape.

Cold green clothes nodded, but in the heart is very guilty.

If it wasn't for her, Wang Fan would not have formed a feud with Dan Tai Tian. If they hadn't, Wang Fan would not have fallen into this situation.

But she knew that it was meaningless to say that now.

Wang Fan soon ran to Jijian city with cold green clothes, and then ran to one of the clothes shops.

The shopkeeper saw that both of them were dressed in the clothes of the disciples outside the gate of Jijian. His face, which was originally indifferent, immediately became respectful.

Although the disciple outside the gate of Jijian is not in a high position in the gate of Jijian, he is still very high in the eyes of his small shop manager.

"Ladies and gentlemen, what can I do for you?" The shopkeeper asked Wang Fan in fear.

"Get me two suits and come here quickly." Wang Fan coldly said, directly took out two spirit stones and patted them on the counter.

The shopkeeper listened to Wang Fan's tone, and then looked at Wang Fan's spirit stone on the counter. His face immediately changed, "my Lord, it's too much to use."

Most people buy clothes with silver and gold coins, but they don't use Lingshi at all.

If Wang Fan and Wang Fan were not disciples of jijianmen, he might be able to accept these two spirit stones, but how dare he now?

"Don't talk nonsense. Hurry up. Can you afford to delay my work?" Wang Fan suddenly frowned and said impatiently.

The shopkeeper didn't dare to talk nonsense any more. He quickly asked someone to take the clothes.

Wang Fan anxiously waited, but his mental strength was always paying close attention to the surrounding trends. Once there is any wind and grass around, he will leave at the first time.

Before long, two clothes were taken up, Wang Fan also no nonsense, with cold green clothes on the second floor to change clothes.

After changing their clothes, they were about to leave when suddenly, daddada, the sound of heavy horse hooves rang out.

See, shop outside the end of the road, there is a city guard riding a horse.

Each of the guards had a face like a knife, a cold look, a sharp sword and a curved sword.

They sat down and their heavy hooves trampled on the ground, splashing dust and lime all over the ground.

"Chengwei, it's Chengwei. What are they going to do? Is there something big happened?"

"Suddenly, how can the city guard appear? Is there a big enemy of Jijian gate in Jijian city?"

The people around looked at the guards and couldn't help changing their colors. At the same time, they quickly retreated to both sides. The road was soon empty, and no one dared to stop them.

"What a speed Wang Fan's face also changed. Without any hesitation, he grabbed hanqingyi directly, jumped from the other end of the second floor and ran to the back door.

His mental strength has already been swept to the back, there is a secret door, outside the secret door is an alley, there are not many people.

Wang fan doesn't need to ask at all. He also knows that these city guards are aimed at him. Although the strength of these city guards is not good, Wang Fan hasn't paid attention to them.

But now he doesn't want to waste his time, because that dantai Ming is probably on his way. Dantai Ming is the enemy.

Hula.

Soon, the city guards stopped in front of the shop, got off the horse together, and then ran into the shop with a strong momentum.

The shopkeeper was shocked, even his legs were trembling, and his voice was trembling. He could hardly say a complete word, "my Lord, what are you doing?"

"Did you have two young people here before? Where are they now?" The leader of the city guard stares at the shopkeeper and asks coldly.

"He, they, are changing on it." The shopkeeper shivered, but there was a bad feeling in his heart.

Aren't Wang Fan and his disciples from the outer gate of jijianmen? It's reasonable to say that they are their own talents with these city guards. Right now?"Search!"

The leader of the city guard didn't talk nonsense at all. With a wave of his hand, he directly took people to the second floor.

But when they went up, the second floor was empty, and there was no half figure at all.

The leader of the city guard was very angry and immediately returned to the first floor. He grabbed the shopkeeper's neck and lifted it up. "Where's the man? Why isn't he here?"

"Me, me." The shopkeeper was caught in the neck, and he couldn't breathe. He didn't speak in succession.

"Do you have any back doors?" The leader of the city guard slapped him and asked angrily.

"Yes, yes." The shopkeeper was slapped, but he didn't dare to attack. He said difficultly, pointing to the back door.

"Asshole!" The leader of the city guard was furious when he heard that there was a back door. He stabbed the shopkeeper in the heart.

Come on!

A sound, red blood shot out, the shopkeeper immediately fell on the ground, pale.

He didn't seem to think that the city guard would kill him. What did he do wrong?

"Hit me!" The leader of Chengwei yelled angrily, smashed the shop in a crazy way, and then immediately led people to the back door.

After they left through the back door, the whole shop was in a mess.

In a tavern not far away, Wang Fan's mental power was aware of the scene. His face was cold to the extreme, and his heart was full of endless killing.

He didn't expect that he just went to the shop, and the anecdote only sold him two pieces of clothes, and he was killed.

These city guards are really arrogant.

After Wang Fan fled from the back door with cold green clothes, he simply changed his face and came to the tavern.

The so-called most dangerous place is the safest place. He believes that no matter those Chengwei or tantaiming, it is impossible to think that he dares to stay here.

However, Wang Fan did not expect that he saw the scene that made him angry.

The leader of the city guard killed the shopkeeper.

"What's the matter? Why don't you look so bad?" Cold green clothes have no mental strength, so

naturally they can't notice that scene.

Seeing Wang Fan's ugly face, she couldn't help asking.

"I'm fine. You're eating here now. I'll come as soon as I go." Wang Fan said, directly stood up and walked slowly out of the pub.

His eyes are full of cold murders. Although it is clear that Wang fan can't stir up trouble now, he can still stir up those arrogant city guards.

## **Chapter 1515**

Wang Fan almost just left the tavern, Dan Taiming's figure appeared outside the shop.

Dan Taiming is powerful and fast. Even if Wang Fan left more than 20 minutes earlier than him, he still caught up in a very short time.

Dan Taiming looked at the mess of the shop, mental power like a spider web, spread out in all directions.

Since this shop has just had an accident, it means that Wang Fan has appeared here. He wants to find out where Wang fan is and whether he has gone far.

Dan Taiming knows that Wang Fan and Han Qingyi are two people together, and they are easy to look at, so he focuses on the two people together.

His mental power soon swept to the cold green clothes in the tavern, but the strength of the cold green clothes was low, and he didn't notice the investigation of Dan Taiming's spirit.

Of course, Dan Taiming didn't pay much attention to the cold green clothes, and his mental power just swept away.

Because Han Qingyi was only one person, he didn't suspect him.

Dan Taiming's powerful mental power radiates like a spider's web, covering all directions. He even sees the city guard who is crazy to search for Wang Fan, but he still doesn't notice Wang Fan's trace.

This made him very angry. Where is Wang Fan?

Previously in the extreme sword gate, Wang Fan evaded his spiritual search. How can Wang Fan escape now?

Dan Taiming was almost angry. His anger was like boiling oil, boiling and rolling, but he could only suppress it.

On a road, Wang fan is chasing those city guards. Suddenly, his brow can't help wrinkling.

Because he was aware of a terrible fluctuation of mental power, and that fluctuation of mental power, which he was very familiar with, belonged to Dan Taiming.

Wang Fan's face suddenly changed. He suddenly stopped his body and began to walk slowly with normal steps. He tried his best to make a calm posture.

At this time, it's very dangerous. He doesn't dare to show any abnormality at all. Otherwise, it will certainly arouse Dan Taiming's suspicion.

He did not expect that Dan Taiming's speed would be so fast. In such a short time, he caught up with Jijian city. It can be seen how Dan Taiming wanted to kill him.

Sure enough, before long, Dan Taiming's terrible mental power swept over, but the mental power just stayed on him for less than a second, and then he left.

Wang Fan felt this scene, can't help but be a little surprised, can't Dan Taiming be so careless?

However, he didn't think much. After he was relieved, he ran to the guards again.

"Damn, where did the grandson go? Why didn't he catch up with him?"

"Son of a bitch, don't let me see him, or I will cut off his head."

"One hundred thousand spirit stones and a volume of Xuan level advanced martial arts skills just slipped away. I'm not reconciled."

Those city guards, like bandits, ravaged every shop and searched for money while complaining.

Most shop owners are very angry and dare not say anything about their behavior. Even if they are insulted, smashed or robbed, they dare not say anything at all.

Even if occasionally there are a few angry and reasonable people, they will not hesitate to kill them under the broadsword.

The means can be described as vicious and cruel!

On weekdays, Jijian city has its own rules and regulations. They dare not come here.

But this time, it was elder dantai Ming who spoke in person and worked for elder dantai Ming. This is a once-in-a-lifetime opportunity. Naturally, they need to search for more money.

In a word, what these guys have done is that they are restless.

"Damn it, the little girl in the shop just now is so smart. I really want to have a haircut. It's a pity that the little girl committed suicide."

A city guard remembers the little girl she met in a shop before. She can't help but babble. She looks like a pity.

"Pisan, don't think about it. Even if the little girl doesn't commit suicide, how dare you touch her? If elder dantai finds you lazy at this juncture, you will die faster. "

Hearing this, the leader of the city guard couldn't help yelling.

"Well, well, I'm just kidding. How dare I be lazy?" The body of the city guard named PI San couldn't help shivering and said quickly.

When he spoke, he could not help looking around carefully, as if he was afraid that Dan Taiming would suddenly come out when he heard him.

"Well, I said boss, where did Wang Fan escape to? It is said that he is still carrying a woman. How can he run so fast? "

Another city guard couldn't help asking the leader of the city guard.

He is very puzzled about this problem.

Wang Fan, with a woman, escaped from the huge net of the extreme sword gate. They couldn't find any trace in the extreme sword city. It's really weird.

"How can I know if that Wang fan doesn't show up? If he dares to show up, I will kill him alive! Damn, how dare you bother me so muchThe leader of the city guard said angrily.

"Oh, yes, I'd like to ask, how do you want to kill me?" The words of the leader of the city guard had just come to an end. Before the others could answer, suddenly, a faint voice came from the front.

Listening to this sudden voice, in an instant, the faces of the more than ten guards changed greatly.

They looked up and saw a slender figure.

"Wang Fan?" One of the thinner guards was the quickest, his face suddenly narrowed, and his right hand immediately grabbed the signal bomb at his waist, intending to let it out.

Whoosh!

However, with a flash of light and shadow, he didn't even see what it was, so his palm fell to the ground.

After a long time, he looked at his broken palm holding the signal bomb. The pain came and he could not help opening his mouth to scream.

But at this time, he found that his vocal cord was broken and he couldn't make any sound.

Cold sweat, covered the whole body, for a time, he can only look at his bloody hand, twisted face issued a silent roar.

The remaining ten city guards watched the scene, and their faces could not help changing. They became very alert.

It's terrible. It's terrible.

They just saw a flash of light and shadow. They didn't even see Wang Fan's hands. The palm of their companion's hand had been cut off, and they couldn't even make a sound. What strength is this?

"No one wants to release flares and yell, otherwise, my knife will not be merciful."

Wang Fan's cold voice spread out and continued to look at the leader of the city guard, "didn't you say you wanted to chop me, why don't you start now?"

"Kill The leader of the city guard felt the killing intention on Wang Fan, and suddenly clenched his teeth and rushed to Wang Fan.

At the same time, the rest of the city guards also bite their teeth to get up and kill Wang Fan crazily.

"As city guards, you are supposed to maintain the peace of the city, but now you are burning, killing, looting and doing such shameless things. You should be punished!"

"And the shopkeeper who sold me clothes, what did he do wrong? But you even killed him. Damn it

Wang Fan looked at the city guards who came to fight, said coldly, and slowly pulled out the shadow knife.

## **Chapter 1516**

The strength of these city guards, most of them are eight or nine levels away from the ordinary, even the territory has not reached, so they are not Wang Fan's opponents at all.

Wang Fanying just waved the sword a few times, and the blood mist flew all over the sky. Most of the guards had already been split out.

In the air, blood, broken arms, the scene is extremely bloody.

However, no one can make a scream, because when they are injured, their vocal cords have been cut off.

For a moment, it seemed like a hell on earth.

The leader of the city guard was also split out by Wang Fan, and spattered countless blood mist on his body.

However, there was no fear in his eyes, there was only endless ferocity and killing intention.

After he fell to the ground, he put his left hand into his pocket and crossed the madness.

The reason why he dared to pursue Wang fan so wantonly was that he had something to rely on.

Because he has a soul burst bead.

Exploding soul bead is very powerful. If it is powerful enough, it can even kill the strong one who surpasses the earth.

However, his strength is obviously not enough, but even so, it is more than enough to kill the strong men in the eight and nine levels of the territory.

Wang Fan's strength is only at the top of the five levels of the territory, and has not even reached the sixth level of the territory. Naturally, the leader of the city guard has the confidence to blow up Wang Fan.

Wang Fan's mental power penetrates the pocket of the leader of the city guard and detects the soul burst bead on him. His face also changes in an instant.

Although he didn't know what it was, he felt a sense of danger from it. Naturally, he didn't dare to be careless.

At the moment when the leader of the city guard was just about to take out the soul burst bead, Wang Fan had suddenly stepped forward and waved another knife.

Hiss.

A bright blood shot, the hand of the leader of the city guard was cut off instantly, and the explosive soul bead rolled out.

His heart is very shocked, his action is so subtle, far away from Wang Fan, there are so many bodies in front of the line of sight, how does Wang Fan detect his small action?

Is it difficult for Wang Fan to know that there is a soul burst bead on him? How can it be?

"Don't kill me, don't kill me, as long as you don't kill me, I'll do whatever you want me to do." The leader of the city guard was really afraid, and quickly begged for mercy with a cold sweat on his face.

Originally, he had the strength because of that explosive soul bead. Now that the explosive soul bead is exposed, he has no chance to release it, so his strength will be gone.

Wang Fan carefully picked up the burst soul bead and asked the leader of Chengwei, "what is it and how to use it?"

"As long as you promise not to kill me, I'll tell you." The leader of Chengwei talked about the conditions to Wang Fan.

Whoosh!

Unfortunately, Wang Fan gave him a knife.

"You are not qualified to negotiate with me. Do you say it or not? I'll count to three. If you don't say it, don't blame me for being rude. I don't have the patience to waste time with you. "

Wang Fan said, then raised the shadow knife again.

The head of the guard's face immediately changed, "I said, I said. This is the soul burst bead. Just use the aura to activate its internal energy and throw it at the enemy. "

He is still some indomitable, still begging for mercy, "I have told you, please let me go, I have old and young, and I was forced helpless ah."

"That dantaiming is the first Guardian elder of jijianmen. His strength is unfathomable. I dare not disobey his orders."

The leader of the city guard said in a hurry, still imagining that Wang Fan could spare his life.

But at this time, a bright flash of light, and then, his eyes have been completely dim down.

"Different positions. I can understand that you are after me. But it's unreasonable for you to kill the shopkeeper and rob so many things. "

Wang Fan coldly said, put away the property of these people, and quickly left here.

He had already begun to think about how to blow up the platform with the soul burst bead.

The terror power contained in this burst soul bead made him feel palpitation, so he thought that even if he could not blow up Dan Taiming, he would probably blow up half dead.

It's just how to blow it up. It's a question.

If he wants to blow up dantai Ming, he has to get close to dantai Ming, but dantai Ming is too strong, I'm afraid he is not so easy to get close to.

Of course, the most important thing is that Wang fan doesn't even know where Dan Taiming is now. How can he get close to him?

Wang Fan thought of these messy things in his heart, and soon returned to the pub.

Cold green dress still sits in that position, nervously looking at outside, is obviously worrying about Wang Fan. She was relieved to see Wang Fan back.

Wang Fan did not leave the tavern in a hurry, but was drinking and listening to the people around him.

There are all kinds of people in the tavern, and their information is very well-informed. Wang Fan wants to see if he can get the information he wants here. "Did you hear that a group of city guards were killed in the south of the city just now, and many elders and adults rushed there."

"What, Chengwei was killed. How could it be? By the way, I saw a lot of city guards wandering around the world just now. It seems that they are looking for people. What's the matter

"Ha ha, you don't even know that? Of course, they are chasing and killing people! "

"Who are you after? What's going on?"

"It's said that there's a great genius in the extreme sword gate. On the first day of his entrance to the sect, that genius directly and forcefully won the first place of the miscellaneous service disciple. A month later, he even beat the 10th man.

But this is nothing. Two days ago, in the promotion contest of inner door disciples, he challenged two of the top 50 disciples of inner door with the status of miscellaneous disciple. What was the result, do you know?

As a result, it turned out that the two inner disciples were dead and abandoned! "

"Ah, he's so powerful. Who is he and what does it have to do with what's happening in Jijian city now?"

"Haha, of course it has something to do with it, because this man killed dantai Tian!"

Boom!

In a flash, the whole tavern completely exploded!

Tan Tai Tian is so famous that he is no stranger to these people who have been living in Jijian city all the year round.

That's the genius of jijianmen.

But now, the peerless genius Dan Taitian was killed. How could people not be shocked?

Previously, the voice seemed very satisfied with the shock of the people, and then said, "there is an elder named dantai Ming in dantai heaven, and dantai Ming is the first Guardian elder of jijianmen."

When people hear this, they don't need to ask any more questions. They can all realize how terrible the consequences will be.

"By the way, what's the name of the genius who killed heaven?" After a while, someone couldn't help asking.

"Wang Fan." The man replied, and then the tavern was quiet, and everyone remembered the name.

Wang Fan was also very surprised and couldn't help looking at the young man who spoke.

Who is this man? He knows a lot.

This man doesn't know anything about Wang Fan's deeds. After all, as long as he is a disciple of jijianmen, he knows those things, and it's not strange to spread them.

But how can this man practice Dan Taiming? He is the first Guardian elder of jijianmen? You know, he didn't know that dantaiming was the first Guardian elder of jijianmen.

It's not simple. This man is definitely not simple!

## **Chapter 1517**

On the street in the south of the city, the wind was blowing. Dan Taiming looked at the corpse there. He was so angry that his gum was about to be bitten.

He was so late that he failed to catch Wang Fan!

I don't know how many years it has been. Tantaiming has never been so angry.

Wang Fan, just a guy at the top of the five levels of the earth, is like a mole ant in his eyes. He has played with him repeatedly.

In Jijian gate, he laid a net and failed to catch Wang Fan. In Jijian City, he was cheated by Wang Fan twice, which made him unable to accept.

He thought that catching Wang Fan was just a very easy thing, but now, in fact, it is not easy.

The elders of jijianmen and those stationed in jijiancheng all look the same.

They didn't even dare to breathe in front of Dan Taiming.

Because they can feel the suppressed anger of Dan Taiming.

"Send someone to seal the gate for me immediately. No one is allowed to go out! Especially those men and women who went out of the city, they were all arrested by me. "

"Besides, all the people who live in Jijian city today should check it for me. All the people who live in Jijian city with a man and a woman should be arrested and dug three feet. It is also necessary to dig out Wang Fan for me!"

"I don't believe it. Wang Fan has really become an elite. He can really escape from heaven and earth!"

After a long time, Dan Taiming roared angrily.

He really can't bear it any more. If Wang fan is not caught for a day, he can't feel at ease for a day!

"Yes Hearing this, the two elders immediately agreed, and then retreated. They did not dare to talk nonsense at all.

Dan Taiming looked at the others. "I heard that Wang Fan had a good relationship with the two clerks in the sect. Go back to the sect immediately and catch them for me."

"I'd like to see if he, Wang Fan, would care about the two factotum disciples. By the way, elder pan, bring it to me. If you dare to resist, go to elder pan and give it to me directly! "

"Doesn't he care about valuing Wang Fan very much? I want to see if Wang Fan cares about him!"

Dan Tai Ming said, his eyes full of killing.

He has been completely crazy, even trying to use Lin long, Yang Yun, and the elder to force Wang Fan to appear.

"Yes." The elders choked at the corner of their mouth, and they didn't dare to talk nonsense, so they rushed back to the clan.

Dan Taiming was powerful and respected. Even the patriarch Yin Wujian didn't dare to provoke him easily, and they didn't dare to disobey him.

"Wang Fan, the mole ants on the fifth floor can force me to use this method. You are really good!"

Dan Tai Ming Nan Nan, suddenly a palm wave, the body on the ground immediately turned into ashes.

After the bodies were reduced to ashes, he didn't stay here any longer and left here.

In the tavern, Wang Fan's mental strength has already swept that not simple youth.

He was in his thirties, with brown hair and a sky blue robe. He was quite handsome.

But when Wang Fan's mental power fell on him, he was shocked to find that he was a strong man of nine levels.

It's nine floors. I'm in my thirties. It's terrible!

Wang Fan originally wanted to go down to ask where Dan Taiming was staying, and to inquire about the identity of this person, but now, he did not dare to go.

He can't provoke the ninth floor of the earth. At least now, he can't.

Wang Fan stayed in the pub for a while, and then left with cold green clothes.

Soon they came to an inn, but before they went in, they saw countless city guards escorting many people out of the inn.

Most of the people who were escorted were a man and a woman, especially those who were disguised as men.

"Big brother, big brother, I'm really not Wang Fan. I'm just going out on a date with my younger martial sister secretly, isn't it?"

"Elder brother, elder brother, I'm wronged. I haven't even reached the land level. How could it be that Wang Fan?"

"Sir, sir, I know your captain Hu. He went to chunhongyuan some time ago, but he was served by others. You caught the wrong person."

All kinds of voices came out from the arrested people, and the scene was very noisy.

But the city guards didn't care at all, and they all left here.

Not only that, there are many men and women in the street have suffered from reckless disaster, were arrested by those city guards.

It's better to catch the wrong order than to let it go. So these city guards are helpless. They can only obey the order and dare not show any mercy at all.

Even they know that some people are really wrong, but they dare not let them go at this time.

After all, in case of causing Tan Taiming's anger, it would be a loss of life. Wang fan is also with cold green clothes quickly dodged to the corner, was not found by those city guards, just escaped a disaster.

His heart is more angry, this is clear, is it crazy?

He is more eager to find Dan Taiming, and then use the soul burst bead to kill each other.

It's just that he doesn't know where Dan Taiming is now.

It's hard to see the extreme of Han Qingyi's face. Dan Taiming is too domineering, too arrogant and unreasonable. He is nothing more than that Dan Taitian.

"You go to the inn first, and I'll go later. These city guards are obviously catching two people together. If we go in at the same time, it will cause suspicion. "

Wang Fan said with a gloomy face.

"Good." Han Qingyi nodded and went directly into the inn.

Wang Fan didn't go in immediately. Instead, he wandered around for more than an hour before entering the inn.

He didn't rest or practice. Instead, he used his mental power to investigate the situation outside.

He clearly found out that many men and women were arrested, and their faces were taken away.

The whole Jijian city is so busy that no one dares to go out.

Soon, it was late at night. At a certain moment, Wang Fan's face suddenly changed and his pupils suddenly contracted.

Because he found that a young man with brown hair in a sky blue robe suddenly appeared in front of his door.

This man is a terrible young man who talks in the pub as if he knows everything and has reached the ninth floor of the earth.

Wang Fan's face changed immediately when he found out that the man appeared.

Who is he and what does he want to do?

Dong, Dong, Dong!

At the moment when Wang Fan was shocked, the knock on the door suddenly rang.

Wang Fan's heart is even tighter, his whole body is full of spirit, and his muscles are already tense.

He took a deep breath, made a calm gesture, and slowly opened the door.

As long as the young man has misdeeds, even if he is defeated, he will make a move in an instant.

Creak.

The door opened and the young man's face slowly emerged.

### **Chapter 1518**

"Wang Fan, don't worry. I have no malice. I'm here to cooperate with you." The young man stepped into the room, and the voice of smile came out at the same time.

Wang Fan listened to this, instant, whole body muscle suddenly tight, sweat hair upright!

"Who are you?" He stares at the young man in blue robes and asks with a dignified face.

He Wang Fan's technique of changing appearance, even the powerful dantaiming, has not been seen through. How did this young man see through it?

Wang Fan was sure that this was only the second time he had seen the young man except in the pub, and he was not the real face twice. How did the young man know his identity?

"It doesn't matter who I am. What's important is that I can help you kill Daming." Said the young man slowly.

He said, see Wang Fan seems still nervous, again said, "you don't have to be so nervous, if I have malicious, I'm afraid tonight is not I come here, but Dan Taiming come here."

Wang Fan deep breath, slowly sat down, "how do you want to help me?"

Although he did not know how the young man knew that he was Wang Fan, it was obvious that the young man had confirmed his identity, and his denial was meaningless.

If Wang Fan has only one person, he will definitely choose to escape without hesitation. The farther he escapes, the better. But there is still cold green clothes in the next room, so he can't escape at all.

"If I guess well, you should have a soul burst pearl. However, do you think that with your strength and soul burst bead, you can really kill Dan Taiming? "

"First of all, you have no chance to approach Tan Taiming. Even if you have a way to approach him, I'm afraid you can't kill him."

"Dan Taiming is a strong man in the second level of Tianjing. With your strength, even if you use the soul burst bead, it will hurt him at most. It's not enough to kill him at all."

Said the young man again.

Wang Fan listens to these words, the pupil a burst of contraction, the heart is shocked even more.

Who is this young man and how can he even know that he has a soul burst pearl?

You know, he has a burst of soul bead things, even if it is cold green clothes, he did not say ah.

Wang Fan wanted to ask how you know, but he didn't ask.

Because the young man obviously won't tell him.

"Wang Fan, if you believe me, give me the soul burst pearl and let me deal with dantai Ming. The soul burst pearl is in my hand and can definitely hurt dantai Ming."

"Of course, I'm not sure whether I can kill Dan Taiming. However, at that time, no matter what the result is, you can directly make up a mountain climbing seal. In this way, even if Dan Taiming does not die, he will definitely be seriously injured. "

"If he's dead, it's good, but if he's not, I'll kill him."

The youth's face is full of confidence.

But Wang Fan was shocked again. The young man obviously came prepared. He not only knew that he had a soul burst pearl, but also knew that he had such martial arts as mountain climbing seal.

Who the hell is this guy? How do you know so much?

Does he even know that he came to Yuanmen for Nie Tianlang? In that case, the young man would be terrible.

Wang Fan didn't speak. He just stared at the young man. He wanted to see whether the young man really came to help him or for his soul.

However, Wang Fan was disappointed. He couldn't see it at all.

"Why should I believe you? You don't even tell me your identity, but you want to take the soul burst pearl. If you run away with the pop soul pearl, who shall I go to

"If you're in the dark and tell Taiming the news that I'm here, wouldn't I be more dangerous?"

Although this youth strength is formidable, has reached the astonishing territory nine levels, but Wang Fan actually still did not agree him.

The explosive soul pearl is the only card Wang Fan has the strength to deal with Dan Taiming. It is absolutely impossible to give it to the youth so easily.

"You are really cautious, but what you said is reasonable. After all, it's the first time we met, oh no, it's the second time. If you don't believe me, I can understand it."

The young man's face still didn't change much. He was smiling. Suddenly, when he turned his right hand, a roll of simple martial arts appeared in his hand.

"This is a volume of Xuan level medium martial arts. I'll give it to you. Can you rest assured?"

Cloud splitting sword technique? Xuan level medium martial arts?

Wang Fan's face immediately changed. He didn't take the volume of martial arts, but his mental power was crazy.

Soon, Wang Fan was shocked. He had already seen that this martial art was real, had not been changed, and had not been faked.

What a brilliant young man!

Who in the world is he? He has medium martial arts skills. He even said he would give someone away if he gave them away? What's more, he just took out the knife technique. It's obvious that the young man knew that Wang fan used the knife.

"In this way, you should believe me. If you don't believe me, then I can't help it." "You can rest assured that no matter whether you agree to cooperate with me or not, I will not disclose your information to tan Taiming."

The young man said, slowly stood up, as if he was going to leave.

"Well, I promise you." Just at this time, Wang Fan agreed to come down, and took out the burst soul bead.

The first reason why he agreed was that he did not feel malicious from the young man. The second

reason was that the young man did not force him.

If the young man forced him, he would never agree. But if the young man didn't force him, obviously, he should have no malice.

"I hope we can cooperate happily in advance, and we can successfully kill him. You can rest early. I'll come to you tomorrow, and we'll act according to the circumstances

The young man took the explosion soul bead, his eyes flashed a touch of excitement and excitement, and then quickly left Wang Fan's room.

Wang Fan picked up the cloud knife technique and began to study it carefully.

One night without words, the next day, a sensational event happened in Jijian city.

The elder of the extreme sword gate was abandoned and hung on the gate of the extreme sword city.

His hair was messy, his head was drooping, his breath was weak, his body was bloodstained, and he was obviously abused and beaten.

At the gate of the city, countless people were shocked to the extreme when they looked at the elder who was hanged.

Dan Tai family, Dan Tai Ming, is really overbearing. Even the cultivation of the elder is useless, and he hangs it on the gate of Jijian city.

How arrogant and arrogant is this?

You know, elder, in the extreme sword gate, it is also a superior existence.

Shock!

Incomparable shock!

Wang Fan didn't know that the elder's cultivation had been abandoned and suspended. When he got up in the morning, he went to eat with Han Qingyi.

"Have you heard that Dan Taiming has abandoned the cultivation of the great elder of jijianmen and hanged him at the gate of the city."

"You heard about it, too? I thought it was bullshit. "

"Well, how dare anyone talk nonsense about such things. It is said that when Wang Fan killed dantai Tian, it was only because the elder stopped another elder from rescuing him. Dantai Ming abandoned

the elder and hanged him

"Dan Taiming is so arrogant that even the elder dares to move. Doesn't the leader of jijianmen care?"

People around talked about it, but Wang Fan's face changed completely.

Dan Taiming, he even abandoned the elder and hanged him. It's so arrogant!

He only felt that his anger was burning in his chest, and his killing intention could not stop soaring!

### **Chapter 1519**

Wang Fan never thought that because the elder had stopped the old camp from rescuing dantai Tian, he would be abandoned by dantai Ming.

You know, although Dan Taiming is powerful and respected, the elder is not a cat and dog. How can he be easily abandoned and humiliated?

Only now, this kind of thing actually happened.

From this, we can see that Taiming has a strong position in jijianmen.

"Wang Fan, you should be calm." Cold green clothes feel Wang Fan's face change, immediately quickly grasped Wang Fan's hand, whispered.

Her face was also a little ugly and shocked, and she was obviously deterred by Dan Taiming's madness and ruthlessness.

But she knew that now she and Wang Fan must not be at random, otherwise there would be only one way to die.

"I'm fine." Wang Fanqiang suppressed his anger and intention to kill, and shook his head toward Han Qingyi, but his mental power swept out crazily.

He was a little annoyed. Why didn't the young man come? If the young man came, they could go to the gate to rescue the elder and force Dan Taiming to show up.

However, his mental power swept a circle, did not find the trace of the youth.

Is it difficult that the young man really lied to him and has already run away with the soul burst bead?

Wang Fan didn't believe it.

No matter how precious the soul burst pearl is, it's not as precious as the medium martial arts of Xuan level, is it?

Wang Fanqiang resisted the impulse to go to the city gate to have a look. He ate something casually and went back to the inn with Han Qingyi.

He had to wait for the young man, because only when the young man arrived would they be more sure to kill Dan Taiming.

In the process of waiting for the youth, for Wang Fan, every minute is suffering.

Because he was worried about the elder.

Although he didn't have much friendship with the elder, and even had contact with him, he still had a good feeling for the elder.

However, more than an hour later, the youth still did not appear.

Wang Fan gradually became impatient. At a certain moment, he didn't want to wait any longer and stood up directly, "Qingyi, you wait for me here. I'll go to the gate of the city to have a look."

"I'll go with you." Cold green dress followed to stand up, say.

Wang Fan hesitated.

He went to the gate to find a chance to save the elder. It would be very dangerous.

To be honest, even he is not sure that he will come back alive.

Because he knew that the reason why Dan Taiming did this was to bet that Wang Fan might be lurking and watching not far from the gate.

In this case, Wang fan is still not sure to come back alive. If he takes cold green clothes with him, isn't he going to die?

Han Qingyi seemed to see Wang Fan's worry and said, "don't worry, I won't be impulsive or reckless. You go first, and I'll leave in half an hour. "

"Then you have to be careful." Although Wang Fan didn't want to, he looked at the firm eyes of Han Qingyi and finally nodded.

"You have to be careful, too." Cold green clothes is tightly grasped Wang Fan's hand, said.

"Yes." Wang Fan answered, and then left without looking back.

Even if Dan Taiming did it to induce Wang Fan to show up, what if it was a trap?

There are some things that we have to face.

If you are a cold-blooded and merciless person, when you hear this kind of thing, you may not care about it at all. After all, no matter how precious other people's lives are, they are not as important as your own.

But Wang fan is not that kind of person. He attaches great importance to friendship.

If you don't know about it, it's OK. But now that you know it, he can't ignore it. Otherwise, he can't pass the barrier in his heart.

Wang fan is not careless. He rushes directly to the gate of the city by himself. He goes with the stream of people.

Before he got to the gate of the city, he had already swept the elder who was hanged.

In the moment of perceiving the elder, Wang Fan's face changed instantly, and his heart was filled with endless killing intention.

The elder was not only abandoned, but also cut off most of his skeleton meridians. And most importantly, there is no breath at all now.

Dan Taiming, it's really vicious!

Wang Fan's eyes are just itching to crack!

"What are you doing?" Just when Wang Fan wanted to rush up and put the elder down, suddenly, a voice exploded in his mind.

Wang Fan turned his head and immediately saw the young man in the light blue robe.

"Get out of the way!" He stares at the young man, his dark eyes are cold without any emotion, and it seems that he can freeze through the whole world.

The young man was so watched by Wang fan that he couldn't help clapping in his heart. He had a rare fear of Wang Fan, but that fear soon disappeared.

He grabbed Wang Fan's shoulder and said in a low voice, "the elder is dead. Now you are going to die?" "What's more, this is a Bureau specially set up for you by Dan Taiming. Don't you know? If you rush over like this, you're looking for death. Even I can't save you! "

Young people drink low, very hate iron does not become steel, "calm down, must calm down, otherwise, we simply can't succeed in killing Dan Taiming."

"If you want to die, I don't want to die with you. If you want to be so impulsive, the soul burst bead will be returned to you, and our cooperation will be canceled."

Wang Fan listened to this, the indifference in his eyes was finally less, and recovered some reason, "then you say, what should we do now?"

"What to do? Of course, we have to wait for Taiming to show up. " The young man said calmly, "only when he shows up on his own initiative, can we wait for the opportunity."

"If you go out to lead him, at his speed, I have no chance to save you, let alone kill him."

"Waiting for him to show up?" But Wang Fan couldn't help frowning, "what if he didn't show up all the time? Is it hard for us to wait all the time? "

Wang Fan has never been a passive waiting person, his favorite is to take the initiative.

"If he doesn't show up all the time, we'll find a way to attract him to show up, but it can't be you who attract him to show up, otherwise, you will die." Said the young man.

"Well, let's wait." Wang fan is helpless, can nod to agree only.

When Wang Fan talked with the young people, he was in a tavern box about five kilometers away from the gate of the city.

Dan Taiming is sitting here, and his mind is paying close attention to everyone near the gate.

Once a suspected Wang Fan guy appears, he will rush in the first time and take it directly.

It's only five kilometers away. For Dan Taiming, it's not a distance at all. It's just a blink of an eye.

"Elder dantai, do you think Wang Fan will show up? As far as I know, he doesn't seem to have much friendship with the elder. Even if he knows about it, he won't come here, will he? "

"After all, let alone the elder who doesn't have much friendship, in front of his own life, I'm afraid his parents are hanging there, so he may not dare to appear."

An elder asked with some doubts. He really didn't think much of Tan Taiming's plan.

"Hum, if it's someone else, it's useless. But if it's Wang Fan, it's not necessary."

Dan Tai Ming is cold hum a, "I have investigated, this Wang fan is very heavy friendship, he is certain to appear."

"It's just a pity that the two disciples escaped. Otherwise, if they could be caught, Wang Fan would be more likely to show up."

Dan Taiming is very confident.

### **Chapter 1520**

At the gate of the city, more and more people gathered. They were all watching the elder who was hanged pointing.

However, no one appeared, no matter Wang fan or tan Taiming.

Wang Fan and the youth are waiting for Dan Taiming to show up, while Dan Taiming is waiting for Wang Fan to show up. For a moment, it seems that they are in a deadlock.

Wang Fan's mental power sweeps the elder who is dried by the wind. His anger is getting stronger and stronger, but he also knows that he can't act rashly.

Now it's about who can't hold his breath first. If he can't hold his breath first, he will die.

As time went by, it was soon noon.

The scorching sun scorched the earth, and those who stopped at the gate of the city to watch gradually left.

They all have their own things to do, but they don't have time to wait and see.

Wang fan saw that most of the people began to leave, and his brows were even more frowned.

In the case of a large number of people, if he appears at the gate of the city, there may still be a ray of life. But when all the people are gone, if he appears again, he will definitely attract people's attention.

"Here he comes!" At this time, the voice of the young man suddenly reached Wang Fan's ears, and then Wang Fan was shocked to find that a man in purple robes, who was more than 50 years old, suddenly appeared at the gate of the city.

The man with purple robe has black hair and moves in the wind. The purple robe on his body is hunting in the breeze.

His face was sharp and long, with a strong breath on his body, and ferocity in his eyes.

The whole person feels like a wild leopard in the mountains. It's shocking.

"Ladies and gentlemen, I have an announcement to make."

"As we all know, yesterday, Wang Fan, a traitor of jijianmen, killed Dan Taitian, a genius of our Tantai family, killed countless disciples and escaped from the sect. Now, my family and jijianmen are looking for this traitor. "

"If someone can provide him with information, our chieftain will reward him with ten thousand high-quality spirit stones and make an exception to become an outside disciple."

"If anyone grabs it directly and brings it to me, he will be rewarded with 100000 high-quality spirit stones and become a disciple of the inner gate."

"I hope you will do your best to help me catch this rebellion."

Dan Taiming's voice came out slowly, and in an instant it rang through the whole audience.

The people were shocked and excited at this.

Wang fan can't help but sneer. This Dan Tai Ming has come to this move again. It's really cruel!

"Here's our chance, move!" The young man's eyes are bright, said quickly, and then immediately flashed out.

Wang Fan was first surprised, then followed by the same flash out, and then a knife cleaved to the top of the city gate that hung the big elder's rope lock.

This sudden scene changed the faces of all the people present.

No one thought that under such circumstances, someone would dare to come out to save the elder. Isn't that a death wish?

"Good courage!" Dan Tai Ming's face also changed in an instant. His eyes coagulated and roared. He slapped Wang Fan's shadow knife directly.

In his eyes, there was endless ferocity, "Wang Fan, you finally appeared. This time, I want to see where you are going!"

Wang Fan felt the powerful power contained in the palm of Dan Tai Ming. The shadow knife suddenly turned and set off a huge sword mu. Then he bombarded the past crazily.

At the same time, his right leg is crazy, in the roar of the earth, began to retreat!

"Go! Can you go yet? " Dan Taiming laughs, strides out, already approached Wang Fan.

But at this time, whoosh, a white flash of light, set off a frenzied momentum, from the side of the crazy toward the tan Tai Ming bombardment in the past.

This attack was made by a woman. She was dressed in a white dress and had a white scarf on her face. She couldn't see her face clearly, but her strength was terrible!

"There are still helpers?" Dan Taiming felt the attack, his face changed instantly, and he could not help but began to retreat.

He could feel that the white brilliance was terrible. If it hit him, although it would not kill him, it could still make him suffer some injuries.

But soon, Dan Taiming's face changed again.

Because he found that behind him, a young man in a sky blue robe appeared.

The young man's whole body was full of murderous intention, and his eyes were full of endless ferocity and madness!

"Die See youth roar a, immediately then burst soul bead madly throw out.

"Pop soul pearl?" Dan Tai Ming's eyes twitched, and for the first time he showed a startled look in his eyes.

He didn't expect that he was attacked by three people in a short time, and he was forced to retreat to the desired direction.

Dan Taiming's face changed wildly and began to flash to the right. But at this time, the young man gave a grim smile and called out the word "explosion".

Boom!

With a loud and violent sound, the explosive soul bead burst open in an instant.

It was like a bomb. It was extremely violent. In an instant, it swept out and destroyed.

The gate of the city was smashed in an instant, and the stones on the ground were torn apart inch by inch, just like a storm.

Those people who are close to each other have not responded at all, and they have been ravaged and blown to ashes.

Wang Fan crazy retreat, but even so, are still swept by the afterwave, his clothes were cut, there were several eye-catching wounds.

Dan Tai Ming is even more embarrassed. His body's vigorous Qi is torn, and countless blood flowers are

shot, which also flies backwards.

However, he didn't die at all. On the contrary, in his eyes, he had a huge killing intention.

"You are all going to die!" The crazy intention of killing swept away. Dan Taiming didn't care about the injury at all. Just one step, the bloody body stepped in front of the white skirt woman and clapped it out.

Boom!

The woman in the white skirt had no time to escape. She spat out blood and was directly patted away. The holy white skirt, dyed a little red, looks so desolate.

Dan Tai day did not stop, the pace continues to move, flashing to the blue robed youth that day.

The young man's eyes were startled and his face changed greatly. "Kill him, kill him!"

At the same time, he started a crazy retreat!

Even so, his speed is slower than that of Dan Taiming. I don't know how much.

With another bang, the young man was also patted away, and the number of broken bones was unknown.

Tough. It's so tough.

The young people on the ninth floor of the earth, and the woman in white, who was no weaker than the young people, had no strength to fight back in front of the dantaimingmian after being blasted by the soul pearl.

Wouldn't it have been more terrifying if this Taiming hadn't been hurt?

Wang Fan's heart was shocked, and his hands quickly gathered the seal of climbing the mountain.

One, two, three ...

soon, the six mountain climbing seals had been condensed, and Wang Fan started the crazy fusion.

Six, this is his limit, but he doesn't know if he can hurt or kill the powerful Dan Taiming.

Dan Tai Ming just wants to catch up and slap the young man to death. Suddenly he feels the abnormality of Wang Fan's side and suddenly turns to Wang Fan.

In a flash, his eyes burst out of the fierce killing, "Wang Fan, if you are really Wang Fan, die!"

"Go Wang fan is also pale with a roar, and then push the mountain seal out!
