

Mighty Sk 1561

Chapter 1561

"Wang Fan, we are royal hunters. How dare you kill us?"

"I tell you, if you dare to kill us, the royal family will not let you go!"

"On this day, the cloud kingdom is the world of the royal family, and we are the people of the royal family. If you kill us, you are the enemy of the royal family. If you escape from heaven, the royal family will never let you go!"

The other seventeen people saw Wang Fan's crazy rush, which was just a crazy roar.

As Royal hunters, they were chased by Wang Fan, which was very humiliating and humiliating. But now, Wang Fan wants to kill them. How can they bear it?

Wang Fan listen to their words, can't help sneering, "it's ridiculous, don't I kill you, the royal family will let me go?"

"My king who has no injustice or hatred with the royal family has never offended the royal family, but the royal family has no reason to kill me!"

"Since the royal family is going to kill me, what else can I do? Don't say it's you. When I see the royal family, I'll meet one and kill another! "

Wang Fan said indifferently, murdering.

In a twinkling of an eye, he had rushed to the three men again, and the gang thunder fist was wildly waved out.

Thunder roared all over the sky, like a thunder snake swimming, and exploded on the three people. Their body protecting spirit was directly torn. Even if they were blown out, they fell to the ground miserably.

Wang Fan jumped up and flashed, the axe in his hand roared, rolled up all over the sky, and madly sacrificed.

Hiss, hiss, hiss!

The bodies of the five hunters were directly cut and fell to the ground covered with blood.

Within a few minutes, all the 19 hunters had fallen to the ground, dying, and no one had escaped.

The whole army was wiped out.

This courtyard, too, has been dyed red by blood, and the smell of blood is disgusting.

Those around the crowd, it is a shock, silent!

Terrifying. It's terrifying.

Twenty hunters came to kill Wang Fan, but they were slaughtered by Wang Fan and the whole army was destroyed. What a shock and horror?

If this matter is spread out, it will stir up Tianyun kingdom again, and the majesty of the Royal Nie family will definitely be greatly damaged.

You know, since the Nie family became the royal family, they have never suffered such a big loss.

Even if the targets of the hunters are powerful, they just run away and dare not kill them at all.

Because killing the hunter is equivalent to beating the Royal Nie family in the face, and it is equivalent to provoking the Royal Nie family. It is a great hatred of life and death.

In the situation of Tianyun Kingdom, no one dares to do so.

But now, Wang Fan just did it, and he did it thoroughly, decisively and mercilessly.

Can imagine, Royal Nie family knows this afterwards, can be how angry?

They will certainly send more powerful hunters to hunt Wang Fan, never die!

Among the crowd, the man in Chinese robe, who came with the hunter, choked and trembled.

He was about to leave secretly, Wang Fan's cold eyes had already swept over, "dare to move again, kill!"

The man in the Chinese robe listened to this, and his face became stiff. He was stunned and did not dare to move any more.

He was a little shocked. How did Wang Fan know his existence?

You know, outside the courtyard, he had mixed up with those who came to watch. He didn't enter the courtyard with the hunter at all.

"You, what do you mean? I didn't provoke you. Are you going to kill all of us

The man in huapao tried to drag everyone into the water.

Sure enough, listening to his words, all the onlookers changed their faces and looked warily at Wang Fan.

Although Wang fan is powerful, there are hundreds of them. If Wang Fan kills, can he do it?

What's more, Wang fan may not be able to resist hundreds of them attacking at the same time.

Wang Fan listened to these words, couldn't help laughing, "shut up? What a big hat! Do you think I don't know that you brought these hunters? I think you must be the dog of the Royal Nie family, too? "

When people around listen to this, they can't help but feel relieved.

At the same time, the first group of people who followed also recognized the man in huapao and quickly distanced themselves from him.

Although so many of them are not afraid of Wang Fan, they don't want to conflict with Wang Fan.

Because once the war, even if they can finally kill Wang Fan, they are bound to be killed. No one wants to be killed.

At this moment -

whoosh -

Wang Fan's body flashed, like a streamer, and ran to the man in huapao. Then he took his neck and returned to the original place.

Looking at this scene, those people around could not help but gasp again. Fast, it's too fast. If Wang Fan attacks them secretly, how can they escape?

The man in huapao's face changed greatly, and his cold sweat came down. "Elder, I was forced. I have nothing to do with the Royal Nie family!"

Previously mixed in the crowd, he was a little bit confident, but now Wang Fan caught in front of him, where does he have the courage to challenge?

Wang Fan even dares to kill a hunter. There is no pressure to kill him.

"Well, in that case, it's just right. Help me collect all the storage bags on them."

Wang Fan coldly glanced at the man in Chinese robes and said.

"Here it is." The face of the man in huapao changed immediately. Although these hunters had been suppressed by Wang Fan, they couldn't turn over the wind wolf, but they were also hunters.

And there are so many people around to watch, once this matter spread out, how could the Royal Nie family let him go?

"Why, no? It seems that you are still Nie's dog. In that case, don't blame me for being rude. " Wang Fan raised his axe, and there was a cold light in his eyes.

"Yes, yes." The man in huapao looked at Wang Fan's icy eyes. He faltered and nodded like a chicken pecking rice.

With that, he didn't dare to talk nonsense any more. He ran to the 19 hunters and picked up their storage bags.

"You dare!"

"You want to die!"

All the still alive hunters became angry and gnashed their teeth.

They are high up hunters. They were suppressed by Wang Fan and became captives because of their poor strength and helplessness. But now it is just a mole ant search, where can it be accepted?

But at the moment, their injuries are so serious that they can't even move. No matter how humiliating or angry they are, they can only bear it.

A moment later, the old man of huapao had already ransacked 20 storage bags, came to Wang Fan and sent them respectfully.

Wang Fan looked at the 20 storage bags, his face slightly relaxed, "you've done a good job. Now I believe you're not the royal dog, you can go."

The old man in huapao's face was stiff, and then he left here as soon as he was pardoned.

But he has not gone far, Wang Fan's voice has spread out again, but it is aimed at those hunters, "well, alive, count your good luck, you can roll."

"Go back and tell the Royal Nie family not to provoke me again, otherwise I don't mind killing the imperial city and uprooting the Nie family!"

Chapter 1562

Boom!

Listening to Wang Fan's words, the scene was completely bombed.

How rebellious a man is to say such crazy words?

The Royal Nie family, the master of Tianyun Kingdom, has been standing for countless years.

Over the years, many forces have tried to shake the hegemony of the royal family, but they all ended up hating each other.

But now, just a Wang Fan, a young man who didn't even reach the realm of heaven, even threatened to uproot the Royal Nie family. Apart from other things, this spirit alone is incomparable.

No matter how arrogant or evil Wang fan is, no one thinks that he can shake the Royal hegemony.

Unless Wang fan can really grow up.

Of course, everyone knows that it is impossible for the royal family to make Wang Fan grow up.

Unless Wang fan leaves Tianyun kingdom.

The man in huapao, who was about to leave, faltered and almost fell when he listened to Wang Fan's words.

What, Wang Fan didn't kill those hunters? Isn't this cheating?

He just started to search the storage bags on them, but now Wang fan doesn't kill them. Isn't that a pit for him?

Loss, it is too much loss!

The man in huapao has a cold heart and bitter eyes.

But he didn't dare to say anything at all. He had to speed up and leave.

He must run away quickly, otherwise, these hunters will recover and he will be the first one to kill!

After Wang Fan took the spoils of the 20 hunters, he waved directly to Han Qingyi, and quickly took her away from here.

He knew that beizhou city could not stay any longer, and he had to leave here.

The Royal Nie family has a good eye in Tianyun kingdom. Maybe they already know about it now, and send experts to come here. Maybe they will also send powerful experts from Tianjing directly.

Although Wang fan is powerful, once he is surrounded by the experts of heaven, there is absolutely no way to survive.

So he had to go and didn't dare to stay.

The Imperial City, the Imperial Palace, in a majestic hall, a young man stands on the throne, his eyes full of endless evil spirit.

"What, twenty hunters, the whole army was destroyed, and Wang Fan ran away again?"

The young man was very angry. When he spoke, his eyes were cold and breathtaking.

His voice was even more like an ancient bell, and the whole hall was buzzing, which was extremely terrible.

Next, a middle-aged man with a sharp breath bowed and said, "yes, your highness. It is said that Wang Fan's strength has reached the eighth level of the earth, and he also controls a kind of body method and axe skill against heaven. "

"The hunters even used the lock dragon array, but they were still defeated by it, leading to the annihilation of the whole army."

While the man was talking, his heart was also shocked.

In less than a year, Wang Fan's strength has broken through from the fifth floor to the eighth floor. The growth speed is too fast, which makes people feel numb.

The most important thing is that on the eighth floor of the earth, they can smash the lock dragon array arranged by 19 hunters. The combat effectiveness is even more adverse.

It can be said that if Wang fan doesn't get rid of it, it's definitely a great disaster!

Pop!

The young man, who was called his highness, slapped the stone table in front of him again. With a click, the stone table, which was as hard as King Kong, broke into pieces and turned into powder.

His eyes were like electricity, and he burst out a huge killing opportunity. "Continue to chase me. If the hunters in the earth can't, then send out the hunters in the heaven. In a word, Wang Fan must be eliminated, otherwise, the future will be endless! "

He drank hard, and could not help muttering to himself, "I did not expect that there was such a monster outside."

"If it wasn't for me, I would like to meet him for a while."

"Yes The middle-aged man didn't talk much. He answered respectfully and walked out directly.

After he withdrew, the young man on the throne, who was called his highness, could not help muttering to himself, "is this Wang Fan really him?"

"In order to kill him, I went out of the line at a great cost. Did I kill the wrong person? Otherwise, just a mole ant from outside, why is it so evil? "

As he spoke, the young man's eyebrows opened, revealing his third eye.

The eye was straight down, ferocious and terrifying, just like a wolf's eye, emitting a heart-catching luster.

This man is the enemy of Wang Fan, Nie Tianlang!

.....

"where are we going now? Do we want to leave Tianyun?"

In the desolate desert, Wang Fan and Han Qingyi rode together and ran fast. Facing the strong wind, the cold green clothes turned back, exhaled, and asked Wang Fan.

Her eyes were full of worry and her heart was not calm.

Royal Nie family, that is more powerful than Dan Taiming. The whole Tianyun kingdom is the territory of others. Now that Wang Fan has offended the Nie family, can Wang Fan have a foothold in the territory of Tianyun kingdom?

But if you go abroad, not to mention that the border cities of Tianyun must have been under martial law everywhere, just say that the road is dangerous, and Wang Fan's strength may not be able to cross it.

"No!" But Wang Fan shook his head, "don't be in a hurry to leave Tianyun country. Let's find a city where ordinary people live, and then make plans."

"It's also 100000 li away from the nearest frontier city of Tianyun kingdom. The road must be extremely dangerous. It's very dangerous for us to go there like this."

Wang Fan has already read the map and knows the distribution of the major cities in Tianyun kingdom.

The distance of 100000 Li is so far away, let alone the strong in the earth, even the strong in the early days of heaven may not be able to cross it.

and he did not believe that Nie Jia Zhen would be so strong that even the city where ordinary people lived was covered with eyeliner.

As long as he hides, even if the Nie family has a good eye, it is hard to find his trace.

Of course, the most important thing is that he does not want to leave Tianyun now. He also plans to look for resources in Tianyun and strive for breakthroughs.

Otherwise, once he leaves Tianyun Kingdom, it will be difficult for him to come back in the future.

"Well, I'll listen to you." The cold green clothes ordered to nod, then then no longer said what.

A month later, they came to a city where ordinary people live.

This city is called Lishi city. The aura of heaven and earth is thin, so it is not suitable for cultivation. Therefore, most of the people living here are ordinary people. It's hard to see Wu Xiu.

Before they entered lishicheng, they had changed their appearance and became a couple in their 40s.

Their faces were full of vicissitudes and wrinkles. They looked as if they had escaped. There was no aura on them. They could not be seen as monks at all.

The guard stationed at the gate of the city saw Wang Fan and didn't pay any attention at all, so he let them go directly.

They are just ordinary people. They can be city guards only with great strength and good physical quality. They can't even get out of the ordinary. Naturally, they can't see the difference between Wang Fan and Wang Fan.

Moreover, Lishi city is a barren place, and the news is relatively closed. The Royal Nie family doesn't pay much attention to it. Naturally, they haven't received any news about Wang Fan.

The most important thing is that although Lishi city is small, there are many ordinary people in the outer city, so they can't question each other one by one.

Wang Fan two people unimpeded into the stone city, around for a long time, just rent a cheaper hut, live down.

Chapter 1563

Time is like running water. A year goes by in the blink of an eye.

In this year, Wang Fan almost all practiced in lishicheng and did not leave.

In addition to improving his own strength, he is studying his martial arts skills and striving to break through to a higher level.

After entering Yuanmen, Wang Fan almost always fought, and never stopped to practice quietly.

He not only made his foundation more stable, but also made a breakthrough in his control of martial arts.

He has been able to fuse the eight chapters of Fanshan seal. Although he has not tried to fuse the power of the eight chapters of Fanshan seal, he knows that the power is absolutely terrible.

As for Wu Ying Liu Guang and Ji Mie axe, although he is far from the extreme, he is much more proficient than a year ago.

It can be said that after a year of precipitation, his combat effectiveness has improved by leaps and bounds, several times stronger than a year ago.

Now he has self-confidence, and when he meets the strong of Tianjing level again, for example, Hu Ning and he have the ability to resist even if they are defeated.

At least he wants to go. They can't stop him. There's no need to be forced to flee and nearly die like the one at the beginning.

Outside, the name of Wang Fan once again caused a sensation in the whole Tianyun kingdom.

Although the royal family tried its best to suppress and block the news, the news that Wang Fan killed 20 Royal hunters and threatened to destroy the Nie family spread like the wind.

When the news came out, it was a shock to the whole country.

All the clans were shocked. They couldn't help but gasp.

Royal Nie family, it is the supreme and worthy overlord of Tianyun kingdom. Who dares to challenge?

Even the major departments dare not have the idea of provocation at all.

But Wang Fan killed the hunter and threatened to destroy the Nie family. What courage is it?

While they were shocked by Wang Fan's move, they also had some regrets.

In their opinion, the arrogance of Wang Fan's generation is over.

The Nie family will certainly kill Wang Fan.

Sure enough, the royal family went out frequently to hunt and kill Wang Fan in the whole Tianyun Kingdom, even in major cities, and posted notices to arrest Wang Fan.

But what shocked the Chinese people was that one year later, Wang Fan's whole life seemed to evaporate from the world, and there was no trace.

This surprised them. They didn't know how Wang Fan avoided the Royal Nie family.

You know, Tianyun Kingdom says big or small. If the Royal Nie family tries their best to find someone, it won't take much effort.

However, the result is incredible. The Royal Nie family didn't find Wang Fan, let alone kill him.

This let the royal family, also let Nie Tianlang heart hold a breath, but there is no way.

Especially Nie Tianlang, the face of Zhang Junyi, is very gloomy and grumpy every day. Those who are shocked are worried and trembling every day.

There's no way. Wang Fan's potential is too great. If you don't kill him before he grows up, there will be endless trouble.

It can be imagined that once Wang Fan grows up, he will become the biggest threat to the Royal Nie family.

It's a pity that they can't find Wang Fan's person at all, and they don't know where Wang fan is.

Although Nie Tianlang suspected that Wang Fan had escaped from Tianyun Kingdom, he was not reconciled. He still sent his masters to look for him. It seemed that he would never give up if he didn't kill Wang Fan.

Wang fan doesn't know anything about the outside world. He only knows that people in the royal family haven't found it in the past year, which makes him greatly relieved.

Because he can't practice here all his life.

Although his strength has improved by leaps and bounds in this year, he could not have improved so fast without the spiritual stones and grass he robbed.

Now, after one year's cultivation, his spirit stone and spirit grass have almost been used up. We must find a way to go out and find cultivation resources.

Without the resources of cultivation, with the rare aura of Lishi City, he would not be able to set foot in heaven in his whole life.

"Are you leaving?" Han Qingyi and Wang Fan have been together for such a long time, and he already knows something about Wang Fan. On this day, looking at Wang Fan's restless expression, she couldn't help asking.

Wang Fan was embarrassed when he heard Han Qingyi's question, but he nodded, "Qingyi, I'm going out to look for cultivation resources."

"Now that I've run out of spirit stone and spirit grass, it's hard to make a big breakthrough here."

For nearly two years, Wang Fan has already had feelings for hanqingyi.

In this year, although he has been practicing, he also has to see if the royal family can find the meaning here.

One year later, the Royal Nie family didn't find it here, which means it's very safe. He can leave hanqingyi here and go out to find cultivation resources. After all, now that he is wanted by the royal family, it is extremely dangerous for him to take hanqingyi with him. He does not want hanqingyi to be dangerous.

Moreover, if he is the only one blocked by the Royal experts, there may be a chance to escape, but with cold green clothes, the chance will be greatly reduced.

Although the strength of hanqingyi is also advancing by leaps and bounds, it has reached the third floor of the territory, but it is still far from the Royal strong.

Cold green clothes mind exquisite, instantly understood Wang Fan's meaning, her pretty face appeared a smile, said, "go, you have to be careful, remember I'm waiting for you here."

She knew that it was impossible for such a person as Wang Fan to adapt to such a comfortable life, so she did not persuade Wang Fan at all.

And she didn't ask Wang Fan to leave with her. She knew that Wang Fan was worried. She didn't want to embarrass Wang Fan.

"I will. Wait for me here. I'll be back as soon as possible." Wang Fan was moved to grasp the hand of the cold green clothes, said.

He was a little reluctant to give up, but in order to become stronger and revenge, there was no way.

"Well." Han Qingyi nodded.

Two days later, one night, after sleeping in hanqingyi, Wang Fan left the hut where he had lived for a year.

He didn't say goodbye to Han Qingyi. He didn't want to face the atmosphere.

But the moment he left the hut, his mental strength was swept. Han Qingyi, who had closed his eyes

tightly, suddenly opened his eyes. There were two lines of crystal clear tears in his eyes.

Wang Fan heart pulled for a while, want to look back, can finally bite teeth, quickly left here.

Some things have to be done in the end. He can't escape and can't escape.

Beizhou city is still so busy and noisy.

In the city, people come and go, and there are obviously more martial arts practitioners. From time to time, hunters in royal robes can be seen in the streets.

Since a year ago, a generation of Tianjiao Wang Fan appeared in beizhou city and killed 20 hunters, beizhou city has become famous.

Many Tianjiao Wuxiu came to see Wang Fan.

However, they haven't seen Wang Fan yet, which has made beizhou city more prosperous and become one of the most popular cities in Tianyun country.

Chapter 1564

Wang Fan Yirong became a man in his thirties with a face of vicissitudes. He followed the crowd and stepped into beizhou city.

He was dusty and messy, just like those bounty hunters, and did not attract anyone's attention.

After entering beizhou City, he went straight to beizhou restaurant without stopping.

In beizhou City, beizhou restaurant is absolutely the most informed place. Only there can he get everything he wants.

However, before Wang Fan went to beizhou restaurant, he suddenly --

"Ouch!"

A huge roar came out, followed by a strong wind, and a golden lion galloped from a distance like lightning.

The lion's eyes were like bronze bells, and his breath burst. It was terrible.

It trampled on the ground with iron hoofs, and raised smoke and dust all over the sky. The huge lion's mouth was breathed and puffed, and its tusks were revealed, which was terrifying.

The most shocking thing is that on its back, there is a big young man sitting.

In his thirties, he is more than two meters tall by sight. He has a strong physique. His eyes are like a knife. His cheeks are angular and sharp, just like a knife. It gives people a heavy pressure.

On his back was a huge bronze hammer tripod. As soon as you look at the hammer tripod, you can see that its weight is not light. If it is smashed down, it will definitely turn people into meat cakes.

"Oh, my God, it's the lion of all beasts. I didn't expect that even the lion came."

"Shigongzi is the first pride of all beasts. Even he came to beizhou city. It seems that he came here for the secret place."

"Nonsense, Zongyuan's secret place is open once a hundred years. It's full of countless spiritual herbs and elixirs, skills and martial arts. There are countless opportunities. Who doesn't want to go?"

"According to master Zhaoshi's position in the beast gate, he should have a quota. Is he going to auction here?"

"Nonsense, who is too few for this quota? Even if the lion doesn't use it, he can give it to his relatives and friends. If there is a quota for auction, he won't let it go. "

People around looked at the roaring lion, first in a daze, and then there was a lot of discussion.

Wang Fan listened to those people's words, but his eyes lit up.

Although he had never heard of Zongyuan's secret place, as long as he listened to the comments of those around him, he knew that it was very unusual.

He is in urgent need of cultivation resources now. Since there are countless resources in this secret place, and there are still places for auction, he must go to have a look and find a way to get them.

That lion child's breath, Wang Fan also felt that the cultivation of the ninth floor of the earth was very powerful.

Moreover, the lion is full of life and blood. He is definitely a person who can fight beyond his level. Generally speaking, he will not be his opponent.

Wang Fan didn't think much about it. His figure flashed. In an instant, he came to a young man whose cultivation was on the third floor of the earth. He took out two spirit stones and said with a smile, "this elder martial brother, you are very polite."

The young man was staring at the lion's back and sighed. The sudden appearance of Wang fan made him jump.

He did not pick up the stone, but watched Wang Fan warily and asked, "who are you and what do you

want to do?"

His heart is very shocked, because he did not know when Wang Fan appeared. It can be seen that his strength is far less than Wang Fan's.

"Elder martial brother, I'd like to ask what happened to the secret place of Zongyuan, what happened to the quota of auction, and where is the quota of auction?"

Wang Fan asked in a soft voice, trying to make a kind expression, at the same time, the strong breath on the body showed.

It's not Wang Fan who puts pressure on others, but he knows that if he doesn't show great strength here, others won't take care of you at all.

Sure enough, the young man felt Wang Fan's strong breath, and his face immediately changed, and he became terrified.

"Master, it's like this. Zongyuan secret place is a big secret place in Tianyun kingdom. It's open every ten years."

"It's said that there are not only innumerable anti heaven herbs and elixirs, but also ancient relics, so every time it opens, it's very hot."

"As for the number of places in the secret place, jiuchengdu has been divided up by the royal family and the ten major departments, and only 10% has been left for the sanxiu."

"I just don't know what's going on. There's a quota in the Yuling Pavilion in beizhou city. It's going to be auctioned three days later."

"I think their quota must have come out of the ten major departments, because only the quota of the ten major departments has been set, but the competition for the number of casual training has not started yet."

The young man did not hesitate. After sorting out his thoughts, he quickly said what he knew.

"Yuling pavilion?" Wang Fan nodded, "when will the auction be held in Yuling Pavilion three days later? Can anyone go in and participate in the auction?"

"What's more, is this Zongyuan secret place under the control of the royal family? Is there any restriction on the strength of people entering it?"

Wang Fan wants to enter the secret place of Zongyuan. Naturally, these things need to be clarified. If the auction of Yuling Pavilion needs a qualification card to enter after three days, then he has no qualification card, doesn't he even have the qualification to participate in the auction? He won't even

have time to cry.

As for the competition, Wang Fan would not have gone unless he had to.

That kind of competition is absolutely eye-catching, not only ten major doors, it is estimated that the royal family will also pay attention to it.

After all, they all need talents. If there is any amazing talent in the scattered cultivation, they will certainly attract them.

If Wang Fan goes to participate in that kind of war, isn't he looking for death? Any trace may reveal his identity.

Although his strength has been improved, he also has self-knowledge that he has no strength to compete with the Nie family.

"Master, Zongyuan secret place is controlled by the royal family and the ten major clans. It's just that two years ago, jijianmen was weak, but now it's controlled by the royal family and the nine major clans."

"As for the requirements, it seems that only people under the age of 50 who have the strength in the territory and under the territory can enter."

The young man still did not dare to hide what he knew. He said, "as long as the strength of the auction of Yuling Pavilion reaches more than five floors of the territory, you can participate in it. You don't need any other proof."

When the young man answered, he had some doubts.

In this period, almost every martial arts practitioner in Tianyun Kingdom knows it. Why does Wang Fan seem to know nothing? Is he a genius sneaking in from the enemy?

Think of here, his heart is a surprise, the whole body can't help but pan cold up.

It is said that the genius of those enemy countries is extremely fierce and decisive. If Wang fan is really the genius of the enemy countries, how can he survive?

Although Wang Fan didn't know what the young man thought, he also saw the young man's doubts. He immediately put the stone in his hand and said, "thank you. I've been closed all the time, so the news is relatively closed."

With that, Wang Fan directly left here.

The young man looked at the spirit stone in his hand, and at the back of Wang Fan, he was in a daze.

It seems that this elder is not the gifted martial arts cultivation of the enemy. The gifted martial arts cultivation of the enemy is not so polite.

But he soon stopped thinking and left.

Whether Wang fan is a gifted martial arts practitioner of the enemy or not, it doesn't have much to do with him. It's lucky that he's not dead now.

More than half an hour later, Wang Fan came to beizhou restaurant.

To his dismay, beizhou restaurant was full, and there was no free space at all.

Chapter 1565

Wang Fan some wonder, this North State restaurant when become so hot, unexpectedly still full?

However, he soon understood that it must be because of the auction of Zongyuan secret place in Yuling Pavilion.

Wang Fan shakes his head and is about to leave. He goes to the imperial Pavilion first to recognize the door. But at this moment, a table of guests suddenly gets up and seems to be leaving.

Wang fan saw this scene, did not hesitate, immediately walked past.

After the guests left the table, he sat down directly.

90% of the guests in beizhou restaurant are Wu Xiu. They are talking about all kinds of things.

Most of what Wu Xiu talked about had something to do with the opening of Zongyuan's secret place. Only a few people still talked about his killing the Royal hunter a year ago and threatening to destroy the Nie family.

Wang Fan listened to people's talk, especially when he heard that someone was still talking about him. He was speechless.

It's been more than a year. He didn't expect that there were still people talking about it.

In the outside world, even if the news a year ago was hot, it would have been forgotten by people.

From the public discussion, Wang Fan also learned that up to now the Royal Nie family are still chasing him, and even major cities have posted his wanted portrait.

Wang Fan listened to these comments, it was a burst of anger.

The Royal Nie family was so overbearing that they wanted him and put up a picture of him. They were

looking for death!

This is also his strength. If he is strong enough, he will come out and say that Wang fan is here again. Does the Nie family dare to move him?

It's a pity that he just thinks about it, because he doesn't have that kind of strength at all.

Wang fan is more eager to enter Zongyuan's secret place. Only when he enters Zongyuan's secret place can his strength improve by leaps and bounds, and then he can really destroy the Nie family.

At a table not far away, four Royal hunters were sighing.

They have been stationed in beizhou city for a year.

This year, they are looking forward to the news of Wang Fan, looking forward to the emergence of Wang Fan, but Wang Fan just like the real world evaporated, even no more news.

This let their heart is hold a breath, while drinking there, while shouting.

They threatened that if Wang Fan dares to appear, he must be stripped of his skin and his head, and let him die without a burial place.

After all, although they are hunters, they are also martial arts practitioners and need to be cultivated.

Is it OK for a place like beizhou city to have imperial cultivation conditions?

They all hate Wang Fan.

Even one of the drunk hunters could not help complaining about Nie Tianlang. He said that he really didn't know where Wang Fan had offended his highness Nie Tianlang. His highness Nie Tianlang wanted to kill Wang Fan at all costs.

Just as his words had just been finished, he was directly covered by another person and gave a warning.

The man listened to his companion's warning and immediately woke up. He did not dare to say more.

As the prince, Nie Tianlang is not only powerful, but also powerful. It's not what they can offend.

Once Nie Tianlang knew that he was complaining behind his back, even if he failed to speak after drinking, he would definitely destroy his whole family.

Wang Fan's eyes could not help squinting.

He had doubts. Nie family killed him because of Nie Sirius. Now it's finally confirmed.

Nie Tianlang still noticed him and wanted to kill him in his growth.

Hula!

While Wang Fan was meditating on these things, suddenly, accompanied by a commotion, a man and a woman entered the North State restaurant.

This male and female, male handsome, female beauty, just like a golden girl, instantly attracted the attention of countless people.

Both of them are in their thirties. The man is dressed in white with a sword on his back. He is handsome and elegant. If he is put outside, he can kill countless fans.

But his eyes were full of pride and disdain when he swept to the crowd, which made him slightly uncomfortable.

Only when he sweeps at the woman beside him, will his eyes show soft, even a flash of infatuation.

The woman looked like she was twenty-three or twenty-four years old. She was wearing a purple silk skirt and her hair was curled up. She looked very noble.

Her skin is as white as jade, her upper circumference is full, her waist is slim, her posture is amazing, and her every move is full of endless amorous feelings.

However, the pretty melon face does not contain any feelings, and the eyes are full of coldness, giving people a sense of unattainability.

This woman, beautiful but not square things, especially the devil like body, is shocked everyone's eyes.

With the appearance of this man and a woman, the voice of the whole restaurant is much lower, and everyone looks at this pair of men and women.

However, their eyes were full of shock, dullness and worship. Obviously, they both know them.

Wang fan is also surprised to see, eyes can't help squinting.

He could feel that they were both strong young men at the top of the ninth floor of the earth.

He didn't have to think about it at all. He already knew that most of the two men were also the pride of the big family. They came here for the number of people in the secret place of Zongyuan.

After they entered, they stopped, and the beautiful woman's Willow eyebrows began to frown.

The man saw the woman's frown, instantly realized that the woman was angry because she had no seat.

He glanced around and finally settled down with Wang Fan.

"There's a vacancy over there. Let's go." The man said to the woman.

The woman did not speak, just nodded gently, and then stepped into Wang Fan's table.

With their approach, Wang Fan immediately into the eyes of all people, those people looking at Wang Fan, eyes immediately become jealous.

It's like how honored it is for Wang Fan to sit at the same table with the two great Tianjiao.

But Wang Fan couldn't help laughing and frowning.

Although he has changed his face, he still doesn't want to be noticed.

In particular, there are royal hunters not far away.

Once his identity is exposed, let alone entering Zongyuan's secret place, I'm afraid it's a question whether he can survive.

Wang fan doesn't want to be noticed. He is going to get up and give up the table and leave.

But at this time, the local one, the man has thrown a bag of spirit stone to Wang Fan's table, and then said with a smile, "this table we use, you change the position."

Although he had a smile on his face and a gentle tone, Wang Fan could still recognize the bitterness in his voice.

That can not refuse the tone, as if, is in the face of a tiny mole ant.

Wang Fan listens to this words, the facial expression can't help a change, that just lifted buttocks, immediately sat back again.

If this guy wasn't so high up, he would have left. But this guy should command him with such a tone, then he is a little upset.

Although Wang fan is afraid of exposing his identity, he is also proud in his heart, so he can't tolerate such provocations.

He picked up the stone on the table and weighed it. Then he looked up at the man and said, "not enough!"

With the word spit out, in an instant, the whole scene dead!

The man's face, also in an instant cold down!

Chapter 1566

"What an arrogant guy! He dares to talk to Pengyun like this."

"It's his great luck that he can give up his seat to Pengyun and Xuexian. I didn't expect that he should be shameless."

"I don't know who he really thinks he is. This kind of person is looking for death."

The short silence, people around can't help but talk, that look at Wang Fan's eyes are full of bad.

Pengyun childe and snow fairy, are Tianyun country ten big door Tianjiao, amazing gorgeous.

Wherever they go, they are the focus, and no one dares to be disrespectful and fearless.

But now, Pengyun asked Wang Fan to give up his seat and gave it back to Wang Fan's spirit stone, but Wang Fan didn't give it enough. It's just looking for death.

Not far away, someone can't help beating the table angrily, standing up directly and respectfully saying to Mr. Pengyun,

"Mr. Pengyun, since that person doesn't know interest, you two can sit on my side. I'm willing to give up my seat."

With this person's voice, immediately several people stood up, "Pengyun childe, snow fairy, and that kind of barbarian dispute is not your two identities, I am willing to give up my seat for free."

Pengyun childe, snow fairy, are high in Tianyun country, amazing and gorgeous.

These people, on weekdays, are not qualified to speak with them at all and can only look up to them from a distance.

Now that there is an opportunity to be gallant, these people will not miss it.

After all, once you get the favor of Pengyun and Xuexian, the benefits to them are immeasurable. At least when you go out and talk to friends, you will have the capital to boast.

Wang Fan couldn't help sneering as he listened to those gallant voices.

It's really a group of people who tend to be aggressive. In order to please Pengyun, they even don't hesitate to attack Wang Fan.

But he didn't care with those people, he disdained.

Pengyun childe cold looking at Wang Fan, the eyes have been blooming out of the cold.

In his opinion, he wants Wang Fan to give up his seat and give him the spirit stone, which has already given Wang Fan great face. But now Wang Fan said it was not enough, which was obviously hitting him in the face.

Among the younger generation, no one has dared to challenge him so much for many years.

Snow Fairy face is also slightly a change, can't help but turn, that beautiful eyes swept to Wang Fan.

She did not expect that Wang Fan would dare to treat Pengyun and her like this.

If ordinary people see her coming, I'm afraid they have already given up their seats. How can they dare to ask for Lingshi?

"Not enough? Brother, you are not greedy because you don't have enough people. I can give you Lingshi and ask you to give up your seat. It's already a great honor for you. Don't be shameless! "

Pengyun childe although in the heart is not happy, but also did not immediately angry, but once again not hastily said. It's just that his voice has completely cooled down.

Wang Fan listened to these words, but he couldn't help laughing, "is the human heart insufficient and the snake swallows the elephant? Why not? What a joke! I'm sitting here well. Why should I give you my seat? "

"If you don't dislike sitting there, I won't care about you. Why should I give you my seat?"

Wang Fan's voice disdained him and said, "in a word, if you don't disturb me and sit there, I don't care. But if you want me to give up my seat, you have to satisfy me. "

Listening to Wang Fan's words, everyone's face changed again.

Wang fan is really looking for death. He dares to make terms with Mr. Pengyun. Do they think Mr. Pengyun really dares not kill him?

"What a shameless rat, Mr. Pengyun, who can give you Lingshi and ask you to give up your seat, has already given you great face, but you are so ignorant of interest. I'm so angry!"

Not far away, a grumpy man was furious. He immediately slapped the table and stood up abruptly. Then he respectfully said to Pengyun and Xuexian, "Pengyun, Xuexian, since this boy is not smart, you two don't need to give him face. I know that you two are noble, and you are not willing to do anything to

him. I'd like to help you. "

This is a chance to please Pengyun and Xuexian. Naturally, this person is not willing to let it go easily.

"I don't know what to do!" Pengyun's face was colder. He hummed to Wang Fan, then nodded to the man and let him go.

Even if he was angry with Wang Fan in his heart, he disdained to fight against Wang Fan.

When!

With a clear sound, Wang Fan directly threw a spirit stone at the man's feet and sneered, "here's a spirit stone for you. Make way for me right away and get out of here."

The man looked at the stone at his feet and listened to Wang Fan's voice. He was angry immediately. He said, "you want to die!"

His face turned red. He was so angry.

Wang Fan's move is really a provocation to him!

"Looking for death?" Wang Fan laughed, "didn't you say that he gave me the spirit stone and asked me to give up my seat? Did you give me a big face?" "Now I give you Lingshi. If I want you to go away, I also give you great face. Don't give me face, don't give me face!"

Boom!

Listening to Wang Fan's words, the scene was completely bombed.

Slap face, this is a naked slap face!

Wang fan not only hit the man's face, but also the face of Pengyun and Xuexian.

Pengyun's face was ugly, and the cold light in his eyes was even worse.

What is Wang fan that dares to be compared with Pengyun?

Even the snow fairy, the willow eyebrow also can't help but slightly wrinkle up, there is anger between the eyebrows.

"What are you, and what qualifications do you have to compete with Mr. Pengyun? If you dare to humiliate me like this, I'll take you on the road now! "

The man yelled angrily, and the sole of his foot suddenly stepped on the ground. With a roar, the whole

man was just like a ferocious beast, bumping into Wang Fan.

The cold and crazy smell on him shocked everyone's expression.

The strong man of the sixth floor of the earth, this man is actually a strong man of the sixth floor of the earth!

The man's eyes were full of ferocious and ferocious, and he immediately rushed to Wang Fan's side. His aura was roaring, and his fist went down to Wang Fan's head.

The boundless spirit is stirred up, and the space is buzzing with shock. The murderous spirit is hunting wildly!

"Oh? He Pengyun is a man, but I am not. Why can't I compare with him? In your eyes, Mr. Pengyun may be very high, but in my eyes, fart is not

"I have nothing to do with you, but now you have to kill me in order to please Pengyun. In this case, don't blame me for being rude!"

Wang Fan said with a sneer. He didn't even raise his head. At the moment when the man's fist came, the aura in his body roared like a boiling wave, and then it flowed to his right arm, and then it went out with one punch.

Boom!

With a loud noise, the whole restaurant seemed to burst. With a click, the man's arm was smashed in an instant, and then he flew out with blood.

People in the air, his face has been side pale, the whole audience, a moment of silence!

Chapter 1567

The strong man on the sixth floor of the earth was blasted out by Wang Fan. It was so terrible.

Most people no longer dare to challenge Wang Fan, embarrassed and afraid of the head down.

Those young people who were envious of being robbed by men were pale and silent now, and their heads drooped down for fear of being missed by Wang Fan.

Wang Fan's ability to attack the youth in the sixth level of the enclave shows that Wang Fan's own strength has at least seven or even eight levels of the enclave.

This kind of strength is no longer what they can provoke.

Snow fairy's eyes appeared a touch of splendor, slightly surprised, it seems that the same did not expect,

Wang Fan even a blow to fly the youth of the sixth floor of the territory.

But the surprise soon disappeared, and she didn't say much.

Although Wang Fan injured the man on the sixth floor with one blow, she still didn't see him.

As a proud woman, there are only a few people who can be valued by her in the whole Tianyun kingdom. Naturally, Wang fan is not among them.

Mr. Pengyun's face was a little ugly. It was very gloomy.

His handsome face had been distorted by anger, and a chilling look appeared in his eyes.

He is not angry that the man was hit to fly, after all, although the man is for him, but he has no relationship.

He was angry that Wang Fan even said that he was not a fart. What a provocation and what a shame?

If he doesn't kill Wang Fan, where is his dignity and where is his face?

"No wonder you dare to be so arrogant, because you have strength! Do you think that if you are powerful, you can be arrogant, you can do whatever you want, and you can not pay attention to me? "

"I tell you, although you beat the man on the sixth floor, in my eyes of Pengyun, you are nothing. In my eyes of Pengyun, you are mole ants. In my eyes of Pengyun, one hand can crush you to death!"

Pengyun childe that eyes Yin cold stare at Wang Fan, cold said.

The gnashing of teeth in the voice, blooming with the intention of killing, so that people around, feel a touch of biting cold.

"Arrogant?" Wang Fan laughed, "arrogant like you? I'm sitting here very well. I'm offending you. Do you want me to give up my seat? "

"Is this restaurant yours? Have you bought this position? Why should I give you my seat? "

Wang Fan waved his hand and got impatient. "Don't talk so much nonsense. If you want to start, hurry up. If you don't start, go away. Don't get in the way here."

Boom!

Pengyun childe listen to this words, where still bear to live, directly thoroughly blow up.

"Mole ant, you want to die!" He roared, the breath burst out in an instant, and directly oppressed Wang

Fan.

The cold breath, like a steel needle, stabbed directly at the people around, they could not help but began to retreat.

This momentum is so terrible that they can't bear it at all.

Pengyun is aimed at Wang Fan. If it's aimed at them directly, but it's just oppressive, it can make them seriously injured, right?

Pengyun didn't care so much. When the breath burst, his right hand had become a hook, which turned into virtual shadows. He set off a sharp claw awn and grabbed Wang Fan crazily.

Feeling the sharp claw, all the people around turned pale. Pengyun was really angry and killed.

This grab is enough to tear all the strong men on the eighth floor of the earth?

"Mole ant?" Wang Fan sneered, "you are the mole ant, your whole family is the mole ant!"

He said, still did not get up, but again a blow out.

This fist, he still did not show Gang Lei fist, just a plain and simple fist.

However, such a blow is still a shock.

Endless gas force was stirred up, directly formed a road boxing Mang, crazy boom to Pengyun childe.

Hissing voice resounded, Wang Fan's fist Mang, almost in an instant has destroyed Pengyun childe's claw mang.

Those claw awns, as if they had met natural enemies in general, at the moment of contact, one after another broke and annihilated.

Wang Fan's fist is still indomitable, directly toward Pengyun childe chest roared out.

Looking at this scene, all people are pale.

They can all see that Pengyun's claw is used in martial arts, but Wang Fan didn't.

Wang Fan didn't show his martial arts skills, and even didn't get up, so he tore up Pengyun's claw awn. What strength is this?

Pengyun's face also changed.

Originally, he was still angry that Wang Fan didn't get up. After all, it was a shame to him. But soon he could not get angry, and his face changed greatly.

He crazy urge aura, want to avoid, but where can escape in the past?With a bang, Wang Fan's fist hit his chest, and he flew up, with a mouthful of blood in his mouth.

But before he flew backward, Wang Fan's right fist had been spread out, and he grabbed his right arm and pulled it hard.

Two strength of recoil, Pengyun childe arm was immediately pulled off, blood instantly sprayed out.

"Ah A scream came out, but it stopped suddenly before it spread completely.

Wang Fan's fist has turned into a big palm and directly patted his face.

The sound of Pa Pa Pa rang through, and the scene was still.

Those who watched around were also choking, pale and shocked.

If you didn't see it with your own eyes, who would have thought that noble as Pengyun, a generation of proud Pengyun, would be defeated and slapped?

It's amazing, ma'am!

"Mole ant? Now tell me, who are mole ants? " Wang Fan kicked Pengyun over, then stepped on his face and asked with a sneer.

Pengyun's face turned red and he could not speak any more.

Shame, what a shame it is? When did he get trampled on his face?

He had the heart to die.

At the same time, he is also shocked. Who is this ugly guy? How can he be so terrible?

Isn't he a genius for the enemy to sneak in and come to Zongyuan?

Snow fairy is also a face of shock, the heart can not be calm for a long time.

She didn't expect that Wang Fan would be so powerful that she defeated Pengyun directly.

Since Wang fan can defeat Pengyun, it means that even she is not Wang Fan's opponent.

"Let him go, or you will be destroyed." Snow Fairy returned to God, said to Wang Fan coldly.

Even if Wang fan is powerful, even if Wang fan is really a genius of the enemy country, she is not afraid at all.

She is not only the pride of the clan, but also the emperor's relative. On this day, she is not afraid of anyone.

"Are you ordering me, threatening me?" Wang Fan looked up at the snow fairy and suddenly grinned.

Snow Fairy nodded, "if you think so, it's not impossible."

She also threatened, "I know you may be a genius from other countries, but don't forget, this is Tianyun country. You will pay for your arrogance here."

Chapter 1568

"The price?" Wang Fan laughed. He suddenly got up, flashed in front of the snow fairy, and slapped him directly.

At such a time, this woman was still so high and threatened Wang Fan. She was looking for death.

"You dare!" Snow Fairy face changed, instantly back, her hands quickly waving, in an instant, one after another snowflakes float away, directly toward Wang Fan shrouded and go.

The snowflakes, each one is extremely cold, which contains the ultimate intention to kill, where the air seems to be frozen.

"What do I dare to do? Since you dare to threaten me, don't blame me for being impolite." Wang Fan sneered and waved his palms.

In a burst of sound, his palms clapped on the snowflakes.

Under his clapping, the snowflakes broke and disappeared in the world. At the same time, Wang Fan also felt a touch of ice cold.

But he didn't care. He stepped forward again, pointed out, whooshed, a ray of strong wind radiation, and directly exploded to the snow fairy's wrist.

"I am a relative of the emperor. If you dare to move me, you will pay the price, let alone enter the secret place of Zongyuan. Tianyun kingdom will have no place for you."

Snow Fairy face big change, a retreat again, she did not expect, Wang Fan dare to be so rampant, dare to be so unscrupulous.

Just, where does her speed have Wang Fan's speed fast?

With a sneer, the strong wind suddenly penetrated her white jade wrist, and a wisp of red blood flew out.

Those people around looked at this scene, it is a little shocked.

Who on earth is this? It's too overbearing. It's even used its own strength to suppress the two great talents?

In particular, snow fairy is a beauty. She is enchanting and charming. How can Wang Fan have the heart to do it?

Wang fan can ignore the shock of those people, the next second, has rushed to the snow fairy near, two fingers stuck in her white throat, "don't move."

Snow fairy's expression was instantly stiff, and there was a cold sweat on her forehead.

"What do you want?" Her face finally changed and became a little unnatural. When she meets such a madman as Wang Fan, she doesn't expect it at all.

Wang Fan said with a smile, "I don't want to do anything. Originally I didn't intend to provoke you, but since you have provoked me, don't blame me for being rude."

Wang Fan said, the other hand suddenly move, directly won the snow fairy finger space ring.

Space ring, that's a very precious existence. It's very good to have a space ring on ten people.

If not snow fairy and Pengyun childe identity are extremely extraordinary, they can not have space ring this treasure.

Originally, Wang Fan was worried about how to attend the auction. After all, he was very poor, and there were not many spirit stones left.

Now these two people take the initiative to come, he will not miss it.

"You Snow Fairy see Wang Fan unexpectedly took her space ring, eyes instantly red up, incomparable anger.

That's all her savings. If Wang Fan takes it away, she will die of heartache.

"You what you, you provoke me again first, I didn't kill you, already gave face very much. If you dare to talk nonsense again, don't blame me for being impolite. "

Wang Fan said with a sneer, directly flashed to Pengyun's broken arm, put away Pengyun's space ring,

and then left here.

Looking at Wang Fan who left at that moment, whether he was Pengyun or snow fairy, all his eyes were splitting and his killing opportunities were expanding.

That's their stuff. Their savings are stored in it for the purpose of auctioning the place in Zongyuan secret place three days later.

But now, the ring is robbed by Wang Fan. How can they auction it? What kind of auction can they take?

Both of them were so popular that they had to spit out a mouthful of blood.

"Son of a bitch, dare to insult my Pengyun. If my Pengyun doesn't kill you, I swear not to be a human being!" Pengyun crazy angry cry, directly grab out a communication bead, then sent a message to the elders out.

Snow Fairy did not neglect, quickly informed his elder master.

Even if they go through the whole city of beizhou, they will find out Wang Fan and break him to pieces. They will never allow Wang Fan to take their space ring.

Before long, the whole city of beizhou became turbulent.

Countless people set out to search Wang Fan in the whole city.

The inns, restaurants and residents have been patronized by them, and the whole beizhou city has been in great confusion.

After inquiring, they found out that an enemy monk from beizhou city directly suppressed Pengyun and xuexianzi with one person's strength and robbed their space ring.

As soon as the news came out, the whole city of beizhou was a sensation.

No matter Pengyun or snow fairy, they are all proud people and outstanding people in the earth. Looking at the local monks, they are almost at the top and can be called invincible.

But now, two people are suppressed by one person, what a sensation and evil?

For a moment, the whole northern state was shocked, and countless people began to search the city like bandits. They really had the posture of digging three feet.

When those people searched for Wang Fan all over the city, Wang Fan had changed his face again and returned to the restaurant leisurely.

He was like a spectator, as if everything had nothing to do with him.

After eating and drinking enough, he found an inn to stay, very comfortable.

Back at the inn, he immediately opened the space ring of Pengyun and Xuexian.

As the strength of Pengyun and Xuexian is not enough to reach the heaven, they will not use their mental force to investigate, so there is no array in their space ring, they just use their mind to access things.

Wang Fan almost didn't have much effort. He penetrated into the space and immediately saw the things in the ring.

Looking at the things in the two people's space ring, he was shocked and his heart jumped up.

Rich, too rich.

Looking at their space ring, Wang fan knows how poor he is.

Pengyun child's space ring has more than 1 million pieces of high-quality spirit stone, more than 5 million pieces of medium-quality spirit stone, and the lowest quality spirit stone, only tens of thousands.

As for lingcao, there are countless from level 3 to level 5, with nearly a thousand beads, and even a pill to mend the sky.

Buliandan, a kind of pill, is more precious than wuzhencao. Wuxiu, the peak of the ninth floor of the earth, can increase the success rate by 30% if you take the tonic pill. It's very adverse.

Although snow fairy is not as rich as Pengyun, his wealth is also considerable.

There are also more than one million high-quality Lingshi, while there are only a few Middle-Quality Lingshi and more than three million low-quality Lingshi.

Maybe she is the kind of person who disdains to bring down the spirit stone.

As for the spirit grass, there are not many snow fairy rings, only more than 200, but there is a box of all kinds of clothes.

Those clothes are all kinds, all kinds, very sexy, obviously valuable. But Wang fan is speechless. No matter how good or expensive his clothes are, he is not interested.

But in general, now Wang fan is very happy, with these things, he believes that he can shoot that piece.

Chapter 1569

Three days passed in a flash. In these three days, Pengyun and Xuexian were all searching for Wang Fan in the city. Even Xuexian used the power of the Royal Nie family.

But what made them a little sad and indignant was that after three days, they didn't even find Wang Fan's shadow, let alone find the space ring.

Seeing that the auction of Yuling Pavilion is about to start, they haven't even found the space ring, which makes them very sad and indignant.

All their belongings are in the space ring. If there is no space ring, what will they take to auction?

The city Lord's mansion is a wide hall. Pengyun and Xuexian are here. Beside them, there are several old people with strong breath.

These elders are their elders and accompany them to participate in the auction. However, they didn't expect that such a change happened.

At this time, their faces are very gloomy, ugly to the extreme.

After Wang Fan robbed them of their space ring, it was as if the world had evaporated, and there was no trace, which made them really unacceptable.

"The auction of Yuling Pavilion will start soon. According to my guess, since that guy came for Zongyuan's secret place and now appears in beizhou City, he will definitely attend the auction."

"As long as we lay a net around the Yuling Pavilion and monitor it closely, we may be able to find out the guy."

"Even if we can't find him in the end, we can see who has taken the quota. If possible, we can do it directly. After all, getting a quota is not an auction. "

At a certain moment, an old man in a brown robe with a white face said. This person is the elder of Pengyun's clan. His strength has reached Tianjing, which is very terrible.

And listen to his words, the other old man and snow fairy and others, also can only reluctantly nod, "now it seems that can only be so."

Pengyun child is more yin voice mouth, "that son of a bitch, don't let me meet again, otherwise I will let him suffer all kinds of humiliation, pain to death!"

Whenever he thought of Wang Fan's humiliation at the beginning, he felt an anger in his heart.

Mr. Pengyun, the proud son of Tianyun Kingdom, was not only slapped in the face by Wang Fan, but also trampled on the face by Wang Fan in a restaurant. What a shame?

Whenever he thought of it, he felt that he was going to be crazy, and his hatred for Wang Fan was surging to the extreme.

Snow Fairy didn't speak, but it was scallop teeth clenching red lips, eyes extremely cold, obviously the heart is not calm, very angry.

.....

Wang Fan didn't know the anger of Pengyun and Xuexian. After waking up, he swaggered to eat breakfast and left the inn.

He went to a small shop, bought two clothes, and then returned to the inn again.

Half an hour later, Wang Fan Yirong became a middle-aged man with a burst of breath and ran directly to the Yuling Pavilion.

At this time, Wang Fan was carrying a long gun behind him. The breath of his body was revealed in the seven layers of tuofan, and the evil spirit was pressing.

He didn't even look at the guards on both sides when he went to the gate of the imperial spirit Pavilion, so he just wanted to go in. But before he went in, he was stopped by the two guards.

"Brother, stop. Now we haven't started the auction of Yuling Pavilion. No guests are allowed to enter. If you want to participate in the auction, please come back two hours later. "

The guard's tone was very polite, because Wang Fan gave them the feeling that he was a bloodthirsty and tyrannical man.

And Wang Fan's body is also full of endless evil spirit and blood. At first sight, they are people whose hands are stained with blood. They don't want to provoke such people.

Wang Fan listened to this, coldly looked up at the two guards, in an instant, the two guards only felt a surge of cold, can not help but back a step.

This evil spirit is too strong for them to bear.

Fortunately, Wang Fan did not embarrass them, but said coldly, "go to report to your superiors and say I have a big deal to talk about."

Wang Fan's voice is simple, firm and unquestionable.

"Just a moment." One of the guards answered quickly and went in quickly.

Before long, he came back again.

"Come with me." He respectfully said to Wang Fan, then led the way in front of him.

Wang Fan followed.

Soon, Wang Fan came to the door of a box on the third floor.

His mental power swept in and instantly found that there were only two people in the box.

One is a young woman in her thirties with a somewhat enchanting figure.

The young woman was wearing a green robe. She was tall. The robe didn't completely cover her delicate body, and the light was shining.

At this time, she was like a female cat, sitting on a wide chair, with two long and round jade legs crisscrossed together. Her charming face appeared lazy and full of temptation. This is definitely a woman who can make people crazy and can be called a beauty.

The other one is an old man who is as old as an old man.

The old man was also sitting in another chair, looking sleepy and unable to open his eyes.

But when Wang Fan came to the door of the box, his mental power was obviously aware that the old man's eyes suddenly became bright, and there was a touch of extreme brilliance in them.

However, that wipe of essence soon dissipated, and restored the sleepy appearance of the previous wipe.

Wang Fan looked at the scene and was shocked.

These two people are not ordinary. They are both strong at the level of heaven.

He didn't understand when such an expert would appear in the auction Pavilion of Beizhou city.

But soon he was relieved that today's auction will auction the number of places in Zongyuan's secret place. If there are no experts to sit down, it seems that it's hard to say.

After Wang Fan knocked on the door, he quickly stepped into the box. The old man just glanced at Wang Fan faintly, and then recovered his drowsy expression again.

That enchanting young woman is legs staggered for a while, and then looking at Wang Fan, charming face rushed to Wang Fan, eyes flow, exhale ah LAN asked, "is that you, have big business to talk with us?"

Her voice is very charming, which seems to be filled with a magic sound, stirring up Wang Fan's mind.

Wang Fan heart shock, soon returned to normal, still cold said, "yes, I want to auction something."

"What is it?" Enchanting woman slowly opened her mouth, but there was a touch of surprise in her eyes. Obviously, I didn't expect that Wang Fan was not disturbed by her.

Words fall, don't wait for Wang Fan to speak, she already spoke again, only the voice has become cold, "you'd better be able to really take out good things, otherwise, you have to think about the consequences."

Wang Fan no nonsense, direct right hand a shake, the hand appeared a space ring.

Looking at the space ring, the enchanting woman's face suddenly changed, even the sleepy old man suddenly widened his eyes.

The space ring is really a treasure. Because this kind of thing is very scarce, but the most important thing is that no one goes to auction at all.

"Are you going to auction the space ring?" The old man's hoarse mouth, eyes inexplicable, even the enchanting woman, also shocked to see Wang Fan.

They are not fools. They have realized that this person is probably the enemy genius who picked Pengyun and xuexianzi three days ago and stirred the storm of beizhou city.

Chapter 1570

No matter the enchanting woman or the old man, looking at Wang Fan, his heart was shocked.

They did not expect that Wang fan should be so bold, at this point, also dare to take out the space ring auction.

"Why, can't you sell it, or don't you dare to auction it? If you don't dare to auction, I'll leave at once, just as if I haven't been here. "

Wang Fan said.

Since he dares to come here, he is not afraid of being exposed. At the same time, his eyes are also staring at the two people, as long as the two people have any abnormal, he will leave immediately.

"Ha ha, you are joking. Since you dare to shoot, we dare to sell. But I have to state in advance that we need to pay 10% of the remuneration. Of course, the remuneration can be deducted from the transaction price. "

The old man smelled a smile and said confidently.

"Yes." Wang Fan nodded.

The old man didn't talk nonsense. He grabbed a jade card and handed it to Wang Fan. "This is the VIP jade card of our Yuling Pavilion. You can use this jade card to participate in any auction of our Yuling Pavilion."

"At the end of today's auction, you can also use this jade card to collect your trading income."

"Well, we'll see you when the auction is over." Wang Fan nodded, then left Yuling Pavilion without hesitation.

"Send two people to stare at him, and then tell those people that the enemy genius has appeared." Wang Fan just left, the old man's eyes became sharp up, toward the enchanting woman said.

He didn't plan to auction this space ring from the beginning to the end. After all, it belongs to Pengyun or Xuexian.

Once two people know that they have auctioned other people's space ring at auction, they are bound to feud.

Although the inside information of Yuling Pavilion is not bad, there is no need to offend the forces behind Pengyun and Xuexian for the sake of Wang Fan and petty profit.

As for their promise to auction, it is to stabilize Wang Fan, and then tell the news to Pengyun child and snow fairy, so as to sell their personal feelings.

"Well, I'll follow it myself." The enchanting woman nodded and left the box.

But soon her face changed, because she lost the trace of Wang Fan, even if the mental force swept out, she could never find Wang Fan again.

The enchanting woman was shocked and turned back quickly.

.....

after Wang Fan left the Yuling Pavilion, he did not hesitate at all, went to a hidden place, directly cast the fog shadow and streamer, and left here.

His real purpose here is not to auction the space ring, but to attract the enemy's attention.

He believed that Yuling pavilion would not offend the forces behind Pengyun and Xuexian for him, and would certainly tell each other about it.

In this way, the other party's focus will be on his current identity, and then he can change his identity to participate in the auction.

As for the jade plate given by the Yuling Pavilion, Wang Fan didn't want to use it in the past, let alone get the trade reward in the past.

He just wanted to attract the enemy's attention and auction the places in Zongyuan's secret place.

Half an hour later, Wang Fan had changed his face and became a very domineering young man of the second generation.

First, he went to the brothel to spend a lot of money and hired two enchanting beauties at a high price. Then he came to the Yuling Pavilion carelessly and ignored Wang Fan's appearance.

After all, what Wang Fan showed at the beginning was his extremely cruel character, and he didn't have any lust at all. He didn't even use his hands when he snatched the snow fairy space ring.

So they didn't connect Wang Fan with the enemy genius at all.

When Wang Fan came to the gate of Yuling pavilion with two enchanting women in his arms, Pengyun and xuexianzi just came from the other side.

It's just that their faces are very gloomy and ugly, just like dead dad.

Wang Fan looked at these two people, secretly funny, directly let go of the two enchanting women ran past.

"Hey hey, brother and fairy, Hello, I'm Xiao Batao. Nice to meet you."

Although Wang Fan seems to be talking with two people, but his eyes are dribbling around the snow fairy, which can be described as unbridled.

"Go away!" Snow Fairy see Wang Fan this facial expression, facial expression a change, directly drank a roll word.

As soon as she saw Wang Fan, she knew that she was the second generation ancestor. She didn't like this kind of talent.

"What, tell Ben Shao to go away. Do you know who Ben Shao is? Do you know who Ben Shao's father is? It's your honor that Ben Shao can say hello to you. Don't show your face, don't

Wang Fan listened to this, immediately jumped up, looking very angry.

Snow Fairy even more angry, just a second ancestor, even dare to talk to her like this, it is to seek death. Just as she was about to start, she was stopped by the old man next to her, "Miss, it's better not to make a fuss now, so as not to scare the snake. Let's hurry in."

Snow Fairy listen to this words, almost no a mouthful of blood spray out.

On weekdays, how high she is, who dares to violate?

But since I came to beizhou City, I ran into a wall everywhere. First, I was beaten in the face by Wang Fan and robbed of the space ring. Now, I'm just a second ancestor. I dare to challenge her.

What makes her vomit blood most is that she can't attack yet. She is suffocating to death.

Pengyun childe's face is also very ugly. He looks at Wang Fan with bad eyes, and anger emerges in his eyes.

But before he got angry, Wang Fan said, "what are you looking at? What are you looking at? Are you not convinced? If you have the guts to see Ben less than one, Ben won't kill you! "

Pengyun son listen to Wang Fan's words, only feel heart ten thousand Grass Mud Horse collapse Teng, almost vomit blood.

Where the hell is this second generation ancestor? How dare you be so arrogant with him?

Just think of Wang Fan has not caught, he can only bear down, and then coldly stare at Wang Fan, directly quickly into the Yuling Pavilion.

"Cut, what's the matter? The rats who have no guts dare to shout with Ben Shao." Wang Fan looked at this scene, proud of the hum, Pengyun almost did not stumble.

He really wanted to go back and kill Wang Fan, but at the critical moment, he endured it.

Now catching Wang fan is the key. He doesn't want to fight at the gate of Yuling Pavilion. Otherwise, once Wang fan doesn't dare to show up, he will have no place to cry.

Those people around watching this scene were also shocked.

This guy is really Biao. Even Pengyun and Xuexian dare to challenge him. I don't know where the second generation ancestor came from. It's a brainless product.

Wang Fan didn't pay attention to the people around him. He looked at their backs with disdain and spat on the ground. Then he hugged the two enchanting women again and followed them in carelessly.

"Pa!"

Wang Fan went to the guard and directly sent out a bag of spirit stones. He cheered, "100000 spirit stones, find me the biggest and most comfortable box!"
